**Committee Name:** Indexing of Periodical Literature Committee

**Committee Charge:** The Indexing of Periodical Literature Committee reviews newly published legal periodicals and makes recommendations to TGG editorial staff concerning inclusion of those titles in the Legal Resources Index/Current Law Index. Where the scope of periodical titles presently indexed does not adequately reflect the needs of the AALL membership, the Committee makes recommendations to the TGG editorial staff concerning the adjustment of that scope.

The Committee is also charged with monitoring the guidelines used in determining which periodical titles are included in the indexing, and with making recommendations concerning various publishing details to the TGG editorial staff that may reflect the concerns of the AALL membership.

**Major Activities  
for 2008-2009 :**

The Committee's main activity is the review of periodical titles for inclusion in the index and to that end the Committee has begun reviewing a large number of titles suggested by TGG editorial staff for inclusion in the index. In addition, as part as the review process, the committee has discussed various means of improving the review process.

The Committee has also continued working on a new web design for the Committee website and has recently been working on the AALLNET Content Inventory in conjunction with the AALLNET and Committee website redesign plans.

**Proposed Activities  
for 2009-2010 :**

The Committee will continue reviewing titles suggested by TGG editorial staff and other titles identified by the Committee for inclusion in the index.

The Committee will continue work on the new web design for the Committee website and work with the AALLNET on the AALLNET website redesign.
