CHANGES IN STUDENT FEES

(4) The Committee on Fees recommends the following changes in fees, effective September, 1960:

1. Laboratory, Library, and Supply Fee at Urbana-Champaign and at the Chicago Undergraduate Division, increase from $10.00 to $12.00 a semester,
2. Discontinuance of the University High School Tuition Fee of $25.00 a semester,
3. Establishment of a Student Activity Fee of $7.00 a semester at the University High School.

The fees for the Summer Session will be half these amounts. Students carrying eight semester hours of undergraduate or two units of graduate work or less in a semester (four hours or one unit or less in the Summer Session) will be charged one-half the Laboratory, Library, and Supply Fee.

The increase now proposed is proportionately somewhat less than the general increase in the price level of laboratory materials and supplies, but the two-dollar adjustment is considered adequate at this time.

The University High School is a laboratory, hence it is desirable to have pupils of various aptitudes and talents. Elimination of the tuition fee is recommended so that gifted children from families of low economic status can be included in the program. Laboratory schools in other state-supported institutions of higher education in Illinois do not charge tuition, and a similar practice is followed in other states.

The University High School Student Activity Fee will eliminate the sale of activity tickets, ticket sales at plays and athletic events, sales at the school store and carnival, and sale of advertising in the yearbook. Outside support is available to take care of the fee for pupils from families in low income brackets.

1 concur.

On motion of Mr. Clement, these changes in fees were approved as recommended.

REQUIREMENTS FOR ADMISSION TO COLLEGE OF MEDICINE

(5) The Chicago Professional Colleges Senate, with the concurrence of the
Urbana and Chicago Undergraduate Division Senates recommend the following changes in existing admissions requirements for entrance to the College of Medicine:

- An increase in the total number of semester hours of premedical college work from eighty-eight to ninety-four semester hours.
- A change in specific course requirements to include the study of nuclear physics, and the addition of six hours in one subject-matter area in advanced (junior and senior) undergraduate courses not presently included in the specified requirements in chemistry, physics, biology, English, foreign language, social sciences, and humanities. The number of electives permitted, twenty-eight semester hours, remains the same.

The objectives of this change are to assure that students planning to study medicine are provided adequate preparation in certain sciences on which the medical curriculum is based, a breadth of education, particularly in nonscience areas, and depth in education in at least one subject-matter area.

It is proposed that this change become effective for students beginning their premedical studies in September, 1962.

A supporting memorandum giving the details of these changes and a statement from the Dean of the College of Medicine is submitted herewith, and a copy is being filed with the Secretary of the Board for record.

I concur in these recommendations.

On motion of Mrs. Watkins, this recommendation was approved.

LEASE OF SPACE FOR AGRICULTURAL EXTENSION SERVICE

(6) The Director of the Agricultural Extension Service and the Vice-President and Comptroller recommend the lease of Suite 301-303 in the 188 Randolph Tower Building, Chicago, from March 1, 1960, to June 30, 1961, at a rental of $300 and $450 a month. Since the space will not be completely used prior to July 1, the rental for the first four months has been reduced to $300 a month. The space will be occupied by the 4-H Club staff which will be expanded through private contributions obtained through the Steering Committee for Urban 4-H Club Work. The rental will also be paid from these funds after July 1, 1960, and from federal extension funds prior to July 1.

I concur.

On motion of Mr. Johnston, this lease was authorized.

REASSIGNMENT OF FUNDS

(7) On July 29, 1959, the Board of Trustees approved several appropriations to provide additional classroom space for the College of Liberal Arts and Sciences, one item of which was $29,500 for remodeling in the Natural History Building.

The cost of the work was less than estimated, and the Vice-President and Provost and the Vice-President and Comptroller recommend that $5,425 of this amount be reassigned for remodeling in Davenport Hall and in the Woodshop to provide two additional classrooms.

On motion of Mr. Harewood, this reassignment was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

SPECIAL APPROPRIATIONS

(8) The Vice-President and Provost and the Vice-President and Comptroller recommend the following assignments from the General Reserve:

Remodeling in the Physics Laboratory to provide additional laboratory space for the Departments of Physics and of Mining and Metalurgical Engineering .............................................. $13,640

Equipment for producing liquid nitrogen ............................................. 5,600

To be supplemented by $15,000 from funds budgeted for assignment

1 The Senate Committee on Educational Policy, acting for the Urbana-Champaign Senate on this matter, has approved the change and has advised that in its judgment action by the Urbana-Champaign Senate is not required.
by the University Research Board, and approximately $11,000 from reserves for replacement of liquid nitrogen facilities.

Repairs and initial maintenance on property at 1207 West Stoughton Street, Urbana .................................................. 3 572

An annual recurring assignment for operation and future maintenance of this property ...................................................... 2 375

Remodeling in Illini Hall for safety improvements and additional office space ................................................................. 8 000

Remodeling in Arcade Building and Illini Hall to provide additional space for Statistical Service Unit ..................................... 68 000

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

ENGINEERING SERVICES FOR IMPROVEMENTS IN UPPER EMBARRASS RIVER DRAINAGE DISTRICT

(g) Landowners in the Upper Embarrass River watershed, south of and adjacent to University property in the area, have instituted proceedings to organize the "Upper Embarrass River Drainage District" and to improve the main channel of this river from the Philo Road north and northwest into and through University property along the west fork of the channel. There are approximately 14,400 acres in the drainage area, but for the present the District will include approximately 9,866 acres of which 1,280 acres are University property. The balance may later be annexed to the District.

The proposed construction will be 33,000 feet of ditch improvement, approximately 12,000 feet across University property, and the underpinning or rebuilding of bridge structures. Preliminary estimates of cost are $264,000 of which the University's proportionate share would be $93,000, the city of Urbana's share would be $21,000, and the cost to the District would be $150,000.

Need for this improvement is of long standing, and it will be of benefit to the University if adequately engineered. It would provide an outlet for the University's proposed southwest campus storm sewer and the southwest campus storm sewer to be constructed in cooperation with the city of Urbana.

The Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend that the University participate and share in the cost of this improvement provided that:

1. The University's participation and share in the cost will be on a contractual basis and subject to availability of funds. (No funds are currently available.)

2. The extent of the University's participation and share in the cost will be based on an independent engineering analysis of the design of the improvements to be made, the anticipated benefits to the University, the reasonableness of cost of the improvements, and the equitable distribution of the cost.

3. The report of the engineers for the District, including plans, specifications, and estimates to be filed with the County Court, will be available to the University for review.

It is further recommended that the firm of Wilson and Anderson, Champaign, be employed by the University to make an independent engineering analysis of the project and the proposed improvements, these services to include (a) general review of information now available pertaining to the proposed District and its relation to University properties; (b) a review and analysis of the proposed improvements to evaluate the total and comparative benefits to University properties; (c) a report of findings under (a) and (b) together with recommendations for assistance in negotiation of an agreement with the District; and (d) expert witness testimony or other technical assistance as may be authorized by the University.

The estimated cost of these services will be $1,500.

The Committee on Buildings and Grounds has reviewed these recommendations and is prepared to support them.

I concur and recommend an assignment of $1,500 from the General Reserve for these services.
On motion of Mr. Hughes, this recommendation was approved, and the requested assignment of funds was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACTS FOR FOOD SERVICE EQUIPMENT IN MEN'S RESIDENCE HALLS**

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $261,646 to the Illinois Range Company, Mount Prospect, Illinois, the lowest bidder, for the food service equipment to be installed in the Peabody Drive Residence Halls for undergraduate men students now under construction. This Company is currently completing an equipment contract for the Central Food Stores Building and is doing it in a very satisfactory manner.

Funds are available in the proceeds of the bond issue for this project.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACT FOR INTERIOR DECORATING IN MEN'S RESIDENCE HALLS**

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend employment of Ernst C. Von Ammon, 920 North Michigan Avenue, Chicago, for interior decorating services in the public areas of the Peabody Drive Residence Halls at a fee of $5,000, which is less than four per cent of the estimated cost of the furnishings for which he will be responsible.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**CONTRACT FOR COOLING TOWER REPLACEMENT ON THE ILLINOIS NEUROPSYCHIATRIC INSTITUTE BUILDING**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $8,978 to the Mutual Contracting Company, Chicago, the lowest bidder, for the replacement of a cooling tower on the Illinois Neuropsychiatric Institute Building in Chicago.

The work will include demolition of the present obsolete tower from the roof of the building and the installation of structural steel, roofing, and siding and the setting in place of a new cooling tower being purchased by the University. The tower which was built into the top of the Illinois Neuropsychiatric Institute Building when it was constructed by the State Department of Public Welfare in 1940 does not have the capacity now required and is in such condition that a new cooling tower must be provided for operation of the air-conditioning systems in this building.

Funds are available in the Physical Plant budget.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

**ADDITION TO CONTRACT FOR ARCHITECTURAL SERVICES FOR FAMILY HOUSING UNITS**

(13) The Director of the Physical Plant and the Vice-President and Comptroller
recommend that Lundeen and Hilfinger, Bloomington, architects for the family housing to be constructed in the area south of Florida Avenue between South Orchard and Race Street, Urbana, be reimbursed for additional costs incurred in changing working drawings at the request of the University that each building be extended two feet in each direction and that certain other modifications be made in the building and the site plans.

Additional compensation will be in accordance with the terms of the contract approved by the Board of Trustees on October 22, 1956. It amounts to approximately $2,700 for Lundeen and Hilfinger, and $2,200 for consultants employed by them.

I concur and recommend that the Comptroller be authorized to execute the contract change order.

On motion of Mr. Johnston, this change in the contract was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION OF ASSEMBLY HALL

The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $12,331 in the contract with Felmley-Dickerson Company, Urbana, for construction of the Assembly Hall to replace unsuitable soil with concrete where necessary under the ring footing around the building. This, plus the change order approved in December, substantially completes soil corrective work.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, this change in the contract was authorized.

QUARTERLY REPORT OF THE COMPTROLLER

(17) The Comptroller presented his quarterly report to the Board as of December 31, 1959.

This report was received for record, and a copy has been filed with the Secretary.

BEQUEST OF INA MEREDITH HUNTER

(18) The late Mrs. Ina Meredith Hunter of Eureka, California, and an alumna of the University of Illinois, Class of 1914, included in her will the following bequest: "I give and bequeath to the University of Illinois Student Loan Fund, of Urbana, Illinois, the sum of $4,000.00 to be used in making loans to deserving junior and senior students who won honors in scholarship in the sophomore year."

This bequest has been accepted on behalf of the University and is reported for record. The University has been advised by the attorney for Mrs. Hunter's estate that probate proceedings should be completed and payment received by the University not later than December, 1960. Confirmation of acceptance is requested.

On motion of Mr. Johnston, this acceptance was confirmed.

HANGAR AT UNIVERSITY AIRPORT

(19) The National Distillers and Chemical Corporation, New York, New York, has offered to construct a hangar at the University of Illinois Airport and, upon completion, to deed it to the University. In return, the University would be asked to lease the hangar to the Corporation at a nominal rental for ten years, subject to negotiated renewal for an additional five-year period. The University's only other obligation would be to bring utilities to the site and provide for exterior maintenance of the building. Plans and specifications will be approved by the University, and the supervising engineer at the Airport will superintend construction. No aircraft or other maintenance will be performed in the hangar without specific University approval.
The improvements will increase the University's physical assets by at least $100,000. The Director of the Institute of Aviation and the Vice-President and Comptroller recommend approval of the proposal.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents, subject to approval of the Legal Counsel.

On motion of Mr. Swain, this recommendation was approved.

ACQUISITION OF FARM LAND FOR COLLEGE OF AGRICULTURE AND EXPERIMENT STATION

By authority of the Board of Trustees, the University instituted proceedings, under its right of eminent domain conveyed upon it by law, in the Circuit Court of Champaign County for the acquisition of the H. N. Pell farm of 160 acres southeast of Urbana for the College of Agriculture and the Agricultural Experiment Station.

These proceedings have been concluded, and the jury has fixed a price of $700 an acre, or $112,000, as the fair value of this land, and the Court has entered an order authorizing its sale to the University. It is now necessary for the Board of Trustees to take certain actions:

- Authorize the payment of the compensation determined in these legal proceedings and accept title to the land;
- Transfer of title of this land, when conveyed to the University, to the University of Illinois Foundation which will finance its purchase;
- Lease of the land from the Foundation.

The University will have the option under the lease of the land to purchase it when funds are available.

I recommend that purchase of the land under the conditions indicated and the adoption of the resolution submitted herewith.

Resolution Authorizing Payment for Pell Tract, Conveyance of Title Thereto, and Leasing Thereof

Be It, And It Hereby Is Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, hereinafter referred to as “University,” that the Comptroller and Secretary of this University be, and they hereby are, authorized for, and in the name of, and on behalf of, this University to enter into an agreement with University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, with its principal office in the City of Urbana, in the County of Champaign, and State of Illinois, hereinafter referred to as “Foundation,” providing for the sale and conveyance to Foundation of title to the tract of land hereinafter described and herein referred to as the “Pell Tract” at a sale price equivalent to the compensation award of $112,000.00 entered by the Circuit Court of Champaign County, Illinois, on February 18, 1960, in the eminent domain proceedings entitled, “The Board of Trustees of the University of Illinois, a public corporation, vs. Gordon Moser et al., Defendants, Law No. 60-L-10,” and any additional costs incidental thereto incurred by University in acquiring title to said Pell Tract.

Be It, And It Hereby Is Further Resolved that upon compliance with the terms of said agreement by Foundation, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed to execute, acknowledge, and deliver, in the name and in behalf of, this University, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Foundation title to the following described property, viz:

The Northwest Quarter (NW ¼) of Section Twenty-eight (28) in Township Nineteen (19) North, Range Nine (9) East of the Third Principal Meridian (3rd P.M.) in Urbana Township, in the County of Champaign and State of Illinois;

hereinafter referred to as the “Pell Tract.”
Be It, And It Hereby Is Further Resolved that said Comptroller and Secretary be, and they hereby are, authorized for, and in the name of, and on behalf of, this University to enter into a Lease Agreement with Foundation providing for the leasing to this University of the tract of land hereinabove described as the Pell Tract for an original term, commencing on the date Foundation acquires title to said Pell Tract and ending on the 30th day of June, 1961, and which term shall be automatically extended for successive two (2) year periods from July 1, 1961, to June 30, 1963, and from July 1, 1963, to June 30, 1965, unless written notice of termination is given to Foundation by this University on or before June 30, 1961, whereupon said Lease shall terminate on June 30, 1961; or on or before June 30, 1963, whereupon said Lease shall terminate on June 30, 1963. The rental shall be equivalent to the interest charges incurred by Foundation under its Loan Agreement with The First National Bank of Chicago providing for funds for the acquisition by Foundation of title to said Pell Tract and any financial charges incidental to the acquiring or renewal of said Loan Agreement. During the term of the Lease the University shall pay any and all special assessments or taxes assessed against said Pell Tract or will secure an exemption therefrom, or will otherwise see that no lien for taxes or assessments is or becomes effective, or if becomes effective is not enforced against said premises, and University shall agree that it will keep said Pell Tract free from any Mechanic's Liens and to make, and to pay for any costs of, necessary repairs and upkeep of said Pell Tract while in its possession under this Lease. Said Lease shall contain an option giving this University the right to purchase and acquire title in fee simple absolute to said Pell Tract by paying all principal and interest costs and financial charges incidental thereto incurred by Foundation under the terms of said Loan Agreement with The First National Bank of Chicago or in connection therewith.

Be It, And It Hereby Is Further Resolved that the Comptroller of this University be, and he hereby is, authorized and directed to deposit with the County Treasurer of Champaign County, Illinois, for the benefit of the persons thereto entitled, as provided for by statute, the amount of the compensation award for said Pell Tract entered by the Circuit Court of Champaign County, Illinois, in the sum of $112,000.00, and to pay the court costs of said suit, and any additional costs incidental thereto or incurred in connection therewith in the acquiring of, or in order to vest in this University title to, said Pell Tract.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

HOMECOMING, 1960

Mr. Clement presented the following statement and motion:

October 8, 1960 has been designated as Homecoming Day this year. It is noted that the tradition of observing Homecoming Day, which has now been established at many colleges and universities, was started at the University of Illinois in 1910, and this year will mark the Fiftieth Anniversary of Homecoming on the University of Illinois campus. The University of Illinois Alumni Association is making a special effort to have this Golden Anniversary Homecoming be a week end of significance. On behalf of the Committee on Alumni, I move that the Board of Trustees request Governor William G. Stratton to issue a proclamation calling public attention to the "Golden Anniversary of the University of Illinois Homecoming" on October 8, 1960.

This motion was unanimously adopted.

APRIL MEETING

On motion of Mr. Swain, the Board voted to hold its April meeting in Chicago on Wednesday, April 20, 1960.

EXECUTIVE SESSION

At this point, an executive session was requested and ordered for the consideration of the following items of business:

REPORT OF COMMITTEE ON GENERAL POLICY ON ACQUISITION OF PROPERTY IN GARFIELD PARK

The Committee on General Policy reported that at a meeting held earlier today it received from its chairman, from Director C. S. Havens of the Physical Plant Department, and from Professor Rubin G. Cohn of the College of Law (who has been serving as Special Counsel on legal matters relating to the acquisition of a site for the Chicago Undergraduate Division), reports on the developments in negotiations with officials of the city of Chicago and the Chicago Park District on site acquisition.

Mr. Johnston stated that after due discussion and consideration of the information submitted, the Committee reached the conclusion that it must now be made perfectly clear to all officials and parties concerned that the Central Area site involved in the several proposals which have been made for consolidation of railroad terminal facilities can not be made available satisfactorily to the University for the relocation of the Chicago Undergraduate Division; and that steps must be taken promptly to resolve the legal questions affecting the conveyance by the Chicago Park District of land in Garfield Park to the University, and the question of cost of such land to the University.

Professor Cohn advised the Committee that when legal proceedings have been instituted to establish the power of the Chicago Park District to convey park property to the University, official action by the Board of Trustees will need to be taken promptly which will require either a special meeting of the Board or authorization of the Executive Committee to act for the Board.

The Board concurred in the conclusions of the Committee on General Policy, and the President of the University was requested to confer with the Mayor of Chicago and other public officials concerned as soon as possible to present the University's position.

On motion of Mr. Swain, the Board authorized its Executive Committee to consider, and in its discretion to accept, for a consideration not in excess of $1,000, an option, if offered by the Board of Commissioners of the Chicago Park District, to purchase a portion of the area
embraced within Garfield Park for use by the University of Illinois as an institution of higher education, provided that the purchase price specified in the option represents an approximate valuation of the market value of such property as determined by the Executive Committee.

This motion was unanimously adopted.

PURCHASE OF PROPERTY AT 903 WEST NEVADA STREET, URBANA

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase of the property, including all the furnishings in the house, at 903 West Nevada Street, Urbana, at a price of $43,000.

This property consists of a lot, 66 ft. by 104 ft., and an adjoining parcel, 43.4 ft. by 16 ft. (total land area of 7,558 square feet), and a three-story and basement frame house which is presently used as a rooming house for women students. The lot adjoins University property and is within the area of long-range campus expansion. In the meantime, the house, which has been improved in recent years and is in very good condition, can be used to advantage as a cooperative house for women students. There is a need for expansion of such housing, and this house can accommodate twenty-eight women and a housemother.

The average of four independent appraisals made of the property by local real estate experts is $34,300. The furnishings in the house and the food service equipment are relatively new and in good condition. They are offered to the University for $8,700, which is less than half of what new equipment would cost.

No funds are available in the state capital appropriations to the University for 1959-61, but it is recommended that $43,000 be advanced from funds accumulated in the operation of the temporary housing units to be repaid with interest at a rate of 3 1/2 per cent a year from the net income of all cooperative housing. A rental rate of $240 a year per occupant will be charged in all cooperative units and will provide sufficient net income to liquidate the investment in twenty years.

The Committee on Buildings and Grounds has previously reviewed these recommendations and is prepared to support the same.

I recommend that the purchase of the property be authorized and that funds be assigned from Housing Division reserves as indicated.

On motion of Mr. Clement, the purchase of this property was authorized, and the requested assignment of funds was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

(22) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by a member of the staff.

Method of preparing and dehydrating foods — A. I. Nelson, Professor of Food Processing, inventor. This is a new way of dehydrating and preparing foods, especially precooked, cream-style sweet corn. It was developed by the Department of Food Technology under a contract with the Quartermaster Corps of the United States Army. The Head of that Department is doubtful that the method constitutes a patentable invention; and both he and the inventor are convinced that the method has no commercial possibilities, although it may have some value in the preparation of military rations. After considering this matter, the Patent Committee recommends the release of all rights of the University in this development to the United States Government.

I concur in this recommendation.

On motion of Mr. Clement, this recommendation was approved.

On motion of Mr. Pogue, the Board adjourned.

MEETINGS OF ASSOCIATION OF HIGHER EDUCATION

Mrs. Watkins made an informal report on meetings of the Association of Higher Education held in Chicago during the week of March 7 which she attended as one of the representatives of the University.

APRIL AND MAY MEETINGS

President Williamson called attention to the Board's decision to hold its April meeting in Chicago, on Wednesday, April 20, and asked the Board to set the date of the May meeting.

On motion of Mrs. Watkins, the Board voted to hold its May meeting in Urbana, Illinois, on Tuesday, May 17, 1960, at an hour and place to be determined by the President and the Secretary of the Board.

RECESS

At this point the Board recessed for luncheon.

Mr. Clement asked to be excused from further attendance at the meeting on account of illness.

EXECUTIVE SESSION

When the Board reconvened, Mr. Swain joined the meeting.

On motion of Mr. Herrick, an executive session was ordered for consideration of the following recommendations relating to property acquisitions.

PURCHASE OF A. R. TEMPLE FARM IN CHAMPAIGN COUNTY

The Dean of the College of Agriculture and the Director of the Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the purchase, through the University of Illinois Foundation, from Mr. Boyd Harper, Champaign, of an area of approximately eight-five acres of farm land immediately north of land recently acquired from Esther and Grace Maxwell at a price of $1,750 an acre, payment in full to be made at the time possession is given to the Foundation, which will be not later than March 1, 1961. This tract adjoins University property in the area of its south farms and is part of the program of farm land acquisition for the College of Agriculture and the Experiment Station.

Since the University does not presently have funds for this land acquisition, it is recommended that the Foundation be requested to purchase it for the University and to finance this through borrowing of the amount of money necessary (approximately $150,000) from the First National Bank of Chicago, and to lease the property to the University at a rental sufficient to cover the interest and other costs. When funds are available to the University, it will purchase the property from the Foundation for the amount the latter will then have invested in the property, and the Foundation will repay the loan and transfer title to the University. A commitment to make the loan has been secured from the Bank.
The Committee on Buildings and Grounds has previously considered this proposal and recommends approval.

On motion of Mr. Hughes, this recommendation was approved. Mr. Herrick asked to be recorded as voting “no.”

PROPOSAL FOR ACQUISITION OF GARFIELD PARK AREAS FOR RELOCATION OF CHICAGO UNDERGRADUATE DIVISION

The Committee on General Policy reported that it has considered recommendations from the President of the University and the Director of the Physical Plant that a proposal be made to the Chicago Park District and the city of Chicago for the acquisition by the University of certain areas of Garfield Park land as a site for the Chicago Undergraduate Division.

The Committee presented this proposal to the Board of Trustees with the recommendation that it be authorized. Copies of the complete text of the proposal were distributed to the Trustees, and a copy has been filed with the Secretary of the Board for record. There followed a discussion of the proposal in which all members of the Board present participated.

Mr. Johnston then asked that this proposal be approved as a recommendation from the Committee on General Policy.

On motion of Mr. Swain, the President of the University was authorized to present the proposal to the Commissioners of the Chicago Park District and to the Mayor of Chicago; Mr. Harewood asked to be recorded as present but not voting.

On motion of Mr. Swain, the Executive Committee of the Board was authorized to act for the Board in negotiations with officials of the Chicago Park District on any matters relating to the acquisition of Garfield Park land requiring official action by the Board of Trustees; in particular, the Executive Committee was authorized to accept an offer, if made by official action of the Chicago Park District prior to the April 20 meeting of the Board of Trustees, to the Board for the purchase of land in Garfield Park if the offer is in accord with the proposal today approved by the Board, or to accept an option tendered to the Board of Trustees of the University, if offered by official action of the Chicago Park District prior to the April 20 meeting of the Board of Trustees, to purchase land in Garfield Park at a price based on the fair cash value of such land to be determined by an appraisal procedure requiring the unanimous agreement of three appraisers, one to be selected by the Chicago Park District, one by the Board of Trustees of the University, and the third to be selected by the other two appraisers.

On this motion the vote was: Aye, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; present but not voting, Mr. Harewood; absent, Mr. Clement, Mr. Pogue, Governor Stratton.

On motion of Mrs. Watkins, the Board adjourned.

The following members of the Board were present: Mr. Howard W. Clement, Mr. Richard A. Harewood, Mr. Wirt Herrick, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. George T. Wilkins, Mr. Kenney E. Williamson. Governor William G. Stratton was absent.

Also present were President David D. Henry, Associate Provost and Dean of Administration Royden Dangerfield, Executive Dean C. C. Cavney of the Chicago Undergraduate Division, Director C. S. Havens of the Physical Plant, Mr. Ralph F. Lesemann, Legal Counsel, Mr. C. E. Flynn, Director of Public Information, Professor Rubin G. Cohn of the College of Law; and the officers of the Board, Mr. H. O. Farber, Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary.
REPORTS OF COMMITTEES
Meetings of the Board's Committees on General Policy and Buildings and Grounds were held in the forenoon beginning at 10:00 a.m.

CHICAGO UNDERGRADUATE DIVISION SITE ACQUISITION
At the request of Mr. Johnston, Chairman of the Committee on General Policy, President Henry, Director Havens, and Professor Cohn reported on developments since the March meeting of the Board of Trustees, in negotiations with officials of the Chicago Park District and the city of Chicago for the acquisition by the University of Garfield Park land as a site for the Chicago Undergraduate Division.

Thanks to the cooperation of the Chicago Park District and the city of Chicago, the Commissioners of the Chicago Park District on April 11, 1960, took official action which provides a basis for determination of the legal questions involved in conveyance of Garfield Park land to the University. Professor Cohn reported that a decision by the Supreme Court of Illinois as to the legality of such conveyance can be anticipated in the fall of 1960.

Director Havens stated that Garfield Park offers the only opportunity to complete the planning and construction of a Chicago campus at an early date, and recommended that the University continue to work for a general commitment from the Chicago Park District and the city of Chicago that Garfield Park land will be made available subject to a favorable determination of the legal questions.

The Board of Trustees at its meeting on March 16, 1960, authorized the Executive Committee to act for the Board in considering formal acceptance of an option to purchase Garfield Park land should such an option be offered and action by the Board of Trustees required prior to the April meeting. Specifically the Committee was authorized to accept an option if the action of the Chicago Park District established an appraisal price based on a fair cash value of the property.

At the conclusion of these presentations, Mr. Johnston offered the following as an official statement of the University's position:

"The Board of Commissioners of the Chicago Park District adopted an ordinance offering the Board of Trustees of the University of Illinois an option to purchase Garfield Park land as a site for the Chicago Undergraduate Division. Subsequently, a court order was sought and secured by taxpayers restraining the Commissioners from offering and the Board of Trustees from accepting this option. "Had this restraining order not been issued, the Board of Trustees of the University of Illinois would have taken action to exercise the option offered."

This statement was adopted without dissent.

During the discussion of this motion, Mr. Harewood suggested that in addition to continuing negotiations for the acquisition of Garfield Park, University officials also continue exploring the other possible sites.

On motion of Mr. Johnston, the Board voted to express its appreciation to the Commissioners of the Chicago Park District and to the Mayor of Chicago for their cooperation in the negotiations for the acquisition of Garfield Park.

CONTRACTS FOR LANDSCAPING
The Executive Committee of the Board of Trustees has authorized the awards of contracts for landscaping areas as follows:

- Orchard Place Apartments—Wandell's Twin City Nursery and Landscape Service, Urbana..............................$14,889
- Men's Residence Halls Snack Bar and Post Office—Al Nordheden, Urbana.......................................................7,480

The award in each case was to the lowest bidder. Funds are available in the
construction accounts for these buildings which are financed by revenue bond
issues.

The Orchard Place Apartments are south of Florida Avenue between Orchard
Street extended and Race Street on which 120 family housing units were con-
structed last year. The Snack Bar and Post Office Building is in the area of the
Gregory Drive Residence Halls for men and will also serve the new Peabody
Drive Residence Halls now under construction.

It was imperative that the landscaping work be authorized promptly while
the nursery stock supplied and transplanted by the contractors was dormant as
transplanting it later in the spring would lessen chances of survival. Bids taken
earlier (March 1) were not satisfactory, were rejected, and new bids were
received on March 21 which accounts for the delay in the recommendation for
awards on the contracts.

On motion of Mr. Swain, this action of the Executive Committee
was confirmed.

INCREASE IN CONTRACT FOR CONSTRUCTION
OF SWINE BREEDING RESEARCH FACILITIES

The Executive Committee authorized an increase of $12,000 in a contract with
Oran L. Shoemaker and Company, Champaign, for the construction of two
"tilt-up" slab buildings for the Agricultural Experiment Station's swine breeding
research project for which the University received a grant of $200,000 from the
Moorman Manufacturing Company of Quincy. These facilities are being con-
structed under a standing contract authorized by the Board as the experiments
proceed and according to the requirements of the research project. The object
of the research is the development of lines of disease-free swine.

On motion of Mr. Swain, this action of the Executive Committee
was confirmed.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

APPOINTMENTS TO THE 1960 SUMMER SESSION STAFF
(1) I submit recommendations for appointments to the faculty for the 1960 Summer Session. Appointments in the Summer Session budget provide for an eight-week term at Urbana-Champaign, June 20 through August 13, and at the Chicago Undergraduate Division, June 20 through August 13; and two six-week terms, June 20 through July 30, and August 1 through September 9, in the College of Pharmacy.

The salaries of members of the University faculty recommended for appointment to the Summer Session staff are computed on the basis of the authorized formula of two-ninths of the salary of the academic year for the eight-week Summer Session and proportionate amounts for other periods or for part-time service.

The budget totals $788,971 plus a reserve of $17,724 for Urbana-Champaign; $13,305 for the Chicago Professional Colleges; and $111,228 plus a reserve of $3,772 for the Chicago Undergraduate Division.

I recommend that the appointments to the Summer Session staff be approved as submitted, and that the President of the University be authorized to accept resignations and make such changes in adjustments and additional appointments as are necessary in accordance with the needs of the University within the estimated income.

On motion of Mr. Hughes, these appointments and the Summer Session budget were approved, and the President was given authority as recommended. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

REQUEST OF ASSISTANT PROFESSOR LEO F. KOCH

(6) On recommendation of the Executive Committee of the College of Liberal Arts and Sciences, Assistant Professor Leo F. Koch of the Division of General Studies was relieved of all University duties as of April 7, 1960, and has been informed that his appointment will be terminated at the end of the current academic year, 1959-60. A copy of my letter on this subject to Dean Lyle H. Laniart was sent to each member of the Board.

On April 11 Professor Koch delivered to the Secretary of the Board of Trustees a letter requesting the Board to review the action taken with respect to his status. Under University of Illinois Statutes he is entitled to a hearing by the Board of Trustees. He has also requested a hearing by the Committee on Academic Freedom of the Urbana Senate.

On motion of Mr. Johnston, seconded by Mr. Harewood, the request for a hearing by the Board of Trustees was granted, and the President of the Board was authorized to set the time and place of the hearing to be conducted under procedures recommended by the Legal Counsel of the University.

CHANGES IN DEPARTMENTAL NAMES

(7) On recommendation of the heads of the departments and other University officers concerned, the following changes in departmental names have been approved: Department of Mechanical Engineering changed to Department of Mechanical and Industrial Engineering, and the Aeromedical and Physical Environment Laboratory changed to Aeromedical Laboratory.

Confirmation of these changes is requested.

On motion of Mr. Swain, these changes were confirmed.

COUNTY SCHOLARSHIPS

(8) Under state law, there is awarded annually to each county of the state one scholarship which entitles the holder to exemption from payment of tuition fees at the University of Illinois for a period of four years. The award is made on the basis of a competitive examination given by the County Superintendent of Schools on the last Saturday of March. The University prescribes the rules under which the examinations are given and the Office of Admissions and Records works with the county superintendents in setting up these examinations. The highest ranking candidate in each county wins the scholarship.

The law does not take into account variations in population and provides for only one scholarship in each county. To equalize the distribution of these awards, the Board of Trustees has created additional University scholarships in a number of counties, providing the same benefits as the county scholarships. These latter University scholarships are awarded to candidates ranking immediately below the top candidates in the county scholarship examinations.

The law also provides that "No student who has taken normal school, college, university, or other training in advance of the completion of a four-year high school course shall be eligible to the examination." This disqualifies students who during their high school senior year have earned college credit under the advanced placement program or by attending classes at the University of Illinois, either in Urbana or at the Chicago Undergraduate Division, or at some accredited junior or senior college. Hence outstanding students are deprived of an opportunity to earn a county tuition scholarship.

The Committee on Undergraduate Scholarships has recommended that the Board of Trustees authorize the award of a University scholarship in any county where the highest-ranking candidate in the competitive examination may technically be ineligible because of having had college credit while still a senior in high school. If this is approved the University can still take care of the highest-ranking students without depriving the high school senior without college credit of his legal rights in the college scholarship examination. The number of these cases will not be large as the awards will be limited to those counties with
populations not large enough to qualify for additional University scholarships awarded in addition to the winners of County Scholarships.

I recommend approval.

On motion of Mr. Harewood, this recommendation was approved.

INCREASED RETIREMENT ANNUITIES FOR STAFF WHO RETIRED PRIOR TO SEPTEMBER 1, 1959

(9) I recommend the adoption of the following resolution:

WHEREAS, a Committee of the Emeriti representing members of the University of Illinois faculty who retired prior to September 1, 1959, will request the Board of Trustees of the University Retirement System of Illinois to consider a plan to provide increased retirement benefits for those who retired prior to establishment of the University Retirement System of Illinois in 1941 and for those who retired after September 1, 1941, but prior to September 1, 1959; and

WHEREAS, the amendments of the Act creating the University Retirement System of Illinois adopted in 1959 which provide more equitable annuities and other benefits available to employees of state institutions of higher education did not provide for any adjustments in the retirement allowances of the Emeriti of 1958 and former years; and

WHEREAS, those who retired prior to September 1, 1941, and whose annuities are paid by the University as deferred compensation for service rendered prior to retirement, are receiving annuities far below the annuities available under the University Retirement System of Illinois; and

WHEREAS, the annuities of those retired after September 1, 1941, but prior to September 1, 1959, are not proportional to the contributions required of participants, do not take into account the unrecorded equity toward retirement allowances earned by service prior to 1941, and do not provide adequate benefits for a surviving wife or dependent children; and

WHEREAS, many of these Emeriti, after spending virtually their entire careers in the service of the state universities of Illinois are dependent largely upon their retirement annuities, and are in serious financial need; and

WHEREAS, the University Council and the Urbana Senate Committee on Retirement Insurance and Hospitalization have been consulted and are in sympathy with this request; and

WHEREAS, the Committee is also requesting the endorsement of its plan by the Teachers College Board and the Board of Trustees of Southern Illinois University; now therefore be it

Resolved by the Board of Trustees of the University of Illinois that it endorses in principle the request of the Committee of the Emeriti that the Board of Trustees of the University Retirement System of Illinois consider a plan and support, in the 1961 session of the General Assembly of Illinois the necessary legislation to provide the much needed improvements in retirement benefits for those who retired from the service of the state universities prior to September 1, 1959.

On motion of Mr. Harewood, the foregoing resolution was adopted.

CENTER FOR ZOONOSES RESEARCH

(10) The Dean of the College of Veterinary Medicine has proposed the establishment of a Center for Zoonoses Research at the University of Illinois according to the plan of organization set forth below. A special committee appointed by the Vice-President and Provost to study this proposal has recommended approval. The Vice-President and Provost and the Dean of the Graduate College concur.

Research on the zoonoses is highly desirable and worthy of effort on the part of the University. The zoonoses are being increasingly recognized as of major importance to human and animal health and welfare. Establishment of the Center would focus more attention on the zoonoses, encourage more research upon them, and promote needed interdisciplinary cooperation and coordination in this area. In addition, it would attract substantial amounts of outside support. The idea of our establishing the Center—the second one in the
The organization and function of the Center are to be as follows:

(a) The Center for Zoonoses Research is responsible for carrying out research on the zoonoses—diseases common to animals and man—and related diseases, parasites, and disease agents, including studies of their epizootiology, epidemiology, pathology, etiology, control and host-parasite relationships. In developing and carrying on such programs, use shall be made of the Center staff as well as of the staffs of other University departments and divisions. Cooperative work will also be carried out with other public and private research and service agencies.

(b) The administrative head of the Center shall be a Director appointed biennially by the Board of Trustees on the recommendation of the President. An Associate Director shall be appointed in the same manner.

(c) The staff of the Center for Zoonoses Research shall be composed of three types of members: (1) Senior Members; these may or may not hold joint appointments in other departments or divisions of the University; (2) Associate Members; these may or may not hold joint appointments in other departments or divisions of the University; (3) Consulting Members; these shall be members of the staffs of institutions or organizations other than the University of Illinois.

(d) The Executive Committee of the Center shall be composed of all Senior Members. The Director shall be an ex officio member and the chairman of the Executive Committee. The Executive Committee shall advise the Director on the administration of his office, including the formulation of plans and the preparation of the budget.

The Director of the Center for Zoonoses Research shall be the Dean of the College of Veterinary Medicine, who also serves as administrative head of the Department of Veterinary Medical Science in the Graduate College and of the Department of Veterinary Research in the Agricultural Experiment Station.

The first Senior Members of the Center shall be appointed on nomination by the Director from among present faculty members of the University. These will then constitute the Executive Committee. Scientists not at present associated with the University may be appointed also. Senior Members shall be appointed on indefinite tenure.

Associate Members will be appointed for one- or two-year periods and will not be reappointed for more than three consecutive terms. They will be appointed on nomination by the Director and Executive Committee with approval of the President and the Board of Trustees of the University. Associate Members may be appointed from among present members of the faculty, from persons not now on the faculty, and from scientists from other institutions and areas who will want to work at the Center.

Senior Members and Associate Members may receive all or part of their salaries from the Center's budget. If they hold joint appointments in other departments or divisions, the proportions of their time devoted to research, teaching, advising, etc., will be determined by mutual agreement with the departments or divisions concerned. Part or all of the salary of Associate Members, including summer salary, may come from research grants such as those from the National Institutes of Health, the National Science Foundation, or private foundations.

Research may be conducted either on campus or in the field.

Appointments of Consulting Members will permit utilization of the counsel of outstanding scientists from other institutions, agencies, and organizations, state, national, and international. It is contemplated that Consulting Members will be appointed for terms of one to two years on nomination by the Director and Executive Committee. They may be reappointed as many times as proves mutually desirable.

It is recommended that the Center be activated September 1, 1960.
The proposed budget contemplates an initial recurring University appropriation of $12,000 a year. A solid commitment of funds for the future is obviously not feasible but the present recommendation is made in the expectation that the University will continue to grow in size and in service to the state and nation. However, even if expansion of the Center does not turn out to be as rapid as anticipated, it will still be able to make creditable contributions in research.

The Committee recommended that the Center limit itself initially to a coordinated study of leptospirosis, Q fever, para-influenza, and other respiratory virus and rickettsial diseases, all of which form an ecologically related group of diseases common to man, livestock, and wildlife; to a study of the relationship of climatic and meteorological factors to the transmission of the agents of these and other diseases; and to a study of the passage back and forth between man and his pets of these and other diseases.

The Committee further recommended that, upon activation of the Center, one new senior academic staff member be appointed; that several present academic staff members totaling two full-time equivalents be appointed to the staff of the Center; that the appropriate portions of their salaries be allocated to the Center; and that the junior academic staff members and the salaries of nonacademic supporting staff members be drawn from grant funds. It recommends further that one new senior academic staff member be added to the Center each biennium during the decade after its activation.

I concur in the foregoing recommendations provided that (a) the extent to which the plan of organization, research program, and other contemplated services of the Center are implemented shall be subject to budgetary considerations and (b) establishment of the Center does not imply a priority commitment on University resources, but support of the Center will be considered in relation to other needs for operating funds and physical facilities.

On motion of Mr. Hughes, these recommendations were approved.

**APPROPRIATIONS FOR NONRECURRING EXPENDITURES**

(11) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve for the following:

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.
ANNEXATION OF LAND TO THE URBANA-CHAMPAIGN SANITARY DISTRICT

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize annexation of the following described areas of University property to the Urbana-Champaign Sanitary District:

The area bounded by Florida Avenue, Lincoln Avenue, St. Mary’s Road, and the Illinois Central Railroad, except the south 264 feet between First Street and the railroad;

That portion of the north half of Section 20 which is not already in the District (east of Lincoln Avenue, extending 1/4 mile south of St. Mary’s Road).

The area to be annexed includes the site of the Assembly Hall and the proposed new forestry tract to replace Illini Grove. This annexation is necessary to provide for the treatment of sewage from these sources. A plat of the area, including the legal description, is being filed with the Secretary of the Board for record as a part of this recommendation.

I recommend that the Secretary and the Comptroller be authorized to execute the petition and any other documents necessary to effect the annexation, subject to approval of the Legal Counsel.

On motion of Mr. Swain, these recommendations were approved.

PARKING METERS AND BICYCLE ROADWAY ON WRIGHT STREET

(13) City of Champaign officials have requested permission to install and maintain parking meters on University property on the east side of Wright Street between Armory and Springfield. University officials have considered this, and as an alternative, request authority to propose to the City that it reserve a roadway approximately eight feet wide, west of the present east curb line on Wright Street, and the construction of islands to form the west boundary of the bicycle roadway, between Armory Avenue and Green Street, and the installation of parking meters on these islands instead of on University property; provided that the meters in the two blocks between Green and Springfield Avenue would be on University property on the east side of Wright Street.

This alternate proposal contemplates that the City would grant permission to the University to construct and maintain these islands, and that the City will adopt and enforce an ordinance prohibiting use of the eight-foot strip of pavement between the east curb of Wright Street and the islands by vehicles other than those which are not motor driven and will keep such ordinance in effect, and will enforce it, as long as the arrangement continues in effect. While this would eliminate one line of motor traffic between Armory Avenue and Green Street, it would provide an exclusive, and safer, bicycle lane on a street on which traffic is very heavy during University class hours, and would enable the City to install its parking meters.

Specifically, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize:

1. A formal proposal to the city of Champaign that it grant permission to the University to construct and maintain, at University expense, islands in Wright Street between Armory Avenue and Green Street, approximately three feet wide, the east edge of which will be approximately eight feet west of the present east curb of Wright Street to provide the boundary for a bicycle roadway and space for City parking meters (instead of along the east curb of Wright Street) to be installed and maintained by the City; in return, the City will adopt and enforce an ordinance prohibiting the use of the eight-foot strip by any vehicle other than bicycles which are not motor driven.

2. The lease to the city of Champaign of an area approximately three feet wide lying immediately east of the present east curb line of Wright Street between Green Street and Springfield Avenue at a rental of $1.00 per year for a period ending June 30, 1963, provided that the lease will be automatically renewable for successive biennial periods beginning July 1, 1963, unless said lease is cancelled at any time during any such renewal period by at least thirty days' notice in writing given by either party to the other, or some modification in the lease is required by either party and agreed to by both.
3. The execution by the officers of the Board of an agreement or agreements and such other documents as may be necessary, subject to the approval of said documents by the University's Legal Counsel, to implement this exchange of facilities; said agreement or agreements to be for an initial period which will expire June 30, 1963, but which will provide for automatic renewals for successive biennial periods beginning July 1, 1963, unless said lease is cancelled at any time during such renewal time by at least thirty days notice by either party to the other, or some changes in the agreement are requested by either party and agreed to by both parties.

I concur.

On motion of Mr. Harewood, these recommendations were approved.

ADDITION TO CONTRACT FOR ASSEMBLY HALL

(14) The Director of the Physical Plant and Vice-President and Comptroller recommend an increase of $8,492 in the contract with Felmley-Dickerson Company for the construction of the Assembly Hall for additional materials and labor to modify the original design of the glazed exterior wall section around the concourse to provide sufficient elasticity to permit structural movements resulting from changes in temperature and natural expansion and contraction of the materials involved. Lack of sufficient elasticity would result in possible cracks, warpage, or damage to the exterior glazed wall. This work, estimated to cost $15,246, will be offset to the extent of $6,754 for revisions in the shape and over-all length of the catwalk above the playing floor, and by reduction of the concrete slab seating area from 4 inches to 3 inches.

Funds are available in the construction account for the Assembly Hall.

I concur and recommend that the Comptroller be authorized to execute the contract change.

On motion of Mr. Swain, this change in the contract was authorized.

ADDITION TO CONTRACT FOR SNACK BAR AND SERVICE BUILDING

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $6,303 in the contract with the A. F. Krall Construction Company for the construction of the Snack Bar and Service Building for the Gregory Drive and Peabody Drive Residence Halls to include construction of an information and sales counter in the lobby. This will include shelf space for newspapers, magazines, toilet articles, and other items, formerly available in the Parade Grounds Canteen which is being replaced by the new building.

Funds are available in the construction account for the Snack Bar and Service Building.

I concur and recommend that the Comptroller be authorized to execute the change order.

On motion of Mr. Johnston, this change in the contract was authorized.

APPOINTMENT OF AUDITORS

(16) The firm of Ernst and Ernst, Certified Public Accountants, was retained by the Board of Trustees for the audit of the University's accounts for the fiscal year ended June 30, 1958, with the understanding that the firm would be employed for three years subject to annual review. The firm was also employed for the year ended 1959.

The services of Ernst and Ernst have been very satisfactory. The firm proposes to complete the audit for the year ending June 30, 1960, at the prevailing hourly rates for college and university audits, plus cash expenses, plus expenses for travel and subsistence of the staff assigned to the audit, with the understanding that the aggregate charges will not exceed the following amounts, which are the same maximums used for the audit for the past two years:

University of Illinois (all divisions) ........................................ $18,700
University of Illinois Foundation (including its retirement system) .... 1200
University of Illinois Athletic Association
    (including its retirement system) ........................................ 1000
Alumni Association (including its retirement system) ........................................ $ 500
University Retirement System of Illinois .................................................... 2,000

Under the present state law the Auditor-General of Illinois is responsible for auditing, or causing to be audited, the records of the University. The Auditor-General, Mr. Frank H. Whitney, has followed the practice of earlier years in which the Auditor-General is consulted concerning the employment of the auditing firm, and the firm employed by the University submits copies of its reports directly to him, as well as to the Board of Trustees. Any additional work which the Auditor-General may require is at the expense of his office. The firm of Ernst and Ernst is acceptable to the Auditor-General.

The Finance Committee recommends the employment of Ernst and Ernst for the audit of University accounts for the fiscal year ending June 30, 1960.

On motion of Mr. Swain, this recommendation was approved.

**PURCHASES**

(17) The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases. Unless otherwise specified, the purchase in each case is recommended on the basis of lowest bid.

PURCHASE OF FURNITURE FOR STUDENT RESIDENCE HALLS
(18) The Board of Trustees on March 16, 1960, authorized the purchase of student room furniture (chairs, desks, and beds) for the Peabody Avenue Residence Halls and the Residence Hall on Green Street for Single Graduate Students, now under construction, from Faucett-Umphrey Corporation, Bloomfield, Indiana, the lowest bidder and manufacturer, and a contract for $189,448.10 was subsequently executed by the Corporation and the University.

The Corporation, having failed to furnish an Owner's Protective Bond as specified in the contract within the required ten-day period, and after an extension of time was granted, the Director of Purchases and the Vice-President and Comptroller therefore recommend that the Board exercise its option to declare the contract with Faucett-Umphrey Corporation null and void and to retain the Corporation's bid deposit of $7,500 as liquidated damages for failure to comply with contract requirements; and that the Board authorize the Director of Purchases to send written notice of this action to Faucett-Umphrey Corporation.

It is also recommended that a contract for $195,494.74 for the purchase of this furniture be awarded to Sligh Lowry Furniture Company, Holland, Michigan, the second lowest bidder, on the total of the items to be purchased. This Company is prepared to execute a contract and to comply with all requirements.

I concur.

On motion of Mr. Harewood, these recommendations were approved.

ANNUAL REPORT OF THE TREASURER

(20) In accordance with the By-Laws of the Board of Trustees, the Treasurer of the University has submitted a report of receipts and disbursements of University funds in his custody for the period March 1, 1959, to February 20, 1960, certified by the Comptroller. A copy of this report was sent to each member of the Board of Trustees prior to today's meeting, and a copy is filed with the Secretary of the Board.

This report was received for record.

APPOINTMENT OF VICE-PRESIDENT AND PROVOST OF THE UNIVERSITY

(21) I recommend the appointment of Dr. Lyle H. Lanier, now Professor of Psychology and Dean of the College of Liberal Arts and Sciences, as Professor of Psychology on indefinite tenure and Vice-President and Provost of the University for a period beginning July 1, 1960, and continuing through August 31, 1961. The salary for this position will be determined when the budget for 1960-61 is submitted to the Board for approval.

The nomination of Dean Lanier has the unanimous and enthusiastic support of a consultative committee appointed to advise the President of the University on this matter. The Committee consulted many members of the faculty from whom its received suggestions as well as from other sources. The members discussed the nature of the post with those qualified to have informed reactions and tested the names proposed against this analysis and in many interviews which they held.

The University is fortunate to have someone on its staff immediately available to succeed Vice-President and Provost Gordon N. Ray who has the respect and confidence of the faculty and the administrative staff, who is a proven administrator as a former department head and dean, and who has a background of distinguished academic achievement as teacher and scholar.

On motion of Mr. Swain, this appointment was approved.

REACCREDITATION SURVEY OF THE UNIVERSITY OF ILLINOIS CURRICULUM IN OCCUPATIONAL THERAPY

The Vice-President in charge of the Chicago Professional Colleges submitted a report on this matter, a copy of which was distributed to the Trustees and a copy of which has been filed with the Secretary of the Board for record.

This was submitted for information only and called for no action.

UNDERGRADUATE SCHOLARSHIPS FOR JUNIOR COLLEGE GRADUATES

The Committee on Fees recommends authorization of seventy-five tuition-waiver scholarships for graduates of junior colleges in Illinois to be awarded on the basis of superior scholarship and financial need.

At present, graduates of junior colleges transferring to the University of Illinois are not eligible for some of the tuition-waiver scholarships, such as the County Scholarships, available to high school graduates. The Board of Trustees has recently authorized the award of tuition-waiver undergraduate scholarships to high school seniors who rank the highest in the County Scholarships examinations but who are technically ineligible for such scholarships because they have had work in high school at the college level. The present proposal would encourage the junior college movement and would improve relationships between the University and these colleges.

It is recommended that these scholarship awards be on a continuing basis, effective September, 1960, that they provide exemption from payment of tuition fees only, and that each scholarship shall be for a period of two years.

On motion of Mr. Wilkins, these scholarships were authorized, as recommended.

GRADUATE PROGRAM IN RUSSIAN LANGUAGE AND AREA STUDIES

The Urbana-Champaign Senate recommends establishment of graduate minors in Russian Language and Area Studies as follows:

Minor for the Master's Degree. A candidate for the master's degree who elects Russian Language and Area Studies as a minor must earn at least two units
of graduate credit in specified courses chosen from anthropology, economics, geography, history, political science, and Russian. The courses chosen must be in at least two departments.

Minor for the Ph.D. Degree. A doctoral candidate who elects Russian Language and Area Studies as a minor must demonstrate a reading command of Russian as tested by examination or by completion of Russian 401 with a grade of "A" or "B," and in addition must earn at least four units of graduate credit in courses chosen from the list given just above. The four units must be distributed among at least two departments, not including the department offering the candidate's major.

This program has been approved by the Executive Committee of the Graduate College.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Harewood, this recommendation was approved.

GRADUATE PROGRAM IN CHEMICAL PHYSICS

(7) The Urbana-Champaign Senate recommends authorization of a graduate program leading to the degree of Doctor of Philosophy in Chemical Physics. This program has been approved by the Executive Committee of the Graduate College. Its objective is to make it possible for students to gain the necessary background for original research in the interdisciplinary field of chemistry, physics, and mathematics.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

There is submitted herewith a statement giving the requirements for admission and for the degree, a copy of which is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mrs. Watkins, this recommendation was approved.

CHANGE IN REQUIREMENTS FOR TEACHERS OF VOCATIONAL AGRICULTURE

(8) The Urbana-Champaign Senate recommends approval of minors in general science and biology for teachers of vocational agriculture, which are necessary for teachers of vocational agriculture to obtain certification as teachers of general science or biology, under the law requiring twenty-four hours for a minor in these areas which will become effective in 1961. These changes have been approved by the Committee on Preparation of Secondary Teachers of Vocational Agriculture, the Committee on the Preparation of Secondary Teachers of Science, and the Council on Teacher Education.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

Submitted herewith are the details of these new requirements, a copy of which is being filed with the Secretary of the Board for record.

I recommend approval.

On motion of Mr. Hughes, this recommendation was approved.

SUMMER SPEECH CLINIC WORK BY DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(9) The Division of Services for Crippled Children has been supporting summer speech clinics in cooperation with higher educational institutions in several areas of the state. The patients are children who can not be given the necessary care in their communities and those selected represent some of the most complex speech rehabilitation problems and are cases afflicted with cerebral palsy, cleft palate, severe hearing loss, and aphasia. They are eligible for treatment under the program of the Division and are in need of speech treatment as an integral part of the complete medical care program. Cooperating institutions contribute their facilities and staff.
It is recommended that during the summer of 1960 speech clinics be authorized in the following institutions on a reimbursable cost basis, estimated as follows:

Rockford College, Rockford.......................... $26,076.75
Augustana College, Rock Island.......................... $8,892.50
Northern Illinois University, DeKalb.......................... $8,675.20
Southern Illinois University, Carbondale.......................... $8,820.00
Illinois State Normal University, Normal.......................... $10,823.00

$63,287.45

A similar clinic will be conducted at the University of Illinois at Urbana at an estimated cost of.......................... 15,119.00

Funds are available in the budget of the Division of Services for Crippled Children.

The Director of the Division of Services for Crippled Children, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller join in this recommendation.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

CLINICAL RESEARCH CENTER IN THE RESEARCH AND EDUCATIONAL HOSPITALS

(10) The Department of Medicine in the College of Medicine has prepared a proposal to the National Institutes of Health, United States Department of Health, Education, and Welfare, for the establishment of a Clinical Research Center on the eighth floor of the Research and Educational Hospitals. The proposal includes an application for funds amounting to $489,294 for the first year, $305,592 for the second year, $310,814 for the third year, $316,296 for the fourth year, and $322,055 for the fifth year.

The budget for the first year includes $238,583 for renovation and major equipment, $50,104 for operating expenses, and $200,607 for basic hospitalization expenses for patients admitted to the Center for study.

In order to meet a date deadline for the consideration of this application, it was submitted on April 26 with the approval of the Vice-President in charge of the Chicago Professional Colleges.

I recommend authorization of this application and acceptance of funds for the initiation of this project if approval is received from the National Institutes of Health.

On motion of Mrs. Watkins, this recommendation was approved.

ILLINI UNION SERVICE CHARGES

(11) The Committee on Fees recommends increases in service charges as follows: Illini Union Building, from $7.00 a semester to $10.00 a semester, and the Chicago Illini Union Building, from $3.50 a quarter to $5.00 a quarter.

These adjustments are necessary to cover the costs of general building operations. The Illini Union service charge was originally set at $5.00 in 1940 and was increased to $7.00 in 1951. Salaries and wages of Illini Union staff and operating costs of the building have, of course, been increasing. Rates in service activities have been adjusted in keeping with these increased costs but there is a deficit in general building operations which is supported solely by the student fee.

Submitted herewith is a communication from the Student Senate at Urbana requesting that the Board of Trustees carefully consider one or more of the following as alternatives to the proposed increase in the Illini Union Building service charge:

1. That the faculty should be assessed to help pay its proportionate part of the expense of the Union's operation, and/or
2. That the University compensate for its use by the faculty, the amount of the compensation to be equal to that paid in 1953 with adjustments for increased size of faculty and the inflation of the period, and/or
3. That all students of the University, including those on graduate fellowships and those carrying less than five academic hours, be assessed an appropriate fee for their use of the Union, and/or
4. That the University give the Union free use of its utilities (steam, water, and electricity) as is done in other Big Ten universities.
At the meeting of the Board on April 20 there was presented a petition signed by some 750 students supporting the resolution of the Student Senate. Also submitted is a reply to the Student Senate's request by the Vice-President and Comptroller. Copies of these documents are being filed with the Secretary of the Board for record.

The alternatives suggested in the Student Senate's proposal are plausible, and have been given due consideration, but are not feasible because:

All income from state tax funds and from student fees is fully budgeted for the current biennium. Any assignments from University funds to Illini Union Building operations would require additional income and this would mean an increase in the general tuition fee. The net result so far as the student is concerned would be the same.

While it may be argued that proposals 1 and 3 of the Student Senate—assessment of the faculty and requiring all students including those holding graduate fellowships to pay the Illini Union Building service charge—would not add to the expenses of the University, in both cases this would mean a change in basic contracts of appointment, which could be accomplished only by adjustments in the salaries and stipends.

In the preparation of the next biennial budget, consideration can be given to some of the alternatives recommended by the Student Senate.

I recommend approval of the changes in fees indicated.

On motion of Mr. Johnston, these changes in service charges were approved.

At this point Mr. Wilkins left the meeting.

APPLICATION TO THE FEDERAL COMMUNICATIONS COMMISSION
(13) In the operation of the Radio Astronomy Telescope, it is necessary to petition the Federal Communications Commission to amend or modify its rules and regulations to provide interference protection by restricting assignments of UHF television stations or any other type or class of station operating in the band of 608 to 614 megacycles.
It is desirable to retain a law firm in Washington, D.C., for the purpose of filing the petition and to follow through in the event adverse comments are received by the Commission and hearings are held. The law firm of Bingham, Collins,
Porter, and Kistler is recommended for this purpose. It is estimated that the cost of filing the petition will be a minimum of $250, and could be as high as $2,500 for professional services, plus the cost of transcripts and other out-of-pocket expenses. The final cost will depend upon whether hearings are held and the length of the hearings. The Department of Astronomy can pay the first $250 from its departmental indirect costs.

I recommend the adoption of the following resolution and the assignment of $2,500, or as much thereof as may be necessary, from general Indirect Costs funds accumulated from research contracts for legal services required.

Resolution of the Board of Trustees of the University of Illinois

WHEREAS, the University has undertaken the construction of a unique Radio Astronomy Telescope near Urbana, Illinois, which offers marked possibilities of providing a highly sensitive precision instrument at considerably lower cost than other instruments of comparable capabilities, and will contribute substantially to the scientific advancement of Radio Astronomy; and

WHEREAS, the Radio Astronomy Telescope now under construction has been designed for effective and efficient use at 611 megacycles ± 3 megacycles, or a required radio frequency band width of 6 megacycles extending from 608 megacycles to 614 megacycles; and

WHEREAS, this portion of the radio frequency spectrum is now allocated by the Federal Communications Commission to television broadcasting in the Ultra High Frequency Band and is designated by the Federal Communications Commission as UHF Television Channel No. 37; and

WHEREAS, this channel is unoccupied at this time by any television stations within the United States, except for an experimental station at Camden, N.J., licensed to the Radio Corporation of America; and

WHEREAS, the effective and efficient use of the Radio Telescope requires a high degree of protection from terrestrial radiations and it is, consequently, advisable to petition the Federal Communications Commission to afford such protection by reserving the radio frequency band 608-614 megacycles to radio astronomy on a nation-wide basis;

Therefore, Be It Resolved, that the President of the University, through such agents or officials as he may designate, is hereby empowered and authorized to retain the law firm of Bingham, Collins, Porter, and Kistler of Washington, D.C., to represent the University in the matter of filing and prosecuting a Petition before the Federal Communications Commission requesting that Agency to amend or modify its existing Rules and Regulations so as to provide protection to the University's Radio Telescope by ruling that no license shall be issued for a television station, or any other class or type of radio station, operating or proposing to operate within the radio frequency band 608-614 megacycles. Provided, however, that the fees to be charged by the said law firm shall, in the opinion of the President, be fair and reasonable.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

PURCHASE OF ELECTRIC POWER

Because of the freeze of state capital appropriations for 1959-61, a turbine generator scheduled for completion in 1961 can not be available prior to 1963. It is estimated that there will be a deficiency of 780 kilowatts of power in the summer of 1960, and over 2,300 kilowatts by the summer of 1962, so that it will be necessary to purchase power from the Illinois Power Company. The most economical arrangement is to purchase a 2,340 kilowatt block of power from a new substation in the vicinity of Florida Avenue and the Illinois Central Railroad.

To secure the lowest rates, it is necessary to contract for a minimum period of five years. Capital costs for this service will amount to $92,000, and the annual cost of power will be $33,000 greater than if the equivalent amount of power were generated at the Abbott Power Plant.

The Director of the Physical Plant and the Vice-President and Comptroller
recommend authorization of a contract with the Illinois Power Company for purchase of power, as indicated above, and subject to availability of funds; an increase of $33,000 in the operating budget of the Physical Plant and a non-recurring appropriation of $9,200 for the capital costs.

I concur.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Herrick, Mr. Stratton, Mr. Wilkins.

DEAN WILLIAM V. LAMBERT
At this point President Henry presented Dean William V. Lambert of the University of Nebraska who has been appointed University of Illinois Adviser to the Vice-Chancellor of the Uttar Pradesh Agricultural University, Rudrapur, U.P., in India, who spoke briefly on the opportunities he envisages in this position.

**CONTRACT FOR CONSTRUCTION OF BUILDINGS FOR ANIMAL SCIENCE**

(15) The Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend authorization of the construction of two more buildings for the Agricultural Experiment Station's animal breeding and physiological research project at an estimated cost of $15,300 under the standing, cost-plus contracts authorized by the Board of Trustees for minor construction and remodeling work.

Funds are available in the grant of $200,000 received by the University from the Moorman Manufacturing Company, Quincy, for a special research project in animal breeding. Most of this money will be used to construct twenty-one buildings for the housing of experimental swine, sheep, and cattle for physiological research. These small agricultural buildings can be constructed from sketches prepared by the Department of Agricultural Engineering, thus saving the time and expense of preparing detailed drawings and specifications, and the facilities are being constructed as the experiment proceeds and according to the requirements of the research project and it is recommended that these buildings also be constructed under the cost-plus contracts in effect at the time a project is started.

The Board has authorized previous construction work for this project under the University's standing contracts which are awarded annually on the basis of competitive bids.

I concur.

On motion of Mr. Hughes, authority was given, as requested.

**CONTRACT FOR REPAIRING ILLINOIS SURGICAL INSTITUTE FOR CHILDREN BUILDING**

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $5,220 to Wolfes-Jensen and Company, Inc., Chicago, the lowest bidder, for masonry repairs to the Illinois Surgical Institute for Children Building at 905 South Wolcott Street, Chicago, which is one of the units of the Research and Educational Hospitals.

The work will include removal of loose brick and cut stone, parapet walls and their replacement. Due to weathering, portions of the building have deteriorated, and the repairs are necessary not only to restore the building but to eliminate hazards of falling stone and brick.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mrs. Watkins, this contract was awarded, as recommended.

**CONTRACT FOR LANDSCAPING AT CHICAGO PROFESSIONAL COLLEGES**

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $3,525 to Clauss Brothers, Inc., Chicago,
only bidder, for landscaping of the Laundry Building area at the Chicago Professional Colleges.

The work will consist of placing top soil, seeding, and planting of trees and shrubs, all to be provided by the contractor.

Funds are available in the Laundry Building construction account.

I concur.

On motion of Mr. Harewood, this contract was awarded, as recommended.

**ADDITION TO CONTRACT FOR LABORATORY EQUIPMENT AT CHICAGO PROFESSIONAL COLLEGES**

(18) The Business Manager of the Chicago Professional Colleges and the Vice-President and Comptroller recommend an increase of $8,386 in a $43,087.57 contract with the Kewaunee Manufacturing Company, Adrian, Michigan, for the fabrication and installation of laboratory equipment in the Medical Research Laboratory at the Chicago Professional Colleges.

The contract includes laboratory furniture and equipment for the virology laboratory. In this laboratory, dealing with contagious diseases, it is necessary to provide every precaution for the protection of personnel and to guard against the spread of contamination to other areas. There have been very recent developments, subsequent to the execution of the contract, in the design and fabrication of such equipment which provide greater safety factors. Accordingly, installation of six items of laboratory furniture and equipment for the virology laboratory has been held up until it could be ascertained if changes in the laboratory furniture could be made which would enable research workers to work with dangerous micro-organisms with a very high degree of safety to themselves and other personnel. The Kewaunee Manufacturing Company has offered to take the furniture back to its plant to make the necessary changes at an increase in contract indicated.

Three other leading manufacturers of laboratory equipment, two of whom bid on the original installation, were consulted to check the price quoted by Kewaunee. All three companies recommended that the work be done by the manufacturer of the original equipment, and that they would prefer not to bid on the revisions since this would result in a higher cost to the University, their estimates ranging from $12,000 up.

Funds are available in the construction account for the Medical Research Laboratory which includes a federal grant under the Medical Research Facilities Act.

I recommend approval.

On motion of Mr. Swain, this change in the contract was authorized.

**HOSPITAL-MEDICAL-SURGICAL INSURANCE FOR STUDENTS AND STAFF**

(19) On June 23, 1959, the Board of Trustees authorized contracts with the Federal Life Insurance Company, Chicago, for hospital-medical-surgical insurance for students and staff at Urbana and at the Chicago Undergraduate Division. The rates are guaranteed for a two-year period but the benefits were guaranteed for one year, 1959-60, subject to negotiation. In lieu of adjusting the benefits, the Company has proposed the following adjustment in premiums for 1960-61, leaving the benefits the same:

The proposed rates are all substantially lower than those submitted by the second lowest bidder a year ago.

The only change in benefits proposed is the addition to both student plans
of accidental death and dismemberment benefits up to $3,000 in connection with loss incurred while off campus. Students are now required to purchase this coverage individually at a rate of 25 cents per day for all University field trips. This coverage will save students approximately $1,500 a semester and will relieve the faculty members in charge of field trips of the chore of checking on insurance coverage of all students concerned.

The increases in premiums are reasonable on the basis of the Company's experience this year, since the benefits paid by the Company thus far are running ahead of the premiums paid by the University. No changes will be necessary in the amounts charged to students or staff; the difference between the charges and the insurance premiums is still sufficient to cover administrative costs.

After consultation with student and faculty groups, the Vice-President in charge of the Chicago Professional Colleges recommends that students be required to participate in the student insurance plan and that the staff plan be made available to the Chicago Professional Colleges staff on a voluntary basis; and that a student fee of $6.00 per quarter be charged all students enrolled in the Chicago Professional Colleges. Students who have equivalent insurance coverage may secure exemption from the fee as at the other campuses. Optional coverage may be provided for a student's wife for an additional $9.00 per quarter and for children at an additional $6.00 per quarter each. Coverage during the summer quarter will be optional at the same rates.

The Company will add the Chicago Professional staff coverage at the same rate and provide the same benefits as the Urbana staff plan. The student plan will provide the same benefits as the Chicago Undergraduate Division plan, which are higher than the Urbana benefits. The premium will be $5.05 per quarter for a student, $7.31 additional for a spouse, and $5.21 for one or more children.

I concur.

On motion of Mr. Swain, these recommendations were approved.

QUARTERLY REPORT OF THE COMPTROLLER

(22) The Comptroller presented his quarterly report to the Board as of March 31, 1960.

This report was received for record and a copy has been filed with the Secretary of the Board.

UNIVERSITY POLICY ON CONSTRUCTION OF FAMILY HOUSING

(23) In January, 1956, the Board of Trustees approved a comprehensive program for the construction of student housing, including family housing. As stated in this program, the planning is subject to revision from time to time according to the needs of the University and the availability of adequate private housing in the community of Urbana-Champaign. Indeed, in 1958 these factors being taken into account the construction schedule was revised accordingly. Submitted here-with is a memorandum prepared by the Housing Division, giving the background of this subject and the changes which have been made since its adoption; a copy of this is being filed with the Secretary of the Board for record.

Recent questions raised by the Apartment Owners Association of Champaign-Urbana concerning the need for construction by the University of additional family housing have been answered in conferences with representatives of the Association. However, it is desirable that there be public understanding of the University’s program and needs, and it is therefore recommended that the Board authorize the following policy statement.

1. The projected enrollments for the University at Urbana-Champaign indicate that there will be a continuing need for family housing facilities for students, faculty, and staff. Without additional housing, the University can not continue to grow at Urbana-Champaign.
2. If the facilities are to be available when needed, decisions for planning and construction must be based on projected enrollments.
3. The University’s enrollment projections and estimated housing requirements are always available and plans will continue to be announced as soon as they are approved.
4. The University hopes that private builders in the community will continue to help provide suitable housing for faculty, staff, and married students.
5. The University’s efforts will be directed toward providing married students’ housing facilities meeting University conditions and requirements which are estimated to be unavailable elsewhere in the local community.
6. The final appraisal and decisions as to need, both present and projected, must be the responsibility of the Board of Trustees.

On motion of Mrs. Watkins, this statement of policy was approved.
RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(24) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Radio direction-finding system — Albert D. Bailey, Professor of Electrical Engineering, inventor. The purpose of this invention is to provide a radio direction-finding system that will permit one to obtain the direction of arrival of a radio wave with an accuracy that is considerably better than that obtained with the conventional small aperture radio direction-finding systems. The system is basically a sum-and-difference radio interferometer technique together with the means for continuously calibrating the indicated data to arrive at an accurate estimate of the bearing and elevation angle-of-arrival of the incoming radio signal. The novel features are the conception of the complete system and the use of a calibrator to provide a means for obtaining an accurate estimate of the bearing and elevation angles of arrival of a radio wave.

The Committee concurs in the recommendation of the Head of the Department of Electrical Engineering that there is little or no commercial value and recommends that this invention be released to the sponsoring agency, the United States Army Signal Corps.

2. Radio direction finding using phase-locked oscillators — F. J. Wymer, Research Assistant in Electrical Engineering, inventor. The only new idea in this system is the use of phase-locked oscillators in radio direction-finding systems. Other techniques and components employed — the receivers, phase-locked oscillator, goniometer, phase-sensitive detector, and Adcock Antenna Array — are not novel.

The Committee concurs in the recommendation of the Head of the Electrical Engineering Department that there is little or no commercial value and recommends that this invention be released to the sponsoring agency, the United States Navy.

3. Log-periodic resonant-V arrays — Paul E. Mayes, Research Associate Professor of Electrical Engineering, and Robert L. Carrel, Research Assistant in Electrical Engineering, inventors. This is a broadband antenna which utilizes a directive element pattern as well as the array factor to achieve moderately high gains over an extended range of frequencies (ten to one or more in ratio). The antenna consists of linear elements which are connected to a parallel-wire feed line.

The Committee concurs in the recommendation of the Head of the Department of Electrical Engineering and the University of Illinois Foundation that there is definite possibility of commercial value and that this invention be released to the University of Illinois Foundation, recognizing the rights of the sponsoring agency, the United States Air Force.

4. New circularly polarized omnidirectional antenna — Paul E. Mayes, Research Associate Professor of Electrical Engineering, and John D. Dyson, Research Assistant Professor of Electrical Engineering, inventors. Since this type of log-spiral antenna retains the extremely wide frequency band-widths of the balanced, two-arm conical log-spiral antenna, it provides a major improvement over most of the narrow band omnidirectional, circularly polarized antennas presently in use. Successful operation over frequency ranges of 10 to 1 and more are possible as compared to the 2 to 1 or less range with former antennas.

The Committee recommends that, in view of definite possible commercial value, this invention be released to the University of Illinois Foundation, recognizing the rights of the sponsoring agency, the United States Air Force.

5. All channel TV and FM receiving antenna — Robert L. Carrel, Research Assistant in Electrical Engineering, and Paul E. Mayes, Associate Professor of Electrical Engineering, inventors. At present the television broadcasting spectrum is allocated in several bands which are widely dispersed in frequency. As a result it is now common practice to use several antennas in order to receive from several transmitting stations. There is no commercially available antenna which will perform well at all frequencies in the television broadcast bands. Utilizing the ideas covered in this patent, it is possible to design an antenna which operates well over all of the television spectrum plus that used in FM broadcasting as well. Furthermore, the design described here uses the available antenna structure more effectively insofar as producing directive gain than would be possible when using
several narrow band antennas. Structurally, this antenna is no more complex than certain commercial models on the market at present.

The University of Illinois Foundation reports that it appears that this invention has a more direct commercial appeal than any of the other antenna inventions now held by them; and therefore, the University Patent Committee recommends that this invention be released to the University of Illinois Foundation with the stipulation that they recognize the contractual rights of the sponsoring agent, the United States Air Force.

I concur in these recommendations.

Mr. Clement stated that the Board's Committee on Patents has considered these recommendations, and he moved their approval. This motion was adopted.

REQUEST OF FAUCETT-UMPHREY CORPORATION

(23) The Faucett-Umphrey Corporation, Bloomfield, Indiana, was awarded a contract for $189,448.10 for the manufacture of student room furniture (chairs, beds, and desks) for University residence halls. The Corporation having failed to submit an owners protective bond as stated in the contract, the Board of Trustees exercised its option of retaining the Corporation's bid deposit of $7,500, as liquidated damages for failing to comply with contract requirements, and declaring the contract null and void.

The Faucett-Umphrey Corporation, by James R. Riley, its Executive Director, has asked the Board of Trustees to reconsider its action relative to retention of the bid deposit.

Following discussion of this request, the Vice-President and Comptroller was instructed to inform the Faucett-Umphrey Corporation that the Board does not see its way clear to granting this request.

STATUS OF ASSISTANT PROFESSOR LEO F. KOCH

(26) At the meeting of the Board of Trustees on April 20, 1960, I reported that the recommendation of the Executive Committee of the College of Liberal Arts and Sciences, Assistant Professor Leo F. Koch of the Division of General Studies was relieved of all University duties as of April 7, 1960, and that he was informed that his appointment will be terminated at the end of the current academic year 1959-60. He was officially notified of this action by a copy of the following letter addressed to Dean Lyle H. Lanier of the College of Liberal Arts and Sciences which was delivered personally to him by Dean Lanier acting for me.

April 7, 1960

DEAR DEAN LANIER:

I have your memorandum of April 7 reporting the deliberations of the Executive Committee of the College of Liberal Arts and Sciences concerning Assistant Professor Leo F. Koch. You report that Professor Koch's letter published in the Daily Illini on March 18, 1960, raised serious doubt as to his sense of academic responsibility and hence as to his further usefulness as a teacher in the College of Liberal Arts and Sciences.

I note that the Head of Professor Koch's Department, Professor James M. McCrimmon, in substance informed Professor Koch on March 25 that his letter constituted a breach of professional responsibility and in conference with Professor Koch condemned both the tone and much of the content of the letter.

I note further that it is the Executive Committee's view that Professor Koch's published letter constitutes a breach of academic responsibility so serious as to justify his being relieved of his University duties.

This memorandum is to record my concurrence in the recommendation of the Committee and to request you to relieve Professor Koch of his duties immediately. His appointment will be terminated at the University at the end of the current academic year.

With you, I consider Professor Koch's letter a grave breach of academic responsibility. The views expressed are offensive and repugnant, contrary to commonly accepted standards of morality and their public espousal may be interpreted
as encouragement of immoral behavior. It is clear that Mr. Koch's conduct has been prejudicial to the best interests of the University.

I request that you and Professor McCrimmon communicate this decision to Professor Koch.

DAVID D. HENRY
President

Mr. Koch has requested, and has been granted, a hearing of his case by the Board, the date of which should now be set; provided that the date of the hearing is no less than fifteen days from the date of receipt by him of the notice as required by the University Statutes.

I now recommend that the Board of Trustees terminate Assistant Professor Koch's appointment at the end of the current academic year 1959-60 on the basis of the charges stated in the foregoing letter to Dean Lanier which are predicated upon Mr. Koch's action in having published in the Daily Illini issue of March 18, 1960, the communication referred to in my letter to Dean Lanier and a copy of which is submitted herewith. I request the Board not to act on this recommendation, however, until after the hearing with Mr. Koch has been held.

Mr. Johnston moved that the hearing requested by Mr. Koch be held in the Illini Union Building, Urbana, Illinois, on Tuesday, June 14, 1960, the date fixed by the Board for its regular June meeting, beginning at 10:30 a.m.; that the hearing be open to accredited press representatives and to the public to the extent space permits; that the Director of Public Information be instructed to issue proper identification to one accredited correspondent from each newspaper, press association, radio or television station involved in coverage of the hearing; and that no cameras or mechanical recording devices be permitted in the room in which the hearing is conducted.

This motion was adopted.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

INTERNAL OPERATING BUDGET FOR 1960-61

(1) The University's internal operating budget for all divisions and funds for the fiscal year beginning July 1, 1960, for academic and administrative appointments beginning September 1, 1960, and for nonacademic personnel appointments beginning July 1, 1960, is submitted herewith. This budget has been prepared by the Vice-President and Provost and the Vice-President and Comptroller in accordance with policies recommended by the University Budget Committee and procedures approved by the President. It is based upon recommendations of deans, directors, and other administrative officers and has been reviewed by the President.

I recommend that this budget, covering the allocation of the estimated operating income from all sources for the year beginning July 1, 1960, be approved; and that the President of the University be authorized, in accordance with the needs of the University and the equitable interests involved and within total income, (a) to accept resignations, (b) to make such additional appointments as are necessary, subject to the provisions of the University Statutes and the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees, and (c) to make such changes and adjustments in items included in the budget as are needed, all such changes to be covered in the Vice-President and Comptroller's quarterly financial report, or in reports to the Board by its Secretary, provided that assignments for new projects or programs and for nonrecurring expenditures in excess of $2,500 shall be presented to the Board for prior approval.

The complete budget for all divisions of the University, with a "Condensed Analysis and Summaries," was submitted to the Finance Committee and to other members of the Board of Trustees at a work session held on May 16 at which the budget was reviewed in detail in consultation with the President of the University and other University officials. Action was deferred, pending further study of the budget by the members of the Board.

At another meeting of the Finance Committee held on June 13, the Committee voted to concur in the recommendations of the President of the University.

Following presentation of the budget to the Board of Trustees and further review by the President, the Vice-President and Provost, and the Vice-President and Comptroller, on motion of Mr. Swain, the budget was adopted, the President of the University was authorized to take the actions specified in his presentation, and the necessary appropriations were made, as recommended. This action was taken by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

The detailed budget appears as an appendix to these minutes on page 1407.

tions for the deanship of the Division. In the meantime, Dr. Stanley C. Robinson, Professor of Business Administration and Associate Dean of the Division, has been serving as its chief administrative officer.

The search committee has unanimously nominated Dr. Robinson for the deanship. The nomination is also endorsed by the Executive Committee of the Division and is concurred in by the Vice-President and Provost and the Dean of the Graduate College.

Accordingly, I recommend the appointment of Stanley C. Robinson as Professor of Business Administration on indefinite tenure and Dean of the Division of University Extension beginning July 1, 1960, and continuing through August 31, 1961, at an annual salary of $15,000 on "Y" basis.

On motion of Mrs. Watkins, this appointment was approved.

**EXTENDED LEAVES FOR DISABILITY**

Prior to July 1, 1959, the University Retirement System provided that an employee was eligible for disability benefits immediately upon employment if the disability did not arise from a condition which existed on the day of employment, and after five years of service regardless of the cause of disability. An amendment of the Act creating the System, approved by the General Assembly effective July 1, 1959, provides that an employee is eligible for disability benefits immediately upon participation in the Retirement System if disability results from an accident, and after two years of service if disability results from illness.

This was an improvement in the System as a whole, but did result in a loss to certain employees employed prior to July 1, 1959, who have suffered disabilities prior to serving the minimum of two years now required. If the law had not been changed, these employees would have been entitled to disability benefits.

The Board of Trustees of the Retirement System has explored this fully to determine if it might pay these claims, but finds it can not legally do so. Therefore it is recommended that, during the transition period, the University extend its disability benefits by granting extended sick leave at half pay to the employee involved for the length of time the employee would have been entitled to such benefits if the Retirement System had not been amended.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

**RENEWAL OF LEASES AT NAVY PIER FOR CHICAGO UNDERGRADUATE DIVISION**

The current leases with the city of Chicago for quarters at Navy Pier and the adjacent Drill Hall for the University of Illinois Chicago Undergraduate Division expired June 30, 1959. Negotiations with city of Chicago officials for renewal of these leases through the biennium of 1961-63 were initiated in the spring of 1959, and as a result of the discussions it was agreed that the University would prepare renewal documents with no changes in the provisions of the original leases executed in 1946, and renewed in 1954, except for (a) certain changes in the parking area which were agreed to in discussions, and (b) renewal providing for occupancy by the University for the biennium ending June 30, 1961, with the privilege on the part of the University to renew each of the leases for two successive periods of one year each, which would carry through to the period ending June 30, 1963.

The documents were delivered to city officials in June, 1959, for examination. There had been an indication that there might be further questions which city officials would want to discuss; and there was a delay due to the illness of the Port Director. The city returned the documents on May 19, 1960, stating that they were satisfactory and requesting that they be executed as quickly as possible so that the Port Director might place them before the meeting of the City Council early in June.

Since it was desirable to have the renewal of the leases in effect as soon as possible, the Vice-President and Comptroller executed the documents as requested by city officials.

I recommend that the Board of Trustees confirm the action thus taken and ratify the execution of the leases.

On motion of Mr. Clement, the actions taken were ratified by the
following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton, Mr. Wilkins.

REPORTS BY VICE-PRESIDENT AND PROVOST RAY AND DEAN SANFORD

At this point, Vice-President and Provost Ray reported briefly on the prospective enrollment for the academic year for 1960-61 as indicated by the total number of permits to enter which have been issued to date. The number of applications being received indicates a greater increase in enrollment in 1960 than was previously estimated.

He called on Dr. C. W. Sanford, Dean of Admissions and Records,
who discussed the increases in enrollments in terms of the scholastic quality of students applying for admission to the University.

At this point, Mr. George T. Wilkins joined the meeting.

**CONTRACTS FOR CONSTRUCTION OF RESIDENCE HALL FOR GRADUATE STUDENTS**

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend awards of contracts as follows for the construction of the second unit of a residence hall for graduate students on Green Street in Urbana to house 214 students; the award in each case is to the lowest bidder:

General — Johnson, Drake, and Piper, Inc., Terre Haute, Indiana...... $628 600

This includes $5,600 for servicing all other construction contracts which will be assigned to the general contractor.

Electrical — Knight Electric Company, Inc., Evansville, Indiana...... 52 160

Funds for this and the Orchard Downs Apartments will be available from the proceeds of the sale of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1960, Series A," bids on which are being received today.

Based on the budget prepared for this project, and including the contracts herein recommended, it can be completed within the estimated cost of $1,150,000 contemplated in the financing.

Subject to completion of the financing, I concur in the recommendation for the awards of these contracts.

Submitted herewith is a report from the Physical Plant Department on the bids received, a copy of which is being filed with the Secretary of the Board for record.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR TRANSFORMER VAULT AND SWITCHGEAR BUILDING AT THE CHICAGO PROFESSIONAL COLLEGES CAMPUS**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract for $23,386 to R. V. Monahan Construction Company, Chicago, Illinois, the lowest bidder, for the construction of an addition to the Research and Educational Hospitals Building to house transformers and switchgear. This will be the first phase of work to improve the electrical services and to eliminate a serious overload in the first unit of the Dentistry-Medicine-Pharmacy Building.

Funds are available in the state capital appropriations to the University for 1959-61 and have been released by the Governor for this purpose.

I concur.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT AND APPROPRIATIONS FOR DEVELOPMENT OF RECREATIONAL AREA**

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend:

Authorization of the development of a recreational area — to include the construction of tennis courts, basketball practice courts, and a sidewalk along
Gregory Drive — in the area north of Stadium Drive and west of First Street for the use of students and staff. Part of this improvement is to replace the tennis courts at the corner of Fifth Street and Armory Avenue which will be the site of the Institute of Labor and Industrial Relations Building.

Award of a contract for $39,230 to Champaign Asphalt Company, Champaign, for construction of tennis courts. The balance of the work will be done by the Physical Plant Department.

An assignment of $27,000 from the General Reserve has already been made by the Board of Trustees for the relocation of the tennis courts and a supplementary assignment of $50,000 is required for the completion of this project.

I concur in the recommendation for the award of the contract and recommend the assignment of the additional funds needed.

Submitted herewith is a report from the Physical Plant Department on the bids solicited, a copy of which is being filed with the Secretary of the Board for record. Although bids were solicited by advertisement, as required by law, and a number of contractors were specifically invited to submit bids, only the Champaign Asphalt Company did, its price being based on use of a special asphalt surfacing for the tennis courts.

On motion of Mr. Herrick, the contract was awarded and the recommended assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CONTRACTS FOR FUEL FOR THE CHICAGO UNDERGRADUATE DIVISION AND THE MEDICAL CENTER STEAM PLANT AT THE CHICAGO PROFESSIONAL COLLEGES

Coal for Medical Center Steam Plant

(14) The Director of the Physical Plant, the Business Manager of the Chicago Colleges and Divisions, and the Vice-President and Comptroller recommend award of a contract to the Crerar Clinch Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, for an amount not to exceed 42,000 tons of screenings coal to be delivered to the Medical Center Steam Company plant, operated by the University, as required during the period September 1, 1960, to June 30, 1961, at a per ton cost of $4.65, plus transportation of $1.39, plus $0.95 for handling, storage, and delivery, or a total estimated cost not to exceed $293,580. This price is based on present wage scales and is subject to increase or decrease in the event wage contracts or freight rates now in effect are changed and any such change affects the price. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units per one cent of cost, based on guaranteed analysis. A continuous check is provided to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant

The aforesaid officers also recommend the purchase of a minimum of 8,000 gallons of No. 6 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1960-61 heating season, from the Jewett and Sowers Oil Company, 2580 Archer Avenue, Chicago 8, Illinois, the lowest bidder, at a price not to exceed $0.0837 per gallon subject to adjustment in accordance with the posted price variations published in the “Oil Daily.” On the basis of a guaranteed maximum price ($0.0837 per gallon), the total cost of 8,000 gallons would not exceed $669.60, and of 450,000 gallons, $37,665.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

Fuel Oil for Undergraduate Division

The aforesaid officers also recommend the purchase of No. 5 fuel oil, not to exceed 380,000 gallons, for the 1960-61 heating season, from the Crerar Clinch
Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, at a current price of $0.0869 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." On the basis of the price quoted and normal market fluctuations (market price of $0.0940 as of May 24, 1960), the total cost for 380,000 gallons would not exceed $35,720.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to approval by the Governor as required by the State Constitution.

On motion of Mr. Clement, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR PLASTERING, PLASTER PATCHING AND REPAIRING, AND ACOUSTICAL WORK**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a cost-plus contract to Edmond T. Drewitch, Urbana, Illinois, the lowest bidder, for plastering, plaster patching and repairing, and acoustical work during the fiscal year beginning July 1, 1960, on the basis of the following terms: A contractor's fee of 14 per cent of all actual job costs, as determined by itemized billing, which will include $2.00 an hour for trucking of equipment and materials for actual time used solely for transportation; provided that not more than 8 per cent of the total cost of any job will be charged to trucking costs, unless the total cost is $25 or less.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

**CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS**

Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the individual housing units operated by the University at Urbana-Champaign. This contract is for the fiscal year beginning July 1, 1960, to provide for services as required, payments to be made at the following rates which are those in effect during the current fiscal year ending June 30, 1960:

<tr>
<td>Mechanic's Helper</td>
<td>1.40</td>
<td>2.20</td>
</tr>
</tbody>
</table>

Contractor's Fee

For Labor: 30 per cent
For Materials: 30 per cent

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Funds are available in the income of the Housing Division.

I concur.

On motion of Mr. Harewood, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

campus planning and as a consultant on various phases of the building program for several years. The current contract, which is on a cost-plus basis, expires August 1, 1960. The Director of the Physical Plant and the Vice-President and Comptroller recommend renewal of this contract for one year for the following assignments:

**Chicago Professional Colleges**
1. Continue studies on the 1959-61 campus planning, including revision and development of programs for various college and department areas.
2. Studies on sites for Library and multi-purpose building.
3. Promotional studies for future projects on which outside financing can be anticipated.

3. Preliminary studies on future housing projects.

Estimated cost $3,000. Funds are available for item 1 in the appropriation “Architectural Studies for Future Buildings.”

**Miscellaneous**
1. Participation in weekly planning meetings.
2. Consultant on planning and design for building projects on which the commissions have been assigned to others.
3. Other special consultant services as requested by the Physical Plant Department.

Estimated cost for item 1, $7,000; for items 2 and 3, $5,000. Funds are available for item 1 in the appropriation “Architectural Studies for Future Buildings.” Funds will be available for items 2 and 3 in appropriations for the specific projects on which these services are desired.

Payments for these services will be based on itemized payroll costs, plus 100 per cent for the firm’s overhead expenses and architect’s fees, with the same hourly rate structure as in the present contract.

I recommend authorization of this contract and assignments of the funds as indicated.

On motion of Mr. Swain, this contract was awarded, and assignments of funds, as recommended, were authorized, by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton; not voting, Mr. Pogue.

**CONTRACTS FOR MINOR BUILDING ALTERATIONS AND REPAIRS**

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommended awards of the following cost-plus contracts for minor building alterations, repairs, and construction during the fiscal year beginning July 1, 1960, the award in each case being to the lowest bidder on the basis of contractor’s fees. These contracts are for work which would not justify the cost of preparing
separate drawings and specifications and the expense of separate bidding pro-
dcedures on each project. It is a practice which the University has followed for a
number of years.

General — English Brothers, Champaign.
Electrical — Brunkow Electric Company, Champaign.
Plumbing — Thomas Plumbing and Heating Company, Urbana.
Heating, Piping, Refrigeration, and Automatic Temperature Control Systems —
David W. Reichard Plumbing and Heating, Urbana.
Ventilating and Distribution Systems for Conditioned Air — Schroeder and Sons
Company, Champaign.

The work will be done only as ordered by the Physical Plant Department
and will be paid for on the basis of the actual cost of each job plus the con-
tractor's fees. A schedule of bids taken showing the percentages to be added for
work to be executed under cost-plus contracts is attached, and a copy of this
schedule is filed with the Secretary of the Board for record as the basis for the
contract awards recommended. Awards of these contracts will require no assign-
ment of funds at this time; each job will be covered by a contract change order
charged against funds allocated for it.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as
recommended, by the following vote: Aye, Mr. Clement, Mr. Hare-
wood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain,
Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none, absent, Mr.
Stratton.

CHANGES IN TELEPHONE SYSTEM ON URBANA CAMPUS

(19) Telephone service on the Urbana campus is provided through an administra-
tive system, which includes a central semi-automatically operated four-position
switchboard located in the Illini Union serving approximately 3,200 telephones,
and a residence hall system, which includes a central manually operated eight-
position switchboard located in Clark House serving 2,185 telephones in indi-
vidual student rooms in all the residence halls. The facilities of these systems
will be inadequate by September, 1961. The areas in which the switchboards and
equipment are now located are too small to permit expansion of the facilities
needed to meet additional requests for telephone service. Expansion of the
present system would require the construction of a new building of approximately
8,000 square feet at an estimated cost of $200,000, plus installation of cable neces-
sary to tie existing stations into the new switchboard location, and relocation of
switchboard equipment in the new building. Such expansion would not improve the
quality of service, nor would it provide space for unlimited expansion of the
system in the future.

The Illinois Bell Telephone Company has offered to replace the present sys-
tem with a single fully automatic system serving all University buildings, includ-
ing the residence halls, which would reduce the amount of space required from
2,300 square feet to 200 square feet. This would release space for office and
storage use in the Illini Union Building and Clark House. All the automatic
equipment would be in a new building to be constructed by the Illinois Bell
Telephone Company to serve the campus area, and would permit unlimited ex-
pansion of the system without the acquisition of more space by the University.
The system would permit all University telephones to be reached directly by out-
side callers without the assistance of an operator, and all University telephone
users could dial long distance or local points directly without the aid of an
operator. University operators would be available, however, to complete incoming
calls when such service is needed.

The operating costs of the automatic system would be slightly higher during
the first two years than the costs resulting from an expansion of the present
system; however, the large capital cost would be saved. After three years, the
operating costs of the automatic system will be less than the costs of the present
system expanded since fewer operators would be required.

The Director of the Physical Plant and the Vice-President and Comptroller
recommend that conversion to the fully automatic system be approved and that
the Comptroller be authorized to work out the necessary arrangements with the Illinois Bell Telephone Company.

I concur.

On motion of Mr. Swain this recommendation was approved.

**AMENDMENT TO EASEMENT ACROSS ALLERTON FARMS**

(20) The Board of Trustees has authorized an easement through one of the Allerton Farms for the construction of a pipe line by the Texas Illinois Natural Gas Pipeline Company. The Company's name has since been changed to the People's Gulf Coast Natural Gas Pipeline Company. The easement provides that the Company has the right, upon payment of an additional $3.00 per rod, to construct a second pipe line.

The easement covers a tract of land seventy-five feet wide. The pipe line does not cross University property in a straight line, but bends about 10° near the river. The Company's plans include crossing the river at a point about two hundred feet west of the existing pipe line, which will require an amendment to the present right-of-way agreement.

The Dean of the College of Agriculture and Vice-President and Comptroller recommend that the right-of-way agreement be modified to provide for the location of the second pipe line within a seventy-five foot right-of-way across the west half of the southwest quarter of section fourteen, township eighteen north, range five east of the third principal meridian, north of the Sangamon River, being 37.5' on each side of the following described center line:

Beginning at a point of entrance on the center line of the Sangamon River, said point being a distance of 53.6' east of the west line of section 14 measured along the center line of the river, thence in a northeast direction at an entrance angle of 78° a distance of 494.8' to a point; thence left 10° 12' in a northerly direction a distance of 2230.8' to a point of exit, said point being 336.5' east of the NW corner SW-Td section 13, containing in all an area of 4.69 acres more or less.

I concur.

On motion of Mr. Hughes, this change in the easement was authorized.

**EASEMENTS TO ILLINOIS POWER COMPANY AND ILLINOIS BELL TELEPHONE COMPANY**

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend that an easement be granted the Illinois Power Company in order to provide gas and electric service to the Orchard Downs Apartments, contracts for the construction of which are being recommended separately at today's meeting. They also recommend that an easement be granted to the Illinois Bell Telephone Company across University property at 201 West Pennsylvania Avenue, a residence used for staff housing, in order that the Company may install underground telephone cable serving properties in that area.

I concur and recommend the adoption of the following resolutions:

GIFTS OF MR. AND MRS. HERMAN C. KRANNERT

(22) Mr. and Mrs. Herman C. Krannert of Indianapolis, whose generosity has made possible the Krannert Art Museum, have made an additional grant of $62,000 from the Krannert Foundation to the University of Illinois Foundation to be used in the construction of the Museum. This brings the total grant from the Krannert Foundation for this project to $300,000.

Mrs. Krannert has given securities to the University amounting to $71,023.91 for the purchase of the painting, “Christ After the Flagellation,” by Murillo. This will be a very important acquisition and will enhance the standard and character of the University’s entire art collection. The painting has been purchased at a cost of $68,000. Mrs. Krannert has requested that the remainder of the grant be added to the fund for the construction of the Museum.

I have written Mr. and Mrs. Krannert an appropriate acknowledgment of the gifts on behalf of the University and the Foundation.

This report was received for record.
THE JOHN WALLACE DALLENBACH FELLOWSHIP IN PSYCHOLOGY

Dr. Karl M. Dallenbach of the Class of 1910 and Mrs. Dallenbach have established a fellowship fund in psychology at the University in memory of their son, John Wallace Dallenbach, who died in the service of his country on June 11, 1944, while returning to England from a flight mission over France during World War II. This will be known as "The John Wallace Dallenbach Fellowship in Psychology."

They have made an initial gift of $10,000 and plan to make additional contributions to the extent possible each year until the contributions, plus accrued interest, amount to $50,000. The fund is to be invested and the interest added to the principal until the endowment can produce an income sufficient to provide an annual fellowship stipend at a level definitely above the average of those fellowships regularly offered by other departments of the University so that special distinction will attend the award.

The complete conditions of the award will be determined later, but in general the fellowship shall be awarded only to graduate students doing basic research in psychology and the particular fellow shall be selected by the Graduate College upon nomination by the Department of Psychology in accordance with the University's regular procedures for selecting candidates for endowed fellowships. No appointment shall be made for a period in excess of one academic year and no fellow shall be appointed more than once. The fellow shall not be required to teach or perform any other duty than to pursue a full program of graduate study and research but may have the opportunity of teaching part time if he wishes to do so.

I have accepted this offer with appropriate acknowledgments on behalf of the University.

AMENDMENT OF GENERAL RULES RELATING TO PURCHASES

The General Rules Concerning University Organization and Procedure provide purchases amounting to $2,500 or more shall be submitted to the Board of Trustees or its Executive Committee for prior approval unless in the opinion of the President of the University necessity requires immediate action in which case he shall act and report to the Board. This provision does not apply to the purchase of food products, grain, livestock, or to any other commodities as the Board may from time to time exempt.

Prior to the adoption of the present Rules which became effective January 1, 1958, the Board regulations required that purchases amounting to $2,500 or more "made from general funds or non-itemized appropriations" shall be submitted to the Board of Trustees or to the Executive Committee . . . " for approval. It had been determined that this former rule did not apply to equipment, materials, or commodities purchased for resale to students and others, even though the purchase amounted to more than $2,500 in each case, since they were not charged against general funds or non-itemized appropriations and this practice has been continued under the present Rules.

In order to continue the practice which has been in effect, the Vice-President and Comptroller recommends that the Board authorize exemption from the requirement of advance approval by the Board of Trustees or its Executive Committee of purchases of items for resale to any parties other than a University department. This would not in any way modify the procedures applicable to purchases under the State Purchasing Act since all purchases of $1,500 would continue to be subject to the sealed bidding requirement of the Act. The only change would be exempting such recommendations from specific Board approval and this would expedite the purchase of stocks of commodities such as textbooks and school supplies for the Illini Union Bookstore, newspapers, magazines, candy, tobacco products, and sundries for the Illini Union Building and the canteen operations in the residence halls, all of which are for resale to students and parties other than a University department.

I concur.

On motion of Mr. Herrick, this recommendation was approved.
(25) The following purchases were authorized by the Executive Committee of the Board of Trustees on recommendation of the Director of Purchases, the Vice-President and Comptroller and with the concurrence of the President of the University.

CHANGE IN POLICY ON PURCHASE OF MOTOR VEHICLES

(26) It is the practice of the University to replace motor vehicles in the University's fleet after they have been driven three years, or 45,000 miles, whichever occurs first. The Vice-President and Comptroller reported that experiments with earlier trade-ins indicate that it may be more economical to replace motor vehicles annually, and in the purchases just authorized three of the passenger cars being purchased are to replace vehicles which have been in service for one year.

This report was received for record.

GIFT OF PAINTING FROM NATIONAL ACADEMY OF DESIGN

(28) The National Academy of Design, New York, New York, has recently offered the University a painting, "Wreck of the Sea Prince," by John C. Pellew. The Dean of the College of Fine and Applied Arts recommends acceptance as it would be a desirable addition to the University's art collections. The National Academy of Design required the execution of a formal agreement by the University and the adoption of the following resolution:

**Resolved,** That this institution hereby agrees with the NATIONAL ACADEMY OF DESIGN and with the NATIONAL COLLECTION OF FINE ARTS at Washington, administered by the SMITHSONIAN INSTITUTION, to receive from the NATIONAL ACADEMY OF DESIGN the painting entitled WRECK OF THE SEA PRINCE by John C. Pellew purchased from the Henry W. Ranger Fund and hereby agrees to hold same subject to and abide by the terms stated in the Will of the late Henry W. Ranger which reads as follows:

"All pictures so purchased are to be given by the Council to Art institutions in America, or to any library or other institutions in America maintaining a gallery open to the public, all such gifts to be upon the express condition that the National Collection of Fine Arts at Washington, administered by the Smithsonian Institute [Institution] shall have the option and right, without cost, to take, reclaim and own any picture for their collection, provided they exercise such option and right at any time during the five-year period beginning ten years after the artist's death and ending fifteen years after his death, and if such option and right is not exercised during such period, the picture shall remain and be the property of the institution to which it was first given. The words 'America' and 'American' shall be construed as equivalent to 'North America' and 'North American' respectively."

**Resolved,** That the Comptroller and Secretary are hereby authorized and directed to execute such instrument on behalf of this institution as may be necessary or desirable to carry the foregoing resolution into effect.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such an instrument.

On motion of Mr. Clement, this agreement was authorized, and the resolution was adopted.

**RESOLUTIONS**

Mr. Johnston offered the following resolution:

---

*Deduct.*
To Gordon N. Ray

The deep sense of regret which the members of the Board of Trustees of the University of Illinois have felt since your decision to leave the University to accept the post of Associate Secretary General of the John Simon Guggenheim Foundation has been somewhat assuaged by the fact that you will continue serving the academic world in another and broader area.

In fourteen years at the University of Illinois you have been one of its distinguished scholars, a great teacher, and an able administrator. In all these areas you have had the respect and admiration of your colleagues on the faculty and associates in the University administration. The Board desires to take occasion to recognize publicly your services to Illinois and to express its warm appreciation.

May you have continued success in your new work; and with this go our best wishes for good health and happiness in many years to come.

This resolution was unanimously adopted by a rising vote.

Mrs. Watkins offered the following resolution:

To Herbert E. Longenecker

The Board of Trustees of the University of Illinois desires to record officially its appreciation of your five years of devoted service to the University of Illinois as Vice-President in charge of its Chicago Professional Colleges.

You came into this position at a time when constructive leadership was greatly needed in a complex area of the University's total operations and services to the State. The results of your work in the relatively short time you have been at the University will continue to reflect this able leadership in the years ahead.

We wish for you every success in your new post as President of the Tulane University of New Orleans, and many years of good health and happiness for you and your family.

This resolution was unanimously adopted by a rising vote.

AMENDMENT OF SECTION 1, ARTICLE I, OF THE BY-LAWS OF THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS

(29) Typewritten copies of this proposed amendment were furnished each member of the Board of Trustees at the beginning of today's meeting.

Mr. Johnston moved that Section 1, Article I, of the By-Laws of the Board of Trustees of the University of Illinois be amended effective September 1, 1960, to read:

Section 1. The Board of Trustees shall hold an annual meeting on the second Tuesday of March, unless the date of such meeting be changed by the Board. The Board shall hold other regular meetings on the (second) third Wednesday of each month except March; the date of any meeting may be changed by vote of the Board or by order of the President thereof; any monthly meeting may be omitted by vote of the Board or by order of the President thereof, in case it appears that the amount and nature of the business to be presented is not sufficient to justify a meeting.

The change is to delete the word (second) and to insert in lieu thereof the word third, as indicated above.

This motion was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

CITIZENS COMMITTEE ON UNIVERSITIES BOND ISSUE

Mrs. Watkins called attention to the appointment by Governor William G. Stratton of Mr. Park Livingston as Chairman of a State Citizens Committee to promote public understanding of the Universities Bond Issue. On her motion, the Board voted to express its appreciation to the Governor for this action.

SEPTEMBER MEETING

On motion of Mrs. Watkins, the Board voted to hold its September meeting in Urbana, Illinois, on Wednesday, September 21, as provided in the recently amended By-Laws of the Board of Trustees.

EXECUTIVE SESSION

At this point an executive session was requested and ordered for the consideration of the following items of business.

PURCHASE OF KLASSEN FARM IN CHAMPAIGN COUNTY

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the purchase by the University of Illinois Foundation, and for subsequent acquisition by the University, from Mrs. Jane Klassen, Urbana, of a farm of between 153 and 160 acres east of the First Street road south of Champaign between present University farms and the Temple farm purchased in March, at a price of $2,000 an acre, payable in full at the time possession is given to the Foundation not later than October 1, 1961.

Since the availability of state appropriations for land acquisitions during the 1961-63 biennium can not yet be determined, the Foundation has agreed to borrow up to $320,000 from the First National Bank of Chicago and to lease the property to the University at a rental sufficient to cover the interest and other costs. Commitment to make the loan has been secured from the Bank. In the
event that the capital appropriations are available at the time of delivery of possession, the University will make the purchase directly.

The Committee on Buildings and Grounds has previously considered this proposal and recommends approval.

On motion of Mr. Hughes, the purchase of this farm by the University of Illinois Foundation for the University was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF LAND ADJOINING ROBERT ALLERTON PARK

The Vice-President and Comptroller recommends the purchase by the University of approximately twenty acres of land adjoining Robert Allerton Park at its southwest corner. The owner, Mrs. Edith Widick, has agreed to sell this area of land at a price of $75 an acre. It is recommended that this purchase be authorized, at the price indicated, from funds in the Allerton House Operations account which will be reimbursed from a grant which Mr. Robert Allerton has generously offered to make for this land acquisition.

I concur.

On motion of Mr. Pogue this purchase was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

PURCHASE OF HARLAN E. MOORE PROPERTY AT ARMORY AVENUE AND THE ILLINOIS CENTRAL RAILROAD, CHAMPAIGN

The Director of the Physical Plant and the Vice-President and Comptroller recommend the purchase for the University by the University of Illinois Foundation of the Harlan E. Moore property located north of Armory Avenue and bounded by the Illinois Central Railroad to the west and Oak Street to the east. The property consists of a land area of 38,000 square feet and two, two-story lumber storage buildings which have a total floor area of 44,500 square feet. The land will be needed eventually for the expansion of the Power Plant. In the meantime the buildings can be remodeled and used to good advantage for the relocation of the University's Central Receiving Station, to which materials for stock are delivered, and for housing the Office Supply Store, thus releasing space on the campus needed for other purposes. Independent appraisals of this property by two real estate experts indicate a valuation of $68,000 to $70,000. The owner's asking price was originally $80,000 but he has agreed to accept $70,000.

It is recommended that the Board of Trustees authorize the University of Illinois Foundation to purchase this property for the University and the lease of this property from the Foundation by the University until such time as funds are available for purchase by the University.

A supporting recommendation from the Physical Plant Department is submitted herewith and is being filed with the Secretary of the Board for record. I concur.

On motion of Mr. Johnston, the purchase of this property and its lease from the University of Illinois Foundation were authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Stratton.

RECOMMENDATION OF THE UNIVERSITY PATENT COMMITTEE

The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendation relating to an invention by members of the staff.

Polybenzimidazoles with all aromatic units — Carl S. Marvel, Research Professor of Organic Chemistry, and Herward Vogel, Research Associate in Chemistry, inventors. The novel feature of these polymers is heat resistance. (Heating
together tetraamino aromatic compounds and diphenyl esters of dibasic aromatic acids under reduced pressure in an inert atmosphere gives high molecular weight polymers which are extremely resistant to heat.) They are stable to at least 450°C and some to more than 500°C.

The research project from which the invention results was supported by a grant from the National Science Foundation.

The Committee has recommended that this invention be released to the University of Illinois Foundation for exploration of its commercial possibilities provided that due consideration is given to the rights of the sponsoring agency.

I concur in this recommendation.

Mr. Clement reported the Board’s Committee on Patents also concurs in this recommendation, and on his motion, the same was approved.

This concluded the executive session.

RECESS FOR SPECIAL ORDER OF BUSINESS

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS HOUSING REVENUE BOND OF 1960
(Series A)

Number ........................................ $1,000

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, a body corporate, created and existing under the laws of the State of Illinois, for value received promises to pay to bearer, but only out of the Housing Revenue
Bond Fund, as hereinafter provided for, and not otherwise, the principal sum of ONE THOUSAND DOLLARS ($1,000), on October 1, 1960, and to pay interest on said sum from the date hereof until paid at the rate of ............ per cent (......%) per annum, payable October 1, 1960, and semi-annually thereafter on the first days of April and October in each year until the principal amount hereof has been fully paid. Interest accruing on this bond on and prior to the maturity date hereof shall be payable on presentation and surrender of the interest coupons hereto attached as they subsequently become due, but no interest shall accrue on this bond after the maturity hereof unless this bond shall be presented for payment and be not then paid.

Both principal hereof and interest hereon are hereby made payable in any coin or currency which, on the respective dates of payment of such principal and interest, is legal tender for the payment of debts due the United States of America, at The First National Bank of Chicago (hereinafter called “Trustee”), or its successor in trust under the Resolution hereinafter referred to, in the City of Chicago, Illinois, or at the option of the holder, at The Chase Manhattan Bank, in the Borough of Manhattan and City and State of New York.

This bond is one of an authorized series of Five Million Dollars ($5,000,000) principal amount of Housing Revenue Bonds of 1960, Series A, issued or to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First, Second and Third Supplemental Resolutions thereto duly adopted June 23, 1959, October 21, 1959, and June 14, 1960, respectively (said Bond Resolution as so supplemented being herein referred to as the “Resolution”), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this Series are redeemable prior to maturity as a whole or in part on October 1, 1970, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: four per cent (4%) of the principal amount thereof if redeemed October 1, 1970 through April 1, 1973; three per cent (3%) of the principal amount thereof if redeemed October 1, 1973 through April 1, 1978; two per cent (2%) of the principal amount thereof if redeemed October 1, 1978 through April 1, 1983; one per cent (1%) of the principal amount thereof if redeemed on October 1, 1983 through April 1, 1988, and without premium if redeemed on October 1, 1988 or thereafter.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and also in a financial newspaper printed in the English language and published and of general circulation in the Borough of Manhattan, City and State of New York, and when this bond or any of the bonds of such authorized issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of $600,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing
revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the Trustee in Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereupon transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. Such registration, however, shall not restrict the negotiability of the coupons hereto appertaining, but such coupons shall be transferable by delivery merely and payable to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and during such time as this bond is payable to bearer, the same and each of the coupons hereto appertaining may be negotiated by delivery by any person having possession thereof, and any holder who shall have taken this bond while so payable to bearer or any of said coupons from any person for value and without notice shall thereby acquire absolute title to this bond or to such coupons, as the case may be, free of any defenses enforceable against any prior holder and free from all equities and claims of ownership of any such prior holder and The Board of Trustees of the University of Illinois, the Trustee, and any paying agent may deem and treat the bearer of this bond, or, if registered, the person in whose name it is registered, and the bearer of any interest coupons appertaining hereto as the absolute owner hereof for all purposes and shall not be affected by any notice to the contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of $1,000 and as registered bonds without coupons in the denomination of $1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66\(\frac{2}{3}\)%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preferential or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facili-
ties, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinafter set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of April, 1960.

This bond and the series of which it forms a part are issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Housing Revenue Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed, and equipped with the proceeds of this bond issue, bonds herefore issued pursuant to the Resolution and additional bonds which may hereafter be issued pursuant to the Resolution, (2) student tuitions authorized by law to be retained in the University treasury, but not in excess of $600,000 annually plus such additional sums as may be specified in any supplemental resolution creating or authorizing additional bonds to be issued pursuant to the Resolution as so supplemented, and (3) certain existing revenue producing buildings of the University after the prior payment of other indebtedness to the extent set forth in the Resolution. This bond and the series of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University, of said Board of Trustees, or of the
State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the principal office of the Trustee in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution, upon payment of the transfer charges therein prescribed. The Board of Trustees of the University of Illinois, the Trustee and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal only in the denomination of $1,000 and as registered bonds without coupons in the denomination of $1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (662/3%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parietal rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinafore set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signatures of its President and two of its members, the corporate seal of the University of Illinois to be hereon affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of ............, 19......

HEARING OF CASE OF LEO F. KOCH

When the Board reconvened at 10:30 a.m., it met in the Faculty Lounge of the Illini Union Building for the hearing of the case of Dr. Leo F. Koch, Assistant Professor of Biological Science. President Kenney E. Williamson opened the hearing with the following statement:

In a letter to Dean Lanier of the College of Liberal Arts and Sciences of the University bearing date of April 7, 1960, of which a copy was served upon Assistant Professor Leo F. Koch that day, the President of the University, pursuant to the provisions of paragraph (e) of Section 38 of the University Statutes, preferred charges against Assistant Professor Koch and has since recommended that Assistant Professor Koch's present appointment at, and contract of employment with, the University be terminated on August 31, 1960, upon the basis of those charges. Also pursuant to the same paragraph of the University Statutes, Assistant Professor Koch has requested a hearing by and before the Board of Trustees of the University upon the charges preferred against him by President Henry. This hearing is being held pursuant to that request, and the Board of Trustees is meeting here at this time for the purpose of holding the hearing and of deciding what action it will take upon the recommendation presented to it by President Henry who requested that this Board's action upon that recommendation be deferred until the conclusion of this hearing.

It is now in order for the Legal Counsel of the University, who represents the University administration at this hearing, to proceed to present evidence in support of the charges made against Assistant Professor Koch.

Mr. Ralph F. Lesemann, Legal Counsel, began the proceedings by introducing Assistant Professor Leo F. Koch and the latter's counsel, Mr. Donald Page Moore and Mr. David J. Danelski; and Mr. Lesemann's associates, Mr. Earl L. Palmberg and Mr. John J. Templin, Assistants to the Legal Counsel.

He then presented a stipulation entered into by Assistant Professor Koch and the University through their respective counsel.

The further proceedings in the hearing are not fully recorded in these minutes, but a complete transcript of them, as taken and made by reporter Mrs. Barbara Johnson of the Marjorie D. Earlep Court Reporting Service, 501 West Church Street, Champaign, Illinois, has been filed with the Secretary of the Board for record.

The hearing recessed at 12:15 p.m. and was resumed at 1:30 p.m.

Immediately preceding the afternoon session of the hearing the Board took up consideration of two items of business on the regular agenda of the Board for today's meeting relating to the issue of "The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1960, Series A." These matters are recorded elsewhere in the minutes of today's meeting.

At the hour of 3:30 p.m., all evidence and arguments presented at the hearing having been received, the Board retired from the hearing room to meet in executive session in an adjoining room. When the Board returned from its deliberations, President Williamson announced: "The meeting will come to order, and we will entertain a motion by Mr. Johnston."

Mr. Johnston then made the following motion:
"I move that the motions filed and objections not heretofore ruled upon presented to this Board by Assistant Professor Koch, through his counsel, be denied and overruled.

"I move that the findings and conclusions submitted to the Board of Trustees by the Legal Counsel of the University at the conclusion of the evidence received and arguments presented at the hearing granted Assistant Professor Leo F. Koch, at his request, and held before this Board of Trustees on June 14, 1960, be adopted by this Board of Trustees and stand as the findings and conclusions of this Board of Trustees in the proceeding resulting from the preferment of charges against Assistant Professor Leo F. Koch by the President of the University and the recommendation of the President of the University that Assistant Professor Leo F. Koch’s present appointment at, and contract with, the University of Illinois be terminated on August 31, 1960, and further move that said recommendation of the President of the University be approved and that Assistant Professor Koch’s present appointment at, and contract with, the University of Illinois be terminated on that date."

This motion was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; Mr. Wilkins, who participated in the hearing and in the deliberations and who signed the findings and conclusions of the Board in this case was absent when the record vote was taken; no, none; Governor Stratton was not present at the meeting, and therefore did not participate in the hearing.

At the request of President Williamson, the Secretary of the Board then read the conclusions of the Board in this case which are included in the reporter’s transcript of the proceedings.

Motion for Rehearing

Following this reading, counsel for Dr. Koch orally moved for a rehearing of the case and also requested that the Board order its Secretary or other appropriate officer to prepare a duly certified copy of the record consisting of the pleadings and the evidence as well as a transcript of all or a portion of the argument, including specifically the argument of Legal Counsel for the University in chief and in rebuttal, and that of counsel for Dr. Koch in surrebuttal.

Mr. Swain moved that the motion for a rehearing be overruled; and the motion to overrule was unanimously adopted by a voice vote.

President Williamson stated that the request of counsel for Dr. Koch for a transcript of the proceedings of the hearing would be granted and that this would include: the arguments of Legal Counsel for the University; those of counsel for Dr. Koch; the findings and conclusions; the vote of the Board on the motion to deny and overrule the motions filed and objections presented by Assistant Professor Koch through his counsel; the motion to approve and adopt the findings and conclusions; the recommendation of the President of the University that Dr. Koch’s appointment be terminated on August 31, 1960; and the vote of the Board on the motion for rehearing.

On motion of Mr. Swain, the Board then adjourned.

APPENDIX

UNIVERSITY OF ILLINOIS INTERNAL BUDGET FOR 1960-61
(Approved by the Board of Trustees June 14, 1960, page 1312)

EXPLANATORY NOTES

This budget consists of three volumes:

I. Summaries of all divisions; Urbana-Champaign divisions and general University administration — academic and administrative salaries, wages, expense, and equipment.

II. Chicago Professional Colleges (including Division of Services for Crippled Children) and Chicago Undergraduate Division — academic and administrative salaries, wages, expense, and equipment.

III. Nonacademic salaries, all divisions.

Appropriations for salaries are available for the term indicated in each case but not for more than one year from September 1, 1960.

When appointments are made at salary rates less than the amounts provided in the budget, the unused balance is lapsed at that time, resulting in a reduction in the budget.

Funds appropriated for positions in the salary budget which are not yet filled may be used to hire employees temporarily engaged to do the work contemplated by the position upon proper authorization of the Bursar, Chicago Business Office, or Office of Nonacademic Personnel, so long as such temporary charges do not exceed the amount of time provided by the position.

All unexpended balances remaining in the salary budget lapse at the close of each calendar month unless previously assigned or encumbered. Such lapses do not result in a reduction in the budget.

Departmental appropriations are made under the captions "Salaries" and "Wages, Expense, and Equipment." Transfers may be made between "Salaries" and "Wages, Expense, and Equipment" upon approval of the Vice-President and Provost, except that transfers between salaries and wages may be made by the Vice-President and Comptroller to the extent of the full-time equivalence of the salary positions. All requests for transfers should be submitted through the Vice-President and Comptroller, with the reason for the transfer. Nonrecurring unassigned items may be assigned to departments for equipment or minor remodeling projects, merely upon notice to the Accounting Division, except that any assignment of more than $1,000 must first be approved by the Vice-President and Provost.

Appropriations for expense, equipment, and wages are available for one year beginning July 1, 1960. All balances and overdrafts in regular appropriations will be carried forward to 1961-62 unless otherwise notified by the Business Office.

All budgets of auxiliary enterprises, cooperative investigations, other trust funds and restricted budgets are on an estimated basis. Appropriations are limited to actual income, but any balances or receipts in excess of the estimate are appropriated for the operation of the activity. Salary appointments may be cancelled if the funds for cooperative investigations are withdrawn.

Explanatory Notes on the Salary Budget

1. The services required for members of the academic and administrative staff are in accordance with Section 37 of the University of Illinois Statutes and Section 26 of the General Rules Concerning University Organization and Procedure.

   a. For positions or portion of positions indicated as "Y," services are required for twelve months, with one month for vacation. No additional compensation is allowed for summer services for any salary or portion of salary indicated as "Y."

   b. For positions or portion of positions in the academic budget not indicated as "Y," services are required only during the academic year of two semesters (three terms in the Chicago Professional Colleges). Summer session teaching, if required, will be covered by an additional appointment with salary.

2. Services of the nonacademic staff are in accordance with Civil Service regulations. All positions are for twelve months' service, less vacation, unless otherwise indicated.
