The College of Agriculture has recommended the establishment of two new undergraduate curricula in forestry: forest production, and wood technology and utilization. Establishment of these curricula is justified by the present and prospective demand for persons trained in forestry, by interest of Illinois students in such work, and by the facilities for professional training available to the University in the form of professionally trained foresters, library materials, forest property and research areas, and suitable summer camp facilities. The curricula, each containing provisions for a significant amount of work in the humanities and social sciences, have as their basic aim to provide a sound foundation in the physical and biological sciences and to build thereon a broad training in the technical fields. Submitted herewith are complete outlines of the two curricula, copies of which are being filed with the Secretary of the Board for record. The effective date is June 1, 1958.

I concur in this recommendation.

Admission to the School of Music

The College of Fine and Applied Arts has recommended a program to activate within the regular course framework of the School of Music an early admission program accommodated to and restricted to students of outstanding talents. Work at the University level would begin in the regular University summer session of a student's junior year in high school and would be regarded as becoming continuous in the summer of his senior year. Although it will open the way to graduation after two summers and three and one-half years, the program is not considered primarily in terms of acceleration and it is hoped students can be encouraged to stay the full four years in the interest of a broader education in the humanities. It has the following additional advantages: it will offer systematic and professional instruction to talented students from small communities without access to appropriate teaching; a program of cultural enrichment would strengthen the student's secondary education and the program in his school; and a program of teaching and guidance would help determine prior to actual college matriculation whether or not the student is suited to enter music as a profession. (It would be in line with similar programs already established at several schools of music, e.g., Eastman School of Music, Indiana University, University of Wichita.) Submitted herewith is a statement of the details of this program and a copy is being filed with the Secretary of the Board for record. The effective date is June 1, 1958.

I concur in this recommendation.
Master of Science in Nuclear Engineering
An interdepartmental committee on nuclear engineering and the Graduate College have recommended establishment of a graduate program leading to the degree of Master of Science in Nuclear Engineering. Admission to this program will be open only to students who have completed the undergraduate degree requirements in one of the engineering fields since it is desirable that such a graduate program be superimposed upon conventional engineering disciplines. Submitted herewith is an outline of the program and a copy is being filed with the Secretary of the Board for record. The effective date is September 1, 1958.
I concur in this recommendation.

Doctor of Philosophy in Anthropology
In 1955, the Board of Trustees approved a graduate program leading to the degree of Master of Arts in Anthropology. The Board is now asked to authorize, as an extension of this program, a graduate curriculum leading to the degree of Doctor of Philosophy in Anthropology. It will be administered by the Anthropology Committee of the Department of Sociology and Anthropology. Course work is available in the three main branches of cultural anthropology (archaeology, social anthropology, and linguistics) and in physical anthropology, with opportunities for specialized training in social anthropology and archaeology. Submitted herewith is an outline of the program and a copy is being filed with the Secretary of the Board for record.
I concur in this recommendation.

Master of Accounting Science
The College of Commerce and Business Administration has recommended establishment of a program relating to the professional degree of Master of Accounting Science (M.A.S.). This professional program, approved by the Graduate College, differs from the Master of Science in Accountancy in that the prerequisites for admission include certain specific areas of undergraduate preparation, a course in methods and practices in professional research is substituted for the thesis, and the program of study consists of courses which will prepare the candidate specifically for a career in public, industrial, or governmental accounting. Preparation for practice will be emphasized over research, but since the degree will be a graduate degree, candidates will be expected to demonstrate a capacity for independent pursuit of knowledge in a specified area and to prove skill in written presentation of the results. For admission to this program, the general requirements governing admission of all graduate students will apply, plus the requirement of twenty-four hours of undergraduate work in accountancy including courses in cost accounting, federal income tax accounting, auditing, and advanced problems. At least eight units of graduate work including certain specified courses will be required for the degree.
I concur in this recommendation.

On motion of Mrs. Watkins, the foregoing recommendations were approved.

EXECUTIVE DEVELOPMENT PROGRAM IN THE COLLEGE OF COMMERCE AND BUSINESS ADMINISTRATION
(7) The record of the College of Commerce and Business Administration is an enviable one in those areas to which it has directed its efforts. Many of the thousands of graduates of its four-year undergraduate curricula have distinguished themselves in business. The holders of graduate degrees have done well as teachers, specialists, and businessmen. Yet the College has not heretofore taken full account of the needs for advanced training of business executives and of all the implications of the need for more broadly trained supervisory personnel. The College has now reached a point in its development when it must make specific provisions on a continuing basis for training executives as well as teachers and specialists.

On April 18, 1957, the Board of Trustees authorized the establishment of an Executive Development Center within the College of Commerce and Business Administration for the summer of 1957, with the understanding that a permanent
program would be subject to further consideration by the Board later. The Dean of the College has submitted a recommendation that the Executive Development Center be established on a permanent basis as an organizational unit within the College of Commerce and Business Administration according to the following plan:

**Organization.** The Executive Development Center will be a unit of the College of Commerce and Business Administration, with full responsibility for the development, organization, and administration of executive training and executive development programs, subject to the usual University review with regard to educational and fiscal policy and operations. The courses offered will not count for credit toward University of Illinois degrees. The Executive Development Center will be under a Director responsible to the Dean of the College. The Director will be appointed biennially on an eleven months (BY tenure) contract. It is expected that the Director will also qualify for appointment as Professor of Business Administration. The Executive Development Center will use faculty members from departments and bureaus of the College of Commerce and Business Administration, with suitable adjustment within normal University budgetary provisions, but as a general policy they will not be given full-time assignments in the Program.

**Operation.** The key problem of staffing an executive development program is that of providing teaching personnel with the maturity, vision, and understanding of practical business that enable them to assist men of business who look to the College of Commerce and Business Administration for knowledge of newer and better business methods. It is expected that teachers thus qualified will come from three sources. The College of Commerce and Business Administration is staffed with senior professors who can make outstanding contributions to the Program. Outstanding men in other universities will be engaged for special assignments. Leading businessmen will be brought in to discuss their problems and their methods with the executives enrolled in the Program.

**Development.** The College inaugurated the Executive Development Program in the summer of 1957 on a one-year trial basis. Although the number of participants was small there is reason to believe that the Program was successful. Establishment on a permanent basis will permit development until the Program can be offered three times each year. A forty-man Advisory Council of leading businessmen has been working with the College staff on the development of the Program.

**Budget.** It is proposed that the Executive Development Program be carried forward on a self-sustaining basis. A revolving fund has been established for the Program in the University Business Office. Collection of tuition, fees, and gifts to the Program are deposited in this fund, out of which the expenses of the Program are paid. In the first year or two it may be necessary to seek some aid toward financing the salary of the Director, but it is expected that this will be on a temporary basis. A detailed budget will be submitted each year to the Vice-President and Provost and to the Vice-President and Comptroller for their review.

I concur in these recommendations.

On motion of Mr. Johnston, these recommendations were approved.

**EXPANSION OF UNDERGRADUATE SCHOLARSHIP PROGRAM**

(8) The University Committee on Undergraduate Scholarships has been studying the question of what constitutes a suitable program of undergraduate scholarships at the University of Illinois, in terms of present and future needs. The purpose of a scholarship program is to serve superior students requiring financial aid, a large group among those who rank in the upper 25 per cent of their high school graduating classes and who do not now go to college. Reconsideration of the University's scholarship structure is timely because the expense of a college education has increased steadily in recent years, partly through increased tuition charges but chiefly through increased costs of living. It is estimated that a student who is a resident of Illinois will need approximately $1,350 to meet all expenses for two semesters of attendance at the University
of Illinois assuming he will live in one of the University residence halls or in housing accommodations of equivalent standards; a nonresident will need approximately $1,700 because of the difference in fees.

In 1956-57, the enrollment of undergraduate and professional students (i.e., excluding graduate students) in Urbana and in Chicago totaled 25,203. Of this number 2,700 had tuition-waiver scholarships; 600 had cash-award scholarships distributed by the University from funds contributed by private donors for scholarship purposes; and 250 had cash scholarships received directly from outside scholarship agencies. Thus a total of 3,550 received some form of scholarship aid, or about one out of seven students.

The present University scholarship program is inadequate because: there are many students with superior academic records who need but are not receiving scholarship aid, and who either can not attend the University or can not remain; there are many students under the present scholarship program who have demonstrated need for more financial aid than can be given them.

The foregoing is an abstract of parts of a comprehensive report submitted by the Committee on Undergraduate Scholarships in support of recommendations for expansion of the University's undergraduate scholarship program.

Consideration is being given to ways and means of increasing scholarship opportunities at the University of Illinois — through enlarging gifts and grants for this purpose, through encouraging privately supported scholarship programs, and through cooperation with state and federal programs. Accordingly, no recommendations are being made at this time to establish or increase University expenditures for this purpose. However, in view of the general need outlined above, it is timely to correct certain inequities that now exist in the allocation of tuition awards for scholarship purposes.

Scholarships which provide exemption from payment of tuition have been established from time to time by the General Assembly of Illinois and presently include:

1. County Scholarships, awarded on the basis of competitive examinations.
2. Military Scholarships, awarded on application and proof of military service to persons who served in the armed forces of the United States during World Wars I and II and at any time after September 16, 1940.
3. Scholarships for children of veterans of World Wars I and II and the war in Korea, also awarded on the basis of competitive examinations, with preference given to children of deceased or disabled veterans.
4. General Assembly Scholarships, awarded on nomination by members of the General Assembly.

The Board of Trustees has authority under state law to establish such additional scholarships as the Board sees fit, to be awarded on the basis of scholastic proficiency.

**Extension of County Scholarships**

State law provides for the award of one scholarship in each county of the state to the high school senior who passes with the highest average a competitive examination given on the last Friday or Saturday in April under the supervision of the County Superintendent of Schools, provided the grade is at least 70 per cent. Applicants who have had any work beyond the high school level are not eligible to compete. The holder of a County Scholarship is entitled to four years of gratuitous instruction. The law provides for only one scholarship in each county regardless of the population. Many years ago the Board of Trustees took partial measures to correct this inequity in relationship to population distribution by creating 66 additional scholarships in Cook County, awarded on the basis of the same competitive examination, so that in addition to the highest ranking candidate the next 66 ranking candidates in the examination also win scholarships.

In view of the wide variation in population in several counties, the Committee on Undergraduate Scholarships recommends that the Board make adjustments in the County Scholarships awarded by authorizing additional scholarships as follows:

In counties with populations between 50,000 and 100,000, one scholarship
in addition to the one authorized in the statute, thus providing for two scholarships in each of these counties: Adams, Kankakee, Knox, Macon, McHenry, McLean, Tazewell, Vermilion.

In counties with populations between 100,000 and 150,000, two scholarships in addition to the one authorized, thus making a total of three scholarships in each of these counties: Champaign, LaSalle, Rock Island, Sangamon, Will.

In counties with populations between 150,000 and 200,000, three scholarships in addition to the one authorized, thus making a total of four scholarships in each of these counties: DuPage, Kane, Lake, Madison, Peoria, Winnebago.

In St. Clair County, with a population of over 200,000, four scholarships in addition to the one authorized, thus making five for this county.

In Cook County, with a population in excess of 4,500,000, an increase of 23 scholarships in addition to the one authorized by law and the 66 previously established by the Board of Trustees, thus making a total of 90 for this county.

In the other 81 counties with populations under 50,000, no additional scholarships beyond the one authorized by law are recommended.

This will provide for a total of 63 additional County Scholarships increasing the number of such scholarships from 168 to 231.

I concur.

The Committee has also recommended the establishment of the following additional scholarships. The Committee's recommendations are presented with my concurrence in each case.

**University Scholarships**

Some years ago, the Board of Trustees established 10 four-year, tuition-waiver scholarships to be awarded each year by the Committee on Undergraduate Scholarships to superior Illinois high school graduates who in one way or another have failed to qualify for County Scholarships (for example, some superior students fail to qualify because they are unable to go to the county seat to take the examination on the day it is given).

On the basis of the Committee's report, I recommend that the number of these tuition-waiver scholarships be increased to 35 scholarships to be awarded each year to high school graduates who are residents of Illinois, the awards to be on the basis of superior scholarship and evidence of financial need; provided that any scholarship may be suspended or canceled if the holder thereof is placed on scholastic probation or dropped from the University for any cause; and provided further that if any of these scholarships becomes vacant the Committee may fill the vacancy for the remaining period of the scholarship.

**Scholarships Plus Employment**

The Committee recommends establishment of 75 four-year scholarships for high school graduates of superior ability and who need financial aid, to be awarded to residents of Illinois selected from the state at large, these scholarships to provide exemption from tuition fees and assurance from the University of employment which will enable the holder of such a scholarship to earn funds (or the equivalent) to meet a substantial part of his expenses. Each award would be subject to annual review of the student's scholastic record and job performance. Students receiving these awards would not be eligible for other scholarship aid. If vacancies occur in any of these scholarships, the Committee would select a successor for the remaining period.

I concur in this recommendation.

**Scholarships for Nonresident Students**

The Committee recommends the establishment of 10 scholarships for outstanding high school graduates, nonresidents of Illinois, who submit proof of financial need and high scholastic records, each scholarship to be awarded for a period of four years, and to provide exemption from the nonresident tuition fee of
$500. The continuation of such a scholarship would be subject to the maintenance of a satisfactory scholastic record. If the holder of one of these scholarships should discontinue his work in the University, the Committee would select a successor for the remaining period.

I concur in this recommendation.

On motion of Mr. Hughes, this expansion of the undergraduate scholarship program was approved.

CHICAGO UNDERGRADUATE DIVISION ACTIVITIES FEE

(9) The Executive Dean of the Chicago Undergraduate Division recommends an increase in the student activities fee at the Division from $6.00 to $8.00 each semester beginning September 1, 1958. This fee supports several extracurricular activities, including intercollegiate and intramural sports, the band and orchestra, the student newspaper, and in return for the fee students are admitted to athletic events and receive the newspaper free of charge.

This recommendation has been endorsed by the Student Congress, the administrative staff at the Chicago Undergraduate Division, the Vice-President and Provost, and the Vice-President and Comptroller.

I concur.

On motion of Mrs. Watkins, this fee increase was authorized.

SUPPLEMENTAL APPROPRIATIONS

(10) The budgetary provisions for 1957-58 for wages, expense, and equipment in several departments are inadequate. The Vice-President and Provost and the Vice-President and Comptroller recommend that the following supplementary assignments be made:

<table>
<thead>
<tr>
<th>Department</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Research and Educational Hospitals</td>
<td>$165,000</td>
</tr>
<tr>
<td>Chicago Professional Colleges Physical Plant Building Maintenance (for interior painting)</td>

</tr>
<tr>
<td>Graduate College, Administration</td>
<td>$3,000</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td>$264,300</td>

</table>

I concur, and recommend that the assignments to the Research and Educational Hospitals and the Chicago Physical Plant be permanent additions to their budgets, made possible through the realization of income at the Research and Educational Hospitals in excess of the budget estimates. The remaining assignments will be made from the University General Reserve.

I also request supplementary appropriations for the funds administered by the President's Office for the fiscal year, 1957-58, as follows:

<table>
<thead>
<tr>
<th>Department</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>President's Office, Expense and Equipment</td>

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

FEDERAL GRANT AND MATCHING FUNDS FOR BIOACOUSTICS LABORATORY

(11) The University has been notified of the approval of a federal government grant of $139,173 under the Health Research Facilities Act for the construction of a bioacoustics laboratory. On February 18, the Board approved an appropriation of $20,000 for steel and other materials for this project requiring placement of orders well in advance.
The Vice-President and Provost and the Vice-President and Comptroller recommend that the grant be accepted and that an additional $119,173 be appropriated for this project from funds available in the General Reserve Fund for 1958-59. The Department of Electrical Engineering is endeavoring to raise funds from private gifts for a portion of the cost, and the appropriation can be reduced to the extent that such funds are received.

I concur.

On motion of Mr. Herrick, this grant was accepted, and the recommended appropriation was made from the General Reserve Fund by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

AGREEMENT WITH URBANA AND CHAMPAIGN SANITARY DISTRICT

The University has been contributing its proportionate share of the cost of plant improvements made by the Urbana and Champaign Sanitary District, and has annually paid its proportionate share of the cost of operating the local sewage disposal plant. The University payments are computed on the basis of water consumption; during the current year payments have amounted to approximately 16 per cent of the total annual cost.

The voters of the District have approved a bond issue to finance major capital improvements estimated to cost $1,420,000. The University's share of the cost would be approximately $228,000.

The Director of the Physical Plant Department and the Vice-President and Comptroller recommend authorization of an agreement with the District whereby the University will pay $25,000 during 1957-58 and $25,000 during 1958-59; and during the 1959-61 biennium the University will pay the balance of its proportionate share, subject to availability of funds which the University may legally use for such payments. The balance will be calculated on the basis of actual cost after audit, multiplied by the factor in effect at the time payment is made for determining the University's share of the annual operating cost, less the amounts paid during 1957-59.

I concur, and recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with the Urbana and Champaign Sanitary District, subject to the above limitations; and that an appropriation of $25,000 be made from funds available in 1957-58 and an appropriation of $25,000 be made in 1958-59 for payments during the present biennium.

On motion of Mr. Johnston, the Comptroller and the Secretary of the Board were authorized to execute the agreement, as recommended, and the recommended appropriations were made by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

EASEMENT TO CENTRAL ILLINOIS PUBLIC SERVICE COMPANY AT UNIVERSITY AIRPORT

The Central Illinois Public Service Company has requested the University to grant an easement in order to install a transmission line along the boundary of the Airport to serve the Federal Civil Aeronautics Authority which is directing the VORTAC unit at the Airport without charge to the University. The VORTAC unit is a navigation aid which will cost approximately $190,000 and will materially improve the efficiency of the Airport, especially in bad weather.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend the adoption of the following resolution to grant this easement, and I concur:

Resolution

It is hereby resolved by the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of the Board of Trustees be, and they hereby are, authorized to
execute, acknowledge, and deliver in the name and on behalf of this Corporation, such instrument of conveyance, contract, or other document or documents, as to them may seem necessary or desirable in order to effectuate a conveyance to Central Illinois Public Service Company, hereinafter referred to as "Grantee," its successors or assigns, of a right of way easement over and upon, and with the right to construct, operate, patrol and maintain a transmission line, including poles, anchors and necessary fixtures and wires attached thereto, over and upon the land hereinafter described, for the transmission of electrical energy and communication, such line to form a part of an electrical transmission and telephone system to be owned and operated by the said Grantee, its successors or assigns, and also the right to remove or trim all brush and trees on the said land within Fifty Feet (50') of the said transmission line, together with the right of access to the said land. Any damage to any property of this corporation, its assigns, or tenants, caused by the employees of the Grantee, its successors or assigns, shall be promptly paid by the said Grantee, its successors or assigns. The right-of-way easement shall terminate ninety (90) days after the Grantee ceases to use said transmission line for rendition of service. The right-of-way easement shall be over the following described property:

**Tract Number One**

The East (E) Two Hundred Feet of the North One Half (N ½) of the North East Quarter (NE ¼) of the Northwest Quarter (NW ¼) of Section Eleven (Sec. 11) in Township Eighteen North (T 18 N) Range Eight East (R 8 E) of the Third Principal Meridian (3rd P.M.) in the County of Champaign, and State of Illinois.

**Tract Number Two**

The East (E) Two Hundred Feet (200') of the South (S) Three Hundred Feet (300') of the South West Quarter (SW ¼) of Section Two (Sec. 2) in Township Eighteen North (T 18 N), Range Eight East (R 8 E) of the Third Principal Meridian (3rd P.M.) in the County of Champaign and State of Illinois.

The said transmission line shall be located Five Feet (5') West of the East line of the above described Tract Number One (1) from the South Line of the public highway which extends East and West along the North line of the said Tract Number (1) to a point which is Five Hundred Twenty Five Feet (525') South thereof.

Also, One (1) pole to be placed One Foot (1') North of the North Line of the above described highway and One Foot (1') West of the East Line of the above described Tract Number Two (2). One (1) anchor to be placed Twenty Five Feet (25') North of the above described pole.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

**EASEMENT FOR EXTENSION OF FLORIDA AVENUE**

(14) The Board of Trustees has approved in principle the University's participation in the extension and improvement of Florida and Kirby Avenues which includes construction of a subway under the Illinois Central Railroad right-of-way. Agreement has now been reached with city, county, and state officials regarding the University's participation. Its sole contribution will be the granting of a right-of-way easement over a strip of land south of the present Florida Avenue right-of-way between First Street and Lincoln Avenue and over a strip of land extending from Florida Avenue between First Street and the east line of the Illinois Central Railroad right-of-way.

No payment will be made to the University for this easement, and the University will not be responsible for any capital or construction costs, nor for any maintenance, cleaning, or repairs of the roadway or the pumping and drainage system. The University will retain the right to extend sidewalks, streets, and drives across the easement in the future, the cost of such extensions to be at the expense of the University.

Since state motor fuel tax funds and federal funds will be used in part
payment for this project, state officials indicate that they can not agree to restrict belt route truck traffic from using the street. However, representatives of the cities of Champaign and Urbana have agreed that the cities will endeavor to impose and maintain reasonable restrictions on such traffic.

The Director of the Physical Plant Department, the Vice-President and Comptroller, and the Legal Counsel recommend that the land owned by the University be conveyed in a right-of-way easement to the state of Illinois.

I concur, and recommend that the following resolution be adopted:

Resolution

Whereas the authorities of the cities of Champaign and Urbana, Illinois, of Champaign County, Illinois, and the State of Illinois have reached an agreement to construct and maintain a public roadway extending from Neil Street in the City of Champaign to Lincoln Avenue in the City of Urbana, which will constitute an extension of Kirby and Florida Avenues in said cities, and the following described land, title to which is now held by the University of Illinois, will be needed by them for said purpose; and

Whereas the construction and maintenance of said proposed public roadway will benefit the University of Illinois in various ways, and, in addition thereto, the City of Champaign, in consideration of the granting by the University to the State of Illinois acting by and through the Director of the Department of Public Works and Buildings of said State of an easement of right-of-way over said land needed for said public roadway and title to which is now held by the University of Illinois, has agreed to vacate a portion of an existing public highway situated between First and Fourth Streets in said City of Champaign and north of the north line of said proposed new roadway, as the result of which the University of Illinois as the present owner of the land adjacent to said portion of said existing public street or highway which is to be vacated will become the owner of said vacated portion thereof, and it is in the best interests of the University of Illinois, and will be advantageous to it, therefore, to grant an easement of right-of-way to the State of Illinois, acting by and through the Director of its Department of Public Works and Buildings, over and across the following described land so that said proposed public roadway, constituting an extension of Florida and Kirby Avenues in the cities of Urbana and Champaign, Illinois, can be constructed and maintained thereon:

Therefore, it is hereby resolved by the Board of Trustees of the University of Illinois, that the Comptroller and Secretary of the Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, be, and they are hereby authorized to execute, acknowledge, and deliver in the name and in behalf of said public corporation, an instrument of conveyance in the form of a grant of right-of-way easement, and other documents in connection therewith, as they and the Legal Counsel of the University of Illinois may find necessary or desirable, in order to effect a conveyance from said public corporation to the State of Illinois, acting by and through the Director of its Department of Public Works and Buildings, of a right-of-way easement for the purpose of improving and extending Florida Avenue from Lincoln Avenue in the City of Urbana, Illinois, to First Street in the City of Champaign and of extending Florida Avenue from First Street to Neil Street in the City of Champaign so as to connect with Kirby Avenue in said last mentioned city, over, upon, and across the following described lands, viz.:

Tract A

Situated in the State of Illinois, the County of Champaign, and the City of Champaign and being also parts of Section 13, Township 19 North, Range 8 East and Section 24, Township 19 North, Range 8 East of the 3rd Principal Meridian, and being further bounded and described as follows: Beginning at the intersection of the east line of the right-of-way of the Illinois Central Railroad and the south line of said Section 13, said right-of-way line being south of the south line of Section 13 where the right-of-way of the Illinois Central Railroad is 215 feet in width; thence west and along the south line of said Section 13, a distance of 9.06 feet to a corner; thence north 6°47' east, and along the east right-of-way line of the Illinois Central Railroad, a distance of
75.53 feet to a corner; thence east a distance of 424.92 feet to a corner; thence south a distance of 35.0 feet to a corner; thence south 89°-41' east, a distance of 1012.66 feet to a corner; thence south 0°-13' west, a distance of 34.52 feet to the southeast corner of said Section 13, said point being marked with a cross cut in the concrete pavement; thence south 0°-54' east, a distance of 45.48 feet to a corner; thence north 89°-41' west, a distance of 1013.5 feet to a corner; thence south 45°-0' west, a distance of 190.9 feet to a corner; thence west a distance of 180.59 feet to a corner; thence south 54°-05' west, a distance of 175.66 feet to a corner, said corner being in the east right-of-way line of the Illinois Central Railroad; thence north 6°-47' east and along the said east right-of-way line, a distance of 280.0 feet to the place of beginning, containing 3.79 acres, more or less.

Tract B

Situated in the State of Illinois, the County of Champaign and the City of Champaign, and being also parts of Section 18, Township 19 North, Range 9 East and Section 19, Township 19 North and Range 9 East of the 3rd Principal Meridian and being further bounded and described as follows: Beginning at the southeast corner of Section 13, Township 19 North and Range 8 East of the 3rd Principal Meridian, said corner being marked with a cross cut in the concrete pavement; thence south 0°-54' east, a distance of 45.48 feet to a corner; thence north 89°-26' east a distance of 1466.5 feet to a corner; thence north 0°-49' west, a distance of 58.51 feet to the northwest corner of the northeast ¼ of said Section 19, said corner being marked with a brass rod; thence north west, a distance of 21.49 feet to a corner, thence south 88°-54' west, a distance of 1466.0 feet to a corner; thence south 0°-13' west, a distance of 34.52 feet to the place of beginning, containing 2.92 acres, more or less.

Tract C

Situated in the State of Illinois, the County of Champaign, and the Cities of Champaign and Urbana, and being also parts of Section 18, Township 19 North, Range 9 East and Section 19, Township 19 North, Range 9 East of the 3rd Principal Meridian and being further bounded and described as follows: Beginning at the northwest corner of the northeast ¼ of the northwest ¼ of said Section 19, said corner being marked with a brass rod; thence south 0°-49' east, a distance of 58.51 feet to a corner; thence north 89°-14' east a distance of 1326.2 feet to a corner, said corner being in the center line of said Section 19; thence north 88°-54' east a distance of 1443.4 feet to a corner, thence north 89°-22' east a distance of 1218.4 feet to a corner; thence north 0°-43' west a distance of 40.0 feet to a corner, said corner being the southeast corner of said Section 18 and the northeast corner of said Section 19 and being also marked with a brass plug; thence north 1°-03' west, a distance of 40.0 feet to a corner; thence south 89°-22' west a distance of 1218.7 feet to a corner; thence south 88°-54' west a distance of 1442.9 feet to a corner, said corner being in the center line of said Section 18; thence south 89°-14' west a distance of 1326.4 feet to a corner; thence south 1°-01' east, a distance of 21.49 feet to the place of beginning, containing 7.323 acres, more or less.

The provisions of said grant of right-of-way easement and any such other documents as may be executed and delivered pursuant to this resolution to be approved by the Legal Counsel of the University and the delivery thereof to be made following the adoption by the City Council of the City of Champaign, Illinois, of an appropriate resolution vacating said above mentioned portion of the presently existing public street or highway running between First and Fourth Streets in said City of Champaign.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

MEMBERSHIP IN THE ASSOCIATED MIDWEST UNIVERSITIES

(15) The Argonne National Laboratory was established about eleven years ago for fundamental and applied research in the field of atomic energy, and to
cooperate with midwest educational and research institutions in related areas of mutual educational and research interests. The Laboratory has executed research and development projects of importance to the Atomic Energy Commission. Certain research and educational projects have been undertaken in cooperation with universities because of mutual interests and benefits.

Participation by institutions in Argonne activities has always been accepted as a mutually beneficial arrangement, the interchange of knowledge and experience being of great value. To explore the matter of participation fully, an ad hoc committee was appointed under the chairmanship of President John T. Rettaliata of the Illinois Institute of Technology to study the future relationships between the Argonne National Laboratory and the university communities.

One of the recommendations of this Committee is the incorporation of the participating institutions and the provision of funds to employ necessary personnel to represent the institutions at the Argonne Laboratory. This proposal was submitted to and approved by the Council of Participating Institutions and a special committee, headed by Dean Frederick T. Wall of the University of Illinois, was appointed to implement this recommendation.

It is now proposed to organize a corporation under the title of "Associated Midwest Universities." Each institution is asked to pay annual dues of $1,000. The Head of the Department of Physics, the Dean of the College of Engineering, the Dean of the Graduate College, and the Vice-President and Provost recommend that the University of Illinois become a member of this corporation. The proposed by-laws have been examined and approved by the Legal Counsel, subject to certain changes he is recommending.

I concur and recommend that the Board of Trustees authorize membership in the corporation as proposed, and that the appropriation of $1,000 be made from the General Reserve of the University for payment of the first year's dues.

On motion of Mr. Williamson, this recommendation was approved, and the appropriation was made by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF UNIVERSITY PRESS BUILDING**

(16) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $65,974 to the Harris Company, Urbana, the lowest bidder, for the construction of the first unit of a new University Press Building in the area north of Gregory Drive between First Street and Oak Street, Champaign. This will house the offices of the University Press; a recommendation will be submitted later, when funds are available, for the construction of additions for the mechanical division (now in the basement of the Administration Building) and for storage of paper stock and finished products.

The Harris Company submitted a gross bid of $74,470. It is recommended that the University accept two alternates: (a) substitution of acoustical tile ceilings for plaster, a deduction of $1,668; and (b) substitution of a warm air oil-fired heating system for an oil-fired hot water system, a deduction of $7,428. Consideration is being given to the possibility of providing steam service for heating the building by a connection with the University steam lines, but this will require a separate contract. In that event, change orders will be negotiated to eliminate the separate heating system and to provide for steam heating installations instead. In the meantime, it is desirable to proceed with the construction of the building by awarding the contract on the basis of the lowest bid received.

Funds are available in an appropriation made by the Board of Trustees on July 16, 1957. I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Hughes, this contract was awarded, as recommended, and the Comptroller and the Secretary of the Board were
authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

CONTRACTS FOR ADDITION TO ABBOTT POWER PLANT
(17) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of contracts as follows for the construction of the Abbott Power Plant Addition, Unit No. 6. The award in each case is to the lowest bidder.

Installation of piping system (Division "7K") — Gallaher and Speck, Inc., 546 West Harrison Street, Chicago 7, Illinois.. $135 667

Installation of electrical equipment (Division "71") — Northern States Company, Inc., 33 North LaSalle Street, Chicago 2, Illinois.. 00 305

Attached is a report from the Physical Plant Department listing all bids received, and a copy is being filed with the Secretary of the Board for record.

Funds are available in the state appropriations to the University for capital improvements for the biennium 1957-59.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts, subject to the release of funds by the Governor.

On motion of Mr. Swain, these contracts were awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

CONTRACTS FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM
(18) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of contracts as follows for additions to and extensions of the Utilities Distribution System at Urbana. The award in each case is to the lowest bidder:

Construction of a subsurface electrical load distribution center vault, immediately west of the new Biology Building, as part of the campus electrical distribution system (Division "LL") — C. A. Petry & Sons, Inc., Champaign. $45 880 00

Installation of electrical equipment and cables in the vault — Square Deal Electrical Contracting, Inc., LaPorte, Indiana. 200 135 28

Construction of steam tunnels, duct runs, manholes, and load center (Division "MM") — Kuhn-Simmons Company, Inc., Champaign 343 281 00

This will include construction of a tunnel from Wright Street and Armory Avenue to Mathews Avenue; a tunnel from the southwest corner of the Student-Staff Apartments on Goodwin Avenue north across Green Street and east along Green Street to the Physics Building; and construction of duct runs and manholes to serve the distribution center and load center.

Installation of piping addition to steam distribution system (Division "NN") — Gallaher & Speck, Chicago. 107 345 00

This will include the installation of piping in the new tunnels; a twelve-inch main in an existing tunnel from Sixth Street and Gregory Drive to Wright Street and Armory Avenue; a six-inch return main in the existing tunnel on Mathews Avenue; and a steam conduit line from the existing tunnel on Mathews Avenue to Davenport Hall.

Thermal insulation for the steam piping (Division "OO") — W. J. Donahoe Company, Chicago. 40 680 00

Funds are available in the state appropriations to the University for capital improvements for the biennium 1957-59.
I recommend that these contracts be awarded and that the Comptroller and the Secretary of the Board be authorized to execute the same, subject to the release of funds by the Governor.

On motion of Mr. Williamson, these contracts were awarded, as recommended, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF RADAR ANTENNA TOWER**

(19) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $39,080 to C. A. Petry & Sons, Inc., Champaign, the lowest bidder, for the construction of a radar antenna tower north of and adjacent to the Engineering Research Laboratory. This tower is needed for research being done at the University under a contract with the United States Army Signal Corps, and the cost will be paid from contract funds.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract, subject to approval by the contract office of the Signal Corps.

On motion of Mr. Hughes, the Comptroller and the Secretary of the Board were authorized to execute this contract.

**CONTRACT FOR CONSTRUCTION OF LODGE IN ROBERT ALLERTON PARK**

(20) The Director of the Division of University Extension, the Director of the Physical Plant Department, and the Vice-President and Comptroller recommend the award of a contract for $57,880 to C. A. Petry & Sons, Inc., Champaign, the lowest bidder for the construction of a ten-unit motel type lodge in Robert Allerton Park east of and as an annex to Allerton House to provide additional housing needed for participants in conferences, seminars, and other events held there. It will also be available to other transient guests.

The Committee on Buildings and Grounds on June 20, 1957, authorized the employment of Smith, Kratz, and Associates, Urbana, as architects, and on October 28, 1957, the Committee approved their design of the building to be known as "Evergreen Lodge."

Funds will be assigned for this construction from Allerton House Operations surplus and Division of University Extension income from short courses and other such types of income-producing programs.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded, and the Comptroller and the Secretary of the Board were authorized to execute the same. This action was taken by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

**CONTRACT FOR ELECTRICAL SERVICE AT CHICAGO UNDERGRADUATE DIVISION**

(21) The city of Chicago has been billing the University for electrical service at the Chicago Undergraduate Division. The City Council has passed an ordinance authorizing the Commonwealth Edison Company to take over certain facilities and bill the University directly. The Commonwealth Edison Company will turn over to the University eleven transformers owned by the Company, at a nominal price of $1.00, and will sell power directly to the University. The estimated cost of this service is now $33,750 a year, and, under the new arrangement, it is estimated to cost $30,750.
I recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary contracts with the Commonwealth Edison Company. On motion of Mr. Hughes, the Comptroller and the Secretary of the Board were authorized to execute the necessary contracts.

**ADDITION TO CONTRACT FOR CONSTRUCTION OF MEN’S RESIDENCE HALLS**

(22) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of $6,162.60 in the contract with Felmley-Dickerson Company for the construction of the Men’s Residence Halls to provide metal closing trim between the bottoms of the aluminum window frames and the tops of the metal convector covers which form a sill. The item was inadvertently omitted from the contract specifications. The cost is approximately $8.00 a room. I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Swain, this recommendation was approved.

**ENGINEERING SERVICES ON AIRPORT ADMINISTRATION BUILDING AND CONTROL TOWER**

(23) The Board of Trustees has approved the employment of Consulting Engineering Service, Champaign, for the mechanical and electrical engineering work in the design of the Administration Building and Control Tower at the University Airport at an estimated cost of $4,500. This estimate was based on preliminary sketches before the full extent of the engineering services to be required was definitely known. More work is required to complete plans and specifications for the air conditioning and for the electrical and radar facilities necessary to meet requirements of the Institute of Aviation and of federal and state authorities. The contract is on a cost-plus basis; the University will be reimbursed by the State Department of Aeronautics.

I recommend that the Comptroller be authorized to execute a contract for extension of the engineering services now required at an estimated additional cost of $4,500, or a total of $9,000.

On motion of Mr. Hughes, this recommendation was approved.

**SUBCONTRACT UNDER ARMY CONTRACT WITH THE STATE UNIVERSITY OF IOWA**

(24) The University is currently conducting research on dynamics of rocket launchers under a contract with the Army Ordnance Corps. Certain of the research work can best be performed at the State University of Iowa.

The Chairman of the University Research Board and the Vice-President and Comptroller recommend approval of a subcontract with the State University of Iowa for $8,535 for these research services. Sufficient funds are available in the prime contract with the Army to reimburse the University.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**REPORT ON ARBITRATION OF LABORER-ELECTRICIAN WAGE RATES**

(25) On January 16, 1958, the Board of Trustees authorized submitting to arbitration the determination of wage rates to be paid to laborer-electricians for the fiscal years 1957-58 and 1958-59.

The Arbitrator has submitted his finding that laborer-electricians are entitled to a wage increase of 12½ cents an hour effective July 1, 1957, and an additional increase of 7½ cents an hour effective July 1, 1958.

The present rate paid laborer-electricians is $2.12½ an hour. The University had offered an increase of 7½ cents an hour effective July 1, 1957, and an additional increase of 5 cents an hour effective July 1, 1958. Local 698, State, County, and Municipal Employees Union, had requested an increase of 20 cents an hour effective July 1, 1957, and additional increase of 12 cents an hour effective July 1, 1958.

This report was received for record.
APPLICATION FOR HEALTH RESEARCH FACILITIES FUNDS FOR COLLEGE OF VETERINARY MEDICINE

(26) The College of Veterinary Medicine has submitted an application to the National Institute of Health for $140,000 to provide one-half of the funds for the construction of a building and equipment to be used as an isolation unit and a facility for research on zoonoses (infectious diseases common to man and animals). Funds will be available from outside sources for the research.

The application has been approved by the University Committee on Health Research Facilities Grants, the Vice-President and Provost, and the Vice-President and Comptroller, and has already been filed to meet an April 1, 1958, deadline, subject to approval by the Board of Trustees and to the availability of matching funds. Arrangements are being made to secure matching funds from private sources, but a portion may have to come from University funds if the grant is approved and accepted.

I recommend approval of filing the application with the understanding that acceptance of the grant will be subject to availability of matching funds.

On motion of Mr. Johnston, this application was authorized.

UNIVERSITY OF ILLINOIS REGULATIONS GOVERNING PROCUREMENT AND BIDDING

(27) The Illinois Purchasing Act, approved July 11, 1957, requires each state agency to promulgate and publish rules and regulations governing its procurement practices and procedures which rules and regulations, and all additions and amendments thereto, must be approved by the State Department of Finance and filed with the Secretary of State.

The Business Office and the Legal Counsel’s Office have drafted regulations governing procurement procedures and bidding at the University of Illinois which have been submitted to the State Department of Finance for preliminary review. These regulations formalize what the University is presently doing. With minor modifications resulting from specific provisions in the Illinois Purchasing Act, the practices and policies reflected in these regulations are the same as those the University has been following for many years. The regulations are now submitted to the Board of Trustees. The Vice-President and Comptroller recommends adoption of these regulations effective June 1, 1958.

I concur and recommend that the Secretary of the Board be authorized to submit them to the State Department of Finance for official approval, and after approval that he be authorized to file them with the Secretary of State in accordance with the provisions of “An Act Concerning Administrative Rules.”

On motion of Mr. Swain, these regulations were approved by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

The regulations appear as an appendix to these minutes on pages 1221 to 1233.

ANNUAL REPORT OF THE TREASURER

In accordance with the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds in his custody for the period March 1, 1957, through February 28, 1958, certified by the Comptroller. A copy of this report was sent to each member of the Board of Trustees prior to today's meeting, and a copy is filed with the Secretary of the Board.

This report was received for record.

LEASE OF SPACE FOR AUDIO-VISUAL AIDS SERVICE AND TELEVISION-MOTION PICTURE UNIT

The Executive Committee reported that it has authorized the lease of space for:

1. The Audio-Visual AIDS Service. An area of 9,940 square feet on the second floor of the building at the southeast corner of Green and Sixth Streets in Champaign, beginning September 1, 1958, at an annual rental of $10,236 plus an estimated $4,000 a year for internal maintenance, utilities, and janitor service.

2. The Television-Motion Picture Unit. An area of 2,400 square feet of air-conditioned space on the second floor of the building at 606½ East Green Street in Champaign, beginning September 1, 1958, at an annual rental of $2,696 plus operational maintenance and utility costs estimated at $1,050 a year. Some remodeling, estimated to cost $8,200, will also be necessary to make this space usable.

The University of Illinois Foundation will be requested to secure a five-year lease in each case, and will then sub-lease to the University on a year-to-year basis. It is necessary to do this through the Foundation because the University can not make commitments beyond the current biennium whereas the property owners require a five-year lease.

This is by way of a preliminary authorization to close negotiations for this space. A recommendation will be made to the Board of Trustees later for approval of the sub-leases.

This report was received for record.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

The Executive Committee reported that it has approved the following recommendations from the University Patent Committee and the President of the University relating to inventions by members of the staff.

1. The use of cell walls of Group A B hemolytic streptococci and products therefrom as an immunizing vaccine — Sam S. Barkulis, Assistant Professor of
Biological Chemistry, College of Medicine, inventor. This invention is a method of disintegrating the cell walls of Group A B hemolytic streptococci for immunizing and serologic purposes. On November 28, 1956, the Board of Trustees authorized the release of this invention to the University of Illinois Foundation for further investigation and for filing of an application for a patent if such action appeared warranted. The Foundation has reported that a thorough study of this invention has been made, including studies by the Medical Research Committee of the Upjohn Company and the following facts have been developed:

a. The efficacy of such a preparation is questioned. Such a preparation would also be extremely difficult to test or evaluate.

b. It is felt that a good possibility of undesirable antigenic reactions would exist.

c. The preparation would be quite difficult to prepare.

d. The probable market for such a preparation would be small due to the success of antibiotics in this area of medicine.

For these reasons the Foundation is of the opinion that further development work by the University and the filing of an application for a patent are not warranted and, accordingly, recommends that the discovery be released to the inventor. The University Patent Committee and the Vice-President in charge of the Chicago Professional Colleges concur in this recommendation.

2. Method for destroying hardwood tree stumps — Charles S. Walters, Professor of Forestry, and Kenneth R. Peterson, Research Associate in Forestry, inventors. This invention consists of a mixture of chemicals developed by certain staff members of the Department of Forestry, which is applied to tree stumps to facilitate their destruction by burning.

The Committee is not certain how well a patent, if issued, can be defended, but because of public interest in this invention the Committee recommends transfer of the rights of the University to the University of Illinois Foundation with the request that the latter file a patent application if this appears desirable after further investigation.

3. Antioxidants which prevent oxidation and remove prooxidative metallic ions — Fred A. Kummerow, Associate Professor of Food Chemistry, Department of Food Technology, and Taketami Sakuragi, Research Associate in Food Technology, inventors. It is the opinion of the Head of the Department of Food Technology and the Associate Director of the Agricultural Experiment Station that this invention has little or no commercial value. The Patent Committee concurs and recommends that this invention be released to the inventors.

4. Autoclaves with windows — Walter D. Rose, Professor of Petroleum Engineering, inventor. The purpose of this invention is to make possible observations of the contents of a vessel constructed to withstand conditions of high temperature and pressure, and deals with the design of a glass, or other transparent material, window and the closure thereof as part of a metallic pressure vessel.

The Patent Committee is of the opinion that there are several other satisfactory commercial developments similar to this and, accordingly, concurs in the recommendation of the Head of the Department of Mining and Metallurgical Engineering that the invention be released to the inventor.

5. High-density, counter-flow fixed type heat exchanger — John C. Miles, Professor of Mechanical Engineering, and Norman A. Parker, Professor and Head of the Department of Mechanical Engineering, inventors. This is a new principle for the construction of a heat exchanger for use on a gas turbine and is closely related to two previous inventions by Mr. Miles and Mr. Parker relating to "Combustion System for Regenerative Gas Turbine" and "Regenerative Heat Exchanger" which were transferred to the University of Illinois Foundation and on which patent applications have been filed.

The Patent Committee has referred this third invention to the Foundation for study, and the latter reports it has potential value. The Patent Committee recommends that the rights of the University in this invention be transferred to the University of Illinois Foundation and that the Foundation be authorized to file a patent application.

6. Ultrasonic irradiator — William J. Fry, Professor of Electrical Engineering, inventor. This is a machine which produces very high frequency sound
waves. It has been demonstrated that these sound waves will penetrate human
or animal tissue and can be used by surgeons in treatment of pathological condi-
tions. The Board of Trustees has released this invention to the University of
Illinois Foundation which has now obtained the basic patent and is entering
into a contract for manufacture.

The Patent Committee had previously recommended that the inventor be
granted 25 per cent of the net income received by the Foundation in fees and
royalties. The Committee now recommends that this action be rescinded and
instead 12.5 per cent of such income be paid to the inventor and 12.5 per cent
be paid to the University for support of research under the direction of Pro-
fessor William J. Fry. This change is also recommended by the Director of
the Engineering Experiment Station and is acceptable to Professor Fry.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appoint-
ments made by the President; (2) resignations and declinations;
(3) leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was made by the President of
the University. C = College; S = Station; E = Extension.)

Agar, D. V., Visiting Lecturer in Geology, ten months from September 1, 1958,
to render service during the academic year 1958-59, $7000 (3-18-58).

Ashstrom, James P., Clinical Instructor in Orthopaedic Surgery (Medicine),
five months from April 1, 1958, without salary (3-27-58).

Alexander, James, Clinical Assistant Professor of Psychiatry (Medicine),
seven months from February 1, 1958, without salary (3-4-58).

Armstrong, Katherine S., Instructor in English, academic year beginning
September 1, 1958, $5200 (3-25-58).

Atterbury, Robert A., Clinical Assistant Professor of Surgery (Medicine) and
Clinical Assistant Professor of Oral and Maxillofacial Surgery (Dentistry),

Berger, Cyrena G., Research Assistant in Pathology (Medicine), six months
from March 1, 1958, without salary (3-18-58).

Biever, Mrs. Anna K., Instructor in 4-H Club Work (urban) (E), six months
from March 1, 1958, $6000 a year (3-4-58).

Blackmer, Roy H., Jr., Research Associate in the State Water Survey, four
months from March 1, 1958, $550 a month (3-18-58).

Bolton, Charles D., Instructor in Social Sciences (Chicago Undergraduate Divi-
sion), 4/2 time, five months from February 1, 1958, to render service during
the second semester of the academic year 1957-58, $409 a month, supersedes
(3-4-58).

Brody, Marcia, Research Associate in Botany, 3/4 time, one year from February
1, 1958, $4400, supersedes (3-25-58).

Brody, Viola A., Research Associate in Psychiatry (Medicine), 3/4 time, March
10-August 31, 1958, $4950 a year, supersedes (3-25-58).

Buss, Truman C., Jr., Instructor in General Engineering (Chicago Undergraduate
Division), 3/4 time, five months from February 1, 1958, to render service
during the second semester of the academic year 1957-58, $400 a month (3-4-58).

CATON, CHARLES E., Instructor in Philosophy, academic year beginning September 1, 1958, $4700 (3-18-58).

CHALMERS, RUTH V., Research Assistant in Botany, six months from March 1, 1958, $4500 a year, supersedes (4-1-58).

COLMEY, JOHN C., Assistant in Food Technology (S), full time, April 1-June 30, 1958, $366.66 a month; on ½ time, July 1-August 31, 1958, $183.33 a month (4-2-58).

COTTS, GEORGE W., Instructor in Physiology (Medicine), 35/100 time, seven months from February 1, 1958, to render service during the second semester of the academic year 1957-58, $190.42 a month (3-4-58).

CRUMLISH, BRIAN J., Instructor in Architecture, February 1-June 15, 1958, $5000 a year (3-6-58).

CZARNECKI, BARBARA, Research Assistant in Biological Chemistry (Medicine), seven months from February 1, 1958, $4400 a year (3-4-58).

ENGELBRECHT, RICHARD S., Associate Professor of Sanitary Engineering (Civil Engineering) (S), indefinite tenure beginning March 1, 1958, to render service during each academic year, $8300 a year, supersedes (3-4-58).

FATHERREE, LEROY L., Consultant in the University Health Services, ½ time, May 1-August 31, 1959, $5000 a year (3-6-58).

FETTING, RUDOLPH A., Research Assistant in Dairy Science, one year from April 1, 1958, $5000 (3-20-58).

HERNANDEZ, G., Research Assistant in Civil Engineering (S), full time, February 1-June 15, 1958, $500 a month, supersedes (3-18-58).

HOGAN, WILLIAM, Assistant in Pediatrics (Medicine), February 1-August 31, 1958, without salary (3-12-58).

HOLT, CLAUS VON, Research Associate in Pharmacology (Medicine), three months from March 1, 1958, $500 a month (3-18-58).

HUGHES, CHARLES Z., Serials Librarian, with rank of Instructor (Chicago Professional Colleges), two months from July 1, 1958, $500 a month (3-6-58).

KNOX, ROBERT S., Research Associate in Physics (C), five months from April 1, 1958, $483.33 a month (4-2-58).

KOPPE, HEINZ W., Research Assistant Professor of Physics (C), five months from May 1, 1958, $600 a month, supersedes (3-4-58).

KRIZAN, THOMAS F., Instructor in the Sports Fitness School (Physical Education for Men), ½ time, June 16-August 7, 1958, $611; this is in addition to his regular appointment (3-25-58).

KUSUMOTO, HAZIME, Research Assistant in Chemistry, six months from March 1, 1958, $4000 a year, supersedes (3-6-58).

LEE, WAN-HOC., Clinical Instructor in Psychology (Psychiatry) (Medicine), seven months from February 1, 1958, without salary (3-4-58).

LEWIS, ERNIE M., Visiting Lecturer in the University High School, ten months from August 16, 1958, to render service during the academic year, $422 (3-31-58).

RESIGNATIONS AND DECLINATIONS

ALINGTON, MRS. MARGARET H., Catalog Assistant in the Library — resignation effective September 1, 1958.

DAVIS, MILDRED, Clinical Instructor in Psychiatry (Medicine) — resignation effective January 1, 1958.

HENNAND 社, Research Assistant in Civil Engineering (S) — declination effective February 1, 1958.

KELLY, COLLEEN M., Vocational Rehabilitation Fellow (Trainee) in Social Work — resignation effective February 1, 1958.

KIGUEL, ENRIQUE, Research Assistant in Pedodontics (Dentistry) — resignation effective March 1, 1958.

KUO, BENJAMIN C., General Electric Company Fellow in Electrical Engineering — resignation effective February 1, 1958.

PRIEST, EDWIN R., Clinical Instructor in Medicine (Medicine) — resignation effective March 1, 1958.

REBHUN, LIONEL I., Assistant Professor of Anatomy (Medicine) — resignation effective September 1, 1958.

ROSSI, ANGELO, Research Associate in Physics (C) — resignation effective May 21, 1958.

SAWYER, EMILY, Fellow in Chemistry — resignation effective February 1, 1958.

SPURRIER, EARL C., Assistant Professor of Crop Extension (Agronomy) (E) — resignation effective May 10, 1958.

VARENYI, LESZLÖ (LESLIE), World University Fellow in Chemistry — resignation effective February 1, 1958.

VIVIANO, JOSEPH W., Fine Arts Librarian and Instructor in Library Science (Chicago Undergraduate Division) — resignation effective March 14, 1958.

VOLLMAN, RUDOLF F., Research Associate in Anatomy (Medicine) — resignation effective November 1, 1957.

WASSERMAN, PHYLLIS, Registered Pharmacist in charge of Hospital Pharmacy (Pharmacy) — resignation effective June 16, 1958.

WINTERHALTER, MARY J., Instructor in Medical Social Work (Medicine) — resignation effective April 24, 1958.

ZACH, HELEN M., Instructor in Medical Social Work (Medicine) — declination effective March 3, 1958.

LEAVES OF ABSENCE

GOTTLEIB, DAVID, Professor of Plant Pathology (C and S) — leave of absence with pay, from July 16 to August 16, 1958, in order that he may travel to Stockholm, Sweden, to take charge of an International Colloquium, and to travel to Moscow, Russia, to consult with members of the staff of the Institute of Antibiotics.

SWANN, SHERLOCK, JR., Research Professor of Chemical Engineering (S) — leave of absence on account of illnes, without pay, beginning March 20, 1958, and continuing until further notice. This is supplementary to the leave of absence with full pay previously granted him for a period of six months.

SWANN, ROBERT H., Associate Professor of Music and Artist in Residence — leave of absence, with pay, from May 15 to the end of the current academic year, so that he may serve as cellist with the University of Michigan Stanley Quartet on its tour of South America during May and June under the sponsorship of the Department of State's International Cultural Exchange program.
TRACY, PAUL H., Professor of Dairy Technology (Food Technology) (C and S) — leave of absence, without pay, for 62 per cent time for the period February 11 through June 30, 1958.

MAY, JUNE, AND JULY MEETINGS
President Livingston called attention to the Board's previous decision to hold the May meeting on Thursday, May 29, 1958, at Dixon Springs, and asked if the Board desired to confirm this or to change the place.

On motion of Mr. Herrick, the Board voted to hold its next meeting on Thursday, May 29, 1958, at or near the University's Dixon Springs Experiment Station, and the President and Secretary were authorized to determine the hour and place of said meeting.

On motion of Mr. Swain, the Board voted to hold its June meeting in Chicago, on Thursday, June 19, 1958, at an hour and place to be determined by the President and Secretary.

President Livingston asked if the Board desired to fix the date of its July meeting. It was the consensus of the Board that it should be held during the week beginning July 28, 1958, but a decision on a specific date was deferred until the next meeting.

EXECUTIVE SESSION
President Livingston announced that immediately following adjournment of the regular meeting, a special meeting will be held in executive session for consideration of reports and recommendations relating to property acquisitions.

MEMORIAL TO HERBERT B. MEGRAN
Mr. Herrick presented the following memorial:

In the passing of Herbert B. Megran, the University of Illinois has lost one of its finest friends, and the Board of Trustees a beloved former colleague. Many Illini throughout the country, numerous associates in business and civic affairs, and friends everywhere mourn his passing and feel deeply the loss of his personal service and leadership.

Approximately a year ago, upon his retirement from the Board of Trustees of the University of Illinois, the Board recorded his services as a Trustee and his other distinguished services to the University of Illinois, and paid tribute to him for the qualities which have endeared him to many people. This record is well known and it is unnecessary to recount all that was said on that happier occasion, but it may be repeated that the tradition of Illinois Loyalty has been nobly exemplified by his unselfish services to his Alma Mater over many years of his life.

We honor him again today for all of his achievements, for his devotion to the University, his faith in its purpose, and we extend to the members of his family and his business associates our deepest sympathy in their great loss.

On motion of Mr. Herrick, this memorial was unanimously adopted by a rising vote, and as a further mark of respect, the Board adjourned.

ADJOURNED MEETING OF THE BOARD OF TRUSTEES
IN EXECUTIVE SESSION
APRIL 17, 1958

When the Board reconvened in executive session, the same Trustees, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes.
The Board took up consideration of the following reports and recommendations from the President of the University.

ACQUISITION OF LAND IN WILL COUNTY FOR AGRICULTURAL EXPERIMENT STATION

(33) The Agronomy Department of the Agricultural Experiment Station has for more than fifty years conducted field research studies on soil and crop management practices at several locations throughout Illinois. Facilities for such work are located in each of the major geographic and soil areas of the state. Because the northeastern Illinois soil area has not been adequately studied, it is desired to establish a field research facility in that area for more intensive research.

Certain lands near Elwood, in Will County, formerly controlled by the United States Department of Defense and now under the control of the Department of Health, Education, and Welfare, have been declared surplus. The Department of Agronomy has been informed that some of this land may be acquired by the University for research work under the provisions of the Federal Property and Administrative Services Act of 1949. An appraised value of the property will be established at time of transfer to the University. Each year thereafter the book value of the property will be reduced five percent so that clear title to the property will pass to the University at the end of twenty years of use. The only costs incident to the transfer will be the appraisal and legal fees involved in the transaction. If at any time during the twenty-year period the University desires to abandon the research program but wishes to use the land for other purposes it may purchase the same at the remaining book value.

This was reported to the Committee on Buildings and Grounds in July, 1957, and the Department of Agronomy was authorized to file an application for the acquisition of 160 acres of this property. It is now necessary that the Board of Trustees adopt a formal resolution in support of the application. The University will also be required to provide the Department of Health, Education, and Welfare with a fair-value appraisal made by a local real estate office, such appraisal to be based on the normal use of the property. The Department of Agronomy has made arrangements for the appraisal.

The Department of Agronomy, in cooperation with the Agricultural Research Service of the United States Department of Agriculture, has heretofore initiated experimental work on soil and water management and on erosion control on a tract of approximately 200 acres near Elwood, Illinois. This tract, which is part of the Joliet Arsenal property, has been made available for research purposes through a revokable permit from the Department of Defense which permit expires in 1964. Because of this type of tenure the Department of Agronomy has been reluctant to initiate long-time studies or to make capital improvements on the area. If the University is successful in acquiring the 160 acres of surplus land, the Agricultural Experiment Station will consolidate its agronomic research in the northeastern Illinois area in this new location. The tract for which application has been filed has a modern house which can be used by a resident manager.

I recommend adoption of the following resolution and that the Secretary of the Board be authorized to execute the required certificate.

Resolution

WHEREAS, certain real property located in the County of Will, State of Illinois, owned by the United States and more particularly described as follows:

Approximately 160 acres in Will County, Illinois, consisting of the E 1/4 of the SW 1/4 of Sec. 12, R. 34 N., T. 9 E. of the 3rd P.M.; and the W 1/4 of the SE 1/4 of Sec. 12, R. 34 N., T. 9 E. of the 3rd P.M.; and including a two-story, farm type dwelling with basement, known as Building 343,

has been declared surplus and is subject to disposal for educational purposes by the Secretary of Health, Education, and Welfare, under the Federal Property and Administrative Services Act of 1949, as amended, and the rules and regulations promulgated pursuant thereto; and

WHEREAS, the Board of Trustees of the University of Illinois needs said property and can utilize the same for educational purposes in accordance with the requirements of said Act and the rules and regulations promulgated thereunder;

...
Now, Therefore, Be It Resolved That the Board of Trustees of the University of Illinois shall make application to the Secretary of Health, Education, and Welfare for and secure the transfer to it of the above-mentioned property for educational use upon and subject to such exceptions, reservations, terms, covenants, agreements, conditions, and restrictions as the Secretary of Health, Education, and Welfare, or his authorized representatives, may require in connection with the disposal of said property under said Act and the rules and regulations issued pursuant thereto; and

Be It Further Resolved That H. O. Farber, Comptroller of the Board of Trustees of the University of Illinois, be and he is hereby authorized, for and on behalf of the University of Illinois, to do and perform any and all acts and things which may be necessary to carry out the foregoing resolution, including the preparing, making, and filing of plans, applications, reports, and other documents, the execution, acceptance, delivery, and recordation of agreements, deeds, and other instruments pertaining to the transfer of said property, and the payment of any and all sums necessary on account of the purchase price thereof or on account of fees or costs incurred in connection with the transfer of said property for surveys, title searches, appraisals, recordation of instruments, or escrow costs.

On motion of Mr. Swain, this recommendation was approved, and the foregoing resolution was adopted by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.

ACQUISITION OF PROPERTY AT 610 EAST JOHN STREET. CHAMPAIGN, ILLINOIS

(34) On November 21, 1957, the Board of Trustees authorized the institution of proceedings in eminent domain for the acquisition of the property at 610 East John Street, Champaign, Illinois, because the owner would not agree to sell except at a price University officials deemed excessive and could not recommend. The property is needed as part of the site for a new student services building.

Proceedings were instituted in the Circuit Court of Champaign County and the case was set for trial. At a "pre-trial" conference of representatives of the owner and of the University, called by the Judge who was to hear the case, the owner agreed to sell at a price of $45,000 and University representatives agreed to present this proposal to the Board of Trustees. While the price is somewhat above appraisals made of the property for the University, it is within the formula authorized by the Committee on Buildings and Grounds governing negotiations for property purchases. The difference between this price and appraisals would not justify the expense of further litigation.

The Director of the Physical Plant Department, the Legal Counsel, and the Vice-President and Comptroller recommend the purchase of this property, which is described in the minutes of the Board of Trustees meeting of November 20, 1957, pages 991 to 993, at the agreed upon price of $45,000, the terms of payment and other conditions relating to the acquisition of the property to be subject to further negotiations and approval of the University.

Funds are available in the state capital appropriations to the University for 1957-59.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents upon approval of the same and of the title to property by the Legal Counsel; and that the action of the Board adopting the resolution for condemnation of this particular property, as printed on pages 992 to 993 of the November 20, 1957, Board minutes, be rescinded.

On motion of Mr. Williamson, the purchase of this property at a price of $45,000 was authorized and the other recommendations were approved. This action was taken by the following vote: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Bissell, Mrs. Holt, Mr. Nickell, Mr. Stratton.
ACQUISITION OF PROPERTIES IN URBANA

(35) On December 17, 1957, the Board of Trustees authorized the institution of proceedings in eminent domain for the acquisition of the properties at 1008 West Green Street, Urbana, and at 1013 and 1101 West Green Street and 1104 West Illinois Street, Urbana, because the owners would not agree to sell except at prices University officials deemed excessive and could not recommend.

Subsequently, negotiations with the owners were renewed and as a result they agreed to sell within appraisals made of the properties. The Board of Trustees having authorized the purchase of these properties and agreements with the owners having been consummated, I recommend that the actions of the Board adopting the resolutions for condemnation, as printed on pages 1013 to 1016 of the December 17, 1957, Board minutes, be rescinded.

On motion of Mr. Williamson, the actions of the Board in adopting the resolutions indicated above were rescinded.

On motion of Mr. Johnston, the Board adjourned.

APPENDIX

REGULATIONS GOVERNING PROCUREMENT AND BIDDING
AT THE UNIVERSITY OF ILLINOIS
EFFECTIVE JUNE 1, 1958

(Approved by the Board of Trustees April 17, 1958, page 1207.)

FOREWORD

The University of Illinois is required to advertise and take sealed bids when making purchases of goods or services costing $1,500 or more (with certain exceptions) and in connection with construction contracts involving an expenditure of $1,500 or more. In addition, it is the practice of the University to buy on a competitive basis, when practicable, regardless of the amount to be expended. The purpose of these rules and regulations is to set forth policies and procedures to be followed and to inform those desirous of selling to the University how to proceed in order to receive invitations to bid and how bids will be handled.

HOW TO SELL TO THE UNIVERSITY OF ILLINOIS

The Board of Trustees has centralized the authority to purchase in the Business Office under the Vice-President and Comptroller (except where authority has been assigned to some other official or committee; e.g., books and periodicals are purchased by the Library) who has delegated the authority to the Director of Purchases for the Urbana departments and to the Purchasing Agent for the Chicago departments, the latter including Navy Pier branch and Division of Services for Crippled Children, who are referred to hereafter as the "Purchasing Officials."

The various departments of the University submit requisitions to the Purchasing Officials. When properly approved, they constitute authority for making purchases according to the procedures described in these regulations. With certain exceptions, all purchases in excess of $1,500 are advertised in the official State newspaper and are awarded on the basis of sealed bids. Purchase transactions in excess of $2,500 are submitted to the Board of Trustees for prior approval, except in emergencies, when they may be acted on by the President of the University. Purchases are not binding upon the University until such approval has been given.

Kinds of Commodities and Equipment

The kinds of commodities and equipment bought for the University of Illinois by the Purchasing Officials include, among others, the following:

Automobiles and Trucks
Building Maintenance Supplies
Chemicals
Coal
Dental Supplies and Equipment
Drugs
Electrical Equipment, Appliances, and Supplies
Electronic Equipment and Supplies
Envelopes
Foodstuffs
Furniture
Gases, propane and laboratory type
Grain, Hay, and Straw
Hardware
Hospital Equipment and Supplies
Laboratory Animals
Laboratory Apparatus and Supplies
Lumber and Building Materials
Machine Tools and Shop Equipment and Supplies
Metals, ferrous and nonferrous
Office Machines, Equipment, and Supplies
Paints and Painters' Equipment and Supplies
Paper
Petroleum Products
Pharmaceuticals
Photographic and Projection Equipment and Supplies
Printing, letterpress and offset
Plumbing and Heating Equipment and Supplies
Refrigeration and Air-Conditioning Equipment
Scientific Equipment and Supplies
Seeds and Fertilizer
Sound Recording Equipment and Tape
Textiles
Welding Equipment and Supplies
X-ray Equipment and Supplies

How Bids Are Solicited by the University

It is the policy of the University to obtain contracts for commodities, equipment, and construction work at the lowest possible prices, provided the contracts are with responsible persons who can be depended on to give reliable performance
under the contracts awarded to them. The Purchasing Officials maintain lists of bidders to whom they send invitations to bid for contracts to sell the University the various classifications of commodities and equipment they buy. The Physical Plant Department also maintains a list of contractors for construction and permanent improvements. Preliminary investigation is made of the responsibility of vendors and contractors placed upon such lists, but such preliminary investigation is not binding upon the University if later facts or events tend to show that such vendor or contractor is not in fact a responsible person.

Suppliers may be placed on a bidders list by submitting a request to the Director of Purchases, Urbana, Illinois, or the Purchasing Agent, Chicago, Illinois, advising him of the kinds of commodities and equipment for sale. In some instances vendors will be requested to fill out an information blank for reference. Contractors should submit a request to the Director of the Physical Plant, Urbana, Illinois, subject also to the requirement of completing an information blank.

In addition to sending out invitations to bid, the Purchasing Officials will run advertisements in the official newspaper, selected by the Director of Finance, regarding items of $1,500 or more they are going to buy.

How to Submit Bids

Listed bidders will receive invitations to bid on various items in the classification to which the list applies. The invitation will give the items to be purchased, the quantity of each item, delivery time, and the specifications which must be met by all the bidders. It will also contain a bid form (except in case of emergencies, when telegram or telephone bids will be requested) to be filled out as shown on the form and as explained in the Purchasing Regulation, and to be returned to the respective Purchasing Official by the time specified in the invitation to bid.

Complete records of all bids and awards are kept in the offices of the respective Purchasing Officials. These records are available during regular office hours for inspection by any interested person or his representative.

PROCUREMENT AND BIDDING REGULATIONS

Eligibility to Bid

Section 1. Bidders List

a. How to apply to be placed on bidders list. Bidders lists are maintained for various commodity and equipment classifications established by the Purchasing Officials. A list of contractors for construction and permanent improvements is maintained by the Physical Plant Department. To have his name included on a bidders list, a vendor or contractor should submit a request in writing or in person to the Purchasing Official or the Physical Plant Department, indicating the types of commodities or equipment he proposes to furnish, or the type of services or construction work he can perform.

b. Application to be filled out. After he receives the vendor's or contractor's request, the Purchasing Official or Physical Plant Department may provide him with an application blank asking for the form of organization, bank references, sources of supply, or other information required to determine the responsibility of the applicant.

c. Addition of name to list. If the application and financial statement (if requested) show sufficient evidence of the vendor's or contractor's financial and business responsibility, and no reason is known to the Purchasing Official or Physical Plant Department why the vendor or contractor would not be a responsible bidder, his name is placed on the bidders list for the commodity and equipment classifications or types of construction work indicated. Invitations to bid are sent to those persons appearing on bidders lists, but this does not constitute a final or conclusive determination as to the responsibility of such a bidder.

Section 2. Removal or Suspension from List

a. Notice of removal or suspension. The Purchasing Official or Physical Plant Department may remove any bidder from a bidders list or suspend him for a specified period of time. Any bidder may be suspended for not more than one year for violation of these rules and regulations, or failure to conform to specifications or terms of delivery. The bidder will be given due notice of such removal or suspension action.
b. Cause for removal or suspension. The following, without excluding others of like or different nature, shall be sufficient grounds for such removal or suspension:

(1) Delivery of commodities or equipment which do not comply with the specifications.
(2) Failure to make delivery within the time specified.
(3) Failure to keep offer firm for length of time specified by the bidder in his bid.
(4) Failure to provide performance bond when required by invitation to bid.
(5) Collusion with other bidders or prospective bidders to restrain competitive bidding.
(6) Giving information in an application for inclusion on a bidders list that is later found to be false or materially misleading.
(7) Bankruptcy or other evidence of insolvency of the bidder.
(8) Any other facts causing substantial doubt as to whether the bidder will continue to be a responsible bidder who can be relied upon to fulfill his obligations under this regulation and under any contract awarded to him.
(9) Any violation of the Illinois Business Corporation Act or any other law of the State of Illinois which would make it inadvisable for the University to deal with such bidder.
(10) Any other violation of this regulation.

C. Failure to respond. In addition to removal for the above causes, a bidder may be removed from a bidders list for two consecutive failures to respond (either with a bid or an indication of "no bid") to invitations to bid.

d. Reinstatement on bidders list. At any time after he receives a notice of removal or suspension the bidder may submit in writing or in person an explanation of the circumstances which were the cause of the removal or suspension order, or may show that such circumstances have been corrected. (Failure of a manufacturer or supplier to furnish the commodity or equipment bid upon or any part thereof to the bidder does not relieve the bidder of responsibility.) On the basis of such explanation or showing the University may modify or rescind the removal or suspension.

Solicitation of Bids

Section 3. How Bids Are Solicited by the University

a. Newspaper advertisement. The Purchasing Official or Physical Plant Department, as required by law, will advertise in the newspaper selected by the Director of Finance, and others as such Purchasing Official or Physical Plant Department may deem necessary, bids for commodities, equipment, or construction to be bought, unless the purchase is exempt from advertisement under the law. The advertisements will explain where bid forms and full information can be obtained, and state the time and place of opening.

b. Invitations to bid. When the Purchasing Official or Physical Plant Department are ready to buy a particular commodity or piece of equipment or desire bids on construction work they send out "invitations to bid" to persons on their bidders lists. Invitations also are sent to any other persons who respond to a newspaper advertisement. Such invitations will state, among other things:

(1) The item to be bought, or work to be bid on.
(2) The quantity of the item to be bought or description of work to be done.
(3) The specifications (and item number, if any) of the item.
(4) Any installation, maintenance, or repair services to be provided with the item.
(5) The delivery requirements.
(6) Any other terms and conditions which the University may require bidders to comply with.

Invitations to bid will be sent out by mail, except in cases of emergency. In such cases they may be sent out by telegram or be requested by telephone. For construction work, notice of the availability of specifications will be sent to all contractors on the bidders list. Detailed specifications will be sent to those requesting them.

c. Bids sometimes individually requested. If in the judgment of the Purchas-
ing Official the number of persons on the bidders list is not large enough to
provide adequate competitive bidding, bids may also be requested from any other
responsible persons who, it is thought, might submit advantageous bids. If a
purchase is exempt by law from advertising, he may request bids from any
responsible persons.

Submission of Bids

SECTION 4. Bid Form

a. University bid form. In order to provide a uniform type of bid, so that
there can be accurate comparison of the various bids by the University, the
bidders, and interested members of the public, all bids must be on the form
furnished by the University. Any exceptions must have the written approval of
the proper Purchasing Official or Physical Plant Department. The University
may waive irregularities, if, in their opinion, such irregularities are minor.

b. Use of typewriter, ink or indelible pencil. Every bid should be type-
written or written in ink or indelible pencil. Every bid must be signed by the
person submitting the bid or his duly authorized agent. Proper evidence of the
agent’s authority will be submitted with the bid. The signature should be in either
ink or indelible pencil and the name and title of each person signing the bid shall
be typed or printed below his signature.

c. Bids by telephone or telegram. In cases of emergency, bids may be sub-
mitted by telephone (with written confirmation following) or by telegram.

SECTION 5. Types of Bids

a. Sealed and open bids. The invitation to bid will ask for either “sealed
bids” or “open bids.” The two types of bids are so designated because of the
difference in method of handling, which is explained below.

b. Sealed bids. If the University estimates that a proposed order or contract
will total $1,500 or more, sealed bids will be requested except in those instances
exempted by the State Purchasing Act.

c. Open bids. For estimated orders or contracts of less than $1,500, and in
all cases of emergency, open bids will be requested.

SECTION 6. Contents of Bids

a. Specifications. The invitation to bid will include a description of the
materials, equipment, or service to be purchased or to be bid on. Such descrip-
tion may be detailed specifications, standard specifications, brand names, catalog
numbers, etc.

b. Other terms and conditions. The invitation to bid and bid form may also
set forth any other terms and conditions which bids must meet.

c. Items must be new and current. Unless otherwise specified in the invitation
to bid, the items and materials offered must all be new and the latest model, crop,
or manufacture.

d. Unit and total prices. In connection with purchases, the price for the units
specified in the invitation to bid should be clearly shown for each separate item
in the place provided on the bid form. Only one unit price should be quoted for
each item. The total price for the quantity requested must also be shown.

e. Acceptance of split award. In some cases the Purchasing Officials may split
the award of a contract when two or more bids quote the same price for the item
being bought. If a split award is not acceptable it must be so stated in the bid.

f. Any or all items. Unless otherwise stated, a bid shall be considered as being
for any or all of the items covered by the invitation to bid. The award may be
made to the lowest aggregate bidder for all items or on an item by item basis.
The bid should so state if it is to be treated as an aggregate bid (that is, all items
awarded or none).

g. Time price will be firm. The price of each bid must be kept firm for the
period of time indicated on the form by the vendor. This period must be at least
thirty days after the latest time specified for submission of bids (unless otherwise
provided in the invitation to bid). If no period is indicated, the price will be con-
sidered firm indefinitely.

h. Maintenance and repair services. If the invitation to bid specifies that
maintenance or repair services must be provided by the successful bidder, each
bidder should explain in the bid how the services will be provided (that is,
whether by the bidder or through an arrangement with another person or firm).
i. Retailers' Occupation Tax. Bidders must not include Retailers' Occupation Tax or Use Tax in their quotations or bids. Receipts from sales to agencies of the State of Illinois are excluded from Retailers' Occupation Tax Act and the Use Tax Act.

j. Federal Excise Tax. Bidders must not include in their prices any allowance for payment of Federal Excise Tax, as the University is exempt from such taxes. If a contract is awarded for the sale of an item that is subject to Federal Excise Tax, the University will furnish the vendor with an exemption certificate.

k. State laws and University regulations. All bids are subject to these regulations and to the laws of the State of Illinois, particularly the Illinois Purchasing Act and Conflict of Interest Statutes. A certification is required in certain instances, and the form of this certification will be provided in the bid form. (See also section 21(e) below.)

SECTION 7. HOW TO SUBMIT BIDS

a. Special envelope for sealed bids. In order that the University can tell without opening a bid which invitation to bid it is in response to, a special envelope will be furnished to be used in submitting a sealed bid. The envelope will have the following information on the outside:

1. The date and time of the bid opening.
2. The bid number.
3. The words “SEALED BID” in large capital letters.

b. Bidder's own envelope for open bids. The bidder should use his own envelope for the submission of an open bid.

c. Where to submit bids. All bids must be submitted to the person and at the addresses specified in the invitation to bid.

d. When to submit bids. Invitations for sealed bids will state the place, date, and hour of opening of bids. Invitations for open bids will require submission of bids by a specified date. In either case, the date specified will ordinarily be at least ten days after the invitations to bid are sent out.

e. Change in or withdrawal of bids. A bidder may withdraw or change a bid if notice of the withdrawal or change is received by the University before the latest time specified for submission of bids. Changes may be made only by substitution of another bid submitted in like manner as the original bid, or by a letter or telegram stating that the bid shall be changed by a specified amount (such as the subtraction of $0.75 per hundredweight) without stating the final figure resulting from the change. Withdrawals of bids after bid opening will not ordinarily be permitted; however, in those cases where, in the judgment of the University based upon clear and demonstrable evidence, the bidder has made a bona fide error in the preparation of the bid and such error will result in a substantial loss to the bidder, an exception may be made.

f. Late bids. No bids received after the time specified in the invitation to bid will be considered.

SECTION 8. CERTIFIED CHECK OR BID BOND

a. Certified Check or Bid Bond may be required in connection with invitations to bid. The invitation to bid may require each bidder to file with his bid a certified check or bid bond (payable to the Board of Trustees of the University of Illinois) the amount of which will not exceed 10 per cent of the amount of the bid.

b. Deposit agreement. A certified check, if requested, will be considered as security for full performance of all obligations imposed on the bidder, under the law and these regulations, including the obligation to keep the price or bid firm for as long a period as specified in the bid, and the obligation to file a performance bond” if required, when a contract is awarded. If the bidder fails to perform any one or more of such obligations, the University will negotiate said check and retain from the proceeds thereof an amount sufficient to compensate it for any and all damages suffered because of such failure or failures.

c. Return of check. If a bidder is the successful bidder, the certified check will be returned within a reasonable time after the contract is fully executed or after a “performance bond” is filed, if a bond is required. If a bidder is not a successful bidder, the certified check will be returned to that bidder within such time as may be set forth in the bid documents or, if no time is stated, within a reasonable time after the contract is awarded to the successful bidder.
SECTION 9. SUBMISSION OF SAMPLES WITH BID

a. How to submit samples. Any samples called for in the invitation to bid should be submitted as instructed in the invitation. Each sample must be labeled clearly with the vendor's name, address, and invitation number.

b. Transportation charges. No samples will be accepted by the Purchasing Officials unless all transportation charges, including cartage, have been prepaid.

c. Representative sample. All samples submitted must be representative of the commodities or equipment which will be delivered if a contract is awarded. Samples submitted by successful bidders will be retained for use in checking items delivered under the contract, but the submission of samples shall not limit the right of the University to insist that commodities or equipment delivered must also meet the specifications of the invitation to bid.

d. Disposition of samples. No payment will be made for samples. However, samples not destroyed by examination or testing will be returned to bidders (if so requested when samples are submitted, by marking sample "Please return sample"), at the bidder's expense.

Handling of Bids

SECTION 10. HANDLING OF SEALED BIDS

a. Formal bid opening. All sealed bids will be opened, the amounts of the bids read aloud, and the names of the bidders recorded, at the place, date, and hour specified in the invitation to bid. The bid opening will be conducted by the Purchasing Official or by the Director of the Physical Plant, or the representative of either of them, and an officer of the Board of Trustees or his representative.

b. Bidders may be present. Bidders (or their authorized representatives) or any other interested person may be present at any such opening of a group of bids.

c. Bid speaks for itself. If the person reading the bids happens to make a mistake when reading a bid aloud, the figure actually given in the bid shall govern.

d. Recording of bids. The name of the bidder will be recorded as each bid is read. As soon as all bids have been opened and read, the persons conducting the bid opening, as provided in section 10a, will sign the following certification:

"We hereby certify that the bids submitted by the bidders whose names are recorded were opened, read, and recorded at the place and time specified in the Invitation to Bid."

e. Prompt tabulation and award. Sealed bids will be tabulated for comparison and the award made as soon as reasonably practical after the opening and recording of the bids. In case of purchases or contracts over $2,500, except in emergencies, this will be at a monthly meeting of the Board of Trustees.

f. Public record of sealed bids. The record of bidders' names prepared at the bid opening and all the bids and tabulation sheets will be kept in the office of the Purchasing Official or Physical Plant Department for a period of not less than two years after the award is made, and are available for inspection at reasonable hours by any interested person.

SECTION 11. HANDLING OF OPEN BIDS

a. Processed as soon as possible. Open bids will be examined and the award made as soon as reasonably possible after the latest time specified for submission of the bids.

b. Public record of open bids. All written bids, confirmations in writing of oral bids, and tabulation sheets (if any) will be kept in the office of the Purchasing Official or Physical Plant Department for a period of not less than two years after the award is made, and are available for inspection at reasonable hours by any interested person.

Awarding of Contracts

SECTION 12. STANDARDS FOR AWARDING CONTRACTS

a. Lowest and best bid. The awards will be made to the lowest bidder considering price, responsibility of bidder, and all other relevant factors, provided the bid meets the specifications and other requirements of the invitation to bid. The standards followed in determining which is the lowest and best bid are outlined below.

b. Cash discounts. In determining the lowest bid, cash discounts when stated separately will be taken into account.
Trade discounts. Trade discounts may be indicated, but should always be deducted by the vendor in calculating the unit price quoted.

Quantity discounts. Quantity discounts should be included in the price of the item.

Retailers Occupational Tax. Bidders should not include Retailers' Occupation Tax or Use Tax in their quotations. Receipts from sales to the University of Illinois are exempt from Retailers' Occupation Tax Act and Use Tax Act.

Unit price governs. In case of a mistake in the extension of a price, the unit price shall govern.

Awards of any or all items. An award may be made to the lowest aggregate bidder for all items or on an item basis, whichever is found to be in the best interest of the University.

Tie bids. If two or more bids meeting the specifications and other requirements of the invitation to bid are tied for low price, the bids will be treated as follows:

1. If there is no significant difference in the responsibility of the bidders, but there is a difference in the quality of the commodities or equipment offered, the bid offering the best quality will be accepted.

2. If there is a significant difference in the responsibility of the bidders (including ability to deliver in the quantity and at the time required), the award will be made to the bidder who is deemed to be the most responsible.

3. If there is no significant difference in the responsibility of the bidders and no difference in the quality of the items offered, the bid offering the earliest delivery time will be accepted in any case in which the invitation to bid specified that the needs of the University require as early delivery as possible. In all other cases, delivery time will not be considered in making awards so long as the bidder states he will deliver not later than the time specified in the invitation to bid as the latest acceptable delivery time.

4. If everything is equal, except that some of the bidders are not from Illinois, preference will be given to the Illinois bidders. The term "Illinois bidders" includes individual bidders who reside or do business in Illinois, corporations organized under the laws of Illinois, and corporations organized in other states but authorized to transact business in Illinois. An additional preference may also be given in such cases to Illinois bidders offering commodities or equipment grown or produced in Illinois.

5. If the bids quoting the same price are equal in every respect, the award may be made by lot to one or more of the low bidders; or, if feasible, may be split equally among all the low bidders if, in the judgment of the Purchasing Official or Physical Plant Department, this will not lead to any limitation of competition among bidders and is in the best interest of the University of Illinois.

Section 13. Rejection of Bids

a. Non-responsive bids. Any bid which does not meet the requirements of the invitation to bid or does not comply with the provision of this regulation may be rejected.

b. Alterations and erasures. Bids containing any material alteration or erasure may be rejected unless the change is initialed by the bidder.

c. Responsibility of the bidder. The University may at any time make a supplementary investigation as to the responsibility of any bidder, even though the bidder is on a bidders list. This may include investigation of financial responsibility, capacity to produce or sources of supply, performance record in the business or industry, ability to provide maintenance service, and other matters relating to the bidder's probable ability to deliver in the quantity and at the time required under the contract if it is awarded to him. The University may require the submission of written statements from the bidder or other persons concerning any such matters.

If the University concludes on the basis of all available evidence that a particular bidder appears not to be sufficiently responsible to assure adequate performance if the contract were awarded to him, his bid will be rejected even if it is the lowest bid.
If in the judgment of the University there is some question about the responsibility of the low bidder but the interest of the University of Illinois would be adequately protected by the filing of a performance bond of the kind described in section 16 below or the deposit of a certified check as security for performance, he may require the low bidder to file such a bond or deposit such a check whether or not it was provided for in the invitation to bid, and upon the filing of the bond or deposit of the check may make the award to the low bidder.

d. Contracts in which members of the General Assembly, certain state officers or employees, or any member of the Board of Trustees or employees of the University of Illinois have interest are prohibited. Any bid the acceptance of which would result in any of the following prohibited types of contracts will be subject to rejection:

1. The Constitution of the State of Illinois provides that no member of the General Assembly shall be interested, directly or indirectly, in any state contract authorized by any law (including any appropriations statute) passed during the term for which he was elected or within one year after the end of such term.

2. The Constitution also provides that no member of the General Assembly or other officer of the State shall be interested, directly or indirectly, in any State contract for the purchase of fuel.

3. The laws of the State of Illinois provide that no elective state officer or no member of the General Assembly or any person employed in any of the offices of the state government or the wife, husband, or minor child of any such person shall have, acquire, obtain, or hold any contract which will be wholly or partly satisfied by the payment of funds appropriated by the General Assembly of the State of Illinois, nor shall any such person have, acquire, obtain, or hold any direct pecuniary interest in such contract.

4. In addition, the laws of the State of Illinois provide that it is unlawful for any firm, partnership, association, or corporation from which any such person as described in (3) above, shall be entitled by contract, stock ownership, or otherwise to receive more than 7 1/2 per cent of the total distributable income thereof, to have, acquire, obtain, or hold any such contract or direct pecuniary interest therein.

5. In addition, the laws of the State of Illinois provide that it shall be unlawful for any firm, partnership, association, or corporation from which any such person as described in (3) above, together with his or her wife or husband, or minor child or children, of any of them shall be entitled by contract, stock ownership, or otherwise be entitled to receive, in the aggregate, more than 15 per cent of the total distributable income thereof to have, acquire, obtain, or hold any such contract or direct pecuniary interest therein.

6. The laws of the State of Illinois provide that no member of the Board of Trustees of the University of Illinois shall be directly or indirectly interested in any contract to be made by said Board for any purposes whatsoever.

7. Also, as a matter of University policy, no contract will be awarded to a firm, partnership, association, or corporation the owner or principal officers of which are officers or employees of the University of Illinois.

e. Attempt to influence award. No person on a bidders' list or who submits or intends to submit a bid shall give or offer to give, directly or indirectly, any money, article, or other thing of value to any officer or employee of the University of Illinois, with an intent to influence said officer or employee of the University of Illinois.

If any person makes or offers to make a gift such as prohibited by this paragraph, all bids, submitted by him, will be rejected and the bidder will be barred from further bidding for a period of time fixed by the Purchasing Official or Physical Plant Department. (Also see section 20b(1) below, concerning cancellation of contracts obtained by unlawful means.)

f. Collusive bids. If in the judgment of the Purchasing Official or the Physical Plant Department there is reasonable ground to believe that there is an agree-
ment among certain of the bidders, or between them and certain prospective bidders, to restrain the bidding by establishing a fixed price or by any other means, the bids of all such bidders will be rejected, and the bidders and prospective bidders will be barred from further bidding for a period of time fixed by the Purchasing Official or Physical Plant Department. (Also see section 20b(1) below.)

g. Rejection of all bids. If in the judgment of the Purchasing Official or the Physical Plant Department it is in the best interest of the University of Illinois, all bids may be rejected, and notice sent to the low bidder.

SECTION 14. BINDING CONTRACT WITH THE UNIVERSITY

a. Purchase order. After the lowest and best acceptable bid has been determined, the University will send the successful bidder a purchase order or a formal contract accepting his bid.

b. Binding on bidder. The University's acceptance of a bidder's offer by the issuance of a purchase order or submission of a formal contract will create a binding contract covering the following:

1. All the specifications, terms, and conditions in the invitation to bid and the bid form.
2. The provisions of this regulation.
3. The bidder's price and terms of payment.

The successful bidder must perform in accordance with the contract so made, or he will be liable to the University for any damages caused it by his breach of contract.

c. No changes impairing rights of University permitted. After the contract between the successful bidder and the University has been entered into by the issuance of a purchase order or contract, no material changes (such as a substitution or a price adjustment) may be made in its terms and conditions. This provision shall not prohibit the minor addition, deletion, or changing of work on construction contracts so long as such a change is agreeable to both parties, is approved by a licensed architect or engineer, and the price is appropriately adjusted.

SECTION 15. SMALL SUPPLEMENTARY PURCHASES

a. Conditions on which permitted. When the Purchasing Official issues a purchase order for a particular item after following the above bidding procedure, he may at any time within thirty days thereafter, issue a second purchase order to same vendor, or an amendment to the original order for an additional quantity of the same item, at the price and on the same terms and conditions, if:

1. He determines from the vendor that the purchase order will be accepted if issued;
2. He finds that the market price of the commodity or equipment in question has not gone down since the first purchase; and
3. The amount of the second or additional purchase is not of such magnitude as to constitute a substantial or material variation of the first purchase or original contract.

b. Only one such purchase permitted. The Purchasing Official will not issue more than one such supplementary purchase order or amendment for a particular item without repeating the bidding procedure.

Performance by Successful Bidder

SECTION 16. PERFORMANCE BOND

a. May be required. The University shall have the right to require that the successful bidder shall file a "Performance Bond" in a designated amount and written by a Surety Company acceptable to the University, whenever it shall appear to be in the best interest of the University to do so. It may be required that the Bond be filed within a specified number of days after the award is made or the contract shall be cancelled and the vendor or contractor shall be liable for any damages caused the University by his failure to file the bond.

b. Amount. Such Performance Bond may be required in any amount up to 100 per cent of the amount of the contract, depending upon the nature of the transaction.

c. Surety required. In addition to signing the bond as principal, the successful bidder must have the bond signed by a Surety Company authorized to do business
in the State of Illinois. If the surety on the bond has its authority to do business in this State revoked or if for any reason it withdraws from doing business in this State, the bidder must promptly obtain another surety on the bond.

d. **Condition of bond.** The bond shall be conditioned on full performance of all obligations imposed on the bidder by the contract with the University. It shall provide that if the bidder fails to perform any of such obligations the University of Illinois may recover from the bidder and the surety (or either of them) any and all damages suffered because of the breach of contract.

e. **Source of supply may also be required to file bond.** If the bidder does not have a stock of the commodity or equipment in question in the amount asked for, nor facilities to produce the item in such amount, the University may in addition require the source of supply to file a Performance Bond, with surety, conditioned on such source supplying the bidder as stated in the bid.

**Section 17. Deliveries under the Contract**

a. **Upon order.** Deliveries shall be made upon the written order of the Purchasing Official or as stated in a contract at the times and in the amounts specified in the Invitation to Bid and in such orders for delivery. Acceptance of any late deliveries shall not constitute a waiver of any of the rights of the University under its contract with the vendor.

b. **Delivery point.** All deliveries shall be made to the point or points specified in the Invitation to Bid.

**Section 18. Inspection**

a. **All deliveries subject to inspection.** Any commodities or equipment that fail in any respect, for example, (1) to meet the specifications, (2) to conform to the vendor's samples, or (3) are not in good condition when delivered, will be subject to rejection.

b. **Notice to vendor or contractor.** Notice of any such rejection based on defects that should be disclosed by ordinary methods of inspection will be given to the vendor or contractor within a reasonable time after delivery of the item. Notice of latent defects which would make the items unfit for the purpose for which they are required may be given by the University at any time within one year after delivery.

c. **Vendor or contractor must remove rejected items.** The vendor or contractor may be required to remove immediately, at his own expense, any items rejected by the University. If he fails to remove the items, the University may sell them and remit the proceeds of the sale (less any expenses incurred in the sale) to the vendor or contractor.

d. **Inspection at source.** In some cases the University may require that the vendor or contractor permit inspection of the commodities or equipment at the factory, plant, or other establishment where they are produced or grown.

e. **Other rights of University.** Nothing contained herein shall be construed to limit in any way any rights the University may have under any law, including the Uniform Sales Act, applicable to any transaction covered by these regulations.

**Section 19. Assignments by Successful Bidder**

**Contract non-assignable without approval.** Because the responsibility of the individual bidder is an essential element of his contract with the University, a person to whom such a contract has been awarded may not assign his interest in the contract, or any funds becoming due to him thereunder, without the prior consent in writing, of the University.

**Section 20. Cancellation of Contract by the University and Compensation for Damages**

a. **Cancellation for breach of contract.** In any of the following cases the University shall have the right to cancel any contract entered into under this regulation without prejudice to any other right or remedy the University may have:

(1) In the event the successful bidder fails to sign a written contract promptly after submission to him, or to furnish a satisfactory performance bond within the time specified.

(2) In the event vendor or contractor fails to make delivery at the place or within the time specified in the contract or ordered by the University.
(3) In the event any commodities or equipment delivered under the contract are rejected (for the reasons, among others, that they do not meet specifications, do not conform to sample, or are not in good condition when delivered) and are not promptly replaced by the vendor. If there are rejections of the vendor's commodities or equipment this shall be ground for cancellation even though the vendor offers to replace the items promptly.

(4) In the event the vendor is guilty of such serious misrepresentation (for example, misbranding of food or drugs) in connection with the contract or another contract for the sale of commodities or equipment to the University that he cannot reasonably be depended upon to fulfill his obligations as a responsible vendor under any of his contracts with the University.

(5) In the event that the contractor for construction work fails to make payments to his laborers, materialmen, or sub-contractors as provided in the contract.

(6) In the event of any other breach of contract by the vendor or contractor.

b. Cancellation for fraud, collusion, illegality, etc. The University may cancel any contract entered into under these regulations if, in its judgment, there is sufficient evidence to show that:

1. The contract was obtained by fraud, collusion, conspiracy, or other unlawful means, or;
2. The contract conflicts with any statutory or Constitutional provision of the State of Illinois or of the United States, or with provisions of Section 13d of these regulations.

(7) Withholding moneys to compensate University for damages. If a contract is cancelled under paragraph a or b above, the University may deduct from a bid deposit or from whatever is owed the vendor on that or any other contract an amount sufficient to compensate the University for any damages suffered by it because of the vendor's breach of contract or other unlawful act on his part on which the cancellation is based.

(8) Damages. The damages for which the University may be compensated as provided in paragraph c above or by a suit on the vendor's or contractor's performance bond or by other legal remedy shall include, among others:

1. The additional cost of commodities or equipment bought elsewhere;
2. The additional cost of completing the work called for under the contract;
3. Cost of repeating the bidding procedure;
4. Any expenses incurred because of delay in receipt of commodities or equipment, or any expenses incurred because of delays in completion of construction, renovation or rehabilitation work;
5. Any other damages caused by the breach of contract or unlawful act.

e. Barred from further bidding. Any bidder may be suspended for not more than one year for violation of these regulations or for failure to conform to specifications or terms of delivery.

SECTION 21. SUBMISSION OF DELIVERY INVOICE-VOUCHERS FOR PURCHASES

a. Invoice-voucher form furnished by University in connection with purchases. To bill the University in connection with a purchase, the vendor must fill out the University's delivery invoice-voucher form. At the time the vendor delivers the commodities or equipment, the vendor should submit all copies as directed on the delivery invoice-voucher; the vendor will receive a copy for his files as indicated on the delivery invoice-voucher.

b. Detailed description of commodities or equipment. The delivery invoice-voucher should give a complete and detailed description of the commodities or equipment delivered.

c. Partial payments. If more than one shipment is required under a purchase order or agreement, the University may make partial payment of the contract price as it receives the vendor's delivery invoice-vouchers relating to the separate deliveries.

d. Computation of cash discounts. If the vendor allows a cash discount, the period of time in which the University must make payment to qualify for the dis-
counts will be computed from the date the University (1) receives the delivery invoice-voucher (correctly filled out) or (2) receives and officially accepts the commodities or equipment, whichever is later. In addition, if any commodities or equipment are rejected, all time from the mailing of the notice of rejection to the acceptance of items delivered shall be excluded from the discount period.

e. Certification required. Each vendor or contractor must execute a certification. This certification which includes the statement required by Section 11 of the Illinois Purchasing Act, requires the signature of "Seller or Authorized Agent," and it must be in ink or indelible pencil. The signature of an individual is required and it will not be sufficient to sign merely the name of the company or the partnership. If an officer or authorized representative signs for a vendor or contractor the title of that officer or the agency of the representative should be indicated on the certification. It will be conclusively presumed by the University that the individual signing the certification is properly authorized so to do.

SECTION 22. SUBMISSION OF CONTRACTORS' STATEMENTS FOR CONSTRUCTION WORK

a. Request for Payment form furnished by University. To bill the University for remodeling, renovation, or construction work done, the contractor must fill out the University of Illinois Request for Payment form.

b. Certification by licensed architect or engineer. Any contract for remodeling, renovation, or construction, involving an expenditure in excess of $2,500, shall be subject to the supervision of a licensed architect or engineer and no payment shall be made for such remodeling, renovation, or construction unless the voucher for such work is accompanied by a written certificate of such licensed architect or engineer that the payment represents work satisfactorily completed, labor, or materials incorporated in or stored at the site of such work.

c. Periodic payments. When provided in the contract, periodic payments can be made during the course of such work upon a certificate of a licensed architect or engineer, indicating the proportionate amount of the total work completed satisfactorily.

d. Retained percentage. When periodic payments are made, the University shall retain a fixed percentage, specified in the contract, to insure faithful completion of the contract.

Other Procedures

SECTION 23. WHEN THIS PROCEDURE MAY BE WAIVED BY PURCHASING OFFICIAL

a. Commodities, equipment, or services not subject to competition. In the following cases the Purchasing Officials may issue a purchase order directly without following the procedure described above relating to bids, advertisements for bids, and invitations to bids:

1. Where the goods or services to be procured are economically procurable from only one source, such as contracts for telephone service, electrical energy, and other public utility services, books, pamphlets and periodicals, and specially designed business equipment.

2. Where the services required are for professional, technical, or artistic skills.

3. Where the contract is for the purchase of supplies, materials, commodities, and equipment involving an expenditure not to exceed $1,500.

4. Where the contract is for repairs, maintenance, remodeling, renovation, or construction involving an expenditure not to exceed $1,500.

5. Where the cost of any item is so small as to make competitive bidding impractical.

b. Emergency. If emergency circumstances make it administratively unfeasible for the Purchasing Official to follow exactly the procedure described in this purchasing regulation, and if it is in the best interest of the University of Illinois, the Purchasing Official need not comply with all of these regulations. However, an affidavit shall be filed with the Auditor-General of the State of Illinois within ten days after the purchase setting forth the conditions and circumstances requiring the emergency purchase.

SECTION 24. RIGHTS TO APPEAL

Any decision rendered by the Purchasing Official or Physical Plant Department pursuant to this regulation may be appealed to the Vice-President and
Comptroller of the University by filing a written statement setting forth all the facts and circumstances together with the basis for making such appeal. By agreement with the Vice-President and Comptroller a further appeal may be made to the Board of Trustees.

**Technical Provisions**

**SECTION 25. DEFINITIONS**

a. *University.* As used herein, "University" shall refer to the Board of Trustees of the University of Illinois. Any actions taken by any officer of the Board or by the President, Vice-President and Comptroller, Business Manager, Director of the Physical Plant, Purchasing Official, University Architect, Superintendent of Buildings and Grounds, or by the authorized agent of any of these persons, shall be considered as acts of the University within the provisions of these regulations.

b. *Purchasing Official.* As used herein, "Purchasing Official" means the Director of Purchases on the Urbana-Champaign campus, the Purchasing Agent for the Chicago Departments, including the Chicago Undergraduate Division and the Division of Services for Crippled Children, or any person duly delegated to act in behalf of the Director of Purchases or the Purchasing Agent. For the acquisition of library books, the Acquisition Librarian is authorized to act as a purchasing official. Vendors should not accept statements of other University staff members without ascertaining that they are duly authorized representatives of a Purchasing Official.

c. *Physical Plant Department.* As used herein, "Physical Plant Department" refers to the Director of the Physical Plant or the University Architect on the Urbana-Champaign campus or the Superintendent of Buildings and Grounds for the Chicago divisions.

d. *Bidder.* "Bidder" means any person who intends to submit a bid for a contract with the University, or who submits such a bid.

e. *Person.* "Person" means and includes any individual, firm, partnership, corporation, association, or other unit.

f. *Pronouns construed.* The pronouns "he," "his," and "him" shall be construed to mean the appropriate pronoun form (depending on the context) applicable to the person in question. For example, "he," "his," and "him" shall be read as "they," "their," and "them" if the bidder is a partnership, or the appropriate form of "it" if the bidder is a corporation.

g. *Cash discounts.* "Cash Discount" is a discount or an allowance deductible from the total amount of the invoice for payment within a specified number of days.

h. *Trade discounts.* "Trade Discount" is a special discount allowed by the bidder to special classes of purchasers.

i. *Quantity discounts.* "Quantity Discount" is a discount allowed by the bidder for specified quantities of the item.

**SECTION 26. EFFECTIVE DATE**

These regulations, approved April 17, 1958, shall become effective on June 1, 1958. They shall apply to all bids submitted in response to invitations to bid sent out by the University on or after the latter date. A certified copy of these regulations has been filed with the Secretary of State.

**SECTION 27. AUTHORITY FOR THESE REGULATIONS**

These regulations are issued by the Board of Trustees of the University of Illinois in accordance with the provisions of Illinois Revised Statutes (1957), Chapter 127, Sections 132.1 through 132.12. The right is reserved to rescind or amend these regulations in whole or in part at any time without notice. No such rescission or amendment shall be effective, however, until such rescission or amendment has been filed with the Secretary of State.

On motion of Mr. Hughes, these appointments were confirmed.

**COLLEGE OF PHARMACY ADVISORY COMMITTEE**

(2) The Dean of the College of Pharmacy and the Vice-President in charge of the Chicago Professional Colleges recommend the following appointments to the College of Pharmacy Advisory Committee:

- **GEORGE E. PARKS**, Anna, Illinois, for five years beginning July 1, 1958
- **REED HENNINGER**, Riverside, Illinois, for the term ending July 1, 1962
- **PAUL FREEMAN**, Franklin Park, Illinois, for the term ending July 1, 1959

Mr. Parks' appointment is for a full five-year term; the other appointments are to fill existing vacancies.

I concur.

On motion of Mrs. Watkins, these appointments were approved.

**AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES**

(3) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law.

On motion of Mr. Nickell, these certificates were awarded.

**DIRECTORSHIP OF INSTITUTE OF GOVERNMENT AND PUBLIC AFFAIRS**

(4) I recommend the appointment of Dr. Gilbert Y. Steiner, Research Associate Professor in the Institute of Government and Public Affairs and Assistant Dean of the Graduate College, as Research Associate Professor on indefinite tenure, and Director of the Institute of Government and Public Affairs for the period June 1, 1958, to September 1, 1959, at an annual salary of $13,000 on "Y" basis.

This appointment has been recommended by a search committee appointed for this purpose. The Executive Committee of the Institute, the Vice-President and Provost, and the Dean of the Graduate College join in this recommendation.

I concur.

On motion of Mr. Bissell, this appointment was approved.

**HEADSHIP OF THE DEPARTMENT OF ANIMAL SCIENCE**

(5) The Dean of the College of Agriculture recommends the appointment of Dr. O. Burr Ross as Professor of Animal Science on indefinite tenure, and as Head of the Department of Animal Science in the College of Agriculture, in the Agricultural Experiment Station, and in the Extension Service in Agriculture and Home Economics, beginning July 1, 1958, at an annual salary of $16,350 on "Y" basis.
Professor L. E. Card, who has been Head of the Department since 1945 and a member of the faculty since 1922, now on special assignment for two years as Professor of Animal Science and Group Leader for Agricultural Research and Development in the International Cooperation Administration Program in India, has asked to be relieved of the headship of the department upon his return to the University.

A special search committee to study the qualifications of available candidates has recommended this appointment, and all members of the Department of Animal Science of professorial rank have been consulted. The Vice-President and Provost and the Dean of the Graduate College join in the recommendation.

I concur.

On motion of Mr. Swain, this appointment was approved.

**APPOINTMENT OF DIRECTOR OF PURCHASES**

(6) The Vice-President and Comptroller recommends the appointment of James E. Osborn, now Assistant Director of Purchases, as Director of Purchases beginning September 1, 1958, to succeed Mr. H. M. Edwards who will retire after forty years of service in this position. The salary will be determined when the budget for 1958-59 is submitted to the Board of Trustees for approval.

I concur.

On motion of Mr. Johnston, this appointment was approved, and the Board recorded its appreciation of Mr. Edwards’ many years of faithful and dedicated service. The Secretary was requested to send him a letter on behalf of the Trustees expressing their appreciation.

**HONORARY DEGREE FOR AGNES CHASE**

(7) The Urbana Senate has recommended that the honorary degree of Doctor of Science (D.Sc.) be conferred on Mrs. Agnes Chase, Research Associate of the National Herbarium of the Smithsonian Institution, Washington, D.C., at a time to be determined by the Board of Trustees. Mrs. Chase, a native of Illinois, is considered one of the most distinguished of all American botanists. She retired from her post as Senior Botanist at the Smithsonian Institution in 1939 when she reached the age limit of active service but has continued her lifelong studies of the Gramineae, the large and complex family of the grasses, as Research Associate at the Smithsonian, an honorary title bestowed on her.

A copy of the report of the Senate Committee on Honorary Degrees recommending this award is submitted herewith and a copy is being filed with the Secretary of the Board for record.

I concur in this recommendation.

On motion of Mrs. Holt, this recommendation was approved. The President stated that Mrs. Chase will attend the Commencement Exercises at Urbana-Champaign on June 14, 1958, at which time the degree will be conferred upon her, and this was approved by the Board.

**CONTRACTUAL AGREEMENT FOR EXTRAMURAL CLASSES**

(8) For some time the Division of University Extension has been conducting extramural classes for industrial and business concerns, government agencies, labor organizations, and other associations or institutions. The classes are open only to employees and other individuals selected by the sponsoring agency. They include both non-credit and University-credit courses. The sponsor pays an amount which is at least equal to the direct costs of conducting the course. This always is a larger amount than would be collected if the usual fees were assessed.

Since the Board of Trustees has established a schedule of fees for extramural courses, it is desirable to have formal approval of these arrangements. The Dean of the Division of University Extension and the Vice-President and Comptroller recommend that the Dean be authorized to enter into contractual arrangements with organizations to conduct extramural classes which are open.
only to members, employees, or other individuals designated by the sponsoring organizations, provided that the latter reimburse the University for at least the full, direct costs of conducting the classes. It is further recommended that all students enrolled in such courses shall be exempt from payment of the regular tuition and fees, and that the income from such contracts be retained in a revolving fund to cover the expenses of the courses.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(9) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve for the following purposes:

1. Department of Art, purchase and repair of equipment .................. $ 2,000
2. University Library, acquisition of books and periodicals .................. 20,000
3. School of Music, purchase of musical instruments .................. 4,000
4. University High School, purchase of equipment .................. 1,655
5. Department of Physics, Chicago Undergraduate Division, remodeling of laboratory .................. 5,000

The Committee further recommends that assignments be made from the 1957-58 General Reserve to the extent funds are available and the balance from the 1958-59 General Reserve.

I concur.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

SUPPLEMENTAL APPROPRIATIONS

(10) Supplemental appropriations are needed for wages, expense, and equipment for the following departments:

Library, Urbana .................................................................................. $ 6,300
Physiology, Urbana .................................................................................. 2,500
Admissions and Records, Urbana .............................................................. 10,600
Admissions and Records, Chicago Undergraduate Division .................. 9,300

The Vice-President and Provost and the Vice-President and Comptroller have reviewed the requests for these additional funds, and recommend that they be appropriated from the University General Reserve.

I concur.

On motion of Mr. Bissell, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

WORKING CAPITAL FOR STORES AND SERVICES FUND

(11) An Act of the General Assembly of Illinois has transferred the Stores and Services Fund from the State Treasury to the University Treasury. When this fund was established in the State Treasury, $1,500,000 was transferred from the University Income Fund to provide working capital. The present law provides for only $1,000,000 from this fund for working capital, but the University is authorized to supplement this with other funds in the University Treasury.

I recommend that the Vice-President and Comptroller be authorized to advance $500,000 of the funds in the University Treasury to provide working capital for the Stores and Services Fund, such amounts to be advanced at such times as they are needed.

On motion of Mr. Hughes, this assignment of funds was authorized by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.
Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

APPROPRIATION FOR NUCLEAR REACTOR

(12) The Atomic Energy Commission provides financial aid to engineering colleges for nuclear engineering educational facilities. Grants are limited to $350,000 for any one institution and are made on the merits of nuclear engineering educational programs.

The College of Engineering has requested and received an allocation of $113,800 for facilities in certain areas. A request was also submitted for $235,000, including $210,000 for an Argonaut-type training reactor. The Atomic Energy Commission has stated it can provide only $150,000 at this time, and while the University can refuse this offer and continue its request for the full $210,000, there is no indication that it will secure a grant in excess of the $150,000 in the future. In the meantime, the College of Engineering needs the reactor to fulfill its obligations to staff and students in nuclear engineering.

It is proposed, therefore, to assign $50,000 from indirect cost funds to supplement the grant of $150,000 for the acquisition of the reactor at an estimated cost of $210,000 and for the construction of a temporary building (at an estimated cost of $30,000) in the area designated for future College of Engineering buildings.

The Dean of the Graduate College, the Vice-President and Provost, and the Vice-President and Comptroller recommend an assignment of $90,000 from indirect costs funds for this purpose.

I concur.

On motion of Mr. Swain, these assignments of funds were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

IMPROVEMENTS AT THE AIRPORT

(13) The Federal Civil Aeronautics Administration has tentatively allocated $80,000 as one-half of the cost of enlarging the apron and providing roads, walks, parking, and fencing at the University Airport. The State Department of Aeronautics has agreed to provide the remaining $80,000 in matching funds from funds appropriated to it by the Seventieth General Assembly.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Board authorize the filing of an application for the federal funds and the execution of an Agency and Participation Agreement with the Department of Aeronautics which will set forth the respective responsibilities of the University and the Department and which is necessary to comply with the state and federal laws to secure allocations of funds. The University will award the contracts and supervise the construction. The Director of Aeronautics will provide the $80,000 of state funds, will disburse the federal funds, and will have the responsibility for compliance with state and federal requirements and for general policy supervision.

The engineering services will be performed by the regular staff of the Institute of Aviation. These costs will either be reimbursed by the Department of Aeronautics from the total project funds, or, if it becomes desirable to increase the total amount of the project, these funds will serve as matching funds for an additional federal grant in excess of $80,000.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Secretary and the Comptroller of the Board be authorized to execute a project application to the Federal Civil Aeronautics Administration, an Agency and Participation Agreement with the Department of Aeronautics of the state of Illinois and, if necessary, an agreement with the Department of Aeronautics for the architectural services.

I concur.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr.
Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF THE FINE AND APPLIED ARTS BUILDING AND THE KRANNERT ART MUSEUM**

(11) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the award of a contract for $1,986,776 to Kuhne-Simmons Company, Incorporated, Champaign, Illinois, of which $1,480,096 is for the construction of the new Fine and Applied Arts Building and $506,680 for the Krannert Art Museum.

Funds are available for the Fine and Applied Arts Building in the state capital appropriation for 1957-59 “For construction of an Art and Architecture Building, with fixed equipment installed, including plans and specifications, extension of utilities to the building, and all other necessary costs and charges incident to the completion of the work.” The University of Illinois Foundation has guaranteed $500,000 for the Art Museum. Most of this sum has been received from gifts or pledges, the principal donors being the Krannert Foundation and Mr. and Mrs. Herman C. Krannert of Indianapolis, Indiana.

The total project budget for the Art Museum is $585,000. The Director of the Physical Plant Department, the Dean of the College of Fine and Applied Arts, and the Vice-President and Comptroller recommend an appropriation of $85,000 from the University General Reserve in order to complete the project.

The Board of Trustees, on July 16 and October 29, 1957, approved appropriations of $290,000 for remodeling and minor additions to existing buildings. The Director of the Physical Plant Department and the Vice-President and Comptroller recommend that $85,000 of these appropriations be lapsed and that the Governor be requested to transfer $85,000 from the state appropriation for contingencies in the 1957-59 capital appropriations to the item for remodeling existing buildings, and to release this sum for remodeling in the Administration Building and in the basement of the Law Building. The effect of this will be to restore to the General Reserve a sufficient amount to provide the additional funds needed to complete the financing of the Art Museum.

Submitted herewith is a report from the Physical Plant Department on the bids received and the alternates being recommended. A copy of this report is being filed with the Secretary of the Board for record.

I concur in the above recommendations, subject to release of funds by the Governor.

On motion of Mr. Herrick, these recommendations were approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR CONSTRUCTION OF MEDICAL RESEARCH LABORATORY**

(15) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $1,637,835 to the George Saltitt Construction Company, Chicago, the lowest bidder, for the construction of a Medical Research Laboratory Building at the northeast corner of Wolcott Avenue and Taylor Street in Chicago.

Funds are available in the state capital appropriations to the University of Illinois for 1957-59 and a Health Research Facilities grant from the federal government. The state appropriation is $1,235,000 and the federal grant will provide up to $750,000.

In support of this recommendation, there is submitted herewith a report from the Physical Plant Department, including the building budget and a schedule of all bids received, and a copy is being filed with the Secretary of the Board for record.

I concur in the above recommendation, subject to release of funds by the Governor.

On motion of Mrs. Watkins, this contract was awarded, as recom-
mended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACTS FOR ADDITION TO ABBOTT POWER PLANT

(16) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of contracts as follows for the construction of the Abbott Power Plant Addition, Unit No. 6. The award in each case is to the lowest bidder.

Erection of mechanical equipment (Division "7L") — The Oberle-Jorde Company, Inc., 612 Tri-State Building, Cincinnati 2, Ohio $23 980.00

Furnishing and application of thermal insulation for piping system (Division "7M") — Midwest Insulation Company, P.O. Box 64, Metropolis, Illinois $1,531.49

Attached is a report from the Physical Plant Department listing all bids received, and a copy is being filed with the Secretary of the Board for record.

Funds are available in the state appropriations to the University for capital improvements for the biennium 1957-59.

I concur.

On motion of Mr. Nickell, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR AIR CONDITIONING INSTALLATION IN DENTISTRY-MEDICINE-PHARMACY BUILDING

(17) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $8,747 to the Air Comfort Corporation, Chicago, the lowest bidder, for air conditioning the administrative suite in the first unit of the Dentistry-Medicine-Pharmacy Building.

The contract provides for furnishing and installing an air-conditioning system in the new administrative offices of the College of Medicine, including the necessary cutting and patching of floors, walls, and ceilings, as part of the program of air conditioning portions of the Dentistry-Medicine-Pharmacy Building.

Funds are available in the state capital appropriations to the University for 1957-59.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR REPLACING EAST DENTISTRY-MEDICINE-PHARMACY BUILDING DRIVEWAY

(18) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the award of a contract for $2,993 to the Banner Construction Company, 384 North Harding, Chicago, the lowest bidder, for the replacement of the south driveway slab at the East Dentistry-Medicine-Pharmacy Building.

This drive was part of the contract for the addition to this building. It has settled twelve to fourteen inches at the end near the loading dock, thus making it impossible for trucks to unload at the dock. The cause of the settling can not be determined until the slab is removed. If it is becomes evident that the contractor who constructed the slab is at fault (he has refused to make the correction), he will be held responsible for the cost of making the driveway usable.

An appropriation of $4,000 will be required for this work, in the event the contractor is not responsible, for the contract plus engineering supervision and incidental costs.

I concur and recommend that the contract be awarded to the Banner Con-
struction Company and that an appropriation of $4,000 be made from the General Reserve.

On motion of Mr. Williamson, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

LEASE OF SPACE FOR AUDIO-VISUAL AIDS SERVICE AND TELEVISION-MOTION PICTURE UNIT

(19) The Executive Committee has authorized negotiations for the lease of space for the Audio-Visual Aids Service on the second floor of the building at the southeast corner of Green and Sixth Streets and for the Television-Motion Picture Unit on the second floor of the building at 606½ East Green Street, Champaign, through the agency of the University of Illinois Foundation. The Board of Directors of the Foundation has approved execution of leases with the owners of these properties.

The Director of the Physical Plant Department and the Vice-President and Comptroller recommend approval of subleases from the University of Illinois Foundation beginning September 1, 1958, or at such earlier date as possession can be obtained, and continuing through June 30, 1959, at an annual rental of $10,236 for the property at the southeast corner of Green and Sixth Streets and an annual rental of $2,696 for the property at 606½ East Green Street. In each case the sublease shall be automatically renewed for two-year periods until the termination of the Foundation's lease on September 1, 1963, unless at least sixty days' notice to the contrary is given by either party to the other prior to renewal dates. Funds will be available in the 1958-59 Physical Plant budget for rental, operation, and maintenance costs.

Some remodeling will be required in both of these properties. Estimated cost in the area at the southeast corner of Sixth and Green Streets for Audio-Visual Aids Service is $34,000. Funds are available in the appropriation made by the Board of Trustees for general remodeling. An appropriation of $9,200 is required for remodeling in the building at 606½ East Green Street for the Television-Motion Picture Unit.

I recommend that subleasing in the name and on behalf of the Board of Trustees of the University of Illinois of these properties from the University of Illinois Foundation be authorized, and that an appropriation of $9,200 be made from the General Reserve Fund for remodeling for the Television-Motion Picture Unit.

On motion of Mr. Johnston, these subleases were authorized, and the recommended appropriation was made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONVEYANCE OF LAND TO SPARTA TOWNSHIP HIGH SCHOOL DISTRICT

(20) On July 1, 1915, Thomas G. Dean and Mary Dean, his wife, of Sparta, Illinois, conveyed to the University a twenty-acre tract of land in Randolph County, Illinois, for "agricultural experimentation and demonstration." The deed, for which no consideration was paid by the University, recited that it was given "with the agreement and understanding . . . that if the University of Illinois discontinues using" the land for said purposes "for a period of more than two consecutive years" the University "shall, when requested, convey by proper deed to the Sparta Township High School, the east half" of said land.

Following the conveyance of the tract to the University, the Department of Agronomy conducted experimental work on it for many years with the result that much data on the benefits and reactions of various soil management practices were collected and many valuable lessons learned. In order to devote to new studies and experimental work at a new location the funds which were being used in connection with the Sparta Soil Experiment Field, it became necessary and
desirable to discontinue the use of the latter by the University. The University has not made any use of the tract conveyed to it by Thomas G. and Mary Dean since December 31, 1954, and, in view of the University's discontinuance of the use of the tract for the purposes specified in the deed for a period of more than two consecutive years, the Board of Education of the Sparta Township High School District has adopted a resolution requesting the University to convey the east half of the tract to the County Board of School Trustees of Randolph County, Illinois, and to their successors in office, for the use of the Sparta Township High School District No. 111, Randolph County, Illinois. The attorney for the Board of Education of the Sparta Township High School District and the Legal Counsel of the University are in agreement that the east half of the tract can be properly so conveyed by quit claim deed in accordance with the provisions of the deed given the University by the Deans.

Accordingly, the Dean of the College of Agriculture and the Vice-President and Comptroller of the University recommend that the action of the College of Agriculture in discontinuing the use by the University of said land for a period of more than two consecutive years immediately preceding the receipt of said request from said Board of Education be confirmed and ratified, that said request be granted by the making, execution, and delivery of a quit claim deed so conveying the University's interest in the east half of said tract of land, and that the Comptroller and the Secretary of the Board be authorized to make, execute, and deliver such deed on behalf of the University and its Board of Trustees.

I concur and also recommend the adoption of the following resolution prepared by the Legal Counsel, viz.:

Resolution

WHEREAS, by deed bearing date of July 1, 1915, one Thomas G. Dean and Mary Dean, his wife, of Randolph County, Illinois, conveyed to the Board of Trustees of the University of Illinois and their successors in office a tract of land, situated in said county, containing twenty acres more or less and described as follows:

Beginning at a stone at the northwest corner of the S.E. Quarter of the S.E. Quarter of Section 36, T 4 S, R 6 W, Randolph County, Illinois, thence running east along the north line of said S.E. Quarter of the S.E. Quarter for a distance of 1177.5 feet, thence running south parallel to and 147.5 feet west of the east line of said Section 36 for a distance of 727.5 feet, thence running west parallel to and 592.5 feet north of the south line of said Section 36 for a distance of 1181 feet to the west line of said S.E. Quarter of the S.E. Quarter of said Section 36, thence running north along said west line of the S.E. Quarter of the S.E. Quarter of said Section 36 for a distance of 727.5 feet more or less to the point of beginning;

which deed is recorded in Book 78 at Page 63 of the records of the Recorder's Office of Randolph County, Illinois; and

WHEREAS, said deed provided that the grantee therein was to use the tract conveyed to it thereby for the purposes of agricultural experimentation and demonstration and further provided that if the grantee should discontinue using said land for said purposes for a period of more than two consecutive years it shall, when requested, convey by proper deed to the Sparta Township High School the east half of said above described tract of land; and

WHEREAS, the grantee in said deed has now discontinued the use by it of said land for said purposes for a period of more than two consecutive years and this Board of Trustees of the University of Illinois has been requested by the Board of Education of the Sparta Township High School District to convey the east half of said hereinabove described land as hereinafter resolved, authorized, and provided for the purpose of complying with and carrying out the provisions of said hereinabove mentioned deed:

Therefore, It Is Hereby Resolved by this Board of Trustees of the University of Illinois that the discontinuance for a period of more than two consecutive years immediately prior to the receipt of said request from said Board of Education by the College of Agriculture of the University of Illinois of the use of said hereinafore described land for the purposes specified in the hereinabove mentioned deed be, and the same is hereby confirmed and ratified; and
Be It Further Resolved that the Comptroller and Secretary of this public corporation, the Board of Trustees of the University of Illinois, be, and they are hereby authorized and directed to sign, execute, acknowledge, and deliver upon behalf of this public corporation a quit claim deed conveying the east half of said hereinabove described land from this public corporation to the County Board of School Trustees of Randolph County, Illinois, and to their successors in office, for the use of the Sparta Township High School District No. 111, Randolph County, Illinois.

On motion of Mr. Herrick, the foregoing resolution was adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF HOLLANDER LIBRARY IN ECONOMICS

(21) The Director of the Library, the Dean of the Graduate College, and the Vice-President and Provost recommend the purchase of the Hollander Library in Economics, consisting of 4,470 items, mostly books and some papers and a number of other items including portraits and personalia, at a price of $4,000. Funds for the purchase are available in an assignment of $18,000 made by the University Research Board, $12,000 in funds appropriated to the University Library for acquisitions, and a grant of $14,000 from the University of Illinois Foundation. The purchase would be through Mr. William Gannon, New York City, New York, and Mr. Robert Barry, New Haven, Connecticut, dealers.

This collection was the private library of Jacob Hollander (1871-1940), a distinguished scholar, public servant, and Professor of Political Economy at Johns Hopkins University, 1900-35. In the course of his lifetime he assembled a famous collection of books and manuscripts on economics which ranks among the first four or five private collections of books and materials in the field of economics to be found in the world.

Acquisition of this collection will make the University economics research library one of the best. The Hollander Library will be an extremely valuable asset to future and present scholars.

In support of this recommendation, I submit a memorandum from Professor J. F. Bell, Chairman of the Department of Economics, which gives further details about the Hollander collection. A copy of this memorandum is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, this purchase was authorized.

ESTATES OF GREТCHЕN JOHΑNΝА SCΗLLING AND PAUL CHARLES SCHILLING

(22) By the wills of the late Gretchen Johanna Schilling and her late brother, Paul Charles Schilling, the University has received the residual assets of their estates, the funds to be used to assist worthy and needy students provided no more than $500 is given to a student in any one year. The Continental Illinois National Bank and Trust Company of Chicago, as Trustee for the two estates, has given the University the option of receiving farm property in Richland County, consisting of 306 acres, and stocks and bonds of the Gretchen Johanna Schilling estate either in cash or in kind. Certain of the stocks and all of the bonds of her estate would be valuable additions to the University's investment portfolio. Three stock issues are small in amount, not complementing present holdings, and should not be retained. Upon recommendations of the Vice-President and Comptroller and the First National Bank of Chicago, the Finance Committee of the Board has instructed the Trustee to deliver the University's distributive share of the following stocks and bonds in kind:

- $10,000 General Motors Acceptance Corporation 3½ per cent debentures due March 15, 1972
- $10,000 Phillips Petroleum 4½ per cent convertible debentures due February 15, 1987
- $10,000 Union Electric Company of Missouri 3½ per cent first collateral bonds due May 1, 1971
$10,000 U.S. Savings Bond Series K due March 1, 1968
30 shares DuPont de Nemours common stock
80 shares General Electric Company common stock
95 shares Texas Company capital stock
100 shares U. S. Gypsum common stock
and to sell the following securities and make distribution in cash:
60 shares Crown Zellerbach common stock
100 shares Firemans Fund Insurance Company capital stock
80 shares Minnesota Mining and Manufacturing Company capital stock

An examination of the farm lands in Richland County by representatives of the College of Agriculture reveals that the soil has poor fertility and would require a large expenditure to increase its productivity to make farming operations profitable. The College of Agriculture is not interested in the land for experimental purposes and does not recommend that it be operated as an endowment farm. In addition, the oil wells on the land, based on oil production data, are showing a steady decline in output and are now estimated to have a residual life of approximately two to three years. The farm lands, including mineral rights, have an estimated value of from $20,000 to $25,000. This has been corroborated by independent appraisals made for the Trustee and the University. Accordingly, it is recommended that the Trustee be instructed that the University desires to receive its distributive share of the farm lands in cash.

The Dean of Admissions and Records, the Chairman of the Committee on Undergraduate Scholarships, and the Dean of Students recommend that one half of the proceeds of these estates be held as an endowment fund, the income to be used for scholarships, and the other half be used as a student loan fund, the principal to be loaned to students and any interest received from such student loans to be available for additional scholarships.

I concur.

On motion of Mr. Johnston, these recommendations were approved.

QUARTERLY REPORT OF THE COMPTROLLER

(25) The Comptroller presents his quarterly report to the Board as of March 31, 1958.

This report was received for record and a copy has been filed with the Secretary of the Board.

CONTRACT FOR STOCK PAVILION IMPROVEMENTS

(26) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $283,605 to English Brothers Company, Champaign, the lowest bidder, for the exterior reconstruction and interior remodeling of the Stock Pavilion. The contract will provide for a new facing with considerable exterior remodeling of the north wall, a new aluminum roof, replacement of the skylight, replacement of the terra cotta cornices with stone cornices, replacement of window and door sash, acoustical ceilings in four rooms, lighting improvement of office and seminar rooms, and lightning protection.

Funds are available in the state capital appropriations to the University for 1957-59, subject to release by the Governor.
Submitted herewith is a report from the Physical Plant Department, including a schedule of all bids received, and a copy is being filed with the Secretary of the Board for record.

I concur in the recommendation for the award of the contract, subject to the release of funds.

On motion of Mr. Hughes, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACT FOR LABORATORY FURNITURE
CHICAGO PROFESSIONAL COLLEGES

(27) The Director of the Physical Plant Department, the Business Manager of the Chicago Professional Colleges, and the Vice-President and Comptroller recommend the award of a contract for $43,087.57 to the Kewaunee Manufacturing Company, Adrian, Michigan, the lowest bidder, for the manufacture and installation of steel laboratory furniture for the Medical Research Laboratory to be constructed at the Chicago Professional Colleges. The contract will provide for fabrication and installation of fifty-six pieces of laboratory furniture, consisting of cases, fume hoods, sinks, storage cabinets, and tables.

Funds are available in the state capital appropriations to the University for 1957-59. I concur.

On motion of Mr. Bissell, this contract was awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

NAMING OF MEN’S RESIDENCE HALLS

(28) The Director of Housing and the Dean of Students recommend that the following Men’s Residence Halls buildings be named by names such as indicated in recognition of the contributions of each of these men to the University of Illinois.

Men’s Residence Halls, Addition 3 — Carl Van Doren (1885-1950). A graduate of the University, Class of 1907. Critic, editor, teacher, writer, biographer, and Pulitzer Prize winner for his biography of Franklin. He was literary editor of The Nation, Editor in Chief of the Literary Guild of America, and held editorial posts on the Century Magazine and the Saturday Review of Literature.

Men’s Residence Halls, Addition 4 — Lorado Taft (1860-1936). A graduate of the University, Class of 1879. Sculptor, writer, lecturer, teacher, winner of world honor for his artistic achievements. Creator of the University of Illinois Alma Mater statue group and various other works of sculpture on the campus. He received an honorary degree (L.L.D.) from the University in 1929.

The Men’s Residence Halls Additions 3 and 4 were completed in the spring of 1957 and have been occupied for one year. The residents have been consulted through the Men’s Residence Halls Council and approve the names. Of the faculty, the Executive Committee of the University Council concurs.

Rather than using the full name of the person for whom the building is named, it is the general practice to use the last name with the designation “House.” For example, the hall named for Carl Van Doren will in general use be known as “Van Doren House.”

This recommendation was previously presented to the Committee on Buildings and Grounds.

On motion of Mr. Williamson, these names were authorized.

SECRETARY’S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and declinations; (4) leaves of absence; (5) change in sabbatical leave.
APPOINTMENTS MADE BY THE PRESIDENT
(The date in parentheses is the date on which the appointment was made by the President of
the University. C = College; S = Station; E = Extension.)

ADLER, FELIX T., Professor of Physics (C), indefinite tenure beginning September
1, 1958, to render service during each academic year, $13,000 a year (5-15-58).

ALLEN, ALFRED W., Professor of Ceramic Engineering (C), two months from
June 16, 1958, $1055.55 a month; this is in addition to his present appointment
(4-29-58).

AUSTIN, WALTER J., Associate Professor of Civil Engineering (C), two months
from June 16, 1958, $844.44 a month; this is in addition to his present appoint-
ment (4-29-58).

UETAKE, HISA0, Postdoctoral Fellow, April 1-June 15, 1958, $375 a month (5-14-58).
WILEY, WILLIAM R., Rockefeller Foundation Fellow, February 1-June 15, 1958, $675 (3-11-58).

Biophysics

Botany

GOVINDJEE, MRS. RAJNI, Fellow, nine months from September 16, 1958, $1500.
ROMINGER, JAMES M., Fellow, two months from June 16, 1958, $275 (4-24-58).
SHAVER, DONALD L., Fellow, two months from June 16, 1958, $275 (4-24-58).

Business

FURUHASHI, YUSAKU I., Fellow, nine months from September 16, 1958, $1500.
KERNAN, JEROME B., Fellow, nine months from September 16, 1958, $1500.

Ceramic Engineering

CAPEK, RAYMOND G., Lead Industries Fellow, nine months from September 16, 1958, $2000 (4-3-58).
ROMINE, DONALD J., Edward Orton, Jr. Ceramic Foundation Fellow, nine months from September 16, 1958, $1600 (4-14-58).

Chemical Engineering

BALCHAN, ANTHONY S., Pittsburgh Consolidation Coal Company Fellow, nine months from September 16, 1958, $1500 (5-14-58).
CRUM, GLEN F., Union Carbide Corporation Fellow, nine months from September 16, 1958, $2100 (3-31-58).
EPPLER, RICHARD A., Shell Oil Company Fellow, nine months from September 16, 1958, $1800 (5-14-58).
Gaertner, Richard F., Dow Chemical Company Fellow, nine months from September 16, 1958, $1700 (3-31-58).

Hosler, E. Ramon, Minnesota Mining and Manufacturing Company Fellow, nine months from September 16, 1958, $1500 (5-14-58).

Keating, Kenneth B., Standard Oil Company of Ohio Fellow, nine months from September 16, 1958, $1750 (3-31-58).

Lilleleht, Lembit U., American Oil Company Fellow, nine months from September 16, 1958, $1500 (5-14-58).

Samara, George A., Fellow, nine months from September 16, 1958, $1500.

Schelle, George F., Shell Oil Company Fellow, nine months from September 16, 1958, $1500 (3-31-58).

Stephens, Douglas R., Fellow, nine months from September 16, 1958, $1500.

Wiederhorn, Sheldon, Monsanto Chemical Company Fellow, nine months from September 16, 1958, $1750 (3-31-58).

Chemistry

Almazar, Opelia R., Fellow, nine months from September 16, 1958, $1500.

Applequist, Douglas E., Fellow, three months from June 16, 1958, $900 (4-8-58).

Archer, Ronald D., Texaco Fellow, nine months from September 16, 1958, $1700 (3-31-58).

Beck, James R., Fellow, nine months from September 16, 1958, $1500.

Bentrude, Wesley G., Fellow, nine months from September 16, 1958, $1500.

Bishop, Carl T., Fellow, nine months from September 16, 1958, $1500.

Blankenship, Floyd A., Fellow, nine months from September 16, 1958, $1500.

Brewbaker, James L., Fellow, nine months from September 16, 1958, $1500.

Carlin, Richard L., Fellow, two months from June 16, 1958, $275 (4-24-58); nine months from September 16, 1958, $1500 (3-24-58).

Chao, Mou-shu, Fellow, nine months from September 16, 1958, $1500.

Cook, Addison G., Monsanto Chemical Company Fellow, nine months from September 16, 1958, $1750 (3-31-58).

Cordes, A. Wallace, Universal Match Corporation Fellow, nine months from September 16, 1958, $1800 (3-31-58).

Dabich, Danica, Parke-Davis Fellow, February 1-June 15, 1958, $195 a month (3-5-58); nine months from September 16, 1958, $1800 (3-31-58).

Damon, Harlow H., Dow Chemical Company Fellow, nine months from September 16, 1958, $1700 (3-31-58).

Devrup, James A., Eli Lilly and Company Fellow, nine months from September 16, 1958, $1500 (3-31-58).

Dirkmann, Jurgen, Tom's-River-Cincinnati Chemical Corporation Fellow, nine months from September 16, 1958, $1800 (3-31-58).

Dismukes, John F., Fellow, nine months from September 16, 1958, $1500.

Dyvig, Douglas H., Fellow, nine months from September 16, 1958, $1500.

Frame, Harlan D., Jr., Victor Chemical Works Fellow in Chemistry, nine months from September 16, 1958, $1800 (3-31-58).

Goldstein, Melvin M., Fellow, two months from June 16, 1958, $375 (4-24-58); Ethyl Corporation Fellow, nine months from September 16, 1958, $1800 (5-2-58).

Hauser, Jack W., Rohm and Haas Company Fellow, nine months from September 16, 1958, $1500 (3-31-58).

Heidel, John A., Fellow, nine months from September 16, 1958, $1500.

Holmes, Patricia A., Fellow, nine months from September 16, 1958, $1500.

Hu, Wintfred Min Yan, Fellow, nine months from September 16, 1958, $1500.

Khettry, Arun K., Gillette-Toni Fellow, nine months from September 16, 1958, $500 (3-31-58).

Kroeger, Noretti, Fellow, nine months from September 16, 1958, $1500.

Kubota, Mitsuuri, Fellow, nine months from September 16, 1958, $1500.

LeMoine, Sharon, Fellow, nine months from September 16, 1958, $1500.

Lennarz, William J., United States Rubber Company Fellow, nine months from September 16, 1958, $2100 (3-31-58).
MCARTHUR, COLIN R., Fellow, nine months from September 16, 1958, $1500.
METZGER, SYDNEY H., Jr., Allied Chemical and Dye Corporation (Nitrogen Division) Fellow, nine months from September 16, 1958, $2000 (3-31-58).
MILLER, GERALD K., Fellow, nine months from September 16, 1958, $1500.
MILLER, THEODORE C., Fellow, September 16, 1958-January 31, 1959, $750.
MILLIGAN, TERRY W., Allied Chemical and Dye Corporation (Barrett Division) Fellow, nine months from September 16, 1958, $1800 (3-31-58).
MON, MEHM TIN, Fellow, nine months from September 16, 1958, $1500.
MUSKER, WARREN K., USI (U. S. Industrial Chemicals Company) Fellow, nine
months from September 16, 1958, $1500 (3-31-58).
Piper, Theon S., Fellow, three months from June 16, 1958, $900 (4-8-58).
PORTER, RICHARD N., Firestone Tire and Rubber Company Fellow in Chemistry, nine months from September 16, 1958, $1500 (3-31-58).
POUTSMA, MARVIN L., Roger Adams Fellow in Organic Chemistry, nine months from September 16, 1958, $1500 (3-31-58).
RAFF, LIONEL M., Fellow, two months from June 16, 1958, $275 (4-24-58); nine months from September 16, 1958, $1500 (3-31-58).
RIPE, WILLIAM C., Union Carbide Corporation Fellow, nine months from September 16, 1958, $2100 (3-31-58).
ROSE, NORMAN J., Minnesota Mining and Manufacturing Company Fellow, nine months from September 16, 1958, $1500 (3-31-58).
SCARR, ROBERT F., Socony Mobil Laboratories Fellow, nine months from September 16, 1958, $2500 (3-31-58).
SCHEU, JOHN C., General Electric Company Fellow, nine months from September 16, 1958, $2500 (4-11-58).
SCHULTZ, JOHN E., Fellow, nine months from September 16, 1958, $1500.
SLAVIN, KATHLEEN E., Fellow, nine months from September 16, 1958, $1500.
SMITH, WILLIBURN S., Jr., Standard Oil Company of California Fellow, nine months from September 16, 1958, $1500 (3-31-58).
STEMKE, GERALD W., Fellow, nine months from September 16, 1958, $1500.
THOMPSON, LARRY C., Fellow, nine months from September 16, 1958, $1500.
TIPTON, CARL L., Procter and Gamble Company Fellow, nine months from September 16, 1958, $2500 (3-31-58).
TVETEN, JOHN L., Lubrizol Corporation Fellow, nine months from September 16, 1958, $2000 (3-31-58).
VAN AUKEN, THOMAS V., Fellow, two months from June 16, 1958, $275 (4-24-58).
WAHLBECK, PHILLIP G., Fellow, two months from June 16, 1958, $275 (4-24-58).
WITT, JOHN, Jr., Fellow, nine months from September 16, 1958, $1500.

City Planning

BRAY, JOHN F., Fellow, nine months from September 16, 1958, $1500.

Civil Engineering

BUNTE, WILLIAM F., Automotive Safety Foundation Fellow, nine months from September 16, 1958, $1500 (4-14-58).
HORN, HARRY M., Raymond Concrete Pile Company Fellow, nine months from September 16, 1958, $1500 (3-31-58).
JAIN, HANWANT R., Fellow, nine months from September 16, 1958, $1500.
LIU, THOMAS K., Fellow, nine months from September 16, 1958, $1500.
MCDONALD, DONALD, Fellow, nine months from September 16, 1958, $1500 (3-27-58).
NORDELL, WILLIAM J., Fellow, nine months from September 16, 1958, $1500.
ROGERS, BRUCE G., Fellow, two months from June 16, 1958, $275 (4-24-58).
TANAKA, SHIGERU, Postdoctoral Fellow, nine months from September 16, 1958, $3000 (4-8-58).
TSAI, CHUNG-CHI, Fellow, nine months from September 16, 1958, $1500.
VON RIESEMANN, WALTER A., Fellow, nine months from September 16, 1958, $1500.
WIGGINS, JOHN H., Jr., Esso Research and Engineering Company Fellow, nine months from September 16, 1958, $2400 (4-11-58).
Classics

Abrams, Samuel I., Fellow, nine months from September 16, 1958, $1500.
Boegehold, Alan L., Fellow, three months from June 16, 1958, $900 (4-8-58).

Communications

Alfeld, William W., Fellow, two months from June 16, 1958, $275 (4-24-58).

Dairy Science

Ebner, Kurt E., Fellow, nine months from September 16, 1958, $1500.

Economics

Haydon, Randall B., General Electric Company Fellow, nine months from September 16, 1958, $2500 (3-31-58).

GATES, HILBERT P., Assistant Professor of Physical Science—resignation effective September 1, 1958.

GNAT, RAYMOND E., Serials Assistant in the Library—resignation effective June 1, 1958.

HAIS, ROBERT L., Assistant Professor of English in the Summer Session of 1958—declination effective June 16, 1958.

HARMAN, MRS. JOAN C., Instructor in Medical Social Work—resignation effective May 17, 1958.

HARRIS, CHARLES W., Assistant Professor of Landscape Architecture—resignation effective September 1, 1958.

HOCHEISCHILD, GERHARD P., Professor of Mathematics—resignation effective September 1, 1958.

HOGANS, FRANCIS E., Jr., Instructor in English in the Summer Session of 1958—declination effective June 16, 1958.

HOLLEYMAN, JEWELL B., Research Associate in the State Water Survey—resignation effective May 16, 1958.

HUMPHREYS, LLOYD G., Professor of Psychology in the Summer Session of 1958—declination effective June 16, 1958.

JOHNSON, FRANCES L., Instructor in the University Speech Clinic in the Summer Session of 1958—declination effective June 16, 1958.

JONES, STANLEY L., Associate Professor of Social Sciences in the Chicago Undergraduate Division, in the Summer Session of 1958—declination effective June 20, 1958.

KAUF, ROBERT, Assistant Professor of Foreign Languages in the Chicago Undergraduate Division, in the Summer Session of 1958—declination effective June 20, 1958.

KLEIN, JEROME D., Vocational Rehabilitation Fellow (Trainee) in Social Work—resignation effective March 1, 1958.

KOBAYASHI, KOICHI, Research Assistant Professor of Physics—resignation effective July 1, 1958.

LEVEQUE, LEROY D., Registered Pharmacist in Hospital Pharmacy, in the Research and Educational Hospitals—resignation effective May 23, 1958.

LEVINS, I., Assistant Professor in the University Speech Clinic in the Summer Session of 1958—declination effective June 16, 1958.

MAHROUS, Haroun, Associate Professor of Electrical Engineering in the Summer Session of 1958 — declination effective June 16, 1958.

Massard, James M., Associate Professor of Civil Engineering — resignation effective September 1, 1958.

Miller, Gerald R., Fellow in Chemistry — resignation effective September 16, 1958.

O’Kelly, Lawrence I., Professor of Psychology in the Summer Session of 1958 — declination effective June 16, 1958.

Oliver, William A., Professor of Civil Engineering in the Summer Session of 1958 — declination effective June 16, 1958.

Perera, Anthony, Fellow in the Chicago Professional Colleges — resignation effective April 8, 1958.

Perez, Isidro L., Instructor in Hygiene and Medical Adviser for Men in the Chicago Undergraduate Division — resignation effective April 1, 1958.

Rossi, Angelo, Research Associate in Physics — resignation effective May 22, 1958.

Sambels, Barbara, Research Assistant in Psychiatry — resignation effective May 26, 1958.

Scheele, George F., Shell Oil Company Fellow in Chemical Engineering — resignation effective September 16, 1958.

Seeber, Karlheinz, Research Associate in Electrical Engineering — resignation effective May 19, 1958.

Shwayder, David S., Assistant Professor of Philosophy — resignation effective September 1, 1958.

Stigges, Marvin C., Associate Professor of Theoretical and Applied Mechanics in the Summer Session of 1958 — declination effective June 16, 1958.

Stoecker, Wilbert F., Assistant Professor of Mechanical Engineering in the Summer Session of 1958 — declination effective June 16, 1958.

Tremblay, Shirley M. LeRoy, Institute of Mental Health (School) Fellow (Trainee) in Social Work — resignation effective April 1, 1958.

Van Holt, Claus, Research Associate in Pharmacology — resignation effective May 1, 1958.

Wong, Ruth L., Assistant Professor of Pathology — resignation effective May 1, 1958.

LEAVES OF ABSENCE

Bhalerao, V. R., Research Assistant in Food Technology (S) — granted further extension of his leave of absence, without pay, from the University of Illinois to September 1, 1958.

Conner, Mrs. Betty R., Research Assistant in Medicine (Medicine) — leave of absence, without pay, beginning August 1 and continuing through August 31, 1958, so that she may travel to Europe.

Curley, Daniel, Assistant Professor of English — leave of absence, without pay, for the academic year 1958-59, so that he may devote his time to creative writing under a Guggenheim Fellowship.

Hamilton, Norman T., Assistant Professor of Mathematics — leave of absence, without pay, for the academic year 1958-59, so that he may accept the offer of a Visiting Assistant Professorship at the Johns Hopkins University.

Holt, E. Howard, Research Assistant Professor of Electrical Engineering (C) — leave of absence, without pay, beginning June 26, 1958, and continuing through August 31, 1958.

Maclay, Howard S., Research Assistant Professor in the Institute of Communications Research — leave of absence, without pay, beginning July 10, 1958, and continuing through August 15, 1958.

Steiner, Gilbert Y., Research Associate Professor in the Institute of Government and Public Affairs, and Assistant Dean of the Graduate College — leave of absence for one-half time, for the period May 10 through May 25, 1958, without pay for that one-half time, so that he may undertake a special assignment for the Northeastern Illinois Metropolitan Area Local Government Services Commission.

CHANGE IN SABBATICAL LEAVE OF ABSENCE

Diggs, Bernard J., Associate Professor of Philosophy — sabbatical leave of absence on full pay for the second semester of 1958-59. This leave is in lieu
of the sabbatical leave of absence previously granted him for a full year on half pay (conditional upon receipt of financial aid from other sources).

LEGISLATORS’ DAY

Mrs. Watkins, Chairman of the Committee on Chicago Departments, announced the plans for “Legislators’ Day” on June 24, 1958, when members of the General Assembly of Illinois have been invited to visit the Chicago Professional Colleges and the Chicago Undergraduate Division.

JUNE AND JULY BOARD MEETINGS

The Board had previously voted to hold its June meeting in Chicago on June 19, 1958. President Livingston announced that this meeting will be held at the Sheraton-Blackstone Hotel in Chicago, beginning at 3:00 p.m., central daylight saving time, with meetings of Board committees preceding it.

On motion of Mrs. Watkins, the Board voted to hold its July meeting in Urbana, on Tuesday, July 29, 1958, at a time and place to be determined by the President and Secretary.

It was the consensus of the Board that no meeting be scheduled in August.

EXECUTIVE SESSION

At this point an executive session was requested and ordered for consideration of the following items of business.

PURCHASE OF PROPERTY AT 1002 WEST ILLINOIS STREET, URBANA

(29) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of the property at 1002 West Illinois Street, Urbana at a price of $33,000. The land is needed as part of the site for the construction of Men’s Residence Halls units.

The property consists of a lot 60 feet wide, 249 feet deep, and a three-story and basement frame residence used as a rooming house for men students. The first floor has an apartment occupied by the owners, Mr. and Mrs. Ivan Stearns, and two rooms for men students; there are ten rooms on the second and third floors accommodating fifteen students. The heating system is gas-fired, circulating hot water.

The price is within University appraisals of the property. Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

I recommend the purchase of the property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department and the Vice-President and Comptroller, and to the approval of title by the Legal Counsel, and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to the release of funds.

On motion of Mr. Johnston, the purchase of this property at a price of $33,000 was authorized, and the other recommendations were approved. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton. (Mr. Nickell was absent from the meeting when this matter was considered and the vote was taken.)

PURCHASE OF PROPERTY AT 1010 WEST ILLINOIS STREET, URBANA

(30) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of the property at 1010 West Illinois Street, Urbana, at a price of $25,700. The land is needed as part of a site for the construction of Men’s Residence Halls units. The University now owns the east
acquiring property and is negotiating for the acquisition of the adjoining property on the west.

The property consists of a lot 62.66 feet wide, 199.64 feet deep, and a frame residence, the first floor occupied by the owner, Mrs. Elizabeth I. Keener, and also used as a student rooming house.

The price is within University appraisals of the property. Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

The Board of Trustees on February 18, 1958, authorized the institution of proceedings in eminent domain for the acquisition of this property because the owner was then unwilling to sell except at a price University officials deemed excessive and could not recommend. Subsequent negotiations resulted in the acceptance by the owner of an offer of $25,700 which is within University appraisals.

I recommend the purchase of this property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department, the Vice-President and Comptroller, and the Legal Counsel; and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to the release of funds.

On motion of Mr. Williamson, the purchase of the above mentioned property at the above stated price was approved and authorized and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents if the purchase can be effected through the usual procedure of entering into a contract and securing a deed, but, in the event it develops that this customary procedure can not be followed and it becomes necessary to proceed with the condemnation suit now pending in order to acquire the property, the Legal Counsel was authorized to then take the necessary steps to secure the entry of an agreed verdict and award in the sum of $25,700 for the property in that suit and the payment of such award was authorized, all subject to the release of funds. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton. (Mr. Nickell was absent from the meeting when this matter was considered and the vote was taken.)

ACQUISITION BY CONDEMNATION OF PROPERTY AT 614 EAST JOHN STREET, CHAMPAIGN

(31) At its November, 1957, meeting, the Board of Trustees was informed that the property at 614 East John Street, Champaign, Illinois, owned by Cyrus W. Vaughn, Jr., and Maxine M. Vaughn, his wife, and leased by them to Edward Nadarski, is needed by the University as a portion of the site for the contemplated Student Services Building; that, as the result of negotiations which had been conducted by University officers with the Vaughns and Mr. Nadarski, it was evident that this property could not be purchased, by agreement, at a price which University officers deemed reasonable or felt justified in paying; and that it was necessary, therefore, to acquire the property by resort to the University’s right of eminent domain. Accordingly, at that meeting, the Board authorized the institution of a suit to condemn the property, which was instituted shortly thereafter.

The suit was tried by jury in March, 1958, and the trial resulted in the return of a verdict fixing the value of the interest of the Vaughns at $45,000 and the value of the interest of Nadarski at $4,700. While these awards are well within the range of the testimony and between the valuations placed upon those interests by the witnesses who testified for the University and those who testified for the defendants, counsel for the University felt that they were higher than they should have been and were at least partly attributable to errors upon the part of the trial judge in refusing certain instructions and a form of verdict tendered by the University, in giving other instructions and a form of verdict tendered by the defendants, and in certain rulings with respect to the admission and exclusion of evidence. In view of the probable effect of these rulings in other pending and in
future condemnation suits in which leasehold interests were and might be involved, it was deemed important to challenge these rulings, and attempt to secure the adoption of the University's contentions with respect to them, by filing a post-trial motion. Accordingly, a motion for new trial, predicated primarily upon said rulings, was filed and argued.

The motion for new trial was denied by the trial judge on May 8, 1958, and the University should either take an appeal to the Supreme Court of Illinois in the suit or should pay the amounts awarded by the jury to the defendants and thus acquire title to the property. The trial judge has informed counsel for the University, unofficially and off the record, that he is now of the opinion that he probably erred in making some of the rulings challenged by the University's motion, but that he denied the motion because he feels that the awards made by the jury in its verdict are amply justified by the evidence and it is unlikely that a new trial would result in a substantially different verdict. Counsel for the University believe that, if an appeal would be taken from the verdict of the jury and the judgment entered thereon, the Supreme Court will hold that the above mentioned rulings of the trial judge during the trial were erroneous and will probably grant a new trial to the University because of them. However, the cost of prosecuting an appeal to the Supreme Court and of again trying the case if the present judgment would be reversed and the case would be remanded to the trial court for a new trial, would probably be at least $4,500, and it is unlikely, therefore, that any substantial saving to the University would result from following this procedure. Counsel for the University believe that, in the event it becomes necessary to try another condemnation suit instituted by the University in which substantially the same issues and questions will be involved and presented, the erroneous rulings made at the trial of the instant suit will not be considered to constitute precedents and will probably not be followed. Consequently, they do not regard it necessary to take an appeal to the Supreme Court in this case in order to prevent the rulings made at the trial which they believe erroneous from constituting precedents in the trial of future cases involving the same questions.

For the foregoing reasons, the Legal Counsel, the Director of the Physical Plant Department, and the Vice-President and Comptroller recommend that the University abide by the judgment entered upon the verdict in this suit and that the property be acquired by the payment to the defendants of the amounts awarded them by the jury in its verdict for their respective interests in the property.

I concur.

On motion of Mr. Johnston, this recommendation was approved and the purchase of the property at the price fixed by the verdict was authorized. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF PROPERTY AT 1102 WEST ILLINOIS STREET, URBANA

(32) The Board of Trustees has authorized the institution of proceedings in eminent domain for the acquisition of the property at 1102 West Illinois Street, needed as part of the site for the construction of Men's Residence Halls. The action of the Board was based on (a) the reluctance of the owner, Miss Ruth Linton, to sell the property because it is part of her late father's estate and she is entitled, under the provisions of his will, to occupy the residence on it rent free for the rest of her life; and (b) the unwillingness of Havana National Bank, as Trustee of the estate, to approve the sale of this property except at a price which University officials deemed excessive and could not recommend.

Recently the Trustee has secured an appraisal which is in line with University appraisals and has agreed to recommend to the court the sale of the property. It also appears that the owner is now willing to sell. Although negotiations have not been completed, the Director of the Physical Plant Department and the Vice-President and Comptroller recommend the purchase of this property at a price not to exceed $32,000, which is within University appraisals of the property.
Funds are available in the state capital appropriations for 1957-59, subject to release by the Governor.

I recommend the purchase of this property at the price indicated, subject to approval of the terms of payment by the Director of the Physical Plant Department, the Vice-President and Comptroller, and the Legal Counsel, and subject to approval of the title by the Legal Counsel; and that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Johnston, the purchase of this property at a price not to exceed $32,000 was authorized, in accordance with the terms and conditions recommended, provided that court approval of the sale of the property is secured. This action was taken by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

On motion of Mr. Johnston, the Board adjourned.

INSPECTION OF DIXON SPRINGS EXPERIMENT STATION
Following adjournment, the members of the Board and other University officials went to the Dixon Springs Experiment Station at Robbs, Illinois, for an inspection tour of the Station and its operations. They were met there by representatives of the Station staff and of the College of Agriculture, the Agricultural Experiment Station, and the Extension Service in Agriculture and Home Economics.

A. J. JANATA  
Secretary

PARK LIVINGSTON  
President
The June meeting of the Board of Trustees of the University of Illinois was held in the Sheraton-Blackstone Hotel, Chicago, Illinois, on Thursday, June 19, 1958, beginning at 3:00 p.m., central daylight saving time.

The following members of the Board were present: Mr. Cushman B. Bissell, Mrs. Doris S. Holt, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson, Mr. Wirt Herrick and Governor William G. Stratton were absent.

Also present were President David D. Henry, Vice-President and Provost Gordon N. Ray, Dr. H. E. Longenecker, Vice-President in charge of the Chicago Professional Colleges, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. C. S. Havens, Director of the Physical Plant Department, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. W. Sanford, Dean of Admissions and Records, Director L. A. Bryan of the Institute of Aviation and Chairman of the University Traffic and Parking Board, Professor Charles H. Bowman, Acting Administrator of Health Services, Mr. C. E. Flynn, Director of Public Information, Mr. Morris S. Kessler, Assistant Comptroller; and the officers of the Board, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary.
MEETING OF EXECUTIVE COMMITTEE ON JUNE 19, 1958

On call of the Chairman, a meeting of the Executive Committee of the Board of Trustees of the University of Illinois was held in the Sheraton-Blackstone Hotel, Chicago, Illinois, on Thursday, June 19, 1958, beginning at 1:30 p.m. The following, constituting all members of the Committee, were present: Mr. Park Livingston, Chairman, Mr. Wayne A. Johnston, Mrs. Frances B. Watkins.

Also present were Mr. Cushman B. Bissell, Mrs. Doris S. Holt, Mr. Vernon L. Nickell, Mr. Timothy W. Swain, and Mr. Kenney E. Williamson of the Board of Trustees; President David D. Henry, Vice-President and Provost Gordon N. Ray, Dr. H. E. Longenecker, Vice-President in charge of the Chicago Professional Colleges, Executive Dean C. C. Caveny of the Chicago Undergraduate Division, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. E. Flynn, Director of Public Information, Mr. Morris S. Kessler, Assistant Comptroller; and Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary of the Board.

The Committee considered the following reports and recommendations submitted by the President of the University.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

1. Functionalizing steroids at C9—Elias J. Corey, Professor of Organic Chemistry, and Walter R. Hertler, graduate student (Ph.D., 1958), inventors. This invention essentially is a method for the synthesis of certain types of steroids which were not readily accessible previously, and which may in some cases possess desirable and useful physiological activity. None of the specific compounds synthesized so far are physiologically active, however. The Patent Committee believes that at present the invention has no commercial value and that the development of this invention would be very expensive. However, it might be possible to arrange with a company to do the development work with some chance for future royalty payments to the University. For these reasons, the Committee recommends that the invention be released to the University of Illinois Foundation for investigation of its commercial value and that, if the Foundation finds that no commercial value exists, the invention be released to the inventors.

2. Controlled contact cutting tool—B. T. Chao, Professor of Mechanical Engineering, and K. J. Trigger, Professor of Mechanical Engineering, inventors. This invention concerns a new method of cutting tool preparation which restricts the contact between the chip and the tool so that the temperature there is minimized. It results in a substantial reduction in power consumption, an increase in tool life, more efficient utilization of cutting fluids, and improved surface finish on the machined work piece. After investigation by the University of Illinois Foundation, the Committee finds that this invention has no commercial value and most likely can not be patented. Therefore, the Committee recommends that the invention be released to the Chicago Ordnance District, Department of the Army, sponsor of the research project which produced this invention.

3. Planar logarithmically periodic antenna structures—R. H. DuHamel, former Research Assistant Professor of Electrical Engineering, inventor. This invention concerns antenna structures for which the input impedance and radiation patterns vary periodically with the logarithm of the frequency. The antennas are approximately linearly polarized, and bi-directional beams of equal principal plane beamwidths are obtained. The beamwidth may be controlled to a considerable extent by the geometry of the structure.

The Committee believes that consideration of a patent application would be
desirable and recommends that the invention be released to the University of Illinois Foundation for a patent application.

I concur in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved.

APPOINTMENT OF DIRECTOR OF INSTITUTE OF LABOR AND INDUSTRIAL RELATIONS

(2) Professor Robben W. Fleming, who has been serving as Director of the Institute of Labor and Industrial Relations since September 1, 1952, was transferred to the College of Law as Professor of Law beginning September 1, 1957, at his request and on recommendation of the Dean of the College of Law, but he has continued to serve as Director of the Institute during the academic year 1957-58 pending the selection of his successor.

A special search committee has recommended the appointment of Martin Wagner, presently Executive Director of the Louisville Labor Management Committee, Louisville, Kentucky, as Professor in the Institute of Labor and Industrial Relations on indefinite tenure and as Director of the Institute of Labor and Industrial Relations from August 16, 1958, to September 1, 1959, at an annual salary of $15,000 on "Y" basis.

The Executive Committee of the Institute has been consulted and the Vice-President and Provost and the Dean of the Graduate College concur in this recommendation.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

ADMISSION POLICIES AND PRACTICES

At the request of the President of the University, Dr. C. W. Sanford, Dean of Admissions and Records, presented a report on admission policies and practices. An outline of his presentation was distributed, and a copy has been filed with the Secretary of the Board for record.

INTERNAL OPERATING BUDGET FOR 1958-59

(1) The University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1958, for academic and administrative appointments beginning September 1, 1958, and for nonacademic personnel appointments beginning July 1, 1958, is submitted herewith. This budget has been prepared by the Vice-President and Provost and the Vice-President and Comptroller in accordance with policies recommended by the University Budget Committee and procedures approved by the President. It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1958, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial report, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring expenditures in excess of $2,500 shall be presented to the Board for prior approval.

Mr. Swain reported that the Finance Committee, at a meeting held earlier today, reviewed the budget in detail in consultation with the President, the Vice-President and Provost, the Vice-President and Comptroller, and with other members of the Board of Trustees par-
participating in this meeting, and that the Committee supports the budgetary recommendations. President Henry reviewed the presentations he made to the Finance Committee which are contained in the “Condensed Analysis and Summaries” submitted to the Board along with the complete budget in advance of the meeting. A copy of this document is being filed with the Secretary of the Board for record.

Following extended discussion in which all the Trustees present participated, on motion of Mr. Swain, the budget was adopted, the President of the University was authorized to take the actions specified above, and the necessary appropriations were made as recommended. This action was taken by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

The complete budget is printed as an appendix to these minutes beginning on page 1350.

INTERNAL BUDGET OF THE ATHLETIC ASSOCIATION FOR 1958-59

(2) The Director of Intercollegiate Athletics submits, on behalf of the Board of Directors of the Athletic Association, the budget for the Association for 1958-59 which is summarized as follows with comparative figures for the preceding year:

<table>
<thead>
<tr>
<th></th>
<th>1957-58 Revised Estimate</th>
<th>1958-59 Proposed Budget</th>
</tr>
</thead>
<tbody>
<tr>
<td>Income</td>
<td>$1 148,500</td>
<td>$1 125,250</td>
</tr>
<tr>
<td>Appropriations</td>
<td>1,142,015</td>
<td>1,121,679</td>
</tr>
<tr>
<td>Excess of income over appropriations</td>
<td>$6,485</td>
<td>$3,571</td>
</tr>
</tbody>
</table>

The budget has been examined and approved by the Vice-President and Provost and the Vice-President and Comptroller.

I recommend that this budget be approved and that the President of the University be authorized to make such changes and adjustments, including approval of new appointments and acceptances of resignations, as are necessary and recommended by the Board of Directors of the Athletic Association within the total income realized.

On motion of Mr. Johnston, this budget was approved, and authority was given as recommended.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. Robert V. Coleman, Research Assistant Professor of Physics, beginning October 1, 1958, at an annual salary of $7,000 (FY).
2. Joseph Greenberg, Clinical Professor of Pediatrics, beginning June 1, 1958, without salary (AY).
3. Paul E. Hemp, Assistant Professor of Agricultural Education, beginning September 1, 1958, at an annual salary of $7,750 (BY).
4. Otto Pflanze, Assistant Professor of History, beginning September 1, 1958, at an annual salary of $7,000 (B).
5. Roger Yoerger, Associate Professor of Agricultural Engineering, beginning July 1, 1958, at an annual salary of $9,750 (C-AY50; S-AY50).

On motion of Mr. Williamson, these appointments were confirmed.

HEADSHIP OF DIVISION OF MATHEMATICS AT THE CHICAGO UNDERGRADUATE DIVISION

(4) The Executive Dean of the Chicago Undergraduate Division recommends the appointment of Dr. George William Morgenthaler as Associate Professor of
Mathematics on indefinite tenure and Head of the Division (Department) of Mathematics at the Chicago Undergraduate Division beginning September 1, 1958, at an annual salary of $9,000 (A).

Some time ago Professor M. C. Hartley, Head of the Division of Mathematics, asked to be relieved of the headship effective February 1, 1958. This request was approved and Mr. R. M. Price, Assistant Dean of Engineering Sciences and Associate Professor of Physics, was appointed Acting Head for the period February 1 through August 31, 1958. These actions were confirmed by the Board on January 16, 1958.

A special search committee to study the qualifications of available candidates has recommended this appointment and all members of the Division (Department) of professorial rank have been consulted. The Vice-President and Provost and the Dean of the Graduate College join in the recommendation.

I concur.

On motion of Mr. Bissell, this appointment was approved.

COORDINATOR OF INTERNATIONAL COOPERATION PROGRAMS

Professor Deane G. Carter of the Department of Agricultural Engineering, who has also been serving as Coordinator of the International Cooperation Programs on the Vice-President and Provost's staff, has requested that he be retired from active service at the end of the current academic year. To replace him the Vice-President and Provost recommends the appointment of Professor Ralph C. Hay of the Department of Agricultural Engineering as Professor of Agricultural Engineering on indefinite tenure and Coordinator of the International Cooperation Programs beginning September 1, 1958, at a total salary of $11,100 on "AY" basis. He will begin his service in this position as Coordinator-designate as of July 1, working with Professor Carter during the last two months of his active service.

I concur in this recommendation.

On motion of Mr. Nickell, this appointment was approved.

On motion of Mr. Bissell, the Board recorded its appreciation of the services of Professor Deane G. Carter, and the Secretary was requested to send him a letter to this effect on behalf of the Trustees.

REORGANIZATION OF THE COLLEGE OF PHARMACY

The faculty of the College of Pharmacy has recommended, and the Chicago Professional Colleges Senate has approved, the reorganization of the College, which is presently not departmentalized, into the following departments with assignments of functions as indicated in each case:

Department of Pharmacy, including the academic program, research, and general supervision of the manufacturing pharmacy and hospital pharmacy in the Research and Educational Hospitals and the Illinois Eye and Ear Infirmary.

Department of Chemistry, including instruction and research in chemistry, physics, and mathematics.

Department of Pharmacognosy and Pharmacology, including instruction and research in the biological sciences underlying these subjects.

Department of Pharmaceutical Administration, including the instruction and research in accounting, marketing, management, economics, and pharmaceutical jurisprudence; other courses usually classified in Liberal Arts and Sciences, which are now offered or which may be added to the curriculum, will be assigned to this Department.

The College has been operated for many years on the basis of a division of responsibilities according to the departmental organization here recommended, but the administration has been only a working assignment. The administration of the College will be more effective by delegation of responsibilities in specific areas of teaching and research to regularly constituted departments with a qualified head in each case.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.
GRADUATE PROGRAM IN ASTRONOMY
(7) The University now offers a graduate program, approved in 1953, leading to
the degree of Master of Science in Astronomy. The Urbana Senate recommends
expansion of this program to the degree of Doctor of Philosophy in Astronomy.
Submitted herewith is a statement giving the details of the program, a copy of
which is being filed with the Secretary of the Board for record.
I concur.

On motion of Mr. Swain, this recommendation was approved.

PHYSICAL EXAMINATION OF STUDENTS
(8) The Board of Trustees on January 28, 1956, approved a recommendation for
modification of the University's requirement of the pre-entrance physical examina-
tion of students enrolling at Urbana to authorize delegation of the performance of
the examination, in whole or in part, to doctors of medicine not on the staff of the
Health Services, this to be at the option of the student and at his expense. This
was approved for a trial period for one year and was subsequently extended for
another year.

There is submitted herewith a report from the Acting Administrator of Health
Services on the operation of this physical examination program and on experiences
of other universities having similar programs. A copy of this report is being filed
with the Secretary for record. The Acting Administrator makes the following
specific recommendations:

The present trial period of the optional programs shall be extended to De-
cember 31, 1958, and on that date modified and continued permanently as recom-
mended below.

Effective January 1, 1959, all new students proposing to enroll in the Univer-
sity of Illinois, or in the University High School at Urbana, shall be required,
before completion of their registration, to present adequate evidence of satisfac-
tory physical and mental health as determined by the Director of Health Services.

The Director of Health Services of the University shall prescribe the form,
extent, and scope of the required pre-entrance examinations. The examination
may be obtained in accordance with either of these procedures, as the entering
student may prefer:

(a) The pre-entrance examination, except for foreign students, may be per-
formed by properly qualified doctors of medicine of the student's choice, in Illinois
or in other states, territories, or possessions of the United States, the cost of such
examinations to be borne by the student. The examinations shall be subject to
final evaluation and approval by the Director of Health Services who may require
additional examinations if deemed necessary. The examination shall be completed
within the six-month period immediately preceding the registration date for the
particular semester or summer session, and the completed examination record shall
be forwarded or delivered to the Director of Health Services at least fifteen days
prior to the date of registration for the particular semester or summer session.

(b) As an alternative to (a) above, students may obtain, free of charge, their
pre-entrance physical examination, preferably by appointment, at the University
Health Service until fifteen days prior to the date of registration for the particular
semester or summer session. Thereafter, the Health Service shall conduct no
physical examinations of entering students for that semester or summer session,
except for foreign students. Students arriving on campus after such date (i.e.,
fifteen days preceding registration) without a prior physical examination will be
directed to a local practicing physician of the student's choice for the pre-entrance
physical examination which examination shall be at the student's expense.

Former and continuing students in the University of Illinois and in the Uni-
versity High School may also be required to present adequate evidence of satis-
factory physical and mental health prior to readmission to or continuation in the
University.

I concur in the foregoing recommendations, and recommend that the regula-
tions governing the required pre-entrance examinations apply to students enrolling
at Urbana-Champaign and at the Chicago Undergraduate Division, but not to
students at the Chicago Professional Colleges.

On motion of Mrs. Holt, these recommendations were approved.
REGULATIONS REGARDING ASSESSMENT OF RESIDENT AND NONRESIDENT FEES

(9) The Committee on Fees recommends a modification of Rules 14 and 15 in the "Regulations Governing Assessment of Resident and Nonresident Fees," adopted by the Board of Trustees on December 17, 1957, to read as follows:

"14. Persons who are actively serving in one of the Armed Forces of the United States and who are stationed and present in the State of Illinois in connection with that service, and the spouses and children of such persons, shall be permitted to attend the University upon paying the same tuition and other fees assessed against resident students as long as such first mentioned person remains so stationed and present in this State and the spouse or child attending the University is also living in this State.

"15. Staff members and the spouses and children of staff members of the University on full time appointment at the University shall be permitted to attend the University upon paying the same tuition and other fees assessed against resident students during the period the staff member holds such appointment and is performing the duties of the University position to which he has been appointed."

I concur.

On motion of Mr. Williamson, these amendments were approved.

APPROPRIATION BY THE ATHLETIC ASSOCIATION

(10) The Board of Directors of the Athletic Association have made an assignment of $6,000 to reimburse the Alumni Association for expenses incurred in the promotion of the Grants-in-Aid program.

Confirmation of this action is requested.

On motion of Mr. Johnston, this action was confirmed.

APPROPRIATION FOR THE CHICAGO PROFESSIONAL COLLEGES

(11) Since adoption by the Board of Trustees of a revised schedule of fees for services at the Research and Educational Hospitals, the amount of collections from patients has increased. The present quarters for the clerical work of handling collections are inadequate, and the Medical Director of the Research and Educational Hospitals and the Vice-President in charge of the Chicago Professional Colleges recommend remodeling of the area to expand and improve the facilities.

The Vice-President and Provost and the Vice-President and Comptroller recommend an appropriation of $17,000, the estimated cost of this remodeling, from unassigned funds available in 1958-59.

I concur.

On motion of Mr. Hughes, this appropriation was made by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACT FOR SMITH MEMORIAL HALL ROOFING

(12) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $5,945 to the Champaign Midwest Roofing Company, Champaign, Illinois, the lowest bidder, for replacing the roof on Smith Memorial Hall.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACT FOR FURNITURE FOR THE ADDITION TO THE EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(13) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $6,354 to the Allied School
Equipment and Supply Company, Springfield, Illinois, the lowest bidder, for furnishing and installing 476 tablet arm chairs in the two lecture rooms in the addition to the East Dentistry-Medicine-Pharmacy Building now under construction.

Funds are available in the state appropriation, "Remodeling Existing Buildings." I concur.

On motion of Mr. Bissell, this contract was awarded by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACTS FOR COAL AND FUEL OIL FOR MEDICAL CENTER STEAM PLANT AND CHICAGO UNDERGRADUATE DIVISION

Coal for Medical Center Steam Plant

(14) The Director of the Physical Plant Department, the Business Manager of the Chicago Colleges, and the Vice-President and Comptroller recommend award of a contract to the Crear Clinch Coal Company, 3552 West Division Street, Chicago, the lowest bidder, for 27,000 tons of screenings coal to be delivered to the Medical Center Steam Company Plant, operated by the University, as required during the period July 1, 1958, to June 30, 1959, at a per ton cost of $4.65, plus transportation of $1.39, plus $1.19 for handling, storage, and delivery, or a total estimated cost of $195,210.00. This price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed, and any such change affects the price to the extent that production costs are increased or decreased by new freight rates or wage contracts. The University has the right of approval of any such increase in price.

The low bid is determined by the number of British thermal units per one cent of cost based on guaranteed analysis. A continuous check is provided at the Steam Plant to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant

University officers also recommend the purchase of a minimum of 8,000 gallons of No. 6 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1958-59 heating season, from the Jewett and Sowers Oil Company, 2580 South Archer Avenue, Chicago, the lowest bidder, at a price not to exceed $0.0737 per gallon subject to adjustment in accordance with the posted price variations published in the Wall Street Journal. On the basis of the maximum price quoted, the total cost of 8,000 gallons would be $597.60, and of 450,000 gallons, $33,015.

The Medical Center Steam Company Plant is equipped to burn coal, gas, or oil. Winter operation has been with coal, and summer operation has been with gas. The purchase of fuel oil is recommended for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

Fuel Oil for Undergraduate Division

University officers also recommend the purchase of No. 5 fuel oil, not to exceed 340,000 gallons, for the 1958-59 heating season, from the Jewett and Sowers Oil Company, 2580 South Archer Avenue, Chicago, the lowest bidder, at a price not to exceed $0.0869 per gallon subject to adjustment in accordance with the posted price variations published in the Wall Street Journal. On the basis of the maximum price quoted, the total cost of 340,000 gallons would be $29,546.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts and necessary documents, subject to approval by the Governor as required by the State Constitution.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.
The Director of the Institute of Aviation and the Vice-President and Comptroller recommend award of a contract for $473,451 to Kuhne-Simmons Co., Inc., Champaign, the lowest bidder, for the construction of the first unit of a Terminal Building and Control Tower at the University of Illinois Airport. This contractor submitted a low gross bid of $511,474; acceptance of alternates, totaling $38,023, for omission of the observation deck and covered walkways is recommended to reduce the total cost of the project.

The Board of Trustees has authorized the execution of a project agreement with the Federal Civil Aeronautics Administration and of an Agency and Participation Agreement with the State Department of Aeronautics for these improvements at the Airport. This contemplated an allocation of $168,000 of federal funds and $160,000 of state funds. As building plans were developed, certain refinements and improvements were found to be desirable as a result of which the total cost of the project is higher than the original estimates. On the basis of bids received it is clear that the total cost of the project will be $530,000. The Federal Civil Aeronautics Administration has indicated that it will contribute $254,550 and the State Department of Aeronautics will contribute $240,000. Hence, an assignment of $35,450 from University funds will be required of which $25,450 is currently available in the Airport Revolving Account leaving $10,000 to be assigned from the General Reserve.

It is recommended that:

1. The Comptroller and the Secretary of the Board of Trustees be authorized to execute a revised agreement with the Federal Civil Aeronautics Administration and a revised Agency and Participation Agreement with the Department of Aeronautics of Illinois consistent with the revised estimates of funds to be provided by these agencies;

2. An assignment of $25,450 be made from the Airport Revolving Account and an assignment of $10,000 be made from the University’s General Reserve Fund for these portions of the University’s costs;

3. A contract for $473,451 be awarded to Kuhne-Simmons Co., Inc., Champaign, for the construction of the Terminal Building and Control Tower; and that

4. The following resolution be adopted:

Resolution Accepting, Adopting, and Authorizing Execution of Acceptance of Grant Offer of the Administrator of Civil Aeronautics, Constituting Grant Agreement Between the Board of Trustees of the University of Illinois and the United States

WHEREAS, the Administrator of Civil Aeronautics, for and in behalf of the United States, has extended to the Board of Trustees of the University of Illinois a formal Grant Offer, dated June 13, 1958, pursuant to the Project Application of the Board of Trustees of the University of Illinois submitted to the Civil Aeronautics Administration, dated February 21, 1958, as hereinbelow set forth, and all relating to the development of the University of Illinois Airport; the same bearing F.A.A. Project No. 9-11-026-5802; and

WHEREAS, pursuant to and for the purposes of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Public Law 377, 79th Congress), it is necessary that said Grant Offer be duly and formally accepted by the Board of Trustees of the University of Illinois; and

WHEREAS, such Grant Offer and such Acceptance thereof, duly executed, together shall constitute the Grant Agreement between the Board of Trustees of the University of Illinois and the United States relating to said airport-development project; and

WHEREAS, the said Grant Offer is in the words, figures, and form following:
Date of Offer: June 13, 1958
University of Illinois Airport
Project No. 9-11-026-5802
Contract Serial No. C3ca-1394A

To: The Board of Trustees of the University of Illinois and the State of Illinois acting by and through its Department of Aeronautics (herein referred to as the "Co-Sponsors")

From: The United States of America (acting through the Administrator of Civil Aeronautics, herein referred to as the "Administrator")

Whereas, the Co-Sponsors have submitted to the Administrator a Project Application dated February 21, 1958, for a Grant of Federal funds for a project for development of the University of Illinois Airport (herein called the "Airport"), together with plans and specifications for such project, which Project Application, as approved by the Administrator, is hereby incorporated herein and made a part hereof; and

Whereas, the Administrator has approved a project for the development of the Airport (herein called the "Project") consisting of the following described airport development:

1. Construct unit of administration building with utilities;
2. Construct control tower with utilities;
3. Relocate beacon, (This is in addition to the development included in Project No. 9-11-026-101.)

all as more particularly described in the property map and plans and specifications incorporated in the said Project Application;

Now therefore, pursuant to and for the purposes of carrying out the provisions of the Federal Airport Act (60 Stat. 170; Public Law 377, 79th Congress), and in consideration of (a) the Board of Trustees of the University of Illinois' adoption and ratification of the representations and assurances contained in said Project Application and acceptance of this Offer by the Board of Trustees of the University of Illinois and the State of Illinois, Department of Aeronautics as hereinafter provided and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport, as herein provided,

The Administrator, for and on behalf of the United States, hereby offers and agrees to pay, as the United States' share of costs incurred in accomplishing the project, 50 per centum of all allowable project costs, subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $254,550.00.

2. The Co-Sponsors shall
   (a) begin accomplishment of the Project within a reasonable time after acceptance of this Offer, and
   (b) carry out and complete the Project in accordance with the terms of this Offer, and the Federal Airport Act and the Regulations promulgated thereunder by the Administrator in effect on the date of this Offer, which Act and Regulations are incorporated herein and made a part hereof; and
   (c) carry out and complete the Project in accordance with the plans and specifications and property map incorporated herein as they may be revised or modified with the approval of the Administrator or his duly authorized representatives.

3. The Board of Trustees of the University of Illinois shall operate and maintain the Airport as provided in the Project Application incorporated herein.
4. The maximum amounts of building space which the Sponsor shall be obligated to furnish civil agencies of the United States for the purposes and on the terms and conditions stated in Paragraphs 9 of Part III of the Project Application is set forth in the attached schedule of Maximum Rent Free Space Requirements, which is incorporated herein and made a part hereof.

5. Any misrepresentations or omission of a material fact by the Co-Sponsors concerning the Project or the Co-Sponsors' authority or ability to carry out the obligations assumed by the Co-Sponsors in accepting this Offer shall terminate the obligation of the United States, and it is understood and agreed by the Co-Sponsors in accepting this Offer that if a material fact has been misrepresented or omitted by the Co-Sponsors, the Administrator on behalf of the United States may recover all grant payments made.

6. The Administrator reserves the right to amend or withdraw this Offer at any time prior to its acceptance by the Co-Sponsors.

7. This Offer shall expire and the United States shall not be obligated to pay any of the allowable costs of the Project unless this Offer has been accepted by the Co-Sponsors within 60 days from the above date of Offer or such longer time as may be prescribed by the Administrator in writing.

8. The Administrator in tendering this Offer in behalf of the United States recognizes the relationship between the Board of Trustees of the University of Illinois of Champaign-Urbana, Illinois and the Department of Aeronautics, State of Illinois, created by the Agency and Participation Agreement between said University and Department, executed respectively February 19, 1958 and February 21, 1958, as amended by amendment dated June 17, 1958, raising the amount of the Department's contribution to $240,000.00, copies of which Agreement are attached hereto and made a part of this Grant Agreement. It is further understood and agreed by the parties hereto that said Agreement will not be amended, modified or terminated without the approval, in writing, of the Administrator or his duly designated representative.

9. The parties hereto agree that any reference herein, or in the aforesaid Project Application, to plans and specifications shall mean the plans and specifications as approved by the Chief, Engineering Branch, Airports Division, Region 3, Civil Aeronautics Administration, on March 26, 1958.

10. The Sponsor hereby covenants that it is its intention and it will make every reasonable effort consistent with statutory and constitutional limitations imposed upon it and subject to its ability to secure funds therefore to acquire on or before March 29, 1961 the title or an easement satisfactory to the Administrator in land lying within zones, trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway measured along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side thereof and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline.

11. The Sponsor hereby covenants and agrees that, to the extent that the Sponsor holds or may hereafter acquire ownership or such other rights as may legally allow it to carry out its obligations under this covenant, it will not permit or suffer any growth, structure, or object, except farm crops or such structures as are necessary as aids to air navigation, on any land lying within zones, trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side thereof and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline.

The Co-Sponsors' acceptance of this Offer and ratification and adoption of the Project application incorporated herein by the Board of Trustees of the University of Illinois shall be evidenced by execution of this instrument by the Co-Sponsors, as hereinafter provided, and said Offer and acceptance shall comprise a Grant Agreement, as provided by the Federal Airport Act, constituting the obligations and rights of the United States and the Co-Sponsors, respectively, with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Co-Sponsors'
acceptance of this Offer and remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

Now, therefore, upon consideration of said Grant Offer and all of the terms, provisions, conditions and exhibits therein and thereto, be it, and it is hereby resolved by the Board of Trustees of the University of Illinois as follows:

1. That the Board of Trustees of the University of Illinois accept, and it does hereby accept the Grant Offer extended to it by the Administrator of Civil Aeronautics, for and in behalf of the United States, in the words, figures, and form as hereinabove set forth and that it shall enter into a Grant Agreement with the United States by causing the Acceptance thereof, in the words, figures, and form as hereinabove set forth, to be duly executed in its name and for and in its behalf.

2. That, to accomplish the foregoing, H. O. Farber, Comptroller, be and he is hereby authorized and directed to execute, for and in behalf of the Board of Trustees of the University of Illinois, the said Acceptance of the said Grant Offer, and that A. J. Janata, Secretary, be and he is hereby authorized and directed to attest said execution and to impress thereon the Official Seal of the University of Illinois.

3. That the Project Application, dated February 21, 1958, executed and submitted to the Civil Aeronautics Administration by the Board of Trustees of the University of Illinois, relating to F.A.A. Project No. 9-11-026-5802, including all the statements, representations, warranties, covenants, and agreements, contained therein, be and the same is hereby ratified and adopted.

4. That the Agency and Participation Agreement, attached thereto and by reference made a part thereof, entered into on the 19th day of February, 1958, by the Board of Trustees of the University of Illinois and on the 21st day of February, 1958, by the State of Illinois, Department of Aeronautics, as amended by amendment dated June 17, 1958, raising the amount of the Department's contribution to $240,000.00, be and the same is hereby confirmed and ratified.

On motion of Mr. Swain, the foregoing recommendations, including the assignments of funds, award of the contract, and adoption of the resolution, were approved by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**ADDITION TO CONTRACT FOR REMODELING IN THE RESEARCH AND EDUCATIONAL HOSPITALS**

(16) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of $42,164 in the contract with Russell Mansfield, 1229 West Glenlake Avenue, Chicago, Illinois, for the remodeling of the third and fourth floors of the Research and Educational Hospitals.

When the original contract for $295,078 for this remodeling was awarded by the Board of Trustees on February 18, 1958, certain alternates were not included but were deferred until it was clear that sufficient funds would be available. The contractor agreed to extend the time for acceptance of these alternates to July 4, 1958. It has now been determined that funds will be available and this increase is recommended for inclusion of the omitted alternates to provide:

- **Alternate 2.** Remodeling of four rooms on the fourth floor for Anesthesiology workrooms and offices.
- **Alternate 3.** Remodeling of five rooms on the third floor for the Hospital Laboratories.
- **Alternate 4.** Remodeling of three rooms and provision of washroom facilities for a locker room and for living quarters for residents who are on call.

Funds are available in the state capital appropriations to the University for 1957-59 subject to release by the Governor. I concur.

On motion of Mrs. Watkins, this change in the contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.
ADDITION TO CONTRACT FOR CONSTRUCTION OF
MEN'S RESIDENCE HALLS

(17) The Director of the Physical Plant Department and the Vice-President and
Comptroller recommend an increase of $3,572 in the contract with Felmy-
Dickerson Co., Urbana, for the general work on the construction of the Men's
Residence Halls in the Parade Grounds area. This addition provides for the
construction of sidewalks in the enclosed courtyards of the three dormitory build-
ings. The sidewalks were not included in the original contract because specifications
could not be written until the landscaping plans for the area were developed.

Funds are available in the proceeds of the issue of Men's Residence Halls
Revenue Bonds of 1957.

I concur.

On motion of Mrs. Holt, this change in the contract was authorized
by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr.
Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr.
Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

HOSPITAL AND MEDICAL INSURANCE FOR 1958-59

(18) The University has a contract with the Bankers Life and Casualty Company
of Chicago for the hospital-medical-surgical insurance for students and staff for
1957-58 with the right of renewal annually upon mutual agreement with the Company.

Relationships with the Company have been excellent. Claims have been paid
promptly and without exception. The Company has incurred losses, due in part
to an abnormal number of claims resulting from the incidence of Asian influenza
last fall.

Bankers Life and Casualty Company proposes adjustments in premiums and
benefits for 1958-59 as follows:

<table>
<thead>
<tr>
<th></th>
<th>Premiums</th>
<th>Second Low Bid</th>
<th>Amount Charged by the University</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students (per semester)</td>
<td>$ 6.40</td>

<td>52.50</td>
<td>56.25</td>
</tr>
<tr>
<td></td>
<td>Family</td>

</tbody>
</table>

In addition, the benefits for the Urbana Campus student plan would be modified
to the extent that the maternity benefit would be reduced to a flat allowance
of $85 from the present benefit paying approximately $225. This benefit will then be
equivalent to that of the Urbana staff plan.

The Navy Pier student program would continue on the premium schedule
currently in effect and would have the hospital miscellaneous expense provision
increased from $100 to $200.

The Finance Committee has considered and recommends this acceptance of
the Bankers Life and Casualty Company's proposal.

On motion of Mr. Johnston, this recommendation was approved by
the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr.
Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins,
Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACT WITH OZARK AIR LINES FOR THE USE OF THE
UNIVERSITY OF ILLINOIS AIRPORT

(19) On July 16, 1957, the Board of Trustees approved continuation of a contract
with Ozark Air Lines for the use of facilities at the University of Illinois Airport
on a month-to-month basis until June 30, 1958. A new contract can not be nego-
tiated until assignments of space in the new Administration Building are determined.

In the meantime, the Director of the Institute of Aviation and the Vice-
President and Comptroller recommend that the present contract be continued on
the month-to-month basis until the new building is occupied. Ozark Air Lines will
continue paying the following charges now in effect:

1. Landing fees $360 per month or two per cent of the "on line" revenue, whichever is greater, for up to fifteen flights daily.
2. Rental of office space at $75 per month.
3. Gasoline sales at cost plus a handling charge of four cents per gallon.

Ozark has discontinued the services of a lineman, so that this item is no longer applicable.

I concur.

On motion of Mr. Hughes, the extension of this contract, as recommended, was authorized.

**CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS**

(20) The Director of Housing, the Director of the Physical Plant Department, and the Vice-President and Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the individual housing units operated by the University at Urbana-Champaign. This contract is for the fiscal year beginning July 1, 1958, to provide for services as required, payments to be made at the following rates which are those in effect during the current fiscal year ending June 30, 1958:

<table>
<thead>
<tr>
<th>Labor Rates</th>

</tbody>
</table>

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Funds are available in the income of the Housing Division.

I concur.

On motion of Mr. Johnston, this contract was authorized.

**CONTRACT FOR PLASTERING AND ACOUSTICAL WORK**

(21) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract to Edmond T. Drewitch, Urbana, the lowest bidder, for plastering, patching repairs, and acoustical installations, work to be done as needed, for the fiscal year beginning July 1, 1958, on the basis of the following terms: $2.25 an hour for trucking of equipment and materials for actual time used solely for transportation, provided that not over 10 per cent of one job will be charged to trucking costs, unless the total costs are $25.00 or less; contractor’s fee of 18 per cent of all job costs when project costs exceed $25.00.

I concur.

On motion of Mr. Swain, this contract was authorized.

**LEASE OF PEORIA OFFICE OF DIVISION OF SERVICES FOR CRIPPLED CHILDREN**

(22) The Business Manager of the Chicago Colleges and the Vice-President and Comptroller recommend renewal of a lease for office quarters occupied by the Division of Services for Crippled Children in the Central National Bank Building in Peoria, owned by the Central National Bank and Trust Company, for one year from July 1, 1958, at a rental of $270.00 a month, which is the current rental.

I concur.

On motion of Mr. Nickell, this lease was authorized.

**PURCHASES**

(23) The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

APPOINTMENT OF HEAD OF DEPARTMENT OF PHYSICAL EDUCATION FOR MEN

(25) Dean S. C. Staley of the College of Physical Education has also been serving as Head of the Department of Physical Education for Men since the change in status of the School of Physical Education to College and its reorganization into departments. He has asked to be relieved of the headship and has recommended the appointment of Dr. C. O. Jackson, Professor of Physical Education for Men, as Professor of Physical Education for Men on indefinite tenure and Head of the Department beginning September 1, 1958, at an annual salary of $11,000 on "A" basis.

This appointment has been recommended after consultation with all members of the Department of professorial rank and is concurring in by the Vice-President and Provost and the Dean of the Graduate College.

I recommend approval.

On motion of Mr. Nickell, this appointment was approved.

CONVEYANCE OF LAND TO GRADE SCHOOL DISTRICT 532 PUTNAM, MARSHALL, AND LASALLE COUNTIES AND TO MCKENDREE COLLEGE

(26) The Head of the Department of Agronomy and the Director of the Agricultural Experiment Station recommend that the experimental fields at Lebanon and McNabb, Illinois, be discontinued. It is the judgment of the staff of the Department that all of the experimental data and other scientific information it is possible to get under present conditions on these two fields have been obtained. The fields have not been used since April 1, 1958. Accordingly, the Department was authorized to abandon them and confirmation of this action is requested.

The field at Lebanon was granted to the University in 1910 for experimental use. The field at McNabb was originally leased from John Swaney for the period from 1907 to 1909 at a nominal rental of $36 a year. By his will this property became part of a trust created by him for the benefit of the school district in Magnolia Township, Putnam County, Illinois, in 1918. To settle the estate, the land was sold in 1950 subject to the University's lease. It was purchased by the Marshall-Putnam Counties Farm Bureau which in turn deeded it to the University with the provision that the land revert to School District 532, Putnam, Marshall, and LaSalle Counties after it ceased to be used as an experimental field for two consecutive years. Since both of these fields were acquired by gift without cost to the University (except for the nominal rental paid for the McNabb Field) with the provision that they would automatically pass to the grantees if not used for experimental purposes for a period of two years, I recommend that the title of the field at Lebanon revert to McKendree College and that the title to the field at McNabb be passed to the John Swaney Consolidated Grade School District 532 of Putnam, Marshall, and LaSalle Counties in Illinois, as provided in the deeds transferring the fields to the University. I further recommend that the Secretary and the Comptroller of the Board be authorized to execute the necessary quitclaim deeds on the tracts described as follows:

Six (6) acres of land being part of the East half (E'2) of the Southwest quarter (SW1/4) of Section Fifteen (15), Township Thirty-one (31) North, Range One (1) West of the Third Principal Meridian, commencing at a point Twenty (20) Rods South and Eighty (80) Rods East of the Northwest corner of said Quarter Section, thence South Twenty (20) Rods, thence East Forty-eight (48) Rods, thence North Twenty (20) Rods, thence West Forty-eight (48) Rods, to the Place of Beginning, Situated in the County of Putnam, State of Illinois to be conveyed to the John Swaney Consolidated Grade School District 532, Putnam, Marshall, and LaSalle Counties; and

Parts of lots #43 and #44 in the Southwest 1/4 Section #19, Township 2 North, Range 6 West of the 3rd Principal Meridian, described as follows to-wit: Beginning the survey thereof at a point three hundred and twenty-five (325) feet south of the intersection of the south line of Second South Street, and the east line of the right of way of the East St. Louis & Suburban Railway Co. Thence running south along the east line of said Railway seven hundred forty three and three one-hundredths (743.03) feet: Thence east
parallel with the south line of Second South Street eleven hundred seventy-two and five tenths (1172.5) feet: Thence north parallel with the east line of said Railway seven hundred forty three and three one hundredths (743.03) feet: Thence west eleven hundred seventy two and five tenths (1172.5) feet: to the place of beginning, situated in the Township of Lebanon in the County of St. Clair, Illinois, containing Twenty (20) acres to McKendree College, a corporation organized and existing under and by virtue of the laws of the state of Illinois.

On motion of Mrs. Holt, these quitclaim deeds were authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

CONTRACT FOR REPLACEMENT OF ARMORY ROOF

(27) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend award of a contract for $213,890 to the Limbach Company, Pittsburgh, Pennsylvania, the lowest bidder, for replacement of the roof on the University Armory. The base bid is $204,770; it is recommended that the University accept an additive alternate of $12,320 for replacement of the skylight and a deductive alternate of $3,200 for covering false bands on the trusses with aluminum.

Funds are available in the state capital appropriations to the University for 1957-59, subject to release by the Governor.

I concur.

On motion of Mr. Swain, this contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

ADDITION TO CONTRACT FOR HEATING IN ADDITION TO LINCOLN AVENUE RESIDENCE

(28) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend an increase of $68,888 in the contract with the Ideal Heating Company, Chicago, for the installation of the heating system in Allen Hall (the addition to the Lincoln Avenue Residence) to correct a deficiency. Naess and Murphy, architects for the building, did not include sufficient radiation in the plans and specifications for the heating system.

It is obvious that if the heating installation had been designed to provide adequate radiation this would have required additional material and labor which would have been reflected in the original contract price. The determination of how much this would have affected the original contract price and the extent of the architects' responsibility for the additional cost required to correct the deficiency has not been completed, but a report will be made to the Board later.

I concur in the recommendation for the increase in the contract.

Funds are available in the proceeds of the bond issue to finance the construction of this building and a part of the cost will be paid by Naess and Murphy.

On motion of Mrs. Holt, this increase in the contract was authorized by the following vote: Aye, Mr. Bissell, Mrs. Holt, Mr. Hughes, Mr. Johnston, Mr. Livingston, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

ADDITION TO CONTRACTS FOR CONSTRUCTION OF BIOLOGY BUILDING

(29) The Director of the Physical Plant Department and the Vice-President and Comptroller recommend the following increases in contracts for the construction of the Biology Building:

Heating, process piping, and refrigeration — George S. Walker Plumbing and Heating, Inc., Decatur, ..................................................$12 551 80

Educational equipment — Hamilton Manufacturing Company, Two Rivers, Wisconsin .................................................. 2 677 90

officers. Among the alternatives before us, the plan presents the only possibility for improvement in the immediate future.

All points of view on the plan have been reviewed and taken into account in the recommendations which follow. The Traffic and Parking Board has worked arduously and conscientiously. Extended consultations have been held with students and staff, individually and in groups. From these discussions, modifications and reconciliations have been made wherever possible without impairing the over-all principles of operation and the objectives. As is inevitable in dealing with such a subject, critics still remain. The plan does promise to effect a substantial improvement in existing arrangements, however, and deserves a trial.

The plan is based upon giving full-time members of the staff priority in the use of University lots, with some additional spaces being made available through fees voluntarily paid. Further, parking on University streets is reserved for full-time and junior staff. Undergraduates are restricted from daytime parking in an area enlarged over the one previously defined to allow staff members and graduate students not accommodated in University lots and streets to park nearer to their work location.

To pay for the storage areas to be made available for student cars and a portion of the costs of supervision and enforcement of the plan insofar as it affects students, a fee of $15 a year will be charged student car owners.

I must emphasize that the efficiency of the University staff, and the attractiveness of University employment, is affected by availability of parking space. It is a factor in staff morale and recruitment. The problem can be solved long range only by the provision of land and car storage facilities for which financing is not now available. Meanwhile, we hope the steps here proposed will help to resolve some of the present difficulties.

The tentative recommendations of the Traffic and Parking Board have been submitted to the undergraduate Committee on Student Affairs and made available to the corresponding committees of the Graduate College, the College of Law, and the College of Veterinary Medicine. Open forums have been held for information and suggestions for the faculty and staff as well as for the students. Consideration has been given to the suggestions from these sources.

On the basis of the report of the University Traffic and Parking Board, modified in consultation with a number of University officers, I recommend:

A. That approximately 400 permanent parking spaces be constructed on University-owned land on sites approved by the Building Program Committee and recommended by the Physical Plant Department, at a cost approximating $180,000, subject to the following:

1. The above costs to be financed from borrowed funds and liquidated through charges to staff members.

2. Approximately 350 spaces in University designated parking lots, including those to be constructed, to be assignable and reserved for the exclusive use of faculty-staff members or car pools of such members upon payment of a fee of $60 a year. Assignment of space would be on a first-come-first-served basis.

3. Income from fees to be pledged to liquidate the loan for construction of parking lots.

4. All present assignments of reserved parking space to be discontinued, except as follows:

a. Areas posted for "Clinic" use (such as those provided for Physical Therapy, Speech, and Small Animal Clinic) which are to be used for outpatients only.

b. Spaces reserved for University-owned departmental cars and/or visitor use only (such as at the Physics Building, Mumford Hall, Civil Engineering Hall, Illini Hall, Control Systems Laboratory, and Engineering Research Laboratory).

c. General service areas (such as Administration Building, Illini Hall, Davenport Hall, and Engineering Research Laboratory) which are to be used in accordance with the posting.

d. Spaces needed for the transaction of University business or to honor existing valid commitments, including cases of physical disability. The University may pay to this project rentals for such space.
5. To provide a firm basis for financing this program, all full-time staff members to be advised of the program and given an opportunity to apply for reserved space, based on a payment of the $60 fee. The number of additional parking spaces (within the quota) to be constructed will be limited to the number of written applications for such space.

B. That the following be substituted for items 1a, 1b, 2a, and 2b in the regulations adopted by the Board of Trustees at its meeting on January 28, 1956:

1. The area of restricted parking for student-operated cars, including the streets named, shall be as follows:
   - Southern Boundary — Florida Avenue from Orchard Street to Lincoln Avenue; Lincoln Avenue from Florida Avenue to Pennsylvania Avenue; Pennsylvania Avenue from Lincoln Avenue to the Illinois Central tracks.
   - Western Boundary — Illinois Central tracks from Pennsylvania Avenue extended north to Green Street; Green Street from the Illinois Central tracks to First Street; and First Street from Green Street north to University Avenue.
   - Northern Boundary — University Avenue from First Street to Lincoln Avenue.
   - Eastern Boundary — Lincoln Avenue from University Avenue south to Green Street; Green Street east from Lincoln Avenue to Orchard Street; and Orchard Street from Green Street south to Florida Avenue.

2. All students shall be prohibited from parking:
   - Within the restricted parking area as described above during the hours of 1:00 a.m. to 5:00 p.m., Monday through Friday, while the University is in session.
   - On any University street, drive, or designated parking lot, except when posted to the contrary.
   - Exceptions:
     1) All students may park on University streets and city streets in the restricted area from 5:00 p.m. to 1:00 a.m.
     2) All students living outside the restricted parking area may park on city streets west of Fourth Street in Champaign and east of Lincoln Avenue in Urbana between 6:00 a.m. and 1:00 a.m.
     3) Graduate and professional students with baccalaureate degrees who hold at least a half-time academic teaching or research appointment and graduate and professional fellows will be given permits which will permit them to park in the faculty-staff lots from 5:00 p.m. to 1:00 a.m. and on University and city streets in the restricted area at any time, subject to city regulations. Other graduate and professional students with baccalaureate degrees may park at any time on city streets within the restricted area, subject to city regulations.
     4) All students may park in metered spaces on city streets from 6:00 a.m. to 1:00 a.m.

3. Within the restricted area, all students requiring overnight storage may either
   - Use an off-street garage or storage space for their vehicles or
   - Garage their vehicles in a designated University storage area provided at University expense.

4. Any undergraduate student and any graduate or professional student not holding at least a half-time appointment or a fellowship enrolled at the Champaign-Urbana Campus and owning and/or operating a car will be assessed a fee of $15 a year ($7.50 a semester).

C. That the Physical Plant Department be instructed to proceed to the implementation of the plan subject to review and approval by the Vice-President and Provost's Office, so that it may become operative by September 1, 1958.

I recommend that the Board of Trustees adopt the plan presented in general, and that the President of the University be authorized to amend it from time to time in the light of experience and upon appropriate recommendations. This is consistent with the “General Rules Concerning University Organization
and Procedure" adopted by the Board of Trustees which gives the President authority to make traffic and parking regulations and such changes therein as conditions may warrant.

Director L. A. Bryan of the Institute of Aviation, who has been serving as the Chairman of the Traffic and Parking Board, made a statement in support of these recommendations.

On motion of Mr. Williamson, the recommendations of the President were approved.

EXECUTIVE SESSION

Before the Board convened for its regular meeting, an executive session was requested and ordered for consideration of the following items of business.

AIR RIGHTS OVER PROPERTIES ADJOINING UNIVERSITY OF ILLINOIS AIRPORT

In the negotiations with the Civil Aeronautics Administration for federal funds for the construction of the first unit of an Administration Building and Control Tower at the University of Illinois Airport, the University has been asked to declare that it will acquire, either through purchase or by easement by 1961, control of the air rights over certain areas at each end of the north-south runway. The Civil Aeronautics Administration requires assurance that the approach flight path will not be obstructed on any airport which it operates or assists in improving. Aside from the federal requirements, it is important to the University to have control of the air rights over these areas, but it had not been anticipated that any steps would be taken immediately. In view of the request from the Civil Aeronautics Administration, the University should begin negotiations for easements.

The owner of the property at the north end of the runway is interested in selling his land to the University but in earlier negotiations indicated an unwillingness to sell or grant an easement without a commitment on the part of the University to purchase the land. Since funds are not currently available, it is impossible to make a commitment for such a purchase and negotiations for the acquisition of an easement will take some time. In view of this situation the Civil Aeronautics Administration is willing to accept, in lieu of a commitment, a declaration by the Board of Trustees of the University of Illinois that it agrees that acquisition of air rights over the area is desirable, that the Board will seek funds necessary to acquire the property by purchase or air rights over the property on or before March 29, 1961, and that if any building construction on this area is started in the meantime the Board will take whatever steps it can within its statutory powers to prevent or abate the construction.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend that the Board of Trustees adopt the following resolution.

Resolution

WHEREAS the Board of Trustees of the University of Illinois, a public corporation, proposes to improve its airport facilities by the construction of an administration building; and

WHEREAS the Federal Government proposes to participate in this improvement by making a substantial grant to the cost of this project, and

WHEREAS the Federal Government, in making such grant requires assurances that the Board of Trustees of the University of Illinois will within its statutory and constitutional authority take any action available to it which may be required to keep the area trapezoid in shape, extending outwardly 2000 feet from a point located 200 feet outward from each end of the N/S runway measured along the centerline thereof as projected outward, the said zones being 400 feet wide at the said beginning point, measured equidistant on each side of the projected centerline, and increasing to a width of 800 feet at its outer extremity, measured equidistant on each side of the projected centerline free of obstacles that will interfere with the flight path.
Now therefore it is hereby resolved by the Board of Trustees of the University of Illinois:

a. That it record its agreement as to the desirability of acquiring control of the zone above described and its intention to seek funds necessary to acquire title to this property or air rights over this property on or before March 29, 1961 and

b. That in the event any construction or building endangering the landing, taking off or maneuvering of aircraft is started prior to the time the Board of Trustees of the University of Illinois, a public corporation, shall acquire such rights the Board of Trustees of the University of Illinois shall take those steps possible within its statutory and constitutional authority and available to it to attempt to prevent or abate the obstruction.

On motion of Mr. Williamson, the foregoing resolution was adopted.

SLICHTER, Charles P., Professor of Physics (C), two months from June 16, 1958, $1200 a month; this is in addition to his present appointment (5-22-58).

SMITH, Donald G., Research Associate in Agricultural Economics (S), one year from September 16, 1958, $10,100 a year (5-23-58).

STERN, H., Research Assistant in Agriculture, Summer Session of 1958, June 16-August 9, 1958, $800 for the period (5-28-58).

STONE, John E., Research Assistant in Geology, two months from June 16, 1958, $300 a month (5-22-58).

SUTHERLAND, Stephen B., Assistant in Geography, Summer Session of 1958, June 16-August 9, 1958, $600 a month, supersedes (5-22-58).

TAUB, Abraham H., Research Professor of Applied Mathematics (Digital Computer Laboratory), two months from June 16, 1958, $1777.78 a month; this is in addition to his present appointment (5-23-58).

UENO, Akira, Assistant in Food Technology (S), two months from July 1, 1958, $458.33 a month (5-28-58).

WERT, Charles A., Professor of Physical Metallurgy (Department of Physics) (C), ½ time, June 16-July 31, 1958 and August 15-31, 1958, $494.44 a month; this is in addition to his present appointment (5-23-58).

WISEMAN, Neil E., Research Assistant in the Digital Computer Laboratory, June 16-July 31, 1958 and September 1-15, 1958, $1000 a month; this is in addition to his present appointment (5-23-58).

FELLOWS

(The following appointments were made by the President of the University.)

HOYT, Elmore L., Mary C. McLellan Fellow in Art, 1958-59.

GRADUATE FELLOWS

(The following appointments were made by the Dean of the Graduate College on the date indicated in parentheses.)

AGOSTA, William C., Postdoctoral Fellow in Chemistry, one year from September 1, 1958, $5000 (5-23-58).

ANDERSON, Richard C., Edward Orton, Jr. Foundation Fellow in Ceramic Engineering, nine months from September 16, 1958, $1600 (5-23-58).

ARNOLD, Cordelia, Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).

ARZBECHER, Joan C., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).

BANKS, Wilson P., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).

BETHEM, August J., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).

BRINK, Allen L., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).
Brooks, Robert A., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $4200 (5-26-58).
Brosse, Russell L., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Butke, Austin G., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3000 (5-26-58).
Campbell, Rachel J., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Devney, Ruth O., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3300 (5-26-58).
Dilworth, Ruth O., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Dorsett, Joseph L., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3900 (5-26-58).
Droegemeier, Francis G., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3900 (5-26-58).
Earl, Marilyn P., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3300 (5-26-58).
Ecker, Edwin D., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Eibeck, Richard E., Olin Mathieson Corporation Fellow in Chemistry, two months from June 16, 1958, $350; and nine months from September 16, 1958, $1700 (5-22-58).
Ellis, G. Glen, Jr., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3900 (5-26-58).
Flenor, Osburn R., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $2400 (5-26-58).
Frame, Harlan D., Olin Mathieson Corporation Fellow in Chemistry, two months from June 16, 1958, $400 (5-22-58).
Gilmore, Hal M., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $1200 (5-26-58).
Goering, Reuben J., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $4200 (5-26-58).
Gramer, Dorothy, Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3050 (5-26-58).
Greek, Ronald B., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Hall, Robert L., Hammond Lead Company Fellow in Ceramic Engineering, nine months from September 16, 1958, $1800 (5-21-58).
Hart, Alice G., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3600 (5-26-58).
Haynes, LeRoy W., Fellow in Chemistry, two months from June 16, 1958, $275 (4-24-58); and Sinclair Refining Company Fellow in Chemistry, nine months from September 16, 1958, $1500 (3-31-58).
Hengel, Patricia T., Mathematics Institute Fellow in Mathematics, nine months from September 16, 1958, $3900 (5-26-58).

RESIGNATIONS AND DECLINATIONS

BANDINI, MARIO, Visiting Lecturer in Agricultural Economics — resignation effective June 16, 1958.

BAUGHN, LAURA E., Instructor in Nursing — resignation effective June 1, 1958.

CARO, MARCUS R., Professor and Head of Department of Dermatology (Medicine) — resignation effective September 1, 1958.
CHEN, TIENT, Assistant Professor of Civil Engineering (C) — resignation effective September 1, 1958.

CONDON, BERTHA, Commerce and Sociology Library Assistant — resignation effective September 1, 1958.

CROSS, WILLIAM E., Vocational Rehabilitation Fellow (Trainee) in Social Work — resignation effective March 1, 1958.

CURLEY, DANIEL, Assistant Professor of English, Summer Session of 1958 — declination effective June 16, 1958.

Dally, MRS. ANNE, Instructor in Occupational Therapy (Medicine) — resignation effective July 5, 1958.

FARRIS, DOROTHY, Head Resident, Allen Hall (S) — resignation effective July 1, 1958; and Assistant to the Dean of Women — declination effective August 1, 1958.

Fuchs, EDWARD A., Hackett Fellow in Animal Science — declination effective September 16, 1958.

HANOKA, JACK, Research Assistant in Ceramic Engineering (S) — declination effective September 15, 1958.

IRELAND, HERBERT O., Associate Professor of Civil Engineering (S); and in the Summer Session of 1958 — declinations effective June 16, 1958.

JOHNSON, FREDERICK H., Research Associate in Psychiatry (Medicine) — discontinuation effective May 16, 1958.

LASLEY, EARL L., Associate Professor of Animal Science (C and S) — resignation effective August 1, 1958.

MAGNIFICO, ROSE M., Assistant in Pharmacy (Pharmacy) — resignation effective June 1, 1958.

MAHRIOUS, HARI, Associate Professor of Electrical Engineering (C) — resignation effective September 1, 1958.

MANNING, JOHN R., Research Associate in Physics (C) — resignation effective July 6, 1958.

McCREDIE, JOHN A., Instructor in Surgery (Medicine) — resignation effective July 1, 1958.

PILKINGTON, DWAIN H., Assistant in Animal Science (C and S) — resignation effective July 1, 1958.

REYNOLDS, RICHARD W., Instructor in General Engineering (C) — resignation effective September 1, 1958.

SHORBACH, BRUCE R., Instructor in Art — resignation effective September 1, 1958.

THACKRAY, SHIRLEY, Head Resident, Lincoln Avenue Residence — resignation effective July 1, 1958.

WHITE, DOROTHY J., Assistant in Occupational Therapy (Medicine) — resignation effective June 1, 1958.

WIESINGER, F. P., Assistant Professor of Theoretical and Applied Mechanics (Chicago Undergraduate Division), Summer Session of 1958 — declination effective June 20, 1958.

WILLIAMS, FREDERICK, Assistant Professor of Economics — resignation effective September 1, 1958.

LEAVES OF ABSENCE

BERDAHL, CLARENCE A., Professor of Political Science — leave of absence, without pay, for one year from September 1, 1958, so that he may accept an appointment as Visiting Professor of Government at Southern Illinois University during the academic year 1958-59.

BROWN, DONALD E., Associate Professor of Radio and Television and News Supervisor in the Radio Station — leave of absence, without pay, for two months from July 1, 1958.

KESSEL, ROBERT G., Lecturer in Postgraduate Studies, and Professor and Head of the Department of Applied Materia Medica and Therapeutics (Dentistry) — leave of absence, without pay, for two years beginning June 1, 1958, so that he may serve as director of professional studies in the Survey of Dentistry to be conducted under the auspices of the American Council of Education.

LANG, ALVIN L., Professor of Soil Fertility (Agronomy) (C, S, and E) — leave of absence, with pay, for the month of October, 1958, to enable him to visit and study at some of the research centers in Europe.
MILLER, WENDELL E., Professor of Electrical Engineering and Associate Head of the Department—leave of absence, without pay, for one month beginning August 1, 1958.

MINNICK, MRS. SUE, Assistant Psychometrist in the Student Counseling Service (Chicago Undergraduate Division)—leave of absence, without pay, beginning May 9 and continuing through May 14, 1958.

SHOEMAKER, HURST H., Associate Professor of Zoology—leave of absence, without pay, for two years beginning September 1, 1958, so that he may accept the appointment of Head of the Department of Biology at the American University of Beirut.

SEPTEMBER MEETING

Mr. Kenney E. Williamson and Mr. Timothy W. Swain invited the Board to hold its September meeting in Peoria at the Peoria Country Club.

On motion of Mrs. Holt, the Board voted to accept this invitation and to hold its September meeting in Peoria on Tuesday, September 30, 1958.

On motion of Mr. Bissell, the Board adjourned.

A. J. JANATA
Secretary

PARK LIVINGSTON
President
Explanatory Notes

This budget consists of three volumes:

I. Summaries of all divisions; Urbana-Champaign divisions and general University administration—academic and administrative salaries, wages, expense, and equipment.

II. Chicago Professional Colleges (including Division of Services for Crippled Children) and Chicago Undergraduate Division—academic and administrative salaries, wages, expense, and equipment.

III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1958. When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions “Salaries” and “Wages, Expense, and Equipment.” Transfers may be made between “Salaries” and “Wages, Expense, and Equipment” upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Non-recurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than $1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1958. All balances and overdrafts in regular appropriations will be carried forward to 1959-60 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds, and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.
   a. For positions or portion of positions indicated as “Y,” services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as “Y.”
   b. For positions or portion of positions not indicated as “Y,” services are required only during the academic year of two semesters (three terms in Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations.

Tenure Symbols (a number following indicates percentage of time)
A — Indefinite tenure, payable in twelve monthly installments.
B — Two years from September, 1957, payable in twelve installments annually (with any changes effective September, 1958).
D — One year, payable in twelve installments from September 1, 1958.
E — The academic year 1958-59, payable during nine months from September 16.
F — One year from effective date indicated (other than September 1).
G — For the period indicated (less than one year and not on "IY" status).
N — In accordance with Civil Service regulations, effective July 1, 1958, with payments on a monthly basis.
NS — Same as N, except work week is five and one-half days.
H — In accordance with Civil Service regulations on an hourly basis.
P — At prevailing rates. Amount indicated is estimated annual salary based on normal number of hours.
Y — Indicates that services are required throughout the year, except for allowable vacation, without additional compensation.
Z — Indicates person’s name appears in two or more budgets.
RA — Receiving retiring allowance from the University Retirement System.

In the College of Agriculture, additional symbols are used to designate fund.
In Engineering, "C" and "S" indicate College and Station.

**Perquisite Designation**
- Perquisites University — Perquisites for the convenience of the University.
- Perquisites Employee — Perquisites for the convenience of the employee.

Meals may be abbreviated "M," or "MM" for two meals. "R" indicates room.
Dollar amounts do not include any perquisites for the convenience of the University.
