**REPORT OF PROCEEDING FOR THE REVOCATION OF ILLINOIS CERTIFIED PUBLIC ACCOUNTANT CERTIFICATE NO. 1500 ISSUED TO MERVYN L. MCCARTHY**

The Committee on Accountancy of the University of Illinois has recommended that Illinois Certified Public Accountant Certificate No. 1500 issued by the Board of Trustees of the University of Illinois to Mervyn L. McCarthy on March 14, 1939, be revoked for causes on the basis of which the Certified Public Accountant Certificate issued to Mr. McCarthy in Colorado has been revoked by the Board of Accountancy in Colorado. The Committee on Accountancy has submitted a record of its proceedings in this matter. The record shows that it has offered Mr. McCarthy a hearing, but he has failed to appear.

The Legal Counsel recommends that prior to formal action by the Board of Trustees revoking this certificate, as a precautionary measure and to grant Mr. McCarthy his full rights, a letter be sent him by the Secretary of the Board offering him the opportunity of a hearing before the Board of Trustees at the next meeting.

The Secretary requests the instruction of the Board in this matter.

On motion of Mr. Megran, the Secretary was authorized to send Mr. McCarthy an official notice as recommended by the Legal Counsel.

The Executive Committee adjourned.

EXECUTIVE SESSION

When the Board convened an Executive Session was ordered to consider the following matters of business presented by committees of the Board of Trustees and by the President of the University.

WAGE RATES OF BUILDING SERVICE EMPLOYEES

Mr. Grange, for the Committee on Nonacademic Personnel, reported on a conference with Messrs. Donald E. Dickason, Director of Nonacademic Personnel, C. S. Havens, Director of the Physical Plant, and Russell N. Sullivan, Chairman of the Nonacademic Personnel Advisory Committee, regarding wage rates of building service employees (janitors).

Since 1948, with the approval of the Board of Trustees, the wage rates paid by the University to its building service employees at Urbana-Champaign have been tied to the rates established by the Building Managers Association of Chicago under its agreement with Local 25 of the Building Service Employees International, but without the requirement of all of the working conditions specified in that agreement. The rates paid by the University have been adjusted to take into account the benefits its employees receive which are not available to employees elsewhere. Consistent with this agreement, the University granted wage increases on October 1, 1952, and April 1, 1953; the next increase provided in that agreement becomes effective January 1, 1954. In the meantime, and following the increase effective April 1, 1953, the University, with the approval of the Board, notified Local 119 of its intention to re-negotiate the wages structure.

Local 119 has asked that the rates paid by the University continue to be related to the rates paid under the agreement between the Building Managers Association of Chicago and Local 25, and without requirement of all of the working conditions specified in that agreement. The University officers have recommended, and the Committee on Nonacademic Personnel concurs, that the University negotiate with Local 119 according to the following plan:

(a) Effective January 1, 1954, and continuing for one year thereafter, the wage rate for building service employees at Urbana-Champaign shall be $1.92 per hour, plus compensation for University recognized holidays;

(b) Working conditions of building service employees at Urbana-Champaign shall be those currently specified in the Building Managers Association—Local 25 contract as they relate to work schedules; and that

(c) The policy of relating the wages of this group to the Building Managers Association agreement be terminated.

Mr. Grange stated that these negotiations are being conducted by the Director of Nonacademic Personnel, and that while no action by the Board is required at this time he desires to secure its advice.

Following full discussion, the Board assented to the principles of these negotiations.

REPORT OF THE SPECIAL COMMITTEE ON NEGOTIATIONS WITH THE WESLEY FOUNDATION

Mr. Megran, Chairman of the Special Committee appointed by the Board at its meeting on November 20, 1953, to continue negotiations with representatives of the Wesley Foundation at the University of Illinois for the acquisition of property in the block bounded by Green Street, Goodwin Avenue, Illinois Street, and Mathews Avenue in the city of Urbana, Illinois, which the University desires to purchase from the Foundation, made a report covering the latest negotiations, and presented to the Board of Trustees a formal written offer from the representatives of the Foundation. (This offer has been filed with the Secretary of the Board for record.) The offer contemplates the sale and conveyance by the Foundation to the University of all of the portions of the property situated in that block south of a line located 75 feet south of and parallel to the east and west center line of the block which are now owned by the Foundation in consideration of (a) the conveyance by the University to the Foundation of all land situated north of said line now owned by the University; (b) the removal by the Univer-
sity, at its expense, by August 15, 1954, of all buildings and material thereof above the normal ground level from said latter land and the restoration of the surface thereof (all building foundations to be removed to a depth of at least one foot below the finished surface of said tract); (c) the establishment, at the University's expense, by a competent licensed surveyor of said boundary line situated 75 feet south of and parallel to the east and west center line of the block and its adequate monumentation to the satisfaction of both parties; (d) the assumption by the University of all unpaid assessments upon the property to be conveyed by the Foundation to it which become payable after the date of acceptance of the offer; (e) the payment by the University to the Foundation of the sum of $117,500; and (f) the erection by the University, at its expense, within ten days of the date of transfer and sale of the properties of a suitable fence of a temporary character on said joint boundary line, which fence may consist of cedar posts at not more than 16-foot intervals and three strands of wire or their equivalent. The offer contemplates the waiver by the Foundation of all claims for unpaid rent, up to the date of said transfer and sale, upon the property of the Foundation which the University has been and is occupying if the sale is consummated by January 30, 1954, but with the proviso that if not effected by that date, the University shall pay $300 per month for the use of said property subsequent to that date and until the sale and transfer has been effected, and also contemplates that the necessary deeds be executed and delivered upon tender of said purchase price by the University to the Foundation and completion of the necessary legal details. The offer further provides that the conveyance to the University by the Foundation of a tract located in the southwest corner of said block and designated as "Parcel A" upon a diagram or plat attached to the written offer, is to be subject to an existing lease covering the same which expires on June 30, 1954, and that the rent becoming due and payable under said lease be pro-rated between the parties as of the date of the transfer and sale.

After Mr. Megran and the other members of the Special Committee commented upon the negotiations and the offer, the Committee recommended acceptance of the offer by the Board of Trustees.

Following full discussion, in which all members of the Board participated, Mr. Johnston moved that the Board accept the Wesley Foundation's offer upon the conditions and terms stated therein, but subject to the following additional conditions, viz:

(a) That both the Wesley Foundation and the University enter into an agreement to the effect that neither will erect nor maintain any building or other structure within fifteen feet either immediately north or south of the above mentioned boundary line located 75 feet south of and running parallel with the east and west center line of said block;

(b) That the legal descriptions of the property to be conveyed by the Foundation to the University, and that to be conveyed by the University to the Foundation, be ascertained and included in the deeds and that said legal descriptions and the title to the property to be conveyed by the Foundation to the University be acceptable to and approved by the University Legal Counsel, and the legal description and title to the property to be conveyed by the University to the Foundation be acceptable to and approved by the attorney for the latter;

(c) That all deeds, agreements, and other documents and papers used or executed in consummating this transaction be approved by the University's Legal Counsel;

and further moved that the Acting Comptroller and the Secretary of the Board be authorized to execute in behalf of the University all
deeds and other documents and papers to be executed by the University, after they have been approved by the University Legal Counsel, in connection with this transaction.

Mr. Bissell then moved that an assignment of $125,000, or so much thereof as may be necessary, be made for the purchase of said property and for expenses incidental to this transaction, $56,650 to be assigned from the state appropriation for land acquisitions and $68,350 to be appropriated from the General Reserve Fund.

The foregoing motions having been discussed and presented as a single action, and the question being called for, the motions were passed by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Hickman, Mr. Johnston, Mr. Livingston, Mr. Megran, and Mr. Nickell; no, Mr. Herrick; not voting, Mrs. Holt and Mrs. Watkins; absent, Governor Stratton.

BUSINESS PRESENTED BY THE ACTING PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the Acting President of the University.

APPROPRIATION FOR PREVAILING AND RELATED NEGOTIATED WAGE RATE INCREASES

(1) The University has long recognized that it must continue to pay the prevailing rates when such rates can be determined in the locality. (Nonacademic Policy and Rules III-1.)

It has also recognized the necessity that rates paid for nonprevailing nonacademic personnel must be established on the same principle of paying a rate comparable to that paid within the community for similar work (Nonacademic Policy and Rules III-4) and an adequate differential be established for increased responsibilities above such levels.

As a general policy, increases for the nonacademic employees and the academic staff should be on a comparable basis. It is therefore recommended that the funds budgeted for prevailing and related negotiated rate groups should not exceed, on a percentage basis, those available for the academic staff and other nonacademic employees. It is further recommended that expenditures for prevailing rate increases shall be made within the total funds thus made available, and in the event such increases exceed these funds, employees be laid off to the extent necessary.

The budget requested for the biennium 1953-1955, as presented to the Budgetary Commission, included funds for anticipated increases during the biennium for employees in the prevailing wage groups in the amount of $800,000. In addition funds were requested to carry forward, through the biennium, increases approved in 1951-1953 but for which funds had been available for only a part of this biennium. The amount requested to meet such increases was $400,000. Hence, total funds requested for the prevailing wage increases for the biennium 1953-1955 were $1,200,000.

It is history that the University did not receive any of this money. In preparing the 1953-1954 budget, the Physical Plant Department curtailed its program of maintenance and reduced its staff to absorb the deficit of $200,000 ($400,000 on a biennial basis). The Board of Trustees also appropriated $45,500 for additional increases which had been approved, effective July 1, 1953. In making this appropriation, the Board of Trustees approved a report of the Board Committee on Nonacademic Personnel which said, "The Committee believes that the policy of paying the prevailing wage rates should be maintained... An effort will be made to provide from the General Reserve Fund additions if funds materialize, but no commitment can be made at this time."
Although the cost of living index is comparably stable, there will be some further increases in the rates of pay in the prevailing rate groups during 1953-1955. On the basis of experience and present trends, the Director of Nonacademic Personnel has estimated that the level of pay in prevailing wage groups, on an annual basis, may increase as much as $275,000 in 1953-1954 and an additional $275,000 in 1954-1955.

The following procedures for financing prevailing rate increases in the 1953-1955 biennium are recommended by University officers concerned:

(a) It is recommended that a sum of five per cent, which was the amount used for salary adjustments for 1953-1954 for academic and nonprevailing non-academic salary increases, be set aside for the purpose of meeting increases in prevailing wage and negotiated rates. This will mean a sum of approximately $175,000 per year or $350,000 for the biennium. (Since $45,500 has already been appropriated, this means an additional sum of $129,500 will be required in 1953-1954.)

(b) It is further recommended that when the sum thus set aside is exhausted, future increases in prevailing and related negotiated wage rates be met by reduction in personnel to the extent necessary to meet the increased rates within existing budgets. (Such reductions will be made in the nonacademic prevailing and negotiated wage groups but not necessarily in the group negotiating for an increase.)

(c) It is also recommended that the sum thus set aside be used to meet the increased rates on a cash basis. This means that if the increases on an annual basis are, in effect, on the average of one and one-half years during the biennium, the annual budget totals will be increased by approximately $233,000. Since the funds recommended to meet these increases are nonrecurring in nature, on the basis of the above assumption, an additional sum of $466,000 will be necessary in the 1955-1957 biennial budget, in order to maintain the levels of pay reached under this policy.

(d) If any funds are applied to further adjustments to the academic and nonprevailing nonacademic personnel in 1954-1955, comparable provisions on a percentage basis should be made for the prevailing and negotiated wage groups.

The Director of Nonacademic Personnel, the Director of the Physical Plant, and the Acting Comptroller recommend that (a) the above policy be approved and (b) an appropriation of $129,500 from the General Reserve be made.

I concur.

On motion of Mr. Johnston, this was referred to the Committee on Nonacademic Personnel for consideration and recommendation to the Executive Committee for final action.

PATENTABLE DISCOVERIES

(2) The University Patent Committee submits the following reports and recommendations:

Jozef Cohen, Associate Professor of Psychology, has designed a camera and projector for panoramic photography. After thorough investigation of the possible relationship of the invention to the inventor's University services, the Committee finds that no University resources or facilities were used in conceiving and developing his invention and that all of the work on it was done on his own time. Hence, the University has no claim to the invention and the Committee recommends its release to Mr. Cohen.

Harold D. Webb, Associate Professor of Electrical Engineering, and R. L. Sydnor, former Assistant in that Department, report the development of a method for the transformation of automatic bearing indications to Watson-Watt bearing indications. This is a result of research being done by the Department of Electrical Engineering under a contract with the Office of Naval Research. In view of this, and the fact that the invention is primarily of importance to the Armed Forces, the Committee recommends that all rights to the method be released to the United States Navy.
Ellen Ridley, former Research Assistant in the College of Medicine, reports the development of a process for extraction of cholinesterase, a laboratory biochemical method for the extraction of cholinesterase from human red blood corpuscles. After careful investigation of the conditions under which this process was developed, the Committee has reached the conclusion that it is doubtful that this is a patentable invention and it is even more doubtful that it would be of any value to the University. Hence, the Committee recommends that it be released to Miss Ridley.

I concur in these recommendations.

On motion of Mr. Bissell, these recommendations were approved.

STAFF AGREEMENTS WITH ATOMIC ENERGY COMMISSION LABORATORIES

(3) From time to time, it is desirable for University staff members to work within the organized laboratories of the Atomic Energy Commission, such as Argonne, Brookhaven, and Los Alamos, and to have access to unpublished information relative to the work of AEC. In these situations, AEC requests the staff member to sign a contract specifically setting forth the terms under which this work is carried on. The University is requested to authorize the execution of such a contract, although not formally becoming a party thereto. The patent provisions of such contracts may be summarized as follows:

“For any invention or discovery arising out of access to the facilities and/or unpublished information of the Laboratory and pertaining to the work of the Laboratory, during the period of this agreement, the Atomic Energy Commission shall have the sole power to determine whether or not a patent application shall be filed and to determine the disposition of the title to the rights under any application or patents that may result.”

The University Patent Committee has investigated and has found that generally it is the opinion of University staff involved that such participation in the research program of AEC is of value to the staff member. Thus, the University gains and such associations may contribute to national security.

It is recognized that AEC will have sole rights as to the disposition of any inventions resulting from the research pertaining to the work of the Laboratory. Thus, AEC may assume jurisdiction in a very broad area in which work being carried on at the University with the use of University resources and facilities may be involved. Under standard University policy, title to any inventions and patents developed at the University would normally be vested in the University. Thus, the above recommendation waives the rights that would accrue to the University in such inventions. However, the Committee is of the opinion that the possibility of a conflict of interests is remote and recommends that the execution of contracts containing substantially the provision set forth above, be authorized by the Board of Trustees.

I concur and request approval.

On motion of Mr. Herrick, authorization was given as requested.

APPOINTMENTS TO THE FACULTY

(5) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.
I. ALICE GONNERMAN, Assistant Professor and Acting Head of the Department of Medical Social Work, College of Medicine, beginning November 1, 1953, at an annual salary of $5,500 (DY).

2. STEVENSON MOORE, III, Assistant Professor of Entomology Extension, Extension Service in Agriculture and Home Economics, beginning December 1, 1953, at an annual salary of $6,000 (BY).

On motion of Mr. Nickell, these appointments were confirmed.

COLLEGE OF PHARMACY ADVISORY COMMITTEE

(6) The Dean of the College of Pharmacy reports that Mr. Ned O. Haney, Macomb, Illinois, has resigned from the College Advisory Committee. The Dean recommends the appointment of Mr. Oscar Hodel, Rockford, Illinois, to fill this vacancy for the unexpired term which ends June 30, 1957.

I concur.

On motion of Mr. Bissell, this appointment was approved.

CHANGE IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF MEDICINE

(7) The University Senate recommends that physical chemistry be discontinued as one of the specified subject requirements for admission to the College of Medicine. The recommendation was initiated by the Committee on Admissions to the College of Medicine and was unanimously approved by the Executive Faculty of the College.

The reasons for the change are (a) the University of Illinois College of Medicine is now one of only four medical schools in the United States which requires physical chemistry for admission, and (b) the courses in biochemistry and physiology given in the College of Medicine include certain phases of physical chemistry principles.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

CHANGE IN ORGANIZATION OF THE DEPARTMENT OF ARCHITECTURE

(8) The Dean of the College of Fine and Applied Arts reports, with his concurrence, that members of the faculty of the Department of Architecture, now organized with a head, have voted to recommend a change to a department organized with a chairman. It is proposed that this change be made at the beginning of the second semester.

I recommend approval, this change to become effective February 1, 1954.

On motion of Mrs. Holt, this change in organization of the Department of Architecture was approved.

FEES FOR EXAMINATIONS IN HIGH SCHOOL AND COLLEGE SUBJECTS

(9) The Director of Admissions and Records and the Acting Comptroller recommend that the following fees be established for examinations in high school and college subjects given by the University as a service to the Board of Law Examiners, these fees to become effective for the March, 1954, examinations:

<table>
<thead>
<tr>
<th>High School Subjects</th>
<th>College Subjects</th>

<td>4 or 5 hours credit examinations... 6 00</td>
</tr>
<tr>
<td>½ unit examinations ............. 2 50</td>
<td></td>
</tr>
</tbody>
</table>

The fees are charged to cover the cost of giving the examinations and will replace the present schedule.

I concur.

On motion of Mr. Nickell, the schedule of fees was approved.
AGREEMENT FOR COOPERATIVE NUCLEAR RESEARCH

The Dean of the College of Engineering, the Provost, and the Acting Comptroller recommend that the University enter into an agreement with six other midwestern universities (Minnesota, Wisconsin, Michigan, Indiana, Iowa, and Iowa State College) for the purpose of organizing a not-for-profit corporation. This corporation would be governed by a board of directors elected by individual members of the corporation appointed by each institution and would raise money through contracts with the Atomic Energy Commission or other agencies for the construction and operation of a cosmotron.

A multi-billion volt strong-focusing accelerator, or cosmotron, is needed for research in the particles produced by cosmic rays. These elusive particles exist for such a short time that detection requires the most skillful experimental technique and high-speed electronics. To study these newest materials for nuclear research, a six-billion volt cosmotron has been built in California. The Brookhaven National Laboratory on the East Coast also has a three-billion volt cosmotron and is now developing a thirty-billion volt machine under the sponsorship of the Atomic Energy Commission. In Europe, a group of western nations has been furnishing money for the construction of a twenty- to thirty-billion volt machine.

In the Midwest, it is recognized that the accelerator is too big a project for any one university, but by forming an association a large amount of talent would be available for the creation of the equipment and, above all, for the eventual use by physicists and students from all the associated universities. In the spring of 1953 efforts were made to start a group of physicists actually working on the problems which must be solved, and physicists from the midwest universities were invited to spend three weeks at Brookhaven to learn the necessary background. Twelve physicists, including one from the University of Illinois, went there for the three weeks and then reassembled later in the summer at the University of Wisconsin for another three weeks. This working group got into the problems involved and it is continuing throughout the academic year with some participants spending part time and one or two spending nearly all their time on the accelerator.

Preliminary meetings of scientists and business officers of the cooperating universities have been held, and a draft of the proposed agreement has been prepared by the Legal Counsel and the Acting Comptroller. Each university agrees to contribute $10,000 for organizational expenses, negotiation of contracts, and working capital. This will constitute their sole financial liability.

I recommend that:

(a) The Board approve University of Illinois participation in a not-for-profit corporation for nuclear research and that the Secretary and the Acting Comptroller be authorized to execute the necessary documents, when approved by the Legal Counsel, to implement this program;

(b) $10,000 be appropriated from the General Reserve as the University’s contribution to this project;

(c) Professor P. G. Kruger of the Department of Physics and Acting Comptroller H. O. Farber be designated as the official representatives on the Organization Committee.

On motion of Mr. Johnston, these recommendations were approved and an appropriation of $10,000, or so much as may be necessary, was made from the General Reserve Fund for this project by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

RENEWAL OF LEASE OF PROPERTY AT 704 SOUTH SIXTH STREET, CHAMPAIGN

The Director of the Physical Plant and the Acting Comptroller recommend that the property at 704 South Sixth Street, Champaign, be leased until September 1, 1956, for the continued use by the Institute of Labor and Industrial Relations.
The entire second floor (approximately 5,500 square feet) was leased for the period from September 1, 1948, to September 1, 1953, at a rental rate of $408.33 a month. In addition, the University assumed all operation and maintenance costs. The Institute of Labor and Industrial Relations has continued to occupy this space since September 1, 1953, on a month-to-month basis with the same rental payments. The owner, Mr. W. B. Hayes, has since agreed to extend the lease until September 1, 1956, with the same terms and rental rate.

No University space is presently available to permit the permanent relocation of this function. In view of the remodeling and moving costs, it is not financially desirable to move the Institute into other temporary quarters. The University invested approximately $19,000 in remodeling this space, and therefore continued use of it for a reasonable period is desirable. As the proposed period will extend beyond the biennium, the lease with Mr. Hayes will be executed by the Foundation and the University will then enter into a lease with the Foundation. Funds are available in the appropriations for the Physical Plant Department for these expenditures.

I concur.

On motion of Mrs. Holt, renewal of this lease was authorized.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(12) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Department of Theoretical and Applied Mechanics, remodeling......$ 3 100
2. School of Music, replacement of pianos.............................. 8 100
3. Alumni Association, improvement of alumni records................ 5 000
4. Department of Psychiatry, Chicago Professional Colleges, ventilating, air conditioning, and sound proofing the sound cinema rooms...... 6 900

Total..........................................................$23 100

I recommend that appropriations for items 1 to 3 be made from the General Reserve Fund and that an assignment for item 4 be made from funds appropriated for remodeling at the Chicago Professional Colleges.

On motion of Mr. Herrick, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

**APPROPRIATION FOR GRADUATE FELLOWSHIPS FOR 1954-1955**

(13) It is necessary that the funds the University has available for graduate fellowships for 1954-1955 be committed at this time so that fellowship awards can be made and announced by April 1, 1954. Accordingly on request of the Dean of the Graduate College, I recommend that an appropriation of $150,000 be made for the year 1954-1955 for such fellowships, $132,000 to be assigned for fellowships for graduate study at Urbana-Champaign and $18,000 for fellowships at the Chicago Professional Colleges.

Provision is included in the budget for 1953-1954 for this purpose but funds have not been specifically appropriated.

On motion of Mrs. Watkins, this allocation of funds was approved and appointments to graduate fellowships for 1954-1955 within the total allocation were authorized by the following vote: Aye, Mr. Bissell, Mr. Grange, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Stratton.

**INVESTMENT OF CHICAGO HOUSING REVENUE BOND FUNDS**

(14) The plan for financing the construction of housing projects for the Chicago Professional Colleges through a revenue bond issue includes the following provisions:
Rentals and fees collected shall be deposited in a "Revenue Bond Account" and later transferred to other operating and bond redemption accounts as needed or available.

Funds in this account may be invested in United States securities.

The rentals and fees are collected at the beginning of each quarter and are disbursed for the operation and the maintenance of the properties and for the payment of debt service throughout the quarter. There is a sizable balance on hand at the beginning of the quarter in the "Revenue Bond Account" which diminishes throughout the period and could be invested in short-term, easily liquidated investments. The bond resolution authorizes the investment of these funds in United States securities.

The Acting Comptroller recommends that authority be given the Business Manager of the Chicago Colleges to invest and reinvest such funds in United States Treasury Bills, which can be purchased from, and sold to, the First National Bank of Chicago on short notice as the cash requirements of the fund demand.

I concur and recommend approval.

On motion of Mr. Grange, this recommendation was approved.

It was established by the ensuing discussion that it was the consensus of the Board that it would not be advisable for the University to undertake any further research upon Krebiozen of the nature contemplated by the proposed recommendations and Mr. Lesemann was advised that he should so inform the members of the Commission.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the Acting President of the University.

APPOINTMENT OF GRANVILLE A. BENNETT AS DEAN OF THE COLLEGE OF MEDICINE

(1) I recommend the appointment of Dr. Granville A. Bennett, now Professor and Head of the Department of Pathology and Pathologist-in-Chief of the Research and Educational Hospitals, as Dean of the College of Medicine, effective not later than May 1, 1954, or prior thereto if it is feasible to make the change earlier, and continuing until September 1, 1955, and Professor of Pathology on indefinite tenure, at a total salary of $18,000 a year on Y basis.

The appointment as Dean on limited tenure is consistent with the statutory provision that the dean of a college shall be appointed biennially, and such appointments usually conform to the fiscal biennium. After September 1, 1955, Dr. Bennett’s appointment as Dean will be on a biennial basis.

The deanship of the College of Medicine became vacant in January, 1953, when Dean Stanley W. Olson resigned to join the faculty of Baylor University Medical School. In the meantime, Dr. Roger A. Harvey, Professor and Head of the Department of Radiology and Radiologist-in-Chief of the Research and Educational Hospitals, has been serving as Dean. The appointment of Dr. Bennett is recommended by a special committee on the deanship and is unanimously concurred in by the Executive Committee of the College and by the Provost.

On motion of Mrs. Watkins, this appointment was enthusiastically approved.

On motion of Mr. Megran, the Secretary was requested to express to Dr. Roger A. Harvey the Board’s appreciation of his services as Acting Dean of the College of Medicine from January 1, 1953, to May 1, 1954.

APPOINTMENT OF JOSEPH R. SMILEY AS DEAN OF THE COLLEGE OF LIBERAL ARTS AND SCIENCES

(2) I recommend the appointment of Professor Joseph R. Smiley, now Head of the Department of French, as Dean of the College of Liberal Arts and Sciences, effective March 1, 1954, or as soon thereafter as it is feasible for him to take office, and continuing until September 1, 1955, and as Professor of French on indefinite tenure, at a total salary of $15,000 a year on Y basis. The appointment as Dean on limited tenure is consistent with the statutory provision that the dean of a college shall be appointed biennially, and such appointments usually conform with the fiscal biennium.

The deanship of the College of Liberal Arts and Sciences became vacant on October 1, 1953, when Dean Henning Larsen was appointed Provost of the University. In the meantime, the Executive Committee of the College, under the chairmanship of Professor John C. Bailar of the Department of Chemistry and Chemical Engineering, has been administering the College. The appointment of Professor Smiley is recommended by a special search committee and this nomination is presented after consultation with the Executive Committee of the College in keeping with the provisions of the University Statutes.

Professor Smiley was granted sabbatical leave of absence for the academic year 1953-1954 for study and travel abroad. He will be available for service as Dean not later than June 1, 1954, and has indicated his willingness to terminate his leave and return earlier if that is desired. Since I do not wish to interfere with
his program of study, I am leaving the decision to him and, therefore, am recom-
mending that the effective date be between March 1 and June 1, 1954, whenever
he is able to assume the duties.

On motion of Mr. Bissell, this appointment was enthusiastically
approved.

On motion of Mr. Bissell, the Secretary was requested to express to
Dr. John C. Bailar the Board's appreciation of his services as Acting
Chairman of the Executive Committee of the College of Liberal Arts
and Sciences and in administering the College from October 1, 1953, to
March 1, 1954.

APPOINTMENT OF PROFESSOR ALAN K. LAING AS CHAIRMAN
OF THE DEPARTMENT OF ARCHITECTURE

(3) Professor Turpin C. Bannister has asked to be relieved of his duties as
Head of the Department of Architecture effective at the end of the first semester
of 1953-1954. The Dean of the College of Fine and Applied Arts recommends
approval.

The Board of Trustees on December 16, 1953, approved a change in the
administrative organization of the Department of Architecture from a department
with a head to a department organized with a chairman. After consultation with
the Executive Committee of the Department, the Dean of the College now
recommends the appointment of Professor Alan K. Laing as Chairman of the
Department of Architecture beginning February 1, 1954, and continuing to Sep-
tember 1, 1955, at a total salary of $9,800 an academic year. Professor Laing
will also continue as Professor of the History of Architecture on indefinite
tenure. The appointment as chairman on limited tenure is consistent with the
provision of the University Statutes that the chairman of a department shall be
appointed biennially and such appointments usually coincide with the fiscal
biennium.

I concur in these recommendations.

On motion of Mr. Herrick, these recommendations were approved.

CHANGE IN STATUS OF QUINCY HOWE

(4) Mr. Quincy Howe, Associate Professor of Journalism and Communications
and News Analyst for the Radio Station, who has been a member of the faculty
since September 1, 1950, has submitted his resignation, effective June 30, 1954, to
accept a position with the American Broadcasting Company where he will be
under contract for his exclusive radio and television services. In the meantime, he
has asked that he be relieved of his duties as News Analyst beginning January 1,
1954, so that he may deliver five news broadcasts a week for the American
Broadcasting Company. These news shows will originate in Champaign so that he
will be able to continue his teaching duties for the remainder of the academic year.

I have accepted his resignation effective June 30, 1954, and have approved a
change in his status, as requested, effective January 1, 1954, and his appointment
as News Analyst on 40 per cent time is discontinued. His status will be Associate
Professor of Journalism and Communications on 60 per cent time, with cor-
responding adjustment in his salary.

RESIGNATION OF R. B. HUDSON

(5) Mr. Robert B. Hudson, Associate Professor of Journalism and Communica-
tions and Director of University Broadcasting, who has been a member of the
University faculty since October, 1949, has submitted his resignation, effective
January 31, 1954, to accept a position as general coordinator of programs for
the Educational Television and Radio Center, the organization recently established
to assist noncommercial educational television and radio stations to develop,
exchange, and otherwise to acquire program materials appropriate to their needs.

I have accepted this resignation.

On motion of Mr. Herrick, the resignations of Professors Howe
and Hudson were accepted with regret.
SALE OF TEMPORARY HOUSING UNITS

(6) To clear the area bounded by Pennsylvania Avenue, Maryland Drive, Florida Avenue, and the east line of Mt. Hope Cemetery of fifty temporary family building units (part of Illini Village) preparatory to the construction of the new Veterinary Clinic Building, bids have been received on the sale and removal of up to forty-six of the units. The bids were taken on the basis that all traces of buildings above grade shall be removed from the premises, buildings shall not be relocated within the city limits of Champaign and Urbana, and they shall not be reused for permanent housing.

The Director of the Physical Plant and the Acting Comptroller recommend the sale of thirty-one of these units to the following seven highest bidders:

The Director of the Physical Plant and the Acting Comptroller also recommend that fifteen one-bedroom units of the remaining nineteen be offered for sale at a price of $50 each to buyers willing to meet the conditions of sale applicable to the first thirty-one units, except that future buyers will be given sixty days from date of sale for removal of the units. In each case a $50 cash or certified check deposit will be required to insure compliance with these conditions.
The four remaining units adjacent to Pennsylvania Avenue will be retained for the use of contractors on the Veterinary Medicine Clinic Building until that building is completed in order to obviate the cost of providing such facilities by the contractors and will then be offered for sale or otherwise disposed of.

I recommend approval of the sale of the thirty-one units at the prices indicated in each case and that the sale of the remaining fifteen units at a price of $70 each be authorized.

On motion of Mrs. Holt, these recommendations were approved.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(7) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Department of Botany, purchase of forty microscopes ........................................ $ 3,600
2. Department of Botany, purchase and installation of fume hood in Photosynthesis Laboratory .................................. 2,850
3. University Library, remodeling to provide for a periodical reading section .................................................. 6,900

Total .......................................................................................... $12,350

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megram, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

PURCHASE OF H. G. WELLS COLLECTION

(8) The University of Illinois has an opportunity to acquire an unusual collection of literary papers— the archives of the late H. G. Wells (Herbert George Wells, 1866-1946), one of the foremost literary men of our times and a distinguished novelist, historian, scientist, writer, and sociologist. The collection consists of major manuscripts, including a complete unpublished novel, family correspondence, important groups of autographed letters, manuscripts and corrected typescripts of stories and articles, the Wells file set of his own works (many revised or inscribed), and miscellaneous documents. A complete list of the items in this collection is being filed with the Secretary of the Board for record.

The executors of the estate of H. G. Wells have agreed to sell this collection to the University of Illinois for $40,000 under a contract which includes a provision that if any additional papers and other materials, which are presently being retained by the executors, are put on the market the University will have the first opportunity to purchase the same. The contract also provides that if the University publishes any of the materials in the collection it shall pay the estate of H. G. Wells 15 per cent of the net royalties accruing from the proceeds of such publications, but this does not apply to the use of any of the collection in research publications by the University. The other provisions in the contract do not call for any special consideration by the Board of Trustees.

The Director of the Library recommends this purchase. The University of Illinois Foundation has agreed to contribute $12,000, leaving $28,000 to be provided by the University. The University Library will assign $11,000 from its current funds for new acquisitions and the University Research Board will assign $9,500 from Graduate College research funds. The Committee on Nonrecurring Appropriations recommends that the remainder ($7,500) be provided from general University funds.

I recommend that an appropriation of $7,500 be made from the General Reserve, that the purchase of the collection be authorized at this time, and that the Acting Comptroller and the Secretary of the Board be authorized to execute a contract with the executors of the estate of H. G. Wells and any other documents necessary to consummate the acquisition of this collection.

On motion of Mrs. Watkins, this appropriation was made and authority was given as recommended by the following vote: Aye, Mr.
Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

APPROPRIATION FOR EXPERIMENTAL SPORTS FITNESS SUMMER DAY SCHOOL

(9) The Director of the School of Physical Education requests an appropriation of $4,200 for the Experimental Sports Fitness Summer Day School. This program has been conducted during the last three years from nonrecurring funds provided in the budget, but such funds are not available this year. The School provides instruction in aquatics, gymnastics, track and field sports, and outdoor games for boys of ages seven through fifteen. Through the testing program the School of Physical Education has been able to obtain research data which is not available elsewhere. A tuition fee of $50 a person will be charged. The estimated enrollment is eighty students, so that most of the expenditures will be recovered.

I concur and recommend that an appropriation of $3,950 for salaries and $350 for expense and equipment, or a total of $4,200, be made to the School of Physical Education for this purpose.

On motion of Mr. Herrick, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

CONTRACT FOR ARCHITECTURAL SERVICES AT CHICAGO PROFESSIONAL COLLEGES

(10) The Director of the Physical Plant and the Acting Comptroller recommend award of a contract to Pace Associates, Chicago, for architectural services and the preparation of working drawings for remodeling in the Research and Educational Hospitals and in the Dentistry-Medicine-Pharmacy Building. Charges for services under this contract will be based on actual time payments to the staff of Pace Associates at the following rates:

<table>
<thead>
<tr>
<th>Position</th>
<th>Rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Architect-Planner</td>
<td>$6.00 an hour</td>
</tr>
<tr>
<td>Senior Architectural Draftsman</td>
<td>$3.00 to $3.50 an hour</td>
</tr>
<tr>
<td>Structural Engineering Designer</td>
<td>$3.50 to $4.50 an hour</td>
</tr>
<tr>
<td>Mechanical Engineering Designer</td>
<td></td>
</tr>
<tr>
<td>Electrical Engineering Designer</td>
<td>$3.50 to $4.50 an hour</td>
</tr>
<tr>
<td>Chief Mechanical Engineer</td>
<td>$5.00 an hour</td>
</tr>
<tr>
<td>Senior Engineering Draftsman</td>
<td>$2.50 to $3.50 an hour</td>
</tr>
</tbody>
</table>

To these charges will be added 100 per cent for overhead costs. The contract will stipulate that the total charges will not exceed $45,000 without prior approval by the University.

The terms of this contract are on the same basis as contracts previously awarded by the Board of Trustees to Pace Associates on February 23 and October 22, 1953, for architectural services in connection with preliminary studies of allocation of space in the Dentistry-Medicine-Pharmacy Building and in the Research and Educational Hospitals. Funds are available in the Revenue Bond Construction Account for work to be done on the East Dentistry-Medicine-Pharmacy Building and in a reassignment of $110,683.76 made by the Board of Trustees on November 20, 1953, for remodeling in the original Dentistry-Medicine-Pharmacy Building and in the Research and Educational Hospitals.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

GRANT OF RIGHT-OF-WAY ACROSS CARTER-PENNELL FARMS TO CENTRAL ILLINOIS SERVICE COMPANY

(11) The Central Illinois Public Service Company has requested permission to construct an electrical transmission line across the north Carter-Pennell farm in Vermilion County. The Company will pay the standard rate for the right-of-way, which in this case will amount to $2,000. The Dean of the College of Agriculture,
the Legal Counsel, and the Acting Comptroller have reviewed this proposal and recommend its acceptance.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute the necessary documents. The legal description of the right-of-way grant has been filed with the Secretary of the Board for record and will be included in the necessary documents.

On motion of Mr. Nickell, this right-of-way was granted and authority was given as recommended by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**EASEMENT ON ELIZABETHTOWN EXPERIMENT FARM**

(12) The Southeastern Illinois Electric Cooperative, Inc., requests an easement to construct an electric transmission line along the roadway adjacent to the University's experiment farm at Elizabethtown. Since this will not interfere with the use of the land, the Dean of the College of Agriculture, the Acting Comptroller, and the Legal Counsel recommend that the easement be granted without the usual charge.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Nickell, this easement was granted and authority was given as recommended by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**PURCHASES**

(13) The Director of Purchases has proposed and the Acting Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

APPOINTMENTS TO THE FACULTY

(16) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. NICHOLAS JOHN JR., COTSONAS, Assistant Professor of Medicine, beginning December 1, 1953, at an annual salary of $8,450 (DY).

2. RICHARD H. HAGEMAN, Assistant Professor of Agronomy, in the Agricultural Experiment Station, beginning February 1, 1954, at an annual salary of $6,000 (DY).

On motion of Mr. Nickell, these appointments were confirmed.

RESIGNATION OF DR. CARL C. PFIEFFER

(17) Dr. Carl C. Pfeiffer, Professor and Head of the Department of Pharmacology, has submitted his resignation effective August 31, 1954, to accept the chairmanship of the Department of Pharmacology at Emory University College of Medicine.

On motion of Mr. Nickell, this resignation was accepted.

REVOCATION OF ILLINOIS CERTIFIED PUBLIC ACCOUNTANT CERTIFICATE NO. 1500 ISSUED TO MERVYN L. MCCARTHY

(18) The Committee on Accountancy of the University of Illinois has recommended that Illinois Certified Public Accountant Certificate No. 1500 issued by the Board of Trustees of the University of Illinois to Mervyn L. McCarthy on March 14, 1930, be revoked for good and sufficient cause on the basis of which the Certified Public Accountant Certificate issued to him in Colorado has been revoked by the Board of Accountancy of that state in which he resides and was engaged in the practice of public accounting. The University of Illinois Committee, having before it a report from the Colorado Board informing it of the revocation of his Colorado certificate and the basis therefor, notified him, by registered mail, that his Illinois certificate would be revoked also unless he appeared at a hearing offered him by it to show cause why this action should not be taken. Although receipt of that notice was acknowledged by return receipt, he did not communicate with the Committee and did not appear at the hearing on the date set therefor.

With the approval of the Executive Committee of the Board of Trustees, the Secretary of the Board then informed Mr. McCarthy of the resulting recommendation of the Committee on Accountancy of the University that his certificate be revoked, and notified him that in the absence of receipt within twenty days thereafter by the Secretary of written objections from him to the revocation of his certificate and a request for a hearing before the Board of Trustees, it would be assumed that he would not contest the revocation of his Illinois certificate and did not desire to be heard by the Board of Trustees relative to the same. Receipt by him of this notice, which was sent by registered mail, is evidenced by the return receipt therefor, but, although the twenty-day period has long since expired, no objections to the revocation of his Illinois certificate or request for a hearing by the Board of Trustees, or any other communication, has been received from him.

A record of the proceedings of the Committee on Accountancy of the University of Illinois in connection with this matter, and its recommendation for the revocation of his Illinois Certificate is submitted herewith, to be filed with the
Secretary of the Board as a part of the record of today's meeting. This record shows good and sufficient cause for the action taken by the Board of Accountancy of Colorado in revoking the certificate issued to Mr. McCarthy by that state and the same cause impels the University Committee to recommend that the Board of Trustees of the University also revoke his Illinois certificate for the same cause.

On motion of Mr. Herrick, the Board made and entered the following order:

It is ordered by the University of Illinois and the Board of Trustees of the University of Illinois on this 19th day of January, 1954, that, for good and sufficient cause shown to the satisfaction of said Board of Trustees, Illinois Certified Public Accountant Certificate No. 1500 issued to Mervyn L. McCarthy by the University of Illinois on the 14th day of March, 1939, be, and the same is hereby, in all things, revoked and cancelled, and that the Secretary of this Board be, and he is hereby, authorized to give due notice of this action to all interested parties and to take any and all other steps which may be necessary or appropriate to its consummation.

The vote on this motion was: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

HENRY PERLY RUSK
At this point, Mr. Herrick, Chairman of the Committee on Agriculture, offered the following tribute:

The Board of Trustees records with deep sorrow the passing on January 9, 1953, of Henry Perly Rusk, Dean of the College of Agriculture, Director of the Agricultural Experiment Station, Director of the Extension Service in Agriculture and Home Economics, and Professor of Cattle Husbandry, Emeritus.

Dean Rusk was born in Rantoul, Illinois, on July 19, 1884. In his early youth he lived in Champaign County and later in Indiana and Missouri. Following graduation from Valparaiso University and the University of Missouri he taught at Missouri and at Purdue University. He joined the faculty of the University of Illinois in 1910 as Associate in Animal Husbandry. In 1922 he became head of the Department of Animal Husbandry (now the Department of Animal Science) and served as Head of that Department for seventeen years. In 1939 he was appointed Dean of the College of Agriculture and Director of the Experiment Station and the Extension Service, which positions he held until his retirement on September 1, 1952.

Few men have served the University of Illinois so long and with such distinction as did Dean Rusk. With his passing another glorious chapter in the history of the College of Agriculture is closed.

One of the foremost agriculturists of our time, Dean Rusk received many honors indicative of national and international recognition. He was a great teacher and scientist, a first-rate administrator of integrity, courage, and sympathetic understanding. It is unnecessary to list his accomplishments in these areas. In all of them he set a high standard of service on state and national levels. His achievements are well known and will long be remembered. No man can have a greater monument than the gratitude and appreciation of his fellow citizens.

The Board directs that this tribute to a great agricultural statesman be recorded in the proceedings of today's meeting and that its Secretary send suitable copies to members of the family of Dean Henry Perly Rusk.

This tribute was unanimously adopted.

EXECUTIVE SESSION
At this point an executive session having been requested it was so ordered for consideration of the following matters of business.

DR. LLOYD MOREY Elected PRESIDENT OF THE UNIVERSITY
Mr. Megran presented a recommendation from his special Committee on the Selection of a President of the University that Dr. Lloyd Morey be elected President of the University effective February 1, 1954, and
continuing until September 1, 1954, the date of specified retirement, at
his present salary of $23,500 a year including, as heretofore, the use
of the President's House and an automobile which are provided for
the convenience of the University.

On motion of Mr. Megran, Dr. Morey was unanimously elected
President of the University effective February 1, 1954, and continuing
until September 1, 1954, at a salary of $23,500 a year, including the
use of the President's House and an automobile furnished him for the
convenience of the University.

Dr. Morey made a statement expressing appreciation of the con-
fidence of the Board of Trustees in his administration and of its action
in electing him President.

**APPROPRIATION FOR PREVAILING AND RELATED
NEGOTIATED WAGE RATE INCREASES**

A recommendation for this appropriation was presented by the Acting
President of the University to the Board of Trustees on December 16,
1953, and was referred to the Committee on Nonacademic Personnel
for its consideration and recommendation to the Executive Committee
for final action.

The Committee on Nonacademic Personnel recommends that the
policy for financing prevailing rate increases during the biennium of
1953-1955, as recommended by University officials (see Board Minutes,
December 16, 1953, page 1184), be approved and that an appropriat-
on of $129,500 be made from the General Reserve Fund for this purpose.

On motion of Mr. Bissell, this appropriation was made by the fol-
lowing vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt,
Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs.
Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**APPROPRIATION FOR TRANSCRIPTS OF RECORD OF PROCEEDINGS
BEFORE THE KREBIOZEN INVESTIGATING COMMISSION**

The Legal Counsel was authorized to secure transcripts of the proceedings before
the original House Joint Resolution 10 Committee appointed by the Sixty-Eighth
General Assembly of Illinois "for the purpose of ascertaining the facts of the
controversy that has arisen at the University of Illinois concerning research on
Krebiozen and to consider what legislative action, if any, is necessary or desirable,"
and before its successor, the Krebiozen Investigating Commission created by House
Bill 823 of the Sixty-Eighth General Assembly. The Sullivan Reporting Company,
1 North LaSalle Street, Chicago 1, Illinois, was designated by the Committee and
by the Commission as the official reporter of the proceedings, and the University
has been securing its transcripts from that source.

The Sullivan Reporting Company has submitted a statement of its charges
to date, totalling $9,824. The Legal Counsel believes that these charges are
excessive and has informed the Company that he can not recommend payment of
this amount. The Sullivan Reporting Company has agreed to reduce its charges
by 50 per cent provided it will receive payment by the end of January, 1954.

The Legal Counsel recommends, and the President of the University concurs
therein, that the Company be paid $4,912 in full settlement for all services to date.

On motion of Mr. Johnston, the Legal Counsel was authorized to
conclude a settlement of this claim on the basis of 50 per cent of the
original bill, and an appropriation of $5,000, or so much thereof as may
be necessary, was made from the General Reserve Fund for this pur-
pose by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hick-
man, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr.
Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.
Mr. Herrick, Chairman of the Committee on Agriculture, reported informally on the status of the search for a Dean of the College of Agriculture, Director of the Agricultural Experiment Station, and Director of the Extension Service in Agriculture and Home Economics.

Mr. Bissell, Chairman of the Alumni Committee, brought up for discussion a letter (referred by the President of the Board to his Committee) from the President of the University of Illinois Medical Alumni Association commenting on the lack of satisfactory advisory relationships between the Association and the Board of Trustees with particular reference to matters of policy relating to the College of Medicine.

President Morey offered some suggestions for improving these relationships.

On motion of Mr. Bissell, the President of the University was requested to arrange a conference with the President and other officers of the Medical Alumni Association and University officials including members of the Board of Trustees Committees on Alumni Affairs and the Chicago Departments.

The Board of Trustees has declared, and has made this a matter of record, that its Executive Committee shall act for the Board on any contracts, and business incidental thereto, dealing with classified material relating to government research, so that only the members of the Executive Committee will be required to have security clearances and to avoid the necessity of securing such clearances for all the members of the Board.

It now appears that in order to make the certification acceptable to government authorities and particularly the Office of Naval Research it will be necessary to adopt the following supplementary declaration:

The Board of Trustees further declares that only Trustees Park Livingston, U. S. Citizen, Herbert B. Megran, U. S. Citizen, and Frances B. Watkins, U. S. Citizen, who are the present members of the Executive Committee, will have access to classified security information, and that Trustees William G. Stratton, U. S. Citizen, Vernon L. Nickell, U. S. Citizen, Wirt Herrick, U. S. Citizen, Robert Z. Hickman, U. S. Citizen, Harold E. Grange, U. S. Citizen, Wayne A. Johnston, U. S. Citizen, Cushman B. Bissell, U. S. Citizen, and Doris S. Holt, U. S. Citizen, will not have access to classified security information.

The Secretary of the Board requests this supplementary declaration and that he be authorized to send certified copies to the government agencies concerned.

On motion of Mr. Bissell, this declaration was adopted and the Secretary was authorized to inform the government agencies concerned of the Board's action.

As required by law, copies of the biennial reports of the University of Illinois, consisting of the transactions of the Board of Trustees, are sent to the Governor of Illinois. The latest published report (for 1950-1952) was sent to the Governor on December 19, 1952. Although not
required by law to do so, it is the practice of the University to send the biennial report to each member of the General Assembly, along with the financial reports of the Comptroller for the same period.

Copies of the biennial report are also sent to all members of the Board of Trustees, to former members of the Board, and to deans, directors, and administrative officers having need for the same. A supply is given to the Library for exchange with other libraries. There were nine hundred copies of the 1950-1952 volume printed.

From time to time, newspaper reporters and other individuals have asked for copies of this report. The Secretary requests instructions.

On motion of Mr. Johnston, the Secretary was authorized to supply any individuals and organizations having a legitimate interest in these reports with copies of the same.

FEBRUARY MEETING
On motion of Mrs. Watkins, the Board voted to hold its February meeting on Thursday, February 18, 1954, beginning at 10:00 a.m., in the LaSalle Hotel, Chicago, Illinois.

**APPOINTMENTS TO THE FACULTY**

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

I. DONALD J. BRAY, Assistant Professor of Poultry Extension, in the Department of Animal Science, beginning February 1, 1954, at an annual salary of $6,500 (BY).
2. Robert W. Decker, Assistant Professor of Geology, beginning February 1, 1954, at an annual salary of $5,000 (D).

3. Anna T. Howard, Assistant Professor, School of Nursing, beginning February 1, 1954, at an annual salary of $5,000 (DY).

4. Marion Dale Kinzie, Medical Adviser and Assistant Professor of Hygiene in the Health Services, beginning May 1, 1954, at an annual salary of $8,000 (DY).

5. Gustaf Peterson, Assistant Professor of Agricultural Economics (C&S), beginning February 1, 1954, at an annual salary of $5,800 (BY).

On motion of Mrs. Watkins, these appointments were confirmed.

APPOINTMENT OF PROFESSOR HERBERT E. CARTER AS PROFESSOR AND HEAD OF THE DEPARTMENT OF CHEMISTRY AND CHEMICAL ENGINEERING

(3) Professor Roger Adams, distinguished Head of the Department of Chemistry since 1926, has asked to be relieved of his administrative duties as Head of the Department at the end of the current academic year and to be continued on the faculty as Research Professor.

I recommend that his request be granted.

The Executive Committee of the College of Liberal Arts and Sciences and a special search committee have recommended the appointment of Professor Herbert E. Carter, now Professor of Biochemistry, as Professor and Head of the Department of Chemistry and Chemical Engineering on indefinite tenure, beginning September 1, 1954, at a salary of $14,000 an academic year. The recommendation has the support of the Provost, the Dean of the Graduate College, and the Dean-elect of the College of Liberal Arts and Sciences.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

APPOINTMENT OF DR. REID T. MILNER AS PROFESSOR AND HEAD OF THE DEPARTMENT OF FOOD TECHNOLOGY

(4) The Dean of the College of Agriculture recommends the appointment of Dr. Reid T. Milner, now Director of the Northern Regional Research Laboratory at Peoria, Illinois, as Professor and Head of the Department of Food Technology on indefinite tenure, beginning April 19, 1954, at an annual salary of $12,000 (AY). The recommendation is concurred in by other University officers concerned.

This appointment is to replace Dr. Louis B. Howard who is now Associate Director of the Agricultural Experiment Station and who has asked to be relieved of the headship of the Department of Food Technology.

I concur.

On motion of Mrs. Watkins, this appointment was approved.

GEORGE A. MILLER ENDOWMENT

(5) Now that the net assets of the George A. Miller Estate are in the possession of the University and the funds have been invested by it, I recommend that Professor Miller’s bequest be officially designated “The George A. Miller Endowment.”

A special faculty committee appointed for this purpose has been studying what use should be made of the income from this endowment. The committee has not completed its work but has agreed on one recommendation which I present to the Board with my approval:

There is hereby established a George A. Miller Visiting Professorship to be filled annually from any field in which advanced work is given at the University. The Department of Mathematics shall be given priority in the selection of the first candidate for this position. The salary of this professorship shall not be fixed but shall be determined by the qualifications and professional standing of the candidate appointed. The first appointment shall be for the academic year 1954-1955.

It is unnecessary, and in my opinion inadvisable, to spell out the details of the position and how candidates shall be selected, as those are matters which
can be determined within the appropriate administrative echelons and no specific authority from the Board of Trustees is required. All appointments to this visiting professorship will be made in accordance with standard procedures and subject to the same approvals as all other appointments to major positions.

On motion of Mrs. Watkins, this recommendation was approved.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(6) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Department of Botany, purchase of steel storage cases ........ $ 2,850
2. Library, Chicago Undergraduate Division, for rebinding books and for acquisitions for use in graduate program in social work ...... 2,000
3. Research and Educational Hospitals, installation of central television antenna system ......................................................... 5,000
4. Drug Plant Experiment Station, Chicago Professional Colleges, purchase of truck with hydraulic lift to replace present truck .......... 3,500

Total ................................................................. $13,350

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mrs. Watkins, these appropriations were made by the following vote: Aye, Mr. Livingston, Mrs. Watkins; no, none; absent, Mr. Megran.

APPROPRIATION FOR BUILDING STUDIES

(7) The Building Program Committee needs an accurate inventory and functional analysis of the use of all space on the Urbana-Champaign Campus in studying requests for new buildings. Such data are also required in studies of any new construction for a permanent undergraduate division in Chicago as well as for major expansion at Urbana-Champaign to provide for increases in enrollment.

The technical and clerical staff to be employed in this work will need more adequate quarters and the Committee has asked that its staff be moved from present quarters at 1205 West California Avenue, Urbana, into one of the temporary buildings in the Parade Grounds housing area. This will also require employment of additional temporary staff and reactivation of one of the Parade Grounds units at an estimated cost of $6,000.

Professional services on a per diem basis are required to translate estimates of floor areas into buildings, land areas, and finally into construction and site costs. An accurate estimate of the costs of such professional services is not feasible, but it appears that approximately $7,000 will be required.

In addition, approximately $2,000 is needed for staff services and miscellaneous expenses in calculating present capacity and requirements for anticipated expansion on the Urbana-Champaign campus.

The Director of the Physical Plant, the Provost, and the Acting Comptroller recommend a nonrecurring appropriation of $15,000 for these services and incidental expenses.

I concur.

On motion of Mrs. Watkins, this appropriation was made by the following vote: Aye, Mr. Livingston, Mrs. Watkins; no, none; absent, Mr. Megran.

APPROPRIATION FOR URBANA-CHAMPAIGN SANITARY DISTRICT

(8) Since 1947 the University has by contract authorized by the Board of Trustees been paying the Urbana-Champaign Sanitary District the University's proportionate share of the cost of operating the local sewage disposal plant. This share is computed on the basis of water consumption and during the last few years has amounted to 18 to 20 per cent of the total annual cost. The University has also contributed its proportionate share of the cost of improvements in the plant.
The Sanitary District is proposing a plant improvement by the construction of a digester with certain other equipment, at an estimated total cost of between $90,000 and $100,000. The improvement is required to provide adequate sludge digestion facilities which will prevent further pollution of the Saline Ditch and reduce fly nuisance caused by improperly digested sludge.

The estimated completion time is October, 1954. The Director of the Physical Plant and the Acting Comptroller recommend a nonrecurring appropriation of $18,000, or so much thereof as may be necessary, to pay the University's share of this improvement computed in accordance with the above formula.

I concur.

On motion of Mrs. Watkins, this appropriation was made by the following vote: Aye, Mr. Livingston, Mrs. Watkins; no, none; absent, Mr. Megan.

ACQUISITION OF WESLEY FOUNDATION PROPERTY

(9) Negotiations have been concluded with the Wesley Foundation at the University of Illinois for the acquisition of the property owned by it which the University desires to purchase in the block bounded by Green Street, Goodwin Avenue, Illinois Street, and Mathews Avenue in the city of Urbana, Illinois, and for the transfer to the Foundation of the University property in this area which the Foundation desires to acquire, in accordance with the terms and conditions recommended by the Committee on Buildings and Grounds and approved by the Board of Trustees. This is to report that this transaction has been consummated through the exchange of special warranty deeds and payment of the agreed price to the Foundation.

The land thus acquired by the University is needed as the site for a life sciences building which has been a top priority project in its building program for several years. It will take some time to dispose of the buildings (some of them are being used by the University and the activities housed in them will have to be transferred elsewhere) on the site and clear the area for new construction. It is important to acquire the land well in advance of availability of funds for construction and thus avoid potential and costly delays later. There is one more parcel of property, privately owned, on Illinois Street which the University needs to acquire. Negotiations for its purchase are in progress.

The contracting parties have agreed upon, surveyed, and established a joint boundary line 75 feet south of and parallel to the east and west center line of the block. The Foundation has conveyed all of its property south of this line to the University and the latter has conveyed the land it owned north of this line to the Foundation. Since the University has acquired a much larger area of land than it conveyed, it has made a net payment of $117,500 to the Foundation.

One of the parcels of Foundation property purchased by the University is at the southwest corner of the block and is under lease until June 30, 1954, so that conveyance of this particular tract to the University is subject to the lease. The rent payable under the lease will be prorated between the University and the Foundation.

The Foundation has agreed to waive its claim for rent subsequent to the termination of a rent-free agreement, up to the date of sale, on property of the Foundation which the University has been occupying and using as a parking lot for use by its staff. This is the corner area at Illinois Street and Goodwin Avenue east of the University Club.

The University, the Foundation, and the Trinity Methodist Church have covenanted that none of them will erect or maintain any building or other structure within fifteen feet north and south of the joint boundary line so established. The University will remove by August 15, 1954, all buildings and material above normal ground level on the land it owned north of this line and, if requested by the Foundation, will erect a suitable temporary fence on the line to separate the properties.

The joint boundary line was established by survey and monumented, the legal descriptions of the various tracts conveyed by the deeds were ascertained and agreed upon, the title of the Foundation to the land conveyed by it to the
University and the title of that conveyed by the latter to the former, and the survey, deeds, and other legal documents used in connection with consummating this transaction were approved by the University's Legal Counsel, and by counsel for the Foundation, prior to the execution and exchange of the deeds and other legal documents and the payment of the money.

All of the actions related above having been taken pursuant to previous authorization by the Board of Trustees, this report was received for record.

LEASE OF PROPERTY AT 704 SOUTH SIXTH STREET

(10) Professor Julius N. Hook, Department of English, has recently been appointed Executive Secretary of the National Council of Teachers of English, an important professional organization of nearly 14,000 teachers. The Council wishes to move its headquarters to the University of Illinois Campus at Urbana-Champaign so that Professor Hook can serve it more effectively as Executive Secretary. He will devote two-thirds of his time to the work of the Council for the second semester of the current year and after September 1, 1954, will be on one-half time with the Council and one-half time in the Department of English with corresponding adjustments in his University salary. It will be of great value to the University in its relations with the high schools of Illinois as well as with other colleges and universities throughout the country to have the Council's headquarters on the campus, as it will be the center for directing the training of teachers of English on a national scale.

To provide adequate quarters for the Council's work, it is recommended that space be leased on the first floor of the property at 704 South Sixth Street, Champaign. No satisfactory space is now available in University-owned premises. The University is already leasing quarters in this building for the Institute of Labor and Industrial Relations. Mr. W. B. Hayes, owner, has offered to lease the required space at a rate of $300 a month, the University to pay for all water, gas, electricity, janitor service, and a proportionate share of fuel costs (the heat to be furnished by the lessor). The University would assume responsibility for decoration, such remodeling as is necessary, and the return of the property to its original condition except for natural wear and tear, damage by fire, wind, or other inevitable causes, upon the termination of occupancy.

The Board recently approved an extension of a previous lease for the second floor of this property for the Institute of Labor and Industrial Relations to September 1, 1956, to be executed by the University of Illinois Foundation. The proposed lease for the first floor will be on the same plan.

The following basis for division of costs between the University and the National Council of Teachers of English is proposed: the Council and the University to share equally the remodeling costs estimated at approximately $500; the Council to assume all costs of repairs and restoration; the Council to assume full cost and responsibility for cleaning and all utilities, including heat; the rental to be shared equally between the University and the Council.

The proposed rate is reasonable in comparison with existing rates for similar areas leased in this community.

The Provost, the Director of the Physical Plant, and the Acting Comptroller recommend an annual appropriation of $1,800 and that this area be included as a part of the lease to be executed between the Foundation and Mr. W. B. Hayes for the second floor of this building with the understanding that the University will enter into an agreement with the National Council of Teachers of English covering the above items.

I concur.

On motion of Mrs. Watkins, the Executive Committee voted to request the University of Illinois Foundation to include in the lease of space in the building at 704 South Sixth Street, Champaign, quarters for the National Council of Teachers of English, in accordance with the terms and under the conditions herein recommended, provided that the action of the Committee is concurred in by a majority of the Board of Trustees.
CONTRACT FOR SERVICES OF REALTORS IN SALE OF UNIVERSITY OWNED HOUSES

(11) Following World War II the University purchased a number of residence properties and constructed other houses for rental to new members of the faculty whose services were required to take care of a greatly increased enrollment. This program included the erection of seventy-one prefabricated permanent houses, the construction of six houses designed by the Small Homes Council as a research project, the purchase of fifteen residences in various areas of Urbana and Champaign outside the zone of future campus expansion, the construction of the Student and Staff Apartments on Green Street and Goodwin Avenue, and the construction of thirty houses at Florida Avenue and Race Street, Urbana, by the Small Homes Council as a research and demonstration project.

It has been the plan gradually to dispose of all of these properties with the exception of the Student and Staff Apartments, the Small Homes Council houses on Florida Avenue and Race Street, and the properties which the University has acquired primarily for future campus expansion. Out of the original number, forty-eight newly constructed houses and twelve purchased properties remain unsold.

The permanent residences, including all of the prefabricated houses, will be offered for sale over a period of years and usually on the expiration of a final lease of occupancy and when otherwise vacated. In general it is proposed to offer such properties for sale to the occupants on or before October 1 preceding the expiration of their leases. If by the following April 1 the tenant does not elect to purchase the property, it will be put on general sale on the expiration of the lease but may be withdrawn from the market if it is needed for assignment to a new staff member. Houses not sold by the end of the lease period may be assigned to staff members also.

To carry out this program, the University needs the services of local realtors to assist in selling the properties. It is not feasible to list these properties for sale with all local realtors (there being approximately seventy of them), and it would not be fair to the lessees to give so many agents the right to show houses to prospective purchasers.

The Director of the Physical Plant and the Acting Comptroller recommend that the real estate firms of Chumbley, Turner, and Younger, Champaign; Sidney B. Trelease, in the University business district; and Boggs and Cogdall, Urbana, be commissioned to represent the University for the sale of all properties included in this program under the following conditions:

a. The standard real estate fees will be paid. In the past a 5 per cent fee has been charged on the first $10,000 of the sale price and 2½ per cent on the amount above $10,000. A recent action of the Champaign-Urbana Real Estate Board fixed these rates on properties listed prior to January 15, 1954, and continuing on such properties until March 1, 1954, after which the standard fee will be 5 per cent of the total sale price.

b. The realtors will submit as part of their service appraisals on properties to be sold and the University will then establish the sale price. (The standard fee will cover all services on each transaction and there will be no extra charge for the appraisal.)

c. A standard contract form will be used but will be subject to approval by the University in advance.

d. The realtors will make public announcement that the properties are on the market and that they will cooperate with all local brokers in the sales of such properties. If another realtor participates, the commission will be shared.

All sales negotiated under this plan will be submitted to the Board of Trustees for approval in advance.

I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved and authority was given as requested.

CONTRACT FOR CONSTRUCTION OF WOMEN'S ATHLETIC FIELD

(12) It is necessary to lay out a new women's athletic field to replace the present one on which the new Home Economics Building will be constructed. Bids have
been taken for the construction of a new field, immediately west of the Forestry (Illini Grove), on all phases of the work except fine grading, planting, and development of lawn surface. This will be done by the University later.

The Director of the Physical Plant and the Acting Comptroller recommend award of a contract for $17,293.65 to Cross Construction, Inc., Urbana, the lowest bidder. Funds are available in the state appropriation for the construction of the new Home Economics Building and have been released by the Governor.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR INSTALLATIONS IN MEDICAL CENTER STEAM COMPANY PLANT**

(13) The Director of the Physical Plant and the Acting Comptroller recommend the award of a contract for $5,408 to the Weishaupt Iron and Wire Works, Chicago, the lowest bidder, for installation of structural steel, stairways, walks, railings, and gratings in the Medical Center Steam Company plant to improve access to equipment located above the firing floor so that servicing can be more efficient and at less cost.

Funds are available in the Steam Plant revolving account and, upon completion of the installations, the Medical Center Steam Company will credit the University for the cost. Supervision of the work by the University is more practicable, as well as less expensive, than if the contract were awarded by the Medical Center Steam Company, which has no engineering or supervisory staff for such work.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR POWER PLANT ADDITION**

(14) The Director of the Physical Plant and the Acting Comptroller recommend award of a contract for $72,720 to M. J. Holleran, Inc., Chicago, the lowest bidder, for substructure work and piping for the new cooling tower at the Abbott Power Plant. Award of the contract for the purchase of the cooling tower was approved by the Board on November 20, 1953.

The contract will be subject to release of funds by the Governor from the state appropriation for an addition to the power plant.

I concur and recommend that the Acting Comptroller and the Secretary of the Board be authorized to execute this contract when funds are released.

On motion of Mrs. Watkins, this contract was awarded and the Acting Comptroller and the Secretary of the Board were authorized to execute the same.

**SALE OF TEMPORARY HOUSING UNITS**

(15) At its meeting on January 19, 1954, the Board of Trustees authorized the sale and removal of up to forty-six of the temporary housing units in the area to be cleared for the construction of the new Veterinary Clinic Building. Thirty-one of these units were sold to the seven highest bidders at prices ranging from $50 for a one-bedroom unit to $126.50 for a two-bedroom unit. The Board also authorized the sale of the remaining fifteen units at a price of $50 each to buyers willing to meet the conditions of sale. So much public interest developed in the sale of the remaining units (one hundred people asked for information so that they could submit proposals) that bids were invited and forty-four firm proposals with bid deposits were received.

The Director of the Physical Plant and the Acting Comptroller recommend the sale of these fifteen units to the following highest bidders:
I concur.

On motion of Mrs. Watkins, the sale of these buildings was authorized as recommended, this being consistent with the previous authorization of the Board of Trustees to dispose of the temporary buildings to the highest bidders.

**SETTLEMENT OF CLAIM AGAINST ARMY NUTRITION LABORATORY UNDER CONTRACT NO. W-49-007-MD-388**

(16) On February 23, 1953, the Board of Trustees was informed that the University had instituted a suit in the United States Court of Claims for the balance it claimed was due it under a contract entered into in 1947 with the Office of the Surgeon General of the United States for research work in the Research and Educational Hospitals. The contract included provision for the exclusive use by the Army Nutrition Laboratory of four beds in the Hospitals at a specified daily rate. The University's claim was for $6,868.40. The Comptroller General of the United States approved payment of only $361.90 on the ground that the beds assigned to the Army Nutrition Laboratory were not always occupied, notwithstanding that they were reserved for its exclusive use.

The Board of Trustees approved the institution of these legal proceedings, including the employment of the law firm of Fisher, Wayland, Duvall, and Southmayd of Washington, D.C., as special counsel for the University.

On November 20, 1953, the Board authorized the Comptroller and the Legal Counsel to make a compromise settlement of the claim contemplating the award of judgment for the University in the sum of $5,000 thereon since it appeared that such a compromise was feasible and that protracted litigation would be costly.

The University's attorneys have reported to the Legal Counsel that on January 5, 1954, judgment was entered in favor of the University in the agreed sum of $5,000 by the United States Court of Claims. It will, however, be some time before the University receives payment since an appropriation by Congress will be necessary. When payment is made to the University, I recommend that the Acting Comptroller be authorized to accept same and to pay the legal fees and other expenses in accordance with the terms agreed to by the University.

On motion of Mrs. Watkins, this report was received for record and authority was given the Acting Comptroller as recommended.

**PURCHASES**

(17) The Director of Purchases has proposed and the Acting Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

I concur.

ADDITION TO CONTRACT FOR CONSTRUCTION OF
MEN'S RESIDENCE HALLS

(21) The Director of the Physical Plant and the Acting Comptroller recom-
mend an increase of $2,850 in the contract with the Felmley-Dickerson Company
for the construction of the Men's Residence Halls, approved by the Board
November 23, 1951, for the construction of a ramp at the west end of the
Flagg House unit for the use of paraplegic students living in the Parade
Grounds Units, so that they may have better access to the food service facilities
which have been enlarged as a part of the residence halls expansion program.
The estimate of cost has been checked by the Physical Plant Department and
found to be a reasonable charge.

Funds are available in the proceeds of the Residence Hall bond issue
of 1951.

I concur and recommend that the Acting Comptroller be authorized to
execute this addition to the contract.

On motion of Mrs. Watkins, this increase was approved and the
Acting Comptroller was authorized to execute the change in the
contract.

APPLICATION OF ILLINOIS POWER COMPANY FOR RATE INCREASES

(22) The President of the University reported on a conference he has had with
officials of the Illinois Power Company relating to the University's position on
the Company's rate hearings before the Illinois Commerce Commission. The
Company has requested authority to increase rates charged for electric power,
gas, and steam. The University is cooperating with the municipal officials of
Urbana and Champaign in preparing data and assembling other information
pertinent to the proposed rate increases to be used at the hearings. If, after
the University's investigation has been completed, it concludes that the pro-
posed rate increases are not objectionable, it will withdraw from the hearings
and state its position to the Commission.

This report was received for record.

EXECUTIVE SESSION

At this point, an Executive Session having been requested, it was so
ordered for consideration of the following recommendations from the
President of the University.

EQUIPMENT ACQUISITION FOR CONTROL SYSTEMS LABORATORY

(23) The Department of the Navy has requested the University to acquire a
special purchase computer for use in certain of the classified programs being
carried on for the government by the Control Systems Laboratory. It is pro-
posed that this be accomplished by a contract with the Office of Naval Research
which will reimburse the University for all costs of such acquisition, including
an allowance for indirect costs.

It will then be necessary for the University to subcontract with a vendor
approved by the government and the University. Because of the problems in-
volved resulting from classified research and the unique nature of the equip-
ment to be acquired, it is very probable that a vendor will have to be chosen
primarily upon basis of ability to deliver and with only informal competitive
proposals. It is anticipated that the cost of the equipment will not exceed
$320,000.

The acquisition of this equipment by the Control Systems Laboratory will
commit the University to the continuation, for several years, of certain of the
government-sponsored programs of the Control Systems Laboratory.

The Director of the Laboratory and the Dean of the College of Engineer-
ing recommend the negotiation of these proposed contracts as described above.
and the acceptance of the commitment to continue at least certain programs of the Control Systems Laboratory for several years beyond the expiration of the present general contract November 30, 1954.

I concur in this recommendation and request that the Acting Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mrs. Watkins, this recommendation was approved and authority was given as requested.

**PATENTABLE DISCOVERY**

(24) The University Patent Committee reports that Robert C. Hansen, Research Associate in Electrical Engineering, and Edward C. Jordan, Professor of Electrical Engineering, have developed a new method of radio direction finding which eliminates or substantially reduces the error known as polarization error or night-effect error. This method, and systems resulting therefrom, have chief application in aircraft radio direction finding, but they may also be used in shipboard and ground-based direction finders. This invention was the result of research under an Air Force contract and will be of primary importance to the Armed Services. The University Patent Committee concurs in the recommendation of the Department of Electrical Engineering that the invention be released to the Air Force.

I concur and request approval.

On motion of Mrs. Watkins, this recommendation was approved.

**DELETION OF WORK REMAINING TO BE DONE BY PATRICK WARREN CONSTRUCTION COMPANY UPON RESEARCH AND EDUCATIONAL HOSPITALS ADDITION AND ASSIGNMENT OF ITS SUBCONTRACTS TO UNIVERSITY**

(25) The present status of various phases of the contract between the Patrick Warren Construction Company (hereinafter termed "Warren") and the University for the general construction work upon the Research and Educational Hospitals Addition and of the work to be done thereunder, and of certain claims asserted by Warren and others against the University in connection with this project, is outlined in a memorandum which has been filed with the Secretary of the Board and copies of which have been presented to the members of the Board of Trustees today. For the reasons stated therein, it appears desirable that action be taken to secure the completion of work remaining to be done by Warren's subcontractors upon the Hospital Addition and effect and secure reasonably prompt payment, if possible, to Warren's subcontractors who have done work upon and/or furnished materials to this building of the balances due them therefor under their contracts with Warren, and to enable the University to take over and complete the work remaining to be done by Warren under its contract with the University as soon as possible. A proposal designed to accomplish these ends has been submitted to Warren, subject to this Board's approval, and Warren has notified the University, in writing, that it is acceptable to it.

The proposal contemplates:

1. The assignment by Warren to the University of the contracts between Warren and all of the latter's subcontractors who have not been paid in full what is due them under those contracts, and the acceptance by the University of the assignments thereof, upon the following terms and conditions, viz.:

   a. That each of said subcontractors will agree to accept payment direct from the University of the amount which that subcontractor and Warren agree is due the former for its work (when completed, in the case of those subcontractors who have not fully completed their work to date) in full payment of everything due said subcontractor from Warren and/or the University for all materials furnished and/or work done by the subcontractor for or upon the building, and will also, upon payment of said sum by the University to it, waive all other claims and all liens which the subcontractor may have or assert against Warren and/or the University in connection with this project and furnish Warren and the University with a full and complete release of all claims and a waiver of all liens.
b. That each subcontractor who has not completed its work will agree promptly to resume it, and to complete it by April 16, 1954, for the payment of said sum by the University to it upon completion of its work.

c. That Warren will agree to the payment by the University of said sums directly from the University to said subcontractors and will allow the University full credit therefor upon Warren's contract with the University.

d. That an agreement be reached between Warren and each of its said subcontractors as to the amounts to be paid to the latter by the University, and for which Warren will allow the University such credit, in accordance with the foregoing.

2. That all work remaining to be done by Warren (i.e., that not covered by Warren's contracts with its subcontractors) under its said contract with the University be deleted, and Warren be relieved of all further obligation to complete that work, in return for a credit in the sum of $6,000 to be allowed the University by Warren under the contract between them for the deletion of that work.

For the reasons stated in the above-mentioned memorandum, the Director of the Physical Plant, the Acting Comptroller, and the Legal Counsel recommend that said proposal be approved, that the assignment of said subcontracts by Warren to the University and the deletion of Warren's remaining work in return for said credit, upon the foregoing terms and conditions, be authorized, and that the Director of the Physical Plant, the Acting Comptroller, and the Secretary of the Board be authorized to execute and deliver all agreements, change orders, and other documents and make all payments, when approved by the Legal Counsel, necessary or appropriate to effect and carry out the same.

Accomplishing and carrying out the foregoing proposals will not dispose of the entire controversy between Warren and the University or those between the University and some of its other prime contractors upon this building. Warren asserts substantial claims against the University not included within the unpaid balance of the price specified in the contract between them. With a few possible minor exceptions, the University denies any liability to Warren on account of those claims and the University asserts claims against Warren, in excess of $100,000, upon which Warren denies liability to the University. Negotiations and discussions are now in progress between Warren and the University relative to a tentative proposal made Warren, subject to approval of the Board of Trustees if accepted by Warren, to pay Warren the balance of the amount specified in the contract between Warren and the University remaining unpaid after the University has received credit for the amounts it will pay directly to Warren's subcontractors and the above-mentioned $6,000 credit (if the above proposal is approved by the Board and proves acceptable to the subcontractors) and the full release of all possible claims of the University against Warren in return for a full release of all of the latter's possible claims against the University, but, since that proposal is still the subject of negotiation and discussion, it is not being presented to this Board for action thereon at this time.

I concur in these recommendations.

On motion of Mrs. Watkins, the proposal recommended was approved and authority was given as requested.

KREBIOZEN INVESTIGATING COMMISSION

The Legal Counsel reported the contents of a notice received by him from the Krebiozen Investigating Commission and consulted with the Trustees present with respect to the actions to be taken by him on behalf of the University in connection with the matters specified in the notice.

(5) To succeed Dean Rexford Newcomb of the College of Fine and Applied Arts, who is due to retire at the end of the current academic year, I recommend the appointment of Dr. Allen S. Weller, presently Professor and Head of the Department of Art, as Dean of the College of Fine and Applied Arts for one year and Professor of Art on indefinite tenure beginning September 1, 1954, at a salary of $15,000 a year on Y basis. The appointment as Dean on limited tenure is consistent with the statutory provision that the dean of a college shall be appointed biennially, and such appointments usually conform with the fiscal biennium.

The appointment of Professor Weller is unanimously recommended by a special Committee on the Deanship which I appointed four months ago and is unanimously concurred in by the Executive Committee of the College, the Provost, and the Dean of the Graduate College.

On motion of Mrs. Watkins, this appointment was approved.

**APPOINTMENT OF MRS. CAROL COOLEY AS ASSOCIATE PROFESSOR AND HEAD OF THE DEPARTMENT OF MEDICAL SOCIAL WORK**

Appointment of Mrs. Carol Cooley, now Associate Executive Secretary of the Health Division of the Welfare Council of Metropolitan Chicago, as Associate Professor and Head of the Department of Medical Social Work in the College of Medicine and Associate Professor in the School of Social Work on indefinite tenure beginning July 20, 1954, at an annual salary of $7,500 (AY basis). The Provost and the Dean of the Graduate College also join in this recommendation.

The appointment of Mrs. Cooley is to fill the vacancy created by the resignation of Miss Mary Louise Hemmy.

The Department of Medical Social Work provides instruction to students in the College of Medicine, students in the School of Social Work who are specializing in the field of medical social service, students in Occupational Therapy, and students in the School of Nursing.

On motion of Mr. Herrick, this appointment was approved.

The recommendation is concurred in by other University officers concerned and is supported with unanimity by the faculty of the Department. Professor Jordan replaces Professor John 2). Ryder who is leaving the University as of July 1, 1954, to become Dean of the School of Engineering at Michigan State College.

The programs of research, study, and travel for which these leaves are requested have been examined by the University Research Board which advises the President in such matters. The Research Board's report to the President includes an evaluation of the program in terms of benefits to the University and to the individual and constitutes a part of the record of each case.

APPOINTMENTS TO THE BOARD OF DIRECTORS OF THE
ATHLETIC ASSOCIATION

The nominations are for reappointments.

On motion of Mr. Johnston, these nominations were approved.

MASTER OF SCIENCE IN COMMERCIAL TEACHING

For a number of years the University has offered a graduate curriculum in
Commercial Teaching leading to the degree of Master of Science. The undergradu-
ate curriculum in the College of Commerce and Business Administration, on which the master's program was based, has been modified in the number of specified commerce courses required for graduation. Consequently, the graduate program needs revision to make it feasible for students graduating from the new undergraduate curriculum to obtain a Master of Science degree in Commercial Teaching in one year. Many of the students in the graduate curriculum will be teachers who have taught commercial subjects and who wish to obtain a master's degree for their professional advancement.

Accordingly, the University Senate recommends approval of a new program leading to the degree of Master of Science in Commercial Teaching which has been developed in cooperation with the Council on Teacher Education, and which is comparable to fifth-year programs for teacher training in other fields. It includes the following requirements:

Candidates for the degree of Master of Science in Commercial Teaching must earn three units in education; three units in commerce, two units to be selected from courses in accounting, business law, economics, management, and marketing, and one unit from courses in business education; and two units of electives. All course selections shall be subject to approval by the student's adviser.

A complete list of the courses from which the student may make his selections, including a list of recommended electives, has been filed with the University officers concerned, including the Dean of the Graduate College, the Dean of the College of Commerce and Business Administration, the Director of Admissions and Records, and the Secretary of the Board of Trustees.

I concur.

On motion of Mr. Herrick, this program was authorized.

APPROPRIATION FOR STUDIES BY ILLINOIS JOINT COUNCIL ON HIGHER EDUCATION

(12) For several years the presidents and other officials of the six state-supported institutions of higher education in Illinois have met periodically to discuss their common problems and to develop plans of cooperation in dealing with educational
and research programs in which they have a mutual public responsibility. Recently a more formal organization of this group into the Illinois Joint Council on Higher Education has been established. Its purposes are to establish favorable conditions for exchange of information about educational plans, purposes, and policies; to support studies of educational problems of common interest; to provide united action on questions which concern the growth and quality of the state's system of higher education; and to secure an orderly presentation of facts, recommendations, and counsel to their boards of trustees and to other agencies of the state government.

At present three meetings of the Council are held annually. The institutional representatives are the president, the provost or dean (or equivalent officer), the business officer, and two other representatives designated by the president. The members of the Council are Illinois State Normal University, University of Illinois, Southern Illinois University, Western Illinois State College, Eastern Illinois State College, and Northern Illinois State Teachers College.

Implementing the work of the Council is a Steering Committee on which the University of Illinois has two representatives, and each of the other institutions has one. The Steering Committee coordinates the cooperative studies and selects and supervises the research staff needed for such studies. This Committee has recommended studies to seek means of eliminating unnecessary duplication of programs and to provide the necessary services to consider comprehensive and continuous plans for development of facilities for higher education to meet the needs of the growing population and other factors, and to assist the member institutions in further development and critical analysis of basic educational programs which are common to all colleges and universities. More specific studies have been recommended with respect to these functions and responsibilities in the area of agricultural education and research, graduate work in education, pre-professional education, special educational programs and extension work, audio-visual aids services, health services, and public relations activities.

The Steering Committee has recommended a budget of $20,000 to finance the cost of studies currently approved by the Council and studies yet to be considered, the funds to be secured through contributions from the six institutions in the ratio of 40 per cent by the University of Illinois, 20 per cent by Southern Illinois University, and 10 per cent by each of the other four institutions. Any unexpended balance would be refunded to the contributing institutions in the same ratio. The University of Illinois Business Office is to be the depository for the fund and will make disbursements in accordance with the budget approved by the Joint Council and upon authorization of the Chairman and the Secretary of the Steering Committee.

I recommend that an appropriation of $8,000 be made from the General Reserve Fund for the University's share of the cost of these studies.

On motion of Mrs. Holt, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.

APPROPRIATION FOR THE DIVISION OF UNIVERSITY EXTENSION

The income from fees paid by students enrolled in extramural classes offered by the Division of University Extension is included in the estimated income of each operating budget, and the budget also provides an appropriation to the Division for the cost of giving extramural instruction. The budgeted income as estimated for 1953-1954 is $145,000. Actual income from extramural classes offered during the first semester plus anticipated income during the second semester indicates that this estimate will be fully realized. In offering instruction necessary to produce this income, the Division of University Extension has had to expend or encumber all of its present appropriation.

The Division has been requested to hold additional extramural classes beyond those already scheduled. The total estimated income from these additional classes and the estimated expense of offering this instruction is $16,000. The Division will offer only such additional classes as will be self-supporting.

The Dean of the Division of University Extension, the Provost, and the Comptroller recommend an appropriation of $16,000 to the Division for the
expense of its instructional program, which will be offset by increased income and will thereby have no effect on the Budget Reserve.

I concur.

On motion of Mr. Johnston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(14) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. College of Agriculture, equipment and remodeling.......................$58,000
2. Department of Geology, purchase of steel cabinets........................3,563
3. President's House and President's Office, furnishings...................10,000

$71,563

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Nickell, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.

PURCHASE OF PROPERTY AT 606 EAST JOHN STREET, CHAMPAIGN, ILLINOIS

(15) The property at 606 East John Street, Champaign (Weber Studio) has been offered to the University at a price of $16,500 ($2.81 per square foot). This property was previously offered to the University at substantially higher prices and its purchase was not recommended. The sale price is now at a level which is within range of its value to the University, and its purchase is recommended.

The area in which this property is located is not needed for immediate construction purposes but is in the zone of the long-range land acquisition program of the University. It is an area in which there is need for parking facilities. The removal of the house, which is in such poor condition of maintenance that its use by the University could not be justified because of rehabilitation cost, would provide land for parking for approximately eighteen cars.

Funds are available in the state appropriation for the purchase of land.

The Building Program Committee, the Director of the Physical Plant, and the Comptroller recommend the purchase of this property at $16,500.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents to acquire this property.

On motion of Mr. Megran, the purchase of this property was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.

APPROPRIATION AND CONTRACT FOR HOUSING STUDIES

(16) The urgent need for additional residence halls on the Urbana-Champaign campus is generally recognized. At present all permanent men's halls are filled to capacity, and there are approximately 1,500 men living in unapproved private homes and about 475 living in the Parade Ground Units. Under the present policy of assignments there are no rooms available for freshmen. The only space open to freshmen in permanent halls is in the dormitory units in Noble House (Addition No. 1).

Women's housing is even more critical. All women's residence halls are filled to capacity and it appears that the enrollment of women might have to be restricted unless more housing can be provided for them.

To help deal with this problem a study is needed which will survey permanent halls to determine the feasibility of increasing present capacity, and converting Noble House from a dormitory to room accommodations; review present con-
construction standards to see if they are still needed under current building and economic conditions; and review operating standards to determine possibility of increasing net income available for debt service.

It is proposed to carry out this study by (a) examining construction methods used in dormitories recently built at other institutions, (b) erecting partitions to lay out trial rooms of varying size and arrangement in Noble House and testing them by having students occupy them for trial periods, and (c) preparing architectural studies for increasing capacity of present halls.

It is proposed to employ the construction firm of Felmley-Dickerson (general contractors for the last two residence halls) on a consulting basis to assist in the evaluation of construction methods with whatever construction work is required to be done by Physical Plant labor. Payments to Felmley-Dickerson would be at the rate of $40 per day to each staff member of the organization assigned to this work, the total fee not to exceed $3,500.

Estimated cost of the study is $12,000, budgeted as follows:

- Architectural services .............................................. $1,500
- Services of Felmley-Dickerson .......................... $3,500
- Construction of trial rooms ................................. $5,000
- Equipment for trial rooms ................................. $1,500
- Miscellaneous ...................................................... 500

Funds have accumulated from the operation of the temporary housing units which may be used for this purpose.

The Director of Housing, the Director of the Physical Plant, the Dean of Students, and the Comptroller recommend (a) an appropriation for this study of $12,000 from accumulated earnings in temporary housing, and (b) authorization of a contract with Felmley-Dickerson for consulting services.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such a contract with the Felmley-Dickerson Company.

On motion of Mr. Hickman, this appropriation was made and authority was given to execute the contract as recommended. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.

**PAYMENTS TO ILLINOIS BELL TELEPHONE COMPANY**

(17) The Director of the Physical Plant and the Comptroller recommend authorization of an agreement with the Illinois Bell Telephone Company whereby the University will make an advance payment of $6,000 and will agree to pay a monthly rental of $80 to the Company for the installation of telephone equipment in the East Dentistry-Medicine-Pharmacy Building now under construction.

The advance payment and the monthly rental will result in a substantially lower rate for telephone service when the building is fully activated, as provided for by the Illinois Bell Telephone Company's rate tariff on file with the Illinois Commerce Commission. The saving in rate which the advance payment will accomplish will be amortized in a period of from two to three years. Funds for the advance payment are available in the state appropriation for the construction of this building, and the $80 monthly rental will be paid from the provision in the operating budget for telephone service.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to sign the necessary documents after they have been approved by the Legal Counsel.

On motion of Mrs. Watkins, authority was given as recommended. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Livingston, Mr. Stratton.
CONTRACT FOR REMODELING IN SECOND UNIT OF DENTISTRY-MEDICINE-PHARMACY BUILDING

(18) The Director of the Physical Plant and the Comptroller recommend the award of a contract for $27,914 to the Mutual Contracting Company of Chicago, the lowest bidder, for remodeling in the second unit of the Dentistry-Medicine-Pharmacy Building. The work will consist of general remodeling of seventeen rooms (numbers 171-188 inclusive) for occupancy by the admissions service of the Dental Clinics presently located on the fifth floor. The space now occupied by the dental admissions service will be used for expansion of the Dental Clinics. The area to be remodeled was formerly occupied by the Departments of Radiology in the College of Medicine and in the Research and Educational Hospitals which have been relocated in the new addition to the Hospitals. Allocation of the area to the Dental Clinics and the remodeling program have been approved by the Administrative Committee of the Chicago Professional Colleges.

Funds are available in the construction account established from the proceeds of the Revenue Bond issue approved by the Board of Trustees March 13, 1951. The resolution adopted by the Board of Trustees at that time requires the expenditure of at least $100,000 of the proceeds of this bond issue for equipping and remodeling in the second unit of the Dentistry-Medicine-Pharmacy Building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

INCREASE IN CONTRACT WITH CONSULTING ENGINEERING SERVICES

(19) On September 23, 1953, the Board of Trustees authorized a contract with Consulting Engineering Services, Champaign, for engineering work in the preparation of plans and specifications for the Law Building on the basis of actual salaries, plus 90 per cent for overhead and profit, with a maximum of $5,000. The amount of work required has proved to be greater than estimated, and the Director of the Physical Plant and the Comptroller recommend an increase in the contract to a maximum of $8,000.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Herrick, this change in contract was approved and the Comptroller was authorized to execute the same.

CONTRACT FOR PROFESSIONAL SERVICES IN STUDY OF CHICAGO UNDERGRADUATE DIVISION DEVELOPMENT

(22) The Board of Trustees appropriated $15,000 for building studies, including outside professional services necessary in studies of any new construction for a permanent undergraduate division in Chicago. Such services are required to provide information on the following:

1. Development of criteria for analysis of sites according to University requirements. It is proposed to establish three separate sets of criteria for evaluation of:
   a. High density sites for high rise buildings.
   b. Compact sites for medium density.
   c. Low density sites.
2. These criteria will be applied in considering a category of sites selected in cooperation with the Chicago Plan Commission to give a preliminary rating and an outline of relative merits to a variety of sites in each of the categories in (1) above.
3. Estimate of time required to acquire and vacate each of the three types of sites.
4. A range of land cost estimates for each of the three types of sites. (In the preparation of such figures, appraisals will not be undertaken and only unit costs will be applied to land areas considered by the University.)
5. A range of construction costs for each of the three site types, including costs of:
   a. Site development.
   b. Buildings and equipment.

The Director of the Physical Plant and the Comptroller recommend authorization of a contract with the Real Estate Research Corporation of Chicago for these services and a written report to be submitted not later than June 1, 1951. Since the University is a public institution, the corporation has offered to do this work at a charge which is 30 per cent below normal billing rates and not to exceed a total fee of $6,600. The work will be closely supervised by the two senior officers of the Corporation, Mr. James C. Downs, Jr., President, and Mr. Richard Lawrence Nelson, Executive Vice-President. The maximum fee is within the estimate included in the appropriation previously made by the Board.

I concur.

On motion of Mr. Johnston, this contract was authorized as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

APPOINTMENT OF CHARLES A. KNUDSON AS HEAD OF THE DEPARTMENT OF FRENCH

(23) On recommendation of the Dean and with the unanimous concurrence of the Executive Committee of the College of Liberal Arts and Sciences, I recommend the appointment of Professor Charles A. Knudson as Professor and Head of the Department of French at a salary of $10,000 per year on a basis.

This appointment is to fill the position formerly held by Professor James R. Smiley who is now Dean of the College of Liberal Arts and Sciences. Professor Knudson has been Acting Head of the Department of French since September 1, 1953. (Professor Smiley, former Head of the Department, was on sabbatical leave from September 1, 1953, until March 1, 1954, when he became Dean of the College.) I am recommending that Professor Knudson's appointment as Head be effective April 1, 1954. This nomination is concurred in by the Provost and the Dean of the Graduate College.

On motion of Mrs. Holt, this appointment was approved.

APPROPRIATIONS BY THE ATHLETIC ASSOCIATION

(24) The Board of Directors of the Athletic Association has made the following assignments of funds which represent changes in its budget and are, therefore, subject to approval by the Board of Trustees:

For Southern baseball trip ........................................ $2,500.00
Purchase of chairs to replace stadium box seats ..................... 2,231.17
Purchase of multilith machine for publicity office .................. 1,000.00
Spring football coaches clinic ...................................... 2,000.00
$7,731.17

On motion of Mrs. Watkins, these assignments of funds were approved.
AIR FORCE ACADEMY

With the enactment of legislation by the United States Congress authorizing the establishment of an Air Force Academy and appropriating funds for the same, there has been renewal of public interest in Urbana-Champaign in securing the location of the Academy in that general area.

Five years ago the United States Air Force prepared plans and drafted legislation for establishment of an Air Force Academy similar to the Military Academy at West Point and the Naval Academy at Annapolis. At that time it was anticipated that an interim academy would be established on a small scale (with approximately 300 cadets) before completion of the Air Force Academy at a permanent location. The Board of Trustees confirmed the action of the President of the University in inviting authorities of the Air University at Maxwell Field, Alabama, to establish the interim academy at the University of Illinois and authorized University officials to carry on negotiations with United States Air Force officials if the latter would consider the offer. Subsequently, the matter was dropped in the absence of necessary enabling legislation.

It now appears that the Air Force Academy will be located at one of the existing United States Air Force bases. An important factor in the site selection will be proximity to metropolitan and other areas which offer cultural and educational facilities. This indicates that Chanute Air Force Base at Rantoul, Illinois, would be an excellent location because of its proximity to the University of Illinois and to Chicago.

The University has taken no official action on the matter, but its officials have indicated to representatives of Urbana-Champaign and of Chanute Air Force Base, through the Joint Community-University Committee, willingness to cooperate in any way the University can in securing the location of the Air Force Academy in the general area of Champaign County, provided that this will not interfere with the primary purpose and operations of the University. The first requisite seems to be to secure a definite statement of the Governor as to whether he considers this the preferred location in Illinois. The Committee is working on this point. It has declared that it stands ready to join with the Governor in this effort.

When it was formerly proposed that the interim academy be set up at the University of Illinois, its student enrollment was dropping off from the post-war peak and it would have been feasible to provide housing and instructional facilities for a temporary academy of approximately 300 cadets. (As a specific example, at that time the Gymnasium Annex was equipped and was being used as a dormitory, and it could have been made available as a barracks.) With the enrollment again on the increase, and considering other changing conditions, the University could not provide all of the essential facilities for an interim academy. Nevertheless, the University should stand ready to provide such services of its staff and such of its facilities as can be made available without undue interference with ongoing educational and research programs and without cost to the state. University officials must necessarily reserve judgment as to what the University can do until there is more information on what is specifically required.

This report was received for record.

This concluded the presentation of reports and recommendations from the President of the University.

REPORT OF FINANCE COMMITTEE ON EMPLOYMENT OF UNIVERSITY AUDITORS

Mr. Megran reported that the Finance Committee has reviewed the practice followed by the Board of Trustees since 1904 in employing a firm of public accountants to audit the financial records of the University. The Committee also reviewed the scope of the audit made by auditing firms employed by the Board. The Committee gave consideration to the fact that the State Auditor in 1953 also employed an auditing firm to audit the University.
The Committee found that the audit received by the University has not been confined to a balance sheet audit, but has included a verification of operating items, and that the certification given by the auditing firm so states.

The Committee recognized that the University benefits from an audit by a firm employed by the Board not only in verification of the transactions, but also in professional consultation on methods and procedures.

The Committee recommends the continuation of the practice of employing a firm of public accountants and the continuation of the engagement of the firm of Haskins and Sells for the second year.

The fee is based on per diem rates and expenses with the understanding that the aggregate charges will not exceed the following amounts:

- University of Illinois (all divisions) .................................. $13,200
- University of Illinois Foundation (including its Retirement System) ........................................ 660
- University of Illinois Athletic Association (including its Retirement System) ........................................ 825

On motion of Mr. Megran, the Board approved this recommendation but referred it to the Executive Committee for implementation and with power to act.

ELECTION OF OFFICERS

The temporary Chairman called for nominations of officers of the Board to be elected at this meeting for one year and to hold office until their successors are elected and have qualified.

MR. H. B. MEGRAN ELECTED PRESIDENT OF THE BOARD

Mr. Nickell nominated Mr. H. B. Megran for the office of the President of the Board for 1954-1955.

The nomination was seconded by Mr. Johnston. On his motion, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Megran as President. The ballot was cast and Mr. Megran was declared elected President of the Board for the year 1954-1955, or until the next annual meeting of the Board and until his successor has been elected and has qualified. He took the chair and expressed his appreciation of the confidence of the Board in electing him to this office.

APPRECIATION OF SERVICES OF MR. PARK LIVINGSTON

On motion of Mr. Johnston, the Board recorded its appreciation of the services of Mr. Park Livingston as President of the Board during the past three years (1951-1954) as well as during the years 1943-1948.

MR. A. J. JANATA ELECTED SECRETARY

Mr. Hickman nominated Mr. A. J. Janata for the office of Secretary of the Board.

This nomination was seconded by Mrs. Watkins. On her motion, the nominations were closed and Mr. Janata was elected Secretary of the Board for the year 1954-1955, or until the next annual meeting of the Board and until his successor has been elected and has qualified.

MR. HERBERT O. FARBER ELECTED COMPTROLLER

The By-Laws of the Board of Trustees provide for the office of Comptroller, to be elected annually for a term of one year. They provide that the duties of Comptroller shall be such as "defined in the Statutes of the University." The Statutes assign to the Comptroller certain direct accountabilities to the Board and also the functions of general business officer of the University under the supervision of the President. They also provide that he shall be appointed by the Board "on the recommendation of the President of the University."

The President of the University presented the following recommendation:

When I assumed the office of President on September 1, 1953, the Board, on my recommendation, appointed Herbert O. Farber as Acting Comptroller for the remainder of my unexpired term, until the next annual meeting of the Board. Hence this appointment will expire at the March, 1954, meeting.

After observation of Mr. Farber's work during this period and discussion with numerous persons with whom he has been intimately associated, including the heads of all divisions of the Business Office (I have had no unfavorable comment on his work), I now nominate him for appointment as Comptroller for the year 1954-1955.

In the organization of the office a separate division is maintained in Chicago under Howard A. Hazleton as Business Manager. His work is highly effective in
this respect, and he has been given a high degree of autonomy in his activities. At the same time, unity of organization and policy is necessary and has been maintained. An excellent spirit of relationship exists between Mr. Farber and the Chicago office.

Mr. Farber's present salary is $11,000. This is, of course, considerably below the salary which I received at the termination of my service which was the accumulation of a long period of service. I propose that effective April 1, his salary be made $11,500 with the expectation that further increases will be made from time to time as maturity and accomplishment warrant.

Mr. Herrick nominated Mr. Farber for the office of Comptroller.

This nomination was seconded by Mrs. Holt. On her motion, the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Farber as Comptroller, at his present salary of $11,000 per year, and at a salary of $11,500 per year effective April 1, 1954. The ballot was cast and Mr. Farber was declared elected Comptroller for the year 1954-1955, or until the next annual meeting of the Board and until his successor has been elected and has qualified.

The Secretary called attention to the fact that in a number of recommendations heretofore presented by the President of the University to the Board at this meeting it is requested that the Acting Comptroller and Secretary of the Board be authorized to execute contracts and other documents to implement the actions taken. Since the Board has now elected a Comptroller, the Secretary requested authority to amend the record of today's meeting by deleting the word "Acting" in each instance in which the title "Acting Comptroller" has been used.

On motion of Mr. Nickell, these amendments were authorized.

EXECUTIVE COMMITTEE ELECTED

President Megran called for nominations for the election of two members of the Executive Committee for the ensuing year. Mrs. Holt nominated Mrs. Watkins; Mr. Johnston nominated Mr. Herrick; Mr. Bissell nominated Mr. Johnston; Mr. Nickell nominated Mr. Bissell. Mr. Hickman was also nominated but on his request, the nomination was withdrawn.

On motion of Mr. Hickman, a written ballot was ordered for the election of two of the nominees, with the Secretary and the Comptroller serving as tellers.

At this point Mr. Livingston took his place with the Board.

The ballot having been taken, the Secretary announced the results: Mrs. Watkins, seven votes; Mr. Bissell and Mr. Johnston, each four votes; Mr. Herrick, three votes. Mrs. Watkins was declared elected a member of the Executive Committee for 1954-1955 and until her successor has been elected and qualified.

In view of the tie for second place, Messrs. Bissell, Herrick, and Johnston requested that their names be withdrawn from consideration.

Mr. Johnston then nominated Mr. Livingston for election as a member of the Executive Committee. The nomination was seconded by Mr. Bissell, and on his motion the nominations were closed and the Secretary was instructed to cast the unanimous vote of the meeting for Mr. Livingston. The ballot was cast and Mr. Livingston was declared elected a member of the Executive Committee for the year 1954-1955 and until his successor has been elected and qualified.

And be it further

Resolved, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of the Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

By unanimous consent, the May meeting was tentatively scheduled for Saturday, May 15, 1954, to be held at Urbana-Champaign, Illinois, the hour and place to be determined by the President and the Secretary of the Board.

On motion of Mr. Nickell, the Board adjourned.

A. J. JANATA
Secretary

H. B. MEGNAN
President
The April meeting of the Board of Trustees of the University of Illinois was held in the Chicago Illini Union Building of the Chicago Professional Colleges, on Wednesday, April 21, 1954.

The following members were present: Mr. Harold E. Grange, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, and Mrs. Frances B. Watkins. Mr. Cushman B. Bissell, Mr. Robert Z. Hickman, and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Dean E. R. Serles, Chairman of the Administrative Committee of the Chicago Professional Colleges, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.
MEETING OF THE EXECUTIVE COMMITTEE

Preceding the regular meeting of the Board, and on call of the Chairman, a meeting of the Executive Committee of the Board of Trustees was held in the Chicago Illini Union Building of the Chicago Professional Colleges on Wednesday, April 21, 1954, beginning at 11:00 a.m.

The following members of the Executive Committee were present: Mr. H. B. Megran, Chairman; Mrs. Frances B. Watkins; Mr. Park Livingston was absent when the Committee convened, but joined the meeting later. Also present and participating in the discussion of the business considered by the Committee were the other members of the Board of Trustees, the officers of the University, and the officers of the Board as recorded above.

The Committee considered the following reports and recommendations submitted by the President of the University.

PATENTABLE DISCOVERIES

(1) The University Patent Committee submits the following recommendations relating to potentially patentable discoveries:

1. W. H. Bruckner, Research Associate Professor of Metallurgical Engineering, has developed a method of processing ferritic steels so as to decrease the tendency to fracture in a brittle manner. Some of the basic work on this invention was done under a contract with the Office of Naval Research. Members of the Department of Mining and Metallurgical Engineering believe that the possibility of commercial application for this invention is remote, with the exception of ordnance manufacture for the government. However, the Offices of Naval Research and Ordnance Research have indicated that they are not interested in any patent action or in further support of this work. After receiving notice of the attitude of these government agencies, Professor Bruckner published a description of this invention in the March, 1954, issue of *Acta Metallurgica*. In view of these circumstances, the University Patent Committee, with the concurrence of the inventor, recommends that this invention be dedicated to the public through publication, and that no application for a patent be instituted by the University or any other party.

2. Wayne L. Shick, Assistant Professor of General Engineering, has developed a device resembling a drawing board to simplify, systematize, and accelerate the method of perspective drawing whereby scale measurements of any object may be directly made and the measured points and vanishing points may be used in drawing both left eye and right eye views of a stereoscopic perspective. After investigation, it was apparent that the contributions of the University to the development of this invention are minor. It may have commercial possibilities, but in the opinion of the patent attorneys a great deal of engineering work will be necessary before a patent can be secured. The inventor has indicated his willingness to enter into an agreement with the University of Illinois Foundation, whereby a patent would be issued to that agency, and whereby the inventor will receive a share of the net income. The University Patent Committee recommends that this invention be released to the inventor under the following conditions: a full disclosure of the nature of the invention be made to the University of Illinois Foundation; the Foundation will thereupon investigate to determine the commercial possibilities of such invention; if it is determined that the invention has commercial possibilities, the inventor will transfer title to the Foundation which will proceed with the application for a patent and commercial development and an agreement negotiated with the inventor under which he will receive a share of the net income; and if the Foundation decides that it is not interested in becoming a party to such an agreement, the invention will be released outright to the inventor by the Board of Trustees.

3. Dwight G. Bennett, Research Professor of Ceramic Engineering, has developed an apparatus to heat well-mixed porcelain enamel or ceramic coating frit ingredients, fuse them to a fluid state, and withdraw the resulting molten
material from the heat resistant container into a gas tight vacuum chamber, wherein the molten frit is expanded and cooled. The University Patent Committee recommends that this invention be referred to the University of Illinois Foundation for investigation and report.

4. Arthur L. Friedberg, Research Assistant Professor of Ceramic Engineering, has developed a method of conditioning and pickling metal surfaces and particularly of preparing the metals for porcelain enameled. This invention relates to certain chemical additions which when introduced in the acid pickling solution cause the acceleration of the pickling process. The invention was developed under a research investigation sponsored by the Enamel Utensil Manufacturers Council. In the opinion of the Head of the Department of Ceramic Engineering the commercial possibilities of this discovery are remote. Accordingly the University Patent Committee makes the following recommendations: that an offer be made to the Enamel Utensil Manufacturers Council that if that agency wishes to assume the entire cost of securing a patent, it and its constituent members will be granted a royalty-free, nonexclusive license on any patent secured from the invention, which would be held by the University, while other licensees would be charged a royalty in an amount which would be fair to the Council and the public; and that if the Council indicates no interest in bearing the cost of a patent under these conditions, the invention be released to the inventor.

5. Howard W. Knoebel, Research Associate in the Engineering Research Laboratory, has developed a simple device using capacitor memory proposed for converting the binary output of digital computers into an analog voltage for display on an oscilloscope or to operate other equipment. This invention was developed under a contract with the Department of the Army. The device may have some commercial value in the computer field but it is unlikely that such value would justify the University in expending funds for securing a patent on it. The Department of the Army has agreed to release this invention to the inventor if the inventor agrees to give the government a royalty-free, nonexclusive license. Accordingly, the University Patent Committee recommends that this invention be released to the inventor under these conditions and that if the inventor decides not to proceed with a patent application, the invention then be released to the government.

I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved.

SETTLEMENT AND PAYMENT OF AMOUNTS DUE TO SUBCONTRACTORS OF PATRICK WARREN CONSTRUCTION COMPANY IN CONNECTION WITH RESEARCH AND EDUCATIONAL HOSPITALS ADDITION

(2) At the February 18, 1954, meeting of this Board authority was granted to accept assignments to the University of all of Patrick Warren Construction Company's contracts with its unpaid subcontractors in return for credits to be allowed the University upon its contract with that Company in the amounts of the unpaid balances due the subcontractors and certain other conditions. In connection with carrying out the proposal that the contracts between Warren and its subcontractors be assigned to the University, it became necessary that agreements be reached between those subcontractors and Warren relative to the unpaid balances due the former under those contracts.

As the result of negotiations conducted during the past three months, Warren has reached an agreement with all but four of its subcontractors as to the amounts of the unpaid balances due them and the subcontractors with whom said agreements have been reached are willing to give full and complete releases to both the University and Warren of all claims and liens upon payment by the University of the balances agreed to be due them and the assignment of their contracts with Warren to the University. It is believed that agreements will probably be reached soon between Warren and three of the other subcontractors, but it appears very doubtful whether an agreement will be reached between Warren and the remaining subcontractor, since the latter asserts a substantial claim for damages and also claims that the unpaid balance
due it under its contract with Warren is considerably more than the latter concedes.

As the proposal was originally submitted to this Board and subsequently to Warren's subcontractors, the acceptance of the proposal by all of the subcontractors and the reaching of agreements as to the amounts due them between all of the subcontractors and Warren constituted conditions to the proposal becoming effective. It is evident that the proposal will probably fail if the University insists upon these conditions. It would be advantageous from the standpoint of the University to carry out the proposal with respect to those subcontractors of Warren who have accepted it and have reached an agreement with Warren as to the amounts due them.

Therefore, the Director of the Physical Plant, the Comptroller, and the Legal Counsel recommend that authority be granted to accept assignments to the University of the contracts between Warren and such of its subcontractors who have reached an agreement with it relative to the balances due them under their contracts with it, and that those balances be paid by the University out of funds remaining unpaid to Warren under the latter's contract with the University in return for credits to the University from Warren upon that contract in the amounts thus paid; provided, however, that the consent of Warren and the sureties upon its performance bond be secured before the proposal becomes effective and is carried out, and provided, further, that full and complete releases and waivers of all claims and liens against both the University and Warren are given by the subcontractors to whom such payments are made.

I concur.

On motion of Mrs. Watkins, authority was granted as requested.

SUIT OF CONTINENTAL BUILDERS, INC. VS. THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS

(3) On March 29, 1949, the Executive Committee of the Board of Trustees authorized award of a contract to Continental Builders, Inc., Joliet, for the general work on the construction of thirty one-family residences under the supervision of the Small Homes Council. On April 21, 1949, the Board of Trustees, having been informed that this contractor probably could not supply a satisfactory bond within thirty days from the opening of bids, voted to authorize the Director of the Physical Plant to reject all other bids for general work and to advertise for new bids if the lowest bidder failed to supply a satisfactory bond within the time limit. Subsequently, the bids were rejected and on May 21, 1949, the Executive Committee awarded the contract for the general work to the Kuhne-Simmons Company, Champaign, the lowest bidder in the new bidding. The University, of course, retained the Continental Builders' bid deposit of $10,792.95.

Continental Builders, Inc., have now instituted a suit in the Superior Court of Cook County against the University alleging that it is entitled to a refund of the bid deposit, reimbursement for expenses it incurred in submitting its bid and in erecting temporary improvements on the site of the project preparatory to performing the contract, and compensation for loss of profits it would have received under the contract. A judgment of $70,000 and the cost of this suit are asked.

The Legal Counsel will require the assistance of special counsel to defend this suit, especially if the case is tried in the Superior Court of Cook County. I, therefore, recommend that he be authorized to engage such special counsel as he finds necessary.

On motion of Mrs. Watkins, authority was given as requested.

VOCATIONAL AGRICULTURE

(4) The President of the University reported that the Teachers College Board has recommended to the State Board of Vocational Education that the Illinois State Normal University be approved, in addition to the University of Illinois, as an institution for training teachers in Smith-Hughes vocational agriculture for Illinois high schools. He distributed copies of a letter which he had sent to the Chairman and other members of the Board of Vocational Education, a copy of which has been filed with the Secretary of the Board for record.
Mr. Nickell also commented on this matter.

No formal action was taken or requested but it was the sense of the Board, expressed in the discussion of this subject, that the President of the University should continue to oppose the extension of the teacher-training program in vocational agriculture to other state institutions.

KREBIOZEN INVESTIGATION

(5) On March 24, 1954, the Krebiozen Investigating Commission met in Springfield to determine further procedure under the Act of the Sixty-eighth General Assembly of Illinois creating this Commission and providing that:

"Sec. 2. The Commission shall make a thorough investigation for the purpose of ascertaining the facts of the controversy that has arisen at the University of Illinois concerning research on Krebiozen and shall consider what legislative action, if any, is necessary or desirable."

There are submitted herewith a copy of the latest official notice issued by that Commission under date of March 31, 1954, addressed to the attorneys for all parties at interest, reporting the actions taken at the meeting on March 24, and a report from the Legal Counsel of the University of Illinois relating to the investigation which has been conducted and its apparent outcome. Copies of these documents are being filed with the Secretary of the Board for record.

It appears from the Commission's notice of March 31 that the investigation has ended and that the Commission will probably conduct no further hearings. This notice does not constitute the final report of the Commission, which will be submitted to the Sixty-ninth General Assembly at its next regular session in 1955, but it seems reasonable to assume that the final report will contain essentially the same conclusions as the latest notice. The conclusions are stated in the motions adopted by the Commission as related in its notice and are summarized on pages 5 and 6 of the Legal Counsel's report.

The results so far are gratifying from the standpoint of the University in view of its exoneration and that of Dr. George D. Stoddard from the charge of conspiracy, and also the findings relative to the character and integrity of Dr. Andrew C. Ivy. The Commission has apparently concluded that there is no occasion for it to make any recommendations to the General Assembly concerning legislation seeking to regulate the conduct of scientific research at the University.

This report was received for record.

APPROPRIATION FOR COMMITTEE ON THE SELECTION OF A PRESIDENT OF THE UNIVERSITY

The Secretary of the Board requested a supplementary appropriation for the expenses of the Board of Trustees Committee on the Selection of a President of the University and of the auxiliary committees of the University Senate (the general faculty), the Alumni Association, and the Citizens Committee which are assisting the Board of Trustees, this appropriation to be available through the fiscal year 1954-1955.

On motion of Mrs. Watkins, an appropriation of $2,500 was made from the General Reserve Fund for this purpose by the following vote: Aye, Mr. Megran, Mrs. Watkins; no, none; absent, Mr. Livingston.

At this point the Executive Committee adjourned.

A. J. JANATA
Clerk

H. B. MEGRAN, Chairman
PARK LIVINGSTON
MRS. FRANCES B. WATKINS

The Board recessed for luncheon.
MEETING OF THE BOARD OF TRUSTEES

Following luncheon recess, the Board convened at 1:00 p.m. The same members of the Board, officers of the University, and officers of the Board were present as recorded at the beginning of these minutes.

Messrs. Johnston and Livingston were obliged to be away during part of this session, but on their return, each concurred in the actions taken during his absence and asked to be so recorded.

Mr. Wirt Herrick was obliged to leave the meeting shortly after it began, and, being unable to return, he requested and was granted consent to be recorded as voting favorably on the recommendations to be submitted by the President of the University which he had previously examined and approved.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees and of the Executive Committee of the Board held on February 18, 1954, press proof copies of which have previously been sent to the members of the Board.

On motion of Mr. Grange, these minutes were approved as printed on pages 1227 to 1275, inclusive.

MR. WIRT HERRICK APPOINTED REPRESENTATIVE ON BOARD OF TRUSTEES OF UNIVERSITY RETIREMENT SYSTEM

With the concurrence of the Board, President Megran designated Mr. Wirt Herrick to serve as a member of the Board of the University Retirement System of Illinois during the remainder of his present term (1949-1955) as Trustee of the University, replacing Mr. Megran.

REPORT OF THE EXECUTIVE COMMITTEE

The Secretary presented the following report of an action taken by the Executive Committee on April 6, 1954.

CONTRACT FOR REPAIR OF CHIMNEY IN DENTISTRY-MEDICINE-PHARMACY BUILDING

On recommendation of the President of the University, the Executive Committee has authorized the award of a contract to the C. O. Henriksen Company, 2300 South Avers Avenue, Chicago, the lowest bidder, for repairing the incinerator chimney in the first unit of the Dentistry-Medicine-Pharmacy Building. Because of the nature of the work, it was not feasible to secure fixed price bids, and this contract is on a cost plus percentage fee basis, but not to exceed a maximum of $4,500 for the job.

Funds are available in the maintenance account of the Physical Plant Department budget for this purpose.

Emergency action by the Executive Committee was necessary since the incinerator must be kept out of service until the chimney is repaired.

Clerk

Appointments to Nonacademic Staff
The Director of Nonacademic Personnel reports the following appointments to supervisory positions of upper level responsibility.
1. Walter F. Bailey, Senior Accountant, Agriculture Administration, beginning February 1, 1954, at an annual salary of $4,800.

On motion of Mr. Grange, these appointments were confirmed.

Appointmenh of Frank E. Schooley as Director of Broadcasting
(7) I recommend the appointment of Frank E. Schooley, now Assistant Professor of Journalism and Communications and Manager of Radio Station W I L L, as Associate Professor of Journalism and Communications and Director of University Broadcasting effective today at a salary of $10,000 per year on a Y basis. He will also hold the positions of Manager of the Radio Station and Manager of the Television Station.
This appointment is recommended by the Committee on University Broadcasting and is to fill the vacancy created by the resignation of former Director Robert B. Hudson. Mr. Schooley has a long record of service to the University. He has been for many years Manager of W I L L and W I L L - F M. He has held almost every position of responsibility and honor in the National Association of Educational Broadcasters and is now serving as Treasurer of that Association. Last year he also served as Director of the Kellogg Project and was Executive Secretary of the National Association of Educational Broadcasters. During Mr. Hudson's leaves of absence, Mr. Schooley took over the responsibilities of the directorship.
On motion of Mr. Nickell, this appointment was approved.

Appointments to the 1954 Summer Session Staff
(8) I submit recommendations for appointments to the faculty for the 1954 summer session. The appointments and the budget provide for an eight-week session at Urbana-Champaign and at the Chicago Undergraduate Division, beginning June 18 and continuing through August 14.
Salaries of members of the faculty recommended for appointments to the
summer session staff are computed on the basis of two-ninths of the salary of
the academic year for two months of summer service in accordance with the
terms of employment of the academic staff as authorized by the Board of
Trustees.

The budget totals $465,845 for Urbana-Champaign, including a reserve of
$11,953 to be assigned on recommendation of the Dean of the Summer Session
in terms of enrollment demands, and $87,000 for Chicago, including a reserve of
$7,225 to be assigned on recommendation of the Dean of the Undergraduate
Division.

The proposed 1954 summer session budget total is the same as the 1953
budget.

I recommend that the appointments to the summer session staff and the
reserve for unassigned salaries be approved as submitted and that the President
of the University be authorized to accept resignations and to make such changes,
adjustments, and additional appointments as are necessary in accordance with
the needs of the University and within estimated income.

On motion of Mrs. Watkins, these appointments were approved
and authority was given as requested.

REORGANIZATION OF DIVISION OF COMMUNICATIONS

(9) Dean Wilbur Schramm of the Division of Communications has asked to be relieved of his duties as Dean so that he may devote his time more fully to research and teaching. This Division was established on July 1, 1950, to include the following University agencies:

1. University Press — supervisory
2. School of Journalism and Communications, as reorganized — supervisory
3. Broadcasting — supervisory
4. Institute of Communications, as reorganized (now Institute of Communications Research) — supervisory
5. Visual Communications, as reorganized — supervisory
6. Library School — supervisory
7. Athletic Association — supervisory in communications only
8. University of Illinois Foundation Illini Achievement Fund — supervisory
9. Alumni Association — supervisory
10. Public Information (now Public Relations) — supervisory
11. Robert Allerton Park — supervisory

The stated purposes of this reorganization were "to increase the efficiency of the President's Office" and to provide "with respect to certain enterprises of great importance ... the benefit of guidance and assistance from the office of a dean."

In addition to his effective administrative services as Dean of the Division of Communications, Dean Schramm has been responsible for securing many large and important research contracts with both government agencies and foundations and in supervising the work on such contracts.

In actual operation of the Division, however, the following changes have taken place:

1. By agreement of the President, the Dean of the Division, and the Director of Athletics, the relationship of the Dean to the Athletic Association was changed from supervisory to advisory.

2. The Division having fulfilled its assignment to develop Robert Allerton Park as a conference place and meeting center, Allerton House has been transferred to the Division of University Extension, and Robert Allerton Park to the College of Agriculture by recommendation of the Dean of the Division of University Extension.

3. During the current year, 1953-1954, with concurrence of Dean Schramm, direct contacts between the President's Office and the University of Illinois Foundation and the University of Illinois Alumni Association have been restored.

4. It has been found that direct and close liaison between the President and the Public Relations Office is a practical necessity, and on recommendation of Dean Schramm this was reestablished.

5. The Director of the Library School has requested that this School be restored to independent status.

The Institute of Communications Research (which Dean Schramm headed as Director for some time) was established in 1947 and has done much notable work and has attracted widespread attention. It needs to be strengthened and its organization improved.

While the Division of Communications has served a useful purpose and Dean Schramm has given it excellent guidance, the foregoing developments, coupled with his desire to be relieved of the responsibilities of the deanship, have led to a full reconsideration of all phases of its functions and activities. The conclusion is that the Division as a separate administrative unit may be discontinued without impairing the efficiency of its present component parts. Accordingly, Dean Schramm and the heads of the agencies concerned in this proposed reorganization recommend the following changes:
1. The School of Journalism and Communications to be restored to independent status.
2. The Library School to be restored to independent status. (Since the Director of the Library is also Director of the Library School, this does not increase the number of officers reporting to the President.)
3. The Institute of Communications Research to be placed in the Graduate College. It is proposed that Dr. Schramm head the Institute as Director and Professor, at his present salary.
4. The University Press to be restored to independent status with the following provisions:
   (a) The general administrative direction will be placed in the Provost acting on behalf of the President.
   (b) Policy guidance on scholarly publications will be exercised by the University Press Board, of which the Dean of the Graduate College is ex officio Chairman.
   (c) Policy guidance on financial matters will be exercised by the Comptroller.
5. Broadcasting, including visual communications, to be placed under the School of Journalism and Communications, with policy determination by the University Broadcasting Committee, of which the Director of the School will become ex officio Chairman.
6. The Blueprinting and Photographic Laboratory to be placed under the general supervision of the Director of the Physical Plant Department where it formerly was administered.

The net results will be to eliminate the Division of Communications as a separate administrative unit, thereby somewhat reducing administrative overhead and still permit its components to continue functioning satisfactorily.

These changes have been reviewed with all interested parties, including the Provost, the Dean of the Graduate College, and the Executive Committee of the University Council.

I recommend that these changes be approved as of July 1, 1954.

On motion of Mr. Nickell, these recommendations were approved.

Alternate bids were taken on an additional bay twenty-four feet wide through the center of the library and office units of this building so that this additional construction could be included in the contracts if the total bids were within the available funds. The Building Committee of the College of Law was of the opinion that from the point of view of long-range planning it was advisable to provide for this additional space. The University Building Program Committee approved the alternate. Since the bids will permit this additional construction within available funds, it has been included in the contracts and the bids as listed.

Funds are available in the state appropriation for construction of the Law Building, subject to release by the Governor, to cover these awards and leave an adequate margin for other expenditures necessary to complete the building.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On joint motion of Messrs. Herrick and Grange, these contracts were awarded, as recommended, and the Comptroller and Secretary of the Board were authorized to execute the same by the following vote:

Aye, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hickman, Mr. Stratton.

Installation of a 14 inch steam main in the present tunnel along Gregory Drive, from Abbott Power Plant to Euclid Avenue, and for installation of a 6 inch return main from Euclid Avenue to the Library junction, to permit the steam distribution system to carry the additional load of the Home Economics Building, to be charged to the appropriation for this building. $103,380

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(14) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

**Urbana-Champaign**
1. University of Illinois Bands, for replacement and acquisition of instruments and for additional shelving. ........................................ $10,500
2. Physical Plant Department, for improvement of storm water drainage along east side of Huff Gymnasium and to provide an outlet for draining the swimming pool. ........................................ 10,500
3. Illini Union Building, for deficit in 1953-1954. ....................... 10,000
4. For assignment by Chairman of Committee on Nonrecurring Appropriations for minor projects. ........................................ 10,000

**Chicago Professional Colleges**
5. Animal Hospital, for purchase of equipment. .......................... 6,500

Total ................................................................. $47,500

I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Grange, these appropriations were made, as recommended, by the following vote: Aye, Mr. Grange, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Bissell, Mr. Hickman, Mr. Stratton.

LIBRARY BINDING SERVICES

(15) The Board of Trustees on June 22, 1953, authorized a contract with Ernst Hertzberg and Sons, Chicago, Illinois, the lowest bidder, for all University library binding services for two years beginning July 1, 1953. The Burgmeier Book Bindery, Inc., Chicago, also submitted a bid, but on work for the Chicago libraries only. Ernst Hertzberg and Sons recently reorganized and is now incorporated as Hertzberg-New Method, Inc., and has moved the library binding plant to Jacksonville, Illinois. During the time of moving and reorganization, this Company has found it difficult to service the Chicago libraries properly. They have proposed amendment of the contract to exclude the binding for the two libraries in Chicago, and Burgmeier Book Bindery, Inc., Chicago, has offered to contract for that work on the same terms as those specified in the present contract with Hertzberg-New Method, Inc. Burgmeier has done the Chicago work before and performed very satisfactorily both as to service and quality.

The Director of Purchases, the Director of the University Library, and the Comptroller recommend that the contract with Hertzberg-New Method, Inc., be amended to cover work for the Urbana-Champaign libraries only, and that a contract be awarded to Burgmeier Book Bindery, Inc., for binding service for the Chicago Libraries until June 30, 1955, on the same terms as specified in the present contract with Hertzberg-New Method, Inc.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these agreements.
On motion of Mrs. Holt, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary agreements.

**CONTRACT FOR DISPENSING COUNTERS FOR EAST DENTISTRY-MEDICINE-PHARMACY BUILDING**

(16) The Business Manager of the Chicago Colleges and the Comptroller, with the concurrence of the Chairman of the Administrative Committee for the Chicago Professional Colleges and the Director of the Physical Plant, recommend award of a contract for $28,961 to the Reliance Cabinet Company, Chicago, the lowest bidder, for fabricating fifty-five dispensing counters for the East Dentistry-Medicine-Pharmacy Building.

Plans for this building call for eighty-four counters but the specifications were broken down into twenty-nine units and fifty-five units to permit flexibility since at the time construction contracts were awarded it was not certain that sufficient funds would be available to complete the building. The Reliance Cabinet Company was lowest bidder on both proposals and was awarded the contract for the first twenty-nine of the dispensing counters.

As a result of adjustments and economies at other points of construction, funds are available to purchase the remaining fifty-five counters. The Reliance Cabinet Company is willing to fabricate the additional fifty-five counters on the basis of its original lowest bid of $28,961 submitted in February, 1952. The advantages of awarding the contract to this Company are that (a) all the counters will be in the same finish and will match, and (b) this Company having the dies can make delivery within two months so that all the counters can be installed by the plumbing contractor before he moves out of the building. If new bids are taken on the additional counters it will undoubtedly result in a higher cost because there have been two wage increases for cabinet makers in the industry since the original bids were received and another increase is expected. Moreover, if the counters are not delivered before the plumbing contractor finishes his other work and leaves the building the installation cost will be higher.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CHANGE IN MILITARY DEPOSIT REQUIREMENT**

(17) On April 19, 1951, the Board of Trustees approved a number of changes in student fees, including the discontinuance of the requirement of a military deposit of $10 to insure the return of military equipment. In lieu of this requirement, officers in the Armed Forces were directed to report a grade of “E” in each case where military equipment is not returned or payment is not made for shortages at the close of the academic year.

The Committee on Military Affairs has advised the President that the practice of recording a grade of “E” in such cases is no more justified than giving a failing grade in any other course as a penalty for unpaid indebtedness to the University. It recommends that students in such cases be dealt with under existing rules applicable to students having an indebtedness to the University, i.e., that they not be allowed to register and that transcripts of their records not be furnished until the indebtedness is cleared. The Committee further recommends that the Armed Forces be authorized to record a grade of “Incomplete” for students in such cases, which grade will be changed when the indebtedness is cleared.

This is an internal administrative matter and the change is being authorized, but since it is related to a former action of the Board of Trustees, I am reporting it as a matter of record.

On motion of Mr. Nickell, the action of the President was confirmed.

**SPECIAL BANK ACCOUNTS FOR GOVERNMENT CONTRACT RESEARCH**

(18) In order to expedite payments from the government on contract research, two special cash accounts have been arranged by the Office of Naval Research and the Air Force at the First National Bank of Chicago. Cash advances have been deposited in these accounts by these two agencies in the amounts of $300,000 and
$400,000 respectively. At the close of each month, amounts approximating expenditures for that period on the contracts involved are promptly transferred from these special accounts and deposited in the C. W. Weldon, Treasurer of the University, account in the same bank. Reimbursement vouchers against the government for the exact amount of the expenditures for the period, plus indirect costs, are prepared at this time by the Business Office, when information is available, and are then audited by government auditors, and checks in payment thereof are prepared by government finance officers. These checks are deposited in the special accounts described above.

Such procedure speeds up the reimbursement process by several weeks and thus provides working capital to the University to finance such research programs. Although these special accounts are in fact made up of government funds and the University has no direct financial interest in them, the procedure, as set up, provides that checks drawn in favor of the University are deposited in them.

In order to give the First National Bank of Chicago authority to accept checks in favor of the Board of Trustees for deposit in the special bank accounts, University Treasurer Weldon has suggested the execution of a resolution and a power of attorney by the Board of Trustees, authorizing the bank to accept these deposits in such accounts. The Comptroller recommends that this authorization be given and that the following resolution and power of attorney, the form of which has been approved by the Legal Counsel, be approved:

**Resolution**

Resolved, that the Board of Trustees of the University of Illinois does hereby name the First National Bank of Chicago as attorney for and on behalf of this Board of Trustees to receive, indorse, and collect and to give full discharge for such checks as are payable to the order of this Board of Trustees, are drawn on the Treasurer of the United States, and are issued in connection with research work in which the University of Illinois is engaged for the Department of the Navy and the United States Air Force, provided, however, that this authority is limited to checks on which, or on the vouchers accompanying which, there is indicated the special bank account of the University of Illinois with said attorney in which such checks are to be deposited.

Be It Further Resolved, that A. J. Janata, Secretary, and H. O. Farber, Comptroller of this Board of Trustees, are empowered to execute in the name and on behalf of this Board of Trustees a power of attorney substantially in the form attached hereto, appointing said the First National Bank of Chicago as such attorney for the purpose above expressed.

This Board of Trustees hereby ratifies and confirms all that may be lawfully done by virtue hereof.

**Power of Attorney**

Know all men by these presents, that the Board of Trustees of the University of Illinois, Urbana-Champaign, Illinois, does hereby appoint the First National Bank of Chicago, of 38 South Dearborn Street, Chicago, Illinois, as attorney for this Board of Trustees, to receive, indorse, and collect and to give full discharge for checks payable to the order of this Board of Trustees drawn on the Treasurer of the United States, issued in connection with research work in which the University of Illinois is engaged for the Department of the Navy and the Department of the Air Force; provided, however, that since on each such check or on the voucher accompanying the same there is indicated the bank account in which such check is intended for deposit, the indorsement which our said attorney is hereby authorized to place on such checks is limited to whichever of the following indorsements is indicated and each such check shall be deposited in the bank account specified in such indorsement:

- Pay to the order of **THE FIRST NATIONAL BANK OF CHICAGO**
  - For deposit in **University of Illinois Navy Special Pool Bank Account**
  - For deposit in **University of Illinois Air Force No. 1 Special Bank Account**

The Board of Trustees of the University of Illinois
The authority herein conferred shall apply to any and all checks such as are above described, dated within one year from the date hereof. This Board of Trustees hereby ratifies and confirms all that their said attorney shall lawfully do by virtue hereof.

This Power of Attorney is not given to carry into effect an assignment to the attorney or to any person, firm, or corporation, of the right of this Board of Trustees to receive the above described payments.

Witness the signature and seal of this Board of Trustees this 22nd day of April, 1954.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS
By: H. O. FARBER, Comptroller
A. J. JANATA, Secretary

On motion of Mrs. Holt, this resolution was adopted and authority was given as recommended.

GRANT FROM FORD FOUNDATION FOR MID-WEST SEMINAR ON UNITED STATES FOREIGN POLICY

(19) The Ford Foundation has made a grant of $15,500 to the University of Illinois for a Mid-West Seminar on United States Foreign Policy, to be held at Robert Allerton Park, June 27 to July 3, 1954.

The other three seminars, if held, will be in the summers of 1955, 1956, and 1957 at the other participating universities. Professor Royden D. Dangerfield, Director of the Institute of Government and Public Affairs, is the University of Illinois representative on this Committee.

I have accepted the funds for this purpose and report it for record. I have expressed to the Ford Foundation appreciation on behalf of the Board of Trustees and other University officials for this grant.

On motion of Mrs. Watkins, the action of the President was confirmed.

ANNUAL REPORT OF THE TREASURER
(22) In accordance with Article VI, Section 4, of the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds for the period March 1, 1953, through February 28, 1954, certified by the Comptroller.

This report was received for record.

PURCHASE OF COAL FOR CHICAGO DEPARTMENTS
(23) The Director of the Physical Plant, the Business Manager of the Chicago Colleges, and the Comptroller recommend award of a contract to the Hoskins Coal and Dock Corporation, owners of Eureka Coal Company, Chicago, the lowest bidder, for 16,000 tons of screenings coal to be delivered to the Medical Center Steam Company Plant, which is operated by the University, as required during the period August 1, 1954, to June 30, 1955, at a price of $3.60 f.o.b. mine plus freight charges of $1.64 per ton plus a charge of $1.32 per ton for handling and delivery, a total of $6.56 per ton and a total estimated cost of $104,960. The price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed so that any such change will affect the price of the coal to the extent that production costs are increased or decreased. The University has the right of approval for any such increase in cost.

The lowest bid is determined by the number of British Thermal Units per one cent of cost based on guaranteed analysis. A continuous check at the Power Plant is maintained to insure compliance with specifications.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract subject to approval by the Governor as required by the state constitution.

On motion of Mrs. Watkins, this contract was awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

FUNDS FOR CHAPEL AT RESEARCH AND EDUCATIONAL HOSPITALS
(24) The University of Illinois Foundation has raised a fund, at present totaling $19,799.95, through contributions from private donors for constructing and furnishing a nonsectarian chapel in the Research and Educational Hospitals. The fund is now offered to the University, to be used in accordance with the Univers-
sity's business procedures, for the necessary alterations in the building to make the chapel possible and for equipment and furnishings. It is expected that special contributions for the chapel for specific items, such as memorial windows, will be forthcoming, and the Foundation proposes to accept such additional funds and to turn them over to the University so long as no conditions are imposed which would conflict with University policies.

I recommend acceptance of this fund for the purpose indicated and that the Board authorize acceptance of any additional contributions which the Foundation may receive for this project.

On motion of Mr. Nickell, this recommendation was approved and authority was given as requested, provided that the chapel shall not be used in any way which may be in conflict with laws or constitutional provisions relating to religious services in public buildings.

GRANTS FROM THE ROCKEFELLER FOUNDATION

(25) The Rockefeller Foundation of New York has made the following grants to the University of Illinois:

1. For fundamental research in experimental biology, under the direction of Professor Glenn W. Salisbury, Head of the Department of Dairy Science, $100,000. This fund will be made available during a six-year period beginning April 1, 1954, with the provision that up to $20,000 may be used in any one year.

2. For research on the biochemistry of insects, under the direction of Professor Clyde W. Kearns of the Department of Entomology, $75,000. This fund will be made available during a five-year period beginning September 1, 1954, with the provision that up to $20,000 may be used in any one year.

These grants have been offered with the provision that if at any time either of the professors mentioned ceases to be in active direction of the research program which is being supported, there shall be no commitment on the part of the Foundation for more than one year thereafter and the situation will be reviewed by the Foundation and the University.

I have accepted these grants in accordance with these conditions.

This report was received for record.

INTERIM PROGRESS REPORT OF THE COMMITTEE ON FUTURE DEVELOPMENT OF THE CHICAGO UNDERGRADUATE DIVISION

(26) The President presented an interim report of the Committee on Future Development of the Chicago Undergraduate Division, and copies of correspondence he has had on this subject with the presidents of universities in Chicago. Copies of these documents have been filed with the Secretary of the Board for record.

CONTRACT WITH OZARK AIR LINES FOR USE OF THE UNIVERSITY OF ILLINOIS AIRPORT

(27) The contract of the University with Ozark Air Lines for the use of the University of Illinois Airport, authorized by the Board of Trustees on July 25, 1951, expired June 30, 1953. Discussions relating to the provisions of a new contract have been carried on by the officials of the company, the Director of the Institute of Aviation, and the Comptroller in accordance with the instructions of the Board of Trustees (Minutes of July 25, 1953, page 778). The financial items of the contract are as follows:

1. Landing fees, present contract—$50 per schedule (one landing per day per month).

2. Rental of office space is at present $75 per month. The University has recently complied with the request of the company for rearrangement and remodeling to provide better facilities. This cost approximately $2,450 with University labor being about two-thirds of the cost. The remainder was material.

3. Payment of the salary of an additional lineman at $285 per month. (Ozark has the option of supplying the service and assuming the cost directly. No special problem is involved.)

4. Gasoline sales at cost plus handling charge of 4 cents per gallon. (No change proposed. This charge was reduced 1 cent per gallon by mutual agreement on July 1, 1953.)

The only serious question which has arisen is with respect to the landing fee. Originally this was on the basis of $100 for each of the first two schedules, $50
The University has taken the position that the landing fee charged should be adequate to recover any direct expenses caused by the use of the University Airport by Ozark Air Lines. Ozark protests this basis of computing the fee. There is an attempt to place landing fees at other stations served by similar airlines on a percentage (2 per cent) of the “on line” revenue, not including mail and cargo revenues, collected at the station. This move is fostered by some feeder lines, including Ozark, and by one member of the Civil Aeronautics Board as a means of reducing the landing fee costs which must be paid by the airlines. The principle behind this reduction is the belief that municipalities served by airlines should assist in subsidizing the airline operation by charging lower landing fees at municipally-owned airports. Based on 2 per cent, landing fees paid to the University would vary from $100 to $125 a month depending on Ozark’s sales.

The University has taken the position that its Airport is not similar to a municipally-owned airport and that it cannot pay from funds appropriated by the state for the operation of the University items of expense which are incurred as a result of the use of the Airport by Ozark Air Lines.

University representatives have carefully examined such expenses and have concluded that a fee of $45 per flight per month will be required to meet the direct expenses caused by Ozark’s use of the Airport. If Ozark will agree to provide the University with a carbon copy of the weather reports which Ozark receives, the University could allow a credit of $5 per flight per month which will place the proposed landing fee on the basis of $40 per month per flight. While individual items which make up the total costs may vary from year to year, in total the payment of $40 per month per flight is the minimum which University representatives believe is necessary to recover out-of-pocket expenses because of this operation. On the basis of twelve flights this proposed rate would mean an income of $540 a month with the University allowing a credit of $60 a month for the weather reports. The University’s position has been discussed with representatives of the two local Chambers of Commerce and no objections have been raised.

It should be noted that Ozark has continued throughout this operation to be slow in the payment of the amounts which are due to the University. As of April 1, 1954, Ozark owed to the University $5,238 for services rendered and gasoline purchased as early as December, 1953. In spite of repeated follow-ups by the Business Office, it has been impossible to get this account on a current basis.

The Director of the Institute of Aviation and the Comptroller recommend that after review of the costs to be charged, Ozark Air Lines be given thirty days notice that it must discontinue using the University of Illinois Airport unless it (a) agrees to payment of a landing fee determined on the basis of costs, and (b) places payment of amounts due on a current basis.

I concur and recommend this action.

Representatives of the Ozark Air Lines having requested a hearing on this matter, Messrs. Laddie Hamilton, President, Paul J. Rodgers, Executive Assistant to the President, and Dean Holsher, District Sales Manager, all of Ozark Air Lines, appeared before the Board and made statements in support of their request for further reductions in charges to be made for the use of the Airport. Director L. A. Bryan of the Institute of Aviation also made a statement.

At the conclusion of these presentations, on motion of Mr. Johnston the Board voted approval of the recommendation made by the University officers.

CANCELLATION OF SABBATICAL LEAVE OF ABSENCE

Peter E. Yankwich, Assistant Professor of Physical Chemistry, who was granted a sabbatical leave of absence during the second semester of 1954-1955, subsequently found it necessary to withdraw his request and his leave has been cancelled without prejudice. The Secretary has so indicated in the minutes of the meeting of March 20, 1954, at which time the leaves were granted.

The May meeting of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana, Illinois, on Saturday, May 15, 1954, beginning at 11:00 a.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, and Mrs. Frances B. Watkins. Mr. Harold E. Grange and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.
MEETING OF THE EXECUTIVE COMMITTEE

Preceding the convening of the Board, and on call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Illini Union Building, Urbana, Illinois, on Saturday, May 15, 1954, beginning at 11:00 a.m.

The following members of the Executive Committee were present: Mr. Herbert B. Megran, Chairman, Mr. Park Livingston, and Mrs. Frances B. Watkins. Also present and participating in the discussion of the business considered by the Committee were the other members of the Board of Trustees, the officers of the University, and the officers of the Board, as recorded above.

AUDIT OF UNIVERSITY ACCOUNTS

At the annual meeting on March 20, 1954, the Board received a report from its Finance Committee reviewing the practice followed by the Board of Trustees for many years of employing certified public accountants to audit the University's financial records. The Committee's report included a recommendation that this practice be continued, and that the firm of Haskins and Sells, Chicago, be retained to audit the accounts for the year 1953-1954. The Board approved this recommendation and referred it to the Executive Committee for implementation and with power to act.

Chairman Megran reported on attempts to secure a conference of the Executive Committee with the State Auditor of Public Accounts, in view of the fact that his office had also made an audit of the University's financial records for the year 1952-1953 and that he may be considering having audits made in the future. The conference has not materialized because it has not been feasible to arrange a mutually satisfactory date, and in the meantime it has become necessary to reach a decision with respect to the proposal to employ Haskins and Sells again.

On motion of Mrs. Watkins, the Executive Committee voted to employ Haskins and Sells to audit the University's accounts for the year 1953-1954, in accordance with the terms and the fees recommended by the Finance Committee (see Minutes of March 20, 1954, pages 1202-3) as reported to and authorized by the Board of Trustees on March 20.

COMMUNICATION FROM LOCAL NO. 698 OF THE AMERICAN FEDERATION OF STATE, COUNTY, AND MUNICIPAL EMPLOYEES

The Secretary presented a letter, dated May 10, 1954, he received from Mr. Sherdie C. Jones, Representative of Local No. 698, American Federation of State, County, and Municipal Employees, requesting for representatives of that organization an appearance before the Board of Trustees to discuss the Union's position with respect to collective bargaining agreements covering six groups of employees.

President Morey commented on this matter and reviewed previous consideration given to requests of the Local for general increases in rates of compensation of employees represented by Local No. 698.
Following a general discussion of the matter, in which all of the 
Trustees present participated, the Secretary was instructed to inform 
Mr. Jones that it is the sense of the Board that further negotiations 
should be carried on at the appropriate administrative level, and that 
all efforts should be made at this point to resolve these matters within 
limitations of the budget.

There followed a discussion of the need of increasing salaries and 
wages of both academic and nonacademic staffs in general and of 
making adequate provisions for the same in the biennial budget for 
1955-1957. President Morey stated that information on the amount of 
unds required to accomplish such general increases will be supplied 
along with other recommendations relating to the budget for the next 
biennium to be submitted to the Board at later meetings. He also stated 
that consideration is being given to further increases in student fees.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Executive Committee considered the following reports and 
recommendations submitted by the President of the University.

PATENTABLE DISCOVERIES

(1) The University Patent Committee submits the following recommendations 
relating to potentially patentable discoveries:

1. Filipin, a new antifungal antibiotic—inventors, David Gottlieb, H. E. 
Carter, and Alfred Ammann. This new antibiotic has been isolated in crude form 
from a soil obtained from the Philippine Islands. When grown in certain media, 
this organism produces an inhibitory substance that prevents the growth of many 
fungi. The following statement relative to this antibiotic has been made by Pro-
fessor C. J. Birkeland, Head of the Department of Horticulture, and Messrs. 
Gottlieb and Carter:

"At this point, even though patents should be applied for, the invention has 
no practical use. Most antibiotics fail to achieve usefulness from here on. To 
develop this antibiotic into a potentially useful drug requires intensive facilities 
and effort which are not available at the University. Normally, about one to two 
 million dollars and two to three years are required for research and development 
before the utility of such a drug can be established. Even after all that time and 
effort, such a product may fail. Competition in the antibiotic field is very keen and 
thousands of materials have been worked with, yet only five of them have proved 
useful. Since Filipin is strictly an antifungal agent, even if proved useful, it would 
have only a limited application in medicine. For agricultural purposes, it would 
have to compete both in utility and price with the many synthetic chemicals which 
are now available for this purpose.

"The pharmaceutical companies are loath to do intensive research on drugs 
over which they have no control; because of the tremendous investment involved 
in further research, they prefer to investigate and develop their own products. 
Nonexclusive licenses are usually left on the shelf until someone else develops the 
drug. Even if the company is granted a free license for pursuing the patent in the 
name of the University, the general availability of the license to all other companies 
would deter heavy investment in research on this material. As a result, the 
antibiotic, Filipin, would not be likely to receive the effort necessary to determine 
its usefulness to the public."

It is the opinion of the Patent Committee that the interests of the University 
and the public will be best served by the development of this antibiotic and the 
securig of a patent, if possible. Accordingly, the Committee recommends that 
the rights of the University in this development be transferred to the University 
of Illinois Foundation, upon the following conditions:

a. If it is determined to be advantageous, the Foundation will arrange for a 
patent application to be filed, and shall attempt to negotiate an agreement with the
Upjohn Company, the concern which financially supported the cooperative research under which Filipin was discovered, whereby that Company will make available the facilities and resources necessary to develop Filipin to a useful drug.

b. Any patents issued on this development will be held by the University of Illinois Foundation, for the benefit of the University and the public, and an exclusive or nonexclusive license for the use of the drug may be granted to the Upjohn Company.

c. The agreement thus negotiated shall provide that, if the drug is developed to the point whereby its sale produces income, a portion of such income, as is agreed upon in advance, shall be returned to the Foundation as a royalty.

d. Net royalty income received by the Foundation, after reimbursement to the Foundation for all expenses incurred in securing and administering the patent, shall be divided between the Foundation and the inventors in proportions that are approved by the Board of Trustees, upon recommendation of the University Patent Committee and the President.

e. If the Foundation is unable to complete an agreement with the Upjohn Company, as provided above, it is authorized to negotiate with any other organization qualified to develop this antibiotic. Under such circumstances, the interests of the Upjohn Company will be recognized.

2. At a meeting of the Board of Trustees on February 18, 1954, the University Patent Committee recommended to the Board that the rights to a discovery of a new type of antenna which has the possibility of being useful as a television receiving antenna developed by Douglas E. Royal, Research Associate in Electrical Engineering, be released to the inventor. The Board deferred action on this invention and requested that the University Patent Committee give it further consideration. Accordingly, the Committee asked the Department of Electrical Engineering to restudy this discovery and the Committee now recommends that the invention be referred to the University of Illinois Foundation with the request that patent attorneys and representatives of industry study the invention to ascertain its commercial possibilities.

I concur in these recommendations.

On motion of Mr. Livingston, these recommendations were approved.

APPROPRIATION FOR UNIVERSITY OF ILLINOIS
CITIZENS COMMITTEE

(2) The Secretary of the Board requests a supplementary appropriation of $1,500 for the expenses of the University of Illinois Citizens Committee for the balance of the fiscal year 1953-1954, and that any unexpended balance in this appropriation as of June 30, 1954, be carried forward and added to the budgetary appropriation for the Citizens Committee for 1954-1955.

On motion of Mrs. Watkins, seconded by Mr. Livingston, this appropriation was made from the General Reserve Fund by the following vote: Aye, Mr. Livingston, Mr. Megran, Mrs. Watkins; no, none; absent, none.

GRADUATE SCHOOL OF BUSINESS ADMINISTRATION

President Morey reported on the present status of the Graduate School of Business Administration, authorized by the Board in 1952, and its curriculum.

The Executive Committee adjourned.
MEETING OF THE BOARD OF TRUSTEES

At this point the Board of Trustees convened. The members of the Board, officers of the University, and officers of the Board recorded at the beginning of these minutes were present.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees of March 20, 1954, press proof copies of which have previously been sent to the members of the Board.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1277 to 1302, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations from the President of the University.

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

On motion of Mr. Johnston, these certificates were awarded.

APPOINTMENTS TO THE FACULTY

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. Hans Brems, Associate Professor of Economics, beginning August 1, 1954, at an annual salary of $7,500 (D).

2. John O. Corliss, Assistant Professor of Zoology, beginning September 1, 1954, at an annual salary of $5,500 (D).

3. Richard S. Engelbrecht, Research Assistant Professor of Sanitary Engineering, in the Department of Civil Engineering, beginning September 1, 1954, at an annual salary of $6,000 (BY).

4. William G. Reeves, Assistant Professor of Music, beginning September 1, 1954, at an annual salary of $5,400 (D).

On motion of Mr. Livingston, these appointments were confirmed.

HEADSHIP OF THE DEPARTMENT OF CITY PLANNING AND LANDSCAPE ARCHITECTURE

(5) Professor O. G. Schaffer, Head of the Department of City Planning and Landscape Architecture, will retire September 1, 1954. On nomination of the Dean of the College of Fine and Applied Arts, after consultation with the faculty of the Department, I recommend the appointment of Professor Karl B. Lohmann, Professor of City and Regional Planning, as Head of the Department, beginning September 1, 1954, at a salary of $8,850.

For several years the Bureau of Community Planning in the College of Fine and Applied Arts has been operated as a separate department under the supervision of the Dean as Director. It has been proposed that, in view of the unanimity of professional and service interests, this Bureau be merged with the Department of City Planning and Landscape Architecture, beginning September 1, 1954. All concerned have concurred in this consolidation, and I so recommend.

On motion of Mr. Bissell, these recommendations were approved.
APPOINTMENT OF JOSEPH O. ALBERTS AS HEAD OF THE DEPARTMENT OF VETERINARY PATHOLOGY AND HYGIENE

(6) Dean Robert Graham of the College of Veterinary Medicine has also been serving as Head of the Department of Veterinary Pathology and Hygiene. Studies of the administrative organization of the College of Veterinary Medicine indicate that it would be advantageous to have a separate head of this Department. Accordingly, the Dean of the College of Veterinary Medicine and the Director of the Agricultural Experiment Station recommend the appointment of Dr. Joseph O. Alberts, now Professor of Veterinary Pathology and Hygiene and Professor of Veterinary Research, as Professor and Head of the Department of Veterinary Pathology and Hygiene and Professor of Veterinary Research, on indefinite tenure, beginning May 1, 1954, at a salary of $8,500.

This recommendation is concurred in by the Provost and the Dean of the Graduate College.

I recommend approval.

On motion of Mr. Herrick, this appointment was approved.

MEDICAL DIRECTOR OF RESEARCH AND EDUCATIONAL HOSPITALS

(7) The Board of Trustees on July 25, 1953, approved a series of recommendations from the Committee on the Chicago Departments relating to the administrative organization of the Chicago Professional Colleges, including one that there be established a separate office of Medical Director of the Research and Educational Hospitals, at present combined with the deanship of the College of Medicine, and that the duties and responsibilities of the Medical Director be clearly defined in the Statutes.

A special committee was appointed to make studies of and recommendations on the administrative relationships and responsibilities of the Medical Director of the Research and Educational Hospitals and to nominate a competent candidate for appointment to this position. The Committee has made its report, and I recommend the adoption of the following provision in the University of Illinois Statutes:

There is hereby established the position of "Medical Director of the Research and Educational Hospitals."

The Medical Director of the Research and Educational Hospitals shall be a physician highly qualified in the fields of medical education and administration. He shall be appointed biennially by the Board of Trustees on nomination of the President. He may also be Associate Dean of the College of Medicine.

The duties and responsibilities of this officer are:

As Medical Director he shall be the chief administrative officer of the Research and Educational Hospitals and Chairman of the Hospital Executive Committee. He shall supervise and coordinate the activities of the offices of Administrator, Director of Clinics and Admissions (of patients to the hospitals), and professional services, including nursing. He shall have charge of the Research and Educational Hospitals budget. In all of these capacities he shall be responsible to the Vice-President or other chief administrative officer of the Chicago Professional Colleges.

As Associate Dean he shall advise and assist the Dean of the College of Medicine in the preparation of the College budget, and specifically on budgetary provisions relating to both the Research and Educational Hospitals and the College of Medicine, to professional appointments, to teaching and research and to laboratory services. He shall advise and assist the Dean of the College of Medicine in all educational matters, especially in programming and implementing the educational and research activities in the Research and Educational Hospitals and the work of clinical clerks. He shall be a member of the Faculty of the College of Medicine and on its Executive Committee or such committee as may hereafter be appointed for executive or administrative purposes. He shall serve as liaison officer representing the Dean of the College of Medicine in educational matters and staffing at the Illinois Eye and Ear Infirmary and at any other hospital agencies which are similarly affiliated with the University. In all of these capacities he shall be responsible to the Dean of the College of Medicine.

On motion of Mrs. Watkins, this recommendation was approved.

APPOINTMENT OF DR. DONALD J. CASELEY AS MEDICAL DIRECTOR AND ASSOCIATE DEAN

(8) On nomination of the special committee appointed to search for a Medical Director of the Research and Educational Hospitals, and with the concurrence of
the Dean of the College of Medicine, I recommend the appointment of Dr. Donald T. Caseley, presently Medical Director of St. Luke's Hospital, Chicago, as Medical Director of the Research and Educational Hospitals and Associate Dean of the College of Medicine, beginning July 15, 1954, and continuing through August 31, 1955, at an annual salary of $17,000 (on Y basis).

The tenure of this appointment is consistent with that of other administrative officers of similar rank (deans of colleges, directors of schools, institutes, and bureaus) who are appointed biennially. It is desirable to have such appointments coincide with the fiscal biennium; hence Dr. Caseley's initial appointment is for the remainder of the current biennium.

I recommend approval of this appointment.

On motion of Mr. Hickman, this appointment was approved.

REORGANIZATION OF THE UNIVERSITY PLACEMENT BUREAU

(9) In 1944 the Board of Trustees approved a recommendation of a Special Committee that a University Placement Bureau be established under the Dean of Students with a branch in Chicago. This plan was implemented by the appointment of Mr. Harold S. Dawson as Placement Director with his principal office in Urbana-Champaign and a branch office and a secretarial assistant at the Illini Center, Chicago. Mr. Dawson resigned this position in February, 1954.

About a year prior to that time, President Stoddard had initiated studies of the Bureau and in March, 1953, appointed a special committee for this purpose. That Committee submitted a preliminary draft of a report several weeks ago which was sent to the deans of all colleges and also to other officers and the Placement Committee of the Alumni Association for review. Based on the comments received, the Committee has now submitted a final report, copies of which have previously been sent to the members of the Board, and a copy has been filed with the Secretary.

The report indicates that although much good service has been rendered in the past, the program is in need of considerable reorganization and development. Not all of the placement work of the University is carried on through this office. In fact, the greater part of it is distributed among the various colleges. The Committee concludes:

"The evidence in hand appears to support the desirability of separate placement operations, while at the same time it reveals the disadvantages of a lack of systematic coordination of the activities under a University policy."

The Committee recommends the following as a statement of policy:

"The University of Illinois recognizes the desirability of offering a coordinated service to facilitate the placement of its students and alumni in positions so that the maximum values of its educational program may be realized both by graduates and by employers. A basic tenet of this policy is that the service is primarily an activity of the University as a whole and, secondarily, that of its constituent parts."

"The placement services should be available to seniors, graduate students, and alumni."

"The placement services of the University should be available to all employers, small or large, whether located in Illinois or elsewhere."

To provide means for more adequate coordination and more complete service, the Committee recommends the establishment of a Coordinating Placement Council appointed by the President and consisting of selected representatives from those departments of the University most concerned in placement work and the Alumni Association. It recommends that the service continue under the general supervision of the Dean of Students, with a Coordinating Placement Officer located at Urbana-Champaign and a full-time Chicago Placement Officer. These persons would be appointed on the recommendation of the Coordinating Placement Council with the concurrence of the Dean of Students. The Council is to act as an "overall planning and advisory body," its purpose being to "coordinate the placement services of the University."

This report was the result of extended and careful review and discussion with all persons concerned in the University placement service, and it is my belief that the carrying out of its recommendations will represent a major step forward in the improvement of these services. Since some additional cost is involved, it is not possible to say just how rapidly the changes can be put into effect in detail until a more careful study of the expense involved can be made.
I recommend that the proposals be approved in principle and that the President be authorized to carry them out as rapidly as feasible.

On motion of Mrs. Holt, this recommendation and plan was approved, and the changes were authorized subject to availability of funds.

**CHANGES IN UNDERGRADUATE RADIO-TELEVISION CURRICULUM**

(10) The Faculty of the School of Journalism and Communications and the University Senate recommend changes in the undergraduate radio-television curriculum effective for students enrolling in the curriculum for the first time in September, 1954. The Senate and the Board have previously approved an undergraduate curriculum in radio. The present proposal is to extend the work to include similar training in television. Since these changes affect requirements for graduation and for the degree of Bachelor of Science in this curriculum they are subject to approval by the Board of Trustees.

**General Requirements (no change)**

1. A minimum of 124 hours of credit including the hours presented for admission to the school but not counting the first two years of military training and physical education.
2. Not less than thirty hours nor more than forty hours in journalism and communications courses.
3. Twenty hours in advanced social studies. These include courses numbered 200 through 399 in social studies, arts, and sciences. Courses fulfilling the advanced social studies requirement are selected by the student with the approval of his adviser. The home economics minor may be substituted for the requirement of twenty hours in advanced social studies.
4. A grade-point average of 3.0 (C) in courses taken after completion of admission requirements, and satisfaction of general University requirements.

**Special Requirements (revised)**

Journalism 211, Reporting, three semester hours
Journalism 261, Principles of Radio and Television, three semester hours
Journalism 281, Introduction to Advertising, three semester hours
Journalism 368, Radio and Television Regulation, two semester hours

A minimum of ten semester hours to be chosen from fifteen specified courses a list of which is hereby filed with the Secretary of the Board.

Journalism 261 has been increased from two to three semester hours. Journalism 281 is a new requirement.

Five new elective courses of three semester hours each have been authorized by the Senate, the time of implementation to depend on availability of additional funds. The name of Advanced Radio Practices has been changed to Advanced Radio and Television Practices.

I concur in these recommendations.

On motion of Mr. Livingston, these recommendations were approved.

**SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(11) The Committee on Nonrecurring Appropriations recommends assignments of funds as follows:

1. Institute of Aviation, for electrical improvements at the University of Illinois Airport ................................................. $18,500
2. Department of Botany, for remodeling of laboratory facilities for Plant Physiology Laboratory ................................................. 10,000
3. Library, for purchase of early and rare mathematical books ................. 2,145
4. Physical Plant, for cost of moving and remodeling in connection with proposed changes in the use of University owned property ................. 5,800
5. University Press, for printing of Time Tables for the first semester of 1954-1955 ................................................. 6,000
6. Department of Speech, for remodeling ................................................. 4,100
7. Chicago Undergraduate Division, for repair of equipment (mats) for the Division of Physical Education ................................................. 5,000

Total ........................................................................................................ $51,545
I recommend that these appropriations be made from the General Reserve Fund.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**APPROPRIATION FOR REMODELING AT THE PROFESSIONAL COLLEGES**

The relocation of departments in the addition to the Research and Educational Hospitals has vacated certain space in the present Hospitals and in the Dentistry-Medicine-Pharmacy Building and more will be vacated next year. Completion and occupancy of the new East Dentistry-Medicine-Pharmacy Building will result in the relocation of the functions of the College of Pharmacy in that building, which will vacate additional space in the Dentistry-Medicine-Pharmacy Building.

It has been contemplated that when these new buildings are completed and occupied, the space vacated will be remodeled to allow for better locations and expansion of existing departments to provide for future increased enrollments in the Colleges of Medicine and Dentistry. Committees working on the allocation of the space available have made reports which have been approved by the University Building Program Committee.

It is now desirable to proceed with remodeling as rapidly as bids can be taken and contracts let as to space which is presently vacant and also as to space which will be vacated later.

Funds were provided in the internal budget for the present year for a full year's operation of the Research and Educational Hospitals Addition, with the exception of three floors for which additional funds will be requested in the next biennium. Because of delays in the occupancy of the building and the difficulty of recruiting personnel, substantial balances remain in present operating appropriations. As they have become available, such funds have been placed in a special reserve, which now totals $371,293. It is conservatively estimated that a total of $940,000 will be available within the present biennium.

The Administrative Committee of the Chicago Professional Colleges, the Committee on Nonrecurring Appropriations, the Director of the Physical Plant, and the Comptroller recommend that this sum of $940,000 be reassigned for the following purposes, subject to release by the Administrative Committee of the Chicago Professional Colleges, such releases not to exceed the amount accumulated in the reserve at the time of the release:

- Pathology ................................ $ 73,000
- Anatomy ................................ 62,500
- Physiology-Pharmacology ............ 290,000
- School of Nursing .................... 28,800
- Bacteriology .......................... 8,400
- Allergy and Dermatology ............ 7,800
- Hospital Admissions and Admitting Clinic 124,000
- Utilities for the East Wing of the General Hospital 57,900
- Utilities for the Dentistry-Medicine-Pharmacy Building . 35,000
- Purchase of laboratory equipment . 50,000
- Miscellaneous remodeling .......... 17,600
- Stair enclosures ..................... 60,000
- Air conditioning .................... 125,000

**Total ...................................... $940,000**

The above amounts are subject to adjustment within the total by the Administrative Committee after contracts have been awarded. All contracts will be submitted to the Board of Trustees for approval.

I concur.

On motion of Mr. Livingston, this appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.
PAYMENTS FOR USE OF URBANA CITY DUMP

(13) In 1950 the Board of Trustees authorized a contract with the city of Urbana for the use of the city dump for the disposal of University garbage. The contract provides that the University would agree to assume 30 per cent of the cost of the operation, which includes land rental, wages and expenses, equipment purchases and replacement costs.

The city of Urbana now proposes to enter into a contract for the purchase of approximately thirty acres east of the present dump ground at a cost of approximately $10,500 and an adjoining tract of thirty-two acres at a cost of approximately $10,400. There is a definite need for the expansion of the dump grounds and the area in question is one of the few remaining areas of marginal land available for this purpose. It is reasonably close to an all weather road, which is essential, and the purchase price does not appear to be unreasonable.

The city of Urbana has requested that if the University proposes to continue use of the Urbana city dump, it should share in the cost of the purchase of this property with the understanding that if and when the dump ground is filled, the University should share in any sum received for the sale of the property for other use. The University's share of the purchase price, based upon 30 per cent of the total cost, would be $4,950 in 1954-1955, $1,800 in 1955-1956, and $1,800 in 1956-1957.

The only alternative to this proposal would be the development by the University of a private land-filled dump or a combination incinerator and land-filled dump. While there is some advantage in the development of a private dump, it is doubtful that it would be economically justified in view of the presently foreseeable cost to the University of using the Urbana city dump.

The Director of the Physical Plant and the Comptroller recommend that (a) the University continue its present agreement with the city of Urbana for the operation of the dump, (b) the University assume its proportionate share of the land acquisition cost, with the specific understanding that the University will share in any payment ultimately received from a later sale of the property for other use, and (c) a special appropriation of $4,950 be made to cover the additional cost during the current biennium.

I concur in these recommendations.

On motion of Mrs. Holt, these recommendations were approved, and an appropriation of $4,950 was made from the General Reserve Fund. These actions were taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

APPROPRIATION FOR INJURIES TO EMPLOYEES

(14) The Legal Counsel, as Chairman of the Committee on Accident Compensation for Employees, the Comptroller, and the Director of Nonacademic Personnel request a supplementary appropriation of $16,500 for payment of approved claims for occupational injury and disability. Of this amount, $15,000 will be assigned for payment of claims under the provisions of the Workmen's Compensation Act in all departments of the University and $1,500 for disability benefits at the Chicago Professional Colleges.

I recommend approval, the assignment to be made from the General Reserve Fund.

On motion of Mr. Livingston, this appropriation was made from the General Reserve Fund by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

SALE OF UNIVERSITY HOUSES

(15) Pursuant to the plan for the sale of University-owned residence properties in Urbana-Champaign which are outside of the zone of future campus expansion, offers have been received for the purchase of four properties as follows:
1. 207 West Washington Street, Urbana. University purchase price, $15,000; date of purchase, 1948; appraisal valuation, $15,500; sale price, $15,500; purchaser, Paul L. and Gerd B. Young.

Legal description: Lot seven (7) in Block One (1) of Van Doren's Addition to the City of Urbana, situated in the City of Urbana, in the County of Champaign and State of Illinois.

2. 313 West Avondale, Champaign. University purchase price, $7,759.15; date of purchase, January, 1947; appraisal valuation, $8,500; sale price, $8,500; purchaser, Allen R. and Lottie M. Hickman.

Legal description: All of Lot Seventy-three (73) except the West seventeen and sixty-five one-hundredth (17.65) feet thereof of Avondale Place being a portion of Lot Five (5) of the subdivision of the South one-half (S 1/2) of Section Thirteen (13), Township (19) North, Range Eight (8) East of the Third Principal Meridian, situated in the City of Champaign in the County of Champaign in the State of Illinois.

Legal description: Lot 119 of University Heights Addition.

While the property at 701 West Delaware Avenue is appraised at less than the University's investment, Mr. Lesemann is willing to purchase the property at the higher amount. There are some substantial expenditures for maintenance and improvement required for which Mr. Lesemann is willing to reimburse the University, in addition to paying the sale price recommended.

4. 710 West Indiana Avenue, Urbana. University purchase price, $17,000; date of purchase, 1948; appraisal valuation, $15,000; sale price, $16,000; purchaser, Patricia F. and Murray Horwitz.

Legal description: Lot Sixty-three (63) in Lincoln Place in the City of Urbana, Illinois.

While the appraisal for the property at 710 West Indiana Avenue was $15,000, the property was offered for sale at $16,000, and Mr. and Mrs. Horwitz have agreed to this price.

The Director of the Physical Plant and the Comptroller recommend these sales.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Nickell, the sale of these houses at the prices recommended and the execution of the necessary documents, including warranty deeds to the purchasers, by the Comptroller and the Secretary of the Board were authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

APPROPRIATIONS BY THE ATHLETIC ASSOCIATION

(16) The Board of Directors of the Athletic Association has made assignments of funds from the Association's reserve for the purchase of an eight-passenger Chrysler suburban, a replacement, $2,631, and for rebuilding the walls of the Memorial Stadium, $14,000.

Approval of the Board of Trustees is required, and I so recommend.

On motion of Mr. Johnston, the action of the Board of Directors was approved.

CONTRACT FOR DUMBWAITER INSTALLATION IN LAW BUILDING

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract for $3,759 to the Fairhall Elevator and Machine Company, Danville, Illinois, the lowest bidder, for the dumbwaiter installation in the library of the new Law Building.

Funds are available in the state appropriation for the construction of this building and have been released by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.
On motion of Mr. Herrick, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**CONTRACT FOR POWER PLANT ADDITION**

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract for $105,350 to E. N. DeAtley, Champaign, the lowest bidder, for the general work on an addition to the Abbott Power Plant.

The expansion of this plant is required to service the new buildings for which the General Assembly appropriated funds for the biennium 1953-1955, including the Power Plant addition. The funds are subject to release by the Governor.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract, subject to release of funds by the Governor.

On motion of Mr. Johnston, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**CONTRACT FOR TUCKPOINTING OF DENTISTRY-MEDICINE-PHARMACY BUILDING**

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for $6,500 to the Hoffman and Klemperer Company of Chicago, the only bidder, for tuckpointing work on the second unit of the Dentistry-Medicine-Pharmacy Building.

The work will consist of the removal of loose mortar from the joints of the brick and stone and replacement with new mortar. This repairing is necessary to prevent moisture from entering the building walls which would cause serious deterioration. Funds are available in the budget of the Physical Plant.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACTS FOR BUILDING IMPROVEMENTS ON ALLERTON FARMS**

(20) The College of Agriculture, which manages the University's endowment farms, has a systematic program of modernizing buildings and making other improvements on these farms as funds become available. This year's program calls for remodeling two houses on the Allerton Farms.

The Dean of the College of Agriculture and the Comptroller recommend award of a contract to Hammerschmidt Brothers, Monticello, for remodeling house No. 1 on Allerton Farm No. 1. This work will include installation of a central heating system, a bathroom, modernization of the kitchen, lowering eleven-foot ceilings, enclosure of a stairway, construction of closets, and incidental improvements. The estimated cost is $8,000.

The Dean of the College of Agriculture and the Comptroller recommend award of a contract to M. Osmond of Monticello for remodeling the house on Allerton Farm No. 6. The work will include installation of a central heating system, construction of a bathroom and utility room, and modernization of the kitchen. The estimated cost is $5,500.

Funds are available for these improvements in the income from farm operations.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Herrick, these contracts were awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same.

QUARTERLY REPORT OF THE COMPTROLLER

(23) The Comptroller presents his quarterly report to the Board as of March 31, 1954.

This report was received for record and a copy has been filed with the Secretary of the Board.

CONTRACT FOR VENTILATING INSTALLATIONS IN NEW LAW BUILDING

(24) The contracts awarded by the Board of Trustees on April 21, 1954, for the construction of the new Law Building included one of $161,425 to the R. H. Bishop Company, Champaign, for the ventilating installations. The Company is in a voluntary receivership (due to an unwise venture into manufacturing of appliances) but is operating as usual, all creditors having been paid in full more than two years ago, and only an agreement for settlement of federal taxes due remains to be executed before the receivership is terminated. Mr. R. H. Bishop, the principal owner, found that after the contract was awarded to his Company, no bonding company will insure a firm in receivership, although he had been previously assured before submitting a bid that a bond would be furnished. However, he can readily obtain a bond if the contract is assigned to him as an individual even though the contract is performed by the Company.

Following a conference of the interested parties, including University representatives, it was suggested that the contract be executed by the R. H. Bishop Company and that the Company assign the contract to R. H. Bishop as an individual. This is permissible under the terms of the contract if the assignment is approved by both parties. Under such an arrangement, the R. H. Bishop Company would still be held as a responsible party to the contract, and Mr. Bishop as an individual would be able to furnish the required bond.

The Director of the Physical Plant and the Comptroller recommend that the Board authorize assignment of the contract executed by the R. H. Bishop Com-

pany and its receivers for the ventilating installations in the new Law Building to R. H. Bishop upon terms that will not relieve the Company and its receivers from liability to the University under the contract in the event of any failure on the part of Mr. Bishop to perform.

I concur.

On motion of Mr. Herrick, this assignment was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

CONCLUSION OF NEGOTIATIONS WITH OZARK AIR LINES FOR THE USE OF THE UNIVERSITY OF ILLINOIS AIRPORT

(25) At the April 21, 1954, meeting of the Board of Trustees, a report was made of the negotiations with the Ozark Air Lines for the continued use of the University of Illinois Airport. The one question which remained unsettled in the negotiation was the amount of the landing fees to be charged. The University had taken the position that the landing fees should adequately cover any direct expenses which result from the use of the University Airport by Ozark Air Lines. Ozark had proposed a landing fee of two per cent of an "on line revenue," not including mail or cargo revenues, collected at the station. The Board of Trustees reaffirmed the University's position and instructed the Director of the Institute of Aviation and the Comptroller to continue negotiations on the basis of the principle of recovery of costs.

Negotiations have resulted in an agreement with Ozark Air Lines satisfactory to the University and to Ozark. The University had originally proposed a fee which would result in a charge of $6,000 for landing fees. This was based upon a series of costs which included $2,278 for the removal of snow from the runways. Ozark has requested that the University not remove the snow with the understanding that during those periods when snow on the runway prohibits their landing they will overfly the field. Since the University does not remove snow from the runways for its own operations at the Airport, it is willing to accede to the request from Ozark. This will reduce the direct expenses chargeable to Ozark's operation to $4,322 or $360 a month. Ozark has agreed to a contract with the University which will provide for landing fees of $360 a month, or two per cent of the "on line revenue," whichever is the greater. The contract will be dated July 1, 1954 (the date the previous contract expired), and will continue for a two-year period, subject to the usual cancellation provision of thirty days' notice by either party.

Ozark has also given a check based upon the above proposal which will pay their account to the University in full to May 1, 1954.

No action is required on this report since the Comptroller and the Secretary of the Board were previously authorized to execute a contract based upon the principle of recovery of direct costs.

This report was received for record.

**LOCATION OF VETERINARY CLINIC BUILDING**

At the request of President Megran, President Morey discussed the location of the new Veterinary Clinic Building with reference to some objections which have been made to the proximity of this building to the Mount Hope Cemetery. He reported on some changes made by the University's Building Program Committee in the location of this building and plans for landscaping the area which have resolved most of the objections raised. Messrs. Johnston, Megran, and Nickell commented on this matter. It was the sense of the Board that no action is required.

**JUNE AND JULY MEETINGS**

The Secretary announced that the next meeting of the Board of Trustees will be held at the Blackstone Hotel, Chicago, Illinois, on Monday, June 21, 1954, the date fixed by the Board of Trustees at its meeting on April 21, 1954.

By unanimous consent, the July meeting of the Board of Trustees was scheduled for Monday, July 26, 1954, to be held in Chicago, the hour and place to be determined by the President and Secretary of the Board.

On motion of Mrs. Watkins, the Board adjourned.

A. J. JANATA     H. B. MEGRAN
Secretary         President
The June meeting of the Board of Trustees of the University of Illinois was held in the Blackstone Hotel, Chicago, Illinois, on Monday, June 21, 1954, beginning at 10:00 a.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mr. Robert Z. Hickman, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Vernon L. Nickell, and Mrs. Frances B. Watkins. Mr. Harold E. Grange and Governor William G. Stratton were absent.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. J. F. Wright, Director of Public Relations; and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.
When the Board convened, it resolved itself into a Committee of the Whole to study the recommendations of the President of the University relating to the operating budget for 1954-1955. President Morey explained the procedure followed in preparing the budget and discussed the various recommendations. He also presented the following statement summarizing his discussion of the budget:

MEMORANDUM TO THE BOARD OF TRUSTEES
CONCERNING BUDGET FOR 1954-1955

The internal budget for 1954-1955 follows the pattern of previous budgets as to form and method of preparation, as indicated in the Condensed Analysis. The Provost and the Comptroller have assumed the major responsibility for budget preparation. Throughout they have all worked intensively to check the budget for points at which savings could be accomplished and thus find ways to take care of urgent cases, prevent losses of key members of the staff, recognize special situations of increased production and responsibility, and meet contractual obligations to the nonacademic staff.

Essentially, the budget for the coming year is the same as for 1953-1954. The net addition of about $250,000, mainly from tuition fees of the estimated 1,150 additional students, is applied about one-fourth to increased staff for this increased enrollment and three-fourths to salary increases.

I believe the net result, while perhaps not perfect (I doubt if any budget as complex as ours is ever perfect), is as satisfactory as we can make it. It does leave us with a reserve which, while not large ($32,671), is somewhat larger than we had at the beginning of the current year. We are thus in a somewhat better position to meet emergencies that may arise.

In any operations similar to those of the University it will be found that activities are initiated and established which become of reduced significance as time passes. Also some appointments are made which, for one reason or another, do not prove to be entirely satisfactory. On the other hand, changes in such situations can not be made immediately. Time must be allowed for readjustments and revisions.

The instructional program also includes a wide diversity of activities, programs, and courses. The high degree of specialization existing in our academic staff leads to offering many courses in which there is small registration. Some of these are clearly essential for a well-rounded program in the particular field. Others are open to question. Also in courses where multiple sections are offered, it has been found that some sections are smaller than is reasonably necessary. Every effort is being made to consolidate such sections and raise them to a minimum size. We find this one of the difficult problems on which to secure adequate consideration.

There is also the question of the amount of time allowed for noninstructional activities, primarily research. There is no question but that the research program of the University is one of great importance and productivity. It also brings about over-all improvement in instruction, although in some instances where inexperienced graduate students are assigned such instruction, the results perhaps are not the best. However, excessive research activity increases the tendency toward light teaching loads which may not always be accompanied by high research or scholarly productivity.

Judging the size of our appropriations by those of more or less comparable institutions in other states and in comparison with the size of our student body, our appropriations are comparatively liberal. This is not due to a higher salary scale since our scale is about at the level of most other comparable state institutions and not as good as the best. Hence, the larger appropriations must be due to (a) lighter teaching loads, (b) broader instructional programs, and (c) more extensive noninstructional activities. Probably all of these can be justified from the standpoint of each department concerned. On the other hand, these facts do raise questions as to whether our policies are too liberal or our activities too extensive.

These comments do not reflect a lack of confidence in or appreciation for the staff as a whole. The overwhelming majority are putting forth every effort to
make their assignments productive and their zeal and industry for their work are most inspiring.

On the face of it, our administrative organization seems excessive. There are about thirty officers reporting independently to the President. According to my observation, administrative officers and the persons connected with such offices work, in many instances, harder than they should. Even so, we do not have sufficient administrative organization to do all that is needed. Some consolidation is desirable, but it is difficult to accomplish without adding to executive personnel. For example, we could well have a University Director of Research and a Director of Academic Personnel. We need more service in a number of our administrative offices, yet all of this costs additional money and increases an already large administrative outlay.

For the biennium 1955-1957 I have laid careful plans for as complete a study as is feasible. We have set up a special budget committee to review all requests, consisting of the Provost, Chairman, the Comptroller, the Director of the Bureau of Institutional Research, the Chairman of the Senate Committee on Budget, and two additional members of the University Council. In addition, the Building Program Committee is combing every item of requests for capital outlay. It is hoped by these means to produce a biennial budget which will be thoroughly solid in every detail. In initiating these studies, I made the following statement to administrative officers and heads of departments:

"In considering the budget for the next biennium, it should be recognized that the task of securing an increase in present income is becoming more and more difficult for both the University and the state. It can not be assumed that new expenditures, however justified from our point of view, can be matched by additional state appropriations. Hence, it is essential that concurrently with the consideration of such items there be an intensive review by each division of its present projects and programs and an earnest search for ways in which adjustments can be made and more economical operation effected to offset urgent new items, or restore any reductions that were made in the 1953-1954 budget that have resulted in severe handicap to effective operation.

"This is not to say that we are committing ourselves to simply stand where we are financially. We shall be ready as always to wage the battle for increased support, after every item of present expenditure has established its full right to continuation and the case for each addition has been made sufficiently strong to satisfy not only ourselves but the public, the State administration, and the General Assembly, whose money we are expending."

This still represents the best statement I can make of what I believe should be the budget policy of the University of Illinois for the next biennium.

Action on the budget was deferred until the open meeting of the Board.

Mr. Bissell expressed the opinion that the General Assembly of Illinois should be informed of the potential demands upon the University in the years to come, and suggested that in presenting the biennial budget for 1955-1957 next year an attempt be made to project the operating and capital expenditures and the enrollment for the next twenty years.

Mr. Nickell pointed out that in any future planning University officials should bear in mind the interest and responsibilities of the privately supported colleges and universities in Illinois.

DEPARTMENT OF MEDICAL SOCIAL WORK

Mrs. Watkins requested that a report on the program and activities of this Department be made to the Board at a future meeting. The President of the University stated that he would ask the Provost to make a study and submit a report.

COMMENCEMENT EXERCISES

Mr. Nickell reported a suggestion concerning the devotional features of the commencement exercises made to him by the parents of a stu-
dent receiving a degree at the exercises held in Urbana-Champaign on June 20, 1954.

The Secretary was requested to convey to the parties an expression of the Board's appreciation of this suggestion.

MEETING OF THE BOARD OF TRUSTEES
At 12:00 o'clock noon the Committee of the Whole rose and the Board convened in open session. The same members of the Board, officers of the University, and officers of the Board as recorded at the beginning of these minutes were present.

The purchases reported by the Comptroller are pursuant to previous Board of Trustees authorization.

This report was received for record.
The Board considered the following reports and recommendations from the President of the University.

**PATENTABLE DISCOVERIES**

1. Howard V. Malmstadt, Instructor in Chemistry, and E. R. Fett, Assistant in Chemistry, have discovered a simple and inexpensive automatic differential potentiometric device for determining the strength of a solution or the concentration of a substance in solution. Although it appears that this invention would be patentable and would have a certain limited use, the Department of Chemistry and Chemical Engineering believes that the sale of such a device, if patented and developed, would not warrant the cost of securing a patent. Accordingly, the University Patent Committee recommends that the invention be released to the inventors.

2. Richard E. Norberg, Research Assistant Professor of Physics, and Myer Bloom, Research Assistant in Physics, have developed quadrupole echo and decay signals, a scientific phenomenon described as spin echo and induction decay signals which appear in the course of pulsed experiments on pure quadrupole spectra. This invention is a result of research under a contract with the United States Navy. This phenomenon is similar to that of spin echo which was released to Dr. Erwin L. Hahn, formerly a member of the Department of Physics, at a meeting of the Board of Trustees on July 18, 1952. It is the judgment of the inventors and the Head of the Department of Physics that the device is not important enough to justify the expense of securing a patent and the latter recommends that the invention be released to the United States Navy. The University Patent Committee concurs in this recommendation.

3. At its meeting of February 23, 1953, the Board of Trustees authorized the negotiation of a compromise settlement between Brown, Boveri, and Cie, the Atomic Energy Commission, and the University relative to the Kerst betatron improvement. The negotiations continued, and the interferences with the patent application were decided in favor of the University. Under the agreement the patent would be issued to Dr. D. W. Kerst, Professor of Physics, as assignee, and Brown, Boveri, and Cie and the United States government would each receive licenses. The patent attorney points out that a few additional claims can be secured if substantial additional work on the application is authorized. However, the claims allowed—particularly the ones involved in the interferences—provide adequate scope and very nearly all of the protection which it is believed is essential. The Physics Department recommends, and Dr. Kerst concurs, that the patent be secured on presently allowed claims and that no additional work be done. The University Patent Committee concurs in this recommendation.

The American Chemical Society has announced that requests may be made for grants-in-aid for financing special projects from the Petroleum Research fund of that Society. One of the conditions of the grant is "Every patent, United States or foreign, that shall be taken out by or on behalf of the recipient or by or on behalf of any individual or institution acting at the direction of or on behalf of the recipient in carrying out such research shall be immediately dedicated to the public, royalty free." The Department of Chemistry and Chemical Engineering has recommended that the University waive the usual requirements relative to University control of all inventions and permit filing of applications for such grants under the conditions stated above. It should be noted that the staff member can receive no personal benefit from these grants and, accordingly, may be more inclined to engage in work of a more fundamental nature than if he might personally benefit financially by receiving a portion of any income resulting from a patentable invention. The terms of the grant are even more restrictive than the usual policy of the University by requiring that all inventions be dedicated to the public interest. The University Patent Committee recommends that the usual University policy be waived and that the grants from the American Chemical Society be accepted.

I concur in these recommendations.

On motion of Mr. Hickman, these recommendations were approved.
INTERNAL OPERATING BUDGET FOR 1954-1955

(2) I present the University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1954, and for the academic and administrative appointments beginning September 1, 1954. This budget has been prepared by the Provost and the Comptroller in accordance with procedures approved by the President and in conferences with deans, directors, and other administrative officers.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1954, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed; all such changes to be covered in the Comptroller's quarterly financial report, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring expenditures in excess of $2,500 shall be presented to the Board for prior approval.

On motion of Mr. Bissell, the President of the University was authorized to take the actions specified above, the budget was approved, and the appropriations were made as recommended by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

The complete budget is included as an appendix to these minutes on pages 1440 to 1712.

INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION FOR 1954-1955

The budget has been examined and approved by the Provost and the Comptroller. Salaries paid jointly by the Athletic Association and the School of Physical Education have been approved by the Director of the School.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Herrick, this budget was approved and authority was given as recommended.

COMMITTEE ON ACCOUNTANCY

(4) The regulations adopted by the Board of Trustees for the administration of the Illinois accountancy law provide that the University's administrative functions shall be performed by a Committee on Accountancy appointed by and responsible to the President of the University. The Committee consists of the Director of Admissions and Records and two other members of the University faculty.
The present personnel of the Committee is Professor W. E. Britton of the College of Law, Chairman; Professor H. M. Gray of the Department of Economics; and Director G. P. Tuttle of the Office of Admissions and Records, Secretary. Professor Britton is retiring from University service at the end of the current academic year, and I am reconstituting the Committee as follows effective September 1, 1954: Professor H. M. Gray, Chairman (until August 31, 1957); Associate Professor Charles H. Bowman of the College of Law (until August 31, 1959); and Director G. P. Tuttle, Secretary (ex officio).

The present members of the Committee have served for many years, and it seems to me that periodical changes in its personnel would be desirable in accordance with our usual practice in other University committees. Accordingly, I have set up a plan for such rotation which will ultimately provide for the appointment of the Director of Admissions and Records as an ex officio member and the other two members for six-year terms.

Appointments to this Committee do not require the approval of the Board of Trustees, but I am reporting my action simply for the record. I also wish to take this occasion to record the fullest appreciation of Professor Britton's splendid service as a member and Chairman of the Committee on Accountancy since 1924.

This report was received for record.

On motion of Mr. Herrick, the Secretary was requested to express to Professor Britton the Board's appreciation of his services as member and Chairman of the Committee on Accountancy.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(5) On nomination of the Committee on Accountancy, I recommend the appointment of Mr. Kenneth McCracken of the legal firm of Bell, Boyd, Marshall, and Lloyd, 135 South LaSalle Street, Chicago, Illinois, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1954, to replace Mr. James A. Velde, the present law member of the Board whose term will expire.

On motion of Mr. Bissell, this appointment was approved.

APPOINTMENT TO GEORGE A. MILLER VISITING PROFESSORSHIP

(6) On nomination of the Head of the Department of Mathematics, the Dean of the College of Liberal Arts and Sciences, and the Dean of the Graduate College, I recommend the appointment of Dr. Roger Jean Henry Godement, now Professor at the University of Nancy, Nancy, France, as the first George A. Miller Visiting Professor of Mathematics for one year from September 1, 1954, at a salary of $10,000 (D basis).

On motion of Mr. Johnston, this appointment was approved.

HEADSHIP OF ILLUSTRATION STUDIOS IN THE CHICAGO PROFESSIONAL COLLEGES

(7) Professor Tom S. Jones, Head of the Illustration Studios in the Chicago Professional Colleges, will retire September 1, 1954. On nomination of the Dean of the College of Medicine and with the concurrence of the Chairman of the Administrative Committee for the Chicago Professional Colleges, the Provost, and the Dean of the Graduate College, I recommend the appointment of A. Hooker Goodwin, now Professor of Medical Illustration at the Bowman Gray School of Medicine, Wake Forest College, Winston-Salem, North Carolina, as Professor of Medical and Dental Illustration and Head of the Illustration Studios in the Chicago Professional Colleges on indefinite tenure beginning September 1, 1954, at a salary of $9,000 (AY basis). (This is the salary of the position at present.)

Professor Hooker was formerly (1948-1950) on the staff of the Illustration Studios of the University of Illinois.

In the past this activity has been budgeted under the College of Medicine although it serves all Chicago Professional divisions. There is general agreement that it should be placed under the Office of the Vice-President. As soon as practicable it is the intention that this be done. Its functions of service to the College of Medicine, as well as to all other divisions, will not be changed.

On motion of Mrs. Watkins, this appointment was approved.
HEADSHIP OF THE DEPARTMENT OF MINING AND METALLURGICAL ENGINEERING

(8) On recommendation of the Dean of the College of Engineering and with the concurrence of the Provost and the Dean of the Graduate College, I recommend the appointment of Thomas A. Read, presently Associate Professor of Metallurgy at Columbia University, as Professor of Metallurgy and Head of the Department of Mining and Metallurgical Engineering on indefinite tenure beginning August 1, 1954, at an annual salary of $11,000 (A basis).

The headship of this Department has been vacant since the resignation last year of Professor Harold L. Walker. In the meantime, Professor W. R. Chedsey has been serving as Acting Head.

On motion of Mr. Herrick, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(9) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. Harold H. Draper, Assistant Professor of Animal Nutrition in the Department of Animal Science (C&S), beginning September 1, 1954, at an annual salary of $6,000 (DY).

2. Walter C. Jacob, Professor of Agronomy (C&S), beginning September 1, 1954, at an annual salary of $9,000 (DY).

4. Jack Wood, Associate Professor of City and Regional Planning, in the Department of City Planning and Landscape Architecture, beginning September 1, 1954, at an annual salary of $6,600 (A).

On motion of Mr. Nickell, these appointments were confirmed.

CURRICULUM IN NURSING

(1) The faculty of the School of Nursing and the University Senate recommend the establishment of a four-year collegiate program in nursing leading to the degree of Bachelor of Science in Nursing according to the following plan.

Students will be admitted to the professional part of the program in September, 1954. The entire program, preprofessional and professional, will also go into effect at that time. (Several students currently enrolled in the prenursing curriculum of the Affiliation Program in Nursing have completed the proposed preprofessional program in preparation for admission to the School of Nursing in September, 1954.)

Admission to the Preprofessional Curriculum. An applicant for admission to this curriculum (a) must meet the general requirements for admission to the College of Liberal Arts and Sciences, and (b) must rank in the upper 50 per cent of her high school graduating class, or have completed a minimum of fifteen semester hours of acceptable college work with an average of not less than 3.0.

Admission to the Professional Curriculum. The number of students admitted to the professional curriculum is limited by the facilities of the School of Nursing. Selections for admission to this curriculum are made by the Committee on Admissions after a careful study of scholastic record, aptitude, and health examinations, and such evidence of personal characteristics essential for nursing as is required by the Committee. An interview with representatives of the faculty of the School of Nursing is required.

A University scholarship average of 3.0 is a minimum requirement. Candidates must have received a grade of at least "C" in prerequisite courses (chemistry and biology or zoology).

Admission to transfer students is governed by the same regulations applicable to other students in the curriculum. Transfer students in all but exceptional cases must complete all eleven quarters of the professional phase of the curriculum in the School of Nursing.

General Description. The curriculum consists of a minimum of two semesters in the College of Liberal Arts and Sciences and eleven quarters in the School of Nursing in Chicago. The work is divided into two levels. The two semesters in the College of Liberal Arts and Sciences constitute the preprofessional curriculum. The eleven quarters in the School of Nursing constitute the professional phase of the curriculum and include related academic (nonprofessional) courses. Provision is made for one summer session in the College of Liberal Arts and Sciences during the third year in order that students may have an opportunity to take selected electives on a more mature level than would be possible in the freshman (preprofessional) period.

Specific Graduation Requirements. A candidate for the degree of Bachelor of Science in Nursing must meet the following general requirements: pay all indebtedness to the University, obtain passing grades in all required courses in the curriculum, and have completed the four-year curriculum with an over-all average of "C" for the total number of 216 quarter hours required for the degree. In all but exceptional cases, at least eleven quarters of professional education and experience must be taken in residence in the School of Nursing, and in all cases, a minimum of at least one year (forty-five quarter hours of senior level professional courses) must be taken in residence in the School of Nursing.
The curriculum here proposed is wholly new, a baccalaureate degree program in nursing of the "integrated" or "correlated" type. It is meant to replace the so-called Affiliation Program entered into by the University in 1949, and which is to be discontinued with the expiration of commitments made in current published material.

This type of program differs from the conventional and traditional hospital-school nursing program in that students do not work their way through by giving hospital service, and in that the faculty and quality of instruction and instructional facilities are of collegiate grade. It aims, in addition to preparing the student nurse to render skilled physical care to patients, to give the grounding in science and in medicine needed to prepare her for the increasing responsibilities of modern nursing, to instruct her as to the place of nursing in the health services of the community, to prepare her to take responsibilities in administration, teaching, and in the advancement of the profession.

The University of Illinois began studies aimed at setting up a collegiate program of nursing in 1945, then deviated from this purpose with the Affiliation Program of 1939. With the present curriculum it returns to its original aim, and has profited by the substantial literature on collegiate nursing program appearing in the last few years. With this curriculum, and our own staff and facilities, the University will have a program that should take its place among the best in America.

The complete outline of specific course requirements in the preprofessional and professional areas of this curriculum has been filed with the Secretary of the Board for record and has been supplied to the University officers concerned.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

REQUIREMENTS FOR DEGREE OF BACHELOR OF MUSIC

The University Senate recommends the following changes in the requirements for the degree of Bachelor of Music: addition of a required new course, Basic Music Literature, two hours; dropping of two courses in Analysis of Musical Form; and increasing the total number of semester hours in the curriculum from 130 to 132 semester hours.

The purpose of these changes is to improve the offerings in the history of music and is in line with the curricula of other schools of music.

I concur.

On motion of Mr. Hickman, this recommendation was approved.

PROFESSIONAL CURRICULUM FOR DEGREE OF MASTER OF BUSINESS ADMINISTRATION

On July 16, 1952, the President of the University recommended and the Board approved the establishment of a Graduate School of Business Administration "as an integral part of the College" (College of Commerce and Business Administration). It was stated in the presentation that the new curriculum required for the program would call for consideration by the University Senate and later action by the Board. Temporary approval of the admission of students in the fall of 1952 was given by the President pending the approval of the curriculum.

This proposal had not been reviewed by all University administrative and academic parties concerned. The Executive Faculty of the Graduate College, in November, 1952, passed and transmitted to the President a resolution voicing objection to the establishment of such a graduate program "distinct from the Graduate College of the University" and leading to a graduate degree. It requested reconsideration of the subject so that "the jurisdiction for this program be placed in the Graduate College."

On taking office in September, 1953, I found this question still unresolved and no formal action taken on a curriculum. Temporary approval for admission of students in the fall of 1953 was continued in anticipation of the approval of a curriculum. (The curriculum had been submitted in July, 1953, but had not yet been acted upon.) Discussions were immediately initiated with the Dean of the College of Commerce and Business Administration, the Dean of the Graduate College, and the Chairman of the Senate Committee on Educational Policy.
to seek an agreement, if possible, among all concerned as to (a) the title of the
program and (b) its relation to the Graduate College.

The Senate Committee gave long consideration to the subject, and on
April 5, 1954, presented to the Senate recommendations that the curriculum be
approved, that the program be left within the College of Commerce and Busi-
ness Administration but without the use of the term "graduate." The Senate by
a vote of two to one disapproved these recommendations of its Committee on
Educational Policy and took the following actions relating to the Graduate
School of Business Administration:

1. That the Senate is in sympathy with the aims of the professional program
in Business Administration leading to the Master of Business Administration
degree.

2. That the term "graduate" should not be employed in connection with pro-
grams which are not within the Graduate College.

3. That 400 numbers should not be used for courses outside the Graduate
College.

4. It is the opinion of the Senate that all programs leading to a master's degree
or to a Doctor of Philosophy or Doctor of Education degree belong within
the Graduate College.

5. It is the judgment of the Senate that the proposed professional program in
Business Administration should be within the Graduate College if a master's
degree, or other degree resembling those granted by the Graduate College, is
granted and the term "graduate" is used.

6. That all proposals of programs which require a bachelor's degree for admis-
sion be submitted to the Executive Faculty of the Graduate College in order
that the Executive Faculty may have the opportunity to make recommenda-
tions as to whether the program properly falls within the general program
of the Graduate College.

7. That the Senate request the Executive Faculty of the Graduate College to
examine the records of the three students, now scheduled to complete in
June, 1954, the requirements for the Master of Business Administration de-
gree in the proposed program, and that further the Executive Faculty be asked
to present at the next regular meeting of the Senate its recommendations with
respect to granting degrees to these students.

8. That the proposed curriculum leading to the degree of Master of Business
Administration be referred to the Executive Faculty of the Graduate College
for study and that this body make its recommendations to the Senate Com-
mittee on Educational Policy within one month so that the Policy Commit-
tee may present its report to the next regular meeting of the Senate.

This last action would make it possible for the College of Commerce and
Business Administration to offer the M.B.A. program within the administrative
framework of the Graduate College. The Dean of the College of Commerce
and Business Administration was requested by the Dean of the Graduate Col-
lege and by the President of the University to submit the proposed curriculum
to the Graduate College. Eventually, a copy of the curriculum was supplied to
the President's Office and was referred to the Graduate College, but the course
proposal outlines essential to the examination and the evaluation of the cur-
riculum were not provided. Hence, the Executive Faculty of the Graduate
College was unable to carry out the instructions of the Senate. (The Executive
Faculty has authority over all Graduate College curricula, and its approval is
required before such curricula can be acted upon by the University Senate.)

The present status of this matter then is that the College of Commerce and
Business Administration has not submitted a curriculum for the new M.B.A.
program to be offered in the Graduate College, and the University Senate has not
approved a curriculum for the M.B.A. program to be offered by a graduate
school of business administration.

On June 7, 1954, the University Senate voted to request the Board of Trustees
to rescind its action of July 16, 1952, establishing the Graduate School of Business
Administration outside of the Graduate College. In this connection, attention is
called to the following provisions in the University of Illinois Statutes which had
not been followed by University administrative officials prior to the submission to
the Board of Trustees on July 16, 1952, of the proposal for establishing the Graduate School of Business Administration:

No new line of work involving questions of general educational policy shall be established except on recommendation of the Senate.

The transfer of any line of work, or any part thereof to or from a college, from or to some other administrative group shall be made on recommendation of the Senate and approval of the Board of Trustees.

It should be noted that in presenting the proposal to establish the Graduate School of Business Administration to the Board of Trustees for approval without the recommendation of the Senate, the President of the University stated:

It is understood that the approval of the new curriculum itself, extending the period of advanced study for the existing degree, Master of Business Administration, from one year to two years and substantially revising its component parts, will call for faculty approval through the standard channels of the Senate Committee on Educational Policy and the Senate. There may be other points, too, that are regarded as essentially academic rather than administrative which the Senate will want to pass upon.

Thus the President recognized the jurisdiction of the Senate although the essential step of securing approval had not yet been taken. In view of this situation, a fresh start is indicated.

In the meantime, the University Senate, upon certification of the College of Commerce and Business Administration and the Graduate College, has recommended that the three students who were admitted to the curriculum in 1952 pending its approval be given the degree of Master of Business Administration upon satisfactory completion of the requirements set up for that degree. The degree will have been conferred upon two of the students at the Commencement exercises on June 20, 1954, and the third will receive the same degree in October, 1954, if he completes the required courses with satisfactory grades.

The Senate has taken this unusual action of recommending students for degrees in a curriculum not approved by the Senate in recognition of the fact that they entered upon the program in good faith and that their interests must be protected, but with the understanding that the action should not be considered as establishing a precedent.

I concur in the request of the Senate that the Board rescind its action of July 16, 1952, establishing the Graduate School of Business Administration. When this is done the way will be open for the College of Commerce and Business Administration, if it desires, to resubmit the curriculum as a revised program for the M.B.A. degree in the Graduate College for consideration through regular channels.

On motion of Mrs. Watkins, the action of the Board of Trustees of July 16, 1952, as recorded on page 5 of the minutes of that meeting, was rescinded since that action was not completely consistent with University Statutes and procedures.

The Board expressed its deep interest in seeing a program of this kind established and requested the President of the University to call upon the College of Commerce and Business Administration to resubmit a program in a manner and through channels conforming with University Statutes and procedures for consideration by the Board at an early date.

On motion of Mr. Livingston, these appropriations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton. Mr. Hickman asked to be recorded as voting “no” on the assignment of funds for the purchase of equipment for a photo-bearing I.D. Card System but “aye” on all of the other items.

RENEWAL OF LEASES WITH THE CITY OF CHICAGO FOR NAVY PIER AND DRILL HALL

(15) The present leases with the city of Chicago for space on Navy Pier and in the adjacent Drill Hall occupied by the Chicago Undergraduate Division expire on June 30, 1954; negotiations have resulted in an agreement for renewal at a rental of $181,000.08 a year. These leases were authorized by the Board on July 25, 1953.

Renewal documents were prepared in accordance with this authorization and presented to the city of Chicago. Through the Commissioner of Public Works the city has indicated approval subject to certain changes because of the following items which the city had not raised in earlier negotiations.

The city wants the space now occupied by the Office of Nonacademic Personnel but which is not included in the Drill Hall lease. The Commissioner indicated that the city would permit the University to continue occupying this space if it will pay rental for it, although the city would prefer to have the space.

Another question relates to the University’s practice of permitting the staff to park cars inside the Pier on the north side of the runway, an area adjacent to the space leased by the University. This area is not a part of the space for which the University now pays rent, but the present lease provides that the city shall maintain it as a “No Parking” area. The purpose of this provision was to avoid noise interference with classes. Subsequently, it was found that cars could be parked there without interfering with classroom activities, and the faculty has been using this area for parking. The city holds that if the University wishes to use this space for faculty parking, it should pay rent for it.

The University has agreed to relocate the Nonacademic Personnel Office in the small building northeast of the Drill Hall now occupied by the Pier Illini (the student newspaper). The city proposes that this space and the parking area be included in the new leases, and requests an additional rental of $6,000 a year. This rate is determined by a charge for parking spaces for 120 cars of approximately $4 per car per month, which amounts to a total of $5,760 a year, and by inclusion in the Drill Hall lease of the new area for the Office of Nonacademic Personnel at an additional annual rental of $240, or a total of $6,000 a year.

The Dean of the Undergraduate Division recommends that the parking area be retained for the use of the staff since parking at the Pier is a serious problem. Funds for the increased rental will be made available within the Physical Plant budget.

The Dean of the Undergraduate Division, the Comptroller, and the Director of the Physical Plant recommend that the leases be renewed as indicated above at an annual rate of $187,000.08. I concur and recommend that the Comptroller and the Secretary of the Board be authorized to conclude and execute the necessary contracts upon their approval by the Legal Counsel.
On motion of Mrs. Watkins, the renewal of the leases was approved and the Comptroller and Secretary of the Board were authorized to execute the necessary documents. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

APPROPRIATION FOR CONTRACTS FOR CONSTRUCTION OF ADDITION TO ARTHUR NEWELL TALBOT LABORATORY

(16) The Department of Civil Engineering has a structural research laboratory which is an integral part of the research and graduate instructional program of the Department. The magnitude of the work done in this laboratory is indicated by its budget which presently amounts to nearly $366,000 including University funds of $60,000, the balance coming from outside sources in support of research.

The laboratory space available for structural research is much too small in comparison with the research and educational activities being carried on in this field. While the laboratory has made notable contributions in the field of structural engineering and has maintained its leadership in structural research, it no longer has an advantage in equipment and facilities and the Department is unable to undertake attractive research projects. To continue programs on which the basic work has been done during the past few years the Department of Civil Engineering needs an addition to the Arthur Newell Talbot Laboratory. The Department recommends the construction of an addition providing approximately 1800 square feet of floor space. The total cost of the addition is estimated at $58,000. The construction has been approved by the Building Program Committee and the Committee on Nonrecurring Appropriations recommends an assignment of $52,000 from the General Reserve Fund with the understanding that $6,000 will be made available from the Department's share of indirect cost funds received from contract research.

I recommend approval of this general program including an assignment of $52,000 from general University funds, an assignment of $6,000 from indirect cost funds accruing to the Department of Civil Engineering, and the award of contracts to the following lowest bidders for the construction of this addition with authorization to the Comptroller and the Secretary of the Board to execute these contracts:

General — Pathman Construction Co., Chicago...............................$37,570.00
Electrical — Fedco Electrical Contractors, Inc., Danville................ 3,896.00
Plumbing and Heating — Champaign Plumbing and Heating Co.,........... 3,558.00
Ventilating — Schroeder's, Champaign............................... 1,722.00
Crane — Abell-Howe Company, Chicago................................ 5,202.00

Total..........................................................$51,948.00

On motion of Mr. Livingston, the assignments of funds were approved, the contracts were awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

AWARD OF CONTRACT FOR PLASTERING AND ACOUSTICAL WORK

(17) The Director of the Physical Plant and the Comptroller recommend award of a contract to Harry J. Fisher, Urbana, the lowest bidder, for plastering, maintenance and minor acoustical improvement work to be done as needed during the fiscal year beginning July 1, 1954, on a cost-plus percentage basis as follows:

Unit price per hour for trucking.............................................$2.75
Total cost of trucking for any one project not to exceed the cost of labor and materials charged to the job by........................................ 10%
"Contractor's Fee" when project costs exceed $25 to be added to total of all job costs: ........................................................... 17%

"Contractor's Fee" when acoustical or other work is furnished by direct lump sum subcontract: ............................................. 17%

Charges for less than $25 will be billed on a lump sum basis.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

STORM WATER DRAINAGE HUFF GYMNASIUM

(18) The Director of the Physical Plant and the Comptroller recommend award of a contract for $8,825 to the Illiana Construction Company, Inc., Urbana, the lowest bidder, for the construction of a storm sewer along the east side of Huff Gymnasium to serve as an outlet for the draining of the swimming pool, downspout and footing drains. This sewer will divert the storm water drainage south to discharge into the new sewer being provided for the Law Building.

Funds are available in a special appropriation made by the Board of Trustees for this project.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR EXTENSION OF PNEUMATIC TUBE SYSTEM IN RESEARCH AND EDUCATIONAL HOSPITALS

(19) The Director of the Physical Plant and the Comptroller recommend award of a contract for $3,666 to the Lamson Corporation, Syracuse, New York, for an extension of the pneumatic tube system from the addition to the Research and Educational Hospitals to the Neuropsychiatric Institute. The work will consist of relocating the system from areas where it is no longer required to connect other areas in the Hospital addition and the Neuropsychiatric Institute.

Funds are available in an appropriation made for remodeling by the Board of Trustees on November 20, 1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR DESIGN OF AIR CONDITIONING INSTALLATIONS IN RESEARCH AND EDUCATIONAL HOSPITALS

(20) The Director of the Physical Plant and the Comptroller recommend award of a contract to Nelson and Nettnin, Inc., 343 South Dearborn Street, Chicago, for engineering services in designing air-conditioning installations in the milk formula preparation area, the bacteriology and serology laboratories, and the clinic and admission areas in the addition to the Research and Educational Hospitals.

This firm has made a proposal to do the work at a fee of 10 per cent of the cost of the completed installation. This is estimated to cost $92,000, so that the fee for the engineering design would be $9,200. It will be stipulated in the contract that the cost of the work to be done by Nelson and Nettnin, Inc., shall not exceed $9,200 without prior authorization from the University to proceed with work which shall call for payments in excess of this figure. This firm has done several engineering jobs for the University, both in Chicago and Urbana-Champaign.

Funds are available in assignments made by the Board of Trustees on May 15, 1954, for remodeling at the Chicago Professional Colleges.
I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with Nelson and Nettnin, Inc., for services in accordance with the terms and restrictions recommended.

On motion of Mrs. Holt, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR INSTALLATION OF NEW AIR-CONDITIONING SYSTEM IN TWO ROOMS OF THE NEUROPSYCHIATRIC INSTITUTE**

(21) The Director of the Physical Plant and the Comptroller recommend award of a contract for $3,997 to Narowetz Heating and Ventilating Co., Chicago, the lowest bidder, for the installation of an air-conditioning system in Rooms 704 and 705 of the Neuropsychiatric Institute Building, which are used by the Department of Psychiatry for taking pictures of patients. Artificial cooling is necessary because of high intensity of illumination required causes excessive heat which can not be otherwise dissipated.

Funds are available in a special appropriation approved by the Board of Trustees on December 16, 1953.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Herrick, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR THE INSTALLATION OF ACOUSTICAL TREATMENT IN STAFF APARTMENT BUILDING AT THE CHICAGO PROFESSIONAL COLLEGES**

(22) The Director of the Physical Plant and the Comptroller recommend award of a contract for $3,736 to Fisher-Busse Co., Chicago, the lowest bidder, for an acoustical treatment of the corridors and elevator lobbies in the Staff Apartment Building at the Chicago Professional Colleges.

Funds are available in the 1951 revenue bond construction account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR LABORATORY FURNITURE FOR CHICAGO PROFESSIONAL COLLEGES**

(23) The Business Manager of the Chicago Professional Colleges, the Director of the Physical Plant, and the Comptroller recommend award of a contract for $43,547.45 to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of 135 pieces of laboratory furniture consisting of sinks, benches, drying racks, and other equipment in areas being remodeled for the Departments of Anatomy, Bacteriology, and Pathology in the College of Medicine and for Dental Clinics and Dental Radiology in the College of Dentistry.

Funds are available in the special appropriation made by the Board of Trustees on May 15, 1954, for remodeling in these areas and also in the revenue bond construction account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR ALTERATIONS IN DENTISTRY-MEDICINE-PHARMACY BUILDING**

(24) The Director of the Physical Plant and the Comptroller recommend award of a contract for $32,990 to the Mutual Contracting Company, Chicago, the lowest
bidder, for remodeling of space occupied by the Department of Anatomy in the College of Medicine. The work will consist of rearrangement of partitions, improvements in lighting, and installation of new laboratory equipment, and is part of the program of remodeling to improve and to increase the capacity of existing facilities.

Funds are available in the reserve assigned for remodeling at the Chicago Professional Colleges by the Board of Trustees on May 15, 1954.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR OXYGEN FOR RESEARCH AND EDUCATIONAL HOSPITALS**

(25) On July 25, 1953, the Board of Trustees authorized the purchase of bulk oxygen for the Research and Educational Hospitals from the Linde Air Products Company, Chicago, at the rate of $0.55 per 100 cu. ft. from a bulk supply (outdoor installation) with the understanding that this arrangement was to continue for one year, at a total estimated annual expenditure of $9,000.

Due to difficulties beyond the University's and Linde's control, the start of this service has been delayed. The first oxygen was used on May 14, 1954.

The firm anticipated at least one full year's withdrawals from their expensive storage installation which they have placed on University premises, but the total expenditures during 1953-1954 will not exceed $500. In view of the difficulties surrounding the inauguration of this service and of the high degree of cooperation that the University has received from representatives of Linde, some consideration regarding the dating of this arrangement is due the firm.

The Business Manager of the Chicago Professional Colleges and the Comptroller recommend that the arrangement for service be extended until June 30, 1955.

I concur.

On motion of Mr. Nickell, extension of this contract for one year from July 1, 1954, was authorized.

**CONTRACT FOR CONSTRUCTION OF GRAIN STORAGE TANKS AT ALLERTON FARMS**

(26) The Dean of the College of Agriculture and the Comptroller recommend award of a contract to George W. Quick and Sons, Tiskilwa, Illinois, for the erection of two concrete grain storage tanks at the Amenia elevator for use by the Robert Allerton Farms at a cost of $14,738. The storage tanks will be located on Illinois Central Railroad property.

The University now owns the elevator at Amenia, also located on Illinois Central Railroad property. This and other present storage facilities on the Robert Allerton Farms are inadequate for the normal production of beans, wheat, and oats. The probable 1954 production is 64,000 bushels while the storage facilities on the farms provide for only 26,000 bushels, leaving a deficiency of 38,000 bushels. Central storage at the elevator will be more advantageous from the standpoint of the University. The tenants also prefer central storage to farm storage even though they pay rental for central storage. The Amenia elevator is now rented to the Monticello Grain Company, which pays to the University one-half of the gross storage income plus one cent a bushel for all grain loaded out. The additional tanks would be rented on the same basis. The estimated additional income is $1,500 a year.

Funds are available from income of the farms for this purchase. If additional storage facilities are not provided, the University will be required to sell much of its soybean crop at harvest. During the past few years, the price differential from holding the crop rather than selling it at harvest has been great enough to recover the cost of the storage facilities within a relatively short period of time.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract with George W. Quick and Sons, modify the rental agreement with the Monticello Grain Company to cover the additional storage tanks, and execute the necessary documents with the Illinois Central Railroad subject to approval of the Legal Counsel.
On motion of Mrs. Holt, this contract was awarded as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

**DISPOSITION OF CERTAIN SECURITIES OF THE GEORGE A. MILLER ENDOWMENT**

(27) Among the assets of the Estate of George A. Miller transferred to the University by Mr. Marc C. Norton, are the following securities which he deemed worthless from information furnished by sources he considered reliable:

- American Lumber Company — 10 shares common
- American Planograph Co. (West Virginia) — 1 share common
- Commonwealth Corporation (Delaware) — 40 shares common
- Consolidated Coppermines Company — 1 share stock scrip
- Cuban Cane Products Co., Inc. — 35 shares common
- Cuban Cane Products Co., Inc. — Debentures $3,500 face value
- Illinois Art Industries, Inc. — 25 shares participating preferred
- Kuebler Brewing Co., Inc. — 80 shares common
- Lackawanna Coal & Lumber Co. (West Virginia) — 10 shares common
- Lawrence and Talman Mercantile Building — $6,000 face value First Mortgage 6½ per cent Serial Gold Bonds (coupon form)
- Lincoln Mining Company (Utah Corporation) — 1750 shares common
- New Mexico Gold Producers Corporation — 3,150 shares $1 par common
- Northeastern Oil and Gas Company — 7 shares common
- Quad metals Corporation (Utah) — 9,000 shares common
- Twin States Natural Gas Co. — 26 shares Depositary Certificate for Participating Class A stock, under agreement dated January 1, 1931
- Twin States Natural Gas Co. — 10/40 share scrip certificate
- Twin States Natural Gas Co. — $10,000 face value Certificates of Deposit

The opinion of the Continental Illinois National Bank and Trust Company, depositary of the Miller Endowment Fund, was requested as to the value of these securities. That bank has now advised that it has checked each item carefully and considers the securities worthless. However, it recommends that, rather than destroy the certificates, they be kept in a section of the bank’s vaults used for this purpose.

The Comptroller reports that the above-listed securities, which have been held by the Bursar pending decision as to their disposition, will be transferred to the Continental Illinois National Bank and Trust Company for safekeeping, a receipt will be obtained for them and no further record of said securities will be maintained by the University.

This report was received for record.

**GIFT FOR SCHOLARSHIPS FOR COLOMBIAN STUDENTS**

(28) Mr. Henry Lee Shattuck of Boston, Massachusetts, has offered the University of Illinois $100,000 for scholarships for students who are citizens of Colombia. This will provide approximately fifty scholarships of $1,850 each and is sufficient to cover tuition, books, other educational costs, and living expenses.

The students receiving the scholarships will be nominated by the University of the Andes, Bogota, Colombia, on the basis of scholastic attainment and financial need. The nominees must meet the standard entrance requirements of the University of Illinois. They will also be interviewed and screened by the Dean of Foreign Students.

The $100,000 grant will be received and administered as a gift to the University for the purpose of aid to these students. The Dean of Students and the Comptroller recommend the acceptance of this fund.

I concur.

This report was received for record.

1 This offer was subsequently withdrawn and the grant will not be made. — Secretary’s Note.

BENJAMIN FRANKLIN MAGAZINE AWARDS

(32) It will be recalled that at its meeting on March 25, 1953, the Board of Trustees accepted a fund of $52,500 to establish the Benjamin Franklin Magazine Awards of annual cash prizes and medal awards to magazines and magazine writers, and approved a plan for administering these awards. The fund is to be used during a five-year period to get this project established. The donors of the original funds wish to remain anonymous. The final selections are made by a group of anonymous judges appointed by the University but from outside of its staff.

The first annual Benjamin Franklin Magazine Awards given during the year 1953 were presented to the recipients at a dinner in New York City on May 25, 1954. About 375 guests attended the dinner. The awards were as follows:

1. The first award, a gold medal and scroll, given to an American magazine of general circulation, for the most distinguished and meritorious public service during the year went to the Ladies Home Journal. It was given as a result of a series of ten articles appearing during the year dealing with people voluntarily engaged in community activities, produced by the magazine’s Public Affairs Department of which Miss Margaret Hickey is the editor.

Honorable Mentions in this classification went to Argosy, for “Court of Last Resort”; Look for “The Role of Religion in American Life”; U. S. News and World Report for a series of interviews; and The Saturday Evening Post for “The Ten Most Wanted Men.”

2. The award for the most distinguished magazine writing involving original reporting in which serious obstacles had to be overcome—a scroll and the sum of $1,000 to John Bartlow Martin of Highland Park, Illinois, for “Why Did It Happen: The Riot at Jackson Prison,” which appeared in The Saturday Evening Post.

Honorable Mention: George McMillan of Aiken, South Carolina, for “Big Botch at Savannah River,” which appeared in Harper’s.

3. The best article or series of articles depicting life, culture, or institutions in the United States—a scroll and the sum of $500 to William H. Whyte, New York, for “The Transients,” which appeared in Fortune.

Honorable Mention: Bernard DeVoto, Cambridge, Massachusetts, for “Our Great West—Boom or Bust?” which appeared in Collier’s.

4. For the best interpretation of the foreign scene or of our foreign relations—a scroll and $500 to Adlai Stevenson, Libertyville, Illinois, for an eight-article series on world conditions, Look. Honorable Mention: Santha Rama Rau, New York, for “India,” which appeared in Holiday.

6. On recommendation of the judges, no award was given this year for the best piece of magazine humor.

1 Deduct.
For an outstanding meritorious presentation in any category not specifically covered by the other awards—a scroll and $500 to Lincoln Barnett, the editors and staff of Life magazine, for "The World We Live In" series. Honorable Mentions: Roger Angell, Palisades, New York, for "Youth and the World," Holiday; and to Charles J. V. Murphy and Eric Hodgins, New York, whose articles appeared under the general title "Nuclear Power and Its Impact and Meaning for America," Fortune.

This report is for the information of the Board and calls for no action.

CHANGE IN ORGANIZATION OF THE DEPARTMENT OF ART

(34) The headship of the Department of Art will become vacant on September 1 when Professor Allen S. Weller, the present Head of the Department, becomes Dean of the College of Fine and Applied Arts.

The faculty of the Department has voted to recommend a change in departmental organization from a headship to a chairmanship for the academic year 1954-1955. This is permissible under the University Statutes if concurred in by the Dean of the College and the President of the University. The Dean and I concur.

After consulting with the Executive Committee of the Department, the Dean recommends the appointment of Professor C. V. Donovan as Acting Chairman of the Department for one year from September 1, 1954, or until such a prior time as a permanent Head is appointed.

I concur in this recommendation.

On motion of Mr. Nickell, this recommendation was approved.

CONTRACT FOR RESIDENCE HALLS FURNITURE

(35) During World War II, the Gymnasium Annex was converted into a barracks for Navy trainees and the Ice Skating Rink as a barracks for Army trainees. For a few years following the war the Gymnasium Annex was operated as a low-cost dormitory for men. In view of the successful experience with this operation and the need for low-cost housing for men, a unit (Noble House) of the Men's Residence Halls was constructed to provide a dormitory-barracks type of accommodations with a capacity of 288 men. This unit was opened in the first semester of 1952-1953 with an average occupancy of 269. In the second semester, the occupancy dropped to 70. In the first semester of 1953-1954, the average
The Director of Housing recommends that the dormitory areas in Noble House and Clark House be converted into room units accommodating three men each. This will result in a capacity of 226 residents plus four counselors in Noble House and 60 residents in Clark House. The conversion will be accomplished by installing built-in cabinets and other furniture which will serve the dual purpose of dividing the areas into rooms and providing part of the furniture. The Board of Trustees in March authorized the purchase of twelve units of such furniture for experimentation and these have been proved satisfactory. The estimated cost of this conversion is $206,130. Funds are available in the net income from past operations of University housing facilities, mainly from temporary housing.

The Director of Purchases, the Director of the Physical Plant, and the Comptroller recommend award of a contract for $80,316.02 to Mandel Brothers, Chicago, the lowest bidder, for the purchase of 274 units of built-in furniture for this remodeling program.

I recommend that the program as outlined be approved, the use of Housing Division funds for this remodeling be authorized, the contract be awarded to Mandel Brothers, and the Comptroller and the Secretary of the Board be authorized to execute the same.

On motion of Mr. Johnston, the assignment of funds for this program was authorized, the contract was awarded, and the Comptroller and Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mr. Hickman, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mrs. Watkins; no, none; absent, Mr. Grange, Mr. Stratton.

TRANSFER OF RESPONSIBILITY FOR AIR FORCE PROPERTY

(36) The United States Air Force has approved the transfer of responsibility for government property used by the Air Force Reserve Officers' Training Corps from the University to the Air Force. This transfer of accountability is being made on an experimental basis for two years, effective July 1, 1954, at selected universities with the expectation that it may be made permanent at all institutions thereafter.

The proposed change will be highly advantageous to the University. The Military Property Custodian will be relieved of all responsibility for Air Force property. The University will no longer need to furnish bond for him in relation to Air Force property, nor will the University be required to reimburse the government for any lost or damaged property. The University will continue to furnish storage space.

I recommend that the Comptroller be authorized to execute the necessary agreement with the Air Force to effect this transfer.

On motion of Mr. Livingston, the Comptroller was authorized to execute this agreement.

APPENDIX
THE UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1954-1955
(Approved by the Board of Trustees June 21, 1954, page 1370)

EXPLANATORY NOTES

This budget consists of three volumes:

I. Summaries of all divisions; Urbana-Champaign divisions and General University Administration—Academic and Administrative Salaries, Wages, Expense and Equipment.

II. Chicago Professional Colleges, Division of Services for Crippled Children, and Chicago Undergraduate Division—Academic and Administrative Salaries, Wages, Expense and Equipment.

III. Nonacademic Salaries, all divisions.

Appropriations for Salaries are available for the term indicated in each case but not for more than one year from September 1, 1954.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position. Student employees may not be charged directly against salaries.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions “Salaries,” “Wages,” and “Expense and Equipment.” No transfers may be made between “Salaries” and “Expense and Equipment” except with the approval of the President of the University. Requests for such changes should be submitted through the Comptroller. Adjustments may be requested between “Salaries” and “Wages” upon notice to the Comptroller, stating the reason for such transfer.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1954, and ending June 30, 1955. Balances up to 5 per cent, or total encumbrances, whichever is larger, will automatically be carried forward to 1955-1956.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and budgets indicated as “from receipts” are on an estimated basis. Unless otherwise indicated, appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

The services required for members of the academic and administrative staff are in accordance with “Terms of Employment” adopted by the Board of Trustees on January 8, 1948.

1. For positions or portion of positions indicated as “Y,” services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as “Y.”

2. For positions or portion of positions not indicated as “Y,” services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer Session teaching, if required, will be covered by an additional appointment with salary.

Services of the nonacademic staff are for twelve months, less vacation, in accordance with civil service regulations.

Tenure Symbols (a number following indicates percentage of time)

A—Indefinite tenure, payable in twelve monthly installments.

B—Two years from September, 1953, payable in twelve installments. Any change shown in this budget is effective with the September 1, 1954 payroll.

D—One year, payable in twelve installments from September 1, 1954.

E—The academic year 1954-1955, payable during nine months from September 16.
F — One year from date indicated (other than September 1).
