MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

September 29, 1949

The September meeting of the Board of Trustees of the University of Illinois was held on Thursday, September 29, 1949, at the Chicago Undergraduate Division, according to the following schedule:

10 a.m. — Executive session as in Committee of the Whole.

2 p.m. — Open session.

When the Board convened, the following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins; Mr. Livingston and Dr. Meyer took their places with the Board during the forenoon.

President Stoddard was present; also Vice-President A. C. Ivy, Provost C. R. Griffith, Assistants to the President A. J. Janata and Wilbur Schramm, Secretary H. E. Cunningham, Comptroller Lloyd Morey, Assistant Comptroller H. O. Farber, Legal Counsel W. E. Britton, and, during part of the day, Dean C. C. Caveny and Director J. F. Wright.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of May 21 and June 25, 1949.

On motion of Mr. Nickell, the minutes were approved as printed on pages 357 to 488 above.

ACTIONS OF THE EXECUTIVE COMMITTEE

The Secretary reports for record that the Executive Committee has taken action on the following matters, on recommendation of the President's Office, since the July meeting of the Board.

31. RUDOLPH G. WUERKER, Assistant Professor of Mining Engineering, beginning September 1, 1949, at an annual salary of $4,800.

On motion of Mr. Herrick, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

EXECUTIVE SESSION

DETERMINATION OF WAGE RATES TO BE SPECIFIED IN CONSTRUCTION CONTRACTS AT ROBERT ALLERTON PARK

(1) The Board of Trustees on July 28, 1949, appointed Professors E. W. Cleary, C. A. Moyer, and John B. Parrish as a committee to hear objections filed by representatives of organized labor to the University's determination of wage rates on construction work at Robert Allerton Park. The hearing began on September 14. Mr. Lester Asher, Associate of Mr. Daniel D. Carmell of Chicago, represented the objectors. Professor William E. Britton, Legal Counsel, represented the University.

The Legal Counsel reports that after disposition of preliminary matters Mr. Asher proposed a conference with University representatives. The latter agreed and the conferees then withdrew from the hearing room. The Legal Counsel further reports as follows:

"At this conference Mr. Asher proposed, as a possible means of disposing of the present litigation by agreement, that the objectors would be willing to withdraw their objections to the University's determination of wage rates for the present construction work at Allerton Park and that in all respects the issues raised thereby be regarded as closed if the University and the objectors found it possible to agree upon some procedure for the determination of wage rates applicable to future construction work at Allerton Park.

"University representatives agreed to canvass possibilities. Mr. Asher then proposed that for future construction work at Allerton Park the University designate the State Department of Labor as its agency to conduct the investigation required by the Prevailing Wage Act with power to make findings of fact and determinations of wage rates.

"University representatives then withdrew from the conference with Mr. Asher and conferred on his proposal. We agreed among ourselves: (1) that the suggested conclusion of the matter was of such a nature that it could not be summarily rejected; (2) that we would agree with Mr. Asher to concur in the proposed termination of the proceeding upon condition that it be modified as follows: that instead of using the State Department of Labor alone, there be appointed a committee composed of (a) the Director of the State Department of Labor, or a person designated by him, (b) a member appointed by the President of the University of Illinois, and (c) a member appointed by the State Federation of Labor, to conduct investigations of wage rates in Piatt County in connection with future construction work on the Allerton trust properties of the University in accordance with the Prevailing Wage Act and to report to the President of the University and to the Board of Trustees that they were not able to ascertain any prevailing wages, or if ascertainable, to report with respect to prevailing rates of wages involved in such construction work in that locality; and (3) it was further agreed that Mr. Asher, as the attorney acting for the objectors, would write a letter to the University stating that the claim of the objectors that labor unions in Champaign County had the right to determine wage rates in Piatt County for purposes of the Prevailing Wage Act was not in accordance with the Statute.

"University representatives then called Mr. Asher and presented their counter proposal. Mr. Asher then conferred with his clients alone and on his return to the conference with University representatives accepted the counter proposal. The University and the objectors then joined in a motion for continuance of the Hearing. The Hearing Committee allowed the motion and fixed October 17 as the adjourned date for reopening the Hearing."

The Legal Counsel, the Director of Nonacademic Personnel, and the Director of Robert Allerton Park recommend adoption of the following procedure as an instrument of settlement of future questions on rates of wages in Piatt County on the understanding that the pending hearing is dismissed by the objectors.

It is recommended that there be appointed a fact-finding committee composed of (a) a member appointed by the Illinois State Federation of Labor, (b) a member appointed by the President of the University of Illinois, and

(c) a citizen of Piatt County to be selected by the other two, to conduct investigations of wage rates in Piatt County in connection with construction work on the Allerton trust properties of the University in accordance with the Prevailing Wage Act and to report to the President of the University and to the Board of Trustees that they were not able to ascertain any prevailing wages, or, if ascertainable, to report with respect to prevailing rates of wages involved in such construction work in that locality.

I concur in this recommendation.

On motion of Mr. Fornof, these recommendations were adopted.

REQUEST OF BOARD OF TRUSTEES OF SOUTHERN ILLINOIS UNIVERSITY

(2) A request on behalf of the Board of Trustees of Southern Illinois University for a joint meeting with the Board of Trustees of the University of Illinois for the purpose of discussing the common aims and problems of the two institutions has been presented by the President of Southern Illinois University. It is also suggested that there be a preliminary meeting of the officials of the two institutions to prepare an agenda and determine what matters should receive consideration by the two Boards.

This matter was referred to the President of the University for further study.

CHANGES IN ADMINISTRATION OF RADIO STATIONS

(3) Sometime ago Mr. Josef F. Wright, Director of Public Information, Director of Radio Stations WILL and WIUC-FM, and Associate Professor of Journalism, asked to be relieved of his duties as Director of the Radio Stations so that he might devote all of his time to his responsibilities as Director of Public Information which, in a university of this size, should be a full-time position. However, he was willing to continue until a suitable man could be found not only to replace him as Director of the Radio Stations but also to coordinate all radio activities of the University.

I have recently approved the appointment of Robert B. Hudson, presently Director of Education of the Columbia Broadcasting System (CBS), to the position of Associate Professor in the School of Journalism and Director of University Broadcasting in the Institute of Communications, effective October 15, 1949.

I recommend that Mr. Wright be relieved of his duties as Director of the Radio Stations, effective October 15, and that he be appointed full-time Director of Public Information and Associate Professor in the School of Journalism, without any change in salary. I recommend further that Frank E. Schooley, presently Assistant Director of the Radio Stations, Assistant Director of Public Information, and Assistant Professor of Journalism be appointed Manager of Radio Stations WILL and WIUC-FM and Assistant Professor of Journalism without any change in salary. The Station Manager will be under the direction of the Director of University Broadcasting.

On motion of Mr. Herrick, these recommendations were adopted, and the President of the University was requested to express the Board's appreciation of Director Wright's thirty years of faithful and constructive service (see Appendix, page 881).

UNIVERSITY PRESS AUTHORS' CONTRACTS

(4) The Director of the University Press recommends that the Press be authorized to enter into contracts with authors of books it intends to publish and that the corporate officers of the Board of Trustees be authorized to execute such contracts on approval in each case by the President of the University.

The basic form of the proposed contract has been approved by the Legal Counsel and Comptroller, and incorporates suggestions arising out of the experiences of many other presses. Briefly summarized, the provisions of the contract are as follows:

1. The author guarantees that his manuscript is original, free of copyright by someone else, and not libelous. He promises to deliver the manuscript by a certain time and in proper condition for publication. There are detailed provisions for the handling of revisions and proofs, and for the assessment of costs for illustrations, cuts, retyping, and other expenses of preparation.

2. The publisher (i.e., the University) has the right to reject the manuscript or to require or to make revisions in the manuscript. The accepted and revised manuscript must be published within a certain time, or the contract terminates. The degree of responsibility of the publisher for care of the manuscript, when it is in his possession, is defined; and so also is the responsibility for taking out and renewing copyright, and for the procedure to be followed in case a new edition is required or the book is allowed to go out of print.

3. The author will be paid no royalties on the first 1,000 copies sold. After 1,000 copies have been sold, a royalty of 15 per cent of net will be paid, until 10,000 are sold, after which the royalty will be 25 per cent of net.

4. There are detailed provisions for the handling of secondary rights to the manuscript. If the Press grants right of reprint to another U. S. publisher or a book club, to an anthology or a digest, the proceeds are to be divided equally between author and publisher. If the Press sells foreign, translation, serial, dramatic, motion picture, radio, or television rights, the author is to receive two-thirds of the proceeds, the Press one-third.

In any given contract, of course, there may be slight deviation from the basic provisions. For example, no royalty will be paid staff members of the Press who publish books with the Press. In the case of some very expensive books, it may be desirable to begin royalty payments after 2,000 or 3,000 copies, rather than 1,000. In the case of one international book the Press hopes to publish, it may be necessary to assign foreign rights. Any such deviation will be submitted to the President of the University for approval.

I concur.

On motion of Mrs. Watkins, authority was granted as recommended.

REPORT OF THE COMMITTEE ON AGRICULTURE ON SALE OF COOK COUNTY AGRICULTURAL EXPERIMENT STATION

(5) At its meeting on July 28 the Board of Trustees referred to its Committee on Agriculture a recommendation that the Cook County Agricultural Experiment Station south of Des Plaines, Illinois, be sold. The committee was authorized to investigate this proposal, to employ a competent appraiser to determine the market value of the property, to employ a real estate broker to negotiate with prospective purchasers, and to report to the Board.

The committee engaged Messrs. Allan Kirkwood, Suite 1125, 134 S. LaSalle Street, Chicago; H. M. Cornell, 464 Northwest Highway, Des Plaines; and Richard J. Leyden, Suite 863, 38 South Dearborn, Chicago as appraisers. Their certificate of appraisal is submitted herewith and the original signed copy is hereby given to the Secretary of the Board for record. Accompanying the certificate of appraisal is a statement of the qualifications of each of these gentlemen as real estate experts.

Your Committee recommends that the land be sold and reports that it has employed Richard J. Leyden, one of the appraisers, as broker to negotiate with prospective purchasers and report through the Committee to the Board.

The Committee has authorized the Business Office to pay each of these appraisers $75 (total $225) for their services. This is the minimum standard fee specified by the Cook County Real Estate Board for such work.

Respectfully submitted.

COMMITTEE ON AGRICULTURE
KARL A. MEYER
WIRT HERRICK
WALTER W. MCLAUGHLIN, *Chairman*

On motion of Mr. Nickell, this report was adopted and the employment of Mr. Leyden was confirmed.

APPROPRIATIONS FOR PURCHASE OF FORESTRY AREA

(6) The University has an opportunity to acquire a tract of 63.5 acres of timber land which is the only virgin forest left in the prairie states. It is a natural area representing an orginal and essentially undisturbed example of a prairie border forest. This land, known as the Isaac Funk Timber Tract, is north of McLean in McLean County. It would be a living museum of natural history and a resource for biological scientists. If the area is not acquired by the University or some other agency soon, the trees will be sold for timber.

It will take $25,000 to acquire this land. Several members of the Funk Family have agreed to contribute up to $15,000. The University of Illinois Foundation is considering an assignment of $5,000 from Foundation funds. If $20,000 can be secured from these donors, I would recommend that the University put in $5,000. The University would have complete title to this property.

I recommend that the Board of Trustees authorize the acquisition of this land and the assignment of $5,000 as the University's share of the purchase price, contingent upon donations of $20,000 from other sources.

Mr. Livingston took his place with the Board during the presentation of this matter.

On motion of Mr. Herrick, this acquisition of land was authorized; the appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Dr. Meyer, Mr. Stevenson.

CONTRACT WITH VETERANS ADMINISTRATION FOR STEAM SERVICE

(7) The contract with the Medical Center Steam Company to supply the University with steam from a central plant at the Chicago Professional Campus authorizes the University to furnish steam not required for its own use to any governmental agency, charitable institution, or other institution located in the Medical Center District under such conditions as may be agreed to by the University and such agency or institution.

The Veterans Administration, which plans to build a large hospital at Polk and Damon Streets, desires to contract for steam from this plant at a price which will reimburse the University for the cost of producing the steam and for the additional capital outlay required to increase capacity and distribution facilities, amortized over a period of thirty years. Increases or decreases in the costs of labor, fuel, applicable taxes, or compliance with governmental regulations shall be reflected by changes in the basic rate.

The contract would be to June 30 following establishment of service and would continue, subject to (a) availability of federal appropriations, (b) cancellation at the end of any year on sixty days notice by either party, and cancellation if the Veterans Administration closes the activity for which steam is being purchased. Provision would be made for mutual adjustment of the balance due the University for the unamortized portion of the capital investment in the event of termination of the contract.

I recommend adoption of the following resolution authorizing a contract with the Veterans Administration which will include the provisions specified by University officers as indicated above:

RESOLUTION

Whereas, The Board of Trustees of the University of Illinois, at its regular meeting held on May 21, 1949, approved a program whereby the Medical Center Steam Company will provide central steam service to the University and to other institutions in the Medical Center District, Chicago, Illinois, and

Whereas, such program anticipated the making of such contracts between the University and other users as may be feasible and desirable, and

Whereas, it is deemed to be feasible and desirable that the University execute a contract with the United States of America represented by the Chief, Procurement Division, Supply Service, Veterans Administration, for the furnish-

ing of steam to the Veterans Administration Hospital in the Medical Center District, all in accordance with the program heretofore approved as aforesaid,

Now, therefore, be it resolved, that the Board of Trustees of the University of Illinois hereby approve the proposed contract with the United States of America represented by the Chief, Procurement Division, Supply Service, Veterans Administration, providing for the furnishing of steam to the Veterans Administration Hospital in the Medical Center District, Chicago, Illinois, and the Comptroller and the Secretary of this Board be and they hereby are authorized, empowered, and directed, in the name and on behalf of this Board, to execute and deliver such contract.

Dr. Meyer took his place with the Board during the presentation of this matter.

The Comptroller discussed the provisions of this contract (see Appendix, page 882).

On motion of Mr. Herrick, this resolution was adopted as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

Mr. Fornof reported the receipt of letters from representatives of management in Rockford with respect to the policies and program of the Institute of Labor and Industrial Relations.

After discussion, President Williamson requested the Committee on General Policy to attend the next meeting of the Advisory Committee of the Institute, and all members of the Board to attend if possible.

CASE OF VIRGINIA KENNY vs. THE BOARD OF TRUSTEES

Doctor Meyer inquired about the status of the Virginia Kenny litigation, a mandamus proceeding in which Miss Kenny, Medical Social Worker in the Social Service Department of the Research and Educational Hospitals, seeks to be restored to the position of Head of the Social Service Department.

This matter was referred to the Committee on the Chicago Departments for consideration and advice to the Board.

OPEN SESSION

When the Board convened in open session after luncheon and inspection of the facilities at the Pier, the same members and officers were present as during the morning session.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

STAFF AND PROGRAMS FOR 1949-1950

(1) The Provost has prepared a report on important additions to the staff and the educational programs for 1949-1950 (see Appendix, page 885).

The Provost presented this matter.

This statement was received for record.

BOND ISSUE FOR SMALL HOMES COUNCIL HOUSING RESEARCH PROJECT

(2) The Executive Committee on March 29, 1949, in approving the Small Homes Council Housing Research Project, authorized the Comptroller to secure offers on funds to be borrowed ($175,000 out of a total of $500,000) for submittal through the Finance Committee to the Board. Bids on a revenue bond issue were received as of September 12, 1949 (schedule of bids received and circular inviting same are attached). The low bid is by John Nuveen & Company, 135 South LaSalle Street, Chicago, for an average interest rate of 2.724 per cent, the bonds to be sold to them at par plus a premium of $40. The bonds are dated October 1, 1949, and delivery is to be made on or about that date. Interest rates and maturities are:

$4,000 — Oct. 1, 1950 2½%	$9,000 — Oct. 1, 1960 2¾%
6,000 — Oct. 1, 1951 2½%	9,000 — Oct. 1, 1961 2¾%
6,000 — Oct. 1, 1952 2½%	9,000 — Oct. 1, 1962 2¾%
7,000 — Oct. 1, 1953 2½%	10,000 — Oct. 1, 1963 2¾%
7,000 — Oct. 1, 1954 2½%	10,000 — Oct. 1, 1964 2¾%
8,000 — Oct. 1, 1955 2½%	10,000 — Oct. 1, 1965 2¾%
8,000 — Oct. 1, 1956 2½%	10,000 — Oct. 1, 1966 2¾%
8,000 — Oct. 1, 1957 2¾%	10,000 — Oct. 1, 1967 2¾%
8,000 — Oct. 1, 1958 2¾%	10,000 — Oct. 1, 1968 2¾%
8,000 — Oct. 1, 1959 2¾%	18,000 — Oct. 1, 1969 2¾%

The Finance Committee has reviewed the bids and recommends the sale of the bonds to the low bidder, John Nuveen & Company. This firm has requested that the Marine National Exchange Bank of Milwaukee be named the paying agent. The Finance Committee has approved that request.

A resolution for adoption by the Board has been prepared by Chapman and Cutler and is presented herewith for approval (see Appendix, page 886).

The Comptroller commented on this matter.

After discussion, and on motion of Mr. Fornof, this sale of bonds was authorized and the resolution was adopted as recommended by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

President Williamson designated Mr. Livingston and Mrs. Watkins as representatives of the Board to sign the bonds with him.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under Section 5 of the Accountancy Act of 1943 and who have submitted evidence that they are holders of valid and unrevoked certificates of certified public accountants obtained in other states by passing the regular written examinations. They have also met the other requirements specified in Section 5 of the Act.

Abe A. Alk (Wis.)
Mary Noel Barron (Ky.)
George Hannaman Brewer (Ind.)
James Lloyd Fox (Mo.)
Paul Joseph Fritch (Colo.)
William Thomas Hazelton (N.Y.)
Alvah Orvis LaBertaux (Ind.)
Jacob Kay Lasser (N.J.)
Carlos Edgar Milner (Ohio)
Gaile McClure Parent (Me.)
Weston Rankin (N.Y.)
Ernest Warren Reed (Tex.)
Cecil Louis Richardson (Mo.)
Walter Fletcher Scott (Mo.)
George Webster Wallace (Ohio)

I concur.

On motion of Mrs. Watkins, these certificates were awarded as recommended.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(4) The Committee on Accountancy recommends the appointment of Mr. William Charles Waggoner, of the firm of Touche, Niven, Bailey, and Smart, Chicago, as a member of the Board of Examiners in Accountancy, for a three-year term beginning July 1, 1949, to succeed Mr. Charles R. Miller, whose term of office expired June 30, 1949.

I concur in the recommendation.

On motion of Mr. McLaughlin, this appointment was made as recommended.

LEAVE OF ABSENCE FOR DEAN MIRIAM A. SHELDEN

(5) Miss Miriam A. Shelden, Dean of Women, who is an officer in the Women's Reserve of the United States Navy, has been requested to return to active service for an indefinite period of time. I have authorized a leave of absence, without pay, from August 1 to November 1, 1949, and request confirmation of this action with authorization to extend this leave if the Navy requests her to continue in active service for a longer period.

On motion of Mrs. Watkins, this leave was confirmed, and the President of the University was authorized to make extensions if necessary.

ADVISORY COMMITTEE FOR COLLEGE OF VETERINARY MEDICINE

(6) The Dean of the College of Veterinary Medicine recommends the appointment of the following to the Advisory Committee of that College for the academic year 1949-1950:

C. E. DILLE, Cairo
WAYNE DINSMORE, Chicago
C. E. FIDLER, Lewistown
C. C. HASTINGS, Williamsville
G. W. JENSEN, Williamsville
ARMAND A. LEGNER, Sandwich
OSCAR LINN, Canton
R. V. MCKEE, Varna
P. J. MEGINNIS, Cicero
D. E. SISK, Mansfield
H. P. WESSELS, Geneva

I concur and recommend that they also be appointed or reappointed to the Citizens Committee of the University of Illinois in accordance with the practice of including all college advisory committees in the membership of the general committee.

Doctor Legner is a new appointee. The others have been on the Committee before. Doctors C. R. Collins, Dixon, and George B. McKillip, Chicago, who were on the Committee last year, are not being reappointed in accordance with the practice of making gradual changes in the personnel of this Committee.

On motion of Mr. Nickell, this committee was appointed as recommended.

EXCHANGE OF PROFESSORS

(7) The Head of the Department of German requests authorization of the exchange of Professor J. Theodore Geissendoerfer of the University of Illinois with Professor Gilbert Waterhouse of Queens University, Belfast, Ireland. Tentatively the first semester of the academic year 1950-1951 has been selected for this exchange.

I recommend approval and authorization to set up the terms of this exchange and other details, including a change in the period involved if this be deemed advisable upon further negotiations.

Professor Geissendoerfer has been granted sabbatical leave for the second semester 1949-1950 which he is planning to spend in study and research in Europe. If this exchange arrangement goes through, he will remain abroad and serve on the faculty of Queens University while his replacement, Professor Waterhouse, is teaching at the University of Illinois.

On motion of Mrs. Watkins, these recommendations were approved.

CHANGES IN REGULATIONS FOR ADMINISTRATION OF GENERAL ASSEMBLY SCHOLARSHIPS

(8) Under an act of the General Assembly of Illinois, passed in 1905, each member of the General Assembly has the privilege of nominating annually one resident of his district for a scholarship in the University which exempts the holder from the payment of tuition fees. For the purpose of carrying out its responsibilities under the law, and for the guidance of the administrative officers concerned, the Board of Trustees of the University has from time to time adopted regulations governing the administration of General Assembly scholarships.

The 66th General Assembly amended the scholarship law to provide that the failure of a member to make a nomination for a scholarship in any year will not cause that scholarship to lapse, but the member may make a nomination for such scholarship at any time before the expiration of his term. This amendment necessitates a change in the regulations governing General Assembly scholarships as heretofore approved by the Board of Trustees. I therefore recommend the following changes:

Present Regulations	*Proposed New Regulations*
I. Appointments to Scholarships	I. Appointments to Scholarships
1. The original nomination of a candidate to a new four-year scholarship must be filed with the President of the University on or before the opening day of the fall semester or term of the University year in which the candidate expects to enter the University and the President is forbidden by the Statute to accept an original nomination after this date. (This is interpreted to mean within the first ten (10) days of the semester.)	1. Each member of the General Assembly may award one four-year scholarship each year. Such scholarships shall become effective at the beginning of the semester or term following the date of appointment. Original appointments for scholarships which accrue to a member in any elected term may be deferred to a later date, but must be made prior to the expiration of that term. An original nomination so deferred shall become effective at the beginning of the semester or term following such nomination and shall continue for four years thereafter. A scholarship shall lapse if the member fails to make a nomination prior to the expiration of the term for which he was elected. (A nomination made during the first half of the semester will become effective as of the beginning of that semester.)
2. In case the first nominee fails to accept the appointment or, not being a graduate of an accredited school, fails to pass the required examinations for admission, the member who made the original appointment may nominate another student from his district to such scholarship.	2. (No change required in this portion.)
3. A nomination to fill a vacant scholarship or transfer an unused portion of a scholarship shall be effective as of the opening of the semester or term of the University during which it is made, provided such nomination is filed with the University during the first half of	3. (No change required in this portion.)

Present Regulations (Cont.)	*Proposed New Regulations* (Cont.)
such semester or term, but if it is filed during the second half of the semester or term, it shall not become effective until the opening of the next following semester or term.	
4. (A scholarship becomes vacant either (1) through failure of the holder to register, or (2) through written statement signed by him relinquishing his rights to the scholarship. See full statement under "registration" below.)	4. (No change required in this portion.)
5. If a member desires to select his nominee on the basis of competition he may require the applicants to write the scholarship examination held in the office of each County Superintendent of Schools on the first Saturday of June as provided in Section 30—7. Candidates should notify the County Superintendent of their intention to write at least ten days in advance of the date of the examination. They will be subject to the University regulations with respect to the conduct of such examinations.	5. (No change required in this portion.)
II. Qualifications of Candidates	II. Qualifications of Candidates
1. To qualify for appointment under this Act, a candidate must be— (1) At least 16 years old. (2) A graduate of a high school or other secondary school accredited by the University of Illinois and must present fifteen units of high school work in acceptable subjects including certain prescribed subjects. A candidate who is not a graduate of an accredited high school may qualify for appointment to a scholarship by passing entrance examinations and thus qualify for admission to the University. (3) A legal resident of the State and of the district represented by the member who makes the nomination. (See interpretation of "residence" below.)	1. (No change required in this portion.)
III. Registration	III. Registration
1. Having satisfied the entrance requirements, the new appointee to a four-year scholarship or to the unused portion of a scholarship must register in the University not later than twenty (20) days after the opening date of the semester or term when the scholarship first becomes effective. If the appointee fails to so register he forfeits the scholarship unless he is unable to	1. (No change required in this portion.)

Present Regulations (Cont.)	*Proposed New Regulations* (Cont.)
register because of military or naval service.	
2. Failure of a scholarship holder to register in the University not later than twenty (20) days after the beginning of the fall or winter semester will constitute a release (forfeiture) of the scholarship. The member who made the original appointment, if he is still a member of the General Assembly, may transfer the scholarship to some other student in his district. A scholarship held by a person who has been granted a leave of absence under the law to earn money to continue his education may be transferred only when released in writing by the present holder; and such a scholarship held by one who is absent for military or naval service is not forfeited by failure to register or by a discontinuance of his course, and may be transferred only when released in writing by the present holder, or when proof of death is presented by affidavit of some competent person.	2. Failure of a scholarship holder to register in the University not later than (20) days after the beginning of the fall or winter semester will constitute a release (forfeiture) of the scholarship. *A scholarship that is released or forfeited may be transferred to some other student from the district as indicated in Section 30—11 of the law.* A scholarship held by a person who has been granted a leave of absence under the law to earn money to continue his education may be transferred only when released in writing by the present holder; and such a scholarship held by one who is absent for military or naval service is not forfeited by failure to register or by a discontinuance of his course, and may be transferred only when released in writing by the present holder, or when proof of death is presented by affidavit of some competent person.

On motion of Mr. Nickell, these regulations were amended as recommended.

CONTRACT FOR LEASE OF EDUCATIONAL FILMS

(9) The Dean of the Division of University Extension recommends that the University enter into a contract with United World Films of America, New York City, for the leasing and acquisition of a series of films on "The Earth and Its Peoples." The films have been produced for the teaching of geography in grade and high schools. The collection consists of 121 prints of 35 titles. The lease provides for the payment of $35 per print upon receipt of the films, $35 per print 12 months after delivery, and $35 per print 24 months after delivery, a total payment of $105 per print. Upon conclusion of the lease, the films will become the property of the University. The lease may be terminated at the end of a year upon 30 days' notice.

The films will be used by the Audio-Visual Aids Service for rental to schools at a rate of $3 for the first day and $.50 for each additional day. During the period of the lease United World Films will pay the University $5.50 per booking which United World Films arranges with schools to introduce the films. United will not charge schools for this. The University will service all bookings in Illinois except in the City of Chicago. "Junior Scholastic," a monthly school magazine, will have an article on these films in each issue during the school year 1949-1950.

I concur and recommend that the Comptroller be authorized to execute this contract.

On motion of Mr. McLaughlin, authority was given as recommended.

CONTRACT FOR REMODELING HOUSE AT UNIVERSITY OF ILLINOIS AIRPORT

(10) On July 22, 1948 (Minutes, pages 23-24), the Board of Trustees authorized a contract with J. C. Scott, Tolono, for remodeling a house at the University of Illinois Airport to provide living quarters for two members of the staff of the Institute of Aviation whose services require them to live near the Airport. The contract was on a cost plus 10 per cent basis at an estimated total of $8,500.

It is very difficult to estimate the cost of remodeling jobs accurately because unforeseeable construction conditions are frequently encountered. That was true in this case and a great deal of additional work had to be done which was not originally contemplated. The audited cost is $16,802.43. There is no question that the costs were incurred and with the approval of the University representative in charge. Through an oversight and misunderstanding of the original action of the Board, the Institute of Aviation did not report an increase in the estimate until the work had been completed. The Director of the Institute of Aviation and the Comptroller request approval of the increased estimate and authority to pay the contractor the full amount of cost incurred and audited, subject to the usual filing of waivers of liens.

Because the remodeling has resulted in a higher standard house than was originally contemplated, the scale of rentals is somewhat higher and the expenditure will be recovered through income from rentals in a period of approximately seventeen years.

I concur in the recommendations of the Director and the Comptroller.

On motion of Mr. Herrick, these recommendations were adopted.

CONTRACT FOR PAINTING OF PIPING

(11) The Director of the Physical Plant Department and the Comptroller recommend award of a contract for $9,850 to J. Bernard Mullen, of Chicago, the lowest bidder, for painting of piping in connection with the installation of laboratory equipment in the East Chemistry Building.

Funds are available in the State appropriation for "Acquisition and installation of Chemistry Building equipment."

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Nickell, authority was given as recommended.

AWARD OF CONTRACT FOR REMODELING IN LINCOLN HALL

(12) On July 28, 1949, the Board of Trustees approved an appropriation for remodeling and equipping certain rooms in Lincoln Hall for the language departments.

The Director of the Physical Plant Department and the Comptroller recommend the award of a contract to C. A. Petry, the lowest bidder, in the amount of $8,157.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, authority was given as recommended.

RELEASES OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(13) The Governor has approved the following releases of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 1

"Acquisition and Installation of Chemistry Building Equipment.....$330,000"

Release No. 2

"For Equipment for Buildings at Urbana-Champaign and Chicago.....$ 50,000"

This is a partial release of an appropriation of $680,000. The funds so released may be used by the University for the acquisition and installation of Chemistry Building equipment, the amount appropriated for this specific purpose having proved insufficient to complete the project, and are supplementary to release No. 1.

Release No. 3

"For Contingencies to Cover Expenditures for Purposes for which the Amount Appropriated in any Item Above Enumerated is, or becomes, Insufficient.....$ 20,000"

This is a partial release from an appropriation of $550,000, and the $20,000

released is to supplement releases Nos. 1 and 2 for the acquisition and installation of Chemistry Building equipment.

Release No. 4

"For Permanent Improvements at Urbana-Champaign Acquisition through Construction or Purchase of Student and Staff Housing..$190,000"

Release No. 5

"For Contingencies to Cover Expenditures for Purposes for which the Amount Appropriated in any Item Above Enumerated is, or becomes, Insufficient.....$ 10,000"

This is a partial release from an appropriation of $550,000 and is to supplement the housing funds in release No. 4.

Release No. 6

"For Permanent Improvements at Urbana-Champaign Additions to Power and Heating Plant and Remodeling of Existing Buildings..$ 85,000"

This is a partial release from an appropriation of $1,215,000 and the $85,000 so released is for architectural and engineering services for additions to power and heating plant and remodeling of existing buildings at Urbana-Champaign.

Release No. 7

"For Permanent Improvements at Urbana-Champaign Construction of Veterinary Science Unit.....$ 40,000"

This is a partial release from an appropriation of $1,560,000 and the $40,000 so released is for architectural and engineering services on the Veterinary Science Building.

Release No. 8

"For Permanent Improvements at Chicago Construction of Addition to Present Hospital.....$246,000"

This is a partial release from a total appropriation of $7,395,000 and the $246,000 is to be used for architectural and engineering services on the construction of an addition to the present hospital at Chicago.

Release No. 9

"For Permanent Improvements at Urbana-Champaign Construction of Agricultural Structures and Remodeling Present Agricultural Buildings.....$ 20,000"

This is a partial release from an appropriation of $290,000 and the $20,000 so released is for architectural and engineering services on the construction of agricultural structures and remodeling present agricultural buildings.

Release No. 10

"For Permanent Improvements at Chicago Construction of Utility Distribution System and Remodeling of Existing Buildings.....$ 13,000"

This is a partial release from an appropriation of $190,000 and the $13,000 so released is for architectural and engineering services on the construction of Utilities Distribution System and remodeling of existing buildings at Chicago.

Release No. 11

"For Permanent Improvements at Urbana-Champaign Construction of Animal Science Laboratory.....$ 62,500"

This is a partial release from an appropriation of $2,160,000 and the $62,500 so released is for architectural and engineering services on the construction of the Animal Science Laboratory at Urbana-Champaign.

Release No. 12

"For Permanent Improvements at Urbana-Champaign Construction of Extension to the Utility Distribution Systems.....$ 40,000"

This is a partial release from an appropriation of $375,000 and the $40,000

so released is for architectural and engineering services on the construction of extension to the utilities distribution systems at Urbana-Champaign.

I recommend that the funds released be appropriated for the purposes specified.

On motion of Mr. McLaughlin, these funds were assigned as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

APPROPRIATION FROM AGRICULTURAL INCOME

(14) The Dean of the College of Agriculture recommends an appropriation of $2,000 from the accumulated surplus in agricultural income for the improvement of feed lots in the beef cattle feeding shed area. The work will consist of grading three feed lots and concreting another. The improvement is needed to provide a cattle feed lot which will be used in studies of controlled feeding on individual animals. Funds are available.

I concur.

On motion of Mr. McLaughlin, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(15) The Committee on Nonrecurring Appropriations recommends assignments from funds set aside in the budget for 1949-1950 for nonrecurring expenditures as follows:

At the Chicago Professional Colleges	
1. Air-conditioning equipment for Animal Hospital	$ 1 500
2. Equipment for Office of Director of Student Affairs	600
3. Improved laboratory facilities for College of Pharmacy	500
4. Remodeling in Dark Room — Radiology Department	1 275
5. Display cases for Obstetrics and Gynecology Department	845
6. Fluorescent lights for Dermatology Department	1 200
7. Remodeling in Division of Toxicology	520
8. Repairing and relocation of student lockers for Physical Plant Department	995
Total, Chicago Professional Colleges	$ 7 435
At Urbana-Champaign	
9. Remodeling 601 East John Street for Speech Department	$13 470
10. Remodeling in Vivarium	15 500
11. Remodeling and equipment in Natural History Building	17 000
12. Remodeling 1110 West Illinois Street for College of Fine and Applied Arts	11 500
13. Equipment for Radio Station WILL recording service	3 515
14. Robert Allerton Park remodeling and equipment	6 300
15. Building changes required for relocation of statistical service in Arcade Building	3 700
16. Acoustical treatment of Band Building	1 800
Total, Urbana-Champaign	$72 785
Total, Chicago Professional and Urbana-Champaign	$80 220

I concur with the recommendation that the appropriations for the Chicago Professional Colleges (total, $7,435) be charged against the "Chicago Nonrecurring Reserve" and the appropriations for Urbana-Champaign (total, $72,785) be charged against "Reserve for Nonrecurring Purposes."

Requests for these assignments of funds have been carefully studied by the Chicago Professional Colleges and the Urbana-Champaign Committees on Non-

recurring Appropriations. Reports of these committees, giving details on each item, are submitted herewith.

On motion of Mr. Fornof, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

EXCHANGE OF GOVERNMENT SECURITIES

(16) The 2 per cent Treasury Bonds held in connection with the trust fund under the Navy Pier lease mature on September 15, 1949. The United States Government offered in exchange for these bonds 1⅛ per cent Certificates of Indebtedness due September 15, 1950, with the provision that subscriptions for these new securities must be entered by September 3.

Under the authorization of the Finance Committee of the Board of Trustees, and on recommendation of the First National Bank of Chicago, this exchange was authorized and is now reported to the Board of Trustees.

This report was received for record.

INVESTMENTS

(17) The Finance Committee reports the following transactions involving securities:

ENDOWMENT FUNDS

Purchases:

$7,000 American Telephone and Telegraph Company 3⅜% debentures, due 1973 ..... $7 518 44

$2,000 B. F. Goodrich Company First Mortgage Bonds, 2¾%, due 1965 ..... 2 045 28

Sale:

Houston Lighting and Power Company, 250 rights 246 87

STUDENT LOAN FUNDS

Exchange:

$50,000 U.S.A. Certificates of Indebtedness, 1⅛%, due July 1, 1949, for $50,000 U.S.A. Certificates of Indebtedness, 1¼%, due July 1, 1950.

This report was received for record.

PURCHASES

(18) The Director of Purchases has proposed, the Comptroller has recommended, and the President has authorized emergency purchases listed under A in the Appendix (page 900). The Director of Purchases proposes and the Comptroller recommends purchases listed under B in the Appendix (page 901).

On motion of Mr. McLaughlin, the action of the President in authorizing emergency purchases was approved and confirmed, and purchases were authorized as recommended.

CONTRACTS EXECUTED BY COMPTROLLER

(19) The Comptroller's report of contracts executed, July 11 to September 10, 1949 (see Appendix, page 903).

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(20) The Comptroller presents his quarterly report to the Board as of June 30, 1949.

This report was received for record.

GIFT TO THE UNIVERSITY

(21) Mr. J. D. Phillips, class of 1893, of Los Angeles, California, has offered the University approximately $10,000 to establish a scholarship fund to be called the "J. D. and Clara Moore Phillips Scholarship." The income from the fund

is to be paid to Mr. Phillips and, at his death, to a designated beneficiary, now 76. Upon the death of the beneficiary, the income shall be used for scholarships. There are no limitations upon the kind of scholarships other than that they should be used to aid worthy students. The scholarships would be awarded by the University Committee on Scholarships.

Mr. James David Phillips was born in 1868 and is a graduate of the University of Illinois, receiving the degrees of Bachelor of Science in Architecture in 1893 and of Master of Architecture in 1943. He was a member of the staff of the College of Engineering from 1892 to 1902. He was a member of the Engineering staff of the University of Wisconsin from 1902 to 1920 and Business Manager of that institution from 1920 until he retired in 1938. He is the author of several textbooks on mechanical drawing and has written numerous articles relating to university financing.

I recommend approval.

On motion of Mr. Nickell, the acceptance of this fund was authorized.

REPORT OF GIFTS AND GRANTS RECEIVED BY THE UNIVERSITY

(22) The following gifts and grants of funds have been received by the University during the fiscal year 1948-1949. They have been accepted by the President in accordance with the statutory procedure and are being reported for official record (see Appendix, page 903).

This report was received for record.

CONTRACT FOR TURBINE GENERATOR

(23) The Director of the Physical Plant Department and the Comptroller recommend the award of a contract for $141,266.85, subject to the release by the Governor of funds appropriated to the University for this purpose, to the General Electric Company, Chicago, the lowest bidder, for a 3000-kilowatt automatic extraction turbine generator as a part of the addition to the Abbott Power Plant at Urbana.

The State appropriations made to the University for 1949-1951 for buildings and other capital improvements include $1,215,000 for "Additions to Power and Heating Plant and Remodeling of Existing Buildings" at Urbana-Champaign. These funds are available on release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, authority was granted as recommended.

CONTRACT FOR POWER PLANT EQUIPMENT

(24) The Director of the Physical Plant Department and the Comptroller recommend awards of contracts for $20,213 to the Fluor Corporation, Ltd., Los Angeles, California, for a cooling tower, and for $28,980 to the Worthington Pump & Machinery Corporation, Chicago, for condensing equipment for additions to the Abbott Power Plant at Urbana, subject to the release by the Governor of funds appropriated to the University for this purpose. These are the lowest bidders in each case and the proposals are firm prices. The proposal of the Fluor Corporation is subject to completion of the erection of the cooling tower prior to September 30, 1950, but in the event the erection can not be completed prior to that date, prices will be adjusted upward or downward in accordance with the standard escalation clause, if escalation in cost is in excess of 2 per cent of the price quoted.

The State appropriations made to the University for 1949-1951 for buildings and other capital improvements include $1,215,000 for "Additions to Power and Heating Plant and Remodeling of Existing Buildings" at Urbana-Champaign. These funds are available upon release by the Governor.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Herrick, authority was given as recommended.

SANITARY SEWER FOR SMALL HOMES COUNCIL HOUSING RESEARCH PROJECT

(25) The City of Urbana has agreed to permit connection of the sanitary sewer in the Small Homes Council Housing Research Project area at Race Street and Florida Avenue to the city system. This will require a new sewer from Pennsylvania Avenue to Michigan Avenue and the University should assume its proportionate share ($1,267.86) of the cost of the improvement.

The city is ready to proceed with the construction. The improvement is needed and the Director of the Physical Plant Department and the Comptroller recommend that the University assume its share of the cost. Funds are available in the budget set up for this housing project.

I concur and request that the Comptroller be authorized to pay the City of Urbana the sum of $1,267.86 when the sewer has been completed.

On motion of Mr. Nickell, authority was given as recommended.

APPROPRIATION FOR CONSTRUCTION OF PARKING LOT FACILITIES

(26) There are now about 5,000 faculty and staff cars and nearly 3,000 student cars for which parking spaces are sought on or near the campus. The University of Illinois now has about 2,000 spaces which have been surfaced and are operated mainly for the use of faculty. The congestion around the campus is extremely bad and hazardous for all concerned.

The Provost has recently appointed a committee to consider the whole problem of parking facilities, including new areas that might be developed and the merits of a nominal rental fee for the continued use of parking spaces. Student pressure for increased facilities is severe.

Several areas have already been studied by the Physical Plant Department and four of these could be made available for use in the very near future, whenever funds are available. Areas presently under consideration would provide for about 372 spaces for students and 94 spaces for staff. This whole problem has been under review by the Committee on Nonrecurring Appropriations and the Committee is favorable to prompt and substantial steps toward providing additional parking facilities.

I recommend an appropriation of $30,000 from General Reserve to the Physical Plant Department in order to provide additional parking facilities, specific assignments from this fund to be made by the President of the University for each particular project, the bids to be submitted to the Executive Committee for authorization of contracts.

On motion of Mrs. Watkins, this appropriation was made under the conditions specified, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

RELEASE OF FUNDS FROM UNIVERSITY CLUB OF URBANA TRUST

(27) On October 29, 1943 (Minutes, page 743), the Board of Trustees approved an agreement with the Men's University Club of Urbana for the purchase by the University of the property of the Club and providing for changes in the future operations of the Club. This agreement also established a trust fund for "the financing of a future building project and/or furnishing or equipping space to be occupied by the Club." The Men's University Club undertook to induce its members to contribute the fund for a future Faculty Graduate Student Center by turning in Club bonds, the value of which could be applied to the fund, or by making other contributions. The University agreed to match all moneys con-

tributed to this fund by members of the Club during the biennium ended June 30, 1945. The trust fund thus established now amounts to $15,374.92.

There is no prospect for a new University Club building in the immediate future. The Men's University Club has undertaken to improve the present facilities through the enlarging of the food service area and remodeling club room facilities. The Club has funds for redecorating but not for the purchase of necessary new equipment and furnishings. The Board of Governors of the Men's University Club is of the opinion that the purchase of equipment and furnishings, amounting to $2,500, comes within the intention of the Trust Agreement, and requests the release by the Board of Trustees of the University of $2,500 from the Trust Fund. It is expected that by so using such part of the Trust Fund the Club facilities will become more attractive, thereby increasing participation by the faculty and reducing the food service operating deficit through increased patronage.

I recommend the release of $2,500 from the University Club Trust Fund which is held by the University of Illinois Foundation for the purpose requested by the Board of Governors of the Club.

On motion of Mr. Fornof, this release of trust funds was authorized as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent Mr. Hickman, Mrs. Holt, Mr. Stevenson.

PAYMENTS IN LIEU OF TAXES

(28) The Comptroller and the Legal Counsel report that they have been working with officials of Champaign, Piatt, and De Kalb counties in the determination of amounts which the University may appropriately pay for services of governmental bodies in those counties under the provision of the act of the last General Assembly authorizing such payments. Agreement has been reached with these officials with respect to practically all of the properties involved. All such payments are covered by income produced by such properties except in a very few cases where the properties were income-producing when acquired but shortly thereafter but subsequent to the date of tax assessment were transferred to educational uses.

In nearly all cases payments will be made out of funds now available in income accounts. In some instances net income of properties on which payments for preceding years are in order was transferred to the General Reserve Fund of the University, so that funds are not now available in the income accounts of these properties to cover such payments.

The Comptroller requests an appropriation from the General Reserve Fund of $3,628. I recommend approval.

The Comptroller and the Legal Counsel commented on this matter.

On motion of Mr. McLaughlin, these payments were authorized, and the appropriation was made, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mrs. Holt, Mr. Stevenson.

PRESIDENT STODDARD'S REPORT ON UNESCO

On request of President Williamson, President Stoddard made an informal and illuminating report on the meetings of UNESCO in Paris during the summer.

SECRETARY'S REPORTS

The Secretary presented the following lists for record, as printed in the Appendix.

1. Appointments to the staff made by the President of the University (page 830).
2. Graduate fellows (page 840).
3. Resignations, declinations, and cancellations (page 841).
4. Leaves of absence (page 845).
5. List of degrees conferred on August 14, 1949 (page 845).

The Board adjourned.

CONTRACT WITH MEDICAL CENTER COMMISSION

Resolution

Whereas, the Board of Trustees of the University of Illinois has approved an agreement with the Medical Center Steam Company providing for the construction by the Steam Company of a central steam plant and distribution system for the furnishing of steam service to the University and through the University to other institutions located within the Medical Center District in Chicago as defined in such agreement; and

Whereas, the Illinois Commerce Commission has approved said agreement; and

Whereas, an agreement between the Board of Trustees and the Medical Center Commission is desired for the clarification of certain matters relative to the operation of said agreement between the Board of Trustees and the Medical Center Steam Company; and

Whereas, such agreement between the Board of Trustees and the Medical Center Commission has been prepared and presented to the Executive Committee of the Board of Trustees;

Therefore Be It Resolved, by the Executive Committee of the Board of Trustees that the proposed agreement between the Board of Trustees and the Medical Center Commission is hereby approved, and the Comptroller and Secretary of this Board be and are hereby authorized, empowered, and directed, in the name and on behalf of this Board, to execute and deliver such agreement.

Contract Between the Board of Trustees of the University of Illinois and Medical Center Commission

This AGREEMENT made this 9th day of August, 1949, by and between the Board of Trustees of the University of Illinois, a Public Corporation (hereinafter called the University), and the Medical Center Commission, a Public Corporation,

WITNESSETH:

Whereas, Medical Center Steam Company (hereinafter called the Steam Company), has been incorporated under the laws of the State of Illinois and is authorized by its charter to furnish steam service to the University and through the University to other institutions within the Medical Center District in the City of Chicago, Illinois, and

Whereas, the University and the Steam Company have entered into a contract dated July 1, 1949, for the construction, operation, and maintenance by the Steam Company of a steam plant and distribution system in the Medical Center District, a copy of which contract is hereto attached, and

Whereas, the Illinois Commerce Commission on July 29, 1949, entered an order in case No. 37530, granting to the Steam Company a certificate of convenience and necessity for the construction, operation, and maintenance of such steam plant and distribution system as described in said order and said contract, and

Whereas, the Medical Center Commission was created and exists under and by virtue of an act of the General Assembly of the State of Illinois, and under the provisions of said act has certain rights, powers, privileges, and obligations with respect to said Medical Center District, and it is desired that all qualified applicants for steam service within said District be furnished with steam service under and pursuant to the provisions of said contract;

Now, Therefore, the parties do hereby agree as follows:

Upon certification by the Medical Center Commission to the University at any time, or from time to time, that a governmental agency, charitable institution or other institution located within the Medical Center District, is in the judgment of the Medical Center Commission a qualified applicant for steam service, the University agrees to cause such service to be furnished to such applicant subject to the provisions of the said contract and the availability of an adequate steam supply for such applicant within the firm capacity of the plant upon compliance by such applicant with the following terms and conditions:

(a) That such applicant shall enter into an agreement with the University to take steam service and to compensate the University for such service.

(b) That the charges for such service shall be fixed by the University on a fair and equitable basis.

(c) In the event that any applicant and the University are unable to agree upon a fair and equitable basis for such charges, then the fair and equitable basis for such charges shall be determined jointly by the University and the Medical Center Commission.

(d) Should the University and the Medical Center Commission be unable to agree on a fair and equitable basis for such charges, in that event the then Governor of the State of Illinois or such person, persons or agency as he may designate shall determine what the fair and equitable charges for such services shall be, and such determination shall be binding on the parties hereto.

In Witness Whereof, the University has caused this instrument to be executed in its corporate name by its Comptroller and its Secretary, and its corporate seal to be hereunto affixed by its Secretary, and the Medical Center Commission has caused this agreement to be executed in its corporate name by its President, and its corporate seal to be hereunto affixed and attested by its Secretary, all in duplicate as of the day and year first above written.

CLINICAL FACULTY OF THE COLLEGE OF MEDICINE

I recommend that appointments be made to the nonsalaried, or clinical, faculty of the College of Medicine for the academic year beginning September 1, 1949, as indicated, and that the President of the University be authorized to make such additional appointments and other changes as are desirable and necessary.

Appointments are for one year from September 1, 1949, unless otherwise indicated. All appointments have been approved by Vice-President A. C. Ivy.

A summary by departments of the number of appointments with the comparative figures for 1948-1949 is also submitted.

STATEMENT OF PRESIDENT REGARDING CHANGES IN ADMINISTRATION OF THE RADIO STATIONS, AND THE APPOINTMENT OF MR. HUDSON

About a year ago, Mr. Josef F. Wright asked to be relieved of his part-time duties as director of the University's radio stations in order to devote full time to his responsibilities as director of public information. He was willing to continue, however, until a suitable man could be found to coordinate all broadcasting activities of the University.

This man has now been found, in the person of Mr. Robert B. Hudson, whose appointment as director of University broadcasting and associate professor of journalism, has been presented to the Board today. Mr. Hudson's career is distinguished, both in radio and in adult education. He was founder and first director of the Rocky Mountain Radio Council, one of the outstanding accomplishments in the educational use of radio. For the last four years he has been director of education for the CBS network. In this capacity he was associated with some of the network's best public service programs, such as the School of the Air, You Are There, People's Platform, Invitation to Learning, Doorway to Life. At Illinois,

Mr. Hudson will be chairman of the radio curriculum in the School of Journalism as well as director of University broadcasting. With this appointment, I feel that we can no longer put off Mr. Wright's request, and I have therefore recommended that he be permitted to devote full time to public information.

I can not let this occasion pass without saying a few more words about Joe Wright who this week completes thirty years of service to the University. He came to work for the University of Illinois as secretary to President Kinley on October 1, 1919. The following year Dr. Kinley assigned him the task of setting up a University information service. He has been director of this service ever since. In 1925, when the Illinois experimental radio station grew into station W I L L, he was made director of the University station. In that position he developed the University Radio Service which supplies programs to other stations. He was instrumental in establishing the University FM station W I U C, and has been a ceaseless crusader for a state-wide educational FM network. He appointed Mr. Frank E. Schooley, who is today being named station manager. Joe Wright has held high office in the National Association of Educational Broadcasters as well as in the College Public Relations Association, and he is affectionately known to hundreds of radio and newspaper men. Now that Joe Wright is consolidating his activities a little, I am glad to express the University's gratitude for thirty years of faithful and constructive service.

CONTRACT WITH VETERANS ADMINISTRATION FOR STEAM SERVICE

This AGREEMENT made and entered into this _____ day of _____ 19_____, by and between the Board of Trustees of the University of Illinois, Chicago, Illinois, a public corporation organized and existing under the laws of the State of Illinois (hereinafter called the "Contractor") and the United States of America (hereinafter called the "Government") represented by the Chief, Procurement Division, Supply Service, Veterans Administration (hereinafter called the "Contracting Officer").

WITNESSETH:

Whereas, there is being erected a Veterans Administration Center in Chicago, Illinois, consisting of a Regional Office and an estimated 500 bed capacity hospital, bounded by Polk Street on the North, South Damen Avenue on the East, on the South by West Taylor Street, and on the West by Ogden Avenue; and

Whereas, the Government desires that the necessary steam be furnished as required by the Veterans Administration Center; and

Whereas, it is to the advantage of the Government to procure steam from the Contractor in lieu of providing its own plant; and

Whereas, the Contractor is in a position to furnish the required amount of steam to the Government; and

Whereas, the Government is willing to compensate the Contractor for providing the required steam service.

Now, Therefore, the parties agree as follows:

ARTICLE I. FACILITIES

The Contractor will provide a steam plant from which steam will be furnished through underground pipes to be provided by the Contractor to the Government boundary line at the northwest corner of Damen Avenue and Taylor Street.

ARTICLE II. SERVICE

(a) The Contractor agrees to furnish sufficient steam at an approximate pressure of 110 lbs. per square inch, to the Government boundary line, to meet the requirements of the Government, but not to exceed, at the option of the Contractor, 53,000 lbs. of steam per hour.

(b) The Government agrees to purchase from the Contractor approximately 74,000,000 lbs. of steam during each twelve month period of this contract.

ARTICLE III. METERING

The steam furnished hereunder shall be measured by meters installed by the Contractor at the approved location. The Contractor shall have the right and privilege to maintain and calibrate such meter or meters and will have access thereto over the lands of the Government at all reasonable hours for such purposes.

ARTICLE IV. RATES

(a) The Government agrees to pay the Contractor $1.32 for each 1,000 lbs. of steam based on an annual consumption of 74,000,000 lbs. furnished and will be increased or decreased as provided in this Article. In the event the consumption by the Government is less than 74,000,000 lbs. of steam, the Government will pay to the University of Illinois $0.205 per 1,000 lbs. for the difference between the actual consumption and the 74,000,000 lbs. In the event the annual consumption is greater than 74,000,000 lbs., the cost of steam will be reduced by $0.205 per 1,000 lbs. for all steam in excess of 74,000,000 lbs.

(b) It is understood and agreed that the fixed charge of $0.205 represents Government's reimbursement to the Contractor for the construction of the necessary facilities for furnishing steam to the Government amortized over a period of 30 years, at the end of which time the fixed charge of $0.205 or such amount in effect at that time will be discontinued and the rate for each 1,000 pounds of steam shall be decreased accordingly. In the event the Contractor furnishes services to others and the outlay incurred by reason of furnishing facilities to supply steam to the Government is reduced below $455,000, or if savings in the amortization rate reduces said outlay below $455,000, or if any combination of the above factors produces such result, then the fixed charge of $0.205 will be decreased in proportion to the reduction below such amount.

(c) If this contract is terminated by the Government prior to the end of the 30 year period the amount of the termination charge to be paid to the Contractor in lieu of the fixed charge shall be an amount mutually agreed upon by the Government and the Contractor at that time.

(d) Said unit price of $1.32 for each 1,000 lbs. of steam furnished shall be increased or decreased by an amount equal to the net increase or decrease of the Contractor's cost for furnishing such steam resulting from the following:

1. Any increases or decreases in labor costs for the furnishing of such steam from the present labor cost. Present labor costs are those set forth in Schedule A annexed hereto. Labor costs shall include all allowances and benefits to the employees.

2. Any increases or decreases in cost of fuel for producing such steam from the present cost of such fuel. The present cost of such fuel so delivered is stated in Schedule A annexed hereto. Cost of fuel as used herein means its cost delivered at the steam plant of the Contractor.

3. An increase in the cost of furnishing such steam resulting from any applicable taxes hereafter imposed upon the contractor by Federal, State, or local governments.

4. An increase in the cost to the Contractor for furnishing such steam caused by compliance by the Contractor with any and all future statutes, rules, or regulations of the Federal, State, or local governments which are applicable.

(e) All such increases or decreases in cost shall be determined by ordinary accounting principles. Contractor agrees to maintain in accordance with usual accounting practice records of all such increases or decreases in such costs.

ARTICLE V. ADJUSTMENT OF RATE

On or before the first day of September in each year during the period of the contract, the Contractor shall furnish the Government with a statement of the adjustment of said cost of $1.32 per each 1,000 lbs. of steam by the formula contained in Article IV hereof, and at the same time will make available to the Government, at the place where such records are kept, for its review and audit the cost records of the Contractor in support of such statement of adjustment. The Government reserves the right to submit a claim for adjustment of such statement. The adjustment as shown by the statement, or in the event of the filing of any claim in the manner aforesaid, then any readjusted statement shall be settled as soon as possible by the Government. Any amount due the Government as a result of the adjustment will be deducted from subsequent voucher or vouchers submitted by the Contractor. Any amount due the Contractor as a result of the adjustment as shown by the statement will be paid by the Government, upon receipt of a properly prepared invoice from the Contractor.

ARTICLE VI. PERIOD OF CONTRACT

Subject to the availability of appropriations, the period of time covered by this contract shall be from the date of the first delivery of steam service to the following June 30 and shall continue thereafter until further notice.

ARTICLE VII. PAYMENT

Payment for services shall be made at the end of each month after service has been rendered.

ARTICLE VIII. DEFINITIONS

"Contracting Officer" refers to the Chief, Procurement Division, Supply Service of the Veterans Administration, or his duly appointed successors and their authorized representatives and any other duly authorized representatives of the Administrator of Veterans Affairs.

ARTICLE IX. NON-DISCRIMINATION CLAUSE

The Contractor, in performing the work required by this contract, shall not discriminate against any employee or applicant for employment because of race, creed, color or national origin, and that he will include a similar provision in all sub-contracts.

ARTICLE X. OFFICIALS NOT TO BENEFIT

No member or delegate to Congress or resident commissioner shall be admitted to any share or part of this contract or to any benefit that may arise therefrom, but this provision shall not be construed to extend to this contract if made with a corporation for its general benefit.

ARTICLE XI. TAXES

Rates specified for steam service are exclusive of any sales or use tax imposed by state, or by any duly constituted taxing authority therein having jurisdiction to impose such a tax on the articles named in this agreement, the United States not being liable for payment of such tax (Public No. 819—76th Congress, approved October 9, 1940).

Rates specified included any applicable Federal Excise Taxes, as the United States is not exempt from payment of such taxes.

ARTICLE XII. TERMINATION

This agreement, if accepted, shall become a contract and shall remain in force during the period above stated unless terminated at the request of either party after sixty (60) days' notice in writing.

In the event the Veterans Administration closes this activity subsequent to the execution of this contract or during the contractual period, this contract may be canceled immediately upon written notice to the Contractor and the Veterans Administration relieved from its obligation to make further purchases of supplies or services thereunder, except as otherwise provided for herein.

In Witness Whereof, the parties hereto have executed this contract as of the day and year first above written:

The steam charges are based upon the cost to the University of Illinois as of June 1949. Steam generated from fuel costing 36.62 cents per million B.T.U. at the steam plant. When the average cost for twelve months of fuel per million B.T.U.'s shall be more than 37.36 cents or less than 35.88 cents, the steam rate shall be increased or decreased. Labor cost shall be increased or decreased based on the June 1949 wage rate paid by the University. The cost of producing steam as of June 1949 is $1.115 per thousand pounds based on twelve consecutive months.

Labor Cost.....33.96¢ per m. lbs.
Fuel Cost.....49.26¢ per m. lbs.

REPORT ON STAFF AND PROGRAMS FOR 1949-1950

In accordance with the educational plans set forth in the "Analysis of Appropriation Requests for Operation for the Biennium Beginning July 1, 1949," important additions have been made to the staff of the University in order to provide the personnel for a more mature student body and further to strengthen research and instruction in recently initiated activities.

The appointments of Professor H. O. Halvorson as Head of the Department of Bacteriology and of Professor Sol Spiegelman as a research specialist in genetics and cell respiration, together with other changes and additions, will bring about a first-rate department during the present year.

A notable research program in physiology has been moved from the Army Quartermaster Corps in Chicago to the University through the appointment of Dr. R. E. Johnson, as Professor and Head of the Department of Physiology. We may now say that the life sciences are in an extremely favorable position.

Professor John L. Heller, the new Head of the Department of Classics, will continue the substantial traditions of the Department and be a strong representative of the humanities at the University of Illinois.

The area of clinical psychology is strengthened by the appointment of Professor L. E. O'Kelly, the field of map construction and reading by Professor F. W. Foster, the field of linguistics by Professor D. W. Schumann, and the field of geography by Professor C. C. Colby, formerly Head of the Department of Geography at the University of Chicago.

In the field of physics, the appointments of Professor Frederick Seitz and Professor R. J. Maurer round out the work of the Department and add more distinction to the University. These men are famous for their work in the physics of the solid state, a field which has recently become basic to ceramics and to engineering. The elevation of Professor William L. Everitt to the Deanship of the College of Engineering, and the appointment of Professor J. D. Ryder to the Headship of the Department of Electrical Engineering, will consolidate great advances already made in these areas.

A further step ahead in the whole area of journalism and communications has been taken by the appointments of Professor R. B. Hudson, whose specialty is educational broadcasting, and Professor C. E. Osgood, whose specialty is the psychology of communications. During the year the social, psychological, and dramatic foundations of communications will be brought under severe review and the whole field developed in accordance with its importance. Professor Hudson will serve as Director of University Broadcasting.

The brilliant achievements of the College of Fine and Applied Arts, especially in the areas of architecture, art, and music, will be continued throughout the year. As an interim measure, while enrollments are being stabilized, a part of the advanced teaching load in Architecture will be carried by eight top-ranking architects of national reputation, serving on a part-time basis. Professors W. S. Kinne, specialist in materials and methods of construction, and Gabriel Guevrekian, internationally known in architectural design and planning, have been added to the staff. Musical composition and theory will develop rapidly under Professor Burrill Phillips, and Professor Paul Young will bring new leadership to the choral groups. During the second semester, Georges Enesco will be on the campus as a Visiting Artist.

The health and recreational programs of the School of Physical Education will move forward rapidly because of the addition of new curricula and the ap-

pointment of Professor H. S. Hoyman, a specialist in public health. Professor F. E. Boys, who is in the same area, will also supervise the medical factors in all experiments using human subjects.

The increased strength in all of the life sciences means a real addition to the sciences that are basic to agriculture, but the College of Agriculture, in its own right, has added to its research and service personnel. Professor A. I. Nelson, whose specialty is food processing, and Professor Z. J. Ordal, whose specialty is food microbiology, are notable additions to the Department of Food Technology. Professor M. B. Linford brings the background of his long career as a specialist in plant diseases to the Department of Horticulture.

A major step toward the introduction of new statistical methods into the field of economics has been taken in the appointment of Professor Leonid Hurwicz. Professor Hurwicz will also be a notable addition to the growing power of the University in the application of mechanical and statistical procedures to a great variety of research problems. Mr. G. R. Beam has become the Director of the Statistical Service Unit, and late last year Professor W. G. Madow, specialist in probability theory, was named to the Department of Mathematics. Another notable appointment in this general area is that of R. E. Meagher as chief engineer of the electron digital computer.

In the usual quota of replacements on account of death, retirement, or resignation, an attempt has been made to secure able young men and women who give clear promise of useful careers at the University. All departments report enthusiastically of success in this attempt. In some areas which have been under pressure on account of heavy enrollments, junior staff additions have been made simply to absorb teaching load. The quality of this staff and of the hundreds of part-time assistants is, according to Dean Ridenour, uniformly high.

Except for the appointment of Associate Dean Fred W. Trezise, formerly of the Galesburg Division, to replace Associate Dean R. P. Hoelscher in Engineering at the Chicago Undergraduate Division, no substantial changes in personnel have been made at the Navy Pier. The teaching skill of the staff is excellent, and transfers from the Undergraduate Division to the Urbana campus are giving a good account of themselves.

The most notable event at the Chicago Professional Colleges is the new program in nursing education in cooperation with the Cook County School of Nursing and by affiliation with other hospitals in the City of Chicago. The laboratory for aviation medicine and physical environment has been fully activated. A physicist and a pathologist have been added to the staff of the medical betatron, and the first human patients have had initial cancer treatments. Under the excellent leadership of Dr. A. C. Ivy, all of the professional divisions are moving ahead in research, in the quality of clinical instruction, and in public service. Except for the appointment of M. J. Galbraith, formerly Director of Student Welfare at the Galesburg Division, to a new post as Director of Student Affairs, the main staff additions, both academic and nonacademic, have been in the technical areas.

In spite of record enrollments in all divisions, an excessive number of large classes has been avoided, new equipment has been purchased, the pulse of research is steady and strong, and the morale of the faculty is high. The year 1949-1950 promises to be a great one in the history of the University.

RESOLUTION authorizing and providing for the issue of $175,000 Staff Housing Revenue Bonds, Series of 1949, for the purpose of defraying part of the cost of constructing certain staff housing facilities on property owned by the University of Illinois located in Urbana, Illinois, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenues of the said project, for the purpose of paying the cost of the maintenance and operation thereof, and payment of the principal of and interest on said revenue bonds.

WHEREAS pursuant to "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings, payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds." Approved June 30, 1945. L. 1945, p. 1753; title as amended by Act approved July 21, 1947, this Board of Trustees of the University of Illinois is authorized to issue revenue bonds for the purpose of constructing, equipping or completing the construction and equipment of staff housing facilities payable solely from the revenues derived from the operation thereof; and

WHEREAS the Sixty Fifth and the Sixty Sixth General Assemblies of the State of Illinois appropriated the sum of $325,000 applicable to the construction of such staff housing facilities and responsive to said appropriations this Board of Trustees has heretofore acquired the property located in Urbana, Illinois, south of Florida Avenue and west of Race Street, and described as follows:

"Commencing at a point which is 230 feet South and 30 feet West of the Northeast corner of the Northwest Quarter of Section 20, Township 19 North, Range 9 East of the Third Principal Meridian, thence in a westerly direction along a line which is 230 feet from and parallel to the North line of the Northwest Quarter of Section 20 aforesaid a distance of 800.98 feet, thence in a southerly direction along a line making an angle on the East of 89° 53′ with line aforesaid a distance of 205.74 feet, thence in a southeasterly direction along a line making an angle on the East of 143° 09′ with line aforesaid a distance of 175.94 feet, thence in a southerly direction along a line making an angle on the East of 217° 10′ with line aforesaid a distance of 76.30 feet, thence in a southwesterly direction along a line making an angle on the East of 210° 54′ with line aforesaid a distance of 85.05 feet, thence in a southerly direction along a line making an angle on the East of 150° 29′ with line aforesaid a distance of 227.30 feet, thence in an easterly direction along a line making an angle on the Northeast of 88° 39′ with line aforesaid a distance of 156.33 feet, thence in a southerly direction along a line making an angle on the North of 270° 01′ with line aforesaid a distance of 34.5 feet, thence in an easterly direction along a line making an angle on the Northeast of 90° 00′ with line aforesaid a distance of 78.33 feet, thence in an easterly direction along a line making an angle on the North of 176° 34′ with line aforesaid a distance of 145.00 feet, thence in a northwesterly direction along a line making an angle on the Northwest of 90° 00′ with line aforesaid a distance of 70.13 feet, thence in a northeasterly direction along a line making an angle on the West of 200° 39′ with line aforesaid a distance of 133.52 feet, thence in a northeasterly direction along a line making an angle on the West of 215° 49′ with line aforesaid a distance of 322.75 feet, thence in an easterly direction along a line making an angle on the North of 216° 43′ with line aforesaid a distance of 70.00 feet to a point 30 feet West of the East line of the Northwest Quarter of Section 20 aforesaid, thence in a northerly direction along a line 30 feet from and parallel to section line aforesaid a distance of 359.95 feet to the point of beginning, all in Champaign County, Illinois"

and the construction of said staff housing facilities is now in progress, and based upon the contracts heretofore let this Board of Trustees has heretofore estimated

and does hereby estimate that the cost of the construction of staff housing facilities upon said above described property, complete, will aggregate the sum of $500,000; and

WHEREAS in addition to said appropriations made by the Sixty Fifth and Sixty Sixth General Assemblies of the State of Illinois it will be necessary for this Board of Trustees to raise the sum of $175,000 to complete the construction thereof; and

WHEREAS in order to produce the additional $175,000 necessary for the completion of said staff housing facilities located on the property hereinabove described in the City of Urbana, Illinois, it will be necessary that this Board of Trustees borrow money and issue its revenue bonds in the principal amount of $175,000 as authorized pursuant to the Act hereinabove referred to:

NOW, THEREFORE, Be It and It Is Hereby Resolved by the Board of Trustees of the University of Illinois, as follows:

SECTION 1. That it be and it is hereby determined by the Board of Trustees of the University of Illinois, that it is necessary and for the best interests of the University of Illinois that it borrow the sum of $175,000 to complete the construction of the staff housing facilities located on the property described in the preambles of this resolution in the City of Urbana, Illinois, and in evidence thereof issue its revenue bonds in the principal amount of $175,000.

SECTION 2. That said bonds shall be designated "Staff Housing Revenue Bonds, Series of 1949", be numbered 1 to 175, inclusive, be of the denomination of $1,000 each, be dated October 1, 1949, bonds numbered 1 to 46, inclusive, to bear interest at the rate of two and one-half per cent (2½%) per annum, bonds numbered 47 to 175, inclusive, to bear interest at the rate of two and three-fourths per cent (2¾%) per annum, interest payable April 1, 1950, and semi-annually thereafter on the first days of April and October in each year, and to become due as follows:

provided, however, said bonds shall be redeemable as a whole or in part in the inverse order in which they are numbered, prior to their maturity on any interest payment date at the option of said Board of Trustees of the University of Illinois on or after October 1, 1952, and up to and including April 1, 1954, at par and accrued interest and a premium of three per cent (3%) of the principal amount thereof and a premium of two per cent (2%) of the principal amount thereof if redeemed on October 1, 1954, or on any interest payment date thereafter up to and including April 1, 1959, and a premium of one per cent (1%) of the principal amount thereof if redeemed on October 1, 1959, or on any interest payment date thereafter before maturity.

Notice of redemption of any or all of said bonds shall be given by publication at least once not less than thirty days prior to the date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, Illinois, and such notice of redemption shall, with substantial accuracy (a) designate the date and place of redemption, such place to be at the office of the Depositary hereinafter mentioned in the City of Milwaukee and State of Wisconsin; and (b) designate the numbers and the aggregate principal amount of such bonds; and (c) state that on the designated date of redemption said bonds will be redeemed by payment of principal thereof and the accrued interest thereon to date of redemption, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of all bonds so called for redemption shall cease.

SECTION 3. Any of said bonds may be registered as to principal at any time prior to maturity in the name of the holder on the books of registration of said University to be kept in the office of the Depositary hereinafter mentioned, such registration to be noted on the reverse side of the bonds by the said Depositary as registrar. After such registration no transfer of such bonds shall be valid unless made on the said books by the registered owner in person or by his duly authorized attorney and similarly noted on such bonds. Upon presentation of any of such bonds registered as to principal, accompanied by a written instrument of transfer satisfactory to the Depositary hereinafter mentioned, executed by the registered owner, or by a duly authorized attorney, such bond shall be transferred upon such books. The registered owner of any such bond registered as to principal shall also have the right to cause the same to be discharged from registration by transfer to bearer, in which case transferability by delivery shall be restored, and thereafter the principal of such bond when due shall be payable to the person presenting such bond. Any such bond registered as payable to bearer may be registered again in the name of the owner with the same effect as the first registration thereof. Successive registrations and transfers as aforesaid may be made from time to time as desired. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Said bonds shall be signed by the President and two members of the Board of Trustees of the University of Illinois, sealed with the corporate seal of said University, attested by the Secretary of said Board, and the interest coupons attached to said bonds shall be authenticated by the facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois.

SECTION 4. That said bonds and coupons, and form for registration, shall be in substantially the following form:

(Form of Bond)

UNITED STATES OF AMERICA
STATE OF ILLINOIS
UNIVERSITY OF ILLINOIS
STAFF HOUSING REVENUE BOND, SERIES OF 1949

KNOW ALL MEN BY THESE PRESENTS, that the University of Illinois, a body corporate and politic, for value received, hereby promises to pay to bearer, or if this bond be registered as hereinafter provided, then to the registered holder hereof, solely from the special fund of said University, as hereinafter mentioned, and not otherwise, the principal sum of One Thousand Dollars ($1,000) on ....., 19....., and to pay interest on said sum from the date hereof until paid at the rate of ..... per cent (.....%) per annum, payable April 1, 1950, and semi-annually thereafter on the first days of April and October in each year, until maturity hereof, in accordance with and upon presentation and surrender of the annexed interest coupons as they severally become due.

Both principal and interest of this bond are hereby made payable in lawful

money of the United States of America at the Marine National Exchange Bank of Milwaukee, in the City of Milwaukee and State of Wisconsin.

This bond and the series of which it forms a part is issued under authority of an Act of the Legislature of the State of Illinois, entitled "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings, payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds." Approved June 30, 1945. L. 1945, p. 1753; title as amended by Act approved July 21, 1947, as amended, and all other Laws supplementary thereto, and a resolution duly adopted by the Board of Trustees of the University of Illinois for the purpose of defraying part of the cost of constructing staff housing facilities, located in the City of Urbana, Illinois, on the following described property, to wit:

"Commencing at a point which is 230 feet South and 30 feet West of the Northeast corner of the Northwest Quarter of Section 20, Township 19 North, Range 9 East of the Third Principal Meridian, thence in a westerly direction along a line which is 230 feet from and parallel to the North line of the Northwest Quarter of Section 20 aforesaid a distance of 800.98 feet, thence in a southerly direction along a line making an angle on the East of 89° 53′ with line aforesaid a distance of 205.74 feet, thence in a southeasterly direction along a line making an angle on the East of 143° 09′ with line aforesaid a distance of 175.94 feet, thence in a southerly direction along a line making an angle on the East of 217° 10′ with line aforesaid a distance of 76.30 feet, thence in a southwesterly direction along a line making an angle on the East of 210° 54′ with line aforesaid a distance of 85.05 feet, thence in a southerly direction along a line making an angle on the East of 150° 29′ with line aforesaid a distance of 227.30 feet, thence in an easterly direction along a line making an angle on the Northeast of 88° 39′ with line aforesaid a distance of 156.33 feet, thence in a southerly direction along a line making an angle on the North of 270° 01′ with line aforesaid a distance of 34.5 feet, thence in an easterly direction along a line making an angle on the Northeast of 90° 00′ with line aforesaid a distance of 78.33 feet, thence in an easterly direction along a line making an angle on the North of 176° 34′ with line aforesaid a distance of 145.00 feet, thence in a northwesterly direction along a line making an angle on the Northwest of 90° 00′ with line aforesaid a distance of 70.13 feet, thence in a northeasterly direction along a line making an angle on the West of 200° 39′ with line aforesaid a distance of 133.52 feet, thence in a northeasterly direction along a line making an angle on the West of 215° 49′ with line aforesaid a distance of 322.75 feet, thence in an easterly direction along a line making an angle on the North of 216° 43′ with line aforesaid a distance of 70.00 feet to a point 30 feet West of the East line of the Northwest Quarter of Section 20 aforesaid, thence in a northerly direction along a line 30 feet from and parallel to section line aforesaid a distance of 359.95 feet to the point of beginning, all in Champaign County, Illinois",

and is payable solely from the net revenue to be derived from the operation of said facilities, and not otherwise, and this bond and the series of which it forms a part do not constitute an indebtedness of said University or of the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Under said Act of the Legislature of the State of Illinois and other Laws supplementary thereto and the said resolution adopted pursuant thereto, the net revenue derived from the operation of said facilities shall be deposited with the Marine National Exchange Bank of Milwaukee, in the City of Milwaukee, Wisconsin, under a Deposit Agreement entered into between the Board of Trustees of the University of Illinois and the said Bank, and used only for the purpose of paying the fees and expenses of such Depositary, principal of and interest on the

bonds of said University that are issued under authority of said Act of the Legislature of the State of Illinois and the resolution of the Board of Trustees, hereinabove referred to, and which are payable by their terms only from the net revenue of said staff housing facilities located on the property above described, in the City of Urbana, Illinois.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond by the Constitution and Statutes of the State of Illinois, and the applicable resolutions of said Board of Trustees of the University of Illinois, have been done and have happened and have been performed in regular and due form and time as required by law and that provision has been made for depositing the net revenue derived from the operation of said facilities with the said Marine National Exchange Bank of Milwaukee, to be applied in the manner as hereinabove set forth.

This bond is one of an authorized issue of $175,000, all of like date and of the denomination of $1,000 each, numbered from 1 to 175, inclusive, and said bonds are subject to redemption as a whole or in part in the inverse order in which they are numbered, prior to maturity, on any interest payment date on or after October 1, 1952, and up to and including April 1, 1954, at par and accrued interest and a premium of three per cent (3%) of the principal amount thereof, and a premium of two per cent (2%) of the principal amount thereof if redeemed on October 1, 1954, or on any interest payment date thereafter up to and including April 1, 1959, and a premium of one per cent (1%) of the principal amount thereof if redeemed on October 1, 1959, or on any interest payment date thereafter before maturity.

Notice of redemption of any or all of said bonds shall be published once not less than thirty days prior to date of redemption, such publication to be made in one newspaper published and of general circulation in the City of Chicago, and when this bond or any of the bonds of such authorized issue shall have been called for redemption, interest thereon shall cease from and after the specified redemption date.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Depositary hereinabove mentioned, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

This bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, howsoever such possession may have been acquired, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and the said University and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered and the bearer of any interest coupons appertaining hereto as the absolute owner thereof for all purposes.

Said University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the resolution adopted by the Board of Trustees of said University of Illinois, authorizing the issue of this bond and the series of which it forms a part and as provided in the Deposit Agreement hereinabove referred to, and hereby irrevocably obligates itself to deposit the net revenue derived from the operation of said staff housing facilities with the said Depositary, to administer the said net revenue as provided for in and by said Deposit Agreement, and to establish from time to time charges and fees for the use of said facilities and to maintain and collect

charges and fees sufficient to pay the reasonable cost of operating, maintaining, insuring and repairing of said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues until all of such bonds have been paid in full, both as to principal and interest.

IN WITNESS WHEREOF, said University of Illinois, by its Board of Trustees, has caused this bond to be signed by the President of the Board of Trustees and two members thereof, its corporate seal to be hereto affixed, attested by the Secretary of said Board, and the coupons hereto attached to be authenticated by the facsimile signatures of the President and Secretary of said Board of Trustees, and this bond to be dated the first day of October, 1949.

SECTION 5. That upon the issuance of any revenue bonds herein provided for there be and there is hereby established a fiscal year for the operation of said staff housing facilities located on the property heretofore described in the preambles of this resolution, in the City of Urbana, Illinois and said fiscal year shall

commence the first day of July of each year and end the last day of the next succeeding June and all revenues derived from the operation thereof shall be set aside as collected in a separate account and fund and apart from any other funds of said University, and said University covenants that all the revenues, income, receipts, profits, rates, rents, charges, fees and returns derived from the said staff housing facilities and the operation thereof, after setting aside therefrom the reasonable cost of operating, maintaining, insuring and repairing said facilities, shall be paid over to the Depositary hereinafter mentioned semi-annually not later than the dates as hereinafter specified in the said deposit agreement prior to April 1 and October 1 of each year, and said revenues so paid over to the Depositary shall be used only in paying the fees and expenses of such Depositary, principal of and interest upon the revenue bonds of said University that are payable by their terms only from such revenues, and such funds shall be used only for the purposes and in accordance with the Deposit Agreement hereinafter set out.

SECTION 6. That for the purpose of further securing the income and revenue to be derived from the operation of the said staff housing facilities and the application of the net revenue to the payment of the principal of and interest upon the said bonds hereby authorized, the net revenue derived from the operation of the said staff housing facilities shall be deposited with the Marine National Exchange Bank of Milwaukee, hereby designated as the Depositary for the said net revenue, and the President and Secretary of the Board of Trustees and Treasurer of said University be and are hereby authorized and directed to execute for and on behalf of the University a Deposit Agreement with said bank as Depositary in substantially the following form, to wit:

THIS DEPOSIT AGREEMENT dated October 1, 1949 between the University of Illinois, a public corporate body duly organized and existing under the laws of and located in the State of Illinois (hereinafter sometimes referred to as the "University"), party of the first part, and the Marine National Exchange Bank of Milwaukee, a national banking association duly organized and existing under the laws of the United States of America and having its principal office in the City of Milwaukee, in the State of Wisconsin (hereinafter sometimes referred to as the "Depositary"), party of the second part,

Notice of redemption shall be given by publication at least once not less than thirty days prior to date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, Illinois; and

WHEREAS the said bonds are payable both as to principal and interest and premium, if any, solely from the net revenues to be derived from the operation

of the said staff housing facilities, the term "net revenues" as used herein meaning the gross revenues of the said facilities, less the reasonable cost of operating, insuring, maintaining and repairing the said facilities; and

WHEREAS the University has, in and by the said resolution, covenanted and agreed, for the benefit of the holders from time to time of the said bonds and the interest coupons thereto appertaining, that the net revenues of the said staff housing facilities will be from time to time deposited with the Depositary and used only for the payment of the fees and expenses of the Depositary, principal of, premium, if any, and the interest on the said bonds; and

WHEREAS the University has, in and by the said resolution, further covenanted and agreed that it would execute and deliver a Deposit Agreement in the form and terms hereof:

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements hereinafter set forth and pursuant to the terms and provisions of the said resolution, the University and the Depositary have agreed and do hereby agree as follows for the equal and proportionate benefit and security of the holders of the said bonds of the University and the interest coupons thereto appertaining; that is to say:

SECTION 1. The University covenants that proper books of record and account will be kept, in which full, true and correct entries will be made of all income, expenses and financial transactions of and in relation to the said staff housing facilities, and that it will furnish to the Depositary, on or before October 1, 1950, for that period from October 1, 1949, to June 30, 1950, and on or before October 1 in each year thereafter so long as any bonds remain outstanding, a statement certified as correct by the Comptroller and Treasurer of the University, showing the gross operating revenues, the operating expenses and the net revenues of the said staff housing facilities for the twelve months' period ended on the next preceding June 30. The Depositary shall have no duty to request any such information nor any duty relative to the statements from time to time furnished by the University, except to preserve the same for the inspection of the holders of the bonds during usual business hours.

SECTION 2. The University has covenanted with the holders of the bonds hereinabove referred to that all of the revenues, income, receipts, profits, charges, fees, rents and returns derived from the said staff housing facilities and the operation thereof shall be collected by the University and, after setting aside therefrom the reasonable cost of operating, maintaining, insuring and repairing the said staff housing facilities, shall be paid over to the Depositary semi-annually not later than July 31, for the previous six months' period ending June 30 each year, and January 31, for the previous six months' period ending December 31 of each year, provided, however, there shall be deposited on or before March 1, 1950, an amount of the net revenues for the period from October 1, 1949 to the last day of February, 1950, which shall not be less than interest requirements due on said bonds April 1, 1950, plus Depositary's fees, and the University hereby covenants and agrees so to do. All funds received by the Depositary under the terms of this agreement, after deducting fees and expenses of such Depositary, shall be held by the Depositary in a special trust account to be known as the sinking fund and shall be disbursed or applied by the Depositary as hereinafter provided.

At least five (5) days before each semi-annual interest payment date the Depositary shall, if the sinking fund moneys then on deposit are sufficient for that purpose, set aside an amount equal to the interest becoming due on the next ensuing interest payment date on all of the said bonds then outstanding, and such funds shall be and they are hereby appropriated irrevocably to the payment of such interest, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of such interest on the next ensuing interest payment date upon surrender of the interest coupons becoming due on the said interest date and appertaining to the outstanding bonds.

At least five (5) days before the express date of maturity of the bonds, the Depositary shall set aside from the moneys in the sinking fund, if such moneys then on deposit are sufficient for that purpose after making provision for payment of the interest becoming due on the outstanding bonds on such maturity date, an amount equal to the principal of the bonds then maturing, and such funds shall

be and they are hereby appropriated irrevocably to the payment of the principal of the said maturing bonds, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of the principal of the said bonds upon surrender of the said bonds.

If, upon the fortieth (40th) day before any interest payment date, the Depositary has cash in the sinking fund after setting aside an amount sufficient to pay interest becoming due on all outstanding bonds on the next two ensuing interest payment dates and to pay the principal and premium, if any, of any bonds theretofore called for redemption and not yet redeemed and the principal of all bonds becoming due on the next two ensuing principal payment dates, such cash shall be applied by the Depositary to the redemption on the next ensuing interest payment date of outstanding bonds, which by their terms are redeemable, in an amount sufficient to exhaust as nearly as may be such cash, after deducting therefrom and paying all costs and expenses of such redemption.

The said bonds are each in the denomination of One Thousand Dollars ($1,000) and are numbered from 1 to 175, inclusive. All bonds redeemed through the operation of the sinking fund, together with the appertaining interest coupons, shall be cancelled by the Depositary and delivered to the Treasurer of the University. The Depositary shall keep a record of the numbers of all bonds so redeemed.

Notice of redemption through the operation of the sinking fund shall be published by the Depositary, either in the name of the University or in the name of the Depositary, as the Depositary may determine, once not less than thirty (30) days prior to the date of redemption. Such publication to be made in one newspaper published and of general circulation in the City of Chicago, Illinois. Such notice shall with substantial accuracy:

(a) Designate the date and place of redemption, such place to be the office of the Depositary, in the City of Milwaukee and State of Wisconsin;

(b) If the bonds to be redeemed are less than all of those outstanding, designate the numbers and the aggregate principal amount of such bonds; and

(c) State that on the designated date of redemption said bonds will be redeemed by payment of the principal thereof and the accrued interest thereon, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of the bonds so called for redemption will cease.

Upon publication of notice of redemption of any bonds through the operation of the sinking fund, the Depositary shall set aside from the moneys in the sinking fund an amount sufficient to pay and redeem the said bonds, and such funds be and are hereby appropriated irrevocably for that purpose, and the Depositary, as paying agent, is hereby authorized and directed to apply such funds to the payment and redemption of the said bonds on or after the specified redemption date upon surrender of the said bonds, together with all unmatured interest coupons thereto appertaining.

SECTION 3. The University has covenanted with the holders of the bonds, hereinabove referred to, that it will, so long as any of the said bonds shall remain outstanding and unpaid, keep in the office of the Depositary, in the City of Milwaukee and State of Wisconsin, books for the registration and transfer as to principal of bonds of the said issue, and the said Depositary is hereby appointed the agent of the University, with the title of Registrar, for the purpose of registering and transferring the said bonds as to principal only.

As to each bond registered, as to principal only, the person or entity in whose name the same is for the time being registered shall be deemed and regarded as the absolute owner thereof for all purposes, except for the purpose of receiving payment of the outstanding coupons, if any, appertaining thereto, and so long as the same shall be so registered payment of or on account of the principal thereof shall be made by the Depositary, as paying agent, only to the registered owner thereof. The bearer of any of the said bonds which shall not be registered as to principal and the bearer of any coupon appertaining to any such bond, whether or not such bonds shall be registered as to principal, shall for all purposes be deemed and regarded as the absolute owner of such bond or coupon as the case may be for the purpose of receiving payment thereof

and for all other purposes, and the Depositary, as paying agent, shall be fully protected in making payment of any such bond or coupon to the bearer thereof.

SECTION 4. The Depositary has executed this agreement and agrees to carry out the terms and provisions hereof on its part, but only upon and subject to the following express terms and conditions:

(a) The Depositary shall not be responsible for any recitals herein or in the said bonds or for the validity of this agreement or of the said bonds, nor for the performance of any of the agreements herein contained on the part of the University.

(b) The Depositary shall not be accountable for any of the proceeds of the bonds or of the revenues of the said staff housing facilities nor for any other funds of the University, except such funds as may be deposited hereunder. The Depositary shall not be required to allow interest on any funds at any time deposited hereunder. The Depositary may become the owner of bonds of the said issue with the same rights which it would have if not Depositary.

(c) The Depositary shall not be liable for any action taken or omitted to be taken by it in good faith and in the exercise of reasonable care and believed by it to be within the discretion or power conferred upon it by this agreement, nor shall the Depositary be responsible for the consequences of any error of judgment, and the Depositary shall not be answerable except for its own acts, neglect and default, nor for any loss unless the same shall happen through the negligence or want of good faith of the Depositary.

(d) The Depositary shall be entitled to advice of counsel concerning all matters arising under this agreement and its duties hereunder, and may in all cases pay such reasonable compensation as it shall deem proper to such counsel and all such outlays and expenditures shall be repaid to the Depositary out of the sinking fund money.

(e) The Depositary shall not be required to give any bond or surety in respect of the exercise of the duties and powers conferred hereby or otherwise in respect of the premises.

(f) The Depositary shall have a first lien hereunder upon the sinking fund moneys for reasonable compensation, expenses, advances and counsel fees incurred in and about the exercise and performance of its powers and duties hereunder, and the cost and expense of defending against any liability in the premises of any character whatsoever. The compensation of the Depositary shall not be limited to or by any provision of law in regard to the compensation of a trustee of an express trust.

(g) The Depositary at the time acting hereunder may at any time resign by giving not less than sixty (60) days' written notice to the University specifying the date when such resignation takes effect.

SECTION 5. The University covenants that in case the Depositary at the time acting hereunder shall resign or be dissolved or shall be in the course of dissolution or liquidation or otherwise become incapable of acting hereunder, the University will forthwith appoint a successor Depositary which shall be a trust company or bank in good standing located in the State of Illinois and having a capital and surplus of not less than Five Million Dollars ($5,000,000), if there be such a trust company or bank willing, qualified and able to accept the appointment upon reasonable or customary terms.

Every successor Depositary appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the University an instrument in writing accepting such appointment hereunder, and thereupon such successor Depositary, without any further act, deed or conveyance, shall become fully vested with all of the estates, rights, powers, duties and obligations of its predecessor, and every predecessor Depositary shall deliver all moneys and securities, together with a record of the amount and the numbers of the outstanding bonds, to its successor; provided, however, that before such delivery is required or made, all fees, advances and expenses of the retiring Depositary shall be paid in full.

Any corporation into which the Depositary or any successor to it may be merged or converted or with which it or any successor to it may be consolidated,

or any corporation resulting from any merger, conversion or consolidation to which the Depositary, or any successor to it shall be a party, shall be the successor Depositary under this agreement without the execution or filing of any paper on the part of either of the parties hereto.

SECTION 6. Nothing in this agreement expressed or implied is intended or shall be construed to confer upon any person, firm or corporation, other than the parties hereto and the holders of the said bonds and the coupons thereto appertaining, any right, remedy or claim, legal or equitable, under or by reason of this agreement or any covenant, condition or stipulation hereof.

IN WITNESS WHEREOF, said University of Illinois, acting by and through its Board of Trustees, has caused this agreement to be signed in its name by the President of the Board of Trustees and the Treasurer thereof and its corporate seal to be hereunto affixed and attested by the Secretary thereof, and said Marine National Exchange Bank of Milwaukee has caused this agreement to be signed in its corporate name by one of its Vice Presidents and its corporate seal to be hereunto affixed and attested by one of its Assistant Cashiers, all as of the day and year first above written.

SECTION 7. Said University hereby covenants that proper books of record and account will be kept, in which full, true and correct entries will be made of all income, expenses and financial transactions of and in relation to the said staff housing facilities, and that it will furnish to the Depositary and to the original purchasers of said bonds on or before October 1 in each year so long as any bonds remain outstanding a statement certified as correct by the Comptroller and Treasurer of the University, showing the gross operating revenues, the operating expenses, and the net revenues of said staff housing facilities for the twelve months' period ending on the next preceding June 30.

SECTION 8. The University covenants that while any of the bonds authorized hereunder remain outstanding it will establish charges and fees for the use of said staff housing facilities and all of the facilities thereof adjusted so as to provide revenues at all times sufficient to pay the reasonable cost of maintaining, operating, insuring and repairing the said staff housing facilities, to pay the interest from time to time becoming due on the said bonds from time to time outstanding, and to provide for the payment of the principal of such bonds at maturity.

SECTION 9. It is hereby covenanted and agreed that while any revenue bonds issued hereunder are outstanding no additional revenue bonds shall be issued which, by their terms, are payable from the revenues of said staff housing facilities, unless and until all revenue bonds issued pursuant to the terms of this resolution have been paid in full, both as to principal and interest, or until provision shall have been made for such payment in full.

SECTION 10. Said University of Illinois hereby covenants and agrees with the holder or holders of the bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to said staff housing facilities required by the Constitution and Laws of the State of Illinois, including the making and collecting of sufficient charges and fees for the use of said properties and all of the facilities thereof, and segregating the revenue thereof and the application of the income and revenue thereof, as provided by this resolution; and it hereby covenants and agrees not to sell, lease, loan, mortgage

or in any manner dispose of said staff housing facilities, including any and all extensions and improvements that may be made thereto, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment thereof in full, and the said University further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said staff housing facilities and maintain and keep in full force and effect at all times adequate insurance for the protection of said properties, including multi-risk insurance, covering loss or damage to said properties and use and occupancy insurance covering loss of use of said properties. The cost of maintaining all insurance shall be deemed to be an operating charge and shall be paid only from revenues.

Any proceeds derived by said University from any multi-risk insurance shall be applied to the payment of the said University's reasonable and necessary costs in reconstruction, repair or rehabilitation of the said properties and any proceeds derived from any use and occupancy insurance shall be applied in the same manner and to the same effect as gross operating revenues.

SECTION 11. The provisions of this resolution shall constitute a contract between the University of Illinois and the holders of the bonds herein authorized to be issued, and after issuance of the bonds no changes, additions, alterations or amendments of any kind shall be made to this resolution in any manner, until such time as all of said bonds issued hereunder, and interest thereon, shall be paid in full, or unless and until provision shall have been made for the payment of all bonds hereby authorized and interest thereon in full.

SECTION 12. Any holder of a bond or bonds, or any of the coupons of any bond or bonds issued under the provisions of this resolution, may either in law or in equity, by suit, action, mandamus or other proceeding, enforce or compel the performance of all duties required by this resolution or the acts under which the bonds hereby authorized are issued, including the fixing, maintaining and collecting of such charges and fees for the use of such properties and all facilities thereof as will be sufficient for all the purposes provided by this resolution, and the application of income and revenue therefrom.

SECTION 13. If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this resolution.

SECTION 14. That Trustees PARK LIVINGSTON and FRANCES B. WATKINS be and they are hereby designated and directed to execute the said Staff Housing Revenue Bonds, Series of 1949, hereby authorized, together with the President and Secretary of the Board of Trustees of the University of Illinois, and the said President, Secretary and Treasurer of this Board of Trustees, be and they are each of them hereby authorized and directed to execute all instruments, papers, documents and agreements necessary or convenient to accomplish the issue and delivery of the said Staff Housing Revenue Bonds, Series of 1949, to the purchaser thereof.

SECTION 15. That said revenue bonds shall be executed as soon after this resolution becomes effective as may be, be deposited with the Treasurer of said University, and be by him delivered to John Nuveen & Co., the purchasers thereof, upon receipt of the purchase price, the contract for the sale thereto heretofore entered into be and the same is hereby in all respects ratified and approved. Any accrued interest or premium derived from the sale of said bonds shall be deposited in the sinking fund hereinabove provided and applied toward payment of interest or principal of said bonds as thereby required.

SECTION 16. This resolution shall be in full force and effect from and after its passage.

Passed....., 1949.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

October 25, 1949

The October meeting of the Board of Trustees of the University of Illinois was held on Tuesday, October 25, 1949, in the Illini Union Building, in Urbana, according to the following schedule:

11 a.m. — Executive session as in Committee of the Whole.

2 p.m. — Open session.

The following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins.

President Stoddard was present; also, Assistant to the President A. J. Janata, Secretary H. E. Cunningham, Comptroller Lloyd Morey, Legal Counsel W. E. Britton, and, during the open session, Director of Public Information J. F. Wright.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of July 28, 1949.

On motion of Mr. Nickell, the minutes were approved as printed on pages 489 to 808 above.

ACTION OF EXECUTIVE COMMITTEE — PURCHASE OF COAL

The Secretary presented for record a report of the action of the Executive Committee on October 21, 1949, authorizing the purchase of twenty-five cars (approximately 1,250 tons) of 1¼" washed screenings, at $5.25 a ton, f.o.b. mine, freight rate $2.05 a ton, total cost a ton $7.30 and total for this order, $9,125, from the Republic Coal and Coke Company, Chicago.

In this connection, the Comptroller reported that the bid of the Republic Coal and Coke Company had been conditioned on immediate acceptance, and that the price had been raised to $5.50 by the Company before the action of the Executive Committee could be communicated to them.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

PURCHASE OF COAL

(1) On October 21, 1949, the Executive Committee authorized the purchase of twenty-five cars (approximately 1,250 tons) of 1¼" washed screenings, from the Republic Coal and Coke Company, Chicago, to increase the University's coal supply at Urbana-Champaign in view of the coal strike. As of October 12 the University had in storage in Urbana-Champaign approximately 4,000 tons of coal which, under normal operations, would be sufficient for twenty-six days. The additional twenty-five cars would add approximately eight days to the present supply. The Director of Purchases has located, through the Republic Coal and Coke Company, a source of coal mined at Staunton, Illinois, by members of the Progressive Mine Workers Union who are not on strike. The Republic Coal and Coke Company is a distributor. The University now has a contract with this Company to supply coal as needed throughout the fiscal year 1949-1950 from a Danville mine in which United Mine Workers are employed, but this coal can not be delivered because of the strike.

The recommendation to the Executive Committee was based on an oral offer. The Company is now unable to supply this coal at the original price of $5.25 a ton but will accept an order at $5.50 a ton (plus freight at $2.05 a ton, or a price of $7.55 a ton delivered) for twenty cars to be shipped a car a day. The order will be subject to cancellation by the University at any time.

In view of the coal shortage and the uncertainty of deliveries from Danville under the University's standing contract, the Director of Purchases recommends that an order be placed with the Republic Coal and Coke Company at $5.50 a ton. To avoid further price increases he has placed an order for twenty cars on this basis, subject to approval by the Board. He is trying to find additional coal and has located eight cars which were bought at the price of $5.25 a ton f.o.b. mine, the price authorized by the Executive Committee.

Under current market conditions, price competition is not feasible and it is a matter of purchasing coal wherever it is available as a protection against curtailing power plant operations further. Immediately after the coal strike started on September 19 all Physical Plant operations were reviewed in order to reduce to a minimum the use of steam and electric power.

I recommend approval as an emergency measure, and that further purchases be authorized between this time and the next meeting of the Board, by concurrence of the President of the Board and the Comptroller; and that the President of the University be authorized to transmit to the members of the staff a statement of the situation, to the end that the greatest economy in the use of coal be promoted.

On motion of Mr. Fornof, these recommendations were adopted.

CHANGE IN STATUS OF PROFESSOR WILLIAM E. BRITTON

(2) Professor William E. Britton of the College of Law has also been serving as Legal Counsel since September 1, 1945. He accepted this assignment with the expectation that he would be able to teach part time as his predecessors had

done. The volume of legal work required of him has increased to such an extent that he finds it impracticable to combine it with part-time teaching or to do any substantial amount of legal research. He does not want to give up teaching and research entirely.

Professor Britton has, therefore, requested that (a) he be relieved of his services as Legal Counsel and be appointed Professor of Law on full time, effective February 1, 1950, and that (b) he be granted a sabbatical leave of absence on full pay for the second semester of 1949-1950. He plans to use this sabbatical leave on research and on revisions of four of his case books. He has been out of law teaching, in effect, for seven years and needs to reorient himself.

I recommend approval.

President Stoddard and President Williamson expressed their appreciation of the able and faithful services of Professor Britton as Legal Counsel.

On motion of Mr. Nickell, the recommendations of the President of the University were approved.

LICENSING OF BETATRON IMPROVEMENT PATENTS

(3) The University holds two patents (United States patents 2,447,255, Kerst *et al*, August 17, 1948, and 2,473,123, Adams, June 14, 1949) covering improvements in the betatron. The first (No. 2,447,255) is an improvement which makes the betatron particularly useful in radiography and in X-raying materials. It makes the X-rays come from a very fine focal point which enables a fine flaw to be discovered in any material being examined. The second patent (No. 2,473,123) is a circuit which increases the X-ray yield of the betatron and brings the yield up to a more or less uniformly high level.

The University has been following the policy of patenting improvements and accessories designed for the betatron by members of the staff. No financial return is expected but the effect of the policy puts the University in a strong position to influence the use of the basic betatron patents by the General Electric Company which holds them. The General Electric Company's policy permits universities to make betatrons for research purposes and it also grants manufacturers nonexclusive royalty-free licenses to make betatrons for the same purpose.

The Head of the Department of Physics and the Chairman of the University Research Board recommend that the Allis-Chalmers Manufacturing Company of Milwaukee, Wisconsin, be given a royalty-free nonexclusive license to use the inventions claimed in United States patents 2,447,255, Kerst *et al*, August 17, 1948, and 2,473,123, Adams, June 14, 1949, both assigned to the Board of Trustees of the University of Illinois.

The Head of the Department of Physics and the Chairman of the University Research Board also recommend that immediate steps be taken to secure patent coverage in Great Britain on the inventions claimed and allowed in United States patent application serial No. 617,255, Kerst. This improvement is known as the "Betatron Injector Structure."

I concur in these recommendations.

On motion of Mr. Hickman, these recommendations were approved and adopted.

RELEASE OF PATENT RIGHTS TO ENDOMYCIN

(4) For some years past, a program of systematic research aimed at discovering new antibiotic substances has been supported at the University by contributions from three pharmaceutical houses: Abbott, Eli Lilly, and Upjohn. Of several antibiotic agents studied in this work, one, an antifungal agent which has been tentatively named Endomycin, seems to have some promise of becoming a useful therapeutic agent.

Much expensive work must be done before any such possibility can be realized; this will be undertaken by the drug companies involved. Meanwhile, as a precaution, these firms desire the culture and isolation of Endomycin to be patented. Since the terms of the University's agreement with them prescribe that they be granted royalty-free nonexclusive licenses under any patents resulting from this work, it

is a matter of no particular consequence to the pharmaceutical houses concerned whether they or the University hold the patent on Endomycin.

It seems unlikely that royalties on such a patent would ever be realized by the University, since the three important companies holding royalty-free licenses will be well ahead of the others in their knowledge and facilities for producing Endomycin, and able to supply any quantities that are required, in the judgment of Professor H. E. Carter of the Department of Chemistry who has been directing the research work in this field. Other firms are therefore not likely to desire to obtain licenses to produce this antibiotic.

There appears to be no doubt that the University and its individual members who have participated in the program will get their full share of credit for Endomycin, whoever holds the patents.

The University Research Board recommends that the patent rights to Endomycin be released to Professors H. E. Carter of the Department of Chemistry and David Gottlieb of the Department of Horticulture, the discoverers.

I concur.

On motion of Mr. Livingston, this release was authorized as recommended.

REQUEST OF THE ASSOCIATION OF GOVERNING BOARDS OF STATE UNIVERSITIES AND ALLIED INSTITUTIONS

(5) From time to time the Board of Trustees of the University of Illinois has been invited to become a member of the "Association of Governing Boards of State Universities and Allied Institutions," and the invitation has recently been renewed. The Association is an organization of over sixty governing boards of state-supported institutions of higher education in thirty-two states and Puerto Rico.

The Middle West is well represented. All of the Big Ten Universities, with the exception of Northwestern University, which is privately owned and therefore not eligible, and the University of Illinois, are members.

The annual dues for the University of Illinois would be $120. The Association has an annual meeting usually in September or October.

On motion of Mr. Herrick, membership in this association was authorized.

REPORT OF TESTS OF COAL

(6) In previous reports on contracts for coal for Urbana-Champaign Power Plant for 1949-1950 (June 25 and July 28, 1949) it was indicated that quarterly reports of tests of coal are to be made to the Board. The Physical Plant Department has submitted through the Comptroller the report of tests for the month of September, 1949, which is submitted herewith (see Appendix, page 935).

This report was received for record.

AGREEMENT WITH BUILDING SERVICE EMPLOYEES UNION RELATING TO WAGE RATES FOR JANITOR SERVICE AT URBANA-CHAMPAIGN

(7) In its meeting on May 21 and 22, 1948 (Minutes, page 1093), I presented to the Board of Trustees a suggested basis for agreement between the University and Local 119, Building Service Employees International, for establishing the principle of paying prevailing rates for janitor service on the Urbana campus. The statement was approved as the basis of further negotiation and I was requested to send the statement to the Executive Committee of the Board for its consideration and action.

Following correspondence with the Executive Committee, the Committee approved a statement which included the following paragraph:

The University base rate for Janitor shall be a rate agreed upon by negotiations in behalf of a large group of janitors engaged in work of a similar character under union contract in a representative group of Illinois cities including Chicago.

At its meeting on July 21, 1948 (Minutes, page 10), the Board approved a further statement as to the interim relationship between the Union and the University pending the completion of final and detailed negotiations.

The Director of Nonacademic Personnel reports that he has now completed negotiations and that an agreement has been reached which fully satisfies the conditions established by the Board and which is likewise acceptable to the Union. Under this agreement, University wage rates will be tied to rates paid by the Building Managers' Association of Chicago and by a group of boards of education in suburban communities west and southwest of Chicago.

The immediate effect of this agreement is to provide for a five-cent increase in the present hourly wage of $1.35 (of which increase three cents is the value of six paid holidays not heretofore granted to custodial employees), and to reduce the working time of night janitors by a twenty-minute lunch period to be allowed within the work shift.

I have approved this agreement as being in accordance with the principles established by previous action of the Board.

On motion of Mr. Nickell, this agreement was approved.

CASE OF VIRGINIA KENNY

At this point, Mr. Livingston, in the absence of Dr. Karl A. Meyer, Chairman, made an informal report on a meeting of the Committee on Chicago Departments to consider the Kenny case (see Minutes, September 29, 1949, page 816).

After discussion, on motion of Mr. Hickman, the President of the University was requested to investigate this matter further in conference with the Committee on Chicago Departments.

OPEN SESSION

When the Board convened in open session after luncheon, the same members and officers were present as during the morning session.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. MARIE A. HINRICHS, Assistant Professor of Hygiene, beginning October 15, 1949, at an annual salary of $5,500.
2. HERBERT O. KUBLY, Associate Professor of Speech, beginning September 1, 1949, at an annual salary of $5,500.
3. WILLIAM H. MILLER, Assistant Professor of Music, on one-fourth time, beginning September 1, 1949, at an annual salary of $1,250.
4. GEORGE E. F. PICKARD, Associate Professor of Agricultural Engineering, beginning November 14, 1949, at an annual salary of $6,500.
5. HEINZ M. VON FOERSTER, Special Research Assistant Professor of Electrical Engineering, beginning September 1, 1949, at an annual salary of $5,000.

On motion of Mr. Livingston, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

CANCELLATION OF LEAVE OF ABSENCE FOR ASSOCIATE PROFESSOR JOHN H. GARLAND

(1) Associate Professor John H. Garland of the Department of Geography was granted a sabbatical leave of absence on full pay for the second semester of 1949-1950 (Minutes, March 10, 1949, page 292). He has asked permission to postpone the leave until such time when he will be in a position to utilize more fully its benefits.

I recommend that his leave be cancelled without prejudice as to a future application.

On motion of Mr. Nickell, this leave was cancelled as recommended.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded the following who have made applications therefor under Section 5 of the Accountancy Act of 1943, and who have submitted evidence that they are holders of valid and unrevoked certificates of certified public accountants obtained in other states by passing the regular written examinations. They have also met the other requirements specified in Section 5 of the Act.

GEORGE HERBERT BREYER (N.C.) SAMUEL WILLIAM MCWILLIAMS (Ind.)
JOHN HARRY GILBY (N.Y.)

I concur.

On motion of Mr. McLaughlin, these certificates were awarded as recommended.

LEGAL SERVICES FOR MEDICAL CENTER STEAM COMPANY

(3) The costs of the legal services required in setting up the Medical Center Steam Company and in financing the construction of the steam plant for the Chicago Professional Colleges are payable by the University. The firm of Isham, Lincoln, and Beale, Chicago, was employed for this purpose under arrangements between the Medical Center Steam Company and the Northwestern Mutual Life Insurance Company, which is financing the project.

The officers of the Medical Center Steam Company have submitted a report of legal services rendered to date and have asked the University's concurrence. The law firm desires to charge a fee which is entirely satisfactory to the University. This has been considered by the Legal Counsel and the Comptroller, who recommend that the University concur in a fee of $8,500 for services rendered through October 10, 1949. Of this total, $1,000 is related to the organization of the Company and $7,500 to financing. There will probably be some additional legal expense incidental to the final closing of the bond issue after construction is completed about July, 1951. These legal services will be paid for by the Medical Center Steam Company and no University appropriation is required at this time.

I recommend that the Board of Trustees concur in the payment of the proposed fee.

On motion of Mr. Herrick, the Board concurred in the payment of the proposed fee.

PAYMENTS TO LOCAL GOVERNMENTS IN LIEU OF TAXES

(4) An Act of the General Assembly of Illinois (Senate Bill 276, Sixty-sixth General Assembly), approved July 8, 1949, authorizes the Board of Trustees of the University to make payments to local governments in lieu of taxes on certain University properties. Pursuant to this act, the Legal Counsel has made agreements with the State's Attorneys of Champaign, Piatt, and De Kalb Counties to pay for governmental services in lieu of taxes. Payments were made covering the period 1944 through 1948 (of which $23,456.02 was the amount paid for 1948), on income-producing properties. A summary of the payments is presented for record:

Champaign County

On 128 residence properties constructed or purchased by the University for rental to staff	$20 977 10
On Kimmel farm, near Savoy, adjoining the University of Illinois Airport (This represents payments for the period 1944-1947. The land has now been turned over to the Athletic Association for use as a golf course so that it will no longer be taxable.)	1 421 56
On Arcade Building, 1944-1948 (This payment covers only the taxable area of the building, which is leased as a commercial restaurant.)	1 429 46

On Nally property, 1945-1948..... 135 83
(This property is at the corner of Wright Street and University Avenue and was acquired by the University, through a bequest, as an endowment of scholarships. The land is leased by the University to the Mid-Continent Petroleum Corporation which operates a filling station on it. The Corporation pays the taxes on the improvements.)
Total, Champaign County.....$23 963 95

Piatt County

On Allerton Farms, 1947-1948.....$10 004 90
(A credit of $1,309.01 was given for payments made by the University to Willow Branch Township for oiling roads which serve the Allerton Farms.)

De Kalb County

On Wright Farms, 1945-1948.....$ 7 451 24
Total.....$41 420 09

This report was received for record.

ANNUAL PAYMENTS TO INSTITUTE OF INTERNATIONAL EDUCATION

(5) The Institute of International Education was established in 1919 to provide needed services to foreign students, professors, and scholars desiring to study in the United States, as well as students and professors in American colleges and universities desiring to study abroad. Its leadership in stimulating exchanges of students between the United States and foreign countries is universally recognized.

Through the years the Institute has been supported largely by grants of funds from educational foundations. The demands on the Institute and its activities have developed to such an extent that it needs more financial support. An appeal has been made, on behalf of the Institute, to the colleges and universities which it serves to contribute annually to its support. Utilizing the Institute's services has resulted in financial savings to colleges and universities. In the case of the University of Illinois an annual contribution could be regarded as payment for services. An annual subscription of $300 has been suggested.

I recommend that such annual payments be authorized.

On motion of Mrs. Holt, this recommendation was approved.

APPROPRIATIONS OF ATHLETIC ASSOCIATION FUNDS

(6) The Board of Directors of the Athletic Association requests approval of its action in making the following assignments from surplus funds of the Association:

(a) Payment to the Alumni Association for services rendered, $3,000. This is in partial payment of the salary of a member of the Alumni Association staff who performs field services for the Athletic Association.

(b) Expenses of sending the University of Illinois band to the Iowa-Illinois game at Iowa City, Iowa, October 8, 1949, $10,000. The action of the Directors was " . . . an appropriation of $10,000 or as much thereof as might be needed . . . " The actual expense of this band trip was $2,408.76.

These funds were available for the purposes indicated and I recommend that the action of the Board of Directors be confirmed.

On motion of Mr. Livingston, these assignments were confirmed.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds from the "Reserve for Nonrecurring Purposes" in the budget for 1949-1950 as follows:

Urbana-Champaign

1. Improvement of illumination in Civil Engineering drafting rooms... $ 7 500
2. Remodeling and improvements in building at 1206 W. Illinois Street (operated by the University in conjunction with the University Club of Urbana)..... 4 000

3. Purchase of microscopes for Department of Zoology		$ 7 647
4. Remodeling in Natural History Building		2 930
Changes in Paleobotanical Laboratory (105 and 105b Natural History Building)	$1 400	
Changes in Plant Physiology Laboratory (153 Natural History Building)	780	
Fireproofing of storage vault in basement of Natural History Building	750	
5. Remodeling Botany Annex and Natural History greenhouses		7 275
Total, Urbana-Champaign		$29 352

Chicago Professional Colleges

6. Remodeling of Room 166 of Dentistry, Medicine, and Pharmacy Building for the College of Pharmacy	$ 3 000
7. Remodeling Room 660 of Dentistry, Medicine, and Pharmacy Building for the College of Pharmacy	2 800
8. Remodeling quarters in the Dentistry, Medicine, and Pharmacy Building for the Department of Pharmacology, College of Medicine	3 000
Total, Chicago Professional Colleges	$ 8 800
Grand Total	$38 152

I concur.

On motion of Mrs. Watkins, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Dr. Meyer, Mr. Stevenson.

CONTRACT FOR POWER PLANT EQUIPMENT

(8) Bids have been received for switchgear and incidental equipment in connection with the power plant addition in Urbana. The proposal covers the furnishing of five new switch panels and the conversion, reconditioning, and installation of new current transformers on twenty-one existing switch panels to increase interrupting capacity of the present installation. The conversion, reconditioning, and new current transformers for the existing switchgear is necessary because of the increase in the total generating capacity of the station.

Although advertisements were placed in two newspapers and three manufacturers were specifically invited to make proposals, only one bid of $66,266.40 was received. It is from the Allis-Chalmers Manufacturing Company of Chicago. This bid is subject to adjustment upward or downward in accordance with the prices in effect at the time of shipment not to exceed 10 per cent of the bid price. The architects for this project, Sargent and Lundy, believe that it is impossible to secure competitive bids for this work because of the necessity of matching the present installation and due to the fact that most of the work involved is on the conversion and reconditioning of the equipment manufactured by the Allis-Chalmers Manufacturing Company. They have analyzed the bid and compared it with similar bids on current work handled by their office of other manufacturers and are satisfied that the price quoted is fair and reasonable.

Funds are available for this work in the State Appropriation for the Power Plant addition in Urbana, subject to release of these funds by the Governor.

The Director of the Physical Plant Department and the Comptroller recommend the award of a contract to the Allis-Chalmers Manufacturing Company in accordance with their bid of $66,266.40 subject to an adjustment in price upward or downward at the time of shipment not to exceed 10 per cent of the price quoted.

I concur in these recommendations and request that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mr. Fornof, these recommendations were approved and authority was granted as recommended.

CONTRACT FOR ENGINEERING SERVICES ON REHABILITATION OF WATER SUPPLY SYSTEM IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(9) The water system in the Illinois Surgical Institute of the Research and Educational Hospitals needs to be modernized and rehabilitated.

The Director of the Physical Plant Department and the Comptroller recommend the award of a contract to the firm of Neiler, Rich, and Bladen, Chicago, for engineering services on the rehabilitation of the hot and cold water systems at a fee of 8 per cent of the cost of the work covered by the construction contracts and any additional work required by the University. It is estimated that the fee will amount to approximately $2,500.

Funds are available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. McLaughlin, authority was granted as recommended.

CONTRACT FOR ENGINEERING SERVICES ON REPLACEMENT OF ELEVATORS IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(10) Two elevators in the Research and Educational Hospitals must be replaced. Holabird and Root and Burgee, Architects and Engineers, Chicago, have submitted a proposal to do the engineering work, including preparation of plans and specifications, at a fee of 5 per cent of the cost of the replacement of the two elevators. The total fee is estimated to be $5,000.

Holabird and Root and Burgee are the architects for the new hospital addition and the work on this addition will involve considerable work in the present Research and Educational Hospitals. They will be able to coordinate the replacement of the elevators with the construction of the hospital addition.

Funds are available.

The Director of the Physical Plant Department and the Comptroller recommend award of a contract to Holabird and Root and Burgee for the engineering work on this project.

On motion of Mr. Nickell, this contract was awarded as recommended.

ADDITION TO CONTRACT FOR EAST CHEMISTRY BUILDING

(11) The Department of Chemistry requests that a vibration proof foundation be constructed in the basement of the East Chemistry Building on which to install a large compressor.

The Director of the Physical Plant Department and the Comptroller recommend an addition to the contract with the John Felmley Company in the amount of $1,759 (see Minutes, August 5, 1947, page 502).

Funds are available in the State appropriation for East Chemistry Building equipment for the 1949-1951 biennium. I concur and recommend that the Comptroller be authorized to execute this contract change.

On motion of Mr. Livingston, authority was given as recommended.

COMPTROLLER'S REPORT OF CONTRACTS

(12) The Comptroller's report of contracts executed from September 11 to October 10, 1949 (see Appendix, page 935).

This report was received for record.

PURCHASES

(13) A report of (A) emergency purchases authorized and (B) purchases recommended (see Appendix, page 937).

On motion of Mr. McLaughlin, the action of the President of the University in authorizing emergency purchases was approved and confirmed, and the purchases recommended were authorized.

LETTER FROM MR. R. G. SODERSTROM

Mr. Nickell presented a letter and resolution from Mr. R. G. Soderstrom, which had been sent to the members of the Board, concerning the work and policies of the Institute of Labor and Industrial Relations.

On motion of Mr. Nickell, the Secretary was requested to acknowledge receipt of this letter and to state that the Board hopes to meet all its obligations to its students and to all groups and interests in the State.

SECRETARY'S REPORTS

The Secretary presented the following lists for record, as printed in the Appendix.

REPORT OF COMPLIANCE OF REPUBLIC COAL AND COKE COMPANY WITH CONTRACT SPECIFICATIONS FOR COAL DELIVERED TO ABBOTT POWER PLANT DURING MONTH OF SEPTEMBER, 1949

Coal contracts specified 2,700 tons of coal to be delivered during the month of September; however due to the miners' three-day work week slow down and the strike, which was effective on September 19, 1949, only 2,073.4 tons were delivered.

Coal samples for each of the three weeks in which coal was delivered were sent to the State Geological Survey in Urbana for analysis, and were found to fall within the limits of the specifications as set forth in the contract. No premiums or penalties were necessary. Although the contract does not include penalties or premiums for moisture content of coal, it does include a maximum guaranteed moisture content. Due to the drier at the mine being out of order, the coal delivered had a moisture content above the guarantee. Negotiations are now in process for an adjustment of this discrepancy.

The following table is a comparison between the guaranteed analysis with the actual analysis as determined by the State Geological Survey:

Coal Characteristics	*Guaranteed Analysis*	*Actual Analysis 9/1–6/49*	*Actual Analysis 9/7–13/49*	*Actual Analysis 9/14–22/49*
Moisture	11.7%	12.3%	14.5%	13.1%
Ash	7.7–9.7%	9.3%	9.1%	8.6%
Sulphur	1.8–3.8%	3.14%	3.06%	2.97%
B.T.U./lb.	12887–13413	13205	13288	13383
Per cent Fines	0–22%	not checked	15.66%	13.97%

The above analyses were again used as a basis for calculating the heat value received for one cent and they appear to compare very favorably with that calculated at the time the contract was awarded. The B.T.U./cent at the time of contract award was 45,937. The average B.T.U./cent from analyses 45,603. This is less than 0.8% variation from that used as a basis of award. The nearest competitor, at the time of award, offered only 41,800 B.T.U./cent.

Rough calculation from operating data (which has not been checked by closely controlled boiler efficiency tests) shows that operation with Republic Coal and Coke Company coal under contract gives an evaporation of approximately eight pounds of steam per pound of coal, whereas operation with coal of the nearest competitor, the Bell and Zoller Coal Company, Murdock mine, gives only seven pounds of steam per pound of coal. Burning an average of 150 tons of coal a day of Bell and Zoller Company coal would only amount to 131.25 tons of Republic Coal and Coke Company coal or a saving of 18.75 tons a day. ($18.75 \times \$4.954/\text{ton} = \$92.89$).

We believe that the burning tests and coal analysis made to date have entirely justified our recommendation of the Republic Coal and Coke Company over the other bidders.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

November 29, 1949

The November meeting of the Board of Trustees of the University of Illinois was held on Tuesday, November 29, 1949, at the Chicago Illini Union, in Chicago, according to the following schedule:

10:00 a.m. — Executive session, as in Committee of the Whole.
12:30 p.m. — Luncheon.
2:00 p.m. — Open session.

The following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins.

President Stoddard was present; also Vice-President A. C. Ivy, Provost C. R. Griffith, Assistants to the President A. J. Janata and Wilbur Schramm, Secretary H. E. Cunningham, Comptroller Lloyd Morey, Legal Counsel W. E. Britton; and, during the open session, Director J. F. Wright.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. W. W. CHARTERS, JR., Assistant Professor in the Bureau of Research and Service, beginning February 1, 1950, at an annual salary of $4,800.

2. BENJAMIN B. FREUD, Visiting Professor of Physical Sciences, beginning September 1, 1949, at an annual salary of $6,000.

3. ROBERT K. LIM, Visiting Research Professor of Clinical Science, beginning September 1, 1949, at an annual salary of $1,260.

4. CHRISTOFFER OFTEDAHL, Visiting Assistant Professor of Geology, beginning February 1, 1950, at an annual salary of $5,300.

5. WILLIS A. WOOD, Assistant Professor of Dairy Bacteriology, beginning February 1, 1950, at an annual salary of $5,200.

On motion of Mr. Herrick, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in executive session the following matters presented by the President of the University.

CONTRACTS FOR ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(1) Bids have been received on the construction of, and on some of the equipment (kitchen and cafeteria) for, the addition to the Research and Educational Hospitals in Chicago. These bids are on the first construction phase; the second phase will include the remodeling and alterations necessary in the present building as a result of the new addition.

The Director of the Physical Plant and the Comptroller recommend the award of contracts as follows:

General work — Patrick Warren Company, Chicago	$2 976 600 00
Electrical work — Wadeford Electric Company, Chicago	540 928 00
Paging and intercommunication systems — Boom Electric Company, Chicago	8 716 00
Plumbing work — Economy Plumbing and Heating, Chicago	331 900 00
Heating and refrigeration work — M. J. Corboy Company, Chicago	686 695 00
Ventilation work — Bloomer Heating and Ventilating Company, Chicago	261 605 00
Pipe covering — Standard Asbestos, Chicago	233 060 00
Pneumatic tubes — Lamson Corporation, Chicago	53 738 38
Elevators and dumbwaiters — Otis Elevator Company, Chicago	275 386 00
Total, Construction	$5 368 628 38
Kitchen and cafeteria equipment — Stearns Company, Chicago	244 181 00
Total, Awards Recommended	$5 612 809 38

Funds are available in the State appropriation to the University for 1949-1951 for "Construction of Addition to Present Hospital."

Schedules of bids are herewith given to the Secretary for his files.

I recommend that these contracts be awarded subject to the release of funds by the Governor, and that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

During the presentation of this matter, Mr. E. L. Stouffer, Architect, Messrs. William Holabird and J. Z. Burgee, of the firm of Holabird and Root and Burgee, and Mr. Harry Pearce, Superintendent of Buildings and Grounds for the Chicago Colleges, were present.

After discussion, and on motion of Mr. Livingston, contracts were awarded and authority to execute contracts was given as recommended.

DETERMINATION OF WAGE RATES TO BE SPECIFIED FOR CONSTRUCTION WORK AT ROBERT ALLERTON PARK

(2) At its meeting on September 29, 1949, the Board of Trustees approved a procedure as an instrument of settlement of future questions on rates of wages to be paid for construction work at Robert Allerton Park in Piatt County. The proposal, as revised and approved by the Board, provides that such questions shall be determined by the appointment of a fact-finding committee (see Minutes, page 812).

The University's present Committee[1] appointed by the Board of Trustees on July 28, 1949, to conduct a hearing on the objections to the current determination of wage rates and Counsel for the objecting labor organizations are of the opinion that it might be difficult for the first two members specified in the proposal of September 29, 1949, to agree on a third if they are limited to Piatt County. They jointly recommend, the University's Legal Counsel and its Director of Non-academic Personnel concurring, that the third member be selected by the other two without restriction to Piatt County and in accordance with the procedure outlined below:

A fact-finding committee composed of (1) one member appointed by the Illinois State Federation of Labor, (2) one member appointed by the President of the University, and (3) one member selected by the other two, provided that if they do not agree on a candidate within ten days the Director of the State Department of Public Works and Buildings will be asked to select the third member, to conduct investigations of wage rates in Piatt County in connection with construction work on the Allerton Trust properties of the University in accordance with the Prevailing Wage Act and to report to the President of the University and to the Board of Trustees that they are unable to ascertain any prevailing wages, or, if ascertainable, to report with respect to prevailing wages involved in such construction work in that locality.

I recommend that the action of the Board of Trustees of September 29, 1949, be reconsidered and that the Board authorize the appointment of the Committee as indicated above.

The University Committee, which has been conducting a hearing on objections previously filed, reports that if this plan is approved the pending objections will be withdrawn. Hence, if the Board approves the procedure recommended, I recommend further that the present Committee be discharged.

On motion of Mr. Fornof, these recommendations were adopted. Mr. Herrick voted in the negative.

REPORT ON APPLICATION FOR PATENT OF "METHOD AND APPARATUS FOR DISPERSING INSECTICIDES AND THE LIKE"

(3) Application was filed for a patent of "Method and Apparatus for Dispersing Insecticides and the Like," discovered by Dr. H. F. Johnstone, Professor of Chemical Engineering, during the course of research under a wartime contract with the Office of Scientific Research and Development.

Professor Johnstone reports that the patent examiner has given a final rejection to the claims made in the patent application Number 596800, filed May 30, 1945. Professor Johnstone recommends against further prosecution of this application through appeal by the University. The Chairman of the University Research Board concurs in this, but recommends that since the invention was the result of research work paid for by federal funds, the United States government be offered the opportunity of prosecuting an appeal with the understanding that any patent resulting from such action would belong to the United States government.

I concur in these recommendations.

On motion of Dr. Meyer, these recommendations were adopted.

PATENT POLICY GOVERNING RESEARCH UNDER UNITED STATES PUBLIC HEALTH SERVICE GRANTS

(4) The University is receiving a number of grants-in-aid from the Division of Research Grants and Fellowships, National Institute of Health, United States Public Health Service. As a condition to receiving such grants the Office of the Surgeon General is insisting that the following be included in the application submitted by the University:

"That if any patentable discoveries or inventions are made in the course of the work aided by any grant received as a result of this application, the applicant will, in consideration of such grant, refer to the Surgeon General of the Public Health Service, for determination, the question of whether such patentable discovery or invention shall be patented and the manner of obtaining and disposing of the proposed patents in order to protect the public interest."

The policy of the Public Health Service as to patentable discoveries is quite similar to that of the University in that it is the policy of that agency to administer such discoveries in such a manner as to promote the public interest. For this reason and since the probability of the development of any discoveries or inventions which would be patentable under such grants is remote, it is recommended by the Legal Counsel, the Dean of the Graduate College and Chairman of the University Research Board, and the Bursar that the usual requirement in research investigations that all control of patentable discoveries lie with the University, be waived in the case of investigations supported by the United States Public Health Service, and that the above section be incorporated in applications or contracts with such agency.

On motion of Dr. Meyer, this recommendation was adopted.

VETERANS ADMINISTRATION INSTRUCTIONAL CONTRACTS

(5) Contracts with the Veterans Administration providing for the instruction of veteran students at Urbana have been on a "Cost of Teaching Personnel" basis since February, 1946. Such basis provides for "compensation" to an institution in lieu of regular tuition by means of a rate per credit hour determined in accordance with regulations promulgated by the Administrator of Veterans Affairs under powers given him by the Servicemen's Readjustment Act of 1944 (GI Bill) and related legislation. Briefly, such rate is calculated by determining the total salaries paid the academic staff for teaching, eliminating all portions of salaries paid for research, public service, administrative duties, extension or other services, for a certain base period, and dividing such total salaries by credit hours earned by all students, including veterans, in such base period. This rate, determined by the Bureau of Institutional Research, was included in Urbana contracts covering the periods indicated as follows:

Contract	*Period*	*Rate per Credit Hour*
VA28r ve-142	2/9/46–1/25/47	$9 65
VA28r ve-539 VA28r vr-833	1/27/47–2/7/48	7 74
VA28r ve-686 VA28r vr-1049	2/8/48–2/6/49	9 49
V3028v - 751	2/7/49–2/5/50	11 09

These rates result in compensation to the University for about half of the actual instructional costs.

The regulations issued by the Veterans Administration referred to allowance for federal funds in such calculations, specifying particularly "Smith-Hughes or other laws" (which provide for reimbursement for expenditures) and state that "due consideration" should be given thereto. There was no indication that funds received under the original Land-Grant Act and supplementary laws would be excluded in arriving at the credit hour rate and hence no allowance for them was made in our calculations. These funds are appropriated to the individual states and in Illinois amount to $160,131 annually. They are expended by the University of Illinois for instructional purposes. In February, 1949, the Business Office was informally advised by a Veterans Administration representative in Washington that no deduction would be made for such funds, but in April, 1949 the Administrator issued decision No. 812 specifically ruling against the inclusion

of these funds in such calculation. This decision was immediately protested since it was the conviction of University officials that the federal funds in question were in the nature of endowment income and were wholly unrelated to payments from the Veterans Administration which under the GI Law are "compensation" for services rendered and were not reimbursement for specific expenditures. Since the majority of the Land-Grant institutions are similarly affected by the ruling, the position taken by the University is now being actively supported by the Association of Land-Grant Colleges and Universities, the National Association of State Universities, and the American Council on Education.

The rate specified in contracts listed above covering the period February 9, 1946, through February 6, 1949, included salaries paid from the federal funds in question. The Veterans Administration has called on the University for a lump-sum credit of a pro rata share of such funds received during each such period, based on the proportion of instruction to veterans to total instruction given. Such a calculation would result in a refund to the Veterans Administration of $295,117. The General Accounting Office, however, has recently made an examination of the accounts of the University and, based upon a recalculation of the original credit hour rates, has determined a deficiency of $412,967 instead of $295,117 for the three years involved. The exclusion of these funds also involves approximately $94,000 for the current contract year ending February 5, 1950.

The Veterans Administration refused to negotiate a contract with the University for the current contract year ending February, 1950 without excluding such federal funds from the calculated rate. Since the receipt of the major portion of such compensation is essential to the realization of budget income for the current biennium, it was necessary to accept a new contract (V3028-751 listed above) carrying a rate excluding these funds. This contract, however, was executed by the Comptroller under protest, and with the condition that if the final decision was to include these funds the contract rate would be revised accordingly.

At this date the Administrator of Veterans Affairs is being urged to rescind his ruling and allow the inclusion of such funds in these calculations. If this is not accomplished, then either Congress should be requested to revise the governing legislation or the matter should be taken to the courts for adjudication.

In many institutions other more or less serious problems of relationship with the Veterans Administration have arisen. In the University of Illinois, however, relations have been congenial and generally satisfactory, except as to the federal fund problem.

An informal report by the Legal Counsel of the University (November 17, 1949) is attached.

President George D. Stoddard
355 Administration (W)

Re: Status of Federal Land-Grant Funds with Respect to Veterans' Administration Rulings

DEAR PRESIDENT STODDARD:

In reply to your request, following is my opinion with respect to the controversy which has developed between the Land-Grant Colleges and Universities and the Veterans' Administration concerning the status of Federal Funds appropriated by Congress under the Land-Grant Acts.

This opinion deals with the broad issues that have arisen. Voluminous files have accumulated in this and other universities with respect to these issues. Numerous conferences have been held by representatives of the Land-Grant Institutions among themselves and with the Veterans' Administration. I am familiar with the files here and also with the accumulation of information, factual and legal, that has been assembled by Iowa State College and by their counsel, and also with the legislation, with the regulations of the Veterans' Administration and with the legal opinions of its counsel as they pertain to this controversy. I have participated in several conferences with representatives of the Land-Grant Colleges and their counsel. No attempt is here made to restate the extensive factual background or to restate the numerous detailed legal issues which are set forth in the correspondence, memoranda and briefs above referred to.

As I see it, the whole problem heads up in the question should the funds appropriated by Congress to the several states for use by their respective Land-Grant Institutions be included or excluded by Land-Grant Institutions in deter-

mining the rate of compensation payable by the Veterans' Administration to them for the training of veterans?

The Land-Grant Institutions claim that these funds should be included. The Veterans' Administration claims that these funds should be excluded.

Following is a summary of the principal arguments in support of the position of the Land-Grant Institutions.

1. It is conceded by the Veterans' Administration that income derived from private endowment funds and used for the payment of salaries of the instructional staff properly may be included by such institutions in determining the rate of compensation payable by the Veterans' Administration to such institutions for the training of veterans. The origin and history of congressional legislation from 1862 onward with respect to Federal Funds in aid of Land-Grant Institutions stamps these funds essentially as endowment funds such that their treatment should be the same as that accorded to private endowment funds.

2. Land-Grant Funds received by the several states under acts of Congress lose their character and identity as Federal Funds upon appropriation thereof by the states to the several beneficiary institutions, thus making it improper for the Veterans' Administration to take into account the origin thereof.

3. Where the statute provides, as it does in the case under consideration, that if the administrator "finds that the customary tuition charges are insufficient (he) may provide for the payment of such fair and reasonable compensation as will not exceed the estimated costs of teaching personnel and supplies for instruction," the term "cost" as here used should mean "cost" without regard to the source of the funds from which these "costs" are paid.

4. The fact that in calculating the "fair and reasonable compensation" for teaching veterans, costs of physical plant operation, depreciation, libraries, general and administrative expenses and other indirect costs are excluded, is a circumstance which lends strong support to the position that reasonable compensation should, at least, include all teaching costs.

5. The fact that this University and other Land-Grant Institutions have prepared their teaching cost data and budgets on their bona fide construction of the statute and the regulations creates a situation which, in and of itself, makes it unjust to apply a contrary interpretation retroactively.

6. The fact that the Land-Grant Acts do not direct that such funds be spent exclusively for the payment of teaching salaries but permit their use for any maintenance or operating costs directly or indirectly related to the teaching function, confers upon the beneficiary institutions the discretion to use such funds for either or both purposes. If these Federal Funds had been used to meet such maintenance and operational costs, it is our understanding that the administrator would not insist that they be deducted in determining the rate of compensation. The Veterans' Administration, in my opinion, can not legally take advantage of the fortuitous election of a particular institution to use such Federal Funds in the payment of teaching salaries instead of other maintenance and operational costs for to do so would confer upon the Veterans' Administration the power to force an election which the statute confers solely upon the institution concerned.

7. If the Veterans' Administration properly may force an institution to exclude such Federal Funds in its determination of a reasonable compensation, such action could afford a precedent for a similar claim by other Federal agencies that their respective commitments to pay reasonable compensation for various services to be received from universities would be reduced by the amounts received from these Federal Land-Grant Funds.

Sincerely yours,

WILLIAM E. BRITTON
Legal Counsel

PLAN FOR ADMINISTERING MEDICAL SOCIAL SERVICE AND SOCIAL CASE WORK

(6) In accordance with the instructions of the Board of Trustees at its meeting on October 25, 1949, I submit, herewith, a report[1] including a plan for administering the Medical Social Service and Social Case Work at the University, as a

[1] A copy of the report was filed with the Secretary of the Board for record.

solution of the problems raised by the decision of the Superior Court of Cook County in the case of Virginia Kenny.

On motion of Dr. Meyer, the President was authorized to put into effect the plan presented, with such modifications as do not interfere with its substance.

PAYMENT OF FEES FOR LEGAL SERVICES

(7) The Board of Trustees has authorized the employment of Snyder, Chadwell, and Fagerburg, attorneys in Chicago, as special counsel for the University in two law suits:

1. The case of Miss Virginia A. Kenny, Medical Social Worker in the Social Service Department of the Research and Educational Hospitals, suing for a writ of mandamus directing the Board of Trustees to restore to her "all her rights, duties, honors, and emoluments as the person in charge of the Social Service Department of the Research and Educational Hospitals of the University of Illinois."

2. The case of Misses Ida E. Blackburn, Theresa G. Heggerty, and Harriet B. Allen, former teachers of children patients in the Research and Educational Hospitals, which positions have been discontinued, seeking a writ of mandamus ordering the restoration of those positions.

The Legal Counsel submits two statements received from this law firm for services to date:

For services in the Kenny case	$ 7 242 21
For services in the Blackburn *et al.* case	3 112 80
Total	$10 355 01

The Legal Counsel recommends payment of these bills. A special appropriation will be required.

I concur.

On motion of Mr. Livingston, these payments were authorized as recommended. The appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

EMPLOYMENT OF SPECIAL COUNSEL IN PROCEEDINGS INVOLVING UNIVERSITY'S LIABILITY UNDER ELECTRICAL CONTRACT FOR CONSTRUCTION OF ELECTRICAL ENGINEERING BUILDING

(8) The University Counsel requests that the Board of Trustees authorize the employment of Craig and Craig, attorneys, Mattoon, Illinois, as special counsel for the University in proceedings instituted by the Leverenz Electric Company, Danville, Illinois, in the Circuit Court of Champaign County, and in such other proceedings as the University may determine are desirable, under a claim for additional payment of approximately $9,000 on a contract for electrical work in the construction of the Electrical Engineering Building. This dispute has gone through the arbitration procedure provided in the contract, but Legal Counsel for the University recommends against acceptance of the findings of the arbitrators.

I concur.

On motion of Mr. McLaughlin, this recommendation was adopted, subject to the approval of the President of the University.

OPEN SESSION

When the Board convened after luncheon, the same members and officers of the Board and of the University were present as during the morning session; also, on invitation of the Board, the following members of the Board of Trustees of Southern Illinois University: General

Robert W. Davis, Dr. Leo J. Brown, Mr. O. W. Lyerla, Mr. Kenneth L. Davis, Mr. Lindell W. Sturgis, Mr. Guy A. Gladson, Mr. John Page Wham; also, President D. W. Morris, Business Manager, Mr. Edward V. Miles, Jr., and Administrative Assistant to the President, Dr. Charles D. Tenney, of Southern Illinois University.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

LEAVE OF ABSENCE FOR DEAN MIRIAM A. SHELDEN AND APPOINTMENT OF ACTING DEAN OF WOMEN

(1) On recommendation of the Dean of Students, I have authorized

1. An extension of Dean Miriam A. Shelden's leave of absence without pay from November 1, 1949, through June 30, 1950;

2. The appointment of Miss Agnes G. Tandberg, Assistant Dean of Women, as Acting Dean of Women effective November 1, 1949, and continuing to June 30, 1950, inclusive, at an additional salary of $100 a month for that period.

Confirmation of these actions is requested.

On motion of Mrs. Holt, these actions were confirmed.

SABBATICAL LEAVE OF ABSENCE FOR PROFESSOR RAYMOND P. STEARNS

(2) Professor Raymond P. Stearns of the Department of History was given a sabbatical leave of absence on full pay for the first semester of 1949-1950. He has requested that his leave be changed to sabbatical leave on one-half pay for the full academic year, 1949-1950.

He has found in London, where he is doing research, a mass of material far beyond his previous expectations. In order to make the most of this opportunity, he needs to be there a full year. The courses given by Professor Stearns will be taken over by other members of the department, and one-half of his salary will be released for the employment of such additional staff as may be necessary.

The Head of the Department of History and the Dean of the College recommend approval.

I concur.

On motion of Mr. Fornof, this request was granted.

RESIGNATION OF DEAN JOHN B. YOUMANS

(3) Dr. John B. Youmans, Professor of Medicine, Dean of the College of Medicine, Medical Director of the Research and Educational Hospitals and of the Illinois Eye and Ear Infirmary, has accepted a position as Professor of Medicine and Dean of the School of Medicine at Vanderbilt University. He has submitted his resignation from the University of Illinois faculty and asks to be released as of March 1, 1950.

Vice-President A. C. Ivy and I recommend that his request be granted.

The University is losing an outstanding scholar and medical leader. Dean Youmans's many public and private achievements in medicine in the last two decades have brought him national fame. Vanderbilt University will gain conspicuously in his return to the campus where he had already served with distinction.

On motion of Dr. Meyer, this resignation was accepted as recommended, and the President was instructed to convey to Dr. Youmans an expression of the regret of the Board at his leaving and of good wishes for his success and happiness.

APPOINTMENT TO THE ADVISORY COMMITTEE OF THE COLLEGE OF PHARMACY

(4) The Dean of the College of Pharmacy recommends the appointment of Mr David D. Stiles, Associate Director of Sales, Abbott Laboratories, North Chicago, Illinois, as a member of the Advisory Committee of that College for a

period of five years (July 1, 1949, to June 30, 1954) to replace Mr. Jack I. Reader, Chicago, whose term has expired.

The other members of the Committee and their terms are Messrs. Charles R. Walgreen, Jr., Chicago, 1948-1950; W. Edwin Brown, Quincy, 1948-1951; Harold A. Wild, Joliet, 1948-1952; and Otto J. Pelikan, Oak Park, 1948-1953. Mr. Henry A. Besser, President of the Illinois Pharmaceutical Association, is a member of the Committee, *ex officio*. The member who is in his last year of tenure serves as Chairman.

Last year the Board of Trustees approved appointments to this Committee for the terms indicated so that thereafter one appointment for a five-year term could be made each year.

I concur and recommend further that Mr. Stiles be also appointed a member of the Citizens Committee of the University of Illinois.

On motion of Mr. McLaughlin, these recommendations were adopted.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(5) The Governor has approved the following release of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 13

"For Permanent Improvements at Urbana-Champaign; Additions to Power and Heating Plant and Remodeling of Existing Buildings.....$263 500"

This is a partial release from an appropriation of $1,215,000 of which $880,000 has been budgeted for additions to the power plant at Urbana. The Governor has previously released (Release No. 6) $85,000 for plans and specifications for this project. The funds now released are for

3000 KW Turbine Generator	$141 300
Condenser	29 000
Cooling Tower	20 300
4160 Volt Metal Clad Switch Gear	72 900
Total	$263 500

I recommend that the funds released be appropriated for the purposes specified. The Board has already awarded contracts for the purchase of this equipment.

On motion of Mr. Livingston, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(6) The Committee on Nonrecurring Appropriations recommends assignments of funds from the "Reserve for Nonrecurring Purposes" in the budget for 1949-1950 as follows:

1. Remodeling of quarters for Student Counseling Bureau at Chicago Undergraduate Division (Navy Pier)	$ 6 500
2. Remodeling and equipment for Department of Bacteriology at Urbana	50 000
3. Remodeling of quarters for Department of Physical Education for Men at Urbana	2 250
4. Remodeling of animal quarters for Department of Physiology at Urbana	2 400
5. Equipment for Psychological Clinic	1 904
6. Installation of additional book stacks in Agriculture Library	8 000
7. Remodeling of Veterinary Pathology Laboratory and barn used by College of Veterinary Medicine	5 160
8. Equipment for School of Music	12 000
Total	$88 214

I concur.

Requests for these assignments of funds have been carefully studied by the Urbana-Champaign Committee on Nonrecurring Appropriations. Reports of the Committee, giving details on each item, are submitted herewith.

On motion of Dr. Meyer, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

PURCHASE OF LAND IN CHICAGO

(7) The area selected as a site for the Medical Center Steam Company plant is south of Taylor Street between Hermitage Avenue and Paulina Street, Chicago. The Medical Center Commission has already acquired certain properties in this area and will acquire additional parcels. The estimated acquisition cost to the Commission is approximately $200,000. Other parcels in this area have already been purchased by the University.

On June 25, 1949 (Minutes, page 403), the Board of Trustees authorized Vice-President Ivy to negotiate with the Medical Center Commission for the property required for the steam plant. The Commission has adopted a resolution approving the sale to the University of the land it needs for the token amount of $1,000. Doctor Ivy recommends that the expenditure of $1,000 for this property be approved.

I concur in this recommendation, the payment to be made from funds received from the sale of land to the Medical Center Steam Company.

On motion of Mrs. Watkins, this purchase of land was authorized; the appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

CONTRACT FOR ALTERATIONS IN ELECTRICAL DISTRIBUTION SYSTEM IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(8) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $3,557.07 to the Block Electric Company, Chicago, the lowest bidder, for alterations in the electrical distribution system in the general hospital (Building 911) of the Research and Educational Hospitals. The work will consist of replacing two of five panels and is part of the plan of modernization recommended by Holabird and Root and Burgee.

Funds have been budgeted for this purpose.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. McLaughlin, these recommendations were adopted.

CONTRACT FOR ALTERATIONS OF EMERGENCY AND EXIT LIGHTING SYSTEMS IN THE NURSES HOME

(9) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $1,709 to Henry Newgard and Company, Chicago, the lowest bidder, for alterations of the existing emergency and exit lighting systems in the Nurses Home (Building 914) of the Research and Educational Hospitals. This is part of the plan of modernization recommended by Holabird and Root and Burgee.

Funds have been budgeted for this improvement.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, these recommendations were adopted.

CONTRACT FOR FIRE ALARM SYSTEM IN CHICAGO ILLINI UNION BUILDING

(10) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $6,531 to the B-H Electric Company, Chicago, the lowest bidder, for the installation of a fire alarm system in the Chicago Illini Union Building to comply with the Chicago Municipal Code.

Funds have been budgeted for this work.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, these recommendations were adopted.

CONTRACT FOR REPLACEMENT OF WINDOW FRAMES AND INSTALLATION OF SAFETY DEVICES FOR WINDOW WASHERS IN BUILDINGS OF THE CHICAGO PROFESSIONAL COLLEGES

(11) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $12,873 to the Federal Remodeling and Building Company, Chicago, the lowest bidder, for (1) replacement of window frames and installation of window washer bolts on the south wing of the Chicago Illini Union and (2) replacement of leaded windows with wood casement sash in the general hospital of the Research and Educational Hospitals.

Replacement of the window frames in the Union Building is necessary because of deterioration. Installation of wood casement sash to replace existing fixed leaded windows in the Research and Educational Hospitals is requested because window washing at present is extremely difficult.

Funds are available in the Physical Plant Operation and Maintenance budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, these recommendations were adopted.

CONTRACT FOR REMODELING IN ILLINOIS NEUROPSYCHIATRIC INSTITUTE

(12) The Director of the Physical Plant and the Comptroller recommend award of a contract for $3,996 to C. W. Haynes Company, Chicago, the lowest bidder, for remodeling on the eighth floor of the Illinois Neuropsychiatric Institute.

The work includes construction of partitions, and changes incidental thereto, to make a women's open psychiatric ward into a combination men's and women's open psychiatric ward. This is proposed by Director Fred Hoehler of the Department of Public Welfare and Vice-President A. C. Ivy and is consistent with the agreement between the University of Illinois and the Department for the operation of the Illinois Neuropsychiatric Institute whereby the University performs all maintenance and operation work of this kind and bills the Department of Public Welfare for the cost plus 10 per cent for overhead.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. McLaughlin, these recommendations were adopted.

APPROPRIATION AND AWARD OF CONTRACTS FOR SAFETY IMPROVEMENTS IN NOYES CHEMISTRY LABORATORY

(13) A serious fire and safety hazard exists in the Noyes Laboratory of Chemistry. The internal construction of the west wing, built in 1901-1902, is of heavy timber framing except the third floor ceiling and attic which are of ordinary joist construction. This section of the building is serviced only by one large, nonfireproof open central stairway, the space below being used for storage.

On January 13, 1949 (Minutes, page 204), the Board of Trustees appropriated $50,000 for safety improvements in the Noyes Laboratory, including construction of additional exits in certain laboratories, emergency showers and corrections in ventilating hoods. Part of the funds was used for preparation of plans and specifications for the construction of enclosed stair towers. Bids received on the construction of two new fireproof stairways at the northwest and

southwest entrances of the building indicate that this phase of the safety improvements can be completed for $150,000.

The State appropriations for 1949-1951 for buildings and other capital improvements at the University include an item "Additions to Power and Heating Plant and Remodeling of Existing Buildings," $1,215,000, of which $880,000 has been budgeted for additions to the power and heating plant and $420,000 for remodeling of existing buildings. The improvements in Noyes Laboratory have a high priority among remodeling projects.

The Director of the Physical Plant and the Comptroller recommend that $150,000 of this State appropriation be assigned for remodeling of existing buildings, including the improvements in the Noyes Laboratory, and that contracts be awarded to the lowest bidders as follows:

Construction of Stairways

General work — E. N. DeAtley, Champaign	$95 900
Electrical work — Leverenz Electric Company, Danville (guaranteed maximum, including fixed fee)	4 065
Plumbing and heating — Reliable Plumbing and Heating Company, Champaign (fixed fee plus actual cost) (Total estimated at $25,695. See below.)	4 500

Fume Hoods (31)

Reliable Plumbing and Heating Company, Champaign	$10 350

This contract does not cover removal of the present central stairway and construction of floors over the stair well, a separate contract for which will be recommended later. This job is included in the estimated budget of $150,000.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts subject to the release of funds for this work by the Governor.

On motion of Mr. Livingston, these recommendations were adopted.

CONTRACT FOR PARKING LOT TO SERVE STUDENT AND STAFF APARTMENTS

(14) It was not practicable to provide automobile parking space adjacent to the student and staff apartments on Goodwin Avenue and Green Street. However, the committee on parking has included this area in its recommendations for additional facilities. Ground is available nearby on University property at 1106 and 1108 West Green Street.

Bids have been taken on the construction of a parking lot with a rock base and a penetration binder for fifty-four cars at 1106 West Green Street.

The Director of the Physical Plant and the Comptroller recommend award of a contract to the Champaign Asphalt Company, the lowest bidder, for $3,500. The cost of this work can be charged against funds available for the construction of the student and staff apartments.

I recommend construction of this parking lot and that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, these recommendations were adopted.

CONTRACTS FOR REPAIR WORK ON ALLERTON FARMS

(15) Grain storage space has been at a premium this fall. In anticipation of this situation, the 1948 corn crop was cleared out of the cribs on the Allerton Farms. When the cribs were empty, it was found that repairs would be necessary but the extent of the work could not be determined until it was started, i.e., floor boards taken up and siding removed.

Harold Hammerschmidt, Monticello, who had previously done work for the University at Allerton Park, had a crew of men available to start the work and complete it by harvest time. Mr. Hammerschmidt offered to do the work on a time and material basis as follows:

Hammerschmidt Bros.	$2 00 an hour
One experienced workman	1 75 an hour
All other labor	1 65 an hour

The repair job was done on this basis and the total cost is now estimated as follows:

Crib Farm No. 1	$ 1 275 53
Tenant Crib Farm No. 1	1 026 48
Barn Farm No. 1	231 71
Crib Farm No. 3	1 500 06
Crib Farm No. 4	1 841 51
Crib Farm No. 6	1 725 62
Crib Farm No. 7	1 227 21
Crib Farm No. 8	1 337 45
Total	$10 165 57

All costs are subject to audit, and payments will be made on the basis of audited costs.

Funds are available from the farm operations income.

The contract with Mr. Hammerschmidt has been approved by Dean Rusk, has been checked and endorsed by the Legal Counsel and the Director of Non-academic Personnel, and is submitted by the Comptroller.

I recommend approval.

On motion of Dr. Meyer, this work was approved.

CONTRACT FOR REMODELING IN GEORGE HUFF GYMNASIUM

(16) The Director of the Physical Plant and the Comptroller recommend award of a contract for $1,890 to E. N. DeAtley, Champaign, the lowest bidder, for the general work in remodeling of space (Room 212) in the George Huff Gymnasium to provide quarters for the work in physical fitness.

There is submitted separately a recommendation that a special appropriation of $2,250 be made for this work. I concur and recommend that the Secretary of the Board and the Comptroller be authorized to execute this contract.

On motion of Mr. McLaughlin, these recommendations were adopted.

CHANGE IN CONTRACT FOR CONSTRUCTION OF ANIMAL QUARTERS FOR DEPARTMENT OF PHYSIOLOGY

(17) A contract for the construction (general work) of animal holding quarters for the Department of Physiology was awarded to Lewis S. Colbert, Champaign, on a cost plus fee basis, under the terms of his standing contract for the year ending June 30, 1949, for minor improvements. The preliminary estimate of cost was $4,700 but the present estimate will exceed this by $1,525. Funds are available in the Physical Plant budget.

The Department of Physiology has also requested some additional work (more cages and concrete runways) on these animal quarters, not specified in the original plans. The estimated cost is $4,200 of which $1,800 can be supplied by the Physical Plant Department. There is before the Board a separate recommendation for a supplementary appropriation of $2,400 to the Department of Physiology. It is estimated that the work to be done by the general contractor on this additional construction will cost $1,250.

The Director of the Physical Plant and the Comptroller recommend approval of additions to the contract with Lewis S. Colbert of $1,525 to cover the excess over estimated cost, and $1,250 to cover the additional work requested by the Department of Physiology. There have been no previous change orders on this project recommended to the Board.

I concur and request that the Comptroller be authorized to execute these contract additions.

On motion of Mrs. Holt, this recommendation was adopted.

ADDITION TO LANDSCAPING CONTRACT FOR SMALL HOMES COUNCIL HOUSING RESEARCH PROJECT

(18) The Director of the Physical Plant and the Comptroller recommend an increase of $3,579.65 in the contract with Grundstrom Company, Inc., Glenview, Illinois, for the landscaping of the Small Homes Council Housing Research

Project area at Race Street and Florida Avenue to include the following additional planting:

Rosa Multiflora hedge, double row, approximately 1,790 lineal feet, along the south and west border of the area	$1 360 40
Additional lawn seeding between this hedge and rear property lines of houses, covering approximately 4.63 acres	2 219 25
Total	$3 579 65

The original plans provided for the erection of a wire fence along these area borders but the hedge is recommended because it will cost less and will add to the appearance of the area. It will serve as a screen and a barrier between the housing area and the horticulture experimental plots.

The additional lawn seeding was not included in the original specifications as the area involved was not originally included in the property lines assigned for individual use of the occupants of the houses. When the specifications were drawn the exact use of this area was not determined and later it was decided to develop it as a lawn.

Funds are available in the appropriation for this project.

I concur and recommend that the Comptroller be authorized to execute this addition to the landscaping contract.

On motion of Dr. Meyer, these recommendations were adopted.

DISCONTINUANCE OF ALHAMBRA CROP EXPERIMENT FIELD

(19) On July 17, 1917 (Minutes, page 418), the Board of Trustees accepted an experimental field of approximately forty acres at Alhambra, Illinois, described as "East one-half of the south one-half of the southeast quarter of section 14, township 5 north, range 6 west of the third principal meridian."

The field was donated by Adolph Hitz with the provision that if the University of Illinois discontinues the use of the land for agricultural experimentation and demonstration for a period of more than two consecutive years, the title to the land shall revert to the donor, or to his heirs or assigns.

The University has developed the Brownstown Experiment Field in Fayette County as a "Crops Center" for the breeding, evaluating, increasing, and distribution of crops particularly well adapted to the area. The Brownstown field is more desirable than the Alhambra field because: (1) soil type at Brownstown is representative of a larger area of Illinois than that at Alhambra; (2) the large number of "slick" spots[1] on the Alhambra field and their random occurence lowers the reliability of crop tests made there; (3) the distance from the central station at Urbana makes Brownstown more readily accessible than Alhambra.

The Dean of the College of Agriculture and the Head of the Department of Agronomy recommend that in the interests of economy in carrying on crop experimental work and in view of the enlarged program contemplated on the Brownstown field, the Alhambra Crop Experiment Field be discontinued, beginning with the seeding of wheat this fall.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary papers to effect the transfer of the title to the Alhambra field to the estate of Adolph Hitz.

On motion of Mrs. Holt, this recommendation was adopted and authority to transfer title was given, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Nickell, Mr. Stevenson.

PURCHASES

(20) A report of (A) emergency purchases authorized and (B) purchases recommended (see Appendix, page 959).

On motion of Mr. Livingston, the action of the President of the University in authorizing emergency purchases was approved and confirmed, and the purchases recommended were authorized.

[1] "Slick" spots are spots in which carbonates and other salts accumulate due to poor drainage, and affect crop production.

COMPTROLLER'S REPORT OF CONTRACTS

(21) The Comptroller's report of contracts executed from October 11 to November 10, 1949 (see Appendix, page 960).

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(22) The Comptroller presents his quarterly report to the Board as of September 30, 1949.

AWARD OF CONTRACT FOR FIRE PROTECTION IMPROVEMENTS

(24) The proposed fire protection improvement program includes the installation of fire alarm evacuation signals and controls in (1) permanent housing units, (2) secondary schools, and (3) hospitals.

To carry out this program, installations will be required in the University High School, Illini Union, University Club, Men's Residence Halls, and McKinley Hospital.

The first step in the program is the preparation of plans and specifications and securing of accurate estimates. To accomplish this, additional engineering services are required.

The Director of the Physical Plant and the Comptroller recommend the employment of Graham, Anderson, Probst, and White, who have designed the fire alarm telegraph system on the campus, on the basis of actual cost of labor and blueprints, plus 100 per cent, plus travel expense if such is necessary.

The total cost of the engineering services on the above projects is estimated at approximately $4,800, of which the proportionate share on self-supporting buildings will be financed from their income, and other projects from Physical Plant operating appropriations.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the above contract.

On motion of Mr. Fornof, this recommendation was adopted.

SECRETARY'S REPORT OF CONTRACT

The Secretary presented for record the following document signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

Piatt County Agricultural Conservation Association, release of land south of the Amenia elevator in Piatt County, for grain storage — dated August 29, 1949.

SECRETARY'S REPORTS

The Secretary reported the following lists for record, as printed in the Appendix.

1. Appointments made by the President of the University (page 955).
2. Graduate fellows (page 958).
3. Resignations, declinations, and cancellations (page 958).

TOUR OF CHICAGO PROFESSIONAL COLLEGES

At this point, Mr. C. L. Williston, Manager of Public Information, reported on the tour of the Chicago Professional Colleges arranged by Dr. Ivy and the Deans, and President Williamson invited the trustees and officers of Southern Illinois University and the trustees and officers of the University of Illinois to join in the tour.

On motion of Mr. Livingston, the Board adjourned to meet on five-day call by the President of the Board.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

January 12, 1950

The January meeting of the Board of Trustees of the University of Illinois was held on Thursday, January 12, 1950, at Hotel LaSalle, in Chicago, according to the following schedule:

10 a.m. — Executive session, as in Committee of the Whole.

2 p.m. — Open session.

The following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins.

President George D. Stoddard was present; also Vice-President A. C. Ivy, Provost C. R. Griffith, Assistant to the President A. J. Janata, Secretary H. E. Cunningham, Treasurer I. L. Porter, Comptroller Lloyd Morey, Business Manager H. A. Hazleton, and, during the open session, Director J. F. Wright.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of September 29, October 25, and November 29, 1949.

On motion of Mr. Livingston, the minutes were approved as printed on pages 809 to 962 above.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in executive session the following matters presented by the President of the University.

RECOMMENDATIONS FOR LAND ACQUISITION

(1) Future development of the University, both at Urbana-Champaign and at the Chicago Professional Colleges, necessitates acquisition of additional land. The Board of Trustees has already approved (Minutes, July 28, 1943, page 450) the acquisition of a specified area in Chicago. The Building Program Committee has recommended, with respect to Urbana-Champaign, that land in the area of contemplated development be acquired, when necessary, to prevent anticipated commercial development, or when property becomes available at attractive prices; that land be acquired, whenever possible, before its need by the University is made known publicly; and that land for all projects be acquired not later than the biennium preceding anticipated construction.[1]

The Director of the Physical Plant Department and the Comptroller recommend that these acquisitions be authorized. I concur in the general program proposed and recommend that authority be given to negotiate for the purchase of desirable properties at prices based on independent appraisals, to secure options where necessary, and to submit proposed purchase contracts to the Board. It is understood that all commitments will be subject to release of funds by the Governor.

The Provost and the Comptroller commented on this matter.

On motion of Mr. Livingston, authority was given as recommended.

RELEASES OF POTENTIALLY PATENTABLE DISCOVERIES

(2) The Department of Chemistry has reported potentially patentable discoveries made in the course of research work described as follows:

1. A discovery by Assistant Professor Robert L. Frank concerning the preparation and properties of metallic complexes of 2,5-dihydroxy-1,4-benzoquinone and its 3,6-disubstituted analogs, especially 3,6-diphenyl-2,5-dihydroxy-1,4-benzoquinone. Such compounds from insoluble coordinated complexes with a large variety of cations (examples are the ions of silver, mercury, magnesium, calcium, strontium, barium, copper, cadmium, zinc, aluminum, tin, arsenic, bismuth, iron, nickel, thorium, and uranium).

The insolubility of most of the complexes may make the reaction useful in the removal or separation of cations from solutions and also in the qualitative and quantitative analysis of such cations. Furthermore, some of the complexes themselves may have applications as pigments, stabilizers for plastics or petroleum products, fungicides, or as carriers of metals in certain drug applications.

2. In his researches on restricted rotation, Professor Roger Adams observed that certain *p*-phenylene diamine derivatives were readily oxidized to *p*-quinone diimides. Since this latter class of compounds is new and relatively simple in character, Professor Adams suggests that the University may wish to consider patenting them. To cover these adequately, the *p*-quinone di- and mono-imides, analogous substances in the naphthalene series and in the biphenyl series, probably would require about six patent applications.

The *p*-quinone diimides are of interest scientifically because, unlike the parent compounds, *p*-quinone monoimine and diimine, they are stable. Only in very complex molecules has the *p*-quinone diimine linkage been previously found to have stability. The rather simple derivatives described are yellow solids, which show no tendency to decompose. They are interesting because they should have reactions similar to *p*-quinones, a class of compounds very useful in the synthesis of many types of organic molecules.

To explore the potentialities of *p*-quinone diimides will require several years. Professor Adams is prepared to publish a report of this discovery, but before doing so he wishes to consider patenting this class of compounds as protection

[1] A more extended statement, specifying the properties recommended for acquisition, was presented to the Board and a copy has been filed with the Secretary for record.

against industrial laboratories noting what has been done and exploiting the scientific significance of this discovery, unless the University desires to patent them.

In the opinion of the Chairman of the University Research Board and his expert adviser on these particular cases, it is extremely unlikely that the discoveries would have any commercial value in themselves. Unless the University could follow an all-out patent program with promotion and development, the expense and work involved in patenting the discoveries would not be justified. The Chairman of the University Research Board recommends that these discoveries be released to the discoverers.

The Department of Electrical Engineering reports an invention by Paul M. Kintner, Instructor in Electrical Engineering, of a specialized oscilloscope intended for the study of low-frequency alternating current circuits. While this instrument may be useful in student laboratories, the likelihood that a patent covering these devices can be secured is very small in view of the amount of prior work done in this field. The practical significance of this invention appears to be small. The Chairman of the University Research Board therefore recommends release of this discovery to the inventor.

I concur in these recommendations.

On motion of Mr. Hickman, these releases were authorized as recommended.

APPRECIATION OF ROGER ADAMS

President Stoddard called attention to the election of Professor Roger Adams to be President of the American Association for the Advancement of Science in 1950. This is the largest organization of scientists in the world, and the election is a merited recognition of the eminent scientific attainments of Dr. Adams.

On motion of Mr. McLaughlin, the Secretary was directed to make record of the Board's appreciation of the attainments of Dr. Adams, and to prepare a copy for presentation to him.

STATUS OF APPLICATION FOR PATENT ON ELECTROSTATIC STORAGE SYSTEM FOR HIGH-SPEED COMPUTERS

(3) At its meeting on January 8, 1948 (Minutes, page 955), the Board authorized the filing of a patent application covering an invention by Professor Arthur L. Samuel of an electrostatic storage device for use in connection with high-speed computers.

The University's patent attorney has discovered a possible interference with this patent. In the meantime, Professor Samuel has left the University and developments in computer work during the past two years indicate that the Samuel invention will have far less significance than was thought at first. Therefore, the Chairman of the University Research Board recommends that the University do not prosecute an application for this patent.

I concur.

On motion of Dr. Meyer, this recommendation was adopted.

STATE APPROPRIATION FOR AGRICULTURAL STRUCTURES AND REMODELING PRESENT AGRICULTURAL BUILDINGS

(4) The State appropriations to the University for 1949-1951 for buildings and other capital improvements include $305,000 for "Construction of Agricultural Structures and Remodeling Present Agricultural Buildings."[1]

The Building Committee of the College of Agriculture has recommended that this appropriation be allocated for the following improvements:

Agricultural Engineering		
For construction of new space	$120 000	
For improvements in old space	40 000	$160 000

[1] The line appropriation is $290,000 and $15,000 is included for this purpose in the item for Contingencies.

Dairy Science			
New calf unit	10 000		
New goat unit	10 000		
New bull barn	35 000		
Improvement in milk handling facilities	20 000	75 000	
Other Improvements			
For minor additions and improvements at the feed storage center and to remodel space urgently needed by the Department of Food Technology. Specific allocation of this will depend on the results of further study by the Departments of Animal Science and Food Technology		70 000	$305 000

I concur in these recommendations.

On motion of Mr. Livingston, this matter was referred to the Committee on Agriculture for consideration and report.

FEDERAL FUNDS FOR CONSTRUCTION OF HOUSING FOR MARRIED STUDENTS AND STAFF, URBANA-CHAMPAIGN

(5) The Federal Housing Act of 1949 provides for certain assistance by the Federal Government to local housing agencies in the redevelopment of land and construction of low cost public housing facilities. The University of Illinois needs additional housing facilities for married students and junior staff members of the character proposed by the Housing Act and it needs to eliminate as rapidly as feasible the temporary housing facilities now in use.

A program is recommended (see attached memorandum) which proposes the following:

1. The University shall purchase land and convey it to the Champaign County Housing Authority.

2. The Champaign County Housing Authority shall borrow funds under the provisions of the Federal Housing Act and construct an apartment building of ninety-five units, such building to be similar to that now under construction on the Urbana campus but with sufficient reduction in cost to bring the cost within the limitations of the Housing Act.

3. The Champaign County Housing Authority will lease the building when completed to the University for a fixed annual rental adequate to pay the annual debt service on the obligation.

4. When the debt has been paid, the Champaign County Housing Authority will reconvey the land and improvements to the University.

This program represents a possible way in which the University can participate in the benefits proposed under the Federal Housing Act of 1949. I recommend that I be authorized to submit this program to the Champaign County Housing Authority and endeavor to secure its acceptance. It is understood that any final program would be submitted to the Board of Trustees for their consideration and further notice.

On motion of Mr. McLaughlin, authority was granted as recommended.

CHICAGO HOUSING PROJECTS

(6) The Comptroller presents a review of recent estimates of cost secured on the proposed student residence hall and staff apartment building at the Medical Center, and reports from the Equitable Life Assurance Society as to the maximum loan that could be secured. The reports show that the estimated costs exceed the maximum that can be borrowed.

Mr. Livingston and Dr. Ivy made statements on this matter.

Mr. Amos Watts, of the firm of Chapman and Cutler, commented on this matter, with special reference to the requirements of equity and income necessary to support a marketable bond issue.

After discussion, and on motion of Mr. Fornof, this matter was referred to the Committee on Chicago Departments, for inquiry into and study of all phases of the proposal. It was the consensus of the Board that the employment of special counsel should be continued, and that funds already appropriated for this project ($50,000, for the purchase of land, July 21, 1948, page 7), should be used for the preparation of plans and specifications, if approved by the Committee.

OPEN SESSION

After luncheon, at 2 p.m., the Board convened in open session. Mr. Fred H. Ebersold, President of the Alumni Association, was present on invitation of President Williamson.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. STEPHEN B. BINKLEY, Associate Professor of Biological Chemistry, beginning November 1, 1949, at an annual salary of $7,500.
2. WALKER BLEAKNEY, Visiting Professor of Physics, beginning September 16, 1949, at an annual salary of $7,500.
3. ALOYSIUS W. BUREK, Assistant Professor of Hygiene, beginning January 1, 1950, at an annual salary of $7,000.
4. RUDOLF CARNAP, Visiting Professor of Philosophy, beginning February 14, 1950, at an annual salary of $12,000.
5. ALBERT W. HEYER, JR., Assistant Professor of Psychology, beginning February 1, 1950, at an annual salary of $4,500.
6. ALMA E. HILLER, Associate Professor of Biological Chemistry, beginning December 1, 1949, without salary.
7. CARL A. JOHNSON, Assistant Professor of Clinical Science, beginning February 1, 1950, without salary.
8. F. R. METZGER, Assistant Professor of Physics, beginning February 1, 1950, at an annual salary of $4,500.
9. JOHN P. NASH, Research Assistant Professor of Applied Mathematics, beginning February 1, 1950, at an annual salary of $7,200.
10. EDWARD H. TYNER, Professor of Soil Fertility, beginning February 1, 1950, at an annual salary of $6,400.
11. GILBERT WATERHOUSE, Exchange Professor of German, beginning September 1, 1950, at an annual salary of $6,300.

On motion of Mrs. Holt, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

CONSULTANT ON CAMPUS PLANNING AND DEVELOPMENT

(1) I recommend that the firm of Gregg and Briggs, Architects and Engineers, Chicago and Peoria, Illinois, be employed as consultant to the University on campus planning and development. The services would include the following features:

1. To make campus studies, plans, and models looking to the future development of the campus at Urbana-Champaign;
2. To advise the Building Program Committee in relation to the design and placement of new buildings, including housing;
3. To serve as a consultant on the major remodeling and reconstruction of campus buildings;

4. To relate the campus plan, as a whole, to the community development plan in which the University has been participating;

5. Mr. Cecil C. Briggs, partner in the firm, who has been serving as Visiting Professor of Architecture on one-half time since September, 1948, to continue his teaching service as part of this assignment.

I further recommend that this employment be effective as of January 1, 1950, and that the combined consultant's fee for the services for the calendar year 1950 be $19,800, this to include the salary of Professor Briggs as half-time professor at his present rate of $4,800.

An appropriation of $15,000 is required.

This proposal is not without well-established precedent in this University and in other institutions of higher education. In past years the University of Illinois has had the benefit of advice and cooperation from several distinguished architects, among them Clarence H. Blackall of Boston, of the Class of 1877; W. Carbys Zimmerman, who was State Architect from 1905-1913; Daniel H. Burham, the father of the Chicago City Plan; Holabird and Roche of Chicago; Charles A. Platt of New York; Howard L. Cheney (Consulting Architect for the Illini Union Building). More recently we have had a Consultative Committee on Architecture (Messrs. Howard L. Cheney, Chicago; J. Robert F. Swanson, Bloomfield Hills, Michigan; George L. Horner, State University of Iowa; and Chance S. Hill, Oak Park, Illinois).

We have already used Mr. Briggs as a consultant on a temporary basis in connection with the design of the Veterinary Medicine and Animal Science Buildings. As a result we achieved some substantial savings in costs without a diminution in building function.

On motion of Mr. McLaughlin, these recommendations were adopted. The appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stevenson.

APPOINTMENT OF DIRECTOR OF INSTITUTE OF GOVERNMENT AND PUBLIC AFFAIRS

(2) Professor Charles M. Kneier, Chairman of the Department of Political Science, has also been serving as Acting Director of the Institute of Government and Public Affairs since September 1, 1948. He accepted this administrative assignment on an acting basis, with the understanding that he would be relieved when a permanent Director is appointed.

I recommend the appointment of Dr. Royden Dangerfield, now Director of Studies at the National War College and on leave of absence as Professor of Political Science at the University of Wisconsin, as Professor of Political Science and Director of the Institute of Government and Public Affairs, at an annual salary of $10,000 on a Y basis (twelve months' service with one month's vacation) effective August 1, 1950.

On motion of Mr. Livingston, this appointment was made as recommended.

APPOINTMENT OF HEAD OF THE DEPARTMENT OF ENGLISH

(3) Professor Paul N. Landis who has been serving as Acting Head of the Department of English since February 1, 1949, and who previously served as Vice-Chairman for a year and a half, has asked to be relieved of this administrative assignment, effective July 1, 1950, in order to return to full-time undergraduate teaching.

I recommend that his request be granted. Also I take this occasion to express my warm appreciation of his services.

The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. Gordon Ray, who has been Professor of English since September 1, 1946, as Professor and Head of the Department of English on indefinite tenure, effective July 1, 1950, at a salary of $8,500 an academic year.

I concur in this recommendation.

On motion of Mrs. Watkins, Professor Landis was relieved of his administrative duties, Professor Ray was appointed as recommended, and the Secretary was directed to inform Professor Landis of the Board's appreciation of his services.

CHANGE IN THE ORGANIZATION OF THE DEPARTMENT OF ECONOMICS

(4) The Dean of the College of Commerce and Business Administration reports that the members of the faculty of the Department of Economics, now organized with a head, have voted in favor of changing the organization of the department to one with a chairman. The Dean recommends that this change be made. I concur.

The Executive Committee of the Department and the Dean of the College recommend the appointment of Dr. Everett E. Hagen, now Professor of Economics, as Professor of Economics on indefinite tenure and Chairman of the Department until August 31, 1951, at an annual salary of $11,000 for twelve months' service including one month's vacation, effective January 1, 1950.

They also recommend the appointment of Dr. Paul M. Van Arsdell, now Professor of Economics and Administrative Assistant to the Head of the Department, as Professor of Economics on indefinite tenure on one-half time, and Vice-Chairman of the Department of Economics until August 31, 1951, on one-half time, at a salary of $7,500, effective January 1, 1950, services as Professor on one-half time to be required during the two semesters of the academic year beginning in September and ending in June and services as Vice-Chairman to be required on a twelve months' basis including one month's vacation.

I recommend that these appointments be made.

On motion of Mr. Livingston, these recommendations were adopted.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(5) The Committee on Accountancy recommends that the following persons be awarded the certificate of Certified Public Accountant under Section 5 of the Accountancy Act of 1943; they hold valid and unrevoked certificates issued by other states of the United States:

Frederick Otho Dickson (Ind.)
Paul William Fudemberg (Mo.)
Joseph Solomon Herbert (N.Y.)
Arthur Netzer (N.Y.)
George Marvin Rayburn (Nebr.)
Max Arthur Reinstein (N.C.)
Robert Homer Sharp (N.C.)
Tom E. Sudholt (Mo.)
Charles William Tucker (Mass.)

I concur.

On motion of Mrs. Holt, these certificates were awarded as recommended.

VETERINARY MEDICINE BUILDING

(6) The Dean of the College of Veterinary Medicine recommends that the new building to be constructed for that College be officially named Veterinary Medicine.

I concur.

On motion of Mr. Fornof, this building was named as recommended.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(7) The Governor has approved the following release of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 14

"For Permanent Improvements at Urbana-Champaign
Additions to Power and Heating Plant and Remodeling of Existing Buildings".....$150 000

This is a partial release from an appropriation of $1,215,000 of which $880,000 has been budgeted for additions to the power plant and $263,500 for remodeling of

existing buildings, of which $137,465 has been earmarked for safety improvements in the Noyes Laboratory of Chemistry. The funds now released are for the construction of new stairways at the northwest and southwest entrances to the building, contracts for which were awarded by the Board of Trustees on November 29, 1949.

Release No. 15

"For Permanent Improvements at Chicago
Construction of Addition to Present Hospital".....$5 804 110

This is a partial release from an appropriation of $7,395,000. The Governor has previously released (Release No. 8) $246,000 for architectural and engineering services for this project. The funds now released are for:

Building Construction (as per contracts awarded by the Board of Trustees on November 29, 1949		$5 368 629
Improvements Other Than Buildings		
Grading and Landscaping	$ 5 700	
Utility Extension	37 200	42 900
Expenditures During Construction		
Maintaining Present Services During Construction	9 200	
Relocating Departments	64 300	73 500
Allowances for Adjustments		74 900
		$5 559 929

I recommend that the funds released be appropriated for the purposes specified.

On motion of Mrs. Holt, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(8) The Committee on Nonrecurring Appropriations recommends assignments of funds from the "Reserve for Nonrecurring Purposes" in the budget for 1949-1950 as follows:

For cooperative use of College of Pharmacy and College of Agriculture	
1. Buildings for Drug Plant Experiment Station	$ 65 000
For the Urbana-Champaign Campus	
2. Installation of equipment in Mechanical Engineering laboratories	32 000
3. Utility Building for crop storage research	6 000
4. Remodeling of Horticulture Field Laboratory (additional)	4 100
5. Remodeling of rooms in David Kinley Hall	2 300
6. For preliminary work on plans and specifications for proposed Biology Building	10 000
For the Chicago Professional Colleges	
7. Remodeling of quarters and equipment for Department of Biological Chemistry to be charged against State appropriations for buildings and other capital improvements for 1949-1951	[100 000]
8. Purchase of three business machines for office of Business Manager of the Chicago Professional Colleges	1 200
9. Remodeling of research laboratory and general service room in the Medical and Dental College Laboratories Building for the Department of Bacteriology	975
10. Shelves and cabinets for autopsy and surgical reports room in the Medical and Dental College Laboratories Building for the Department of Pathology	700
Total from Reserve for Nonrecurring Purposes	$122 275

I concur.

The requests for these assignments of funds have been carefully studied by the Committee on Nonrecurring Appropriations. Reports of the Committee, giving details on each item, are submitted herewith.

On motion of Mr. Herrick, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stevenson.

APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1950-1951

(9) The Dean of the Graduate College recommends that an appropriation of $150,000 be made at this time for graduate fellowships for the year 1950-1951. The same amount was appropriated for the current academic year and is included in the preliminary budget estimates for next year. It is desirable that funds be committed now so that fellowship awards can be made and announced on April 1, 1950.

I concur.

On motion of Mr. Livingston, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stevenson.

FEDERAL FUNDS FOR ADVANCE PLANNING

(10) Public Law 352 enacted by the Eighty-first Congress provides additional funds to be loaned by the federal government to states and their political subdivisions to complete the plan preparation of public works. This is similar to a previous program under which the University received advances of funds for the plan preparation for the student and staff apartment building and the hospital addition at Urbana and the student residence halls and nurses home in Chicago.

The new law provides that the federal government will advance 25 per cent of the agreed sum and the remainder of the costs will be paid when the plans have been completed and approved by the Community Facilities Service of the General Services Administration. The monies advanced by the federal government for any project must be repaid without interest whenever funds become available for the construction of that project. If it is not started within three years and the funds advanced by the federal government have not been repaid within this period, the University will not be eligible to apply for loans or advances on any other public works under the provisions of this law.

The Building Program Committee recommends that the University apply for advances for the preparation of plans for the following buildings:

Building	*Building Cost*	*Plan and Specification Cost*
Biology Building	$ 5 000 000	$225 000
Pharmacy Building	5 500 000	247 500
Student and Staff Housing	3 000 000	135 000
Law Building	2 300 000	103 500
Psycho-Educational Clinic	1 800 000	81 000
Physics Building Addition	1 200 000	54 000
	$18 800 000	$846 000

I concur and request that the Board of Trustees adopt the attached resolution (see Appendix, page 981), authorizing the filing of an application with the United States of America for such an advance.

On motion of Mrs. Watkins, the resolution was adopted as recommended.

PROFESSIONAL WORK EXPERIENCE REQUIREMENTS IN UNIVERSITY CURRICULA

(11) The University Senate recognizes that it may be desirable for students to gain practical experience in their professional fields while pursuing certain programs of study in the University and that they may be strongly advised to do so. In general, such programs should be established and monitored by the licensing agencies or the professional associations concerned rather than by the University. Since, however, some programs of this type are or may be required by the University, the University Senate recommends adoption of the following policy:

1. The term "professional work experience" is defined as a term of service, usually away from the campus, in the vocational or professional field for which a student is preparing himself in a program of studies leading to a degree.

2. A professional work experience program may be made a requirement for a degree if the program is under the general supervision of the University.

3. Excepting regularly approved academic credit courses which may require field experience as a part of the laboratory work for credit, no formal academic credit will be granted for professional work experience.

4. In cases where the requirement for professional work experience is met by work done for the University, the University may pay for such work only when it would otherwise have to be done by an employee of the University and is not organized solely to provide such experience for the student.

I concur.

On motion of Mr. Livingston, this policy was adopted.

CONTRACT FOR EQUIPMENT FOR ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS IN CHICAGO

(12) The Director of the Physical Plant and the Comptroller recommend award of a contract for $189,138.83 to the Laboratory Furniture Company, Long Island City, New York, the lowest bidder, for the laboratory installations in the addition to the Research and Educational Hospitals in Chicago. Detailed plans and specifications based on the recommendations of the academic departments concerned were prepared by the Physical Plant Department and bids were invited by the Purchasing Division of the Chicago Business Office.

Funds are available for this work in the State appropriation to the University for 1949-1951 for "Construction of Addition to Present Hospital."

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract subject to release of funds by the Governor.

On motion of Dr. Meyer, authority was given as recommended.

CONTRACT FOR STRUCTURAL STEEL FOR POWER PLANT ADDITION

(13) The Director of the Physical Plant and the Comptroller recommend award of a contract for $6,094 to Hansell-Elcock Company, Chicago, the lowest bidder, for the structural steel for the turbine room addition of the Abbott Power Plant at Urbana-Champaign, subject to the release of funds by the Governor. Funds are available in the State appropriation for 1949-1951 for "Additions to Power and Heating Plant and Remodeling of Existing Buildings."

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract.

On motion of Mrs. Watkins, authority was given as recommended.

CONTRACT FOR EXTENSION OF STEAM SERVICE IN STUDENT AND STAFF APARTMENTS AREA

(14) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $16,479 to the Northwestern Heating and Plumbing Company, Evanston, Illinois, the lowest bidder, for the extension of steam service from the southwest corner of the first six-story building of the Student and Staff Apartments on Goodwin Avenue and Green Street to the second six-story building now under construction. Funds are available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, authority was given as recommended.

CONTRACT FOR DRY CLEANING SERVICE FOR STUDENTS IN UNIVERSITY RESIDENCE HALLS

(15) It has become desirable to provide a central procedure for dry cleaning service for men living in University residence halls at Urbana-Champaign. It may be desirable later to provide a similar service in women's halls. It would be operated as a part of the "canteen" service established in some of the residence halls. A contract would be made with one company for all such service, handled through the canteen, and all pick-ups and deliveries would be made from a central point in the halls. The hall management would supervise the collection of accounts and the payments to the contracting company. This service would not prevent any resident in the halls from having his dry cleaning done by another service.

The Purchasing Division invited bids on this service from all local cleaners. Six bids were secured, and the best proposal is offered by William and Earnest Beightler, a partnership operating as "Chief Illini Cleaners." The schedule gives the lowest rates for individual items and a discount of 20 per cent for women's work and 25 per cent for men's work. This discount would be retained to cover the administrative cost of handling the centralized service, except that 5 per cent would be paid to the student organization in the halls for its social programs. The students would benefit by the lower schedule of rates.

The Director of Housing, the Director of Purchases, and the Comptroller recommend that a contract be made with the "Chief Illini Cleaners" on the basis of their bid to provide service in the Men's Residence Halls and that the contract be extended to include the Women's Residence Halls if that becomes desirable. All financial obligation assumed by the University is covered by collections to be made from students, including the overhead expense.

I recommend approval.

On motion of Dr. Meyer, this contract was awarded as recommended.

CONTRACT FOR REMODELING IN MEDICAL AND DENTAL COLLEGE LABORATORIES BUILDING

(16) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $1,696 to the Mutual Contracting Company, Chicago, Illinois, the lowest bidder, for remodeling of Room 166 in the Medical and Dental College Laboratories Building. The work required consists of the construction of glass partitions, installation of lighting fixtures, and incidental changes to provide additional needed office space.

Funds are available in the special appropriation made by the Board of Trustees for this on October 25, 1949 (Minutes, page 922).

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, authority was given as recommended.

CONTRACT FOR INSTALLATION OF FIRE PUMP IN CHICAGO ILLINI UNION

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract in the amount of $15,680 to the Economy Plumbing and Heating Company, Chicago, the lowest bidder, for the installation of a fire pump in the Chicago Illini Union Building.

The work required consists of furnishing and installing a 500 gallon per minute fire pump with all necessary pipes from city water main and to existing standpipe system with the necessary electrical work as required to operate the pump as prescribed by code. Also the installation of a sprinkler system as requested by the Chicago Fire Prevention Bureau of the Chicago Fire Department in the room used for lumber storage.

Funds are available in the budget of the Physical Plant Department for this work.

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute this contract.

On motion of Dr. Meyer, authority was given as recommended.

ADDITION TO ELECTRICAL CONTRACT FOR CONSTRUCTION OF EAST CHEMISTRY BUILDING

(18) The Director of the Physical Plant and the Comptroller recommend an increase of $2,066.20 in the contract with the Leverenz Electric Company for the electrical work in the construction of the East Chemistry Building. This increase is to provide for the furnishing and installation of electrical outlets and connecting machinery in Rooms 19 and 23.

Funds are available in the State appropriation for "Acquisition and Installation of Chemistry Building Equipment."

I concur and request that the Comptroller be authorized to execute this addition to the contract.

On motion of Mr. Hickman, authority was given as recommended.

GIFT FROM THE CHAMPAIGN-URBANA KIWANIS CLUB AND ALPHA GAMMA DELTA SORORITY

(19) The Kiwanis Club and the alumnae chapter of the Alpha Gamma Delta Sorority in Champaign-Urbana have turned over to the University $2,033.72 representing the proceeds of a dance to raise funds to aid Dr. Severina Nelson, Associate Professor of Speech and Director of the Speech Clinic, in her work with children suffering from cerebral palsy. The fund has been accepted by the University and has been made available for the purpose indicated.

I am happy to report this generous contribution of the Champaign-Urbana Kiwanis Club and the Alpha Gamma Delta Sorority.

On motion of Mr. Livingston, this report was received for record, and the Secretary was directed to express to the donors the appreciation of the Board.

FEDERAL FUNDS FOR ADVANCE PLANNING

Resolution Authorizing Filing of Application with the United States of America for an Advance to Provide for the Advance Planning of Non-Federal Public Works under the Terms of Public Law 352, Eighty-first Congress of the United States, Approved October 13, 1949

WHEREAS, the University of Illinois, herein called the "Applicant," after thorough consideration of the various aspects of the problem and study of available data has hereby determined that the construction of certain public works, generally described as the Biology Building, Pharmacy Building, Student and Staff Housing, Law Building, Psycho-Educational Clinic, and the Physics Building addition, are desirable and in the public interest and to that end it is necessary that action preliminary to the construction of said works be taken immediately; and

WHEREAS, under the terms of Public Law 352, Eighty-first Congress, approved October 13, 1949, the United States of America has authorized the making of advances to public bodies to aid in defraying the cost of architectural, engineering, and economic investigations and studies, surveys, designs, plans, working drawings, specifications, procedures and other action preliminary to the construction of public works (exclusive of housing); and

WHEREAS, the Applicant has examined and duly considered such act and the Applicant considers it to be in the public interest and to its benefit to file an application under said Act and to authorize other action in connection therewith;

NOW, THEREFORE, BE IT RESOLVED BY the Board of Trustees, the governing body of said applicant, as follows:

1. That the construction of said public works is essential to and is to the best interests of the Applicant, and to the end that such public works may be provided as promptly as practicable, it is desirable that action preliminary to the construction thereof be undertaken immediately;

2. That Lloyd Morey, Comptroller, be hereby authorized to file in behalf of the Applicant an application (in form required by the United States and in conformity with said Act) for an advance to be made by the United States to the

Applicant to aid in defraying the planning cost preliminary to the construction of such public works, which shall consist generally of University Buildings for instruction, research, and housing;

3. That if such advance be made the Applicant shall provide or make necessary arrangements to provide such funds, in addition to the advance, as may be required to defray the cost of such action preliminary to the construction of the public works;

4. The said representative is hereby authorized to furnish such information and take such other action as may be necessary to enable the Applicant to qualify for the advance;

5. That the officer designated in the preceding paragraph is hereby designated as the authorized representative of the Applicant for the purpose of furnishing to the United States such information, data, and documents pertaining to the application for an advance as may be required; and otherwise to act as the authorized representative of the Applicant in connection with this application;

6. That certified copies of this Resolution be included as part of the application for an advance to be submitted to the United States.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

February 16, 1950

The February meeting of the Board of Trustees of the University of Illinois was held on Thursday, February 16, 1950, in the Illini Union Building, in Urbana, according to the following schedule:

10:30 a.m. — Executive session as in Committee of the Whole.

2:00 p.m. — Open session.

The following members were present: President Williamson, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins.

President Stoddard was present; also, Vice-President A. C. Ivy, Provost C. R. Griffith, Assistant to the President A. J. Janata, Secretary H. E. Cunningham, Comptroller Lloyd Morey, and, during the open session, Director of Public Information J. F. Wright, Assistant to the President Wilbur Schramm, Professor R. B. Hudson.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of January 12, 1950.

On motion of Mrs. Watkins, the minutes were approved as printed on pages 963 to 986 above.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in executive session the following matters presented by the President of the University.

DEAN OF THE DIVISION OF COMMUNICATIONS

(1) I recommend that there be established, as of July 1, 1950, a Division of Communications to be headed by a dean.

The Division of Communications would include communications responsibilities in the following areas and units as indicated:

1. University Press — supervisory
2. School of Journalism and Communications, as reorganized — supervisory
3. Broadcasting — supervisory
4. Institute of Communications, as reorganized — supervisory
5. Visual communications, as reorganized — supervisory
6. Library School — supervisory
7. Athletic Association — supervisory in communications only
8. University of Illinois Foundation Illini Achievement Fund — supervisory
9. Alumni Association — supervisory
10. Public Information — supervisory
11. Allerton Park — supervisory

The purpose of this new administrative cluster is to increase the efficiency of the President's Office. The main administrative work of the University is carried on through structures headed, for the most part, by deans who are responsible to the Provost and the President. However, with respect to certain enterprises of great importance, such as those listed above, I have not had the benefit of guidance and assistance from the office of a dean. The plan does not involve changes in operations except that some reorganization may be desirable as indicated above.

For the position of Dean of Communications, I recommend the appointment of Dr. Wilbur Schramm, and further that he retain the appointment as Director of the University Press and as Research Professor of Journalism at a total salary of $13,000, on a twelve months' basis, for a term of two years beginning July 1, 1950.

On motion of Mr. Hickman, the Division of Communications was established and Dr. Schramm was appointed Dean, as recommended.

APPOINTMENT OF THE DEAN OF THE COLLEGE OF MEDICINE AND DIRECTOR OF THE RESEARCH AND EDUCATIONAL HOSPITALS

(2) Following the resignation of Dean John B. Youmans, I appointed a Committee of the Faculty of the College of Medicine to assist in the selection of his successor. The Committee went to work immediately and secured from members of the faculty and from outside sources names and personal data on a number of qualified candidates. As a result of its study the Committee reached the conclusion that one candidate on this list was so outstanding that prompt action should be taken to ascertain his availability.

Accordingly, on February 1, 1950, Vice-President A. C. Ivy and I met with the Chairman of the Committee. On February 2 the Committee met and unanimously decided upon its first choice among the candidates. Subsequently a meeting of the Executive Faculty of the College of Medicine was called and the report of the Committee on the Deanship was reviewed in detail. The result of the meeting was an unanimous approval by the Executive Faculty of the report of the Committee on the Deanship and concurrence in its final recommendation.

Finally, the Vice-President, the Provost, and I have personally conferred with the candidate and he has met with various members of the faculty, both in the Chicago Professional Colleges and at Urbana-Champaign.

Accordingly, I now recommend the appointment of Dr. Stanley W. Olson, presently Assistant Director of the Mayo Foundation, as Dean of the College of Medicine and Medical Director of the Research and Educational Hospitals, with the rank of Professor, at an annual salary of $15,000, on Y basis, for two years from April 1, 1950.

Dr. Ivy, Provost Griffith, and President Stoddard commented.

On motion of Mr. Nickell, this appointment was made as recommended.

APPOINTMENTS OF DIRECTOR AND ASSOCIATE DIRECTOR OF UNIVERSITY OF ILLINOIS-COOK COUNTY SCHOOL OF NURSING

(3) The Vice-President in charge of the Chicago Professional Colleges recommends the appointments of Miss E. Elizabeth Geiger, as Director of the University of Illinois-Cook County School of Nursing and Assistant Professor of Nursing Education, without salary, and Mrs. Evelyn M. Brown, as Associate Director in Charge of Nursing Education of the University of Illinois-Cook County School of Nursing and Assistant Professor of Nursing Education, without salary, effective February 1, 1950, and continuing through August 31, 1950. (Their salaries will be paid by the Cook County Hospital.)

I concur.

Dr. Ivy commented on these recommendations.

On motion of Mr. McLaughlin, these appointments were made as recommended.

EMPLOYMENT OF SPECIAL COUNSEL FOR SUIT IN THE COURT OF CLAIMS

(4) The Attorney General of Illinois reports that there has been filed in the Court of Claims the case of Jessie Taylor versus the Board of Trustees of the University of Illinois. The Attorney General suggests that the University take over the defense.

In substance, the complainant alleges negligence and malpractice by members of the staff of the Department of Operative Dentistry and claims $2,500 damages, the maximum for which the University is liable under the Court of Claims Act. Information supplied by the College of Dentistry indicates that the allegations in the complaint are erroneous and that the University has a valid defense.

Since all of the work necessary to defending this suit must be done in Chicago, the Legal Counsel's Office recommends that the University employ special counsel and suggests Joseph H. Hinshaw of Hinshaw and Culbertson, Chicago, or Albert E. Jenner, Jr., of Poppenhusen, Johnston, Thompson, and Raymond, also of Chicago.

I concur in the recommendation.

On motion of Mr. Livingston, the Office of the Legal Counsel was authorized to employ Mr. Joseph H. Hinshaw, if he is available, for this case.

REPORT OF COMMITTEE ON AGRICULTURE ON STATE APPROPRIATION FOR AGRICULTURAL STRUCTURES

Mr. McLaughlin, for the Committee on Agriculture, presented the following report.

The Committee on Agriculture met at the University, in Urbana, on February 4, 1950, to consider the assignment of State funds for agricultural structures, referred to the committee by the Board on January 12, 1950.

Present: Mr. Walter W. McLaughlin, Chairman, Dr. Karl A. Meyer, and Mr. Wirt Herrick, members of the committee; Mr. H. E. Cunningham, Clerk; also Mr. A. J. Janata, Assistant to the President; Professor W. C. Huntington, Chairman of the Building Program Committee; Mr. C. S. Havens, Director of the Physical Plant Department; Mr. E. L. Stouffer, Architect; Dean H. P. Rusk and the following representatives of the College of Agriculture: Professor W. E. Carroll, Professor R. R. Hudelson, Professor G. W. Salisbury, Professor D. G. Carter, Professor L. E. Card, Professor Louis B. Howard, Professor Sleeter Bull.

After a preliminary discussion of President Stoddard's recommendations (Minutes, January 12, 1950, page 965), a tour of inspection of the buildings and other facilities was made.

Following the tour, the discussion was continued.

On motion of Dr. Meyer, the Committee voted to recommend to the Board that the recommendations of the President of the University be approved, subject to the release of funds; also that a request be made of the Governor for the release of funds from any surplus available in the appropriations for the Agricultural and Veterinary Science Buildings (including the Contingency Fund), to complete the Dairy Barns according to a study made by Professor Carter and Director Havens, have priority if and when funds are available.

On motion of Mrs. Holt, this recommendation was adopted.

REPORT OF COMMITTEE ON BUILDINGS AND GROUNDS ON BONEYARD STORM DRAINAGE PROJECT

Mr. Livingston, for the Committee on Buildings and Grounds, presented the following report.

The Committee on Buildings and Grounds met at the University, in Urbana, on February 4, 1950, to consider a communication from President Stoddard on the participation of the University in the Boneyard storm drainage project.

Present: Mr. John R. Fornof, Chairman, Dr. Karl A. Meyer, Mrs. Doris S. Holt, and Mr. Wirt Herrick, members of the committee; Mr. H. E. Cunningham, Clerk; also Professor Coleman R. Griffith, Provost; Professor W. C. Huntington, Chairman of the Building Program Committee; Professor Lloyd Morey, Comptroller; Mr. C. S. Havens, Director of the Physical Plant Department; Mr. E. L. Stouffer, Architect; and Mr. A. J. Janata, Assistant to the President.

Letters from President Stoddard, Professor Huntington, and Director Havens were presented.

After discussion, and on motion of Dr. Meyer, the Committee voted to recommend to the Board that the University express its willingness to participate in this project and to request an appropriation from the General Assembly to cover a payment representing the benefits to the University which are determinable according to principles proposed by the University Building Program Committee. The time of payment and the priority in the general program of the University are to be determined at a later date.

FEDERAL AID FOR HOUSING

The Comptroller reported informally on efforts to secure federal aid for the construction of housing.

COAL SUPPLY

The Provost reported informally on the coal supply, and stated that under the present restricted use, there should be enough coal to last until early April.

REPORT OF COMMITTEE ON CHICAGO DEPARTMENTS ON CHICAGO HOUSING PROJECTS

Mr. Livingston, for the Committee on Chicago Departments, presented the following report.

The Committee met in Chicago at 4:45 p.m. on January 24, 1950, with the following present: Dr. Meyer, Mr. Livingston, Mr. Farr, Dr. Ivy, Mr. Wheeler, and Mr. Havens.

Mr. Havens presented a proposal from Naess and Murphy, architects on the Student Residence Halls, to cover changes in the completed plans and specifications to further reduce the capital cost. Mr. Livingston moved that the increased expenditure be authorized. Dr. Meyer concurred and declared the motion passed. (Estimated $5,000).

Mr. Farr presented a revised proposal from Skidmore, Owings, and Merrill for architectural services on the Staff Apartment Project. After a discussion of this proposal, Mr. Livingston moved that Mr. Farr be authorized to offer Skidmore, Owings, and Merrill a fee of 5 per cent, and if accepted, that the contracts be authorized. Dr. Meyer concurred and declared the motion passed. (Estimated $54,000).

The Committee held a further meeting at Urbana on February 16, 1950. Present were: Mrs. Watkins, Mr. Livingston. A progress report of Mr. Newton C. Farr, February 14, addressed to Dr. Karl A. Meyer, Chairman, was presented. Following the Board action of July 21, 1948, the Committee made informal arrangements with Mr. Farr to advise it and University officers concerned on this project. The legal phases of the project have now been placed in the hands of Chapman and Cutler, and University officers, with the assistance of the architects duly engaged for the projects, are carrying on other details, including necessary contacts with the Equitable Life Assurance Society. In view of these circumstances, it was the conclusion of the members present that the services of Mr. Farr on this project should be brought to a close, and the Comptroller is to so advise Mr. Farr and request a statement of his services to date. The Comptroller is also to advise Mr. Farr that if his services are needed further in the project, he will be so informed.

COMMITTEE ON CHICAGO DEPARTMENTS
DR. KARL A. MEYER, *Chairman*
MRS. FRANCES B. WATKINS
MR. PARK LIVINGSTON

The Secretary communicated with Dr. Meyer by telephone and secured his concurrence in the foregoing action of February 16.

On motion of Mr. Livingston, the appropriation of $5,000 for architectural studies was made, by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Fornof, Dr. Meyer, Mr. Stevenson.

At this point Dr. Schramm and Professor Hudson were introduced.

OPEN SESSION

When the Board convened in open session after luncheon, the same members were present as during the morning session.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. PAUL T. BATEMAN, Assistant Professor of Mathematics, beginning September 1, 1950, at an annual salary of $4,500.

2. RICHARD N. CURRENT, Associate Professor of History, beginning September 1, 1950, at an annual salary of $5,800.

3. CARL E. DRUMHELLER, Special Research Assistant Professor of Electrical Engineering, beginning January 1, 1950, at an annual salary of $5,200.

4. CHARLES H. FLETCHER, Research Assistant Professor of Aeronautical Engineering, beginning July 1, 1950, at an annual salary of $5,500.

5. JAMES S. KOEHLER, Associate Professor of Physics, beginning September 1, 1950, at an annual salary of $7,000.

6. CHARLES R. LOHMEYER, Associate Director for Civil Service of Nonacademic Personnel, beginning February 1, 1950, at an annual salary of $6,600.

7. SOULIMA STRAVINSKY, Associate Professor of Music, beginning September 1, 1950, at an annual salary of $5,500.

8. H. S. ZIM, Associate Professor of Education, beginning September 1, 1950, at an annual salary of $6,000.

President Stoddard commented on some of these appointments.

On motion of Mr. Nickell, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded to the following groups of candidates who have fulfilled the legal requirements (see Appendix, page 1034).

On motion of Mr. Livingston, these certificates were awarded as recommended.

CHANGE IN NAME OF SCHOOL OF JOURNALISM

(2) The Director of the School of Journalism recommends that its name be changed to School of Journalism and Communications with Divisions of Journalism, Radio, and Advertising.

I concur.

On motion of Mr. Livingston, this change in name was approved as recommended.

NAME OF ANIMAL SCIENCES LABORATORY

(3) The Committee on Buildings of the College of Agriculture recommends that the new building to be constructed for that College be officially named Animal Sciences Laboratory.

I concur.

On motion of Mr. McLaughlin, this name was approved as recommended.

COMMITTEE ON DETERMINATION OF WAGE RATES TO BE SPECIFIED FOR CONSTRUCTION WORK AT ROBERT ALLERTON PARK

(4) The Board of Trustees has authorized the appointment of a fact-finding committee[1] to conduct investigations of wage rates in Piatt County in connection with construction work on the Allerton Trust properties and report on the same to the President of the University and to the Board of Trustees. This procedure applies to future issues which may arise. The objections filed by the Twin City Federation of Labor of Champaign and others on June 3, 1949, to the determination of wages in the locality of Monticello and Piatt County published by the University in connection with construction contracts awarded by the Board of Trustees Committee on Buildings and Grounds on May 2, 1949, have been withdrawn.

[1] This committee is to be composed of one member appointed by the Illinois State Federation of Labor, one member appointed by the President of the University, and one member selected by the other two, provided that if they do not agree upon a candidate within ten days, the Director of the State Department of Public Works and Buildings will be asked to select the third member.

The President of the Illinois State Federation of Labor reports that the Federation has appointed Mr. Robert L. Gordon of Urbana, former Director of the Illinois State Department of Labor, as the labor representative. I have appointed Mr. Donald E. Dickason, Director of Nonacademic Personnel, as the University's representative.

This requires no action by the Board of Trustees and is being reported as a matter of record only.

This report was received for record.

TRANSFER OF THE FORESTRY TO GENERAL UNIVERSITY PURPOSES

(5) On the basis of various discussions and proposals, I recommend that the tract of land on Lincoln and Pennsylvania Avenues, now consisting of about eight acres (originally 18.25 acres) known as "The Forestry," be transferred from the Department of Forestry to the University, for general purposes. It is proposed, for the present, to develop it as a center of outdoor recreation and a picnic area. It would become an open, cleared forest under the supervision of the School of Physical Education. It would be, at the same time, a land reserve as sites for future major construction.

In 1871 this land was assigned to the Department of Horticulture. In 1916 it was transferred to the Physical Plant Department. In 1941 it was transferred to the new Department of Forestry. At that time the Board minutes referred to the erection of a "non-climable fence of attractive design." Thus far no one has been able to blueprint such a fence; once climbed, it would indeed lead to Elysian fields!

The Forestry has served its time as a laboratory for students. It has become a problem in supervision and maintenance. Accordingly, if the Board approves this recommendation, I shall ask the Committee on Nonrecurring Appropriations to earmark sufficient funds for the immediate development of a forestry plantation on the McCullough Farm recently acquired by the University.

On motion of Mrs. Holt, this transfer was made as recommended.

STATUS OF AGRICULTURAL EXPERIMENT FIELD AT DEKALB, ILLINOIS

(6) From the estates of the late Senator Harry G. Wright and his wife, Harriette A. Wright, of DeKalb, Illinois, the University of Illinois received 952 acres of farm lands in DeKalb County as an endowment of undergraduate scholarships.

In 1940 an agricultural experiment field at DeKalb, which had been leased by the University for many years from the Fairview Park Cemetery Association, had to be abandoned because it was needed for cemetery expansion.

In 1945 the President of the University authorized the assignment of eighty acres of one of the Wright Farms for use as an experiment field to replace the field formerly leased. This operation has become a permanent part of the Agricultural Experiment Station's program and is known as the Northern Illinois Experimental Field. Residents of DeKalb County have made grants of funds to the University from time to time, now totaling $31,070, for improvements on this field.

I recommend that this area of the Wright Farms be transferred from the endowment to the educational program of the University until further notice.

On motion of Mr. McLaughlin, this land was transferred as recommended.

REVISIONS IN REQUIREMENTS FOR ADMISSION TO GRADUATE WORK AT URBANA-CHAMPAIGN

(7) The University Senate recommends the following revisions in the requirements for admission to graduate work in the Departments at Urbana-Champaign effective at the beginning of the academic year 1950-1951:

1. *Admission with Full Status.* Admission to the Graduate College is granted to graduates of institutions whose requirements for the bachelor's degree are substantially equivalent to those of the University of Illinois, provided that the applicant's undergraduate grade-point average for that portion of work which represents the last 50 per cent of the hours completed to secure the bachelor's degree,

exclusive of required physical education and military training, is at least 3.50[1], provided further that the undergraduate preparation is appropriate to advanced study in the chosen major field. Certain departments may require of entering graduate students minimum grade-point averages substantially higher than the general minimum of 3.50.

2. *Admission with Advanced Standing.* Admission to the Graduate College is granted to those who hold a bachelor's degree and have completed one or more years of graduate study at an accredited institution and who desire to become candidates for the degree of Doctor of Philosophy at the University of Illinois, only upon the favorable recommendation of the department of the major field of study and of the Dean of the Graduate College. If admission is granted to such an applicant, the amount of credit to be allowed will be determined by the Dean upon the recommendation of the major department.

3. *Admission with Limited Status.* In the departments requesting this arrangement, a person whose record in undergraduate work does not meet the requirements for admission with full status may be admitted on limited status. A student originally admitted on limited status may, upon completion of not less than the equivalent of three units of work, petition the Executive Faculty of the Graduate College to be transferred to full status.

The purpose of these revisions is to clarify the standards for admission to graduate work, and they have the approval of the Dean of the Graduate College.

I concur.

The Provost commented on this matter.

On motion of Mr. Nickell, these revisions were approved as recommended.

CURRICULUM PREPARATORY TO TEACHING IN THE ELEMENTARY SCHOOLS

(8) The University Senate recommends adoption of the following proposed curriculum preparatory to teaching in the elementary schools leading to the degree of Bachelor of Science in Elementary Education (see Appendix, page 1036).

State requirements for certification of elementary and kindergarten-primary teachers necessarily exerted a considerable influence on the planning of this program. Graduation requirements as recommended more than meet minimum certification requirements.

This program was planned without the usual major and minor subjects of specialization. Requirements placed upon an elementary school teacher by the nature of the job put a premium upon a broad general education and upon broad training in professional courses. The elementary school teacher commonly teaches in all content areas.

The program requires that all graduates meet the requirements for the elementary certificate. Teachers who wish to qualify for the kindergarten-primary certificate need a minimum of six hours elective to get the additional professional courses required for this certification.

Admission requirements for this curriculum are the same as those of the general admission requirements to the other four-year curricula in the College of Education.

With the exception of the starred courses, which are required, students may substitute equivalent courses for those listed with the approval of an official adviser for this curriculum.

A minimum of 124 semester hours, exclusive of required physical education and military training, are required for graduation under this curriculum.

I concur.

The Provost commented on this matter.

On motion of Mr. Nickell, this curriculum was approved as recommended.

[1] This is the numerical equivalent of a scholastic average half way between C and B in the University's grading system of A, B, C, D, E, in which A is the highest grade, D the lowest passing grade, and E indicates failure.

REVISION IN THE REQUIREMENTS FOR ADMISSION TO THE CURRICULUM IN INDUSTRIAL DESIGN

(9) The University Senate recommends that one and one-half units of credit in algebra and one unit of credit in geometry be required for admission to the curriculum in Industrial Design in the College of Fine and Applied Arts. This change constitutes an adjustment within the pattern already set for certain curricula in that College.

I concur.

On motion of Mr. Nickell, these requirements were approved as recommended.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(10) The Committee on Nonrecurring Appropriations recommends assignments of funds from the "Reserve for Nonrecurring Purposes" in the budget for 1949-1950 as follows:

For the Colleges and Schools at Urbana	
1. Equipment for Department of Food Technology	$ 8 000
2. Equipment for Department of Bacteriology	13 000
3. Equipment for Department of General Engineering Drawing	3 655
4. Airconditioning of low-pressure chamber quarters in Physical Environment Laboratory	9 750
5. Remodeling of shops and purchase of equipment to expand and improve facilities for Industrial Arts	38 762
6. Equipment and remodeling for Department of Physiology	56 262
7. Construction of animal sheds and pens for Department of Zoology	1 700
8. Steel tower for television and FM antenna equipment for University broadcasting	75 159
9. Construction of permanent, removable platform and waterproof awning for Commencement exercises in the Stadium	6 500
10. Remodeling of and equipment for Bursar's Office	16 000
11. Safety improvements in Noyes Laboratory	100 000
For the Chicago Professional Colleges	
12. Remodeling of and equipment for Research and Educational Hospitals	1 975
13. Library books for Departments of Ophthalmology and Otolaryngology, for use in the Illinois Eye and Ear Infirmary	500
14. Rehabilitation of dissecting tables in Department of Anatomy	3 000
15. Equipment for Department of Physiology	1 100
16. Purchase of animal cages for Animal Hospital	13 000
17. Remodeling for Department of Pathology	7 500
For the Chicago Undergraduate Division	
18. X-ray equipment for Health Service	2 200
Total	$358 063

The requests for these assignments of funds have been carefully studied by the Committee on Nonrecurring Appropriations. Reports of the Committee, giving details on each item, are submitted herewith.

I concur.

The Provost commented on items 5 and 6, and Professor Hudson commented on item 8.

On motion of Mr. Livingston, these appropriations were made as recommended, by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Fornof, Dr. Meyer, Mr. Stevenson.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(11) The Governor has approved the following release of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 16

"For Permanent Improvements at Urbana-Champaign Additions to Power and Heating Plant and Remodeling of Existing Buildings.....$6 444"

This is a partial release from an appropriation of $1,215,000 of which $880,000 has been budgeted for additions to the Power Plant, $263,500 for remodeling of existing buildings. The funds now released are for structural steel for the construction of an addition to the turbine room of the Power Plant, a contract for which was awarded by the Board of Trustees on January 12, 1950.

Release No. 17

"For Permanent Improvements at Chicago Construction of Addition to Present Hospital.....$370 966 18"

This is a partial release (the third) from an appropriation of $7,395,000. The funds now released are for the purchase and installation of fixed equipment.

Release No. 18

"For Equipment for Buildings at Urbana-Champaign and Chicago....$62 353 65"

This is a partial release (the second) from an appropriation of $680,000. The funds now released are for the purchase of some of the movable equipment to be used in the hospital addition. Contracts for the purchase and installation of this equipment have already been authorized by the Board.

I recommend that the funds released be appropriated for the purposes specified.

On motion of Mr. McLaughlin, these funds were appropriated as recommended, by the following vote: Aye, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Fornof, Dr. Meyer, Mr. Stevenson.

APPROPRIATIONS BY THE ATHLETIC ASSOCIATION

(12) The Board of Directors of the Athletic Association on February 1 assigned $30,000 from its reserve funds to cover the development and operation of the two golf courses (the present nine-hole course southeast of the Stadium and the new eighteen-hole course adjoining the University Airport to be put in use this year) to cover the normal operation of these courses during the spring season. This subsidy is required because of an abnormal infestation of crab grass which must be removed, delay in the completion of the irrigation system, and additional work required in spreading sand in the traps, top dressing, etc.

This is a major adjustment in the budget of the Athletic Association and the approval of the Board of Trustees is required.

On motion of Mrs. Watkins, this change in the budget of the Athletic Association was approved.

CONTRACTS FOR VETERINARY SCIENCE BUILDING

(13) Funds are available in the State appropriation to the University for 1949-1951 for "Construction of Veterinary Science Unit." Bids were received on January 30 and 31, 1950, for the construction of this building.

It is recommended by the Director of the Physical Plant Department, the Comptroller, the Dean of the College of Veterinary Medicine, and Childs and Smith, architects for this building, that contracts be awarded to the lowest bidders as follows:

General contract work — John Felmley Company, Bloomington....	$ 701 859 00
Elevators and dumbwaiters—Elevator Manufacturing Company of America, Chicago.....	26 783 00
Plumbing contract work—W. T. Mahoney and Sons, Chicago.....	92 989 76
Heating, ventilating, air conditioning, and refrigeration contract work — National Korectaire Company, Chicago.....	155 594 00
Electrical contract work and lighting fixtures — Square Deal Electric, Urbana.....	58 965 75
Total Recommended Construction Contract Awards.....	(1 036 191 51)
Fixed laboratory equipment—Laboratory Furniture Company, Long Island City, New York.....	110 514 67
Total Recommended Contract Awards.....	$1 146 706 18

I recommend that these contracts be awarded subject to the release of funds by the Governor, and that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

I submit a complete schedule of all bids received showing the base bids, alternates, and a budget for this building.

On motion of Mr. Livingston, contracts were awarded and authority was given as recommended.

REMODELING OF HOUSE AT 601 EAST JOHN STREET, CHAMPAIGN

(14) The Director of the Physical Plant and the Comptroller recommend the award of contracts for plumbing and heating and for electrical work in the remodeling of the house at 601 East John Street, Champaign, to provide quarters for the Speech Clinic:

Reliable Plumbing and Heating Company, Champaign..... $2 450
Bean Electric Company, Urbana..... 2 250

The general work will be done with University labor.

A special appropriation of $13,470 was made by the Board of Trustees for the remodeling of this building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. McLaughlin, contracts were awarded and authority was given as recommended.

CONTRACT FOR INSTALLATION OF HOT AND COLD WATER SYSTEMS IN THE NURSES HOME, CHICAGO

(15) The Director of the Physical Plant and Comptroller recommend award of a contract to Fettes, Love, and Sieben, Chicago, the lowest bidders, for the installation of hot and cold water systems in the Nurses Home of the Research and Educational Hospitals in Chicago. This installation is required to replace the pump facilities that will no longer be available when the present power plant goes out of service.

Funds are available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and authority was given as recommended.

ADDITION TO GENERAL CONTRACT FOR STUDENT AND STAFF APARTMENTS

(16) The Director of the Physical Plant and the Comptroller recommend an increase of $5,128.50 in the general contract with the John Felmley Company for the construction of the Student and Staff Apartments to cover removal of existing tracks on all wardrobe sliding doors which have been found unsatisfactory and replacement with new tracks, rollers, and door guides, with overhead track installation. The latter have been tried in the building and found satisfactory.

Funds are available.

I concur and recommend that the Comptroller be authorized to execute this addition to the contract.

On motion of Mrs. Watkins, authority was given as recommended.

ADDITION TO PLUMBING CONTRACT FOR STUDENT AND STAFF APARTMENTS

(17) The Director of the Physical Plant and the Comptroller recommend an increase of $2,298 in the contract with E. M. Hayes, Champaign, for the plumbing work in the construction of the second unit of the Student and Staff Apartments for the water main extension to the building. Utility connections were not included in the original construction bids since the plans and specifications for this work were not available when the original contracts were awarded.

Funds are available in the appropriation for the construction of this addition to the Student and Staff Apartments.

I concur and request that the Comptroller be authorized to execute this contract addition in the amount of $2,298.

On motion of Mr. Livingston, authority was given as recommended.

ADDITION TO GENERAL CONTRACT FOR EAST CHEMISTRY BUILDING

(18) The Director of the Physical Plant and the Comptroller recommend an increase of $1,887 in the general contract with the John Felmley Company for the construction of the East Chemistry Building to install roofing, flashing, and quarry tile for an animal runway over the third floor of the East Chemistry Building. The floor construction of this area is not entirely watertight; to provide an improved and more sanitary surface for the floors of these pens, a sheet of membrane waterproofing and quarry tile will be laid over the present concrete floor.

Funds are available in the State appropriation for this building.

I concur and request that the Comptroller be authorized to execute this addition to the contract.

On motion of Mrs. Holt, authority was given as recommended.

CHANGE IN CONTRACT FOR INSTALLATION OF ELEVATORS AND DUMBWAITERS IN CONSTRUCTION OF ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(19) The Otis Elevator Company, contractor for the installation of elevators and dumbwaiters in the construction of the addition to the Research and Educational Hospitals, has proposed the installation of additional control features for all floor elevators to provide "without attendant" operation. The specifications provide for this feature in only two of the elevators. Extending it to all four would increase the contract by $2,760.

The Director of the Physical Plant and the Comptroller recommend approval of this change.

I concur and recommend that the Comptroller be authorized to execute this change order.

On motion of Mr. Nickell, authority was given as recommended.

CONTRACT FOR REPLACEMENT OF DOORS IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(20) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $1,913 to the Mutual Contracting Company, Chicago, the lowest bidder, for replacement of doors in the Research and Educational Hospitals.

The outside doors on the first floor are so badly warped that they are not weather-tight, and require constant maintenance. The metal doors on the fifth floor are also corroded and the leaded glass panels need replacement. The annual maintenance cost of new wooden doors will be considerably less, and they will be weatherproof.

Funds are available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. McLaughlin, this contract was awarded and authority was given as recommended.

CHANGES IN CONTRACT FOR ELECTRICAL INSTALLATIONS IN CONSTRUCTION OF ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(21) The Wadeford Electric Company, Chicago, contractor for the electrical installations in the construction of the addition to the Research and Educational Hospitals, has proposed to furnish and install a regulated synchronous alternating current clock system, as manufactured by Edwards and Company, instead of the I.B.M. electronic system specified. This would result in a net reduction of $4,500 in the contract.

This contractor has further proposed furnishing and installing lead covered cable instead of moisture-proof rubber insulated cable specified for all underground and underfloor 600-volt feeder cables. This would add $2,000 to the contract.

The Director of the Physical Plant and the Comptroller recommend approval of these changes.

I concur and recommend that the Comptroller be authorized to execute the change orders.

On motion of Mr. Livingston, authority was given as recommended.

CONTRACT FOR ENGINEERING SERVICES ON IMPROVEMENTS IN ELECTRICAL DISTRIBUTION SYSTEM

(22) The increased use of certain buildings has resulted in demands on the electrical distribution system which has created dangerous overloads. This situation exists in Davenport Hall, Natural History Building, Library, Auditorium, Talbot Laboratory, Harker Hall, and Altgeld Hall.

Improvement of transformer vaults in these buildings is necessary to relieve the overloads by providing increased capacity and to eliminate fire hazards. The alternative is to restrict the activities of the departments using these buildings.

The Director of the Physical Plant and the Comptroller recommend that the firm of Graham, Anderson, Probst, and White, Chicago, be employed to prepare plans and specifications for these improvements. Studies made by this firm in 1945 for a postwar building program reveal that such improvements are necessary. Detailed plans and specifications are now needed to secure adequate cost estimates before proceeding with the work. It is proposed that Graham, Anderson, Probst, and White be employed on the same terms as we have applied to other jobs of this kind done for the University, viz., payment by the University of the actual salaries of draftsmen, engineers, and other personnel employed, plus 100 per cent for administrative overhead and commission, plus actual travel costs, plus the cost of advertising for bids. It is estimated that the total cost of such services will not exceed $10,000.

Funds are available in the State appropriation for "Additions to Power and Heating Plant and Remodeling of Existing Buildings," and such funds have already been released by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract for these services.

On motion of Mr. Herrick, authority was given as recommended.

TAX STATUS OF MEDICAL CENTER STEAM COMPANY

(23) Since the Medical Center Steam Company is organized under the general corporations act of Illinois, its property is not exempt from taxation under the laws providing exemption of State properties. However, the Company will be operating a steam service primarily for the University and the stockholders will get no profit. Hence, it is desirable to establish exemption from local property taxes.

The Legal Counsel and the Comptroller recommend that the law firm of Chapman and Cutler, Chicago, be employed to study this problem.

The officers of the Medical Center Steam Company have offered to cooperate in a study of this problem and will secure the services of the tax expert of Commonwealth Edison Company.

I concur.

On motion of Mrs. Watkins, this recommendation was adopted.

LEGAL SERVICES FOR BOND ISSUE TO FINANCE CONSTRUCTION OF STUDENT AND STAFF APARTMENTS

(24) The second six-story building of the Student and Staff Apartments at Green Street and Goodwin Avenue, Urbana, now under construction, will be financed in part through borrowing $700,000. It appears that the best method of securing such funds is through a revenue bond issue of the Board of Trustees.

The Legal Counsel and the Comptroller recommend that the law firm of Chapman and Cutler, Chicago, be engaged for all necessary services in connection with the bond issue.

I concur.

On motion of Mr. Livingston, this recommendation was adopted.

EMPLOYMENT OF UNIVERSITY AUDITORS

(25) The Finance Committee recommends that the firm of George Rossetter and Company, Certified Public Accountants, Chicago, be retained as auditors for the year ending June 30, 1950, their services to be charged on the basis of a per diem rate and expenses, with the understanding that the aggregate charges will not exceed the following:

University of Illinois (all divisions)	$10 500
University of Illinois Foundation (including Retirement System)	600
University of Illinois Athletic Association (including Retirement System)	750

These maximum costs are based on the assumption that if the auditors go beyond the scope of usual examination, further compensation for such additional work will be allowed after review and approval by the Finance Committee.

On motion of Mr. McLaughlin, this recommendation was concurred in.

REPORT FROM THE LEGAL COUNSEL AND THE COMPTROLLER ON COURT DECREE ON WORKING FUNDS AND SECURITIES UNIVERSITY OF ILLINOIS VS. IRVIN L. PORTER, TREASURER

(26) Prior to June 12, 1948, working funds were maintained in banks in Champaign and Galesburg for the more rapid and efficient transaction of University business. In 1948 Mr. Irvin L. Porter, Treasurer, raised a question as to his personal liability in case of a loss of such funds and on the date indicated above the working fund maintained in Urbana-Champaign was transferred to the First National Bank of Chicago of which he was an officer. Securities belonging to the University have been held since 1932 by the First National Bank of Chicago, under an Agency agreement, and not by the University Treasurer personally.

On July 21, 1948 (Minutes, page 12), the Board amended the by-laws and statutes of the University so as to relieve the Treasurer of responsibility for such funds or securities when not in his possession. In the same action it approved the increase of the Bursar's fund for the Urbana-Champaign Business Office to $100,000 from a previous total of $60,000 and authorized the deposit of this fund in the First National Bank in Champaign. The $40,000 increase, together with a previous increase in this fund of $41,575 made in June, 1946, was taken from general funds accumulated as a result of the collection of indirect costs in the operation of United States government research contracts. A legal opinion has been secured from the Legal Counsel of the University that such funds may be retained by the University and need not be deposited in the University Income Fund held by the Treasurer of the State of Illinois.

On July 21, 1948, the Board also authorized the Legal Counsel to prosecute any suit required to establish the validity of the Board action of such date relative to these funds and securities. At a previous conference between Mr. Porter's attorneys, the Legal Counsel, and the Comptroller, it was indicated that Mr. Porter would be agreeable to the transfer of the funds from his custody if required by court decree. It was the opinion of the attorneys that such court decree would further protect Mr. Porter from personal liability in respect to these funds. Accordingly, on July 31, 1948, a formal request was made to Mr. Porter to transfer the funds as approved by the Board of Trustees on July 21. Mr. Porter then refused to transfer such funds and action was instituted by the Legal Counsel in the Superior Court of Cook County to secure a declaratory judgment requiring such transfer.

After the suit was entered it was mutually agreed to offer the Attorney General of the State of Illinois an opportunity to become a party, in view of the possibility that interests of the State other than those of the University might be involved. After investigation it was the decision of the Attorney General that such other interests were not involved and, therefore, he did not become a party to the suit.

On January 25, 1950, after a hearing on the petition, Judge Joseph A. Graber entered a decree finding that the action of the Board on July 21, 1948, relating to

the funds and securities, was valid under the laws of the State of Illinois and ordering Irvin L. Porter to comply with the request that funds be transferred in accordance with the Board's action of July 21, 1948.

Mr. Porter has now indicated that he is ready to proceed with the transfer. Accordingly, the funds will be deposited as required by the action of July 21, 1948, with the exception of those of the Galesburg Undergraduate Division, which funds with the termination of that division were returned to general funds of the University.

PURCHASES

(27) The Director of Purchases has proposed and the Comptroller recommends the following purchases (see Appendix, page 1037). Unless otherwise specified, the purchase in each case is recommended on the basis of the lowest bid.

I concur.

On motion of Mr. Livingston, these purchases were authorized as recommended.

REPORT OF EMERGENCY PURCHASES OF COAL

(28) As a result of the coal strike, on October 25, 1949, the Board of Trustees authorized the President of the Board and the Comptroller to approve emergency purchases of coal at the best price obtainable by the Director of Purchases. Following is a report of such purchases made since the last Board meeting on January 12, 1950:

COMPTROLLER'S REPORT OF CONTRACTS

(30) The Comptroller's report of contracts and leases executed and adjustments made in contracts during the period from December 11, 1949, to January 10, 1950 (see Appendix, page 1039).

This report was received for record.

COMPTROLLER'S QUARTERLY REPORT

(31) The report of the Comptroller for the quarter ending December 31, 1949.

This report was received for record.

CONTRACT FOR ARCHITECTURAL SERVICES ON DRUG PLANT RESEARCH STATION

(32) The Board of Trustees on January 12, 1950 (Minutes, page 970), appropriated $65,000 for the construction of buildings (heated greenhouse with adjoining headhouse, machine shed, and pump house) at the Morton Arboretum near Chicago for the Drug Plant Experiment Station.

The Physical Plant Department recommends that Schweikher and Elting, Architects, Roselle, Illinois, be employed for the necessary architectural services at a fee of 5½ per cent of the total cost. Based on the estimated cost of the buildings ($55,000), the fee will be approximately $3,025.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with Schweikher and Elting for such services.

On motion of Mr. McLaughlin, this contract was awarded and authority was given as recommended.

CONTRACTS FOR REMODELING OF QUARTERS FOR THE DEPARTMENT OF BIO-CHEMISTRY IN THE COLLEGE OF MEDICINE

(33) The Board of Trustees on January 12, 1950 (Minutes, page 970), made an appropriation of $100,000, subject to release of funds by the Governor, from the State appropriation for remodeling and equipment of quarters for the Department of Bio-Chemistry in the College of Medicine. A previous appropriation had been made on March 17, 1949 (Minutes, page 296), from the General Reserve Fund for the architectural and engineering services.

The Director of the Physical Plant and the Comptroller recommend that contracts be awarded as follows:

General mechanical and electrical work — Mueller Construction Co., Chicago $65 750 00
Manufacture and installation of fixed laboratory equipment, based on University specifications — E. H. Sheldon and Company, Chicago .. 25 996 12

These are the lowest bidders. The bid of E. H. Sheldon and Company on the laboratory equipment was $33,201.20; it was reduced by $7,205.08 by elimination on recommendation of the Department of Bio-Chemistry of twelve items of equipment.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts subject to the release of funds by the Governor. A release of $100,000 will be requested to cover these contracts and to provide approximately $9,000 for any necessary adjustments and the cost of moving the department after the remodeling.

On motion of Mr. Nickell, these contracts were awarded and authority was given as recommended.

PURCHASE OF X-RAY EQUIPMENT FOR ADDITION TO RESEARCH AND EDUCATIONAL HOSPITALS

(34) Competitive quotations were taken on January 31 on X-ray equipment required for ten rooms of the Radiology Department in the addition to the Research and Educational Hospitals now under construction.

The Head of the Department of Radiology, the Business Manager for the Chicago Professional Colleges, the Director of Purchases, and the Comptroller recommend purchases of this equipment as follows:

Picker X-ray Corporation, Chicago, equipment for Rooms 301, 302, 307, 310, 347, 352	$59 680
General Electric X-ray Corporation, Chicago, equipment for Room 304 and Emergency Room	12 303
Kelley Koett Company, Chicago, equipment for Rooms 340 and 346	31 630
	$103 613

Funds are available in the State appropriation for the "Construction of addition to present hospital."

I recommend approval, subject to the release of funds by the Governor.

On motion of Mr. Livingston, these purchases were authorized as recommended.

ENDOWMENT FUNDS INVESTMENTS

Mr. McLaughlin, for the Finance Committee, presented the following report.

The Finance Committee recommends the following transactions involving securities which are investments of endowment funds:

Sales:

Two shares of Standard Oil Company of New Jersey Common Stock
200 shares of Crane Company Common Stock

Purchases:

200 shares of Deere and Company Common Stock

Authorization to proceed with these transactions and approval of the following resolution is requested:

Resolution Regarding Sale of Stock

Whereas the Board of Trustees of the University of Illinois is the owner of two shares of Standard Oil Company of New Jersey Common Stock and 200 shares of Crane Company Common Stock, and

Whereas the Board of Trustees has approved the sale of such stock in its meeting of February 16, 1950,

Now, therefore, be it resolved by the Board of Trustees of the University of Illinois that Lloyd Morey, Comptroller, and H. E. Cunningham, Secretary, be authorized to execute any and all documents necessary to complete such sale.

On motion of Mr. McLaughlin, these transactions were authorized and the resolution was adopted as recommended.

SECRETARY'S REPORT OF CONTRACT

The Secretary presented for record the following document signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

Marine National Exchange Bank of Milwaukee, Deposit Agreement, $175,000 Staff Housing Revenue Bonds, Florida and Race Street Staff Housing Project—dated October 1, 1949.

SECRETARY'S REPORTS

The Secretary presented the following lists for record, as printed in the Appendix.

1. Appointments made by the President of the University (page 1005).
2. Graduate fellows (page 1007).
3. Resignations and declinations (page 1008).
4. Leaves of absence (page 1008).
5. Degrees granted February 12, 1950 (page 1009).

The Board adjourned, to meet on March 14, 1950.

H. E. CUNNINGHAM
Secretary

ZIM, H. S., Associate Professor, Education, academic year beginning September 1, 1950, $6000 (2-3-50).

GRADUATE FELLOWS

(The following appointments were made by the President of the University on the dates indicated in parenthesis.)

BENJAMIN, FRED B., Research Fellow, Clinical Science (Medicine), January 27-August 31, 1950, $200 a month (2-2-50).

COX, JOHN E., Lakefield Nepheline Syenite Fellow, Ceramic Engineering, February 1-June 15, 1950, and September 16, 1950-January 31, 1951, $1000 (1-28-50).

CROSS, DOROTHY M., Research Fellow, Physiology (Medicine), three months beginning January 1, 1950, $200 a month (1-11-50).

GORDON, ARCHER S., Research Fellow, Clinical Science (Medicine), three months beginning January 1, 1950, $150 a month (2-10-50).

JUSTER, RUBIN J., Research Fellow, Physiology (Medicine), three months beginning January 1, 1950, $150 a month (1-11-50).

MACKENZIE, AUDREY H., Upjohn Company Fellow, Horticulture, seven months beginning February 1, 1950, $700 (2-3-50).

MCKEOWN, MARILYN H., Fellow, Physics, February 1-June 15, 1950, $350 (2-2-50).

MOHR, PAUL H., Olin Industries, Inc. Fellow, Chemistry, February 1-June 15, 1950, $675 (1-23-50).

WOOD, DONALD W., Graham, Crowley, and Associates, Inc. Fellow, Chemical Engineering, one year beginning February 1, 1950, $1500 (1-11-50).

YEN, A. T. S., Special Postdoctoral Fellow, Ceramic Engineering, six months beginning February 1, 1950, $1800 (1-9-50).

YEN, TI, Fellow, Mathematics, February 1-June 15, 1950, $350, supersedes (1-19-50).

RESIGNATIONS AND DECLINATIONS

ALEXANDER, LLOYD G., Research Assistant Professor, Chemical Engineering (S) — resignation effective 2-1-50.

BAGLEY, CHARLES T., Visiting Assistant Professor, Civil Engineering (C) — resignation effective 3-1-50.

BERRY, ISAAC M., Fellow, Medicine — resignation effective 10-1-49.

BROWN, EDWARD L., Flight Instructor, Institute of Aviation — resignation effective 2-15-50.

BURNETT, RALPH W., Assistant, Soil Fertility (Agronomy) (S) — resignation effective at the end of business 2-28-50.

CELMER, WALTER D., Upjohn Company Fellow, Chemistry — resignation effective 3-1-50.

CHANNON, STANLEY L., Olin Industries, Inc. Fellow, Metallurgical Engineering — resignation effective 2-1-50.

COLOWICK, SIDNEY P., Associate Professor, Biological Chemistry (Medicine) — resignation effective 12-31-49.

CRAWFORD, FRED M., Assistant Professor, Rural Electrification Research (Agricultural Engineering) (S) — resignation effective 4-1-50.

CROSS, DOROTHY M., United States Public Health Service Research Fellow, Physiology (Medicine) — resignation effective 2-11-50.

DRAKE, MRS. ALINA, Instructor, Social Welfare Administration — resignation effective 3-4-50.

EATON, JAMES O., Instructor, Accountancy (Business Organization and Operation) — declination effective 3-1-50.

GREENWOOD, W. RUSSELL, Assistant Professor, Hygiene, and Medical Adviser for Men — resignation effective 2-14-50.

HERSHENHART, ALICE R., Fellow, Education — declination effective 2-1-50.

HUA, LOO-KENG, Visiting Professor, Mathematics — resignation effective 2-28-50.

KAPLAN, NATHAN O., Assistant Professor, Biological Chemistry (Medicine) — resignation effective 12-31-49.

KUHNS, DOROTHY J., Assistant Editor, rank of Instructor, Law — resignation effective 2-8-50.

MCNEILL, MRS. CECILY R., Architecture Library Assistant — resignation effective 2-1-50.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

March 14, 1950

The annual meeting of the Board of Trustees of the University of Illinois was held at Hotel LaSalle, in Chicago, on Tuesday, March 14, 1950, according to the following schedule:

10:30 a.m. — Executive session as in Committee of the Whole.

2:00 p.m. — Open session.

The following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mrs. Holt, Dr. Meyer, Mr. Nickell, Mrs. Watkins.

President Stoddard was present; also Dr. A. C. Ivy, Vice-President in charge of the Chicago Professional Colleges, Professor C. R. Griffith, Provost, Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and, during part of the day, Mr. I. L. Porter, Treasurer, Mr. J. F. Wright, Director of Public Information, and Mr. Wilbur Schramm, Asssitant to the President.

MR. KENNEY E. WILLIAMSON ELECTED PRESIDENT OF THE BOARD

On motion of Dr. Meyer, Mr. Fornof was made chairman for the election of the President of the Board.

Dr. Meyer nominated Mr. Kenney E. Williamson, of Peoria, for the office of President of the Board for the ensuing year.

On motion of Mr. Nickell, the nominations were closed, and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Williamson as President. The ballot was cast, and Mr. Williamson was declared elected President of the Board.

President Williamson took the chair and expressed his appreciation of the honor of his election.

MR. HARRISON E. CUNNINGHAM ELECTED SECRETARY

On nomination of Mr. Nickell and on motion of Mrs. Watkins, Mr. Harrison E. Cunningham, of Urbana, was elected Secretary of the Board for one year.

PROFESSOR LLOYD MOREY ELECTED COMPTROLLER

On nomination of Mr. Nickell, Professor Lloyd Morey, of Urbana, was elected Comptroller for one year.

EXECUTIVE COMMITTEE ELECTED

Dr. Meyer nominated Mr. Livingston, and Mr. Fornof nominated Mr. McLaughlin to serve, with the President of the Board as Chairman, as members of the Executive Committee for the ensuing year.

On motion of Dr. Meyer, the nominations were closed, and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Livingston and Mr. McLaughlin as members of the Executive Committee. The ballot was cast, and Mr. Livingston and Mr. McLaughlin were declared elected.

AUTHORITY TO RECEIVE MONEY

On motion of Mr. Nickell, the following resolution was adopted:

RESOLVED, that the Treasurer of the Board of Trustees of the University of Illinois be, and he hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to the Board of Trustees or to the University of Illinois.

DELEGATION OF SIGNATURES

On motion of Dr. Meyer, the following resolution was adopted:

RESOLVED, that the President and the Secretary of the Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the State Auditor, and to warrants drawn on the Treasurer of the University, under the following conditions.

The President of the Board of Trustees is authorized to delegate to C. H. Pratt, to L. M. Dahlenburg, and to W. D. Green in Urbana, and to H. A. Hazleton, to G. H. Pontious, and to H. O. Albers in Chicago, to H. R. Kobes and to Mabel F. Meek in Springfield, authority to sign his name as President of the Board of Trustees to vouchers against the State Auditor; and to C. C. DeLong, to H. F. Thornes, and to R. W. Zimmer in Urbana, and to H. A. Hazleton, to G. H. Pontious, and to H. O. Albers in Chicago, authority to sign his name to warrants on the University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to Maude Archdeacon and to Helen L. Smith in Urbana, and to G. R. Moon, to Ethel Engeljohn, to Helen Wyle, and to Velma M. Davis in Chicago, authority to sign his name as Secretary of the Board of Trustees to vouchers against the State Auditor and to warrants on the University Treasurer, covering vouchers approved in accordance with regulations of the Board. The Secretary of the Board of Trustees is authorized to delegate to Mrs. Freda M. Hicks and to Lean C. Ryan in Springfield, authority to sign his name as Secretary of the Board of Trustees on vouchers against the State Auditor approved in accordance with the regulations of the Board. And be it further

RESOLVED, that the First National Bank of Chicago as a designated depositary of Irvin L. Porter, Treasurer of this corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of the two following: Kenney E. Williamson, President, and Harrison E. Cunningham, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

RESOLVED, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

EXECUTIVE SESSION

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in executive session the following matters presented by the President of the University.

APPOINTMENT OF HEAD OF DEPARTMENT OF HOME ECONOMICS

(1) The Dean of the College of Agriculture recommends the appointment of Dr. Janice M. Smith, who has been serving as Acting Head of the Department of Home Economics, to the position of Professor of Nutrition and Head of the Department of Home Economics on indefinite tenure, effective April 1, 1950, at a salary of $9,000 a year on a twelve months (Y) service basis.

I concur in this recommendation.

On motion of Mrs. Holt, seconded by Mrs. Watkins, this appointment was made as recommended.

FEDERAL FUNDS FOR ADVANCED PLANNING

(2) On January 12, 1950 (Minutes, page 971), the Board of Trustees authorized the Comptroller to submit an application to the General Services Administration of the federal government for a non-interest bearing loan of funds for advanced planning for the following buildings in the order of priority:

Building	*Building Cost*	*Plan and Specification Cost*
Biology Building	$ 5 000 000	$225 000
Pharmacy Building	5 500 000	247 500
Student and Staff Housing	3 000 000	135 000
Law Building	2 300 000	103 500
Psycho-Educational Clinic	1 800 000	81 000
Physics Building Addition	1 200 000	54 000
	$18 800 000	$846 000

The total of $846,000 would provide for the cost of planning, including the preparation of detailed working drawings.

The application has been submitted, and there have been further discussions with representatives of the federal government. The total sum allotted to the state of Illinois to date is only $1,071,000, and applications have been received for more than twice this amount. It is impossible to allocate to the University of Illinois a sum adequate to complete even the plans for the Biology Building.

A plan has been suggested by the General Services Administration wherein the University would receive funds to complete preliminary plans for the Biology Building and for further plans for the Pharmacy Building. The cost of preliminary plans would be approximately $150,000-$175,000 for the two buildings. To receive these funds the University must agree (a) to request the legislature for appropriations for 1951-1953 to construct the buildings and (b) if such appropriations are not received at least in sufficient amount to complete the plans, either to refund the amounts advanced by the federal government or to appropriate from its general funds sufficient funds to complete the plans.

It will be advantageous to complete now the preliminary work on the plans for these buildings so that detailed plans and construction may proceed expeditiously when an appropriation is received. The two buildings involved are in the highest priority of future buildings at the University.

This proposal has been reviewed and approved by the Chairman of the Building Program Committee, the Consulting Architect, the University Architect, and the Comptroller.

I concur and request that the Comptroller be authorized to complete necessary documents to secure the funds from the federal government for preliminary planning for the Biology Building and the Pharmacy Building, including the agreements outlined above.

The Comptroller commented on this matter.

On motion of Mr. Nickell, this recommendation was adopted.

LICENSE OF PRODUCTS OF STREPTOMYCIN

(3) The University is the assignee of an application by Professor Herbert E. Carter of the Department of Chemistry for a patent of processes relating to the degradation products of streptomycin known as streptidine and streptamine. This discovery was the result of research work on antibiotic substances sponsored by the Abbott Laboratories, Eli Lilly and Company, Parke, Davis, and Company, and the Upjohn Company. The discovery was released by the Board of Trustees to Professor Carter on May 29, 1946, assigned by him to Parke, Davis, and Company, and subsequently reassigned by that company to Professor Carter and by him to the University. It was the sponsor's (i.e., Parke, Davis, and Company) wish that the University hold title to any patents secured in the course of research work to avoid any anti-trust suits. The sponsors agreed to pay all costs of securing a patent and, in the event of any law suits, to pay the cost of such litigation. The agreement with Parke, Davis, and Company and the other three sponsors of the research work on antibiotic substances includes a provision that the University shall grant royalty-free, non-exclusive licenses under any patent which may ultimately issue, to Parke, Davis, and Company, Eli Lilly and Company, the Upjohn Company, and the Abbott Laboratories.

In Professor Carter's judgment the patent has no apparent value. It was applied for originally before the chemistry of streptomycin had been elucidated with the idea that simpler derivatives might prove to be of some use clinically. So far no degradation products of streptomycin and no related compounds have shown antibacterial activity. It seems, therefore, very unlikely that the patent, when and if issued, would have any financial value.

Moreover, Merck and Company, Inc., and E. R. Squibb and Sons are assignees of applications for patents in the same field which has created a case of interference. It is possible that Merck and Company, Inc., can obtain the entire patent, since publication dates indicate that their researches were two or three months ahead of Professor Carter's.

It has been proposed by the counsel for Parke, Davis, and Company that this

be resolved by a settlement agreement under which Merck and Company, Inc., E. R. Squibb and Sons, Parke, Davis, and Company, Eli Lilly and Company, the Upjohn Company, and the Abbott Laboratories would each receive a royalty-free, non-exclusive license with the further provision that Merck and Company, Inc., and E. R. Squibb and Sons would each be given the right to grant three royalty-free sub-licenses.

This proposed solution is part of patent agreement among pharmaceutical manufacturers to broaden the availability to the public of the important antibiotic substances. The Dean of the Graduate College and Chairman of the University Research Board is convinced that the public interest will be well served if the Board of Trustees of the University of Illinois enters into such an agreement. The Legal Counsel concurs in this opinion.

I therefore recommend that the Board of Trustees enter into the settlement agreement herein proposed.

On motion of Mrs. Watkins, this agreement was authorized.

EXCHANGE OF LAND WITH MEDICAL CENTER COMMISSION

(4) The Medical Center Commission has suggested an exchange of the property owned by them located at 718 South Hermitage Avenue, Chicago, for property owned by the University of Illinois located at 1745 West Flournoy Street, Chicago.

The property at 1745 West Flournoy Street was purchased in 1922 and has an area of approximately 1,345 square feet. The University has sold the property north of the Union Building to the Cook County Graduate School, and as a result, owns no property contiguous to 1745 West Flournoy Street.

The property owned by the Medical Center Commission at 718 South Hermitage Avenue consists of approximately 3,100 square feet and is adjacent to property now owned by the University of Illinois.

The proposed transfer results in a unification of University property and increases the area owned by the University. Vice-President Ivy, Director Havens, and Comptroller Morey recommend that the transfer be approved.

I concur and request the Board to adopt the attached resolution (see Appendix, page 1061).

Dr. Ivy commented on this matter.

On motion of Mrs. Watkins, the resolution was adopted as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mr. Stevenson.

APRIL MEETING IN SPRINGFIELD

At this point, President Williamson announced that he had received an invitation from Governor Stevenson to hold the next meeting of the Board at the Executive Mansion, in Springfield, on Wednesday, April 19, 1950.

On motion of Mr. Fornof, this invitation was accepted, with appreciation.

RECESS FOR LUNCHEON

At this point, the Board recessed for luncheon. Present as guests of the Board were: Mr. Herbert B. Megran, President of the University of Illinois Foundation, Mr. Fred H. Ebersold, President of the Alumni Association, Mr. William H. Butterfield, Manager of the Foundation, Mr. James C. Colvin, Secretary of the Foundation, and Professor Robert G. Kesel, of the College of Dentistry.

After luncheon, Dr. Kesel reported on the status of his work on the eradication of dental caries.

OPEN SESSION

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. MRS. EVELYN M. BROWN, Assistant Professor of Nursing Education, beginning February 1, 1950, without salary.

2. E. ELIZABETH GEIGER, Assistant Professor of Nursing Education, beginning February 1, 1950, without salary.

3. HENRY GLUPKER, Associate Professor of Full and Removable Partial Dentures, beginning March 1, 1950, at an annual salary of $2,500.

On motion of Mr. Herrick, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

REPORT ON THE BETATRON

(1) A report on the placing in commission of the new Betatron.

Dr. Ivy commented on this matter.

This report was received for record.

AWARD OF CERTIFICATES OF CERTIFIED PUBLIC ACCOUNTANT

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

CLARENCE BERNARD KNOBBE (Iowa)
GEORGE ENOCH MILLER (Mo.)
EDWIN CROWN NELSON (Calif.)
ROBERT POWER NELSON (Ohio)
WILLIAM LOUIS RABY (Nebr.)
STANLEY EDGAR SHIRK (N.Y.)
ARNOLD REUBEN TERNQUIST (Calif.)
PHILO RALPH ZIMMERMAN (Wash.)
HARRY MARSHALL HOUSE (Mo.)

I concur.

On motion of Mr. Herrick, these certificates were awarded as recommended.

APPOINTMENTS TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(3) I submit the following nominations for reappointments, and one new appointment, to the Board of Directors of the University of Illinois Athletic Association to become effective March 14, 1950, and continuing until the annual meeting of the Board of Trustees in 1951.

Faculty

CHARLES W. SANFORD, Professor of Education and Coordinator of Teacher Education; Associate Dean of the College of Education

PAUL N. LANDIS, Professor of English and Acting Head of the Department

ROBERT G. BONE, Associate Professor of History, Director of the Division of General Studies, and Director of the Division of Special Services for War Veterans

LESLIE A. BRYAN, Professor of Management and Director of the Institute of Aviation (*new appointment*)

Alumni Association

MILTON M. OLANDER, Class of 1922, Manager of Industrial Relations, Owens-Illinois Glass Company, Toledo, Ohio

Director Bryan replaces Professor Frank H. Beach of the Department of Business Organization and Operation who has been on the Board of Directors since March, 1946. All the others are reappointments.

On motion of Mr. Fornof, these directors were appointed as recommended.

SABBATICAL LEAVES OF ABSENCE, 1950-1951

(4) I recommend that the following members of the staff be given sabbatical leaves of absence during the academic year 1950-1951 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods indicated.

The programs of research, study, and travel for which these leaves are requested have been examined by the University Research Board which advises the President in such matters. The Research Board's report to the President includes an evaluation of the program in terms of benefits to the University and to the individual.

Leaves of Absence for the Full Academic Year on One-Half Pay

WILLIAM F. ATCHISON, Assistant Professor of Mathematics
ALDEN D. CUTSHALL, Associate Professor of Social Sciences, Chicago Undergraduate Division
SIDNEY M. DANCOFF, Profcssor of Physics
ALAN K. LAING, Professor of Architecture
ROSE B. PHELPS, Associate Professor of Library Science
CHESTER G. STARR, Associate Professor of History, with the option of changing to leave for the first semester on full pay (Professor Starr has applied for a Guggenheim fellowship. If he is not awarded the fellowship, he desires leave for the first semester on full pay.)
CLARETA WALKER, Assistant Professor of Home Economics

Leaves of Absence for One-Half Year on Full Pay

HARRY W. ANDERSON, Professor of Plant Pathology, second semester
HAROLD E. BABBITT, Professor of Sanitary Engineering, first semester
JOHN F. BELL, Professor of Economics, second semester
CHARLES E. BRADBURY, Professor of Art, second semester
PAUL D. CONVERSE, Professor of Marketing (Department of Business Organization and Operation) and Research Professor of Marketing (Bureau of Economic and Business Research), second semester

HERBERT WOODROW, Professor of Psychology and Head of Department, first semester

Leave of Absence for One-Half Year on One-Half Pay

MAX H. FISCH, Professor of Philosophy, first semester, with additional leave for second semester without pay

The total number of leaves recommended is twenty-four; twenty-nine were approved for the year 1949-1950.

On motion of Mr. Fornof, these leaves were granted as recommended.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(5) The Governor has approved the following release of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 19

"For Permanent Improvements at Chicago Construction of Addition to Present Hospital.....$ 103 613"

This is a partial release from an appropriation of $7,395,000. The Governor has previously released (Releases No. 8, 15, and 17) $6,176,895.18 from this appropriation. The funds now released are for the purchase and installation of X-ray equipment, as authorized by the Board on February 16, 1950.

Release No. 20

"For Permanent Improvements at Urbana-Champaign Construction of Veterinary Science Unit.....$1 270 000"

This is a partial release from an appropriation of $1,560,000. The Governor has previously released (Release No. 7) $40,000 for architectural and engineering services on the Veterinary Science Building. The funds now released are for the construction of the Veterinary Science Building, contracts for which were authorized by the Board on February 16, 1950.

Release No. 21

"For Contingencies to Cover Expenditures for Purposes for which the Amount Appropriated in any Item Above Enumerated is, or becomes, Insufficient.....$ 97 790"

This is a partial release (the third) from an appropriation of $550,000. It will supplement the appropriation for "Construction of Utility Distribution System and Remodeling of Existing Buildings" and will be used for the remodeling of the Department of Biological Chemistry in the Medical and Dental College Laboratories Building.

Release No. 22

"For Contingencies to Cover Expenditures for Purposes for which the Amount Appropriated in any Item Above Enumerated is, or becomes, Insufficient.....$ 2 210"

This is a partial release (the fourth) from an appropriation of $550,000. It is to supplement the appropriation for "Equipment for buildings at Urbana-Champaign and Chicago" and is to be used for movable equipment for the Department of Biological Chemistry in the College of Medicine.

I recommend that these funds be appropriated for the purposes indicated.

On motion of Mrs. Holt, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(6) The Committee on Nonrecurring Appropriations recommends assignments from the General Reserve Fund for the following purposes:

1. Collections of books and periodicals for the University Library.....$20 782
2. Publication of College of Fine and Applied Arts Bulletin..... 4 250
3. Speech and Hearing Clinic equipment for the College of Liberal Arts and Sciences 3 231

4. Purchase of microscopes for the College of Pharmacy	8 250
5. Fixed equipment for the Sanitary Engineering Laboratory of the College of Engineering	4 000
6. Remodeling of 265 Electrical Engineering Building to house network analyzer	3 500
7. Building improvements at Dixon Springs Experiment Station	16 000
8. Replacement of cars for College of Agriculture	15 000
9. Remodeling of building on McCullough Farm for Veterinary Research	5 000
10. Forest plantation on McCullough Farm	3 500
11. Storage building for volatile liquids for Business Office (Purchasing Division)	9 575
12. Remodeling of quarters for Office of Nonacademic Personnel	2 550
Total	$95 638

I concur.

These proposed improvements have been carefully studied by the Committee on Nonrecurring Appropriations. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Mrs. Watkins, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mrs. Holt, Dr. Meyer, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Hickman, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mr. Stevenson.

CONTRACT FOR PAVING OF TERRACES AT LINCOLN AVENUE RESIDENCE

(7) The Director of the Physical Plant and the Comptroller recommend award of a contract for $12,254 to C. A. Petry and Sons, Champaign, the lowest bidder, for the construction of paved terraces on either side of the front entrance to the Lincoln Avenue Residence. This is a part of the original plans for the building but was not included in previous construction contracts. Funds are available.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Fornof, this contract was authorized as recommended.

CONTRACT FOR CLEANING AND TUCK POINTING WALLS OF CHICAGO PROFESSIONAL COLLEGES BUILDINGS

(8) The Director of the Physical Plant and the Comptroller recommend award of a contract for $7,395 to Herman E. Iverson, Chicago, the lowest bidder, for cleaning and tuck pointing the exterior walls of the Medical, Dental, Orthopaedic, and the Illini Union Buildings of the Chicago Professional Colleges. This is necessary maintenance work to keep the buildings in good condition. Funds are available in the Physical Plant Department budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Holt, authority was given as recommended.

CONTRACTS FOR ALTERATIONS IN UTILITIES DISTRIBUTION SYSTEM AT THE CHICAGO PROFESSIONAL COLLEGES

(9) The Director of the Physical Plant and the Comptroller recommend award of contracts for alterations in the utilities distribution system at the Chicago Professional Colleges as follows:

E. P. Allison and Company, Chicago $5 600

For alterations in electrical supply lines to the Illinois Surgical Institute, or Orthopaedic Building, of the Research and Educational Hospitals. The work will include replacement of present lines due to overload; a new combination power and light distribution center; conversion of

two risers from single to three phase; and installation of new circuit breaker type cutout cabinets.

B-H Electric Company, Chicago..... 6 497
For alterations in electrical supply lines to the Research Laboratory and Library Unit of the Medical and Dental College Laboratories Building. The work will include installation of new three-phase, four-wire service feeder line of sufficient capacity to service general light and power loads; installation of new service and distribution panel; replacement of existing three-wire riser with four-wire riser; and replacement of six panels with three-phase four-wire circuit breaker type panels. These alterations are necessary to eliminate the existing overload.

Both companies are the low bidders on these installations.

I recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts when funds have been released by the Governor from the State appropriation for "Construction of Utility Distribution System and Remodeling of Existing Buildings" ("Permanent Improvements at Chicago").

On motion of Mrs. Watkins, authority was given as recommended.

CHANGES IN CONTRACTS FOR CONSTRUCTION OF RESEARCH AND EDUCATIONAL HOSPITALS ADDITION

(10) The Director of the Physical Plant and the Comptroller recommend the following additions to contracts for the construction of the addition to the Research and Educational Hospitals. These changes are to provide for the relocation of the Manufacturing Pharmacy. Construction of the new addition will require wrecking of space now occupied by the Manufacturing Pharmacy.

General work — Patrick Warren Construction Company, Chicago.....$1 243 00
Plumbing — Economy Plumbing and Heating Company, Chicago..... 7 778 47
This work will be performed on a labor and materials basis not to exceed an estimated $6,321.39, plus fees of 15 per cent for overhead and 7 per cent for profit, total estimated cost $7,778.47; overhead, profit, and insurance will be adjusted on the basis of the final cost of labor and materials.

Heating and ventilating — Bloomer Heating and Ventilating Co., Chicago..... 2 146 00

Funds are available in the State appropriation for the construction of the addition to the Research and Educational Hospitals for these changes.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these change orders.

On motion of Mr. Herrick, authority was given as recommended.

ADDITION TO GENERAL CONTRACT FOR CONSTRUCTION OF STUDENT AND STAFF APARTMENTS

(11) On February 16, 1950 (Minutes, page 997), the Board of Trustees approved an increase in the general contract for the construction of the original buildings of the Student and Staff Apartments to provide for replacement of tracks on all wardrobe sliding doors, which have been found unsatisfactory, with new tracks, rollers, and door guides of the overhead installation type. A similar change is recommended in the specifications for installations of wardrobe doors in the second six-story building now under construction.

The Director of the Physical Plant and the Comptroller recommend an increase of $2,432 in the general work contract with Kuhne-Simmons Company, Inc., to provide for this change. Funds are available. I concur and recommend that the Comptroller be authorized to execute this addition to the contract.

On motion of Mrs. Holt, authority was given as recommended.

COMPTROLLER'S REPORT OF CONTRACTS

(12) The Comptroller's report of contracts and leases executed and adjustments made from January 11 to February 28, 1950 (see Appendix, page 1062).

This report was received for record.

PURCHASES RECOMMENDED

(13) The Director of Purchases has proposed and the Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of the lowest bid (see Appendix, page 1063).

I concur.

On motion of Mr. Fornof, these purchases were authorized as recommended.

REPORT OF EMERGENCY PURCHASES OF COAL

(14) As a result of the coal strike, on October 25, 1949, the Board of Trustees authorized the President of the Board and the Comptroller to approve emergency purchases of coal at the best price obtainable by the Director of Purchases. Following is a report of such purchases made since the last Board meeting on February 16, 1950:

Urbana-Champaign	*Price (f.o.b. mine)*	*Freight*	*Total*
Taylor-English Coal Co., Danville			
One car per day (600 tons) 1¼ x ¼" re-screened screenings			
Per ton	$ 4 60	$ 99	$ 5 59
Total	2 760 00	594 00	3 354 00
Capitol Coal Co., St. Louis, Missouri			
Ten cars (500 tons) ½ x 28" mixed washed screenings and ½ x 0" raw screenings			
Per ton	6 00	2 70	8 70
Total	3 000 00	1 350 00	4 350 00
Haddaway Coal Co., St. Louis, Missouri			
150 cars (7,500 tons) 1½" screenings to be shipped one car per day 3/1–8/31/50			
Per ton	3 60	2 64	6 24
Total	27 000 00	19 800 00	46 800 00
Total	$32 760 00	$21 744 00	$54 504 00

SUMMARY OF EMERGENCY COAL PURCHASED
OCTOBER 24, 1949, TO MARCH 1, 1950

Total Purchases	22264.28 Tons	$142 851 24
Average Cost Per Ton	$6.416	
Contract Price	4.99	
Excess Over Contract Price Per Ton	$1.426	
Total Excess		$31 748 86

The Provost and the Comptroller commented on this matter.

President Williamson expressed the appreciation of the Board for the excellent work of the Provost and other officers in the emergency.

CONTRACT FOR POWER PLANT ADDITION

(15) The Director of the Physical Plant and the Comptroller recommend award of a contract for $114,665 to Kuhne-Simmons Company, Inc., Champaign, the lowest bidder, for construction of the addition to the Abbott Power Plant. This contract will cover the superstructure and erection of structural steel (which has been purchased separately) for an additional turbine room. Funds are available in the State appropriation for 1949-1951 for "Additions to Power and Heating Plant and Remodeling of Existing Buildings" ("For Permanent Improvements at Urbana-Champaign").

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract subject to the release of funds by the Governor.

On motion of Mrs. Watkins, authority was given as recommended.

FRANK HENDERSON SIMPSON

Mr. Fornof presented the following:

The Honorable Frank Henderson Simpson was born in Vincennes, Indiana, December 6, 1870, and died in Flora, Illinois, March 3, 1950.

Educated in the public schools of Washington, D.C., Mr. Simpson engaged in fruit growing in Illinois in 1890. He organized the F. H. Simpson Company in 1913, which became a large business in wholesale fruit marketing and distribution. He was active in banking and financial circles in Flora, Illinois, and was chairman of the Republican County Central Committee from 1922 to 1930. He was a member and past president of the International Apple Association, a member of the Presbyterian Church, and a thirty-second degree Mason.

Mr. Simpson was appointed by Governor Len Small in November, 1928, to fill a vacancy on the Board of Trustees. He served with distinction until March, 1931. He was chairman of the Committee on Engineering, and member of the committees on agriculture, buildings and grounds, finance, and physical education. His interest, his wisdom, and his integrity made him a valuable member of the Board. He was elected to serve from January to March, 1931, as President *pro tempore* of the Board during the absence from the State of President Barr. He was noted for his loyalty and his charming and friendly personality.

Mr. Simpson is survived by his widow, a daughter (Mrs. Doris S. Holt, a member of the present Board of Trustees), a granddaughter, and a great-grandson. The sympathy of the Board goes out to them in their sorrow.

On motion of Mr. Fornof, this memorial was adopted and the Secretary was directed to send a copy to Mr. Simpson's family.

Mrs. Holt expressed her great appreciation of the flowers sent by the Board and of this memorial.

TESTIMONIAL TO ROGER ADAMS

On request of President Williamson, the Secretary read the following:

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
TO ROGER ADAMS
GREETINGS AND CONGRATULATIONS!

Your election to the Presidency of the American Association for the Advancement of Science is a merited recognition of your eminent scientific attainments and of your services to the nation in two wars and in peace.

In giving you this token of its great appreciation, the Board of Trustees extends to you all good wishes for a fruitful and happy future.

EXCHANGE OF LAND WITH MEDICAL CENTER COMMISSION

Resolution

WHEREAS, the real property legally described as "Sub Lot 4 in McKay's Resubdivision of Lots 1 and 2 in the East half of Block 5 of the Assessor's Division of the East half of the South East quarter of Section 18, Township 39 North, Range 14, East of the Third Principal Meridian in Cook County, Illinois," which property is further identified by Medical Center Commission as Parcel 6:1, and is located at 1745 West Flournoy Street, Chicago, Illinois, has been acquired by and in the name of the Board of Trustees of the University of Illinois; and

WHEREAS, title to said real property is now held in the name of the Board of Trustees of the University of Illinois; and

WHEREAS, the Board of Trustees of the University of Illinois is the owner of said real property; and

WHEREAS, the Board of Trustees of the University of Illinois desires to convey and transfer title to and full ownership of the above real property to Medical Center Commission, in consideration of the conveyance by Medical Center Commission to the Board of Trustees of the University of Illinois of the title to and ownership of the real property described as "Lot 8 and South 4 inches of Lot 7 in B. F. Hadduck's Subdivision of the East half of Block 5 in Assessor's Division of the East half of the South East quarter of Section 18, Township 39 North, Range 14, East of the Third Principal Meridian, in Cook County, Illinois," which property is further identified as Medical Center Commission Parcel 6:10, and is located at 718 South Hermitage Avenue, Chicago, Illinois; and

WHEREAS, it is the sense of the Board of Trustees of the University of Illinois that the above exchange of real estate would be in the interest and advantage of the Board of Trustees of the University of Illinois;

NOW, THEREFORE, BE IT, AND IT IS HEREBY RESOLVED by the Board of Trustees of the University of Illinois that the above real property owned by the Board of Trustees of the University of Illinois, and known as Medical Center Commission Parcel 6:1, which is legally described as above, be conveyed by Quit-Claim Deed to Medical Center Commission in consideration of the simultaneous conveyance by said Medical Center Commission to the Board of Trustees of the University of Illinois of that certain real property owned by Medical Center Commission, and known as Medical Center Commission Parcel 6:10 and legally described above, provided said real property to be so conveyed from said Medical

Center Commission to the Board of Trustees of the University of Illinois is free and clear of all encumbrances of every kind and character, including taxes and special assessments; and the President of the Board of Trustees of the University of Illinois is hereby authorized, empowered and directed to execute such deed from the Board of Trustees of the University of Illinois, as grantor, to Medical Center Commission, as grantee, conveying said Parcel 6:1, as aforementioned, such act to be attested by the Recording Secretary of the Board of Trustees of the University of Illinois; and said Recording Secretary is hereby authorized, empowered and directed to affix the corporate seal of the Board of Trustees of the University of Illinois to such deed, and to attest the act of the President of the Board of Trustees of the University of Illinois in executing the same, as aforesaid; and thereupon the President of the Board of Trustees of the University of Illinois shall deliver said deed last mentioned to Medical Center Commission upon receiving from it a conveyance of said Parcel 6:10, legally described above, free and clear of all encumbrances, including taxes and special assessments, as above.

Certification

I, H. E. Cunningham, hereby certify that I am the duly appointed Recording Secretary of the Board of Trustees of the University of Illinois, a body corporate and politic, created under and by virtue of the laws of the State of Illinois, and that as such Recording Secretary I am the keeper of the records of said the Board of Trustees of the University of Illinois.

I do further certify that on March 14, 1950, the Board of Trustees of the University of Illinois, at its annual meeting duly called and held, duly adopted a certain Resolution, copy of which is hereto attached, and that such Resolution is now in full force and effect.

IN WITNESS WHEREOF, I have hereunto affixed my signature as Recording Secretary of the Board of Trustees of the University of Illinois, and caused the corporate seal of said the Board of Trustees of the University of Illinois to be hereto affixed this 14th day of March, 1950.

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

February 16, 1950

The February meeting of the Board of Trustees of the University of Illinois was held on Thursday, February 16, 1950, in the Illini Union Building, in Urbana, according to the following schedule:

10:30 a.m. — Executive session as in Committee of the Whole.

2:00 p.m. — Open session.

The following members were present: President Williamson, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins.

President Stoddard was present; also, Vice-President A. C. Ivy, Provost C. R. Griffith, Assistant to the President A. J. Janata, Secretary H. E. Cunningham, Comptroller Lloyd Morey, and, during the open session, Director of Public Information J. F. Wright, Assistant to the President Wilbur Schramm, Professor R. B. Hudson.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of January 12, 1950.

On motion of Mrs. Watkins, the minutes were approved as printed on pages 963 to 986 above.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered in executive session the following matters presented by the President of the University.

RECOMMENDATIONS RELATING TO PATENTABLE DISCOVERIES

(1) A. Dr. C. S. Marvel of the Department of Chemistry reports the discovery by himself and Dr. B. R. Bluestein, a former graduate student who worked under him last year, of the reaction of a chlorine-containing polymer with triethylphosphite to produce an organic phosphorus derivative which is slow burning. The discovery appears to have potential value in the preparation of flame resistant materials, but a considerable amount of further research and development will be necessary, and there is no assurance that the ultimate result would justify the cost of securing a patent.

On the basis of advice from members of the Department of Chemistry staff, the Chairman of the University Research Board recommends that the discovery be released to the discoverers.

B. Edward W. Ernst, Special Research Assistant in Electrical Engineering, reports the development of "An Anticipator Circuit for Reducing the Effective Thermal Time Lag," an improved form of temperature-measuring device which may be patentable. This development results from an Engineering Experiment Station research program sponsored by the Bird Electronic Corporation of Cleveland, Ohio.

The Chairman of the University Research Board recommends that the University of Illinois Foundation be requested to have a patent search made to determine the novelty of this invention, and that if it appears to be patentable, an application for a patent to be assigned to the University of Illinois Foundation be filed.

C. Associate Professor G. I. Wallace, of the Department of Bacteriology, and Mr. Walter Zygmunt, a graduate assistant in that Department, have isolated a bacterium which produces an antibiotic substance which may be of therapeutic importance. This substance seems to be effective against various disease-producing bacteria, and appears not to be toxic to animals even in rather large doses. To carry forward from this point the development of the substance as a useful thermotherapeutic agent is a long and costly process best carried out in cooperation with a pharmaceutical manufacturer. Control of possible patents by such a manufacturer is a necessary concession in securing the manufacturer's support.

The University Research Board has considered this matter and has also consulted Professors Herbert E. Carter of the Department of Chemistry and Halvor O. Halvorson of the Department of Bacteriology. It is the judgment of the Research Board that the public interest will be best served if the discovery of this antibiotic substance is released to the discoverers so that they can negotiate with pharmaceutical manufacturers for the production, study, and development, and the Research Board so recommends.

I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were adopted.

LEAVE OF ABSENCE FOR PRESIDENT STODDARD

(2) A request for leave of absence from May 9 to June 15, to enable him to attend a meeting of UNESCO in Florence, Italy.

On motion of Mr. Nickell, this leave was granted as requested.

USE OF UNIVERSITY PREMISES FOR POLITICAL MEETINGS

(3) Following considerable campus discussion in meetings and through the press, the Student Senate on March 8, 1950, passed the following resolution:

I. Political speakers are not allowed to appear on the campus.

II. This restriction stems from a resolution passed by the Board of Trustees in 1890. "Action: On motion of Mr. Bennett it was resolved that hereafter the University buildings and grounds be not used for political purposes."

III. The Student Senate feels that such a restriction is contrary to the best interests of the student body.

A. Hearing political campaign speeches should be part of the educational process of the college student.
B. Other comparable universities do not impose such restrictions.
C. If Democracy is to function the citizens should have every possible opportunity to hear and discuss political issues.

IV. It is the sense of the Student Senate that steps should be taken to make it possible for major candidates for national public offices or Governor of the State from political parties recognized by the State of Illinois to appear on the campus of the University.

V. The Student Senate respectfully requests the President of the University of Illinois to present this matter to the Board of Trustees with the recommendation that the resolution of December 9, 1890, be reconsidered. It is the desire of the Student Senate that provision be made to make it possible for major political speakers to use university grounds and facilities and to appear before the student body of this University.

VI. The Student Senate recommends that it, being representative of the student body, initiate the administration.

Also the All-University Forum Committee endorses a lifting of this sixty-year law, stating

The function of the Committee is to bring students in contact with significant personalities, problems, and trends of the day, thereby implementing the educational process. Students are a critical audience and indicate a definite preference for participants in affairs rather than mere observers who relate things at second hand. Insulating students from the political personalities and issues of the day seems both unrealistic and self-defeating.

Next fall will witness a highly significant campaign for the United States Senate.

We would like to sponsor either joint or several appearances of the candidates.

We are aware that the continuation of some restrictions is essential, as, for example, limitation of appearances to candidates for state and national offices, and assurance of equal opportunity for rival candidates as in the case of radio time.

. . . . . .

Now, technically these campus groups are not thinking of the use of University buildings "for political purposes," but of the contact between student body and staff on the one hand and political candidates on the other. We could, I presume, be using the buildings for educational purposes while the speakers were expressing political thoughts.

However, we have held to a strict interpretation, not without embarrassment at times, and with a definite loss to students and staff. I know that my own college life was more interesting because of the personal appearances of Bryan, Taft, and Hoover.

I recommend, therefore, that the Board action of 1890 be rescinded and that the following action, in substance, be taken:

RESOLVED, that the University buildings and grounds and facilities in communications be available to candidates for state-wide and national offices from political parties recognized by the state of Illinois, and to other responsible political speakers, subject to the approval of the President of the University.

If the Board approves, I recommend that this change become effective immediately.

On motion of Dr. Meyer, this matter was referred to the Committee on General Policy for consideration and report at the May meeting.

The Board recessed for luncheon.

OPEN SESSION

After luncheon, the Board convened in open session.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. H. W. DOWLING, Professor of Preventive Medicine and Public Health, and Head of the Department, beginning June 1, 1950, at an annual salary of $12,000.
2. I. C. GUNSALUS, Professor of Bacteriology, beginning September 1, 1950, at an annual salary of $9,500.
3. CHARLES A. HICKMAN, Professor of Economics, and Research Professor of Economics, beginning September 1, 1950, at an annual salary of $8,500.
4. ROBERT M. KARK, Professor of Medicine, beginning July 1, 1950, at an annual salary of $10,000.
5. S. E. LURIA, Research Professor of Bacteriology, beginning September 1, 1950, at an annual salary of $8,000.
6. CHARLES L. MAXWELL, Assistant Professor of Hygiene, and Medical Adviser for Men, beginning July 1, 1950, at an annual salary of $7,200.
7. ALVIN L. NEUMANN, Associate Professor of Animal Science, beginning July 1, 1950, at an annual salary of $6,200.
8. HORACE W. NORTON, Professor of Agricultural Statistics, beginning September 1, 1950, at an annual salary of $8,000.
9. FREDERICK SARGENT, II, Assistant Professor of Physiology, beginning September 1, 1950, at an annual salary of $4,500.
10. WILLIAM W. WAINWRIGHT, Professor of Radiology, and Head of the Department, beginning September 1, 1950, at an annual salary of $8,000.

On motion of Dr. Meyer, these appointments were confirmed.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

APPOINTMENT OF W. ELLISON CHALMERS AS DIRECTOR OF THE INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(1) I recommend that Dr. W. Ellison Chalmers, Professor of Economics and Professor in the Institute of Labor and Industrial Relations, who has been serving as Acting Director of the Institute since September 1, 1949, be appointed Director of the Institute at a total salary of $9,500, service to be on a twelve months' or "Y" basis.

Under University Statutes a dean or director is appointed for a term of two years. Professor Chalmers' present appointment as Acting Director will expire September 1, 1950. I recommend that the change in title to Director and the new salary become effective as of May 1, 1950.

On motion of Dr. Meyer, this appointment was made as recommended.

APPOINTMENT OF MARK H. HINDSLEY AS DIRECTOR OF THE UNIVERSITY OF ILLINOIS BANDS

(2) The University of Illinois Bands have been an independent organization, the Director reporting to the President of the University. For administrative purposes the Bands should be attached to one of the major divisions of the University. I recommend that they be placed under the general supervision of the Dean of the College of Fine and Applied Arts.

I recommend further that Associate Professor Mark H. Hindsley, who has been serving as Acting Director of the Bands since September 1, 1948, when Director A. A. Harding retired, be appointed Director of the University of Illinois Bands and Professor in the School of Music, effective May 1, 1950, at a total salary of $8,500.

On motion of Mr. Nickell, this appointment was made as recommended.

APPOINTMENT OF DIRECTOR AND ASSISTANT DIRECTOR OF THE STUDENT COUNSELING BUREAU

(3) I recommend the following appointments to be effective May 1, 1950:

1. William M. Gilbert, now Acting Director of the Student Counseling Bureau, as Associate Professor of Psychology and Director of the Student Counseling Bureau at an annual salary of $8,000.

2. Leo A. Hellmer, now Acting Assistant Director of the Bureau, as Associate Professor of Psychology and Assistant Director of the Student Counseling Bureau at an annual salary of $7,000.

On motion of Mrs. Holt, these appointments were made as recommended.

APPOINTMENT OF DEAN STANLEY W. OLSON TO BOARD OF DIRECTORS, INSTITUTION FOR TUBERCULOSIS RESEARCH

(4) The Sixty-sixth General Assembly of Illinois established the Institution for Tuberculosis Research for the production, distribution, and application of the bacillus Calmette-Guerin (BCG), and other methods and materials for the prevention of tuberculosis and for conducting research in tuberculosis. The General Assembly has also made appropriations for expenses incidental to the operation of the Institution. Its management is vested in a five-man board — two appointed by the University and two by the Board of the Municipal Tuberculosis Sanitarium of Chicago. The fifth member is elected by the other four.

The resignation of Dr. J. B. Youmans, former Dean of the College of Medicine, leaves a vacancy on the Board. Vice-President A. C. Ivy recommends the appointment of Dr. Stanley W. Olson, the new Dean of the College of Medicine, to fill the vacancy. The complete personnel of the Board will be:

Appointed by the University of Illinois

Dr. A. C. Ivy, Vice-President
Dr. Stanley W. Olson, Dean of the College of Medicine

Appointed by the Municipal Tuberculosis Sanitarium of Chicago

Dr. Herman N. Bundesen, President, Chicago Board of Health
Dr. Ernest E. Irons, Consulting Physician, Presbyterian Hospital, Chicago

Appointed by the Other Four

Dr. Walter H. Theobald, Otolaryngologist, Municipal Tuberculosis Sanitarium, and member of the Medical Center Commission

I concur.

On motion of Mr. McLaughlin, this appointment was made as recommended.

DEPARTMENTS OF PREVENTIVE MEDICINE AND PUBLIC HEALTH

(5) The educational and research program in Preventive Medicine and Public Health in the College of Medicine is presently under one department. The Vice-President in charge of the Chicago Professional Colleges recommends that it be organized into two departments, a Department of Preventive Medicine and a Department of Public Health.

He also recommends the following appointments:

1. Harry Filmore Dowling as Professor and Head of the Department of Preventive Medicine on indefinite tenure, beginning June 1, 1950, at an annual salary of $12,000 (AY).

2. Howard J. Shaughnessy, now Professor of Bacteriology serving without salary, as Professor and Head of the Department of Public Health, the terms of his appointment to be determined later. Dr. Shaughnessy is now Director of Laboratories of the State Department of Public Health, and he will probably

want to divide his time between the University and the Department. The details of this have not been completed.

On motion of Dr. Meyer, these recommendations were adopted.

GRADUATE CURRICULA AT URBANA-CHAMPAIGN

(6) The University Senate recommends a reorganization of the graduate curricula in Geography and Physiology (see Appendix, page 1097).

Memoranda giving the details of the required and elective courses in these several curricula are attached hereto and copies are being given to the Secretary of the Board for record.

These new curricula have also been approved by the Executive Faculty of the Graduate College.

I recommend approval.

On motion of Mr. Livingston, these curricula were approved as recommended.

GRADUATE CURRICULA IN THE CHICAGO PROFESSIONAL COLLEGES

(7) The University Senate recommends that the following curricula leading to advanced degrees in the Chicago Professional Colleges be established (see Appendix, page 1098).

Memoranda giving the details of the required and elective courses in these several curricula are attached hereto and copies are being given to the Secretary of the Board for record.

These new curricula have also been approved by the Executive Faculty of the Graduate College.

I recommend approval.

On motion of Mr. McLaughlin, these recommendations were adopted.

RESERVE OFFICERS TRAINING CORPS AT CHICAGO UNDERGRADUATE DIVISION

(8) A Committee of the faculty was appointed late in 1948 to study the advisability of offering a Reserve Officers Training Corps program at the Chicago Undergraduate Division. It had previously been ascertained that the University was under no legal obligation to establish military training in any of its branches. Hence, the study of R.O.T.C. at Navy Pier assumed that it would be an elective program.

We now have a recommendation from the Committee, concurred in by the University's Military Department, that there be established at Navy Pier the first and second year basic Army R.O.T.C. program. A minimum of one hundred and a maximum of two hundred trainees is contemplated. Applicants will be screened and admitted on the basis of previous high-school or freshman college work.

The instructional personnel will be provided by the Department of the Army, supplemented by Reserve Officers on inactive status or short tours of active duty. The University will need to provide a secretary and a property custodian. Classroom and other space is available for both out-of-door and indoor foot drill. Some remodeling is necessary to provide office quarters.

The cost of providing the necessary physical facilities is estimated at $11,000 for preparation of offices and storerooms and $2,800 for the purchase of furniture and other equipment.

Aside from the desire of the National Military Establishment for such training in colleges and universities, many of the high schools in Chicago, from which most of the students at Navy Pier come, have junior R.O.T.C. units and their graduates who wish to work for reserve commissions are handicapped in this respect at the Pier.

I recommend that:

1. The Board of Trustees approve this program.
2. An assignment of $13,800 be made from the Nonrecurring Reserve to provide the facilities.

3. The President of the University be authorized to make such adjustments in the operating budget as may be necessary to activate the program.

On motion of Mr. Herrick, these recommendations were adopted, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

CHANGES IN GRADUATE FELLOWSHIP AWARDS

(9) The Dean of the Graduate College presents two recommendations:

Illinois College Fellowship Plan

Since 1908 each of several liberal arts colleges in Illinois has annually been invited to nominate an outstanding senior student as a candidate for a first-year fellowship in the Graduate College at the University of Illinois. Since 1935 these candidates have been on a basis of equal competition with all other applicants; provided that candidates from Illinois colleges whose qualifications are equivalent to those of applicants from institutions outside the state have been given preference in the assignment of scholarships; and provided further that nominees from Illinois colleges who fail in the competition have been awarded scholarships without stipends which carry exemption from tuition, incidental, and laboratory fees.

The Dean of the Graduate College reports that competition among fellowship candidates in general has not, until recent years, been so keen as to exclude from awards more than a few Illinois college nominees. The number of these college nominees who compete successfully with applicants from other institutions has been diminishing to such an extent that the Dean of the Graduate College feels the plan should be reviewed. The plan becomes meaningless when colleges are invited to nominate candidates only to learn that their candidates fail to win awards. However, if the University gave fellowships automatically to candidates on nomination by the colleges, the University would be unfair to other students who are more deserving of fellowship awards.

The Dean, therefore, recommends that the Illinois college nominee plan be discontinued. This does not mean that graduates of Illinois colleges will be eliminated from consideration; they may apply and compete for fellowships along with graduates from other institutions.

Stipends of Post-doctoral and Nonresident Fellowships

Since 1948 the University has been awarding special post-doctoral and nonresident fellowships carrying stipends of $2,400 a year. This is the lower range of beginning salaries of instructors who have just received their Ph.D. degrees. The general level of stipends of post-doctoral fellowships offered by the National Research Council, the United States Public Health Service, the Atomic Energy Commission, and other agencies is in the range of $3,000 to $3,600 a year. This means that the University, with its present scale, is at a disadvantage in competing for the best talent.

The Dean, therefore, recommends that the maximum stipend for special post-doctoral fellowships and for nonresident fellowships be increased from $2,400 a year to $3,000 a year, with the understanding (a) that the conditions of award remain as originally specified by the Board of Trustees on February 21, 1948, and (b) that smaller stipends will be granted when this is desirable in view of the circumstances of any particular case.

I concur in these recommendations.

On motion of Dr. Meyer, these recommendations were adopted.

STUDENT ACTIVITIES FEE AT THE CHICAGO UNDERGRADUATE DIVISION

(10) A Student Activities fee of $4 a semester is charged each student at the Chicago Undergraduate Division. This is to finance student activities programs, including intercollegiate and intramural athletics. The fee covers admission to all home athletic contests.

There is a desire on the part of the students to add football to the list of activities, and general agreement on the part of the University officials concerned that the athletic program at Navy Pier should be expanded in cooperation with the Athletic Association. This will require increasing the fee from $4 to $6 a semester. The question of raising the fee was submitted to the students and they voted overwhelmingly in favor of it.

The faculty Committee on Fees and Scholarships recommends approval of this increase.

I concur.

On motion of Mr. Nickell, this increase in fees was authorized.

CONTRACTS FOR CONSTRUCTION OF ANIMAL SCIENCES LABORATORY

(11) Funds are available in the State appropriation to the University for 1949-1951 for "Construction of Animal. Science Building." Bids were received on April 6, 1950, for the construction of this building.

It is recommended by the Director of the Physical Plant Department, the Comptroller, and Naess and Murphy, architects for this building, that contracts be awarded to the lowest bidders as follows:

General contract — Sumner S. Sollitt and Company, Chicago	$1 064 240
Plumbing contract — Bellis and Miller, Inc., Champaign	171 878
Heating contract — Gallaher and Speck, Inc., Chicago	221 810
Ventilation and air conditioning contract — Bloomer Heating and Ventilating Company, Chicago	75 855
Refrigeration contract — L. C. Kohlman, Inc., Chicago	80 709
Electrical contract — Square Deal Electric Company, LaPorte, Indiana	101 880
Elevators — Elevator Manufacturing Company of America, Chicago	19 000
Laboratory equipment — Metalab Equipment Corporation, Brooklyn, New York	200 139
Total Recommended Contract Awards	$1 935 511

The recommendations for awards of heating, ventilating and air conditioning, and refrigeration contracts are based on the acceptance of the Johnson Service Company, Chicago, as the subcontractor to furnish temperature controls since theirs is the lowest quotation on this phase of the work and the Company is acceptable to the University.

I submit a complete schedule of all bids received showing the base bids, alternates, and a budget for this building.

I recommend that these contracts be awarded subject to the release of funds by the Governor, and that the Comptroller and the Secretary of the Board be authorized to execute the contracts.

On motion of Mr. McLaughlin, these contracts were awarded and authority was given as recommended.

CONTRACT FOR BOILER REPAIRS IN ABBOTT POWER PLANT

(12) Routine inspection of the boilers at the Abbott Power Plant revealed that there was evidence of impending failure by rupture of lower sidewall water headers. This inspection was supplemented by inspections by the Chief Mechanical Engineer of Sargent and Lundy, Consulting Engineers, Chicago; an inspector from the Lumbermen's Mutual Casualty Company, underwriters of University boiler insurance; and Professor H. L. Walker, Head of the Department of Mining and Metallurgical Engineering. All agree on a program of temporary repairs, with permanent repairs by the replacement of the headers during the summer of 1950, to insure safe operating conditions for the 1950-1951 heating season. The Lumbermen's Mutual Casualty Company requires that the replacement of headers be carried out within six months.

The boilers have been in operation since 1940 and have been given daily maintenance service with a thorough annual inspection and overhaul. There has been no previous indication of failure.

Sargent and Lundy and the Director of the Physical Plant recommend that

repairs be made by replacing the sidewall water headers with forged steel headers of improved design with suitable changes in the circulation system and firing technic.

In as much as the engineering data, details of design, and circulation requirements of the boilers are available only to the Springfield Boiler Company, the manufacturers of the boilers, it is not feasible to secure competition on the redesign recommended, the furnishing of materials and parts, and supervision of repairs. A firm proposal has been received for this part of the repairs from the Springfield Boiler Company in the amount of $17,710. Bids have been received for the erection work as follows:

Henry Pratt Company, Inc., Chicago	$23 845
Independent Boiler and Tank Company, Chicago	26 160
Chicago Down Draft Furnace Company, Chicago	38 600

Funds are available in the Physical Plant budget for this repair work.

The Director of the Physical Plant and the Comptroller recommend the award of contracts for $17,710 to the Springfield Boiler Company and for $23,845 to the Henry Pratt Company for erection of the new headers.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Livingston, these awards were made and authority given as recommended.

CONTRACTS FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM

(13) The Director of the Physical Plant and the Comptroller recommend award of contracts for the extension of an underground electrical duct to provide electric service to the new six-story building of the Student and Staff Apartments on Green Street and Goodwin Avenue now under construction, as follows:

For furnishing and laying of the duct and providing the electrical cables—	
Square Deal Electric Company, Urbana	$ 865
For excavation, construction of manholes, concrete work, and backfilling—	
Kuhne-Simmons Company, Inc., Champaign	2 625

The Square Deal Company is the lowest bidder on its division of the work. The Kuhne-Simmons Company, Inc., is the only bidder on the other phase of the work although bids were requested from ten firms. It is the opinion of the architects and Physical Plant Department engineers supervising this construction that in view of the small size of the job and the fact that Kuhne-Simmons Company, Inc., is at present the general contractor for the construction of the building, it will not be possible to secure competitive bids. The Kuhne-Simmons Company, Inc., bid is slightly less per foot than the cost for the same type of work under the contract for the construction of the first six-story building. The price is believed to be fair and reasonable.

I concur and recommend that the Comptroller and the Secretary of the Board execute these contracts.

On motion of Dr. Meyer, these contracts were awarded and authority was given as recommended.

CONTRACT FOR HOT AND COLD WATER PUMPING FACILITIES IN ILLINOIS SURGICAL INSTITUTE

(14) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $26,900 to the Dearborn Plumbing and Heating Company, Chicago, the lowest bidder, for installation of hot and cold water pumping facilities in the Illinois Surgical Institute (Orthopaedic Building) of the Research and Educational Hospitals. This work will include complete new installation of city water service from Wolcott Street to the Institute and installation of pumps and pressure tanks and hot water heater plus piping and valves.

This is part of the program of modernization and rehabilitation recommended by Holabird and Root in their report on electrical and mechanical survey of the buildings in the Chicago Professional Colleges made in 1945.

Funds are available in the State appropriation for "Construction of Utility Distribution System and Remodeling of Existing Buildings" (in Chicago).

I recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract subject to the release of funds by the Governor.

On motion of Mrs. Watkins, this contract was awarded and authority given as recommended.

THE COURT DECISION IN THE CASE OF E. C. LEVERENZ VS. BOARD OF TRUSTEES UNIVERSITY OF ILLINOIS

(15) The Board of Trustees on November 29, 1949 (Minutes, page 945), authorized the President of the University to employ special counsel in proceedings instituted by the Leverenz Electric Company, Danville, Illinois, in the Circuit Court of Champaign County to secure an additional payment of $8,785.33 on the contract for electrical work in the construction of the Electrical Engineering Building, and in such other proceedings as may be deemed advisable.

The contractor claimed the payment was due for extra work performed. The University and its architects denied the claim on the ground that the work was included in the original contract specifications. The dispute had previously gone through arbitration proceedings. The arbitrators reported two to one in favor of allowing the claim, but counsel for the University recommended against acceptance of these findings.

Special counsel was engaged and the case was tried. The decision of the Circuit Court, handed down on March 16, 1950, was in favor of the contractor. Counsel for the University recommended that the case be appealed. I did not approve the filing of an appeal. The brief for the University in the trial court was ably prepared and presented, and I felt that because of a technical difference in the specifications the University could not profit through further legal action.

I recommend, therefore, that

1. This claim be paid.

2. The Board authorize the payment of $1,437.51 to the firm of Craig and Craig, Mattoon, Illinois, special counsel for the University in this case, for legal services and expenses incurred by that firm, as per bill rendered.

3. The Board authorize the payment of $1,059.67 to the arbitrators for their services and expenses incurred in the arbitration proceedings. There were three arbitrators, one selected by each party and the third by the other two. It was agreed that each party would pay its arbitrator and one-half the fee and expenses of the third.

4. The payment of $55.35 for court and reporting costs be authorized.

5. An appropriation of $11,350, or so much thereof as may be necessary, be made from the General Reserve Fund to cover these payments.

On motion of Mr. Nickell, these recommendations were adopted, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

CONTRACT FOR INSTALLATION OF FIRE ESCAPE AT McKINLEY HOSPITAL

(16) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $5,890 to C. A. Petry and Sons, Champaign, the lowest bidder, for furnishing and erecting a spiral fire escape at the north end of McKinley Hospital in Urbana.

This is part of a fire protection improvement project which also includes enclosure of an elevator shaft in the attic, installation of fire doors between the center and south wings, and installation of a sprinkler system in the storage areas.

Funds are available in the Physical Plant budget.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Dr. Meyer, this award was approved and authority given as recommended.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(17) The Governor has approved the following releases of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

"For Permanent Improvements at Urbana-Champaign
Additions to Power and Heating Plant and Remodeling of Existing Buildings" $127 535

Release No. 23

For improvements in the Noyes Laboratory of Chemistry:

To complete installation of fume hoods which will reduce fire hazards	$ 8 000	
To remove existing stairs and to complete installation of floor extension over the stair well	4 535	12 535

Release No. 24

For construction of the building addition and erection of structural steel for the new turbine room of the Abbott Power Plant 115 000

These are partial releases from an appropriation of $1,215,000 of which $880,000 has been budgeted for additions to the Power Plant, $263,500 for remodeling of existing buildings. The Governor has previously released (Release No. 14) $137,465 for the construction of new stairways in the Noyes Laboratory. I recommend that the funds released be appropriated for the purposes specified.

On motion of Mr. Livingston, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(18) The Committee on Nonrecurring Appropriations recommends assignments from the General Reserve Fund for the following purposes:

Urbana-Champaign

1. Quonset Building for Aviation Psychology	$35 000
2. Building improvements for the Department of Food Technology	28 100
3. Building improvements for the Department of Physics	3 500
4. Remodeling of quarters and equipment for the Chemistry Library	6 500
5. Remodeling of rooms for the College of Law in Altgeld Hall	1 550
6. Laboratory equipment for Department of Geology	1 475
Total, Urbana-Champaign	$76 125

Chicago Professional Colleges

7. Isotope laboratory equipment and remodeling for the Department of Radiology	3 200
8. Hospital laboratory equipment	2 000
9. Purchase of radiology equipment for the Department of Radiology	432
Total, Chicago Professional Colleges	$ 5 632
Grand Total	$81 757

I concur.

On motion of Mr. McLaughlin, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

SPECIAL APPROPRIATION OF ATHLETIC ASSOCIATION FUNDS

(19) The Board of Directors of the Athletic Association is submitting to the Board of Trustees for their approval an appropriation of $30,000 for the construction of a road and a cross connection between the wells of the airport and the golf course.

The road will provide a direct route from the golf course to the airport along the west side of the golf course and the east side of the airport. With this direct route, the airport bus can be used to transport students to the golf course without traveling extra miles. No charge to passengers is made for this service. In view of the benefit of the new road to the Institute of Aviation, no charge will be made to the Athletic Association unless extra trips in addition to the present airport schedules are required.

The road will also be made available for maintenance purposes since both wells will be located close to it.

The cross connection between the wells is desirable to provide for emergencies in the event trouble develops in either of the wells.

These arrangements are recommended by the Director of the Athletic Association, the Director of the Institute of Aviation, and the Comptroller.

I concur.

On motion of Mrs. Watkins, this appropriation was approved.

REVISION OF BY-LAWS OF ATHLETIC ASSOCIATION

(20) The Board of Directors of the University of Illinois Athletic Association has revised its by-laws, and they are submitted to the Board of Trustees for approval.

The revisions are chiefly in the area of business operations. The Comptroller has worked closely with the Athletic Association in preparing the revisions. The changes result in clarification of procedures, particularly in purchasing and contracting, and in reduction of procedures to the minimum necessary to maintain adequate internal check.

I recommend approval of the by-laws as revised.

After discussion, and on motion of Mr. Nickell, this revision was referred to the President and the Comptroller for clarification and presentation at the May meeting.

SALE OF BONDS TO FINANCE CONSTRUCTION OF THE SECOND SIX-STORY BUILDING OF THE STUDENT AND STAFF APARTMENTS AT URBANA

(21) The Finance Committee recommends the sale of $700,000 of revenue bonds to finance the construction of the second six-story building of the Student and Staff Apartments at Green Street and Goodwin Avenue, Urbana, to Blyth and Company, Chicago, the lowest bidder (in terms of interest rates). Four bids were received, representing nine companies.

The Blyth and Company proposal provides an effective interest rate of 2.5585 per cent. Bonds maturing from 1951 to 1961 will bear interest at the rate of 2¼ per cent; bonds maturing from 1962 to 1964 will bear interest at the rate of 2½ per cent; and bonds maturing from 1965 to 1970 will bear interest at the rate of 2¾ per cent. Blyth and Company also offer a premium of $181.30. This Company has proposed that principal and interest be payable at the Chicago Title and Trust Company. The Comptroller reports that Blyth and Company have met all requirements.

Proceeds from the sale of the bonds plus a State appropriation of $338,000 will provide the $1,038,000 required for the construction and equipment of the building.

A resolution for adoption by the Board has been prepared by Chapman and Cutler and is presented herewith for approval (see Appendix, page 1101).

On motion of Mr. McLaughlin, this resolution was adopted by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs.

Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

INVESTMENTS

(22) The Finance Committee reports the following transactions involving securities:

Purchases: *Endowment Funds*

U.S.A. Series G 2½% Savings Bonds due 1961 ..... $ 8 000 00
U.S.A. Series G 2½% Savings Bonds due 1962 ..... 24 000 00
200 shares Deere and Company common stock 8 886 17

Sales:

Two shares Standard Oil of New Jersey capital stock 128 43
200 shares Crane Company common stock 5 789 27

Exchange:

$4,000 U.S.A. Series A 1¼% Savings Bonds due January 1, 1950, for $4,000 U.S.A. 1⅛% Series A due January 1, 1951.

Exchange: *Student Loan Funds*

$10,000 U.S.A. 1¼% Certificates of Indebtedness Series C due March 1, 1950, for $10,000 U.S.A. 1¼% Treasury Notes due July 1, 1951.

This report was received for record.

TRANSFER OF LAND TO MEDICAL CENTER STEAM COMPANY

(23) On July 28, 1949 (Minutes, page 493), the Board of Trustees authorized the transfer of certain properties to the Medical Center Steam Company, including some parcels of property acquired from the Medical Center Commission for $1,000 (Minutes, November 29, 1949, page 948).

Four additional lots owned by the Medical Center Commission are required by the Medical Center Steam Company. The Medical Center Commission proposes to transfer the additional lots to the University as a part of the $1,000 purchase, and authority is required for transfer of the lots from the University to the Medical Center Steam Company.

I recommend the adoption of the following resolution:

RESOLVED: That when the Board of Trustees of the University of Illinois shall acquire the following described real estate, or any parcels thereof, this Board does hereby authorize, empower, and direct the Comptroller and the Secretary of this Board, in the name and on behalf of this Board, to execute and deliver to Medical Center Steam Company, an Illinois corporation, a warranty deed or deeds conveying such real estate, either in whole in a single deed or in parcels from time to time, to such Steam Company, to wit:

Lots 29 and 30 in Block 20 of S. H. Sweet's Re-subdivision of Blocks 18, 19, and 20 of Assessor's Division of the East ½ of the Southeast ¼ of Section 18-39N-14, and

Lots 2 and 3 except West 27 feet thereof owned by Metropolitan Elevated Railway Company in Block 20 of S. H. Sweet's Re-subdivision of Blocks 18, 19, and 20 of Assessor's Division of the East ½ of the Southeast ¼ of Section 18-39N-14.

On motion of Mrs. Holt, this resolution was adopted, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

PURCHASES

(24) A report of (A) emergency purchases authorized and (B) purchases recommended (see Appendix, page 1115).

On motion of Mr. Fornof, the action of the President of the University in authorizing emergency purchases was approved and confirmed, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF CONTRACTS

(25) The Comptroller's report of contracts executed from March 1 to March 31, 1950 (see Appendix, page 1117).

This report was received for record.

REMODELING OF PART OF PHYSICAL PLANT SERVICE BUILDING

(26) One of the first-priority building needs recommended to the last General Assembly by the Board of Trustees was the remodeling for academic use of the old boiler room which forms part of the Physical Plant Service Building, the former power plant. This item was deleted from the list of capital appropriations finally made.

The need for this space remains acute. It is particularly acute because the addition to the Physics Laboratory, also a first-priority building item, was not included in the capital appropriation.

Because of this continuing need, the University Research Board and the Committee on Nonrecurring Appropriations have continued to seek for a way to remodel for academic use the well-located north campus space available in the old boiler room. On November 19, 1948 (Minutes, page 172), the Board of Trustees authorized the expenditure of up to $15,000 of the funds appropriated for the electronic digital computer, in connection with the preparation by Holabird and Root and Burgee of Chicago of plans for remodeling.

The first set of plans prepared by the architects involved extensive and costly changes; these were studied and modified to reduce to the functional minimum the changes in the building and the total cost of the project. Mr. Briggs, the University's architectural consultant, has gone over the final plans and has reported to the Committee on Nonrecurring Expenditures that they are satisfactory. Professor Huntington, the Chairman of the University's Building Program Committee, has also studied these plans and given his approval of them. Drawings and specifications have been prepared by the Physical Plant Department; these can be sent out at once with a call for bids, if the Board approves.

Adequate housing of two major programs of graduate instruction and research will be provided by the proposed remodeling. The first of these is a developing program in the physics of the solid state. This is headed by Professor Frederick Seitz, one of the world's leading men in this important field. The fundamental work which he and his colleagues are carrying on is of immediate significance not only to the Department of Physics, but also to every other department of the College of Engineering, since the engineering properties of solid materials are of such wide concern.

The other program which will be housed in the remodeled boiler room is that connected with the electronic digital computer. Three departments — Mathematics, Physics, and Electrical Engineering — are cooperating to carry this work forward, and the computing facilities which it will provide will be of important assistance to every department of the University engaged in work involving numbers. The borrowed space in which the computer project is now housed is already growing inadequate, and will be grossly inadequate when the computer itself is completed and placed in actual use, a few months from now. National attention has already been attracted by the rapid and healthy development of our computer program, and we wish to retain and improve our already strong position in this important field.

The Committee on Nonrecurring Appropriations recommends that approval in principle be given to the project of remodeling for academic use the old boiler room in the Physical Plant Service Building, and that the Physical Plant Department be authorized to call for bids on the work involved. When these have been received and studied by the Physical Plant Department and the Committee on Nonrecurring Appropriations, the matter will again be brought to the Board of Trustees for final action.

I concur.

On motion of Dr. Meyer, this recommendation was adopted.

CONTRACTS FOR NATURAL HISTORY BUILDING REMODELING

(27) On February 16, 1950 (Minutes, page 995), the Board of Trustees appropriated funds for the remodeling and equipping of the fifth floor of the Natural History Building in Urbana for the Department of Physiology. Bids have been received for the ventilating and air-conditioning work and for the electrical work as follows:

Ventilating and Air-Conditioning Work

Schroeder's, Champaign	$15 925
F. R. Inskip and Co., Champaign	16 610

Electrical Work

Brunkow Electric Company, Champaign	785
Square Deal Electric, Urbana	1 035
Potter Electric Service, Urbana	1 299

The Director of the Physical Plant and the Comptroller recommend the award of a contract for $15,925 to Schroeder's and for $785 to Brunkow Electric Company, the lowest bidders.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Dr. Meyer, these awards were authorized and authority was given as recommended.

CONTRACT FOR LANDSCAPING

(28) The following bids were received for the necessary grading and seeding work required in the Stadium Terrace area because of the construction of the sanitary sewer and to complete the landscaping of the housing project at Race and Florida:

	Florida Avenue Housing Area	*Stadium Terrace Area*
Martin Ivey, Urbana	$1 020	$1 440
Irving L. Peterson, Champaign	1 300	1 400
Gundstrom Company, Inc., Glenview	1 224	1 547

The Director of the Physical Plant and the Comptroller recommend contracts for the work on the Florida Avenue area be awarded to Martin Ivey for $1,020 and for the work on the Stadium Terrace area to Irving L. Peterson for $1,400, the lowest bidders.

Funds are available.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mrs. Watkins, these awards were authorized and authority was given as recommended.

CONTRACTS FOR REMODELING NOYES LABORATORY

(29) The Board of Trustees on November 29, 1949 (Minutes, page 947), appropriated the sum of $50,000 for remodeling and equipping the third and fourth floors of Noyes Laboratory for the Bacteriology Department. Bids have been received for the remodeling work. The bids for the general work were received on a cost plus a fixed fee basis. Since this phase of the work included the installation of equipment, the amount of work required could not be known until the equipment had been definitely selected. The addition of equipment to remodeling made it difficult to obtain firm bids on the total project.

On the basis of the bids received, the total estimated cost of the project is revised to $66,869. The Committee on Nonrecurring Appropriations recommends that an additional appropriation of $16,869 be made.

The Director of the Physical Plant and the Comptroller recommend that the following contracts be awarded to the lowest bidders in each case:

General work (fixed fee $1,700; estimated total cost exclusive of fee, $17,000) — E. N. DeAtley, Champaign	$ 1 700
Plumbing work — Reliable Plumbing and Heating Company, Champaign	11 262
Ventilating work — Schroeder's, Champaign	2 400
Electrical work — Brunkow Electric Company, Champaign	3 395

I concur and recommend (1) an appropriation of $16,869 and (2) that the Comptroller and the Secretary of the Board be authorized to execute the above contracts.

On motion of Mr. Livingston, these recommendations were adopted and authority was given as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

APPROPRIATION AND CONTRACTS FOR MICRO-ANALYTICAL LABORATORY

(30) Present facilities for micro-analysis in the Noyes Laboratory are inadequate. The room used for this purpose is in the west half of Noyes Laboratory which is subject to severe vibration from trucks on Mathews Avenue. Accurate use of the micro-balances requires freedom from vibration. In addition, the air-conditioning system has for many years caused difficulties and there have been numerous breakdowns during periods of heavy work. The service work of the micro-analytical laboratory has increased to such an extent that it has been necessary to send to commercial laboratories many of the analyses that could otherwise be done by the University.

It is proposed to remodel Rooms 151 and 154 of Noyes Laboratory and to install an air-conditioning system to maintain the rooms at 75 degrees F. temperature and at 55 degrees relative humidity.

Bids have been received for this project indicating that the work can be completed for $19,830. The Committee on Nonrecurring Appropriations has reviewed this and recommends an appropriation of this amount.

The Director of the Physical Plant and the Comptroller recommend the award of contracts to the lowest bidders in each case as follows:

General work — C. H. Siems, Urbana	$3 950
Plumbing, heating, and other piping work — J. L. Robinson, Champaign	4 200
Air-conditioning work — Schroeder's, Champaign	7 265
Electrical work — Brunkow Electric Company, Champaign	815

I concur and recommend (1) an appropriation of $19,830 for this purpose and (2) request that the Comptroller and the Secretary of the Board be authorized to execute these contracts as recommended.

On motion of Mrs. Holt, these recommendations were adopted and authority was given as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; not voting, Governor Stevenson.

FUNK FOREST NATURAL AREA

(31) On September 29, 1949 (Minutes, page 815), the Board of Trustees authorized acquisition, partly through purchase but largely through gifts, of a tract of 63.5 acres of virgin forest land in McLean County. Acquisition of this land has been consummated.

This tract is of great scientific interest to biologists. It is a fine example of the timber which nature through the centuries developed in central Illinois. As such, its preservation by the University fits into a world-wide plan of biologists to maintain for scientific study representative tracts of undisturbed timberland. It affords biologists in Illinois a unique opportunity to study prairie-grove forest.

The property is valued at $30,000. The land, valued at $5,000, was given by the owners — four members of the Funk family. Largely through the efforts of Mr. Eugene Funk, Jr., an alumnus of the University, other members of the Funk family gave $15,000 toward the purchase. This sum was given through the Illini Achievement Fund. For members of the Funk family the establishment of the Funk Forest Natural Area serves as a memorial to their pioneer ancestor, Isaac Funk, who settled in central Illinois in 1823 and who acquired the original patent from the

federal government in 1833. Five thousand dollars was given by the University of Illinois Foundation. The remaining $5,000 was appropriated by the University of Illinois Board of Trustees.

Access to the area from Route 66 will be provided by a strip of land three-quarters of a mile long and sixty feet wide to be deeded to the University as a separate gift.

Since the area is to remain in its natural state, the only major items of expense in this development will be for a woven-wire farm fence around the sixty-three-acre tract and along the right-of-way from the east, and the construction of a small suspension foot bridge.

Acquisition of this land had its beginning a year ago when Professor J. Nelson Spaeth, Head of the Department of Forestry at the University, was near this area while inspecting a maple grove owned and operated by Mrs. Hazel Funk Holmes, wife of Dr. Henry W. Holmes, Dean-Emeritus of the College of Education of Harvard University. Mrs. Holmes hoped that a large part of the original Funk timber tract might be preserved. Professor Spaeth and Mr. William H. Butterfield, Manager of the University of Illinois Foundation, carried on negotiations on behalf of the University.

I recommend that the tract be officially designated Funk Forest Natural Area of the University of Illinois and that the Board of Trustees adopt a resolution recording its appreciation of the generosity of the Funk family.

A list of donors follows (see Appendix, page 1118).

Resolution

The Board of Trustees of the University of Illinois records herewith its appreciation of the public-spirited generosity of the members of the Funk family whose donations of property and funds have made possible the acquisition by the University of the Funk Forest Natural Area in McLean County.

This forestry will be a living museum of natural history, a field laboratory for biological scientists and a state treasure — the last remnant of virgin prairie-grove timberland. For members of the Funk family it will be a memorial to a pioneer ancestry.

The Board directs its Secretary to send a copy of this resolution to each of the donors.

On motion of Mr. McLaughlin, these recommendations were adopted.

CONTRACT FOR REMODELING OF TICE CLINIC FOR THE INSTITUTION FOR TUBERCULOSIS RESEARCH

(32) The Vice-President in charge of the Chicago Professional Colleges, the Director of the Physical Plant, and the Comptroller recommend award of a contract for $2,677 to the C. W. Haynes Company, Chicago, the lowest bidder, for remodeling of quarters in the Cook County Hospital for the Institution for Tuberculosis Research.

The Sixty-sixth General Assembly of Illinois established the Institution for Tuberculosis Research and appropriated funds for the production, distribution, and application of the bacillus Calmette-Guerin (BCG), and other methods and materials for the prevention of tuberculosis and for conducting research in tuberculosis.

Before the National Institute of Health will grant a license for the manufacture of the BCG vaccine, it is necessary that the office and manufacturing areas be separated. This remodeling will make it possible for the Institution for Tuberculosis Research to provide the sterile areas required for the manufacture of the BCG vaccine.

Funds are available in the State appropriation to the Institution for Tuberculosis Research.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Dr. Meyer, this award was approved and authority was given as recommended.

VOCATIONAL AGRICULTURE

(33) A statement on the matter of the training of teachers of vocational agriculture.

On motion of Mr. McLaughlin, the President of the Board was authorized to communicate the following statement to the State Board on Vocational Education.

On two previous occasions, in 1939 and 1947, the Board of Trustees of the University of Illinois has taken official cognizance of proposals to establish Smith-Hughes teacher-training programs in agriculture in State institutions other than the University of Illinois. It came to the attention of the Board of Trustees at its meeting on April 19, 1950, that the State Board for Vocational Education will soon take action on the application of the Illinois State Normal University for the approval of a program of teacher training in vocational agriculture in order to qualify for federal funds. The Board of Trustees directed me to protest against such approval on the ground that it will result in unnecessary duplication of educational facilities and of public expense. It should not be overlooked that each dollar of federal funds received must be matched by a dollar of state funds.

The University of Illinois has been training teachers of vocational agriculture under the Smith-Hughes program since it was established in 1917. The University of Illinois has ample facilities to meet all demands for teachers of vocational agriculture. The priority of the University in this field, however, is a secondary consideration. The real public issue is: Does the state of Illinois need additional facilities to meet the needs of the high schools for such teachers?

The facts speak for themselves. There are at present 489 teachers of vocational agriculture under the Smith-Hughes program in the high schools of Illinois. The average tenure of service is about eight years. The largest number of replacements in any one year was fifty-four. The University of Illinois will this year graduate 102 students who will be qualified to teach vocational agriculture under the Smith-Hughes requirements.

In 1945 a Commission of the General Assembly to survey higher educational facilities in Illinois had a study made of the preparation of teachers of vocational agriculture. The Commission's report to the General Assembly included a recommendation that the State Board for Vocational Education approve no institution other than the University of Illinois for the preparation of teachers of vocational agriculture. The general pattern throughout the country is that the preparation of Smith-Hughes teachers of vocational agriculture is a function of the land-grant college. A healthy competition is assured among these numerous colleges.

If some of the Smith-Hughes graduates of the University of Illinois are going into other lines of work it is due, in part, to the surplus of teachers in the specialty of vocational agriculture. There is not now a demand, nor is there likely to be a demand, for more teachers of vocational agriculture than can be supplied by the University of Illinois. The shortage of well-prepared teachers lies elsewhere.

COOK COUNTY SCHOOL OF NURSING

(34) A request from Dr. Ivy that Grant Hospital be added to the list of affiliates with the Cook County School of Nursing.

This matter was referred to the Committee on Chicago Departments for consideration and recommendation.

CASE OF JESSIE TAYLOR VS. BOARD OF TRUSTEES

(35) As authorized by the Board of Trustees on February 16, 1950 (Minutes, page 989), Mr. Joseph H. Hinshaw of the law firm of Hinshaw and Culbertson, Chicago, was employed as special counsel for the University in the complaint filed in the Court of Claims by Jessie Taylor against the Board of Trustees of the University of Illinois claiming damages for alleged negligence and malpractice by the staff of the Department of Operative Dentistry.

The case came up for a hearing before the Court Commissioner in Chicago on April 4. After the Claimant had testified, Counsel for the University filed a

motion to dismiss the case. On April 18 the Court of Claims dismissed the case for "want of prosecution."

This report was received for record.

LETTER FROM ROGER ADAMS

President Williamson read the following letter from Professor Roger Adams.

Mr. Kenney E. Williamson March 20, 1950
606 Lehmann Building
Peoria 2, Illinois

DEAR MR. WILLIAMSON:

The Testimonial of Appreciation which Mr. Harrison E. Cunningham delivered to me on behalf of the Board of Trustees is a scroll of unusual workmanship and great beauty. Its words of Greetings and Congratulations coming from the Trustees of the University will always mean much to me.

What I may have accomplished in science and in the administration of the Chemistry Department or other organizations, I owe in large measure to the encouragement I have received from the University Administrative Officers and the Board of Trustees and to their constant support since my arrival on the campus in 1916. My thirty-four years here have been filled with pleasure and satisfaction and I feel fortunate in being associated with the University of Illinois.

Will you kindly extend to the Board my sincerest thanks and appreciation.

Cordially yours,
ROGER ADAMS

TREASURER'S REPORT

The Secretary presented for record the report of the Treasurer for the period from March 1, 1949, to February 28, 1950 (see Appendix, page 1119).

SECRETARY'S REPORTS

The Secretary presented also the following lists for record, as printed in the Appendix.

1. Appointments made by the President of the University (page 1086).
2. Adjustments in salary in the Library (page 1088).
3. Graduate fellows (page 1089).
4. Resignations, declinations, and terminations (page 1096).
5. Leaves of absence (page 1097).

RESOLUTION OF THANKS TO GOVERNOR STEVENSON

On motion of Mr. Livingston, the Secretary was directed to transmit to Governor Stevenson an expression of the appreciation of the Board for his generous hospitality.

The Board adjourned, to meet at the University on Friday and Saturday, May 19 and 20.

EATON, RICHARD C., Instructor, Animal Science (C & S) (¾), one year beginning September 1, 1950, $3300 (3-30-50).

FELLMANN, JEROME D., Instructor, Geography, academic year beginning September 1, 1950, $4000 (3-22-50).

FREUD, BENJAMIN B., Visiting Professor, Physical Sciences (Undergraduate Division in Chicago) (¾), five months beginning February 1, 1950, to render service during the second semester of the academic year, $450 a month (3-18-50).

GREENWALD, ARTHUR L., Instructor, Humanities (Undergraduate Division in Chicago) (¾), five months beginning February 1, 1950, to render service during the second semester of the academic year, $225 a month (3-18-50).

GRIFFIN, EDWARD G., Instructor, Crowns and Fixed Partial Dentures (Dentistry) (3/10), March 6-August 31, 1950, $900 a year (3-18-50).

GROSS, DOROTHY A., Assistant, Institute of Aviation, six months beginning March 1, 1950, $2900 a year, supersedes (3-18-50).

GUNSALUS, I. C., Professor, Bacteriology, indefinite tenure beginning September 1, 1950, to render service during each academic year, $9500 a year (3-30-50).

HALE, WILLIAM H., Instructor, Animal Science (C & S), April 15-August 31, 1950, $375 a month (3-22-50).

HATCH, MELTON A., Professor, Military Science and Tactics, and Coordinating Officer of R.O.T.C. Components, six months beginning March 1, 1950, $900 a year (3-31-50).

HICKMAN, CHARLES A., Professor, Economics (Economics), and Research Professor of Economics (Bureau of Economic and Business Research), one year beginning September 1, 1950, $8500 (3-31-50).

IMPASTATO, FRANK, Assistant, Surgery (Medicine), six months beginning March 1, 1950, without salary (3-22-50).

KARK, ROBERT M., Professor, Medicine (Medicine), indefinite tenure beginning July 1, 1950, $10,000 a year, supersedes (3-21-50).

KISSELGOFF, AVRAM, Research Associate, Bureau of Economic and Business Research, March 7-July 1, 1950 or until termination of the Merrill Project, whichever is earlier, $487.50 a month, supersedes (3-22-50).

KREBS, W. H., Manager, Residence Halls, one year beginning September 1, 1949, $5508, supersedes (3-31-50).

KYONKA, JOSEPH C., Special Research Assistant, Ceramic Engineering (S), one year beginning April 15, 1950, $4000 (4-6-50).

LATHAM, ORA F., Instructor, Mathematics (Undergraduate Division in Chicago), five months beginning February 1, 1950, to render service during the second semester of the academic year, $425 a month (3-18-50).

LAUGHLIN, JOHN S., Assistant Professor, Radiology (Medicine), six months beginning March 1, 1950, $8000 a year, supersedes (3-16-50).

LEVY, SAUL, Instructor, Applied Materia Medica and Therapeutics (⅗), and Coordinator, Postgraduate Studies (35/100) (Dentistry), five months beginning April 1, 1950, $3375 a year, supersedes (3-30-50).

LOBRAICO, ROCCO V., JR., Instructor, Obstetrics and Gynecology (Medicine) (¾), March 12, 1950-March 31, 1951, $3000 a year (3-18-50).

LURIA, S. E., Research Professor, Bacteriology (Graduate College), indefinite tenure beginning September 1, 1950, to render service during each academic year, $8000 a year (3-30-50).

MAEDA, EDITH M., Assistant, Occupational Therapy (Psychiatry) (Medicine), six months beginning March 1, 1950, $3300 a year (3-22-50).

MAXWELL, CHARLES L., Assistant Professor, Hygiene, and Medical Adviser for Men, Health Service, July 1, 1950-August 31, 1951, $7200 a year (3-16-50).

MERRILL, W. M., Instructor, Geology, academic year beginning September 1, 1950, $3800 (3-22-50).

MOHR, MRS. ELIZABETH B., Research Assistant, Chemistry (Graduate College), March 16-May 31, 1950, $750 (4-10-50).

MULVANEY, DERRELD L., Assistant, Soil Fertility (Agronomy) (S), six months beginning March 1, 1950, $3200 a year (3-14-50).

NELSON, G. K., Instructor, Accountancy (Business Organization and Operation) (½), six months beginning March 1, 1950, to render service during the second semester of the academic year, $825, supersedes (3-14-50).

NELSON, LLOYD P., Instructor, Institute of Aviation, February 23-August 31, 1950, $4200 a year, supersedes (3-21-50).

This is a reorganization of the curriculum leading to the degrees of Master of Arts or Master of Science, and an extension of that program to the degree of Doctor of Philosophy in Geography.

Admission requirements: (1) General regulations governing admission of all graduate students; (2) at least eighteen hours of undergraduate work in geography in addition to a beginning course.

Degree requirements:

For the master's degree: (1) General regulations established by the Graduate College; (2) students offering a thesis in partial fulfillment of the requirements for this degree must sustain an oral examination over the thesis and the general field of geography; (3) students who waive the thesis must sustain a written examination over the general field of geography.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies, and preliminary and final examinations; (2) an acceptable thesis.

Physiology

This is a reorganization of the curriculum leading to the degrees of Master of Science and Doctor of Philosophy in Physiology. Graduate work in this area heretofore was administered by the Department of Zoology and Physiology. A curriculum leading to the master's degree in physiology had been established and in a few cases the doctor's degree had been awarded with the approval of the Graduate College although no formal program leading to such a degree has been approved.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) approximately fifteen hours of biology and twenty hours of chemistry.

Degree requirements:

For the master's degree: (1) General requirements of the Graduate College; (2) at least four units of graduate work in physiology or closely related subjects; (3) at least two units representing an outside minor.

For the doctor's degree: (1) General requirements of the Graduate College with respect to residence, credit, minor work, and preliminary and final examinations; (2) an acceptable thesis.

GRADUATE CURRICULA IN THE CHICAGO PROFESSIONAL COLLEGES

DENTISTRY

Master of Science in Histology

This program is designed to provide graduate training for dental teachers and for investigators in the basic sciences related to dentistry.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) D.D.S. from fully accredited institution. (In special cases, a dental student who has not yet received his D.D.S. degree may be accepted for graduate work in this area providing his scholastic average is B or better.)

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science in Orthodontia

This curriculum is devised to train men for teaching and research in orthodontia.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) D.D.S. degree from fully accredited institution; (3) three quarters of organized postgraduate program in orthodontia.

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science in Oral Surgery

The purpose of this program is to train teachers and research workers in the field of oral surgery.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) D.D.S. or M.D. degree from fully accepted institution; (3) three quarters of organized postgraduate work in oral surgery.

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis.

Master of Science in Pedodontics

The purpose of this program is to train teachers and research workers in the field of pedodontics.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) D.D.S. degree from fully accredited institution; (3) three quarters of organized postgraduate program in pedodontics.

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

MEDICINE AND PHARMACY

Master of Science and Doctor of Philosophy in Anatomy

This program is designed to train teachers for colleges of medicine and to stimulate and develop research in the basic medical sciences.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) premedical training in the fundamental basic sciences.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of

work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies, and preliminary and final examinations; (2) an acceptable thesis.

Master of Science and Doctor of Philosophy in Bacteriology

This curriculum is intended to train students for future careers in medical research and teaching, in the fundamentals and applied technique in diagnostic work and investigators suitable for research positions in industry.

Admission requirements: General requirements governing admission of all graduate students.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examination; (2) an acceptable thesis.

Master of Science and Doctor of Philosophy in Biological Chemistry

This program is designed to train teachers of the subject for colleges of medicine, dentistry, and pharmacy.

Admission requirements: General requirements governing admission of all graduate students.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science in Medicine

This program is devised to train students for a keener approach to the theory and practice of medicine by emphasis on the basic sciences, to provide experience in research method in the clinical field and to develop clinical teachers.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) an M.D. degree. (Medical students who have received the bachelor's degree will be permitted to take graduate work in medicine. In such cases the graduate degree will not be awarded before the M.D.)

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science in Obstetrics and Gynecology

This curriculum is devised to train investigators and teachers for medical colleges and to stimulate a keener scientific approach to the practice of the specialty of obstetrics and gynecology.

Admission requirements: (1) General requirements of the Graduate College; (2) an M.D. degree.

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science in Ophthalmology

This curriculum is designed for the student who is interested in pursuing investigational phases relating to the eye.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) an M.D. degree; (3) one year of postgraduate work or residency in ophthalmology.

Degree requirements: (1) One full year in residence; (2) nine units of work,

including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science and Doctor of Philosophy in Pathology

This program is designed to provide advanced study of the mechanisms of pathogenesis of functional and structural expressions of disease.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) completion of undergraduate medical basic science courses, including general and special pathology in Class A medical or dental schools, or (3) completion of medical courses in microscopic anatomy, biochemistry, and physiology (Anatomy 404-405, Biological Chemistry 301, Physiology 324, 325, 326 or equivalent).

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science and Doctor of Philosophy in Pharmaceutical Chemistry

This curriculum constitutes a necessary part of a program for the creative advancement of rational medication in the health sciences.

Admission requirements: (1) General regulations governing admission of all graduate students; (2) B.S. in Pharmacy from accredited institution.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science and Doctor of Philosophy in Pharmacognosy

This program is designed to train teachers and research workers in the field of pharmacognosy and in colleges of pharmacy.

Admission requirements: (1) General requirements governing admission of all graduate students.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science and Doctor of Philosophy in Pharmacology

The purpose of this program is to train teachers of pharmacology in colleges of medicine, dentistry, and pharmacy, and to stimulate research efforts in this field.

Admission requirements: General requirements governing admission of all graduate students.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science in Physical Medicine and Rehabilitation

The aim and objective of this curriculum is to train future investigators and teachers in the field of physiatrics.

Admission requirements: (1) General regulations of the Graduate College; (2) an M.D. degree.

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science and Doctor of Philosophy in Physiology

The objective of this curriculum is to train physicians in the application of basic science to the practice of medicine and to train persons seeking a career in medical research and teaching in the basic medical sciences.

Admission requirements: General requirements governing admission of all graduate students.

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

Master of Science in Radiology

The aim of this curriculum is to stimulate research in the field and to develop critical investigators and intelligent teachers in this field.

Admission requirements: (1) General requirements of the Graduate College; (2) an M.D. degree. (In exceptional cases, an advanced medical student will be permitted to take graduate work in radiology in conjunction with his medical studies. In such cases the graduate degree will not be awarded before the M.D.)

Degree requirements: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

Master of Science and Doctor of Philosophy in Surgery

This program is designed to bring the student into contact with scientific phases of surgery by studying methods of correction of malnutrition in surgical diseases, complications in post-operative care and related other phases. The scope of this program lies in the area of the basic sciences. Surgical technique is not involved.

Admission requirements: (1) General requirements governing admission of all graduate students; (2) an M.D. degree. (A medical student with two years of training will be permitted to take graduate work in surgery. In such cases the graduate degree will not be awarded before the M.D.)

Degree requirements:

For the master's degree: (1) One full year in residence; (2) nine units of work, including four units of research; (3) an acceptable thesis, plus a comprehensive examination.

For the doctor's degree: (1) General regulations with respect to residence, credit, language proficiencies and preliminary and final examinations; (2) an acceptable thesis.

RESOLUTION AUTHORIZING THE ISSUANCE OF $700,000 STUDENT-STAFF APARTMENT (SECOND UNIT) REVENUE BONDS

RESOLUTION authorizing and providing for the issue of $700,000 Student-Staff Apartments (Second Unit) Revenue Bonds for the purpose of defraying part of the cost of constructing the second unit of Student-Staff Apartments located on Green Street in Urbana, Illinois, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenues of the said Student-Staff Apartments (Second Unit), for the purpose of paying the cost of the maintenance and operation thereof, and payment of the principal of and interest on said revenue bonds.

* * * *

WHEREAS pursuant to "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, com-

plete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings, payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds," approved June 30, 1945, L. 1945, p. 1753; title as amended by Act approved July 21, 1945, this Board of Trustees of the University of Illinois is authorized to issue revenue bonds for the purpose of constructing, equipping or completing the construction and equipment of student-staff apartments (second unit) payable solely from the revenues derived from the operation thereof; and

WHEREAS the Sixty-fifth and Sixty-sixth General Assemblies of the State of Illinois appropriated the sum of $338,000 applicable to the construction of a second unit of student-staff apartments and responsive to said appropriations this Board of Trustees has heretofore acquired the property located on Green Street, in the City of Urbana, Illinois, and described as follows:

Situated in the State of Illinois, County of Champaign, and City of Urbana, in the west half of the Northeast Quarter (NE¼) of the Northeast Quarter (NE¼) of Section Eighteen (18) in Township Nineteen North (T19N), Range Nine East (R9E) of the Third Principal Meridian and being known as parts of Lots Eleven (11) and Twelve (12) of the W. M. Goodwin's Addition to the City of Urbana as recorded in Deed Book Twenty-four (24), Page Five Hundred Eighty-two (582), of the records of said County and also being sometimes referred to as Lots at the Southeast Corner of Green Street and Goodwin Avenue, Urbana, Illinois, and being more fully bounded and described as follows:

Beginning at an iron pin in the south property line of Green Street, said iron pin being two hundred eight and seventy-five hundredths (208.75) feet distant in an easterly direction from the intersection of the east property line of Goodwin Avenue and the south property line of Green Street; thence easterly along the south property line of Green Street, a distance of ninety and twenty-five hundredths (90.25) feet to an iron pin; thence in a southerly direction along a line parallel to the east property line of Goodwin Avenue, a distance of three hundred thirty-five and fifty-two hundredths (335.52) feet to an iron pin; thence in a westerly direction, a distance of one hundred and two hundredths (100.02) feet to an iron pin; thence in a northerly direction along a line parallel to the east property line of Goodwin Avenue, a distance of one hundred sixty-four and thirteen hundredths (164.13) feet to an iron pin; thence in an easterly direction and at ninety degrees (90°) to the preceding course, a distance of nine and seventy-three hundredths (9.73) feet to an iron pin; thence in a northerly direction and at ninety-degrees (90°) to the preceding course and parallel to the east property line of Goodwin Avenue, a distance of one hundred seventy and five tenths (170.5) feet to the place of beginning, containing seven hundred and thirty-one thousandths (0.731) of an acre, more or less, but subject to all legal highways.

and contracts have been let for the construction and equipment of said facilities, and based upon the contracts heretofore let this Board of Trustees has heretofore estimated and does hereby estimate that the cost of the construction of said student-staff apartments (second unit) upon said above described property located on Green Street in the City of Urbana, Illinois, complete with all equipment, will aggregate the sum of $1,038,000; and

WHEREAS in addition to said appropriations made by the Sixty-fifth and Sixty-sixth General Assemblies of the State of Illinois, it will be necessary for this Board of Trustees to raise the sum of $700,000 to complete the construction thereof and fully equip said student-staff apartments (second unit); and

WHEREAS in order to produce the additional $700,000 necessary for the completion and equipment of said student-staff apartments (second unit) located on the property hereinabove described on Green Street, in the City of Urbana, Illinois, it will be necessary that this Board of Trustees borrow money and issue its revenue bonds in the principal amount of $700,000 as authorized pursuant to the Act hereinabove referred to;

NOW, THEREFORE, Be It and It Is Hereby Resolved by the Board of Trustees of the University of Illinois, as follows:

SECTION 1. That it be and it is hereby determined by the Board of Trustees of the University of Illinois, that it is necessary and for the best interests of the University of Illinois that it borrow the sum of $700,000 to complete the construction of and to fully equip the student-staff apartments (second unit) located on the property described in the preambles of this resolution on Green Street, in the City of Urbana, Illinois, and in evidence thereof issue its revenue bonds in the principal amount of $700,000.

provided, however, said bonds shall be redeemable as a whole or in part in the inverse order in which they are numbered, prior to their maturity, on any interest payment date at the option of said Board of Trustees of the University of Illinois on or after April 1, 1953, and up to and including October 1, 1954, at par and accrued interest and a premium of two per cent (2%) of the principal amount thereof, and

a premium of one and one-half per cent (1½%) of the principal amount thereof if redeemed on April 1, 1955, or on any interest payment date thereafter up to and including October 1, 1958, and a premium of one per cent (1%) of the principal amount thereof if redeemed on April 1, 1959, or on any interest payment date thereafter before maturity.

Notice of redemption of any or all of said bonds shall be given by publication at least once not less than thirty days prior to the date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, Illinois, and such notice of redemption shall, with substantial accuracy (a) designate the date and place of redemption, such place to be at the office of the Depositary hereinafter mentioned in the City of Chicago and State of Illinois; and (b) designate the numbers and the aggregate principal amount of such bonds; and (c) state that on the designated date of redemption said bonds will be redeemed by payment of principal thereof and the accrued interest thereon to date of redemption, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of all bonds so called for redemption shall cease.

SECTION 3. Any of said bonds may be registered as to principal at anytime prior to maturity in the name of the holder on the books of registration of said University to be kept in the office of the Depositary hereinafter mentioned, such registration to be noted on the reverse side of the bonds by the said Depositary as registrar. After such registration no transfer of such bonds shall be valid unless made on the said books by the registered owner in person or by his duly authorized attorney and similarly noted on such bonds. Upon presentation of any of such bonds registered as to principal, accompanied by a written instrument of transfer satisfactory to the Depositary hereinafter mentioned, executed by the registered owner, or by a duly authorized attorney, such bond shall be transferred upon such books. The registered owner of any such bond registered as to principal shall also have the right to cause the same to be discharged from registration by transfer to bearer, in which case transferability by delivery shall be restored, and thereafter the principal of such bond when due shall be payable to the person presenting such bond. Any such bond registered as payable to bearer may be registered again in the name of the owner with the same effect as the first registration thereof. Successive registrations and transfers as aforesaid may be made from time to time as desired. Registration of any of such bonds shall not affect the negotiability of the coupons thereto attached, but such coupons shall be transferable by delivery merely and payable to the bearer thereof.

Said bonds shall be signed by the President and two members of the Board of Trustees of the University of Illinois, sealed with the corporate seal of said University, attested by the Secretary of said Board, and the interest coupons attached to said bonds shall be authenticated by the facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois.

SECTION 4. That said bonds and coupons, and form for registration, shall be in substantially the following form:

(Form of Bond)

UNITED STATES OF AMERICA

STATE OF ILLINOIS

UNIVERSITY OF ILLINOIS

STUDENT-STAFF APARTMENTS (SECOND UNIT) REVENUE BOND

Number ..... $1,000.

KNOW ALL MEN BY THESE PRESENTS, that the University of Illinois, a body corporate and politic, for value received, hereby promises to pay to bearer, or if this bond be registered as hereinafter provided, then to the registered holder hereof, solely from the special fund of said University, as hereinafter mentioned, and not otherwise, the principal sum of One Thousand Dollars ($1,000) on ....., 19....., and to pay interest on said sum from the date hereof until paid at the rate of ..... per cent (.....%) per annum, payable October 1, 1950, and semi-annually thereafter on the first days of April and October in each year, until maturity hereof, in accordance with and upon

presentation and surrender of the annexed interest coupons as they severally become due.

Both principal and interest of this bond are hereby made payable in lawful money of the United States of America at the Chicago Title and Trust Company, in the City of Chicago and State of Illinois.

This bond and the series of which it forms a part is issued under authority of an Act of the Legislature of the State of Illinois, entitled "An Act to authorize the Board of Trustees of the University of Illinois to acquire by purchase or otherwise, construct, equip, complete, operate, control and manage student residence halls, staff housing facilities, dormitories, health and physical education buildings, or other revenue producing building or buildings, defining the duties of such Board with respect to operation and maintenance thereof, charge fees or rates for the use thereof, and providing for and authorizing the issue of bonds for the purpose of defraying the cost of construction, acquisition or equipment of any such building or buildings, payable solely from the revenues derived from the operation thereof, and for the refunding of any such bonds. Approved June 30, 1945, L. 1945, p. 1753; title as amended by Act approved July 21, 1947," approved July 21, 1947, as amended, and all other laws supplementary thereto, and a resolution duly adopted by the Board of Trustees of the University of Illinois for the purpose of defraying part of the cost of constructing the Student-Staff Apartments (Second Unit) located on Green Street, in the City of Urbana, Illinois, on the following described property, to wit:

Situated in the State of Illinois, County of Champaign, and City of Urbana, in the west half of the Northeast Quarter (NE¼) of the Northeast Quarter (NE¼) of Section Eighteen (18) in Township Nineteen North (T19N), Range Nine East (R9E) of the Third Principal Meridian and being known as parts of Lots Eleven (11) and Twelve (12) of the W. M. Goodwin's Addition to the City of Urbana as recorded in Deed Book Twenty-four (24), Page Five Hundred Eighty-two (582) of the records of said County and also being sometimes referred to as Lots at the Southeast Corner of Green Street and Goodwin Avenue, Urbana, Illinois, and being more fully bounded and described as follows:

Beginning at an iron pin in the south property line of Green Street, said iron pin being two hundred eight and seventy-five hundredths (208.75) feet distant in an easterly direction from the intersection of the east property line of Goodwin Avenue and the south property line of Green Street; thence easterly along the south property line of Green Street, a distance of ninety and twenty-five hundredths (90.25) feet to an iron pin; thence in a southerly direction along a line parallel to the east property line of Goodwin Avenue, a distance of three hundred thirty-five and fifty-two hundredths (335.52) feet to an iron pin; thence in a westerly direction, a distance of one hundred and two hundredths (100.02) feet to an iron pin; thence in a northerly direction along a line parallel to the east property line of Goodwin Avenue, a distance of one hundred sixty-four and thirteen hundredths (164.13) feet to an iron pin; thence in an easterly direction and at ninety degrees (90°) to the preceding course, a distance of nine and seventy-three hundredths (9.73) feet to an iron pin; thence in a northerly direction and at ninety degrees (90°) to the preceding course and parallel to the east property line of Goodwin Avenue, a distance of one hundred seventy and five tenths (170.5) feet to the place of beginning, containing seven hundred and thirty-one thousandths (0.731) of an acre, more or less, but subject to all legal highways.

and is payable solely from the net revenue to be derived from the operation of said building, and not otherwise, and this bond and the series of which it forms a part do not constitute an indebtedness of said University or of the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Under said Act of the Legislature of the State of Illinois and other laws supplementary thereto, and the said resolution adopted pursuant thereto, the net revenue derived from the operation of said building shall be deposited with the Chicago Title and Trust Company, in the City of Chicago, Illinois, under a Deposit Agreement entered into between the Board of Trustees of the University of Illinois and the said Company, and used only for the purpose of paying the fees and expenses of such Depositary, principal of and interest on the bonds of said University that are issued under authority of said Act of the Legislature of the State of Illinois and the resolution of the Board of Trustees hereinabove referred to, and which are

payable by their terms only from the net revenue of said Student-Staff Apartments (Second Unit) located on Green Street, in the City of Urbana, Illinois.

It is hereby certified and recited that all acts, conditions and things required to be done precedent to and in the issuance of this bond by the Constitution and Statutes of the State of Illinois, and the applicable resolutions of said Board of Trustees of the University of Illinois, have been done and have happened and have been performed in regular and due form and time as required by law and that provision has been made for depositing the net revenue derived from the operation of said building with the said Chicago Title and Trust Company, to be applied in the manner as hereinabove set forth.

This bond is one of an authorized issue of $700,000, all of like date and of the denomination of $1,000 each, numbered from 1 to 700, inclusive, and said bonds are subject to redemption as a whole, or in part, in the inverse order in which they are numbered, prior to maturity, on any interest payment date on or after April 1, 1953, and up to and including October 1, 1954, at par and accrued interest and a premium of two per cent (2%) of the principal amount thereof, and a premium of one and one-half per cent (1½%) of the principal amount thereof if redeemed on April 1, 1955, or on any interest payment date thereafter up to and including October 1, 1958, and a premium of one per cent (1%) of the principal amount thereof if redeemed on April 1, 1959, or on any interest payment date thereafter before maturity.

Notice of redemption of any or all of said bonds shall be published once not less than thirty days prior to the date of redemption; such publication to be made in one newspaper published and of general circulation in the City of Chicago, and when this bond or any of the bonds of such authorized issue shall have been called for redemption interest thereon shall cease from and after the specified redemption date.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Depositary hereinabove mentioned, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

This bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, howsoever such possession may have been acquired, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder, and the said University and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered and the bearer of any interest coupons appertaining hereto as the absolute owner thereof for all purposes.

Said University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the resolution adopted by the Board of Trustees of said University of Illinois, authorizing the issue of this bond and the series of which it forms a part and as provided in the Deposit Agreement hereinabove referred to, and hereby irrevocably obligates itself to deposit the net revenue derived from the operation of said Student-Staff Apartments (Second Unit) with the said Depositary, to administer the said net revenue as provided for in and by said Deposit Agreement, and to establish from time to time charges and fees for the use of said buildings and to maintain and collect charges and fees sufficient to pay the reasonable cost of operating, maintaining, insuring and repairing of said buildings, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues until all of such bonds have been paid in full, both as to principal and interest.

IN WITNESS WHEREOF, said University of Illinois, by its Board of Trustees, has caused this bond to be signed by the President of the Board of Trustees and two members thereof, its corporate seal to be hereto affixed, attested by the Secretary of said Board, and the coupons hereto attached to be authenticated by the facsimile signatures of the President and Secretary of said Board of Trustees, and this bond to be dated the first day of May, 1950.

SECTION 5. That upon the issuance of any revenue bonds herein provided for there be and there is hereby established a fiscal year for the operation of said Student-Staff Apartments (Second Unit) located on Green Street, in the City of Urbana, Illinois, and said fiscal year shall commence the first day of July of each year and end the last day of the next succeeding June and all revenues derived from the operation thereof shall be set aside as collected in a separate account and fund, apart

* (The clause within the parentheses to be inserted in all coupons maturing after optional date of bonds to which they are attached.)

from any other funds of said University, and said University covenants that all the revenues, income, receipts, profits, rates, rents, charges, fees and returns derived from the said Student-Staff Apartments (Second Unit) and the operation thereof, after setting aside therefrom the reasonable cost of operating, maintaining, insuring and repairing said Student-Staff Apartments (Second Unit), shall be paid over to the Depositary hereinafter mentioned semi-annually not later than the dates as hereinafter specified in the said deposit agreement prior to April 1 and October 1 of each year, and said revenues so paid over to the Depositary shall be used only in paying the fees and expenses of such Depositary, principal of and interest upon the revenue bonds of said University that are payable by their terms only from such revenues, and such funds shall be used only for the purposes and in accordance with the Deposit Agreement hereinafter set out.

SECTION 6. That for the purpose of further securing the income and revenue to be derived from the operation of the said Student-Staff Apartments (Second Unit) and the application of the net revenue to the payment of the principal of and interest upon the said bonds hereby authorized, the net revenue derived from the operation of the said Student-Staff Apartments (Second Unit) shall be deposited with the Chicago Title and Trust Company, hereby designated as the Depositary for the said net revenue, and the President and Secretary of the Board of Trustees and Treasurer of said University be and are hereby authorized and directed to execute for and on behalf of the University a Deposit Agreement with said bank as Depositary in substantially the following form, to wit:

THIS DEPOSIT AGREEMENT dated May 1, 1950, between the University of Illinois, a public corporate body duly organized and existing under the laws of and located in the State of Illinois (hereinafter sometimes referred to as the "University"), party of the first part, and the Chicago Title and Trust Company, a corporation duly organized and existing under the laws of the State of Illinois, and having its office in the City of Chicago, in the State of Illinois (hereinafter sometimes referred to as the "Depositary"), party of the second part,

WITNESSETH:

WHEREAS the University, pursuant to a resolution of its Board of Trustees, entitled

> "RESOLUTION authorizing and providing for the issue of $700,000 Student-Staff Apartments (Second Unit) Revenue Bonds for the purpose of defraying part of the cost of constructing the second unit of Student-Staff Apartments located on Green Street in Urbana, Illinois, prescribing all the details of said bonds, and providing for the collection, segregation and distribution of the revenues of the said Student-Staff Apartments (Second Unit), for the purpose of paying the cost of the maintenance and operation thereof, and payment of the principal of and interest on said revenue bonds,"

adopted by said Board of Trustees of the University of Illinois on the ..... day of ....., 1950, has issued or is about to issue Seven Hundred Thousand Dollars ($700,000) principal amount of its Student-Staff Apartments (Second Unit) Revenue Bonds for the purpose of defraying part of the cost of constructing said Student-Staff Apartments (Second Unit) on the following described property:

bonds numbered 1 to 345, inclusive, bearing interest at the rate of two and one-fourth per cent (2¼%) per annum, bonds numbered 346 to 462, inclusive, bearing interest at the rate of two and one-half per cent (2½%) per annum, and bonds numbered 463 to 700, inclusive, bearing interest at the rate of two and three-fourths per cent (2¾%) per annum, interest payable October 1, 1950 and semi-annually thereafter on the first days of April and October in each year, said bonds being

redeemable as a whole, or in part, in the inverse order in which they are numbered, prior to their maturity, on any interest payment date on or after April 1, 1953, and up to and including October 1, 1954, at par and accrued interest, and a premium of two per cent (2%) of the principal amount thereof, a premium of one and one-half per cent (1½%) of the principal amount thereof if redeemed on April 1, 1955, or on any interest payment date thereafter up to and including October 1, 1958, and a premium of one per cent (1%) of the principal amount thereof if redeemed on April 1, 1959, or on any interest payment date thereafter before maturity.

Notice of redemption to be given by publication at least once not less than thirty days prior to date of redemption, such publication to be made once in one newspaper published and of general circulation in the City of Chicago, Illinois; and

WHEREAS the said bonds are payable both as to principal and interest and premium, if any, solely from the net revenues to be derived from the operation of the said Student-Staff Apartments (Second Unit), the term "net revenues" as used herein meaning the gross revenues of the said Student-Staff Apartments (Second Unit), less the reasonable cost of operating, insuring, maintaining and repairing said facilities; and

WHEREAS the University has, in and by the said resolution, covenanted and agreed, for the benefit of the holders from time to time of the said bonds and the interest coupons thereto appertaining, that the net revenues of the said Student-Staff Apartments (Second Unit) will be from time to time deposited with the Depositary and used only for the payment of the fees and expenses of the Depositary, principal of, premium, if any, and the interest on the said bonds; and

WHEREAS the University has, in and by the said resolution, further covenanted and agreed that it would execute and deliver a Deposit Agreement in the form and terms hereof;

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements hereinafter set forth and pursuant to the terms and provisions of the said resolution, the University and the Depositary have agreed and do hereby agree as follows for the equal and proportionate benefit and security of the holders of the said bonds of the University and the interest coupons thereto appertaining, that is to say:

SECTION 1. The University covenants that proper books of record and account will be kept, in which full, true and correct entries will be made of all income, expenses and financial transactions of and in relation to the said Student-Staff Apartments (Second Unit), and that it will furnish to the Depositary, on or before October 1, 1951, for that period from May 1, 1950 to June 30, 1951, and on or before October 1 in each year thereafter, so long as any bonds remain outstanding, a statement certified as correct by the Comptroller and Treasurer of the University, showing the gross operating revenues, the operating expenses and the net revenues of the said Student-Staff Apartments (Second Unit) for the twelve months' period ended on the next preceding June 30th. The Depositary shall have no duty to request any such information nor any duty relative to the statements from time to time furnished by the University, except to preserve the same for the inspection of the holders of the bonds during usual business hours.

SECTION 2. The University has covenanted with the holders of the bonds hereinabove referred to that all of the revenues, income, receipts, profits, charges, fees, rents and returns derived from the said Student-Staff Apartments (Second Unit) and the operation thereof shall be collected by the University and, after setting aside therefrom the reasonable cost of operating, maintaining, insuring and repairing the said Student-Staff Apartments (Second Unit), shall be paid over to the Depositary semi-annually not later than July 31 for the previous six months' period ending June 30th each year, and January 31 for the previous six months' period ending December 31 of each year; provided, however, there shall be deposited on September 1, 1950 the net revenues for the period from May 1, 1950 to September 1, 1950, which amount, together with sufficient funds derived from the proceeds of the sale of said bonds will be such that the sum so deposited will not be less than the interest requirements due on said bonds October 1, 1950, plus Depositary's fees, and the University hereby covenants and agrees so to do. All funds received by the Depositary under the terms of this agreement, after deducting fees and expenses of such Depositary, shall be held by the Depositary in a special trust account to be known

as the sinking fund and shall be disbursed or applied by the Depositary as hereinafter provided.

At least five days before each semi-annual interest payment date the Depositary shall, if the sinking fund moneys then on deposit are sufficient for that purpose, set aside an amount equal to the interest becoming due on the next ensuing interest payment date on all of the said bonds then outstanding, and such funds shall be and they are hereby appropriated irrevocably to the payment of such interest, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of such interest on the next ensuing interest payment date upon surrender of the interest coupons becoming due on the said interest date and appertaining to the outstanding bonds.

At least five days before the express date of maturity of the bonds, the Depositary shall set aside from the moneys in the sinking fund, if such moneys then on deposit are sufficient for that purpose after making provision for payment of the interest becoming due on the outstanding bonds on such maturity date, an amount equal to the principal of the bonds then maturing, and such funds shall be and they are hereby appropriated irrevocably to the payment of the principal of the said maturing bonds, and the Depositary, as paying agent, is hereby authorized and directed to apply the same to the payment of the principal of the said bonds upon surrender of the said bonds.

If, upon the fortieth day before any interest payment date, the Depositary has cash in the sinking fund after setting aside an amount sufficient to pay interest becoming due on all outstanding bonds on the next two ensuing interest payment dates and to pay the principal and premium, if any, of any bonds theretofore called for redemption and not yet redeemed and the principal of all bonds becoming due on the next two ensuing principal payment dates, such cash shall be applied by the Depositary to the redemption on the next ensuing interest payment date of outstanding bonds, which by their terms are redeemable, in an amount sufficient to exhaust as nearly as may be such cash, after deducting therefrom and paying all costs and expenses of such redemption.

The said bonds are each in the denomination of One Thousand Dollars ($1,000) and are numbered from 1 to 700, inclusive. All bonds redeemed through the operation of the sinking fund, together with the appertaining interest coupons, shall be cancelled by the Depositary and delivered to the Treasurer of the University. The Depositary shall keep a record of the numbers of all bonds so redeemed.

Notice of redemption through the operation of the sinking fund shall be published by the Depositary, either in the name of the University or in the name of the Depositary, as the Depositary may determine, once not less than thirty days prior to the date of redemption. Such publication to be made in one newspaper published and of general circulation in the City of Chicago, Illinois. Such notice shall with substantial accuracy:

(a) Designate the date and place of redemption, such place to be the office of the Depositary, in the City of Chicago and State of Illinois;

(b) If the bonds to be redeemed are less than all of those outstanding, designate the numbers and the aggregate principal amount of such bonds; and

(c) State that on the designated date of redemption said bonds will be redeemed by payment of the principal thereof and the accrued interest thereon, plus the applicable redemption premium, and that from and after the designated redemption date interest in respect of the bonds so called for redemption will cease.

Upon publication of notice of redemption of any bonds through the operation of the sinking fund, the Depositary shall set aside from the moneys in the sinking fund an amount sufficient to pay and redeem the said bonds and such funds be and are hereby appropriated irrevocably for that purpose, and the Depositary, as paying agent, is hereby authorized and directed to apply such funds to the payment and redemption of the said bonds on or after the specified redemption date upon surrender of the said bonds, together with all unmatured interest coupons thereto appertaining.

SECTION 3. The University has covenanted with the holders of the bonds, hereinabove referred to, that it will, so long as any of the said bonds shall remain outstanding and unpaid, keep in the office of the Depositary, in the City of Chicago and State of Illinois, books for the registration and transfer as to principal of bonds of the said issue, and the said Depositary is hereby appointed the agent of the Uni-

versity, with the title of Registrar, for the purpose of registering and transferring the said bonds as to principal only.

As to each bond registered, as to principal only, the person or entity in whose name the same is for the time being registered shall be deemed and regarded as the absolute owner thereof for all purposes, except for the purpose of receiving payment of the outstanding coupons, if any, appertaining thereto, and so long as the same shall be so registered payment of or on account of the principal thereof shall be made by the Depositary, as paying agent, only to the registered owner thereof. The bearer of any of the said bonds which shall not be registered as to principal and the bearer of any coupon appertaining to any such bond, whether or not such bond shall be registered as to principal, shall for all purposes be deemed and regarded as the absolute owner of such bond or coupon as the case may be for the purpose of receiving payment thereof and for all other purposes, and the Depositary, as paying agent, shall be fully protected in making payment of any such bond or coupon to the bearer thereof.

SECTION 4. The Depositary has executed this agreement and agrees to carry out the terms and provisions hereof on its part, but only upon and subject to the following express terms and conditions:

(a) The Depositary shall not be responsible for any recitals herein or in the said bonds or for the validity of this agreement or of the said bonds, nor for the performance of any of the agreements herein contained on the part of the University.

(b) The Depositary shall not be accountable for any of the proceeds of the bonds or of the revenues of the said Student-Staff Apartments (Second Unit), nor for any other funds of the University, except such funds as may be deposited hereunder. The Depositary shall not be required to allow interest on any funds at any time deposited hereunder. The Depositary may become the owner of bonds of the said issue with the same rights which it would have if not Depositary.

(c) The Depositary shall not be liable for any action taken or omitted to be taken by it in good faith and in the exercise of reasonable care and believed by it to be within the discretion or power conferred upon it by this agreement, nor shall the Depositary be responsible for the consequences of any error of judgment, and the Depositary shall not be answerable except for its own acts, neglect and default, nor for any loss unless the same shall happen through the negligence or want of good faith of the Depositary.

(d) The Depositary shall be entitled to advice of counsel concerning all matters arising under this agreement and its duties hereunder, and may in all cases pay such reasonable compensation as it shall deem proper to such counsel and all such outlays and expenditures shall be repaid to the Depositary out of the sinking fund money.

(e) The Depositary shall not be required to give any bond or surety in respect of the exercise of the duties and powers conferred hereby or otherwise in respect of the premises.

(f) The Depositary shall have a first lien hereunder upon the sinking fund moneys for reasonable compensation, expenses, advances and counsel fees incurred in and about the exercise and performance of its powers and duties hereunder, and the cost and expense of defending against any liability in the premises of any character whatsoever. The compensation of the Depositary shall not be limited to or by any provision of law in regard to the compensation of a trustee of an express trust.

(g) The Depositary at the time acting hereunder may at any time resign by giving not less than sixty (60) days' written notice to the University specifying the date when such resignation takes effect.

SECTION 5. The University covenants that in case the Depositary at the time acting hereunder shall resign or be dissolved or shall be in the course of dissolution or liquidation or otherwise become incapable of acting hereunder, the University will forthwith appoint a successor Depositary which shall be a trust company or bank in good standing located in the State of Illinois and having a capital and surplus of not less than Five Million Dollars ($5,000,000), if there be such a trust company or bank willing, qualified and able to accept the appointment upon reasonable or customary terms.

Every successor Depositary appointed hereunder shall execute, acknowledge and deliver to its predecessor and also to the University an instrument in writing accepting such appointment hereunder, and thereupon such successor Depositary, without any further act, deed or conveyance, shall become fully vested with all of the estates, rights, powers, duties and obligations of its predecessor, and every predecessor Depositary shall deliver all moneys and securities, together with a record of the amount and the numbers of the outstanding bonds, to its successor; provided, however, that before such delivery is required or made, all fees, advances and expenses of the retiring Depositary shall be paid in full.

Any corporation into which the Depositary or any successor to it may be merged or converted or with which it or any successor to it may be consolidated, or any corporation resulting from any merger, conversion or consolidation to which the Depositary, or any successor to it shall be a party, shall be the successor Depositary under this agreement without the execution or filing of any paper on the part of either of the parties hereto.

SECTION 6. Nothing in this agreement expressed or implied is intended or shall be construed to confer upon any person, firm or corporation, other than the parties hereto and the holders of the said bonds and the coupons thereto appertaining, any right, remedy or claim, legal or equitable, under or by reason of this agreement or any covenant, condition or stipulation hereof.

IN WITNESS WHEREOF said University of Illinois, acting by and through its Board of Trustees, has caused this agreement to be signed in its name by the President of the Board of Trustees and the Treasurer thereof and its corporate seal to be hereunto affixed and attested by the Secretary thereof, and said Chicago Title and Trust Company has caused this agreement to be signed in its corporate name by one of its Vice Presidents and its corporate seal to be hereunto affixed and attested by one of its Assistant Secretaries, all as of the day and year first above written.

SECTION 7. Said University hereby covenants that proper books of record and account will be kept, in which full, true and correct entries will be made of all income, expenses and financial transactions of and in relation to the said Student-Staff Apartments (Second Unit), and that it will furnish to the Depositary and to the original purchasers of said bonds on or before October 1 in each year so long as any bonds remain outstanding a statement certified as correct by the Comptroller and Treasurer of the University, showing the gross operating revenues, the operating expenses, and the net revenues of said Student-Staff Apartments (Second Unit) for the twelve months' period ending on the next preceding June 30.

SECTION 8. The University covenants that while any of the bonds authorized hereunder remain outstanding it will establish charges and fees for the use of said Student-Staff Apartments (Second Unit) and all of the facilities thereof adjusted so as to provide revenues at all times sufficient to pay the reasonable cost of maintaining, operating, insuring and repairing the said Student-Staff Apartments (Second Unit), to pay the interest from time to time becoming due on the said bonds from time to time outstanding, and to provide for the payment of the principal of such bonds at maturity.

SECTION 9. It is hereby covenanted and agreed that while any revenue bonds issued hereunder are outstanding no additional revenue bonds shall be issued which, by their terms, are payable from the revenues of said Student-Staff Apartments (Second Unit) located on Green Street, in the City of Urbana, Illinois, unless and until all revenue bonds issued pursuant to the terms of this resolution have been paid in full, both as to principal and interest, or until provision shall have been made for such payment in full.

SECTION 10. Said University of Illinois hereby covenants and agrees with the holder or holders of the bonds herein proposed to be issued, or any of them, that it will punctually perform all duties with reference to said Student-Staff Apartments (Second Unit) required by the Constitution and laws of the State of Illinois, including the making and collecting of sufficient charges and fees for the use of said properties and all of the facilities thereof, and segregating the revenue thereof and the application of the income and revenue thereof, as provided by this resolution; and it hereby covenants and agrees not to sell, lease, loan, mortgage or in any manner dispose of said Student-Staff Apartments (Second Unit), including any and all extensions and improvements that may be made thereto, until all of the bonds herein authorized to be issued shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment thereof in full, and the said University further covenants and agrees with the holders of said bonds to maintain in good condition and continuously operate said Student-Staff Apartments (Second Unit) and maintain and keep in full force and effect at all times adequate insurance for the protection of said properties, including multi-risk insurance, covering loss or damage to said properties and use and occupancy insurance covering loss of use of said properties. The cost of maintaining all insurance shall be deemed to be an operating charge and shall be paid only from revenues.

Any proceeds derived by said University from any multi-risk insurance shall be applied to the payment of the said University's reasonable and necessary costs in reconstruction, repair or rehabilitation of the said properties and any proceeds derived from any use and occupancy insurance shall be applied in the same manner and to the same effect as gross operating revenues.

SECTION 11. The provisions of this resolution shall constitute a contract between the University of Illinois and the holders of the bonds herein authorized to be issued, and after the issuance of the bonds no changes, additions, alterations or amendments of any kind shall be made to this resolution in any manner, until such time as all of said bonds issued hereunder, and interest thereon, shall be paid in full, or unless and until provision shall have been made for the payment of all bonds hereby authorized and interest thereon in full.

SECTION 12. Any holder of a bond or bonds, or any of the coupons of any bond or bonds, issued under the provisions of this resolution, may either in law or in equity, by suit, action, mandamus or other proceeding, enforce or compel the performance of all duties required by this resolution or the acts under which the bonds hereby authorized are issued, including the fixing, maintaining and collecting of such charges and fees for the use of such properties and all facilities thereof as will be sufficient for all the purposes provided by this resolution, and the application of income and revenue therefrom.

SECTION 13. If any section, paragraph, clause or provision of this resolution shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this resolution.

SECTION 14. That Trustees Park Livingston and Frances B. MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

May 19-20, 1950

The May meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, at the University, in Urbana, on Friday, May 19, and Saturday, May 20, 1950, according to the following shedule:

Friday, May 19, 8:00 p.m. — Executive session as in Committee of the Whole.

Saturday, May 20, 9:30 a.m. — Open session.

When the Board convened in executive session on Friday evening, the following members and officers were present: President Williamson, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins; Mr. Livingston took his place with the Board during the evening.

Provost Griffith was present; also Dr. A. C. Ivy, Vice-President in charge of the Chicago Professional Colleges, Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, and Dean C. C. Caveny of the Chicago Undergraduate Division.

MATTERS PRESENTED BY PROVOST GRIFFITH

The Board considered the following matters presented by the Provost acting for the President of the University.

RATES OF PAY FOR BUILDING TRADES

(1) The Board of Trustees has authorized the appointment of a fact-finding committee to make an investigation of wage rates in Piatt County to be paid for construction work at Robert Allerton Park and report on the same to the President of the University and to the Board of Trustees. This Committee is composed of one member appointed by the Illinois State Federation of Labor, one member appointed by the President of the University, and a third member selected by the first two; provided that if they do not agree upon a candidate within ten days the Director of the State Department of Public Works and Buildings shall be asked to appoint the third member.

The personnel of this Committee is Mr. Robert L. Gordon, Urbana, former Director of the State Department of Labor, Mr. Donald E. Dickason, Director of Nonacademic Personnel, and Mr. Winfield Meyer, Deputy Director of the State Department of Public Welfare.

At a hearing held recently, Mr. Meyer of this Committee brought to the attention of Director Dickason a memorandum of agreement entered into between the State Department of Labor and the international representatives of several building trade unions specifying how rates of pay for building tradesmen in the employ of the state of Illinois shall be determined. On June 28, 1949, the Governor authorized the Director of the State Department of Labor to distribute this agreement to the Code Departments and the elected state officials. This agreement has never been brought to the attention of the University of Illinois officially and, in fact, was not known to University officials until it was shown to the Director of Nonacademic Personnel informally by the Deputy Director of the Department of Public Welfare.

This matter was discussed at length.

The Provost recommended that no action be taken to change the agreement now in effect, but that the fact-finding committee continue its investigation on the basis of the existing agreement.

No action was taken.

LEAVE OF ABSENCE FOR DEAN LOUIS N. RIDENOUR

(2) Dean Louis N. Ridenour of the Graduate College has requested leave of absence without pay for the period July 1, 1950, to September 1, 1951, to accept an assignment as Special Assistant to the Secretary of the Air Force, for Development. The Secretary has formally requested the University to make Dean Ridenour's services available.

The President recommends that Dean Ridenour be granted leave of absence for the period indicated, one month (July) to be with pay to cover normal vacation allowance and the balance of the leave from August 1, 1950, to September 1, 1951, to be without pay.

Dean Ridenour expects to keep in close touch with the University and to make visits to the campus periodically during the period of his leave of absence to consult with his staff and other administrative officers regarding University matters.

I recommend that the President be authorized to make the necessary provisions for the administration of the Graduate College during Dean Ridenour's absence.

On motion of Mr. McLaughlin, this leave was granted as recommended.

PURCHASE OF PROPERTY AT 1005 WEST NEVADA STREET, URBANA

(3) It is necessary to provide additional space and more adequate quarters for the Psychological Clinic, now housed at 404 South Mathews Avenue, Urbana. This building must eventually be vacated because it is on a part of the site of the proposed Biology Building.

The University has an opportunity to purchase the property at 1005 West Nevada Street, Urbana, which has been offered at a price of $58,500. Action in the

near future is necessary to secure it at that figure. The house on the property is large and has been well maintained. Remodeling and extension of utilities to make it usable by the Psychological Clinic is estimated to cost $15,000. A specific recommendation on that will be submitted later if the Board approves the purchase of this property.

In addition to the immediate use which can be made of this property, it is in an area of contemplated campus development. The south end of the property joins the campus; the University also owns the adjoining properties at 1003 and 1001 West Nevada to the east.

The Board of Trustees has authorized negotiations (Minutes, January 12, 1950, page 964) for acquisition of properties of this kind in Urbana-Champaign.

The Provost, the Comptroller, and the Director of the Physical Plant recommend the purchase of this property.

I concur and request that the officers of the Board of Trustees be authorized to conclude the necessary contracts, subject to the release of funds by the Governor from the State appropriation for land acquisition.

On motion of Mr. Hickman, this purchase was authorized as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. McLaughlin, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Livingston, Dr. Meyer, Mr. Stevenson.

At this point, Mr. Livingston took his place with the Board.

USE OF UNIVERSITY BUILDINGS FOR POLITICAL MEETINGS

(4) A report of replies to a questionnaire sent to presidents of the universities in the Association of American Universities, on their practice with respect to political meetings in university buildings (see Minutes, April 19, 1950, page 1068).

The Secretary presented in this connection a summary of replies to a questionnaire sent out by him on request of Mr. Wirt Herrick, Chairman of the Committee on General Policy, to whom the matter had been referred.

After discussion, action was deferred to the June meeting. The Secretary was requested to send full information to all the members of the Board.

COMMITTEE ON CHICAGO DEPARTMENTS

Mrs. Watkins presented the following report of a meeting of the Committee on Chicago Departments held in Chicago April 21, 1950.

Present: Dr. Karl A. Meyer, Chairman, Mrs. Frances B. Watkins, and Mr. Park Livingston, members of the Committee; also Dr. A. C. Ivy, Mr. Lloyd Morey, Mr. C. S. Havens, Mr. C. H. Bowman, Mr. H. A. Hazleton, Mr. H. W. Pearce, and Mr. Amos Watts.

Mr. Morey presented a report on the offer, conveyance, and lease prepared by the Medical Center Commission for use in connection with the Chicago housing projects. He reported that the documents were a complete revision of those originally prepared by Chapman and Cutler and did not conform to the actions of the Board of Trustees on April 21, 1949, which action resulted from principles arrived at in a conference between representatives of the University, the Medical Center Commission, and the Equitable Life Assurance Society of the United States on March 29, 1949.

Mr. Morey indicated that the most important points of difference were as follows:

A. No provision for University approval of the letting of all contracts.

B. No provision for supervision of construction by the University.

C. The rental to be paid by the University to the Medical Center Commission is not limited to the amount necessary to amortize the loan.

After thorough discussion, Mr. Livingston moved that plans and specifications not be delivered to the Medical Center Commission until complete agreement had

been reached between the University and the Medical Center Commission on the details of the offer, conveyance, and lease and that Mr. Amos Watts of Chapman and Cutler be authorized and directed to confer with representatives of the Medical Center Commission in an effort to reach agreement on an offer, conveyance, and lease in accord with the principles approved by the Board of Trustees on April 21, 1949, as represented in the original documents prepared by Chapman and Cutler and amended by the University.

The motion was seconded by Mrs. Watkins and unanimously approved by the Committee.

Dr. KARL A. MEYER, *Chairman*
Mrs. FRANCES B. WATKINS
PARK LIVINGSTON

H. A. HAZLETON, *Clerk*

Dr. Ivy, the Provost, and the Comptroller commented on this matter.

On motion of Mrs. Watkins, the report of the Committee was approved, and the Comptroller was directed to have a lease prepared for presentation to the Medical Center Commission.

HEARING COMMITTEE, CASE OF MR. THOMAS R. ALLEN

The Secretary presented the following communication from the Director of Nonacademic Personnel:

May 11, 1950

Mr. H. E. Cunningham, Secretary
Board of Trustees
University of Illinois
363 Administration (W)

DEAR MR. CUNNINGHAM:

Under the Civil Service Law and Rules, written charges as grounds for request for discharge have been filed against Thomas R. Allen, Storekeeper in the Department of Chemistry on Navy Pier, by his supervisor, Dr. Carl R. Meloy, Chairman of the Division of Physical Sciences. These charges are supported by Dr. H. W. Bailey, Associate Dean of Liberal Arts and Sciences at the Pier.

Under the established procedure, Mr. Allen was suspended on May 4, 1950, pending the hearing of these charges.

The charges are as follows:

1. Habitual tardiness
2. Failure to follow written instructions
3. Breaking of department rules
4. Failure to establish adequate inventory records
5. Working personal project during working hours
6. Lack of supervisory aptitude
7. Failure to take proper precautions for security and care of University property
8. Lack of proper attitude and cooperation toward other staff members
9. Attempt to falsify records for absence

Will you please request the Board at its next meeting to appoint the customary hearing committee to hear these charges and to make recommendations to the Board as to subsequent action?

Very truly yours,
DONALD E. DICKASON
Director

Dean Caveny commented on this matter.

On motion of Mr. Hickman, the President of the Board was authorized to appoint a committee to hear the charges and to report a recommendation to the Board. President Williamson appointed the following committee: Frank T. Maher, Warren O. Brown, Clarence Carlson.

The Board adjourned, at 12:15 a.m.

SESSION OF SATURDAY, MAY 20, 1950

When the Board convened in open session at 9:30 a.m. on Saturday, May 20, the following members were present: President Williamson, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins.

Provost Griffith was present; also Mr. A. J. Janata and Mr. Wilbur Schramm, Assistants to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. E. L. Stouffer, Architect, Mr. S. E. Thompson, Director of Housing, Mr. H. O. Farber, Assistant Comptroller, and Mr. J. F. Wright, Director of Public Information.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. RUPERT N. EVANS, Assistant Professor of Industrial Education, beginning September 1, 1950, at an annual salary of $4500.
2. MARK H. LEPPER, Associate Professor of Preventive Medicine, beginning March 20, 1950, at an annual salary of $7500.
3. ORA L. RAILSBACK, Professor of Physics, and Head of the Department (Undergraduate Division in Chicago), beginning September 1, 1950, at an annual salary of $7500.

On motion of Mrs. Watkins, these appointments were confirmed.

MATTERS PRESENTED BY THE PROVOST

The Board considered the following matters presented by the Provost acting for the President of the University.

CONTRACTS FOR REMODELING OF PHYSICAL PLANT SERVICE BUILDING

(1) As authorized by the Board of Trustees on April 19, 1950 (Minutes, page 1080), bids have been received for the remodeling of the Physical Plant Service Building. A complete report of bids is presented.

The Dean of the Graduate College, the Chairman of the Building Program Committee, the University Architect, and the Comptroller recommend an award of a contract for the general work to the John Felmley Company, Urbana, Illinois, on the basis of their lowest base bid of $241,000, adjusted for the following alternates which they recommend be accepted:

General work—John Felmley Company		$241 000
1. Omit finishing of concrete ceilings—deduct	$ 4 500	
2. Omit general fireproofing of structural steel—deduct	10 000	
3. Substitute haydite block partitions for Cemesto—deduct	2 000	
4. Provide hollow metal doors at the main entrance in order that entrance and stairs may comply with safety and fire standards—add	500	
5. Omit all metal shielding for the Digital Computer Room—deduct	66 000	−82 000
Net Total		$159 000

For the electrical work, alternate bids were taken on substituting incandescent for fluorescent lighting. It is recommended that the electrical contract be awarded to R. A. Bland Electric Company, Champaign, Illinois, which, on the basis of the alternate bid, is the lowest bidder, at a net figure of $36,665.

For the mechanical work, it is recommended that awards be made to the lowest bidders as follows:

Heating contract—Reliable Plumbing and Heating Company, Champaign	$28 308	
Plumbing contract—W. T. Mahoney & Sons, Chicago	11 180	
Pipe covering contract—Bellis & Miller, Champaign	4 350	
Ventilating contract—Schroeder's Ventilating, Champaign	17 211	61 049
Total		$256 714

A budget of the project is submitted showing it can be completed for $320,000, as estimated on April 19. (The sum of $9,000 has been expended for plans and specifications as authorized by the Board on November 19, 1948.)

The sum of $207,500 is available in the State appropriation for capital purposes, subject to release by the Governor. The remainder, or $112,500, will require an appropriation from the General Reserve.

I recommend that (1) these contracts be awarded and that the Comptroller and the Secretary of the Board be authorized to execute them; (2) a supplementary appropriation of $112,500 be made from General Reserve for this project.

On motion of Mr. Livingston, contracts were awarded and authority given as recommended. The appropriation was made by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stevenson.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

OLIVER JOHN ARNOLD (Mo.)
ROBERT WILLIAM BALTZ (N.Y.)
ROBERT F. HARTE (Mo.)
JACK STEWART LINDEN (Mich.)
JESS H. RICE (D.C.)
ORUS BURKE WORKMAN, JR. (Mo.)

I concur.

On motion of Mr. Nickell, these certificates were awarded as recommended.

APPOINTMENTS TO THE 1950 SUMMER SESSION STAFF

(3) I submit the budget for the 1950 Summer Session. It provides for an eight-week session at Urbana-Champaign and the Chicago Undergraduate Division (see Appendix, page 1138).

Salaries of all members of the faculty who are recommended for appointments to the Summer Session staff are computed on the basis of two-ninths of the salary of the academic year for two months of summer service. This is in accordance with the terms of employment of the academic, administrative, research, and extension staffs authorized by the Board of Trustees on January 8, 1948 (Minutes, page 952). No additional compensation is paid to staff members whose regular appointments require services on a full-year basis.

The budget totals $538,494 for Urbana-Champaign, $91,186 for the Chicago Undergraduate Division, and $20,000 to be assigned by the Dean of the Summer Session in terms of enrollment demands.

I recommend that:

1. The appointments to the Summer Session staff and the allocation for unassigned salaries be approved as submitted.

2. The President of the University be authorized to make such changes and adjustments, including additional appointments and acceptance of resignations, as are necessary in accordance with the needs of the University.

There is also submitted a separate list of appointments of persons who are being appointed for the Summer Session only and are not on the permanent faculty although some of them have served in previous summer sessions.

On motion of Mr. McLaughlin, these recommendations were adopted.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(4) The Governor has approved the following releases of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 25

"For Equipment for Buildings Enumerated Above (i.e., in the appropriation Act) at Urbana-Champaign" ..... $ 190 000
This is a partial release from an appropriation of $365,000. The funds now released are for movable equipment for the Animal Sciences Laboratory.

Release No. 26

"For Permanent Improvements at Chicago Construction of Utility Distribution System and Remodeling of Existing Buildings" 26 900
This is a partial release from an appropriation of $190,000. The funds now released are for installation of new water services in the Illinois Surgical Institute.

Release No. 27

"For Permanent Improvements at Urbana-Champaign Construction of Animal Science Laboratory" 2 097 500
This is the major release from an appropriation of $2,160,000. The Governor has previously released (Release No. 11) $62,500 for architectural and engineering services for this project. The funds now released are for the construction of the Animal Sciences Laboratory.

I recommend that the funds released be appropriated for the purposes specified.

On motion of Mr. Livingston, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stevenson.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(5) The Committee on Nonrecurring Expenditures recommends assignments from the General Reserve Fund for the following purposes:

Urbana-Champaign

1. College of Fine and Applied Arts—equipment for Department of Art	$ 3 200
2. College of Engineering—lecture tables for Physics Laboratory	3 500
3. Robert Allerton Park—equipment and remodeling	30 000

Chicago Professional Colleges

4. College of Medicine	
Equipment for Department of Radiology	5 940
Equipment for Department of Preventive Medicine	7 550
5. College of Dentistry—equipment for courses in dentistry for children	1 000
6. College of Pharmacy—alterations in Room 406 of the Medical and Dental College Laboratories Building	600
7. Chicago Illini Union Building—installation of folding partitions in third floor conference room	2 000
Total	$53 790

I concur.

These proposed improvements have been carefully studied by the Committee on Nonrecurring Appropriations. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Dr. Meyer, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stevenson.

APPROPRIATION AND CONTRACT FOR REPOWERING PHYSICS LABORATORY

(6) The repowering and relighting of the Physics Laboratory have been an urgent need for many years. Detailed plans were made during the biennium of 1947-1949 and an appropriation was made by the Board on November 19, 1948 (Minutes, page 174), for the first phase of this project. It provided for the installation of primary power including a 500 kva transformer.

Bids have been received for the second phase of the project which provides for the modernization of the power facilities and electrical distribution equipment and wiring.

Bids were also requested for the alterations and general work required as a part of the electrical modernization. No bids were received, but the Physical Plant Department will be able to do this work. It is estimated that $17,000 will be required for the general work, incidental engineering expense, field services, and direct University costs to complete this part of the project.

Graham, Anderson, Probst, and White, Inc., Architects and Engineers, Chicago, who completed the plans for this project, are willing to undertake the additional engineering work on the same terms as in previous agreements: the actual salaries paid to engineers, draftsmen, and others engaged in the work, the cost of blueprints, plus 100 per cent, plus travel expense, if any. They also offer the services of a field engineer on the basis of actual salary paid plus 10 per cent, plus travel and living expense while in Urbana.

The Committee on Nonrecurring Appropriations has reviewed this project and recommends an appropriation of $120,325.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for $103,325 to Anderson Electric Company and employment of Graham, Anderson, Probst, and White, Inc., for the additional engineering work including services of a field engineer, at an estimated cost of $8,000.

I concur and recommend (1) an appropriation of $120,325 for the second phase of the project to repower and relight the Physics Laboratory, and (2) that the Comptroller and the Secretary of the Board be authorized to execute contracts with the Anderson Electric Company and Graham, Anderson, Probst, and White, Inc., in accordance with the terms described above.

On motion of Mr. Livingston, this appropriation was made and authority was given as recommended, by the following vote: Aye, Mr. Fornof, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stevenson.

CONTRACTS FOR FIRE PROTECTION IMPROVEMENTS NATURAL HISTORY BUILDING

(7) As a part of the fire protection improvements on the Urbana campus, bids have been received for the construction of a stair tower at the north center entrance of the Natural History Building, the enclosure of light wells, removal of the east open stairs in the north wing, and conversion of such areas for other use.

A serious fire hazard exists in this building. The north section is of mill construction and is particularly vulnerable. The stair wells serving five floor levels are not enclosed and open light wells exist at the third and fourth floor levels, all of which would be serious hazards in the event of fire. The fifth floor is served by only one means of egress, and that is of non-fireproof construction.

The State appropriations for 1949-1951 for building and other capital improvements at the University include an item "Additions to Power and Heating Plant and Remodeling of Existing Buildings, $1,258,000," of which $880,000 has been budgeted for the additions to the power and heating plant and $420,000 for remodeling of existing buildings. The improvements in the Natural History Building, with an estimated total cost of $62,500, have a high priority among remodeling projects.

The Director of the Physical Plant and the Comptroller recommend the award of a contract for $57,495, subject to the release of funds by the Governor, to C. A. Petry and Sons, Champaign, Illinois, the lowest bidder.

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute the contract subject to the release of funds by the Governor.

On motion of Mr. Fornof, this contract was awarded and authority was given as recommended.

CONTRACT FOR INSTALLATION OF ELECTRICAL EQUIPMENT IN ABBOTT POWER PLANT

(8) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $64,306 to A. S. Schulman Electric Company, Chicago, the lowest bidder, for furnishing and installing electrical equipment as part of the addition to the Abbott Power Plant. The contract work will include connection of the electrical service on all equipment to be installed by other contractors, such as the turbine; the unloading, erection, and connection of equipment purchased and delivered to the site; installation of the main cable and all other inside plant wiring, control circuits within the plant, and complete grounding system for all equipment.

Funds are available in the State appropriation for "Additions to Power and Heating Plant and Remodeling of Existing Buildings."

I concur and request that the Comptroller and the Secretary of the Board be authorized to execute the contract, subject to the release of funds by the Governor.

On motion of Mr. Herrick, this contract was awarded and authority was given as recommended.

CONTRACT WITH CITY OF URBANA FOR DISPOSAL OF UNIVERSITY GARBAGE

(9) The University uses the city dump of Urbana for disposal of its garbage, delivery to that place being made by the University. Local facilities are in need of improvement. In 1948, after a discussion between officials of the cities of Champaign and Urbana and representatives of the University, the engineering firm of Greeley and Hansen was engaged for a study of the problem, with the understanding that the University would pay one-fifth of the total expense (Minutes, November 19, 1948). Their report recommends that the "land-fill" method be followed as the most economical for the community and the University.

A recent study of the operations for the past year indicates that the proportion of operating costs which should be assumed by the University is approximately 30 per cent. The city of Urbana has requested that the University agree to assume this proportion of the cost until further notice, effective July 1, 1949, payments to be made quarterly, with the understanding that either party on reasonable notice may request in any given fiscal period that checks be made of deliveries to the dump in order to determine more accurately the University's proportion of such deliveries, and that the proportionate share paid by the University would be subject to adjustment in succeeding fiscal periods based on such a check. For the purpose of the agreement, "costs" shall be interpreted to mean land rental, wages and expenses in the operation of the dump, equipment purchases, and replacement costs. The Physical Plant Department has included funds in its budget for the current fiscal year sufficient to meet these expenses. It is estimated that for the year 1949-1950, the University's share on the above basis will not be in excess of $4,200.

The Director of the Physical Plant and the Comptroller recommend that the University enter into such a contract for the biennium ending June 30, 1951, and to continue for succeeding periods until otherwise modified, subject to constitutional and statutory restrictions limiting commitments to each successive biennial period.

I concur and recommend that the Comptroller and the Secretary of the Board

be authorized to execute such a contract when prepared and approved by the Office of the Legal Counsel.

On motion of Mr. Nickell, this contract was approved and authority was given as recommended.

CONTRACT FOR NEW ROOF ON TRANSPORTATION BUILDING

(10) The roof on the Transportation Building, which was constructed in 1913 and has been in service for thirty-seven years, consists of slate shingle laid on horizontal wood shingle strips. The roof has deteriorated to such extent that further repair is impractical and complete replacement is necessary to prevent damage to the building and contents. The replacement job has been deferred because of shortages of material, labor, and of funds in previous years.

Bids have been secured on the furnishing and installing of a new slate roof including copper valleys, ridge roll, and flashing above the cornice line.

The Director of the Physical Plant and the Comptroller recommend award of a contract for $9,176 to Henry Reuter and Sons, Kankakee, the lowest bidder, for this phase of the work.

In addition to this contract, there will be the general work of removing existing slate, installation of new wood sheeting, removal and replacement of wood cornice framing, removal and replacement of the copper cornice, and installation of new gutters and flashing.

The Physical Plant Department has proposed to do this at an estimated cost of $31,400.

Funds are available for this project.

I recommend that this improvement, and award of the contract, be authorized.

On motion of Mr. McLaughlin, this contract was awarded as recommended.

CONTRACT FOR HEATING SYSTEM ON FIFTH FLOOR OF NATURAL HISTORY BUILDING

(11) The Director of the Physical Plant and the Comptroller recommend the award of a contract of $4,300 to J. L. Robinson, Urbana, the lowest bidder, for heating system changes on the fifth floor of the Natural History Building. Funds were appropriated by the Board of Trustees on February 16, 1950 (Minutes, page 995), for remodeling and equipping of this area for the Department of Physiology.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and authority was given as recommended.

ANNUAL COMPILATION OF FACULTY PUBLICATIONS

(12) The Graduate College has been publishing annually a compilation of faculty publications pursuant to an action taken by the Board of Trustees on December 28, 1908.

In the opinion of the Dean of the Graduate College and of the University Research Board of which he is Chairman, this annual compilation is no longer of sufficient importance and value to justify the publication costs.

I concur in his recommendation that this practice be discontinued.

On motion of Mrs. Watkins, this publication was discontinued as recommended.

REVISION OF BY-LAWS OF ATHLETIC ASSOCIATION

(13) The Board of Directors of the University of Illinois Athletic Association has revised its by-laws, and they are submitted to the Board of Trustees for approval (see Appendix, page 1154).

The revisions are chiefly in the area of business operations. The Comptroller has worked closely with the Athletic Association in preparing the revisions. The changes result in clarification of procedures, particularly in purchasing and contracting, and in reduction of procedures to the minimum necessary to maintain adequate internal check.

I recommend approval of the revised by-laws.

On motion of Mr. Livingston, the revised by-laws of the Athletic Association were approved as recommended.

ADJUSTMENT OF FEES IN THE CHICAGO PROFESSIONAL COLLEGES

(14) On May 27, 1941, the Board of Trustees (Minutes, page 297) adopted a resolution establishing a student fee for the use of the Medical and Dental College Laboratories Building in Chicago to provide for the operation and maintenance of the building and for the debt service on the revenue bonds issued to finance the construction of the second unit. The effect of this action was to maintain the fee schedule at about the same total but to segregate a part of the total for the purposes indicated.

The debt obligation has been paid and the trust terminated, so that the segregation of a part of the total fee for the use of the building should be discontinued.

An annual appropriation of $62,000 for the operation and maintenance of this building has been made from this fee income during the period the bonds have been outstanding. This provision must be continued, and the funds will come from general appropriations to the University. There is a possibility that the remaining portion of the segregated amount may be needed to help finance a housing program at the Chicago Professional Campus. In any event, it is now required that the total fee structure be readjusted to eliminate the special fee but without a reduction in the total fees charged at the Chicago Professional Colleges.

There are submitted schedules of the present fees and the proposed fees (see Appendix, pages 1158 and 1159). The Committee on Fees and Scholarships has reviewed this proposal and recommends its adoption.

I concur.

On motion of Mr. Hickman, this recommendation was adopted.

COMPTROLLER'S REPORT OF CONTRACTS

(15) The Comptroller's report of contracts executed, and of changes and adjustments made during the month of April, 1950 (see Appendix, page 1158).

This report was received for record.

PURCHASES

(16) A report of (A) emergency purchases authorized and (B) purchases recommended (see Appendix, page 1160).

On motion of Dr. Meyer, the action of the President of the University in authorizing emergency purchases was approved and confirmed, and the purchases recommended were authorized.

QUARTERLY REPORT OF THE COMPTROLLER

(17) The Comptroller presents his quarterly report to the Board as of March 31, 1950.

This report was received for record.

CHANGES IN PROVISIONS FOR DEATH BENEFITS AND DISABILITY AND RETIRING ALLOWANCES

(18) On December 13, 1924, the Board of Trustees established in the University of Illinois Statutes provisions for retiring allowances and death benefits for faculty and other employees. This plan was replaced by the present "University Retirement System of Illinois" established by an Act of the General Assembly in 1941.

On August 5, 1941, the Board of Trustees adopted a resolution terminating the application of the old system of retiring allowances and death benefits to those members of the staff who thereafter came under the new University Retirement System and provided a revised plan for those continued under the old system and for new employees not eligible to participate in the new system.

The old plan was set up on the basis of paying a part of each employee's salary for current services in cash and part in the form of retiring allowances and death benefits representing deferred payments.

The schedule of retiring allowances and death benefits provided by the resolution of the Board of Trustees of August 5, 1941, for employees not participating in the University Retirement System is no longer completely effective, since it is limited to employees on permanent and continuous employment. Changes in the University Retirement System made by the General Assembly provide that all

permanent and continuous employees must participate in this system except those participating in other tax-supported retirement systems. Prior to such amendments permanent and continuous employees less than thirty years of age, and others not automatically included, had the option of participating.

Provisions for disability and death benefits for employees not covered by the University Retirement System are desirable. These are mostly members of the faculty of the rank of assistant and others on limited tenure, and nonacademic employees with fewer than six months of service.

Present disability benefits payable by the University are adequate for staff members on such limited service. It is proposed that a death benefit be paid to the heirs or beneficiaries of such staff members in the sum of $500, after six months of employment.

A committee on the University Retirement System, representative of the faculty and various employee groups, has recommended that the resolution of the Board of Trustees of August 5, 1941, be revised to read as follows, so that its provisions will be consistent with present retirement legislation and will make available the benefits specified to employees not eligible to participate in the University Retirement System of Illinois:

Be it further resolved, that

1. From and after September 1, 1941, all employees of the University who are not certified as Participating Employees under "An Act to provide for the creation, maintenance, and administration of a Retirement System for the benefit of the staff members and employees of the University of Illinois and of certain other state educational and scientific agencies," approved July 21, 1941, as amended, shall be employed under contracts which shall provide among other things that compensation for their services shall be paid to them by the University as follows, to wit:

A. Such part thereof in cash as the Board shall from time to time fix and determine, to be paid to them for such time only as they shall satisfactorily perform the services of their respective employments.

B. A part thereof in the value of a death benefit to be provided or secured by the Board of Trustees for them, or their respective heirs, legal representatives, assigns, or designated beneficiaries, in the amount of $500, after six months of employment.

Provided, however, that in the event compensation for a death is payable under the State Workmen's Compensation Act, or a death benefit, in excess of contributions paid by the employee, is payable to him by any tax supported retirement system of the State of Illinois, or by the Federal Civil Service Retirement System, the death benefit payable hereunder shall be reduced by the amount of such other compensation or death benefit.

2. Rights to benefits of present employees, originally employed prior to May 20, 1950, as provided for under the resolution of the Board of Trustees of August 5, 1941, shall not be affected by this resolution.

3. All rights and claims of any employee in or to death and disability benefits are forfeited, and shall cease, with the termination of service of such employee for the University, whether such termination is voluntary or otherwise. The requirements of the University Retirement Act as to the age of retirement shall apply to employees covered by this resolution.

4. The term "employee" as used herein shall include all members of the educational, administrative, secretarial, clerical, mechanical, and labor staffs, who are not participants in the University Retirement System, but shall exclude all student employees of the University who are paid an hourly wage.

5. The Board of Trustees reserves the right to alter, modify, or annul all or any part of the provisions for compensation of employees as provided herein, at the end of any academic year, without liability, and all claims and rights of employees hereunder shall be subject to such modifications, alterations, or termination; nevertheless, all subject to the provisions and limitations of the State statute referred to in Section II of this resolution.

I concur.

On motion of Dr. Meyer, this recommendation was adopted.

ARCHITECTURAL SERVICES FOR REMODELING OF RESEARCH AND EDUCATIONAL HOSPITALS

(19) The State appropriations to the University for 1949-1951 include $7,395,000 for "Construction of Addition to present Hospital." Contracts awarded by the Board of Trustees for the construction of a hospital addition indicate that it can

be completed for less than the amount appropriated, leaving an estimated balance of $1,114,492.

The construction budget includes $568,980 for remodeling in the present Research and Educational Hospitals required as a result of the construction of the new addition, leaving an unallotted balance of $545,512. There is also an allocation of $176,875 in the "Contingencies" appropriation for buildings in Chicago available for remodeling making a total of $722,387 for this purpose.

Two proposals have been made for the possible use of these balances:

1. Remodeling work in the existing Research and Educational Hospital buildings, in addition to the work contemplated in the item of $568,980. This would provide for some of the modernization of the existing hospital buildings originally scheduled for the 1951-1953 biennium.

2. Reduce the indebtedness on the Medical Center Steam Company plant which would result in a saving in the operating budget of the University. When this project was being discussed with the State Director of Finance, he suggested that consideration be given to such use of any unexpended funds.

It is not certain that the funds available can be used for either of these two purposes. The matter will have to be discussed with the Auditor of Public Accounts and the State Director of Finance, and the decision will rest largely on the interpretation of the appropriation acts by these officials. Approval of the Governor would then be necessary. Preliminary discussions with the Assistant to the Legal Counsel indicate that there is more likelihood of obtaining the funds for reducing the Steam Plant indebtedness than for remodeling and modernization of present buildings. There is also a question of how much remodeling and modernization work can be completed during the current biennium before the appropriations lapse.

This matter has been studied by the Provost, the Vice-President in charge of the Chicago Professional Colleges, the Comptroller, and the Director of the Physical Plant. They recommend that a complete study of all needed remodeling be made, classified as to stages and categories of work. They further recommend that Holabird and Root and Burgee, architects for the hospital addition, be employed to prepare plans for this remodeling estimated to cost $1,550,000. Payment to the architects will be 7 per cent of the cost of the work less a credit of 1 per cent for preliminary work done by the University, or a net fee of 6 per cent for this phase of the work. The total estimated cost of such services is $70,000 for plan preparation plus an additional $23,000 to be paid when and if the remodeling work is done.

I concur.

On motion of Mr. Nickell, this recommendation was adopted.

REPORT OF APPLICATION FOR FEDERAL FUNDS FOR ADVANCE PLANNING

(20) Public Law 352 enacted by the Eighty-first Congress provides additional funds to be loaned by the federal government to states and their political subdivisions to complete the plan preparation of public works. The Board of Trustees at its meeting on January 12, 1950, authorized an application for funds to prepare the plans and specifications of five buildings at an estimated total cost of $846,000 as follows:

Biology Building	$225 000
Pharmacy Building	247 500
Student and Staff Housing	135 000
Law Building	103 500
Psycho-Educational Clinic	81 000
Physics Building Addition	54 000
	$846 000

The University was advised that funds were not available to approve the entire request, and the Board of Trustees on March 14, 1950, authorized an adjustment in the request for federal funds, limiting the application to preliminary plans for the Biology and Pharmacy buildings.

The University has been advised that the Bureau of Community Facilities Service of the General Services Administration has approved allocations of federal funds of $75,000 for advance planning for the construction and equipping of the Biology Building and of $152,000 for the advance planning for the construction and equipping of a Pharmacy Building.

This report was received for record.

REPORT OF GIFTS AND GRANTS RECEIVED BY THE UNIVERSITY

(21) The following gifts and grants of funds have been received by the University during the current fiscal year or since July 1, 1949. They have been accepted by the President in accordance with the statutory procedure and are being reported for official record (see Appendix, page 1164).

This report was received for record.

SECRETARY'S REPORTS

The Secretary presented for record the following lists, as printed in the Appendix.

1. Appointments made by the President of the University (page 1135).
2. Salary adjustments in the College of Dentistry (page 1136).
3. Graduate fellows (page 1136).
4. Resignations, declinations, and terminations (page 1137).
5. Leaves of absence (page 1138).

The Board adjourned, to meet in Urbana late in June on the call of the President.

APPOINTMENTS MADE BY THE PRESIDENT

BY-LAWS OF THE ATHLETIC ASSOCIATION

Article I. Name

Section 1. This organization shall be known and incorporated as The Athletic Association of the University of Illinois.

Article II. Purpose

Section 1. The purpose of this organization shall be to carry on athletic sports and promote athletic interests among the students of the University of Illinois.

Article III. Definition of Terms

Section 1. The following words and terms, as used in these by-laws, shall have the meaning set forth below, unless a different meaning is clearly required by the context:

(a) "Association": The Athletic Association of the University of Illinois.

(b) "Board": The Board of Directors of the Athletic Association of the University of Illinois.

(c) "Director": The Director of Inter-Collegiate and Intramural Athletics.

(d) "Trustees": The Board of Trustees of the University of Illinois.

(e) "Business Manager": The Business Manager of the Athletic Association of the University of Illinois.

(f) "Business Office": The Business Office of the University of Illinois.

(g) "Treasurer": The Treasurer of the Athletic Association of the University of Illinois.

(h) "Comptroller": The Comptroller of the University of Illinois.

SECTION 2. The members of the Athletic Association of the University of Illinois shall consist of the Board of Directors of said Association.

ARTICLE IV. GOVERNMENT

SECTION 1. The government of the Association shall be vested in the Board as created and existing pursuant to the conditions provided in the Articles of Incorporation issued by the State of Illinois, under date of February 21, 1890, and as amended January 13, 1920, and amended March 11, 1922. In carrying out its duties the said Board shall conform to any requirements or regulations imposed by the Trustees.

ARTICLE V. BOARD OF DIRECTORS

SECTION 1. The Board shall consist of seven members to be elected annually by the Trustees at their annual March meeting upon recommendation of the President of the University, four from members of the faculty of the University of Illinois, and three from members of the Alumni Association of the University of Illinois.

SECTION 2. Any vacancy occurring in the Board shall be temporarily filled by the President of the University until the Trustees at their next meeting shall elect the successor who shall serve the remainder of the term during which the vacancy occurs.

SECTION 3. The Board shall organize at their first meeting in April and elect from their own membership the following officers: a President, a Vice-President, and a Secretary, whose duties shall be the usual ones pertaining to such offices, and who shall hold office until their successors are duly elected and qualified. The Board shall also elect a Treasurer and another person as Business Manager whose duties shall be as hereinafter stated. These officers shall also be the corresponding officers of the Association. The Board shall appoint a Director of Intercollegiate Athletics who may serve as Director of the School of Physical Education.

SECTION 4. The Board may appoint such committees as it may consider necessary for conducting the affairs of the Board.

SECTION 5. Suitable and adequate bonds of suretyship shall be given by the Treasurer and by the Business Manager and such officers as deemed advisable by the Board, covering the faithful performance of their duties, these bonds to be approved by the Board and filed with the Trustees.

SECTION 6. The Board, subject to the conditions hereinafter provided and to any rules or regulations which the Trustees may adopt concerning the same, shall handle and control all property belonging to the Association or placed in its custody by the Trustees, to collect, handle, and disburse all funds of the Association, and perform such other duties as are necessary in governing the Association or are assigned to it by the Trustees.

ARTICLE VI. FINANCIAL PROCEDURE

SECTION 1. Budget. The Director of Intercollegiate Athletics shall prepare in a form provided by the Trustees an annual budget of the Association showing proposed expenditures and anticipated income. This budget shall indicate the names, positions, tenure, and salaries of all coaches, trainers, and other regular employees. This budget, when approved by the Board shall be transmitted to the President of the University, for submission to the Trustees, with his recommendation, for consideration and approval by the Trustees, and upon such approval it shall constitute the basis for the expenditures of the Association for the succeeding year.

SECTION 2. Deposit of Funds. The Board shall designate one or more depositories in which funds of the Association shall be deposited to the credit of the Treasurer, to be disbursed in the manner hereinafter provided. Such money shall be collected and accounted for in a manner approved by the Business Office.

SECTION 3. Tickets. The purchase and sale of tickets shall be conducted by the Association in accordance with the procedure approved by the Board and the Trustees. All tickets for any contest remaining unsold shall be preserved by the

Association until the audit of ticket sales for that event is completed. The audit of ticket sales shall be made by the Business Office.

SECTION 4. Purchases. All requisitions for materials, supplies, and equipment required by the Association shall be in accordance with the budget or other action of the Board and the Trustees. Such requisitions shall be approved by the Director and Purchase Orders therefor shall be issued by the Business Manager. Purchases in the amount of One Thousand ($1,000.00) Dollars or more shall be approved by the Board or the Executive Committee unless such items have been authorized in the budget, but all such purchases shall be approved by the Business Office before Purchase Orders are written. All purchases shall be on the basis of competitive quotations wherever practicable, quality, suitability, and services considered. Purchases in the amount of less than One Thousand ($1,000.00) Dollars shall be made by the Business Manager after approval of the requisition by the Director.

SECTION 5. Payment of Money. All financial obligations shall be evidenced by vouchers prepared by the Association and shall be approved by the Director or by such other person or persons as the Board may indicate. All obligations shall be paid by check, signed by a member designated by the Association, and countersigned by an officer or representative of the Trustees of the University to be designated by the Trustees.

SECTION 6. Working Fund. The Business Manager may be allotted a working fund of not more than $10,000, the amount of which shall be determined by the Board. Its purpose shall be the payment of petty and emergency items for which it shall be reimbursed from time to time by regular voucher and check for the Association.

SECTION 7. Accounts. The accounts of the Association shall be kept by the Business Manager in a form approved by the Business Office. Financial reports shall be transmitted by the Association to the Trustees at such times and in such form as the Comptroller may prescribe. A financial statement of the Association shall be published annually.

SECTION 8. The Fiscal Year. The fiscal year of the Association shall begin July 1st and end on June 30th, following.

SECTION 9. The Board shall determine the price and condition of the sale of coupon books and other tickets of admission to athletic games. Regulations concerning coupon books shall be printed therein. The Board shall also make all regulations governing the issuing of complimentary tickets.

SECTION 10. Contracts. All contracts entered into by the Association shall be handled as follows:

(a) Contracts for athletic games shall be executed and approved by the Director (unless otherwise directed by the Board), subject to the approval of schedules by the Senate Committee on Athletics.

(b) Broadcasting and television contracts shall be approved and executed by the Director, subject to concurrence as to policy by the Director of University Broadcasting.

(c) Contracts for concessions, exhibitions, and entertainment shall be approved and executed by the Director, subject to approval by the Comptroller.

(d) Contracts for capital additions, replacements, and alterations shall be in accordance with the budget or other action of the Board and the Trustees. Requisitions therefor shall be approved by the Director, and Purchase Orders therefor shall be issued by the Business Manager. Such contracts involving an expenditure of One Thousand ($1,000.00) Dollars or more shall be approved by the Board or the Executive Committee unless such items have been authorized in the budget, but all such contracts shall be approved by the Comptroller of the University before Purchase Orders are written. All such contracts shall be awarded on the basis of competitive quotations wherever practicable and a report thereof shall be made to the Board by the Business Manager. Such contracts involving an expenditure of less than One Thousand ($1,000.00) Dollars shall be made by the Business Manager after approval of the requisition by the Director.

(e) Contracts for transportation, ushers, personal and professional services (other than staff service), and other contracts involving less than One Thousand ($1,000.00) Dollars shall be approved and executed by the Business Manager, provided such contracts are covered by the budget.

SECTION 11. Audits. The accounts of the Association shall be audited at least once each year by a certified public accountant approved by the Trustees, and the report of every such audit shall be transmitted to the Board and to the Trustees.

ARTICLE VII. MEETINGS

SECTION 1. The regular meeting of the Board shall be held during the month of April in each scholastic year, at a date to be determined by the President of the Board. Four (4) members shall constitute a quorum for the transaction of business.

SECTION 2. Special meetings may be called by the President or a majority of the Board.

ARTICLE VIII. SELECTION OF THE ATHLETIC COUNCIL

SECTION 1. The Athletic Council shall consist of three members of the faculty, to be appointed by the President of the University; three alumni to be elected by the Athletic Council, two of whom shall not be connected with the University; the Director of Intercollegiate Athletics; the President of the Tribe of Illini, and the seven undergraduate student managers of the following sports: (1) football, (2) baseball, (3) track, (4) intramural athletics, (5) basketball, (6) wrestling, and (7) gymnastics, circus, and football pageantry.

SECTION 2. The term of office of each faculty and alumni representative shall be three years, so arranged that the term of office of one of each group shall expire annually.

SECTION 3. The undergraduate student managers shall be elected by the Athletic Council on the Wednesday following the annual Interscholastic meet, in accordance with rules fixed and published by the Athletic Council.

SECTION 4. The captains and coaches of the Intercollegiate Athletic teams of the University shall be associate members of the Council, without the right to vote, and shall be entitled to attend meetings of the Council and to discuss matters relative to their respective interests.

ARTICLE IX. OFFICERS OF THE ATHLETIC COUNCIL

SECTION 1. The Athletic Council shall choose a President, Vice-President, and a Secretary from among its undergraduate members, and they shall have the duties usual to such offices.

ARTICLE X. MEETINGS OF THE ATHLETIC COUNCIL

SECTION 1. The first regular meeting of the year shall be called by the Director not later than the second Wednesday after registration. At this meeting the Council shall be organized by the election of officers.

SECTION 2. The second regular meeting of the year shall be called by the President on the Wednesday following the annual Interscholastic meet. (See Art. VI, Sec. 7 and Art. V, Sec. 2e.)

SECTION 3. Special meetings may be called at any time by the President of the Council at the request of two members of the Council.

SECTION 4. Eight members of the Council shall constitute a quorum. At least two of these shall be faculty representatives or alumni. Voting by proxy shall not be permitted. The Council shall be governed by Roberts' Rules of Order.

ARTICLE XI. DUTIES AND POWERS OF THE ATHLETIC COUNCIL

SECTION 1. The duties and powers of the Athletic Council shall be:

(a) To make rules and regulations governing the election of student managers.

(b) To make rules and regulations governing the granting of University letters and other awards.

(c) To approve the election of captains of the athletic teams.

(d) To make recommendation to the Board regarding all general questions of athletic policy.

(e) To nominate a candidate for the Conference medal "for proficiency in athletics and in scholastic work."

(f) To conduct such other business of athletic import as may arise which does not concern major policies of the Board.

ARTICLE XII. VACANCIES IN THE ATHLETIC COUNCIL

SECTION 1. Any vacancies occurring in the alumni or undergraduate membership of the Athletic Council may be filled at any regular meeting of the Council.

SECTION 2. Any vacancies occurring in the faculty membership of the Council shall be filled by the President of the University, the appointee to serve for the remainder of the term.

ARTICLE XIII

SECTION 1. The by-laws of the Association may be amended by the Board at any regular meeting or at any special meeting called for that purpose. Any proposed amendment shall be submitted in writing to each member of the Board by mailing a copy thereof to each such member not less than ten (10) days prior to the meeting at which such proposed amendment shall be considered. Any such amendment shall, after adoption by the Board, be submitted to the Trustees for its consideration before the same shall take effect.

ARTICLE XIV

SECTION 1. The appointment of the Director of Intercollegiate Athletics and whether he shall also serve as Director of the School of Physical Education, the vouchers evidencing financial obligations, the form of keeping accounts, and of the annual statement to be published by the Association, and the designation of the certified public accountant to make the annual audit of the books of the Association, shall be subject to approval by the Trustees.

PROPOSED FEES FOR PART-TIME STUDENTS IN THE CHICAGO PROFESSIONAL COLLEGES

Residents of Illinois registered for partial programs of two hundred clock hours or less in a quarter in the colleges of Dentistry and Medicine pay tuition fees at the rate of $2.50 for twenty-five clock hours or fraction thereof. Non-Illinois students registered for partial programs pay double this rate. Students taking more than two hundred clock hours in a quarter pay the full tuition fees.

In the College of Pharmacy, students registered for twelve credit hours or less pay tuition fees at the rate of $2 a credit hour if residents of Illinois, or $4 a credit hour if non-residents. For thirteen credit hours or more, the full tuition fees are charged.

Part-time students in the colleges of Medicine and Dentistry pay a laboratory fee based on the portion of the total program being taken. Students taking up 25 per cent of the total program pay one-fourth of the regular laboratory fee; from 25 to 50 per cent of the program, one-half of the regular fee; from 50 to 75 per cent, three-fourths of the regular fee; and over 75 per cent, the full laboratory fee.

In the College of Pharmacy, students taking twelve quarter hours or less pay $3 per quarter hour credit in courses involving laboratory work. In no case will a student be assessed a greater laboratory fee than is paid by the full time student.

All part-time students pay the full Union Building service charge.

B. Funds for Graduate Fellowships, Scholarships, and Research

27. Allied Chemical and Dye Corporation, New York City, $2,400 for the renewal of two fellowships in chemistry ($1,200 each) for the academic year 1949-1950.

28. American Cyanamid Company, Bound Brook, New Jersey, $3,000 for the renewal of a postdoctoral fellowship in chemistry for the academic year 1949-1950.

29. Armour and Company, Chicago:

a. $1,650 for a fellowship in chemistry, under the supervision of Professor George L. Clark, for the academic year 1949-1950.

b. $3,600 for a fellowship on X-ray studies of fatty acid derivatives in the Department of Chemistry, under the supervision of Professor George L. Clark, for the academic year 1950-1951.

30. The Borden Company, Chicago, $1,000 for the renewal of a fellowship in chemistry for one year from February 1, 1950.

31. E. I. du Pont de Nemours and Company, Inc., Wilmington, Delaware:

a. $4,500 for a fellowship in chemistry ($3,000 for the stipend and $1,500 for miscellaneous expenses) for the academic year 1949-1950.

b. $2,200 for a fellowship in chemistry ($1,200 for the stipend and $1,000 for miscellaneous expenses) for the academic year 1949-1950; $300 additional stipend for second semester due to change from single to married status.

c. $2,800 for a fellowship in chemical engineering ($1,800 for the stipend and $1,000 for miscellaneous expenses) for the academic year 1949-1950.

32. Eastman Kodak Company, Rochester, New York, $1,200 for the renewal of a fellowship in chemistry for the academic year 1949-1950.

33. Ethyl Corporation, Detroit, Michigan, $1,200 for a fellowship in chemical engineering, under the supervision of Professor Harry G. Drickamer, for the academic year 1949-1950.

34. The Firestone Tire and Rubber Company, Akron, Ohio, $1,500 for the renewal of a fellowship in chemistry, under the supervision of Professor Frederick T. Wall, for the academic year 1949-1950.

35. General Aniline and Film Corporation, New York City, $1,395.63 for the renewal of a fellowship in chemistry, under the supervision of Professor John C. Bailar, Jr., for the academic year 1950-1951.

36. Illinois Clay Products Company, Joliet, Illinois, $2,000 for a fellowship in clay mineralogy in the Department of Geology ($1,500 for the stipend and $500 for miscellaneous expenses), under the supervision of Professor Ralph E. Grim, for the academic year 1949-1950.

37. Eli Lilly and Company, Indianapolis, Indiana, $2,000 for the renewal of a fellowship in chemistry ($1,000 a year), under the supervision of Professor Nelson J. Leonard, for the academic years 1948-1949 and 1949-1950.

38. Lindsay Light and Chemical Company, West Chicago, Illinois, $1,200 for a fellowship in chemistry for the academic year 1950-1951.

39. Minnesota Mining and Manufacturing Company, St. Paul, Minnesota, $1,800 for the renewal of a fellowship in chemistry ($1,200 for the stipend and $600 for miscellaneous expenses) for the academic year 1950-1951.

40. Monsanto Chemical Company, St. Louis, Missouri, $1,500 for the renewal of a fellowship in chemistry, under the supervision of Professor Carl S. Marvel, for the academic year 1950-1951.

41. National Lead Company, Baroid Sales Division, Houston, Texas, $1,200 for the National Lead Company Fellowship in Geology in the field of clay mineralogy, under the supervision of Mr. Ralph E. Grim, for the academic year 1949-1950.

42. The Edward Orton Jr. Ceramic Foundation, Columbus, Ohio, $1,200 for the renewal of a fellowship in ceramic engineering ($1,000 for the stipend and $200 for miscellaneous expenses) for the academic year 1949-1950.

43. Pan-American Refining Corporation, New York City, $1,265 for renewal of a fellowship in chemical engineering for the academic year 1950-1951.

44. Rohm and Haas Company, Philadelphia, Pennsylvania:

a. $1,200 for the renewal of a fellowship in chemistry, under the supervision of Professor Reynold C. Fuson, for the academic year 1949-1950.

b. $1,200 for the renewal of a fellowship in chemistry, under the supervision of Professor Reynold C. Fuson, for the academic year 1950-1951.

45. Shell Fellowship Committee, New York City, $3,000 for the renewal of two fellowships — one in geology and one in chemical engineering — for the academic year 1949-1950 ($1,200 for the stipend and $300 for miscellaneous expenses).

46. Socony-Vacuum Laboratories, New York City, $2,000 for the renewal of a fellowship in chemistry, under the supersivion of Professors Reynold C. Fuson and Frederick T. Wall, for the academic year 1950-1951.

47. Standard Oil Company of California, San Francisco, California, $1,250 for the renewal of a fellowship in chemistry for the academic year 1949-1950.

48. Standard Oil Company of Indiana, Chicago:

a. $1,500 for a fellowship in chemistry ($1,200 for the stipend and $300 for miscellaneous expenses) for the academic year 1950-1951.

b. $1,500 for a fellowship in chemical engineering ($1,200 for the stipend and $300 for miscellaneous expenses) for the academic year 1950-1951.

49. Henry Strong Educational Foundation, Chicago, $600 for a fellowship in physics, chemistry, or engineering for the academic year 1949-1950.

50. Titanium Alloy Manufacturing Company, New York City, $2,000 for the renewal of a fellowship in ceramic engineering ($1,800 for the stipend and $200 for miscellaneous expenses) for the academic year 1948-1949.

51. United States Public Health Service:

a. $540 for a postdoctoral fellowship in the Department of Chemistry for the academic year 1949-1950 (C-1246 — F-1950).

b. $540 for a postdoctoral fellowship in the Department of Bacteriology for the academic year 1949-1950 (RG-2493 — F-1313).

52. The Upjohn Company, Kalamazoo, Michigan, $1,461.60 for the renewal of a fellowship for work on enzymic transformations of adrenal cortex, under the supervision of Professor Carl S. Vestling, for the academic year 1950-1951.

53. Victor Chemical Works, Chicago, $1,750 for the renewal of a fellowship in chemistry, under the supervision of Professor Ludwig F. Audrieth, for the academic year 1949-1950.

54. Abbott Research Laboratories, North Chicago, Illinois, $1,000 in continued support of research on the side effects of antihistaminic drugs for the academic year 1949-1950.

55. American Cyanamid Company, New York City, $600 for a study of the value of rock phosphate as a filler in complete fertilizers in the Department of Agronomy.

56. The American Cancer Society, Washington, D.C., $2,625 in support of research on genetically induced mutations in plastids in the Department of Botany ($2,500 plus $125 for miscellaneous expenses), under the supervision of Professor Marcus M. Rhoades, for the academic year 1948-1949.

57. American Life Convention and the Life Insurance Association of America, Joint Committee on Investment Research, $5,150 from R. W. Goldsmith Associates, Washington, D.C., for research on family savings in the United States in the Department of Economics, under the supervision of Professor Dorothy S. Brady, for nine months from October 1, 1948.

58. Anti-Defamation League of B'nai B'rith, New York City, $550 in support of research in the field of inter-cultural education in the College of Education, under the supervision of Professor William Van Til.

59. Illinois Crop Improvement Association, Urbana, $500 for a study of the hybrid corn performance tests in the Department of Agronomy.

60. Illinois Farm Supply Company, Chicago, $2,000 for research in the Departments of Dairy Science and Animal Science.

61. Illinois Grain Corporation, Chicago, $2,250 for research and educational programs for the improvement of the operating efficiency and the services of country grain dealers in Illinois.

62. W. K. Kellogg Foundation, Battle Creek, Michigan, $4,882 in support of a health education program in the Division of University Extension, the University Council on Teacher Education, and under the sponsorship of the Superintendent of Public Instruction.

63. Merrill Foundation for the Advancement of Financial Knowledge, Inc., New York, $30,000 to be added to the research project on expectations and business fluctuations, in the College of Commerce and Business Administration (the Foundation has previously given the University $80,000 for this study).

64. Motorola, Incorporated, Chicago, $750 for the renewal of the Galvin Fellowship in Radio and Television Engineering Research for the academic year 1950-1951.

65. National Research Council, Committee for Research in Problems of Sex, Washington, D.C., $1,000 for a study on problems of androgen secretion, in the Department of Animal Science, under the supervision of Professor Andrew V. Nalbandov, for one year beginning July 1, 1948.

66. The Nutrition Foundation, Inc., New York City, $5,000 for research on the role of quinolinic acid in the metabolism of tryptophan and niacin, in the Department of Chemistry, under the supervision of Dr. La Vell M. Henderson, for two years, 1949 and 1950 (payment of $2,500 for 1949 has been received).

67. Tennessee Corporation, College Park, Georgia, $400 in continued support of research on the development of copper fungicides in the Department of Horticulture.

68. Texas Gulf Sulphur Company, New York City, $1,500 for the continuation of research on the mechanism of combustion of sulfur in the Department of Chemistry for the academic year 1949-1950.

69. United States Public Health Service, National Institute of Health:

a. $500 for a study on the mechanism of action of the trophic hormones of the pituitary gland, in the Department of Animal Science, from November 1, 1948, through June 30, 1949 (No. 1819).

b. $1,458 for a study to determine the mechanism of action of gonadotrophic hormones on the ovary, in the Department of Animal Science, under the supervision of Professor Andrew V. Nalbandov, for one year beginning March 1, 1950 (RG-1678).

c. $10,000 for a study on synthesis and maintenance of intracellular enzymes, in the Department of Bacteriology, from September 1, 1949, through June 30, 1950 (No. 1094).

d. $3,900 for isolation and study of the chemical nature of the principle in pyrethrum flowers which causes dermatitis in sensitive persons, in the Department of Chemistry from September 1, 1946, through January 31, 1948 (No. 186).

e. For a study on the origin and interconversions of the nonessential amino acids, in the Department of Chemistry: (1) $16,812 for one year beginning September 1, 1948 (No. 1386); (2) $16,810 for one year beginning September 1, 1949 (No. 1386C).

f. $9,646 for an investigation of the inositol containing lipids of soybeans with particular reference to their separation from soybean phosphatide, in the Department of Chemistry, for one year beginning September 15, 1949 (No. 2031).

g. $7,560 for a study to determine the basic nutrition of virulent insects, in the Department of Entomology, under the supervision of Professor Gottfried S. Fraenkel, for one year from April 1, 1950 (RG-2075).

h. $6,190 for a study to determine the effect of high temperatures on the inactivation of enzymes and on the destruction of micro-organisms and some of the physical-chemical properties of milk and cream, in the Department of Food Technology, under the supervision of Professor Paul H. Tracy, for one year beginning May 1, 1950 (RG-1947).

i. For training in clinical psychology in the Department of Psychology: (1) $11,798 for one year beginning July 1, 1948 (No. C138.2-A); (2) $13,647 from September 1, 1949, through June 30, 1950 (No. C269.2-A).

j. $4,428 for a study on preparation for devices of objective measurements of personality maladjustment, in the Department of Psychology, for one year beginning June 1, 1948 (No. 927—MH-80).

k. $9,413 for a study on refinement of objective measures of personality maladjustment, in the Department of Psychology, for one year beginning June 1, 1949 (MH-80C).

l. $19,892 for a study to indicate empirically promising psychological instruments and designs for screening out persons in need of clinical or hospital care, in the Department of Psychology, under the supervision of Professor Louis L. McQuitty, from April 1, 1950, through June 30, 1951 (MHS-17).

m. $11,398 for training clinical psychologists in the Department of Psychology for one year beginning July 1, 1947 (No. T41.2).

n. For a study on instrumental methods for detecting small amounts of chemical contaminants in water in the State Water Survey: (1) $19,966 from July 1, 1947, through August 31, 1948 (No. 666); (2) $21,168 for one year beginning September 1, 1948 (No. 666C); (3) $17,496 for one year beginning September 1, 1949 (No. 666C-2).

o. $8,986 for a study of the nitrification phase of the biochemical oxygen demand test, in the State Water Survey, for one year beginning September 1, 1949 (No. 2141).

70. VioBin Corporation, Monticello, Illinois, $200 in continued support of the investigation of the value of wheat germ oil in the development of resistance to disease, in the Department of Bacteriology, under the supervision of Professor George I. Wallace.

Total, Funds for Graduate Fellowships, Scholarships, and Research $326 927 23

C. Gifts of Equipment and Works of Art

71. Castleton China, Inc., New York City, a service for twelve in the Laurel pattern china for use in the Home Management House of the Department of Home Economics. Estimated value, $240.

72. Mr. Thomas Dreier, Melvin Village, New Hampshire, a plow with wooden moldboard used prior to 1835, for the collection of the Department of Agricultural Engineering.

73. Hamilton Manufacturing Company, Two Rivers, Wisconsin, a Hamilton Automatic Electric Clothes Dryer #600-E, for the Department of Home Economics. Estimated value, $275.

74. Mr. N. T. Kyle, owner of Carbide Specialty Works, South Milwaukee, Wisconsin, a Sikorsky R4B Helicopter, complete with radio equipment, service tools, spare parts and accessories for the Institute of Aviation.

75. Mr. and Mrs. Earle Ludgin, Chicago, six original etchings by Kurt Seligmann for the Department of Art.

76. Misses Deette and Mary Rolfe, Urbana, Illinois, a Mason and Hamlin piano and certain other pieces of furniture in the house at 601 East John Street, for use of the Speech Clinic.

77. Friends of Director Seward C. Staley, a portrait of Director Staley by Professor J. Denton Hogan of the Department of Art.

Total, Gifts of Equipment and Works of Art ..... $ 515 00

Total, Urbana-Champaign $361 774 98

FOR THE CHICAGO PROFESSIONAL COLLEGES

A. *Funds Received from Private Industry, Foundations, Other Organizations and Government Agencies for Research and Graduate Study*

78. Abbott Research Laboratories, North Chicago, Illinois:

a. $500 for Abbott Anesthesia Research Fund in the College of Medicine, under the supervision of Dr. Max S. Sadove.

b. $2,500 for research on dietary therapy in liver diseases, in the Department of Medicine, under the supervision of Dr. Robert M. Kark, for one year beginning July 1, 1949.

c. $600 for research on value of locally applied antibiotics in the control of post-extraction complications in lower 3rd molar sockets, in the Department of Bacteriology, College of Medicine, under the supervision of Doctors Milan V. Novak and Adrian R. Olech.

79. American Hospital Supply Corporation, $1,333.34; the Burdick Corporation, $1,333.33; Scientific Equipment and Manufacturing Company, $1,333.34 for continued research on value of ultra violet irradiation of blood and plasma, in the Department of Bacteriology, College of Medicine, for one year beginning November 1, 1949.

80. Amurol Products Company, Chicago, $4,250 for research on physical, chemical, and bacterial study of the dental plaque, in the Department of Applied Materia Medica and Therapeutics, College of Dentistry, under the supervision of Dr. Edward C. Wach, for one year beginning March 1, 1950.

81. Bristol Laboratories, Syracuse, New York, $2,500 for a fellowship for research on bacterial metabolism, in the Department of Biological Chemistry, College of Medicine, under the supervision of Dr. Stephen S. Binkley.

82. Hoffman-LaRoche, Inc., Nutley, New York:

a. $250 for studies on the effectiveness of a chemical as an antidote for curare, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. Klaus Unna.

b. $1,830 for research on the effect of Nu-2206 on kidney function with particular reference to the excretion of water (Roche Renal Pharmacology), in the Department of Pharmacology, College of Medicine, under the supervision of Doctors Carl C. Pfeiffer and Jules H. Last, for three months beginning January 1, 1950.

83. Eli Lilly and Company, Indianapolis, Indiana, $3,000 for research on polymeric chemicals as drugs, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. Carl C. Pfeiffer, for one year beginning January 1, 1950.

84. Mallinckrodt Chemical Works, St. Louis, Missouri, $4,000 for research on pharmacological investigation of alkyl carbonates, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. Carl C. Pfeiffer, for one year beginning January 1, 1949.

85. Meade Johnson and Company, Evansville, Indiana, $7,000 for a two-year fellowship on research in biochemistry in the Department of Pediatrics, College of Medicine, under the supervision of Dr. Henry G. Poncher.

86. Smith, Kline, and French Laboratories, Philadelphia, Pennsylvania, $2,000 for continuation of research on effect of amines in experimental renal and other

experimental hypertensions, in the Department of Physiology, College of Medicine, under the supervision of Dr. George E. Wakerlin, for one year beginning October 1, 1949.

87. *Sun Times*, Chicago, $1,000 for research on ACTH or Cortisone, Sun-Times Arthritis Research, in the Department of Medicine, under the supervision of Doctors Irving E. Steck, Carlos I. Reed, and Max M. Montgomery.

88. Swift and Company, Chicago, $1,000 to supplement Swift Amino Acid Fund in the Department of Surgery, College of Medicine, under the supervision of Dr. Warren H. Cole, beginning January 1, 1950.

89. E. R. Squibb and Sons, New York City, $4,833.33 to supplement grant of $4,000 for the year ending April 30, 1950, on investigation of striated muscle relaxants, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. Klaus Unna.

90. Upjohn Company, Kalamazoo, Michigan, $1,000 in continued support of Upjohn Company — Gelatin Sponge in Surgery, in the Department of Surgery, College of Medicine, under the supervision of Dr. Hilger P. Jenkins.

91. Wander Company, Chicago, $2,000, and Programs Unlimited, Inc., $100, for continuation of research on nutrition and digestion, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy.

92. W. K. Kellogg Foundation, Battle Creek, Michigan, $40,000 in support of the further development of certain experimental phases of the program of postgraduate education in the College of Dentistry for three years beginning January 1, 1950 (the grant is payable in installments of $10,000, $15,000, and $15,000; the first payment of $10,000 has been received).

93. LaRabida Jackson Park Sanitarium, Chicago, $1,780 for research on biochemical studies in the collagen diseases, in the Department of Pediatrics, College of Medicine, under the supervision of Dr. Henry G. Poncher.

94. The John and Mary R. Markle Foundation, New York City, $8,000 for continuation of research on treatment and prophylaxis of experimental hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. George E. Wakerlin, for two years beginning September 1, 1948.

95. The Rockefeller Foundation, New York City, $115,000 for research on the biochemical aspects of schizophrenia, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. Francis J. Gerty (this program was set up five years ago, and the funds have been contributed in installments as needed).

96. American Cancer Society, Inc., New York:

a. $544.36 additional for the construction of the Illinois Division Cancer Exhibit at the Museum of Science and Industry by the College of Medicine.

b. $14,120.32 for continuation of cytochemical studies of relations between nucleus and cytoplasm, in the Department of Pathology, College of Medicine, under the supervision of Dr. Isidore Gersh, for one year beginning July 1, 1948 (C-5A).

97. American Red Cross (National Office), Washington, D.C., $5,000 for continuation of research on resuscitation, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy.

98. Baruch Committee on Physical Medicine, Chicago, $3,000 for the Baruch Committee Fellowship Fund in the Department of Physical Medicine, College of Medicine, under the supervision of Dr. Gregory Bard, for one year beginning November 1, 1949.

99. Chicago Heart Association, Chicago, $1,000 for research on vascular surgery, in the Department of Surgery, College of Medicine, under the supervision of Dr. Géza DeTakatas.

100. Junior League of Chicago, Inc., Chicago, $13,000 in continued support of the Consultation Clinic for Epilepsy in the Research and Educational Hospitals, under the supervision of Dr. Frederick A. Gibbs, for one year beginning June 15, 1949.

101. William Allen Pusey Fund, $1,200 for the Dermatological Library for 1949.

102. Women's Auxiliary, Chicago Professional Colleges, $110 (three payments of $50, $30, and $30) for the Occupational Therapy Gift Fund in the Orthopaedic Unit.

103. United States Public Health Service:

a. $16,603 for training in clinical psychology in the Department of Psychiatry, College of Medicine, under the supervision of Dr. David Shakow, for one year beginning July 1, 1949 (C-269—2-B).

b. $10,368 for continuation of the study of odontomes (tumor) formation in a known strain of rats, in the Department of Histology, College of Dentistry,

under the supervision of Dr. Isaac Schour, for one year beginning October 1, 1949 (C-464—C-2).

c. $5,000 for research on coordination of cancer instruction, in the Department of Histology, College of Dentistry, under the supervision of Dr. Isaac Schour, for one year beginning April 1, 1949 (C-663—C).

d. $3,870 for research on study of the chemical and mechanical factors which may alter the normal growth pattern of the gastric mucosa, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy, for one year beginning November 1, 1949 (C-1110).

e. $5,924.42 in continued support of the application of visual methods to the teaching of gynecic cancer, in the Department of Obstetrics, College of Medicine, under the supervision of Dr. Frederick H. Falls, for one year beginning March 11, 1949 (CS-631—C).

f. $14,493.27 for continuation of improved and extended undergraduate and postgraduate teaching and research in cancer in the Department of Surgery, College of Medicine, under the supervision of Dr. Danely P. Slaughter, for one year beginning April 1, 1950 (CT-630—C).

g. $12,032.76 for continuation of research on gingival disease, in the Department of Histology, College of Dentistry, under the supervision of Dr. Isaac Schour, for one year beginning November 1, 1949 (D-11—C-3).

h. $11,016 for research on histopathology of the gingiva in systematic disease, in the Department of Histology, College of Dentistry, under the supervision of Dr. Isaac Schour, for one year beginning July 1, 1949 (D-15—C-2).

i. $5,499.25 for continuation of research on alterations in peripheral vessel morphology and physiology after X-radiation, in the Department of Physiology, College of Medicine, under the supervision of Dr. E. Elizabeth Painter, for one year beginning October 1, 1949 (continuation of RG-1348) (H-135—C).

j. $8,964 for research on arteriosclerosis in guinea pigs on high protein diet, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy, for one year beginning September 16, 1949 (H-187).

k. $5,999 for research on determination of cardiac output in the human by a capacitance method, in the Department of Physiology, College of Medicine, under the supervision of Dr. William V. Whitehorn, for one year beginning September 16, 1949 (H-205).

l. $8,640 for research on role of steroids in edema, in the Department of Medicine, College of Medicine, under the supervision of Dr. Robert W. Keeton, for one year beginning September 16, 1949 (H-400).

m. $12,000 for research on relations of cardiac work, efficiency, and coronary flow; relation of cardiac output and serum osmotic pressure to sodium and water excretion, in the Department of Medicine at Rush Presbyterian Hospital, under the supervision of Dr. James A. Campbell, for one year beginning September 16, 1949 (H-404).

n. $9,936 for research on chemotherapy of rheumatic fever, in the Department of Pharmacology, College of Medicine, under the supervision of Dr. Carl C. Pfeiffer, for one year beginning September 16, 1949 (H-409).

o. $8,000 for research on sensitization mechanism in rheumatic fever, in the Department of Pediatrics, College of Medicine, under the supervision of Dr. Henry G. Poncher, for one year beginning September 16, 1949 (H-411).

p. $10,000 for research on arteriosclerosis and hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. George E. Wakerlin, for one year beginning September 16, 1949 (H-423).

q. $9,909 for research on vascular permeability as affected by changes in blood O_2 and CO_2 tensions, in the Department of Physiology, College of Medicine, under the supervision of Dr. Alfred A. Schiller, for one year beginning September 16, 1949 (H-425).

r. $10,000 for research on hypertension and elevation of temperature, in the Department of Physical Medicine and Rehabilitation, College of Medicine, under the supervision of Dr. H. Worley Kendell, for one year beginning September 16, 1949 (H-426).

s. $20,000 for research on pathogenesis and treatment of experimental renal hypertension, neurogenic hypertension, and experimental malignant hypertension, in the Department of Physiology, College of Medicine, under the supervision of Dr. George E. Wakerlin, for one year beginning September 16, 1949 (H-428).

t. $8,000 for research on isolation and characterization of cardiac myofibrila, in the Department of Pathology at Rush Presbyterian Hospital, under the supervision of Dr. George M. Hass, for one year beginning September 16, 1949 (H-429).

u. $4,200 for research on anatomy and pathology of the auriculoventricular musculature of the human heart, in the Department of Pathology, College of Medicine, under the supervision of Dr. Maurice Lev, for one year beginning September 16, 1949 (H-430).

v. $3,650 for research on attempt to produce right or left ventricular failure in dogs, in the Department of Pathology at Rush Presbyterian Hospital, under the supervision of Dr. George M. Hass, for one year beginning September 16, 1949 (H-432).

w. $5,000 for research on blood pressure and peripheral, in the Aeromedical and Physical Environment Laboratory, under the supervision of Dr. John P. Marbarger, for one year beginning September 16, 1949 (H-434).

x. $7,500 for research on experimental arteriosclerosis and atherosclerosis in young and old rabbits, in the Department of Pathology at Rush Presbyterian Hospital, under the supervision of Dr. George M. Hass, for one year beginning September 16, 1949 (H-452).

y. $4,000 for research on influence on environmental factors on capillary circulation in normal and diseased subjects (animals and man), in the Department of Pathology, College of Medicine, under the supervision of Dr. Alexander J. Nedzel, for one year beginning September 16, 1949 (H-453).

z. $14,000 for cardiovascular training in the Department of Surgery, College of Medicine, under the supervision of Dr. Warren H. Cole, for one year beginning September 1, 1949 (HT-300R).

aa. $14,184.65 for training in clinical psychology in the Department of Psychiatry, College of Medicine, under the supervision of Dr. David Shakow, for one year beginning July 1, 1948 (MH-362).

bb. $6,492.87 for continuation of the study of cardiac output and total peripheral resistance to flow under various physiological and pathophysiological conditions, in the Department of Physiology, College of Medicine, under the supervision of Dr. William V. Whitehorn, for one year beginning January 1, 1949 (RG-170—C-2).

cc. $6,171.23 for continuation of research on neurophysiological basis of epilepsy, in the Department of Psychiatry, College of Medicine, under the supervision of Dr. Frederic A. Gibbs, for one year beginning June 1, 1949 (RG-865—C).

dd. $2,700 for continuation of research on facial growth after removal of mandibular condyle, in the Department of Oral and Maxillofacial Surgery, College of Dentistry, under the supervision of Dr. Bernard G. Sarnat, for the period ending June 30, 1950 (RG-1091).

ee. $3,306 for research on effect of vagotomy and subtotal gastrectomy on the Mann-Williamson ulcer in the dog, in the Department of Surgery, College of Medicine, for one year beginning September 16, 1949 (RG-1639).

ff. $8,000 for research on circulation — blood flow in vessels and tissues, in the Department of Psychiatry, College of Medicine.

104. United States Public Health Service, National Cancer Institute, $11,880 for continuation of research on cause of gastric cancer, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy, for one year beginning April 1, 1949 (C-317—C-2R).

105. United States Public Health Service, National Institute of Health:

a. $5,939.24 for continuation of research on the isolation of cholecystokinin, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy, for one year beginning July 1, 1949 (RG-518—C-2).

b. $5,425.23 for continuation of research on an investigation of the physiological effects of the influenza virus on the host, in the Department of Bacteriology, College of Medicine, under the supervision of Dr. John E. Kempf, for one year beginning July 1, 1949 (RG-1248—C).

c. $4,339.50 for continuation of peptic ulcer studies: a search for a synthetic antagonist of histamine on gastric secretion, in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Morton I. Grossman, for one year beginning July 1, 1949 (RG-1613—C).

Total, Funds from Private Industry, Foundations, Other Organizations and Government Agencies for Research and Graduate Study $548 161 43

B. Funds Received from Individuals

106. Anonymous:

a. $500 to be added to the Anonymous Gift Fund for the Christmas fund for patients in the Illinois Neuropsychiatric Institute.

b. $25 to be added to the Orthopaedic Surgery Gift Fund for Children.

c. $100 for such needs as the budget in the Department of Pediatrics, College of Medicine, would not provide for.

d. $600 for investigations in renal research by the Departments of Pharmacology and Medicine.

e. $100 to be added to the Anonymous Psychiatry Gift Fund for departmental research.

f. $10,000 for research on Psychiatric Disorders of Children in the Department of Psychiatry, College of Medicine, under the supervision of Dr. Francis J. Gerty.

107. Mr. Walter R. Barker, $1,000 for research on Chemical Basis of Epilepsy in the Department of Psychiatry, College of Medicine, under the supervision of Dr. Frederic A. Gibbs.

108. Dr. Fremont A. Chandler, Professor and Head of the Department of Orthopaedic Surgery, and associates, $450 for the Orthopaedic Surgery-Travel Alumni, a travel fund for residents in Orthopaedic Surgery.

109. Mrs. Margaret Pope Hovey, $100 for medical editorial services in the Department of Physical Medicine and Rehabilitation, under the supervision of Dr. H. Worley Kendell.

110. Dr. Louis R. Krasno, Chicago, $1,000, and another donor, $150, to be added to the L. R. Krasno Grant in the Department of Clinical Science, College of Medicine, under the supervision of Dr. Andrew C. Ivy.

111. Dr. Francis L. Lederer of the College of Medicine, $25 to be added to Miscellaneous Otolaryngology Fund — Lederer for research in the Department of Otolaryngology, College of Medicine.

112. Dr. Felix P. Mooney, Chicago, $100 to be added to the Patrick and Bertha Mooney Memorial Fund for assistance of worthy students, under the direction of the Dean of the College of Medicine.

113. Mr. John W. Ruettinger, Chicago:

a. $10,000 for the Pauline E. Ruettinger Memorial Fund for research in arteriosclerosis, in the Department of Pathology, under the supervision of Dr. Granville A. Bennett and the work to be conducted by Dr. Maurice Lev (the grant is for a three-year period, one-third payable each year; the first payment of $3,000 has been received).

b. $1,000 to continue the Phyllis Pierce Ruettinger Memorial Fellowship for research in nephritis, in the Department of Pathology, College of Medicine, under the supervision of Dr. Granville A. Bennett.

114. Mr. Victor S. Yarros, La Jolla, California, $300 to be added to the Rachelle S. Yarros Scholarship Fund in the College of Medicine.

Total, Funds Received from Individuals $25 450

C. Gifts of Equipment or of Funds for the Same

115. Anonymous, $25 to be added to the Pediatric Gift Fund and used to provide motion pictures for hospitalized patients in the Department of Pediatrics, College of Medicine.

116. Asthmatic Children's Aid, Chicago, $275 to be applied toward the cost of a Collins Respirometer for the Allergy Clinic.

117. Women's Rotary Club of Chicago:

a. $525 to be added to Orthopaedic Gift Fund for Children for six chrome wheel chairs in the Department of Orthopaedic Surgery, College of Medicine.

b. $600 to be added to Orthopaedic Gift Fund for Children for wheel stretchers in the Department of Orthopaedic Surgery, College of Medicine, under the supervision of Dr. Fremont A. Chandler.

Total, Gifts of Equipment or of Funds for the Same ..... $ 1 425 00

MEETING OF THE BOARD OF TRUSTEES

OF THE

UNIVERSITY OF ILLINOIS

June 22, 1950

The June meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, at the University, in Urbana, on Thursday, June 22, 1950, beginning at 11 o'clock a.m., Central Daylight Saving Time.

When the Board convened in open session, the following members and officers were present: President Williamson, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins.

President Stoddard was present; also Provost C. R. Griffith, Dr. A. C. Ivy, Vice-President in charge of the Chicago Professional Colleges, Mr. A. J. Janata, Assistant to the President, Mr. H. E. Cunningham, Secretary, Mr. Lloyd Morey, Comptroller, Dean L. N. Ridenour, of the Graduate College, Dean H. R. Bowen, of the College of Commerce and Business Administration, and other members of the administrative and teaching staff.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of April 19, 1950.

On motion of Dr. Meyer, the minutes were approved as printed on pages 1067 to 1120 above.

MATTERS PRESENTED BY PRESIDENT STODDARD

The Board considered the following matters presented by the President of the University.

CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

ALBERT JOHN ALLEN (N.C.)
GEORGE EDWARD DELL (Mo.)
HARRY BENFORD FRY (Mass.)
JULIUS JOEL GOTLIEB (Calif.)
HARRISON HENRY HALBE (Mo.)
THOMAS CLARENCE HILLIARD (Ohio)
HAROLD SCOTLAND HINDS (N.C.)
SEYMOUR KRAUS (Calif.)
HARLEY BOB OLIVER (Okla.)
STANLEY RAYMOND PRICE (Ind.)
DAVID SELMER VINE (Calif.)

I concur.

On motion of Mr. Nickell, these certificates were awarded as recommended.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(2) The faculty Committee on Accountancy recommends the appointment of Mr Richard H. Grosse, of the firm of Haskins and Sells, 111 Monroe Street, Chicago 3, Illinois, as a member of the Board of Examiners in Accountancy for three years from July 1, 1950, to succeed Mr. Cyril Talbot whose term expires June 30.

I concur in this recommendation.

On motion of Dr. Meyer, this appointment was made as recommended.

INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS ADVISORY COMMITTEE

(3) The plan for the administrative organization of the Institute of Labor and Industrial Relations provides for an Advisory Committee composed of representatives in equal number of labor, management, and the public, due regard being given to including both urban and rural interests. In 1949, appointments in each group were made for terms of one, two, and three years respectively; appointments thereafter are to be for three years.

The Director of the Institute has recommended and I have approved the following appointments and reappointments beginning July 1, 1950:

Public

CHARLES SHUMAN, President, Illinois Agricultural Association, 43 East Ohio Street, Chicago; reappointed for three years.

FRED L. WHAM, Judge, United States District Court, Eastern District of Illinois, 611 East Third Street, Centralia, Illinois; reappointed for three years.

WILLIAM WIRTZ, Professor of Law, Northwestern University, Winnetka, Illinois; appointed for two years.

MRS. BERNICE T. VAN DER VRIES, member of the House of Representatives, Sixty-sixth General Assembly of Illinois, 439 Maple Avenue, Winnetka, Illinois; appointed in 1949 for three years.

JOHN E. CASSIDY, Attorney, member of the firm of Cassidy, Sloan, and Crutcher, Peoria; appointed in 1949 for two years.

Labor

JOSEPH GERMANO, President, Illinois State Industrial Union Council (C.I.O.), 205 West Wacker Drive, Chicago 6; Director of District 31 of the United Steel Workers of America; reappointed for three years.

THOMAS J. HAGGERTY, Secretary-Treasurer, Chicago Milk Wagon Drivers' Union, Local 753, International Brotherhood of Teamsters, American Federation of Labor, 220 South Ashland Boulevard, Chicago; reappointed for three years.

SAMUEL LEVIN, Vice-President, Amalgamated Clothing Workers' Union, 5005 Drexel Boulevard, Chicago; appointed in 1949 for three years.

R. G. SODERSTROM, President, Illinois State Federation of Labor, Springfield, Illinois; appointed in 1949 for three years.

CLINTON BUSH, State Legislative Chairman, Brotherhood of Locomotive Firemen and Enginemen, 105 East 70th Street, Chicago 37; appointed in 1949 for two years.

Management

WAYNE A. JOHNSTON, President, Illinois Central Railroad, Chicago; reappointed for three years.

COLONEL JOHN SLEZAK, President, Turner Brass Works, Sycamore, Illinois; appointed for three years.

HENRY H. BOLZ, Secretary, Association of Commerce, Decatur; appointed in 1949 for three years.

OLIVER E. MOUNT, Vice-President, American Steel Foundries, 410 North Michigan Avenue, Chicago; appointed in 1949 for three years.

G. W. HOELSCHER, General Manager, East Side Manufacturers' Association, Granite City, Illinois; appointed in 1949 for two years.

All of these people have agreed to serve.

On motion of Mr. McLaughlin, these appointments were made as recommended.

APPOINTMENTS TO THE FACULTY MADE BY THE PRESIDENT OF THE UNIVERSITY

(4) The Secretary reported that the President has approved the following new appointments to the faculty of the rank of Assistant Professor and above since the previous meeting of the Board of Trustees:

1. G. F. ANDERSON, Assistant Professor of Education, beginning June 12, 1950, at an annual salary of $5,500.

2. COLIN R. BLYTH, Assistant Professor of Mathematics, beginning September 1, 1950, at an annual salary of $4,500.

3. RICHARD J. FALETTI, Assistant Professor of Law, beginning September 1, 1950, at an annual salary of $5,500.

4. QUINCY HOWE, Visiting Associate Professor of Journalism and Communications, beginning September 1, 1950, at an annual salary of $7,500.

5. PAUL M. MARCUS, Research Assistant Professor of Physics, beginning November 1, 1950, at an annual salary of $5,400.

6. JOHN W. MARX, Assistant Professor of Physical Metallurgy, beginning September 1, 1950, at an annual salary of $4,900.

7. EDWARD F. MOORE, Assistant Professor of Mathematics (Graduate College), beginning September 1, 1950, at an annual salary of $4,200.

8. MERLE M. OHLSEN, Associate Professor of Education, and Head of Student Teaching, beginning September 1, 1950, at an annual salary of $7,500.

9. ALBERT WATTENBERG, Assistant Professor of Physics, beginning September 1, 1950, at an annual salary of $7,000.

10. CHARLES A. WERT, Research Associate Professor of Physical Metallurgy, beginning September 1, 1950, at an annual salary of $5,500.

On motion of Dr. Meyer, these appointments were confirmed.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF SCIENCE WITH HONORS IN THE LIBRARY SCHOOL

(5) The University Senate recommends the following requirements be established to designate graduation honors for the degree of Bachelor of Science in the Library School:

Honors: Average of 4.0 in all courses used for graduation, and no grade below B in any Library Science course.

High Honors: Average of 4.5 in all courses used for graduation, with no grade below B and with grades of A in at least one-half of the courses in Library Science.

Highest Honors: Average of 4.5 in all courses used for graduation, with grades of A in all courses in Library Science.

I concur.

On motion of Mr. Nickell, these requirements were established as recommended.

GRADUATE CURRICULA IN THE COLLEGE OF LAW

(6) The University Senate recommends the establishment of the following graduate programs in the College of Law.

Curriculum Leading to the Degree of Master of Laws (LL.M.)

I. Requirements for Admission:

1. The applicant must have received the first professional degree in law from a law school which has graduation requirements substantially the same as the University of Illinois College of Law.

2. The applicant must present evidence of ability to do satisfactory work at the graduate level. Normally no student will be admitted as a candidate for this degree unless he has a weighted grade average of 3.5 in all law-school work undertaken.

II. Requirements for the Degree:

1. One academic year in residence in the College of Law.

2. A course program approved by the Graduate Committee of the College of Law.

   (a) The course program shall consist of eight units of work including at least two units of research.

   (b) A grade average of 3.5.

3. A satisfactory thesis.

Curriculum Leading to the Degree of Doctor of the Science of Law (J.S.D.)

I. Requirements for Admission:

1. The applicant must have received the first professional degree in law from a law school which has graduation requirements substantially the same as the University of Illinois College of Law.

2. The applicant must present evidence of ability to do satisfactory work at the graduate level. Normally no student will be admitted as a candidate for this degree unless he has a weighted grade average of 4.0 in all law-school work undertaken.

3. The applicant must also present evidence that he has the capacity for independent research. Ordinarily this requirement may be met by the submission of satisfactory legal writing done while the applicant was a candidate for the LL.B. degree, or subsequent to the receipt of the degree.

II. Requirements for the Degree:

1. One academic year in residence in the College of Law.

2. A course program approved by the Graduate Committee of the College of Law.

   (a) The course program shall consist of eight units of work including at least four units of research.

   (b) A grade average of 4.0.

3. A satisfactory thesis, which shall be submitted not less than one year nor more than five years after the completion of the residence requirements.

4. A final oral examination.

If these programs are approved, the College of Law and the University Senate recommend that the present degree of Doctor of Law (J.D.) be discontinued. As presently administered this is not a graduate degree and it should be discontinued to avoid confusion with the degree of J.S.D.

I concur in these recommendations.

On motion of Mr. Fornof, these recommendations were adopted.

CHANGES IN ELECTRICAL ENGINEERING CURRICULUM

(7) The University Senate recommends the following changes in the undergraduate curriculum in Electrical Engineering.

Power Engineering Option: Discontinue Mechanical Engineering 182, Shop, and Mechanical Engineering 204, Mechanical Engineering Laboratory. Add Economics 108, Elements of Economics, and Economics 248, Personnel Administration. Add Electrical Engineering 347, Industrial Electronics, and Electrical Engineering 378, Power Transmission; these areas are not included in the present curriculum.

Communication Engineering Option: Discontinue Mechanical Engineering 182, Shop. Add Economics 108, Elements of Economics, and Economics 248, Personnel Administration.

Illumination Engineering Option: Discontinue Mechanical Engineering, Shop. Add Economics 108, Elements of Economics.

Changes in the Electrical Engineering courses are mostly rearrangement, renumbering, and new descriptions for existing course material.

I concur.

On motion of Mr. Hickman, these changes were approved as recommended.

REVISION OF CURRICULUM IN PHARMACY

(8) The University Senate recommends a complete revision of the four-year undergraduate curriculum leading to the degree of Bachelor of Science iu Pharmacy. The changes were recommended by the faculty of the College of Pharmacy and follow the lines of recommendations of the National Curriculum Committee appointed by Dr. Edward C. Elliott (formerly President of Purdue University) who has been Director of the Pharmaceutical Survey of the American Association for Pharmaceutical Education.

Because of the development of new therapeutic agents, it is desirable to modernize several of the courses in the basic sciences. The other changes represent the addition of courses in the social sciences and business administration which it is felt are desirable in the development of the pharmacist as a citizen. The faculty of the Chicago Undergraduate Division at Navy Pier will help develop these courses.

All students will be required to complete the basic course of 189 credit hours and will be permitted to choose the remainder of the 202 credit hours required for graduation from electives (see Appendix, page 1250).

I concur in these recommendations.

On motion of Mr. McLaughlin, this curriculum was approved as revised.

UNDERGRADUATE AND GRADUATE PROGRAMS IN FOOD TECHNOLOGY

(9) The University Senate recommends establishment of the following undergraduate and graduate programs in food technology (see Appendix, page 1252).

The Graduate program has also been approved by the Executive Faculty of the Graduate College.

I concur in these recommendations.

On motion of Mrs. Watkins, these programs were approved as recommended.

GRADUATE PROGRAM IN EDUCATION

(10) The University Senate recommends the establishment of the following program leading to the degree of Master of Education and to the Advanced Certificate in Education (see Appendix, page 1254).

These proposals have also been approved by the Executive Faculty of the Graduate College.

I concur.

The Provost commented on this program.

On motion of Mr. Nickell, this program was approved as recommended.

GRADUATE PROGRAM IN STATISTICS

(11) The University Senate recommends the establishment of a graduate program in statistics leading to the degree of Doctor of Philosophy. During the past fifty years there has been a tremendous growth of statistical ideas and methods, and progress is continuing at a rapid rate. Gains made both in the theory and practice of statistics have been of the utmost importance in many fields. With these developments has come the need for training people who can make contributions to both the theory and practice of statistical inference from quantitative data. The proposed doctoral program in statistics is intended to recognize these needs and to serve as a means of preparing people to fill them.

It is contemplated that those who wish to concentrate on research in the theory of statistics will continue to take a doctorate in mathematics with emphasis on analysis, statistics being a second major or a strong minor. Similarly, those who wish to concentrate on statistical research in another field — such as agronomy, economics, or psychology — will continue to take a doctorate in that field with a major or minor in statistics as required by the department in question.

The doctorate in statistics here outlined is intended for students who wish to concentrate on research in statistical methods. It provides those having a major interest in statistical theory with training for practice in one or more fields of application. It offers those having major interest in a subject matter the necessary background in statistical theory (see Appendix, page 1255).

This proposal has also been approved by the Executive Faculty of the Graduate College.

I concur.

Dean Ridenour commented on this program.

On motion of Dr. Meyer, this program was approved as recommended.

GRADUATE PROGRAM IN BUSINESS

(12) The University Senate recommends the establishment of a graduate program leading to the degree of Doctor of Philosophy in Business. The purpose of this program is to prepare graduate students for positions in teaching and research in institutions of higher education; and for consulting and administrative work in both private business and public service (see Appendix, page 1256).

This program has also been approved by the Executive Faculty of the Graduate College.

I concur.

Dean Bowen and Dean Ridenour commented on this program.

On motion of Mr. McLaughlin, this program was adopted as recommended.

RELEASE OF FUNDS FOR BUILDINGS AND OTHER CAPITAL IMPROVEMENTS

(13) The Governor has approved the following releases of funds from appropriations made to the University of Illinois for 1949-1951 for buildings and other capital improvements:

Release No. 28

"For Permanent Improvements at Chicago Construction of Utility Distribution System and Remodeling of Existing Buildings"..... $ 16 187
This is a partial release from an appropriation of $190,000. The funds now released are for completion of the installation of new electrical feeders to the Illinois Surgical Institute and other areas including the Research Laboratories and Library units of the Medical and Dental College Laboratories Building in Chicago.

Release No. 29

"For Permanent Improvements at Urbana-Champaign For Land — acquisition of land for the extension of the campus"..... 190 000
This is the total release of an appropriation of $190,000.

Release No. 30

"For Permanent Improvements at Urbana-Champaign Additions to Power and Heating Plant and Remodeling of Existing Buildings".. 334 000
This is a partial release from an appropriation of $1,215,000. The funds now released are for (1) furnishing and installing electrical equipment as part of the addition to the Power Plant ($64,400), (2) fire protection improvements in the Natural History Building ($62,500), and (3) remodeling of Physical Plant Service Building ($207,500).

Release No. 31

"For Contingencies to Cover Expenditures for Purposes for which the Amount Appropriated in any Item Above Enumerated is, or becomes Insufficient"..... 23 000
This is a partial release from an appropriation of $550,000. The funds now released are for the acquisition and installation of chemistry building equipment, supplementing Releases Nos. 1 and 2 of August 3, 1949.

I recommend that the funds released be appropriated for the purposes specified.

On motion of Mr. Livingston, these funds were appropriated as recommended, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

SPECIAL APPRORIATIONS FOR NONRECURRING EXPENDITURES

(14) The Committee on Nonrecurring Appropriations recommends assignments from the General Reserve Fund for the following purposes:

1. Department of Agronomy, equipment	$20 000
2. Department of Agronomy, installation of fume hood in Davenport Hall.	2 000
3. Agronomy Greenhouse remodeling	2 500
4. Department of Animal Science, installation of sanitary facilities in Sheep Barn	3 600
5. Psychological Clinic, remodeling and extension of utilities in new quarters (1005 W. Nevada, Urbana)	15 000
Total	$43 100

I concur.

These proposed improvements have been carefully studied by the Committee on Nonrecurring Appropriations. Its reports giving details of the reasons for these improvements are submitted herewith.

On motion of Mrs. Holt, these appropriations were made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

REMODELING IN THE ARMORY FOR ARMED SERVICES

(15) Since the Department of Naval Science has been in the Armory there has been insufficient office and classroom space. At present the administrative staff, accounting and supply section, and instructors are restricted to three offices (Rooms 239, 240, 241), and storeroom (Room 237) for books, uniforms, stationery, and office supplies.

Five instructors are now in one office. This arrangement is not conducive to efficient working conditions. Instructors are required to perform the greater part of their classroom preparation at home. A noisy and crowded office discourages students from discussing naval or scholastic problems with their instructors.

To relieve this crowded situation, the Physical Plant Department has pre-

pared a remodeling plan which will provide four new offices (three for Military Science and one for Naval Science) and one additional classroom, will improve security (for storeroom space), will eliminate corridor noise outside of three classrooms, and will provide better quarters for the carpenter shop used for construction of training aids. The estimated cost of this remodeling is $12,000.

The Provost and Comptroller have reviewed the plans for this project and recommend approval. A special appropriation will be required.

I concur and recommend an appropriation of $12,000 for this project.

On motion of Mrs. Watkins, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

FENCING FOR NEW AGRICULTURAL FARMS

(16) Improved fencing is required on farms recently acquired for agricultural purposes and on one of the outlying experiment farms: McCullough Farm, 160 acres; Sullivan Farm, 80 acres; Newton Agricultural Experiment Farm, 50 acres.

Present fencing is either inadequate or does not exist around areas where new plantings will be made or where land will be rehabilitated or used for grazing.

A committee of the College of Agriculture studied the needs and submitted a detailed report recommending amounts and types of materials to be used. The Dean of the College of Agriculture has requested an appropriation of $6,600 for this purpose. The Provost and the Comptroller have reviewed the report and concur in the recommendation.

I concur and recommend a special appropriation be made from the General Reserve Fund.

On motion of Dr. Meyer, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

CONTRACT FOR CONSTRUCTION OF HOUSE ON NORTHERN ILLINOIS EXPERIMENTAL FIELD

(17) An area of eighty acres on one of the Wright Farms in DeKalb County was assigned for use as an agricultural experimental field to replace a field formerly leased by the University, and is now known as the Northern Illinois Agricultural Experimental Field of the Agricultural Experiment Station. Donors have made grants of funds to the University for improvements of the field. The main service building and drives have been completed and electric power has been brought into the field. There remains in the trust fund for these improvements a balance of approximately $14,000.

Bids have been taken on the construction of a dwelling for the resident technical man in charge of the field. The Director of the Agricultural Experiment Station and the Comptroller recommend the award of a contract for $11,700 to Watts and Merriman of Shabbona, Illinois, the lowest bidder, for the construction of this house. The contract does not include the septic tank, water heater, lighting fixtures, and certain other accessories which will be installed by others. The estimated cost of these additional installations is approximately $1,000.

The lowest bidder is a small and comparatively new company. The bid is not clearly defined as to some items. In case it is found the bid is inadequate according to specifications, or if this company is unable to submit a satisfactory performance bond, the Director and the Comptroller recommend that the contract be awarded to the next lower bidder, Guldbeck and Ekstrom, DeKalb, whose bid is $12,375.

I concur in these recommendations.

On motion of Mr. Fornof, the award of this contract was authorized, under the terms and conditions stated.

CONTRACT FOR REMODELING AND EQUIPMENT FOR DEPARTMENT OF PATHOLOGY, COLLEGE OF MEDICINE

(18) The Director of the Physical Plant Department and the Comptroller recommend the award of a contract for $5,197 to C. W. Haynes Company, Chicago, Illinois, the lowest bidder, for remodeling of rooms 467, 467-A, and 466-B, and the installation of plumbing, ventilating, and departmental equipment in the Medical and Dental College Laboratories Building.

Funds are available.

I concur and recommend that the Comptroller and Secretary of the Board be authorized to execute this contract.

On motion of Dr. Meyer, authority was given as recommended.

STEAM SERVICE TO DEPARTMENT OF PUBLIC HEALTH

(19) The Sixty-Fifth and Sixty-Sixth General Assemblies of Illinois appropriated funds to the Department of Public Health for the construction of a Tuberculosis Hospital in Cook County. This appropriation act includes a provision "that if arrangements are made for the construction of a central heating plant, to serve the said hospital building and other buildings in the Medical Center at a saving in heating costs to the State, the sum of $280,000, or so much thereof as may be necessary, of the said sum of $4,850,000, may be deducted from the construction cost of said hospital and used as part of the cost of constructing the said central heating plant."

The central heating plant to be constructed by the Medical Center Steam Company qualifies under this provision for the allotment of $280,000. Since the University has contracted to take the entire output of the Medical Center Steam Company and has the right to furnish steam to other institutions, the Department of Public Health applied the $280,000 of its appropriation toward the cost of the construction of the Medical Center Steam Company plant. The Medical Center Steam Company acknowledged receipt of the $280,000 by executing a note for $280,000, payable to the Board of Trustees of the University of Illinois. This is a non-interest bearing note, maturing on December 31, 1981, but payable at the option of the Medical Center Steam Company in whole or in part at any time prior to date of maturity. Steam will be furnished to the Tuberculosis Hospital at a rate based on cost of production.

This is submitted for record.

TRANSPORT SERVICE AT UNIVERSITY AIRPORT

(20) Parks Air Lines of East St. Louis, Illinois, has offered, subject to all necessary approvals of authorities, to initiate regular air transport service to and from the University of Illinois Airport, beginning on or about June 18, 1950.

On recommendation of the Director of the Institute of Aviation, and with the approval of the Provost, the following temporary arrangement has been approved by the Comptroller and the Legal Counsel's office.

1. University to provide landing area and parking ramp at $75 a month for each scheduled landing; extra sections at $2.50 a landing; present landing fees of $.50 per capacity seat or $2 per capacity ton to apply to charter trips.
2. Supplies and services to be furnished at University current prices.
3. General services (local ticket sales, battery cart service, line service, baggage handling, telephone and teletype, weather observations, waiting room, public address system, public protection, and fire protection) to be supplied for $600 a month.
4. Payments to be monthly in advance.

This temporary arrangement is to become effective with the start of scheduled service and to continue for not more than six months, unless previously superseded by a formal agreement. Either party may terminate the arrangement on fifteen days' notice.

I recommend approval of this temporary arrangement and request authorization, if service is inaugurated and proves satisfactory, to negotiate a formal agreement to be submitted to the Board for approval.

On motion of Mr. Livingston, this arrangement was approved and authority was given as recommended.

GRANTS IN AID FROM AMERICAN CANCER SOCIETY

(21) From time to time the American Cancer Society makes grants in aid of research to the University and to members of its staff. The patent policy of the American Cancer Society includes the following provisions which are in disagreement with the University's patent policy.

"It is the policy of the American Cancer Society to allow investigators complete freedom to publish the results of their research in any scientific or medical journals selected by them as the best media for the most effective dissemination of the work. Because of this policy and the fundamental nature of the research projects which are being investigated, the problem of obtaining United States and foreign patents will seldom be presented.

"However, in the event that the question of patenting should arise, the principal investigator or grantee-institution concerned should inform the Executive Vice-President of the American Cancer Society concerning the matter, so that negotiations by the Society may be effected.

"Where a patent application is made, the policy of the American Cancer Society will apply, requiring the assignment of all patents to the Society; and the inventor shall receive a non-exclusive, irrevocable, royalty-free, and assignable license."

The Bursar of the University has corresponded with officials in the American Cancer Society in an effort to reconcile this disagreement. He reports that the Society is reluctant to make any change in a policy which it applies uniformly to a research program consisting of many individual contracts throughout the country.

In view of this, and since the intent of the Society's patent policy is identical with the University's, namely protection of public interest, I recommend that the Board authorize waiving the patent provisions of the University Statutes in so far as they apply to work done on a grant in aid from the American Cancer Society and authorize acceptance of the Society's policy, as stated above, in such cases.

On motion of Mr. Livingston, these recommendations were approved and adopted.

COAL RECEIVED FROM THE REPUBLIC COAL AND COKE COMPANY, JANUARY 1 TO APRIL 2, 1950

(24) In accordance with the request of the Board of Trustees, the following report is submitted of coal deliveries by the Republic Coal and Coke Company during the period January 1 to April 2, 1950.

Period Ending:		*3/19/50*	*3/26/50*	*4/2/50*
Tonnage		731.25	1794.65	2061.30
	Guaranteed	*Actual*	*Actual*	*Actual*
Moisture	11.7%	13.4%	13.25%	13.7%
Ash (moisture free)	8.7%±1%	9.45%	9.46%	8.7%
Sulfur (moisture free)	2.8%±1%	3.18%	3.17%	3.06%

Percentage of Fines	20%±2%	22.98%	23.98%	22.24%

Moisture and per cent of fines have been above guarantee. No penalty is provided for excess moisture. Contract provides tests for "fines" will be made from samples from conveyor belt. Since this coal was placed in storage such tests were impossible, but tests shown were made from the stockpile and indicate coal was substantially in accordance with the specifications.

This report was received for record.

AUTHORITY TO PURCHASE CATTLE

(25) The program for the purchase of feeding cattle for the Wright Farms for the 1950-1951 feeding season will be approximately as shown by the following schedule:

WRIGHT FARMS, DEKALB COUNTY, CATTLE FEEDING PROGRAM 1950-1951

Buying Period	*Number*	*Kind*	*Average Weight (pounds)*	*Price per Hundred Pounds*	*Total Cost*	*University Share*

Total	100				$16 506 25	$ 8 253 12
Total, All Farms	385				$57 156 25	$28 578 12

Purchases are made on the basis of current market prices when suitable stock is available and payment is due immediately. Under such conditions, it is impracticable to request the approval of the Board of Trustees prior to each transaction.

The Director of Purchases, the Comptroller, and Professor J. B. Andrews of the College of Agriculture request authority to purchase feeding cattle substantially in accordance with the above schedule when purchases are recommended by the farm manager. All such purchases will be reported to the Board of Trustees, and will be paid for from the Wright Farms operation income.

I concur.

On motion of Mr. McLaughlin, these purchases were authorized as recommended.

PURCHASES

(26) A report of (A) emergency purchases authorized and (B) purchases recommended (see Appendix, page 1258).

On motion of Mrs. Watkins, the action of the President of the University in authorizing emergency purchases was approved and confirmed, and the purchases recommended were authorized.

APPOINTMENT OF PROFESSOR LYLE H. LANIER AS HEAD OF THE DEPARTMENT OF PSYCHOLOGY

(27) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Professor Lyle H. Lanier, now Professor and Head of the Department of Psychology at New York University, as Professor and Head of the Department of Psychology to succeed Professor Herbert Woodrow who has been granted sabbatical leave of absence for the first semester of 1950-1951 and who will retire from active service on September 1, 1951. In the meantime, Professor Woodrow has requested that he be relieved of his duties as Head of the Department.

It is desirable to have Professor Lanier's appointment begin September 1, 1950, but this is conditional on when he can be released from his present position. In any event, he is prepared to come to the University of Illinois not later than February 1, 1951.

I recommend (a) that the Board approve this appointment now, and (b) that the Executive Committee of the Board be authorized to fix the terms upon recommendation of the President of the University.

On motion of Dr. Meyer, this appointment was authorized as recommended.

STREET LIGHTING IMPROVEMENT IN CHAMPAIGN

(28) The Campus Business Men's Association has been promoting the installation of a new street lighting system in the area adjacent to the University Campus on the Champaign side. The majority of the property owners have signed the petition for this improvement. The Association requests that the University participate by assuming its proportionate share of the costs as related to frontage of University property.

This proposal has been studied by the Comptroller, the Director of the Physical Plant, and the Chairman of the Building Program Committee. They have advised that the program will provide desirable improved illumination and is in the interest of vehicular and pedestrian safety. The project has been modified to conform to suggestions made by the University and the plan of construction is satisfactory. The University's share of the estimated cost of the improvement on the Champaign side is $26,325.

An effort was also made to develop a similarly needed improvement on the Urbana side. City authorities and property owners affected proposed a plan which University officials do not believe would provide adequate illumination for vehicular and pedestrian traffic. An effort has been made to secure a change in the Urbana program but present indications are that it will not go forward.

I recommend that the Board of Trustees authorize the payment of the University's share of the new street lighting system on the Champaign side and that it record its agreement to participate in a comparable improvement on the Urbana side should municipal officials and property owners decide on a program of acceptable standard.

On motion of Mr. Fornof, this recommendation was adopted.

CONTRACT FOR AGRONOMY GREENHOUSE PARTITION

(29) There has been submitted, separately, a recommendation that an appropriation of $2,500 be made for remodeling of the Agronomy Greenhouse. This will include the construction of glass partitions.

The Director of the Physical Plant and the Comptroller recommend award of a contract to Lord and Burnham, Des Plaines, Illinois, for $1,311 for materials (steel posts and framing and glass) to be used in erecting the partitions. This company specializes in greenhouse construction. It provided the materials for the original greenhouse and the materials it will supply will fit the original design.

It is difficult to secure competitive bids on such materials because other firms usually are not interested in quoting on structural parts for greenhouses of other builders' designs and especially in the case of a small job.

I concur and recommend that the Comptroller and the Secretary of the Board execute this contract.

On motion of Mr. Nickell, this contract was awarded and authority was given as recommended.

CONTRACT FOR INSTALLATION OF FLOOR DRAIN AND TROUGH, ROOM 563, DENTAL BUILDING, CHICAGO

(30) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $1,552 to the Mutual Contracting Company, Chicago, the lowest bidder, for the installation of a waterproof, lead-lined drainage trough for a new battery of animal cages.

Funds are available in a special appropriation for the Animal Hospitals made by the Board of Trustees, February 16, 1950.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. McLaughlin, this contract was awarded and authority was given as recommended.

CONTRACT FOR REMODELING SPACE AT NAVY PIER TO PROVIDE QUARTERS FOR THE R.O.T.C. PROGRAM

(31) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $10,575 to Mueller Construction Company, Chicago, the lowest bidder, for remodeling space at Navy Pier to provide facilities for the Reserve Officers Training Corps program at the Undergraduate Division.

Funds are available in a special appropriation made by the Board of Trustees for this purpose.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and authority was given as recommended.

CONTRACT FOR PHOTOENGRAVING

(32) During 1949-1950, the University has had a contract for photoengraving from G. R. Grubb and Company, Champaign, only local engraver. This contract was authorized by the Board of Trustees on June 25, 1949 (Minutes, page 482), on the basis of competitive bids, the bid of 3½¢ per unit by G. R. Grubb and Company being twenty per cent lower than the next higher bid.

The contract expires June 30, 1950, and G. R. Grubb and Company has offered to continue the contract for another year at the same price with provision for price adjustment if there is an increase in their wage contract during the period.

The price is low under current conditions as evidenced by the competitive bids received last year. No request has been received from any other engraver for this work. There is saving in time and money in having photoengraving work done locally, as frequent contact by University artists and printers with the engravers is necessary. G. R. Grubb and Company can supply the quality of engraving required in University work.

The Director of Purchases and the Comptroller recommend that the present contract with G. R. Grubb and Company be continued for 1950-1951 with provision for an adjustment in rates in the event of a wage rate increase. Estimated total expenditures are $20,000.

I concur and request that the Comptroller and the Secretary of the Board be authorized to renew this contract on the modified basis.

On motion of Mrs. Watkins, this contract was continued and authority was given as recommended.

FUNDS FOR PRELIMINARY PLANS FOR STUDENT AND STAFF HOUSING

(33) On January 12, 1950 (Minutes, page 970), the Board appropriated $10,000 for preliminary work on plans and specifications for the proposed Biology Building. Meanwhile federal funds for complete advance planning of this build-

ing have become available and all but $106 remains unexpended in the University appropriation.

The University has received the report of Survey of Student Housing by Skidmore, Owings, and Merrill, authorized by the Board on July 28, 1949. This report constitutes the basis for preliminary planning for student and staff housing. The Building Program Committee has recommended that the unused balance in the Biology Building appropriation ($9,894) be reassigned for this purpose.

I concur.

On motion of Mr. Livingston, this appropriation was made as recommended, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

APPROPRIATIONS BY ATHLETIC ASSOCIATION

(34) The Board of Directors of the Athletic Association submits for approval the following appropriations from the contingency fund of the Athletic Association:

1. An appropriation for the expenses of the golf team to the N.C.A.A. meet at Albuquerque, New Mexico, $1,100.

2. An appropriation for the Athletic Association's share of expenses of the Spring Coaches Clinic, $1,063.

I recommend approval.

On motion of Dr. Meyer, these appropriations were approved.

MEETING OF THE CHICAGO DEPARTMENTS COMMITTEE JUNE 15, 1950

Present: Dr. Karl Meyer, Mr. Park Livingston, and Mrs. Frances Watkins, members of the Committee; also Mr. Hilding Anderson, Mr. David H. Brill, and Dr. Walter Theobald, representing the Medical Center Commission; and Dr. A. C. Ivy, Vice-President in charge of the Chicago Professional Colleges.

The Committee met at Hotel LaSalle on June 15, 1950, to consider the proposed offer, conveyance, and lease between the University of Illinois and Medical Center Commission in connection with the proposed housing project on the Chicago campus.

The proposed documents were discussed in view of Dr. Ivy's recent letter to the Medical Center Commission.

Dr. Theobald stated that the members of the Commission present had the power to act for the Commission.

After discussion, two changes were agreed on and incorporated in the proposed documents.

The Chicago Committee of the Board of Trustees recommends that the documents prepared by Chapman and Cutler, and executed by the Medical Center Commission, be approved by the Board of Trustees (see Appendix, page 1261).

KARL A. MEYER, *Chairman*
PARK LIVINGSTON
FRANCES WATKINS

Dr. Ivy commented on this matter.

On motion of Dr. Meyer, the execution of these documents was authorized, by the following vote: Aye, Mr. Fornof, Mr. Hickman, Mrs. Holt, Mr. Livingston, Mr. McLaughlin, Dr. Meyer, Mr. Nickell, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stevenson.

RECESS FOR LUNCHEON

At this point, at 12:30 p.m., a recess was taken for luncheon.

AFTERNOON SESSION, JUNE 22, 1950

When the Board convened at 1:30 p.m. for the afternoon session, the same members and officers were present as during the morning session.

MR. H. E. CUNNINGHAM TERMINATES WORK AS SECRETARY

President Williamson read the following letter from the Secretary.

June 22, 1950

TO THE BOARD OF TRUSTEES:

This is my formal request for leave of absence from my duties and activities as Secretary of the Board, effective July 1, 1950, and continuing through March 31, 1951, as previously arranged.

As I terminate my active service as Secretary, I must express my appreciation of the confidence the Board has had in me over the years, and of the pleasure I have had in such close association with the members of the Board.

Sincerely yours,

H. E. CUNNINGHAM
Secretary

President Williamson, Dr. Meyer, Mr. Livingston, Mr. Fornof, and other members of the Board expressed their appreciation of the Secretary and his long service.

On motion of Mr. Livingston, the Secretary was given leave as requested.

Dr. Karl A. Meyer presented the following tribute and moved its adoption:

MR. PRESIDENT:

As the senior member of the Board of Trustees of the University of Illinois in number of years of service, it is my privilege to speak of the work of our retiring Secretary, Mr. Harrison Edward Cunningham.

In his forty years on the staff of the University — thirty-six of them as Secretary of the Board of Trustees — Mr. Cunningham has served many Boards of Trustees. He has done his work well, with serenity, dignity, and with unfailing courtesy to all who have held the office of University Trustee.

Through the years we who have known him best have taken these things for granted, scarcely noting how much they have meant to us. But now, as he is about to retire, we desire to take this occasion to record our appreciation for all he has done for us, for his devotion and many years of fine service to the University of Illinois. His career is woven into four decades and some of the glorious chapters in the University's history.

We wish for him and Mrs. Cunningham good health and happiness for many, many years to come.

I ask, Mr. President, that this tribute be made a permanent record in today's transactions of the Board of Trustees, and that a suitable engrossed copy, signed by all members of the Board, be given to Mr. Cunningham as a tangible expression of our appreciation.

And this tribute was unanimously adopted and ordered spread upon the minutes.

MR. A. J. JANATA ELECTED SECRETARY

On nomination and motion of Mr. Livingston, Mr. A. J. Janata was elected Secretary of the Board of Trustees, effective July 1, 1950.

REPORT ON CASE OF PROFESSOR R. H. BLODGETT

President Stoddard presented the report of a fact-finding committee appointed by the Provost to investigate and report on the question of possible violation of academic freedom in the College of Commerce and Business Administration, leading to the resignation of Professor Ralph H. Blodgett. The committee consisted of Dean A. J. Harno, Chairman, Director F. S. Siebert, and Professor F. Wheeler Loomis (see Appendix, page 1269).

With the report of the fact-finding committee, President Stoddard

presented his comments on the report and on conditions in the Department of Economics and the College of Commerce and Business Administration (see Appendix, page 1276).

President Stoddard read his statement.

After the reading of the report, the matter was discussed and commented on by members of the Board and of the audience.

On motion of Mr. Livingston, the report was accepted, and the President was requested to provide copies for the public.

SECRETARY'S REPORT OF CONTRACTS

The Secretary presented for record the following document signed by the President and the Secretary of the Board, and deposited with the Secretary since the last report.

Chicago Title and Trust Company, Deposit Agreement, $700,000 Student-Staff Apartments (Second Unit) Revenue Bonds.

SECRETARY'S REPORTS

The Secretary presented for record the following lists, as printed in the Appendix.

1. Appointments made by the President of the University (page 1191).
2. Graduate fellows (page 1193).
3. Resignations and declinations (page 1194).
4. Leaves of absence (page 1195).
5. Degrees granted in June (page 1196).

The Board adjourned.

H. E. CUNNINGHAM
Secretary

KENNEY E. WILLIAMSON
President

PIERCE, BEVERLY J., Nursery School (Division of Special Services for War Veterans), Summer Session of 1950 (5/7), June 23-August 19, 1950, $429 (6-7-50).

PURNELL, ISABELLE, Research Assistant, Bureau of Economic and Business Research, two months beginning July 1, 1950, $333.33 a month (6-16-50).

RASOR, N. S., Research Assistant, Physics (C), June 15-August 31, 1950, $270 a month (6-16-50).

RIDER, RICHARD L., Instructor, Visual Communications (¼), and Instructor, Journalism (¼), academic year beginning September 1, 1950, $1800 (5-18-50).

RIESEN, D. E., Research Assistant, Physics (C), one year beginning September 1, 1950, $3600 (6-1-50).

ROACH, CAROL, Speech, Summer Session of 1950, June 26-August 19, 1950, $534, supersedes (6-15-50).

SCHULTZ, R. E., Instructor, Education (Division of Teacher Placement) (Education), one year beginning September 1, 1950, $4200 (5-18-50).

SHAPIN, THEODORE, JR., Research Assistant, Electronic Digital Computer (Graduate College), June 15, 1950-August 31, 1951, $3720 a year, supersedes (6-13-50).

SHAPIRO, M. D., Research Assistant, Electronic Digital Computer (Graduate College), July 1, 1950-August 31, 1951, $3480 a year, supersedes (6-13-50).

SHOPEN, K. G., Art (Undergraduate Division in Chicago), Summer Session of 1950, eight weeks beginning June 26, 1950, $919 (6-15-50).

SLIFKIN, L. M., Research Associate, Physics (C), one year beginning September 1, 1950, $4200 (6-1-50).

SOUTHWICK, HARRY, Instructor, Surgery (Medicine), six months beginning April 1, 1950, without salary, supersedes (5-22-50).

STERN, HARRIET R., Laboratory Assistant, Entomology (Graduate College), three months beginning June 1, 1950, $600, supersedes (6-16-50).

STRUIK, RUTH R., Assistant, Mathematics (Graduate College), seven months beginning July 1, 1950, $250 a month (6-16-50).

VEINUS, ABRAHAM, Music, Summer Session of 1950, June 23-August 19, 1950, $1200 (6-7-50).

VIEST, IVAN, Research Associate, Theoretical and Applied Mechanics (S) (½), one year beginning June 16, 1950, $2100, supersedes (6-15-50).

VON FOERSTER, HEINZ M., Research Associate Professor, Electrical Engineering (C), four months beginning May 1, 1950, $583.33 a month, supersedes (4-26-50).

WAGNER, HELEN L., Instructor, Physical Education for Women, academic year beginning September 1, 1950, $3800 (5-24-50).

WATTENBERG, ALBERT, Assistant Professor, Physics (C), academic year beginning September 1, 1950, $7000 (5-18-50).

WENIG, P. W., Assistant, Psychology, nine months beginning September 16, 1950, $2400 (5-24-50).

WERT, CHARLES A., Research Associate Professor, Physical Metallurgy (Mining and Metallurgical Engineering (S), indefinite tenure beginning September 1, 1950, $5500 a year (5-18-50).

WHITE, MRS. ELWANDA D., Research Assistant, Home Economics (C), February 20-August 31, 1950, $3200 a year (5-18-50).

WIER, JOSEPH M., Research Assistant, Electronic Digital Computer (Graduate College), one year beginning September 1, 1950, $3600 (6-13-50).

WILSON, CHARLES M., Bacteriology, Summer Session of 1950, June 23-August 19, 1950, $1045 (6-7-50).

WU, SHI-SHU, Research Assistant, Physics (C), full time, two months beginning June 15, 1950, $270 a month, and (½), September 16, 1950-January 31, 1951, $135 a month (6-16-50).

ZAGOL, STANLEY, Assistant, Institute of Labor and Industrial Relations, two months beginning July 1, 1950, $266.66 a month, supersedes (6-16-50).

GRADUATE FELLOWS

(The following appointments were made by the Dean of the Graduate College on the dates indicated in parenthesis.)

BHATTACHARJEE, JYOTI P., Booth Fellow, Agricultural Economics, one year beginning February 1, 1950, $1500, supersedes (5-17-50).

EARLE, NORMAN W., Gulf Oil Research and Development Company Fellow, Entomology, one year beginning May 1, 1950, $1500 (6-8-50).

ECKERT, ROGER E., Fellow, Chemical Engineering, nine months beginning September 16, 1950, $1000, supersedes (5-17-50).

MARTIN, RICHARD E., Consolidated Vultee Aircraft Corporation Fellow, Aeronautical Engineering, nine months beginning September 16, 1950, $750 (6-7-50).

REEDER, WALTER D., Consolidated Vultee Aircraft Corporation Fellow, Aeronautical Engineering, nine months beginning September 16, 1950, $750 (6-7-50).

REITAN, EARL A., Laurence M. Larson Memorial Fellow, History, $250 (5-31-50).

SEN, SUDHIR, Postdoctoral Fellow, Ceramic Engineering, three months beginning June 15, 1950, $600 (5-19-50).

SOWMAN, HAROLD G., Titanium Alloy Manufacturing Company Fellow, Ceramic Engineering, ten months beginning September 1, 1950, $1800 (6-9-50).
WICK, ROBERT S., Standard Oil Company of Indiana Fellow, Mechanical Engineering, ten months beginning September 1, 1950, $1500 (5-26-50).

RESIGNATIONS AND DECLINATIONS

ADAMS, CATHARINE, Education, Summer Session of 1950 — declination effective 6-23-50.
ALBRIGHT, W. G., Electrical Engineering, Summer Session of 1950 — declination effective 6-23-50.
ANDERLIK, MRS. BARBARA C., Special Research Assistant, Chemistry (Graduate College) — resignation effective 6-1-50.
AUMANN, ROBERT J., Fellow, Mathematics — declination effective 9-16-50.
BAKER, MELVIN C., Counselor, University Council on Teacher Education — resignation effective 8-31-50.
BRODBECK, A. J., Assistant Professor, Psychology — resignation effective 9-1-50.
BROWN, WILLIAM B., Flight Instructor, Institute of Aviation — resignation effective 7-1-50.
BUCKLEY, NORMAN A., Special Research Assistant, Mechanical Engineering (S) — resignation effective 8-1-50.
BURNS, ALETA V., Research Assistant, Pediatrics (Medicine) — resignation effective 6-14-50.
COBB, A. C., Theoretical and Applied Mechanics (Undergraduate Division in Chicago), Summer Session of 1950 — declination effective 6-26-50.
COULTAS, THOMAS A., Instructor, Mechanical Engineering (C) — resignation effective 8-31-50.
CROFT, MARJORIE L., Instructor, Mathematics (Undergraduate Division in Chicago) — resignation effective 8-31-50.
CUTSHALL, A. D., Social Sciences (Undergraduate Division in Chicago), Summer Session of 1950 — declination effective 6-26-50.
DAHLAN, JOSEPH G., Fellow, Management — declination effective 9-16-50.
DEASON, H. E., Instructor, Agricultural 4-H Club Work (E) — resignation effective 7-31-50.
DRELL, SIDNEY D., Special Research Associate, Physics (S) — resignation effective 6-6-50.
EVANS, MRS. JOSEPHINE F., English, Summer Session of 1950 — declination effective 6-23-50.
FELDMAN, DAVID, Research Associate, Physics (C) — declination effective 6-16-50.
FLANDERS, D. P., Economics, Summer Session of 1950 — declination effective 6-23-50.
FRANKS, MARY L., Library School Library Assistant, Public Service — resignation effective 9-1-50.
FRIEDLEY, ALYCE C., Instructor, Chemistry (Pharmacy) — resignation effective 8-31-50.
GALPIN, AUDREY, English, Summer Session of 1950 — declination effective 6-23-50.
GILLENWATER, VIRGIL W., Counselor, University Council on Teacher Education — resignation effective 8-31-50.
GOLDHABER, MRS. GERTRUDE S., Special Research Assistant Professor, Physics (S) — resignation effective 6-10-50.
GREENBERG, RICHARD A., E. R. Squibb and Sons Fellow, Bacteriology — resignation effective 6-11-50.
GREENWELL, BENJAMIN E., Upjohn Company Fellow, Chemistry — resignation effective 7-1-50.
GRIMELLI, LUKE J., Assistant Physician, Health Service (Chicago Professional Colleges) — resignation effective 7-1-50.
HALVORSON, H. O., Bacteriology, Summer Session of 1950 — declination effective 6-23-50.
HEWLETT, MRS. MARILYN N., Instructor, English (Undergraduate Division in Chicago) — resignation effective 8-31-50.
HEYER, ALBERT W., Assistant Professor, Psychology — resignation effective 9-1-50.
HOGUE, ARTHUR R., Assistant Professor, History — resignation effective 9-1-50.

HOROWITZ, RACHEL L., Research Assistant, Physiology (Medicine) — resignation effective 6-3-50.
KARPINSKI, R. W., Physical Sciences (Undergraduate Division in Chicago), Summer Session of 1950 — declination effective 6-26-50.
KIRKPATRICK, MRS. ALICE C., Business Organization and Operation, Summer Session of 1950 — declination effective 6-23-50.
KLIGER, PAUL I., Research Assistant, Labor and Industrial Relations (Institute of Labor and Industrial Relations) — resignation effective 5-31-50.
KRIDER, J. L., Professor, Animal Science (C & S) — resignation effective 7-12-50.
LAING, A. K., Architecture, Summer Session of 1950 — declination effective 6-23-50.
LANGEBARTEL, R. G., Instructor, Mathematics — resignation effective 9-1-50.
LARSON, R. F., Mechanical Engineering, Summer Session of 1950 — declination effective 6-23-50.
MARROQUIN, ALEJANDRO D., Instructor, Spanish — resignation effective 9-1-50.
MATTHEWS, EDITH, Nursery School (Division of Special Services for War Veterans), Summer Session of 1950 — declination effective 6-23-50.
MCGRATH, G. D., Associate Professor, Education, Director, Teacher Education (Education), and Associate Professor, Education (E), and Assistant Coordinator, Teacher Education (University Council on Teacher Education) — resignation effective 9-1-50.
MIHELICH, J. W., Special Research Assistant, Physics (C) — resignation effective 5-20-50.
MILLER, L. H., JR., Physical Education for Men (Undergraduate Division in Chicago), Summer Session of 1950 — declination effective 6-26-50.
POLK, H. K., Electrical Engineering, Summer Session of 1950 — declination effective 6-23-50.
POLLI, JOHN F., Research Fellow, Toxicology (Medicine) — resignation effective 6-1-50.
RICHARDSON, J. F., Art (Undergraduate Division in Chicago), Summer Session of 1950 — declination effective 6-26-50.
SILIN, JACQUELINE, Fellow, Psychology — declination effective 9-16-50.
SPROW, MRS. CLEMENTINE H., Engineering Library Assistant, Library — resignation effective 7-15-50.
SWENGEL, MRS. BEULAH, Instructor, Speech, and Supervisor of Children's Speech — resignation effective 9-1-50.
WADSWORTH, JAMES H., Instructor, Veterinary Anatomy and Histology (Veterinary Medicine) — resignation effective 8-31-50.
WENDT, ROGERS H., Fellow, Economics — declination effective 9-16-50.
WOOD, MRS. CORDILL H., Clinical Psychotherapist, and Instructor, Mental Hygiene (Health Service) — resignation effective 6-20-50.

LEAVES OF ABSENCE

DUNLOP, KATHLEEN, Research Assistant, Bureau of Economic and Business Research — leave of absence, without salary, July 14-August 31, 1950.
JUGENHEIMER, ROBERT W., Professor, Plant Genetics (Agronomy) (C & S) — leave of absence, without salary, June 10-November 10, 1950.
KIRK, S. A., Professor, Education — leave of absence, without salary, July 22-October 29, 1950.
MCLURE, WILLIAM P., Associate Professor, Bureau of Research and Service (Education) — leave of absence, without salary, July 1-August 31, 1950.
WEIBEL, R. O., Assistant Professor, Crop Production and Plant Genetics (Agronomy) (S) — leave of absence, without salary, June 1-September 1, 1950.

DEGREES CONFERRED

GRADUATE COLLEGE

Degree of Doctor of Philosophy

In Agricultural Economics

GLEN THURSTON NELSON, B.S., M.S., Utah State Agricultural College, 1942, 1947
DONALD BIRTALL WILLIAMS, B.S., Sydney University, 1943; B.Com., Melbourne University, 1947; M.S., 1949

In Agronomy

DENTON EUGENE ALEXANDER, B.S., 1941
PAO HUA LIU, B.S., M.S., National Central University, 1940, 1944
RUH-HWA MA, B.S., University of Nanking, 1934; M.S., 1946

In Animal Science

KENNETH AUSTIN BURKE, A.B., A.M., McMaster University, 1944, 1945
GEORGE EDWARD ROBINSON, JR., B.S., Alcorn Agricultural and Mechanical College, 1942; M.S., 1945

In Bacteriology

BERNARD ALBERT STEINBERG, A.B., New York University, 1947; M.S., 1948

In Botany

JOHN WALTON HALL, B.S., M.S., Massachusetts State College, 1940, 1942
TAKUMA TANADA, B.S., M.S., University of Hawaii, 1942, 1944

In Ceramic Engineering

WILLIAM DANIEL FITZPATRICK, B.S., M.S., 1941, 1947
SUDHIR SEN, B.S., Patna University, 1938; M.S., University of Calcutta, 1940

In Chemical Engineering

FRANK OSCAR EKMAN, B.A.Sc., M.A.Sc., University of British Columbia, 1944, 1946
NOEL EDWARD NORMAN, B.S., University of Western Australia, 1943; M.S., 1948
JOHN FREDERICK TAYLOR, B.S., Louisiana State University, 1945; M.S., 1948
ROBERT DANIEL TOOMEY, B.S., M.S., University of Washington, 1945, 1946

In Chemistry

ARNOLD HENRY ANDEREGG, A.B., Montana State University, 1940
JOHN LYNDE ANDERSON, B.Chem., University of Minnesota, 1947; M.S., 1948
ROBERT LYNN BOHON, B.S., 1946
ARCHIE GIRARD BUYERS, B.S., Haverford College, 1943; M.S., 1947
PHILIP DORNIN CAESAR, B.S., Yale University, 1939; M.S., 1948
ROBERT EDWARD CARNAHAN, B.S., University of Wisconsin, 1947; M.S., 1948

REVISION OF CURRICULUM IN PHARMACY

The complete curriculum as revised is outlined below. In the outline, D, meaning didactic, indicates the number of class room hours each week, L the number of laboratory hours each week, and Cr the number of credit hours based on the quarter system. Such credit hours are equivalent to two thirds of semester hours.

First Year

Subject	*First Quarter*			*Second Quarter*			*Third Quarter*			*Total*

Pre-registration of student to complete the senior year will be held subsequent to the completion of the junior year. Students will be asked to indicate their desires and objectives in terms of: (a) graduate study and training; (b) study areas of particular interest.

The following elective programs are recommended:

A. For students not planning to undertake graduate study:

First Quarter	*Second Quarter*	*Third Quarter*
Accounting 220	Principles of Marketing 221	Pharmacy 208
Entomology 270	Manufacturing Processes 207	Hospital Pharmacy 206

B. For students anticipating graduate training in pharmacy:

Chemistry 245	Manufacturing Processes 207	Analytical Chemistry 349
Entomology 270	Physical Chemistry 340	Hospital Pharmacy 206

C. For students anticipating graduate training in chemistry:

Chemistry 346	Physical Chemistry 340	Analytical Chemistry 349
		Instrumental Analysis 350

D. For students anticipating graduate training in biological sciences:

Entomology 270	Genetics 304	Plant Physiology 302
Chemistry 245	Plant Anatomy 301	

UNDERGRADUATE AND GRADUATE PROGRAMS IN FOOD TECHNOLOGY

Undergraduate Program

This program leads to the degree of Bachelor of Science. It is designed for students who wish to prepare for employment as food production, quality control, research, or technical sales workers in governmental agencies, educational institutions, and in such food processing industries as canning, freezing, fermenting, milling and baking, vegetable oil processing, and confection manufacturing. Students will be urged to engage in at least one summer of employment in selected food processing industries and will be required to go on a senior inspection trip of three days' duration. (Estimated cost of inspection trip is $35.)

General University Requirements:	Hours
D.G.S. 111[1]—Verbal Communication	4
D.G.S. 112[1]—Verbal Communication	4
Hygiene 102 or 105—Personal and Environmental Hygiene	2
Military (for men)	(4)
Physical Education	(4)
	10 (18)

Mathematics and Physical Sciences:	
Chem. 101 or 102—General Chemistry	5 or 3
Chem. 105—Inorganic Chemistry and Qualitative Analysis	5
Chem. 122—Elementary Quantitative Analysis	5
Chem. 133—Elementary Organic Chemistry	5
Chem. 247[2]—Elementary Physical Chemistry	4
Chem. 249[2]—Chemistry of Colloids	3
Chem. 329—Food Analysis	5
Chem. 350—Biochemistry	5
Math. 117[3]—Combined Freshman Mathematics	5
Math. 127[3]—Combined Freshman Mathematics	4
Math. 137[3]—Calculus	3
Math. 147[3]—Calculus	3
Physics 103—General Physics	5
Physics 104—General Physics	5
	60 or 62

Biological Sciences:	Hours
Bact. 104 and 105—Introductory Bacteriology	5
Bact. 308—Food and Applied Bacteriology	5
Botany 104—Botany-Zoology Sequence	4
Zool. 104—Zoology-Botany Sequence	4
	18

Applied Courses:	
F.T. 201—Elements of Food Technology	3
F.T. 202—Elements of Food Technology	3
F.T. 206—Inspection Trip	0
F.T. 269—Raw Materials for Processing	3
F.T. 270—Raw Materials for Processing	3
F.T. 301—Food Processing	4
F.T. 302—Food Processing	4
F.T. 332—Principles of Sanitation in the Processing and Handling of Foods	4
F.T. 363—Elements of Unit Operations	3
	27

Electives in social sciences or humanities (including foreign language)	15
Total required for graduation (exclusive of physical education and military)	130

[1] D.G.S. 111 and 112 are required in place of Rhet. 101 and 102.

[2] Students adequately qualified may substitute Chem. 240 and 342, Elementary Physical Chemistry, for Chem. 247 and 249.

[3] Students lacking necessary entrance requirements for Math. 117 will take the sequence, Math. 111, 114, 122, 132, 142.

Graduate Program

This program is designed to stimulate basic and applied research in the preservation and manufacture of foods, and to train scientific personnel to conduct the research, control, and production activities of the food industry. It will be administered by members of the graduate faculty in the Department of Food Technology.

I. Admission Requirements:

1. General requirements governing admission of graduate students with full status. No students on limited status will be admitted to graduate study in this department.

2. A degree of Bachelor of Science in Food Technology or in a major field of chemistry, bacteriology, chemical engineering, horticulture, or other recognized field of biological, physical, agricultural, or engineering science in which a *minimum* of the undergraduate credits are as follows: one year of college physics (8 hours); one year of calculus (6 hours); one year of college biology (6 hours); bacteriology, 5 hours; analytical chemistry, 5 hours; organic chemistry, 5 hours; physical chemistry, 4 hours; food technology or equivalent, 20 hours. Deficiencies in any of the above requirements may be made up during the first year of graduate study, but no graduate credit will be given.

II. Required Courses:

Bacteriology 308 — Food and Applied Bacteriology
Chemistry 329 — Food Analysis
Chemistry 350 — Biochemistry
Food Technology 301 — Food Processing
Food Technology 302 — Food Processing
Food Technology 332 — Principles of Sanitation in Processing and Handling Foods
Food Technology 421 or 422 — Seminar
Food Technology 493 and/or 494 — Research

It is understood that the list of required courses is flexible to the extent that students who have had equivalent work will be permitted to substitute other established courses, and that new courses may be added or substituted with the approval of the Executive Faculty.

III. Electives:

Bacteriology 309 — Bacterial Nutrition and Vitamin Assays
Chemistry 326 — Chemical Analysis and Treatment of Water
Food Technology 363 — Unit Operations in Food Technology
Food Technology 373 — Advanced Food Microbiology
Food Technology 481 — Advanced Studies in Food Technology
Food Technology 482 — Advanced Studies in Food Technology
Home Economics 324 — Problems in nutrition
Established graduate courses in dairy technology and, with the approval of the Department of Food Technology, graduate courses in other departments which by their nature cover material closely related or complementary to the general field or a specific phase of food technology.

IV. Degree Requirements for the Degree of Master of Science:

1. Fulfillment of the general requirements with respect to residence and credit.

2. Proficiency in reading scientific literature in one foreign language selected from German, French, or Spanish to the satisfaction of the Department of Food Technology.

3. At least one minor consisting of not less than one unit in a physical, biological, agricultural, or engineering science.

4. An acceptable thesis.

5. A final examination covering the field of general food technology and of the areas of specialization and selected minor will be required. It will be primarily an oral examination but at the option of the department may include a written section.

V. Degree Requirements for the Degree of Doctor of Philosophy:

1. A comprehensive written qualifying examination covering both major and minor fields of study must be passed before the department will admit a student to the oral preliminary examination.

2. Fulfillment of the general regulations with respect to residence, credit, minors, language proficiencies, preliminary and final examinations.

3. An acceptable thesis.

GRADUATE PROGRAM IN EDUCATION

The admission and degree requirements for the Master of Arts, Master of Science, Doctor of Philosophy, and Doctor of Education will remain substantially the same. If the new Ed.M. program here recommended is approved, it is further recommended that the present curriculum for that degree be discontinued as of September, 1950, except that students who have been admitted to the Graduate College prior to September 1, 1950, and have declared their candidacy for the Ed.M., as presently defined, by September 30, 1950, will be permitted to qualify for that degree under the present regulations. All others can become candidates only for the degrees and certificates proposed.

These two programs will be administered by the College of Education within the general administrative framework of the Graduate College.

I. Admission Requirements:

A. For the Master of Education: (1) a grade-point average of at least 3.5 for that portion of work which represents the last fifty per cent of the hours completed to secure the bachelor's degree; (2) sixteen semester hours in education with a grade-point average of 3.5 for all education courses.

B. For the Advanced Certificate in Education: (1) a master's degree from an accredited institution; (2) two years of professional employment in education.

II. Required Courses:

It is understood that the list of required courses is flexible to the extent that students who have had equivalent work will be permitted to substitute other established courses, and that new courses may be added or substituted with the approval of the Executive Faculty.

A. For the Master of Education: Education 311, Psychology of Learning for Teachers; Education 312, Mental Hygiene and the School; two of the following: Education 304, Social Foundations of Education; Education 301, Philosophy of Education; Education 302, History of American Education; Education 303, Comparative Education.

B. For the Advanced Certificate in Education: in addition to the courses listed above, Education 390, Elements of Educational Statistics; Education 413, Social Psychology and Problems of Education; and either Education 411, Psychology of Adolescence for Teachers, or Education 412, Advanced Child Development for Students of Education.

III. Degree Requirements:

A. For the Master of Education: eight units of work of which at least four must be earned in residence.

B. For the Advanced Certificate in Education: eight units of work beyond the master's degree, all of which must be taken on the Urbana campus and four of which must be taken in residence, i.e., the equivalent of one semester's or two summer sessions' work in residence.

It is the judgment of the Executive Faculty of the Graduate College and of the Senate Committee on Educational Policy that when a teacher in service, or one who has been in service, first enters upon the program leading to one of the advanced professional degrees, the student's adviser should determine whether the student has been or is teaching a subject for which he is not qualified in terms of the Limited Certificate requirements. If this is the case, then the student's program should be drawn up in such a way that it includes the work necessary to meet the minor requirements of the Limited Certificate in the subject which the student has been teaching without having met those requirements. With the approval of the adviser, courses in the subject-matter field involved which carry two-hundred numbers may be approved for advanced professional credit, though no such course may be counted as part of the work required for the Master of Arts, Master of Science, Doctor of Education, or Doctor of Philosophy degrees.

This is intended to secure the result that the upgrading procedure for teachers in service be used not only to improve their competence in the art of teaching, but also their grasp of the subject taught, in those cases where the latter is clearly inadequate.

Statement to be included in revised version of Programs in Education for Students Continuing Beyond the Fourth Year:

1. Secondary school teachers who, at the time of first registration, do not hold a valid certificate from the state in which they are employed for every subject which they are teaching will be required to take sufficient courses in the respective subject-matter fields to meet the requirements for a valid certificate. With the prior approval of an adviser, courses in subject-matter fields which carry two-hundred numbers may be approved for advanced professional credit.

2. In general, candidates for the degree of Master of Education are expected to take at least two units of work outside of the field of education. This expectation is especially applicable to students in secondary education. Candidates for this degree may take courses bearing two-hundred numbers for advanced professional credit.

3. Advanced professional credit for courses bearing two-hundred numbers is allowed under the following conditions:

a. That the courses be approved in advance by an adviser.
b. That credit be computed at the rate of one quarter unit for each semester hour of credit.
c. That the total credit for such courses shall not be in excess of two units.
d. That no credit for such courses may be counted as meeting the requirements for the degrees of Master of Arts, Master of Science, Doctor of Education, and Doctor of Philosophy.

GRADUATE PROGRAM IN STATISTICS

This program will be administered by the Department of Mathematics with a small interdepartmental advisory committee appointed by the Dean of the Graduate College. In the administration of the degree the following conditions are to be satisfied.

Upon entering graduate work in statistics the student is to choose the area of application in which he expects to take the courses required for IIC below. The work of the student will be supervised by two advisers, one in statistical theory and one in that area of application, one of whom shall be in charge of his thesis.

The student will also be asked to decide whether he expects to write his thesis in statistical theory or in the area of application. If he expects to write his thesis in the area of application, then the departments administering that area will determine the details of the program required under IIC and IID below. For example, in the field of economic statistics, the work elected under IIC and IID below would have to satisfy the requirements of a well-rounded coverage of empirical economics with a background of economic theory. Economic statistics as a major interest would accordingly require a minimum of four units in economic theory and history and six units in economic statistics, selected to complement the training in statistical theory and to maximize the benefit of the research experience provided by the dissertation.

If he expects to write his thesis in theoretical statistics, the Mathematics Department will determine the details of the program required under IID below.

If the thesis will be in several departments, these will jointly determine the details of the program under IIC and IID within the spirit of the above conditions.

The doctoral committee for each student will consist of one person for mathematics, one person for theoretical statistics, one person for the area of application, and two persons selected on the basis of the course work and area in which the thesis is written. This committee will be responsible for both the preliminary and final examinations for the doctorate. Its chairman will be from the area in which the thesis is written.

The requirements for admission include college and scholastic record sufficient to gain admission to the University of Illinois Graduate College and the completion of a thorough course in the calculus.

The requirements for the degree, in addition to language and other standard requirements, are:

I. Thesis. To show capacity for important original contributions to one or more of the following:

(A) The development of new statistical ideas and methods.

(B) Research improving the applications of statistical methods.
(C) New applications of statistical methods in some field of application.

II. Minimum Course Work.

(A) Mathematics. Mathematics 315, 347, 348 or similar courses of approximately equivalent content.

(B) Theoretical Statistics. Mathematics 363 and eight additional units of which at least four are 400 courses, from a list of courses prepared by the Department of Mathematics, and including all courses jointly listed by the Department of Mathematics and areas of application of statistics.

(C) Area of Application. Four units of which at least two must be 400 courses, and none of which may emphasize training in statistical methods as such. These courses must be taken in some single field of application of statistical methods.

(D) Optional. At least six units of which at least four are 400 courses. These courses may not be taken in more than two departments.

Note 1. So long as a student fulfills the standard requirements for graduate degrees in the University of Illinois, he can complete some of these course requirements as an undergraduate, or by outside reading, or by any other means approved by the Department of Mathematics.

Note 2. It is expected that at least one year will be required for the completion of the thesis after the above course requirements have been fulfilled. Thus a student entering graduate work without having any of the above units would need a minimum of three and one-half to four years to complete the degree, while a student entering with six of these units completed would need a minimum of about three years.

Note 3. A.M. Requirements: The student will need to offer Mathematics 315, 347, 348, 363 or their equivalents, one other unit of 300 courses, and two units of 400 courses in theoretical statistics, two units of courses under IIC and two units of courses under IID. Usually a year and a half will be needed to complete these requirements, unless some of the courses are completed in accordance with Note 1 above.

GRADUATE PROGRAM IN BUSINESS

In developing this program for the Doctor of Philosophy in Business, the goal is to serve the public by contributing to the continuing development of more responsible and better informed business administrators. The University has the facilities to train men as administrators through instruction and to advance knowledge in the field of business administration through research. It is important to aid men in acquiring the knowledge, the technical competence, the resourcefulness, the vision, the insight into the nature of the administrative process, and the instinctive acceptance of responsibility that characterizes successful administrators.

The Department of Business Organization and Operation also desires to offer this major program so that it might have a part in the further development of men to do the work of scholars in this particular field. Such men to be trained properly for this work should have a wide knowledge of the applied fields as well as a close acquaintance with basic economics.

The specific objectives of the program are: (a) to apply the techniques and the disciplines of the social sciences to the analysis of data in the area of business administration; (b) to seek and point out the economic relationships which permeate all business operations; (c) to interpret the meaning which attaches to human relations related to business activities; (d) to prepare students for teaching, research, and administrative positions.

The proposed Doctor of Philosophy degree requires examination in five fields of which two are in the Department of Business Organization and Operation, two in the Department of Economics, and one which may be either in the Department of Economics or the Division of Accountancy, depending on the background and interests of the individual student. In addition, candidates may offer one field outside of the Department of Business Organization and the Department of Economics.

Courses in areas outside of the two departments offering the joint degree which are cross-titled to courses in either of the two departments are not considered as additional fields when offered by candidates for this degree.

The general administration of the degree will be through an interdepartmental committee. The Committee shall consist of not more than nine members appointed for annual terms. The five members from Commerce will be from the following areas: Accountancy, Economics, Finance, Management, and Marketing.

Four members from non-commerce departments shall be selected from the following departments or areas: Communications, Geography, History, Labor and Industrial Relations, Law, Mechanical Engineering, Philosophy, Psychology, Political Science, and Sociology.

The committee shall select its own chairman from the members of the committee from Commerce.

1. The committee should be nominated by the graduate faculties of the departments of Business Organization and Operation and Economics, and appointed by the Dean of the Graduate College.

2. A majority of the members of the committee should be full-time members of the graduate faculty of Business Organization and Operation and Economics.

3. The committee would function as a policy group and a board of review rather than as an administrative body responsible for day-to-day execution of the program. They would consider procedures for assignment of advisers, guidance of students in selecting courses of study, examination of candidates, and selection of thesis topics. They would consider available courses and recommend changes therein or new courses to be added. Periodically, they would review the program as a whole and its administration, and suggest changes. They would, however, delegate the actual day-to-day administration to one or more individual staff members who might or might not be members of the committee.

4. The Committee would be available also as a panel of technical consultants to assist students and their advisers in the carrying out of specific thesis projects.

I. Admission Requirements:

Candidates for the degree of Doctor of Philosophy in Business should have a broad training in business subjects, such as is represented by graduation from an accredited college or school of business. Students who have not graduated from a college of commerce, school of business administration, or an institution offering an equivalent program, must present a minimum of thirty hours in commerce subjects, including at least one course in each of the following: accountancy, economics, management, and marketing. Students lacking adequate preparation for admission may, with the consent of the adviser or committee in charge, be admitted but must remove any deficiencies during the first year of residence by taking prescribed courses without graduate credit.

II. Degree Requirements:

1. A minimum of twenty-four units of graduate work conforming to the grade standards of the Graduate College.

2. Up to eight units of research resulting in an acceptable doctoral dissertation in the field of business (see list of suggested topics following).

3. Demonstrated ability to read French and German. The Committee administering the program may recommend appropriate substitutions to the Executive Faculty of the Graduate College in individual cases.

4. A minimum of two units in the field of Economic Theory.

5. A minimum of two units in the field of Management.

6. A minimum of two units in the field of Marketing.

7. A minimum of four units in any two of the following fields: Economic Statistics and Forecasting, Public Finance, Private Finance, Labor, Foreign Trade and International Economics, Economic History, Government Regulation and Regulated Enterprises, Accountancy.

8. The presentation of four units in any of the following fields: Economic Theory, Marketing,[1] Public Finance, Labor, Economic History, Accountancy, Management, Economic Statistics and Forecasting, Private Finance, Foreign Trade and International Economics, Governmental Regulation and Regulated Enterprises.

[1] The Committee may require certain courses and may allow considerable flexibility in the choice and combination of courses in the various fields. For example, a candidate particularly interested in Marketing may, with the permission of the Committee, consider certain courses in the fields of Consumer Economics, Foreign Trade, Transportation, or graduate courses in Marketing Farm Products as "Marketing."

9. The presentation of an acceptable master's thesis or of work in substitution therefor as permitted or required by the Committee.

10. The candidate may substitute two units in a related field outside of the Department of Business Organization and Operation and the Department of Economics for any one of the fields detailed in sub-paragraph 8, above.

AGREEMENTS WITH MEDICAL CENTER COMMISSION

OUTLINE OF CONDITIONS OF PROPOSED AGREEMENTS BETWEEN MEDICAL CENTER COMMISSION AND UNIVERSITY OF ILLINOIS FOR CONSTRUCTION OF A STUDENT RESIDENCE HALL AND STAFF APARTMENT BUILDING FOR THE CHICAGO PROFESSIONAL COLLEGES OF THE UNIVERSITY OF ILLINOIS

(Recommended by a Committee of the Medical Center Commission and the Committee on Chicago Departments of the University Board of Trustees June 15, 1950.)

1. The University will convey to the Commission the site for the residence hall (immediately west of the main Medical-Dental-Pharmacy Building). The Commission will provide the site for the apartment building (four blocks east of main building) including certain present buildings to be incorporated with the staff apartment project.

2. The Commission is to procure all the necessary temporary and permanent financing for the proposed project on conditions mutually acceptable to the two parties. (Equitable Life Assurance Society has offered to lend the Medical Center Commission the total amount required for construction and equipment of the projects up to $2,700,000, with an informal tentative maximum of $3,000,000, at 4 per cent to be fully amortized in twenty-five years, with a commitment fee of ¼ of 1 per cent, subject to a mutually satisfactory agreement between the Commission and the University.)

3. The Commission agrees to construct and equip the residence hall and the apartment building from funds thus secured, buildings to be constructed in accordance with plans and specifications provided by architects previously appointed by the University.

4. Bids are to be solicited by public advertisement, opened in the presence of University representatives, and contracts for all construction, equipment, and remodeling are to be let on written approval of the University. Payments for work

are to be made on written approval of the University and Commission, but not in excess of the amount of the loan.

5. When improvements are completed, the Commission will lease all premises to the University for the period of the loan.

6. The University is to pay all operating expenses including insurance and a rental of an amount sufficient to cover debt service each year until the loan is fully paid. (Estimated debt service on a maximum loan of $3,000,000 is $195,000; estimated income is $146,000; balance to be met from General University Income $49,000 a year. On the basis of architect's estimate, $3,600,000 cost of these improvements, debt service would be $234,000 a year and difference $88,000.)

7. When all debt obligations are fully paid, the Commission will convey all premises to the University (offer of financing of Equitable loan would be non-callable for five years, thereafter at premiums ranging from ½ to 3%).

NOTE: The foregoing conditions are in conformity to the conditions agreed on by representatives of the Commission and the University March 29, 1949, approved by the Board April 21, 1949, and reaffirmed by the Board May 19, 1950, except that construction is to be supervised by the architects, who, although they were chosen by the University, will become agents of the Commission, instead of being "University architects" as previously provided.

OFFER OF THE UNIVERSITY OF ILLINOIS TO THE MEDICAL CENTER COMMISSION RESPECTING THE CONSTRUCTION BY THE MEDICAL CENTER COMMISSION OF CERTAIN STAFF HOUSING FACILITIES AND STUDENT RESIDENCE HALL TO BE LEASED TO THE UNIVERSITY OF ILLINOIS

TO THE MEDICAL CENTER COMMISSION, COOK COUNTY, ILLINOIS:

An emergency exists at the Professional Colleges of the University of Illinois (hereinafter referred to as the "University") with respect to housing for members of the staff of and students attending the Professional Colleges, and the University is in urgent need of additional housing facilities for said purposes.

The University now owns the following described property:

PARCEL A

Lots One (1) to Ten (10) inclusive and Fifty-nine (59) and Sixty (60) and Lots Ninety-five (95) and Ninety-six (96) of Potter Palmer's Subdivision of Lot Eleven (11) and that part of Lot Twelve (12) lying South of the center line of Polk Street, except Winchester Avenue, in Codewise's Subdivision of the West Half (W½) of the Southeast Quarter (SE¼) of Section Eighteen (18), Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian, except the West one and thirty-seven hundredths (1.37) chains,

and the Medical Center Commission (hereinafter referred to as the "Commission") now owns the following described property:

PARCEL B

Lots One (1) to Twenty-four (24) inclusive in Sturges et al Resubdivision of Block Nine (9) in Assessor's Division of the East Half (E½) of the Southeast Quarter (SE¼) of Section Eighteen (18), Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian.

In order to procure the necessary staff and student housing for said Professional Colleges, and in consideration of the Commission making arrangements for temporary and permanent financing of and the construction and equipment of the necessary buildings for that purpose on the above-described parcels, and, as may hereafter be agreed upon by the University and the Commission, for the remodeling and repairing of such of the existing buildings as are retained on Parcel B hereinabove mentioned, the University hereby offers to convey to the Commission the tract of land now owned by it and hereinabove described as Parcel A by deed in substantially the form attached hereto and marked Exhibit "A".

The Commission, in consideration of the conveyance to it and by acceptance of this offer, shall agree to arrange for temporary and permanent financing on terms mutually acceptable to the Commission and to the University for the con-

struction of a student residence hall on said Parcel A, a suitable building for staff housing on said Parcel B, including the repairing and remodeling of the existing buildings (retained as aforesaid) on Parcel B, and all equipment and furniture necessary therefor, and to construct and equip said buildings and remodel and repair retained existing buildings on Parcel B for the purposes aforesaid, all to be done in accordance with the provisions of Exhibit "B" hereto attached.

Upon advice in writing addressed to the President of the Board of Trustees of the University by the Commission that it has procured temporary and permanent financing, to be mutually agreed upon, for the matters above mentioned, the Commission will simultaneously with the delivery by the University of its aforementioned deed execute and deliver a lease in substantially the form attached hereto and marked Exhibit "B" to the University. It is understood that the blank amount of rent to be paid as provided in Section 3 of said lease, shall be such amount and on semi-annual dates as may be mutually agreed upon at the time said lease is executed.

Upon acceptance of this offer, the University for and on behalf of the Medical Center Commission, will prepare and submit to the Commission all necessary plans, specifications and estimates of cost necessary for the construction of said buildings, it being understood and agreed that the expenditures by the Medical Center Commission for the construction, repair, remodeling and equipment of said buildings, including all extras, shall not exceed the amount of the permanent financing therefor, and that the University is to be reimbursed by the Commission from the proceeds of the permanent financing of the construction, repair and equipment of the aforesaid buildings for all funds advanced by it for that purpose, but only after all other costs and expenses of such construction, equipment and repair have been fully paid, and that there are sufficient funds therefore from such permanent financing at that time to reimburse the University for such funds advanced.

Upon receipt by the Medical Center Commission of the plans, specifications and estimates of cost necessary for the construction of said buildings, the Commission agrees that it will advertise for bids for the construction of said buildings by giving at least three weeks' notice thereof, and that bids will be opened publicly in the presence of representatives of the University of Illinois and that the bids received will be turned over to representatives of the University of Illinois for analysis and will award all contracts responsive to the written recommendations of the University of Illinois.

Respectfully submitted,

UNIVERSITY OF ILLINOIS

EXHIBIT A

THIS INDENTURE made this ..... day of ....., 1950, by and between the Board of Trustees of the University of Illinois, a body politic and corporate of the State of Illinois (hereinafter referred to as the "University"), party of the first part, and Medical Center Commission, a body politic and corporate of the State of Illinois (hereinafter referred to as the "Commission"), party of the second part,

WITNESSETH:

WHEREAS the University is the owner of the premises hereinafter described, now vacant and unimproved, and the Commission is the owner of certain property, now improved with certain buildings thereon (hereinafter referred to as the "other property"); and

WHEREAS the University is in need of housing facilities for the staff and student body of its Professional Colleges; and

WHEREAS the Commission has agreed to construct buildings necessary for the above purposes on the premises hereinafter described and upon the other property now owned by the Commission and to procure temporary and permanent financing for said construction, and the Commission further agrees, upon the execution and delivery of this deed, to execute and deliver a lease covering the premises hereinafter described and the other property and all buildings now or hereafter located thereon:

NOW, THEREFORE, the University, in consideration of the agreements of the Commission and Ten Dollars in hand paid, hereby conveys and quitclaims to the Commission the following described property in the County of Cook and State of Illinois, to wit:

Lots One (1) to Ten (10) inclusive, Fifty-nine (59), Sixty (60), Ninety-five (95) and Ninety-six (96), and all interest now owned or hereafter acquired in and to the alleys adjoining any of said Lots, of Potter Palmer's Subdivision of Lot Eleven (11) and that part of Lot Twelve (12) lying South of the Center line of Polk Street, except Winchester Avenue, in Codewise's Subdivision of the West Half (W½) of the Southeast Quarter (SE¼) of Section Eighteen (18), Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian, except the West one and thirty-seven hundredths (1.37) chains.

It is understood and agreed that this conveyance is made upon the express condition that the construction of the aforementioned buildings is to be commenced on or before June 1, 1953, and in the event the Commission shall fail to commence the construction as aforementioned, then this conveyance shall be null and void, and the estate hereby conveyed shall immediately revert to and be revested in the University, and the University shall forthwith have the right to re-enter and repossess the premises hereby conveyed.

IN WITNESS WHEREOF the Board of Trustees of the University of Illinois has caused this instrument to be executed in its corporate name and behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary, all as of the day and year first above written.

EXHIBIT B

THIS INDENTURE made this ..... day of ....., 1950 between Medical Center Commission, a body politic and corporate of the State of Illinois, party of the first part (hereinafter called the "Lessor") and the Board of Trustees of the University of Illinois, a body politic and corporate of the State of Illinois, party of the second part (hereinafter called the "Lessee"),

WITNESSETH:

SECTION 1. The Lessor, in consideration of the rents herein reserved and of the covenants and agreements herein contained on the part of the Lessee to be kept, observed and performed, has demised and leased and does by these presents demise and lease unto the Lessee the following described real estate in the County of Cook and State of Illinois, to wit:

Parcel A

Lots One (1) to Ten (10) inclusive and Fifty-nine (59) and Sixty (60) and Lots Ninety-five (95) and Ninety-six (96) of Potter Palmer's Subdivision of Lot Eleven (11) and that part of Lot Twelve (12) lying South of the center line of Polk Street, except Winchester Avenue, in Codewise's Subdivision of the West Half (W½) of the Southeast Quarter (SE¼) of Section Eighteen (18), Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian, except the West one and thirty-seven hundredths (1.37) chains,

which premises are at present vacant and unimproved and on which is to be erected a Student Residence Hall (hereinafter referred to as the "Residence Hall"); and

Parcel B

Lots One (1) to Twenty-four (24) inclusive in Sturges et al Resubdivision of Block Nine (9) in Assessor's Division of the East Half (E½) of the Southeast Quarter (SE¼) of Section Eighteen (18), Township Thirty-nine (39) North, Range Fourteen (14) East of the Third Principal Meridian,

which premises are at present vacant and unimproved and on which is to be erected is to be erected a ten story Staff Apartment Building (hereinafter referred to as the "Apartment Building").

The Lessor further agrees, as soon as may be after the date hereof, to procure ordinances necessary for and at its own cost and expense to complete the vacation of the east and west alley south of and adjoining Lots 1 to 10 inclusive and north of and adjoining Lots 59 and 96 and also that part of the north and south alley lying between Lots 59, 60, 95 and 96, all referred to in Parcel A, and that part of the north and south alley lying west of and adjoining Lots 1 to 12 inclusive and east of and adjoining Lots 13 to 24 inclusive, all referred to in Parcel B; as and when the alleys aforementioned have been vacated, it is agreed by the parties hereto that the same shall be and constitute a part of the premises hereby demised and leased, which are defined as Parcels A and B and all buildings thereon with all equipment and furnishings therein, and are hereinafter referred to as the "demised premises".

TO HAVE AND TO HOLD the demised premises above described and all buildings and improvements now thereon or hereafter placed or erected thereon, together with all the rights, privileges, easements and appurtenances thereunto attaching and belonging, unto the Lessee for and during the term and upon the provisions hereinafter specified.

SECTION 2. This lease shall be effective for a primary term beginning on the ..... day of ....., 1950, and ending on the 30th day of June, 1951,

and the Lessor hereby gives and grants to the Lessee the right and option of renewing this lease for successive two year periods until the year 1974 and thereafter for a one year period until the ..... day of ....., 1975. It is further agreed that unless the Lessee notifies the Lessor at least sixty days prior to the expiration date of the primary term or of any two year period thereafter while this lease, by its terms or by successive extensions thereof shall be in effect, of its intention not to renew the same, this lease shall be automatically renewed for the next succeeding two year or one year period, as the case may be.

SECTION 3. The Lessee, in consideration of the leasing aforesaid and in further consideration of the Lessor's covenants and agreements herein contained, hereby covenants and agrees to pay to the Lessor as rent for said demised premises (a) the sum of $100 in advance for the period beginning on the date of the execution hereof and ending on the day of the date on which the construction of said Residence Hall and Apartment Building as hereinafter provided shall be completed, but not later than June 30, 1954, and (b) after completion or from and after said date, whichever is earlier, further agrees to pay as rent during the balance of the two year period then in effect and during each two year period subsequent thereto in which this lease shall be in effect by virtue of renewals thereof, effected as aforementioned, the sum of $....., payable in semi-annual installments of $..... each on the 10th day of ..... and ..... in each year.

It is agreed that the semi-annual rent is to be assigned or pledged as security for the obligations of the Lessor incurred by it in accordance with the provisions of Section 5 hereof, and such assignment or pledge shall only be effective upon delivery of an executed counterpart thereof to the Lessee, and thereafter all payments of said rentals shall be made to said assignee or the pledgee at such place as it may, in writing, direct.

SECTION 4. The Lessor, in consideration of the rents herein reserved and of the covenants and agreements herein mentioned to be kept and performed by the Lessee, does hereby transfer, assign and set over to the Lessee all of its right, title and interest in and to each of the respective existing leases, whether oral or written, demising and leasing any part or portion of the present buildings on the premises described in Parcel B, together with all rent due and payable under said leases on the ..... day of ....., 1950, and all rents under said leases which shall become due and payable thereafter. It is further agreed that the Lessee shall have the sole right to manage and operate the demised premises and be entitled to sublet any or all of the demised premises and to collect all rentals and receive and retain under its control all income derived or accruing from the use of any part of the demised premises, and the Lessee agrees to pay all expenses of operation of said demised premises and the expenses of heat, light, power, water, janitor services and maintenance of the demised premises and all other expenses incident to the operation thereof; provided, however, that all rents so collected during the period of remodeling shall be by the Lessee used and applied, so far as the same may extend and be remaining after payment of expenses as in this Section provided, toward the cost of remodeling, reconditioning and improving the buildings to be retained now standing on Parcel B.

SECTION 5. The Lessor agrees to construct and erect and fully equip upon Parcel A the aforesaid Residence Hall and upon Parcel B the aforesaid Apartment Building, and further agrees, upon terms and conditions satisfactory to Lessee, to procure and provide, by and through its own obligations and at its own expense, all financing and funds necessary to complete the construction and erection of said buildings, to furnish said buildings, pay all architects' fees, including all advances made by the Lessee for that purpose, and any additional cost of remodeling the buildings to be retained now standing on Parcel B. It is further understood and agreed that said Residence Hall shall be constructed in accordance with plans and specifications prepared by Messrs. Naess & Murphy and that said Apartment Building shall be constructed in accordance with plans and specifications prepared by Messrs. Skidmore, Owings & Merrill, and that all such plans and specifications and the letting of all contracts for the construction, equipment and remodeling of said buildings and purchase of equipment and all payments for any and all such work to

contractors and of architects' fees shall be subject to the prior written approval of the Lessee, and further that such construction and work shall at all times be under the supervision and direction of said architects.

SECTION 6. The Lessee hereby covenants and agrees that it will, while this lease shall be in effect, carry and maintain at its cost and expense fire insurance with extended coverage upon the aforesaid buildings and equipment in such amounts and companies as may be deemed satisfactory to it, which policies shall provide that losses, if any, will be payable to the Lessor and the Lessee as their respective interests may appear, and in the event the rent payable hereunder is assigned or pledged, to carry and maintain such insurance in the amount as may be required by, which in the event of loss or damage shall be applied in accordance with, the provisions of the indenture or agreement securing said assignment or pledge.

SECTION 7. The Lessee hereby covenants and agrees to and with the Lessor that it will not use or permit any person to use the demised premises or any buildings at any time situated upon the premises or any part of such buildings for any use or purpose in violation of the applicable laws of the United States, the State of Illinois, the ordinances or other regulations of the City of Chicago, Illinois, or of other lawful authorities, and while this lease shall be in effect said demised premises and every part thereof and all buildings at any time situated thereon shall be kept by Lessee in a clean and wholesome condition and generally that all applicable health and police regulations shall in all respects and at all times be fully complied with by the Lessee, and also that improvements at any time situated upon the demised premises and all the sidewalks and areas in front and along the side of the same, as well as in the rear thereof, shall be made and kept, at the Lessee's own expense, safe, secure and conformable to the applicable requirements of the City of Chicago, Illinois, and all other public authorities, and the Lessor kept harmless and indemnified at all times against any loss, damage, cost or expense, for which the Lessor or the Lessee may be legally liable, by reason of a failure so to do in any respect, or by reason of any accident, loss or damage resulting to any person or property by reason of any use which may be made, or condition of said premises, or of any improvements at any time situated thereon, or by reason of or growing out of any act or thing done or omitted to be done upon the said premises, or in any building at any time situated thereon.

SECTION 8. The Lessee covenants and agrees at its own expense to maintain and repair all buildings now or hereafter located on the demised premises, and further agrees that it will not make any changes in the construction of the buildings now or hereafter located on the demised premises which will adversely affect the income therefrom without the approval of the Lessor.

SECTION 9. If at any time while this lease is in effect the Lessee shall fail to extend or renew this lease, or for a period of two months fail to make the rental payments herein provided, or shall make default in any of the covenants and agreements herein contained and two months shall elapse after such default without the same being remedied, the Lessor shall have the right, on written notice to the Lessee, to declare the said term ended and the said demised premises or any part thereof, either with or without process of law, to re-enter and the said Lessee and every other person occupying, in or upon the same to expel, remove and put out, using such force as may be necessary in so doing and the said premises again to repossess and enjoy as in its first and former estate.

SECTION 10. It is understood and agreed that this lease is subject to and accepted by the Lessee upon the condition that in the event of non-use of the demised premises, or any part thereof, for the purpose described in "An Act in relation to the establishment of a Medical Center District in the City of Chicago and for the control and management thereof", approved June 4, 1941, as amended, or of the disuse of the demised premises, or any part thereof, for a period of one year, all right, title and interest of the Lessee hereunder shall cease and determine and the demised promises revert to the Lessor, its successors or assigns, as provided by said Act as amended.

SECTION 11. If the Lessee shall maintain this lease in full force and effect until all of the Lessor's indebtedness referred to in Section 5 hereof is fully paid,

released and discharged, the Lessee may, as a matter of right and agreement, request of and the Lessor, upon such request, agrees to make, execute and deliver a good and sufficient deed conveying the demised premises to the Lessee. It is further understood and agreed that the Lessee shall have the right, in order to secure the aforementioned conveyance of the demised premises, to exercise any right of Lessor to prepay and discharge the said indebtedness, and upon such payment and discharge, notwithstanding the provisions of this Section, the Lessee shall be entitled to demand and receive the aforementioned deed of conveyance of the demised premises.

SECTION 12. It is understood that, if the Lessee shall fail to maintain this lease in effect on its present terms as long as any of the Lessor's indebtedness referred to in Section 5 hereof shall be outstanding, the Lessee shall forfeit all right, title and interest in and to the demised premises and shall forfeit all claims for moneys expended in maintenance, improvements, repairs, insurance, and any and all other moneys, of every kind and nature, expended by it in the operation and improvement of the demised premises and all rights to acquire the demised premises as hereinbefore provided.

SECTION 13. This lease may be simultaneously executed in any number of counterparts, each of which when so executed and delivered shall be an original, but such counterparts shall together constitute but one and the same instrument.

IN WITNESS WHEREOF Medical Center Commission has caused this lease to be executed in its corporate name and behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary and The Board of Trustees of the University of Illinois has caused this lease to be executed in its corporate name and behalf by its President and its corporate seal to be hereunto affixed and attested by its Secretary, all as of the day and year first above written.

REPORT ON CASE OF PROFESSOR R. H. BLODGETT

REPORT OF FACT-FINDING COMMITTEE

June 12, 1950

Provost C. R. Griffith
207 Administration (East)

DEAR PROVOST GRIFFITH:

On May 18 you wrote, asking us to serve as a "fact-finding group on the question of possible violation of academic freedom in the Department of Economics." You wrote that you did not wish to prejudice the case by assuming that there was a violation of academic freedom, which might be the implication if you presented the question to the Senate Committee on Academic Freedom. You concluded by stating, "What I really need is assistance in the determination of prior fact, viz., has anything occurred with respect to Professor Blodgett either directly or indirectly, which requires that a question about academic freedom be raised?"

From the outset, the members of the Committee have assumed that this was an assignment of major significance to the University and to all individuals concerned with the question. In consequence the Committee has worked very hard. Whatever else you may conclude about our report, I am sure you will grant that we have gone about this task seriously and with industry. We have, of course, interviewed Professor Blodgett, Dean Bowen, and Professor Hagen. In all, we have heard twenty individuals and, in doing this, we have sought out, so far as we could determine them, all varying points of view. This has not been a one-sided examination.

Each individual who appeared before us gave the Committee his full cooperation. While some said they had no objection to their names being used in our report in relation to this testimony, the members of your Committee are deeply sensitive to the fact that they are the repositories of confidences that must not be violated. We wish to record the fact, also, that while wide divergences in opinion and judgment were expressed, the testimony on the essential facts brought out before the Committee was amazingly uniform. All the statements made were sincere and frank. After hearing the successive statements of those who testified and after observing their demeanor and their efforts to be fair in all they said, the Committee is puzzled over the fact that individuals apparently so candid and reasonable could have so much difficulty in getting along with each other. But here we are ahead of our report.

The commission to the Committee, according to your letter of May 18, had to do with the question of academic freedom. The Committee finds it undesirable, if not impossible, to report on that question alone. The issue of academic freedom is inextricably woven into a wider texture. We could give an answer to the academic freedom question but if we dealt with that alone, it would be an answer out of con-

text. It would not convey an understanding of the problem involved. From the very first, each successive person who was heard by us talked about a human-relations controversy. The facts disclosed by all the persons were essentially the same but, with few exceptions, they were not focused on academic freedom. Some who testified found it difficult even to identify an issue on that subject. We sincerely believe we can perform our services more acceptably if we describe and discuss the question assigned to us in a broader setting. In doing this, we shall devote attention primarily to the Department of Economics, but we shall also, on occasion, extend our remarks to the College of Commerce and Business Administration.

Background

Twenty years ago such men as Weston, Robinson, and Bogart dominated the situation in Economics. Professor Scovill was then, as he still is, active in Business Organization and Operation and in Accounting. C. M. Thompson was the Dean. In 1933, Professor Weston died, and Professor Robinson retired. Then followed what has been described as the "limping period." In 1937 new blood was introduced when several men, including Professor Blodgett, joined the staff. Then came World War II and its repercussions on higher education. A number of the staff went into the armed services, and a substantial number accepted positions in the various departments of government. Before the war, the largest number of staff members in the Department of Economics (counting assistants) was thirty-five. The Department for years had been understaffed. After the war the situation was well-nigh desperate as a depleted staff labored to meet the impact of mounting student enrollments. Professor Scovill was performing valiantly as Acting Dean of the College, but when other divisions of the University were planning and acting with all the manpower they could bring to bear on the problem of postwar enrollments, the College of Commerce and Business Administration was almost literally marking time, looking for a dean. In 1947 Howard R. Bowen was appointed to the position. The task that confronted him and his colleagues was a critical one.

When Dean Bowen arrived on the campus, he found that decisions on various policies and actions relating to the affairs of the College, including advancements for members of the staff, had been held in abeyance until his arrival. He was faced, therefore, not only with matters for decision on the ongoing problems of the College but with a backlog of unsolved issues. The immediate task ahead was to build up a depleted staff and to build it well. He chose, because he believed the situation there more critical than elsewhere, to give his attention first to the Department of Economics. It is not within the assignment of this Committee to determine whether it is wiser, assuming resources are available, to build a staff rapidly or through slower evolutionary steps. Dean Bowen felt it to be his assignment to proceed expeditiously with staff additions to build up a depleted staff, not only in number, but in distinction and potential distinction in teaching and scholarship. There was agreement among those who appeared before our Committee on these objectives. There was recognition that the Department of Economics was badly understaffed and there was unanimity that the goal should be the organization of a balanced and distinguished staff; that the goal should be a distinguished department.

Developments under Bowen

Dean Bowen is a man of high intelligence, high standards, and personal charm. He is industrious and energetic. On becoming Dean of the College, he proceeded forthwith to execute his assignment as he conceived it. Staff additions were made and curricular changes were initiated. No one who testified questioned the desirability of curricular changes. In fact, changes in the curriculum had been initiated by the staff in economics before Dean Bowen came. Some of these curricular changes involved the reorganization of the courses of the older members of the staff. The new staff members had to be fitted into the program with assignments in teaching and research. The older members, of course, were aware that they had been carrying overloads, but to agree to an objective becomes a matter of different complexion when the issue touches the instructor's own courses. As the newer men were fitted into the program of the department and changes were made in the courses of the older men, there often was inadequate consultation with the men whose courses were involved. This created resentment and apprehension.

The newer men, also, developed sensitivities. They had a right to expect teaching and research assignments. It was disagreeable for them to have to fight their way to these assignments. There was evidence of inequalities in rank and salary, and evidence of tactless remarks by the Dean and Professor Hagen, the present Chairman of the Department. Feelings were hurt. The older staff members developed the conviction that they had no standing with the administration; that they had no one in the administration to whom they could go with their questions and problems for friendly consultation; that the Dean and Professor Hagen placed a low estimate on their worth. There were innuendoes and some direct statements that the teaching and scholarship of the older men were outmoded, and, on the other hand, that the newer men were picked on the basis of their adherence to one school of economic thought. Charges were made that the older men were failing to use their skills and tools that were generally accepted in the discipline, and countercharges were made that these accusations were unfounded and that the newer members of the staff were indoctrinating with a special brand of economic policy.

Eventually a cleavage developed between the older and newer staff members. The Committee notes the fact that the division is not so definite as that, and that there are moderates who were anxious to work out a program of amicable teamwork. In the main, though, the cleft is between the new and the old. This cleavage resulted in practices involving caucusing when votes were taken in the Department and in its Executive Committee. There was some evidence of this procedure in the events leading up to the election of the present Chairman of the Department. There was clear evidence of it when the issue relative to Professor Blodgett's leaving the University came before the staff of the Department. The Committee wishes to record its condemnation of such practices. They are unworthy of university people and are incompatible with the best traditions of a society of scholars.

We have mentioned the fact that charges were made that there had been a lack of consultation with staff members when the courses of these individuals were under consideration for change. There were further charges with supporting evidence that the statutes of the University and the established procedures of the Department were, at times, ignored in the determination of curricular changes and in establishing policies. The Department of Economics is now organized under a chairman as distinguished from an organization under a head. The charge is that Professor Hagen, the Chairman, did on at least one occasion of some importance (as evidenced by ensuing events) ignore his Executive Committee. Charges were also made that Dean Bowen has taken actions without going through established channels. The general atmosphere is one of apprehension and distrust. It centers in the Department of Economics but extends to the staff of the whole College.

The Issue of Academic Freedom

Charges have been made by some individuals that academic freedom has been infringed in the College, and more particularly in the Department of Economics. Since these charges, for the most part, focus on the case of Professor Ralph H. Blodgett, we shall devote our attention primarily to it.

Professor Blodgett came to the University as an Assistant Professor in 1937. He was promoted to Associate Professor in 1941, and to Professor in 1945. Through the years of his service here, he had been given a growing number of responsibilities. These responsibilities in 1947 included the following: He taught at the undergraduate level a course for non-commerce students on the principles of economics; two courses on the subject of comparative economic systems, one at the undergraduate and the other at the graduate level; and a year (two-semester) course in economic theory at the graduate level. In addition, he was the adviser for graduate students in economics. His writings have been substantial. He was co-author (Gemmill and Blodgett) of *Principles of Economics,* and author of *Principles of Economics* (a text of his own), and *Comparative Economic Systems.* He has written some articles, but his original contributions to the periodical literature in economics have not been extensive. His textbooks have had substantial adoptions in other universities. He is a good teacher.

Those who charge violation of academic freedom agree that the Blodgett case is not the usual one in which that subject is involved. Professor Blodgett was not

discharged. They contend, as the Committee understands them, that Professor Blodgett was relieved, step by step, of his responsibilities in the Department until what remained was but a semblance; that statements were made by the Chairman of the Department disparaging his scholarship; that the Dean and the Chairman of the Department charged him unjustly with not employing in his teaching and writings recognized skills in the field of economics; that efforts were made by the Chairman to discriminate against him in salary advancement; that these actions were taken because Blodgett did not stress a particular brand of economics acceptable to Dean Bowen and Professor Hagen and that the cumulative effect of all these constituted a compelling force to make him leave the University in order to maintain his self-respect. Facts were presented to the Committee in support of these charges, on the strength of which the contention was made that there had been a violation of academic freedom.

The Department offers two basic courses on the principles of economics — one for commerce students (now Economics 102-103) and the other for non-commerce students (now Economics 108). Professor Blodgett, as we have indicated, taught the latter course, but his texts, at one time, had been used in both. The evidence is that Professor Hunter (now deceased), when he was the Head of the Department, had changed the text in the course for the commerce students. Later, under Dean Bowen, the course (Economics 108) for non-commerce students was transferred from Blodgett to another instructor, who does not use the Blodgett text. Professor Blodgett had taught two courses on comparative economic systems. In the one for undergraduate students, the Blodgett text, *Comparative Economic Systems,* was used. This course was transferred to another instructor, who does not use the Blodgett text. Professor Blodgett was given and accepted the responsibility for teaching another course (Economics 109) intended for non-commerce students who wish to take additional work in that field. He taught that course during 1949-1950, using his own text, but he had only fourteen students in it. There was some evidence that the plans for the curriculum involved giving greater emphasis to this course and that as a consequence it probably would have a considerable increase in enrollment next year.

Mention was made above that Professor Blodgett had been the adviser for graduate students in economics. He was relieved of that responsibility by Dean Bowen. More recently a move was projected by Professor Hagen, Chairman of the Department, to limit Blodgett's graduate course in economic theory from a year to a one-semester course. This proposal had not been approved by the Executive Committee of the Department when Blodgett decided to leave the University to accept an offer from the University of Florida. We shall mention the move to restrict the economic theory course in relation to another incident.

To what extent these various actions were discussed with Professor Blodgett before the steps just outlined were taken is not clear. There is evidence that he was consulted as to some. As to one move the evidence was that he was told about it by the then-Acting Head of the Department (Professor Brown) in the morning and action on it was announced in the afternoon of the same day.

Last spring when salary adjustments for 1950-1951 for members of the staff were under consideration by the Executive Committee of the Department, Professor Hagen, Chairman of the Department, opposed any increase for Blodgett Hagen was supported by one or two members of the Committee. The majority, however, voted to recommend an increase of $250. This recommendation was transmitted by Hagen to Dean Bowen, who raised the amount to $300 to make Blodgett's salary the same as that of another staff member. Professor Blodgett received $7500 last year (1949-1950). In March, when he had received an overture from Florida, he told Professor Hagen about it and inquired what he might expect here by way of increase for next year. Professor Hagen stated that he did not feel free to disclose this information without consulting Dean Bowen. Professor Blodgett did not have a complete offer at that time. He had a statement that Florida wished to invite him to come there at a salary of $8,000, but this was contingent on the approval of the Florida budget. Professor Hagen told Blodgett that he could not recommend $8,000 for him, since that would bring his salary out of line with others. During this conversation, Hagen told Blodgett that he

expected to recommend a reduction in time for Blodgett's graduate course in economic theory. Professor Hagen testified he told Blodgett that he was looked upon as a good teacher and that he hoped he would remain at Illinois. A day or two afterwards, Hagen, having obtained Dean Bowen's consent, told Blodgett that the increase recommended for him next year was $250 (later increased to $300).

Professor Hagen did not take the question of the Florida negotiations with Blodgett to the Executive Committee of the Department. Blodgett, to be sure, did not have a complete offer from Florida when he talked to Hagen, but, in view of the near finality of the Florida approach, Hagen probably should have done that. It should be observed that a chairman of a department (as distinguished from a head) under the statutes of the University has no clear powers, by virtue of his chairmanship, to decide departmental questions of policy. He is Chairman of the Executive Committee, but in settling matters of policy, he is but one of the Executive Committee which settles them. Whatever the proper judgment on this question may be, the fact is that Hagen was criticized by various individuals for not having taken this question forthwith to the Executive Committee, and this is cited as one of the instances in which an administrative officer failed to act through proper channels.

On May 4, Blodgett informed Hagen that he had received a definite offer from Florida and that he had accepted it. News of Blodgett's action became known almost immediately. In a setting already charged with apprehension and distrust, Blodgett's leaving was fuel for the flame. Some staff members went to Hagen at once to persuade him to act to keep Blodgett here. It was reported to us that Hagen resisted this move. We were told that Hagen on that occasion said that Blodgett is incompetent. Hagen was requested by staff members to call a meeting of the staff of the Department. He is reported to have resisted that move also but, on hearing that a petition for a staff meeting was being circulated, he called a meeting. At the meeting he explained the use of the word "incompetent." He spoke particularly of Blodgett's graduate course and said that, while he did not look upon Blodgett as best-fitted to present the essential materials in that required course, he did not mean to imply that Blodgett was incompetent in a general sense. A motion was presented to the group, aimed to seek ways to keep Blodgett here; it had a note of censure in it for Hagen. The vote was *22* to *22*. Another vote was called for. Professor Hagen said if this vote carried, he would look upon it as a vote of censure of himself. He also said that, regardless of the outcome of this vote, he would take the Blodgett question back to the Executive Committee. The second vote on this motion lost by a few votes. Hagen gave up the chair at this meeting and voted on the motions. Blodgett did not attend the meeting. Shortly after this meeting, the Provost declared the Blodgett negotiations closed.

Do these facts show a violation of academic freedom? There are those who contend with sincerity that they do. Our view is that they disclose not a violation of academic freedom but rather a failure in human relations and a failure in administration. On administration and human relations, we shall have more to say later.

We are sensitive to the fact that the actions taken on Professor Blodgett might, if the motivations for them were different than we conceive them to have been, show an infringement of academic freedom. As we see it, the question turns on motivation and emphasis. We find that the concern of Dean Bowen and Professor Hagen was to project the best possible program of instruction for students in economics. If we are right as to their objectives, their actions did not infringe academic freedom. We must assume that it is the responsibility of administrative officers who head educational divisions of the University to press for sound educational programs. Any other position on this question would be incompatible with ends of a university. If the officer is inept in the way he goes about accomplishing these ends, we have an administrative problem, but not one involving academic freedom. Even if he is mistaken on the contents of a sound educational program, so long as his actions are directed toward what he believes are sound educational ends, there is no violation of academic freedom. Here again, the problem is an administrative one. If, on the other hand, the motivation is the indoctrination of students with a particular point of view, as distinguished from good educational

policy, and if the administrator insists that that view be taught or insists that educational materials be withheld from students, then academic freedom is violated. The facts bearing on the situation in the Department of Economics do not support this conclusion.

What, then, are the critical facts in the Blodgett case? When Dean Bowen came to the University, Professor Blodgett occupied a strategic position in the Department of Economics. He was teaching a basic course to non-commerce students on the principles of economics, a year course on the theory of economics, required of all graduate students in economics and he was the adviser for graduate students in economics. In addition, he was teaching two courses, one for undergraduate students and the other for graduate students, on comparative economic systems. This, it would seem clear, was an overload of work, but the matter of overload was not, in the opinion of the Committee, the primary motivation for changes in Blodgett's program. Dean Bowen relieved him of his responsibilities for advising graduate students, and he was relieved of the teaching of the economic principles course and the undergraduate course in comparative economic systems. There also was a move by the Chairman of the Department to restrict his course in economic theory. What was the issue back of these actions? There was no objection to what Blodgett taught. There was agreement that what he taught should be taught and that he taught it well. The criticism by the Dean and the Chairman of the Department centered on the scope of his courses. The criticism was that he did not include in his teaching some of the important skills or analyses of economic data; that, while in charge of basic courses at both the undergraduate and graduate levels, he failed to equip his students with some of the essential skills employed in the discipline to arrive at economic facts. These, the Committee believes, are questions of educational policy, and not of academic freedom. There was no issue relative to ideologies. The question was: Did Blodgett or did he not give consideration to these skills in his courses? The Dean and the Chairman of the Department insisted that he did not. Some of the persons who came before the Committee said that he did and, indeed, insisted that he covered them adequately.

It is true that Professor Blodgett was relieved of the teaching of some courses and that he was relieved of the responsibility for advising graduate students. The Committee stresses the fact that no instructor has a vested interest in a course, nor in a position of responsibility for advising students. Educational interests are primary. When issues arise as to who should teach a course or who should advise students, a delicate administrative problem calling for high administrative skill may be involved, but the line of action is clear: If educational ends are best served through making changes in personnel, it is the responsibility of the administration to make them. We find that the actions taken by Dean Bowen and Professor Hagen in relieving Professor Blodgett of the teaching of some courses and of advising graduate students were administrative measures, and as such were aimed at improving the educational program of the Department.

There were, of course, other factors in the Blodgett case. There were charges that he was not informed relative to pending changes in his assignments, or at least not adequately consulted about them; that critical and tactless remarks were made about him; and that questions of policy were not taken through proper channels. These factors, we believe, all must be appraised in the light of their propriety as administrative actions. We conclude that the issue in the Blodgett case did not involve a question of academic freedom.

Problem in Human Relations

We have implied that the basic issue in the Department of Economics and extending into the broader context of the College of Commerce and Business Administration is one of administration. It is to be observed, however, that the situation in the Department of Economics when Dean Bowen became administrative head of the College was a critical one. He had the assignment of building up a depleted staff, depleted not only in number but in distinction. As steps were taken to execute this assignment, it was to be expected that some friction, some uneasiness and some apprehension as to their place in this changing context on

the part of staff members would arise. The Committee wishes to record its appreciation of the difficulties involved in this task. Notwithstanding, it finds that the situation now existent in the Department presents a failure in human relations. The responsibility for this failure must be shared by many individuals, but the burden of it falls on the administrative officers and particularly on Dean Bowen and Professor Hagen. The problem is one of personnel.

An Appraisal

We are sensitive to the fact that we have already gone beyond the scope of our assignment. Nevertheless, it would be unfortunate if we ended our report here, for we have perceived something which we believe merits emphasis and which holds genuine promise. We interviewed twenty individuals. They are reasonable people, frank, honest, and intelligent. These observations hold both for the older and the newer staff members. Dean Bowen and his colleagues have assembled in the Department of Economics a group of younger staff members of fine potentialities. Some have already made a place for themselves as scholars. This is not a radical group, and any impressions that it is must be allayed. As to the older men, they have achievements to their credit in teaching, scholarship, and research. It is perhaps unfortunate that the descriptive word "older" is used in relation to these individuals. Several in this classification are comparatively young men. There is full agreement in both the younger and older groups on objectives. All wish to make the Department a distinguished one — a department in which each will share in mutual pride with the others. All realize that, if they are to achieve this goal, they must learn to work together, and this, indeed, is what they want to do.

There is perhaps a misapprehension as to the schools of thought typified in these groups. There is a tendency to label the older group "conservative" and the young one "liberal." At times the word "radical" has crept in. A danger ever lurks in the use of labels. Perhaps on the whole the younger group includes more liberals than the older, but if this be true, it would not be a strange phenomenon. The fact is that there are liberal and conservative individuals in the older group, and liberals and conservatives in the younger one. As a whole, young and old, the group is predominantly conservative.

There is a divergence of views among them, but that is wholesome. Diversity in views is of the essence in a society of scholars. The ideal department in a university is one made up of strong men who approach the problems of their discipline from different angles, who are firm in their convictions, but who respect each other's views. Mutual respect and teamwork are essential. It is this atmosphere of trust and respect that now is lacking in the Department of Economics, and in a measure in the College. Except for that, this division of the University has the seeds of greatness. The staff members are well aware of the problems. In our opinion, they are anxious to bring about a happier situation. The point must be stressed, however, that if a propitious atmosphere is to become a reality, each individual involved must contribute his full share toward bringing it about, but while each must contribute to that end, the weight of the responsibility for consummating this result must fall on those who also bear the onus for the breakdown in relations: The weight of the responsibility for creating wholesome relations must fall on the Dean of the College and the Chairman of the Department. In this program Dean Bowen occupies a strategic position, and as a consequence the burden of establishing a framework of mutual trust and respect — a framework in which scholars with differing points of view can work with confidence and a feeling of security — must fall on his shoulders.

A REPORT TO THE BOARD OF TRUSTEES ON CONDITIONS IN THE DEPARTMENT OF ECONOMICS AND THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION

GEORGE D. STODDARD

I

The public announcement by Professor Ralph H. Blodgett on May 8, 1950, that he had accepted a position at the University of Florida precipitated newspaper charges on the question of academic freedom. Since no charges had been submitted through channels — to the Dean, the Provost or the President's Office — the Senate Committee on Academic Freedom (representing the faculty) had no item of business before it. There was no action requested by the American Association of University Professors.

Nevertheless, the Provost, feeling that the public would be confused by repeated statements out of context, decided to appoint a fact-finding committee to report on the question of a possible violation of academic freedom in the Department of Economics. He was supported in this move by Dean Howard R. Bowen, Dean of the College of Commerce and Business Administration, who wrote (May 17th):

"Because there have been innuendoes and thinly-veiled suggestions which have cast discredit upon the Department, the College, and the University, I believe it important that such allegations be further investigated and the truth established beyond any doubt. If anything is found to be wrong, it should be corrected at once.

"I urge you, therefore, to appoint an *ad hoc* committee consisting of faculty members from various departments of the University to investigate academic freedom in the Department of Economics or any other matters pertaining to the Blodgett case, and to report to the President."

Professor F. G. Wilson, Chairman-elect of the Committee on Academic Freedom, expressed the view that the plan followed by the Provost was a good procedure.

On May 18th, this *ad hoc* group accepted the assignment. It consisted of the following members: Dean Albert J. Harno, College of Law, Chairman (on the faculty since 1921); Professor F. Wheeler Loomis, Head of the Department of Physics (on the faculty since 1929); Director Fredrick S. Siebert, School of Journalism and Communications (on the faculty since 1926). I shall identify this group as the *Fact-finding Committee on Academic Freedom in the Department of Economics* (or, the *Fact-finding Committee*).

The Fact-finding Committee went to work immediately.

On May 31st, by telephone from Florence, Italy, I issued the following statement:

"I have been fully informed by letter and telephone of the last two weeks' developments on the Illinois campus.

"The fact-gathering committee composed of Professors Harno, Loomis, and Siebert, which is investigating the situation, has my complete confidence as does also the Provost of the University. I shall give immediate attention to the committee's report when I return to Urbana the middle of June, and if there is any suggestion of infringement on the honorable and traditional rights of a teacher or on the right of students to hear a diversity of viewpoints, I shall want to consult the Senate Committee on Academic Freedom and to take whatever other action seems necessary. We have the machinery to handle problems like these, and that machinery will be used. In the midst of argument and uncertainty we must not lose sight of the goal which we all have in mind — a great university dedicated to the needs of all of the people of a great state."

The Fact-finding Committee submitted its report on June 12th. It is signed by all three members. Its work having been done — and done well, in my opinion — I have discharged the Committee, expressing thanks for its devoted and painstaking service to the University.

Its report is before us.

Let us consider, first of all, the assignment. For the reasons given above, it

was asked to inquire into a "possible violation of academic freedom in the Department of Economics."

Now *academic freedom* is not a simple, black-or-white concept. It is not a packaged commodity. It has proved troublesome since the time of Socrates. The best statement on it is the well-known "1940 Statement of Principles" of the American Association of University Professors. I quote it exactly, omitting the further statement on academic tenure which is not germane to the present controversy:

"The purpose of this statement is to promote public understanding and support of academic freedom and tenure and agreement upon procedures to assure them in colleges and universities. Institutions of higher education are conducted for the common good and not to further the interest of either the individual teacher (The word 'teacher' as used in this document is understood to include the investigator who is attached to an academic institution without teaching duties.) or the institution as a whole. The common good depends upon the free search for truth and its free exposition.

"Academic freedom is essential to these purposes and applies to both teaching and research. Freedom in research is fundamental to the advancement of truth. Academic freedom in its teaching aspect is fundamental for the protection of the rights of the teacher in teaching and of the student to freedom in learning. It carries with it duties correlative with rights.

"Tenure is a means to certain ends; specifically: (1) Freedom of teaching and research and of extra-mural activities, and (2) a sufficient degree of economic security to make the profession attractive to men and women of ability. Freedom and economic security, hence tenure, are indispensable to the success of an institution in fulfilling its obligations to its students and to society.

Academic Freedom

"(a) The teacher is entitled to full freedom in research and in the publication of the results, subject to the adequate performance of his other academic duties; but research for pecuniary return should be based upon an understanding with the authorities of the institution.

"(b) The teacher is entitled to freedom in the classroom in discussing his subject, but he should be careful not to introduce into his teaching controversial matter which has no relation to his subject. Limitations of academic freedom because of religious or other aims of the institution should be clearly stated in writing at the time of the appointment.

"(c) The college or university teacher is a citizen, a member of a learned profession, and an officer of an educational institution. When he speaks or writes as a citizen, he should be free from institutional censorship or discipline, but his special position in the community imposes special obligations. As a man of learning and an educational officer, he should remember that the public may judge his profession and his institution by his utterances. Hence he should at all times be accurate, should exercise appropriate restraint, should show respect for the opinions of others, and should make every effort to indicate that he is not an institutional spokesman."

The Committee examined this question with care — and it went further, as it says, beyond its assignment, in a wholesome endeavor to probe into sources of frustration or misunderstanding in the Department and the College. It need not have done this; a less courageous group would have shunned the task! Nevertheless, I am grateful for this, for a better hearing body could not be found. To have ended their conversations with a simple determination of the prior question of academic freedom, would have been legalistically correct but otherwise unrewarding. Although the public had been led wrongly to identify the problem, a problem existed.

I shall now take up the conclusions of the Fact-finding Committee and then review them in some detail.

The basic question was, *Has there been a violation of academic freedom?* The Report gives the answer:

"The facts disclosed by all the persons were essentially the same but, with few exceptions, they were not focused on academic freedom. Some who testified found it difficult even to identify an issue on that subject."

After reviewing salient points concerning Professor Blodgett and actions related to his decision to leave Illinois, the Committee reverts to the original question:

"Do these facts show a violation of academic freedom? There are those who contend with sincerity that they do. Our view is that they disclose not a violation of academic freedom but rather a failure in human relations and a failure in administration. . . .

"We are sensitive to the fact that the actions taken on Professor Blodgett might, if the motivations for them were different than we conceive them to have been, show an infringement of academic freedom. As we see it, the question turns on motivation and emphasis. We find that the concern of Dean Bowen and Professor Hagen was to project the best possible program of instruction for students in economics. If we are right as to their objectives, their actions did not infringe academic freedom. We must assume that it is the responsibility of administrative officers who head educational divisions of the University to press for sound educational programs. Any other position on this question would be incompatible with ends of a university. If the officer is inept in the way he goes about accomplishing these ends, we have an administrative problem, but not one involving academic freedom. Even if he is mistaken on the contents of a sound educational program, so long as his actions are directed toward what he believes are sound educational ends, there is no violation of academic freedom. Here again, the problem is an administrative one. If, on the other hand, the motivation is the indoctrination of students with a particular point of view, as distinguished from good educational policy, and if the administrator insists that that view be taught or insists that educational materials be withheld from students, then academic freedom is violated. The facts bearing on the situation in the Department of Economics do not support this conclusion."

I concur in the judgment of the Fact-finding Committee with respect to a violation of academic freedom: *there has been none.* Following the AAUP definition, it can be said that:

(1) Professor Blodgett has had "full freedom in research and in the publication of the results." (That he has done little in the field of research has been a free choice on his part.)

(2) He has had "freedom in the classroom in discussing his subject."

(3) He has spoken and written as a citizen, "free from institutional censorship or discipline."

(4) In turn, he has not, to my knowledge, abused the privilege of academic freedom by "introducing into his teaching controversial matter which has no relation to his subject"; his utterances have been exemplary.

It can not be emphasized too strongly that the question of academic freedom as defined above is crucial — invested at every point with intellectual progress and with the public interest. In most faculties, as in ours, machinery exists for protecting these essential rights; national organizations are properly alert to this question. It was the loss of this right to work freely and speak freely that ruined the universities under Mussolini and Hitler — and it will ruin them under Stalin. In all free societies it is a right jealously guarded by professor and administrator alike.

As I have indicated, the Report of the Committee could have ended at this point. Lacking a complaint from an aggrieved person, lacking data to support the charges, I should not have reason to bring matters, however serious, before the Senate Committee on Academic Freedom. Therefore, as far as the issue of academic freedom is concerned, there is no business before us.

II

A second question, also invested with the public interest, is harder to define and harder to judge. It has to do with indoctrination, particularly of indoctrination with ideas foreign to our democratic principles. At the level of communism, the problem takes shape, but I find nowhere in the Report of the Committee, or in any responsible public reference, a suggestion of such infiltration. The Department of Economics is not "red"; it is not "radical." To quote the Report:

"Dean Bowen and his colleagues have assembled in the Department of Economics a group of younger staff members of fine potentialities. Some have already

made a place for themselves as scholars. This is not a radical group, and any impressions that it is must be allayed. As to the older men, they have achievements to their credit in teaching, scholarship, and research. . . .

"There is perhaps a misapprehension as to the schools of thought typified in these groups. There is a tendency to label the older group 'conservative' and the younger one 'liberal.' At times the word 'radical' has crept in. A danger ever lurks in the use of labels. Perhaps on the whole the younger group includes more liberals than the older, but if this be true, it would not be a strange phenomenon. The fact is that there are liberal and conservative individuals in the older group, and liberals and conservatives in the younger one. As a whole, young and old, the group is predominantly conservative."

As far as the principal persons in the controversy are concerned, they all appear to be defenders of capitalism. They are not blind to its faults; they want to strengthen it against error and to protect it from the blandishments of untried social systems.

Thus Hagen in his technical writings is deeply concerned with the ways in which a capitalistic system may protect itself against the recurrent dangers of economic depression and the high cost of living (*American Economic Review*, Vol. 38, Part 2, 1948, pp. 428-429):

"But improving federal machinery is only one step. For the President and the members of Congress are not after all the men who determine public action. The basic need is the spread of understanding of these rather technical matters among the public and a wider group of its leaders and specifically among the members of those social groups, and their leaders, whose conflicts of interest must be compromised if we are to achieve successful economic action in a democratic society. Professor Hart has thoughtful suggestions to offer concerning that problem. That spread of understanding is occurring; whether or not it will occur in adequate measure is in part the responsibility of the economic profession.

"There are prophets who affirm that we will not take the necessary steps for economic stability until we have plunged into another major depression. If so, the necessary steps may be accompanied by — or replaced by — irrelevant social changes based on misconceptions of the problem, and on widely felt emotional urges to fix the blame for one's misery, to absolve oneself of a feeling of incompetence and failure, and to gain a feeling of security. How good or ill will be the resulting changes in our social system will then be in part in the laps of the gods."

Blodgett's *Principles of Economics* (Farrar & Rinehart, 1941, pp. 609-610), closes with this paragraph:

"From this point it would seem a short step to reach the conclusion that we should trade in our old capitalistic system for a new socialistic model and thus be rid of our ancient difficulties in connection with business cycles. But this is a conclusion we must examine carefully. Granted that a socialistic economic system may be able to eliminate the business cycle, it has other features which many of us would not like at all. Under socialism, freedom of enterprise for the individual would be eliminated, too, and all of us would work for the government. We could own, for the most part, only consumable goods. Wages would be our only type of money income and differences in wages would be small between occupations and industries. There would be no chance to start our careers as poor boys and end them as rich men. The beneficial and stimulating effects of competition, as well as its wastes, would be lost. With all individuals receiving relatively similar amounts of wages, it might be most difficult under socialism to induce the workers to try to develop greater efficiency or to qualify for the more responsible and exacting managerial positions in industry. It is conceivable that in the operation of a planned economy there may be many more problems and obstacles more damaging than business cycles. Regardless of the political, social, or religious aspects of socialism, it is clear that not everything would be as rosy as promised under that system. Most of us may decide that we prefer to keep, with all its faults, our capitalistic system in which, as a novelist once said, the Law, in its majestic equality, forbids the rich as well as the poor to sleep under bridges, to beg in the streets, and to steal bread."

Bowen states in *Toward Social Economy* (Rinehart & Company, Inc., 1948, p. 326):

"For example, capitalism provides highly effective motivation for individuals. It spurs them on to great personal effort in providing the goods needed by society. Also, it encourages experimentation, innovation, new ideas, and new ways of doing things. Moreover, it provides a fascinating and varied 'game' in the form of a competitive race for fame, fortune, and economic power which anyone with the wit, the courage, and the stamina can enter. Finally, capitalism is one type of economic system which has *demonstrated* that it is compatible with free political institutions. That any other system is compatible with or conducive to political freedom is a theory and not a demonstrated fact."

Perhaps the other two would join us laymen in subscribing to Bowen's final paragraph (*Ibid.*, p. 330):

"To solve our problems intelligently will require more scientific social knowledge than we now have. One can be reasonably hopeful that social scientists will be able to provide this knowledge — especially in view of the great strides in this area of study within the past generation. But in addition to knowledge, statesmanship on the part of our political leaders will be required, and also — not less important — our people must understand the issues and must learn to view these issues in terms of the broad social interest. The technical findings of social scientists are of little consequence unless there is also receptivity to the findings among the people. The great tasks of our age are to develop social science and to bring about a widespread diffusion of knowledge and understanding about social matters to the end that we may develop a free society of plenty and justice."

III

This leaves us with a third basic question, to which the Committee devoted a substantial part of its report: Since there is apparently frustration in the Department of Economics, and perhaps in other areas of the College of Commerce and Business Administration, what are the true difficulties?

I shall take up certain general considerations first and then refer explicitly to the case of Professor Blodgett. The Fact-finding Committee states that in 1947 when Dr. Howard R. Bowen was appointed Dean of the College of Commerce and Business Administration:

"The task that confronted him and his colleagues was a critical one . . . decisions on various policies and actions relating to the affairs of the College, including advancements for members of the staff, had been held in abeyance until his arrival. He was faced, therefore, not only with matters for decision on the ongoing problems of the College but with a backlog of unsolved issues. The immediate task ahead was to build up a depleted staff and to build it well."

There has not been any divided feeling about the goal in the Department of Economics, namely, that it should become a distinguished department. The Fact-finding Committee does not go into substantive issues on this; it gives its attention largely to procedures, personnel, and administrative efficiency. I should like to say something about the merits of the question.

It is natural that the Department of Economics should, from the first, receive special attention from a new dean, for economics is a fundamental subject, not only in commerce but also in the social sciences. The Department of Economics apparently had not kept pace with other departments in the College and the University. There was in the Department a large number of young assistants. Little research was in progress. There were many decisions to be made involving staff, salaries, promotions, curricula, and joint relationships between departments. It was inevitable that some decisions would cause dissatisfaction in various staff ranks.

Dean Bowen is aware of the fears that exist in the College, and especially of the fear on the part of older staff members that they might be overlooked. Nevertheless, he points out that almost every member of the staff who was here in 1947 has been recommended for salary increases for each of three succeeding years. In terms of percentage, the salary increases for this "older" group have been larger than for new persons added to the staff. Of the fourteen members of the faculty now receiving a salary of $8,000 or more, nine were on the staff before Dean Bowen arrived. There is no evidence to indicate that the older group is at a disadvantage in salary, rank, or rate of promotion. It is true, however, that the

Dean, the Chairman of the Department of Economics, the Director of the Business Management Service, the Director of the Bureau of Economic and Business Research, and the head of the Division of Secretarial Training have been brought in from the outside. All these appointments were carefully reviewed at the time they were made. In my opinion, the decisions were sound.

It is necessary to relate recommendations and decisions of this type to conditions that exist in the College. It is easy to misunderstand references to "inbred" conditions that obtain in certain areas of the College. The Department of Business Organization and Operation furnishes the outstanding example. The table below shows the percentage of staff members of the rank of assistant professor or above who have had their terminal degrees from the University of Illinois:

Accountancy	93%
Marketing	62%
Management	75%
Secretarial Training	50%
Business Law	100%
All divisions	81%

The bringing in of men from the outside in some of these areas can scarcely be regarded as an attempt to replace the old by the new; rather, what we have had is a near monopoly enjoyed by Illinois professors and their students. Dean Bowen's statement to me in regard to this is reassuring:

"However, we should not be dogmatic or inflexible on the subject of inbreeding. I believe that we should get the best possible man for each vacancy that arises. If the best man is now on the staff or if he holds degrees from Illinois, he should not be discriminated against merely because of his Illinois connections. If anything, this should be an argument in his favor in the sense that we would prefer a member of the family and a person we know to an outsider."

In any case, I have found no evidence that political views have had anything to do with appointments or promotions in the Department of Economics or elsewhere in the College. In times of hot and cold wars, in which the Government of the United States is deeply involved, it is inevitable that some of the best men would come to us after a season of Government service. Such men would have worked for the Government as a patriotic contribution, regardless of what political party was in power. The economic and financial problems of the United States dominate the whole Western World. The technical assistance on these problems rendered by many of our staff members is to their credit. These men are as independent in their thinking, writing, and theorizing as are men in the field of chemistry, engineering, or agriculture. Nowhere have I found evidence of devotion to a particular dogma, theory, or person without reference to the merits of the case.

In view of Dean Bowen's special competence in economics and finance and of his intention to build up this basic area, it has sometimes been said that he is not paying sufficient attention to the professional aspects of education for business. I believe there is little substance to such complaints. We have a new curriculum in secretarial training; there is a proposal by Dean Bowen that finance be made a separate division of the Department of Economics in order to give better professional education for financial occupations; there are proposals for new professional curricula in statistics, insurance, advertising, and merchandising and there is a steady attention to improvements in the programs in accountancy, marketing, management, and industrial administration.

IV

Finally, what are the special troubles that center in the case of Professor Blodgett?

There is no need to repeat here the detailed notes presented in the Report of the Fact-finding Committee. The question is not one of academic freedom; it is not, at root, a matter of conflicting ideologies. We come rather to a discussion (a) of the quality of certain administrative judgments and (b) of the propriety of certain procedures. All these must be judged on their merits and in the light of the statement, unanimously accepted, "that the goal should be a distinguished department."

With respect to the case of Professor Blodgett, it is clear:

(1) That his academic freedom has not been impaired. (See the first part of my report.)

(2) That differences in ideology between him and administrative officers, if they exist, are not involved. (See the second part of my report.)

(3) That his responsibility for graduate teaching and research supervision had been reduced. (In view of the growth of the Department and of Professor Blodgett's major interest in textbooks and general economics, I would approve this change.)

(4) That his salary has not been adversely affected by recent events. (This is shown by the following facts:

	Professor Blodgett	
Academic Year	*Salary*	
1945	$5,000	
1946	5,000	(adjusted to $5,800, 2/27/47)
1947	7,000	
1948	7,250	
1949	7,500	
1950	7,800	(recommended by Dean Bowen)

Professor Blodgett's Florida offer apparently was slightly higher, but not significantly so in view of dislocation expenses and a possible loss in retirement funds.)

(5) That Professor Hagen probably erred in not sharing with the Executive Committee of the Department Professor Blodgett's first indication of an interest in going to the University of Florida.

The word, "probably," is used advisedly here, as no doubt it was in the Report of the Fact-finding Committee. Normally there would be another opportunity for discussion when the Florida offer was clarified. When, as the Report states, "on May 4, Blodgett informed Hagen that he had received a definite offer from Florida and that he had accepted it," there was, in fact, no need to go further. At that time, Professor Blodgett had entered into a contract with the University of Florida, as was his privilege. Hence the subsequent staff meeting, while of interest, was not of consequence in the matter of retaining Professor Blodgett. Professor Blodgett was already under contract to serve elsewhere. (That is precisely what is meant by "accepting an offer.") The motion in the staff meeting, therefore, must have been somewhat involved, for it included the taking of steps to keep Professor Blodgett and a "note of censure" for Professor Hagen. It lost by a vote of 25-19.

(6) That clarification is needed with respect to the duties of the chairman of a department. (The University Statutes say:

"(d) In each department organized with a chairman, there shall be an executive committee composed of men of the rank of assistant professor or above, elected annually by the voting members of the department. The chairman of the department shall be *ex-officio* a member and the chairman of this committee. The chairman and the executive committee shall be responsible for the preparation of the budget and for such matters as may be delegated to them by the voting faculty of the department. In a department which has a voting faculty of five members or fewer the executive committee shall consist of all persons of the rank of assistant professor or above.

"(e) In each department organized with a chairman, that officer shall be responsible for the formulation and execution of departmental policies and the execution of university and college policies in so far as they affect the department; he shall have power to act independently in such matters as are delegated to him by the executive committee; he shall report on the teaching and research of the department; he shall have general oversight of the work of students in the department; he shall collaborate with the executive committee in the preparation of the budget and be responsible for the expenditure of departmental funds for the purposes approved by the executive committee; he shall have general charge of departmental property; and he shall call and preside over all meetings of the department and of the executive committee. The chairman together with the executive committee shall be responsible for the organization of the work of the department, and for the quality and efficient progress of that work.

"(f) In the administration of his office the chairman shall recognize the individual responsibility of other members of the department for the discharge of the duties committed to them by their appointments, and shall allow proper scope to the ability and initiative of all members of the department.")

This means that the Chairman has genuine responsibilities, but their extent, like the powers of the executive committee, will vary with the actions of the voting faculty. In any case, I feel that Professor Hagen will need to study this matter, as will Dean Bowen, as an indicated move toward wholesome relations among all concerned.

I am unable to take seriously the implications concerning a choice of textbooks. Very likely I am revealing a prejudice in this regard. It occurs to me that no professor should insist upon having his textbooks adopted by other professors, or in any course in the department. I find no evidence that Professor Blodgett himself raised this question. A professor who writes a textbook is vulnerable with respect to any requirement that it be used in his classes or in the classes of his colleagues. Such decisions are, of course, best made by other persons.

V

It should be repeated that the real test of progress in the Department and the College will come from external sources. What is their position in the academic world with respect to instruction, research, and public service? Many persons have remarked upon the high quality of the instruction in economics. The research studies constitute a steady stream; they are impressive. Also, advanced students in economics are turning toward the University of Illinois. From Dr. Louis N. Ridenour, Dean of the Graduate College, I have secured the following data:

Fellowship Applications

Year	*University*	*Department of Economics*
1949	756	20
1950	1172 (55% increase)	78 (290% increase)

As Dean Ridenour says, "Graduating seniors usually follow the advice of their professors in deciding where to send their applications for graduate fellowships. The best institutions, and the best departments within those institutions, get the largest number of applicants."

The chief public service is in the education of young people at all levels from the first year of college to the doctorate. In addition, as noted above, various branches of the College of Commerce and Business Administration, as never before, are entering vigorously into programs that give immediate assistance to business and industry in Illinois.

In summary, I agree in principle with the final words of the Fact-finding Committee — Dean Bowen occupies the strategic position in amalgamating the diverse forces and points of view in the College, within a "framework of mutual trust and respect." To my way of thinking, the word, *mutual*, is important. It calls for a new attempt at understanding on the part of staff members who may have been disaffected, and for renewed attempts on the part of the Dean. Moreover, it calls for a further effort on the part of the Provost and myself to evaluate decisions and procedures in order that progress may be achieved in an atmosphere conducive to personal growth for everyone.

There is no growth without struggle and a certain amount of pain. The University of Illinois is a healthy, growing institution. It is young in years and still younger in its realization of the vast potentials of wealth and human resources given to the great State of which it is a part.

The University has a place of residence — indeed, several places. It tries to be a good neighbor in the local community, but it is not a local enterprise. Every farm, village, town, and city in Illinois has a stake in the University. As a community of teachers, researchers, and public workers, the University reaches out to meet standards unrelated to political boundaries. The study of atomic energy, for example, tends to ignore geography and to point our efforts to the future. For the University of Illinois, as I envisage it, backed by the Board of Trustees and leaders in the various branches of the State government, these standards must be of the highest. Our concern is with the talent and the promise of youth and we can do no less.
