THE UNIVERSITY SENATES

1967-68

A Senate is constituted at each campus of the University known, respectively, as the Urbana-Champaign Senate, the Medical Center Senate, and the Chicago Circle Senate.

Each Senate consists of the full professors, the deans of colleges, the directors or deans of schools and institutes, and the heads and chairmen of departments (or persons acting in the foregoing positions) at the campus represented by that Senate; and, on the recommendation of the Committee on Educational Policy of that Senate, of persons of other academic rank or administrative status, as each Senate may determine by resolution. In no case, however, is any person, irrespective of academic rank or administrative status, a member of a Senate, or eligible for membership, unless he holds at least a half-time appointment and receives salary from the University for such services, as specified in his contract. Senate members of the teaching and research staffs are, upon retirement, entitled to the privileges of the floor at all meetings of their Senate. Membership on any standing committee of a Senate is open to the general faculty, and carries with it the privileges of the floor of the Senate, including that of voting, so long as such membership continues.

The President, the Executive Vice-President and Provost, the Vice-President and Comptroller, the Legal Counsel, the University Dean of Admissions and Records, and the Chancellors for Urbana, the Medical Center, and Chicago Circle are ex officio members of each of the Senates. The President is the presiding officer of each Senate, but, in his absence or inability to preside, this function is exercised in each Senate by its Chancellor. Each ex officio member may designate a representative to act in his behalf at any Senate meeting.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

July 27, 1966

The July meeting of The Board of Trustees of the University of Illinois was held in the Chicago Circle Center, Chicago, Illinois, on Wednesday, July 27, 1966, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Mr. Ray Page, Mr. Harold Pogue, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor Otto Kerner and Mr. Timothy W. Swain were absent.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Vice-President Norman A. Parker, Chicago Circle; Vice-President Joseph S. Begando, Medical Center; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. James J. Costello, Legal Counsel; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. Earl W. Porter, Assistant to the President and Associate Secretary to the Board; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. H. O. Farber, Comptroller, and Mr. A. J. Janata, Secretary.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of the Board of Trustees on December 15, 1965, January 19 and February 16, 1966, press proof copies of which had previously been sent to the Board.

On motion of Mr. Johnston, these minutes were approved as printed on pages 925 to 1070, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
WALTER EDWARD DIGGS	Ladue, Missouri	Missouri
JOHN FLINT KEYDEL	Ladue, Missouri	Michigan
WILLIAM CRANE MCINTOSH	Glenview, Illinois	Michigan
WILLIAM EDGERTEN PAULSEN	Davenport, Iowa	Iowa

I concur.

On motion of Mr. Jones, these certificates were awarded.

 HERMAN A. LINDHOLM, Cooperative Extension
 JOSEPH ACKERMAN, Member at Large
 PAUL C. JOHNSON, Member at Large

(To succeed PAUL MONTAVON, ERNEST E. BROWN, HAROLD E. HARTLEY, A. C. FOLEY, CARL KLEHM. MR. LINDHOLM is a new appointee, and MR. ACKERMAN and MR. JOHNSON are reappointments.)

I concur.

On motion of Mr. Dilliard, these appointments were approved.

**ADVISORY COMMITTEE FOR THE DIVISION
OF UNIVERSITY EXTENSION**

(3) The Dean of the Division of University Extension recommends the following appointments to the Division's advisory committee for two years beginning September 1, 1966:

University Representatives

Professor HARRY F. BREEN, Department of Art
Professor ROBERT E. CORLEY, Department of Sociology and Anthropology
Professor RAYMOND E. WILLIAMS, College of Education

(These appointees will replace Professors ERNEST W. ANDERSON, Cooperative Extension Service; HALBERT E. GULLEY, Division of General Studies; and CECIL A. MOYER, Department of Accountancy.)

(Other representatives of the University continuing on the Committee are Professors BJORNAR BERGETHON, School of Music, and C. DALE GREFFE, Mechanical and Industrial Engineering.)

Non-University Representatives

P. T. HEERWAGEN, Supervisor, Education and Training, Electro-Motive Division, General Motors Corporation, La Grange

GEORGE M. IRWIN, Chairman, Illinois Arts Council, 300 Maine Street, Quincy

(These appointees will replace Dr. MARK W. BILLS, Superintendent, Peoria Public Schools, 3202 North Wisconsin Avenue, Peoria, and CLIFTON E. BLANKENSHIP, Training and Safety Director, A. O. Smith Corporation, P.O. Box S, Granite City.)

(Other non-University representatives continuing on the Committee are HARRY A. GLYNN, President, Pap-R Products, Martinsville; DAVID S. RAYMOND, Manager of Personnel Development, National Distillers & Chemical Corporation, P.O. Box 479, Louisville, Kentucky; and VERNE A. NOTHDURFT, Manager-Training, LeTourneau-Westinghouse Company, Peoria.)

I concur.

On motion of Mr. Hughes, these appointments were approved.

HEADSHIP OF DEPARTMENT OF ENGLISH, URBANA

(4) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Dr. A. Lynn Altenbernd, now Professor of English and Executive Secretary of the Department of English, as Head of the Department of English at Urbana, beginning September 1, 1966, at an annual salary of \$15,900, divided: \$13,900 as Professor of English on indefinite tenure, and \$2,000 as Head of the Department on an academic year service basis.

This appointment is to replace Professor Leonard F. Dean who has asked to be relieved of his administrative duties as Head of the Department at the end of the current academic year, 1965-66, and who will be leaving the University in February, 1967, to accept a position at New York University.

A formal search committee was not set up as the faculty of the Department preferred that the Head be selected by the Dean after due consultation with the members of the Department. This procedure was followed and Professor Altenbernd is the choice.

The appointment is supported by the Dean of the Graduate College and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

**HEADSHIP OF DEPARTMENT OF INDUSTRIAL
ADMINISTRATION, URBANA**

(5) The Dean of the College of Commerce and Business Administration recommends the appointment of Associate Professor Daniel M. Slate of the Department of Marketing, as Acting Head of the Department of Industrial Administration for one year from September 1, 1966, in addition to his assignment as Head of the Department of Marketing and his appointment as Associate Professor of Business Administration in the Graduate School of Business Administration.

Provision has already been made in the budget for 1966-67 for his salary in

the latter position, and there is no budgetary implication involved in the additional appointment. The appointment is on an academic year service basis.

This appointment will replace Professor Clive F. Dunham, who was appointed Acting Head of the Department in 1965, and who had agreed to serve for one year only. The appointment of Professor Slate was recommended by a special search committee¹ which has also been studying a possible merger of the Department of Industrial Administration with one or more other departments of the College, hence the proposal for an Acting Head. The Dean of the Graduate College and the Executive Vice-President and Provost support this appointment.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

HEADSHIP OF DEPARTMENT OF ORAL ANATOMY IN THE COLLEGE OF DENTISTRY

(6) The Dean of the College of Dentistry and the Vice-President for the Medical Center recommend the appointment of Dr. E. Lloyd DuBrul, presently a member of the faculty, as Professor of Oral Anatomy on indefinite tenure and Head of the Department, in the College of Dentistry, beginning September 1, 1966, at an annual salary of \$18,000 on a twelve months' service basis.

Dr. DuBrul has been serving as Acting Head of the Department during the current academic year. He will continue to have the rank of Professor of Anatomy in the College of Medicine which he has had since 1959.

The Dean of the Graduate College and the Executive Vice-President and Provost concur in this recommendation.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

HEADSHIP OF DEPARTMENT OF OPERATIVE DENTISTRY

(7) The Dean of the College of Dentistry and the Vice-President for the Medical Center recommend the appointment of Dr. William F. Malone, presently Assistant Professor in the Department of Fixed Partial Prosthodontics, as Associate Professor of Operative Dentistry on indefinite tenure and Head of the Department, in the College of Dentistry, beginning September 1, 1966, at an annual salary of \$14,000 on a twelve months' service basis.

The Dean of the Graduate College and the Executive Vice-President and Provost concur in this recommendation.

I recommend approval.

On motion of Mr. Williamson, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(8) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two year; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. ALEXANDER, HAROLD H., Associate Professor of Housing and Home Furnishings, in the Department of Home Economics (Urbana), beginning September 1, 1966, at an annual salary of \$12,000 (D).

On motion of Mr. Johnston, these appointments were confirmed.

DEPARTMENT OF METEOROLOGY

(9) The Urbana-Champaign Senate has approved, for transmission to the Board of Trustees, a recommendation from the College of Liberal Arts and Sciences for the establishment of a Department of Meteorology, a proposal which has been under consideration by a faculty committee for some time.

The functions of the Department will be to initiate a graduate degree program in meteorology and a graduate research program oriented toward a basic understanding of Physical processes taking place in the earth's atmosphere, including perturbations introduced by man. It would focus its attention particularly on problems existing below the ionosphere. An advanced undergraduate program would be introduced as soon as feasible, consistent with the primary objectives in graduate education.

It is anticipated that the curriculum will include work in physical meteorology, dynamic meteorology, micrometeorology, synoptic meteorology, and general meteorology, in addition to selected programs depending on the special interests of the future staff. The emphasis would take into account the areas of research specialization of members of the staff. The instructional program will be largely oriented toward graduate study but advanced undergraduate courses in meteorology would also be offered.

Provision for the Department's needs during its initial stage was included in the biennial budget for 1965-67 as approved by the Board of Trustees and recommended to the General Assembly by the Board of Higher Education. Hence, no further action by that Board is necessary at this time. As the curriculum is developed and degree programs are established they will be brought to the Board of Trustees and, where indicated, to the Board of Higher Education, for approval.

A supporting statement is submitted herewith and a copy is filed with the Secretary of the Board for record.

I concur in this recommendation.

On motion of Mr. Dilliard, this recommendation was approved.

COMPUTER-BASED EDUCATION RESEARCH LABORATORY

(10) The Dean of the Graduate College recommends that the Board of Trustees authorize the establishment of a Computer-Based Education Research Laboratory as a unit of the Graduate College for the purpose of carrying on research and development in a special field which can not be encompassed within the area of responsibility of any one department of the University. The Executive Vice-President and Provost concurs.

Following is a summary of the proposal, as developed by the Graduate College. A more extended discussion of the significance of the program, the University's special responsibility or roll in this field, and the plan of organization and administration of this new unit of the Graduate College is filed with the Secretary of the Board for record.

It is proposed that a laboratory be established in the Graduate College to engage in development and research in the area of computer-based education. The University has the experience in this and related academic areas necessary to make important contributions in the use of man-station-computer systems as an educational medium. The purpose of the Laboratory would be to bring together in a coordinated effort the expertise of the several disciplines necessary for major work in this promising field. The major efforts would be pointed toward gaining the experience needed to make sound decisions about the role of computer-based educa-

tion within the University of Illinois and to contribute information needed by other institutions at all educational levels — institutions facing similar problems.

The Laboratory would be organized with a Policy Committee appointed by the Dean of the Graduate College and with the Director of the Laboratory reporting to the Dean. The basic organization of the Laboratory would include three groups: a Technical Systems Development Group, with close cooperation with the PLATO Group of the Coordinated Science Laboratory; an Operating Group; an Educational Development Group, with close cooperation with the Curriculum Laboratory and various departments of the University. The efforts in the Laboratory during the beginning years would be devoted to research, development, and evaluation. Later, if feasible, the Laboratory would service the various academic units desiring to use the system as a means of teaching a portion of their program.

Initially, the Laboratory would be funded with support for only a portion of the staff from state funds, and with major support from outside sources.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Johnston, this recommendation was approved.

REVISIONS IN REQUIREMENTS FOR THE DEGREE OF DOCTOR OF PHILOSOPHY

(11) The Graduate College has recommended three changes in general requirements for the Doctor of Philosophy degree. These revisions deal with: language requirements, minor subject requirements, and the preliminary examination.

The Urbana-Champaign Senate has approved the proposed revisions, after clarifying amendments were made in the proposal concerning language requirements, and the Medical Center Senate has approved the revisions as thus amended. The Chicago Circle Senate approved the revisions in minor requirements and preliminary examination but proposed further changes in the revision of language requirements.

The Senate Coordinating Council has transmitted to the President the proposed revisions as approved by the Urbana-Champaign and Medical Center Senates, with the recommendation that they be submitted to the Board of Trustees for approval and with the understanding "that the additional changes in Ph.D. language requirements proposed by the Chicago Circle Senate should be sent to the Dean of the Graduate College with the recommendation that they be considered by the appropriate committees, and brought forward for action at a later date if agreement on them can be reached."

In making its recommendation, the Coordinating Council noted that "there is time to reconsider the language requirements before there are an appreciable number of Ph.D. candidates at Chicago Circle. It is recommended that in the meantime the Graduate College be permitted to try the revision in language requirements as approved by the Urbana-Champaign and Medical Center Senates."

The Coordinating Council also recommends an editorial change: that in the statement of language requirements, the words "semester (or summer session)" be replaced by "term" because of differences in academic calendar among the three campuses. This change was also proposed by the Chicago Circle Senate.

The complete text of proposed revisions as approved by the Urbana-Champaign and Medical Center Senates, and the recommendations of the Senate Coordinating Council, containing the amendments suggested by the Chicago Circle Senate, are submitted herewith, and a copy is filed with the Secretary of the Board for record.

I recommend approval of the recommendations of the Senate Coordinating Council.

On motion of Mr. Jones, these recommendations were approved.

MASTER OF ARTS IN THE TEACHING OF ENGLISH AS A SECOND LANGUAGE, URBANA

(12) The Graduate College has recommended the establishment of a new degree, Master of Arts in the Teaching of English as a Second Language, designed to prepare teachers who are native speakers of English as well as those from other countries for whom English is a second language.

The need for teachers of English as a second language has increased rapidly, both in the United States and in other countries. English has become the most realistic approximation to a universal language for the international exchange of culture and ideas and, as a result, there is a marked increase in the demand for

training of foreign nationals as well as Americans to teach English abroad. Inside the borders of the United States, the need is acute from the Southwest, where there are numerous Mexican and Indians, to the Northern metropolitan communities with immigrants of various foreign language and cultural backgrounds. One of the problems of the groups often described as "disadvantaged" is that they do not speak standard English. The national programs for the improvement of conditions for disadvantaged groups are placing additional emphasis upon the need for teachers of English as a second language.

The new degree is an interdisciplinary one, to be granted through the Department of English at Urbana. The core areas for the degree are English and linguistics, including cross-listings with anthropology and psychology. Two units of education are required. The admissions and degree requirements are detailed in the supporting documents submitted herewith, and a copy is filed with the Secretary of the Board for record.

The degree program also has been approved by the Urbana-Champaign Committee on the Preparation of Teachers of English, Department of English, Department of Linguistics, College of Education, Urbana-Champaign Council on Teacher Education, University Council on Teacher Education, and the Urbana-Champaign Senate.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Williamson, this recommendation was approved.

MASTER OF SCIENCE AND BACHELOR OF SCIENCE IN THE TEACHING OF EARTH SCIENCE, URBANA

(13) The Graduate College and the College of Liberal Arts and Sciences (Urbana) recommend the establishment of curricula leading to the degrees of Master of Science and Bachelor of Science in the Teaching of Earth Science.

The curricula are designed to prepare teachers of earth science at the secondary school level and are proposed to help meet the increasing demand for such teachers in Illinois and throughout the United States. It is expected that this demand will grow as earth science continues to replace general science or is added to the science offerings of high schools. Through the Earth Science Curriculum Project, an interdisciplinary science program for secondary schools which is being conducted by the National Science Foundation and the American Geological Institute, earth science course materials are being prepared for use in the secondary schools. The need for qualified persons to teach these courses will increase from a present demand of 5,000 to more than 15,000 by 1970.

The details of the proposed curricula are supplied in the supporting documents submitted herewith, and a copy is filed with the Secretary of the Board for record.

The curricula also have been approved by the Urbana-Champaign Committee on the Preparation of Secondary School Teachers of Science, the Department of Geology, Urbana-Champaign Council on Teacher Education, University Council on Teacher Education, and the Urbana-Champaign Senate.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

On motion of Mrs. Watkins, this recommendation was approved.

REVISIONS IN THE CURRICULA PREPARATORY TO THE TEACHING OF PHYSICS AND PREPARATORY TO ELEMENTARY SCHOOL TEACHING, URBANA

(14) The following curricular revisions have been approved by the Urbana-Champaign Senate and have been cleared with all appropriate committees and officers and are reported to the Trustees as a matter of record.

Curriculum Preparatory to the Teaching of Physics

The curriculum has been upgraded and updated by adding advanced courses in physics and astronomy (eight hours), mathematics (six hours), and humanities (six hours minimum). Mathematics 112, College Algebra (three hours), and Mathemat-

ics 114. Trigonometry (two hours), have been deleted; they may no longer be counted toward the degree requirement. Chemistry 122, Elementary Quantitative Analysis (five hours), and Chemistry 132, Elementary Organic (three hours), are dropped as required courses. The total required hours are reduced from 129 to 126, plus required physical education. The proposed curriculum meets the certificate requirements for physics as a single teaching field. Hours of unspecified electives are sufficient to complete the requirements for a teacher education minor in chemistry or in mathematics, if the student chooses to do so.

Curriculum Preparatory to Elementary School Teaching
(Professional Education Sequence)

1. Elimination of Elementary Education 101, Nature of the Teaching Profession (two semester hours).
2. Replacement of Elementary Education 233, Classroom Programs in Childhood Education (two semester hours), and Elementary Education 237, Child Development for Elementary Teachers (three semester hours), by Elementary Education 237, Theory and Process in Elementary School Teaching (five semester hours). Elementary Education 233, Classroom Programs in Childhood Education, will be retained as a separate two-semester hour course and will be offered to satisfy requirements of other Council curricula and to meet certification needs of irregular, transfer, and summer session students.
3. Elementary Education 231, Technic of Teaching in the Elementary School (three semester hours), will be replaced by Elementary Education 333, The Teaching of Language Arts in the Elementary School (three semester hours; $\frac{1}{2}$ to 1 unit).
4. Elementary Education 230, Principles of Elementary Education (two semester hours), will be revised and increased to three semester hours. The revised version will be: Elementary Education 230, Principles, Problems, and Issues in Elementary Education (three semester hours).
5. One semester hour of credit resulting from the elimination of Elementary Education 101, Nature of the Teaching Profession, will be assigned to cover the increase of one semester hour in History and Philosophy of Education 201, Foundations of American Education. The Department of History and Philosophy of Education will propose to offer special sections of History and Philosophy of Education 201, revised, for elementary education majors.

On motion of Mr. Johnston, this report was received for record.

**TRANSFER OF BACHELOR OF SCIENCE IN MEDICAL ART
TO SCHOOL OF ASSOCIATED MEDICAL SCIENCES**

(15) The Urbana-Champaign and Medical Center Senates have recommended that the administration of the degree of Bachelor of Science in Medical Art be transferred from the College of Fine and Applied Arts to the School of Associated Medical Sciences at the Medical Center Campus, effective September 1, 1967. The recommendation has the approval of the administrative officers concerned on both campuses.

The program has been in existence for the past three years. The change is recommended in light of this experience and in view of the fact that the final two years of the program are directly under the jurisdiction of the Department of Medical Art, School of Associated Medical Sciences. In addition, students in the program are now required to meet residence requirements on the Urbana-Champaign campus since the degree is awarded on that campus. If the recommended change is made, students can enter the final two years of the program directly from either Urbana or Chicago Circle.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

**CURRICULA AND DEGREE REQUIREMENTS FOR BACHELOR OF
SCIENCE DEGREES IN ENGINEERING AND IN PHYSICAL
EDUCATION, CHICAGO CIRCLE**

(16) On April 20, 1966, the Board of Trustees received a report of the implementation of the basic educational program for the Chicago Circle Campus and ap-

proved curricula and degree requirements for the major portion of that program.¹

At that time, the curricula leading to bachelor's degrees in engineering and in physical education were still subject to Senate and administrative review which has now been completed and the two curricula and degree requirements are presented to the Trustees for approval.

(With the implementation of these programs, the basic educational program for Chicago Circle, as approved by the Board of Trustees on February 15, 1961, has been established and implemented.²)

The curricula and degree requirements leading to bachelor's degrees in engineering and physical education are presented in the supporting documents submitted herewith and filed with the Secretary of the Board for record. Each has been approved by the Chicago Circle Senate and the Senate Coordinating Council has indicated that no other Senate jurisdiction is involved. The programs are recommended for approval by the Executive Vice-President and Provost.

I concur.

On motion of Mr. Hughes, this report was received for record.

BUILDING PROGRAM AND CAPITAL FUNDS FOR 1967-69

(17) In approving the building program and request for capital funds for 1967-69, the Board of Trustees authorized revisions of the figures in the schedules of capital requests, following further study of the estimates of costs of buildings and other permanent improvements. It seemed likely that the estimates for certain projects might be changed in the light of the most recent experience with bids on construction work, and this possibility had been discussed with the Committee on Buildings and Grounds which recommended such authorization.

I submit for confirmation and for the record the capital budget request as presented to the Illinois Board of Higher Education on July 15, 1966, and ask that this document be accepted in replacement of the text and schedules in the report presented to the Board of Trustees on June 15, 1966.

The total of capital funds requested for 1967-69 is higher by \$1,387,000 in the revised schedules of capital projects than the total approved by the Board on June 15, 1966. This increase is due to revisions in the estimates of costs for several building projects and to a small increase in one item for movable equipment. These changes have resulted in a total of \$96,052,000 for the Chicago Circle Campus, a net decrease of \$269,000 from the \$96,321,000 in the previous budget; \$38,876,000 for the Medical Center Campus, an increase of \$876,000 (all of which is in the item to cover deficiencies in the 1965-67 capital budget); and \$62,819,000 for the Urbana-Champaign Campus, an increase of \$780,000 in the items for the Women's Gymnasium Addition (\$380,000) and for movable equipment (\$400,000). The total of the revised capital requests is \$197,747,000, as compared with \$196,360,000.

On motion of Mr. Johnston, this revision, and the request for capital funds for 1967-69, was accepted and confirmed by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

The full text of the document presenting the request for capital funds, as approved by the Board, follows.

I. Introduction

The capital plans of the University of Illinois for the biennium 1967-69 are based on several general assumptions which are believed to reflect fundamental educational needs of the state and sound policies designed to lead to satisfaction of those needs.

1. One of the basic assumptions is that the entire range of higher-education needs of the state should be met as fully as possible. This means that all levels of higher education — freshman-sophomore, junior-senior, graduate and professional — should be supported in approximate proportion to their respective relationships

¹ Curricula and degree programs approved were those leading to the bachelor's degrees in Architecture and Art, Business Administration, Elementary Education, the Teaching of Physics in Secondary Schools (College of Engineering), Liberal Arts and Sciences (in eighteen major fields), and secondary school teaching in twelve disciplines (administered through the College of Liberal Arts and Sciences).

² The curriculum in elementary education leading to the degree of Bachelor of Arts is pending, subject to approval by the Illinois Board of Higher Education.

to the major requirements of our increasingly complex society. Hence, the highly important task of expanding the junior college system of Illinois should be pursued in conjunction with expanding opportunity for the increasing proportion of college-age youth who seek baccalaureate and advanced degrees. All parts of the system must be taken into account in the measure of what must be provided for the biennium 1967-69.

2. A second assumption, related to the point just made, is that the University of Illinois, as the comprehensive state university serving Illinois as a whole in a broad range of academic programs and services, should make every reasonable effort to meet its share of the growing educational demand of the state—with special emphasis upon advanced study in the fundamental branches of learning, the specialized fields of applied science and technology, and the major fields of professional practice. In the present capital program, therefore, the University proposes to strengthen its advanced work at the Urbana-Champaign and Medical Center campuses, and also to add facilities for graduate work in most of the fields of study now offered at the Chicago Circle Campus. The Chicago area, with its growing population and the increasingly complex problems of the second-largest metropolitan center in the country, badly needs the comprehensive educational services—undergraduate, professional, and graduate—that the University plans to provide at Chicago Circle.

3. A third assumption is that the state can not afford to delay the expansion of its universities, since to do so would be costly both in terms of undeveloped human resources and in terms of higher construction costs at a later period. Most of the buildings sought in this request could not be completed before 1970, and not until some time later (one to three years) could all of the new space be fully utilized. The reason for the delay in reaching full utilization is that when a given program is expanded by increasing the enrollment of its beginning class, room must be left for the class and its successors to advance toward degrees. (This is particularly true in the case of professional programs such as dentistry and law.)

It is our belief that even if all of these projects were to be completed on schedule, the increase in enrollment capacity would be insufficient to meet the demand of well-qualified students for admission to the University in 1970-71 and in the years immediately afterwards. In the light of experience, there is little doubt that to delay these capital improvements would mean very substantial increases in construction costs. Certain of the facilities included in the present program, for example, were requested originally several years ago. If they had been built then, several million dollars would have been saved.

4. A fourth assumption, and a highly important one, is that attention must be given to strengthening existing programs as well as to expansion. Quality is of major concern, as well as quantity. Even well-established programs require new equipment and new space for quality performance. Distinction and excellence are elusive and can quickly be lost through failure to keep pace with current advances and their requirements. This point is particularly pertinent to the evaluation of the University's requests for additional support for its Medical Center and Urbana-Champaign campuses, where obsolete and overcrowded facilities have long plagued the majority of its programs.

II. Summary of 1967-69 Capital Budget Request

The capital funds requested for 1967-69 would serve four main purposes: (a) provide supplemental funds needed to complete seven buildings approved by the General Assembly for construction during 1965-67, but which have been delayed because the bids received have exceeded the funding level authorized; (b) provide facilities to support enrollment increases totaling approximately 9,900 students at the University's three campuses; (c) bring relief to certain departments whose existing space is seriously deficient both in quantity and in quality; (d) provide additional land for future use at the Chicago Circle and Urbana-Champaign campuses (thus forestalling prospective improvements and otherwise avoiding inflation in land values).

Schedules of Projects and Cost Estimates

The capital programs required to meet the diverse educational needs of the University's three campuses are shown in separate schedules on the following pages: Schedule A, Chicago Circle (page 14); Schedule B, Medical Center (page 14); Schedule C, Urbana-Champaign (page 15). Schedule D (page 15) summarizes the totals requested for all three campuses.

In the upper part of Schedules A, B, and C, estimates are shown for (a) total

project cost (excluding movable equipment), (b) non-state funds likely to be available, (c) state funds needed. The lower part of each schedule presents estimates of funds needed for other capital improvements during 1967-69, together with planning funds for buildings to be constructed during 1969-71.

Cost Escalation and Estimates of Building Funds Required

The estimates of cost shown for the buildings listed in Schedules A, B, and C reflect the effects of the marked escalation in construction costs just mentioned. These figures have been arrived at through a procedure recently developed in discussions between representatives of the several state-supported universities and the Illinois Building Authority. It will be outlined here by way of recording the basis on which the present estimates were derived, but subsequent experience and discussions might lead to changes in the specific percentages used to estimate construction costs during the period 1968-70.

1. A base is established for each project in terms of 1965-66 costs as determined by comparison with bids received on the most recent project or similar type. The median of the bids received on such project or projects is selected as a base.

2. The gross cost per square foot, determined in accordance with the procedure in (1), is updated in accordance with the index developed by a cost consultant in the light of the date selected for the receipt of bids. This index recognizes an increase of about 5 per cent per year since 1960, except for the period June, 1965, to June, 1966, when an increase of approximately 15 per cent is assumed.

3. If it appears that there was adequate competition in the bidding received for the "base" project(s) used in (1) above, 10 to 15 per cent is added to the cost calculated in (2) to allow for lack of competitive bidding anticipated during the next three years. This increment is not added if it appears that the base chosen reflected a noncompetitive bidding situation.

4. A further increment of 3 to 5 per cent is added to all estimated costs, including construction costs, to allow for contingencies normally arising in large-scale projects.

Following this procedure would result in increasing a construction contract costing \$2,000,000 in 1963 (under reasonably competitive conditions) to a total of \$3,342,000 — for bids to be accepted in the summer of 1968 on a project to be completed in 1970. The increase in cost would thus be about 67 per cent over the seven-year period.

Deficiencies in 1965-67 Building Budgets

The sharp escalation in construction costs during the past year has made it necessary to delay the beginning of construction of a total of eight buildings approved by the General Assembly for funding by the Illinois Building Authority during the present biennium (1965-67). At the Chicago Circle Campus, the Physical Education Building had to be dropped entirely, in order that its funds might be allocated to the remaining projects in Phase II and thus permit construction of the latter to proceed. (The original budget figure for this building was \$4,735,000, whereas the revised estimate of cost shown in Schedule A is \$7,095,000.)

At the other two campuses, insufficient funds are available to meet the construction costs of seven projects — three at the Medical Center Campus with a total deficiency of \$3,492,000, and four at the Urbana-Champaign Campus with a shortage totaling \$3,117,000.

It is planned to request emergency legislative action to meet these deficiencies early in the next session of the General Assembly, so that construction on these seven projects might proceed without additional delay and consequent cost escalation. The funding authorizations to the Illinois Building Authority would need to be increased by a total of \$6,609,000 in order to provide the amounts needed for the negotiation of contracts on all seven projects at the two campuses.

III. Justification of Requests for Additional Buildings

It will be assumed in the following discussion that the educational programs conducted at the University's three campuses are justified by the educational needs of the state, and that the projected growth of enrollments is in the public interest. Furthermore, the patterns of expansion proposed are believed to reflect the distinctive mission of the University of Illinois in the state-wide system of higher education, as well as to be consistent with the Master Plan.

The present analysis will be concerned, therefore, only with a *quantitative* evaluation of the University's request for additional space. The purpose will be to determine whether or not the amount of additional space requested for each of its three campuses can be justified in terms of the improvement or expansion of the programs proposed. In order to make such determinations, it is necessary to take the following steps: (a) specify the enrollments expected over a period extending past the occupancy of the buildings; (b) make an analytical inventory of the kinds and amounts of space available (or under construction) prior to the initiation of the new building program; (c) make a similar analysis for the buildings to be added; (d) develop acceptable standards by which the space *required* for the various types and levels of University functions can be calculated; (e) complete an overall "audit" of the estimated status of space resources and utilization as of the termination of the projected program of expansion or improvement.

The Increase in "Enrollment Capacity" Resulting from the 1967-69 Building Program

Enrollment Projections. Delays in the 1965-67 building program—and the need to fund budget deficiencies for several projects before construction can begin—have forced revisions of previous enrollment projections, and make it difficult to predict with much assurance the dates by which given enrollment levels will be reached. The estimates presented in Table I (below) represent what appear to be realistic expectations as to enrollments at the University's three campuses through 1971-72. An overall increase of about 50 per cent is indicated over the six-year period—the greater part at Chicago Circle. But changes in the timing of availability of facilities and other unforeseen contingencies could alter these projections.

As compared with 1965-66, the figures for 1971-72 in Table I show the following enrollment trends for the several educational levels: (a) only a slight increase (10 per cent) for freshmen and sophomores; (b) approximately a doubling of enrollment at junior-senior level; (c) an increase of 54 per cent in professional enrollment; (d) a graduate enrollment increase of 75 per cent. The probability of achieving the change in pattern of undergraduate distribution will depend largely on the demand for transfer to the University on the part of junior-college graduates. If this demand does not materialize to the extent forecast, a higher proportion of freshmen and sophomores would be enrolled at the undergraduate level. There should be no difficulty in reaching the levels forecast for professional and graduate students—if the facilities are available.

The Gain in "Enrollment Capacity." Although the 1967-69 building program is not designed solely to provide facilities for increased enrollment, this is its primary purpose. Hence, it is desirable to specify as precisely as possible the increments of enrollment increase at each campus that would be made possible by the buildings listed above in Schedules A, B, and C.

In order to make such estimates, it is necessary to identify the period of time during which these particular buildings at each campus are contributing to gains

in enrollment, and to segregate their "component" of enrollment increase from that due to facilities provided in earlier building programs. In the present situation, the selection of a "base" year (or enrollment level) from which to measure the enrollment gain *could* be one in which the maximum enrollment increase made possible by the 1965-67 building program had not been reached. It is necessary to choose as a "base" an enrollment level that reflects all of the increase in capacity due to all existing and currently-programmed space.

An analogous problem occurs in the selection of a terminal date or enrollment level that would properly delimit the "enrollment capacity" contributed by a given set of new buildings. In the case of a new building to serve a professional program, in particular, the initial increase in enrollment would occur only in the beginning class; then, in succeeding years, each additional class in sequence would receive its increase until all had reached the new level. So the full impact of new facilities on enrollment may not be measured until several years after initial occupancy of a building (e.g., three for Dentistry and Veterinary Medicine, and two for Law).

The figures in Table II (below) summarize the estimates of enrollment increases at the three campuses that are attributable to the buildings included in the 1967-69 capital budget request. Most of the gain is represented by the difference between the total enrollment projected for 1968 and that for 1970. But in the case of Chicago Circle, the "capacity" is estimated to be 22,000, and, partly due to the delay of a year in the completion of Phase II, that figure won't be reached until 1971.

The estimated gain in "enrollment capacity" is shown in Table II to be 9,930 for all campuses combined — about 70 per cent of it at Chicago Circle.

As between undergraduate and professional-graduate enrollments, the overall proportions are 70 per cent undergraduate and 30 per cent professional-graduate for all campuses. At Urbana-Champaign, the division is about equal between these two groups; some 84 per cent of the Chicago Circle gain in capacity is at the undergraduate level; while at the Medical Center all of the increased capacity is at professional-graduate level.

Space "Audits": Analysis of Space Requested for the 1967-69 Capital Budget Versus Space Required by Program Standards

The net gains in enrollment "capacity" expected from the 1967-69 building program constitute the main basis for the budget requests in Schedules A, B, and C above. But the adequacy of existing facilities relative to present educational commitments must also be considered in evaluating the merits of the University's

capital request for 1967-69. It happens that at each of the three campuses, the total amount of space to be available upon completion of all current (1965-67) construction will be *less* than the amount required by established standards. Hence, part of the 1967-69 program reflects the need to overcome serious existing shortages.

Space Standards. In order to determine whether or not a given request for space is justified, it is necessary to have an acceptable standard by which to judge it. The University of Illinois has developed such standards for the kinds of programs conducted at its Chicago Circle and Urbana-Champaign campuses — through systematic studies conducted over several years by its Central Office on the Use of Space. The "numeric method" developed during the course of this work is described in some detail in a brochure prepared by that Office's Director, Harlan D. Bareither, under the title *Translating the Educational Program of an Institution into Physical Facility Requirements*. The system of space categories and standards has been "computerized" so as to permit rapid calculation of the kinds and amounts of space required for specified educational programs.

The "numeric method" has been "cross-validated" through checks of its norms against such standards as have been available from other comparable universities. In one example of such cross-comparison, the amount of "departmental" space "required" by our standards was checked against what would be "required" by the standards used at the University of California. The results were: 3,017,841 net square feet by Illinois norms and 3,124,582 net square feet by California standards. (The latter were secured from a publication entitled *A Restudy of the Needs of California in Higher Education*, prepared for the Liaison Committee of the Regents of the University of California and the California State Board of Education.)

It is critically important to recognize the marked variation in space requirements with level of education and among fields of learning. By way of emphasizing this point, and also of presenting one set of products of the "numeric method," the following figures show the number of net square feet per student required for the kind of student-program "mix" that prevailed at the Urbana-Champaign campus during the academic year 1964-65:

	<i>Freshman- Sophomore</i>	<i>Junior- Senior</i>	<i>Graduate I- Professor</i>	<i>Graduate II</i>
Net square feet per student. .	80.2	99.2	159.4	643.0

In addition to these overall averages, detailed breakdowns are available for the various categories of space and for all organizational units.

It should be strongly emphasized that the foregoing space norms are pertinent only to the particular "mix" of students (by fields of study and educational levels) that prevailed at the Urbana-Champaign campus in 1964-65. If the "mix" were to change, for example towards relatively more advanced graduate students in education than in physical science or engineering, the space requirements per student would drop very sharply.

The "numeric method" has not yet been applied at the *Medical Center Campus*, but, fortunately, the United States Public Health Service has developed national standards that are applicable to the programs there. These standards have been used in the present evaluation of the building requests submitted for the Medical Center Campus.

"Audits" of Space Requirements in Relation to Space Requests for the Three Campuses. Using these methods and standards, the following calculations have been made for each campus: (a) space "required" for the educational program (including increased enrollment) as of the dates of occupancy and relatively full use of the proposed new buildings; (b) space now available or approved for construction during the 1965-67 biennium; (c) space to be razed; (d) new space requested for the 1967-69 capital budget; (e) net status (surplus or shortage) after completion of the 1967-69 building program.

The results of these analyses are presented, on the following three pages, in Table III (Chicago Circle Campus), Table IV (Medical Center Campus), and Table V (Urbana-Champaign Campus). The net outcomes may be briefly summarized as follows:

1. CHICAGO CIRCLE CAMPUS. A surplus of 184,226 net square feet would exist in 1971 by University standards, with an enrollment of 22,000 students. This excess, however, would be due entirely to two large temporary buildings which the University is under obligation to demolish after six years (a condition attached to the conveyance of the land to the University). Without these two buildings, the Chi-

ago Circle Campus would have a shortage of 68,889 net square feet of space as of the date of capacity utilization of Phase III buildings.

2. **MEDICAL CENTER CAMPUS.** A shortage of 240,029 net square feet of space would exist, by United States Public Health Service standards, after the four new buildings had been completed and fully utilized.

3. **URBANA-CHAMPAIGN CAMPUS.** A shortage of 357,842 net square feet of space by University standards would remain after all of the buildings included in the 1967-69 budget request had been fully utilized.

In sum, then, the total amount of building space proposed for the University's 1967-69 capital budget is fully justified in terms of its overall program requirements. The standards used are reasonable, and they have been carefully applied in measuring the space needs of all units on all campuses. If the University is to expand its work on the scale indicated, and if a high level of quality is to be sustained, the facilities requested must be provided.

In the following sections, detailed descriptions of the building programs proposed for each of the three campuses will be presented.

IV. Chicago Circle Campus: Capital Program for 1967-69

The Development Plan for the Chicago Circle Campus

The Original Program. The Chicago Circle Campus was conceived originally as a four-year institution covering a fairly wide range of educational fields and looking toward an undergraduate enrollment of approximately 20,000 students by 1970. Three phases of construction were planned: Phase I, accommodating about 10,000 students (with temporary academic use of student-union space and other emergency adjustments); and Phases II and III to provide space for an additional 5,000 students each — to bring the total to 20,000.

Modifications in the Program Resulting from the Adoption of the Master Plan. The original conception of the Chicago Circle Campus has been changed by the adoption of the Master Plan, which calls for greater emphasis on junior-senior and graduate-professional study by the state universities. This would seem to be particularly appropriate for the University of Illinois, in view of its unique status as an institution of higher education in the state. Further, considering the absence of a public institution offering general graduate work in Chicago, it is highly desirable to introduce graduate study there as soon as the necessary resources can be provided. It now seems that a limited amount of work at master's level can be initiated in 1967-68. The program would be expanded thereafter as rapidly as resources would permit.

It should be emphasized, however, that the original target of 20,000 undergraduates by the time Phase III is fully utilized has not been changed. The only change of plan affecting undergraduates would involve a shift toward a higher proportion of juniors and seniors — to accommodate junior-college transfers in the Chicago area, in accordance with the Master Plan. A limited amount of graduate instruction will be initiated through the use of extra space in recently-acquired, old buildings and emergency use of space used also for undergraduate instruction. The unanticipated acquisition of three buildings on or near the Chicago Circle Campus — the Central National Bank Building, the Illinois Eye and Ear Infirmary Building, and the Stein Building — have mainly provided the space that will make it possible to begin graduate study in several fields in 1967-68. But since the Central National Bank Building and the Stein Building are scheduled for early demolition by agreement with the city of Chicago, as noted in an earlier section, it is essential that the buildings requested for Phase III be provided if the graduate program is to go forward.

The capital projects proposed for Chicago Circle will be described in the following sections. In Appendix A, detailed specifications are given concerning the kinds and amounts of space in the several building projects for that campus. (Appendix A is not included in these minutes but is filed with the Secretary of the Board for record.)

Buildings Requested for the Chicago Circle Campus

Architecture and Art Addition (\$5,866,000). The work of the College of Architecture and Art has been considerably retarded by the delay in the construction of its facilities. It is essential that this second unit of the College's space be added in order that the undergraduate program might be rounded out and graduate study initiated. The Department of Architecture and the Department of Art will

both use this space. In combination, these two departments serve both the cultural needs of the University at Chicago Circle and the practical aspect of urban programs through the translation of scholarly knowledge into workable physical reality.

Behavioral Science Center (\$10,714,000). This building, the second largest scheduled for Phase III, lies at the very heart of the emphasis on urban studies of the Chicago Circle Campus. The disciplines represented in this building constitute the main focus of the plans for the development of educational programs, both instructional and research, that will be directed to the solution of the problems of urban society. These departments are Anthropology, Geography, Political Science, Psychology, and Sociology.

Education Center (\$6,957,000). This project will house the laboratories for the Departments of Music and Speech and will provide both administrative and academic facilities for the Division of Education and the Graduate School of Social Work. The occupants of this site will figure prominently in the urban mission of the Chicago Circle Campus. The Division of Education will be broadly concerned with the education of teachers, and with experimentation designed to improve education at all levels. The Graduate School of Social Work expects to expand its enrollment sharply, in order to help meet the ever-increasing demand for more and better-trained personnel in the social-welfare field.

Greenhouse Addition (\$252,000). This project will supply the Department of Biological Sciences with additional greenhouse space for both graduate and undergraduate education. Its specimens will be required for undergraduate instructional laboratories and the facility to be used in graduate research programs in the various fields of plant science.

Library Addition (\$6,841,000). Phase III of the University of Illinois Chicago Circle Library, which will complete the building as originally planned, will provide the seating capacity necessary to serve some 20,000 students. It will also provide the added bookstack capacity necessary for a research library. The first two units of the building were intended primarily to handle the growing student body through the period 1965-67. As a result, book capacity in the first two units was reduced in order to provide space for seating. At the present rate of growth, the book collections will keep pace with, or slightly exceed, the capacity of the first two units and unit III is necessary to provide book capacity for future growth of the collections.

In addition to increased book and reader space, the third unit of the library will provide space for the map and documents collections, space for the technical services staff necessary to handle larger book budgets, and additional faculty studies and graduate-student carrels.

Physical Education Building (\$7,095,000). Among the eight buildings listed in Schedule A (page 14), the Physical Education Building has been carried forward from Phase II — having been dropped because of insufficient funds in the capital budget due to cost escalation. Working drawings for this structure have been completed, and it will be possible to commence construction as soon as funds become available. The building could be completed by September, 1969. Approximately 35 per cent of the cost of the project would be met from student fees, since it is estimated that approximately this proportion would represent the recreational use of the facility.

In the absence of this facility students are forced to travel to temporary, unsatisfactory quarters for their courses in physical education. Furthermore, it is not possible to provide the work necessary to earn a degree in the teaching of physical education — a field in which there is an acute shortage of women teachers.

Science-Engineering Center (\$32,776,000). This building, the largest and most complex yet planned for the Chicago Circle Campus, will house in part the natural sciences and engineering departments. The facility will contain their upper-division and advanced programs, supplying the laboratories necessary for the recruitment of outstanding academic personnel necessary to instruct the projected student enrollment. The Center will include, as one of its facilities, a science and engineering library. The departments occupying the building are: Biological Sciences, Chemistry, Energy Engineering, Geology, Information Engineering, Material Engineering, and Physics.

Student Services Administration Building (\$3,533,000). This structure, situated at the gateway to the Chicago Circle Campus and most immediately accessible to

the public transportation, will house the facilities directly related to students, such as the Office of the Dean of Student Affairs, the Office of Admissions and Records, and the Business Office. The completion of this building will permit the transfer of these offices from the present University Hall, thereby permitting the humanities departments to have the expansion space required in order that the enrollment projected for 1971 may be accommodated. Furthermore, it has now become clear that only a building specially designed for these administrative purposes will enable the University to handle the growing numbers of students without undue congestion and disruption of scheduled activities.

Other Capital Projects

Heating Plant Addition (\$2,846,000). In order to provide heat and air conditioning to the Phase III buildings proposed for construction in the 1967-69 biennium, it is necessary to add to the Utilities Center area enough area to house the following additional equipment: (a) two high temperature hot water generators with pumps, motors, and appurtenances; (b) one 3,500 ton refrigeration unit for chilled water complete with appurtenances; (c) a cooling tower; (d) additional switch gear and electrical equipment to increase the capacity of the campus distribution system as required to service the new buildings.

Land Acquisition (\$3,169,000). The land acquisition to date for the Chicago Circle Campus was based on the original long-range planning for 20,000 undergraduate students by 1970. The current planning anticipates 25,500 students by 1974, of which approximately 3,500 will be graduate students. This change results in the need for more building space and more land than previously planned. Accordingly, the acquisition of forty-eight acres south of the campus and within Chicago's proposed Roosevelt-Halsted redevelopment project is recommended for the 1967-69 biennium.

Movable Equipment (\$8,748,000). The requested funds include two components: (a) funds for equipping the buildings that will be completed for use by the fall of 1969; (b) funds for the procurement of equipment that had to be deleted from the Phase II budget. The estimate for movable equipment in Phase II was made of necessity before final costs of Phase I were known and before detailed status sheets could be prepared by the departments. Using the estimated Phase I costs, a percentage of estimated construction costs for Phase II was taken as the estimated cost of movable equipment. But between the time that the movable equipment budget was prepared and the preparation of the status sheets by new department heads, it became apparent that the mission of the Chicago Circle Campus would change under the Master Plan of the State Board of Higher Education. Instead of a predominantly undergraduate campus with more lower division than upper division students and a few graduate students, it became necessary to anticipate a larger proportion of upper division and graduate students, with a minority of lower division students and with strong emphasis on research. The equipment needs rise strikingly with the latter type of campus, particularly in "higher-cost" disciplines, such as laboratory sciences (biology, chemistry, geology, physics), applied sciences (engineering), and fine arts (architecture, art). All are heavily involved in Phase II. Thus a deficiency of some \$4,109,000 resulted.

The Phase III buildings scheduled for completion in 1969 and the basis for estimating the movable equipment needed are as follows: Behavioral Science Center (10 per cent of estimated construction costs); Science-Engineering Center (20 per cent of estimated construction cost for the part scheduled for completion in 1969); Physical Education Building (a total of \$200,000).

Remodeling (\$1,273,000). These funds are needed for remodeling in the following buildings: (a) Central National Bank Building (\$181,900 — previously unassigned areas, to be used by Engineering, Psychology, and Sociology); Adams Hall and Burnham Hall (\$285,000 — to reconvert to classrooms, space now used by the College of Architecture and Art); Science and Engineering Laboratories (\$500,600 — to make possible more effective use of several laboratory areas in this building, in the light of needs and difficulties that have emerged as the several departments have worked in the present arrangement of the space); Illinois Eye and Ear Infirmary Building (\$175,500 — to continue the remodeling of unused parts of this building for Geology and Psychology); Stein Building (\$130,000 — to make usable certain areas of this temporary building that presently are unassigned, for Speech and Theatre, Sociology, and Social Work).

Planning for 1969-71 (\$1,500,000). In order to complete within a biennium

the buildings scheduled for that biennium, it is essential that design through working drawings be completed prior to the beginning of the biennium. The funds requested for 1967-69 would provide for the completion of working drawings for Phase IV consisting of 610,000 gross square feet of space. This would add sufficient enrollment capacity to accommodate some 23,500 students at full utilization.

Site Development, including Extension of Utilities Distribution Systems (\$4,482,000). This project provides tunnels for hot and chilled water (supply and return) from the Utilities Center to Harrison Street for service to the Education Center, Behavioral Science Center, and the Student Services Administration Building; and from the Utilities Center to the Physical Education Building to be located south of Roosevelt Road. It includes funds for seeding of and irrigation for athletic fields, water mains for drinking fountains, storm drainage, and electric power duct runs and cables. The project also includes graphics for proposed 1967-69 buildings, their landscaping, fencing, and general site development.

V. Medical Center Campus: Capital Program for 1967-69

The capital program shown in Schedule B for the Medical Center Campus is designed to meet two types of needs: (a) space required to overcome critical shortages in three areas, as well as to improve the quality of facilities; (b) space to enable the College of Dentistry to double its overall enrollment when the proposed new building for that College has been brought to a level of full utilization.

The capital projects proposed for the Medical Center will be described in the following sections. In Appendix B, detailed specifications are given concerning the kinds and amounts of space in the several building projects for that campus. (Appendix B is not included in these minutes but is filed with the Secretary of the Board for record.)

Building Funds Requested in Schedule B for the Medical Center Campus

Deficiency in the 1965-67 Capital Budget (\$3,492,000). Due to cost escalation, three buildings in the current (1965-67) construction program can not be completed without additional funds. The total is estimated to be distributed as follows among three buildings: (a) College of Nursing Building, \$1,141,000; (b) Medical Sciences Addition, \$1,016,000; (c) East Dentistry-Medicine-Pharmacy Addition, \$1,335,000.

It is expected that a special appropriation will be sought early in the next session of the General Assembly in order to provide the funds needed to complete these buildings. This would not only permit the occupancy of the buildings sooner, but would also save substantial amounts of money by avoiding further inflation of cost.

College of Dentistry Building (\$19,000,000). As already noted, enrollment in all kinds of programs in the College of Dentistry would be approximately doubled — increasing from the present ceiling of 431 to 876 students. There would be an increase in the professional program of about 66 per cent (from 90 to 150 beginning students). In terms of staff, the facility would permit an increase from approximately 90 full-time equivalent professional staff members to 133; from 38 to 52 clerical employees; and from 76 to 103 technical employees. It is believed that as much as \$7,800,000 in federal funds could be secured for the construction of this facility.

When the Dentistry Building has been completed, space in other buildings that is badly needed by the College of Medicine for instructional and research purposes would be vacated.

Library Building (\$7,579,000). The Library at the Medical Center now occupies only about 15,000 net square feet of space, whereas it should have a total of 51,000 according to the standards of the United States Public Health Service. The situation is acutely critical, in view of the rapid expansion of medical knowledge and the increasing accumulation of other medical literature. If the Medical Center Campus is to maintain and improve its standing as an outstanding center for professional education and medical research, it is imperative that its library facilities be improved, and at once. Federal funds in the amount of \$1,450,000 will be sought.

Medical Research Laboratory (\$3,517,000). This is a central facility housing animals used in biological and medical research throughout the Medical Center Campus. There is great need both to increase the amount of space and to improve the arrangements for housing the growing number of experiments that must be conducted as research expands on the campus. The present facility has a total of

approximately 26,000 net square feet of space, and it is proposed to add approximately 31,000 through the construction of the new unit. This would permit the doubling of the permanent staff housed in the facility (principally technical staff and caretakers, since the professional staff have their offices elsewhere). It is believed that as much as \$1,460,000 of the total of \$3,517,000 could be secured from federal sources.

Office Building (\$3,666,000). This structure would provide space for a variety of administrative and technical units which now are widely scattered over the campus area. Included would be the Office of Admissions and Records, Graduate College, Office of the Vice-President, Safety Office, Office of Student Affairs, Office of Space Utilization, Statistical Service Unit, Business Office, Physical Plant Department (offices), Office of Nonacademic Personnel. Bringing these units together in one building would improve the efficiency of their varied operations, partly because there is much interchange among them. It would also release scattered space in many buildings which is badly needed by the several colleges.

Other Capital Projects

Movable Equipment (\$580,000). Funds are requested only to the extent that the matching of movable equipment items in federal grants might be required. As already noted, most of the movable equipment for these structures would not be needed until the biennium 1969-71.

Planning Funds (\$220,000). Funds are needed for program studies and preliminary design for an addition to the hospital building, which would permit the replacement of the present patient-care facilities in the General Hospital and the Orthopaedic Building (now more than forty years old and essentially without modernization). Engineering studies are needed for the design of air conditioning facilities for selected hospital areas. And funds are needed also for continuing studies of the overall campus plan and of changes that should be made in order to bring about more effective integration of the complex functions housed at the Medical Center Campus.

Remodeling, Rehabilitation, and Minor Additions (\$762,000). The original request for remodeling recommended by the Campus Planning Committee at the Medical Center totaled \$3,346,800—a figure representing the serious backlog of unmet needs of this type. The University Building Program Committee reduced the request to \$762,000 by including only projects of very high priority. This amount would permit the remodeling of space vacated by other units and also some badly-needed improvement in obsolete laboratory and clinical facilities. Almost half of the total would be used for increasing the electrical capacity of the Neuro-psychiatric Institute Building.

Site Development (\$60,000). This item is included for the extension of utilities, public improvements, and street improvements.

VI. Urbana-Champaign Campus: Capital Program for 1967-69

As already noted, a serious shortage of space exists now at the Urbana-Champaign Campus, and it will not be overcome by the construction scheduled for completion by 1968. Furthermore, some 200,000 net square feet of the existing space consists of temporary buildings near the campus that have been acquired for emergency use. Although the new construction proposed in this biennial budget request would add slightly more than 500,000 net square feet to the space inventory, the increases in enrollment would be such as to leave a net shortage of about 350,000 net square feet as of 1970.

In large measure, these shortages reflect the rapid growth of graduate study, especially in the natural sciences and engineering. It has not seemed advisable to limit this growth too sharply in order to maintain a strict balance with facilities. Departments have been under great pressure to expand, and they have often chosen to endure substandard facilities as a lesser evil than stagnation—in a period of great social demand for advanced study and research and increasing amounts of support for research operations.

The individual capital projects proposed for the Urbana-Champaign Campus will now be described briefly in the following sections. In Appendix C, detailed specifications are given concerning the kinds and amounts of space to be included in the several buildings requested for that campus. (Appendix C is not included in these minutes but is filed with Secretary of the Board for record.)

Buildings Requested for the Urbana-Champaign Campus

Deficiency in the 1965-67 Capital Budget (\$3,117,000). Due to cost escalation, four buildings in the current (1965-67) construction program can not be completed without additional funds. As noted in Schedule C, the total is estimated to be \$3,117,000, distributed as follows among four buildings: (a) Small Animal Clinic, \$850,000; (b) Civil Engineering Building (Phase IIA), \$636,000; (c) Undergraduate Library, \$1,200,000; (d) Psychology Building, \$431,000. The reasons for requesting a special appropriation for such items, early in the next session of the General Assembly, are the same as those cited in the discussion of similar projects for the Medical Center Campus.

East Chemistry Second Addition (\$9,063,000). This structure would continue the program of modernization of laboratory space for the Department of Chemistry and Chemical Engineering, while at the same time releasing space in the old laboratory building for the use of other departments. Furthermore, it would enable that distinguished Department to accommodate a growing number of undergraduate and graduate majors.

It is believed that federal funds in the amount of approximately \$2,600,000 could be secured for the project. Since the University has no other similar facility in its 1967-69 building program, it seems urgent that this structure be included. Chemistry needs the modern laboratory facilities, the space to be vacated is badly needed by other departments, and a large federal grant would be lost if this project is not supported.

Engineering Library (\$4,780,000). The rapid growth of graduate study in engineering and the greatly increased rate of scientific publication in its various branches have made the present Library space totally inadequate. There are only 120 seats in this Library to accommodate over 1,200 graduate and 3,575 undergraduate students. The expansion of space proposed would overcome this acute shortage and would provide for the additional enrollment projected to 1974.

In addition, space would be provided for an information storage and retrieval research center, utilizing this Library as a laboratory. The Department of Computer Science and the Graduate School of Library Science would cooperate with the College of Engineering in this program.

It is believed that this project would be eligible for a matching federal grant of as much as \$1,000,000.

Foreign Languages Building (\$7,241,000). This facility has been included by the University in its last two biennial budget requests. (It was called a "classroom-office building" earlier.) On both occasions, it was disapproved by the Board of Higher Education. The building was badly needed even earlier than 1963 to relieve serious overcrowding in the College of Liberal Arts and Sciences. The need has steadily increased with growing enrollment in that College. The Foreign Languages Building would provide offices for all of the language departments of the College and badly-needed space for expanded language-laboratory facilities. Additional classroom space for general University use would also be included. A federal grant of \$1,000,000 is anticipated.

Intramural-Physical Education Building (\$9,301,000). This facility was approved by the State Board of Higher Education for inclusion in the University's 1965-67 capital budget. It became necessary, however, to delete the project because of inability to secure the necessary general-revenue appropriation required for the part of the building planned for educational purposes. As Schedule C shows, most of the cost of this facility would be met from student fees, and it is very badly needed. It is hoped that the state funds required (\$1,662,000) can be included in the 1967-69 capital budget.

Law Building Addition (\$4,585,000). This facility would enable the College of Law virtually to double its enrollment of professional students, as well as to provide space for additional graduate students. The overall increase would be from the 1965-66 level of 537 students to slightly more than 1,000 students by 1972.

Applications for admission to the College of Law have grown rapidly in recent years, and many well-qualified students must now be denied admission. If the state of Illinois is to continue to provide opportunity for legal education to an increasing number of college graduates, it is essential that this program of expansion be supported. A federal grant of \$1,200,000 is believed to be probable under Title II of the Higher Education Facilities Act.

Library Fifth Stack Addition (\$1,920,000). The Library requested two additions to its stacks in order to provide storage space for new acquisitions. It was decided to include only one in the present budget request, although both would have been justified in terms of the library space standards. The structure is thus urgently needed if the Library is to continue to make necessary additions to its collections and to make the new acquisitions accessible to its users. As noted in Table V (page 22), even with this structure and other library space proposed elsewhere in the 1967-69 capital request, there would be an overall shortage at Urbana-Champaign of more than 50,000 net square feet of library space as of 1970.

Music Building (\$4,890,000). Funds for additional space for the School of Music were proposed in the University's 1963-65 capital budget request. The need was great at that time both because of a shortage of space in relation to enrollment and staff, and also because most of the instruction in applied music was being conducted in temporary quarters (six old residences) that were exceedingly unsatisfactory for teaching purposes. This item was not approved by the Illinois Board of Higher Education, however, and was deleted from the University's final request as submitted to the General Assembly.

Enrollment has had to be limited in the School of Music for several years in spite of the growing demand for music teachers in the schools. Graduate enrollment also could be expanded substantially if adequate facilities could be provided. These and other enrollment pressures will grow when the Krannert Center for Performing Arts is completed. To meet these new needs, to provide adequate facilities for music instruction for the existing student body, and in the interest of improved faculty morale, it seems imperative that this too-long-delayed building project be included in the capital budget for 1967-69.

Nuclear Reactor Laboratory (\$1,311,000). The Nuclear Engineering Program is relatively new in the College of Engineering, since the latter received approval for a doctoral program in this area only five years ago. At the present time, a total of sixty graduate students are specializing in nuclear engineering, with seventeen of them having passed their preliminary examinations for the Ph.D. degree. The program has strong fellowship support as well as substantial research support from federal agencies. A further argument for the inclusion of this project in the present budget request is the high probability that almost half the cost could be met from a matching federal grant.

Small Animal Clinic Phase I Completion (\$2,147,000). This project represents space that had to be omitted from the original plan for the Small Animal Clinic, because the bids received were excessive and hence it became necessary to replan the building. It is critically needed in order to permit the College of Veterinary Medicine to consolidate all of its clinical work with small animals at one location. In addition, a shortage of space has resulted in the establishment of a ceiling on enrollment in this College far below the level of student demand. Since the College of Veterinary Medicine is the only state-supported institution of its type, it seems critically necessary to proceed with its building program, in order to close the gap between demand and opportunity for professional veterinary education.

Turner Hall Headhouse and Greenhouses (\$932,000). The first phase of construction of Turner Hall was completed in 1963-64, with the general expectation that the remainder of the building would probably be scheduled for construction in two additional phases. When finally completed, it would house the Departments of Agronomy, Forestry, Horticulture, and Plant Pathology of the College of Agriculture. Phase I provides space for only about half of the staff and operations of the Department of Agronomy.

As noted below in the request for planning funds, high priority has been given to Phase II of Turner Hall for the 1969-71 capital budget. The completion of plans for it during 1967-69 would permit construction within the following biennium.

The headhouse and greenhouses are essential laboratory adjuncts to Turner Hall, and should be completed before Phase II can be built. The latter necessity arises because two existing greenhouses must be relocated to clear the site for Phase II. Another reason is that these laboratory facilities would greatly improve the research resources of the several departments and would enable the College of Agriculture to qualify for special federal grants for the construction of additional greenhouse units at no cost to the University.

Women's Gymnasium Addition (\$1,362,000). This project was deleted from the 1965-67 budget, after approval by the Board of Higher Education, because suffi-

cient general-revenue funds could not be provided to meet the state's share of the cost. One of the main facilities to be added with this structure is a swimming pool, which would be used heavily for physical-education classes. As Schedule C shows, of the estimated total cost, some \$780,000 would come from state appropriations—reflecting the proportion of use of the facility for instructional purposes.

Other Capital Projects

Campus Improvements (\$376,000). Some seven projects are included under this heading (sidewalks, bicycle facilities and pavings, campus security lighting, landscaping, reforestation, etc.).

Land Acquisition (\$4,450,000). These funds are needed for two purposes: (a) to enable the University to acquire title to land purchased in its behalf by the University of Illinois Foundation (\$4,250,000); (b) to acquire land needed for the proposed Engineering Library (\$200,000). The land acquired by the Foundation in behalf of the University includes sites adjacent to buildings that are now under construction, as well as land immediately adjacent to the campus which had been put on the market for sale and which would have undergone sharp increase in price due to planned improvements for commercial purposes. Included also are such facilities as the Colonel Wolfe School which has been remodeled for highly important research being conducted by the College of Education and the Department of Psychology (including a "Headstart" project of major significance).

Movable Equipment (\$800,000). As already noted, most of the movable equipment for the buildings listed in Schedule C would not be purchased until the biennium 1969-71. Certain of the projects might be completed sooner, however, and it is estimated that the sum of \$800,000 would be sufficient for the procurement of equipment for these structures. Included would be matching funds for the parts of anticipated federal grants that would be available for the purchase of equipment.

Planning Funds (\$608,000). Funds for the planning of two projects are included: (a) Large Animal Clinic (\$356,000); (b) Turner Hall Phase II (\$252,000). Both projects will have very high priority in the University's building program for 1969-71, and it is hoped that architectural plans and working drawings can be completed during the coming biennium. If that can be done, the buildings could be completed one year earlier and at a very substantial saving in cost.

The Large Animal Clinic would make possible an increase in enrollment in the professional program in Veterinary Medicine, which is urgently needed. It is now necessary to turn away many qualified students, and a substantial increase in enrollment cannot occur until adequate hospital facilities have been provided.

The construction of Phase II of Turner Hall would make it possible for the College of Agriculture to vacate its remaining space in Davenport Hall, thus releasing space to the College of Liberal Arts and Sciences. The latter badly needs space in the central region of the campus in order to accommodate expected enrollment increases.

Protection of Life and Property (\$335,000). Funds are requested only for the most urgent improvements in three existing buildings (Natural History Building, Metallurgy and Mining Building, and Gregory Hall) as well as to improve water-supply protection and to install life-safety improvements in several places of public assembly.

Public Improvements (\$420,000). Two projects are included: (a) a contribution by the University to the program of "plant and interceptor sewer expansion" proposed by the Urbana and Champaign Sanitary District (and approved by bond issue referendum on November 23, 1965); (b) improvements in the Upper Embarrass River Basin Drainage District (\$170,000). Since the University derives distinct benefits from these improvements, and since it is customary for the University to make its proportional contribution towards such projects, funds for this purpose should be provided.

Remodeling, Rehabilitation, and Minor Additions (\$2,000,000). These funds would be used primarily for remodeling space vacated by departments that will move into new buildings. Although the total need for the three purposes listed far exceeds the amount requested, experience has shown that \$2,000,000 represents approximately the level of work that can be effectively programmed and completed within a biennium. In relation to the total physical plant at the Urbana-Champaign campus, the sum requested is a very modest one.

Street and Street Lighting Improvements (\$808,000). The street improvements include five projects involving the widening of streets adjacent to the campus, the extension of pavement alongside one street, and the extension of another street (for a total of \$698,000). Funds for street lighting improvements in the amount of \$110,000 are requested — for lighting projects on two streets (Florida Avenue, from Neil Street to Lincoln Avenue; Gregory Drive, from Oak Street to Fourth Street).

Utilities Distribution System (\$2,373,000). This item includes funds for extensions and other changes in the utilities distribution system that would be necessary to provide essential services to the buildings included in Schedule C.

(Secretary's Note — This document is supported by appendices given data on gross square feet, net assignable square feet, and enrollment capacities and costs of the buildings on each campus. Copies of these appendices were filed with the Secretary for record.)

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(18) The Committee on Nonrecurring Appropriations, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend the following appropriations:

From University General Reserve

I concur.

On motion of Mr. Williamson, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

CONTRACTS FOR WATER DISTRIBUTION SYSTEM IMPROVEMENTS AT UNIVERSITY OF ILLINOIS-WILLARD AIRPORT

(19) On May 18, 1966, the Board awarded contracts for water main improvements and water storage improvements at the University of Illinois-Willard Airport. Subsequently, The Fowler Company, Centralia, lowest bidder on three phases of the project, refused to execute contracts. In accordance with the bidding provisions, The Fowler Company has been informed that its bid deposit has been retained by the University as liquidated damages.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend award of contracts to the second lowest bidders, as follows:

Division D, Water Main Improvements—Cross Construction, Inc., Urbana.....	\$ 4 738 79
Division E, Water Storage Improvements Section 2, Water Pumping Facilities—George S. Walker Plumbing & Heating, Inc., Decatur..	2 940 00
Division E, Water Storage Improvements Section 3, Electrical Work—Square Deal Electrical Contracting, Inc., Urbana.....	6 922 00
<i>Total</i>	<u>\$14 600 79</u>

The additional funds, \$346.39 (the total of the differences in the bids), required are available in the appropriation previously made by the Board for a water distribution system.

I concur.

On motion of Mr. Hughes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

CONTRACTS FOR REMODELING IN MCKINLEY HOSPITAL

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of cost-plus contracts and the assignment of \$42,000 from the General Reserve for remodeling Room 314, McKinley Hospital, into a microbiology laboratory, the award in each case being to the lowest bidder.

Submitted herewith is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

**CONTRACTS FOR REMODELING IN THE METALLURGY
AND MINING BUILDING**

(22) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of cost-plus contracts for remodeling the fourth floor of the Metallurgy and Mining Building for the Charged Particle Research Laboratory of the Department of Electrical Engineering to the lowest bidders.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payment</i>
General Work — Dean Evans Co., Champaign.....	10	31	10	\$1 270 00

Ventilation and Distribution Systems for Conditioned Air — Cool-Rite Refrigera- tion, W. L. Rogers, owner, Urbana...	25	30	10	535 00

It is also recommended that a combined contract be awarded to Cool-Rite Refrigeration, Urbana, for heating, piping, refrigeration, and automatic temperature control systems work and for ventilation and distribution systems for conditioned air work, the lowest bidder on these two divisions of the work.

The estimated total cost is \$33,190. The Board has previously authorized an assignment of \$28,190 for this improvement, and additional funds are available in the Electrical Engineering Department budget.

Submitted herewith is a supporting report from the Physical Plant Department, including a schedule of the bids received, a copy of which is filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

CONTRACTS FOR CONSTRUCTION OF HOLDING AREA AND MILKING PARLOR AT SOUTH LINCOLN AVENUE DAIRY FARM

(23) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of cost-plus contracts for construction of a holding area and a milking parlor for the Department of Dairy Science at the South Lincoln Avenue Dairy Farm to the lowest bidders.

An assignment of \$54,590 has previously been made by the Board for these improvements, and additional funds are available in the College of Agriculture budget.

Submitted herewith is a supporting report from the Physical Plant Department, including a schedule of the bids received, a copy of which is filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

CONTRACT FOR GAS SERVICE FOR THE MEDICAL CENTER DRUG AND HORTICULTURAL EXPERIMENT STATION

(24) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement with the Northern Illinois Gas Company for gas service to the Drug and Horticultural Experiment Station at Lisle, Illinois. The estimated annual cost is approximately \$5,000.

Funds are available in the Physical Plant Department operating budget.

The College of Pharmacy and the Physical Plant Department have recommended changing the boilers at the Experiment Station from oil fired to gas fired, which change is now being made to improve equipment and insure satisfactory

schedules and maintenance costs. Gas is now available due to installation by Northern Illinois Gas Company of a high pressure gas transmission pipe line adjacent to the University's property.

I concur.

On motion of Mr. Williamson, this agreement was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

LEASE OF QUARTERS AT 705 SOUTH SIXTH STREET, CHAMPAIGN

(25) Space (Room 107) in a new business building at 705 South Sixth Street, Champaign (approximately 2,675 square feet), is available for lease at a rental rate of \$8,316 per year for a five-year period. This area can be used to consolidate some of the functions of the Office of Admissions and Records and enable that office to administer the new GI Bill from that space. It will also provide some space relief for other administrative offices.

The owner of the building is willing to remodel the space in accordance with the requirements of the Office of Admissions and Records and that cost of remodeling is included in the rental rate.

It is recommended that the University of Illinois Foundation be requested to lease Room 107 in the building at 705 South Sixth Street at the above annual rate for the five-year period and sublease it to the University on a biennial basis contingent upon approval by the Board of Trustees. It is also recommended that the Board authorize the subleasing of the space from the University of Illinois Foundation at the indicated rental rate and that the rental become effective September 1, 1966, or as soon thereafter as the remodeling has been completed and the office space is available for occupancy.

It is further recommended that \$9,430 be assigned from the University General Reserve to pay the rental (\$6,930) and for operation and maintenance (\$2,500) from September 1, 1966, through June 30, 1967. Funds required beyond 1967 will be included in the annual operating budget of the Physical Plant Department.

I concur.

On motion of Mr. Johnston, this recommendation was approved, and the requested assignment of funds was authorized, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR ELECTRICAL INSTALLATION WORK FOR THE UTILITIES CENTER ADDITION PHASE II, CHICAGO CIRCLE

(26) On June 2, 1966, the Illinois Building Authority received bids for the electrical installation work for the Utilities Center Addition, Phase II, at Chicago Circle. The lowest bidder is Divane Bros. Electric Co., Chicago, with a base bid of \$125,399. Four other bids were received:

Hayre Electric Company, Chicago.....	\$129 963 00
Tri-City Electric Company (Illinois), Chicago.....	147 720 00
C & H Electric Co., Chicago.....	158 254 00
G & M Electrical Contractors Co., Chicago.....	166 313 00

The lowest bidder is deemed fully qualified and has performed satisfactorily on University work in the past.

The project is a part of Phase II construction which the Board at its Executive Committee meeting on September 2, 1965, requested the Illinois Building Authority to provide. The Authority will finance the construction and lease the facilities to the University for rental payments appropriated by the Illinois General Assembly. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to award a con-

tract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend the adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that Illinois Building Authority be, and it hereby is, requested to award to Divane Bros. Electric Co., Chicago, Illinois, a contract for the electrical installation work for the construction of the Utilities Center Addition at the Chicago Circle, Phase II, for the fixed price of \$125,399.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Hughes, this recommendation was approved, and the foregoing resolution was adopted, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

ADDITION TO CONTRACT FOR CONSTRUCTION OF FLORIDA AVENUE RESIDENCE HALLS

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$44,939.80 in the contract with Kuhne-Simmons Co., Inc., Champaign, for construction of the Florida Avenue Residence Halls to provide additional site development work, including bicycle parking, a hard surface activity-exercise area, and an extension of the south lane of College Court between Virginia and Maryland Drives for improved traffic flow.

Funds are available in the construction budget for this work.

I concur.

On motion of Mr. Pogue, this change in contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

ADDITION TO CONTRACT FOR CONSTRUCTION OF EAST CHEMISTRY BUILDING ADDITION

(28) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$26,348.14 in the contract with Kuhne-Simmons Co., Inc., Champaign, for construction of the East Chemistry Building Addition to provide additional cooling capacity in the Nuclear Magnetic Resonance Laboratory on the first floor. The additional capacity is required to handle research equipment added since the original planning for this laboratory. The work will include piping to the roof, a new cooling tower, and additional ventilating equipment.

Funds are available in the construction budget for this work.

I concur.

On motion of Mrs. Watkins, this change in contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

ARCHITECTURAL CONSULTING SERVICES

(29) The Director of the Physical Plant and the Vice-President and Comptroller recommend continuation of the employment of Richardson, Severns, Scheeler & Associates, Inc., Champaign, until June 30, 1967, for consulting services on campus

planning at Urbana-Champaign and at the Medical Center on the basis of itemized actual costs of technical personnel, including partners when so engaged on University work, and an allowance of 150 per cent of said costs for overhead and fees. The services will be on the following assignments as authorized by the Physical Plant Department:

Urbana-Champaign

Continuation of studies on the general campus development plan
 Studies of peripheral areas to coordinate campus development with studies developed by other agencies
 Site selection studies for new building projects
 Consultation on architectural design for new building projects
 Participation in weekly planning meeting
 Estimated cost of these services.....\$45 000 00

Medical Center

Continuation of the studies on the campus development plan
 Further development of detailed programs and studies for various colleges and departments
 Continued studies on projects financed from other than state funds
 Estimated cost of these services..... 15 000 00

Funds are available in state capital appropriations to the University from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

GRANT FROM THE A. MONTGOMERY WARD FOUNDATION

(30) The Trustees of The A. Montgomery Ward Foundation have authorized a grant to the University of Illinois in the amount of \$160,000 to assist in financing the Chicago Circle Center located on the Chicago Circle Campus of the University.

The Vice-President and Comptroller is pleased to report this most generous grant and recommends its acceptance.

I concur and recommend adoption of the following:

Resolution Accepting Grant of The A. Montgomery Ward Foundation

Resolved, that the grant to the University of Illinois by The A. Montgomery Ward Foundation in the amount of \$160,000.00, to assist in financing the Chicago Circle Center located on the Chicago Circle campus of the University, be and it is hereby gratefully acknowledged and accepted.

Further Resolved, that the University of Illinois, pursuant to the conditions upon which such grant was authorized by the Trustees of The A. Montgomery Ward Foundation, agrees to permanently designate the student lounge in the Chicago Circle Center as "The A. Montgomery Ward Lounge" and to permanently designate the art gallery in the Chicago Circle Center as "The A. Montgomery Ward Art Gallery" as memorials to A. Montgomery Ward and in recognition thereof shall cause to be installed in the student lounge and in the art gallery bronze dedicatory plaques of such design and with such inscription as may be approved by the Trustees of The A. Montgomery Ward Foundation, to indicate that the grant of The A. Montgomery Ward Foundation was given as a memorial to A. Montgomery Ward.

Further Resolved, that the Secretary of this Board of Trustees is hereby directed to transmit to The A. Montgomery Ward Foundation a certified copy of this resolution accepting the grant of The A. Montgomery Ward Foundation.

On motion of Mr. Jones, this resolution was unanimously adopted.

RULES FOR AUTHORIZATION OF SALARY WITHHOLDING FOR INSURANCE

(31) To provide for orderly and equitable handling of various insurance plans for University personnel, the Vice-President and Comptroller recommends establishing the following rules authorizing salary withholding:

An employee may authorize the withholding of a portion of his salary or wages for the payment of insurance premiums on any type of insurance authorized to be

issued by the laws of this State; provided that the majority for which such insurance is issued is composed of State employees.

1. One deduction will be made for payment of premiums on each type of insurance (Life Insurance, Hospital-Medical-Surgical Insurance, and Accident Insurance).
2. The employee must file a written authorization with the University for payroll deductions on forms prescribed by the University.
3. Each insurance company must file with the University copies of the policy, all advertising material and scripts, the application form and schedule of premiums for all participants, together with all modifications or amendments, thereof, from time to time.
4. Except for contracts made with the Board of Trustees, the insurance company must not state nor imply, either directly or through its advertising or solicitation materials, that the University sponsors or approves of the company or the plan in any manner.
5. Upon receipt of evidence of approval by the State of Illinois Department of Insurance of the form and content of the contract, a designation of a code number will be assigned to the insurance company's approved policy. Deductions will be authorized for only the approved policy.
6. The insurance company shall not solicit or conduct any business in University buildings or on University premises and will only contact the designated payroll officer in the conduct of the company's business with the University.
7. Deductions will not be made for any insurance policy which has fewer than twenty-five active participants on the University payrolls.
8. Each employee may be required to relinquish his right to participate in the University Group Insurance Contract providing the same type of insurance.
9. Failure to comply with any of these rules may result in the suspension of payroll deductions for the policy involved for a period not to exceed one year.
10. The insurance company must submit evidence at the time of initial filing and whenever requested thereafter that the majority of the policyholders under the approved policy are State employees.
11. The signed authorization cards must be submitted to the appropriate Payroll Office of the University of Illinois not later than thirty calendar days before the first of the month that the deduction is to become effective.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

AUTHORIZATION OF EXECUTIVE COMMITTEE TO ACT ON REAL ESTATE MATTERS

(32) The University is in the process of negotiating for the acquisition of various parcels of real estate needed for educational purposes. The Director of the Physical Plant and the Vice-President and Comptroller state that the necessity for action on some property acquisitions may become urgent and not capable of postponement to the next regular meeting of the Board in September.

They recommend that, pursuant to Article IV, Section 3, of the By-Laws, the Board of Trustees authorize the Executive Committee of the Board to take action at any time prior to the next regular meeting of the Board of Trustees on matters relating to the lease, sale, purchase, or other acquisition by or for the University of real estate in Champaign, Urbana, or Chicago, Illinois, including authority to exercise the right of eminent domain and to institute condemnation proceedings, and including authority to request action by the Illinois Building Authority pursuant to its lease dated March 20, 1965, with the University.

I concur.

On motion of Mr. Hughes, the Executive Committee was authorized to act for the Board on the matters of business as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

PURCHASES

(33) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President's Office.

The list of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Purchases Recommended.....	\$1 156 061 87
<i>From Institutional Funds</i>	
Purchases Authorized.....	50 460 41
Purchases Recommended.....	575 573 05
	\$ 626 033 46
<i>Grand Total</i>	\$1 782 095 33

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases authorized by the President were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(34) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

COMPTROLLER'S REPORT OF CONTRACTS

IN THE FORMER STEIN BUILDING**

(37) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$106,660 to Divane Bros. Electric Co., Chicago, the lowest bidder, for installation of lighting fixtures and receptacles in the former Stein Building at 1143 West Congress Parkway (to be designated as the Racine Avenue Building) at Chicago Circle, subject to completion of the transfer of title.

The work will include installation of lighting fixtures furnished by the University and the installation of receptacles and cabling in order to bring the lighting levels in this building to a satisfactory range for office and classroom use.

Funds are available from an appropriation from the General Reserve approved by the Board of Trustees on April 20, 1966.

I concur.

On motion of Mr. Williamson, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

**CONTRACTS FOR ALTERATIONS IN THE FORMER
CENTRAL NATIONAL BANK BUILDING**

(38) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for alterations in the former Central National Bank Building (to be designated as the Roosevelt Road Building) for the Department of Physical Education at Chicago Circle, the award in each case being to the lowest bidder.

General — Mutual Contracting Company, Chicago.....	\$32 728 00
Plumbing — Peter H. Smith Company, Chicago.....	19 287 00
Heating — Ashland Plumbing & Heating Company, Chicago.....	938 00
Ventilating — H. S. Kaiser Company, Chicago.....	4 900 00
Electrical — Midwest Interstate Electrical Construction Co., Chicago...	28 863 00
<i>Total</i>	\$86 716 00

The contracts provide for installation of locker and shower facilities, a basketball court, gymnastic area, and equipment storage, and the required lighting, plumbing, heating, and ventilation installations.

Funds are available from the University General Reserve and from the Athletic Activity Fund.

Submitted herewith is a report from the Physical Plant Department, including a schedule of all bids received, a copy of which is filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr.

Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

CHANGE IN CONTRACT FOR CONSTRUCTION OF KRANNERT CENTER FOR THE PERFORMING ARTS

(39) The Director of the Physical Plant and the Vice-President and Comptroller recommend a deduction of \$364,200 in the contract with Turner Construction Company, Chicago, for construction of Phase I of the Krannert Center for the Performing Arts. The change provides for the substitution of caisson type footings for spread concrete footings, a related change in the existing concrete sump pits, and a revision in the installation of electric metallic tubing in the concrete slabs and walls.

These changes are all savings which can be made in the construction without affecting structural conditions.

I concur.

On motion of Mr. Dilliard, this change in contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Swain.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

FUTURE BOARD MEETINGS

President Clement called attention to the schedule of the meetings of the Board of Trustees during the remainder of the calendar year: September 21, Urbana; October 13, Chicago; November 10, Urbana; and December 8, place to be determined by the President of the Board.

RESOLUTIONS FROM THE STUDENT SENATE AT URBANA AND THE STUDENT GOVERNMENT AT CHICAGO CIRCLE

Members of the Board of Trustees have received a communication and resolution from the Student Senate at Urbana, transmitted through the Secretary of the Board, relating to the Clabaugh Act. At today's meeting the President of the Student Senate at Urbana delivered to the Secretary a resolution from the Student Government of the Chicago Circle on the same subject, and requested that it also be brought to the Board's attention.

With the concurrence of the Trustees, President Clement referred both resolutions to the Committee on General Policy for consideration along with other communications on the same subject previously received. Copies of the two resolutions were also filed with the Secretary of the Board.

REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee submitted the following report and minutes of its meeting on July 8, 1966.

On call of the Chairman, a meeting of the Executive Committee of The Board of Trustees of the University of Illinois was held in the Illini Center, La Salle Hotel, Chicago, Illinois, on Friday, July 8, 1966, beginning at 11:00 a.m.

The following, constituting all members of the Committee, were present: Mr. Howard W. Clement, Chairman, Mr. Wayne A. Johnston, and Mrs. Frances B. Watkins; and another member of the Board of Trustees, Mr. Kenney E. Williamson.

Also present were: Executive Vice-President and Provost Lyle H. Lanier; Vice-President and Comptroller H. O. Farber; Vice-President Joseph S. Begando, Medical Center; Mr. Charles S. Havens, Director of the Physical Plant; Mr. V. L. Kretschmer, Associate Director of the Physical Plant; Mr. James J. Costello,

Legal Counsel; Mr. Grover E. Shipton, Associate Director of Public Information, Chicago Circle; Mr. James C. Colvin, Executive Director of the University of Illinois Foundation; and Mr. A. J. Janata, Secretary of the Board of Trustees.

The Committee considered the following recommendations presented on behalf of the President of the University by the Executive Vice-President and Provost and other University officials.

**CONTRACTS FOR CONSTRUCTION OF PHASE I OF THE
KRANNERT CENTER FOR THE PERFORMING ARTS**

(1) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for the construction of Phase I of the Krannert Center for the Performing Arts, the award in each case being to the lowest bidder.

General—Turner Construction Company, Chicago, Illinois.....	\$2 796 000 00
Plumbing—Healy Plumbing and Heating Company, St. Paul, Minnesota.....	256 500 00
Electrical—G. L. Wilsky, an individual doing business as Down- town Electric, Urbana, Illinois.....	40 325 00

It is further recommended that the contracts for the plumbing and electrical work be assigned to the contractor for the general work making the total of his contract \$3,100,325; and it is further recommended that agreement be entered into with the Turner Construction Company for the assignment of the electrical and the plumbing contracts for \$7,500, which amount is included in the contract price being the amount bid by that Company for service charge for supervision of other contracts by the general contractor.

Funds for this project are available in the amount of \$2,400,000 in the state capital appropriations for 1965-67, subject to release by the Governor, and the balance of \$700,325 to be provided by the University of Illinois Foundation.

A report from the Physical Plant Department, including a schedule of bids received, is submitted herewith and a copy is filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**UNIVERSITY OF ILLINOIS FOUNDATION PARTICIPATION
IN KRANNERT CENTER FOR THE PERFORMING ARTS**

(2) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to assist and participate in the financing and construction of Phases I and II of the Krannert Center for the Performing Arts at the Urbana-Champaign Campus by providing funds for the construction of Phase I to the extent that the construction cost thereof exceeds \$2,400,000 and by arranging for the construction of Phase II in accordance with plans and specifications prepared by Harrison and Abramovitz dated April 5, 1966, and identified as "Krannert Center for the Performing Arts, University of Illinois, Urbana, Illinois, Specifications for Entire Construction—Phase II." It is further recommended that the Foundation be requested to borrow funds for such purposes.

Authority is also requested to lease the site for the Center to the Foundation for a period of thirty years and to take a lease of the property back to the University for biennial periods at a rental of \$144,500 for the quarter ending September 30, 1966, and \$184,500 for each quarter thereafter with the option to renew through June 30, 1976, said lease back to provide an option in the University to purchase the improvements thereon at a price equal to the then outstanding principal and accrued interest on the obligation incurred by the Foundation to finance the project.

Additionally, authority is requested to assign to the Foundation the following contracts previously authorized by the Board of Trustees upon the Foundation's undertaking to reimburse the University for all payments made thereunder to date and for other expenses incurred by the University on this project:

Harrison and Abramovitz, New York, for complete architectural services
McKee-Berger-Mansueto, Chicago and New York, for professional estimating services

I concur and recommend adoption of the following resolution.

Resolution
Krannert Center for the Performing Arts

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and in the name of, and on behalf of, this public corporation:

(1) to sign, execute and deliver an agreement with and to University of Illinois Foundation, a not for profit corporation of the State of Illinois, hereinafter referred to as "Foundation", which agreement shall provide that this public corporation will lease certain hereinafter described property owned by it in Urbana, Illinois to Foundation; that Foundation will borrow money for the purpose of constructing, and will construct, on said property buildings and facilities for use as a Krannert Center for the Performing Arts; that this corporation will enter into contracts providing for the construction of Phase I of the Krannert Center for the Performing Arts and will utilize funds available to this corporation to the extent of Two Million Four Hundred Thousand Dollars (\$2,400,000.00) to pay for such construction, that Foundation will make available to this corporation funds sufficient to pay the balance of the cost of construction of Phase I of the Krannert Center for the Performing Arts; that Foundation will enter into contracts for and pay the cost of constructing Phase II of the Krannert Center for the Performing Arts pursuant to the plans and specifications therefor as now on file in the office of the University Architect of this public corporation; that Foundation will sublease said premises, including the buildings and facilities to be constructed thereon, to this public corporation at a rental and upon the terms and conditions hereinafter set forth; and that upon completion of the repayment of said indebtedness title to said property, including all improvements and facilities thereon, shall be vested in this public corporation;

(2) to enter into a lease with Foundation providing for the leasing by this public corporation to Foundation of the following described property, viz:

A tract of land bounded on the North by Illinois Street; on the East by Gregory Place; on the South by Oregon Street; and on the West by Goodwin Avenue; in the City of Urbana, in the County of Champaign, and State of Illinois;

for a term of thirty years commencing on the first day of August A.D. 1966 and extending to and including the 31st day of July A.D. 1996, or until the indebtedness incurred by Foundation in connection with the construction and equipping of said buildings and facilities has been paid and liquidated, whichever shall first occur; in consideration of Foundation's constructing thereon buildings and facilities for use as a Krannert Center for the Performing Arts pursuant to plans and specifications therefor as now on file in the office of the University Architect of this public corporation and for which bids have been received, and in consideration of Foundation's reimbursing this public corporation for architectural, engineering and estimating fees incurred in connection with said construction and the plans and specifications therefor, and in consideration of Foundation's subleasing said premises and the buildings and facilities to be constructed thereon to this public corporation upon the terms and conditions hereinafter set forth; and providing further than in the event this public corporation should become in default under the terms of said sublease or fail to exercise any option for renewal of the term of said sublease under the terms and conditions therein set forth that thereupon Foundation shall have the full and unrestricted right to the use and possession of said premises and the buildings and facilities thereon for the remainder of the original term of said lease and the right to assign said lease or sublet said premises with the buildings and facilities thereon to others for the remainder of the original thirty year term of said lease;

(3) to enter into a sublease agreement with Foundation providing for the subleasing by Foundation to this public corporation of said premises including the buildings and facilities to be constructed thereon, under which sublease this public corporation will agree to pay a Basic Rental payable in quarter annual installments in the amount of Sixty-Four Thousand Five Hundred Dollars (\$64,500.00); and an Additional Rental payable quarter annually in an amount sufficient to enable the Foundation to pay all costs and expense incurred by Foundation in connection with the operation and maintenance of the Krannert Center for the Performing Arts plus a sum equivalent to all current interest installment payments becoming due and

required to be paid by Foundation during the term of said sublease on Foundation's indebtedness incurred in connection with the construction of said buildings and facilities and which interest installment payments on said loan it is contemplated will be payable in forty quarterly installments due and payable on or before the last day of September, December, March and June in each year, but upon which Additional Rental University shall have the right to take credit for interest earned by Foundation on construction funds during the construction period (provided that the cumulative total of such credits shall not exceed the total of such interest), and a Deficiency Rental equal to any shortages in scheduled Krannert gifts, payable in eight quarterly installments beginning with the first quarter of the biennium subsequent to the term or any renewal term of the sublease in which such deficiency in Krannert gifts occurred; said sublease to run from the date of the closing of Foundation's permanent loan secured for the financing of said improvements and extend to June 30 of the first subsequent odd-numbered year thereafter; and which sublease shall contain options giving to this public corporation the right to renew said sublease for successive two year periods from July 1 of each odd-numbered year to June 30 of the next succeeding odd-numbered year by giving written notice to Foundation between the first and fifteenth day of July in each year when such renewal is to be made, to and including June 30, 1976, or until said sublease is finally terminated by the payment, and liquidation of the above mentioned indebtedness, whichever shall first occur; and which sublease shall provide that this corporation subject to the availability of funds which may lawfully be applied to the payment of such rental will exercise said options for renewal for such biennial periods;

(4) to commit this public corporation to act as agent for Foundation in the supervision of construction and administration of contracts therefor and change orders thereto, and the administration and service of said indebtedness, and in making payments of and disbursements from and of funds made available by the creditor of Foundation for the purpose of said construction and acquisition of facilities; and

(5) to commit this corporation to hold all monies, instruments, accounts, securities or other property, and the income from investments thereof, which it now has or may hereafter receive or become entitled to from any person or entity for the use of the Krannert Center for the Performing Arts for and devoted to such purpose; and

(6) to sign, execute, and acknowledge and deliver any and all other documents and instruments deemed necessary or desirable by said Comptroller and said Secretary to accomplish the purposes herein set forth.

The Secretary of the Board and Clerk of the Committee reported that a majority of the members of the Board have individually, in writing, authorized the Executive Committee to act for the Board in this matter.

On motion of Mrs. Watkins, the recommendations were approved, authorization was given as requested, and the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**CONTRACTS FOR EXTENSION OF STEAM SERVICE
TO COORDINATED SCIENCE LABORATORY**

(3) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for extension of steam service to the Coordinated Science Laboratory, the award in each case being to the lowest bidder.

Division AA, Underground Piping and Thermal Insulation Work—	
M. J. Holleran, Inc., Chicago, Illinois.....	\$21 902 00

Funds are available in state capital appropriations to the University for 1965-67 and have been released.

A report from the Physical Plant Department, including a schedule of bids received, is submitted herewith, and a copy is filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**CONTRACT FOR STREET LIGHTING IMPROVEMENTS
ON GREGORY DRIVE**

(4) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$33,115.43 to the Champaign Asphalt Company, Champaign, Illinois, the lowest bidder, for street lighting improvements on Gregory Drive from Fourth Street to Allen Hall.

Funds are available in state capital appropriations to the University for 1965-67 and have been released.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**CONTRACTS FOR CONSTRUCTION OF EMERGENCY EXITS
IN ILLINI UNION BUILDING**

(5) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of cost-plus contracts for the construction of emergency exits in the Ballroom of the Illini Union to the following lowest bidders.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payment</i>
General Work— Dean Evans Co., Champaign.....	10	31	10	\$4 930 00

The estimated cost of the work, including contractors' fees is \$40,000.

Funds are available in Illini Union Reserves.

Submitted herewith is a report from the Physical Plant Department, including schedules of bids received, a copy of which is filed with the Secretary of the Board for record.

I concur.

On motion Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

ADDITIONAL FACILITIES FOR COLLEGE OF VETERINARY MEDICINE

(6) Funds for construction of a Small Animal Clinic and Hospital were included in the 1963-65 capital budget and it was assumed that this project would be completed in the fall of 1965. The bids on this project were recently rejected because they exceeded the funds available by approximately \$850,000. The deficiency is being included in the building program and request for state capital appropriations for 1967-69, and, if approved, construction should start in the summer of 1967 with completion in 1969.

When the funds for this project were included in the 1963-65 capital program, the College accepted larger enrollments in 1964 in anticipation of the increased facilities being available this fall. As a result of the delays in construction, there will be serious problems in accommodating classes in Clinical Medicine. The College staff has studied the alternatives and has concluded that its problems can be alleviated to a certain extent by minor remodeling which would include the addition of a temporary 34 feet by 30 feet concrete unit at the Veterinary Research Farm and the construction of twelve supplementary box stalls for large animals. The total project would consist of 3,468 square feet and the estimated cost is \$67,260. This addition would satisfy the College's minimal teaching demands in the large animal clinical area until Phase II of the Clinics and Hospital can be completed.

The only way this project can be completed within the above time limits is to

have the work performed by the Physical Plant Department's Operation Maintenance Division, and it is, therefore, recommended that the work be done by the University.

A special appropriation of \$67,260 from the General Reserve is required.
I concur.

On motion of Mrs. Watkins, this recommendation was approved and the requested assignment of funds was made by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**ACQUISITION OF PROPERTY AT 1111 WEST
OREGON STREET, URBANA**

(7) The Board of Trustees authorized the acquisition of the property at 1111 West Oregon Street, Urbana, by eminent domain and condemnation proceedings and further authorized the settlement of the condemnation suit if such settlement can be effected at a price that is within appraisals received by the University. After condemnation proceedings were instituted, the defendants agreed to settle for a price of \$62,000, which is within appraisals received by the University.

A Judgment Order of the Circuit Court was entered which provides for the vesting of title to the property in The Board of Trustees of the University of Illinois upon payment of the Court's award of \$62,000 as being a fair consideration for the property.

It is recommended that the Board of Trustees now convey title to the property to the University of Illinois Foundation and that the following resolution be adopted to implement this transfer.

**Resolution Regarding Ostema Property Located at
1111 West Oregon Street, Urbana, Illinois**

WHEREAS the Judgment Order of the Circuit Court of the Sixth Judicial District, Champaign County, Illinois, entered in, the condemnation case entitled "The Board of Trustees of the University of Illinois, a public corporation, Petitioner, vs. Lawrence William Ostema and Dorothy E. Ostema, et al., Defendants" No. 65-L-604, under date of June 30, 1966, provides that upon payment to the County Treasurer of Champaign County, Illinois, of the amount of the award in the sum of Sixty-two Thousand Dollars (\$62,000.00) title to the Ostema Property hereinafter described shall vest in this public corporation; and

WHEREAS this public corporation desires that the University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, pay the amount of said award in accordance with the terms of the Judgment Order and, upon title to said Ostema Property being conveyed by this public corporation to University of Illinois Foundation, to lease said Ostema Property to this public corporation and under the terms of which lease this public corporation shall be granted an option to purchase said Ostema Property.

Now, Therefore, Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that upon payment of said award in accordance with the terms of said Judgment Order by the University of Illinois Foundation, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this public corporation and under its Corporate Seal, a Warranty Deed, and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to University of Illinois Foundation title to the property hereinabove referred to as Ostema Property and described as follows, viz:

Lot Twenty-two (22) in University Addition to the City of Urbana, situated in the City of Urbana, in the County of Champaign and State of Illinois.

The Secretary of the Board and Clerk of the Committee reported that a majority of the members of the Board have individually, in writing, authorized the Executive Committee to act for the Board in this matter.

On motion of Mrs. Watkins, the recommendation was approved, and the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

PARKING PROGRAM FOR MEDICAL CENTER CAMPUS

(8) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to assist and participate in the expansion of parking facilities at the Medical Center Campus. Bids for Phase I of the Parking Program at the Medical Center Campus totalling \$205,093 have been received and are for the construction of three new parking lots to be designated as Lots E-West, F-1 South, and G-3. The bid documents permit the bids to be assigned to the Foundation.

It is recommended that the bids for Phase I be assigned to the Foundation and that the Foundation be requested to borrow funds and construct the facilities. It is further recommended that Parking Lots designated as A-1, B-2, C-1, C-3, D-1, D-3, E-West, F-1 North, F-1 South, G-3, and N at the Medical Center Campus be leased to the Foundation for a period of thirty years and that the Foundation be requested to lease the lots back to the University at an annual rental of \$34,000, which will be paid from parking fees. The term of the initial lease back to the University will end June 30, 1967, and may be renewed by the University for biennial periods. When the rental paid equals the Foundation's indebtedness and interest, financing, and other costs, the lease and lease back will terminate.

Approval of the Illinois Board of Higher Education is required and has been requested.

I concur and recommend adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by the Executive Committee of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and in the name of, and on behalf of, this public corporation:

(1) to sign, execute, and deliver an agreement with and to University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, hereinafter referred to as "Foundation", which agreement shall provide that this public corporation will lease the hereinafter described property owned by it in Chicago, Illinois, to Foundation; that Foundation will borrow money for the purpose of constructing, and will construct, on said property, certain parking lot facilities; that Foundation will sublease said premises to this public corporation at an annual rental of \$34,000.00, which amount when paid for a period of ten (10) years will be sufficient to pay Foundation's indebtedness incurred in connection with the construction of said parking lot facilities and the interest and other expenses thereon; and that upon completion of the repayment of said indebtedness from said rentals Foundation shall release to this public corporation all rights, title and interest in and to said premises, and title to said property so improved shall be vested in this public corporation free of said lease and sublease;

(2) to enter into a lease with Foundation providing for the leasing by this public corporation to Foundation of the parking lots designated as A-1, B-2, C-1, C-3, D-1, D-3, E-West, F-1, G-3 and N at the Medical Center Campus, for a term of thirty (30) years commencing the 16th day of July, A.D. 1966 and extending to and including the 15th day of July, A.D. 1996, or until the indebtedness incurred by Foundation in connection with the construction of said parking lot facilities has been paid and liquidated, whichever shall first occur; in consideration of Foundation's constructing thereon parking lot facilities pursuant to and in accordance with plans and specifications therefor as now on file in the Office of the University Architect of this public corporation and for which bids have been received as hereinafter set forth, and of Foundation's subleasing said premises and facilities to this public corporation upon the terms and conditions hereinafter set forth; and providing further that in the event this public corporation should become in default under the terms of said sublease or fail to exercise any option for renewal of the term of said sublease under the terms and conditions therein set forth that thereupon Foundation shall have the full and unrestricted right to the use and possession of said premises and the facilities thereon for the remainder of the original term of said lease and the right to assign said lease or sublet said premises and facilities thereon to others for the remainder of the original 30-year term of said lease;

(3) to enter into a sublease agreement with Foundation providing for subleasing by Foundation to this public corporation of said premises including the facilities thereon, under which sublease this public corporation will agree to pay an annual

rental in the amount of \$34,000.00; said sublease to run from the date of the closing of Foundation's permanent loan secured for the financing of said improvements and to extend to June 30 of the first subsequent odd-numbered year thereafter; and which sublease shall contain options giving to this public corporation the right to renew said sublease for successive two-year periods from July 1 of each odd-numbered year to June 30 of the next succeeding odd-numbered year by giving written notice to Foundation between the first and fifteenth day of July in each year when such renewal is to be made, until said sublease is finally terminated by the payment and liquidation of the above-mentioned indebtedness;

(4) to commit this public corporation to act as agent for Foundation in the supervision of construction and administration of contracts therefor and change orders thereto, and the administration and service of said indebtedness, and in making payments of and disbursements from and of funds made available by the creditor of Foundation for the purpose of said construction of facilities; and

(5) to sign, execute, acknowledge and deliver any and all other documents and instruments deemed necessary or desirable by said Comptroller and said Secretary to accomplish the purpose herein set forth.

Be It, and It Hereby Is, Further Resolved by the Executive Committee of The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the bids received on June 30, 1966, for the construction of Parking Program East of Hermitage Street — Phase I, and all rights thereunder, including but not limited to, the right to contract with the bidder, a copy of a schedule of which bids has been filed with the Secretary of the Board of Trustees for record, be and they hereby are assigned to Foundation; and the Executive Committee recommends to The Board of Directors of University of Illinois Foundation that contracts for construction of Parking Program East of Hermitage Street — Phase I be awarded by Foundation as follows:

General — Bigane Oil Company, Chicago.....	\$135 780 00
Electrical — Midwest Interstate Electrical Construction Company, Chicago.....	57 663 00
Plumbing — J. P. Hopkin's Sewer Contractor, Chicago.....	11 650 00
<i>Total</i>	<u>\$205 093 00</u>

The Secretary of the Board and Clerk of the Committee reported that a majority of the members of the Board have individually, in writing, authorized the Executive Committee to act for the Board in this matter.

On motion of Mr. Johnston, the recommendation was approved, and the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

(Secretary's Note — Phase I will include these areas: the west half of the block bounded by Hermitage Avenue on the west, Taylor Street on the south, Paulina on the east, and Polk Street on the north, bisected by the Chicago Transit Authority Elevated Railroad; the south half of the block bounded by Paulina on the west, Taylor on the south, Marshfield Avenue on the east, and Polk Street on the north; the southwest one-quarter of the block bounded by Marshfield on the west, Taylor on the south, Ashland Avenue on the east, and Polk Street on the north.)

(Phase II, which is scheduled for construction next year, is the east half of the block bounded by Hermitage, Taylor, Paulina, and Polk, east of the elevated tracks.)

The business of the Executive Committee having been concluded, on motion of Mr. Johnston, the Committee adjourned.

The Executive Committee of
The Board of Trustees
of the University of Illinois
WAYNE A. JOHNSTON
FRANCES B. WATKINS
HOWARD W. CLEMENT, *Chairman*

A. J. JANATA
Secretary and Clerk

ELECTION OF THE SECRETARY OF THE BOARD

The Office of Secretary of the Board of Trustees will become vacant on September 1, 1966, due to the resignation from that post of Mr. A. J. Janata, in connection with his retirement from active University service. President Clement asked the pleasure of the Board regarding the election of a successor.

Mr. Dilliard nominated Mr. Earl W. Porter.

There being no other nominations, on motion of Mr. Williamson, the nominations were closed, and Mr. Porter was elected Secretary of the Board of Trustees, to serve from September 1, 1966, until the next annual meeting of the Board in March, 1967.

DELEGATION OF SIGNATURES

The Secretary presented the following report:

At each annual meeting the Board adopts a resolution authorizing the President and Secretary to delegate the signing of their names, as officers of the Board, to vouchers to be presented to the Auditor of Public Accounts and to warrants drawn on the Treasurer of the University, to certain designated administrative personnel.

Because of changes in personnel, including the Secretary of the Board, the resolution adopted by the Board at its annual meeting on March 16, 1966, should be amended and a new resolution is submitted herewith for adoption to become effective September 1, 1966.

In addition to the change in the office of Secretary, the names of Romayne C. Wicklund at Urbana-Champaign and of H. W. Bailey at Chicago Circle are added to, and the names of Earl W. Porter at Urbana-Champaign and of H. E. Temmer at Chicago Circle are deleted from, the list of personnel who are authorized to sign the name of the Secretary of the Board to vouchers and warrants. Mr. Wicklund is being appointed Staff Associate in the Board of Trustees Office and Assistant Secretary of the University. Mr. Temmer, who is Director of Admissions and Records at Chicago Circle, is leaving the University at the end of the current academic year, having accepted a position at Los Angeles State College in California.

On motion of Mr. Johnston, the following resolution was adopted without dissent.

Delegation of Signatures

Resolved, that the President and the Secretary of The Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the Auditor of Public Accounts, and to warrants drawn on the Treasurer of the University, under the following conditions:

The President of the Board of Trustees is authorized to delegate to Lyle M. Dahlenburg, C. O. Parvin, E. M. Snyder, in Urbana; James E. Osborn, David W. Bonham, Walter E. Cowart, R. E. Porter, H. O. Albers, A. W. Catrambone, in Chicago; and to Edward F. Lis, Helen Culbertson, in Springfield, authority to sign his name as President of the Board of Trustees to vouchers against the Auditor of Public Accounts; and to C. C. DeLong, R. W. Zimmer, R. F. STATEMENT BY MR. IRVING DILLIARD

Mr. Dilliard asked for the floor to present the following statement.

MR. PRESIDENT:

Prior to the next scheduled meeting of this Board, Dr. David D. Henry will have begun, on September 1, his twelfth year as President of the University of Illinois. Of the dozen presidents of the University only three have served longer tenures than the eleven years Dr. Henry achieves next month. These were John Milton Gregory, thirteen years, Edmund Janes James, sixteen years, and Arthur Cutts Willard, twelve years.

No one has served in periods of greater problems and pressures.

Notable also is the fact that Dr. Henry's tenure is already *twice* the current average tenure of presidents of colleges and universities in the United States. For the University's President to have been able to accomplish this record of extended service during a time when the total enrollment of the divisions of the University of Illinois has grown to more than 40,000, not counting summer session students, is in itself a measure of his abilities and talents. Adding in the summer session student enrollments reported to the Trustees today, the total annual enrollment in the University of Illinois now exceeds 50,000.

Mr. President, I move that this statement appear in the minutes of our meeting today to record congratulations to President Henry and the administrative staff from the Board of Trustees.

Mr. Dilliard's motion was adopted unanimously, and his statement was received for the record.

MR. ROBERT E. MERRIAM

President Clement announced that Mr. Robert E. Merriam, President of University Patents, Inc., has been invited to be a guest at luncheon today and to discuss with the Trustees in conference this afternoon the operations of University Patents, Inc.

RECESS AND EXECUTIVE SESSION

President Clement announced that an executive session has been requested and was being ordered for consideration of property acquisitions and that this session will be held after the luncheon recess.

On motion of Mr. Hughes, the Board recessed.

When the Board reconvened, the same members of the Board, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes, except Mr. Ray Page who asked to be excused because of another engagement he had in the afternoon.

The Board considered the following recommendations from the President of the University.

PURCHASE OF PROPERTY AT 1001 WEST ILLINOIS STREET, URBANA

(40) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to purchase the property at 1001 West Illinois Street, Urbana, Illinois, at a price of \$53,500 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to finance acquisition of the property. It consists of a lot 65 feet by 150 feet and is improved with a three-story and basement frame rooming house with a capacity of thirty-one men. The property will be razed and the area will be used as a temporary parking lot.

I concur.

On motion of Mr. Hughes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

PURCHASE OF 908 SOUTH FIFTH STREET, CHAMPAIGN

(41) The University of Illinois Foundation has purchased the property at 908 South Fifth Street, Champaign, east of Stuart Pratt Sherman Hall at Fifth and Chalmers Streets, for use as part of a site for parking facilities for the residence halls. The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University acquire this property from the University of Illinois Foundation at the original purchase price of \$46,500, plus interest charges on a bank loan to finance the initial acquisition of the property.

Funds are available in the proceeds from the sale of revenue bonds for the construction of this Graduate Student Residence Hall.

I concur.

On motion of Mr. Johnston, the purchase of this property, at the price recommended, was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

PURCHASE OF PROPERTY AT 909 WEST NEVADA STREET, URBANA

(42) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees request the University of Illinois Foundation to purchase the property at 909 West Nevada Street, Urbana, at a price of \$40,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to finance acquisition of the property. It consists of a lot 56.5 feet by 120 feet and is improved with a two-story and basement frame dwelling. The property will be used for academic offices.

I concur.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

**PURCHASE OF PROPERTY AT 1111 WEST
STOUGHTON STREET, URBANA**

(43) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees request the University of Illinois Foundation to purchase the property at 1111 West Stoughton Street, Urbana, at a price of \$19,500 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to finance acquisition of the property. It consists of a corner lot 66 feet by 60 feet and is improved with a two-story and basement frame building. The improvements on this property will be demolished, and the area will be used for parking.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

PURCHASE OF PROPERTY AT 904 WEST OREGON STREET, URBANA

(44) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees request the University of Illinois Foundation to purchase the property at 904 West Oregon Street, Urbana, at a price of \$40,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to finance acquisition of the property. It consists of a lot 65 feet by 112 feet and is improved with a two-story and basement

frame dwelling converted to a Sunday School building. This property is in the area of future expansion east of the Krannert Center for the Performing Arts.

I concur.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

**ACQUISITION OF PROPERTY AT 407 EAST
DANIEL STREET, CHAMPAIGN**

(45) The University has been negotiating with the owners of the property at 407 East Daniel Street, Champaign, required as a parking area for Stuart Pratt Sherman Hall at Fifth and Chalmers Streets.

The owners have been advised that a recommendation would be submitted to the Board of Trustees for the purchase of their property at a price of \$55,000 based on University appraisals, but this price is not acceptable to them. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of acquisition of the property at 407 East Daniel Street, Champaign, through condemnation proceedings; and they further request authorization of settlement of the condemnation suit if such settlement can be agreed upon at a price that is within the appraisals received by the University.

Funds are available in the proceeds from the sale of revenue bonds to finance construction of this residence hall for graduate students.

I concur and recommend adoption of the following resolution.

**Resolution Authorizing Condemnation of Property Located
at 407 East Daniel Street, Champaign, Illinois**

Be It, and It Hereby Is Resolved, Found and Declared by The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

Lot Three (3) in Block Three (3) of A. T. Hall's Replat of Lots 5, 6, 7 and 8 in Block 1; Lots 5, 6, 7, and 8 in Block 2 and Lots 1, 2, 3, 5, 6, and 7 and 8 in Block 3 of A. T. Hall's Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, and State of Illinois; and The East 44.5 feet of Lot One (1) of a Replat of Lots 6, 7, 8 and 12 of Block 3, Replat of Lots 5, 6, 7, and 8 Block 1, Lots 5, 6, 7 and 8 of Block 2 and Lots 5, 6, 7 and 8 of Block 3, of A. T. Hall's Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, and State of Illinois,

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, for a vehicular parking area for students and staff members of the University of Illinois in the conduct of the educational functions of the University of Illinois and for other educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use, that funds are available to the University for the purchase of said land for said educational purposes; that this Board of Trustees has negotiated with the owners of said land through their duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owners have refused to sell and convey said land, or any portion thereof, to said The Board of Trustees of the University of Illinois for such price and continue to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and excessive and is, therefore, unwilling and has refused to pay; and

Be It, and It Is Hereby Further Resolved, Found and Declared by The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land cannot be agreed upon between this Board of Trustees and the owners of said property and they and it are unable to agree upon the purchase price to be paid

to said owners for the sale and conveyance of said land by said owners thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, and It Is Hereby Further Resolved, Found and Declared by The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land cannot be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Dilliard, the foregoing resolution was adopted, and authority was given as requested, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

**PURCHASE OF PROPERTY AT 912 WEST ILLINOIS STREET
AND 911 WEST HIGH STREET, URBANA**

(46) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to purchase the property at 912 West Illinois Street and 911 West High Street, Urbana, at a price of \$120,000 and lease the property to the University at a rental sufficient to pay the interest on a bank loan to finance purchase of the property.

The property is adjacent to and east of the Illinois Street Residence Halls. It is improved with a two-story and basement brick thirteen-unit apartment building and a two-story and basement frame dwelling. The lot size is 76.2 feet by 219 feet (16,687 square feet).

I concur.

On motion of Mr. Jones, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

**ACQUISITION OF PROPERTY AT 808 SOUTH
FIFTH STREET, CHAMPAIGN**

(47) The University has been negotiating with the owner for purchase of the property at 808 South Fifth Street, Champaign, Illinois, required for expansion of parking facilities in the central area west of the campus. The property consists of a lot 57 feet by 49.5 feet (2,821.5 square feet) and is improved with a two and one-half story and basement frame building used for apartments and rooms. The owner has been advised that a recommendation would be submitted to the Board of Trustees for the purchase of this property at a price of \$28,500 based on University appraisals, but this price is not acceptable. The owner is asking \$42,000.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization for the acquisition of the property at 808

South Fifth Street, Champaign, Illinois, through condemnation proceedings; and further request authorization of settlement of the condemnation suit if such settlement can be effected at a price that is within the appraisals received by the University.

I concur and request the adoption of the following resolution.

**Resolution Authorizing Condemnation of Property Located
at 808 South Fifth Street, Champaign, Illinois**

Be It, and It Hereby Is Resolved, Found and Declared by The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

The North Fifty-seven (57) Feet of Lot Six (6) in Block Fourteen (14) of Assessor's Subdivision of Blocks Ten (10), Eleven (11) and Fourteen (14) of J. S. Wright's Addition to Champaign, situated in the City of Champaign, in the County of Champaign, and State of Illinois,

is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, for a vehicular parking area for students and staff members of the University of Illinois in the conduct of the educational functions of the University of Illinois and for other educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use, that funds are available to the University for the purchase of said land for said educational purposes; that this Board of Trustees has negotiated with the owners of said land through their duly authorized representatives for the purchase of said land at a price which this Board of Trustees considers fair and reasonable and which it finds constitutes the present market value of said land, but that said owners have refused to sell and convey said land, or any portion thereof, to said The Board of Trustees of the University of Illinois for such price and continue to refuse to sell and convey the same to it except for a consideration and price which this Board of Trustees deems unreasonable and excessive and is, therefore, unwilling and has refused to pay; and

Be It, and It Is Hereby Further Resolved, Found and Declared by The Board of Trustees of the University of Illinois that the compensation to be paid by it for said land cannot be agreed upon between this Board of Trustees and the owners of said property and they and it are unable to agree upon the purchase price to be paid to said owners for the sale and conveyance of said land by said owners thereof to said The Board of Trustees of the University of Illinois; and

Therefore, Be It, and It Is Hereby Further Resolved, Found and Declared by The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land cannot be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Pogue, the foregoing resolution was adopted, and authority was given as requested, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

ACQUISITION OF PROPERTY FOR PSYCHOLOGY BUILDING SITE

(48) The Board has authorized a request to the Illinois Building Authority to acquire properties needed as part of the site for the Psychology Building. All but two of the properties have been acquired, and these two are presently in condemnation proceedings instituted by the Illinois Building Authority.

A tract of ground, three inches by 87.35 feet, is not owned by any of the present owners of the property in the tract and has not been included in the negotiations. The land is owned by unknown parties, heirs of a former owner who subdivided the tract in 1907 and did not deed to the adjacent owners all of the property involved. This property is located north of 904 South Sixth Street.

In order to provide a complete site for the Psychology Building, it is necessary that this property be acquired, and the only feasible method of acquisition is through condemnation proceedings against the unknown heirs of the last grantor. The Director of the Physical Plant Department and the Vice-President and Comptroller recommend that the Board authorize the acquisition of this property through eminent domain and condemnation proceedings.

I concur.

Resolution Authorizing Condemnation of Property in Champaign, Illinois

Be It, and It Hereby Is Resolved, Found and Declared by The Board of Trustees of the University of Illinois, a body corporate and politic and a public corporation of the State of Illinois, that the following described real estate situated in the County of Champaign, in the State of Illinois, to-wit:

The North Twenty-five Hundredths (.25) feet of the South One Hundred and Twenty-five Hundredths (100.25) feet of Lot Four (4) in Block One (1) of A. T. Hall's Addition to the City of Champaign, in Champaign County, Illinois is needed by the University of Illinois, an educational institution established and supported by the State of Illinois, as a part of the site for a Psychology Building in the conduct of the educational functions of the University of Illinois and for other educational purposes conducted and to be conducted by said University of Illinois and for the further expansion of the educational facilities of said University of Illinois and to enable said University of Illinois to discharge its duty to the people of said State and for public use, that funds are available to the University for the purchase of said land for said educational purposes; and the residences of the record owners of said land are unknown, and the names and residences of others who may be owners or otherwise interested therein are unknown, and cannot be ascertained; and

Therefore, Be It, and It Is Hereby Further Resolved, Found and Declared by The Board of Trustees of the University of Illinois that by reason of the foregoing it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all persons who may have any right, title or interest in and to said land determined in the manner provided by law for the exercise of said right and power of eminent domain; and

Be It, and It Is Hereby Further Resolved by The Board of Trustees of the University of Illinois that the necessary and appropriate action be taken for the acquisition of title to said property by said The Board of Trustees of the University of Illinois and to have the compensation to be paid therefor determined by the institution and prosecution to completion of a proceeding in eminent domain in a court of competent jurisdiction and that the Legal Counsel of the University be, and he is hereby authorized to proceed accordingly, to institute and prosecute an eminent domain proceeding in the name and on behalf of The Board of Trustees of the University of Illinois for the acquisition of said land and the determination of

the compensation to be paid by it therefor, and to employ such special legal counsel, appraisers, and others as he may deem necessary or desirable to assist him in the institution and prosecution of said proceeding.

On motion of Mr. Williamson, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

**REQUEST TO THE ILLINOIS BUILDING AUTHORITY TO PURCHASE
PROPERTY AT 1302 WEST MAIN STREET, URBANA**

(49) The Board of Trustees has authorized a request to the Illinois Building Authority to acquire by condemnation proceedings the property at 1302 West Main Street, Urbana, Illinois, needed as part of the site for the Civil Engineering Building, Phase II. Subsequent negotiations with the owners have resulted in agreement to a price of \$25,825, which is within appraisals. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Illinois Building Authority be requested to purchase the property at this price.

I concur and recommend adoption of the following resolution.

**Resolution Requesting Acquisition of Property at 1302 West Main Street,
Urbana, Illinois, by Illinois Building Authority**

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority, a body corporate and politic of the State of Illinois, duly organized and existing pursuant to "An Act to Create the Illinois Building Authority and to define its powers and duties" approved August 15, 1961, as amended, be, and hereby is requested to acquire for this public corporation in accordance with the Illinois Building Authority Act, the property at 1302 West Main Street, Urbana, Illinois described as follows:

Lot Ten (10) in Block Forty-two (42) in the Seminary Addition to Urbana, situated in the City of Urbana in the County of Champaign, and State of Illinois

at a purchase price of Twenty-five Thousand Eight Hundred and Twenty-five Dollars (\$25,825.00) and with title to be conveyed and possession delivered to the Illinois Building Authority not later than January 1, 1967.

Be It, and It Hereby Is Further Resolved that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized and directed, to execute in the name of, and on behalf of, this public corporation such lease agreement or other document or documents, and to secure and submit appraisals and such other documentation, as they may deem to be necessary or desirable in order to effectuate such conveyance of title to the Illinois Building Authority and to secure to this public corporation the beneficial use of said property.

On motion of Mr. Johnston, this recommendation was approved, and the foregoing resolution was adopted, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page, Mr. Swain.

On motion of Mr. Johnston, the Board adjourned.

Manchester, Treasurer; and Mr. Earl W. Porter, Secretary.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of the Board of Trustees on March 16, 1966, and April 20, 1966, and of the Executive Committee on March 23, 1966, press proof copies of which had previously been sent to the Board.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1071 to 1160, inclusive.

VISITORS FROM INDIA

President Clement announced the presence of distinguished guests and asked Dr. Royden Dangerfield, Associate Provost, Director of International Programs, and Executive Director of Midwest Universities Consortium for International Activities, to introduce the following guests from India, who are visiting the University of Illinois, and who were invited to be guests of the Board at today's meeting: Dr. D. P. Singh, Vice-Chancellor, Uttar Pradesh Agricultural University; Dr. M. A. Quraishi, Minister of Agriculture, State of Uttar Pradesh; and Dr. T. C. R. Menon, Registrar, J. Nehru Agricultural University, Jabalpur.

MEMORIAL TO CHESTER R. DAVIS

Mr. Johnston presented the following:

The Board of Trustees of the University of Illinois records with profound sorrow the death on July 30, 1966, of Chester R. Davis, a former member of this Board.

Mr. Davis served his Country, his State, his University, and the Chicago metropolitan community for many years, in many ways. As a young man, just graduating from Lake Forest College in 1917 when the United States declared war on the central powers of Europe, he entered the Army and became a Captain of Infantry and served as a company commander in the 320th Infantry Regiment of the 80th Division in the American Expeditionary Forces in World War I. He was decorated with the Purple Heart. In later years, from 1940-47, he served as Brigadier General and Major General in the Illinois Reserve Militia.

Upon returning from military service in 1919, he enrolled in the University of Illinois College of Law. Following his graduation in 1922, he joined the Chicago Title and Trust Company serving in various posts until he retired as Senior Vice-President in 1960, but continued as a Director of the Company until 1963.

From 1955-57 he was Assistant Secretary of the Army for Financial Management; upon completion of that assignment he received the Exceptional Civilian Service Award from President Eisenhower.

His numerous civic activities in the Chicago area were concerned with mental health, the aged, crippled children, hospital planning, medical research, metropolitan planning, conservation, and numerous trusteeships.

He served on The Board of Trustees of the University of Illinois from 1940-49 and on several of its important committees. His membership on the Board was during a critical period in the University's history when it was called upon to serve in unprecedented ways both in wartime and in peacetime. He was a member of the University of Illinois Foundation and of the University's Citizens Committee which he helped to establish while he was a Trustee.

This Memorial is presented for the public record as a tribute to a former colleague and a devoted citizen, and as an expression of sympathy to his family.

This memorial was adopted by a standing vote.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

NONSALARIED FACULTY OF THE COLLEGE OF MEDICINE, 1966-67

(2) Upon recommendations of the Dean of the College of Medicine and the Chancellor at the Medical Center, and with the concurrence of the Executive Vice-President and Provost, I have approved appointments and reappointments to the nonsalaried faculty of the College of Medicine for the academic year beginning September 1, 1966. The list of these appointments is being filed with the Secretary of the Board for record, and his office will issue the usual notices to the appointees.

The filing of the list of these nonsalaried appointments with the Secretary of the Board and filing of the appointment notices with all officials concerned should constitute an adequate record. Hence, it is proposed that the former practice of printing the names in the Board minutes be discontinued.

Following is a comparative summary of the number of appointments in each department for the years 1965-66 and 1966-67.

Summary

<i>Department</i>	<i>1965-66</i>	<i>1966-67</i>

	<u>1 264 (81)</u>	<u>1 278 (93)</u>

On motion of Mrs. Watkins, the appointments were confirmed, and the proposal that the names not be printed in the minutes was approved.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A— indefinite tenure; B— two years; D— one year; E— nine months from the beginning of the academic year; G— special tenure; Y— twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

87. WEISS, MARY C., Professor of Mathematics (Chicago Circle), beginning September 1, 1966, at an annual salary of \$19,000 (A).
88. WEST, CHARLES K., Assistant Professor of Educational Psychology (Urbana), for seven months from February 1, 1967, at a salary of \$5,000 (D).
89. WU, CHIEN-HENG, Assistant Professor of Materials Engineering (Chicago Circle), beginning September 1, 1966, at an annual salary of \$9,200 (D).
90. YEN, BEN CHIE, Assistant Professor of Civil Engineering (Urbana), beginning September 1, 1966, at an annual salary of \$9,000 (B).

On motion of Mr. Swain, these appointments were confirmed.

DEANSHIP OF COLLEGE OF LIBERAL ARTS AND SCIENCES, CHICAGO CIRCLE

(4) The Chancellor at Chicago Circle has recommended the appointment of Daniel C. McCluney, Jr., presently Professor and Head of the Department of German, as Professor of German on indefinite tenure and Acting Dean of the College of Liberal Arts and Sciences at Chicago Circle for one year from September 1, 1966, at an annual salary of \$24,000 on a twelve months' service basis.

Professor McCluney will succeed Acting Dean Stanley L. Jones who will return to full-time service in the Department of History as its Chairman.

The Dean of the Graduate College and the Executive Vice-President and Provost concur in this recommendation.

I have approved this appointment and request confirmation of my action.

On motion of Mr. Williamson, this appointment was confirmed.

DEAN OF STUDENT AFFAIRS, CHICAGO CIRCLE

(5) The Chancellor at Chicago Circle has recommended the appointment of Robert E. Corley, Professor of Sociology at Chicago Circle, as Professor of Sociology on indefinite tenure and Acting Dean of Student Affairs at Chicago Circle for one year from September 1, 1966, at an annual salary of \$16,500 on a twelve months' service basis.

Dean Corley will replace Dean Robert M. Crane who is now Staff Associate in the Chancellor's Office.

The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I have approved this appointment and request confirmation of my action.

On motion of Mr. Johnston, this appointment was confirmed.

DIRECTOR OF ADMISSIONS AND RECORDS, CHICAGO CIRCLE

(6) Leslie W. Sandy, formerly Assistant University Dean of Admissions and Records at Urbana, has been appointed Director of Admissions and Records at Chicago Circle beginning September 1, 1966, at an annual salary of \$16,000 on a twelve months' service basis.

I request confirmation of this appointment which will fill the vacancy created by the resignation of former Director H. E. Temmer who has accepted a position in California.

On motion of Mr. Hughes, this appointment was confirmed.

HEADSHIP OF DEPARTMENT OF RECREATION AND MUNICIPAL PARK ADMINISTRATION, URBANA

(7) The Dean of the College of Physical Education recommends the appointment of Dr. Allen V. Sabora, presently a member of the faculty of the College, as Professor of Recreation, on indefinite tenure, and as Head of the Department of Recreation and Municipal Park Administration, beginning September 1, 1966, at an annual salary of \$16,800, divided: \$15,800 as Professor of Recreation, and \$1,000 as Head of the Department of Recreation and Municipal Park Administration, on an academic year service basis.

Professor Charles K. Brightbill, who served as Head of the Department since it was established in 1957, died on August 23. He had previously asked to be relieved of his administrative responsibilities to devote more time to teaching, research, and writing.

Professor Sapora's appointment is recommended following consultation with all members of the Department, who are unanimous in support of Dr. Sapora's appointment as the new Head. The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

**OFFICE OF INTERNATIONAL AGRICULTURAL PROGRAMS,
URBANA**

(8) The Dean of the College of Agriculture, with the concurrence of the Executive Vice-President and Provost, recommends that an Office of International Agricultural Programs be established in the College of Agriculture for the planning, development, and coordination of a college-wide program of teaching, research, graduate training, and public service activities in international agriculture.

The Office would be staffed by an executive officer with the title Director, and this officer would also be designated Associate Dean of the College of Agriculture.

The Office of International Agricultural Programs would serve as the focal point for international programs, both intramural and extramural, of the College of Agriculture. It is anticipated that the Director would serve on University-wide committees related to international programs and would thus contribute to the development of broad programs for the University.

The Dean of the College of Agriculture further recommends that Dr. George K. Brinegar, presently Assistant Director of the Agricultural Experiment Station and Professor of Agricultural Economics, be appointed Professor of Agricultural Economics on indefinite tenure and Associate Dean of the College of Agriculture and Director of International Agricultural Programs for one year beginning September 1, 1966, on a twelve months' service basis. Provision has already been made in the budget for 1966-67 for his salary in the former position, and there is no budgetary implication involved in the new appointment.

The Executive Vice-President and Provost and the Dean of the Graduate College concur in this appointment.

I recommend approval of the appointment and of the establishment of the Office of International Agricultural Programs, in the College of Agriculture.

On motion of Mr. Hughes, these recommendations were approved.

REAPPROPRIATION OF UNEXPENDED BALANCES

(9) The Vice-President and Comptroller recommends that the following balances in budget appropriations June 30, 1966, be carried forward for the fiscal year beginning July 1, 1966, in accordance with the usual policy.

I concur.

On motion of Mr. Swain, these reappropriations were approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

**REQUEST THAT ILLINOIS BUILDING AUTHORITY CONTRACT FOR
CONSTRUCTION OF UNDERGRADUATE LIBRARY, URBANA**

(11) On August 16, 1966, the Illinois Building Authority received bids on all work for the construction of the Undergraduate Library at the Urbana campus. The lowest bidder is McCarthy-Hathman Construction Company, a joint venture of McCarthy Bros. Construction Company and J. E. Hathman, Inc., doing business as McCarthy-Hathman Construction Company, Ladue, St. Louis County, Missouri, with a low bid of \$2,958,862. Six other proposals were received, with bids ranging from \$2,974,000 to \$3,425,000. The lowest bidder is deemed fully qualified and the sponsoring firm of the "joint venture" (McCarthy Bros. Construction Company) has performed satisfactorily under contract with the University in the past.

The project is one which the Board of Trustees on September 22, 1965, requested the Illinois Building Authority to provide. The Authority will finance construction and lease the facilities to the University for rental payments for which state appropriations are available. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize the transfer of jurisdiction of the site and request the Illinois Building Authority to award a contract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend adoption of the following resolutions.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to the McCarthy-Hathman Construction Company, a joint venture of McCarthy Bros. Construction Company and J. E. Hathman, Inc., doing business as McCarthy-Hathman Construction Company, St. Louis, Missouri, a contract for the total work for the construction of the "Undergraduate Library at Urbana-Champaign," for the fixed price of \$2,958,862.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

Resolution

WHEREAS, The Seventy-fourth General Assembly of the State of Illinois has declared it to be in the public interest that the Illinois Building Authority construct, on behalf of The Board of Trustees of the University of Illinois, an Undergraduate Library Building at the Champaign-Urbana Campus of the University of Illinois, in Urbana, Illinois; and

WHEREAS, for that purpose it will be necessary for the Illinois Building Authority to acquire jurisdiction of the real estate upon which said Addition will be located; and

WHEREAS, the site for said Undergraduate Library Building has been determined and The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois with its principal office in Urbana, Illinois, will be requested by the Illinois Building Authority to transfer jurisdiction of said real estate for the construction of said Building; and

WHEREAS, at its September 22, 1965 meeting The Board of Trustees of the University of Illinois authorized the transfer of jurisdiction to the Illinois Building Authority of the site for said Undergraduate Library Building;

Now, Therefore, be it and it hereby is resolved by The Board of Trustees of the University of Illinois, acting through its Executive Committee, as follows:

Section 1. That the Comptroller and the Secretary of The Board of Trustees of the University of Illinois be and they are hereby authorized to execute, acknowl-

edge and deliver in the name and on behalf of this corporation an Instrument of Transfer of jurisdiction to the Illinois Building Authority transferring jurisdiction of the following described real estate :

Situated in the State of Illinois, the County of Champaign, the City of Urbana and the North 1/2 of the SE 1/4 of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian, and being more fully bounded and described as follows :

Beginning at a corner, 287.73 feet distant East of the 127.97 feet distant South of the Northwest corner of the SE 1/4 of said Section 18, said corner being marked with an iron pipe monument; thence Southerly, a distance of 102.17 feet to a corner, said corner being marked with an iron pipe monument; thence Westerly, a distance of 169.33 feet to a corner, said corner being marked with an iron pipe monument; thence Southerly, a distance of 14.0 feet to a corner, said corner being marked with an iron pipe monument; thence Easterly, a distance of 169.33 feet to a corner, said corner being marked with an iron pipe monument; thence Southerly, a distance of 102.17 feet to a corner, said corner being marked with an iron pipe monument; thence Easterly, a distance of 242.42 feet to a corner, said corner being marked with an iron pipe monument; thence Northerly, a distance of 218.34 feet to a corner, said corner being marked with an iron pipe monument; thence Westerly, a distance of 242.42 feet to the place of beginning, containing 1.269 acres, more or less

being the site upon which the Illinois Building Authority is to construct said Undergraduate Library Building.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

CONTRACTS FOR THE EXTENSION OF THE UTILITIES DISTRIBUTION SYSTEM TO SERVE THE KRANNERT CENTER FOR THE PERFORMING ARTS, URBANA

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of the following contracts for extensions of the utilities distribution system to serve the Krannert Center for the Performing Arts, the award in each case being to the lowest bidder.

Total	<u>\$323 837 00</u>

Funds for these extensions are available in state capital appropriations to the University for the 1965-67 biennium and have been released.

Attached is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

EMPLOYMENT OF ENGINEERS FOR CONCRETE TESTING SERVICES FOR THE KRANNERT CENTER FOR THE PERFORMING ARTS, URBANA

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees of the University of Illinois request the

University of Illinois Foundation to enter into a contract with A & H Materials Testing Corporation, Champaign, for testing of concrete to be used in the construction of the Krannert Center for the Performing Arts. The contract is to be on the basis of unit prices quoted as follows:

Concrete cylinder tests for compression.....	\$ 3.00/test cylinder
Concrete aggregate tests.....	68.00/test
Design of concrete mix.....	25.00/mix
Field inspections and consultations including concrete plant inspection, concrete slump test, concrete air content test, and inspection of placing of concrete.....	8.00/hour

It is estimated that the total cost of the work will be approximately \$10,000, which is included in the project budget.

I concur.

On motion of Mr. Hughes, this recommendation was approved.

CONTRACT FOR INSTALLATION OF VALVES AND ASSOCIATED EQUIPMENT IN ABBOTT POWER PLANT AND THE UTILITIES DISTRIBUTION SYSTEM, URBANA

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of the following cost-plus contract for the installation of pressure-reducing valves, associated piping, and thermal insulation in the Abbott Power Plant and in the steam distribution system, bid on the basis of actual cost plus contractor's fees. This equipment will provide the first step in increasing the steam pressure of the campus system. The increased pressure is required in order to service the buildings at the extremes of the utilities distribution system.

W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.....	28	32	13	\$5 880 00

The total estimated is \$30,000.

Funds are available in state capital appropriations to the University for 1965-67 and have been released.

Attached herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, this contract was awarded, as recommended, by the following vote: Aye. Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

CONTRACT FOR ASSEMBLY HALL ROOF IMPROVEMENTS, URBANA

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of a contract to the Phillips Roofing Co., Inc., Oklahoma City, Oklahoma, the lowest bidder, on the basis of the unit prices included in the bid proposal for the application of an elastomeric roof coating over the Assembly Hall roof. The maximum cost will not exceed \$153,882.

Funds are available in the Maintenance Reserve Account of the Assembly Hall.

I concur.

On motion of Mr. Swain, this contract was awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

AGREEMENT WITH COMMONWEALTH EDISON COMPANY FOR ELECTRICAL SERVICES TO THE GREENHOUSE, CHICAGO CIRCLE

(16) The Director of the Physical Plant and the Vice-President and Comptroller

recommend authorization of an agreement to pay Commonwealth Edison Company, Chicago, \$8,137 for construction and installation of underground duct work, cables, and transformer equipment to supply electrical services to the Greenhouse now being constructed as part of Phase II, Chicago Circle campus. The University will receive lower rates under the "multiple services and combined billing" arrangement previously approved by the Board of Trustees for the Chicago Circle campus.

Funds are available in state capital appropriations to the University from the Universities Building Fund and have been released.

I concur.

On motion of Mr. Jones, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

**LEASE OF THE ELEVENTH STREET THEATRE IN THE JEWISH
EDUCATION BUILDING FOR DEPARTMENT OF SPEECH
AND THEATRE, CHICAGO CIRCLE**

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois be authorized to enter into a lease with the Board of Jewish Education for approximately 12,000 square feet of space in the Jewish Education Building at 72 East Eleventh Street, Chicago, Illinois, for theatre facilities for the Department of Speech and Theatre at Chicago Circle.

The Board of Jewish Education has offered to lease the facilities for the period beginning October 1, 1966, through June 30, 1967, at a rental of \$1,200 per month. The rental charge includes janitor services, heat, light, water, gas, and all repairs to the building and equipment.

It is further recommended that funds be assigned as follows:

1. \$10,200 from the Chicago Circle General Reserve on a nonrecurring basis for remodeling of and equipment for this facility.
2. \$24,300 from the Chicago Circle General Reserve for the rental cost for the remainder of the fiscal year 1966-67 and for chartered bus service, security, and other operational costs.

I concur.

On motion of Mr. Johnston these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

**ADDITION TO CONTRACT FOR CONSTRUCTION OF CHICAGO
CIRCLE CAMPUS, PHASE I**

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$14,136.13 in the contract with the Gust K. Newberg Construction Co., Chicago, for revisions in the fire alarm system for Phase I, Chicago Circle campus, required by the City Fire Marshal. The revisions resulted in work and materials in addition to that included in the contract documents.

Funds are available in the construction budget for this work.

I concur.

On motion of Mr. Hughes, this change in contract was approved.

DIXON SPRINGS AGRICULTURAL CENTER ACCOUNT

(19) The Vice-President and Comptroller and the Director of the Agricultural Experiment Station recommend establishment of a checking account at the First National Bank at Golconda, Illinois, for the deposit of funds received at the Dixon Springs Agricultural Center from cash sales of livestock and vegetables, dormitory receipts, and other items.

Into this account will be deposited all cash receipts collected by the Dixon Springs Agricultural Center. The Report of Cash Sales would be prepared at the Dixon Springs Agricultural Center, as is now done, and mailed to the University Business Office with authenticated copies of deposit tickets. Checks in favor of the University will be drawn in the Business Office against this account in the

amount of the deposit tickets, and these checks will be deposited in the Treasurer's account in the First National Bank of Chicago.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**COMMENDATION OF DEAN WILLIAM V. LAMBERT FOR SERVICES
AT UTTAR PRADESH AGRICULTURAL UNIVERSITY, INDIA**

(20) Since 1960, Dean William V. Lambert has played a central role in the establishment of the Uttar Pradesh Agricultural University in India. His services, as Advisor to the Vice-Chancellor of the University, as Group Leader, and more recently as Chief of Party, have been fundamental to the success of the new institution.

Some months ago Dean Lambert asked to be relieved of this assignment and with deep regret the University accepted his resignation. I have sought to express our appreciation to Dean Lambert for his extraordinary services in a letter which is attached herewith and which is reported to the Trustees as a matter of information.

On motion of Mr. Hughes, this report was received for record.

On motion of Mrs. Watkins, the Board endorsed the commendation and authorized the Secretary to prepare a statement of appreciation on behalf of the Board and convey it to Dean Lambert.

UNIVERSITY OF ILLINOIS
OFFICE OF THE PRESIDENT

August 18, 1966

DEAN W. V. LAMBERT
1890 Kipling, Lakewood
Denver, Colorado

DEAR DEAN LAMBERT:

I am most unhappy that we were unable to get together for fuller discussion of UPAU while you were on campus and that I was absent in Europe when you completed your task and departed. Among other subjects, I wanted to express the University's appreciation of the splendid service you rendered as Group Leader of the University of Illinois Team at the Uttar Pradesh Agricultural University, and I hope that this letter will reflect how deeply we feel about the importance of what you have done.

When I visited the UPAU in 1960, I was impressed with the progress being made. But, I was even more impressed with the difficult tasks you would face in your new duties. You were in charge of our staff members during most difficult times. Always you demonstrated qualities of genuine leadership. You were calm in crises. Your judgment was sound. You were inventive in working out solutions to problems and in implementing them. Throughout your tour of five and one-half years at the UPAU, we were always proud to have you as our chief representative. We feel that you did much to build in India the proper image of the University of Illinois and of higher education in the best academic tradition.

During your recent stay at Urbana, you have written a record which will be of great use to us and others who will be called upon to appraise this activity. We are hopeful that it can be made available to other universities engaged in institution building in underdeveloped countries.

As you leave our staff, we record our appreciation of a great task well done. We are also grateful for Mrs. Lambert's loyalty to the mission and her contribution to its effectiveness.

The subject of this letter will be brought to the attention of the Board of Trustees at the September meeting.

Our good wishes go with you and Mrs. Lambert, always.

Sincerely,
DAVID D. HENRY
President

PURCHASES

(21) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller.

The list of purchases recommended for Board approval was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

From Appropriated Funds.....	\$122 753 78
From Institutional Funds.....	802 009 21
<i>Grand Total</i>	<u>\$924 762 99</u>

A complete list of the purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy has been filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(22) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(23) The Comptroller presented his quarterly report to the Board as of June 30, 1966.

A copy of this report is filed with the Secretary of the Board.

This report was received for record.

**CAPITAL BUDGET REQUEST UNIVERSITY OF ILLINOIS
FOR THE BIENNIUM 1967-69**

(26) On July 27, 1966, the Board of Trustees approved a capital budget request for the biennium 1967-69 for the three campuses, as shown in the table on page 103. The total amount of state funds requested was \$163,246,000.

As directed by the Board of Trustees, this budget request was submitted to the Board of Higher Education for its review. The Board of Higher Education requested its staff to make an analysis and recommendations, and at a regular meeting of that Board on September 12 and 13, the staff recommended the sums shown in the table on page 103, for a total amount of state funds of \$99,698,788.

After hearing the objections of the representatives of the University of Illinois to the budget reductions recommended by the staff of the Board of Higher Education, the Board approved adding the sum of \$12,322,931. The restored amount was distributed as indicated in the table on page 103.

The difference between the final action of the Board of Higher Education and the earlier recommendation of the Board of Trustees is approximately \$51,000,000. The major changes are: (a) reduction in the size of the proposed College of Dentistry building at the Medical Center campus; (b) reduction in the size of the Science-Engineering Center, the omission of the Third Addition to the Library, the omission of the Art and Architecture Addition, and the omission of a greenhouse at the Chicago Circle campus; and (c) the omission of the Engineering Library, Nuclear Reactor Addition, Turner Hall Headhouse and Greenhouse, and the East Chemistry Addition (although planning funds for the last project were approved), and by reductions in land and utilities at the Urbana-Champaign campus.

The action of the Board of Higher Education represents a cut in the Trustees' budget of approximately 30 per cent. The Trustees' budget had reflected an earlier cut of approximately 33 per cent in the requests presented by departments and colleges.

Although the projects approved will enable the University to make considerable progress in several areas, the consequences of the budget reductions made by the Board of Higher Education are of substantial proportions. At the Medical Center, there will be a smaller increase in the production of dental graduates than was planned by the University. At the Chicago Circle campus, there will be several effects: a slower pace of development of graduate work than was contemplated, since there will be a sharp reduction in facilities requested for graduate work in Engineering; a slower rate of growth in Art and Architecture; a reduction in overall student capacity below the projections made for 1970 and 1971; increased overcrowding of the library; and inadequate research facilities in the field of botany. At Urbana-Champaign, the deletions will: postpone much-needed improvement in the library facilities for the College of Engineering, with continued impairment of instructional and study effectiveness in that College; eliminate the possibility of securing federal matching funds for a nuclear engineering facility, and hence limit the expansion of a rapidly-growing graduate program; delay the construction program for instruction and research in the College of Agriculture; delay the building of the Addition for the Department of Chemistry and Chemical Engineering and hence in the provision of up-to-date research facilities for one of the University's most distinguished departments; and cause an over-all reduction in enrollment capacity at the Urbana-Champaign campus below the estimates made for 1970.

From this inventory of omissions and reductions and their consequences, it is apparent that the deletions or reductions will have serious effect upon the enrollment of the University of Illinois, upon the degree of expansion of graduate and professional work and upon essential improvement of facilities to reduce serious space deficiencies.

On the positive side of the analysis, the budget, as approved by the Board of Higher Education, will have these results: a significant increase in enrollment capacity at Urbana-Champaign and Chicago Circle; the provision of facilities for the initiation and development of graduate work at Chicago Circle; provision for a long-needed library facility at the Medical Center campus; an increase in the output of graduates in law and in dentistry; the preparation of working drawings on three buildings which will speed up their completion when funds become available for their construction; and the completion of several projects already approved for the Medical Center and the Urbana-Champaign campuses, but for which the present resources are insufficient due to cost escalation.

I believe that the original budget adopted by the Board of Trustees was a prudent and conservative estimate of what is required for the University to be of maximum service to the people of Illinois through facilities to be authorized for the 1967-69 biennium. While I regret that the Board of Higher Education has not concurred in this objective, the fact that 70 per cent of the request has been approved is significant, and the availability of the facilities which have been recommended will mean much to the effectiveness of the University, to the enlargement of its service and to the extension of educational opportunity.

I believe that it would be unwise to endanger the unified support for the facilities included in the Board of Higher Education recommendations by any division which would occur if the University at this time unilaterally sought to have these recommendations enlarged by the General Assembly and the Governor. Accordingly, I recommend that the Board of Trustees modify its earlier action on the capital budget and accept the recommendations of the Board of Higher Education as enacted on September 13, subject to such adjustments within the total amount as may be recommended as a result of further study.

On motion of Mr. Johnston, these recommendations were approved.

President Henry stated that such a report would be prepared as soon as the necessary data could be obtained.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

REPORT ON MEETING OF ILLINOIS BOARD OF HIGHER EDUCATION

Mr. Clement reported on the meeting of the Board of Higher Education of September 12-13, 1966, with particular reference to a document prepared by the staff of the Board of Higher Education, "A Master Plan for Higher Education in Illinois — Phase II (Provisional Draft)." He indicated that the staff document had not been acted upon by the Board of Higher Education but would be discussed in public hearings and other forums throughout the state and brought back to the Board of Higher Education for action on November 15. Institutional reactions have been requested by the Board by November 1.

Mr. Clement announced that the subject was being referred to the Committee on General Policy for study and review.

FUTURE BOARD MEETINGS

The dates of the next three meetings of the Board of Trustees were announced as follows: October 13, at Chicago Circle; November 10, at Urbana; and December 8, at Chicago Circle.

ANNUAL OPERATING BUDGET FOR 1967-69

It was announced that the Finance Committee would meet on October 27, 1966, in Chicago, Illinois, to consider the University's operating budget request for 1967-69.

REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee submitted the following report and minutes of its meeting on August 24, 1966.

On call of the Chairman, a meeting of the Executive Committee of The Board of Trustees of the University of Illinois was held in the Illini Center, LaSalle Hotel, Chicago, Illinois, on Wednesday, August 24, 1966, beginning at 2:00 p.m.

The meeting was called for consideration of reports and recommendations from the President of the University on matters of business, including acquisition of property, requiring approval by the Board of Trustees and on which action should not be deferred until the regular meeting of the Board in September. The Board at its meeting on July 27, 1966, authorized the Executive Committee to take action at any time prior to the next regular meeting of the Board on matters relating to the lease, sale, purchase, or any other acquisition by or for the University of real estate, including authority to exercise the right of eminent domain and to institute condemnation proceedings, and including authority to request action by the Illinois Building Authority.

The Chairman asked the Secretary to call the roll, and the following, constituting all members of the Committee, were present: Mr. Howard W. Clement, Chairman, Mr. Wayne A. Johnston, and Mrs. Frances B. Watkins. Also present were: Mr. Harold Pogue and Mr. Kenney E. Williamson, members of the Board of Trustees; President David D. Henry; Director C. S. Havens of the Physical Plant; Mr. James J. Costello, Legal Counsel; Vice-President Norman A. Parker, Chicago Circle; Vice-President Joseph S. Begando, Medical Center; Mr. Earl W. Porter, Assistant to the President and Associate Secretary to the Board; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and Mr. A. J. Janata, Secretary of the Board of Trustees and Clerk of the Committee.

The Committee considered the following reports and recommendations from the President of the University.

HEADSHIP OF DEPARTMENT OF SOCIOLOGY AND ANTHROPOLOGY, CHICAGO CIRCLE

(1) The Dean of the College of Liberal Arts and Sciences, the Dean of Faculties, and the Vice-President at Chicago Circle recommend the appointment of Dr. Robert L. Hall as Professor of Sociology on indefinite tenure and as Head of the Department of Sociology and Anthropology at Chicago Circle beginning September 1, 1966, at an annual salary of \$17,500 on an academic year service basis.

This appointment is to replace Professor Peter P. Klassen who has been serving as Head of the Department and who has asked to be relieved of this administrative service so that he can devote full time to teaching and research.

The Dean of the Graduate College, the Executive Vice-President and Provost, and I concur.

On motion of Mr. Johnston, this appointment was approved.

REQUEST TO THE ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR CONSTRUCTION OF THE EAST DENTISTRY-MEDICINE- PHARMACY BUILDING ADDITION

(2) On July 7, 1966, the Illinois Building Authority received bids on all work for the construction of the East Dentistry-Medicine-Pharmacy Building Addition at the Medical Center. The lowest bidder is Mayfair Construction Company, 5660 North Jersey Avenue, Chicago, Illinois, with a bid of \$3,088,600. One other bid of

\$3,219,000 was received from S. W. Nielsen Company, 3059 Augusta Boulevard, Chicago. (Another proposal received was rejected by the Illinois Building Authority because of an insufficient bid deposit.) The lowest bidder is deemed fully qualified and has performed satisfactorily under contract with the University in the past.

The project is one of those which the Board of Trustees on September 22, 1965, requested the Illinois Building Authority to provide. The Authority will finance the construction and lease the facilities to the University for rental payments for which state appropriations are available. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize the transfer of jurisdiction of the site and request the Illinois Building Authority to award a contract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend the adoption of the following resolutions.

Resolution

WHEREAS, The Seventy-fourth General Assembly of the State of Illinois has declared it to be in the public interest that the Illinois Building Authority construct, on behalf of The Board of Trustees of the University of Illinois, an East Dental, Medical and Pharmacy Building Addition on the Medical Center Campus of the University of Illinois, in Chicago, Illinois; and

WHEREAS, for that purpose it will be necessary for the Illinois Building Authority to acquire jurisdiction of the real estate upon which said Addition will be located; and

WHEREAS, the site for said East Dental, Medical and Pharmacy Building Addition has been determined and The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois with its principal office in Urbana, Illinois, will be requested by the Illinois Building Authority to transfer jurisdiction of said real estate for the construction of said Addition; and

WHEREAS, at its September 22, 1965, meeting, The Board of Trustees of the University of Illinois authorized the transfer of jurisdiction to the Illinois Building Authority for the site for said Addition; and

Now therefore, be it and it hereby is resolved by The Board of Trustees of the University of Illinois, acting through its Executive Committee, as follows:

Section 1. That the Comptroller and the Secretary of The Board of Trustees of the University of Illinois be and they are hereby authorized to execute, acknowledge and deliver in the name and on behalf of this corporation an Instrument of Transfer of jurisdiction to the Illinois Building Authority transferring jurisdiction of the following described real estate:

The South 91 feet 4 inches of the North 379 feet 8 inches of the West 52 feet 7 inches of the East 62 feet $7\frac{7}{8}$ inches and the South 87 feet $3\frac{1}{2}$ inches of the North 377 feet $7\frac{3}{4}$ inches of the West 99 feet $9\frac{1}{2}$ inches of the East 162 feet $5\frac{3}{8}$ inches of that part of Block 6 of the Assessor's Division of the East Half of the Southeast Quarter of Section 18, Township 39 North, Range 14 East of the Third Principal Meridian, lying South of the South line of West Polk Street and West of the West line of South Hermitage Avenue, in Cook County, Illinois

being the site upon which the Illinois Building Authority is to construct said East Dental, Medical and Pharmacy Building.

On motion of Mrs. Watkins, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that Illinois Building Authority be, and it hereby is, requested to award to Mayfair Construction Company, 5660 North Jersey Avenue, Chicago, Illinois, a contract for the total work for the construction of the "Addition to East Dentistry-Medicine-Pharmacy Building at the Medical Center," for the fixed price of \$3,088,600.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comp-

troller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mrs. Watkins, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR THE PIPING SYSTEM, MISCELLANEOUS EQUIPMENT AND THERMAL INSULATION FOR THE UTILITIES CENTER ADDITION AT CHICAGO CIRCLE, PHASE II

(3) On July 21, 1966, the Illinois Building Authority received bids for the installation of the piping system, miscellaneous equipment and thermal insulation for the Utilities Center Addition, Phase II, at the Chicago Circle. The lowest bidder is T. F. Hanley Corp., 1503 South Michigan Avenue, Chicago, with a bid of \$235,598. Four other bids were received as follows:

J. L. Cunningham & Company, Chicago.....	\$243 458 00
Great Lakes Plumbing & Heating Company, Chicago.....	269 645 00
Gallaher & Speck, Chicago.....	280 159 00
Utility Air Conditioning and Heating Co., Chicago.....	382 000 00

The lowest bidder is deemed fully qualified and has performed satisfactorily under contract with the University in the past.

The project is a part of Phase II construction which the Board acting through its Executive Committee on September 2, 1965, requested the Illinois Building Authority to provide. The Authority will finance the construction and lease the facilities to the University for rental payments for which state appropriations are available. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to award a contract for the described work to the lowest bidder, and proceed to procure this facility for the use of the University.

I concur and recommend the adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to T. F. Hanley Corp., 1503 S. Michigan Avenue, Chicago, Illinois, a contract for the piping system, miscellaneous equipment and thermal insulation for the construction of the Utilities Center Addition at the Chicago Circle, Phase II, for the fixed price of \$235,598.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

CONTRACTS FOR SITE DEVELOPMENT AND CONSTRUCTION OF PARKING FACILITIES AT CHICAGO CIRCLE, PHASE II

(4) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for site development and construction of parking facilities (for 427 cars) north of Harrison Street and west of Morgan Street at

Chicago Circle, subject to transfer of title of the land, the award in each case to the lowest bidder.

General — J. M. Corbett Co., Chicago.....	\$175 400 00

Plumbing — The Nu-Way Contracting Corp., Chicago.....	34 875 00
Electric — Harmon Electric Co., Chicago.....	43 555 00
<i>Total</i>	<u>\$253 830 00</u>

It is further recommended that all contracts other than the contract for general work be assigned to the contractor for that work, making the total of his contract price \$253,830, and that an agreement be entered into with J. M. Corbett Co., Chicago, for the assignment of these other contracts for \$4,000, which amount is included in the contract price, being the amount bid by that company for service charge for supervision of other contracts assigned to the general contractor.

Funds are available in state capital appropriations to the University from the Universities Building Fund, and have been released by the Governor.

A schedule of all bids received is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

CONTRACTS FOR AIR-CONDITIONING INSTALLATIONS IN THE ROOSEVELT ROAD BUILDING

(5) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of contracts for the installation of equipment, controls, duct work, and electric service to air condition the area to be occupied by the Departments of Speech and Theatre, and German in the Roosevelt Road Building, formerly the Central National Bank Building, at Chicago Circle, the award in each case being to the lowest bidder.

Electrical — Midwest Interstate Electrical Construction Co., Chicago..	5 121 00
<i>Total</i>	<u>\$46 371 00</u>

Funds are available from state capital appropriations to the University from the Universities Building Fund.

Submitted herewith is a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

AGREEMENT WITH COMMONWEALTH EDISON COMPANY FOR ELECTRICAL SERVICE TO THE MEDICAL CENTER CAMPUS

(6) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of an agreement to pay Commonwealth Edison Company, Chicago, \$9,855 for construction and installation of underground cables and transformer equipment to supply electrical service to the parking lots now being constructed at the Medical Center campus. The University will receive lower rates available under the "Multiple Service and Combined Billing" arrangement previously approved by the Board of Trustees for the Medical Center campus.

Funds are available in the parking program construction budget.

I concur.

On motion of Mrs. Watkins, this agreement was authorized by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**EMPLOYMENT OF DESIGN CONSULTANT
FOR CHICAGO CIRCLE CAMPUS**

(7) The Vice-President at Chicago Circle and the Vice-President and Comptroller recommend the employment of Earl L. Walls Associates, La Jolla, California, for programming and design work for the space needs of the Departments of Biological Sciences, Chemistry, Physics, and Geology in the proposed Science Complex, Phase III construction at Chicago Circle.

Billings for the service will be based on \$25 hourly rate for principal, \$20 hourly rate for associates, all other personnel at usual hourly rate plus 250 per cent, and allowable reimbursables including travel, telephone, and postage at actual cost, with total charges not to exceed \$11,000.

An appropriation of \$11,000 from the General Reserve is requested.

I concur.

On motion of Mr. Johnston, this recommendation was approved, and the requested assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**ADDITION TO CONTRACTS FOR ARCHITECTURAL SERVICES
AT CHICAGO CIRCLE CAMPUS**

(8) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the contracts with Skidmore, Owings & Merrill, Chicago, for architectural services for the Behavioral Science Center and for the Science and Engineering Center of Phase III at Chicago Circle be amended to include authorization to employ Fred Schmid Associates, Chicago, as consultants on food service facilities to be installed in the two buildings.

The employment of this firm will be based on normal hourly rates, with the provision that the final fee will not exceed 8 per cent of the cost of food service equipment and 5½ per cent of costs of furnishings planned, detailed, or specified by the firm. It is estimated that the total cost of such services will not exceed \$16,700.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

PURCHASES

(9) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President's Office.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United State government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were :

<i>From Appropriated Funds</i>	
Purchases Recommended	\$ 86 278 22
<i>From Institutional Funds</i>	
Purchases Authorized	23 811 72
Purchases Recommended	396 046 62
	\$419 858 34
<i>Grand Total</i>	\$506 136 56

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member

of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases authorized by the President were approved, and the purchases recommended were authorized.

LEASE OF QUARTERS FOR DIVISION OF UNIVERSITY EXTENSION AND COOPERATIVE EXTENSION SERVICE

(10) The Dean of the Division of University Extension, the Director of the Co-operative Extension Service, and the Vice-President and Comptroller recommend authorization of a lease with the LaSalle Madison Hotel Company of rooms on the second floor of the LaSalle Hotel, 10 North LaSalle Street, Chicago, for offices for the period from September 1, 1966, through June 30, 1967, at a rental of \$13,060 for the period. The lessor will pay necessary remodeling and redecorating costs.

The additional area in the LaSalle Hotel will enable the people assigned to the new space to use some of the facilities available in the presently rented Illini Center, and will be highly desirable for the Cooperative Extension Service and Division of University Extension activities involved.

I concur.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

CONTRACT FOR BUS SERVICE FOR URBANA-CHAMPAIGN CAMPUS

(11) The Director of Purchases and the Vice-President and Comptroller recommend authorization of a contract with the Champaign-Urbana City Lines, Inc., Champaign, Illinois, for a chartered bus service for students, faculty, staff, and other authorized personnel, for the period September 1, 1966, through August 31, 1967, at an estimated total expenditure of \$72,796. Bids were invited from five other transportation companies, but the Champaign-Urbana City Lines, Inc., is the only bidder, at prices of \$6.00 per hour, with fare collection, and \$5.85 per hour, without fare collection.

It is necessary to continue an orderly intra-campus transportation system to serve students in University housing in outlying areas (such as in Orchard Downs), and staff, to supplement the public transportation system in Urbana-Champaign. The charter bus service on regular schedules (Illi-Bus) will be provided at \$6.00 per hour, per bus; special chartered service and the Faculty-Staff bus will be provided, without fare collection, at \$5.85 per hour, per bus.

The total cost is based on:

An estimated 11,511 Illi-Bus hours, less an estimated \$22,000 in fares..	\$47 066 00
Estimated 3,800 bus hours for Faculty-Staff bus.....	25 730 00
<i>Estimated Net Total.....</i>	<u>\$72 796 00</u>

Funds are available in Housing Division and Auxiliary Services budgets and staff parking fees.

I recommended authorization of this contract.

On motion of Mr. Johnston, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

BEQUEST OF JOHN I. PARCEL

(12) John I. Parcel, a member of the University of Illinois Foundation, died in St. Louis, Missouri, on May 22, 1965. In his Will Mr. Parcel made a bequest to the University of Illinois to be invested in a trust fund, the income to be used "to prosecute research projects, either analytical or experimental, in the field of structural engineering." In the alternative it was provided that the income be used to advance "the educational status of the engineering school of said University." The estate is in probate and the probate is now nearing completion.

The Executors of the Estate have advised that a claim against the estate has been filed by the Zeta Psi Educational Foundation in the amount of \$6,500, and at

a recent hearing in the Probate Court the Executors contested this claim. Negotiations have been underway regarding the \$6,500 claim and as a result of these negotiations Zeta Psi Educational Foundation agreed to accept a payment of \$5,000 in lieu of the \$6,500 claim. The Finance Committee considered this matter at its July 27, 1966, meeting and recommended that the claim be settled for \$5,000. The Executors have requested that they be provided proper authorization by the University for presentation to the Probate Court of the City of St. Louis, Missouri, this payment of \$5,000 and an indication of a consent by the University to the entry of an Order by the Probate Court authorizing and directing the Executors to make such a payment.

The following resolution is offered for adoption.

Resolution

Be It, and It Is Hereby Resolved, by the Executive Committee of The Board of Trustees of the University of Illinois, upon the recommendation of the Finance Committee of said Board, that the Executors of the Estate of John I. Parcel, Deceased, be, and they hereby are, authorized, for and on behalf of, and in the name of, The Board of Trustees of the University of Illinois, a legatee under the Will of John I. Parcel, Deceased, to compromise and settle a claim of \$6,500 filed in the Probate Court of the City of St. Louis, Missouri, by Zeta Psi Educational Foundation in the amount of \$5,000, and said Board further consents to the entry by the Probate Court of the City of St. Louis, Missouri, of an Order authorizing and directing said Executors to make the aforesaid payment of \$5,000.

On motion of Mrs. Watkins, the foregoing resolution was adopted.

RENTAL OF SPACE IN BROMLEY HALL

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the rental of approximately 150 housing unit spaces in Bromley Hall in Champaign, beginning September 11, 1966, at a rate of \$3.00 per student unit per day for the first week, excluding food service, and \$5.00 per student unit per day, including food service, for the next two weeks.

The necessity to rent these facilities is due to the delay in completion of construction of 180 to 350 spaces in the Florida Avenue Residence Halls, resulting from a shortage of labor and three work stoppages totaling twenty-nine days.

Funds for the rental are available from income under the University's housing contracts with these students and other funds of the Housing Division.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

RECESS AND EXECUTIVE SESSION

Chairman Clement announced that an executive session has been requested and was being ordered for consideration of reports and recommendations relating to property acquisitions.

On motion of Mrs. Watkins, the Committee recessed.

When the Committee reconvened in executive session, the same members of the Committee, and of the Board, and officers of the University were present as recorded at the beginning of these minutes.

The Committee resumed consideration of reports and recommendations from the President of the University.

PURCHASE OF PROPERTY AT 905 WEST ILLINOIS STREET, URBANA

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to purchase the property at 905 West Illinois Street, Urbana, at a price of \$41,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to finance this purchase.

The property is east of the Krannert Center for the Performing Arts and is required for future academic expansion. The lot size is 65 feet by 150 feet (9,750

square feet) and is improved with a two-story and basement frame dwelling used as a rooming house.

I concur.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**PURCHASE OF PROPERTY AT 905 WEST CALIFORNIA AVENUE,
URBANA**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the University of Illinois Foundation to purchase the property at 905 West California Avenue, Urbana, at a price of \$75,000 and lease the property back to the University at a rental rate adequate to pay the interest on a bank loan to the Foundation to purchase the property.

The property is improved with a three-story and basement frame dwelling located on a lot 80 feet by 151 feet (12,080 square feet). This property is required for academic expansion east of the Krannert Center for the Performing Arts.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**PURCHASE OF PROPERTY AT 504 EAST DANIEL STREET,
CHAMPAIGN**

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees request the University of Illinois Foundation to purchase the property at 504 East Daniel Street, Champaign, at a price of \$50,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to purchase the property.

The property consists of a lot 49.5 feet by 129.1 feet (6,390 square feet), and is improved with a two-story and basement frame building which will be demolished. The area will be used for parking facilities.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

**PURCHASE OF PROPERTY AT 502 EAST DANIEL STREET,
CHAMPAIGN**

(17) On April 20, 1966, the Board of Trustees authorized condemnation proceedings for the acquisition of the property at 502 East Daniel Street, Champaign, and settlement at a price within University appraisals. The property consists of a lot 49.5 feet by 72.1 feet (3,569 square feet), improved with a two-story and basement frame dwelling and is needed as a site for parking facilities.

A judgment order of the Circuit Court has since been entered which provides for the vesting of title to the property in the Board of Trustees of the University of Illinois upon payment of \$30,500 as the fair market value of the property, which amount is within appraisals.

It is now recommended that the University of Illinois Foundation be requested to participate in this acquisition by paying the award, which will necessitate conveyance of title to the Foundation.

It is further recommended that the Foundation be requested to lease the property to the University at a rental sufficient to pay the interest on a bank loan to the Foundation to finance the payment of the award until the University has funds for its acquisition.

I concur and recommend adoption of the following resolution to implement the above.

**Resolution Regarding Timpone Property Located at
502 East Daniel Street, Champaign, Illinois**

WHEREAS the Judgment Order of the Circuit Court of the Sixth Judicial District, Champaign County, Illinois, entered in, the condemnation case entitled: "The

Board of Trustees of the University of Illinois, a public corporation, Petitioner vs. Raymond Timpone, Maxine Timpone, and the Commercial Bank of Champaign, a corporation of Illinois, Defendants" No. 66-L-345, under date of August 19, 1966, provides that upon payment to the County Treasurer of Champaign County, Illinois, of the amount of the award in the sum of Thirty Thousand Five Hundred Dollars (\$30,500.00) title to the Timpone Property hereinafter described shall vest in this public corporation; and

WHEREAS, this public corporation desires that the University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, pay the amount of said award in accordance with the terms of said Judgment Order and lease said Timpone Property to this public corporation and under the terms of which lease this public corporation shall be granted an option to purchase said Timpone Property; and

WHEREAS, University of Illinois Foundation at a special meeting of its Executive Committee held on August 19, 1966, has authorized such payment to be made and such lease with option to be entered into upon title to said Timpone Property being conveyed by this public corporation to it.

Now, Therefore, Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that upon payment of said award in accordance with the terms of said Judgment Order by the University of Illinois Foundation, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this public corporation and under its Corporate Seal, a Warranty Deed, and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to University of Illinois Foundation title to the property hereinabove referred to as Timpone Property and described as follows, viz:

Lot Six (6), except the North Fifty-seven (57) feet thereof, in Block Fourteen (14) of Assessor's Subdivision of Blocks Ten (10), Eleven (11), and Fourteen (14) of J. S. Wright's Addition to Champaign in Champaign County, Illinois.

On motion of Mrs. Watkins, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Johnston, Mrs. Watkins; no, none; absent, none.

The business of the meeting having been concluded, on motion of Mrs. Watkins, the Executive Committee adjourned.

RETIREMENT

KABBES, MRS. SARAH MADONNA, Associate Professor of Accounting, *Emerita* (Chicago Circle), effective September 1, 1966.

RECESS AND EXECUTIVE SESSION

President Clement announced that an executive session had been requested and was being ordered to consider the following item of business concerning property acquisition.

On motion of Mr. Swain, the Board recessed.

When the Board reconvened in executive session, the same members of the Board, officers of the Board, and officers of the University as recorded at the beginning of these minutes were present.

The Board considered the following item of business presented by the President of the University.

REQUEST TO THE ILLINOIS BUILDING AUTHORITY TO ACQUIRE PROPERTY AT 1301 WEST MAIN STREET, URBANA

(27) The Board of Trustees at its meeting on April 20, 1966, authorized a request to the Illinois Building Authority to acquire by condemnation proceedings the property at 1301 West Main Street, Urbana, Illinois, to be used as part of the site for the Civil Engineering Building, Phase II. Subsequent negotiations with the owners of the property after the filing of the Condemnation Petition, have resulted in their agreement to a price of \$25,800, which is within the appraisals received on the property. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Illinois Building Authority be requested to acquire title to the property at this time by contract of purchase or Judgment Order in the Condemnation proceedings.

I concur and recommend adoption of the following resolution.

Resolution Requesting Acquisition of Property at 1301 West Main Street, Urbana, Illinois, by Illinois Building Authority

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority, a body corporate and politic of the State of Illinois, duly organized and existing pursuant to "AN ACT to Create the Illinois Building Authority and to define its powers and duties" approved August 15, 1961, as amended, be, and hereby is, requested to acquire for this public corporation in accordance with the Illinois Building Authority Act, the property at 1301 West Main Street, Urbana, Illinois, described as follows:

Lot One (1) in Block Fifty-one (51) in the Seminary Addition to Urbana, situated in the City of Urbana, in the County of Champaign, and State of Illinois, at an acquisition price of Twenty-five Thousand Eight Hundred Dollars (\$25,800.00) and with title to be conveyed to, or vested by Judgment Order in, and possession delivered to, the Illinois Building Authority not later than January 1, 1967.

Be It, and It Hereby Is Further Resolved that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized and directed, to execute in the name of, and on behalf of, this public corporation such lease agreement or other document or documents, and to secure and submit appraisals and such other documentation, as they may deem to be necessary or desirable in order to effectuate such conveyance of title to the Illinois Building Authority and to secure to this public corporation the beneficial use of said property.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston,

Mr. Jones; Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page, Mr. Pogue.

On motion of Mr. Swain, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

October 13, 1966

The October meeting of The Board of Trustees of the University of Illinois was held in the Chicago Circle Center, Chicago, Illinois, on Thursday, October 13, 1966, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Mr. Ray Page, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Mr. Irving Dilliard and Governor Otto Kerner were absent.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. H. O. Farber, Comptroller; Mr. R. R. Manchester, Treasurer; and Mr. Earl W. Porter, Secretary.

Mr. Clement presented the following:

To ANTHONY JAMES JANATA:

The Board of Trustees of the University of Illinois expresses and records its grateful appreciation of your sixteen years of dedicated service as its Secretary.

With a grace and dignity that is reflected in the personality of this institution, you have served this Board of Trustees as steward, counselor, and friend to all its members. To some of us our personal and professional associations with you embrace the whole of our adult lives. To all of us you have been a symbol of the character of the University, through periods of growth, crisis, and increasing complexity. Nor are we unmindful of the further continuity you have represented during forty-five years of close association with seven of the presidents of the University of Illinois. In this long career, you have brought credit to us and the University in the performance of a multitude of services for which no expression of gratitude can be entirely adequate. We can not look upon your retirement without regret, indeed sadness, but we take satisfaction from our deeply felt realization that the record of accomplishment is clear and bright and that it will always be a significant part of the long history of the University of Illinois.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting, to become a part of the official public record, and that a special copy be prepared and given you as a permanent reminder of the esteem and affection in which you are held by all of us.

Mr. Janata was asked to stand during the reading of the resolution, and the resolution was then adopted by the members of the Board by a standing vote.

Mr. Janata responded briefly, expressing his appreciation of the personal associations he had enjoyed over many years with the Trustees, officers, and other groups related to the University. He stated that he had known during his career a total of seventy-two trustees of the University of Illinois, thirty-six of whom are now living.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

The President of the University asked the Executive Vice-President and Provost to present to the Trustees a report of the fall enrollments of all campuses of the University. Mr. Lanier distributed a report containing this information and the Trustees discussed the report with particular attention to the question of numbers of qualified students who have had to be rejected because of insufficient facilities to accommodate them.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
RALPH ANTHONY BOSCH	Arlington Heights, Illinois	Ohio
FREDERICK LOOMIS NEUMANN	Urbana, Illinois	Connecticut
MARTIN J. ROSEN	Chesterfield, Missouri	Missouri
JOHN J. SPINETTO	Grand Rapids, Michigan	New York

I concur.

On motion of Mr. Johnston, these certificates were awarded.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY

(2) The Committee on Accountancy recommends the appointment of Crane Hauser, a partner in the law firm of Winston, Strawn, Smith & Patterson, Chicago, to the Board of Examiners in Accountancy for a three-year term to succeed Charles W. Davis whose term expired June 30, 1966.

I concur.

On motion of Mr. Swain, this appointment was approved.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A— indefinite tenure; B— two years; D— one year; E— nine months from the beginning of the academic year; G— special tenure; Y— twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

HEADSHIP OF DEPARTMENT OF GEOLOGY, URBANA

- (4) The Dean of the College of Liberal Arts and Sciences at Urbana recommends the appointment of Dr. Fred A. Donath, presently on the staff of Columbia University, as Professor of Geology on indefinite tenure and Head of the Department beginning January 1, 1967, at an annual salary of \$20,000, divided: \$18,000 as Professor of Geology, and \$2,000 as Head of the Department of Geology, on an academic year service basis.

This appointment is to succeed Professor George W. White who asked to be relieved of his administrative duties as Head of the Department as of September 1, 1965. In the meantime, Professor Carleton A. Chapman has been serving and will continue to serve as Acting Head of the Department until January 1, 1967.

Professor Donath was nominated by a search committee,¹ and his appointment is endorsed by the Executive Committee of the College of Liberal Arts and Sciences, the Dean of the Graduate College, and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

OFFICE OF PUBLICATIONS AND OFFICE OF AGRICULTURAL COMMUNICATIONS, COLLEGE OF AGRICULTURE, URBANA

- (5) The Dean of the College of Agriculture recommends changes in administrative organization within his office relating to publications and agricultural communications. Two new offices are proposed: an Office of Publications and an Office of Agricultural Communications.

The new organizational pattern does not involve new programs, nor are any new functions or duties involved. The intent of the changes proposed is to improve the efficiency of present services and facilitate the orderly growth and development of the work of the College in publications and communications.

The Dean of the College of Agriculture further recommends the following appointments: A. W. Janes, presently Editor with the rank of Associate Professor, as Head of the Office of Publications with rank of Associate Professor; and Hadley Read, presently Extension Editor and Professor of Agricultural Extension, as Head of the Office of Agricultural Communications, Assistant Director of the Cooperative Extension Service in Agriculture, and Professor of Agricultural Extension.

The Executive Vice-President and Provost concurs in these administrative changes and appointments.

I recommend approval.

On motion of Mr. Hughes, these recommendations were approved.

COLLEGE OF PHARMACY ADVISORY COMMITTEE

- (6) The Dean of the College of Pharmacy and the Chancellor at the Medical Center campus recommend the appointment of Ned Harris, General Sales Manager of the Geller Drug Company, Chicago, to the College of Pharmacy Advisory Committee for a term ending June 30, 1971. Mr. Harris will replace Mr. Milton S. Prizant of Chicago, whose term has expired.

I concur.

On motion of Mr. Williamson, this appointment was approved.

NEW CURRICULUM PLAN, SCHOOL OF SOCIAL WORK, URBANA

riculum plan for the program of the School at the Urbana campus. It is reported to the Trustees as a matter of information.

Under the present plan, field activity is about equally distributed within the two-year curriculum, students spending two or three days a week in agencies of downstate communities. The new plan calls for the student to spend two sixteen-week semesters, primarily in study on the Urbana campus, followed by thirty-two weeks of field work with appropriate holiday vacations. The entire program would be completed in sixteen months instead of the present twenty months.

It is expected that students will gain greater understanding of basic knowledge during their first year than is now possible. Only minor restructuring of class content is anticipated.

No substantial changes in objectives of the curricula are involved. However, the plan would require year-round operation of the School. Greater efficiency in the cost of field learning operations, in terms of travel and time, is expected to enable the School to double enrollment without increasing field learning resources.

The plan would be effective only for the Urbana program in social work. Although their objectives are similar, the Urbana and Chicago programs will retain the unique qualities brought about by their different environments.

This report was received for record.

CURRICULA AND REQUIREMENTS FOR MASTER'S DEGREES, CHICAGO CIRCLE

(8) In accordance with policies of the Illinois Board of Higher Education, as delineated in *A Master Plan for Higher Education in Illinois*, the Chicago Circle campus has initiated plans for offering the master's degree. The Illinois Board of Higher Education and the Board of Trustees have been informed of these plans and of the intent to propose the initiation of graduate study in September, 1967. During the past two years, several departments have been preparing programs for graduate study at the master's level. The initial step towards the development of these plans was taken in August, 1964, when an office of the University of Illinois Graduate College was established at the Chicago Circle campus. The appointment of an Associate Dean was approved by the Board of Trustees in May, 1965.

Ten programs for the master's degree have been approved by the Graduate College, by the Chicago Circle Senate, and by the appropriate University officers. These are Biological Sciences, Chemistry, English, Geology, German, History, Mathematics, Philosophy, Physics, and Psychology. Requirements for these programs as well as enrollment projections and other relevant information are supplied in the following memorandum. Other programs are under consideration.

The Executive Vice-President and Provost, the Dean of the Graduate College, and the Chancellor of the University of Illinois at Chicago Circle recommend approval of the ten master's degree programs and degree requirements as summarized below. All of the programs and requirements, with the exception of corrections of minor inconsistencies relating to graduate credit, have received approval of the Chicago Circle Senate. The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

Common Requirements for the Master's Degree

With the exception of the form of graduate credit and matters relating specifically to the Urbana-Champaign campus, the requirements of the division of the Graduate College at Chicago Circle are as stated in the 1965-66 edition of the Graduate College catalog. References to Urbana-Champaign are replaced by Chicago Circle. Requirements involving graduate credit have been exactly translated from units to quarter hours as explained below.

Following a recommendation by the Graduate College, the Senate approved the quarter hour as a measure of graduate credit. The requirements for the master's degree in quarter hours are exactly equivalent to requirements in units as stated in the University of Illinois Graduate College catalog, 1965-66. This equivalence is established by noting that one unit is by definition equal to four semester hours. Consequently, the eight-unit minimal requirement for the master's degree is forty-eight hours in the quarter system.

Eighteen of the forty-eight quarter hours must be in courses numbered in the

400 series, and twelve of these eighteen must be in the major field. At least twenty-four quarter hours must be in the major field. The remaining credit may be in that field or in other courses appropriate to the student's educational goals.

No more than eighteen quarter hours of thesis credit may be included in a forty-eight quarter hour program.

The normal program for a full-time graduate student is sixteen quarter hours. The maximum permissible is twenty quarter hours.

The academic work carried by assistants and others on the University staff is limited by statute, and those employed outside the University are expected to reduce their programs of study in accordance with these regulations. The maximum amount of academic work is determined by the terms of employment as follows:

<i>Nature of Appointment</i>	<i>Maximum Registration per Quarter</i>
Full time	4 quarter hours
Three-fourths time	8 quarter hours
Two-thirds time	9 quarter hours
One-half time	12 quarter hours
One-third time	15 quarter hours
One-fourth time	16 quarter hours

Programs for the Master's Degree

The master's degree may be terminal for some students, especially teachers in public schools and junior colleges. For others, the degree will be the first step toward the doctorate. Each program for the master's degree establishes a broad foundation of knowledge for both classes of students. In addition, each program requires an appropriate degree of specialization on the part of the student as described in the summary statements which follow.

Departmental standards for admission and graduation are generally equivalent to those of corresponding departments in Urbana as approved by the Board of Trustees and are therefore not included.

Table I indicates the projected enrollments in the ten programs. Table II shows the graduate faculty standing of members of the departments now seeking to begin graduate programs.

Biological Sciences

The department will offer a Master of Science degree. Areas of specialization are (1) genetics and development; (2) systematics, evolution, and ecology; and (3) physiology and morphology. Each student will be required to be competent in two of the three major areas of specialization and to be familiar with the third. The candidate is urged to achieve competence in at least one modern foreign language and to take work in calculus, statistics, and biochemistry. Students will not receive more than twelve quarter hours credit for thesis research.

Chemistry

The department will offer the Master of Science degree. A core program of courses will provide a solid foundation for all areas of specialization. The areas of specialization are theoretical chemistry, inorganic chemistry, bio-organic chemistry, physical organic chemistry, and experimental physical chemistry. Each student may choose electives from chemistry and from other fields related to his area of specialization. The thesis is optional, and the student may receive up to eighteen quarter hours for thesis research.

English

The department will offer the Master of Arts degree with specialties in English and American literature and linguistics.

Students are required to write a thesis or to submit a series of departmental papers. A reading knowledge of one approved foreign language is required. Sixteen quarter hours may be presented in an approved minor.

Geology

The department will offer the Master of Science degree with the following areas of specialization: (1) crystallography, mineralogy, petrology, and geochemistry; (2) paleontology; (3) oceanography, sedimentology, and sedimentary geochemistry. Each specialty will lean heavily toward interdisciplinary training and cooperation with the faculty from departments such as Biological Sciences, Chemistry, Physics, and others, in line with the newer developments in geologic science.

German

The department will offer the Master of Arts degree with specialties in linguistics and modern grammar; and the literature of the years since 1700. Each student will be required to write a thesis or a departmental master's paper, and he will be expected to complete work in an approved minor area outside the department.

History

The department will offer the Master of Arts degree in the following fields of specialization: early modern Europe, modern Europe, Great Britain, and America (United States), with emphasis on urban studies when appropriate. Each student is required to participate in a research seminar in which he would prepare a master's essay. He must also pass a reading examination in one foreign language relevant to his program of study. A student may, with the approval of the department, take a minor in another field.

Mathematics

The department will offer a program leading to the degree of Master of Arts or Master of Science. The fields of specialization are: (1) pure mathematics: algebra, analysis, geometry, and topology; (2) applied mathematics: differential equations, numerical analysis, the study of special functions, computer science, mathematical physics, as well as applications in a variety of engineering disciplines; and (3) the teaching of mathematics.

Philosophy

The department will offer the degree of Master of Arts. The areas of specialization will be logic, epistemology, philosophy of science, value theory, metaphysics, and history of philosophy. The program in logic will involve cooperation with the Department of Mathematics: students in either department may specialize in logic, and (cross-listed) courses in logic will be offered by members of both faculties.

Students must take one course in each of the following three fields: history of philosophy; theory of knowledge (including logic, philosophy of science, and philosophy of language); and ethics (including value theory). A maximum of sixteen quarter hours of credit is permitted for thesis research.

Physics

The department will offer the Master of Science degree. The student may specialize in theoretical physics, experimental high-energy physics, or molecular spectroscopy and modern optics. Theoretical physics includes nuclear and hyper-nuclear structure, particle physics, quantum field theory, statistical mechanics, and electromagnetic theory. A thesis is required for a maximum of twelve quarter hours.

Psychology

The department will offer the Master of Arts degree in three areas of concentration: general psychology, applied psychology, and developmental psychology. General psychology consists of basic courses in experimental and theoretical psychology and quantitative methods; it is designed as a core for students taking a terminal Master of Arts degree in one of the other areas, or as an introduction to a doctoral program in applied areas, in social psychology, and in the health-related fields. A thesis is required.

On recommendation of Mrs. Watkins, this recommendation was approved.

NAMES OF BUILDINGS AT CHICAGO CIRCLE AND NAMES OF STREETS AT THE MENTAL HEALTH CENTER, URBANA

(9) On September 21, 1966, the Committee on Buildings and Grounds approved proposals for the naming of buildings at the Chicago Circle campus and the naming of streets at the Mental Health Center in Urbana. The actions are reported to the Board now as a matter of record.

The Committee approved the following names of buildings at Chicago Circle: science and engineering office building—Science and Engineering Offices; classroom buildings—Patrick Henry Hall and Adlai E. Stevenson Hall.

The streets concerned are within the Mental Health Center being developed by the University and the Illinois Department of Mental Health. The names approved are those of persons who were instrumental in the development of the state mental health program:

Main entrance drive—Gerty Street (for Dr. Francis J. Gerty, former Head of Department of Psychiatry in the College of Medicine and Director of the Illinois Department of Mental Health)

East drive—Kirk Drive (for Dr. Samuel A. Kirk, Professor of Special Education and of Psychology and Director of the Institute for Research on Exceptional Children, Urbana)

West drive—Griffith Street (for the late Dr. Coleman R. Griffith, former Provost of the University and Professor of Education and of Psychology)

South drive—Bailey Drive (for Dr. Percival Bailey, Distinguished Professor of Neurology and Neurological Surgery, College of Medicine, Emeritus, and Director of Research for the Illinois Department of Mental Health)

On motion of Mr. Pogue, the report of the action of the Committee on Buildings and Grounds was received for record.

At this point, Mr. Page asked to be excused from the meeting.

APPLICATIONS FOR GRANT FUNDS UNDER TITLE I OF THE HIGHER EDUCATION FACILITIES ACT OF 1963

(10) Under the Higher Education Facilities Act of 1963, the United States Commissioner of Education is authorized to grant funds for the construction, rehabilitation, and improvement of academic and related facilities. The requirements of the Department of Health, Education, and Welfare for the submission of applications for grants under the Act necessitate the adoption of a formal resolution by the Board authorizing the filing of applications and designating the person to act on behalf of the University in connection therewith.

It is recommended that the Board of Trustees of the University of Illinois adopt the resolutions submitted herewith authorizing the filing of three applications and one supplemental application for grants for the following projects and designating James E. Osborn, Business Manager at Chicago Circle, as the officer authorized to file the applications on behalf of the University for construction at Chicago Circle, and H. O. Farber, Comptroller of the Board, as the officer authorized to file the applications on behalf of the University for construction at Urbana-Champaign.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES, URBANA

(11) The Committee on Nonrecurring Appropriations, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend the following appropriations for the Urbana-Champaign campus:

From the Urbana-Champaign General Reserve

College of Liberal Arts and Sciences	
Department of Geology, equipment.....	\$ 32 850 00
Renovation and remodeling for which funds are assigned to the Physical Plant Department:	
A portion of the cost to remodel in the Natural History Building for the Department of Geology (teaching and research space)....	83 000 00
<i>Total, Urbana-Champaign General Reserve.....</i>	<i>\$115 850 00</i>

From Contract Research Reserve

College of Liberal Arts and Sciences	
Department of Geology, research equipment.....	\$ 77 001 00
Library	
Library Additions, supplementary funds.....	50 000 00
Renovation and remodeling for which funds are assigned to the Physical Plant Department:	
Balance of the cost to remodel in the Natural History Building for the Department of Geology (research space and teaching)	136 000 00
Remodeling in the Animal Sciences Laboratory for advanced graduate teaching and research.....	16 440 00
Remodeling the unfinished basement in the Coordinated Science Laboratory to provide laboratory and working space.....	20 495 00
Remodeling in Noyes Laboratory for the Department of Physiology and Biophysics for graduate and research work.....	13 500 00
Remodeling in Noyes Laboratory for research work for the Department of Microbiology.....	27 030 00
<i>Total, Contract Research Reserve.....</i>	<i>\$340 466 00</i>
<i>Grand Total.....</i>	<i>\$456 316 00</i>

I concur.

On motion of Mr. Jones, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

APPROPRIATION BY THE ATHLETIC ASSOCIATION

(12) The Board of Directors of the Athletic Association approved an appropriation of \$29,640 to provide funds to cover the cost of preparing plans and specifications for the Addition to the Press Box at Memorial Stadium.

Confirmation of this appropriation is requested.

On motion of Mr. Swain, the action of the Board of Directors of the Athletic Association was confirmed.

REQUEST THAT ILLINOIS BUILDING AUTHORITY CONTRACT FOR CONSTRUCTION OF LIBRARY AIR CONDITIONING CENTER, URBANA

(13) On September 14, 1966, the Illinois Building Authority received bids for all work for the construction of the Library Air Conditioning Center at the Urbana campus. The Center will serve the Undergraduate Library and the proposed Psychology Building. The lowest bidder is George S. Walker Plumbing & Heating, Inc., Decatur, with a low bid of \$342,788. Eight other proposals were received, with bids ranging from \$349,645 to \$422,145. The lowest bidder is deemed fully qualified and has performed satisfactorily under contract with the University in the past.

The project is one which the Board of Trustees on September 22, 1965, requested the Illinois Building Authority to provide. The Authority will finance construction and lease the facilities to the University for rental payments for which state appropriations are available.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to award a contract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to contract with George S. Walker Plumbing & Heating, Inc., Decatur, for the total work for the construction of the Library Air Conditioning Center at the Urbana-Champaign campus at the total cost of \$342,788.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, assignment, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT WITH CITY OF CHICAGO FOR WATER MAIN RELOCATION

(14) On March 16, 1966, the Trustees authorized the city of Chicago, acting through its Department of Water and Sewers, to relocate and extend water mains to serve the Science and Engineering Staff Office Building, the Library, and the Architecture and Art Laboratories, all part of Phase II construction, Chicago Circle, at an estimated total cost of \$44,948.70.

As these projects are being financed and constructed by the Illinois Building Authority, it has been subsequently concluded that the cost of relocating and extending the water mains to serve these buildings should properly be paid for by the Illinois Building Authority.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to assume the University's obligation to pay the city of Chicago for the above-described work.

I concur and recommend adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to procure from the City of Chicago, a municipal corporation, acting through its Department of Water and Sewers, the total work of the relocation and extension of water mains to serve the Science and Engineering Staff Office Building, Library, and Architecture and Art Laboratories at Chicago Circle, Phase II, at an estimated total cost of \$44,948.70.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, assignment, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

ASSIGNMENT OF CONSULTANT CONTRACT TO THE ILLINOIS BUILDING AUTHORITY

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize the assignment of the contract with Waldron Associates, Inc., Haddonfield, New Jersey, to the Illinois Building Authority.

The firm was employed by the Board at its meeting on April 20, 1966, for critical path scheduling services for construction of Chicago Circle campus, Phase II. Inasmuch as this work is being financed and constructed by the Illinois Building Authority in accordance with an act of the Seventy-fourth General Assembly of Illinois declaring this project to be in the public interest, it is desirable that the contract be assigned to the Illinois Building Authority.

I concur in the recommendation.

On motion of Mr. Hughes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

CONTRACTS FOR AIR CONDITIONING ADMITTING CLINIC. GENERAL HOSPITAL BUILDING

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of contracts for air conditioning Admitting Clinic, General Hospital Building, at the Medical Center campus, the award in each case being to the lowest bidder:

Heating, Refrigeration and Temperature Controls—Hedmark Heating Company, Inc., Glen Ellyn.....	\$ 9 668 00
Ventilation—Hedmark Heating Company, Inc., Glen Ellyn.....	3 660 00
Plumbing—Peter H. Smith Company, Chicago.....	3 248 00
Pipe Covering and Insulation—Chicago Asbestos Manufacturing Company, Chicago	655 00
Electrical—Casey Electric Service Company, Chicago.....	2 250 00
General—Mutual Contracting Company, Chicago.....	2 510 00
	<u>\$21 991 00</u>

Funds for this work are available from an appropriation approved by the Board of Trustees on June 16, 1965.

Submitted herewith is a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones,

Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

ADDITION TO CONTRACT FOR CONSTRUCTION OF COORDINATED SCIENCE LABORATORY, PHASES III AND IV, URBANA

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of \$14,217.34 in the contract with Johnson, Drake & Piper, Incorporated, Terre Haute, Indiana, for construction of the Coordinated Science Laboratory, Phases III and IV. This increase is to provide an additional air conditioning and humidity control system required for the installation of a computer.

Funds are available in the project budget.

I concur.

On motion of Mrs. Watkins, this change in contract was authorized.

ADDITION TO CONTRACT FOR CONSTRUCTION AT CHICAGO CIRCLE CAMPUS, PHASE II

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to authorize an increase of \$51,591 in the contract with Gust K. Newberg Construction Co., Chicago, for construction of the Chicago Circle campus, Phase II. This increase will make possible the installation of revolving doors on two floors of the Library as originally planned. The installation had been eliminated due to the lack of funds available. Since the award of the construction contracts, federal grants have been received and funds are now available for this work.

I concur.

On motion of Mr. Johnston, this change in contract was authorized.

EMPLOYMENT OF SARGENT & LUNDY FOR ENGINEERING SERVICES FOR MODIFICATIONS IN THE STEAM DISTRIBUTION SYSTEM, URBANA

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize a contract with Sargent & Lundy, Chicago, for the preparation of plans and specifications for modifications in the steam distribution system on the Urbana campus. The modifications proposed will allow the system to handle an increase in steam pressure from 50 pounds per square inch to 150 pounds per square inch. The work will consist of collection of data and preparation of specific plans for each of the approximately two hundred buildings on the campus and in the underground steam distribution system.

The firm will provide the services at actual costs of engineering and drafting personnel plus 50 per cent plus a fixed fee charge of 2 per cent of the actual cost of construction, and if a resident engineer is required, the firm will provide personnel at actual salary or wages plus 35 per cent.

Funds are available from state capital appropriations to the University for 1965-67 and have been released.

I concur.

On motion of Mr. Swain, this recommendation was approved.

EASEMENT TO ILLINOIS BELL TELEPHONE COMPANY

(20) The Vice-President and Comptroller recommends that the Illinois Bell Telephone Company be granted an easement for the construction of an underground telephone cable over road right-of-way only and bordering Weber Farms Nos. 4 and 5 located in Waltham Township, La Salle County, Illinois, and that the following resolution be adopted.

Resolution Granting Easement Over Road Right-of-Way Only and Bordering Weber Farms Nos. 4 and 5, Located in Waltham Township, LaSalle County, Illinois

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this Corporation be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract or other document or documents as to them may

seem necessary or desirable in order to grant to Illinois Bell Telephone Company, an Illinois Corporation hereinafter referred to as "Company", its successors and assigns, the right and easement to construct, operate, patrol and maintain its communication lines including the necessary underground cables, wires, conduits, splicing boxes, surface terminals, markers and appurtenances upon, under and across the land hereinafter specifically described which said land is included in the public highway, to form a part of a communication system to be owned by the said Company in LaSalle County, Illinois, to other lands and structures located beyond the land hereinafter described, and with the right of access to the said land hereinafter described. Company shall agree to repair any damage caused to property of this Corporation by the construction, reconstruction, operation, patrolling, maintenance, renewal or removal of said telephone communications cable, and to indemnify the University and its representatives and tenants from liability in connection with its activities; the term of said easement to be for such period as the easement may be used for the above-described purposes, but upon the discontinuation of use of or abandonment of said telephone communications cable, said easement to thereupon cease and determine without necessity of re-entry or demand; the rights and easement granted to be limited to the extent that this public corporation has the present right and capacity to grant the same. The right-of-way easement shall be over the following-described property:

Situated in the State of Illinois, the County of LaSalle, and only on the road right-of-way bordering lands described as follows:

On road right-of-way bordering on the West side of the Northwest Quarter (NW ¼) and the North One-half (N ½) of the Southwest Quarter (SW ¼) of Section 27, Township 34 North, Range 2 East of the Third Principal Meridian (3rd P.M.).

On motion of Mr. Swain, this resolution was adopted. Mr. Hughes asked to be recorded as not voting.

LEASE OF SPACE IN ILLINI TOWERS, CHAMPAIGN

(21) The Director of the Physical Plant, the Vice-President and Comptroller, and the Executive Vice-President and Provost recommend that the Board request the University of Illinois Foundation to lease the second and third floors of the Illini Towers Residence Hall project (located at Fifth and Chalmers Streets, Champaign) at an annual rate of \$26,500 per floor (or \$53,000 for both). The lease would be for the period extending to June 30, 1971, with an option to renew until 1975 at an annual rate of \$60,000 for both floors per year, plus an adjustment of not more than \$1,000 for possible real estate tax increases. The Foundation would sublease this space to the University at the rate indicated on a biennial basis. The third floor will be available for occupancy on or about January 1, 1967, and the second floor will be ready for occupancy by the University on or about September 1, 1967. Rental payments will start at the time possession is delivered to the University.

This space, which is under construction, will be completed by the owner in accordance with University requirements for office space. After completion, it will be used by the Office of International Programs, the Office of the Campus Director for programs supported by the Agency for International Development, the Office of the University Dean of Admissions and Records, and other University offices.

Funds for rental and operation until June 30, 1967, are available in the Physical Plant budget from funds which were previously appropriated for the operation of new buildings, but which are not needed because of delays in completing schedules. Funds required thereafter will be requested in the budget of the Physical Plant Department on an annual basis.

I concur.

On motion of Mr. Jones, this recommendation was approved.

LICENSING AGREEMENT, DISCOVERY BY DR. SOL SPIEGELMAN

(22) The Board of Trustees, in approving the transfer to the University of Illinois Foundation of a discovery by Dr. Sol Spiegelman, Professor of Microbiology, has requested that any licensing agreements be approved by the University Board of Trustees. (The discovery is commonly described as "Virus-Induced Replicase Systems.")

The Foundation has now proposed that Eli Lilly and Company of Indianapolis, Indiana, be given an option to obtain an exclusive license. The option will extend for three years, with the right to extend this period for an additional year. The license will be limited to a period of three years from the time any product which Lilly may develop as a result of the discovery is placed on the market. The license will extend to the United States and certain foreign countries.

In return for this option, Eli Lilly agrees to make a down payment which will cover the costs of filing specified foreign patent applications and, in addition, a monthly payment so long as the option is in effect.

Dr. Spiegelman is in agreement with this arrangement. The Vice-President and Comptroller recommends approval of the proposal.

I concur.

On recommendation of Mr. Swain, this recommendation was approved.

PURCHASES

(23) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President's Office.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Purchases Recommended	\$113 225 59
<i>From Institutional Funds</i>	
Purchases Authorized	46 121 81
Purchases Recommended	319 043 08
	<u>\$365 164 89</u>
<i>Grand Total</i>	\$478 390 48

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases authorized by the President's Office were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(24) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

ANTITRUST LITIGATION

(27) On October 7, 1964, suit was filed on behalf of the University in the Federal District Court in Chicago (Case No. 64C 1708) against certain manufacturers of metal library shelving who had been defendants in an earlier federal antitrust proceeding. On May 19, 1965, the Board authorized settlement with one of the defendants.

Settlement negotiations have been proceeding with certain other defendants and a settlement offer has been received from three defendants (Globe-Wernicke Industries, Inc., W. R. Ames Co., and Hamilton Manufacturing Company) in the total amount of \$32,000, representing approximately 25 per cent of the University's purchases from that group during the period in question. The offer to the University is contingent upon acceptance of similar settlement offers made by these defendants to certain state governments (including Illinois) and other educational institutions. The Vice-President and Comptroller and the Legal Counsel regard the offer in settlement as reasonable and recommend it be approved and authorized by the Board. They further recommend that the Comptroller and the Secretary be authorized to execute and deliver such documents and papers as may be necessary and desirable to effectuate the settlement.

I concur.

On motion of Mr. Johnston, these recommendations were approved.

PROPOSED CONSTRUCTION OF THE OAKLEY DAM

(28) The Committee on Buildings and Grounds of the Board of Trustees of the University has given serious consideration to the proposal by the Corps of Engineers to construct a dam at Oakley sufficiently high to provide a permanent pool of water at the 636 foot level. Considerable analysis has been provided by the administration and staff. The concern throughout the discussions has been to assess the effect of this proposal on Robert Allerton Park and Allerton Farms and to measure carefully the Board's dual responsibilities to a significant area of teaching and research and to a question of broad public policy.

The University, in accepting the gift from Mr. Robert Allerton, did so with the intention of maintaining and preserving the woodland property for educational and research purposes, as well as for a public park. With this assurance of continuity, seven faculty members developed research programs in the Park. Two of these staff members have scientific data extending over twenty years. Some twenty-one courses in six different departments (and involving several hundred students) require field trips to the Park for teaching purposes. Graduate students have used the area for research projects for advanced degrees. For instance, fifteen students have earned Master of Science degrees by research in one of the twenty-year projects mentioned above.

The proposed pool will result in the flooding of approximately 600 acres of the woodland area, plus an additional 200 acres that might be flooded during periods of high water levels. Removing this acreage from the Park area will discourage any further serious interest of biologists in the Park and terminate research projects which have been based upon past studies. There is no way to replace the areas for such studies because of the lack of prior statistics.

In addition, the permanent or conservation pool may come to within two to four feet of the road surface from Monticello to the Allerton House. The road would have to be raised and rebuilt. The flood pool elevation proposed at 654 feet will place the bridge crossing the Sangamon River in Allerton Park eleven feet

under water. Some 123 acres of the Allerton Farms will have to be sold. It is possible that the out-flow of the Farms' tile drains may be affected by the new levels, which would cause additional damage to crop production. There is also a tract of approximately 150 acres which was deeded to the University and which is used as forestry area. At least 90 per cent of this tract will be covered by the new levels of the Oakley Dam and Reservoir. All of these physical alterations are items for which the University can be, and it is assumed will be, reimbursed.

At the same time, the Trustees understand the importance of improving the water supply for Decatur. They realize, also, the importance of providing additional recreational areas in Illinois. These purposes are matters of broad public concern, and public property is involved. Therefore, while the Trustees feel their responsibility to state clearly the damaging effects of the proposed construction upon the University's programs, they do not believe that they are in a position to insist that the University's special interests should prevail over the wider public interests involved. It is indeed regrettable that an engineering solution to the problem could not have been found, in order to avoid the destruction of the University's valuable educational facility at Robert Allerton Park, while at the same time providing the benefits sought for the general public.

On motion of Mr. Pogue, this report was accepted and approved as a statement of position.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

FUTURE BOARD MEETINGS

President Clement called attention to the dates for the next three meetings of the Board to be held: November 10, 1966, in Urbana, and December 8, 1966, and January 12, 1967, in Chicago.

FINANCE COMMITTEE

The meeting of the Finance Committee previously called for October 27, 1966, in Chicago, was changed to November 9, 1966, in Urbana.

DEGREES CONFERRED IN SEPTEMBER AND OCTOBER, 1966

The Secretary presented for record the following lists of degrees conferred on candidates at the Medical Center on September 2, 1966, and on candidates at Urbana-Champaign on October 15, 1966, in accordance with the authorization of the Board.

RESIGNATIONS, DECLINATIONS, AND CANCELLATIONS

- ALBRIGHT, ELSIE F., Instructor in Medical Social Work, College of Medicine—resignation effective September 10, 1966.
- BREIDENSTEIN, BURDETTE C., Associate Professor of Animal Science (Urbana)—resignation effective September 15, 1966.
- CONNOR, AUDLEY F., JR., Assistant Professor of Health Science and Staff Physician in the Health Service (Chicago Circle)—resignation effective October 1, 1966.
- CORNELL, HARRISON K., Assistant Editor with rank of Instructor in Veterinary Medicine (Urbana)—resignation effective September 12, 1966.
- DAY, H. SUMMERFIELD, Supervising Architect (Chicago Circle)—resignation effective October 16, 1966.
- FARRIS, R. E., Research Associate in Ceramic Engineering (Urbana)—cancellation effective September 1, 1966.
- FIELD, MRS. HOLLY, Instructor in Speech Correction, Department of Otolaryngology, College of Medicine—resignation effective September 15, 1966.
- GRABOWSKI, MRS. CATHLEEN, Staff Pharmacist in Manufacturing Pharmacy, College of Pharmacy—resignation effective October 2, 1966.
- GRIMES, D. MICHAEL, Research Engineer in Civil Engineering (Urbana)—cancellation effective September 1, 1966.
- HEYNE, PAUL T., Assistant Professor of Marketing (Urbana)—resignation effective September 1, 1966.
- KAPLAN, MRS. ETHEL K., Instructor in English (Urbana)—declination effective September 1, 1966.
- NOSKER, HERBERT D., Assistant Extension Editor with rank of Assistant Professor of Agriculture (Urbana)—resignation effective October 1, 1966.
- PICACHE, URSULA, Cataloger, with rank of Instructor, in the Library (Urbana)—declination effective September 1, 1966.
- SMITH, CEDRIC M., Professor of Pharmacology, College of Medicine—resignation effective October 1, 1966.
- STEINER, WILLIAM G., Instructor in Electrical Engineering (Urbana)—resignation effective September 1, 1966.
- STONE, ARTHUR, Instructor in Operative Dentistry, College of Dentistry—declination effective September 1, 1966.
- SWANDA, JOHN R., JR., Student Activities Adviser in the Housing Division and Assistant Dean of Men (Urbana)—resignation effective September 1, 1966.
- TERRAS, VICTOR, Professor of Russian, Department of Slavic Languages and Literatures (Urbana)—resignation effective September 1, 1966.
- THOMPSON, M. N., Research Associate in Physics (Urbana)—resignation effective October 1, 1966.
- TOMITA, GIITI, Research Associate in Botany (Urbana)—resignation effective September 1, 1966.
- WEAVER, LELLAND A., Instructor in Electrical Engineering (Urbana)—declination effective September 1, 1966.

LEAVES OF ABSENCE

- BECKETT, GRACE, Associate Professor of Economics (Urbana)—leave of absence, without pay, for the academic year 1966-67, due to family illness.
- JOHNSTON, BEN B., JR., Associate Professor of Music (Urbana) and Associate

Member of the Center for Advanced Study — leave of absence, without pay, 71 per cent of academic year 1966-67.

PETERS, DOLY B., Associate Professor of Soil Physics, Department of Agronomy, in the Cooperative Extension Service in Agriculture and Home Economics (Urbana) — leave of absence, without pay, for one year from September 1, 1966.

CANCELLATION OF LEAVE OF ABSENCE

REISNER, RALPH, Assistant Professor of Law (Urbana) — leave of absence, without pay, for Semester I 1966-67, is hereby cancelled.

RECESS AND EXECUTIVE SESSION

President Clement stated that an executive session had been requested and was being ordered for consideration of reports and recommendations relating to patentable inventions and property acquisition.

On motion of Mrs. Watkins, the Board recessed.

When the Board reconvened, the same members of the Board, officers of the Board, and officers of the University as recorded at the beginning of these minutes were present, except Mr. Ray Page.

The Board considered the following reports and recommendations from the President of the University.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(29) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to patentable inventions:

1. Neutralization of biological toxins — Sol Roy Rosenthal, Director of Institution for Tuberculosis Research, at the Medical Center, inventor. This is a phenomena wherein the lethal effects in mice of fractions of burned skin are inhibited by other fractions of the same skin.

It is recommended that this invention be released to the inventor, subject to full recognition of the rights of the United States Navy, the sponsoring agency.

2. Preservation of enamel by use of dichloro-s-triazinyl and polyfunctional aziridinyl compounds in polycondensation reaction — Philip P. Goland, Research Associate in Orthodontics, at the Medical Center, inventor. This is a system produced by the chemical bonding of dichloro-s-triazinyl and polyfunctional aziridinyl (ethylenimine) derivatives in polycondensation reaction with various receptor sites in dental enamel.

It is recommended that this invention and supplemental ideas be released to the University of Illinois Foundation for study, development, and possible filing of patent applications, subject to the rights of the United States Government.

3. Preparation of stabilized derivatives of animal and plant origin by condensation reaction with halo-s-triazines — Nicholas G. Grand, Professor of Oral Pathology, and Philip P. Goland, Research Associate in Orthodontics, at the Medical Center, inventors. This is a system produced by the chemical bonding of halo-s-triazines, such as cyanuric chloride, chloro-s-triazine dyes and related colorless compounds with various organic agents, materials, and substrates.

It is recommended that this invention and supplemental ideas be released to the University of Illinois Foundation for study, development, and possible filing of patent applications, subject to the rights of the United States Government.

4. Human learning recorder — Jerome S. Allender, formerly in the Office of Research in Medical Education, and George Luhr, Director of the Physiology Instrument Shop, at the Medical Center, inventors. This is an electromechanical instrument for presenting programmed teaching materials and for recording data on the progress of a student using such materials; its novelty lies in the particular components, the arrangement, the reliability, and the relative inexpensiveness of the components that were used.

It is recommended that the rights of the University be released to the inventors with full recognition of the rights of the United States Government.

5. Soil-gas emanation measurement system used for radon-222 — John E. Pearson, Professor of Nuclear Engineering, of Civil Engineering, and of General

Engineering, at Urbana, inventor. A radon-222 collection system, consisting of a pump, traps to remove water, carbon dioxide, and radon-222 and a flow meter was modified for use in determining release of radon-222 gas from soil. Modification included addition of the gas collection device, replacement of a wet test meter by a rotometer to determine flow, and the arrangement of the apparatus so that the gas collector was located in the system where its internal pressure was approximately that of the atmosphere.

It is recommended that the rights of the University be released to the inventor with full recognition of the rights of the United States Government.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

**PURCHASE OF PROPERTY AT 1006-1008 WEST
CALIFORNIA AVENUE, URBANA**

(30) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees request the University of Illinois Foundation to purchase the property at 1006-1008 West California Avenue, Urbana, at a price of \$44,000, and lease the property to the University at a rental adequate to pay the interest on a bank loan to the Foundation to finance the purchase until the University has funds for its acquisition. This property is adjacent to the Krannert Center for the Performing Arts and is required for future expansion of the University.

The property is improved with a two-story dwelling with basement on a lot 60 feet x 150 feet (9,000 square feet).

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Governor Kerner, Mr. Page.

On motion of Mr. Swain, the Board adjourned.

EARL W. PORTER
Secretary

HOWARD W. CLEMENT
President

A. J. JANATA HONORED AT LUNCHEON

The Trustees met for luncheon with the President and other officers of the University and took occasion to honor the former Secretary of the Board, Mr. A. J. Janata. Each of the Trustees present rose to make a personal expression of affection and respect for Mr. Janata, who then responded briefly.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

November 10, 1966

The November meeting of The Board of Trustees of the University of Illinois was held in the Illini Union, Urbana, Illinois, on Thursday, November 10, 1966, beginning at 10:00 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Mr. Ray Page, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor Otto Kerner was absent.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Vice-President Eldon Johnson; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Glenn Terrell, Dean of Faculties, University of Illinois at Chicago Circle; Mr. James B. Holderman, Assistant to the Chancellor, University of Illinois at Chicago Circle; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer; Mr. H. O. Farber, Comptroller; and Mr. Earl W. Porter, Secretary.

MINUTES APPROVED

The Secretary presented the minutes of the meetings of the Board of Trustees of May 18 and June 15, 1966, press proof copies of which have previously been sent to the Board.

On motion of Mr. Johnston, these minutes were approved as printed on pages 1161 to 1284, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

BIENNIAL OPERATING BUDGET FOR 1967-69

(1) Submitted herewith is the biennial operating budget for 1967-69, being the estimates of state appropriations required by the University during the biennium. These budget estimates have been prepared by the Executive Vice-President and Provost and the Vice-President and Comptroller in consultation with the University Budget Committee,¹ with the deans, directors, and with other administrative officers concerned. The University Council has also been consulted.

I recommend approval of these budget estimates by the Board of Trustees for filing with the State Department of Finance, as required by law, and for presentation to the state administration, the Board of Higher Education, and other state agencies involved in budget considerations.

The complete budget as printed below was sent to all members of the Board a week prior to today's meeting. It had also been studied by the Finance Committee (with other Trustees participating) in consultation with the President of the University and other University officers in special works sessions.

Following presentations by the President and the Executive Vice-President and Provost and further discussion, on motion of Mr. Williamson, Chairman of the Finance Committee, the budget was approved and the President of the University was authorized to file it with the State Department of Finance; and for presentation to the state administration and all other state agencies involved in budget procedures; and the President of the Board, the Chairman of the Finance Committee, and the President of the University were authorized to represent the Board of Trustees in conferences with the state administration and other state agencies concerned.

This action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

¹ The University Budget Committee for 1966-67. *Ex Officio Members*: Lyle H. Lanier, Executive Vice-President and Provost, Chairman; H. O. Farber, Vice-President and Comptroller; N. A. Parker, Chancellor at Chicago Circle; J. S. Begando, Chancellor at the Medical Center; Daniel Alpert, Dean of the Graduate College.

From the Senates: I. E. Farber, Professor of Psychology and Head of the Department, Chicago Circle; N. J. Cotsonas, Professor of Medicine, College of Medicine, Medical Center; Wylie H. Davis, Professor of Law, Urbana.

From the Faculty at Large: H. E. Carter, Professor of Chemistry and Head of the Department of Chemistry and Chemical Engineering, Urbana; N. M. Newmark, Professor of Civil Engineering and Head of the Department, Urbana; G. W. White, Professor of Geology, Urbana.

Staff Associates: M. L. Zeigler, Associate Provost and Director of Institutional Studies; M. S. Kessler, Assistant Comptroller.

BIENNIAL BUDGET REQUEST FOR OPERATIONS, 1967-69**I. Summary of Biennial Budget Request for Operations, 1967-69****Objectives**

The request of the University of Illinois for increases in appropriations for 1967-69 reflects several major needs and objectives:

1. To continue ongoing programs and commitments at the higher cost levels expected in 1967-69. Especially important will be the improvement of faculty salaries so as to bring them closer to parity with the salary scales of universities comparable in national stature and competitive with the University of Illinois for the limited supply of outstanding teachers and scholars.
2. To increase enrollment at all three campuses to the limits dictated by the facilities and other available resources—with increasing emphasis upon junior-senior, graduate, and professional levels. A biennial increase of some 5,000 students is projected.
3. To make critically-needed improvements in several areas that have been chronically handicapped by inadequate support.
4. To inaugurate graduate study at the Chicago Circle campus—with a view particularly to increasing the supply of college teachers and of other professional graduates.
5. To expand existing educational and research programs—and to add new ones—focused upon important state, national, and international problems—such as urban improvement, teacher education, health care, and Asian studies.
6. To expand certain research and public-service programs for which the University acts for the state as an administrative agency.

Procedure in the Preparation of the Biennial Budget Request

In developing estimates of the funds needed to meet the objectives outlined above, the format and the classification system recommended by the staff of the Illinois Board of Higher Education have been followed. Furthermore, the guidelines and formulae developed by the Board's staff in consultation with the Budget Formula Committee (composed of representatives of the several state universities) have been used in calculating the major portion of the increases requested, including funds for the Retirement System, salary adjustments, increased enrollments, operating costs of new buildings, and price increases. In the case of salary adjustments, supplemental funds are requested for the special reasons stated in a later section of this document.

The guidelines and formulae were reviewed by the University Budget Committee, and it was concluded that with the exception just noted the University could use these procedures in the preparation of its 1967-69 budget request—with the understanding that a careful evaluation of the adequacy of the support levels provided would be made during the coming biennium and that changes would be recommended as experience might dictate.

In addition to the increases noted above, departments and other administrative units were invited to submit estimates of budget increases needed for the following purposes: organized research, extension and public service, funds to offset deficiencies in support for current operations, major improvements in existing programs, and new programs. These requests were reviewed carefully by the University Budget Committee, and a selected list of high-priority items was recommended to the President for inclusion in the 1967-69 budget request.

In accordance with the University's *Statutes*, the University Council was consulted by the President concerning the budget proposals included in this document, and the Council gave its approval to them.

Biennial Budget Request for Operations, 1967-69 (Schedule A)

A summary of the biennial appropriations requested for 1967-69 is shown in Schedule A on the following page. The first section shows the biennial appropriation for 1965-67, totaling \$214,463,662—with a break-down by sources of funds and for the two years of the biennium.

The next section (Section B) shows the budget increases requested to meet higher costs of operations anticipated in 1967-69. The total for such increases is \$56,479,592. To this figure must be added the sum of \$10,805,182—described as "Biennial Overlap" in Schedule A—in order to derive the total amount by

which the 1965-67 appropriation would have to be increased (67,284,774) to give the total budget requested for 1967-69. The latter amount is shown as \$281,748,436 in Schedule A.

The total appropriation requested for 1967-69 is approximately 31 per cent above that for 1965-67. This percentage is to be compared with the increase of 29 per cent in the appropriation requested two years ago for 1965-67 as compared to that for 1963-65.

Special attention is called to the fact that some \$21,400,000 of the total requested budget would be provided from University income—an increase of \$3,300,000 above the amount of University income included in the appropriation for 1965-67. Almost \$2,000,000 of this amount represents an increase anticipated in the income from fees charged by the Research and Educational Hospitals during the next biennium. It will be noted later that the substantial increase in funds requested for the operation of the Hospitals during 1967-69 will be largely offset by the increased income.

Analysis of Budget Increases Requested (Schedule B)

In order to provide a more detailed summary of the budget increases requested for 1967-69, Schedule B has been prepared. It includes the budget categories listed in Section B of Schedule A, showing for certain of them breakdowns by campuses and, in certain cases, by projects within each campus. Schedule B begins below.

It should be noted again that the estimates presented for Items 2 (Statutory Increases), 3 (Salary Adjustments), 4 (Increased Enrollments), 5 (Operating Costs of New Buildings), and 6a (Price Increases) were computed in accordance with recommendations made by the staff of the Illinois Board of Higher Education in consultation with the Budget Formula Committee. The only modification occurs in the case of salary adjustments, as noted in Schedule B.

The explanation and justification for the supplemental salary adjustments, and for all of the other items shown in Schedule B, are presented in the second part of this document, which begins on page 219 under the following heading: "II. Explanation of Increases Requested in Section B of Schedule A."

II. Explanation of Increases Requested in Section B of Schedule A

The numbers and titles of the seven categories included in Section B of Schedule A are used as headings for the discussions that follow, in order to preserve the recommended format and to maintain agreement as regards amounts of funds between this discussion and Schedules A and B. To some extent, this procedure will result in some fragmentation of requests for colleges and campuses, as well as artificial separation of requests that might better be combined. For example, the improvements recommended for the College of Medicine are classified partly under "6c. Organized Research," "6e. Other Specific Items," and "7. New Programs and Major Improvements." Although these projects can be evaluated independently, there are general interrelations among some of them such that they would be better understood and appreciated if viewed as a totality.

B1. ADJUSTMENTS TO BASE BUDGET

As Schedule A shows, no adjustments to the University's base budget are necessary because of deficiencies, averages, or underenrollment—under the guidelines developed by the staff of the Board of Higher Education.

B2a. RETIREMENT SYSTEM CONTRIBUTIONS..... \$5 345 200

This is the only increase requested by the University of Illinois within the general category of "Statutory Increases." The amount has been calculated by the University Retirement System so as to reflect the funds needed for the benefits provided under State law, including reserve requirements.

The State Universities Retirement System provides disability and retirement benefits to all permanent staff members and employees of the University, to those

of all other state institutions of higher education, and to staff members of related organizations. Each participant contributes to the System, and the University's share of the cost is included regularly in its biennial appropriations.

B3. SALARY ADJUSTMENTS \$19 954 992

The University's staff is classified into two categories: *academic* (faculty members and certain groups of administrative and technical personnel) and *non-academic*. The salary-increase funds requested for these two groups, by fiscal year and in total biennial amounts, are as follows:

	Annual Increases		Biennial Total
	1967-68	1968-69	
Academic Staff			
Formula Amount.....	\$4 241 238	\$4 558 527	\$13 041 003

Nonacademic Staff			
Formula Amount.....	1 887 622	1 993 356	5 768 600

Subtotal, <i>Nonacademic</i>	(\$1 937 821)	(\$2 048 984)	(\$ 5 924 626)
Total.....	\$6 492 812	\$6 969 368	\$19 954 992

The items described by the term "Formula Amount" were derived from calculations made in accordance with the recommendations of the staff of the Board of Higher Education in consultation with its Budget Formula Committee — as already noted. Although these sums would provide most of the funds estimated by the University to be needed for salary-rate increases in 1967-69, supplemental amounts are requested for both academic and nonacademic salary increases — for the reasons given below.

Academic Salary Increases. The amounts calculated under the formula should provide salary increases roughly comparable to those prevailing on the average for college faculties throughout the country in 1965-66. As reported by the American Association of University Professors, average faculty compensation in 1965-66 was 7.3 per cent higher than in the preceding year. The funds provided under the formula would permit an average increase in University salaries of approximately 7.5 per cent for 1967-68 above the average for 1966-67.

In addition to the "keep-up" increment that would be provided by the formula, the University needs to have a "catch-up" addition to faculty salaries if it is to make any progress toward its objective of bringing its salary levels into closer relationship to its national standing among universities in this country. This general objective is substantially identical with the policy stated in Recommendation 15 of the Master Plan adopted by the Illinois Board of Higher Education, which reads as follows:

"15. Salaries and perquisites of faculty members at the several state-supported colleges and universities be kept high enough to compete for staff with other institutions having educational, service, and research programs of similar breadth, level, and quality. The salaries and fringe benefits offered by industry to persons also qualified for college teaching or research be taken into consideration in arriving at competitive salary levels."

As a step towards achieving these general goals defined by the Master Plan, the University of Illinois has selected a comparison group of eight other institutions: University of California, Cornell University, Indiana University, University of Michigan, University of Minnesota, Northwestern University, Stanford University, and the University of Wisconsin. In the preparation of its salary-increase request for the 1965-67 biennial budget, the University's average salary for regular faculty members at each of the four regular academic ranks was compared with those of these eight institutions. As shown in Schedule C on the following page, it was found that in 1964-65 the University's standing among the nine institutions (including the University of Illinois) was as follows: full professor, seventh; associate professor, eighth; assistant professor, eighth; instructor, eighth. Its stated goal for 1965-67 faculty salaries was to increase the University's average for each rank to the median for the group of nine institutions.

The figures in Schedule C for 1965-66 show that although the University did make a gain of one position in the rank order for full professors and assistant professors, its relative position for associate professors was not improved. For instructors, there was a gain from eighth to fifth position, but this has relatively little significance since only a small proportion of faculty members are at this rank, and the number grows smaller each year.

Salary comparisons have also been made between the University's averages for the four academic ranks and those of thirty institutions (including the University) which award the highest number of Ph.D. degrees. Among these thirty institutions, for 1965-66, the University ranked fifteenth in average salary for full professors, twenty-second for associate professors, seventeenth for assistant professors, and thirteenth for instructors.

Inasmuch as the University of Illinois has regularly been ranked among the top *ten* universities in this country in quality as a graduate and research institution, it seems reasonable to argue that its faculty salaries should have a corresponding standing. The relatively modest "catch-up" increase of about one-half of one per cent proposed for 1967-69 will not bring the University either up to the midpoint of the group of nine universities or within the top ten of the group of thirty just mentioned. But this additional increment probably would enable the University to do somewhat better than maintain its present, disproportionately low salary status among comparable institutions. It is hoped that similar increments can be added each biennium until the University has arrived at least at the midpoint in the group of nine and within the top ten of the group of thirty comparison universities.

Nonacademic Salary Increases. With a single minor exception, the funds requested for nonacademic salary increases have been determined by calculation on the basis of the formula recommended by the staff of the Illinois Board of Higher Education. This formula had taken into consideration the deficiencies that appeared to exist in certain classifications, as of July 1, 1966. Since that date, the competitive situation for nurses' salaries in Chicago has become more acute, and the University has had to make emergency increases for the current year beyond the funds available in the present biennial budget for nonacademic salaries. Therefore, a supplemental increase has been included to adjust the original formula so as to bring the nurses' salaries up to competitive levels in the community.

B4. INCREASED ENROLLMENTS \$11 618 889

The levels of enrollment increase projected for the three campuses during 1967-69 are shown in Schedule D below. These figures are head counts for the fall term of each year and are presented to show the distribution of enrollments by the four educational levels used in the budget formula — as well as to provide figures with which earlier estimates and actual enrollments may be compared.

It should be noted, however, that the formula recommended by the staff of the Board of Higher Education has been used in calculating the funds requested for increased enrollments, and this formula is not based on fall-term enrollments

alone. Instead, estimates have been made of the total number of student-credit hours to be generated at each campus during the entire year 1966-67 (including the 1966 summer session and all sessions during the present academic year). Using such estimates as base figures, projections have been made in terms of total student-credit hours for each year of the biennium 1967-69. The increase in total student-credit hour load for each of these years, as compared with the preceding year, is used as the measure of annual enrollment increase for the purpose of calculating the funds needed for increased enrollment. The increases are determined for the four educational levels used in the enrollment reports and estimates.

Under the formula for estimating the cost of enrollment increases, the gains in student-credit hours as just described — for the four levels — have been multiplied by corresponding weighted average-cost figures developed from a cooperative study of instructional costs for 1964-65 conducted by the Budget Formula Committee and the staff of the Board of Higher Education. (The Medical Center campus was excluded from this study since its programs are unlike those conducted at any other campus of a state-supported university.)

It is questionable whether or not unit cost figures derived from 1964-65 data will yield valid estimates of the funds needed during 1967-68 and 1968-69 for handling the higher enrollments projected. The State Board staff assumes that increases in costs will not be strictly proportional to increases in enrollment, and that whatever cost inflation occurs during the three- or four-year period will be offset by the savings in those areas of cost that do not grow in strict linear relationship to enrollment. While this assumption is probably sound where relatively small percentages of increased enrollment are involved, it is questionable in the case of very large increases such as those projected for the Chicago Circle campus. In particular, the teaching-salary costs in such cases will grow in virtually direct proportion to enrollment and will probably show increases averaging 6 to 7 per cent per year on a national basis. A request for an incremental addition to the enrollment-increase funds to offset such cost increases was seriously considered by the University, but it finally was decided not to press for it for the coming biennium. Meantime, further careful studies of this problem will be made and, if the results seem to justify it, appropriate incremental increases would be requested in future years to offset deficiencies in the support yielded by this type of budget formula.

B5. OPERATING COSTS OF NEW BUILDINGS..... \$3 413 885

The additional funds needed for the operation and maintenance of buildings during 1967-69 are shown in detail in Schedule E beginning on the following page.

The first section of the table lists the new buildings to be occupied during 1967-69, grouping them by campuses and showing for each building the following information: floor area in gross square feet, estimated date of occupancy, funds needed for 1967-68 on an annual basis, the additional funds needed in 1968-69, and the biennial total requested.

The estimates of funds needed for the operation and maintenance of these buildings during 1967-69 were made in accordance with the guidelines provided by the staff of the Illinois Board of Higher Education. The general procedure was to multiply the number of gross square feet of area in each building by the standard figure of \$1.25 to derive an estimate of funds needed on an annual basis. In the case of buildings requiring funds in excess of this annual rate, detailed estimates have been developed in terms of procedures proposed by a task force of the Budget Formula Committee. The resulting calculations and other supporting detail will be submitted to the staff of the Board of Higher Education.

A second section of the table lists the buildings opened during 1965-67 for which no previous appropriations had been provided, and presents information about these buildings similar to that included for the new buildings in Section I. For such areas, the operating costs calculated on the basis of the 1965-67 budget standard of \$1.25 per gross square foot totaled \$563,557 — for the period of time during which these buildings were used in the 1965-67 biennium. The required funds were made available from appropriations for the operation of certain new buildings which were not completed in time for occupancy on the originally-scheduled dates.

The Racine Avenue (Stein) Building adjacent to the Chicago Circle campus — for which the largest item shown in Schedule E is requested — had been scheduled for demolition in the urban renewal program of the city of Chicago. But with the cooperation of the City and the Governor, this building was acquired during the present biennium to meet emergency needs for more office, classroom, and laboratory space. Another structure listed in Section II of Schedule E, the old Illinois Eye and Ear Infirmary Building, was transferred to the University by the Illinois Department of Children and Family Services, and it has been remodeled for use as research space by departments at both the Medical Center and the Chicago Circle campuses.

A third section of the table includes an item for payment to the city of Urbana for street lighting and lists a deduction from the total funds required made possible by a saving in 1965-67 appropriations due to delay in the opening of new buildings beyond the dates originally estimated in the budget request.

B6. OTHER INCREASES \$14 212 076

This general category includes a variety of items that mainly relate to increased costs anticipated for existing programs during 1967-69. But categories 6c (Organized Research) and 6d (Extension and Public Service) include items for substantial expansion and improvement of existing programs, and such items might well have been included under category 7 (New Programs and Major Improvements). It was decided, however, to limit category 7 primarily to instructional programs and to list all requests for funds in support of organized research under 6c and all increases for extension and public service under 6d (although most of these items would appear to qualify as "Major Improvements").

6a. Price Increases \$1 925 500

Estimates of funds needed for price increases have been calculated in accordance with the guidelines provided by the staff of the State Board of Higher Education. It has been assumed that prices would increase at 3.5 per cent per year for the following types of items: commodities, contractual services, travel, equipment, and stationery and printing. Included also are hospital and medical services and appliances for the Division of Services for Crippled Children. Estimated expenditures for such items during 1966-67 have been used as the base from which the price increase allotments have been calculated.

6b. Refunds

These funds are required in order that the University might make refunds to students for whom fees are remitted under University regulations. Payments of students fees are deposited in the University's income fund in the State Treasury. When a student withdraws or receives a scholarship after paying his fees, the refunds must be charged to the appropriation. With the enrollment increases projected, it is estimated that an additional sum of \$170,000 for the biennium will be required for refunds of fees.

6c. Organized Research \$1 897 700

(1) *Center for Urban Studies, Chicago Circle Campus (\$370,500)*. The establishment of a Center for Urban Studies has been under consideration at the Chicago Circle campus for some time, and it will become the focal point for the coordination of the research activities of interested faculty members in all of the colleges and divisions of the institution. The Center will serve to relate the University of Illinois at Chicago Circle to the metropolitan community in which it is located and, more generally, to the pressing problems of urban society.

Except for a small core staff, all of the regular faculty members of the Center will be affiliated with academic departments, and usually will be principally engaged in instruction within their special fields. The Center will provide the means to securing released faculty time for special studies, in which graduate students will be used extensively as research assistants.

It is estimated that the sum of \$144,400 would be needed for the first year of the biennium, in addition to funds that would be expected from grants. The appropriation would provide a full-time salary for the director, senior research staff time (3.0 FTE), research assistants (3.0 FTE), technical and other non-academic staff (5.0 FTE), and funds for wages, expense, and equipment.

(2) *Center for Health Care Research and Community Studies, Medical Center Campus (\$184,000)*. This Center would provide an interdisciplinary focus for research on health care and its community setting, which is expected to enlist the collaboration of all colleges and schools at the Medical Center campus. The problem has been under study for more than a year, and the present proposal has been prepared by a twenty-two man task force appointed last December by Chancellor (then Vice President) Begando. His action was taken in response to a resolution adopted at an earlier conference of eighty-two faculty members who met for two days to discuss future directions in education and research in the health professions at the University of Illinois.

The work of this Center will be concerned with such problems as the following: qualitative and quantitative aspects of the care of patients and the organization and delivery of its dental, medical, pharmaceutical, and nursing components; the maintenance of health; early detection of disease; estimates of the

incidence and prevalence of disease; aspects of social and community structure that influence patterns of health and illness.

It is expected that the Center will sponsor large-scale research and evaluation studies with support from outside sources, but a basic budget is required for a core staff that would maintain continuity in the Center's work and provide administrative direction.

(3) *Center for Education and Research in Genetics, Medical Center Campus (\$115,000)*. A relatively small request for funds is included to permit the College of Medicine to bring together faculty members from various departments in an interdisciplinary core program in medical genetics. It is expected that large-scale federal support for research in this area will be forthcoming, and that the major costs of the research program would be met from outside sources. Nevertheless, a limited amount of University funding seems desirable partly in order to provide a core of administrative support (a director and one additional academic staff member), together with clerical staff and funds for wages, expense, and equipment. The College of Medicine gives very high priority to the development of this program, which would fulfill a long-felt need in an important field of biological and medical science.

(4) *Water Resources Center, Urbana-Champaign Campus (\$135,000)*. The University of Illinois has been designated by the Governor as the state agency for the administration of federal appropriations allocated to Illinois on a "formula" basis under the Water Resources Research Act of 1964. The budget increase requested (\$60,000 for 1967-68 and \$75,000 for 1968-69) represents the funds needed in order for the state to participate in the matching-grant program established under that Act. These funds would be used to support research at public and private universities throughout the state, as determined by action upon applications submitted by institutions with interested and qualified staff members.

(5) *Computer-Based Education Research Laboratory, Urbana-Champaign Campus (\$120,000)*. This Laboratory was recently established within the Graduate College, and is expected to stimulate research throughout the University in its designated field. The amount requested on an annual basis for 1967-69 (\$60,000) is less than the estimate given in the statement sent to the State Board of Higher Education asking approval for the establishment of the Laboratory. These funds would provide salaries for 4.0 FTE administrative and research staff, 1.0 FTE clerical position, and a small sum for wages, expense, and equipment.

The Laboratory will emphasize the interaction of computer specialists, subject-matter specialists, and specialists in education and psychology—in large-scale studies of instruction at all educational levels. It is expected that the major part of the cost of the Laboratory's program would be met from outside grants and contracts.

(6) *Expanded Computer Services, Chicago Circle and Urbana-Champaign Campuses (\$973,200)*. The computer-service needs of the Chicago Circle and the Urbana-Champaign campuses have been combined here for purposes of presentation, although they are largely separate in program and in funding requirements. The possibility of a linkage between computer facilities at the two campuses, whereby Chicago Circle users who needed it could have access to the large-scale system proposed for Urbana-Champaign, is a matter that is being studied further in connection with the two parallel applications for support from the National Science Foundation. The decisions on the mode and extent of inter-campus linkage probably would not influence greatly the cost estimates made for the two current proposals—so far as the 1967-69 biennium goes.

Both the Chicago Circle and the Urbana-Champaign proposals are similar in these two respects: (a) both involve the installation of computers in the IBM 360 series; (b) both anticipate that the greater part of the rental and operating costs of their respective systems would be met from non-state sources (NSF grants and income from charges to research grants and projects). The Chicago Circle program calls for an IBM 360/40 computer in 1967-68 and an IBM 360/50 computer in 1968-69. The biennial rental and operating cost would be approximately \$1,000,000, of which \$298,200 in state funds is requested. The remainder would come from NSF and from charges to users.

The Urbana-Champaign program calls for an IBM 360/50 computer for the first six months of the 1967-69 biennium and an IBM 360/75 computer for the

remaining eighteen months. Together with other computers that would be gradually phased out of use during this period, the total biennial cost is estimated to be \$2,292,500, of which the sum of \$675,000 in state funds is requested. The remainder would come from an NSF grant and from charges to users.

Although these costs are heavy, there would seem to be no alternative to providing these improved services except serious deterioration in the scientific and engineering research activities of the University of Illinois. It should be noted in this connection that the extensive development of computer services by the Department of Computer Science at Urbana-Champaign over the past two decades has been financed very largely from non-state funds. This is the first request for a special appropriation for the support of computer services, although funds have been provided to the Department (formerly called the "Digital Computer Laboratory") for research on computers and for instruction.

6d. *Extension and Public Service*..... \$2 709 500

(1) *Matching Funds for Grants under Title I of the Higher Education Act (\$300,000)*. This sum appears to be a reasonable estimate of the funds which the University might appropriately use during the 1967-69 biennium for matching federal grants for community service projects. It is assumed that some \$70,000 would be required for 1967-68 and \$230,000 for 1968-69. These sums would represent, respectively, approximately 36 per cent and 38 per cent of the state's total allotments for these two years — under the authorizations for these programs. If less than the authorized amounts were actually to be appropriated by Congress, it seems probable that the total requested as a budget increase could well be spent for expanded University programs in this general area.

(2) *Matching Funds for Grants under the State Technical Services Act (\$300,000)*. The University's current program under the State Technical Services Act totals approximately \$300,000 for Fiscal Year 1967, to be used for the general purpose of encouraging improved technology in the industries of the state. For the 1967-69 biennium, the program would total approximately \$1,200,000. This would require some \$300,000 in matching funds from the University. The remainder would be financed from federal funds and from industry's contributions.

(3) *Division of University Extension (\$155,500)*. No increase in funds specifically for the Division of University Extension was requested for the 1965-67 budget, and the present request represents a very modest sum for increased enrollment (\$85,500) and new programs (\$70,000). The enrollment projections assume a decrease in freshman-sophomore enrollments, with virtually all of the increase being at advanced undergraduate and graduate levels. (Extension enrollments have not been included in the enrollment projections involved in the budget-formula calculations.) The new programs proposed would enable the Division to work with groups in various colleges interested in adult-education programs designed to improve the adjustment of professions to rapid changes in knowledge and to improve the impact of the University on community life.

(4) *Division of Services for Crippled Children (\$1,954,000)*. The University of Illinois is essentially an agency of the state for the administration of this program. It is almost entirely public-service in nature, and the major part is not very closely related to the University's work at the Medical Center campus. Of the total requested, the sum of \$1,136,000 would go to meet the increased costs of the current program — mainly for the higher cost of hospitalization and medical-dental fees. Without additional funds, it will be necessary to reduce the services of the Division.

The sum of \$168,000 is requested for improvements in existing programs, consisting principally in an increase in the number of professional personnel serving at the central administrative base and at the regional and district offices of the agency — plus funds for expense and equipment at these offices.

The sum of \$650,000 is requested for a new program, which would mean the addition of a single category of disability or illness not now included within the Division's range of services. (Dr. Edward F. Lis, the Director of the Division, cites children with visual handicaps, hemophilia, chronic asthma, and chronic renal conditions as being among the serious long-term disabilities which might be given attention by his Division, but which can not be treated within the present budgetary limits.)

6e. *Other Specific Items*..... \$7 509 376

(1) *Rental and Operation of Newly-Leased Space (\$414,516)*. The space in question is located both in Urbana-Champaign and in Chicago, and it represents areas occupied since July 1, 1966, or soon to be occupied. Except for the rental of a theatre for use by the Department of Speech and Theatre at Chicago Circle for instructional purposes, all of the space would be used as offices for faculty members or by administrative units. All of the space is critically needed, and the rental plus operating cost seems modest in relation to the total capital and operating costs of an equivalent amount of space in permanent University buildings.

(2) *Unfunded Costs of the Architectural Division of the Physical Plant Department (\$987,360)*. Heretofore, the costs of this Division, except for the director's salary, have been met mainly from charges for services assessed against the budgets of building and remodeling projects and of departments requiring architectural and engineering services. The Illinois Building Authority has recently ruled that no such charges may be made after July 1, 1967, against the project budgets for buildings being financed through that agency, even though University architects and engineers have been involved in the preliminary planning of such structures and would participate in the supervision of construction. The funds requested represent the anticipated costs of these activities in Chicago and in Urbana-Champaign for the 1967-69 biennium — based on detailed estimates of the actual time that would be required on the part of the several categories of personnel, plus indirect costs such as the following: vacations, leaves, and holidays; travel; equipment, supplies, and blueprints; miscellaneous expenses.

The Physical Plant Department has conducted a detailed study of the practices at other institutions concerning the financing of internal architectural and engineering services. In the light of this study, it appears that the cost levels projected are reasonable in relation to the total volume of construction involved. Hence, if this necessary work is to be done, an appropriation in the amount indicated will have to be provided.

(3) *Student Loan Matching Funds (\$67,500)*. This sum is estimated to be needed to match expected increases in federal grants to the University for loans to students.

(4) *Moving Expenses for New Faculty Members (\$416,500)*. Heretofore, the University has paid part of the moving costs of selected new members of the faculty, but has not been able to institute a University-wide, uniform policy concerning moving expenses. The competition from other institutions has grown so rapidly during the past year or two, however, that it now seems virtually certain that the University will have to pay a substantial part of such costs to the majority of faculty members recruited. The alternatives would be either to pay higher starting salaries (which is undesirable, since such a cost is recurring) or to become reconciled to appointments at lower than desired quality.

In order to meet these changed conditions, an additional appropriation for moving expenses of new faculty members is needed. In arriving at an estimate of the amount required, an average of \$500 per eligible individual has been assumed as a basis for calculation. The estimated number of reimbursements has been derived by considering two categories of new appointees. The first includes individuals added to fill newly-created positions required for increased enrollment. It has been assumed that only the number of such individuals required to teach upper-division and graduate students would be reimbursed. (Individuals who come to the University for their first job are not usually reimbursed in any amount for moving expenses.) The second category consists of individuals needed to fill vacancies arising within the existing staff due to resignations, retirements, and deaths. This number is assumed to be 6 per cent of the teaching faculty.

(5) *Deficiency in Funds for a Full Summer Quarter at Chicago Circle (\$440,000)*. The Chicago Circle budget for 1965-67 was based on a summer session of half a semester in length. Beginning with the summer of 1966, the length of the term was increased to a full quarter, representing a 50 per cent increase in length of time and a like increase in teaching-salary costs. The amount requested (\$220,000 per summer session for the next biennium) represents the unbudgeted salary component of the summer session costs for 1966. (The

enrollment-increase funds requested for the 1967 and 1968 summer sessions would provide funds for the full summer quarter for the additional students.)

(6) *Deficiency in Funds for Wages, Expense, and Equipment, Chicago Circle Campus (\$932,000)*. The funds needed for the operation of the Chicago Circle campus during the biennium 1965-67 have been far below a minimally satisfactory level, and the shortage has been acutely felt in two main areas: (a) the departmental budgets for wages, expense, and equipment; (b) funds for library acquisitions. The shortage in the first category stems partly from the serious inadequacies of expense and equipment budgets of all departments at Navy Pier — even for the lower-division programs offered there. With the move to Chicago Circle and the establishment of some twenty-five new departments, the level of costs increased enormously without commensurate increase in budgets. Temporary funds had to be used to meet the emergency, and the biennial budget for 1965-67 did not include sufficient incremental increases to offset the new cost levels.

A prominent example of an extraordinary increase in expense is found in the telephone charges: \$63,346 in 1964-65 vs. \$247,963 in 1965-66. This increase alone accounts for about 40 per cent of the amount requested as an annual budget increase for 1967-69.

During 1965-66, it was necessary to provide some \$300,000 in supplemental, nonrecurring funds for the Chicago Circle campus, and even with this additional support there was a residual deficiency at the end of the fiscal year amounting to \$194,556.

(7) *Expansion of the Teacher-Education Program, Chicago Circle Campus (\$203,200)*. These funds are needed to support several types of changes planned for the Division of Education and the teacher-education program at Chicago Circle during the coming biennium. The Division of Education probably will be reorganized into a College of Education, with a new curriculum in elementary education to provide junior-senior instruction for the several hundred students now enrolled in this program at freshman-sophomore level. For these reasons, and in order to remedy serious existing deficiencies, the practice-teaching program needs a very substantial increase in support which can not be secured from the regular enrollment-increase allotment under the budget formula. Among the new positions needed are the following: assistant dean, .5 FTE; coordinator of programs for the Council on Teacher Education, 1.0 FTE; practice-teaching supervisors, 3.33 FTE in 1967-68 and 5.0 FTE in 1968-69; cooperating teachers (in the public schools), a budget item of \$10,800; nonacademic staff, 1.0 FTE; wages, expense, and equipment, \$5,000.

(8) *Library Improvement at the Chicago Circle Campus (\$1,235,300)*. The principal need is for a total of \$755,900 for library acquisitions for the biennium, including funds for books, binding, processing staff, expense, and equipment. With this sum, it would be possible in time to overcome the woeful inadequacies of the basic library collection, stemming from the very low level of support available throughout the entire period at Navy Pier. With the extraordinary expansion of programs, both in number and in level, and especially with the proposed initiation of graduate study in 1967-68, it is imperative that the level of support for acquisitions be increased as recommended.

The remainder of the increase would be for the improvement of library services, especially for staff increases to remedy deficiencies that have existed ever since the move from Navy Pier. The total requested for increases in operating funds is \$479,400 for the biennium. After this addition, it should be possible to meet the needs arising from increased enrollment from funds provided under the enrollment-increase formula.

(9) *Internal Institutional Studies, Chicago Circle Campus (\$220,000)*. The increasing demand for institutional studies, generated internally as well as from requests from outside agencies, makes it essential that additional staff be provided to certain key offices at the Chicago Circle campus during the coming biennium. The existing staff of the main administrative offices does not have the time or the training, as a rule, to undertake the specialized types of studies required. Hence it is proposed to put six individuals in key offices at Chicago Circle in 1967-68, with primary responsibility for collecting data for internal studies, codification of the data, and the preparation of reports. Four nonacademic positions would be provided, together with funds for wages, expense, and

equipment. The total cost of \$110,000 per year would represent a relatively small investment in relation to the growing size and complexity of the Chicago Circle campus and to the overall level of its budget.

(10) *Medical Illustration Studios (\$78,000)*. This agency provides laboratory training for the curriculum in medical art and also serves as the central facility for audio-visual aids at the Medical Center campus (including instructional television). The growing responsibilities of the organization have not been paralleled by increases in its operating budget — primarily because the enrollment increase funds have not been sufficient to permit adequate allocations to the Medical Illustration Studios. The funds requested would provide a total of \$12,800 for the benefit of the curriculum in medical art, and \$26,200 for staff and expenses of the instructional television unit — making a total of \$39,000 on an annual basis, or \$78,000 for the biennium.

(11) *Improvement of Clinical Departments in the College of Medicine (\$614,000)*. This item and the following one are complementary in nature, since both relate to the improvement of the instructional and research program in the Research and Educational Hospitals. The College of Medicine carries in its budget the salaries of all of the staff physicians of the Hospitals, and the heads of the several clinical departments of the College are also the chiefs of their corresponding services in the Hospitals.

Because enrollment in the College of Medicine has been relatively static, except for a limited number of graduate students, it has been very difficult in recent years to increase the budgets of the clinical departments at all; and it hence has been quite impossible to add the kind of support necessary to enable these departments to keep pace adequately with the rapidly-growing demands of modern health-care practices. The sum of \$307,000 requested per year would provide a total of fifteen FTE academic positions in the several clinical departments, with \$114,000 of this amount being allotted to the Department of Surgery and its Division of Anesthesiology. There has been for some time a serious shortage in the number of anesthesiologists required to carry on the educational program, to supervise the training of resident anesthetists, and to furnish adequate professional services for the benefit of the surgical patients.

A search is now under way for a new head of the Department of Surgery, and it will be quite difficult, if not impossible, to secure a highly-qualified person for that position unless additional staff and other resources can be assured.

(12) *Research and Educational Hospitals (\$1,901,000)*. It has already been mentioned that an increase of some \$2,000,000 in income is expected from the Research and Educational Hospitals for the 1967-69 biennium. It is proposed, therefore, to increase the budget of the Hospitals by almost this entire amount, in order to overcome a severe shortage of funds in the current operating budget and to enable the Hospitals to maintain the quality of medical services expected of an institution devoted to teaching and research.

For the biennium 1965-67, the University requested a total of \$1,500,000 as an incremental appropriation for the purpose of overcoming the budgetary deficiency of the Research and Educational Hospitals. The Board of Higher Education approved only \$990,200 of the total amount requested, and the University reluctantly decided to accept this recommendation. But the deficiency of two years ago has remained and, furthermore, the Hospitals have not been able to keep pace with the growing demands of modern diagnosis and treatment. The following item from the Director of the Research and Educational Hospitals describes an important aspect of the difficulty:

"Without any increase in the number of patients cared for, either as bed patients or in an ambulatory state, there will be a significant rise in the cost of care. This increased cost stems principally from the need for more personnel to carry out the expanded scope of medical and hospital care which can, today, be applied to the diagnostic and curative processes. Twenty years ago the most complex surgical procedure might have required the services of eight professionals (four surgeons and assistants, three nurses, and an anesthetist). Today an open heart procedure will tie up a major operating theatre for six hours and require a team of twenty-four professionally and technically trained people. . . . Proof of this thesis lies in the number of hospital personnel per bed as reported nationally on an annual basis. In 1946,

taking into consideration *all* hospitals in the country, there were seventy-three personnel employed per one hundred patients. By 1965 this had virtually doubled — to one hundred thirty-nine."

Inasmuch as the sharp increase in hospital income promises to make the necessary budget increase possible without additional tax funds, it seems both feasible and equitable that the full increase requested for the Research and Educational Hospitals for 1967-69 be approved.

B7. NEW PROGRAMS AND MAJOR IMPROVEMENTS..... \$1 934 550
 7a. *Chicago Circle Campus*..... \$861 050

(1) *New Graduate Programs (\$727,550)*. This incremental request represents costs to be incurred upon the initiation of graduate study at the Chicago Circle campus, over and beyond those to be met from funds derived from the enrollment-increase formula. Two types of costs are represented in this request: (a) those related to the Office of the Graduate College; (b) those related to the departments offering new graduate programs.

The funds requested by the Graduate College total \$344,000 and include the following items on a biennial basis: (a) academic staff, \$22,000; (b) nonacademic staff, \$35,000; (c) graduate fellowships, \$60,000; (d) faculty summer fellowships, \$27,000 (for junior faculty members, mainly in the social sciences and humanities); (e) funds for research grants to faculty members, \$185,000; (f) expense and equipment funds, \$15,000.

The incremental requests for the departments expected to be offering graduate study during the 1967-69 biennium have been carefully analyzed so as to eliminate any overlap with the funds derived from the enrollment-increase formula. The total requested is \$383,550 for the biennium, and this figure represents mainly the costs of the teaching staff required to offer an adequate program of graduate courses in each field. The incremental request includes funds for the salaries of instructors in excess of those provided by the budget formula, at an average salary of \$12,000 per instructor. Incremental items are included for expense and equipment only in the case of the science and engineering departments which require laboratory supplies.

(2) *Three New Departments (\$133,500)*. These funds are requested for administrative salaries, secretarial salaries, wages, expense, and equipment. The three departments and the biennial amounts requested are as follows: Anthropology, \$56,000; Slavic Languages, \$54,000; Classics, \$23,500. (The first two departments would be in operation throughout the 1967-69 biennium, while the Classics Department would not be organized until 1968-69.)

7b. *Medical Center Campus*..... \$197 000

(1) *Improvement of Programs in Associated Medical Sciences (\$67,000)*. When the School of Associated Medical Sciences was established in 1963, insufficient funds were made available for the several curricula administered by that unit (especially Medical Record Administration and Occupational Therapy). Enrollments are small and the funds yielded by the budget formula are quite inadequate to provide the staff needed for a full curriculum in each specialty. There is heavy overloading at the present time, and the funds requested would provide additional teaching and clerical staff, together with a small amount for wages, expense, and equipment.

(2) *Improvement of Two Non-Clinical Departments in the College of Medicine (\$130,000)*. The Department of Biochemistry and the Department of Preventive Medicine and Community Health both are undergoing major changes in program direction and leadership. A new head has just been appointed for the latter department, while a search is now in progress for a head for Biochemistry. In the latter case, individuals who have visited the Department have emphasized the need for at least one additional staff member and a clerical position, together with funds for expense and equipment. Part of the requested total can be secured from enrollment-increase funds, but an additional sum of \$49,000 on a biennial basis is needed.

The newly-created Department of Preventive Medicine and Community Health will be expanded to include teaching, research, and service in the fields of nutrition, human genetics, and clinical preventive medicine (including rehabilita-

tion). The new Department represents the consolidation of two former small departments: the Department of Preventive Medicine and the Department of Public Health. The earlier departments have had quite small staffs and inadequate facilities. When Phase II of the Medical Sciences Addition has been completed, the new Department will have adequate facilities, and funds are requested for the addition of two FTE academic staff members, one nonacademic position, and funds for wages, expense, and equipment (totaling \$81,000 for the biennium).

7c. *Urbana-Champaign Campus* \$876 500

(1) *International Program in Agriculture (\$160,000)*. The College of Agriculture is planning a new educational and research program in international agriculture, in the expectation that a substantial grant will be forthcoming from the Agency for International Development (under the Foreign Assistance Act of 1966). This will be a highly important program involving several departments within the College, and should have long-range significance both for the University and for the country. The funds requested would provide a nucleus of support for administrative purposes and for the guarantee of a few tenured positions. The focus of the work initially would be upon Indian agriculture, and it is hoped that this on-campus program can be coordinated with the University's overseas contract program in India sponsored by AID.

(2) *Asian Studies (\$140,000)*. The sum of \$100,000 was requested for the 1965-67 biennial budget, but this amount was reduced to \$45,000 in the recommendation of the Board of Higher Education. With this sum, a small beginning has been made towards the support of the Center for Asian Studies. The purpose of the present request is to expand that program, with particular reference to offerings in Japanese and Chinese history and literature. The funds requested would provide four academic positions, two library positions, and two clerical positions. The additional incremental sum requested should make it possible for the Asian studies program to finance future expansion from funds secured from enrollment-increase allotments and from outside grants.

(3) *Graduate Training for Junior-College Personnel (\$89,000)*. This program is sponsored by the College of Education at Urbana-Champaign and is directed towards the training of administrative personnel and teachers for the junior colleges of the state. Together with staff already provided, the addition of \$44,500 on an annual basis would make possible a senior appointment in the field of administration, a specialist in the area of institutional research, a half-time assistant, a secretary, and funds for wages, expense, and equipment. The program is badly needed, and the College has well-developed plans for implementing it.

(4) *Major Reorientation of the Civil Engineering Curriculum (\$200,000)*. The Department of Civil Engineering at Urbana-Champaign is one of the most distinguished graduate and research departments in the country (ranking second in the recent study of the American Council on Education). The purpose of the present proposal is to reorganize and give totally new direction to the undergraduate curriculum in Civil Engineering. Extensive research and development has already been done in several aspects of the methodology that would underlie the new program — particularly through the work of the Civil Engineering Systems Laboratory established last year. The new approach would emphasize the use of computers in courses in structural analysis and in design processes, as well as in the programming of building construction and similar systems analysis related to Civil Engineering problems.

Initially, approximately one-third of the Civil Engineering curriculum would be shifted to the new program, and the entire curriculum would be changed as appropriate staff and laboratory facilities could be provided. The sum requested for 1967-69 would provide funds for additional staff (academic and nonacademic), and for wages, expense, and equipment.

(5) *New Program in Geology (\$124,000)*. Recently, a new head was appointed for the Department of Geology with the understanding that steps would be taken to strengthen the Department's work in certain neglected fields that are highly important in modern geology: structural geology, geophysics, and geochemistry. The Department has had no structural geologists for many years, and

it has been unusually weak in the fields of geochemistry and geophysics. The funds requested would provide three academic positions, three nonacademic positions (including two technicians), and funds for wages, expense, and equipment. The requested sum would provide the increment needed in order to introduce the work in these new fields, beyond the funds that might become available under the enrollment-increase formula.

(6) *Kronner Center for the Performing Arts (\$163,500)*. This Center is scheduled to be opened by September, 1968, and the funds requested would provide the minimal number of administrative and technical positions needed for its operation. A director would be appointed as of September, 1967, and the budget item for that year would provide a salary for a secretary, and funds for consultants, travel, and other expenses. During 1968-69, additional staff would be employed, including a business manager and technical staff for the operation of the facility.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the Law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
LARRY LEON DOWELL	Bettendorf, Iowa	Iowa
JOSEPH EDMOND FURMAN	Arlington Heights, Illinois	District of Columbia
ALAN SIDNEY KRAVITS	Chicago, Illinois	District of Columbia
JOHN RAYMOND O'BRYAN	Libertyville, Illinois	Ohio
CURTIS N. STRATE	Deerfield, Illinois	District of Columbia
DAVID LEON WARES	Grand Rapids, Michigan	Michigan
ROBERT STEVEN WINNETT	Wood River, Illinois	Indiana
ALBERT JAY WRIGHT III	Chicago, Illinois	New York

I concur.

On motion of Mr. Johnston, these certificates were awarded.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A— indefinite tenure; B— two years; D— one year; E— nine months from the beginning of the academic year; G— special tenure; Y— twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. WILLIAM F. EICKER, Consultant with rank of Assistant Professor, Children's Research Center (Urbana), beginning September 1, 1966, without salary (DY).
2. PATRICK J. G. GRANT, Visiting Assistant Professor of English (Urbana), for the second semester of 1966-67, at a salary of \$4,400 (D).
3. TOSHIO IINO, Visiting Professor of Accountancy (Urbana), for the academic year 1966-67, on one-half time, at a salary of \$6,000 (E50).
4. GIUSEPPE INGHILLERI, Visiting Professor of Civil Engineering (Urbana), for three months from March 1, 1967, at a salary of \$5,000 (G).
5. LAWRENCE JACQUES, Assistant Professor of Health Science and Staff Physician, Health Service (Chicago Circle), on one-half time, beginning September 15, 1966, at an annual salary of \$7,500 (DY50).
6. PATRICIA V. JOHNSTON, Visiting Assistant Professor of Food Science (Urbana), for six months from December 1, 1966, at a salary of \$5,000 (G).
7. ERIC L. KOHLER, Visiting Professor of Accountancy (Urbana), for the first semester of 1966-67, at a salary of \$5,000 (E).
8. WAYNE A. MADSEN, Assistant Professor of Systems Engineering (Chicago Circle), beginning September 1, 1966, at an annual salary of \$9,500 (B).
9. MYRON B. MANLEY, Clinical Counselor with rank of Assistant Professor in the Student Counseling Service (Urbana), beginning September 1, 1966, at an annual salary of \$11,500 (DY).
10. RICHARD C. MURRAY, Assistant Professor of Nursing (Medical Center), on one-half time, beginning September 1, 1966, at an annual salary of \$4,500 (DY50).
11. EMMA B. WHITEFORD, Visiting Professor of Vocational and Technical Education (Urbana), for the academic year 1966-67, at a salary of \$11,000 (E).

On motion of Mrs. Watkins, these appointments were confirmed.

APPOINTMENT OF CHANCELLOR, URBANA

(4) At its meeting of June 15, 1966, the Board of Trustees approved the establishment of an administrative position to be designated Chancellor of the University of Illinois at Urbana-Champaign.

After consultation with appropriate administrative officers, and with the advice of a committee selected by the Urbana-Champaign Senate,¹ I now recommend the appointment of Jack W. Peltason, presently Vice-Chancellor for Academic Affairs at the University of California at Irvine, as Chancellor of the Urbana-Champaign Campus. The appointment would become effective at a date yet to be determined but no later than September 1, 1967. Dr. Peltason is also recommended for appointment as Professor of Political Science on indefinite tenure.

The appointment is recommended on a twelve-month service basis and at a salary of \$32,000.

As indicated earlier, the Chancellor, under the direction of the President, will serve as the chief executive officer for the campus. He will perform such duties as may be delegated and assigned to him by the President and as may be consistent with the *Statutes* of the University and the actions of the Board of Trustees. Comparable positions now exist, by action of the Board of Trustees, at the Chicago Circle campus and at the Medical Center.

¹John Bardeen, Professor of Electrical Engineering and of Physics; Herbert S. Gutowsky, Professor of Physical Chemistry; Robert W. Johannsen, Professor of History and Chairman of the Department; Solomon B. Levine, Professor of Asian Studies and of Labor and Industrial Relations, and Director of Asian Studies Center; Glenn W. Salisbury, Professor of Dairy Science and Head of the Department; Victor J. Stone, Professor of Law.

Although Dr. Peltason is well-known to the Trustees from his previous service in the University, a general outline of his career is supplied in the attached statement.

On motion of Mr. Dilliard, this appointment was approved.

**ACTING DEANSHIP OF COLLEGE OF ENGINEERING,
CHICAGO CIRCLE**

(5) The Chancellor at Chicago Circle has recommended the appointment of Rupert M. Price, presently Associate Professor of Physics, *Emeritus*, as Professor of Engineering and Acting Dean of the College of Engineering at Chicago Circle for eight months beginning January 1, 1967, at an annual salary of \$24,500 on a twelve month-service basis.

Professor Price will replace Dean Robert B. Banks who has submitted his resignation effective December 31, 1966, so that he may accept a position with the Ford Foundation.

The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

CHAIRMANSHIP OF THE DEPARTMENT OF HISTORY, URBANA

(6) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Professor Clark C. Spence as Chairman of the Department of History at Urbana for two years beginning September 1, 1967. The salary will be determined when the budget for 1967-68 is submitted to the Board for approval.

Professor Spence will succeed Professor Robert W. Johannsen who will have served two consecutive two-year terms, and will not be eligible for reappointment under the by-laws of the Department of History.

This recommendation is submitted after consultation with members of the Department and on nomination of its Executive Committee. The Executive Committee of the College of Liberal Arts and Sciences and the Executive Vice-President and Provost have been consulted and concur in this recommendation.

I recommend approval.

On motion of Mr. Pogue, this appointment was approved.

**COLLEGE OF EDUCATION AND SCHOOL OF PHYSICAL EDUCATION,
CHICAGO CIRCLE**

(7) The Chancellor of the Chicago Circle campus recommends the establishment on that campus of a College of Education, within which would also be established a School of Physical Education. The College would be authorized to grant degrees in both fields.

At present there are at Chicago Circle a Division of Education and a Division of Physical Education. The existing organization is that approved by the Board of Trustees on February 15, 1961, when the initial educational program for the new campus was approved.

As indicated in the Chancellor's recommendation and supporting memorandum (a copy of which is being filed with the Secretary of the Board for record), the recommendation is made in fulfillment of a history of University commitments and planning to meet the pressing, and growing, need for teachers in the elementary and secondary school systems. At present 1,275 students have enrolled in programs in secondary education up to the senior year. A total of 475 students have enrolled in elementary education through the sophomore year. Over 200 are enrolled in degree programs in physical education. All of the curricula leading to degrees in these fields have been approved by the Board of Trustees.

In addition to the University's obligations and commitments to the hundreds of students and the various agencies of the state of Illinois, a comprehensive organization and program for the training of teachers is an integral part of the University's total approach to its urban environment and calling. The need for teachers is nowhere more keenly felt than in the urban areas.

The College of Education at Chicago Circle would perform the following functions:

- (a) Offer the professional education courses needed for undergraduate teacher-education curricula;
- (b) Develop suitable graduate programs designed to train high-level professional personnel in educational administration and research;
- (c) Conduct research and development in educational methods and materials (in collaboration with subject-matter specialists), with special reference to the needs of disadvantaged students;
- (d) Maintain effective liaison relationships with the profession of education at local, state, and national levels.

Presentation to the Board of Higher Education of the curriculum in elementary education, which was approved by the Board of Trustees on April 23, 1965, has been delayed since last December to make possible a description of the organizational structure, including a determination of the appropriate degree-granting college. It is an established University practice that degrees are granted only by colleges. (In the case of programs in secondary education, the degrees would be granted by those colleges with corresponding responsibilities for the subject matter fields.)

It is evident from the Chancellor's memorandum that the advice of the Chicago Circle Senate is not in accord with the recommendation now presented to the Trustees. A small majority in the Senate recommended another alternative, i.e., to establish a graduate school of education.

The present recommendation, however, is supported by the administrative officers, including the Executive Committee of the Chancellor's Administrative Council, and by the Chicago Circle Council on Teacher Education. The latter has cognizance over all programs in teacher education on that campus. The Council is chaired by the Dean of Faculties and composed of the deans of all colleges with departments related to programs in secondary education.

Therefore, I recommend provisional approval of the recommendation of the Chancellor, with the stipulation that the Trustees defer final approval until the present action has been reported to the Chicago Circle Senate for its information and further advice. Such advice should be received before the December 8, 1966, meeting of the Board of Trustees, in order that final action may be taken at that meeting.¹ Action by a date no later than this is necessary if the University is to complete its commitments to students in elementary education. Final action by the Board of Trustees would be subject to further action by the Illinois Board of Higher Education.

On motion of Mrs. Watkins, this recommendation was approved.

PROGRAM FOR STUDY IN EUROPE FOR STUDENTS IN ARCHITECTURE

(8) The Dean of the College of Fine and Applied Arts recommends that the Board of Trustees authorize a program of study in Europe by students in the architecture curriculum. The Executive Vice-President and Provost and the Director of International Programs concur in this recommendation.

The program would enable thirty University of Illinois students in their upper junior year in architecture to spend a semester in accredited study abroad.

Students would follow a program nearly identical with the normal curriculum but adapted to the opportunities available in this particular location which is accessible to hundreds of significant examples of architecture and civic spaces, old and new. For example, the program will include (1) firsthand examination of historic monuments and spaces and their significant contemporary counterparts, (2) meeting outstanding European leaders of the architectural profession and scholars in other disciplines, (3) broadening their cultural backgrounds and promoting international understanding.

The location intended as a base for this program is the chateau of La Napoule, in southern France, which would be made available by the La Napoule Art Foundation. The Foundation expects no profit from the use of its property, but would require reimbursement for operating expenses.

Instruction at La Napoule would be given by three members of the Department of Architecture. Thus, the instructional load would be ten full-time

¹ It is understood that appropriate modification of the University Statutes will be made to reflect the change in program once it is approved.

equivalent students per instructor, which is slightly higher than that for junior-level students in architecture at Urbana-Champaign. The total costs of instruction will not exceed those at Urbana-Champaign so far as the expenditure of state funds is concerned.

Transportation costs of staff and operational costs of the studio will be covered by private gifts to the Department of Architecture. Students would incur approximately the same living costs as they presently do at the Urbana campus, plus travel and personal expenses.

Since some of the most significant developments in architecture, urban development and planning are occurring in Europe, it seems important that American architectural students become acquainted with these at firsthand.

I concur subject to approval of contract negotiations by the Legal Counsel.

On motion of Mr. Swain, this recommendation was approved.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(9) The Committees on Nonrecurring Appropriations, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend the following appropriations:

Remodeling in the Dentistry-Medicine-Pharmacy Building for the Department of Biochemistry..... 111 100 00
Total, Medical Center Contract Research Reserve..... \$153 770 00
Grand Total \$743 664 00

I concur.

On motion of Mr. Swain, these assignments of funds were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

CONTRACTS FOR REMODELING IN NATURAL HISTORY BUILDING, URBANA

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of cost-plus contracts for remodeling thirty-six rooms in the Natural History Building for the Department of Geology, the award in each case to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Total Estimated Fee Payments</i>
General — Dean Evans Co., Champaign	2	25	10	\$9 300 00
Electrical — William H. Brunkow, doing business as Brunkow Electric Co., Champaign	8	24	0	2 144 00
Plumbing — David W. Reichard Plumb- ing & Heating Co., Inc., Urbana	20	40	10	2 470 00
Heating, Piping, Refrigeration and Auto- matic Temperature Control Systems— W. L. Rogers, an individual doing busi- ness as Cool-Rite Refrigeration, Urbana	20	25	5	1 600 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana	20	25	5	1 590 00

Since W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana, is the lowest bidder with identical bids for heating, piping, refrigeration, and automatic temperature control systems work and ventilation and distribution systems for conditioned air work, it is also recommended that these two awards be combined into a single contract in lieu of separate contracts.

The estimated total cost of the work is \$141,580. Funds are available from an appropriation approved by the Board of Trustees on July 27, 1966.

Submitted herewith is a report from the Physical Plant Department, including a schedule of all bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

CONTRACTS FOR HOUSING MAINTENANCE BUILDING, URBANA

(11) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of contracts for the remodeling of the temporary Orchard Downs Food Service Building (now located in one of the Orchard Downs parking lots) and its relocation to the area between the proposed married student housing project and the existing Orchard Downs area where it will be used as a maintenance building for all Housing Division work. The award in each case is to the lowest bidder.

General — Lofton E. DeVore, an individual doing business as L. E. DeVore Co., Decatur	\$103 125 00
Electrical — Potter Electric Service, Inc., Urbana	16 480 00
Plumbing — David W. Reichard Plumbing & Heating Co., Inc., Urbana	12 383 00
Ventilation — Petry Roofing and Sheet Metal Co., Champaign	18 175 00
	\$150 163 00

Funds are available in the Housing Division maintenance account.

Submitted herewith is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

CONTRACT FOR INTERIOR DECORATING SERVICES, URBANA

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend the continued employment of Mrs. Florence Korff, Champaign, for interior decorating consulting services until June 30, 1967, on the same terms and conditions as the existing contract, provided that the maximum cost to the University will not exceed \$10,000 unless approved by the University in advance.

The services will be used primarily in the residence halls and Illini Union.

Funds will be provided from the budgets for the projects on which the services are used.

I concur.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

CONTRACTS FOR PURCHASE OF HIGH-VOLTAGE POWER CABLE AND SWITCHGEAR EQUIPMENT FOR ABBOTT POWER PLANT, URBANA

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of contracts for the purchase of high-voltage power cable and switchgear equipment to be installed at the Abbott Power Plant, the award in each case to the only bidder.

Division AA — High-Voltage Power Cable — The Okonite Company, Passaic, New Jersey.....	\$22 269 67
Division BB — Switchgear — General Electric Company, Chicago....	46 975 00

Funds are available for this work in state capital appropriations to the University for addition to the Power Plant and extension of utilities, and have been released.

I concur.

On motion of Mr. Johnston, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

CONTRACT FOR COIN-OPERATED LAUNDRY EQUIPMENT, MEDICAL CENTER

(14) The Vice-President and Comptroller recommends award of a contract for installation and operation of coin-operated laundry equipment in the housing areas at the Medical Center campus to the Friend Equipment Corp., Chicago. The company will pay the University \$8.00 per month per installed machine, which is the best proposal in terms of commission to be paid to the University.

The proposal includes providing service until June 30, 1967, subject to automatic renewal on the same terms and conditions for each year thereafter unless terminated by the University of Illinois or the Friend Equipment Corp. on sixty days' notice.

The Business Manager and the Director of Union and Housing at the Medical Center concur in this recommendation.

I recommend approval.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

**REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE THE
CONSTRUCTION CONTRACT FOR CHICAGO CIRCLE
CAMPUS, PHASE II**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to authorize an increase of \$25,328.11 in the contract with the Gust K. Newberg Construction Co., Chicago, for construction of Chicago Circle Campus, Phase II. This increase will make possible the substitution of face brick for the concrete block specified on the south wall of the Science and Engineering Laboratories Building. Funds are available for this work.

I concur.

On motion of Mr. Jones, this change in contract was authorized.

**EMPLOYMENT OF SARGENT & LUNDY FOR LONG-RANGE UTILITY
CENTER AND DISTRIBUTION SYSTEM STUDIES
AT CHICAGO CIRCLE CAMPUS**

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of Sargent & Lundy, Chicago, for long-range studies for expansion of the Utility Center and the related distribution systems at the Chicago Circle campus at an estimated cost of \$28,500.

The fee for this service will cover engineering and drafting costs at actual salaries and wages, plus 100 per cent for overhead and profit and other miscellaneous direct expenses at actual cost.

Funds for this work are available in capital appropriations to the University for 1965-67 and have been released.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

ANTITRUST LITIGATION

(17) On October 7, 1964, suit was filed on behalf of the University in the Federal District Court at Chicago (Case No. 64 C 1708) against certain manufacturers of metal library shelving who had been defendants in an earlier federal antitrust proceeding. On May 19, 1965, the Board authorized settlement with one of the defendants, and on October 13, 1966, settlement was authorized with certain other defendants.

Subsequent negotiations with the remaining defendant (Sperry Rand Corporation) have developed a settlement offer from that company in the total amount of \$52,000, representing approximately 30 per cent of the University's purchases from that company during the period in question. The offer to the University is contingent upon acceptance of similar settlement offers made by the defendant to certain state governments (including Illinois) and other educational institutions. Acceptance of the offer will result in a final disposition of the litigation.

The Vice-President and Comptroller and the Legal Counsel regard the offer and settlement as reasonable and recommend it be approved and authorized by the Board. They further recommend that the Comptroller and the Secretary be authorized to execute and deliver such documents and papers as may be necessary and desirable to effectuate the settlement.

I concur.

On motion of Mr. Swain, this recommendation was approved.

ESTATE OF RICHARD BARNES STITH

(18) The University of Illinois is one of the beneficiaries under the Last Will and Testament of Richard Barnes Stith, deceased. The composition of the estate and the University's ultimate participation are dependent upon the interpretation of Mr. Stith's Will as well as the wills of other persons who predeceased him. The decedent's son has filed a suit in the Circuit Court of the

Tenth Judicial Circuit of Marshall County, Illinois (No. 66E 101), seeking a construction of all the wills.

The Vice-President and Comptroller and the Legal Counsel recommend that the Board of Trustees authorize the Legal Counsel to appear in the proceedings for the protection of the University's rights in the matter, and to employ such special legal counsel as he may deem necessary or appropriate to assist him in connection therewith.

I concur.

On motion of Mr. Swain, this recommendation was approved.

EASEMENTS TO ILLINOIS POWER COMPANY FOR ELECTRICAL SERVICE

(19) The University has requested the Illinois Power Company to provide electrical service at the Firemanship Training Facilities, which have been constructed by the Illinois Building Authority, and in the adjacent Children's Research Center building in the Mental Health Center complex. Service is also required for the Adler Clinic of the State Department of Mental Health facilities.

In order to provide the service, the Illinois Power Company has requested the granting of easements for electric power lines over University property and Illinois Building Authority property.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend:

1. Granting an easement over a strip of land in Section 24, Township 19 North, Range 8 East of the Third Principal Meridian, starting at a point approximately 780 feet east of the Illinois Central Railroad on Windsor Road extended, and running north approximately 1,130 feet to the Illinois Building Authority property; and,
2. Submitting a request to the Illinois Building Authority to grant an easement over its property from the University easement north approximately 200 feet and east approximately 170 feet, where the utilities service will interconnect with the State Department of Mental Health and University distribution system for the Mental Health Center complex.

I concur and recommend adoption of the following resolutions.

Resolution Requesting Electric Transmission Line Easement Be Granted to Illinois Power Company by Illinois Building Authority Over Site of Fire Training Building and Related Facilities

WHEREAS, in accordance with the provisions of "An Act to create the Illinois Building Authority and to define its powers and duties," approved August 15, 1961, as amended, and Resolution No. 65-1BA-4 adopted on the 25th day of January, 1965, by the Illinois Building Authority, a body corporate and politic of the State of Illinois, created under said mentioned Act, The Board of Trustees of the University of Illinois, a public Corporation of the State of Illinois, pursuant to a resolution adopted by its Board of Trustees at its meeting on the 23rd day of April, 1965 transferred jurisdiction, by Instrument of Transfer dated June 15, 1965, to the Illinois Building Authority of the site for the Fire Training Building and related facilities, Urbana-Champaign to be constructed by the Illinois Building Authority on behalf of the Department of Public Safety of the State of Illinois; and

WHEREAS the Illinois Building Authority now has jurisdiction over said site described as:

Situated in the State of Illinois, the County of Champaign, and being a part of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, Township 19 North and Range 8 East of the Third Principal Meridian, and more fully bounded and described as follows:

Beginning at a corner on the North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of said Section 24, said corner being 170.0 feet East of the NE corner of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of said Section 24 and being marked with an iron pipe monument; thence Southerly along a line parallel to the East line of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of said Section 24, a distance of 80.0 feet to a corner, said corner

being marked with an iron pipe monument; thence Westerly along a line parallel to the said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, a distance of 170.0 feet to a corner, said corner being marked with an iron pipe monument, thence Southerly along the said East line of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 24, a distance of 120.0 feet to a corner, said corner being marked with an iron pipe monument; thence Westerly along a line parallel to the said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, a distance of 420.0 feet to a corner, said corner being marked with an iron pipe monument; thence Southerly along a line parallel to the said East line of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 24, a distance of 500.0 feet to a corner, said corner being marked with an iron pipe monument; thence westerly along a line parallel to the said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, a distance of 200.0 feet to a corner, said corner being marked with an iron pipe monument; thence Northerly along a line parallel to the said east line of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 24, a distance of 200.0 feet to a corner, said corner being marked with an iron pipe monument; thence Easterly along a line parallel to the said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, a distance of 150.0 feet to a corner said corner being marked with an iron pipe monument; thence Northerly along a line parallel to the said East line of the SW $\frac{1}{4}$ of the SE $\frac{1}{4}$ of Section 24, a distance of 500.0 feet to a corner, on the said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, said corner being marked with an iron pipe monument; thence Easterly along said North line of the S $\frac{1}{2}$ of the S $\frac{1}{2}$ of Section 24, a distance of 640.0 feet to the place of beginning, containing 4.19 acres, more or less; and

WHEREAS the Illinois Power Company, an Illinois Corporation, has requested an easement over a part of said site so that it may provide electrical service to the Fire Training Building and related facilities and other adjoining property of this public Corporation and the State of Illinois.

Now, Therefore, Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public Corporation of the State of Illinois, that the Illinois Building Authority, a body corporate and politic of the State of Illinois, be, and hereby is, requested to grant to Illinois Power Company, an Illinois Corporation, its successors and assigns, the right and easement to erect, reconstruct, operate, patrol, maintain, renew and remove electric transmission and distribution lines, and other equipment appurtenant thereto, for the transmission and distribution of electrical energy through, over and across certain lands hereinafter described and the right of ingress to and egress therefrom, and which right-of-way easement shall remain in full force and effect from the date granted and for so long thereafter as said electric transmission and distribution lines are continued in service and have not been abandoned and discontinued.

The right-of-way easement shall be over the following described property, viz: A strip of land 5 feet of even width and 170.0 feet in length, being the North 5 feet of the East 170.0 feet of the above described tract of land; and, upon a strip of land 15 feet of even width and 80 feet in length, being the West 15 feet of the East 170.0 feet of the above described tract of land; and also, upon a strip of land 15 feet of even width and 200 feet in length, being the West 15 feet of the East 185 feet of the above described tract of land.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

Resolution Authorizing Electric Transmission Line Easement to Illinois Power Company Over Property of the University of Illinois for the University of Illinois Children's Research Center, Fire Training Building and Related Facilities, and Herman M. Adler Clinic

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public Corporation of the State of Illinois, that the Comptroller and the Secretary of this public Corporation be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corpora-

tion such instruments of conveyance, contract, or other document or documents as to them may seem necessary or desirable in order to grant to Illinois Power Company, an Illinois Corporation, hereinafter referred to as "Grantee", its successors and assigns, the right and easement to erect, reconstruct, operate, patrol, maintain, renew and remove electric transmission and distribution lines, and other equipment appurtenant thereto, for the transmission and distribution of electric energy through, over and across certain lands hereinafter described and the right of ingress to and egress therefrom; the rights and easement granted to be limited to the extent that this public Corporation has the present right and capacity to grant the same. Grantee shall agree to repair any damage caused to property of this Corporation by the erection, reconstruction, operation, patrolling, maintenance, renewing and removing of said electric transmission and distribution lines, and to indemnify this Corporation and its representatives from liability in connection with Grantee's activities. The right-of-way easement shall remain in full force and effect from the date granted and for so long thereafter as said electric transmission and distribution lines are continued in service and have not been abandoned and discontinued. Upon termination of the easement Grantee shall peaceably surrender possession of said premises to this Corporation and full and complete title then shall remain in this Corporation free and clear of said easement and without necessity of re-entry or demand. The right-of-way easement shall be over the following-described property:

Situated in the State of Illinois, the County of Champaign, and being a part of the South One-half (S $\frac{1}{2}$) of the South One-half (S $\frac{1}{2}$) of Section Twenty-four (24), Township Nineteen North (T-19-N), and Range Eight East (R-8-E) of the Third Principal Meridian, and being more fully bounded and described as follows:

A strip of land being the east 15.0 feet of the southwest $\frac{1}{4}$ of the southeast $\frac{1}{4}$ of said Section 24 except the north 200.0 feet of the above described tract of land and a strip of land being the west 15.0 feet of the southeast $\frac{1}{4}$ of the southeast $\frac{1}{4}$ of said Section 24 except the north 80.0 feet of the above described tract of land.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

EASEMENT TO ILLINOIS POWER COMPANY FOR A TWELVE-INCH GAS MAIN, URBANA

(20) The Illinois Power Company, as part of its long-range program for gas distribution for the Urbana-Champaign area, proposes to install a twelve-inch pressure gas main adjacent to the east right-of-way of the Illinois Central Railroad. The property is west of the Mental Health Center complex and Firemanship Training Facilities. The Company proposes to pay \$5.00 per rod for an easement and has also agreed to abandon an existing diagonal easement over the property within ten years.

A request is also being submitted to the University of Illinois Foundation for the granting of an easement over its property immediately south, under the same terms and conditions.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize the granting of the easement over this property for the installation of the twelve-inch gas main.

I concur and recommend adoption of the following resolution.

Resolution Authorizing 12" High Pressure Gas Main Easement to Illinois Power Company Over Percival Property and Adjacent to the East Right-of-Way Line of the Illinois Central Railroad

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this corporation be, and they hereby are, authorized to execute, acknowledge and deliver in the name and on behalf of this corporation such instruments of conveyance, contract, or other document or documents as to them may seem necessary or desirable in order to grant to Illinois Power Com-

pany, an Illinois corporation, hereinafter referred to as "Grantee", its successors and assigns, the right and easement to construct, reconstruct, operate, maintain, repair, alter, replace, move and remove a 12" high-pressure gas main and other equipment appurtenant thereto under, through and across the land hereinafter described and the right of ingress to and egress therefrom; the rights and easement granted to be limited to the extent that this public corporation has the present right and capacity to grant the same. Grantee shall agree to repair any damage caused to property of this corporation by the construction, reconstruction, operation, maintenance, repairing, alteration, moving and removing of said gas main and to indemnify this corporation and its representatives from liability in connection with Grantee's activities. The right-of-way easement shall remain in full force and effect from the date granted and for so long thereafter as said gas transportation line is continued in service and has not been abandoned or discontinued. Upon termination of the easement Grantee shall peaceably surrender possession of said premises to this corporation and full and complete title then shall remain in this corporation free and clear of said easement and without necessity of re-entry or demand. The right-of-way easement shall be over the following described property:

Situated in the State of Illinois, the County of Champaign, and being a part of the Southeast Quarter of Section 24, Township 19 North, Range 8 East of the Third Principal Meridian and being more fully bounded and described as follows:

The West 20 feet of all that part of the south half of the Southeast Quarter of Section 24, Township 19 North, Range 8 East of the Third Principal Meridian lying east of the east line of the Illinois Central Railroad right-of-way.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

AMENDMENTS OF POLICY FOR INVESTMENT OF FUNDS AND INVESTMENT PROCEDURES

(21) On June 20, 1962, the Board of Trustees authorized the investment of current restricted funds in United States government securities maturing not more than eighteen months from the date of purchase, in commercial paper of certain specified corporations in amounts not exceeding \$500,000 in any one of them, and in certificates of deposit and interest-bearing accounts in certain specified banks. These investments may be made by the Comptroller without prior approval of the Finance Committee or the Board, but with a later report to the Board.

The Finance Committee has approved amendments to that action taken June 20, 1962, as follows: Increase to \$1,000,000 the amount of current funds which may be invested in commercial paper of each of the specified companies; add Associates Investment Company to the list of companies; add authority to invest up to \$3,000,000 in Federal National Mortgage Association obligations maturing not more than eighteen months from date of purchase; and add The Northern Trust Company of Chicago, Illinois, to the list of banks in which current funds may be invested in certificates of deposit and special interest-bearing accounts.

The procedure on the investment and safekeeping of securities requires one modification to conform to the prevailing practice of the banks. All securities of the University are held by the safekeeping agent designated by the Board of Trustees. An exception to this rule is recommended for certificates of deposit, which will be held by the issuing bank, and upon maturity, the funds will be transferred to the proper checking account.

All other policies and procedures for the investment of current funds adopted on June 20, 1962, remain in effect.

The policy includes a resolution authorizing the Treasurer of the Board of Trustees to exercise certain functions. An amendment of the resolution was approved by the Board on April 17, 1963, following a change in the Treasurership. In view of the change in the Office of the Secretary, it is requested that the following resolution be adopted to replace the former one.

Resolved, that the Treasurer of The Board of Trustees of the University of Illinois, a public corporation, is authorized in his discretion to sell, assign, or transfer to any assignee or transferee for or on behalf of this corporation and in its name any and all shares of capital stock or any voting trust certificates representing the right to receive shares of stock or any registered bonds or other securities of any other corporation owned by this corporation and for the purpose of effecting any such sale or transfer, R. R. Manchester, the Treasurer of this corporation, be and he hereby is authorized to execute in the name of this corporation and on its behalf all assignments which may be necessary and that Earl W. Porter, Secretary of this corporation, be and he hereby is authorized to attest to the authority of R. R. Manchester, Treasurer, to execute the aforesaid documents.

Confirmation of these amendments is requested.

On motion of Mr. Swain, these amendments were confirmed.

INCREASE IN WORKING CAPITAL FOR STORES AND SERVICES FUND

(22) The University is authorized by state law to retain \$1,000,000 from general funds in its own treasury as working capital for Stores and Services operations and to supplement this fund with other funds in its own treasury. On May 29, 1958, the Board of Trustees authorized an increase of \$500,000 in the working capital for Stores and Services, and an additional increase of \$500,000 was similarly authorized on December 16, 1959. On June 5, 1964, the Vice-President and Comptroller approved, on a temporary basis, an additional working capital advance of \$1,000,000.

It has been impossible to reduce the working cash fund and further increases are necessary. The Vice-President and Comptroller recommends that additional sums be advanced from funds in the University treasury to provide for a \$5,000,000 working capital fund for Stores and Services activities. The additional working capital will finance the increase in inventories and services necessary for the operation of Chicago Circle, the operation of a research cost accounting system in Urbana, and the expansion of inventories and services for the general growth of the University.

I concur.

On motion of Mr. Hughes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

PURCHASES

(23) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President's Office.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Purchases Recommended	\$192 598 48
Purchases Authorized.....	26 048 00
	<hr/>
	\$218 646 48
<i>From Institutional Funds</i>	
Purchases Recommended	\$631 174 36
Purchases Authorized	53 389 64
	<hr/>
	\$684 564 00
<i>Grand Total</i>	\$903 210 48

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases authorized by the President's Office were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(24) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

QUARTERLY REPORT OF THE COMPTROLLER

(25) The Comptroller presented his quarterly report to the Board as of September 30, 1966.

This report was received for record, and a copy was filed with the Secretary of the Board.

COMPTROLLER'S REPORT OF CONTRACTS

(26) The Comptroller's report of contracts executed during the period October 1 to 31, 1966.

LEASES WITH THE ILLINOIS BUILDING AUTHORITY

(28) The Board of Trustees on September 22, 1965, authorized the Comptroller and Secretary of the Board to execute the necessary documents to permit the Illinois Building Authority to proceed with certain University projects which the Seventy-fourth General Assembly of the State of Illinois had declared to be in the public interest.

The Illinois Building Authority has now forwarded to the University forms of the leases which it requests be used on two of the projects and has requested

that the Board of Trustees take specific action to approve the same. Copies of said lease forms are presented herewith and are being filed with the Secretary of the Board for record.

The leases relate to the following University projects and are on the terms indicated:

<i>Project</i>	<i>Legislative Declaration</i>	<i>Amount of IBA Bonds</i>	<i>Two Year Rent Paid Under Interim Lease During 1965-67 Biennium</i>	<i>Annual Rent Due September 1, 1967, and Each Year Thereafter</i>	<i>Total Rental Payments</i>
Undergraduate Library, Urbana-Champaign	\$2 500 000 00	\$3 301 300 00	\$355 700 00	\$239 810 00	\$5 871 330 00
East Dentistry-Medicine-Pharmacy Building Addition, Chicago Medical Center Campus	2 245 000 00	2 813 700 00	319 420 00	203 685 00	5 004 175 00

Funds for the rental payments under the leases during the current biennium, 1965-67, have been paid from appropriations made by the General Assembly under the interim leases previously executed as authorized on September 22, 1965.

The Vice-President and Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend that the Comptroller and Secretary of the Board of Trustees be given specific authorization to execute these leases in substantially the form presented in this meeting and that the following resolution be adopted. I concur.

Resolution Authorizing Leasing of Undergraduate Library Building and East Dentistry-Medicine-Pharmacy Building Addition from Illinois Building Authority

WHEREAS The Board of Trustees of the University of Illinois on September 22, 1965, authorized the Comptroller and Secretary of the Board to execute the necessary documents to permit the Illinois Building Authority to proceed with certain University projects which the Seventy-Fourth General Assembly of the State of Illinois had declared to be in the public interest; and

WHEREAS in accordance with the Illinois Building Authority Act the Seventy-Fourth General Assembly of the State of Illinois has declared, among others, the following University of Illinois projects at the Champaign-Urbana Campus and the Medical Center Campus to be in the public interest:

- A. Construct Undergraduate Library Building
Champaign-Urbana Campus \$2 500 000 00
 - B. Construct East Dentistry-Medicine-Pharmacy Building Addition
Medical Center Campus \$2 245 000 00
- and

WHEREAS said declaration also provides that the cost of any specific project could exceed the amount set forth therefor so long as the aggregate amount stated therein to be financed by the Illinois Building Authority for the University is not exceeded; and

WHEREAS the amount designated for said projects as follows:

- A. Champaign-Urbana Campus
IBA #74-10 Construct Undergraduate Library Building \$3 301 300 00
 - B. Medical Center Campus
IBA #74-12 Construct East Dentistry-Medicine-Pharmacy Building Addition \$2 813 700 00
- will not cause said aggregate amount to be exceeded; and

WHEREAS the interim leases applicable to these projects which were heretofore executed pursuant to prior authorization were for lesser amounts than now being designated; and

WHEREAS the Illinois Building Authority has forwarded to the University of Illinois forms of the permanent construction leases which it requests be used for these projects and which will supersede the interim leases; and has requested

that the Board of Trustees take specific action to approve the same; copies of which lease forms are presented herewith and are being filed with the Secretary of the Board for record;

Now, Therefore, Be It, and It Hereby Is, Resolved that the Comptroller and Secretary of this Board of Trustees be, and hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this corporation leases with the Illinois Building Authority in substantially the forms presented to this meeting for the following buildings and facilities:

- A. Construction of an Undergraduate Library Building at Champaign-Urbana, Illinois, at a cost to the Illinois Building Authority of \$3,301,300.00 requiring an initial rental on or before May 1, 1966 of the sum of \$177,850.00 and on or before September 1, 1966, the sum of \$177,850.00 (payments of which have heretofore been made); and during each successive renewal term of the Lease, the annual sum of \$239,810.00 on or before the 1st of September of each year for 23 weeks with total rental payments of \$5,871,330.00.
- B. Construction of an East Dentistry-Medicine-Pharmacy Building Addition at the Medical Center Campus at a cost to the Illinois Building Authority of \$2,813,700.00 requiring an initial rental on or before May 1, 1966, of the sum of \$159,710.00; and on or before September 1, 1966, the sum of \$159,710.00, (payments of which have heretofore been made); and during each successive renewal term of the Lease, the annual sum of \$203,685.00 on or before the 1st of September of each year for 23 years with total rental payments of \$5,004,175.00.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: appointments to the faculty made by the President; resignations, cancellations, and declinations; leaves of absence; changes in sabbatical leaves of absence.

- KALB, EDWARD C., Extension Specialist, Short Courses and Conferencs, Division of University Extension, October 10, 1966-August 31, 1967, \$8,500 a year (10-4-66).
- KELLEY, CORNELIA P., Associate Professor of English, ⅓ time, Semester I 1966-67, \$3,800 a year ((9-21-66).
- KERLEY, GERALD I., Research Associate in Chemistry, four months from October 1, 1966, \$2,200 (10-4-66).
- KOO, MRS. PING L., Research Programmer in Computer Science, Graduate College, eleven months from October 1, 1966, \$9,200 a year (10-11-66).
- LAPREVOTTE, NOELLE, Visiting Assistant Professor of French, academic year 1966-67, \$9,000 (8-2-66).
- LENG, EARL R., Adviser on Agricultural Research for service at the U. P. Agricultural University, Pant Nagar, U. P., India, under Contract AID/nesa-150, for one month from August 1, 1966, \$16,500 a year; for six weeks from September 1, 1966, \$21,000 a year; and Professor of Plant Breeding and Genetics, Department of Agronomy (C), indefinite tenure from October 16, 1966, \$17,200 a year, supersedes (9-7-66).
- LEONHARD, PATRICIA, Lecturer in Educational Psychology, ½ time, academic year 1966-67, \$3,650 (9-15-66).
- LEWIS, MICHAEL, Instructor in Sociology, \$8,700, and Instructor in the Institute for Research on Exceptional Children, without salary, academic year 1966-67, supersedes (9-26-66).
- LIPPERT, HENRY, Research Associate in Education, Bureau of Educational Research, one year from September 1, 1966, \$9,500 (9-29-66).
- MADDEN, JOHN J., Research Associate in Microbiology, ½ time, September 15, 1966-August 31, 1967, \$3,650 a year (9-26-66).
- MANLEY, MYRON B., Clinical Counselor, with rank of Assistant Professor, in the Student Counseling Service, one year from September 1, 1966, \$11,500 (10-4-66).
- MARLIN, MRS. MARJORIE M., Assistant Professor of Psychology, academic year 1966-67, \$9,000 (10-11-66).

- McCLEARY, LLOYD E., Professor of Educational Administration and Supervision, indefinite tenure from September 1, 1966, \$15,500, supersedes (9-10-66).
- McEWEN, BRUCE G., Academic Coordinator in Extension in International Affairs, Division of University Extension, eleven months from October 1, 1966, \$7,300 a year (10-4-66).
- McKENZIE, ELIZABETH A., Editor, Dean of Students Office, October 17, 1966-August 31, 1967, \$9,500 a year (9-28-66).
- MERKELO, HENRY, Research Associate in Electrical Engineering (C), eleven months from October 1, 1966, \$10,500 a year, supersedes (10-17-66).
- MILLAR, GERA A., Instructor in Russian, academic year 1966-67, \$6,700 (6-23-66).
- MOYER, M. EUGENE, Assistant Professor of Economics, one year from September 1, 1966, \$12,500, supersedes (10-20-66).
- NEELY, MRS. CAROL P. T., Instructor in English, $\frac{2}{3}$ time, academic year 1966-67, \$5,000 (10-4-66).
- O'LEARY, KEITH D., Research Associate in Psychology and Instructor in Psychology, Semester I 1966-67, \$3,000 (9-16-66).
- OLIVER, WILLIAM A., Professor of Civil Engineering (C and S), $\frac{1}{2}$ time, one year from September 1, 1966, \$7,200 (10-11-66).
- OLSON, EDWARD C., Assistant Professor of Astronomy, academic year 1966-67, \$10,400, supersedes (10-11-66).
- PANDEY, RAMESH C., Research Associate in Chemistry, seven months from February 1, 1967, \$6,600 a year (8-29-66).
- PARSONS, MICHAEL J., Research Associate in Philosophy of Education, $\frac{1}{2}$ time, academic year 1966-67, \$3,500 (9-29-66).
- PAYETTE, ROLAND, Research Assistant Professor of Education, University High School, one year from September 1, 1966, \$11,000, supersedes (10-19-66).
- RAGO, LOUIS J., Associate Professor of Industrial Administration, indefinite tenure from September 1, 1966, academic year service basis, \$13,000 a year, supersedes (10-28-66).
- REA, PATRICK E., Assistant Dean of Men, September 19, 1966-August 31, 1967, \$7,800 a year (10-11-66).
- REED, CORDELIA, Assistant Professor of French, 33 per cent time, Semester I 1966-67, \$285.46 a month (10-11-66).
- REYNOLDS, HARRY A., JR., Assistant Professor of Veterinary Pathology and Hygiene, College of Veterinary Medicine, eleven months from October 1, 1966, \$13,750 a year, supersedes (10-11-66).
- RICHARDSON, DANIEL, Instructor in Mathematics, academic year 1966-67, \$8,000 (6-23-66).
- ROGERS, RALPH W., Executive Officer and Associate Professor of Naval Science, $\frac{1}{10}$ time, July 1, 1966-August 31, 1967, \$600, supersedes (7-26-66).
- ROWLANDS, ROBERT E., Research Associate in Theoretical and Applied Mechanics, $\frac{1}{2}$ time, academic year 1966-67, \$3,000, supersedes (9-23-66).
- SANDOR, BELA I., Research Associate in Theoretical and Applied Mechanics, $\frac{2}{3}$ time, academic year 1966-67, one year from September 1, 1966, \$4,000, supersedes (9-23-66).
- SCHMIDT, WILLIAM H., Assistant Specialist in Education, Department of Secondary and Continuing Education, one year from September 1, 1966, \$7,200 (10-4-66).
- SHACHTMAN, MAX, Visiting Lecturer in Journalism, one month from October 1, 1966, \$1,200 (9-20-66).
- SHATTUCK, SUSAN D., Research Associate in the Office of the Executive Vice-President and Provost, $\frac{1}{2}$ time, September 16, 1966-August 31, 1967, \$5,400 a year (10-4-66).
- SIMMONS, WILBUR D., Research Associate in Special Education, College of Education, academic year 1966-67, without salary (9-20-66).
- SMITH, EDWARD J., Assistant to the Director of Admissions and Records, one year from September 1, 1966, \$11,600, supersedes his nonacademic appointment (9-26-66).
- SMITH, MRS. KATHRYN W., Instructor in Home Economics, $\frac{1}{2}$ time, academic year 1966-67, \$2,700 (9-23-66).
- SPITLER, JOSEPH C., Professor of Naval Science and Commandant of Midshipmen from July 1, 1966, and continuing for the duration of his tour of duty at the University, without salary (9-1-66).

- STALLMAN, WILLIAM E., Instructor in General Engineering (C), academic year 1966-67, \$7,600 (8-9-66).
- STOLPE, VIRGINIA, Research Associate in Secondary and Continuing Education, $\frac{1}{2}$ time, one year from September 1, 1966, \$3,675 (9-26-66).
- SUZUKI, MICHIO, Professor of Mathematics, College of Liberal Arts and Sciences, indefinite tenure from September 1, 1966, academic year service basis, and Associate Member Center for Advanced Study, Graduate College, one year from September 1, 1966, \$25,000 (7-20-66).
- SUZUKI, WARREN N., Research Associate in Vocational and Technical Education, $\frac{1}{2}$ time, academic year 1966-67, \$3,500 (10-4-66).
- SYBESMA, CHRISTIAAN, Research Associate Professor of Botany and of Biophysics, one year from September 1, 1966, \$11,000 (9-26-66).
- SZOKE, CLAIRE L. OLSON, Instructor in Spanish, $\frac{1}{3}$ time, academic year 1966-67, \$1,833 (9-28-66).
- TADANO, TAKEO, Research Associate in Zoology, eleven months from October 1, 1966, \$6,050, supersedes (10-17-66).
- TEMUSSI, PIERO A., Research Associate in Chemistry, two months from September 1, 1966, \$1,100 (10-19-66).
- THORNE, MARLOWE D., Research Adviser at the Jawaharlal Nehru Agricultural University, Jabalpur, M. P., India, for service under Contract USAID/nesa-149, from September 6 through December 5, 1966, \$24,500 a year, supersedes his present contract as Professor of Agronomy and Head of the Department, \$23,750 a year, only for the three-month period indicated (8-24-66).
- TSUBOI, TEICHI, Research Associate in Computer Science, six months from October 1, 1966, \$4,250, supersedes (10-4-66).
- UROFF, MRS. MARGARET D., Instructor in Verbal Communication, Division of General Studies, $\frac{3}{4}$ time, Semester I 1966-67, \$1,800 (10-15-66).
- VAN DER SLUYS, WILLIAM A., Assistant Professor of Theoretical and Applied Mechanics, academic year 1966-67, \$8,100 (10-4-66).
- VAN VLEET, JOHN F., Instructor in Veterinary Pathology and Hygiene, September 16, 1966-August 31, 1967, \$9,583.30 (10-3-66).
- VOLD, ROBERT L., Instructor in Chemistry, Semester I 1966-67, \$4,000 (10-11-66).
- WAYMAN, CLARENCE M., Professor of Metallurgical Engineering, indefinite tenure from September 1, 1966, \$14,000, supersedes (9-26-66).
- WEBB, MARGARET H., Serials Cataloger, with rank of Instructor, in the Library, $\frac{3}{4}$ time, September 14, 1966-August 31, 1967, \$4,950 (10-5-66).
- WEHLAGE, GARY G., Instructor in Secondary and Continuing Education, academic year 1966-67, \$7,000 (9-26-66).
- WERT, CHARLES A., Acting Head of the Department of Mining, Metallurgy, and Petroleum Engineering, one year from September 1, 1966, and Professor of Physical Metallurgy, on indefinite tenure from September 1, 1966, academic year service basis, \$22,000, supersedes (9-28-66).
- WILLS, HERBERT, Research Associate in Mathematics and in Education, academic year 1966-67, \$10,350 (10-4-66).
- WILSON, GEORGE S., Research Associate on $\frac{3}{4}$ time and Instructor on $\frac{1}{4}$ time, in Chemistry, academic year 1966-67, \$8,300 (10-4-66).
- WOLF, EDWARD L., Research Assistant Professor of Physics and in the Coordinated Science Laboratory (C), one year from September 1, 1966, \$10,000 (10-11-66).
- WOLLERSHEIM, DAVID, Instructor in Mechanical Engineering, academic year 1966-67, \$6,500 (10-4-66).
- YOKOKAWA, SENJI, Visiting Research Associate in Electrical Engineering (C), September 1, 1966-March 7, 1967, without salary (9-24-66).

RESIGNATIONS, CANCELLATIONS, AND DECLINATIONS

Chicago Circle

- BEN-ISRAEL, ADI, Associate Professor of Systems Engineering—resignation effective September 1, 1966.
- BOWEN, W. R., Assistant Professor of Biological Sciences—resignation effective September 1, 1966.
- CHANDLER, MARGARET, Professor of Sociology—resignation effective September 1, 1966.

JOHNSON, NORMAN J., Assistant Professor of Sociology and Anthropology — resignation effective September 1, 1966.

Medical Center

DRIESSEN, GERALD J., Research Associate in Otolaryngology, College of Medicine — resignation effective October 1, 1966.

KAMINSKY, STUART M., Editor of Medical Center News — resignation effective December 1, 1966.

NAKANISHI, SUEHIRO, Research Associate in Pharmacology, College of Medicine — resignation effective November 1, 1966.

Urbana

ADLER, DONATELLA G., Research Assistant Professor of Physics — resignation effective August 1, 1966.

BLURTON, MICHAEL A. S., Research Associate in the Bureau of Economic and Business Research — cancellation effective September 1, 1966.

DAUM, DONALD R., Assistant Professor of Agricultural Engineering — resignation effective November 1, 1966.

DAVIES, MICHAEL S., Instructor in the Coordinated Science Laboratory — cancellation effective September 1, 1966.

DILLEY, CLYDE A., Research Associate in the Curriculum Laboratory, College of Education — resignation effective October 1, 1966.

FORD, NEIL M., Research Associate in the Bureau of Economic and Business Research — cancellation effective September 1, 1966.

GIBBONS, ROBERT W., Instructor in Veterinary Clinical Medicine — resignation effective September 16, 1966.

HOPPE, DANIEL J., Extension Specialist in the Division of University Extension — resignation effective October 1, 1966.

ITATANI, HIROSHI, Research Associate in Chemistry — resignation effective November 16, 1966.

KANEMATSU, KAZUO, Research Assistant Professor of Metallurgy, Department of Mining, Metallurgy, and Petroleum Engineering — cancellation effective September 1, 1966.

KREROWICZ, WILLIAM A., Instructor in Electrical Engineering — declination effective September 1, 1966.

LOY, ARTHA S., Research Assistant Professor of Secondary and Continuing Education — cancellation effective September 1, 1966.

MOLITORIS, H. P., Research Associate in Plant Pathology — resignation effective November 1, 1966.

NARCISI, LOUIS J., Assistant Professor of Architecture — resignation effective September 1, 1966.

PROTOPOPOFF, GEORGE, Instructor in Russian, Department of Slavic Languages and Literatures — resignation effective September 1, 1966.

RENWICK, FRANK W., JR., Director of the Executive Development Center, College of Commerce and Business Administration — cancellation effective September 1, 1966.

RUCKER, WALTER E., Research Associate in the Curriculum Laboratory, College of Education — resignation effective October 1, 1966.

LEAVES OF ABSENCE

GIRAULT, EMILY S., Assistant Professor of Secondary and Continuing Education (Urbana) — leave of absence, without pay, for the academic year 1966-67, so that she may work on a special assignment with the Institute of Social Research at the University of Michigan, Ann Arbor, Michigan.

LERMAN, ABRAHAM, Assistant Professor of Geology (Chicago Circle) — leave of absence, without pay, from September 1 through December 21, 1966.

MARKLE, MRS. SUSAN M., Head, Programmed Instruction Division, in the Office of Instructional Resources, and Associate Professor of Psychology (Chicago Circle) — leave of absence, without pay, for one month from October 1, 1966, so that she may serve as a consultant in programmed instruction to the Department of Psychological Foundations, National Council of Educational Research and Training, New Delhi, India.

- MONTAGUE, PATRICIA T., Assistant Professor of Mathematics (Urbana) — leave of absence, without pay, for the first semester of 1966-67.
- POWELL, DWIGHT, Professor of Plant Pathology, Department of Horticulture (C, S, and E) (Urbana) — leave of absence, without pay, for the period February 15 through June 30, 1967, so that he may accept a visiting lectureship at the University of Minnesota.
- SAUER, ELMER L., Professor of Rural Development Extension, Department of Agricultural Economics (E) (Urbana) — leave of absence, without pay, from February 22 through June 30, 1967, so that he may accept a Fulbright-Hays grant to work at the University of the West Indies in Trinidad.
- ULANOWSKY, PAUL, Professor of Music (Urbana) — leave of absence, without pay, for the second semester of 1966-67.

CHANGES IN SABBATICAL LEAVES OF ABSENCE

- BELFORD, R. LINN, Associate Professor of Physical Chemistry, Department of Chemistry and Chemical Engineering (Urbana) — sabbatical leave of absence, for the first semester, on full pay, changed to leave of absence for the academic year, on one-half pay.
- CASAGRANDE, JOSEPH B., Professor of Anthropology and Head of the Department (Urbana) — sabbatical leave of absence for the academic year 1966-67, on one-half pay, changed to leave of absence for the first semester of 1966-67, on full pay.
- KIRSTEIN, LAURETTE, Coordinator of Foreign Students at Chicago Circle and Assistant Professor of English for Foreign Students — sabbatical leave of absence granted her for the second semester of the academic year 1966-67, on full pay, is hereby cancelled without prejudice.
- WAHL, FLOYD M., Associate Professor of Geology (Urbana) — sabbatical leave of absence granted him for the second semester of the academic year 1966-67, on full pay, is hereby cancelled without prejudice.

STATEMENT BY MR. IRVING DILLIARD

Mr. Dilliard presented the following statement which he requested be included in the record of today's meeting.

MR. PRESIDENT:

I have requested a few minutes today to present a matter that seems to me to be of much importance to the University of Illinois and to the people who support it with their tax dollars. If this subject is not widely talked about now, I can assure you that it will be under discussion and of concern in the future. As justification for this prediction, I call attention to how little notice was being paid to the matter of educational opportunities and faculty appointments for Negroes when that subject was first brought before this Board of Trustees five and a half years ago.

Since then, a significant share of the efforts of our colleges and universities has been directed to increasing the number of students from disadvantaged homes and to giving them special assistance where needed and deserved and also to obtaining faculty positions for qualified Negro teachers and scholars. The extent to which the University of Illinois subsequently has joined in these national concerns is set forth in some detail in the November 1 issue (No. 129) of the *Faculty Letter*.

What I call attention to now is another area of discrimination and prejudice which I am sorry to say mars far too many of our colleges and universities. As a citizen of Illinois and an alumnus of the University, as well as a member of this Board, I would like to see my University become recognized nationally as a leader in dispelling this discrimination and prejudice. I refer to the inferior status of women in the academic world generally. I know full well that there are notable exceptions for I have compiled a list of those that are outstanding, but the fact remains that generally speaking they continue to be exceptions.

Just what the situation now is at the Urbana-Champaign campus and in the University of Illinois as a whole with respect to the treatment of women as teachers and scholars, in terms of rank, compensation, and advancement, I confess frankly I do not know. What it was when I was an undergraduate forty

years ago, I remember only too well. For my information and the public's—and I trust this will be of no less interest to other members of the Board (I know it will be to Trustee Watkins)—I request that the University Administration provide at our December meeting a report on the numbers and percentages of men and women in the several academic ranks—assistant, instructor, assistant professor, associate professor, and professor. I request this by divisions and departments, these units to be gathered into their respective colleges and other administrative units with numbers and percentages finally for the University as a whole. I request also this information for the nonacademic administrative staff and for the service personnel. I am sure this data is readily available and needs only to be assembled, if indeed it is not currently collected, as I would expect it to be.

All I ask, in effect, is that we feed the current *Staff Directory* into a computer and call on it to organize the faculty and staff by subject units into numbers and percentages of men and women according to the several levels of academic rankings. I realize, of course, that large diversities are inevitable, that the percentages of women in Home Economics and Nursing will be different from the percentages in Mechanical Engineering and Animal Husbandry. But whatever the facts we should know them. We should know particularly what the statistics show in the humanities, in liberal and fine arts and in the social sciences in which fields so many women students take their degrees.

There are several reasons for compiling this information on the basis I have requested and for making it public:

First, there is the matter of simple justice to women. We can not hold an informed opinion about this until we are sure of the facts with respect to how women are treated in the matter of appointments, advancements, and scholarly recognitions at the University of Illinois.

Second, there is the growing problem of the development of adequate faculties to teach the ever-increasing enrollments flooding our campuses. I have been told that some colleges and universities are allowing old prejudices to cause them to employ third and fourth rate men rather than first rate women.

Third, in view of the generous reception of large numbers of women into such fields as business, merchandising, advertising, public relations and publishing, to name only a few, those of us who are related to advance education and scholarship owe it to our area to make sure that it does not lag behind but indeed is the leader that we have every reason to expect it to be.

Fourth, in the light of the advancement of women in such countries as Soviet Russia, India, and others that might be mentioned, we in the United States, where women are in the majority and possess more than half the wealth, must be sure that we are not treating women as second-class citizens on our college and university faculties. Democracy must be democracy not only with respect to race but also with respect to sex.

To summarize, Mr. President, I make no apology for bringing this topic before the Trustees even though some may say it is not a matter of current concern. I happen to believe that colleges and universities should anticipate developments, that they should lead in developing informed opinion. Since this subject will receive widespread attention in the near future, I would like to see the University of Illinois step out in the forefront and in doing so become known over the country as an educational institution where demonstrably there is no prejudice against women in academic position, advancement, and responsibility. It will not be long before what I ask us to do voluntarily will be required under pressure of all colleges and universities inasmuch as Federal Civil Rights legislation prohibits discrimination in employment on the basis of sex. Let us proceed then before we are forced to do so and in proceeding learn just what the facts are. Mr. President, I ask that this statement of request for information be made a part of the minutes of this meeting with a view to an official report to the Board when we meet next month. Thank you very much.

President Henry stated that the information requested by Mr. Dilliard would be presented to the Trustees as soon as it can be obtained and by the December meeting of the Board insofar as may be possible.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

President Clement announced that the next three meetings of the Board will be held on December 8, 1966, at Chicago Circle, on January 12, 1967, in Chicago (the place to be determined later), and on February 9, 1967, at the Medical Center.

MARCH — ANNUAL MEETING

The By-Laws of the Board of Trustees provide that the Board shall hold an annual meeting on the second Tuesday of March, unless the date of such meeting be changed by the Board. This year the second Tuesday will be March 14, 1967. President Clement asked the wishes of the Board regarding the date of this meeting. It was agreed that the annual meeting should be held on the second Tuesday of March (March 14, 1967) as provided by the Statutes.

GUESTS OF THE BOARD

President Clement announced that a group of undergraduate student leaders had been invited to be guests of the Board at this meeting and at luncheon.

RECESS AND EXECUTIVE SESSION

President Clement stated that an executive session had been requested and was being ordered for consideration of business relating to patentable inventions and property acquisitions.

On motion of Mrs. Watkins, the Board recessed for five minutes.

When the Board reconvened, the same members of the Board, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes. The following recommendations from the President of the University were presented and considered.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(29) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following reports and recommendations relating to patentable inventions by members of the staff.

1. Simplified methods of selection of quotient digits for Digital Computer Division—James E. Robertson, Research Professor of Electrical Engineering and of Computer Science, inventor; developed under Contract AT(11-1)-1018. The choice of the particular value of the quotient digit can be made on the basis of a limited number of the most significant digits of the divisor and partial remainder (or dividend), in contrast to conventional methods for which all digits of the divisor and an equal number of digits of the partial remainder must be compared.

The inventor advised that the International Business Machines Corporation was filing for a patent on this idea, and the University of Illinois Foundation, after study, advised that there is little probability of commercial value to the University. It is recommended that the rights of the University be released to the inventor, subject to the rights of the sponsoring agency.

2. Acoustic pressure transducer—the late Robert C. Dimick, formerly Assistant Professor of Mechanical Engineering, and George J. Trezek, formerly National Science Foundation Trainee III in Mechanical and Industrial Engineering, inventors; developed under Project SQUID Subcontract S-6, Contract Nonr-3623. This invention relates to a low cost pressure transducer which is based on the change of impedance of a small permanent magnet loudspeaker when the air density surrounding it changes. This device is useful for pressure

measurements in the range of .2 to 15 psi where reasonably rapid response is required.

The University of Illinois Foundation studied this invention and reported that there is little commercial potential. Accordingly, it is recommended that the rights of the University be released to the inventors with recognition of the rights of the United States Government.

3. Solid state infrared to visible photon converter — W. Dale Compton, Professor of Physics and Director of Coordinated Science Laboratory, inventor; developed under Contract DA-28-043-AMC-00073(E). This device absorbs infrared photons which do not stimulate the eye and emits a visible photon that can be seen by the eye. The unique feature of this device consists of the utilization of the tunneling phenomena of holes through very thin insulating barriers.

It has been determined that there is a possibility of commercial value in this invention. It is recommended that the rights of the University be released to the University of Illinois Foundation with recognition of the rights of the United States Government.

4. Solid state analog computer-type calibrator for a radio interferometer — William Christian McClurg, Research Engineer in Electrical Engineering, inventor; developed under Contract AMC-01333(E). This invention relates to a new design for a solid state multiplier which would perform the same functions as an already existing electromechanical multiplier, yet be lighter, smaller, and more reliable while using much less power.

There appears to be very little commercial potential. The inventor recommends outright release to the sponsor. It is recommended that the rights of the University in this invention be released to the United States Army, the sponsoring agency.

5. Apparatus for continuous non-destructive measurement of the density of sediment in a corer barrel — Kenneth Preiss, formerly Assistant Professor of Civil Engineering and of Nuclear Engineering, inventor; developed under Contract Nonr-3985(09). This apparatus involves a gamma ray source (C-137) and a radiation detector held in a movable carriage so that they are on opposite sides of the core.

After study of the invention by the University of Illinois Foundation and discussion with the inventor, it is recommended that the rights of the University be released to the United States Navy, the sponsoring agency.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

**REQUEST TO THE ILLINOIS BUILDING AUTHORITY TO PURCHASE
1304 WEST MAIN STREET, URBANA**

(30) The Board of Trustees at its meeting on April 20, 1966, authorized a request to the Illinois Building Authority to acquire, by condemnation proceedings, the property at 1304 West Main Street, Urbana, to be used as part of the site for the Civil Engineering Building, Phase II. Subsequent negotiations with the owners of the property, after the filing of the condemnation petition, have resulted in their agreement to a price of \$45,000, which is within the appraisals received on the property. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Illinois Building Authority be requested to acquire title to the property at this time by contract or purchase or judgment order in the condemnation proceedings.

I concur and recommend adoption of the following resolution.

**Resolution Requesting Acquisition of Property at 1304 West Main Street,
Urbana, Illinois, by Illinois Building Authority**

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority, a body corporate and politic of the State of Illinois, duly organized and existing pursuant to "AN ACT to Create the Illinois Building Authority and to define its powers and duties" approved August 15, 1961, as amended, be, and hereby is, requested to acquire for this public corporation in accordance with the Illinois Building Authority Act, the property at 1304 West Main Street, Urbana, Illinois, described as follows:

Lot Nine (9) in Block Forty-two (42) in the Seminary Addition to Urbana, situated in the City of Urbana, in the County of Champaign, and State of Illinois,

at an acquisition price of Forty-five Thousand Dollars (\$45,000.00) and with title to be conveyed to, or vested by Judgment Order in, and possession delivered to, the Illinois Building Authority not later than January 1, 1967.

Be It, and It Hereby Is Further Resolved that the Comptroller and Secretary of this public corporation be, and they are hereby are, authorized and directed, to execute in the name of, and on behalf of, this public corporation such lease agreement or other document or documents, and to secure and submit appraisals and such other documentation, as they may deem to be necessary or desirable in order to effectuate such conveyance of title to the Illinois Building Authority and to secure to this public corporation the beneficial use of said property.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

PURCHASE AND SALE OF PROPERTY FOR PSYCHOLOGY BUILDING SITE, URBANA-CHAMPAIGN CAMPUS

(31) At its meeting on July 27, 1966, the Board authorized acquisition by condemnation of a strip of ground three inches by 87.35 feet, which was owned by unknown parties. This land will be used as part of the site for the Psychology Building, the balance of which is to be owned by the Illinois Building Authority.

A jury award was returned in the Circuit Court of Champaign County on October 27, 1966, finding the value of the property to be \$275 and requiring payment to be made to the County Treasurer of Champaign County of that amount by December 1, 1966.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the payment of the \$275 be temporarily financed from General Contract Reserves and that the Illinois Building Authority be requested to purchase the property at that price as part of the land it is acquiring and leasing to the University under a lease dated March 20, 1964.

I concur and request the adoption of the following resolution.

Resolution Authorizing Conveyance of a Three Inch Strip of Land Within the Psychology Building Site to the Illinois Building Authority

Be It, and It Is Hereby, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this corporation be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to the Illinois Building Authority, a body corporate and politic of the State of Illinois, duly organized and existing pursuant to "An Act to create the Illinois Building Authority and to define its powers and duties," approved August 15, 1961, as amended, title to the following described property, viz :

The North Twenty-five Hundredths (.25) feet of the South One Hundred and Twenty-five Hundredths (100.25) feet of Lot Four (4) in Block One (1) of A. T. Hall's Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, and State of Illinois;

for, and in consideration of, the payment by said Illinois Building Authority of the sum of Two Hundred Seventy-five Dollars (\$275.00) to this corporation.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

**ACQUISITION OF PROPERTIES AT 904-904½ SOUTH SIXTH STREET
AND 908 SOUTH SIXTH STREET, CHAMPAIGN**

(32) At the request of the University, condemnation proceedings by the Illinois Building Authority are pending for acquisition of the properties at 904-904½ South Sixth Street and 908 South Sixth Street, Champaign, Illinois. A trial date of November 14, 1966, has been set for 904-904½ South Sixth Street, and of December 12, 1966, for 908 South Sixth Street, Champaign.

In order to expedite possible settlements under Illinois Building Authority requirements, it is desirable for the Board to take action at this time. The Director of the Physical Plant and the Vice-President and Comptroller recommend that in the event a settlement offer is received from the owners of either property that is within the appraisals received by the Illinois Building Authority, the Illinois Building Authority be requested to authorize the acquisition of that property at the price offered.

I concur.

On motion of Mr. Jones, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner.

On motion of Mr. Johnston, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

December 8, 1966

The December meeting of The Board of Trustees of the University of Illinois was held in the Chicago Circle Center, Chicago, Illinois, on Thursday, December 8, 1966, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Theodore A. Jones, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Mr. Wayne A. Johnston, Governor Otto Kerner, and Mr. Ray Page were absent. Trustees-elect Donald R. Grimes and James A. Weatherly attended as guests.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Eldon Johnson, Vice-President of the University; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. Glenn Terrell, Dean of Faculties, Chicago Circle; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer; Mr. H. O. Farber, Comptroller; and Mr. Earl W. Porter, Secretary.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the Law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
RICHARD DEAN DEFREEUW	Chicago, Illinois	Indiana
ROGER ERNEST DUBA	Skokie, Illinois	Nebraska
LOWELL E. GARNER	Urbana, Illinois	Kansas
JAMES LOUIS KOEWLER	Evansville, Indiana	Indiana
DONALD BENJAMIN MANOFF	Chicago, Illinois	Ohio
EDWIN ALLAN MARKS	St. Louis, Missouri	Missouri
CLARENCE MELVIN RIGGS	Park Forest, Illinois	Indiana
MORTON S. WINER	Skokie, Illinois	District of Columbia
DONALD ROBERT WOOD	Detroit, Michigan	Michigan

I concur.

On motion of Mr. Hughes, these certificates were awarded.

COLLEGE OF PHYSICAL EDUCATION ADVISORY COMMITTEE, URBANA

(2) The Dean of the College of Physical Education at Urbana recommends the following appointment and reappointments to the Advisory Committee for the College effective February 1, 1967:

ARTHUR SCHULTZ, Executive Vice-President, Illinois Association of Park Districts, Springfield, Illinois (term expires June 30, 1969)

ARTHUR BUEHLER, Director of Health and Physical Education, Board of Education, 228 North La Salle Street, Chicago, Illinois (reappointment; term expires June 30, 1969)

MRS. JOHN T. EVEN, 1439 Downer Place, Aurora, Illinois, Past President of Illinois Chapter of American Association of University Women (reappointment; term expires June 30, 1969)

JOHN GRIFFITH, Publisher, *Athletic Journal*, 1719 Howard Street, Evanston, Illinois (reappointment; term expires June 30, 1969)

I concur.

On motion of Mr. Swain, these appointments were approved.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two years; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. JOSEPH J. BANNON, Assistant Professor of Recreation and Municipal Park Administration (Urbana), beginning November 1, 1966, at an annual salary of \$16,200 (DY).
2. HERMAN I. DIESENHAUS, Assistant Professor of Psychology, Department of Psychiatry, College of Medicine (Medical Center), beginning November 1, 1966, at an annual salary of \$9,500 (DY).
3. PAUL R. SCHNURRENBERGER, Associate Professor of Public Health, Department of Veterinary Pathology and Hygiene, College of Veterinary Medicine (Urbana), beginning October 16, 1966, without salary (DY).
4. JANET SILLIMAN, Assistant Professor of Nursing, College of Nursing (Medical Center), beginning November 1, 1966, at an annual salary of \$11,000 (DY).
5. GRAHAM M. VAUGHAN, Visiting Assistant Professor of Psychology (Urbana), on one-third time, for eight months from October 16, 1966, at an annual salary of \$2,800 (E33).

On motion of Mr. Jones, these appointments were confirmed.

PROFESSORSHIPS IN ACCOUNTANCY, MEDICINE, AND SURGERY

(4) Funds have been received for the establishment of professorships in accountancy, medicine, and surgery in honor of distinguished members of these professions.

Weldon Powell Professorship in Accountancy, Urbana

Named in honor of the late Weldon Powell, the professorship is being supported, in part, by gifts deposited with the University of Illinois Foundation by former students and fellow accountants. In addition, the Haskins and Sells Foundation, established by the firm in which Mr. Powell was a partner, has offered to contribute funds in an amount equal to the total of funds received from all other contributors. Mr. Powell, who was killed in an automobile accident in November, 1965, was a graduate of the University of Illinois (B.S., 1922; M.S., 1923) and served as an Assistant in Accountancy here from 1922 to 1924. He joined Haskins and Sells, certified public accountants, in 1924 and was admitted to partnership in 1934.

Edmund F. Foley Professorship in Medicine, Medical Center

Dr. Foley, Professor of Medicine, *Emeritus*, was on the faculty of the College of Medicine for forty-two years. Since being placed on Emeritus status in 1964, he has continued to teach medical students. The President of the Medical Staff and Dean of the Postgraduate School of Medicine of Cook County Hospital for many years, Dr. Foley is well known throughout the state of Illinois as a leading consultant and as a lecturer in postgraduate medical programs. Gifts from friends, students, and colleagues of Dr. Foley are being deposited in a University of Illinois endowment account.

Warren H. Cole Professorship in Surgery, Medical Center

Initiated by members of the Warren H. Cole Society (the Alumni Association of the Department of Surgery, Research and Educational Hospitals), the endowment consists of funds deposited with the University of Illinois Foundation by friends of Dr. Cole. Recently retired after thirty years as Professor and Head of the Department of Surgery, Dr. Cole has combined his teaching with surgery and research. He has served as president of the American Cancer Society, the American College of Surgeons, the American Surgical Association, and numerous other associations, and has been made an honorary fellow of the Royal College of Surgeons of England and the Royal College of Surgeons of Edinburgh.

In the case of each of these professorships, income from the gifts will furnish partial support for the salary of the incumbent.

Recommendations for appointment to each position will be made in accordance with the University's regular procedures and the appointments will be reported to the Board. The first Warren H. Cole Professorship is being recommended at today's meeting.

I recommend approval of the establishment of these professorships.

On motion of Mr. Swain, this recommendation was approved.

**HEADSHIP OF DEPARTMENT OF SURGERY
IN THE COLLEGE OF MEDICINE**

(5) The Dean of the College of Medicine and the Chancellor for the Medical Center recommend the appointment of Dr. Lloyd M. Nyhus as Warren H. Cole Professor of Surgery on indefinite tenure and Head of the Department, beginning March 1, 1967, at an annual salary of \$37,000 on a twelve months' service basis.

Dr. Nyhus, presently Professor of Surgery at the University of Washington, will be the first Warren H. Cole Professor of Surgery.

This appointment is to fill the vacancy created by the retirement on September 1, 1966, of Professor Cole. In the meantime Dr. Stuart S. Roberts has been serving and will continue to serve as Acting Head of the Department until February 28, 1967.

The nomination for this appointment was initiated by a search committee¹ after consultation with all members of the department of professorial rank.

The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I recommend approval.

On motion of Mr. Dilliard, this appointment was approved.

**HEADSHIP OF DEPARTMENT OF ORAL PATHOLOGY
IN THE COLLEGE OF DENTISTRY**

(6) The Dean of the College of Dentistry and the Chancellor at the Medical Center recommend the appointment of Dr. John Percival Waterhouse, presently on the staff of the London Hospital Medical College Dental School, London, England, as Professor of Oral Pathology on indefinite tenure and Head of the Department, in the College of Dentistry, beginning July 1, 1967, at an annual salary of \$19,000 on a twelve months' service basis.

Professor Joseph P. Weinmann served as Head of the Department from 1950 until his death in 1960. Professor Herman Medak has been serving as Acting Head of the Department.

Dr. Waterhouse was nominated by a search committee,² and his appointment is endorsed by all members of the department of professorial rank. The Dean of the Graduate College and the Executive Vice-President and Provost concur in this recommendation.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

**CHANGE IN ORGANIZATION AND APPOINTMENT OF HEAD
OF DEPARTMENT OF GERMANIC LANGUAGES
AND LITERATURES, URBANA**

(7) The members of the Department of Germanic Languages and Literatures of professorial rank at Urbana-Champaign have voted to request a change in departmental organization from that of a department with a chairman to that of a department with a head.

With the concurrence of the Executive Committee of the College of Liberal Arts and Sciences, the Dean of the College recommends that the form of organization requested be approved and that Professor Harry G. Haile, currently Chairman of the Department, be appointed Head of the Department. The Executive Vice-President and Provost also concurs.

I recommend approval of these changes, to become effective September 1, 1967.

On motion of Mr. Jones, these recommendations were approved.

¹ Harry F. Dowling, Professor of Medicine and Head of the Department, Chairman; Orville T. Bailey, Professor of Neurology, College of Medicine, Co-Chairman; Géza deTakats, Clinical Professor of Surgery, *Emeritus*; Paul H. Holinger, Professor of Bronchoesophagology, College of Medicine; Harold A. Kamietzky, Professor of Obstetrics and Gynecology, College of Medicine; Peter C. Kronfeld, Professor of Ophthalmology, College of Medicine, and Ophthalmologist-in-Chief, Illinois Eye and Ear Infirmary; Robert A. Miller, Professor of Pediatrics, College of Medicine, and Attending Physician, Research and Educational Hospitals; Robert D. Ray, Professor of Orthopaedic Surgery, College of Medicine; Martin Swerdlow, Professor of Pathology, College of Medicine, and Pathologist, Research and Educational Hospitals.

² Daniel M. Laskin, Clinical Professor of Surgery, College of Medicine, and Professor of Oral Surgery and Associate Head of the Department, Chairman; Hubert R. Catchpole, Research Professor of Pathology, College of Medicine; Stanley J. Gerson, Assistant Professor of Oral Pathology; James A. Yaeger, Professor of Histology and Head of the Department.

CENTER FOR URBAN STUDIES, CHICAGO CIRCLE

(8) The Chancellor of the Chicago Circle campus, with the endorsement of the Chicago Circle Senate, recommends that a Center for Urban Studies be established at Chicago Circle. The Center, while primarily oriented toward general research problems in urban affairs, will serve to relate the University of Illinois in Chicago to metropolitan Chicago and to the entire state in a comprehensive way. It is intended that scholars from diverse disciplines will be able, through the Center, to combine their special insights in pioneering new approaches to problems existing in metropolitan communities. While special emphasis will be given to the behavioral and social sciences, other fields will be deeply involved, including education, engineering, architecture and art, urban planning, humanities, and business administration.

In addition to its own interdisciplinary research programs, the Center for Urban Studies will give support, encouragement, and assistance to individual faculty members and interested groups investigating problems related to its purposes. This assistance will be available in several forms: (1) cooperating in securing financial support; (2) research staff assistance, including technical and clerical staff; (3) information services; (4) opportunities for interdisciplinary research; and (5) sponsorship of seminars and colloquia involving local faculty members and others involved in urban affairs.

In order to promote interdisciplinary, campus-wide involvement, the Director of the Center will report to the Dean of Faculties and through him to the Chancellor, as other major academic units now do. The policies of the Center will be proposed by the Director and an interdisciplinary Executive Committee. The Center will have a small "core" staff of full-time professional members, who will also have membership in their respective academic departments. The remainder of the senior staff will consist of regular faculty members who will be affiliated with academic departments and usually will be principally engaged in instruction within their special fields. The Center will provide the means to securing released faculty time for special studies, in which graduate students will be used extensively as research assistants.

A request for funds for the establishment of the Center has been approved by the Board of Trustees as part of the Biennial Budget Request for Operations, 1967-69.

The Executive Vice-President and Provost concurs in this recommendation.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

On motion of Mrs. Watkins, this recommendation was approved.

MASTER'S DEGREES IN ENGINEERING, CHICAGO CIRCLE

(9) The Chancellor of the University of Illinois at Chicago Circle recommends approval of programs leading to the degrees of Master of Science in Mechanics and Materials and Master of Science in Thermosciences. Both programs have received the approval of the Chicago Circle Senate. The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved. The Executive Vice-President and Provost and the Dean of the Graduate College concur in this recommendation.

Reflecting the new philosophy of organization of engineering disciplines underlying the College of Engineering at Chicago Circle, both of the programs proposed offer a broad spectrum of activities through which students may prepare themselves for a wide range of career possibilities. Both programs may be used either as a terminal program for those wishing to seek employment after graduation, or as a basis for further studies leading to the Doctor of Philosophy degree.

Departmental standards for admission and graduation are generally equivalent to those of corresponding departments in Urbana as approved by the Board of Trustees. Under the Chicago Circle quarter system, the minimal requirements for the master's degree is forty-eight hours. (The Board, on October 13, 1966, approved, for the Chicago Circle campus, programs for the master's degree in Biological Sciences, Chemistry, English, Geology, German, History, Mathematics, Philosophy, Physics, and Psychology.)

Master of Science in Mechanics and Materials

Work in the areas of engineering mechanics, metallurgy, structures, and soils and foundations will be offered. It is anticipated that most graduates from a recognized

engineering college will be accepted, regardless of their specific field of undergraduate concentration, provided of course that their record satisfies certain minimum grade point requirements. It is suggested, however, that their undergraduate program include the following minima: sophomore or junior level course in materials (such as Materials Engineering 124); sophomore or junior level course in mechanics of solids (such as Materials Engineering 121-122); introduction to ordinary differential equations; numerical and computer methods.

The scholastic averages for admission should parallel closely those prevalent on the Urbana campus. That is, graduates with a B average (4.0) or better should be eligible for admission without further inquiry. Graduates with lower averages would in general not be admitted, but a 3.75 average or above may make the applicant eligible for admission if the department so decides.

At least four and not more than eight quarter hours of credit (of the required total of forty-eight) must be in the form of a thesis, or a project requiring a written report on which the candidate is examined. A minimum of twenty quarter hours (including the thesis or project) must be acquired in courses of 400 level. The student must also successfully complete at least two courses in each of the materials and mechanics groups.

Master of Science in Thermosciences

This program offers advanced study in the areas of heat transfer, fluid mechanics, and thermodynamics. Graduates of recognized engineering colleges irrespective of their specific fields of undergraduate concentration will be accepted provided that they have an equivalent grade-point average of 4.0 or better (under exceptional circumstances, students with a somewhat lower grade point may be admitted, but under no condition will a student be admitted with a grade point lower than 3.5).

In general, the prospective graduate student in the thermosciences program should have had undergraduate courses in thermodynamics, heat transfer, fluid mechanics, and differential equations. If he is deficient in his preparation, it may be necessary to take some preliminary courses in the above-mentioned fields prior to starting his actual graduate program. Such cases will be worked out on an individual basis.

All students are required to take three specific fundamental courses (ENRE 305, Statistical Thermodynamics; ENRE 310, Continuum Fluid Mechanics; and ENRE 422, Convective Heat Transfer). A minimum of six and a maximum of twelve credits must be taken in ENRE 490, Research, under the supervision of the student's adviser. At least twenty-seven quarter hours, including research, must be from courses in the major area and nine quarter hours must be taken in the Mathematics Department. No more than twenty-four quarter hours credit may be derived from courses numbered below 400.

I recommend approval, subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Pogue, this recommendation was approved.

RECOMMENDATIONS FROM URBANA-CHAMPAIGN SENATE FOR CURRICULA CHANGES

(10) The Urbana-Champaign Senate has approved recommendations from the Colleges of Engineering, Physical Education, and Education for minor revisions of curricula which are being reported to the Board of Trustees for record.

College of Engineering

A proposal involving the reduction of graduation requirements for the General Engineering curriculum from 142 hours to 136 hours by deletion of Mechanical Engineering 215 (Mechanical Engineering Laboratory, two hours) and Theoretical and Applied Mechanics 224 (Behavior of Materials, three hours) and the revision of and reduction of credit for General Engineering 291 (General Engineering Seminar, from one to zero hours) has been approved by the General Engineering Committee on Courses and Curriculum and the Engineering College Policy and Development Committee. The change will bring the graduation requirement of this curriculum into line with those of most other engineering curricula.

College of Physical Education

1. A change in the curriculum in the Teaching of Dance in the Secondary School, made possible by new regulations of the Illinois State Teacher Certification

Board and stipulating that only a single teaching field is necessary for certification, will eliminate the second teaching field, the teaching minor, and add sixteen semester hours of general education elective. The changes have been approved by the Courses and Curriculum Committee of the Department of Physical Education for Women, the University and the Urbana-Champaign Councils on Teacher Education, and the Urbana-Champaign Senate Committee on Educational Policy.

2. The undergraduate curriculum in Health Education will be revised to offer junior and senior students an option in either School Health Education or Community Health Education. The options, designed to provide greater specialization and to place greater emphasis on the behavioral sciences, lead to the same degree, Bachelor of Science in Health Education. The proposal has been approved by the University and Urbana-Champaign Councils on Teacher Education and the Urbana-Champaign Senate Committee on Educational Policy.

College of Education

To improve the preparation of teachers to meet public school needs, the three options in Industrial Education will be replaced by one flexible curriculum. The curriculum, Technical Education Specialties, will meet teacher certification requirements for specialties within the broad area of Vocational and Technical Education, while providing each specialist with a general background in those physical, biological, natural, or mathematical sciences upon which the specialty is predicated. This increased flexibility is made necessary by the increasingly diverse offerings in the public secondary schools and post-secondary schools and by the increased reliance upon science among new and emerging occupations. This revision has been approved by the University and Urbana-Champaign Councils on Teacher Education and the Urbana-Champaign Senate Committee on Educational Policy.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved in these proposals.

A detailed description of the revisions in these curricula is being filed with the Secretary of the Board for record.

All of these changes will become effective as soon as they can be implemented by the departments concerned.

On motion of Mr. Swain, this report was accepted for record.

APPLICATIONS FOR GRANT FUNDS UNDER TITLE I OF THE HIGHER EDUCATION FACILITIES ACT OF 1963

(11) Under the Higher Education Facilities Act of 1963, the United States Commissioner of Education is authorized to grant funds for the construction, rehabilitation, and improvement of academic and related facilities. The requirements of the Department of Health, Education, and Welfare for the submission of applications for grants under the Act necessitate the adoption of a formal resolution by the Board authorizing the filing of applications and designating the person to act on behalf of the University.

It is recommended that the Board of Trustees adopt the resolutions submitted herewith authorizing the filing of applications for grants for the following projects. In addition, James E. Osborn, Business Manager at Chicago Circle, would be designated as the officer authorized to file the application on behalf of the University for construction at Chicago Circle, and H. O. Farber, Comptroller of the Board, as the officer authorized to file the application on behalf of the University for construction at Urbana-Champaign. The projects are:

Construction at Chicago Circle — Science-Engineering Center (Building 619 at Chicago Circle)

Construction at Urbana — Addition to Women's Gymnasium

Resolution Authorizing the Filing of Application for Grant Funds Under Title I of the Higher Education Facilities Act of 1963

Approved December 8, 1966

WHEREAS, the U. S. Commissioner of Education is authorized under the Higher Education Facilities Act of 1963 to grant funds for the construction, rehabilitation, and improvement of certain academic and related facilities; and

WHEREAS, The Board of Trustees of the University of Illinois, the governing body of the University of Illinois, hereinafter called the Applicant, is cognizant of the conditions under which such grant funds are made available and approved for payment to an applicant; and

WHEREAS, it is the sense of the governing body of the Applicant that it is desirable to apply for a grant under the aforementioned act for the project described as follows:

Construction of Science - Engineering Center
Building 619 at Chicago Circle

Now, therefore, be it

Resolved, that an application for the project described above is authorized and directed to be filed with the Illinois Board of Higher Education, with the understanding that if upon due consideration by said board, applying the criteria of the State plan, said application receives a priority rating sufficiently high to receive grant funds under the aforementioned act, said application will be forwarded to the U. S. Commissioner of Education for consideration for his approval; and be it further

Resolved, that The Board of Trustees of the University of Illinois designates James E. Osborn, Business Manager, Chicago Circle Campus, as the officer authorized to file the application and act as the representative of this Board in connection with said application.

On motion of Mr. Williamson, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

**Resolution Authorizing the Filing of Application for Grant Funds Under
Title I of the Higher Education Facilities Act of 1963**

Approved December 8, 1966

WHEREAS, the U. S. Commissioner of Education is authorized under the Higher Education Facilities Act of 1963 to grant funds for the construction, rehabilitation, and improvement of certain academic and related facilities; and

WHEREAS, The Board of Trustees of the University of Illinois, the governing body of the University of Illinois, hereinafter called the Applicant, is cognizant of the conditions under which such grant funds are made available and approved for payment to an applicant; and

WHEREAS, it is the sense of the governing body of the Applicant that it is desirable to apply for a grant under the aforementioned act for the project described as follows:

Construction of Addition to Women's Gymnasium
at Urbana-Champaign

Now, therefore, be it

Resolved, that an application for the project described above is authorized and directed to be filed with the Illinois Board of Higher Education, with the understanding that if upon due consideration by said board, applying the criteria of the State plan, said application receives a priority rating sufficiently high to receive grant funds under the aforementioned act, said application will be forwarded to the U. S. Commissioner of Education for consideration for his approval; and be it further

Resolved, that The Board of Trustees of the University of Illinois designates H. O. Farber, Comptroller, as the officer authorized to file the application and act as the representative of this Board in connection with said application.

On motion of Mr. Williamson, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

**CONTRACTS FOR AIR CONDITIONING ALLEN HALL
DINING ROOM, URBANA**

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for construction work required for air conditioning

the Allen Hall dining room and adjoining two recreation rooms on the Urbana campus, the award in each case to the lowest bidder.

General — Dean Evans Co., Champaign.....	\$ 8 862 00
Refrigeration — R. H. Bishop Company, Champaign.....	18 976 00
	\$27 838 00

Additional electrical work required for the air conditioning on which bids were requested but not received will be done by the 1965-67 cost-plus contractor for electrical work.

Funds are available in the Housing Division budget.

Submitted herewith is a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

CONTRACTS FOR REMODELING IN NATURAL HISTORY BUILDING, URBANA

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of cost-plus contracts for remodeling fifty-four rooms in the Natural History Building for the Department of Geology, the award in each case to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Total Estimated Fee Payments</i>
General — Dean Evans Co., Champaign..	9	25	10	\$16 960 00
Electrical — Emric Electric, Inc., Champaign.....	10	23	0	4 050 00
Plumbing — Wren C. & Willis H. Thomas, a partnership doing business as Thomas Plumbing & Heating Co., Urbana.....	15	39	5	5 450 00
Heating, Piping, Refrigeration, and Auto- matic Temperature Control Systems — W. L. Rogers, an individual doing busi- ness as Cool-Rite Refrigeration, Urbana.....	22	22	5	5 600 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.....	22	22	5	3 350 00

Since W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana, is the lowest bidder with identical bids for heating, piping, refrigeration, and automatic temperature control systems work and ventilation and distribution systems for conditioned air work, it is also recommended that these two awards be combined into a single contract in lieu of separate contracts.

The estimated total cost of the work is \$272,000. Funds are available from an appropriation approved by the Board of Trustees on October 13, 1966.

I concur.

On motion of Mr. Swain, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

CONTRACTS FOR REMODELING IN NOYES LABORATORY, URBANA

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of cost-plus contracts for remodeling in Noyes Laboratory for the Department of Microbiology, the award in each case to the lowest bidder.

Plumbing — Wren C. & Willis H. Thomas, a partnership doing business as Thomas Plumbing & Heating Co., Urbana	20	39	5	974 50
Heating, Piping, Refrigeration, and Auto- matic Temperature Control Systems — W. L. Rogers, an individual doing busi- ness as Cool-Rite Refrigeration, Urbana	22	26	5	811 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana	22	26	5	808 00

Since W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana, is the lowest bidder with identical bids for heating, piping, refrigeration, and automatic temperature control systems work and ventilation and distribution systems for conditioned air work, it is also recommended that these two awards be combined into a single contract in lieu of separate contracts.

The estimated total cost of the work is \$27,030. Funds are available from an appropriation approved by the Board of Trustees on October 13, 1966.

I concur.

On motion of Mr. Hughes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

CONTRACT FOR ELECTRICAL INSTALLATION WORK OF CABLE AND SWITCHGEAR EQUIPMENT AT ABBOTT POWER PLANT, URBANA

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$107,963 to Aldridge Electric, Inc., Lake Forest, the lowest bidder, for installation of high-voltage power cable and switchgear equipment at the Abbott Power Plant.

Funds are available in state capital appropriations to the University for additions to the Power Plant and extension of utilities, and have been released.

I concur.

On motion of Mr. Williamson, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

REQUEST TO THE ILLINOIS BUILDING AUTHORITY TO CONSTRUCT THE MEDICAL SCIENCES ADDITION, MEDICAL CENTER

(16) On October 25, 1966, the Illinois Building Authority received bids for all work for the construction of the Medical Sciences Addition, Phase II, building at the Medical Center campus. The lowest bidder was Joseph J. Duffy Co., Chicago, with a bid of \$1,584,404, this sum being the total of the base bid and nineteen recommended alternates. Six other proposals were received with bids (the base bid plus recommended alternates) from \$1,649,500 to \$1,831,119. The lowest bidder is considered qualified for this project.

The project is one of those which the Board of Trustees at its meeting on September 22, 1965, requested the Illinois Building Authority to provide. The Authority will finance construction and lease the facilities to the University for rental payments for which state appropriations are available. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller

recommend that the Board authorize the transfer of jurisdiction of the site and request the Illinois Building Authority to award a contract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend adoption of the following resolutions.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to Joseph J. Duffy Co., 4994 Elston Avenue, Chicago, Illinois, the low bidder, a contract for the entire work for the construction of the Medical Sciences Addition, Phase II, Building at the Medical Center, for the fixed price of \$1,584,404, being a summation of the base bid of \$1,482,622 and the following nineteen alternate proposals:

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

Resolution

WHEREAS, the Seventy-fourth General Assembly of the State of Illinois has declared it to be in the public interest that the Illinois Building Authority construct, on behalf of The Board of Trustees of the University of Illinois, a Medical Sciences Addition at the Medical Center Campus of the University of Illinois, in Chicago, Illinois; and

WHEREAS, for that purpose it will be necessary for the Illinois Building Authority to acquire jurisdiction of the real estate upon which said Addition will be located; and

WHEREAS, the site for the Medical Sciences Addition has been determined and The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois with its principal office in Urbana, Illinois, will be requested by the Illinois Building Authority to transfer jurisdiction of said real estate for the construction of said Building; and

WHEREAS, at its September 22, 1965 meeting The Board of Trustees of the University of Illinois authorized the transfer of jurisdiction to the Illinois Building Authority of the site for said Medical Sciences Addition;

Now, therefore, be it and it hereby is resolved by The Board of Trustees of the University of Illinois, as follows:

Section 1. That the Comptroller and the Secretary of The Board of Trustees of the University of Illinois be and they are hereby authorized to execute, acknowledge and deliver in the name and on behalf of this corporation an Instrument of Transfer of jurisdiction to the Illinois Building Authority transferring jurisdiction of the following described real estate:

The South 164 feet 4 inches of the North 429 feet 8¼ inches of the East 80 feet 11 inches of the West 92 feet 7 inches of that part of Blocks 3 and 4 of Codwise's Subdivision of the West ½ of the Southeast ¼ of Section 18, Township 39 North, Range 14 East of the Third Principal Meridian (except 1 chain and 37 links all along the West side thereof) lying South of the South Line of West Polk Street and East of the East line of South Wolcott Avenue, all in the City of Chicago, Cook County, Illinois

being the site upon which the Illinois Building Authority is to construct said Medical Sciences Addition.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

ALLOCATION OF FUNDS FOR CONSTRUCTION OF A HANGAR AT WILLARD AIRPORT

(17) Because of limited hangar facilities, four University aircraft, two of the Twin Beach aircraft and both of the DC-3 aircraft, continue to be exposed to the weather at the University of Illinois-Willard Airport. Therefore, it is proposed that a new hangar of approximately 140 feet by 140 feet be constructed at an estimated cost of \$150,000.

Provision of the new facility will result in elimination of weather damage, lower depreciation costs, lower inspection costs, and better service.

It is recommended that this facility be constructed out of reserves at the Airport, with the funds being replaced by future earnings from the Airport operations.

On motion of Mr. Swain, this recommendation was approved.

AWARD OF CONTRACT BY THE ATHLETIC ASSOCIATION FOR PRESS BOX AT MEMORIAL STADIUM, URBANA CAMPUS

(18) The Board of Directors of the Athletic Association has approved award of a contract for \$508,298 to Kuhne-Simmons Co., Inc., Champaign, the lowest bidder, for the construction of a press box at Memorial Stadium. Funds for the project will be provided by the Athletic Association.

In accordance with the By-laws of the Athletic Association, the Comptroller has approved this contract, and it is reported to the Board for record.

On motion of Mr. Swain, this report was accepted for record.

PURCHASES

(19) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller.

The list of purchases recommended for Board approval was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

From Appropriated Funds.....	\$ 62 578 04
From Institutional Funds.....	249 012 18
<i>Grand Total</i>	<u>\$311 590 22</u>

A complete list of the purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance

of the meeting, and a copy has been filed with the Secretary of the Board for record.

On motion of Mr. Swain, the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(20) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

REPORTS AND RECOMMENDATIONS FROM THE
PRESIDENT OF THE BOARD

REPORT OF COMMITTEE ON GENERAL POLICY ON ESTABLISHMENT
OF COLLEGE OF EDUCATION AND SCHOOL OF PHYSICAL
EDUCATION. CHICAGO CIRCLE

Mr. Jones, for the Committee on General Policy, presented the following report:

On November 10, 1966, the Board of Trustees gave provisional approval to a recommendation of the Chancellor of the Chicago Circle campus and the President of the University for the establishment of a College of Education and a School of Physical Education at the Chicago Circle campus. The recommendation included the stipulation "that the Trustees defer final approval until the present action has been reported to the Chicago Circle Senate for its information and further advice."

On December 6, 1966, the Chicago Circle Senate, by a vote of 69-52, approved a recommendation of its Committee on Educational Policy, as follows:

Since the Board of Trustees has provisionally approved a plan for a College of Education which is counter to the recommendation of this Senate, we recommend that the Senate advise the Board of Trustees of its affirmation of its decision. The Senate requests that representatives of this Senate be named by the Senate to meet with the Board and present its position and hear their position prior to a final decision.

On December 8, 1966, the Committee on General Policy of the Board of Trustees met with the designated representatives of the Chicago Circle Senate. The Committee also received through the Chancellor the information that the faculties of the present Divisions of Education and Physical Education have unanimously expressed a view contrary to that of the Senate, and their views were also received.

In the light of the division among the faculty of the Chicago Circle campus and its Senate, and in the light of the overriding considerations expressed in the original recommendation presented on November 10 by the Chancellor of the Chicago Circle campus and the President of the University, and with a full view of the problem and the provision for balance between discipline and method, the Committee on General Policy recommends that the Board of Trustees now give final

approval to the establishment of a College of Education (and within it a School of Physical Education) as provisionally approved on November 10.

As indicated earlier, this approval is subject to further action by the Board of Higher Education.

On motion of Mr. Jones, this recommendation was approved. Mr. Dilliard and Mr. Hughes asked to be recorded as voting "No."

Following is the complete text of the recommendation of the Chancellor at Chicago Circle and a supporting memorandum, and a Report of the Ad Hoc Committee on a College of Education at Chicago Circle.

UNIVERSITY OF ILLINOIS AT CHICAGO CIRCLE
OFFICE OF THE CHANCELLOR

October 24, 1966

PRESIDENT HENRY :

This letter is to recommend the establishment of a College of Education at the University of Illinois at Chicago Circle as soon as it is possible to do so. This recommendation grows out of a history of commitments and planning by the University dating back to January, 1961 (see attachment A), and to meet the pressing and growing need for teachers in the elementary and secondary school systems.

The Council on Teacher Education at Chicago Circle and the Executive Committee of the Chancellor's Administrative Council have reaffirmed their earlier recommendations first made in December, 1965, that a College of Education be established at the University of Illinois at Chicago Circle with a School of Physical Education within that college. The director of the school should be responsible to the dean of the college on matters relating to curricula and courses and to the Chancellor on matters relating to intercollegiate athletics and intramural programs.

A College of Education at Chicago Circle would perform the following functions: (a) offer the professional education courses needed for undergraduate teacher-education curricula; (b) develop suitable graduate programs designed to train high-level professional personnel in educational administration and research; (c) conduct research and development in educational methods and materials (in collaboration with subject-matter specialists), with special reference to the needs of disadvantaged students; (d) maintain effective liaison relationships with the profession of education at local, state, and national levels.

In addition to the University obligations and commitments to the hundreds of students, and the various agencies of the state of Illinois, a comprehensive organization and program for the training of teachers is an integral part of the University's total approach to its urban environment and calling. The need for teachers is nowhere more keenly felt than in the urban areas. An urban studies program which ignores this reality falls far short of major accomplishment in scholarship, research, and applicability to contemporary problems.

At the October 11, 1966, meeting of the Faculty Senate at Chicago Circle, a report (attachment B) of an Ad Hoc Committee on a College of Education appointed by the Senate was presented, considered, and voted upon. The Ad Hoc Committee presented two plans to the Senate. The report of the Committee stated: "From the deliberations of the Senate Ad Hoc Committee on a College of Education have emerged two plans for establishing an organization. Both plans have received equal support — by a vote of six to six with two abstentions. It had been hoped that consultation with recognized leaders in the educational field would suggest a solution of merit obvious to all. However, inasmuch as we have been informed that the urgency of the situation brooks no delay, we are submitting the two plans to the Senate at this time.

"The Committee wishes to emphasize that the two plans are meant to reflect, through their structures, not only the differences in philosophy which have arisen, but also the very broad areas of agreements among all members. We subscribe to the general ideas expressed by the Provost relating to the unique function to be fulfilled by the University in its urban setting: the emphasis on research, on training of specialists and administrative personnel as well as teachers, on the achievement of close cooperation between the school of education and other faculties within the University. We agree that academic departments should continue to bear major responsibility for training of secondary school teachers.

"The point at issue is which pattern of organization will prove more effective in:

1. Achieving the cooperation mentioned above and
2. Attracting the faculty to realize the above goals.

"This is the issue which we must now lay before the Senate."

A substantial portion of the Ad Hoc Committee (50 per cent) and of the Senate (41 per cent) favored Plan B which states that because the functions, as outlined by the Provost, are highly interrelated, they are best served by placing the responsibility for them in one agency, namely, the College of Education rather than in a Department of Elementary Education located in Liberal Arts and Sciences and a Graduate School of Education. Nothing is said of where future programs such as Special Education for teaching the mentally handicapped could be placed if there is to be no undergraduate College of Education. To divide this responsibility would of necessity lead to waste, confusion, and possible neglect. Needless to say, the problems of education and of the schools deserve the best treatment that the University of Illinois at Chicago Circle can afford to give them. Furthermore, a strong organization is needed to respond effectively to the federal government, the United States Office of Education, the state of Illinois, and the city of Chicago in order to attract federal, state, and private monies which will form an important part of the support of the total program.

The degree of excellence to which the above mentioned functions are carried out is dependent upon the selection of a highly competent administrative officer as is the case in any of the existing colleges within the University. Good work is performed by good people. Quite naturally, the University of Illinois at Chicago Circle wants the best possible person available to provide the leadership for a faculty of Education. This caliber of administrator is more likely to be attracted by a Deanship in a College of Education than by a department headship in the College of Liberal Arts and Sciences; also most scholarly teachers and researchers will be similarly attracted.

In repeated statements the University has indicated its commitment to the establishment of a College of Education to faculty of the University, to prospective students, to residents of the city, and to citizens of the state. A commitment has been made; evidence of it abounds. A disavowal of the commitment of the University is unwise at any time; in her infancy it is worse.

It is not to be construed that the College of Education should be isolated from the rest of the University, nor that it should be the only agency that should be concerned with the education of teachers and researchers in the field of education. The total education of the teacher has several interrelated aspects, none of which should be omitted. These aspects are:

1. A strong liberal education which provides a broad view of the world and academic disciplines,
2. A thorough knowledge of the subject to be taught, and
3. Professional skills and knowledge enabling the teacher to best teach his subject area.

Both liberal and professional education are essential to the sound preparation of the teacher. In order to avoid isolation of a College of Education from the rest of the academic community, all departments in the University engaged in the education of teachers must share the responsibility for teacher education. The criteria for the determination of the responsibility of the various aspects of the teachers' education are the competency and interest of the faculty:

1. The departments and professors of the liberal arts and sciences must provide leadership in determining the liberal education of all the students of the University.
2. Subject-matter departments and professors should provide leadership in formulating the teaching specialization majors and minors.
3. Similarly, the professors of education should take the leadership in formulating the core of knowledge and skills centered about the art of teaching. This is not to indicate for example that historians, philosophers, and psychologists should remain aloof from education and the schools. Certainly so important an institution deserves the interest and competencies of many in the academic world.

When practicable, joint appointments between the College of Education and

the subject-matter departments should be effected in order that a maximum of leadership and training will be provided and a correlation of curricula and expenditure of time and means will result. Such interdepartmental and interdisciplinary cooperation is imperative for high quality teacher education.

It is time for the power that at one time resided with the professors of education to reside with the total institution. The academic disciplines must demonstrate a willingness and a competence to participate in teacher education and school oriented research.

The University of Illinois at Chicago Circle faces multiple commitments. One thousand two hundred and seventy-five students have enrolled in programs in secondary education up to the senior year. Four hundred and seventy-five students have enrolled in elementary education through the sophomore year. Over two hundred are enrolled in degree programs in physical education. All of these programs have been approved by the Board of Trustees.

Educational practice is required for certification both in elementary and secondary education, and arrangements have had to be made well in advance. Placement is a part of the teacher education programs. Consequently, administrative decisions have been required and necessary appointments have been made in placement and in educational practice. Other decisions remain to be made.

Presentation of the curriculum in elementary education to the Board of Higher Education has been delayed since last December to make possible describing the organizational structure. Further delay is undesirable. The pattern of organization in teacher education at the University of Illinois is well-established in a form which the Board of Trustees has approved. It is also the established practice at the University of Illinois that degrees are granted only by colleges.

Programs in education will continue within the cognizance of a Council on Teacher Education chaired by the Dean of Faculties and made up of the deans of all the colleges having the disciplines of the secondary program, i.e., Liberal Arts and Sciences, Architecture and Art, Business Administration, etc.

The Teacher Certification Board of the State of Illinois through its Executive Secretary, in a letter dated July 26, 1966, urged the University to move immediately to the establishment of a College of Education. The letter said, in part, "that a college could well encompass many facets of the professional education program and do a better job of coordinating many diverse efforts."

This entire matter must be resolved in the near future, since the University can not afford to postpone any longer the development of suitable organizational arrangements and the recruitment of staff for this crucial field of instruction, research, and public service.

Several factors make prompt action necessary. Decisions regarding the curricula, major areas of emphasis in teacher education, and the characteristics of the faculty should be made in large part in terms of the structure of the educational unit. The Dean of the College obviously should be identified as soon as possible. A Consultative Committee including members from the other colleges and possibly with representation from outside the University should proceed at once to help select the best person available in the country. Faculty who are being recruited justifiably want to know the organizational form of the unit and its relationship to other components of the University, since these features reflect the general status in the University of the teacher education program. Students quite obviously need answers to these and other questions (e.g., which component of the University certifies them for graduation). The University of Illinois should also make clear to the public school sector of the state the organizational form of the teacher education program at Chicago Circle, since it is clear that the status and functional effectiveness of an academic program is in considerable measure dependent upon its administrative structure.

I hope that you will concur in the recommendation and present it to the Board of Trustees at the November meeting.

Attachment A. Memorandum Concerning Establishment of a College of Education at Chicago Circle

Items I through VII of the following statement were given to the Senate, October 11, 1966, for its information. They present a chronological review of the subject.

I. The initial educational program for the Chicago Undergraduate Division projected for the opening of a new campus in the fall of 1964 was presented to the Board of Trustees on January 18, 1961, and approved on February 15, 1961. It had been presented to the Chicago Undergraduate Division Senate on January 10, 1961. The Board of Trustees action included the following:

Division of Education

Courses in education sufficient to meet the requirements for teacher certification will be offered, but initially no degree programs in education as such are planned. Degree programs in teacher education will be offered in the departments of the several colleges which administer the subject-matter fields taught in the secondary schools. The director of the Division of Education would be the coordinator of teacher-education programs in the several colleges and would supervise the courses in education offered by the Division of Education. Degree programs in education will be introduced if and when it is established that the facilities of existing teacher-education institutions in Chicago are inadequate to meet the need.

Division of Physical Education

Programs in physical education and recreational activities will be established in the first phase of development to the extent that physical facilities permit.

The program just described should enable the University of Illinois to meet the most pressing needs suggested above in the statement of objectives—namely those related to the undergraduate enrollment demand created by population increases and by the rising proportion of high school graduates seeking admission to college. *This will be the primary mission of the expanded Chicago Undergraduate Division, and this purpose will have priority over all other claims upon the space and operating funds available to the Division.*

At the same time, future developments on the new campus should not be limited arbitrarily to these initial programs. The educational needs of the Chicago metropolitan area, the degree to which they can be met satisfactorily by existing institutions and programs, and the availability of resources should be the controlling considerations. The University of Illinois will keep the problem of further educational development at the Chicago Undergraduate Division under continuing study, and will propose such changes as seem justified by the total educational situation in the Chicago metropolitan area.

II. On February 23, 1965, the Chicago Circle Senate approved a curriculum, Preparatory to Teaching in the Elementary School. The Board of Trustees approved the curriculum on April 23, 1965, "subject to further action by the Board of Higher Education." On the basis of the Board of Trustees' action, the Executive Vice-President and Provost authorized enrollment of freshmen in the new program in September, 1965. There are now approximately 475 students enrolled in this program at the freshman and sophomore levels. Also, on February 23, 1965, the Chicago Circle Senate approved a revision in Section 24 of the University *Statutes*, creating a Council on Teacher Education at Chicago Circle, a Council at Urbana-Champaign, and a University Council on Teacher Education. On approval by the other two Senates, this revision was approved by the Board of Trustees on July 21, 1965. There are approximately 1,375 students enrolled in Secondary School Teachers Programs in ten programs under direction of the Council.

III. On June 10, 1965, the Chicago Circle Senate approved curricula in Physical Education which were approved by the Board of Trustees on July 27, 1966. Under the Board of Trustees action of February 15, 1961, quoted above, the curricula do not require action by the Board of Higher Education. There are approximately 200 students in these programs which are under the Council on Teacher Education.

IV. At the meeting of the Chicago Circle Senate on December 7, 1965, the Committee on Educational Policy presented the recommendation of the Chicago Circle Council on Teacher Education for the establishment of a College of Education at Chicago Circle, with a School of Physical Education within that College. The Director of the School was to be responsible to the Dean of the College on matters relating to curricula and courses and to the Chancellor on matters relating to intercollegiate athletics and intramural programs. The Committee on Educational Policy recommended approval of this form of organization. A substitute motion was offered from the floor, calling for the formation of a committee to study the question of establishing a College of Education, specifying the constitution of the com-

mittee, and providing for open University hearings by the committee before making a report to the Senate. This motion passed.

V. A committee was appointed, January 13, 1966, in a letter from the Chancellor which emphasized that "while no time limit is in effect upon the deliberations of the committee, if its recommendations are to be of any value in the University's consideration of this problem, prompt action is necessary. "Subsequently, the Committee met with the members of the Council on Teacher Education, the Educational Policy Committee of the Senate and Provost Lanier to discuss the matter of a College of Education. Following this meeting, the Chancellor was asked by the Ad Hoc Committee to authorize appointment of Education Consultants.

VI. The Chancellor asked the Committee in a letter dated March 17, 1966, to set forth the problems with which it is concerned, the questions it proposed to raise and the issues for consultation. It was also his request that the Committee react to the discussion with the Provost and to an outline of historical facts and commitments concerning the establishment of degree programs in education. No reply to this request has been received to date.

VII. The last Senate meeting of the year was held on June 7, 1966, and a recessed meeting was held on June 9. Under date of June 9, too late to circulate to the Senate, an interim report from the Committee was presented to the Secretary of the Senate. This report responded partially to the requests made in the March 17 letter. It advocates the development of experimental programs, but leaves unanswered the question of structure within which these programs are to occur. The Committee wished to call four expert witnesses from other institutions with varying forms of organization of teacher education before making its report and recommendations in January, 1967.

VIII. The first Senate meeting of the 1966-67 academic year was held October 11, 1966. The Ad Hoc Committee reported substantial areas of agreement in all areas except the pattern of organization.

The two plans of organization in essence were :

Plan A—to establish a department of elementary education in the College of Liberal Arts and Sciences; to establish a Graduate School of Education; to teach all courses required for teachers in the College of Liberal Arts and Sciences.

Plan B—to establish a College of Education with a School of Physical Education in the conventional pattern.

The Senate, after long debate and after many members had left, voted forty-eight to thirty-four in favor of Plan A.

(The full report of the Ad Hoc Committee is supplied as Attachment B.)

Attachment B. Report of the Ad Hoc Committee on a College of Education

Preamble

From the deliberations of the Senate Ad Hoc Committee on a College of Education have emerged two plans for establishing an organization. Both plans have received equal support—by a vote of six to six with two abstentions. It had been hoped that consultation with recognized leaders in the educational field would suggest a solution of merit obvious to all. However, inasmuch as we have been informed that the urgency of the situation brooks no delay, we are submitting the two plans to the Senate at this time.

The committee wishes to emphasize that the two plans are meant to reflect, through their structures, not only the differences in philosophy which have arisen, but also the very broad areas of agreement among all members. We subscribe to the general ideas expressed by the Provost relating to the unique function to be fulfilled by the University in its urban setting: the emphasis on research, on training of specialists and administrative personnel as well as teachers, on the achievement of close cooperation between the school of education and other faculties within the University. We agree that academic departments should continue to bear major responsibility for training of secondary school teachers.

The point at issue is which pattern of organization will prove more effective

in (1) achieving the cooperation mentioned above and (2) attracting the faculty to realize the above goals. This is the issue which we must now lay before the Senate.

Plan A

The recommendations which follow, and which form the substance of this report, provide for organizational forms in education which at once: (1) establish an education program performing a full and complete range of education functions; (2) provide for a maximum contact between the research/developmental and curricular concerns of an education program; and (3) avoid the isolation from the rest of the university academic community which in the past has often reduced the effectiveness and progressiveness of the traditional Colleges of Education. The latter is accomplished by the establishment of avenues of contact and mutual involvement between the education curricula and other colleges and departments, thus approaching the reality of an all-University participation in this very important educational area.

Undergraduate Education

Elementary Education

A Department of Elementary Education will be established in the College of Liberal Arts and Sciences; the College of Liberal Arts and Sciences will award a B.A. or B.S. degree to majors in the Department of Elementary Education. This department will offer professional courses in elementary education, will take charge of all advising and guidance for elementary education majors, and will be a general administrative office for matters pertaining to the elementary education curriculum. Strictly professional courses such as the following (using examples from the University of Illinois-Urbana catalog) will be offered by members of the Department of Elementary Education, who hereafter shall be jointly appointed to the Department of Elementary Education and the Graduate School of Education (see below): Nature of the Teaching Profession (Education 101); Principles of Elementary Education (Education 230); Techniques of Teaching in Elementary School (Education 231); Classroom Programs in Childhood Education (Education 233); and Primary Reading (Education 336). Practice teaching at all levels — elementary and secondary — will be supervised in collaboration with the Graduate School of Education as a method of introducing the latest insights of educational research directly into the classroom. Courses such as Child Development, Educational Psychology, History of Education, Philosophy of Education, and so on, will be taught in the appropriate subject-matter departments. All required courses of the elementary education curriculum would be worked out in collaboration with the Graduate School of Education.

Secondary Education

All courses required of students planning to teach in secondary schools would be taught in the related subject-matter departments. Thus, courses in educational psychology would be taught in the Psychology Department; the history of education in the History Department; the philosophy of education in the Philosophy Department; and the sociology of education in the Sociology Department. In all cases, the departments concerned will develop such courses as may be required to satisfy these demands, and will recruit faculty with specialized training and interests in these areas. Further, each subject-matter department embracing a teacher-education major will be responsible for the development of courses in the methods of teaching of that subject matter, as well as for the supervision of practice teaching in the secondary schools; in both cases, this will be done in active collaboration with the Graduate School of Education. Such departments will either designate present members of their faculty for the purposes of supervision of practice teaching, or will recruit new members, the criteria for whose advancement and promotion within the department must be such as to assure the procurement and retention of persons of the highest quality.

Other Administrative Functions

An office of Coordinator of Practice Teaching will be established, the duties of which will relate to the scheduling and coordination of practice-teaching supervision, the keeping of records, and such other essentially administrative functions as may be deemed necessary to expedite and facilitate this aspect of the teacher-training requirements.

Graduate Education

Organization

Inasmuch as the teaching of educational curricula at the graduate level constitutes legitimate professional training, in many cases quite distinct from undergraduate curricula, the organizational framework within which these curricula will be accommodated will be that of a graduate school. The Jane Addams Graduate School of Social Work provides a precedent. There will therefore be established a Graduate School of Education, which will award its graduate degrees through the Graduate College of the University of Illinois. The chief administrative officer of the Graduate School of Education will have the rank and title of Dean. The faculty of the Graduate School of Education may be recruited either directly, to hold rank in the Graduate School of Education alone—in which case the consent of subject-matter departments must be secured for appointments whose specialization lies within the competence of such departments—or may be recruited by means of joint appointments between subject-matter departments and the Graduate School of Education.

Curriculum

The Graduate School of Education will have primary responsibility for the development of standard curricula leading to master's and doctor's degrees in such fields as Educational Administration, Educational Psychology, the Philosophy of Education, Teaching Methods, and so on. Programs of special-purpose teaching will also be a part of the graduate program and curricular responsibilities of the Graduate School of Education. In addition to such traditional problem areas as the teaching of handicapped children, primary attention should be directed toward the development of courses and methods in the teaching of culturally disadvantaged children. Avenues of contact and significant influence between these elements of the graduate curricula and the curricula of elementary and secondary education are provided through the media of joint appointments and consultation and supervision of various facets of practice teaching, as discussed above. The work of the Graduate School of Education in this area could derive potentially great profit from cooperation with the resources, programs, and personnel of the Center for Urban Studies; it is hoped that arrangements can be made at an early date to establish formal connections between the Graduate School of Education and the Center for Urban Studies.

Research and Development

It is intended that the Graduate School of Education also be the chief framework within which research programs of various kinds be accommodated and encouraged. It will be the organizational and administrative body through which grants for research and developmental programs and projects from private and public sources can be obtained, and through which the unique contributory possibilities of a great urban university in original educational research can be realized. Again, it is assumed that the Graduate School of Education will supervise such liaisons as may be established between research and development programs, especially with regard to the problems of education for the culturally disadvantaged, and the curricular and practice-teaching aspects of teacher training at both elementary and secondary levels.

Physical Education

Some questions may arise concerning the position of Physical Education within the curricular and organizational proposals made here. This report actually implies no changes in the present status of Physical Education. There is no reason why the Division of Physical Education should not continue to exist in its present form; a possible alternative, in undergraduate education, would be its reorganization as a Department of Physical Education in the College of Liberal Arts and Sciences, containing several curricula (as at present). At the graduate level, inasmuch as curricula in physical education constitute professional education, they would be located in the proposed Graduate School of Education.

Plan B

It is with pleasure that we have accepted the invitation to attempt to set forth some of the reasons why a College of Education should be established at the University of Illinois at Chicago Circle.

We strongly agree with Provost L. H. Lanier that the functions of a faculty of Education and of the University of Illinois at Chicago Circle are the following:

1. The education of teachers at all levels—elementary, secondary, junior college, and university,
2. The preparation of educators, administrators, and research specialists at the graduate level, and
3. The performance of research in education as a social institution with an emphasis on urban problems.

Because these three functions are highly interrelated, they are served best by placing the responsibility for them in one agency, namely, the College of Education. To divide this responsibility will of necessity lead to waste, confusion, and possible neglect. Needless to say, the problems of education and of the schools deserve the best treatment that the University of Illinois at Chicago Circle can afford to give them. Furthermore, a strong organization is needed to respond effectively to the federal government, the United States Office of Education, the state of Illinois, and the city of Chicago in order to attract federal, state, and private monies which will form at least part of the life blood of the total program.

The degree of excellence to which the above mentioned functions are carried out is dependent upon the selection of a highly competent administrative officer as is the case in any of the existing colleges within the University. Good work is performed by good people. Quite naturally, the University of Illinois at Chicago Circle wants the best possible available person in the country to provide the leadership for a faculty of Education. This outstanding administrator is most likely to be attracted by the position and rank of a deanship rather than some other lesser denotation of authority. Too, the superior individual is most likely to be attracted to lead that organizational unit within the University known as the College rather than a less prestigious unit.

Not only is the capable administrative officer most likely to be attracted to the college as the organizational unit but also the most scholarly teachers and researchers will be similarly drawn. It is difficult to lay the success of any educational institution at the feet of any group of people other than its faculty. Who other than a capable faculty will effectively carry out the teaching and research necessary for the advancement of education?

There is no doubt but that the college as the organizational unit of the university has more prestige than the school or the institute. If nothing else, the name "College" is an indication to the educational world and to future professors of education that the University is committed to studying and improving the schools of the city of Chicago and of the state of Illinois. Needless to say, the citizens of the state and their elected representatives in Springfield, our senators and representatives, will also take notice of such action.

Furthermore, in repeated statements the University has indicated its commitment to the establishment of a College of Education to the faculty of the University, to prospective students, to the residents of the city, and to the citizens of the state. A commitment has been made; evidence of it abounds. A disavowal of the commitments of the University is unwise at any time; in her infancy it is suicidal.

It is not to be construed that the College of Education should be isolated from the rest of the University, nor that it should be the only agency that should be concerned with the education of teachers and researchers in the field of education. The total education of the teacher has several interrelated aspects, none of which should be omitted. These aspects are:

1. A strong liberal education which provides a broad view of the world and academic disciplines,
2. A thorough knowledge of the subject to be taught, and
3. Professional skills and knowledge enabling the teacher to best teach his subject area.

Both liberal and professional education are essential to the sound preparation of the teacher. In order to avoid isolation of a College of Education from the rest of the academic community, all departments in the University engaged in the education of teachers must share the responsibility for teacher education. The criteria for the determination of the responsibility of the various aspects of the teachers' education are the competency and interest of the faculty:

1. The departments and professors of the liberal arts and sciences must provide leadership in determining the liberal education of all the students of the University.
2. Subject-matter departments and professors should provide leadership in formulating the teaching specialization majors and minors.
3. Similarly, the professors of education should take the leadership in formulating the core of knowledge and skills centered about the art of teaching. This is not to indicate for example that historians, philosophers, and psychologists should remain aloof from education and the schools. Certainly so important an institution deserves the interest and competencies of many in the academic world.

When practicable, joint appointments between the College of Education and the subject-matter departments should be effected in order that a maximum of leadership and training will be provided and a correlation of curricula and expenditure of time and means will result. Such interdepartmental and interdisciplinary cooperation is imperative for high quality teacher education.

It is time for the power that at one time resided with the professors of Education to reside with the total institution. The academic disciplines must demonstrate a willingness and a competency to participate in teacher education and school oriented research. This participation can be implemented by means of an All-University Council of Education for the purposes of curricular planning and counseling services to the student.

Again, we strongly urge the Senate of the University of Illinois at Chicago Circle to establish a College of Education for the aforementioned reasons.

ILLINOIS BOARD OF HIGHER EDUCATION

President Clement reported on the recent action of the Illinois Board of Higher Education in adopting a Master Plan for Higher Education in Illinois (Phase II). He summarized the changes and revisions of a Provisional Draft for such a Plan and stated that he was referring the Plan as approved to the Committee on General Policy for its study and review.

MEETING OF THE ASSOCIATION OF GOVERNING BOARDS

Mrs. Watkins reported on a colloquium, which she had attended, sponsored by the Association of Governing Boards of Universities and Colleges.

MEMORIAL TO ADLAI E. STEVENSON

Mr. Dilliard expressed his view that there was need for a memorial to the late Adlai E. Stevenson on the Urbana campus. He proposed that the building now housing the College of Law be named for Mr. Stevenson. The President of the Board referred the suggestion to the Committee on Buildings and Grounds.

FUTURE BOARD MEETINGS

President Clement announced that the next three meetings would be held on January 12, 1967, at Chicago Circle, on February 9, 1967, at the Medical Center, and on March 14, 1967 (annual meeting), in Urbana.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: appointments to the faculty made by the President; cancellations and resignations.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was approved by the President of the University. C = College; S = Station; E = Extension.)

Chicago Circle

- BAUR, WERNER H., Associate Professor of Geology, indefinite tenure from September 1, 1966, and Acting Head of the Department of Geology, academic year 1966-67, \$15,500 a year, supersedes (10-15-66).
- DUBOIS, MARGARET, Instructor in Biological Sciences, $\frac{1}{2}$ time, academic year 1966-67, \$3,000 (11-8-66).
- GADLIN, HOWARD, Assistant Professor of Psychology, academic year 1966-67, \$9,200, supersedes (10-11-66).
- JENNINGS, JACOB, JR., Staff Assistant in the Chicago Office of the President, September 16, 1966-August 31, 1967, \$9,000 a year (10-26-66).
- KRUEGER, WILLIAM E., Research Associate in Chemistry, July 25, 1966-June 30, 1967, \$7,000 a year (10-17-66).
- LANGER, MILTON F., Instructor in Geology, $\frac{3}{10}$ time, fall quarter 1966-67, \$630 (10-21-66).
- LOM, JIRI, Visiting Research Associate Professor of Biological Sciences, one month from September 1, 1966, \$1,000 (9-21-66).
- MASEK, GERALD A., Instructor in Bioengineering, Department of Information Engineering, academic year 1966-67, without salary (9-8-66).
- MITTELMAN, HENRY R., Instructor in Biological Sciences, $\frac{2}{3}$ time, academic year 1966-67, \$5,000 (10-21-66).
- PISCIOFFE, JOSEPH P., Assistant Professor of Political Science, academic year 1966-67, \$8,500, supersedes (11-3-66).
- RAHMAN, MATIUR, Instructor in Chemistry, academic year 1966-67, effective November 1, 1966, \$7,100 a year (10-17-66).
- ROE, WALTER B., Instructor in Geology, full time, fall quarter 1966-67, \$2,267, and $\frac{1}{2}$ time, winter and spring quarters 1966-67, \$1,817, supersedes (10-21-66).
- ROEMER, MRS. MARJORIE, Instructor in English, $\frac{2}{3}$ time, academic year 1966-67, \$4,350 (10-21-66).
- ROTE, DONALD M., Research Associate in Physics, eleven months from October 1, 1966, academic year service basis, \$8,500 a year (10-11-66).
- SHOMAY, DAVID, Associate Professor of Biological Sciences, $\frac{27}{100}$ time ($\frac{1}{3}$ time during the academic year only), indefinite tenure from September 1, 1966, \$3,570, and Assistant Dean of Faculties, $\frac{7}{100}$ time ($\frac{2}{3}$ time during the academic year and full time during the summer), one year from September 1, 1966, \$10,430, total salary \$14,000 a year, supersedes (10-4-66).
- SMITH, JAMES D., Instructor in Bioengineering, Department of Information Engineering, academic year 1966-67, without salary (10-19-66).
- SPIESS, MRS. LURETTA D., Research Associate in Biological Sciences, $\frac{1}{2}$ time, one year from September 1, 1966, \$4,320 (10-23-66).
- TIEMANN, PHILIP W., Head of Course Development Division, with rank of Instructor, in the Office of Instructional Resources, one year from September 1, 1966, \$12,000 (9-13-66).

Medical Center

- BERNSTEIN, IRA J., Instructor in Medicine, College of Medicine, $\frac{45}{100}$ time, four months from September 1, 1966, \$275 a month (10-17-66).
- COHEN, MYRON J., Instructor in Radiology, College of Dentistry, $\frac{2}{3}$ time, September 26, 1966-August 31, 1967, \$3,400 a year (11-1-66).
- DOMMERMUTH, PAUL R., Research Assistant Professor of Sociology, Department of Psychiatry, College of Medicine, four months from September 1, 1966, \$11,500 a year, and for eight months from January 1, 1967, \$12,000 a year, supersedes (11-1-66).
- DUNKELBERGER, R. H., Instructor in Medicine, College of Medicine, $\frac{3}{10}$ time, two months from September 1, 1966, \$2,100 a year and $\frac{2}{10}$ time, for eight months from November 1, 1966, \$1,500 a year (8-23-66).
- GRUELLE, ROBERT B., Assistant Director of the Union and of Housing, Physical Plant, Medical Center, one year from September 1, 1966, \$9,300 (10-21-66).
- HUDSON, EDESEL K., Assistant Professor of Medicine, College of Medicine, December 7, 1966-August 31, 1967, \$17,000 a year, supersedes (11-1-66).

- JOHNSON, A. BEAUMONT, II, Clinical Associate in Neurological Surgery, College of Medicine, $\frac{1}{4}$ time, one year from September 1, 1966, \$1,800 (10-31-66).
- KOSTIW, MRS. LUBA L., Instructor in Pharmacognosy, College of Pharmacy, academic year 1966-67, effective October 1, 1966, \$6,000 a year (10-17-66).
- MACKLER, HYMAN, Research Associate in Neurology, College of Medicine, $\frac{3}{10}$ time, one year from September 1, 1966, \$4,224, supersedes (10-17-66).
- ORE, DONALD E., Assistant Professor of Pedodontics, College of Dentistry, ten months from November 1, 1966, \$11,500 a year, supersedes (11-3-66).
- PROROK, EDWARD S., Assistant Professor of Orthodontics, College of Dentistry, $\frac{2}{5}$ time, eleven months from October 1, 1966, \$4,350 a year, supersedes (10-11-66).
- RIGHEIMER, JACK W., Coordinator of Public Service Radio and Television Programming for the Medical Center, and Urbana-Champaign Campus, ten months from November 1, 1966, \$10,200 a year (10-26-66).
- SCHECHESTER, MRS. LYNNE D., Instructor in Medical Social Work, College of Medicine, $\frac{1}{2}$ time, October 17, 1966-August 31, 1967, \$3,900 a year (11-1-66).
- SEIKEL, LOUIS C., Instructor in Operative Dentistry, College of Dentistry, one year from September 1, 1966, \$7,000 (11-1-66).
- SOULEIL, CLAUDE M., Research Associate in Microbiology, College of Medicine, $\frac{3}{4}$ time, eleven months from October 1, 1966, \$5,000 a year (11-1-66).
- STELLING, MRS. JOAN G., Research Assistant Professor of Sociology, Department of Psychiatry, College of Medicine, four months from September 1, 1966, \$11,500 a year, and for eight months from January 1, 1967, \$12,000 a year, supersedes (11-1-66).
- TEXTOR, CHARLES S., II, Clinical Assistant Professor of Neurology and Neurological Surgery, College of Medicine, one year from September 1, 1966, \$1,200 (10-19-66).
- TOBIAS, ELI, Clinical Associate in Neurology and Neurological Surgery, College of Medicine, $\frac{13}{100}$ time, one year from September 1, 1966, \$1,200 (10-19-66).
- TSUCHIYA, GORO, Clinical Instructor in Neurological Surgery, College of Medicine, $\frac{18}{100}$ time, one year from September 1, 1966, \$1,200 (10-19-66).

Urbana

- ADLER, MRS. DONATELLA G., Research Assistant Professor of Physics (C), $\frac{1}{2}$ time, three months from November 1, 1966, \$400 a month (11-5-66).
- ALLRED, WILLIS L., Electronics Research Engineer in Chemistry, October 10, 1966-August 31, 1967, \$13,000 a year (11-5-66).
- ARCHER, WILLIAM K., Assistant Professor of Anthropology, $\frac{1}{2}$ time, and Research Assistant Professor in the Institute of Communications Research, $\frac{1}{2}$ time, one year from September 1, 1966, \$11,000 (11-8-66).
- ASH, CLARENCE L., Research Associate in Vocational and Technical Education, $\frac{1}{2}$ time, academic year 1966-67, \$3,500 (10-28-66).
- BAIRD, PHILIP G., Senior Specialist in Education, Department of Vocational and Technical Education, November 1, 1966-August 15, 1967, \$11,000 (10-15-66).
- BENDER, DONALD A., Instructor in Educational Administration and Supervision, $\frac{1}{2}$ time, and Instructor in Educational Psychology, $\frac{1}{2}$ time, academic year 1966-67, \$7,000 (10-27-66).
- BRUNER, MRS. ELAINE C., Specialist in Education, Institute for Research on Exceptional Children, academic year 1966-67, \$7,200 (10-21-66).
- CHAKRABARTY, MRS. KRISHNA, Research Associate in Animal Science (S), October 15, 1966-August 31, 1967, \$6,600 a year (10-18-66).
- COLLINS, DEAN R., Research Associate in Electrical Engineering (C), two months from October 1, 1966, \$875 a month (10-17-66).
- CROSSLEY-HOLLAND, PETER C., Visiting Lecturer in Music, November 15-December 15, 1966, \$2,000 (11-11-66).
- DOUGLAS, STEPHEN A., Assistant Professor of Political Science, academic year 1966-67, \$9,000, supersedes (11-1-66).
- DOWNING, ROBERT W., Research Physicist in the Department of Physics (C), ten months from November 1, 1966, \$10,000 a year, supersedes (10-26-66).
- EVERTTS, ELDONNA L., Associate Professor of Elementary Education, $\frac{1}{3}$ time, academic year 1966-67, \$3,550 (8-26-66).
- EYDE, DAVID B., Assistant Professor of Anthropology, academic year 1966-67, \$9,500, supersedes (11-3-66).
- FODA, YEHIA HASSEN, Research Associate in Horticulture (S), ten months from November 1, 1966, \$6,750 a year, supersedes (11-1-66).

- GEOGHEGAN, PATRICK M., Instructor in English, full time, Semester I 1966-67, \$2,725 (includes \$25 paid by College of Law), and $\frac{2}{3}$ time, Semester II 1966-67, \$1,800, supersedes (10-7-66).
- GUPTA, AMRIT S., Research Associate in Chemistry, ten months from November 1, 1966, \$7,300 a year, supersedes (11-8-66).
- HERTIG, MRS. LAUREL M., Specialist in Education, Institute for Research on Exceptional Children, $\frac{3}{4}$ time, academic year 1966-67, \$5,400 (10-24-66).
- HIELSCHER, FRANK H., Research Associate in Electrical Engineering (C), Semester I 1966-67, \$4,700 (10-17-66).
- HODGINS, AUDREY, Senior Specialist in Education, Institute for Research on Exceptional Children, $\frac{3}{4}$ time, academic year 1966-67, \$6,750 (10-24-66).
- HOGAN, MRS. GRETA B., Specialist in Educational Psychology, College of Education, $\frac{4}{5}$ time, academic year 1966-67, \$5,760 (10-21-66).

RECESS AND EXECUTIVE SESSION

President Clement stated that an executive session had been requested and was being ordered for consideration of business relating to purchase of property.

On motion of Mr. Swain, the Board recessed.

During the luncheon recess, Dr. Robert E. Corley, Acting Dean of Student Affairs at Chicago Circle, addressed the Board on the activities of his office.

When the Board reconvened in executive session, the same members of the Board and officers of the University were present as recorded at the beginning of these minutes.

The Board considered the following business presented by the President of the University.

PURCHASE OF PROPERTY AT 1003 WEST CALIFORNIA AVENUE, URBANA

(23) The Director of the Physical Plant and the Vice-President and Comptroller recommended that the University of Illinois Foundation be requested to purchase the property at 1003 West California Avenue, Urbana, at a price of \$40,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to purchase the property.

The property is located east of the Krannert Center for the Performing Arts and is required for future academic expansion. The lot is 61.5 feet by 151 feet (9,286 square feet) and is improved with a two-story and basement frame residence. I concur.

On motion of Mr. Swain, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Governor Kerner, Mr. Page.

There being no further business, on motion of Mrs. Watkins, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

January 12, 1967

The January meeting of The Board of Trustees of the University of Illinois was held in the Chicago Circle Center, Chicago, Illinois, on Thursday, January 12, 1967, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Ray Page, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Mr. Theodore A. Jones and Governor Otto Kerner were absent. Trustees-elect Donald R. Grimes and James A. Weatherly attended as guests.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. George H. Bargh, Executive Assistant to the President; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. Glenn Terrell, Dean of Faculties, Chicago Circle; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and officers of the Board, Mr. H. O. Farber, Comptroller, and Mr. Earl W. Porter, Secretary.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
 The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

BUDGET FOR 1967 SUMMER SESSION AND FACULTY APPOINTMENTS, URBANA

(1) Submitted herewith are the budget and appointments to the faculty for the 1967 Summer Session at Urbana-Champaign from June 19 to August 12, 1967.

The distribution of the budgeted funds is as follows:

Salaries.....		\$1 331 606 00
Reserve.....		64 089 00
<i>Total</i>		(1 395 695 00)
Wages and Expense.....		44 305 00
Administration.....	\$ 4 500 00	
Departmental.....	39 805 00	
<i>Total Budget</i>		<u>\$1 440 000 00</u>

Salaries of members of the University faculty recommended for summer session appointments are computed on the basis of the standard formula: two-ninths of the salary of the academic year for eight weeks of service, with proportionate amounts for shorter periods or for part-time service. The appointments being recommended include a number of visiting lecturers from other colleges and universities at the salaries indicated.

I recommend that the appointments to the summer session staff be approved as submitted, and that the President of the University be authorized to accept resignations and make such changes and adjustments and additional appointments as are necessary in accordance with the needs of the University within the allocations of funds indicated.

On motion of Mr. Williamson, these appointments and the summer session budget for Urbana for 1967 were approved, and authority was given as requested; this action was taken by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(2) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of

the United States and who qualify in all other respects under this provision of the law :

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
RICHARD LYMAN BOLOTIN	Skokie, Illinois	District of Columbia
THOMAS JOSEPH HINES	Addison, Illinois	Pennsylvania
CHARLES ALLEN POLLARD	Beloit, Wisconsin	Wisconsin
RICHARD GEORGE SHUMA	Northbrook, Illinois	Pennsylvania
LAWRENCE RICHARD TEDFOR	Princeton, Indiana	Indiana

I concur.

On motion of Mr. Swain, these certificates were awarded.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two years; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. JERROLD BERNSTEIN, Assistant Professor of Bioengineering, Department of Information Engineering, Chicago Circle, on one-fourth time, beginning September 1, 1966, at an annual salary of \$3,000 (D25).
2. MARY VIRGINIA DUNN, Assistant Professor of Occupational Therapy, School of Associated Medical Sciences, College of Medicine, beginning January 1, 1967, at an annual salary of \$10,000 (DY).
3. HANS ENGSTROM, Visiting Research Professor of Electrical Engineering, Urbana, for three months from November 1, 1966, without salary (G).
4. SAMUEL KAPLAN, Assistant Professor of Microbiology, Urbana, for seven months from February 1, 1967, at a salary of \$5,750 (B).
5. FRANK A. MORRISON, JR., Assistant Professor of Mechanical Engineering, Urbana, beginning September 1, 1967, at an annual salary of \$11,000 (D).
6. ROBERT S. NORTHCOLE, Assistant Professor of Computer Science, Graduate College, for three months from June 1, 1967, at a salary of \$3,900 (G), and Assistant Professor of Computer Science, Graduate College, Urbana, for two years from September 1, 1967, at an annual salary of \$11,700 (B).

On motion of Mr. Pogue, these appointments were confirmed.

DIRECTORSHIP OF THE INSTITUTE OF GOVERNMENT AND PUBLIC AFFAIRS

(4) I recommend the appointment of Samuel K. Gove as Director of the Institute of Government and Public Affairs for the period January 1, 1967, through August 31, 1967, at a salary at the rate of \$18,200 a year. Professor Gove is presently Acting Director of the Institute. In accordance with the provisions of Section 31 of the University of Illinois *Statutes*, the administrative head of the Institute shall be appointed biennially. The term as Director in this case is fixed to coincide with the current biennium 1965-67. A subsequent appointment will be for a two-year period.

Director Gove will continue as Professor in the Institute of Government and Public Affairs and Professor of Political Science on indefinite tenure.

The recommendation of the Director is made with the advice of a nominating committee,¹ and reflects consultation with the senior members of the staff of the Institute.

On motion of Mrs. Watkins, this appointment was approved.

¹ Professor J. Nelson Young, College of Law, Chairman; Professor Edward M. Bruner, Acting Head of the Department of Anthropology; Professor John F. Due, Chairman of the Department of Economics; Associate Professor Denis G. Sullivan, Department of Political Science.

**ACTING DEANSHIP OF COLLEGE OF BUSINESS ADMINISTRATION
AT CHICAGO CIRCLE**

(5) The Chancellor at Chicago Circle has recommended the appointment of Robert W. French, presently on the faculty, as Professor of Economics and of Management at Chicago Circle on indefinite tenure, Staff Associate in the Chicago Office of the President and Acting Dean of the College of Business Administration at Chicago Circle, on a twelve months' service basis, beginning December 1, 1966, at an annual salary of \$23,500.

Professor French will succeed Dean Raymond W. Coleman who has asked to be relieved of this administrative assignment so that he may devote full time to teaching.

I have approved this appointment and request confirmation of my action.

On motion of Mr. Swain, this appointment was approved.

**DIRECTOR OF ADMISSIONS AND RECORDS
AT THE MEDICAL CENTER**

(6) The Chancellor at the Medical Center recommends the appointment of Dr. Anthony J. Diekema, presently Associate Director of Admissions and Records at the Medical Center, as Director of Admissions and Records at the Medical Center for two years from September 1, 1967, at an annual salary of \$17,000, on a twelve months' service basis. He will continue as Research Associate in the Office of Research in Medical Education in the College of Medicine and Assistant Professor of Sociology in the College of Pharmacy, on an annual basis.

This appointment is to succeed Director George R. Moon who will retire on August 31, 1967.

The appointment has the endorsement of the deans of the colleges at the Medical Center, and the approval of the University Dean of Admissions and Records, the Dean of the Graduate College, and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

**MODIFICATION OF THE PROGRAM FOR SABBATICAL
LEAVES OF ABSENCE AND OF SECTION 40
OF THE UNIVERSITY STATUTES**

(7) The provisions in the University *Statutes* for sabbatical leaves of absence are stated so as to fit the semester calendar but not the quarter calendar — insofar as staff members appointed for the academic year are concerned. The present proposal would establish an alternative, optional arrangement primarily for the benefit of faculty members on academic-year appointment at the Chicago Circle campus or at the Medical Center campus. The quarter system is in operation at these two campuses. This proposal is available to the faculty at Urbana insofar as it is feasible for staff members there to take advantage of it.

The present provisions for sabbatical leaves in Section 40 of the *Statutes* may be summarized as follows:

1. After six years on full-time appointment as an instructor or in higher rank since his original appointment or since the termination of his last leave on salary, the individual may be granted a sabbatical leave for:
 - (a) One year with pay equal to one-half of his annual salary.
 - (b) One-half year at full salary.
2. In exceptional cases, where the interests of the department and the University would be clearly served thereby, leave may be granted for a half year at half pay at the end of three years of consecutive service.

Since the academic year on the quarter system is divided into three parts, it is usually not feasible for a faculty member on academic-year appointment to take sabbatical leave for a half year — since such a period would either end or begin at the midpoint of the second quarter.

In order to translate the present statutory provisions into equivalent benefits in terms of the quarter system, the following optional schedule is proposed:

1. After the completion of four academic years of full-time, continuous service, the

individual would be eligible to apply for sabbatical leave under the following conditions:

- (a) Leave for two quarters at one-half salary.
 - (b) Leave for one quarter at full salary.
2. After six years of full-time, continuous service, the individual would be eligible to apply for sabbatical leave as follows:
- (a) Leave for three quarters at one-half salary.
 - (b) Leave for two quarters at two-thirds salary.

These changes are recommended by the Chancellor at the Chicago Circle campus, the Chancellor at the Medical Center campus, and the Executive Vice-President and Provost.

Inasmuch as a revision of Section 40 of the University of Illinois *Statutes* will be required, appropriate language will be developed and referred to the three Senates for advice, in accordance with Section 65 of the *Statutes*.

I concur.

On recommendation of Mr. Swain, the changes recommended which will involve a revision of Section 40 of the University of Illinois *Statutes* were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

SELECTION OF TEST OF COMPETENCE IN ENGLISH IN ADMISSION OF FOREIGN STUDENTS

(8) The three Senates of the University have approved a procedural change in the regulation concerning the English test used in the admission of foreign students and approval by the Board of Trustees is recommended. The Trustees approved the existing regulation on July 18, 1962.

The major change would enable the University Dean of Admissions and Records, or an officer designated by the President, with the approval of the All-University Committee on Admissions, to select an appropriate test of competence in English. It is expected that in most instances, the Test of English as a Foreign Language (TOEFL), which was developed by the National Council on the Testing of English as a Foreign Language, will be used. The Council is comprised of thirty organizations closely concerned with foreign students including the English Language Institute of the University of Michigan, which developed the test now required at the University of Illinois. TOEFL has been adopted by the Department of State, by the Agency for International Development, by the Department of Defense Language Institute, and by some two hundred universities, including most of the major universities.

The text of the regulation follows (recommended deletions appear within parentheses; additions are in italics):

(The) *A test of competence in English* (given by the English Language Institute, Testing and Certification Division, Ann Arbor, Michigan) shall be required of all foreign students, including transfers, who file applications for admissions (after September 1, 1962,) *in September, 1967, and thereafter*, except foreign students who are citizens of a country where the native language is English, or who have degrees from colleges or universities in countries where English is the native language and where all instruction was in English. A score on (that) *the* examination will be received by the University of Illinois before action is taken on the student's request for admission. All prospective foreign students who receive a score below the minimum score of acceptance on the test will not be admitted to the University. *The University Dean of Admissions and Records, or an officer designated by the President, shall select the test to be used, subject to approval by the All-University Committee on Admissions.* The Director (Dean) of Admissions and Records *on each campus* may, however, upon recommendation of the college concerned, waive the requirement of test if evidence presented by the applicant clearly justifies such action.

I concur in the recommendation.

On motion of Mr. Williamson, this recommendation was approved.

**INCREASE IN GRADUATION REQUIREMENTS FOR MASTER
OF FINE ARTS DEGREE, URBANA**

(9) The Urbana-Champaign Senate recommends a proposal from the Department of Art that the number of units required for the Master of Fine Arts degree (in Painting and Printmaking, Design and Sculpture) be increased from twelve to sixteen units. The Graduate College and the College of Fine and Applied Arts concur in this recommendation.

When the twelve-unit degree was established, a three-semester residence requirement seemed reasonable. Experience has shown, however, that students could not be brought to the desired point of artistic maturity for this terminal degree within that period. For some years, degrees have not been granted in three semesters except under unusual circumstances.

The sixteen-unit, four-semester residence requirement is becoming the standard for the M.F.A. degree throughout the country. This trend is in keeping with the recommendations of the College of Art Association, the Midwest College Art Conference, and the National Association of Schools of Art.

The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Dilliard, this recommendation was approved.

**CHANGE IN DEPOSIT REQUIREMENT FOR NEW
GRADUATE STUDENTS**

(10) By action of the Board of Trustees on January 15, 1964, a nonrefundable deposit of \$30 on tuition and fees was established for "all new domestic graduate students," except those exempted from the payment of tuition and fees because of the award of a fellowship, assistantship, or tuition and fee waiver. Under this regulation, foreign students are not required to pay the advance deposit of \$30 towards the cost of tuition and fees.

In view of the need to make more accurate projections of graduate enrollment, the University Committee on Fees¹ recommends that this regulation be revised so as to require payment of the advance deposit of \$30 by foreign students who at the time of application are living in the United States. Accordingly, the following statement is proposed as an amendment of Item 5 in the regulations approved by the Board on January 15, 1964:

The requirement of a nonrefundable deposit of \$30 on tuition and fees of all new graduate students except foreign students who, at the time of application, are living outside the United States. Graduate students assured of the award of a fellowship, academic or nonacademic appointment, or tuition and fee waiver will be permitted to confirm their intention to enroll without payment of the advance deposit.

I concur.

On motion of Mr. Johnston, this recommendation was approved.

AMENDMENT TO RULES RELATING TO SALARY-ANNUITY OPTION

(11) In 1965 the General Assembly passed legislation making it possible for any employee of an institution covered by the State Universities Retirement System to elect the salary-annuity option. Prior to this action, participation was limited to employees who were participants in the retirement system.

It is necessary, therefore, to amend a rule adopted by the Board of Trustees to implement the provisions of the earlier legislation (*Illinois Revised Statutes*, Chapter 127, Section 166 (c)).

The change extends the provisions of the salary-annuity option to persons who are under the Federal Employees' Retirement System, as well as to persons who are employed after they reach age fifty-eight and who are, therefore, ineligible to participate in the State Universities Retirement System. The text of the rule, as adopted by the Trustees on May 20, 1964, is given below with the portion recommended for deletion appearing within parentheses and in italics.

1. Any employee of the University (*who is a participant in the State Universities Retirement System and*) who desires to make an election to accept an adjustment in

¹ The members of the University Committee on Fees are: the Executive Vice-President and Provost (Chairman), the Vice-President and Comptroller, the Chancellor at the Chicago Circle campus, the Chancellor at the Medical Center campus, the Dean of the Graduate College, and the University Dean of Admissions and Records.

earnings pursuant to Section 166 (c) of Chapter 127 of the Illinois Revised Statutes shall do so by executing and filing with the University a document in a form approved by the Vice-President and Comptroller and by the Legal Counsel. In the event that more than one such election is filed by an employee, the election bearing the latest date shall be deemed to supersede all previous elections, but no employee may file more than one election in any calendar year. Any such election so filed may be revoked at any time by the employee upon filing a written revocation with the University.

The Vice-President and Comptroller recommends that the amendment be approved.

I concur.

On motion of Mr. Hughes, this recommendation was approved.

CHANGE IN NONACADEMIC POLICY AND RULES

(12) The agreement recently negotiated with the Building Service Employees Union, Local 119 (Urbana campus) provides for a new work shift, in not more than twelve buildings, between the hours of 11:30 p.m. and 7:30 a.m. The Director of the Physical Plant, with the concurrence of the Union, has determined that the University will be best served if the work week for this shift begins at 11:30 p.m. each Sunday night.

Under Section IV of the *Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees* as approved by the Board of Trustees, "the work week of all employees shall start on Monday" and "all work on Sundays is overtime." Section V of the *Policy and Rules* provides for overtime compensation for Sunday work.

However, in the agreement with the Union, overtime pay is not contemplated for any part of this new work shift. Although but thirty-one minutes of time are involved, and the bulk of the hours worked on the first day of the work week is on Monday, the agreement does represent an exception to the existing *Policy and Rules*. Therefore, on recommendation of the Director of the Physical Plant, the Director of Nonacademic Personnel, and the Vice-President and Comptroller, approval is requested of an exception, for this one situation, to the *Policy and Rules*.

I concur.

On motion of Mr. Swain, this recommendation was approved.

NONDISCRIMINATION ASSURANCE AT UNIVERSITY OF ILLINOIS-WILLARD AIRPORT

(13) In connection with the grant agreement for airport improvements and acquisition of land, approved by the Board of Trustees on February 19, 1964, the Federal Aviation Agency now requires the adoption of a resolution assuring nondiscrimination in federally assisted programs.

The Director of the Institute of Aviation and the Vice-President and Comptroller recommend adoption of the following resolution.

I concur.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation, that H. O. Farber, Comptroller, be and hereby is authorized to execute in the name and on behalf of this public corporation the following Sponsors Assurance of Nondiscrimination in Federally Assisted Programs in connection with the Application for federal funds for University of Illinois-Willard Airport project, Ill. Project No. 65A-7-356, FAA Project No. 9-11-026-C404, viz:

Sponsor assurance to accompany a request for payment of Federal funds made after January 30, 1965 in accordance with the terms of a Grant Agreement executed prior to January 30, 1965. Nondiscrimination in Federally Assisted Programs of the FAA: In order to furnish the assurances required by Title VI of the Civil Rights Act of 1964 and by Part 15 of the FAR, as amended, The Board of Trustees of the University of Illinois, a public corporation, (hereinafter called the Sponsor) hereby covenants and agrees with the United States (hereinafter called the Government) as follows: The Sponsor in the operation and use of the University of Illinois-Willard Airport will not on the grounds of race, color, or national origin discriminate or permit discrimination against any person or group of persons in any manner prohibited by Part 15 of the

FAR. The Sponsor will include, or require the inclusion of, the foregoing covenant in every agreement or concession pursuant to which any person or persons, other than the Sponsor, operates or has a right to operate any facility on the airport providing services to the public, and a provision granting the Sponsor the right to take such action as the Government may direct to enforce such covenant. Noncompliance with the above assurance shall constitute a material breach, and in the event of such noncompliance the Government may take appropriate action to enforce compliance, may terminate their Grant Agreement to which this covenant relates, or seek judicial enforcement. The covenant shall become effective upon execution and shall constitute part of the Grant Agreement to which it relates and shall remain in full force so long as the airport covered by such agreement continues to be used and operated as a public airport.

On motion of Mr. Pogue, the foregoing resolution was adopted.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES, URBANA

(14) The Executive Vice-President and Provost and the Vice-President and Comptroller recommend the following appropriations for Urbana-Champaign from:

Urbana-Champaign General Reserve

Renovation and remodeling for which funds are assigned to the Physical Plant Department:

Remodeling at 1002 West Green Street, Urbana, for the use of the University Press \$14 220 00

Urbana-Champaign Contract Research Reserve

Renovation and remodeling for which funds are assigned to the Physical Plant Department:

Partial cost of remodeling in Noyes Laboratory to be used by the Department of Chemistry and Chemical Engineering for training graduate students in research..... 12 000 00

Total..... \$26 220 00

I concur.

On motion of Mr. Johnston, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

CONTRACTS FOR REMODELING IN ANIMAL GENETICS BUILDING, URBANA

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following cost-plus contracts for remodeling the north end of the Animal Genetics Building to provide laboratory and office space for staff and graduate students, the award in each case to the lowest bidder:

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Total Esti- mated Fee Payments</i>	<i>Total Payments</i>

The estimated total cost of the work is \$31,000. Funds are available from an appropriation approved by the Board of Trustees on September 21, 1966.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

CONTRACTS FOR REMODELING IN MCKINLEY HOSPITAL, URBANA

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following cost-plus contracts and the assignment of \$42,210 from Workmen's Compensation Reserve for remodeling in the southwest section of McKinley Hospital for construction of a radiation decontamination facility, the award in each case to the lowest bidder:

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Total Estimated Fee</i>	<i>Total Estimated Payments</i>
General — Dean Evans Co., Champaign.....	4	32	10	\$2 370 00	\$18 870 00

The estimated total cost of the work is \$42,210.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Johnston, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

PURCHASE OF ELECTRIC POWER FROM ILLINOIS POWER COMPANY, URBANA CAMPUS

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization to execute an agreement with Illinois Power Company, Decatur, for the purchase of electric energy from the Illinois Power Company for the Urbana-Champaign campus in accordance with the following terms:

1. Purchase of electric energy at a cost of \$2.45 per kw of "billing demand" (highest plant demand minus net capability of the plant, plus demand of all other delivery points) for the first 10,000 kw; and \$1.65 per kw for all over 10,000 kw of billing demand, plus 0.44 cents per kw for all energy furnished by the utility, subject to fuel cost adjustment. These terms would be subject to any future rate adjustment approved by the Illinois Commerce Commission.
2. The term of the agreement shall be for a period beginning July, 1967, and ending June 30, 1969, and shall be subject to renewals for successive twenty-four month periods. Funds for the initial term of the contract will be included in the University's request for operating funds for the 1967-69 biennium.

3. This contract shall not be in effect until approved by order of the Illinois Commerce Commission.

Submitted herewith is a memorandum from the Physical Plant Department, including a summary of the major provisions of the proposed agreement between the Illinois Power Company and the University, a copy of which is being filed with the Secretary of the Board for record.

I concur and recommend that the Comptroller and the Secretary of the Board of Trustees, with the concurrence of the Legal Counsel, be authorized to execute such an agreement with the Illinois Power Company.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

**CONTRACT FOR ACOUSTICAL WORK, NEUROPSYCHIATRIC
INSTITUTE AND ILLINOIS SURGICAL INSTITUTE FOR CHILDREN,
MEDICAL CENTER**

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$39,831 to Steinmetz-Dworak, Incorporated, Chicago, the lowest bidder, for acoustical work in the Neuropsychiatric Institute and Illinois Surgical Institute for Children at the Medical Center campus.

The work consists of removing existing acoustical tile which does not comply with the Chicago Building Code regarding "flame-rate spread" and installing acoustical tile which does meet the Code.

Funds are available in the 1965-67 state capital appropriations and have been released.

I concur.

On motion of Mrs. Watkins, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

**CONTRACTS FOR AIR CONDITIONING FIRST FLOOR
FOR MANUFACTURING PHARMACY, MEDICAL CENTER**

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for air conditioning the first floor for Manufacturing Pharmacy, East Dentistry-Medicine-Pharmacy Building at the Medical Center, the award in each case to the lowest bidder:

General — Gerhardt F. Meyne Company, Chicago.....	\$ 4 058 00
Plumbing — Peter H. Smith Company, Chicago.....	2 620 00
Heating, Refrigeration, and Temperature Controls — F. E. Moran, Inc., Chicago.....	39 660 00
Ventilation — Anderson & Litwack Company, Hillside.....	7 913 00
Electrical — Midwest Interstate Electrical Construction Co., Chicago..	5 963 00
<i>Total</i>	<u>\$60 214 00</u>

The work provides for furnishing and installing an air conditioning system consisting of a centrifugal water chiller, cooling tower, cooling coils, additions to and revisions of existing ductwork, together with all required auxiliary equipment and pertinent controls.

Funds are available in the 1965-67 state capital appropriations and have been released.

Submitted herewith is a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Page, Governor Kerner.

**CONTRACTS FOR REMODELING SPACE VACATED BY PEDIATRICS
FOR CENTER FOR HANDICAPPED CHILDREN, GENERAL
HOSPITAL BUILDING, MEDICAL CENTER**

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend the award of contracts for remodeling space vacated by the Department of Pediatrics in the General Hospital Building, which will be used by the Center for Handicapped Children, the award in each case being to the lowest bidder:

General — Heller Construction Company, Inc., Chicago		
Base bid.....	\$33 771 00	
Deductive alternate for substitution of vinyl asbestos floor covering for carpet floor covering.....	-1 000 00	\$32 771 00
Ventilation — Crone Associates, Inc., Chicago.....		12 676 00
Plumbing — Fettes, Love & Sieben, Inc., Chicago.....		4 162 00
Pipe Covering and Insulation — Western Asbestos Company, Inc., Chicago.....		2 153 00
Electrical — Midwest Interstate Electrical Construction Co., Chicago		
Base bid.....	\$22 563 00	
Deductive alternate for omission of intercommunica- tion equipment.....	-3 070 00	19 493 00
Heating, Refrigeration, and Temperature Controls — A. Kilander & Co., Inc., Chicago.....		15 744 00
<i>Total</i>		<u>\$86 999 00</u>

The work consists of rehabilitating the area by providing partitioning and a suspended ceiling; raising the lighting level; providing equipment space and a new air conditioning system.

Funds for this project are available to the Division of Services for Crippled Children.

Submitted herewith is a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

**REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE
CONTRACT FOR CONSTRUCTION OF CHICAGO CIRCLE
CAMPUS. PHASE II**

(21) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Illinois Building Authority be requested to authorize an increase of \$134,567.58 in the contract with Gust K. Newberg Construction Co., Chicago, for the construction of Chicago Circle campus, Phase II. This additional cost is based on the necessity of extending caissons beyond the depth shown on the contract documents for the Library Addition (\$49,456.32) and the Science and Engineering Staff Offices Building (\$85,111.26) to reach solid rock for caisson support.

The depths shown on the drawings were determined as a result of analysis of soil borings prior to the preparation of working drawings. Soil conditions experienced in construction at the planned depth required additional excavation to reach "solid rock," thus resulting in additional costs in construction. The amounts are based on a unit price of \$900 per additional cubic yard excavated included in the bid and contract documents.

Funds are available to the Illinois Building Authority for this work.

I concur.

On motion of Mr. Swain, this change in contract was authorized by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

PAYMENT FOR ARCHITECTURAL EXPENSES, CHICAGO CIRCLE

(22) In 1964 the Illinois Building Authority, on recommendation of the Board of Trustees, employed the firm of Harry M. Weese & Associates to provide architectural services through the preparation of working drawings and contract documents for the construction of the Physical Education Building, Phase II, Chicago Circle, such services having been declared to be in the public interest by the General Assembly in 1963. It was anticipated that funds for additional architectural services would be provided later, when construction was authorized. In 1965 the General Assembly declared it to be in the public interest for the Illinois Building Authority to construct the building on behalf of the University.

The contract with the architect further provided that either the University or the Illinois Building Authority could require the architect to provide additional services. The architect completed the drawings, and documents and bids were received in August, 1965, for mechanical work. The bids exceeded the estimates and were rejected. At the request of the University and the Authority, the project and the bidding documents and procedures were revised, requiring additional services by the architect. With the approval of the University, the architect also employed certain consultants on behalf of the University and incurred certain other expenses of the type normally reimbursed to architects.

The architect has been paid for the working drawings and contract documents in accordance with the provisions of the contract with the Illinois Building Authority but has not been reimbursed for the above employment of consultants, additional expenses and the services required for rebidding. These amounts total \$43,984.58. As the construction of the Physical Education Building has been deferred to Phase III because of lack of adequate funding, the Illinois Building Authority has requested the University to make these payments with the understanding that the University will subsequently be reimbursed when the General Assembly increases the amount of its declaration in the public interest and when construction on this project is undertaken by the Illinois Building Authority. If this does not materialize, the costs can be charged to the state capital appropriations.

Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend payment of \$43,984.58 to Harry M. Weese & Associates for the foregoing costs and additional services rendered in connection with the Physical Education Building, Chicago Circle campus.

I concur.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

EASEMENT TO GENERAL TELEPHONE COMPANY OF ILLINOIS

(23) The Vice-President and Comptroller recommends that the General Telephone Company of Illinois be granted an easement for the installation of an underground telephone cable over the road right-of-way only and bordering Allerton Trust Farm land in Piatt County, and that the following resolution be adopted.

I concur.

Resolution Granting Easement Over Road Right-of-Way Only and Bordering Allerton Trust Farm Land in Sections 8, 9, 16, 17, 18 and 29, Piatt County, Illinois

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this Corporation be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this Corporation such instruments of conveyance, contract or other document or documents as to them may seem necessary or desirable in order to grant to General Telephone Company of Illinois, an Illinois Corporation, hereinafter referred to as "Company", its successors and assigns, the right and easement to construct, operate, patrol and maintain its communication lines including the necessary underground cables, wires, conduits, splicing boxes, surface terminals, markers and appurtenances upon, over and across the land hereinafter specifically described which land is included in the

public highway, to form a part of a communication system to be owned by the said Company in Piatt County, Illinois, to other lands and structures located beyond the lands hereinafter described, and upon, along, under and across the roads, streets, or highways on or adjoining said land hereinafter described together with the right of access to the said land hereinafter described, with the right to permit the attachment of the wires of any other Company. Company shall agree to repair any damage caused to property of this Corporation by the construction, reconstruction, operation, patrolling, maintenance, renewal or removal of said telephone communications cable, and to indemnify the University and its representatives and tenants from liability in connection with its activities; the term of said easement to be for such period as the easement may be used for the above-described purposes, but upon the discontinuation of use of or abandonment of said telephone communications cable, said easement to thereupon cease and determine without necessity of re-entry or demand; the rights and easement granted to be limited to the extent that this public corporation has the present right and capacity to grant the same. The right-of-way easement shall be over the following-described property:

Situated in the State of Illinois, the County of Piatt, and only on the road right-of-way bordering lands described as follows:

On road right-of-way bordering the North One-Half (N ½) of the North One-Half (N ½) of Section 8;

On road right-of-way bordering the Northwest Quarter (NW ¼) of the Northwest Quarter (NW ¼) and the Southwest Quarter (SW ¼) of the Southwest Quarter (SW ¼) of Section 9;

On road right-of-way bordering the Northwest Quarter (NW ¼) of the Northwest Quarter (NW ¼) of Section 16;

On road right-of-way bordering the North One-Half (N ½) of Section 17;

On road right-of-way bordering the North One-Half (N ½) and part of the North One-Half (N ½) of the Southwest Quarter (SW ¼) of Section 18; and

On road right-of-way bordering part of the East part of the Southeast Quarter (SE ¼) of Section 29;

all situated in Township 18 North, Range 5 East, of the Third Principal Meridian (3rd P.M.).

On motion of Mr. Swain, the foregoing resolution was adopted.

CONTRACTS FOR SCHOOL OF MUSIC RECORDINGS, URBANA

(24) For some years the School of Music has been seeking an effective method of distributing recordings of the performances of new music by contemporary composers and music of great historical significance. Distribution through University channels has been of limited effectiveness.

Metro-Goldwyn-Mayer has offered to enter into contracts with the University for the release of records containing seven compositions by five University of Illinois composers. The performances of these compositions are recorded on tapes prepared under University auspices.

The contracts would provide that MGM will receive exclusive title to the tapes unless the records are omitted from the publisher's catalog for a period of at least two years, after which time title would revert to the University. MGM will pay to the University royalties of two per cent of record sales and will advance \$3,200 to the University to cover production costs of the tapes. The advance would be repaid from the first royalties.

The Director of the School of Music, the Dean of the College of Fine and Applied Arts, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend that authority be granted to enter into these contracts with MGM.

I concur.

On motion of Mr. Dilliard, authority was given as recommended.

AGREEMENT FOR FURNISHING SERVICES AND COMMODITIES TO THE HERMAN M. ADLER ZONE CENTER

(25) The Adler Zone Center, being constructed by the Illinois Department of Mental Health, should be ready for occupancy sometime between January and

March, 1967. In view of its location on the Urbana-Champaign campus and in an effort to promote efficiency within state operations, the Superintendent of the Adler Zone Center requests, and the Director of the Physical Plant and the Vice-President and Comptroller concur, that certain services and commodities be furnished to the Adler Zone Center on a fee basis.

The services to be rendered include building and ground maintenance, security surveillance, janitorial services, telephones services, and automotive services. Commodities would include purchases from the Physical Plant Stores, the Central Food Stores, the Office Stores, and the General Chemical Stores. All services and commodities furnished by the University would be billed to the Adler Zone Center on the basis of cost plus established mark-ups to cover overhead and administrative costs.

The general terms of the request have been reviewed with all University offices concerned and the Adler Zone Center.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization to enter into an agreement with the Department of Mental Health as outlined above.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

BENJAMIN GOLDBERG FOUNDATION

(26) Under date of August 6, 1952, Benjamin Goldberg of Palm Springs, California, established a trust fund known as the "Benjamin Goldberg Foundation," the entire principal and income of which was permanently devoted to entities organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes. Under the terms of the trust agreement, the trustees were directed, upon the death of Dr. Goldberg, to distribute the principal, "together with any income derived from or accruing thereto, to the College of Medicine of the University of Illinois" and the trust was to terminate. The trustees of the Benjamin Goldberg Foundation have requested a formal resolution by the Board accepting the gift on the terms stated in the trust agreement before making any distribution to the University. The Vice-President and Comptroller and the Legal Counsel recommend that the Board take formal action to accept the gift.

I concur and request the adoption of the following resolution.

Resolution

WHEREAS, a Trust Agreement dated August 6, 1952 between Benjamin Goldberg as Settlor and Benjamin Goldberg, Elliott H. Gordon and Jack Gold as Trustees, establishing a trust fund known as the "Benjamin Goldberg Foundation" provides in Article II, paragraph "e" that "The trustees shall, within twenty years of their receipt of any contribution to the Foundation or upon the death of the Settlor hereunder, depending upon which event shall occur first, distribute the same pursuant to the provisions hereof, together with any income derived from or accruing thereto, to the College of Medicine of the University of Illinois, and this trust shall thereupon automatically terminate"; and

WHEREAS, said Benjamin Goldberg is now deceased and said trustees have requested formal action of The Board of Trustees of the University of Illinois accepting said gift prior to distributing the same; and

WHEREAS, the College of Medicine of the University of Illinois is an educational and administrative unit within the public corporation created by the statutes of the State of Illinois and known as "The Board of Trustees of the University of Illinois" (hereinafter referred to as the "University of Illinois").

Now, Therefore, Be It Resolved by The Board of Trustees of the University of Illinois that the gift made to the College of Medicine of the University of Illinois by the terms of the Benjamin Goldberg Foundation, evidenced by a Trust Agreement dated August 6, 1952 and identified above be, and the same hereby is, accepted by the University of Illinois on the terms and for the purposes set forth in said Trust Agreement and quoted above.

On motion of Mr. Johnston, this resolution was adopted.

REPORT OF GIFTS AND FUNDS RECEIVED FROM OUTSIDE SOURCES

(27) Following is a report of gifts, grants, and contract funds received by the University during the fiscal year July 1, 1965, through June 30, 1966. This report

includes funds from private donors and funds received from governmental agencies and covers all payments received during the fiscal year. A period of several months may elapse between the time an offer is received and accepted and final payment is made, which will account for the listing here of some gifts of funds, such as for scholarships and fellowships, for the academic year 1965-66, and others for 1966-67.

A number of these grants and gifts were previously reported to the Board when the offers were received, and likewise the Comptroller's monthly reports have included numerous research contracts for which funds had not been received at the time of reporting. These funds are being included here in order to present a complete report of all funds received from outside sources during the fiscal period 1965-66.

The contracts have all been properly executed by the Secretary and the Comptroller of the Board. All gifts and grants reported have been accepted and duly acknowledged by the President or other appropriate University officer with an expression of appreciation on behalf of the University and the Board of Trustees.

PURCHASES

(28) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller.

The list of purchases recommended for Board approval was presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

From Appropriated Funds	\$139 662 64
From Institutional Funds	812 806 46
<i>Grand Total</i>	<u>\$952 469 10</u>

A complete list of the purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy has been filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(29) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

**EMERGENCY REPAIRS TO ELECTRICAL SYSTEM
AT CHICAGO CIRCLE CAMPUS**

(32) An electrical failure which lasted approximately two hours occurred at 2:00 a.m., December 17, 1966, at the Chicago Circle campus. The failure apparently occurred adjacent to a splice in one of the main feeder cables located in a manhole adjacent to Phase II construction, and which appears to have shifted toward the excavation. The load on this cable was switched to the standby feeder cable, also located in the manhole.

In order to restore permanent service with a minimum delay, emergency action was authorized and the Gust K. Newberg Construction Co., Chicago, was requested to make the necessary repairs on the basis of costs plus 15 per cent on work incurred by his forces and 5 per cent for work by subcontractors, with the understanding that the cost of the corrective work will be assessed to the responsible parties upon completion of the investigation.

The corrective work which may cost in the neighborhood of \$20,000 is in process and will be completed about February 1, 1967.

In the interim, further investigative work is in process to determine accurately the cause and the responsibility for the cable failure.

This report is submitted for confirmation of the above action.

On motion of Mr. Swain, this action was confirmed, as requested, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Jones, Governor Kerner.

At this point, President Henry presented the following report and the Executive Vice-President and Provost replied to questions concerning it.

EMPLOYMENT OF WOMEN, UNIVERSITY OF ILLINOIS, 1966-67

(33) During the November meeting of the Board of Trustees of the University of Illinois, a question was raised in regard to the number of women employed by the University.

The following tables summarize the number and per cent of academic and nonacademic staff separately by sex and campus. In each table the total University figures are also shown, fractional percentages have been dropped.

Table 1 shows the full-time equivalent number and per cent of academic staff by rank, campus, and total. The percentage figures shown within each rank are not cumulative. Positions under the column labelled "other academic" include lecturers, assistant librarians, and in the case of the Urbana-Champaign campus, farm and home advisers.

The per cent of women is generally lower at the full professorship and higher at the "other academic" level. The latter category includes home advisers and librarians. The figure for women in the categories of assistant and instructor are

- EMER E. BROADBENT, Professor of Livestock Marketing, Department of Agricultural Economics, College of Agriculture and Agricultural Experiment Station — leave of absence, without pay, from November 28, 1966, and continuing through January 6, 1967, at the request of the Food and Agricultural Organization of the United Nations, so that he may assist the Jordan governmental authorities in an evaluation of their livestock and meat marketing organization and advise them on a layout, organization, and operation of a new livestock marketing system for Jordan.
- ALAN H. JACOBS, Assistant Professor of Anthropology — leave of absence, without pay, for the academic year 1967-68, so that he may do field research in Kenya, East Africa.
- DOUGLAS R. MILLS, Professor of Physical Education for Men, College of Physical Education — leave of absence, with pay, for nine months from December 1, 1966.
- MRS. ELISABETH H. SCHILLINGER, Editor of Engineering Publications, Engineering Experiment Station — leave of absence, without pay, from November 15, 1966, through January 31, 1967.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

ILLINOIS BOARD OF HIGHER EDUCATION

The President of the Board reported in some detail on the actions of the Board of Higher Education at a meeting on January 11, 1967, concerning the request for operating funds for 1967-69. The following are his extemporaneous remarks concerning the actions and the status of the institutional relations of the Board of Higher Education.

I would like to report to the Board today what happened at the meeting of the State Board of Higher Education yesterday relating to the University's request for its biennial operating budget for 1967-69.

The current biennial budget is approximately \$214 million, and the request for increases submitted to the State Board totaled approximately \$67 million.

As you know, the requests from the various governing boards go to the staff of the State Board for examination, comment, and recommendations before submission for approval by the State Board. The institution's only opportunity to discuss changes recommended by its own staff and Board with the State Board occurs at the same time the State Board makes its decision on the proposed budget.

I have to report to you in all honesty that in some areas of the University of Illinois budget there was bitter disappointment to all of us. There were certain items not approved in the budget which I thought were fully justified and fully documented. I think the fact that they were not approved over the recommendations of the staff of the State Board, after our staff people had made fully adequate responses to these recommendations, indicates in part, at least, that some of the procedures being followed are not actually in the best interests of the State.

Since the establishment of the State Board, we have been very cooperative and have leaned over backwards, in effect, to work with the State Board. But, I think we have reached a point where we have to say that the University now can not condone certain procedures vitally affecting the future of the University and higher education in this State.

I point specifically to the lack of communication that often exists between members of the State Board and its staff, as well as between its staff and the individual institutions or systems. I refer specifically to the University of Illinois, with which I am most familiar.

I believe further that members of the State Board are handicapped in decision-making by the lack of a full opportunity for discussion and deliberation related to presentations of our position as a governing board and even presentations of the staff to the State Board.

To be more specific, yesterday the meeting was opened by the chairman with a statement which in effect indicated that he would look adversely upon and greatly disapprove any variations which the Board might make from staff recommendations on the operational budgets.

Since a major part of the purpose of the meeting yesterday was to listen to and to consider the presentations of the state universities in response to recommendations made by the State Board staff, I viewed this as a restriction which greatly reduced the value of yesterday's meeting. This view was shared by a number of other board members with whom I spoke, both institutional representatives and "public" members of the State Board. Presentations by the universities deserve more consideration than was given to the points at issue between the institutions and the staff.

I think the request for additional funds for Research and Education Hospitals at the Medical Center is a case in point. The request was for something over a million dollars for increased operational costs, largely as a "catch up," but also for improvements in services. The record is clear that the hospitals have been falling behind because of significant increases in the costs of operations. Sources I consider authoritative indicate that the increase in hospital costs in the Chicago area this year will be approximately 20 per cent.

The overriding facts in my mind on this point were the statements made by our own staff that more than the amount requested would be recovered in income from operations of the hospitals through Medicare and Medicaid and by improved services of the hospitals.

The request would not, in effect, cost the State any real dollars for the investment of these funds, yet I could not even raise a second for my motion in this meeting to approve the increase over the recommendation of the Board Staff.

I think, as I said yesterday, one of the great dangers in a Board of this kind is that there is a tendency to move toward uniformity in dealing with various interests of the State. It is much easier to give everyone comparable amounts than it is to make distinctions based on institutional differences and eminence.

This, I think, was a factor that came into consideration when the subject of salary increases for the University of Illinois faculties was discussed. We had asked for an additional sum beyond the Board formula, on the grounds that we have been comparing ourselves with a group of other nationally known institutions with which we compete for faculty, and that without additional funds we would not be moving forward and possibly would be falling behind. Our goal has been to reach a mid-point in salary levels with these comparable universities, and we have

not been able to do that. In these days of high competition for staff and personnel this kind of consideration is extremely important.

I think we shall have to give careful consideration as a Board to the question of whether we wish to accept the State Board decisions, especially in areas where we think our position is unassailable. I am not suggesting that we attempt to override the State Board decisions, but I am going to refer the matter to the Finance Committee of this Board for study and recommendation as to what our position is to be.

I think, in conclusion, that we have seen the Executive Director of the State Board of Higher Education rise to the position of being the most powerful figure in higher education in the state of Illinois.

Perhaps this is inevitable in this kind of an arrangement. But, I say that when you shift power to the point that a single individual has control over higher education in the State, then that power should be exercised with extreme discretion and care and should have the checks and balances of an effective and knowledgeable board with whom that individual works. I do not by any means expect full agreement with these statements but I do expect full and fair consideration be given institutions in Board meetings, and that items of such significance to the future welfare of the Research and Education Hospitals, as an example, receive a full and fair hearing.

Underlying the present problem is the question of whether the State Board should attempt to establish a total figure into which biennial expenditures must be fitted, or whether the Board should first outline the needs of the State and its systems of higher education.

I have the feeling that the former has been done in an indirect way, that there has been an assumption on the part of the State Board, and probably by its chairman, that there is a certain dollar figure that should be met as far as the total budget of the State system is concerned.

I believe yesterday's State Board activity was directed to keeping within such a total figure. If this is the way it is going to be, the principles should be stated openly, and the State Board should inform the institutions that this is the ground rule under which we are operating. I think that the institutions should know what kind of arrangement is being contemplated, because to do so indirectly by having the staff of the State Board in its recommendations meet such a figure can lead to serious abuses.

It really is a question of dollars vs. needs and planning. I do not think you can set aside a figure before a careful analysis of needs has been made—that is, or to first say that our statewide needs are \$600 million and we shall have to fit all our planning within this \$600 million.

I do not mean to overlook the serious problem of additional need which has been occasioned by including the junior colleges in State Board considerations, which never has been a consideration before in the State of Illinois system.

We are close to a \$58 million increase in the University's budget over the last biennium and it now totals approximately \$272 millions. For this, we are extremely grateful, and we recognize that the Legislature has given us good cooperation and support in the past.

However, I think we should pay attention to the procedures which are currently being followed and the implications they have regarding the integrity of actions of this University of Illinois Board. As I said, I have referred the matter to the Finance Committee and I assume we will have a report, possibly by the next Board meeting.

FUTURE BOARD MEETINGS

President Clement announced that the next three meetings of the Board are scheduled for: February 9, 1967, at Chicago Circle (the place of the meeting having been changed from the Medical Center to Chicago Circle); March 14, 1967 (annual meeting), in Urbana; April 13, 1967, at the Medical Center in Chicago.

REPORT OF THE COMMITTEE ON BUILDINGS AND GROUNDS

Mr. Pogue, for the Committee on Buildings and Grounds, presented the following report:

At the December 8, 1966, meeting of the Board of Trustees, Mr. Irving Dilliard suggested that the building now housing the College of Law be named for former Governor Adlai E. Stevenson. The President of the Board referred this question to the Committee on Buildings and Grounds.

The Committee has heard reports from the President of the University and the Dean of the College of Law concerning the reactions of the faculty and alumni to Mr. Dilliard's suggestion. The Committee has discussed the suggestion at some length and now makes the following report of its actions: (1) that the present name of the building, "Law Building," be unchanged (this action of the Committee was approved by a vote of four to two); (2) that the Committee will explore the concept of seeking an appropriate means of memorializing Mr. Stevenson at some location or in some way on the Urbana campus (this was approved unanimously).

GUESTS OF THE BOARD

President Clement announced that a group of undergraduate student leaders had been invited to be guests of the Board at this meeting and at luncheon.

RECESS AND EXECUTIVE SESSION

President Clement stated that an executive session had been requested and was being ordered for consideration of business relating to patentable inventions and acquisition of property.

On motion of Mr. Williamson, the Board recessed.

When the Board reconvened in executive session, the same members, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes except Mr. Page who asked to be excused.

The Board considered the following report and recommendation from the President of the University.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(34) The University Patent Committee, with the concurrence of the Chairman of the University Research Board, submits the following reports and recommendations relating to patentable inventions by members of the staff.

1. Energy receiver or transmitter—Will J. Worley, Professor of Theoretical and Applied Mechanics, inventor. The device consists of two parts, a reflector and a collector or a transmitting source. The combination may be used to receive energy originating at a remote location or it may be used to transmit energy to a remote location. The energy may be electromagnetic, heat or sound energy. The novelty of the device lies in the geometric shapes of the reflector and the collector or transmitter.

The Committee was advised that the inventor has requested a grant from the National Science Foundation to do further work on the idea and that commercial possibilities are quite remote. It is recommended that the rights of the University be assigned to the inventor.

2. On-line computer device for input of manual symbolics—Richard M. Brown, Professor of Electrical Engineering and Research Professor of Physics in the Coordinated Science Laboratory, inventor; developed under a contract with the Department of the Army. This is an input device for a digital computer which, along with a computer program, makes possible the recognition of a wide range of symbolic characters which are manually traced or printed at the time of use. The essential difference between this technique and other character recognition schemes lies in the introduction of stroke information and tracing sequence information as well as the customary tracing position information.

The Committee concluded there was little or no commercial value in this invention and recommends that the University assign its rights to the sponsoring agency.

3. Stored-sign borrow-save subtractor—James E. Robertson, Research Professor of Electrical Engineering and in the Department of Computer Science, inventor. This is a design which permits new procedures in subtraction and addition and reduces the storage requirements in computer operation. The technical description follows: A borrow-save subtractor forms the difference $d = x - y$, where x is the minuend and y is the subtrahend, in such a way that no borrow propagation occurs. The difference and the minuend are three valued (1, 0, -1), and the subtrahend is in conventional two valued (0, 1) form. If the two binary digits necessary to represent d and x are interpreted as their sign and magnitude, a novel subtractor design results. Addition is possible by complementing the sign digits of d and x ; that is $x + y = [(-x) - d]$. If addition is performed in this way, the location of the least significant digit need not be known, which may be of advantage in some variable precision computer organizations. An additional novel feature is that by complicating the control sequencing, the storage requirements for representing d and x can be reduced from a total of four binary digits to three binary digits.

The Committee concluded there was little or no commercial value in this invention and recommends that the rights of the University be assigned to the inventor.

4. Apparatus to measure the thickness of a concrete member by gamma ray transmission—Kenneth Preiss, formerly Assistant Professor of Civil Engineering and of Nuclear Engineering, inventor. This device involves a source of gamma radiation, contained in a collimating shield, which is held against one face of a concrete member and a radiation detector which is held against the other face, opposite the source. The apparatus is built and calibrated in such a fashion that the count rate shown by the detection system will measure the thickness of the concrete.

The Committee concluded there was little or no commercial value in this invention and recommends that the University assign its rights to the inventor.

5. Frequency independent antenna with parasitic elements—Paul E. Mayes, Professor of Electrical Engineering, and Kenneth E. Jones, formerly Teaching Assistant in the Department of Electrical Engineering, inventors; developed under a contract with the Department of the Air Force. This invention involves the use of a vertically polarized log-periodic antenna over ground as a frequency independent driving element. Two rows of scattering monopoles were symmetrically disposed, one on each side of the driver. Lengths and spacings of the parasitic monopoles were determined to correspond substantially with a log-periodic geometry. The bases of the monopoles were electrically connected to the ground plane. The monopole diameters were adjusted to minimize the frequency dependent performance of the system combining the driving element plus the parasitic element.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation so that a patent application may be filed, subject to the rights of the sponsoring agency.

6. Rotary electrostatic precipitator—Shao Lee Soo, Professor of Nuclear Engineering and of Mechanical Engineering, inventor. This device consists of electrodes and collector plates mounted in a drum on a rotating wheel. The passages of dusty gas to be cleaned and the passages for the cleaning of the collector plates are separated by seals over the drum. The collector passages alternately pass between these sectors to collect dust and to be cleaned.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation so that a patent application may be filed.

7. Shunt-fed superdirective helical dipole (monopole) antenna—Paul E. Mayes, Professor of Electrical Engineering, and David T. Stephenson, formerly Research Associate in the Department of Electrical Engineering, inventors; developed under a contract with the Department of the Army. This invention applies a shunt-feeding technique to a normal-mode helical dipole (or monopole) which displays a superdirective effect when operated in its second resonance. The purpose of the shunt-feeding is to increase the radiation resistance and bandwidth of the dipole.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation for patent application, subject to the rights of the sponsoring agency.

8. Short interval timer—George R. Frost, Research Associate in Secondary and Continuing Education, inventor; developed under a contract with the National Science Foundation. This is a low cost and rugged device for measuring short intervals of elapsed time. A bubble in a liquid confined in a sealed tube moves over unit distance in unit time when the tube is tilted. The novel feature is the preset rocker which controls the velocity of the bubble along the tube.

The Committee recommends the assignment of the rights of the University to the University of Illinois Foundation for possible patent application, subject to the rights of the sponsoring agency.

9. Optical spectrum analyzer—Jack R. Baird, Assistant Professor of Electrical Engineering, Murray D. Sirkis, Professor of Electrical Engineering, Oscar L. Gaddy, Associate Professor of Electrical Engineering, and Nick Holonyak, Jr., Professor of Electrical Engineering, inventors. The optical spectrum analyzer is an instrument designed to perform the same function as the spectrometer, but to do it on a real time basis. A dynamic plot of intensity versus wavelength is obtained on an oscilloscope.

The Committee recommends the assignment of the rights of the University to the University of Illinois Foundation for possible patent applications.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

REPORT ON CONDEMNATIONS, URBANA

(35) In accordance with previous action of the Board, condemnation proceedings were instituted in the name of the Illinois Building Authority for acquisition of the properties at 904 and 908 South Sixth Street, Champaign, which are required for the Psychology Building, and 1304 West Main Street, Urbana, which is required for Civil Engineering, Phase IIa.

Judgment orders were entered in each of the above cases on December 13, 1966, in the Circuit Court of the Sixth Judicial Circuit, providing for the following payments to be made for acquisition of the properties: 904 South Sixth Street, Champaign, \$65,000; 908 South Sixth Street, Champaign, \$57,500; 1304 West Main Street, Urbana, \$45,000.

The above prices are all within appraisals received by the University.

This report is submitted for record.

On motion of Mr. Johnston, this report was received for record.

At the conclusion of the executive session, on motion of Mr. Johnston, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

February 9, 1967
With Adjourned Session of February 28, 1967

The February meeting of The Board of Trustees of the University of Illinois was held in the Chicago Circle Center, Chicago, Illinois, on Thursday, February 9, 1967, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor Otto Kerner and Mr. Ray Page were absent. Trustees-elect Mr. Donald R. Grimes, Mr. Ralph C. Hahn, and Mr. James A. Weatherly attended as guests.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. Charles E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Eldon Johnson, Vice-President of the University; Mr. George H. Bargh, Executive Assistant to the President; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer; Mr. H. O. Farber, Comptroller; and Mr. Earl W. Porter, Secretary.

MEMORIAL TO FRED LOUIS WHAM

Mr. Dilliard presented the following:

The Board of Trustees of the University of Illinois records with sorrow the death on February 2, 1967, of Judge Fred Louis Wham, a former member of this Board, a distinguished jurist, and an esteemed alumnus of the University.

Following his graduation from the College of Law with the Class of 1909, and his admission to the bar in the same year, he practiced law for eighteen years, first in the State of Arkansas, followed by two years of service as Assistant Solicitor for the United States Department of Agriculture, and then for ten years as a member of the well-known Illini law firm of Wham and Wham of Centralia.

In 1924, he was elected to The Board of Trustees of the University of Illinois for a six-year term beginning in March, 1925. He served faithfully in this post and as a member of Board Committees until March of 1927, when he was appointed Judge of the United States District Court and resigned from the office of Trustee shortly thereafter.

In 1956, after twenty-nine years of service on the bench, Judge Wham retired but he continued to accept assignments to courts in various Federal circuits in the United States until two months ago when failing health forced him to give up the work.

It is noteworthy that Judge Wham devoted more than half of his lifetime to public service to his state and to the nation. His professional career included almost forty years of dedicated service on the Federal bench, a record seldom equaled. Through all of the years since his graduation from the University of Illinois, he had a continuing interest in his Alma Mater. He served on the University of Illinois Citizens Committee and frequently returned to the campus for alumni and other events.

The Board directs that this memorial be entered in the minutes of today's meeting for the public record as a tribute to a noble citizen of Illinois and an illustrious alumnus of its University; and that suitable copies be sent to members of Judge Wham's family as an expression of sympathy from the members of this Board.

This memorial was adopted by a standing vote.

**REQUEST FROM THE STUDENT GOVERNMENT COMMITTEE
ON ACADEMIC FREEDOM CHICAGO CIRCLE**

The President of the Board announced that the Secretary had received a petition and a request for its presentation from the Committee on Academic Freedom of the Student Government at Chicago Circle and endorsed by the Urbana Student Senate Committee on Student Rights. The Board agreed to receive the petition¹ and to hear a statement from Mr. Richard Kling, Chairman of the Chicago Circle Student Government Committee on Academic Freedom. Following this presentation, the President of the Board stated that he was referring the subject to the Committee on General Policy for consideration.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

¹ The petition asked (1) that the Board of Trustees re-evaluate Sec. 21 of *The General Rules Concerning University Organization and Procedure* dealing with political speakers on the campuses of the University of Illinois, and (2) that the Trustees request the repeal of the "Clabaugh Act," a state statute which places limitations on speakers at the University of Illinois.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
FRANCIS C. CRALL	Hammond, Indiana	Indiana
RAYMOND EUGENE CROWLEY	Chicago, Illinois	Minnesota
WILLIAM ABRAHAM FRANKEL	Atlanta, Georgia	Georgia
ARTHUR CONRAD HOFFMAN	Charleston, Illinois	Wisconsin
JOHN BRADFORD LILJA	Chicago, Illinois	Minnesota
ROBERT WERNER LUNDQUIST	Wheaton, Illinois	District of Columbia
BARRY MUSGROVE	Sterling, Illinois	Texas
WILLIAM LOUIS OTTENAD	St. Louis County, Missouri	Missouri
JOHN LESTER QUIRK	Palatine, Illinois	Texas
NORMAN EDWIN RING	Florissant, Missouri	Missouri
JAMES LOUIS VAN THORRE	Oak Park, Illinois	District of Columbia
SPENCER CHISHOLM WOLLING	St. Louis, Missouri	Missouri

I concur.

On motion of Mr. Johnston, these certificates were awarded.

SABBATICAL LEAVE OF ABSENCE, 1966-67, URBANA

(2) With the approval of the University Research Board and concurrence of the Executive Vice-President and Provost, I recommend that Wen L. Chow, Professor of Mechanical Engineering, be granted sabbatical leave of absence for the second semester of the academic year 1966-67 on full pay to continue to do research within the area of hypersonic rarefied gas dynamics, in particular to study the flow phenomenon within the "transitional flow" regimes, the study to be done at the Institute of Aerospace Studies at the University of Toronto.

On motion of Mr. Williamson, this leave was granted as recommended.

APPOINTMENTS TO THE FACULTY

(3) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A— indefinite tenure; B—two years; D—one year; E—nine months from the beginning of the academic year; G—special tenure; Y—twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. RICHARD L. CARLIN, Associate Professor of Chemistry, Chicago Circle, beginning September 1, 1967, at an annual salary of \$13,000 (A).
2. DOUGLAS L. FOSTER, Assistant Professor of Psychiatry, College of Medicine, on three-fourths time, beginning April 1, 1967, at an annual salary of \$12,000 (DY75).
3. FRANKLIN P. GRAHAM, Assistant Professor and Assistant State Leader of Farm Advisers, County Farm Extension, Urbana, beginning March 1, 1967, at an annual salary of \$13,700 (DY).
4. JOHN R. LOMBARDI, Assistant Professor of Chemistry, Department of Chemistry and Chemical Engineering, Urbana, beginning February 1, 1967, at an annual salary of \$9,500 (B).
5. IRADJ SOOUDI, Assistant Professor of Dental Administration, assigned to Maxillofacial Prosthetics Program, College of Dentistry, beginning July 1, 1967, at an annual salary of \$15,000 (BY).

6. JIRI VLACH, Visiting Professor of Electrical Engineering, Urbana, for one year from February 1, 1967, at a salary of \$14,000 (Y).
7. KAM W. WONG, Assistant Professor of Civil Engineering, Urbana, beginning September 1, 1967, at an annual salary of \$9,000 (B).
8. REINER T. ZUIDEMA, Associate Professor of Anthropology and in Latin-American Studies, Urbana, on one-half time, for the second semester 1966-67, at a salary of \$3,500 (D50).

On motion of Mr. Swain, these appointments were confirmed.

**CHAIRMANSHIP OF DEPARTMENT OF ELEMENTARY EDUCATION,
URBANA**

(4) The Dean of the College of Education recommends the appointment of Dr. Theodore Manolakes, now Associate Professor of Elementary Education, as Chairman of the Department, beginning February 1, 1967, at an annual salary of \$15,000 on an academic year service basis (\$13,000 as Associate Professor of Elementary Education on indefinite tenure, and \$2,000 as Chairman of the Department).

This appointment is to succeed Professor John E. McGill who has asked to be relieved of this administrative assignment. This recommendation is submitted on nomination by a search committee¹ and after consultation with the Executive Committees of the Department and the College. The Executive Vice-President and Provost and the Dean of the Graduate College concur in this recommendation.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

**CHAIRMANSHIP OF DEPARTMENT OF EDUCATIONAL
ADMINISTRATION AND SUPERVISION, URBANA**

(5) The Dean of the College of Education recommends the appointment of Dr. Frederick M. Raubinger, now Professor of Educational Administration and Supervision, as Chairman of the Department beginning February 1, 1967, at an annual salary of \$23,000 on a twelve months' service basis (\$22,000 as Professor of Educational Administration and Supervision, and \$1,000 as Chairman of the Department).

This appointment is to succeed Professor Lloyd E. McCleary who asked to be relieved of this administrative assignment as of August 31, 1966. Professor William P. McClure has been serving as Acting Chairman.

The nomination was initiated by a search committee² and has been approved by the Executive Committees of the Department and the College. The Executive Vice-President and Provost and the Dean of the Graduate College concur in this recommendation.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

DEAN OF THE COLLEGE OF LAW, URBANA

(6) Professor Russell N. Sullivan who has served the faculty of the College of Law since 1939, as Professor since 1947 and as Dean since 1957, has submitted his resignation as Dean of the College of Law effective September 1, 1967.

In consultation with a special committee³ appointed by the Executive Vice-President, and Provost to advise as to a successor to Dean Sullivan, and with the endorsement of the Executive Committee of the College of Law, I recommend

¹ Fred P. Barnes, Professor of Elementary Education, Chairman; R. Will Burnett, Professor of Secondary and Continuing Education and Chairman of the Department; Cecil H. Patterson, Professor of Educational Psychology; William R. Powell, Associate Professor of Elementary Education; J. Marlowe Slater, Professor of Educational Psychology, and Head of Educational Placement.

² William P. McClure, Professor of Educational Administration and Supervision and Director of the Bureau of Educational Research, Chairman; M. Ray Karnes, Professor of Vocational and Technical Education and Chairman of the Department; Phillip Monypenny, Professor of Political Science; Ray H. Simpson, Professor of Educational Psychology; Merle R. Sumption, Professor of Educational Administration and Supervision.

³ George T. Frampton, Professor of Law, Chairman; Charles B. Hagan, Professor of Political Science; Peter H. Hay, Professor of Law; Donald R. Hodgman, Professor of Economics; Victor J. Stone, Professor of Law; J. Nelson Young, Professor of Law.

the appointment of John E. Cribbet, Professor of Law, as Dean of the College of Law for two years effective September 1, 1967, at an annual salary of \$30,000 on a twelve months' service basis. He will continue to hold the rank of Professor of Law on indefinite tenure. The Executive Vice-President and Provost concurs in this recommendation.

On motion of Mr. Swain, this appointment was approved.

DIRECTOR OF INTERCOLLEGIATE ATHLETICS

(7) The Board of Directors of the University of Illinois Athletic Association recommends, and I concur therein, the appointment of E. Eugene Vance, Executive Director of the Alumni Association, as Director of Intercollegiate Athletics for the period April 1, 1967, through August 31, 1967, at a salary at a rate of \$22,000 per year.

This appointment will be renewable annually on a twelve months' service basis.¹

In addition, the Board of Directors recommends, and I concur, that Leslie A. Bryan, Director of the Institute of Aviation, who has been serving as Acting Director of Intercollegiate Athletics, serve as consultant to the Athletic Association for the period April 1, 1967, to July 1, 1967. Dr. Bryan's interim service as Acting Director has been greatly appreciated, and his continued assistance during the period of transition will be desirable.

On motion of Mr. Pogue, seconded by Mr. Hughes, this appointment was approved.

DEAN OF STUDENT AFFAIRS, CHICAGO CIRCLE

(8) The Chancellor at Chicago Circle recommends the appointment of Dr. Robert E. Corley as Dean of Student Affairs beginning March 1, 1967, and Professor of Sociology, on indefinite tenure, at a salary of \$16,500 per year on a twelve months' service basis. The appointment as Dean will be subject to renewal on a biennial term basis.

Professor Corley has been serving as Acting Dean. His appointment as Dean is unanimously supported by the Consultative Committee on the Selection of the Dean of Student Affairs and reflects consultation with representatives of the student body and members of the faculty. The Dean of the Graduate College and the Executive Vice-President and Provost endorse this appointment.

I recommend approval.

On motion of Mr. Johnston, this appointment was approved.

DIRECTORSHIP OF THE CENTER FOR URBAN STUDIES, CHICAGO CIRCLE

(9) The Board of Trustees authorized on December 8, 1966, the establishment of a Center for Urban Studies at the Chicago Circle campus. The Executive Vice-President and Provost and the Chancellor at Chicago Circle recommend that Dr. William L. Garrison be appointed Director of the Center for Urban Studies and University Coordinator for Urban Studies for two years and Professor of Geography in the Department of Geography at Chicago Circle on indefinite tenure beginning September 1, 1967, at an annual salary of \$29,000 on a twelve months' service basis.

Dr. Garrison is presently the Director of the Transportation Center at Northwestern University.

The recommendation is made with the advice of a search committee,² and the appointment is endorsed by the Dean of the Graduate College.

I recommend approval.

On motion of Mrs. Watkins, this appointment was approved.

¹The By-Laws of the Athletic Association provide that the appointment of the Director of Intercollegiate Athletics shall be subject to approval of the Board of Trustees.

²Stanley L. Jones, Professor of History and Chairman of the Department at Chicago Circle, Chairman; Robert B. Banks, Professor of Fluid Mechanics in the Department of Energy Engineering and Dean of the College of Engineering at Chicago Circle; Robert E. Corley, Professor of Sociology and Acting Dean of Student Affairs at Chicago Circle; Leonard J. Currie, Professor of Architecture and Dean of the College of Architecture and Art at Chicago Circle; Bernard R. Kogan, Professor of English at Chicago Circle; and Sherman Shapiro, Professor of Economics at Chicago Circle.

**PILOT PROGRAMS FOR BACHELOR OF SCIENCE DEGREE
IN ENGINEERING, CHICAGO CIRCLE**

(10) On July 27, 1966, the Board of Trustees approved curricula and degree requirements leading to a bachelor's degree in engineering at Chicago Circle. Prior to that time, students at Chicago Circle were enrolled in a course of study patterned after the engineering curricula at the Urbana campus. Because the new curricula differed substantially in orientation and alignment, students at Chicago Circle who completed their sophomore year in the "Urbana curriculum" in June, 1966, had the alternatives of realigning their programs to correspond with the new Chicago Circle curriculum (with possible loss of time or credit), or transferring to Urbana or elsewhere to complete their undergraduate work.

In order to provide a more convenient and equitable interim solution for these students, pilot programs in mechanical analysis and design, structural design, metallurgy and thermal sciences have been developed by the curriculum committees in mechanical sciences, materials sciences, and thermal sciences. These programs closely resemble the programs approved in July for Chicago Circle, yet differ sufficiently in detail to be applicable to students who have completed at least the first two years of the Urbana curricula. The pilot programs will allow the students (fifty to seventy in number) involved to receive a bachelor's degree in engineering in June, 1968, or before.

The Executive Vice-President and Provost and the Chancellor at Chicago Circle recommend approval of these curricula, all of which have received approval of the Chicago Circle Senate. The Senate Coordinating Council has indicated that no further Senate jurisdiction is involved.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

**DISCONTINUANCE OF TEACHING MINOR IN CERTAIN
DEPARTMENTS, CHICAGO CIRCLE**

(11) The Chicago Circle Senate has approved a recommendation from the Chicago Circle Council on Teacher Education that the second field of specialization (teaching minor) be discontinued as a requirement for the baccalaureate degree in the teaching field in the areas of Biology, Chemistry, English, French, German, History, Mathematics, Physics, and Speech.

In 1965, the Illinois General Assembly revised the school code requirements to allow one or more major fields of study for certification instead of the former requirement of two teaching fields. Nearly all accredited colleges in Illinois have taken steps to change their programs to comply with this statutory revision.

The area committees for the preparation of secondary school teachers in the departments mentioned above have recommended such a change. The change will make it possible for the student to (1) take more work in his major field, (2) increase credit in other fields, or (3) prepare, as before, to teach in two fields.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved.

While this matter does not require formal approval by the Board, it is submitted for the record.

This report was received for record.

MASTER OF SCIENCE IN INDUSTRIAL ENGINEERING, URBANA

(12) The Graduate College and the College of Engineering at Urbana recommend the establishment of a curriculum leading to the degree Master of Science in Industrial Engineering.

The curriculum in industrial engineering at the University of Illinois, in common with similar programs at universities throughout the United States, has been closely tied to the curriculum in mechanical engineering. In keeping abreast of industrial developments and needs, however, the industrial engineering curriculum has tended to include an increasing number of courses devoted to man-machine relationships and mathematical approaches to industrial operations and systems.

The baccalaureate degree in industrial engineering was established in 1952 and in 1960 was accredited by the Engineers Council for Professional Development. Almost from the beginning of the program, students have taken advanced

work in this area. Since 1955, some forty-eight students have received Master of Science degrees in mechanical engineering with emphasis on an area of study that is ordinarily classified as industrial engineering.

Programs similar to the one proposed here are in effect at many universities. At least seventeen of these offer a Doctor of Philosophy degree in industrial engineering.

The degree program also has been approved by the Policy and Development Committee of the College of Engineering and the Urbana-Champaign Senate. The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Swain, this recommendation was approved.

RESEARCH RESOURCES LABORATORY, MEDICAL CENTER

(13) On recommendation of the Chancellor at the Medical Center, I have approved a change in the name of the Aeromedical Laboratory to Research Resources Laboratory. This change is being reported for record.

This report was received for record.

CONTRACT FOR LANDSCAPE CONSTRUCTION AT FLORIDA AVENUE RESIDENCE HALLS, URBANA

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract of \$24,172 to Carl G. Klehm, an individual doing business as Charles Klehm & Son Nursery, Arlington Heights, for landscaping at the Florida Avenue Residence Halls.

Funds are available in the Florida Avenue Residence Halls project budget for the construction of this landscaping.

I concur.

On motion of Mr. Johnston, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page.

CONTRACTS FOR REMODELING IN NOYES LABORATORY, URBANA

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of cost-plus contracts for remodeling sixteen rooms in Noyes Laboratory for the Biochemistry Division and Chemistry Library expansion, the award in each case to the lowest bidder:

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Total Estimated Fee Payments</i>	<i>Total Estimated Payments</i>
General — Barber & DeAtley, Inc., Urbana	6	25	10	\$2 962 00	\$19 362 00
Electrical — G. L. Wilsky, an individual doing business as Downtown Electric, Urbana	15	22	5	1 247 00	7 447 00
Plumbing — David W. Reichard Plumbing & Heating Co., Inc., Urbana	15	39	5	4 826 00	19 026 00
Heating, Piping, Refrigeration, and Automatic Temperature Control Systems — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana	25	30	5	360 00	1 960 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana	25	30	5	1 020 00	4 820 00

Since W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana, is the lowest bidder with identical fee percentages for heating, piping, refrigeration, and automatic temperature control systems work and ventilation and distribution systems for conditioned air work, it is also recommended that these two awards be combined into a single contract in lieu of separate contracts.

The estimated total cost of the work is approximately \$60,000. Funds are available from an appropriation approved by the Board of Trustees in January, 1966.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mrs. Watkins, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page.

EMPLOYMENT OF ARCHITECTS AND ENGINEERS

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of the following architects on projects proposed for construction in the 1967-69 biennium which will be partially financed from federal funds and on which application for such grants must be submitted as soon as possible. When funds are authorized for construction, the firms employed will provide complete architectural and engineering services including design through supervision of construction. Initial authorizations will be limited to the preparation of preliminary schematic drawings used in the applications, with costs estimated at the amounts indicated.

<i>Project</i>	<i>Architect Recommended</i>	<i>Fee</i>	<i>Initial Authorization to Architects</i>
<i>Medical Center Campus</i>			
Library.....	Holabird & Root, Chicago	5½ per cent	\$30 400 00
Medical Research Laboratory Addition.....	Skidmore, Owings & Merrill, Chicago	6 per cent	14 400 00
College of Dentistry Building	Graham, Anderson, Probst, & White Chicago	5½ per cent	41 500 00
<i>Urbana-Champaign Campus</i>			
Foreign Languages Building	Holabird & Root, Chicago	6 per cent	29 000 00

The following firms are also recommended for employment on two projects not receiving federal funds.

<i>Project</i>	<i>Professional Recommended</i>	<i>Fee</i>
Krannert Art Museum Addition.....	Richardson, Severns, Scheeler & Associates, Champaign	6 per cent for new construction and actual cost of professional personnel at normal hourly rates plus 150 per cent for overhead and profit on the remodeling work with a maximum cost of \$26,500.00
Remodeling Chicago Circle Center.....	J. Gale Brown, Wilmette (architectural services)	Actual cost of professional personnel at normal hourly rates plus 125 per cent for overhead and profit and allowable reimbursables at actual cost

<i>Project</i>	<i>Professional Recommended</i>	<i>Fee</i>
	Fred Schmid Associates, Chicago (food service and equipment consultant)	Actual cost of professional personnel at specified hourly rates with the understanding that the cost will not exceed 8 per cent of the final cost of the food service equipment and refrigeration plus 5½ per cent of the final cost of the interior furnishings but not to exceed \$4,160.00

Funds for all of the above professional services except the Chicago Circle Center remodeling will be financed from the stores and services account until permanent financing is available. Funds for the Chicago Circle Center remodeling are available in the Chicago Circle Center account.

The Committee on Buildings and Grounds, the Advisory Committee on the Selection of Architects and Engineers, and the major users of the proposed buildings have been consulted and support these recommendations.

I concur.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page.

**LOAN AGREEMENT FOR MARRIED STUDENT HOUSING
ORCHARD DOWNS AREA, URBANA**

(17) The Vice-President and Comptroller presents a Loan Agreement (Contract No. H(402)2801) with the United States Department of Housing and Urban Development whereby the federal government agrees to purchase \$2,100,000 of the Housing Revenue Bonds of 1966, Series B, at par and an interest cost of 3 per cent if no other bids are received at equal or lower net interest cost.

I recommend that the Comptroller and Secretary of the Board be authorized to execute this Loan Agreement and that bids be taken on March 14, 1967, for the sale of these bonds and \$520,000 of Housing Revenue Bonds of 1966, Series A, to provide funds for the construction of 252 married student apartments.

On motion of Mr. Hughes, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Governor Kerner, Mr. Page.

PURCHASES

(18) The Executive Vice-President and Provost submitted a report of purchases recommended by the President, with the concurrence of the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the Executive Vice-President and Provost's Office.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

From Appropriated Funds

Purchases Recommended\$107 882 16

From Institutional Funds

Purchases Authorized	\$ 15 127 69
Purchases Recommended	375 501 43
	<u>\$390 629 12</u>
<i>Grand Total</i>	\$498 511 28

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Johnston, the purchases authorized by the Executive Vice-President and Provost, acting for the President, were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(19) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

**REPORTS AND RECOMMENDATIONS FROM THE
PRESIDENT OF THE BOARD**

FUTURE BOARD MEETINGS

President Clement reminded the Trustees of the dates of the next two meetings of the Board to be held: March 14, in Urbana (annual meeting), and April 13, at the Medical Center in Chicago.

REPORTS OF BOARD COMMITTEES

GENERAL POLICY COMMITTEE

Mr. Johnston, for the Committee on General Policy, presented the following report and moved its acceptance.

Because of the public interest in the proposed organization of a student W.E.B. Du Bois Club at the University of Illinois, the President (in December, 1966) informed the members of the Board of Trustees as to the status of institutional review of the petition of the student group. The General Policy Committee of the Board of Trustees took cognizance of the issues, problems, and concerns which have developed from the fact that the Attorney General of the United States has filed a petition with the Subversive Activities Control Board to require the national organization of the W.E.B. Du Bois Club to register as a Communist front group. The President then asked the Dean of Students at Urbana-Champaign to withhold action on the petition of the group of students seeking to organize a campus Du Bois Club until the General Policy Committee of the Board of Trustees had an opportunity to review the matter in all of its aspects, including the University's responsibilities under the Clabaugh Act.

The General Policy Committee has reviewed a large volume of correspondence, memoranda, and reports relating to the subject. These included official statements from the Urbana Senate Committee on Student Affairs and the Urbana Senate Committee on Academic Freedom and Tenure. In addition, the Committee held conferences with representatives of the two Senate Committees and the Student Senate.

The Committee now recommends that the Board of Trustees affirm its belief that no group which has been determined to be subversive or seditious (i.e., to advocate the violent overthrow of the Government of the United States or the State of Illinois) should be "recognized" by the University of Illinois.

In the present instance, the Committee is impressed by the fact that while the Attorney General has filed a petition with the Subversive Activities Control Board to require the national organization of the W.E.B. Du Bois Clubs to register as a Communist front group, that agency has not yet heard the matter on its merits. Since the material which the Attorney General may have in support of his petition is not available to the University, there is no way for the University at this time to make a valid independent judgment concerning the charges.

It is also clear that (1) the local petitioning group has denied affiliation with the national body, and (2) that the constitution of the petitioning groups states purposes which are unobjectionable by University regulations and which do not in any way identify the group as a subversive or seditious organization.

Therefore, it is the Committee's expectation that the question of recognition will be handled through regular administrative channels.

However, at any time that the W.E.B. Du Bois Club or any other student group can be proved to be subversive, seditious, or dedicated to the violent overthrow of the Government of Illinois or of the United States, the Trustees will expect the administration of the University to deny to that group the privileges and ties of association with the University that are allowed to recognized student groups.

The report was approved by a vote of four to two.

FINANCE COMMITTEE

Mr. Williamson, for the Finance Committee, presented the following report and moved its adoption.

On November 10, 1966, the Board of Trustees adopted a budget request for the operation of the University of Illinois in the biennium 1967-69, to be presented to the Governor and the General Assembly, and authorized the President of the

Board, the Chairman of the Finance Committee of the Board, and the President of the University to present the budget to the appropriate offices, officials, and agencies.

As a part of the budgetary review process, the budget was submitted to the Illinois Board of Higher Education which has taken official action to make certain recommendations concerning the items of increase requested by the University. The differences between the original budget as adopted by the Board of Trustees and the recommendations of the Board of Higher Education are reflected in a table submitted herewith, a copy of which is being filed with the Secretary of the Board.

In summary, for operations the Board of Trustees requested an increase of \$67,284,774 which amounted to an increase of 31.4 per cent over the amount available for the 1965-67 biennium. The Board of Higher Education approved a request for an increase of \$58,373,996, a 27.2 per cent increase.

The portion of the total budgeted to be provided from the University Income Fund was increased from \$18,100,000 to \$21,400,000, the increase to come primarily from additional income of the Research and Educational Hospitals and from fees collected from the larger number of students enrolled.

We believe that the budget request as originally presented was valid, conservative in view of the University's responsibility to meet its obligations to the State, and consistent with a realistic appraisal of the needs of the University.

However, in recognition of the probable difficulties to be faced by the State in meeting its financial requirements for the coming biennium, the Committee recommends that the University accept the reductions proposed by the Board of Higher Education except in the critical and unique requirements of the University's Research and Educational Hospitals at the Medical Center Campus. On the latter, the University requested an increase of \$1,901,000, all of which would be provided by the additional income of the Hospitals. The Board of Higher Education approved \$738,800. The Committee will continue to explore how this urgent financial requirement can be met.

We further recommend that the representatives of the Board of Trustees and the administration of the University be authorized to present this position to the appropriate State officials and to the General Assembly, hence, modifying the original operating budget request as presented in November, 1966.

Members, Finance Committee

THEODORE A. JONES

TIMOTHY W. SWAIN

KENNEY E. WILLAMSON, *Chairman*

In the course of the discussion, the President of the Board made these following informal comments:

In recent weeks, President Henry and I have had a number of extended conferences with Mr. Ben W. Heineman, the Chairman of the Illinois Board of Higher Education, and others in an attempt to resolve some of the difficulties in our relationships with the Board of Higher Education referred to last month. I am happy to report that we are making progress in a number of areas, and in particular with regard to procedures and clearer understandings of working relationships.

There is no question in our minds — the Board of Higher Education and the Board of Trustees of the University of Illinois — that both boards share a common objective — to work together for the general objective of providing the best possible system of higher education in Illinois. In short, it seems to me that in recent days we have seen a beneficial re-evaluation.

Therefore, I strongly endorse the report of the Finance Committee and its spirit and tone of cooperation at this time, including its sensitivity to the total State financial picture. It remains true, however, that the unique and critical needs of the University's Research and Educa-

tional Hospitals pose special problems in meeting the University's responsibilities during the next biennium. We will, therefore, continue vigorously to seek a solution to this particular budgetary problem.

The report of the Finance Committee was unanimously adopted.

The President of the Board took note of the fact that three members of the Board were present at the last meeting of their term of office. The following resolutions were presented as indicated and approved unanimously.

Mr. Pogue offered the following resolution:

TO IRVING DILLIARD

The Board of Trustees of the University of Illinois hereby expresses its grateful appreciation for your services during the past six years as a member of this Board.

Your able contribution to the work of a number of committees is recognized, and special commendation is noted for the service you have given to the Committees on Alumni and Student Welfare and Activities, of which you served as Chairman. You brought to the deliberations of this Board a special understanding of academic affairs and policy. It should also be noted that your writings and service in the fields of journalism and communications and government, as exemplified by your selection in 1949 to deliver the Edmund James lecture, "The Development of a Free Press in Germany, 1945-1946; An Aspect of American Military Government," have been recognized by honorary degrees from numerous educational institutions.

Your colleagues note with satisfaction your professional achievements: in journalism as editor for many years of the editorial page of *The St. Louis Post-Dispatch*; as the author of numerous books and other writings on government and public affairs; as recipient of abundant recognition at home and abroad and of many invitations to lecture at colleges, universities, and other cultural institutions.

The President and other administrative officers of the University have indicated their desire to join the members of the Board of Trustees in this tribute and in extending their best wishes to you and Mrs. Dilliard.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Mr. Johnston offered the following resolution:

TO FRANCES B. WATKINS

The Board of Trustees of the University of Illinois hereby expresses its grateful appreciation for your public-spirited and distinguished service as a member of this Board for eighteen continuous years from 1949 to 1967.

You have served effectively for long periods on numerous Board committees: the Committee on Alumni for eighteen years, as Chairman for two; the Executive Committee for sixteen years; the Finance Committee for fifteen years; the Committee on General Policy for ten years; and the Committee on Student Welfare and Activities for sixteen years. Special recognition is due your eighteen years of service, sixteen of those as Chairman, on the Committee on Chicago Departments. Those years, 1949 through 1967, saw both expansion and development at the Medical Center campus and the creation of the Chicago Circle campus. Your energy and devotion in the field of educational trusteeship are confirmed by your services as a Regional Director and as a member of the Executive Committee and the Program Committee of the Association of Governing Boards of Universities and Colleges.

The President and other administrative officers of the University have indicated their desire to join the members of the Board of Trustees in this tribute and in extending to you their best wishes for the years ahead.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

Mr. Swain offered the following resolution:

TO KENNEY E. WILLIAMSON

The Board of Trustees of the University of Illinois hereby records your nineteen years of service as a member of this Board and gratefully expresses its appreciation for your vigorous and competent leadership as its President for the five years from 1949 to 1951 and from 1959 to 1962.

During your years of service on the Board, you have served effectively as a member of nearly every standing committee. Special recognition is due your contribution to the work of the Finance Committee on which you served and were Chairman for nine years, the Committee on Buildings and Grounds on which you served for ten years and were Chairman for three years and the Committees on General Policy, Patents, and Athletic Activities on which you served for seven years and as Chairman of the latter for two years. Your long experience in business and your background as a Chartered Life Underwriter have enabled you to make an outstanding contribution as a representative, for eighteen years, of this Board on the Board of Trustees of the State Universities Retirement System of Illinois. In addition to your service on the Board of Directors of the University of Illinois Foundation during your tenure as President of this Board, you have represented the present President in that capacity since 1963.

The President and other administrative officers of the University wish to join with the Board of Trustees in this tribute to you and in extending best wishes to you and Mrs. Williamson.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official public record, and that a suitable copy be given you as a permanent reminder of the esteem and affection in which you are held.

RECESS AND EXECUTIVE SESSION

President Clement announced that an executive session had been requested and was being ordered following luncheon for consideration of recommendations relating to property acquisitions.

On motion of Mr. Swain, the Board recessed.

At the close of the luncheon, the President of the Board called on each of the retiring Trustees for remarks and each spoke briefly, expressing his personal satisfaction in having served as a Trustee. (The text of a statement presented by Mr. Dilliard, which he requested be included in the record of today's meeting, appears at the end of these minutes.)

Mr. Clement then referred to the existing "Trustee *Emeritus* Award" and declared that Mrs. Frances B. Watkins, Mr. Irving Dilliard, and Mr. Kenney E. Williamson be designated Trustee *Emeritus* and directed the Secretary of the Board to prepare an appropriate certificate for each retiring Trustee and a suitable identification card stating that they are entitled to all privileges and courtesies customarily extended to active Trustees of the University.

The luncheon program concluded with a brief statement by Director of Public Information C. E. Flynn who spoke in behalf of Dean Fred H. Turner, Director of the University Centennial, summarizing the major events being planned throughout the Centennial Year 1967-68.

When the Board reconvened in executive session, all members of the Board, officers of the Board, and officers of the University were present as recorded at the beginning of these minutes, except Mr. Dilliard and Mr. Jones who asked to be excused.

The Board considered the following business presented by the President of the University.

PURCHASE OF PROPERTY AT 903 WEST ILLINOIS STREET, URBANA

(23) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the University of Illinois Foundation be requested to purchase the property at 903 West Illinois Street, Urbana, at a price of \$45,000 and lease the property to the University at a rental sufficient to pay the interest costs on a loan to the Foundation to purchase the property.

The property is located east of the Krannert Center for the Performing Arts and is required for future academic expansion. The lot size is 65 feet by 150 feet (9,750 square feet) and is improved with a two and a half story and basement frame residence and garage.

I concur.

On motion of Mr. Hughes, the purchase of this property at the price indicated was authorized by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Jones, Governor Kerner, Mr. Page.

ACQUISITION OF PROPERTY AT 511 EAST JOHN STREET, CHAMPAIGN

(24) In accordance with previous action by the Board of Trustees, condemnation proceedings were instituted for acquisition of the property at 511 East John Street, Champaign, which is required for expansion of parking facilities at the Urbana-Champaign campus. The case was tried in the Circuit Court of the Sixth Judicial Circuit on January 19 and 20, 1967, with a verdict returned on January 23, 1967, which provides for the vesting of title to the property in The Board of Trustees of the University of Illinois upon payment of the \$128,158.33 award.

In order to provide sufficient funds for this purchase and the remaining condemnation cases pending, it is recommended that the University of Illinois Foundation be requested to participate in this settlement, which payment must be made prior to the time additional state appropriations are available for land acquisition in the next biennium, and that the Comptroller and Secretary of the Board of

Trustees be authorized to execute the necessary documents as approved by the Legal Counsel including deeds to and leases from the University of Illinois Foundation to effect the settlement through Foundation participation.

I concur and recommend adoption of the following resolution.

**Resolution Regarding Colbert Property Located at 511 East John Street,
Champaign, Illinois**

WHEREAS, the Judgment Order of the Circuit Court of the Sixth Judicial District, Champaign County, Illinois, entered in, the condemnation case entitled "The Board of Trustees of the University of Illinois, a public corporation, Petitioner, vs. Ernest A. Colbert and Lucille S. Colbert, Defendants" No. 66-L-675, under date of January 30, 1967, provides that upon payment to the County Treasurer of Champaign County, Illinois, of the amount of the award in the sum of One Hundred Twenty-eight Thousand One Hundred Fifty-eight Dollars and Thirty-three Cents (\$128,158.33) title to the Colbert Property hereinafter described shall vest in this public corporation; and

WHEREAS, this public corporation desires that the University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, pay the amount of said award in accordance with the terms of said Judgment Order and lease said Colbert Property to this public corporation and under the terms of which lease this public corporation shall be granted an option to purchase said Colbert Property; and

Now, Therefore, Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that upon payment of said award in accordance with the terms of said Judgment Order by the University of Illinois Foundation, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name, and in behalf of, this public corporation and under its Corporate Seal, a Warranty Deed, and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to University of Illinois Foundation title to the property hereinabove referred to as Colbert Property and described as follows, viz:

Lot One (1) in Block Fourteen (14) of Assessor's Subdivision of Blocks Ten (10), Eleven (11) and Fourteen (14) of J. S. Wright's Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, and State of Illinois.

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Dilliard, Mr. Jones, Governor Kerner, Mr. Page.

Mrs. Watkins reminded the Board of the meeting of the Association of Governing Boards on April 16-18, 1967, in Urbana.

Mr. Johnston made a motion to recess, to reconvene at 1:30 p.m. on February 28, 1967, in the Governor's Office in Springfield at which time the proclamation marking the beginning of the Centennial Year of the University will be presented.

EARL W. PORTER
Secretary

STATEMENT OF MR. IRVING DILLIARD

MR. PRESIDENT :

I have asked your permission to express my appreciation to my fellow Trustees and the University administrators to whom I have addressed educational thoughts of mine at the conclusion of the agenda from time to time over the past six years. Since this is the last regular monthly meeting of the Trustees that I will attend, I would like to avail myself on this occasion of the further opportunity it affords.

I assure you it is not easy to do this now anymore than it has been in the past. At this juncture in the meeting, Trustees are putting their papers away ready, if not eager, to adjourn—in this case recess until February 28 at Springfield for the Centennial meeting—certainly not the best situation in which to take up a topic probably unpleasant or unpopular anyway.

Here I would, in passing, like to thank publicly Trustee Pogue and President Henry for their subsequent comments to me approving my remarks at the January meeting concerning the important service performed for the University by Mel Brewer in disclosing the distressing facts of illegal slush fund payments to students in the Athletic Department.

Today I would like to call attention to a remarkable piece of research conducted on the Champaign-Urbana campus in the field of student health. In my opinion it deserves widespread attention not just on the three campuses through University channels, public information as well as health services, but throughout the Nation. I refer to the pioneering University Health study some of whose findings appear in an article entitled "Cigarette Smoking and the College Freshman" by Dr. D. F. Dunn of the University's Department of Health Science, Champaign-Urbana. A summary of aspects of this study and findings appeared in the January 2, 1967, issue of the *Journal of the American Medical Association* (Vol. 199, No. 1, pp. 19-22).

Among other things, Dr. Dunn made a study of the smoking habits and academic performance of 3,567 freshmen enrolled in the University's required first-year course, Rhetoric 101. The research disclosed an amazing correlation between smoking and academic excellence. Here are the statistics reported from the Champaign-Urbana campus to the physicians and other medical workers of the United States:

Visualize please two columns, first the grade average, second the percentage of smokers:

A	—	16.7
B+	—	23.3
B—	—	28.7
C+	—	38.2
C—	—	40.8
D+	—	47.2
D—	—	54.9
E	—	59.1 — virtually 60%

More than half the September, 1965, dropouts were smokers. If these statistics are revealing—and they certainly were to me—they are confirmed by a double check Dr. Dunn made. Further research showed that relatively fewer students on scholarships smoke cigarettes. The figures are: freshmen students on full support by parents, 42.1 per cent smokers; students on partial scholarship, 34.4 per cent smokers; students on full scholarship only, 22.7 per cent smokers. This would seem to me to be university research of intense interest to everyone connected with and interested in the academic performance of students and especially to the Office of the Dean of Students. Dr. Dunn closes this article with words that required the kind of courage I admire. I quote exactly:

"Certainly the maintenance of optimum health is a much higher goal than discovery of a cure. How much longer can colleges and universities enjoy the status quo and collect revenue from campus cigarette sales knowing that smokers may pay later with years of disability or premature death? Freshmen who do not wish to smoke comprise a group toward which universities should focus effort in prevention."

I underscore the fact that these are not my words. I quote an associate professor of the University Health Science faculty at Champaign-Urbana.

Mr. President, it is now approximately twenty months since I introduced a motion to get the University of Illinois out of the cigarette pushing business. In that time, according to conservative medical statistics, more than 500 cigarette smokers have died every day of lung cancer in the United States. That becomes 15,000 lives lost a month for a total of more than 300,000—perhaps a third of a million since we voted 8—2 to keep vending machines on the University premises.

Imagine the outcry if we were losing that many lives in Vietnam or on the highways. Surely everyone of middle age in this room has lost one or more friends by lung cancer-smoking deaths in these twenty months. I can count at least a half dozen of my acquaintances in the newspaper field alone—lives unnecessarily shortened and hence to that extent partially wasted.

Since this Board wastes money if it knowingly wastes parts of productive lives after large investment by the taxpayers in public education, I hope the Trustees will take another look at its own responsibility in this matter. I have been informed, in answer to a question, that the University has not purchased, leased, or rented a cigarette vending machine in the time since my motion was introduced in September, 1965.

If that is so, could not this Board begin the formulation of a policy by limiting the number of vending machines to the present number, thus asserting it will add no more. Then could not the Board further say that it will not replace or repair a machine that breaks down? This would leave the University administration free to deploy its remaining machines. At the same time it would be a recognition of an eventual development—the fact that some day, as lung cancer and cigarette related illnesses skyrocket, the University along with all other colleges and universities will, under the force of public health pressure and demand, remove all its cigarette machines, as Harvard and the state universities and colleges in Kansas have done.

Let it be emphasized, Mr. President, that the issue here is not the right to smoke. Let anyone buy his cigarettes by the pack, carton, case, or carload, but buy them at a commercial store and not at a tax-supported state university which is under no urgency to compete with private, profit-making enterprise in these sales. Mr. President, this is truly a matter of life or death for uncounted thousands of University of Illinois students. Lives are at stake here.

Last October I attended a session of the Ninth World Cancer Congress in Tokyo, Japan. Although not all doctors agree, the medical profession as a whole considers that all the evidence it needs is in. Now it is seeking ways and means to prevent unnecessary loss of life by inducing young people not to start smoking.

Because I believe in supporting medical and university research, I have asked the Secretary of the Board to obtain copies of Dr. Dunn's article and send to all Board members, including the incoming members as of next month. I also hand a copy of this statement to the Secretary and ask him, with your permission, to make it a part of the official printed minutes of this meeting. Thank you very much.

Let me say finally that I am very glad to see so many students at this meeting of the Trustees. For this reason it is the most impressive and heartening meeting I have attended in the six years that I have been a Trustee. It looks as if I am leaving the Board at an exciting time.

Adjourned Session, February 28, 1967

When the Board met at 1:30 p.m. on Tuesday, February 28, 1967, in the Governor's Office, Springfield, Illinois, the following members were present: Mr. Howard W. Clement, Mr. Irving Dilliard, Mr. Earl M. Hughes, Mr. Theodore A. Jones, Governor Otto Kerner, Mr. Ray Page, Mr. Harold Pogue, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Mr. Wayne A. Johnston was absent. Trustees-elect Mr. Donald R. Grimes, Mr. Ralph C. Hahn, and Mr. James A. Weatherly attended as guests.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. George H. Bargh, Executive Assistant to the President; Mr. James J. Costello, Legal Counsel; Mr. Charles E. Flynn, Assistant to the President and Director of Public Information; Mr. A. J. Janata, Staff Associate, President's Office; Mr. F. H. Turner, Director of the University Centennial and University Dean of Students; Mr. W. H. Rice, Administrative Assistant (Legislative Relations), President's Office; and the officers of the Board, Mr. R. R. Manchester, Treasurer, and Mr. Earl W. Porter, Secretary. Mr. H. O. Farber, Comptroller, was absent.

HISTORICAL SETTING

Mr. Howard W. Clement, President of the Board, and Dr. David D. Henry, President of the University, spoke briefly to set the historical environment of the occasion. It had been one hundred years since Governor Richard J. Oglesby signed the law creating Illinois Industrial University (as the University of Illinois was known until 1885).

Governor Kerner read the following proclamation requesting an appropriate observance of the occasion setting aside the period from February 28, 1967, to March 11, 1968, for the Centennial Celebration.

On motion of Mr. Swain, the Board adjourned.

EARL W. PORTER
Secretary

HOWARD W. CLEMENT
President

The charter of the University of Illinois will be one hundred years old on February 28, 1967, a date which commemorates the signing of legislation creating Illinois Industrial University by Governor Richard J. Oglesby.

From February 28, 1967 to March 11, 1968, by action of the Board of Trustees, the University will commemorate the centenary of its founding. It is an occasion of great satisfaction to be able to bring greetings to our renowned state university and to reflect upon the rich and varied contributions which it has made to this state and nation.

The Illinois Industrial University was a product of the land-grant college movement of the mid-nineteenth century. As a part of a new educational tradition its founders and leaders held that higher education was not alone for the children of a privileged aristocracy but equally for the sons and daughters of farmers, artisans and shopkeepers as well.

The evidence is convincing that the original inspiration for the land-grant movement came from a citizen of this state -- Jonathan Baldwin Turner of Jacksonville. Illinois' support for higher education has always rested on the conviction that learning could be practical as well as academic, and that higher education should be open to all who have the will and ability to profit from it.

The University of Illinois has grown from humble beginnings to national and international distinction, achieving renown for educational excellence in the arts and sciences as well as in applied areas of educational endeavor. Through its extension services, cultural activities and instructional centers it has served every area of Illinois -- urban and rural alike.

In pausing to pay tribute to this great University, we join the more than 300,000 devoted alumni around the world whose daily lives are dedicated to the philosophy of public good. In looking ahead we see for it a distinguished future with continued expansion of its educational, research and service functions as it strives to meet, in the highest traditions of excellence, the ever-growing needs of the people of Illinois, of the Midwest, of the Nation and the world.

NOW, THEREFORE, I, Otto Kerner, Governor of the State of Illinois, do hereby proclaim the period from February 28, 1967 to March 11, 1968, as CENTENNIAL YEAR OF THE UNIVERSITY OF ILLINOIS, and request the appropriate observance of this historic occasion.

In Witness Whereof, I have hereunto set my hand, and caused the Great Seal of the State of Illinois to be affixed.

Done, at the Capitol, in the City of Springfield, this SEVENTH day of FEBRUARY, in the Year of Our Lord one thousand nine hundred and SIXTY-SEVEN, and of the State of Illinois the one hundred and FORTY-NINTH.

Otto Kerner

ANNUAL MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

March 14, 1967

The annual meeting of The Board of Trustees of the University of Illinois was held in the Illini Union North, Urbana, Illinois, on Tuesday, March 14, 1967, beginning at 10:30 a.m.

President Howard W. Clement called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Donald R. Grimes, Mr. Ralph C. Hahn, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Governor Otto Kerner, Mr. Ray Page, Mr. Harold Pogue, Mr. Timothy W. Swain, Dr. James A. Weatherly.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, Chicago Circle; Chancellor Joseph S. Begando, Medical Center; Vice-President Eldon Johnson; Mr. George H. Bargh, Executive Assistant to the President; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Glenn Terrell, Dean of Faculties, Chicago Circle; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. H. O. Farber, Comptroller; and Dr. Earl W. Porter, Secretary.

GOVERNOR KERNER

Governor Kerner spoke briefly, commenting upon the historical significance of the day: one hundred years ago, Governor Richard J. Oglesby presided at the first meeting of the Board of Trustees of the Illinois Industrial University. The day of that meeting fell on March 12, the second Tuesday of March, as is true of today's meeting.

NEW MEMBERS OF THE BOARD

The President of the Board welcomed the new members of the Board: Mr. Donald R. Grimes, Mr. Ralph C. Hahn, and Dr. James A. Weatherly.

STATEMENT OF PRESIDENT HOWARD W. CLEMENT

Mr. Clement addressed the Board as follows:

It has been my custom in the five years in which I have been President of the Board of Trustees to open the Annual Meeting with an address. Although I am sorely tempted to make this year an exception because of the magnitude of the immediate problems which press upon us, I, nevertheless, have concluded that it is this very circumstance that perhaps makes it appropriate for me to make a few observations. This, as I have indicated, is our first regular meeting in the second century of the life of this institution. As I recently told the Governor, I believe the University could appropriately add to the saying "the first hundred years are the hardest" the footnote: "P.S.—Look out for that 99th year."

Grayson Kirk, the President of Columbia University, has stated in a recent article, entitled "The University in Contemporary Society," that "university leaders nowadays seldom are free from involvement in some public controversy. They must manage what is in reality a large business enterprise, but one that is dedicated to non-business purposes, and they must do so in a way that will be acceptable to four different publics: the students, the faculty, the alumni, and that portion of the general public which on occasion is more lavish with its criticism than with its support. Academic administration usually is disliked by the students, viewed with suspicion by the faculty, and castigated by the public for not exercising an omnipotence that, in fact, it does not, and should not, possess."

President Kirk goes on to say that the most important characteristic of our universities today, however, is that they are the agencies where virtually all of our leaders are trained, or at least influenced profoundly in their attitudes, and that for this reason, society has a mounting concern over what goes on in the university.

Events of the past few months provide adequate evidence of the perspicacity of President Kirk in evaluating the contemporary scene.

With this mounting concern on the part of the public, it becomes increasingly apparent that one of the primary functions of a Trustee of a state-supported university is to provide an intelligent liaison between the citizenry of the supporting state and the members of the academic community. In my view, there is, at the moment, greater need for the performance of this function by the individual Trustees who are members of this Board than has existed at any time during the past eight years, during which time I have been fortunate enough to serve in the capacity of a Trustee.

Acting in that role of a means of liaison between the University and the public, I would first say this morning in response to a wave of public expression that has recently broken upon the Board membership, that, in my opinion, it never has been, is not now, and never will be, the proper function of a University to shelter its students from exposure to *unpopular ideas*. If such freedom is not preserved in this environment, we shall never succeed in retaining it elsewhere. Retention of this characteristic of our academic communities is inexorably bound up with our concept of a free society. It is extremely important that we truly *believe* that our greatest strength as a society lies in open and free expression. The moment we lose this faith, and begin to restrict such freedom, in the erroneous belief that we will be the stronger for it, we have tipped the balance in a direction of oppression and the eventual loss of the freedoms we erroneously believe we are protecting.

Virgil Hancher, the President of the State University of Iowa, has said, "I am often amazed at the lack of faith which Americans seem to have in the solidity and

vitality of democratic institutions, or the values of free discussion in controversy. In many an American's mind, there is an unacknowledged mental reservation that only that speech should be free that agrees with our point of view."

Let me quickly add that I am not advocating the *teaching* of sedition or subversion—obviously there are limits to that which can be tolerated even in the realm of ideas in a free society, even as there are in the realm of conduct. Free speech, necessarily is not a blank check. The fact that it was necessary for me to promptly add the limitation just stated is indicative of my sensitivity to the great propensity of many to misinterpret and lift out of context statements of those who hold different points of view on significant issues of the day. Too many, today, trade on or conform to misunderstandings of the public for their own partisan purposes. I am reminded of a retort attributed to Dr. Hutchins when he was President of the University of Chicago, who, when having been asked by an irate woman representing a patriotic organization, "Dr. Hutchins, you don't mean to say that you teach Communism at the university," replied, "Yes, madam, and we also teach cancer in the Medical School."

Again, let me quickly elaborate. Obviously what Dr. Hutchins was referring to was the fact that they taught *about* Communism at the university, as well as teaching *about* cancer in the Medical School. To deal intelligently with Communism, it must be first understood that among its characteristics is that it is a conspiracy to conquer the world by force and violence conceived and implemented by a power foreign to the United States. However, throughout all of what I regard as the intelligent comment of the danger of Communism, runs the recurrent theme that to fight Communism, we must first understand it. The radical elements which operate at both fringes of the political and ideological spectrum should be known for what they are—whether we are talking about the Ku Klux Klan on the far right, or the Communist conspiracy on the far left.

Superimposed upon the backdrop of the American tradition of free speech, and the wide-ranging political and ideological spectrum which exists within this environment, are such basic precepts in our legal system as the presumption of innocence until proven guilty. This concept is somewhat better understood than the concept which provides for protection against self-incrimination, but, nevertheless, we tend to apply it unevenly. We tend to apply a stronger presumption of innocence to those with whom we can identify than those whom we regard as being different from ourselves for such reasons as race, creed or color, for example. Likewise, one who applies this standard of presumption of innocence to an *alleged* Communist may be immediately regarded as "soft on Communism," or perhaps even a "weak sister." On the other hand, one who applies this same standard of a presumption of innocence to an outwardly respectable businessman who is alleged to have engaged in criminal activity, is never accused of being "soft on crime," but on the contrary, is regarded as a fair-minded, level-headed citizen.

All of this being said, how does this relate to the duty of a Trustee of a state-supported institution? A number of issues are currently before us which have evoked the interest and vociferous comment of the four different publics referred to by President Kirk, namely, the students, the faculty, the alumni, and the citizenry of the state in general. All of these issues in varying degrees relate to the basic concepts to which I have previously alluded, such as free speech, academic freedom, presumption of innocence, and—I would add as another important one—the due process of law. These are all complex questions—matters upon which reasonable men can disagree, and matters in which the critical question is where to draw the line, a question which Justice Holmes, at one time, characterized as "the only question worth arguing."

Obviously, the differences with which we are dealing on these questions are *not* the differences between the shades of black and white. Rather they fall within a gray area. I say this, notwithstanding the viewpoint of the zealots on both sides of the line, who regard those of a differing view as dedicated enemies of the state. In a gray area, this is nonsense. One who takes his stand on one side of the line can be as much a friend of academic freedom and free speech, in the overall view, as one who takes his stand on the other side of the line. If the line however is gradually moved in one direction or the other by recurrent decisions, then it becomes apparent that the differences between philosophies are real and meaningful. To call one who stands on one side of the line "unpatriotic," as against one who stands on the other side is a favorite tactic of militant groups, which have, throughout history, sought to apply excessive cures which have been greater evils than

those which they were, ostensibly, designed to alleviate. Adlai E. Stevenson had this in mind when he said, "to strike freedom of the mind with the fist of patriotism is an old and ugly subtlety."

Referring once again to President Kirk of Columbia, in the same article, referred to above, he has this to say about the fact that the communications gap between expert and layman is steadily widening.

"This is a source of possible danger to a democratic society in a complex world. Any layman has a citizen's right to disagree with policy decisions reached by his public officials, but he ought to hesitate before he asserts that his own view, which may be little more than a visceral, emotional reaction, is just as valid as that held by those who may have lived with the problem for a long time, who have access to all sources of information, and who have the responsibility for the consequences of the decision they have reached. Wisdom consists of knowing what one does not know, quite as much as of knowing what one does know. Our graduates should have the sophistication of intellect to recognize the difference between the two."

One word should be added about the need for *civility* in a democratic society. Mr. Morris Leibman, a prominent Chicago attorney, in a recent address at a luncheon sponsored by the Chicago Crime Commission, made the following observation:

"It is claimed by some that civil disobedience is one of man's highest moral acts; that a truly moral man is one who, encountering a law he deems unjust, will disobey that law. The moral man, they argue, is the man who transcends the law for the higher moral justness beyond.

"I believe that the democracy we have created in this country is the most ideal system and environment a moral man could hope to find. For his concern with the natural law, the higher law, he is not banished—frustrated—from society. Rather, he is given maximum avenues of protest. He is given the remarkable opportunity to present his moral opposition to the law through machinery provided by the democratic framework. He is allowed—even encouraged—to improve man-made laws and bring them closer to a higher moral law. The voice in the courts, not on the streets, will strike the 'immoral' laws.

"Civil disobedience is impractical because it makes an enemy of the law and offers no valid substitute. When used as a mass tactic it verges on anarchy. Anarchy is the antithesis of freedom and justice. To continue to practice it in the face of this reality and where social reform is operative, is fanaticism."

Mr. Leibman has eloquently expressed what I believe to be the proper limits of activism. Dr. Henry likewise has repeatedly affirmed the right of demonstration, but only demonstrative action which is within the law and within the rules of the academic society in which we live. We should all heed Section 20 of Article II of the Constitution of the State of Illinois, which contains an admonition which is equally applicable to both the activist and the conservative. It states, "A frequent recurrence to the fundamental principles of civil government is absolutely necessary to preserve the blessings of liberty."

Let us fervently hope that any change in the social and political structure of this campus, where found necessary, will be by orderly process; that the time-honored tool of meaningful dialogue will not be replaced by what Mr. Leibman has called "civil delinquency," and that a decent measure of courtesy and self-restraint in our dealings with others will be observed, since this is a prime requisite for the health of a democratic society.

Let us reason together to find the better way, and avoid the pitfalls typified by the woman who closed her communication to me on the DuBois Club with the statement: "I am not signing my full name—I am afraid of Communists—they stop at nothing, and I am not sure but what you may be one, too."

A final point that I would make in closing is that throughout my years of service on it, and apparently long before that, it has been the custom of the members of this Board to leave their political hats outside the meeting room. A truly bi-partisan approach has been the order of the day, with the advancement of the University being the common goal of all members. I sincerely hope that this will continue to be true in the years to come.

Finally, let me say that I have complete confidence in the fact that this University will move on to even *greater* heights in its next one hundred years, and will live up gloriously to its Centennial motto, "From a Distinguished Past, a Promising Future."

It has been a great privilege to serve it in the capacity I have held in the last five years.

This report was received for record and with applause.

ELECTION OF OFFICERS

The Board took up the special order of business for the annual meeting and Mr. Clement called for the election of officers.

President of the Board

Governor Kerner nominated Mr. Wayne A. Johnston; Mr. Hahn seconded the nomination and Mr. Swain spoke in support of the nomination.

Governor Kerner moved that the nominations be closed and that the Secretary be instructed to cast a unanimous ballot of the Board for the election of Mr. Johnston as its President to serve until the next annual meeting of the Board of Trustees in March, 1968, or until his successor shall have been elected.

The ballot was so cast, and Mr. Johnston was elected President of The Board of Trustees of the University of Illinois. He took the Chair.

The Board expressed its appreciation to Mr. Clement for his services as President, and Mr. Pogue offered the following resolution.

To Howard W. Clement

The Board of Trustees of the University of Illinois hereby expresses its grateful appreciation of your services as its President during the past five years.

During those years you have shown yourself an able and conscientious leader in the Board's deliberations on the increasingly complex problems and issues which have faced it.

You have been an articulate — yet always thoughtful and judicious — representative of this Board on the Illinois Board of Higher Education, in addition to acting as its spokesman on matters of interest to the public.

The Board of Trustees directs that this resolution be incorporated in the minutes of today's meeting to become a part of the official record.

This resolution was unanimously adopted.

Secretary of the Board

Mr. Hughes nominated Mr. Earl W. Porter.

On motion of Governor Kerner, the nominations were closed, and Mr. Porter was declared elected Secretary of the Board, to serve until the next annual meeting of the Board in March, 1968, or until his successor shall have been elected.

Comptroller of the Board

Mr. Jones nominated Mr. H. O. Farber.

On motion of Governor Kerner, the nominations were closed, and the Secretary was instructed to record the unanimous ballot of the Board for the election of Mr. Farber as Comptroller. The ballot was so cast, and Mr. Farber was declared elected Comptroller, to serve until the next annual meeting of the Board in March, 1968, or until his successor shall have been elected.

Executive Committee

Mr. Pogue nominated Mr. Howard W. Clement and Mr. Donald R. Grimes to serve as members of the Executive Committee, with the President of the Board as Chairman, for one year.

Mr. Hughes nominated Mr. Timothy W. Swain, and, at the suggestion of Mr. Grimes, Mr. Pogue withdrew the nomination of Mr. Grimes in favor of Mr. Swain.

On motion of Governor Kerner, the nominations were closed and the Secretary was instructed to cast the unanimous ballot of the Board for the election of Mr. Clement and Mr. Swain as members of the Executive Committee of the Board of Trustees, to serve until the next annual meeting of the Board in March, 1968, or until their successors shall have been elected. The ballot was so cast, and Mr. Clement and Mr. Swain were declared elected to the Executive Committee.

Treasurer of the Board

Mr. Swain nominated Mr. R. R. Manchester, a Vice-President of the First National Bank of Chicago, as Treasurer of the Board.

On motion of Governor Kerner, the nominations were closed and the Secretary was instructed to record the unanimous ballot of the Board for Mr. Manchester as Treasurer of the Board of Trustees for a two-year term in accordance with the statutory provision for a biennial term for Treasurer. The ballot was so cast and Mr. Manchester was declared elected Treasurer to serve until the second Tuesday in March, 1969, or until his successor shall have been elected and qualified.

TREASURER'S BOND

On motion of Mr. Jones, the amount of the Treasurer's bond was fixed at \$6,000,000.

On motion of Dr. Weatherly, the Finance Committee was instructed to see that the Treasurer presents a satisfactory bond in the amount specified above and to report the same to the Board.

AUTHORITY TO RECEIVE MONEYS

Mr. Swain offered the following resolution and moved its adoption:

Resolved, that the Treasurer of The Board of Trustees of the University of Illinois be, and hereby is, authorized to receive and receipt for all moneys, and to endorse all orders, drafts, and checks due and payable to the Board of Trustees or to the University of Illinois, and especially all drafts drawn by the Treasurer of the United States payable to The Board of Trustees of the University of Illinois.

This resolution was unanimously adopted.

DELEGATION OF SIGNATURES

Mr. Page offered the following resolution:

Resolved, that the President and the Secretary of The Board of Trustees of the University of Illinois are authorized to delegate the signing of their names as President and Secretary, respectively, to vouchers to be presented to the Auditor of Public Accounts, and to warrants drawn on the Treasurer of the University, under the following conditions:

The President of the Board of Trustees is authorized to delegate to
 Lyle M. Dahlenburg, C. O. Parvin, R. N. Parker, in Urbana
 James E. Osborn, David W. Bonham, Walter E. Cowart, R. E. Porter, H. O. Albers, A. W. Catrambone, in Chicago
 C. H. Moody, Helen Culbertson, in Springfield
 authority to sign his name as President of the Board of Trustees to vouchers against the Auditor of Public Accounts; and to
 C. C. DeLong, R. W. Zimmer, R. F. Wood, in Urbana
 James E. Osborn, David W. Bonham, Walter E. Cowart, R. E. Porter, H. O. Albers, A. W. Catrambone, in Chicago

authority to sign his name to warrants on the University Treasurer covering vouchers approved in accordance with regulations approved by the Board.

The Secretary of the Board of Trustees is authorized to delegate to R. C. Wicklund, George H. Bargh, Virginia J. Hendrix, in Urbana; G. R. Moon, Anthony J. Diekema, Velma M. Davis, H. W. Bailey, Kirker Smith, L. W. Sandy, in Chicago

authority to sign his name as Secretary of the Board of Trustees to vouchers against the Auditor of Public Accounts and to warrants on the University Treasurer covering vouchers approved in accordance with regulations of the Board. The Secretary of the Board of Trustees is also authorized to delegate to Lean C. Ryan, Addalein C. Hawk, in Springfield

authority to sign his name as Secretary of the Board of Trustees on vouchers against the Auditor of Public Accounts approved in accordance with the regulations of the Board.

These authorizations are to continue in effect until the Auditor of Public Accounts has been supplied with specimen signatures of succeeding officers of this Board. And be it further

Resolved, that the First National Bank of Chicago as a designated depository of R. R. Manchester, Treasurer of this corporation, be and it (including its correspondent banks) is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signatures of the two following: Wayne A. Johnston, President, and Earl W. Porter, Secretary; and the First National Bank of Chicago (including its correspondent banks) shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signature or signatures thereon may have been affixed thereto, if such facsimile signature or signatures resemble the facsimile specimens duly certified to or filed with the First National Bank of Chicago by the Secretary or other officer of this corporation. And be it further

Resolved, that the Auditor of Public Accounts is hereby authorized and directed to honor vouchers bearing facsimile signatures of the President and Secretary of The Board of Trustees of the University of Illinois if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the Auditor of Public Accounts by the Secretary.

This resolution was unanimously adopted.

REQUEST FOR HEARINGS

The President of the Board asked the Secretary to report concerning groups that had requested permission to appear before the Board with reference to House Bill 711 (the Clabaugh Act) and concerning the W.E.B. Du Bois Club. The Secretary reported that the following student and faculty groups had made such requests: The *Ad Hoc* Student Committee for Free Speech, Chicago Circle; a general student group, Urbana; Urbana Senate Committee on Academic Freedom and Tenure; Urbana Senate Committee on Student Affairs; and the Policy Committee of the Urbana Chapter of the American Association of University Professors. The Secretary stated that it was recommended that all five groups be heard; that in view of their number, each group be permitted to a presentation of ten minutes, not including questions; and that insofar as possible each group select a single spokesman.

The recommendations were approved, and the Board agreed to hear the several groups named. The President announced that, beginning at 1:30 p.m., all five groups would be heard on the matters referred to above.

The Board then recessed for five minutes for the benefit of press and photographers. At this point, Governor Kerner asked to be excused from the meeting.

STANDING COMMITTEES FOR 1967-68

The President of the Board appointed the following standing committees to serve during the year 1967-68, or until their successors have been appointed following the annual meeting of the Board of Trustees in March, 1968.

The President of the University is a member, *ex officio*, of all standing committees.

The Committee on Accountancy further recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
MICHAEL JOHN SALMON	Chicago, Illinois	Indiana
MARVIN JOSEPH SMITH	Lockport, Illinois	Nebraska
RAYMOND T. SUABEDISSAN	Niles, Michigan	Indiana

I concur.

On motion of Mr. Jones, these certificates were awarded.

APPOINTMENTS TO THE BOARD OF DIRECTORS OF THE ATHLETIC ASSOCIATION

(2) Submitted herewith are nominations for appointments to the Board of Directors of the Athletic Association of the University of Illinois, to become effective as of today and to continue until the next annual meeting of The Board of Trustees of the University of Illinois in 1968, or until the successors of these Directors have been appointed.

Reappointments

From the Faculty

- LESLIE A. BRYAN, Professor of Management and Director of the Institute of Aviation
- FRANK B. LANHAM, Professor and Head of the Department of Agricultural Engineering (has been serving on the Board since 1965)
- PAUL R. SHAFFER, Professor of Geology and former Associate Provost of the University (has been serving on the Board since 1966)
- HENRY S. STILLWELL, Professor and Head of the Department of Aeronautical and Astronautical Engineering (has been serving on the Board since 1964)

From the Alumni Association

- LOUIS BOUDREAU, Class of 1939, Sports Announcer, Radio Station WGN, Chicago (has been serving on the Board since 1965)
- CHARLES H. STOTZ, Class of 1939, Executive Secretary, West Suburban Young Men's Christian Association, La Grange (has been serving on the Board since 1964)

Extension of Appointment

From the Alumni Association

- CHARLES C. DADANT, Class of 1941, Member of the firm of Dadant & Sons, Inc., Hamilton (has been serving on the Board since 1963)

On motion of Mr. Swain, these appointments were approved.

APPOINTMENTS TO CENTER FOR ADVANCED STUDY

(3) Upon recommendation of the Executive Committee of the Center for Advanced Study, and with the concurrence of the Dean of the Graduate College and the Executive Vice-President and Provost, I submit the following nominations for appointments to the Center for Advanced Study for the period and for the program of research or study as indicated in each case.

Associate Members

- JOHN E. BALDWIN, Assistant Professor of Organic Chemistry in the Department of Chemistry and Chemical Engineering, for the period April 1 through August

- 31, 1967; to pursue his studies of structure and mechanism in Organic Chemistry.
- JAMES L. BATES, Professor of History, for the second semester and the summer session, 1967-68; to complete his biography of Senator Thomas J. Walsh.
- THOMAS H. BROWN, Associate Professor of Chemistry at Chicago Circle, for two quarters during the academic year 1967-68; for research on the refinement of certain molecular quantum-mechanical calculations.
- JOHN CAGE, Visiting Research Professor in the School of Music, for the academic year 1967-68; to produce musical compositions and to collaborate with faculty members in performance and composition.
- JOSE B. CRUZ, Professor of Electrical Engineering and Research Professor in the Coordinated Science Laboratory, for the academic year 1967-68; to pursue research in the area of sensitivity theory and its application to the theory of dynamic systems.
- WILLIS H. FLYGARE, Professor of Physical Chemistry, for the academic year 1967-68; to pursue his studies of rotational motion in molecules.
- KENNETH L. GABURO, Associate Professor of Music, for the academic year 1967-68; to work on a composition for large orchestra and one for piano solo and electronic sound.
- G. ROBERT GRICE, Professor of Psychology, for the academic year 1967-68; to carry on studies of stimulus intensity and response evocation.
- HANS HANISCH, Research Associate in the College of Law, for the academic year 1967-68; to collaborate with faculty members of the College in legal studies pertaining to the European Common Market area.
- BILLY M. JACKSON, Associate Professor of Art, for the academic year 1967-68; to produce a series of paintings further developing his theme, the "Waiting Man."
- ROBERT W. JOHANNSEN, Professor of History, for the first semester 1967-68; to complete his biography of Stephen A. Douglas.
- NELSON J. LEONARD, Professor of Organic Chemistry, for the second semester 1967-68; to pursue structural and synthetic organic chemical studies of large molecules of biological interest and of molecules containing small charged rings.
- RICHARD J. MILGRAM, Assistant Professor of Mathematics at Chicago Circle, for the academic year 1967-68; to continue his research in the field of topology.
- P. M. MITCHELL, Professor of German, for the second semester and the summer session 1967-68; to complete his study of the Danish intellectual, Vilhelm Grønbech.
- THOMAS C. T. TING, Associate Professor of Applied Mechanics at Chicago Circle, for one quarter during the academic year 1967-68; to continue his studies in the field of thermo-visco-elasticity.
- ALEXANDER VUCINICH, Professor of Sociology, for the second semester 1967-68; to complete the second volume in his series on science in Russian Culture.
- A. RICHARD WILLIAMS, Professor of Architecture, for the academic year 1967-68; to complete the design and production of the exhibition, "Century for Design."
- On motion of Mr. Hughes, these appointments were approved.

APPOINTMENTS TO THE FACULTY

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two years; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. HY FISH, Visiting Professor of Labor and Industrial Relations, Urbana, on one-third time, for the second semester 1966-1967, at a salary of \$3,500 (E33).
2. ALBERTO GONZALEZ-DOMINGUEZ, Visiting Professor of Mathematics, Chicago Circle, for four months from January 1, 1967, at a salary of \$6,000 (G).
3. THEODORE HYMOWITZ, Assistant Professor of Plant Genetics, Department of Agronomy, Urbana, for five months from February 1, 1967, at a salary of \$5,417 (G).

4. W. ROBERT LOWSTUTER, Assistant Professor of Chemistry and Assistant to the Head, Chemistry and Chemical Engineering, Urbana, beginning January 16, 1967, at an annual salary of \$18,000 (D.Y).

On motion of Mr. Swain, these appointments were approved.

**HEADSHIP OF DEPARTMENT OF MINING, METALLURGY,
AND PETROLEUM ENGINEERING, URBANA**

(5) The Dean of the College of Engineering, Urbana, recommends the appointment of Professor Charles A. Wert, now acting Head of the Department of Mining, Metallurgy, and Petroleum Engineering, as Head of the Department, beginning March 15, 1967, at an annual salary of \$22,000, on an academic year basis, divided: \$21,000 as Professor of Physical Metallurgy on indefinite tenure, and \$1,000 as Head of the Department.

This appointment is to succeed the late Professor Thomas Albert Read.

The nomination of Professor Wert was made with the advice of a search committee¹ and is supported by the Executive Vice-President and Provost and the Dean of the Graduate College.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

**UNDERGRADUATE INSTRUCTIONAL AWARDS
FOR THE SUMMER OF 1967**

(6) In order to encourage faculty interest in improving the quality of undergraduate instruction, the program of Undergraduate Instructional Awards initiated for the summer of 1965 is proposed for continuation during the summer of 1967. The awards provide a full-time salary for two months (two-ninths of the academic-year salary), plus funds for required incidental expenses.

The Executive Vice-President and Provost issued an invitation to faculty members last October to submit applications describing projects related to specific undergraduate programs or courses. After approval by heads of departments and review by the deans of the colleges concerned, sixty-seven applications were received.

A special committee evaluated the proposals and recommended for support those believed to hold promise of substantial benefits to undergraduate instruction. In the light of this review, the Executive Vice-President and Provost has recommended that full-time appointments for two months during the summer of 1967, at current salary rates, be authorized for the following faculty members (total of thirty-six):

Chicago Circle

ROGER L. DOMINOWSKI, Assistant Professor of Psychology
HOWARD GADLIN, Assistant Professor of Psychology
DOROTHY J. HJERMSTAD, Assistant in Physical Education for Women
JERALD W. JACKARD, Assistant Professor of Art
RICHARD C. KOHLER, Associate Professor of General Engineering
WULF KOPKE, Associate Professor of German
BEVERLY LUSTY, Assistant Professor of Speech
RICHARD J. MCKINLEY, Instructor in Sociology
WOLODYMYR J. MINKOWYCZ, Assistant Professor of Energy Engineering
SAMUEL R. REID, Associate Professor of Finance
ALEXANDER J. ROSEN, Assistant Professor of Psychology
SAMUEL SCHRAGE, Associate Professor of Chemistry
THOMAS C. T. TING, Associate Professor of Applied Mechanics

Urbana-Champaign

ROBERT R. ALLEN, Assistant Professor of English
LEROY T. BOYER, Assistant Professor of Civil Engineering
ARTHUR M. CLAUSING, Assistant Professor of Mechanical Engineering
RASIO DUNATOV, Instructor in Russian

¹ Bernard G. Ricketts, Professor of Metallurgical Engineering, Chairman; Paul A. Beck, Professor of Physical Metallurgy; Howard K. Birnbaum, Professor of Physical Metallurgy; David Lazarus, Professor of Physics; George M. Sinclair, Professor of Theoretical and Applied Mechanics; Clarence M. Wayman, Professor of Metallurgical Engineering; Frederick D. Wright, Professor of General Engineering and of Mining Engineering in the Department of Mining, Metallurgy, and Petroleum Engineering.

EARL J. ECKEL, Professor of Metallurgical Engineering
 WILLIAM ENG, Professor of Architecture
 G. EDWARD GAIDES, Assistant Professor of Physical Science
 GILBERT P. HAIGHT, JR., Professor of Chemistry
 EDWIN JAHIEL, Associate Professor of French
 KENNETH M. LANSING, Professor of Art and of Art Education
 RICHARD LOFTUS, Associate Professor of English
 JOHN C. MANN, Assistant Professor of Geology
 CARLOS T. MARFORT, Associate Professor of Architecture
 RICHARD E. MITCHELL, Assistant Professor of History
 FRANCIS W. NACHTMANN, Associate Professor of French
 SIDNEY ROSEN, Professor of Physical Science
 RUDOLF SCHIER, Assistant Professor of German
 WEBSTER L. SMALLEY, Associate Professor of Speech and of Radio and Television
 ARNOLD M. TIBBETTS, Assistant Professor of English
 MYRON URETSKY, Assistant Professor of Accountancy
 CHARLES M. WELER, Assistant Professor of Secondary and Continuing Education
 RICHARD N. WRIGHT, Associate Professor of Civil Engineering

It is further recommended that funds for these stipends and for such other expenses as can not be met from regular departmental budgets be assigned from the General Reserve.

Through a grant from Standard Oil (Indiana) Foundation, Special Awards of \$1,000 each will be made to the three individuals whose completed projects are judged to be the most outstanding in terms of probable contribution to undergraduate education. The nominees for these Special Awards will be selected on the basis of final reports submitted at the end of the summer session, and they will be recommended to the Board of Trustees for approval in October.

I concur.

On motion of Mr. Grimes, these recommendations were approved and the requested assignment of funds were made by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

Mr. Jones asked if a summary of the findings of this program were available and could be provided at the next meeting of the Board. It was agreed that such an analysis would be provided.

SABBATICAL LEAVES OF ABSENCE, 1967-68

(7) It is recommended that the following members of the faculty be given sabbatical leaves of absence during the academic year 1967-68 in accordance with the provisions of the University of Illinois Statutes and on the terms and for the periods indicated.

The programs of research, study, and travel for which leaves are requested have been examined by the University Research Board, which advises the President in such matters, and by the Executive Vice-President and Provost, who also recommends approval.

**RECOMMENDATIONS OF THE ALL-UNIVERSITY COMMITTEE
ON ADMISSIONS FOR ACCEPTANCE OF CREDIT**

(8) The University Senates and the Senate Coordinating Council have approved recommendations from the All-University Committee on Admissions for additions to the regulations concerning acceptance of transfer credit as follows:

A. The present regulations which govern the transfer of credits from new, unaccredited institutions are as follows:

**The Discontinuation of Accreditation of Institutions of Higher
Learning by the University of Illinois**

The University of Illinois discontinued, on September 1, 1959, the accreditation of institutions of higher learning in Illinois. The University will accept the accredited status accorded institutions by the North Central Association of Colleges and Secondary Schools or by one of the agencies recognized by the National Commission on Accrediting.

1. With respect to two-year and four-year institutions that have not been accredited by the North Central Association, but which have been approved by the University, the University shall (a) inform these institutions that it is discontinuing accrediting and rating activities, effective September, 1959; (b) inform these institutions that present ratings will be continued for a period of five years for two-year institutions and for four-year institutions, unless evidence is received concerning one or more of these institutions clearly indicating that such ratings should not be continued; (c) inform these institutions that it will, after September 1, 1959, accept accreditation by the North Central Association; and (d) notify these institutions that it will be glad to cooperate with them in assisting them to become fully accredited.
2. With respect to institutions that are in the process of establishing programs, the University shall advise these institutions when they seek approval that until they are accredited by the North Central Association, the University will admit students who have completed courses in these institutions on the basis of validation by examination or by work in advanced courses in sequence, taken in residence.

The All-University Committee on Admissions now recommends the addition of the following statement to item 2 above to be effective upon approval by the Board of Trustees.

Credits earned at a junior college which has not been accredited by the North Central Association, but which has been given a Class 1 rating and is recognized by the Illinois Junior College Board, will be accepted without validation for a period of time not to exceed five years from the date on which the college registers its first class after achieving Class 1 status. The five-year period provides the normal amount of time necessary to acquire accreditation by the North Central Association.

3. In institutions that have not been accredited by the North Central Association or approved by the University of Illinois, but that have been accredited or approved by one of the agencies recognized by the National Commission on Accrediting, the University shall accept all of the credit earned in such institutions and indicate that the precise amount of such credit which is applicable toward

a particular degree will be determined by the University College and Department concerned.

- B. The present regulation concerning acceptance of credit earned at provisionally accredited institutions is as follows :

Provisionally Accredited Institutions

Credits from schools with provisional accreditation are accepted on the basis of validation by satisfactory completion of additional work in residence. Validation through satisfactory work in residence may be accomplished by earning in the University of Illinois or other fully accredited collegiate institution at least a 3.0 ("C") average, or higher if prescribed by the curriculum he wishes to enter, in the first fifteen to thirty semester hours completed thereafter.

Any semester in which the student first completes fifteen semester hours, or any number of semester hours between fifteen and thirty inclusive, with the required average is accepted as validating the transferred credit. In all cases, the grades for all work attempted in the validating period are counted in computing the average. Such credits not validated within the first thirty semester hours can then be validated only by proficiency examinations.

The Committee recommends the following addition to the present regulation to become effective in June, 1967.

A student may submit a petition to the dean of his college and the Director of Admissions and Records to have credits earned in any subject area accepted after the successful completion (with grades of "C" or better) of six semester hours or nine quarter hours of higher level courses in the same subject matter field at the University, even though a 3.0 ("C") or higher average was not achieved in the first fifteen or thirty semester hours, or their equivalent, in residence.

The Executive Vice-President and Provost has approved these recommendations.

I concur.

On motion of Mr. Page, these recommendations were approved.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES

- (9) The Committee on Nonrecurring Appropriations, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend the following appropriations :

Urbana-Champaign

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

CONTRACT FOR REROOFING LINCOLN HALL, URBANA

(10) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$96,334, being the summation of the base bid and deductive alternate, to Lloyd Hitchins, an individual doing business as Hitchins Roofing Company, Urbana, the lowest bidder, for reroofing Lincoln Hall. The work will include removal of the existing slate roofing, copper flashing, gutters, and downspouts, and replacement of same.

Funds are available in the Physical Plant Department maintenance budget.

I concur.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

CONTRACT FOR UNDERGROUND STEAM SERVICE, URBANA

(11) On February 9, 1967, the Illinois Building Authority received bids for the construction and installation of underground piping for steam service to the Library Air-Conditioning Center at Urbana-Champaign. At the same time and place The Board of Trustees of the University of Illinois received bids for a similar steam service project in the immediate vicinity and an alternate bid was received in each case from all contractors providing for an award of the contract for each project in combination with the other project.

The lowest bidder for each project on the basis of the alternate bid price was The Nu-Way Contracting Corp., Chicago, with a firm alternate bid price of \$33,000 for the underground piping for steam service to the Library Air-Conditioning Center and \$82,500 for underground steam piping for replacement of steam service to David Kinley Hall, the Surveying Building, and the Architecture Building.

The Library Air-Conditioning Center will serve the Undergraduate Library and the Psychology Building, both of which are being constructed by the Illinois Building Authority in accordance with the request submitted by the Board of Trustees on September 22, 1965.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that a contract be awarded to The Nu-Way Contracting Corp., Chicago, in the amount of the alternate bid price of \$82,500 for installation and construction of the replacement of steam service to David Kinley Hall, the Surveying Building, and the Architecture Building and that the Board request the Illinois Building Authority to award a contract for the construction and installation of underground piping for steam service to the Library Air-Conditioning Center to The Nu-Way Contracting Corp., Chicago, in the amount of its firm alternate bid price of \$33,000 and proceed to procure this facility for the use of the University.

I concur and recommend adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building

Authority be, and it hereby is, requested to award to The Nu-Way Contracting Corp., Chicago, Illinois, a contract for the total work for the installation and construction of underground piping for steam service to the Library Air Conditioning Center at Urbana-Champaign for the fixed price of \$33,000.

Be It, and It Hereby Is, Further Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge, and deliver in the name and in behalf of this corporation, such instruments of lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Dr. Weatherly, these recommendations were approved and the foregoing resolution was adopted; these actions were taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR CONSTRUCTION OF PSYCHOLOGY BUILDING. URBANA

(12) On February 7, 1967, the Illinois Building Authority received bids on all work for the construction of the Psychology Building, also referred to as the Psychology Laboratory, at Urbana-Champaign. The lowest bidder is Kuhne-Simmons Co., Inc., Champaign, with a base bid of \$5,549,000. Three other proposals were received with bids ranging from \$5,674,500 to \$6,198,912. The lowest bidder is fully qualified and has performed satisfactorily under contract with the University in the past.

The Psychology Building is one project of those which the Board of Trustees on September 22, 1965, requested the Illinois Building Authority to provide. The Authority has acquired the land and leased it to the University and will finance the construction and lease the building to the University. State appropriations are available for the rental payments.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to award a contract for the subject work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to the Kuhne-Simmons Co. Inc., Champaign, Illinois, a contract for the total work for the construction of the "Psychology Building at Urbana-Champaign," for the fixed price of \$5,549,000.

Be It, and It Hereby Is, Further Resolved by The Board or Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of lease, contract, and other documents as are necessary or appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Swain, this recommendation was approved and the foregoing resolution was adopted; these actions were taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CONTRACT FOR FIELD FINISH PAINTING IN THE UTILITIES CENTER ADDITION, PHASE II, CHICAGO CIRCLE

(13) On February 14, 1967, the Illinois Building Authority received bids for field finish painting for the Utilities Center Addition, Phase II, at Chicago Circle. The

lowest bidder is Bobbe & Company, Chicago, with a bid of \$6,360. Four other bids were received:

Pyramid Decorating Company, Chicago.....	\$ 6 960 00
Wm. S. Alt & Son, Chicago.....	7 388 00
National Decorating Service, Chicago.....	8 965 00
Chicago Painting Service, Inc., Chicago.....	10 048 00

The lowest bidder is deemed fully qualified to perform this work.

The project is a part of Phase II construction which the Board, at its Executive Committee meeting on September 2, 1965, requested the Illinois Building Authority to provide. The Authority will finance the construction and lease the facilities to the University. State appropriations are available for the rental payments. The University will transfer jurisdiction of the land on which the project will be constructed to the Authority.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to award a contract for the described work to the lowest bidder and proceed to procure this facility for the use of the University.

I concur and recommend the adoption of the following resolution.

Resolution

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Illinois Building Authority be, and it hereby is, requested to award to Bobbe & Company, 1335 North Halsted Street, Chicago, Illinois, a contract for the field finish painting in the Utilities Center Addition at the Chicago Circle, Phase II, for the fixed price of \$6,360.00.

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized to make, execute, acknowledge and deliver, in the name and in behalf of this corporation, such instruments of transfer, conveyance, lease, contract, and other documents as are necessary and appropriate in order to provide for the carrying out of the foregoing project and facility by the Illinois Building Authority.

On motion of Mr. Hughes, this recommendation was approved and the foregoing resolution was adopted; these actions were taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

CONTRACTS FOR DOOR REPLACEMENT AND REMODELING AND ENCLOSING STAIRWAYS IN THE GENERAL HOSPITAL AND NEUROPSYCHIATRIC INSTITUTE

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for door replacement and remodeling and enclosing stairways in the General Hospital and Neuropsychiatric Institute at the Medical Center, the award in each case to the lowest bidder.

General — R. E. Duggan Construction Co., Evanston.....	\$48 500 00
Electrical — Schaeffer Electric Co., Division of Sam Schaeffer Co., Chicago.....	1 198 00
	<u>\$49 698 00</u>

The work provides for remodeling and enclosing stairways and installation of fire doors together with necessary revisions to electrical door switches.

Funds are available from state capital appropriations for 1965-67 and have been released.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Dr. Weatherly, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr.

Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

**CONTRACT FOR LABORATORY EQUIPMENT FOR MEDIA SERVICE
IN THE SECOND UNIT OF THE DENTISTRY-MEDICINE-PHARMACY
BUILDING, MEDICAL CENTER**

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$7,393 to Metalab Equipment Company, Chicago, the second lowest bidder, for furnishing and setting in place laboratory equipment in the Media Service of the Research and Educational Hospitals at the Medical Center, located in the second unit of the Dentistry-Medicine-Pharmacy Building.

Media Service furnishes media for the hospitals and can only be closed during June, July, and August. The lowest bidder can not meet this schedule since he gives an unusually long time for completion (two hundred seventy days). The second lowest bidder can complete within one hundred fifty days, which will meet the schedule.

Funds are available from state capital appropriations for 1965-67 and have been released.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

**FORMALIZATION OF CHANGE IN CONTRACT FOR CONSTRUCTION
OF SINGLE GRADUATE RESIDENCE HALLS, URBANA**

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend that formal action be taken by the Board to extend the time of construction of the Single Graduate Residence Halls (SG-3) at Urbana in the contract with McCarthy Bros. Construction Company, St. Louis, Missouri, by one hundred seventeen days at no change in the contract price.

Even though the building has been completed and occupied by the University since December, 1965, the Department of Housing and Urban Development has recently advised the University that, prior to approval by the Department of completion of the project, a resolution ratifying the above change must be adopted by the Board of Trustees. Accordingly, adoption of the following resolution to comply with the requirements of the Department of Housing and Urban Development is recommended.

Resolution

Resolved, that The Board of Trustees of the University of Illinois does hereby approve, concur in and ratify the issuance of a change in the contract dated February 19, 1964, with the McCarthy Bros. Construction Company, St. Louis, Missouri, for the construction of Single Graduate Residence Halls (SG-3) to extend the actual construction period 117 days beyond the contract completion date and does hereby waive damages which may have accrued as the result of the completion date being extended 117 days.

On motion of Mr. Grimes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

LEASES WITH THE ILLINOIS BUILDING AUTHORITY

(17) The Board of Trustees on September 22, 1965, authorized the Comptroller and Secretary of the Board to execute the necessary documents to permit the Illinois Building Authority to proceed with certain University projects which the Seventy-fourth General Assembly of the State of Illinois had declared to be in the public interest.

The Illinois Building Authority has now forwarded to the University forms of the leases which it requests be used on two of the projects and has requested

that the Board of Trustees take specific action to approve the same. Copies of said lease forms are presented herewith and are being filed with the Secretary of the Board for record.

The leases relate to the following University projects and are on the terms indicated:

Project	Legislative Declaration	Amount of IBA Bonds	Two-Year Rent Paid Under Interim Lease During 1965-67 Biennium	Annual Rent Due September 1, 1967, and Each Year Thereafter	Total Rental Payments
Psychology Building, Urbana...	\$3 879 800 00	\$3 610 000 00	\$552 020 00	\$255 145 00	\$8 420 355 00
Medical Sciences Building Addition, Medical Center...	808 000 00	1 236 500 00	114 960 00	90 815 00	2 119 105 00

Funds for the rental payments under the leases during the current biennium, 1965-67, have been paid from appropriations made by the General Assembly under the interim leases previously executed as authorized on September 22, 1965.

The Vice-President and Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend that the Comptroller and Secretary of the Board of Trustees be given specific authorization to execute these leases in substantially the form presented in this meeting and that the following resolution be adopted.

I concur.

Resolution Authorizing Leasing of Psychology Building and Medical Sciences Building Addition from Illinois Building Authority

WHEREAS The Board of Trustees of the University of Illinois on September 22, 1965, authorized the Comptroller and Secretary of the Board to execute the necessary documents to permit the Illinois Building Authority to proceed with certain University projects which the Seventy-Fourth General Assembly of the State of Illinois had declared to be in the public interest; and

WHEREAS in accordance with the Illinois Building Authority Act the Seventy-fourth General Assembly of the State of Illinois has declared, among others, the following University of Illinois projects at the Champaign-Urbana Campus and the Medical Center Campus to be in the public interest :

- A. Construct Psychology Building Champaign-Urbana Campus.... \$3 879 800 00
- B. Construct Medical Sciences Building Addition, Medical Center Campus..... \$ 808 000 00

and
 WHEREAS said declaration also provides that the cost of any specific project could exceed the amount set forth therefor so long as the aggregate amount stated therein to be financed by the Illinois Building Authority for the University is not exceeded; and

WHEREAS the amount designated for said projects as follows :

- A. Champaign-Urbana Campus
 IBA #74-09 Construct Psychology Building..... \$3 610 000 00
- B. Medical Center Campus
 IBA #74-13 Construct Medical Sciences Building Addition.... \$1 236 500 00

will not cause said aggregate amount to be exceeded; and

WHEREAS the interim leases applicable to these projects which were heretofore executed pursuant to prior authorization were for different amounts than now being designated; and

WHEREAS the Illinois Building Authority has forwarded to the University of Illinois forms of the permanent construction leases which it requests be used for these projects and which will supersede the interim leases; and has requested that the Board of Trustees take specific action to approve the same; copies of which lease forms are presented herewith and are being filed with the Secretary of the Board for record;

Now, Therefore, Be It, and It Hereby Is, Resolved that the Comptroller and Secretary of this Board of Trustees be, and hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this corporation leases with the Illinois Building Authority in substantially the forms presented to this meeting for the following buildings and facilities :

- A. Construction of a Psychology Building at Champaign-Urbana, Illinois, at a cost to the Illinois Building Authority of \$3,610,000.00 requiring an initial rental

on or before May 1, 1966 of the sum of \$276,010.00 and on or before September 1, 1966, the sum of \$276,010.00 (payments of which have heretofore been made); and during each successive renewal term of the Lease, the annual sum of \$255,145.00 on or before the 1st of September of each year for 23 years with total rental payments of \$6,420,355.00.

- B. Construction of a Medical Sciences Building Addition at the Medical Center Campus at a cost to the Illinois Building Authority of \$1,236,500.00 requiring an initial rental on or before May 1, 1966, of the sum of \$57,480.00; and on or before September 1, 1966, the sum of \$57,480.00 (payments of which have heretofore been made); and during each successive renewal term of the Lease, the annual sum of \$90,615.00 on or before the 1st of September of each year for 23 years with total rental payments of \$2,119,105.00.

On motion of Mr. Swain, authority was given as recommended and the foregoing resolution was adopted; these actions were taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner.

**LEASE OF COMPUTER SYSTEM FOR COMPUTER-BASED
MANAGEMENT SERVICE FOR BUILDING INDUSTRY, URBANA**

(18) The University has received a grant from the federal government through the State Technical Services Act (STSA) for a long-range project dealing with a technical-service program for the building industry in the state of Illinois.

Under the STSA Grant, the Civil Engineering Systems Laboratory in the Department of Civil Engineering will provide the development, implementation, dissemination, and service use of a computer center containing procedures (programs) and data files needed for the building industry and accessible through remote terminals.

The purpose of this project is to develop and provide to the building industry through the state of Illinois, the data-processing and decision-making tools necessary for the conduct of the industry's business through the use of a computer center. The computer system will also serve to enhance the resources of the Department of Civil Engineering for the education of students in this field.

This comprehensive construction-management system will incorporate three major facets of the contractor's operations: (1) planning and scheduling; (2) estimating; (3) payroll and accounting. A similar interest will be served in providing computer-aided structural analysis and design facilities for contractors, architects, and engineers.

The overall program for the computer center will be supported jointly by the University, private industry, and the federal government with federal funds being available on a matching basis under the auspices of the State Technical Services Act and administered through the state of Illinois. The computer manufacturer would also participate in the funding of this project by a financial contribution.

In order to implement the full-scale program, the University must enter into a contractual lease agreement with a computer manufacturer for the required equipment. Sealed bid proposals were solicited from all known sources for this type of equipment. The proposals were received on eight computing systems offered by four manufacturers and were reviewed by an evaluating committee composed of the professorial staff on the project. The equipment offered in each individual proposal was judged on the technical and performance capabilities in the various categories of the bid specifications and the proposed net rental price. The proposal submitted by the Burroughs Corporation is the only one that meets or exceeds all hardware and software specification items, with the exception of one minor factor concerning utility programs. The Head of the Department of Civil Engineering reviewed and approved the findings of the evaluating committee. The Dean of the College of Engineering concurred with these findings.

The Dean of the College of Engineering and the Vice-President and Comptroller recommend that, subject to availability of funds, a lease agreement for the rental of the required equipment be entered into with Burroughs Corporation, Equipment and Systems Marketing Division, Detroit, Michigan, the firm offering equipment with the highest number of evaluation points. The cost will be \$20,394

per month, less the manufacturer's financial contribution to the project of \$2,643, or a net monthly rental expenditure of \$17,751. Such rentals will be paid from other than state funds. Subject to the availability of funds: (1) the initial lease will be from date of delivery (estimated to be December, 1967) to June 30, 1969, and will be renewable for biennial periods; (2) the University intends to renew the lease for a total period of seven years.

The center began operations in July, 1966, and is currently engaged in the preparation of: (1) the necessary computer programs, and (2) a short course to orient industry to the project. It is anticipated that full-scale operations involving the computer center referred to in this Board item will begin in December, 1967.

This computer complex will be the first state-wide center developed to provide technical services to an industry through the cooperative efforts of university and industry.

The proposed computer system will also serve as the Department of Civil Engineering's terminal to the computer net being developed by the Department of Computer Science.

I concur.

On motion of Mr. Grimes, this recommendation was approved.

ASSIGNMENT OF COPYRIGHT

(19) Professor D. Alexander Brown, a member of the Library staff, has asked that copyright in his book *The Galvanized Yankees* published by the University Press be assigned to him so that he can pursue the possibility of selling the dramatic rights.

Professor Brown wrote this book on his own time, and it was not a commissioned work. The publication contract entered into between Professor Brown and The Board of Trustees of the University of Illinois provides in part: "all motion picture, dramatic and television rights of the work are hereby reserved to the author."

The Director of the University Press requests authority to assign this copyright to Mr. Brown with a license retained by the Press for all publication and reprint rights.

I concur.

On motion of Mr. Clement, authority was given as requested.

VERDELL-FRAZIER-YOUNG MEMORIAL FUND

(20) Under the wills of Charles B. Young and Nelle B. Robson, a bequest was made to the University, as residuary legatee, for the following purpose: "Creation of a fund to be known as the Verdell-Frazier-Young Memorial Fund, the income to be administered by the Trustees in accordance with their own judgment, discretion and rules, and for the general purpose of the advancement of the education of women."

There has been received from these estates the sum of \$215,530.22, which has been invested in the Endowment Pool. The Dean of Students and the Dean of Women have recommended that a major portion of the fund be administered by the Committee on Undergraduate Scholarships and the Graduate College Committee on Fellowships for awards to women students on the basis of need and academic attainment. They further recommend that a minor portion of the income be used for an annual series of lectures and workshops to be known as the Illini Symposia for Women, with proposed topics being continuing education for women, encouragement to women intending to return to college, and general academic interest calculated to provide knowledge of contemporary thought in various fields. The annual cost of such a series is estimated to be \$2,000.

I concur in these recommendations. Approval of the acceptance of the bequest and the implementation of the programs as described is requested.

On motion of Mr. Grimes, these recommendations were approved.

PURCHASES

(21) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Purchases Recommended.....	\$ 63 214 60
<i>From Institutional Funds</i>	
Purchases Authorized.....	\$ 30 244 00
Purchases Recommended.....	207 829 19
	<hr/>
<i>Grand Total</i>	\$238 073 19
	\$301 287 79

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Page, the purchases authorized by the President were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(22) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary.

This report was received for record.

REGULAR AGENDA DELAYED

President Johnston announced that the regular agenda would be continued after lunch as the next item of business could not be considered until a report on the bids on the Housing Revenue Bonds of 1966, Series A and B (to finance the construction of the Orchard Apartments, Phase 4), had been received from Chicago.

STATEMENT BY MR. THEODORE A. JONES

Mr. Jones asked for the floor and made the following suggestion: That there be developed a regular procedure for recording the items of interest raised by Trustees from time to time. He suggested that a "log" be established listing the inquiries of Trustees and the reports prepared in response to them. Such a listing, he pointed out, would give all concerned an opportunity from time to time to assess subjects so listed. The Secretary was directed to establish and maintain such a log.

**REPORTS AND RECOMMENDATIONS FROM THE
PRESIDENT OF THE BOARD****FUTURE BOARD MEETINGS**

Since October, 1966, the Board has been meeting on the second Tuesday of each month on a trial basis. The Board agreed to return to the schedule provided by the *By Laws*, the third Wednesday of each month, beginning with the September, 1967, meeting. The Board also agreed to change the dates of the April, May, June, and July, 1967, meetings as follows: April 19, in Urbana; May 16, at the Medical Center; June 20, in Urbana; and July 26, in Urbana. The Board agreed to omit the August, 1967, meeting.

REPORT OF THE FINANCE COMMITTEE

Mr. Swain, for the Finance Committee, presented the following report and moved its adoption.

Report Concerning the Biennial Operating Budget for 1967-69

On February 9, the Board of Trustees received a report from this Committee which indicated that the Committee would continue to explore methods of meeting the urgent financial requirements of the Research and Educational Hospitals in the 1967-69 biennium. The University had requested a biennial increase of \$1,901,000, all of which would be provided by the additional income of the Hospitals, and the Board of Higher Education had approved \$738,800.

Historically, the income earned by the Hospitals has constituted such a small percentage of the total operating costs of the Hospitals that the income has been treated as general income in support of the total University budget. Over the years, this income from the Hospitals has continued to increase and will increase further under the new federal insurance programs. In view of the higher percentage of income to be realized, it is proper under existing laws to change the method of accounting for this income and to treat it on a revolving fund basis, to be used to support the Hospitals' operations. By changing to this method of accounting, which is possible under existing law, the Hospitals will secure the benefits of any income which might be earned. To the extent that income is greater than estimated, the reductions made by the State Board of Higher Education can, in effect, be restored.

It is therefore recommended that the method of accounting for income from the Research and Educational Hospitals be modified so that such income will be treated as a revolving fund, available for expenditure for the Hospitals' operation, and that the total estimated Hospital income of \$5,025,000 for the biennium be subtracted from the University Income Fund appropriations requests which the Board of Higher Education has approved.

The report was unanimously adopted.

RECESS AND EXECUTIVE SESSION

President Johnston stated that an executive session had been requested and was being ordered for consideration of business relating to patentable discoveries.

On motion of Mr. Swain, the Board recessed for five minutes.

The following recommendation from the President of the University was presented and considered.

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(25) The University Patent Committee, with the concurrence of the Chairman of the University Research Board, submits the following reports and recommendations relating to patentable inventions by members of the staff.

1. Gaseous switching array and flat matrix displays for computer controlled automatic teaching systems and nine related inventions — Donald L. Bitzer, Associate Professor of Electrical Engineering and Research Associate Professor in the Coordinated Science Laboratory, Robert H. Willson, formerly Research Assistant in the Coordinated Science Laboratory, and H. Gene Slottow, Senior Research Engineer in the Coordinated Science Laboratory, inventors; developed under a contract with the Department of the Army.

A recommendation of the University Patent Committee that the University rights in the invention titled "Gaseous Switching Array and Flat Matrix Displays for Computer Controlled Automatic Teaching Systems" be assigned, subject to the rights of the United States Army, to the University of Illinois Foundation for study and possible patent application was approved by the Patent Committee of the Board of Trustees on July 21, 1965.

The present recommendation concerns the fundamental invention and nine additional inventions which relate to and are associated with it. Four of this latter group were developed with the resources of the Coordinated Science Laboratory, and the University of Illinois has the rights to them as it has to the fundamental invention. The remaining five inventions were conceived without the use of resources or facilities of the University, and it is the opinion of the University Patent Committee that the University has no claim to them. However, Professor Bitzer and his associates are prepared to assign their rights in the five inventions to

the University, to be administered with those to which the University retains rights, subject to any rights of the sponsoring agency. In consideration for this assignment, the Patent Committee recommends that 25 per cent of the net income from all of the inventions be paid to the inventors.

2. Fiber optics image curving element—Miles V. Klein, Associate Professor of Physics, and Wayne R. Fenner, Research Assistant in the Department of Physics and in Materials Research Laboratory, inventors; developed under a contract with the Advanced Research Projects Agency. The device consists of an element built of glass fibers which makes possible the focussing of a straight line image of a laser beam onto the curved entrance slit of a monochromator with as little light loss as possible.

The Committee recommends that the interests of the University be assigned to the inventors, with the understanding that they will apply for a patent within a reasonable period of time; and that if they do not so apply and upon the request of the United States Government, the rights of the University be assigned to the Government.

3. Asparaginase experiments—William C. Dolowy, Administrator of the Medical Research Laboratory, inventor. This invention involves the use of bacterial L-asparaginase against lymphoma cells in the brain. Bacterial asparaginase is shown to be active against human leukemia cells.

University Patents, Inc., reported that this preparation has important possibilities as a treatment for leukemia and that a patent application should be filed. The Committee, therefore, recommends that the rights of the University be assigned to the University of Illinois Foundation for study and possible patent application.

4. Ultrasonic particle feeder for flash evaporation—R. N. Peacock, Associate Professor of Physics and Research Associate Professor in the Coordinated Science Laboratory, and J. R. Eckardt, student, inventors; developed under a contract with the Joint Services Electronics Program. This device utilizes ultrasonic vibrations for feeding of particles of alloy or other compounds into a flash evaporation unit for the deposit of one atomic layer on a substrate. The unit permits excellent rate control and may be installed in a few minutes in any evaporator having an electric feedthrough.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Government.

5. O-ring fitting—C. E. Gotschall, Mechanical Construction Superintendent in the Physical Plant Department, inventor. This device consists of an O-ring seal, placed into a pipe fitting, which eliminates the necessity of welding and threading pipe joints and installing expansion loops and joints in the system.

In accordance with the inventor's wishes, the Committee recommends that the rights of the University be assigned to the University of Illinois Foundation for study and possible patent application.

6. Pocket field microscope—Craig W. Vetter, Research Associate in Secondary and Continuing Education and in the Curriculum Laboratory, inventor; developed under a contract with the National Science Foundation. This is an inexpensive magnifying device intended to be carried by individual students in the pocket. Existing mounted lenses give a magnification of fifty power. Within its sliding cover handle, the microscope carries up to ten specimen slides.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Government.

7. Water displacement balance—Craig W. Vetter, Research Associate in Secondary and Continuing Education and in the Curriculum Laboratory, and Norman McFarland, Associate Professor of Art, inventors; developed under a contract with the National Science Foundation. This is a substitution type weighing device consisting of a float which is held submerged by a set of graduated gram weights placed on the weighing frame. An object placed on the weighing pan causes the weighing frame to move downward. By adding the total gram weights which must be removed from the frame to return it to its original position, the weight of the object can be determined.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Government.

8. Hatchet planimeter — Norman McFarland, Associate Professor of Art, inventor; developed under a contract with the National Science Foundation. This device consists of an arm of known length with a tracing point at one end and a hatchet blade at the other end. The hatchet blade controls the direction in which its end of the arm will move as the tracing point is guided by the operator around the outline of an irregular plane figure of unknown area. The distance the hatchet blade is displaced, multiplied by the length of the arm, produces a very close approximation of the area of the traced irregular figure.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Government.

9. Specific tritium labeling procedure for purine containing compounds — John M. Clark, Jr., Associate Professor of Biochemistry, and Keith R. Shelton, graduate student, inventors; developed under contract with the United States Public Health Service. This invention relates to a simplified procedure for specifically and stably labeling a variety of purine containing compounds with the radioactive isotope tritium. Procedures presently used to produce radioactively labeled purine containing compounds are more complex.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Public Health Service.

10. Compiler for automated teaching operations — Donald L. Bitzer, Associate Professor of Electrical Engineering and Research Associate Professor in the Coordinated Science Laboratory, Andrew J. Hanson, Student Assistant, Masako Secrest, Research Associate in the Coordinated Science Laboratory, Stephen W. Singer, Student Assistant, and Michael W. Walker, Student Assistant, inventors; developed under a contract with the United States Army Signal Corps, the Joint Services Electronics Program, and the Advanced Research Projects Agency. This invention involves a system consisting of a "compiler," which accepts a language that describes the many different strategies available to the teacher and a modified version of the FORTRAN 60 language for the Control Data 1064, and a "resident" program which uses the tables and programs generated by the compiler program to respond in the way the teacher has specified to requests from each student-operated console. The invention exploits similarities in the structure of most teaching programs employing a central computer and many stations while allowing the educator wide freedom in his choice of an experimental or teaching strategy.

The Committee recommends that the rights of the University be assigned to the University of Illinois Foundation, subject to the rights of the United States Government.

I concur in these recommendations.

On motion of Mr. Swain, these recommendations were approved.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: appointments to the faculty made by the President; resignations, declinations, cancellations, and terminations; leaves of absence; cancellation of sabbatical leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was approved by the President of the University. C = College; S = Station; E = Extension.)

Chicago Circle

WILLIAM E. BEZDEK, Instructor in Sociology, $\frac{2}{3}$ time, winter and spring quarters 1966-67, \$3,200 (1-23-67).

RAYMOND W. COLEMAN, Professor of Economics and of Management, indefinite tenure from March 1, 1967, academic year service basis, \$20,050 a year, supercedes (12-29-66).

GERALD A. DANZER, Instructor in Education and History, $\frac{1}{2}$ time, December 16, 1966-June 15, 1967, \$2,400 (2-7-67).

- LLOYD ENGELBRECHT, Assistant Bibliographer for Art and Architecture, with rank of Assistant Professor, in the Library, eleven months from October 1, 1966, \$9,250 a year, supersedes (1-19-67).
- MICHAEL S. GELICK, Assistant Professor of Architecture, winter and spring quarters 1966-67, \$1,000 a month (1-23-67).
- WILHELM HOLZBAUER, Lecturer in Architecture, winter quarter 1966-67, \$4,000 (2-11-67).
- MRS. MILDRED LEVY, Assistant Professor of Economics, College of Business Administration, full time, fall quarter, effective September 1, 1966, \$3,166.64, and $\frac{1}{4}$ time, winter and spring quarter, effective January 1, 1967, \$1,583.36, supersedes (11-30-66).
- PATRICIA MCFATE, Assistant Professor of English, $\frac{1}{2}$ time, \$2,834, and Assistant to the Dean of the College of Liberal Arts and Sciences, $\frac{1}{2}$ time, \$3,464, winter and spring quarters 1966-67, total salary \$6,298, supersedes (1-23-67).
- MRS. SHIRLEY L. PUNDT, Lecturer in Architecture, $\frac{1}{2}$ time, winter quarter 1966-67, \$1,500 (1-23-67).
- J. DAVID RASCHE, Administrative Assistant to the Architectural Chairman, Department of Architecture, winter and spring quarters 1966-67, \$13,000 a year (1-28-67).
- ROBERT H. RATCLIFFE, Assistant Professor of Education, $\frac{1}{2}$ time, winter quarter 1966-67, \$1,633.32, supersedes (1-23-67).
- EDWARD G. RIETZ, Assistant Professor of Chemistry, $\frac{1}{2}$ time, winter and spring quarters 1966-67, \$2,900, supersedes (2-9-67).
- LOUIS ROCAH, Lecturer in Architecture, winter quarter 1966-67, \$3,667 (1-23-67).
- SHLOMO SHALIT, Instructor in Economics, $\frac{2}{3}$ time, winter quarter 1966-67, \$2,000 (2-7-67).
- THEODORE J. SPAHN, Bibliographer, with rank of Assistant Professor, in the Library, $\frac{1}{2}$ time, eight months from January 1, 1967, \$375 a month, supersedes (1-24-67).
- RONALD C. VANDERKOOI, Assistant Professor of Sociology, winter and spring quarters 1966-67, \$9,200 a year, supersedes (2-9-67).
- JOHN S. WILLIAMS, Visiting Lecturer in Geology, $\frac{2}{5}$ time, winter quarter 1966-67, \$1,100 (1-23-67).

Medical Center

- MARY M. DAHL, Instructor in Ophthalmology, College of Medicine, $\frac{1}{2}$ time, eight months from January 1, 1967, \$4,000 a year, supersedes her nonsalaried appointment (1-13-67).
- MRS. ROSEMARY E. DELEON, Instructor in Anesthesia, Department of Surgery, College of Medicine, January 4-August 31, 1967, \$7,850 a year (2-7-67).
- DOUGLAS L. FOSTER, Assistant Professor of Psychiatry, College of Medicine, $\frac{3}{4}$ time, five months from April 1, 1967, \$12,000 a year (1-23-67).
- EDWARD FUTTERMAN, Assistant Professor of Psychiatry, College of Medicine, $\frac{3}{8}$ time, eight months from January 1, 1967, \$11,300 a year, supersedes (11-18-66).

AFTERNOON SESSION, MARCH 14, 1967

When the Board reconvened in open session after lunch, the same members of the Board, officers of the University, and officers of the Board were present as recorded in the beginning of these minutes, except Governor Kerner and Mr. Page.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY HOUSING REVENUE BONDS OF 1966, SERIES A AND B

(26) Bids were received at 11:00 a.m. March 14, for the sale of \$520,000 Housing Revenue Bonds of 1966, Series A, and \$2,100,000 Housing Revenue Bonds of 1966, Series B, to finance construction of the Orchard Apartments, Phase 4.

The Vice-President and Comptroller recommends that the Series A Bonds be sold to White, Weld & Co. at a price of \$515,045.67 plus accrued interest from April 1, 1967, and at an effective interest rate of 4.00197 per cent, which represents the lowest interest cost to the University. A tabulation of the bids received is being filed with the Secretary of the Board for record.

In accordance with the provisions of the Loan Agreement approved by the Board on February 9, the Vice-President and Comptroller recommends that \$2,100,000 Series B Bonds be sold to the Department of Housing and Urban Affairs

at par and accrued interest and at an interest rate of 3 per cent. No other bids were received for the Series B Bonds.

The Vice-President and Comptroller also presents the Ninth Supplemental Housing Revenue Bond Resolution supplementing the Resolution approved December 17, 1958, and creating \$2,100,000 Housing Revenue Bonds of 1966, Series A, and \$520,000 Housing Revenue Bonds of 1966, Series B, and recommends its adoption. He further recommends that the Board:

Authorize the execution of the bonds by Earl W. Porter, Secretary of the Board, by the facsimile signature of the President of the Board, and by the facsimile signatures of Timothy W. Swain and Howard W. Clement, members of the Board.

Ratify and confirm all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the bonds to the purchasers indicated above.

I concur.

On motion of Mr. Jones, these recommendations were approved, authority was given as requested, and all actions taken or to be taken in connection with the sale and delivery of the bonds were confirmed. These actions were taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner, Mr. Page.

**CONTRACTS FOR CONSTRUCTION OF ORCHARD APARTMENTS,
PHASE 4, URBANA**

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for construction of 252 apartment units for married students, also known as Married Student Housing MS-4, to be constructed south of the existing Orchard Downs apartment area, the award in each case to the lowest bidder:

General — Consumers Construction Co., Chicago	
Base bid.....	\$1 384 700 00
Additive alternate for assignment of other contracts.....	20 711 00
<i>Total</i>	\$1 405 411 00
Electrical — G. L. Wilsky, an individual doing	
business as Downtown Electric, Urbana.....	206 925 00
Plumbing — Bellis & Miller, Inc., Champaign.....	374 000 00
Forced Warm Air Heating — Petry Roofing and	
Sheet Metal Co., Champaign.....	109 454 00
<i>Total</i>	\$2 095 790 00

It is further recommended that all contracts other than the contract for general work be assigned to the contractor for that work, making the total of his contract price \$2,095,790, and that an agreement be entered into with Consumers Construction Co., Chicago, for the assignment of these other contracts for \$20,711, which amount is included in the contract price, being the amount bid by that company for service charge for supervision of other contracts assigned to the general contractor.

Funds will be available from the proceeds of revenue bonds being sold today.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Clement, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner, Mr. Page.

**CONTRACT FOR CONSTRUCTION OF WATER MAIN TO SERVE
ORCHARD APARTMENTS, PHASE 4, URBANA**

(28) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$18,430 to Cross Construction, Inc., Urbana, the lowest bidder, for the construction of a twelve-inch water main, east from Lincoln Avenue to the site of the Orchard Apartments, Phase 4.

Funds will be available from the proceeds of revenue bonds being sold today.
I concur.

On motion of Mr. Jones, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Governor Kerner, Mr. Page.

DISCUSSIONS WITH INTERCOLLEGIATE CONFERENCE

President Henry reported on the status of the University's discussions with the Intercollegiate Conference concerning penalties issued by that Conference pertaining to three coaches and certain student athletes.

Mr. Page returned to the meeting.

REPORTS OF GENERAL POLICY COMMITTEE

At this point, the Board undertook to receive reports and hear testimony in the following matters and then took the actions indicated.

Consideration of House Bill 711 (the Clabaugh Act)

The following report of the General Policy Committee was presented and read by the Secretary.

The General Policy Committee has been directed by the Board of Trustees to give consideration to the several petitions received by the Board requesting that an institutional position be defined with reference to House Bill 711, popularly known as the Clabaugh Act. Most of the resolutions from faculty and student groups have urged that the Trustees support the repeal of the law while most of the other communications have asked the Trustees either to take no action or to indicate support for the law.

House Bill 711 was enacted in 1947 and has been in force since that time. Insofar as the Committee has been able to determine, it has only been during the past year that the existence of the law has been seriously challenged as being inimical to the welfare or effectiveness of the University of Illinois. Therefore, the Committee has not felt the same degree of urgency about the importance of taking an institutional position as has been expressed by faculty and student groups. Furthermore, the Committee has been mindful that the constitutionality of House Bill 711 has been attacked in litigation and that the Board of Trustees is a defendant in that action now before the Court. The Committee's deliberations have also taken into account the fact that at the March 14 meeting of the Board new Trustees would assume office and that the Committees will be reorganized. The new General Policy Committee should be given the opportunity to participate in the study of the questions raised.

In the discussions of this subject by the Committee on General Policy, two issues have emerged:

1. Will the continuance of House Bill 711 be harmful to the University of Illinois, as alleged?
2. Apart from the arguments *pro* or *con* on the foregoing substantive question, is it wise and in the general interest of the University for the Board of Trustees to define an institutional position at this time?

While the General Policy Committee has not deemed it appropriate to make a recommendation on this subject to the Board of Trustees at this meeting, the Committee urges that an effort be made by the reconstituted Committee on General Policy to formulate a recommendation for the next meeting of the Board of Trustees, now scheduled for April 19.

The following groups spoke to this question: Ad hoc Student

Committee for Free Speech, Chicago Circle — Mr. Edward Jennings, spokesman; general student group, Urbana Campus — Mr. Robert Outis, spokesman.

Following discussion and questions, on motion of Mr. Swain, the Board approved, without dissent, the report of the General Policy Committee.

Section 21 (e) of the General Rules of Organization and Procedure with Regard to the Use of University Premises for Political Speakers

The following report of the General Policy Committee was presented and read by the Secretary. No one requested a hearing on this subject.

The Committee on General Policy has had before it the matter of modification of Section 21 (e) of *The General Rules Concerning University Organization and Procedure*. The President of the University has recommended that the following changes be made (italics indicate language to be deleted):

- (e) University premises and facilities, including the Assembly Hall, may be used for political purposes only when all of the following conditions are met:
- (1) *Official candidates for nomination or election to statewide or national office appear in person to make political addresses.*
 - (1)(2) The event is sponsored by a division, department, institute, college or other administrative unit of the University, or by a student organization officially recognized by the University.
 - (2)(3) The political party involved *with which the candidate is affiliated is legal in* is one which qualifies as, or is declared to be, a political party under the laws of the State of Illinois.
 - (3)(4) The event is planned to serve an educational purpose.

The Committee recommends that the changes proposed be adopted by the Board of Trustees.

On motion of Mr. Swain, the Board unanimously approved the report of the Committee.

Recognition of the W.E.B. Du Bois Club

The following report of the General Policy Committee on this question was presented and read by the Secretary.

On February 9, 1967, the Board of Trustees, upon recommendation of the General Policy Committee reaffirmed its position that under existing law student groups proved to be subversive or seditious (i.e., to advocate the violent overthrow of the United States or of the state of Illinois) should not be given the privileges associated with "recognition" by the University.

In clearing the way for administrative approval of a campus W.E.B. Du Bois Club while a national organization with the same name is under charge by the Attorney General of the United States of being a Communist front, the Board acted on the assumption that there is no link, formal or informal, between the local and the national group.

Since February 9, the members of the Board of Trustees have been informed by the Dean of Students at Urbana-Champaign, through the President, that informal connections have been found to exist between the local and the national, including interlocking memberships and that the national officers acknowledge the interconnections.

In view of the information now before the Board, the General Policy Committee recommends that the Administration be requested not to approve the petition from the local student group.

The following groups were heard; all of them presenting arguments in favor of recognition of the club:

Urbana Senate Committee on Student Affairs — Professor Sheldon Plager. In addition, a petition, sponsored by the Student Senate (Urbana) and signed by 1,973 students, in support of recognition of the Du Bois Club, was received and read.

Urbana Senate Committee on Academic Freedom and Tenure — Professor Victor Stone.
Policy Committee, Urbana Chapter, American Association of University Professors — Professor W. H. McPherson.

Mr. Swain moved approval of the report of the General Policy Committee.

Mr. Clement read the following statement, outlining an alternate proposal which he offered for consideration of the Board.

I have spent a substantial amount of time analyzing and considering the various aspects of this difficult problem. My only regret is that the proposal I am about to outline comes to you in a somewhat untimely fashion, but I need not tell you of the many other demands which have been placed on my time in recent days.

First of all, I agree that there is such a mass of misunderstanding engendered by the process of "recognition" in the public mind that such a step might not be generally understood at this time. Nevertheless, I am compelled to vote against this report, because it is a final disposition of the problem, whereas I favor the consideration of an alternative approach which will provide a bridge between public understanding and the preservation of the values already described in detail here today. I believe that the matter should not be finally resolved by simple denial of recognition, as the Committee report recommends, but that a study of a formal structural change in procedure should be instituted which will provide for a "certificate of compliance," or a system of "registration," for all organizations which the University authorities — after due consideration and an orderly process of evaluation — consider to have satisfied the minimum requirements for use of the University facilities. The thought here is that such a registration, or issuance of a certificate of compliance, would not carry with it in the public mind the stamp of *approval* of its activities, or the concepts and ideas which may be advocated and promoted by such an organization that is inherent in the use of the recognition procedure.

The process of "recognition," as it is now structured, implies in the public mind participation by the University in the creation of the organization that is being recognized. Obviously, this is not the case, since a student organization may exist even though it has not received recognition by the University. My first suggestion, therefore, is to eliminate the use of the confusing term "recognition," and substitute a term such as "registration."

In applying this registration procedure, I would also require a registration of organizations whose activities might be regarded as inimical to the University's total welfare, if generally adopted. Some control over the organization may be well worth establishing, even at the price of permitting the use of University facilities for the organization's activities. Maintaining such control, in my mind, serves our purposes better and those of society in general than driving such a group underground. Where substantial doubt exists as to whether or not the organization is one "with purposes or practices contrary to morality, to education, or to public or university welfare," as characterized in the present restriction in the Code on Undergraduate Student Affairs, I would recommend a *conditional* registration. Such a requirement would be a means of establishing some control over the organization, and I would establish the further requirement that the members of such a conditionally registered organization be advised periodically by the organization itself of the reasons for the registration being only of a conditional nature.

Thus, in the case of the DuBois Club, such a conditional registration could be required because of the serious allegations which have been raised concerning its connection with the Communist Party. I think it can be successfully argued that the University has a duty to alert its students to the fact that such allegations have been made and without such control, there would be no mechanism for doing so. If and when such allegations were proved to be correct through the orderly process of the Subversive Activities Control Board, even the conditional registration could then be withdrawn. Again, in the case of the DuBois Club, a conditional registration could be required because of a pending determination of the allegations regarding the national organization to which it appears to be related. I refer to the fact that in the words of the Assistant Attorney General in the Internal Security Division of the Justice Department, it has "been disclosed to be a Com-

munist front organization through an extensive investigation by the Federal Bureau of Investigation." Such a conditional registration could be made a full registration if the outcome of the present petition by the Justice Department were in favor of the national organization, whereas such conditional registration could be withdrawn if the outcome were unfavorable.

And may I add one clarifying point with respect to the much-cited petition by the Justice Department. Let me quote from a recent letter from the Assistant Attorney General, to whom I have just referred, in which he comments on that petition, as follows:

"... the purpose of the petition is to expose the true nature of the organization to its own membership, and to anyone else who might be considering joining the organization. As the Attorney General stated at the time of the filing of the petition: 'Historically, Americans have the freedom to organize and dissent. At the same time, in accordance with the law, young people who might consider joining this organization are entitled to know its nature and its sponsorship.'"

What is required here at the federal level is registration. What I am suggesting here at the University is a comparable conditional registration. Surely, if the techniques so defined satisfy the federal government and the Justice Department, such an arrangement should be sufficient for our purposes here. Alerting the potential members of the organization to its possible nature, based on conclusions of the F.B.I. and the Justice Department, should certainly satisfy whatever duty we may have to prevent the student body from being misled, and yet retain the American approach to the free discussion of ideas — or even those with which we violently disagree.

Following an extended question and answer period and discussion by the Trustees, the report of the General Policy Committee was approved by the following vote: Aye, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Page, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, Mr. Clement, Mr. Jones; absent, Governor Kerner.

On motion of Dr. Weatherly, the Board adjourned.

MEETING OF THE BOARD OF TRUSTEES
OF THE
UNIVERSITY OF ILLINOIS

April 19, 1967

The April meeting of The Board of Trustees of the University of Illinois was held in the Illini Union North, Urbana, Illinois, on Wednesday, April 19, 1967, beginning at 10:30 a.m.

President Wayne A. Johnston called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Donald R. Grimes, Mr. Ralph C. Hahn, M. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Harold Pogue, Mr. Timothy W. Swain, Dr. James A. Weatherly. Mr. Theodore A. Jones, Governor Otto Kerner, and Mr. Ray Page were absent.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Eldon Johnson, Vice-President of the University; Mr. George H. Bargh, Executive Assistant to the President; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. Glenn Terrell, Dean of Faculties, Chicago Circle; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer; Mr. H. O. Farber, Comptroller; and Mr. Earl W. Porter, Secretary.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

REPORT OF THE GENERAL POLICY COMMITTEE

Mr. Swain, for the Committee on General Policy, presented the following report:

The General Policy Committee believes that the differences of views concerning House Bill 711 of the Sixty-fifth General Assembly and the Trustees' action on the DuBois Club are of such a nature, and the resolution of those differences is now of such importance to the maintenance of a sound academic climate at the University of Illinois, that an unusual effort must be made to develop an objective analysis of the effect of these and related matters upon the University. The Committee hopes that some agreement can be reached as to how best to identify and preserve the academic ideals and purposes of the University, while recognizing the ultimate responsibility of the institution to the people of Illinois.

Therefore, to achieve the above objectives and with the approval and support of the President of the University, the Committee on General Policy recommends that it be directed by the Board of Trustees to plan and initiate immediately a series of conferences with appropriate faculty and student groups representative of all campuses of the University. The Committee would expect as well that the President of the University, the Chancellors of the several campuses, and other administrative officers as the President of the University may recommend would attend and participate.

Although the meetings would be sponsored by the Committee on General Policy, in common with established Board policy, all members of the Board of Trustees would be invited to attend and to participate in the discussions.

RALPH C. HAHN

EARL M. HUGHES

THEODORE A. JONES

TIMOTHY W. SWAIN, *Chairman*

On motion of Mr. Swain, the report was unanimously adopted.

REQUEST FROM "STUDENTS FOR FREE SPEECH"

The Trustees received from the Secretary a request from the Students for Free Speech at Urbana to be heard on the general subject of the significance in the academic climate of campus restrictions on speakers. The Trustees agreed to hear one speaker from this group, and Mr. Victor Berkey, a graduate student in zoology, addressed the Board and received their questions for a brief period.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board took up consideration of the following reports and recommendations from the President of the University.

BUDGETS FOR 1967 SUMMER QUARTERS AND FACULTY APPOINTMENTS, MEDICAL CENTER AND CHICAGO CIRCLE

(1) Submitted herewith are the budgets and appointments to the faculty for the 1967 Summer Quarters at the Medical Center and at Chicago Circle from June 19 through September 2, 1967.

The distribution of the budgeted funds is as follows:

Salaries

Medical Center	\$ 17 841 00
Chicago Circle	666 750 00

The salaries recommended are computed on the basis of one-third of the

salary of the academic year for a full quarter of service, with proportionate amounts for shorter periods or for part-time service.

I recommend that these appointments to the summer quarter staff at the Medical Center and at Chicago Circle be approved as submitted, and that the President of the University be authorized to accept resignations and make such changes and adjustments and additional appointments as are necessary in accordance with the needs of the University within the allocations of funds indicated.

On motion of Mr. Swain, these appointments and the summer quarter budgets for 1967 for the Medical Center and Chicago Circle were approved, and authority was given as requested; this action was taken by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

APPOINTMENTS TO THE FACULTY

(2) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two years; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. FRED G. ATTEBURY, Visiting Assistant Professor of Art, Urbana, on one-third time, for the second semester 1966-67, at a salary of \$2,000 (D33).
2. LUCIUS J. BARKER, Professor of Political Science and Research Associate in the Office of the Chancellor, Urbana, beginning September 1, 1967, at an annual salary of \$17,500 (AY21; DY79).
3. SHIRLEY L. BHATHENA, Assistant Professor of Nursing, College of Medicine, beginning February 6, 1967, at an annual salary of \$8,500 (D).
4. ERLING K. BRODWALL, Research Assistant Professor of Medicine, College of Medicine, on two-fifths time, beginning January 1, 1967, at an annual salary of \$4,000 (DY40).
5. CHARLES B. DUKE, Visiting Associate Professor of Physics and in the Materials Research Laboratory, Urbana, for the first semester 1967-68, at a salary of \$7,500 (E).
6. MARCIA EATON, Visiting Assistant Professor of Philosophy, Chicago Circle, on three-fourths time, for the winter and spring quarters 1966-67, at a salary of \$5,000 (D).

7. ROBERT P. FAIRBANKS, Visiting Associate Professor in the Institute of Government and Public Affairs, Urbana, beginning September 1, 1967, at an annual salary of \$15,500 (DY).
8. AKIRA IKUSHIMA, Research Assistant Professor of Physics and in the Materials Research Laboratory, Urbana, beginning September 1, 1967, at an annual salary of \$10,000 (DY).
9. ANNETTE KLEIN, Assistant Professor of Medical Social Work, College of Medicine, on four-fifths time, beginning February 1, 1967, at an annual salary of \$11,000 (BY80).
10. JAMES F. LAHEY, Associate Professor of Geography, Urbana, beginning September 1, 1967, at an annual salary of \$14,000 (A).
11. PRENTICE H. MARSHALL, Professor of Law, Urbana, beginning September 1, 1967, at an annual salary of \$25,000 (A).
12. CHARLES W. QUICK, Professor of Law, Urbana, beginning September 1, 1967, at an annual salary of \$25,000 (A).
13. MADELEINE ROQUE, Visiting Research Associate Professor of Biological Sciences, Chicago Circle, for four months from January 1, 1967, at a salary of \$4,000 (G).
14. MARVIN S. ROSEN, Assistant Professor of History, Chicago Circle, on one-half time, for the winter and spring quarters 1966-67, at a salary of \$2,790 (E50).
15. FRANCIS P. TWOHEY, Assistant Professor of Health Science and Staff Physician, Health Service, Urbana, beginning March 15, 1967, at an annual salary of \$16,000 (DY).

On motion of Mr. Swain, these appointments were confirmed.

**APPOINTMENT OF VICE-CHANCELLOR FOR ACADEMIC AFFAIRS,
URBANA**

(3) The Chancellor-elect for the Urbana campus recommends the establishment of the position of Vice-Chancellor for Academic Affairs, and the appointment to that position of Professor Herbert E. Carter, presently Head of the Department of Chemistry and Chemical Engineering. This recommendation is made after consultation with a special committee elected by the Urbana Faculty Senate.¹ The appointment would become effective September 1, 1967, for service on a twelve-month basis at an annual salary of \$31,500.

Professor Carter's long and distinguished services to the University of Illinois are well-known to the Trustees.

As recommended in a resolution by the Senate, the Vice-Chancellor for Academic Affairs would be the chief academic officer under the Chancellor and would perform such functions as might be delegated to him by the Chancellor. Future appointments to this position would be made on recommendation of the Chancellor and of the President. The Chancellor would have the advice of representatives of the Senate before submitting his recommendation to the President.

This recommendation is endorsed by the Executive Vice-President and Provost.

I concur.

On motion of Mr. Clement, this position was authorized and the appointment was approved.

**APPOINTMENT OF ASSOCIATE CHANCELLOR
FOR ADMINISTRATION, URBANA**

(4) The Chancellor-elect for the Urbana campus recommends the establishment of the position of Associate Chancellor for Administration and the appointment to that position of John W. Briscoe, Professor of Civil Engineering, who is presently serving as Associate Provost.

The appointment would become effective September 1, 1967, for service on a twelve-month basis at an annual salary of \$23,500. Professor Briscoe would

¹John Bardeen, Professor of Electrical Engineering and of Physics; Herbert S. Gutowsky, Professor of Physical Chemistry; Robert W. Johannsen, Professor of History and Chairman of the Department; Theodore Peterson, Professor of Journalism and Dean of the College of Journalism and Communications; Glenn W. Salisbury, Professor of Dairy Science and Head of the Department; Victor J. Stone, Professor of Law.

continue to devote a limited amount of time (10 per cent) to teaching duties in the Department of Civil Engineering.

The Associate Chancellor for Administration would perform such duties as might be delegated or assigned to him by the Chancellor.

The Executive Vice-President and Provost endorses this recommendation. I concur.

On motion of Mr. Hughes, this position was authorized and the appointment was approved.

REVISED CHARTER FOR THE CENTER FOR ADVANCED STUDY AND APPOINTMENT OF DIRECTOR

(5) In February, 1959, the Center for Advanced Study was established as a special unit of the Graduate College with the stated purpose of encouraging creative achievement and scholarship by providing recognition to scholars of the highest distinction and by providing incentives for the highest level of scholarly achievement. The Dean of the Graduate College now proposes that the scope of activities be enlarged to include other responsibilities, as described in the statement below.

In addition to providing support for highly distinguished scholars and artists on this faculty, the Center would bring to the University, for brief or extended periods, distinguished men from both academic and public life; support younger scholars and creative artists of outstanding promise; sponsor conferences, colloquia, lecture series, and symposia; and promote frequent interchange of ideas among the faculty and outside visitors. No state funds would be required for these additional activities during the next biennium.

The titles of those now holding appointment as Members of the Center for Advanced Study will be changed to Professors in the Center for Advanced Study; the present category of Associate Membership will be replaced by that of Associate. New types of affiliation with the Center will include Distinguished Lecturer, Fellow, and Adviser.

The expanded activities of the Center for Advanced Study necessitate the appointment of a Director, who will serve as the executive officer of the Center. He shall be appointed for a two-year term on recommendation of the Dean of the Graduate College, after consultation with the professors in the Center. Such consultation has been undertaken, and it is further recommended to the Board that Dr. David Pines, Professor of Physics and of Electrical Engineering, be appointed Director of the Center. The appointment would be effective September 1, 1967, and would be on a half-time basis, the salary to be established in the course of normal salary review and in consultation with the Head of the Department of Physics, in which Professor Pines will continue on a half-time basis.

These changes and the appointment recommendation are endorsed by the Executive Vice-President and Provost.

I concur.

On motion of Dr. Weatherly, the changes were authorized and the appointment was approved.

Revised Charter for The Center for Advanced Study

In February, 1959, the Center for Advanced Study was established as a special unit of the Graduate College with the stated purpose of encouraging creative achievement and scholarship by providing recognition to scholars of the highest distinction and by providing incentives for the highest level of scholarly achievement. During the past eight years the Center has fulfilled these aims and objectives; the scope of activities will now be enlarged to include other responsibilities.

In addition to providing support for highly distinguished scholars and artists on this faculty, the Center will bring to the University, for brief or extended periods, distinguished men from both academic and public life; support younger scholars and creative artists of outstanding promise; sponsor conferences, colloquia, lecture series and symposia; and promote frequent interchange of ideas among the faculty and outside visitors.

The expanded activities of the Center for Advanced Study necessitate the appointment of a Director, who will serve as the executive officer of the Center,

Revisions in its administrative and organizational structure are also required. The titles of those now holding appointment as Members of the Center for Advanced Study will be changed to Professors in the Center for Advanced Study; the present category of Associate Membership will be replaced by that of Associate. New types of affiliation with the Center shall include Distinguished Lecturer, Fellow, and Adviser.

I. Organization

Professors. Professors in the Center for Advanced Study shall be appointed by the Board of Trustees on the recommendation of the President. They shall be chosen from among the most distinguished, most productive, and most widely recognized scholars at the University of Illinois or elsewhere. Appointment to a Professorship in the Center for Advanced Study constitutes the highest form of academic recognition that the University can bestow upon members of its faculty. Selection of candidates shall be made by the Dean in consultation with an advisory selection committee of Center Professors. A Professor shall retain his status in his own department. The nature of his duties in the department will be worked out in consultation with the head or chairman of his department, the dean of his college, and the Dean of the Graduate College.

Associates. Associates shall be appointed for one-year or two-year terms by the Board of Trustees on recommendation of the President. By negotiation with the head or chairman of his department and the Dean of the Graduate College, and with the concurrence of the dean of his college, an Associate may be released from his regular duties in order that he may devote himself more fully to research. Application for appointment as Center Associate may be made by any member of the faculty to the Dean of the Graduate College, who, after consultation with the Policy Committee and the appropriate administrative officers, shall make his recommendations to the President. A Center Associate may request extension of his appointment through the summer following an academic year in the Center.

Scholars from other locations may be appointed as Associates. Such appointments may be used to bring visitors to assist in established research programs, to bring creative artists to the campus, to bring distinguished scholars to departments in advance of vacancies arising from faculty retirements, and for such other purposes as the Policy Committee may approve. Nominations of off-campus candidates shall be forwarded by department heads and chairmen to the Dean of the Graduate College.

Associates may request reappointment but no individual may be granted Associate status for more than three consecutive years.

Distinguished Lecturers. Distinguished Lecturers of the Center for Advanced Study will be appointed by the Dean of the Graduate College upon the recommendation of the Director. Chosen from among outstanding scholars, artists, and men of affairs, they will be invited to spend a week or more visiting the University of Illinois. Such visits may be co-sponsored by one or more departments in the University. During his visit, a Distinguished Lecturer will generally give an address to a University-wide audience. He might also give a specialized seminar or departmental colloquium and serve as a guest lecturer in regularly scheduled University classes. In addition, he will be invited to visit with student and faculty groups.

Fellows. Fellows shall be appointed for one-year or two-year terms by the Board of Trustees on recommendation of the President. Fellowships shall be for independent work in all fields of the social and natural sciences, the humanities, and the creative arts; postdoctoral in the case of academic disciplines, they will be awarded in open competition to young men and women of the highest intellectual excellence and creative promise. In addition to their stipends, Fellows shall receive a modest allowance to facilitate their work. Nominations for Center Fellowships may be made to the Director by any faculty member. Selection of candidates shall be made by the Director on the recommendation of an advisory selection committee.

A Fellow will in general be affiliated with one or more departments of the University. Teaching duties are optional and may be arranged at the discretion of the Fellow and his department. In general, individuals will not receive a Center Fellowship for more than three consecutive years.

Advisers. Advisers to the Center for Advanced Study shall be appointed by the President on the recommendation of the Dean of the Graduate College. Chosen from the most distinguished scholars, artists, and men of affairs in this country and abroad, they shall from time to time be invited to consult with the Dean, Director, or Policy Committee, on such matters as the selection of candidates, or the development of programs of the Center for Advanced Study.

II. Administration

Director. The Director of the Center for Advanced Study will serve as its executive officer and will report to the Dean of the Graduate College. He shall be appointed for a renewable, two-year term by the Board of Trustees on the recommendation of the President. Candidates for Director shall be proposed by the Dean of the Graduate College in consultation with the professors in the Center.

Policy Committee. The Policy Committee of the Center shall be composed of Professors in the Center for Advanced Study, the Director, and the Dean of the Graduate College, Chairman, ex officio, and shall be responsible for recommending the basic policies under which the Center shall operate. These basic policies shall be implemented and administered by the Director, assisted by a Steering Committee, the latter to be appointed by the Dean, and to include both Professors of the Center and other members of the University faculty. The Policy Committee may propose other types of affiliation with the Center—in addition to Professor, Associate, Lecturer, Fellow, and Adviser—at such times as it may deem appropriate.

APPOINTMENT TO CENTER FOR ADVANCED STUDY

(6) Upon recommendation of the Executive Committee of the Center for Advanced Study, and with the concurrence of the Dean of the Graduate College and the Executive Vice-President and Provost, I recommend that Dr. Alexander Turyn, Professor of the Classics, be appointed as a Professor in the Center for a period of two years beginning September 1, 1967. At the end of this period, Professor Turyn will have reached retirement age. Under the original charter of the Center, Professor Turyn was appointed a Member of the Center in September 1, 1962, for a period of five years.

On motion of Mr. Clement, this appointment was approved.

CHAIRMANSHIP OF THE DEPARTMENT OF HISTORY, CHICAGO CIRCLE

(7) The Dean of the College of Liberal Arts and Sciences and the Chancellor at Chicago Circle recommend the appointment of Professor Robert V. Remini as Chairman of the Department of History at Chicago Circle for two years beginning September 1, 1967. The salary will be determined when the budget for 1967-68 is submitted to the Board for approval.

This appointment is to replace Professor Stanley L. Jones who has been serving as Chairman of the Department and who has asked to be relieved of this administrative service so that he can devote full time to teaching and research.

This recommendation is submitted after consultation with members of the Department and on nomination of its Executive Committee. The Executive Committee of the College of Liberal Arts and Sciences, the Dean of Faculties, and the Executive Vice-President and Provost have been consulted and concur in this recommendation.

I recommend approval.

On motion of Mr. Grimes, this appointment was approved.

HEADSHIP OF DEPARTMENT OF BIOLOGICAL CHEMISTRY, MEDICAL CENTER

(8) The Dean of the College of Medicine and the Chancellor at the Medical Center campus recommend the appointment of Dr. Stephen B. Binkley as Professor on indefinite tenure and Head of the Department of Biological Chemistry in the College of Medicine beginning June 1, 1967, at an annual salary of \$26,000 on a twelve-month service basis. Dr. Binkley has been serving as Acting Head of the Department since September 1, 1965.

This appointment is unanimously supported by a faculty advisory committee,¹ the subcommittee of the Executive Committee of the College of Medicine, and by all members of the Department of the rank of assistant professor and above. The Executive Vice-President and Provost and the Dean of the Graduate College endorse the recommendation.

I recommend approval.

On motion of Mr. Clement, this appointment was approved.

APPOINTMENTS OF COACHES

(9) The Board of Directors of the Athletic Association has approved the recommendations of the Director of Intercollegiate Athletics for the following appointments:

JAMES J. VALEK as Head Football Coach at the University of Illinois effective April 1, 1967, at a salary of \$17,500 a year.

HARVARD F. SCHMIDT as Head Basketball Coach at the University of Illinois effective April 1, 1967, at a salary of \$14,500 a year.

ELLIS RAINSBERGER as Assistant Football Coach at the University of Illinois effective April 12, 1967, at a salary of \$13,000 a year.

RICHARD L. CAMPBELL as Assistant Basketball Coach at the University of Illinois effective April 8, 1967, at a salary of \$13,000 a year.

These recommendations have been announced and the action is now submitted to the Trustees for approval.

On motion of Mr. Pogue, these appointments were approved.

HONORARY DEGREES, URBANA AND MEDICAL CENTER

(10) The University Senates have recommended that honorary degrees be conferred upon the following and on the occasions indicated.

JAMES ALFRED PERKINS, President of Cornell University, the degree of Doctor of Laws, to be conferred at the Honors Day Convocation, at Urbana, on May 5, 1967.

ANANIAS CHARLES LITTLETON, Professor of Accountancy *Emeritus*, the degree of Doctor of Laws, to be conferred on May 12, 1967, at a Seminar on International Accounting, a Centennial event of the College of Commerce and Business Administration, Urbana.

KATHERINE ELLEN FAVILLE, Nurse, Administrator, and Educator, the degree of Doctor of Science, to be conferred at the Commencement Exercises at the Medical Center on June 9, 1967.

THEODORE KENNETH LAWLESS, Dermatologist, the degree of Doctor of Laws, to be conferred at the Commencement Exercises at the Medical Center on June 9, 1967.

DAVID E. LILIENTHAL, Business Executive and Author, the degree of Doctor of Public Administration, to be conferred at the Commencement Exercises at Urbana on June 17, 1967.

ALLAN SANDAGE, Astronomer at Mount Wilson and Palomar Observatories, the degree of Doctor of Science, to be conferred at the Commencement Exercises at Urbana on June 17, 1967.

I concur in the recommendations of the Senates.

On motion of Mr. Swain, these recommendations were approved.

APPOINTMENTS TO CENTER FOR ZOOSES RESEARCH, URBANA

(11) On recommendation of the Dean of the College of Veterinary Medicine and Director of the Center for Zoonoses Research, the following appointments to the staff of the Center have been approved and are reported for record.

Senior Memberships

JOHN EDWIN PEARSON, M.S., Professor of Nuclear Engineering, of Civil Engineering, and of General Engineering, Urbana

¹ Dr. Herbert E. Carter, Professor of Biochemistry and Head of the Department of Chemistry and Chemical Engineering, Urbana; Dr. Robert W. Carton, Associate Professor of Medicine; Dr. Ralph H. Kathan, Assistant Professor of Biological Chemistry; Dr. Cecil A. Krakower, Professor of Pathology and Head of the Department; Dr. Melvin Sabshin, Professor of Psychiatry and Head of the Department; Dr. William V. Whitehorn, Professor of Physiology.

PAUL H. SCHNURRENBERGER, D.V.M., Public Health Veterinarian, Illinois Department of Public Health; Associate Professor of Public Health in the Department of Veterinary Pathology and Hygiene in the College of Veterinary Medicine, Urbana

LEWIS J. STANNARD, JR., Ph.D., Taxonomist, Illinois Natural History Survey, Urbana

Associate Membership

EDWIN I. PILCHARD, D.V.M., Ph.D., Assistant Professor of Veterinary Pathology and Hygiene and in the Center for Zoonoses Research, Urbana

Consultants

BOTHA DE MEILLON, Ph.D., Southeast Asia Mosquito Project, The Smithsonian Institute, Washington, D.C.

DAVID E. DAVIS, Ph.D., Department of Zoology, Pennsylvania State University, University Park, Pennsylvania

On motion of Mr. Hughes, these appointments were confirmed.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(12) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificates</i>
ORREN MAX GRAY	Moline, Illinois	Iowa
CLIFTON THOMAS HOLMES	Alton, Illinois	Missouri
MYRON URETSKY	Champaign, Illinois	Ohio
WILLIAM LEE WHEELING	St. Ann, Missouri	Missouri

I concur.

On motion of Mr. Grimes, these certificates were awarded.

ESTABLISHMENT OF DEPARTMENT OF THEATRE, URBANA

(13) The Urbana-Champaign Senate has approved a joint proposal of the Colleges of Liberal Arts and Sciences and of Fine and Applied Arts for the transfer of those aspects of the Department of Speech and Theatre oriented to performance from the College of Liberal Arts and Sciences to the College of Fine and Applied Arts, where they will be organized within a new Department of Theatre.

In view of plans to house performance aspects of theatre with the other "lively arts" in the Krannert Center for Performing Arts, the proposal is expected to aid in effective administration. Teacher-training curricula for Bachelor of Arts and Master of Arts in Speech would remain in the Department of Speech.

Twenty-one courses would be transferred to the new Department of Theatre. Seven courses would be cross-listed in both Speech and Theatre with the Department of Speech (Liberal Arts and Sciences) retaining budgetary responsibility. Twelve full-time equivalent academic appointments would be transferred to the Department of Theatre, while five full-time equivalent academic appointments would be joint appointments. A statement giving the details of the changes is being filed with the Secretary of the Board for record.

The Executive Vice-President and Provost concurs in this proposal.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Grimes, this recommendation was approved.

CHANGES IN ADMISSIONS REQUIREMENTS FOR THE DEPARTMENT OF URBAN PLANNING, URBANA

(14) The Urbana-Champaign Senate and the All-University Committee on Admissions have approved the following changes in the admission requirements for

the Department of Urban Planning recommended by the College of Fine and Applied Arts, to become effective in September, 1968.

1. Admission to the undergraduate program in urban planning to be approved on the basis of a grade-point average of 3.25 for transfer students from other departments in the University and from outside the University. (The present requirements specify no minimum average.)
2. Change the subjects required for admission from Pattern II to Pattern III, as shown on page 52 of the 1966-67 Undergraduate Study catalog, to be effective September 1, 1968.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved. Formal approval by the Board of Trustees is not required, but the changes are being reported for record.

This report was received for record.

DISCONTINUANCE OF DESIGNATION OF VALEDICTORIAN AND SALUTATORIAN, URBANA

(15) The Urbana-Champaign Senate has approved a recommendation of its Committee on Educational Policy that the naming of the valedictorian and salutatorian be discontinued after the Commencement of June, 1968.

The recommendation was based on the difficulty of selection of students for these honors arising from the following considerations:

1. Present regulations are rather strict: "The highest and second highest eligible students are designated as valedictorian and salutatorian." The number of decimal places required to effect this separation is, in some instances, greater than the reliability of the grading system.
2. The colleges do not use the same bases for calculation of grade-point averages.
3. Larger numbers of transfer students who will earn degrees in coming years will increase the difficulty of selection, inasmuch as the institutions from which they come may use (as in No. 2) differing bases for calculation of grade-point averages.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved. Formal approval by the Board of Trustees is not required, but the changes are being reported for record.

This report was received for record.

TRANSFER OF THE DEPARTMENT OF PHYSICS, CHICAGO CIRCLE

(16) The Chicago Circle Senate, with the concurrence of the Deans of the Colleges of Engineering and of Liberal Arts and Sciences, the Chancellor at the Chicago Circle campus, and the Executive Vice-President and Provost, recommends the transfer of the Department of Physics at the Chicago Circle campus from the College of Engineering to the College of Liberal Arts and Sciences.

At the present time, essentially all students majoring in physics are enrolled in the College of Liberal Arts and Sciences. Of the existing curricula in physics, two (leading to the baccalaureate degree in the physics curriculum and the physics major in the general curriculum) are administered in the College of Liberal Arts and Sciences. Two (the Bachelor of Science in Engineering with a major in applied physics and the Bachelor of Science in the teaching of physics) are in the College of Engineering. It is proposed to transfer the curriculum in the teaching of physics to the College of Liberal Arts and Sciences.

Moreover, departments representing subject matter areas of considerable relevance to physics, such as biology, chemistry, and geology, are already within the College of Liberal Arts and Sciences. The suggested change has the approval of the faculties involved.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Swain, this recommendation was approved.

MASTER'S DEGREE IN SOCIOLOGY, CHICAGO CIRCLE

(17) The Chancellor of the University at Chicago Circle recommends approval of a program leading to the degree of Master of Arts in Sociology. The program

has received the approval of the Chicago Circle Senate, and the Senate Coordinating Council has indicated that no other Senate jurisdiction is involved. The Executive Vice-President and Provost and the Dean of the Graduate College concur in this recommendation.

The University's location in the heart of metropolitan Chicago offers a great variety of opportunities for research in urban sociology, collective behavior, and minority group relations. The degree will be offered in general sociology, but areas of specialization for research experience will be medical sociology, urban sociology, and political sociology. This program is expected to prepare sociologists with research training for research in welfare and planning agencies and for teaching in junior colleges and universities.

To be admitted to candidacy for the master's degree in sociology, a student should meet the following objective standards:

1. An undergraduate grade-point average of 4.00 (i.e., a "B" average).
2. Graduate Record Examination scores on the two general scales (i.e., verbal and quantitative) above the seventieth percentile.

Degree requirements will be:

1. The candidate will be required to complete a minimum of forty-eight quarter hours of graduate study distributed as follows:
 - a. Twelve hours in Sociology 400, 401, and 402, Theory and Method in Sociology.
 - b. Eight hours in Sociology 499, Thesis Research.
 - c. Twenty-eight additional quarter hours or the equivalent in course work at the 300 and 400 levels, at least sixteen of which must be in sociology. The remaining twelve may be taken in sociology or in related fields.
2. The candidate must satisfactorily pass a comprehensive examination to be administered by the Department which will normally be taken after three quarters of residence. The examination will cover theory and method in each of the major subfields: social psychology, social organization, demography and human ecology.
3. The candidate must satisfactorily complete a thesis.

I recommend approval subject to further action by the Board of Higher Education.

On motion of Mr. Swain, this recommendation was approved.

ESTABLISHMENT OF MAJOR IN CHEMICAL ENGINEERING, CHICAGO CIRCLE

(18) The Chicago Circle Senate has approved a joint recommendation of the Department of Chemistry, College of Liberal Arts and Sciences, and the College of Engineering for the establishment of a major field of concentration in chemical engineering (with emphasis in chemistry and energy engineering courses) as a part of the engineering curriculum.

The program, in common with those curricula for the Bachelor of Science in engineering at Chicago Circle approved by the Board of Trustees on July 27, 1966, will consist of the common core curriculum of 111 quarter hours; a minimum of 36 hours in the major field; humanities-social sciences; and elective courses — for a minimum total of 198 quarter hours, exclusive of physical education and basic military science.

It is anticipated that this program will prepare the student either for further graduate study or for employment upon graduation.

The Chancellor and the Executive Vice-President and Provost endorse the recommendation.

The Senate Coordinating Council has indicated that no further Senate jurisdiction is involved.

I recommend approval subject to further action by the Board of Higher Education.

On motion of Mr. Grimes, this recommendation was approved.

REQUIREMENTS FOR AN UNDERGRADUATE MAJOR IN ECONOMICS, CHICAGO CIRCLE

(19) On February 15, 1961, the Board of Trustees approved the basic educational program for the University of Illinois at Chicago Circle, including a baccalaureate

degree program with an area of concentration in economics, the degree to be conferred by the College of Business Administration.

The College of Liberal Arts and Sciences, the Chicago Circle Senate, and the Chancellor now recommend the approval of a proposal for an undergraduate major in economics within the College of Liberal Arts and Sciences. Students pursuing such a major would take the appropriate courses in economics offered by the College of Business Administration. The two paths to the degree in economics would differ, as do the corresponding programs on the Urbana campus, only to the extent that the graduation requirements of the colleges differ.

The requirements for this program are: twenty-six hours in the major field, including twenty-four hours of advanced courses for the major; eighteen hours for one minor; or twelve in each of two fields for a split minor. The requirements are parallel to those of other major fields of study within the general curriculum of the College of Liberal Arts and Sciences.

The Senate Coordinating Council has indicated that no further Senate jurisdiction is involved.

I recommend approval.

On motion of Mr. Grimes, this recommendation was approved.

REQUIREMENTS FOR AN UNDERGRADUATE MAJOR IN ANTHROPOLOGY, CHICAGO CIRCLE

(20) On February 16, 1966, the Board of Trustees approved a recommendation for the establishment of a Department of Anthropology and a curriculum in Anthropology in the College of Liberal Arts and Sciences at the Chicago Circle campus. The Illinois Board of Higher Education, in June, 1966, approved the proposal.

The Chicago Circle Senate has now approved requirements for an undergraduate major in anthropology consisting of forty hours in the department distributed as follows:

1. Sixteen hours in Anthropology 102, 103, 104, and 273 (or substitutes satisfactory to the Department).
2. Eight hours to be selected from general courses in archeology (e.g., Anthropology 250, 251, 301, 363); linguistics (e.g., Anthropology 277); psychological anthropology (e.g., Anthropology 320); or biological anthropology (e.g., Anthropology 302).
3. Eight hours consisting of two ethnographic or archeological culture areas or a combination thereof (e.g., Anthropology 251, 264; Anthropology 266, 361; Anthropology 264, 390, or 391).
4. Eight additional hours to be selected with the help of a departmental adviser.

Minor: Twenty-four hours in one field, or no fewer than sixteen in each of two fields, chosen in consultation with the departmental adviser.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved.

This proposal is being reported for record.

This report was received for record.

PROPOSED REORGANIZATION OF LIBRARY ADMINISTRATION

(21) The following general policies are proposed for the administration of the libraries of the University of Illinois:

1. The Chancellor shall be delegated full authority to administer the library or libraries on his campus within the limitations set forth in this memorandum and in accordance with University-wide policies.
2. The campus libraries shall have independent and parallel access to University-wide executive authority through their Chancellors, to national professional association memberships, and to the supportive services of the University.
3. The Chancellor shall have responsibility for the development and maintenance of library facilities and programs to promote the instructional and research goals of his campus.
4. The Chancellor shall develop and maintain reports in accordance with University-wide standards and procedures and shall supply all information requested by the President.
5. Except where consolidated University-wide reports are requested, the campus

library shall report all required information and statistics for outside comparative purposes directly to the inquiring source, in the manner approved by the Chancellor, independent of the reporting of other campus libraries of the University of Illinois. Copies of all such reports shall be filed with the Executive Vice-President and Provost.

6. The University-wide administration shall be readily available for consultation and assistance to all campuses; likewise, the head librarians and specialized library personnel on all campuses shall be encouraged to serve in consultative roles on other campuses when requested.
7. A University Council on Libraries shall be established, consisting of the head librarian and the chairman of the Senate library committee from each campus, the director of the Graduate School of Library Science, and a member who shall be named by the President and serve as Council chairman.
 - a. The purpose of the Council shall be to promote professional relations, to communicate more effectively, and to plan for the sharing of library resources.
 - b. While actions of the Council shall not be directly binding on the campus libraries, the Council may make policy recommendations to the President.
 - c. It is expected that the Council, through consensus, will facilitate the administration of such common standards and policies as they may wish to adopt.
 - d. The Council shall determine its own internal organization, schedule of meetings, employment of adjunct committees, and methods of maximizing inter-campus cooperation, both professional and administrative.
8. The University Council on Libraries shall report to the President annually on its activities, giving particular attention to its efforts to maximize the accessibility of all the University's library resources to potential users on all campuses, and including a consolidated statistical report for all libraries.
9. The standing library committee of the campus Senate shall advise the campus head librarian regarding the apportionment of book funds and other matters pertaining to the campus library.

I recommend provisional approval of these recommendations, with the stipulation that the Trustees defer final approval until the present action has been reported to the Senates of all three campuses for their information and further advice. Upon final action by the Board of Trustees, Section 19 of the University of Illinois *Statutes* should be modified to reflect the changes adopted.

On motion of Mr. Swain, this recommendation was approved.

TRIAL EXPANSION OF MEMBERSHIP OF URBANA-CHAMPAIGN SENATE

(22) Section 6 (b) of the University *Statutes* provides that the Senate of each campus "shall consist of the full professors, the deans of colleges, the directors or deans of schools and institutes, and the heads and chairmen of departments . . ." but that on recommendation of the Committee on Educational Policy of any Senate, "persons of the academic rank or administrative status, as each Senate may determine by resolution" may also be granted membership.

The Urbana-Champaign Senate has approved the following recommendation of its Committee on Educational Policy:

1. That the Associate and Assistant Professors of each college, or independently organized school, division, or institute shall elect one prospective Senator for each ten (or major fraction thereof) full-time equivalent faculty members in these ranks, in accordance with procedures as may be determined by the faculty of each such academic unit.
2. That the Clerk of the Senate shall notify the appropriate administrative officer of each of these subdivisions of the number to be elected in each subdivision.
3. That such elections be carried out in each subdivision and that the results be reported to the Clerk of the Senate no later than May 15, 1967.
4. That the names of these prospective senators be presented by the Committee on Educational Policy for election by the Senate at the June, 1967, meeting.
5. That these senators be elected to serve for a period of two years beginning September 1, 1967.
6. The number of senators elected from these ranks shall be in addition to those who are automatically members by virtue of their membership on Senate committees.

7. Prior to the end of this trial expansion period, but not later than the April, 1969, Senate meeting, the Committee on University Statutes and Senate Procedures will make recommendations to the Senate concerning the continuation of the trial expansion.

The Senate Coordinating Council has indicated that no other Senate jurisdiction is involved.

This matter is being reported for record.

This report was received for record.

CHANGE IN NONACADEMIC POLICY AND RULES

(23) Within the past year a review has been undertaken of the *Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees*. Section XII, "Grievances," has been completed. Views of all interested persons were invited in respect to grievance procedures by a memorandum from the Director of Nonacademic Personnel dated February 17, 1966. Written comments offered in response to these invitations were reviewed and considered. Draft revisions were prepared based upon this consideration and submitted to the Nonacademic Personnel Advisory Committees of the three campuses, and the views of these committees were considered. Additionally, the subject matter was discussed at staff meetings of the personnel staffs at Urbana and Chicago, at meetings with union representatives at the three campuses, and at meetings of the employees' Advisory Committee to the University Civil Service System of Illinois. A draft was then published in the December, 1966, *Staff Observer*. Comments received were considered, and a final recommended draft was prepared which has been approved by the All-University Nonacademic Personnel Advisory Committee.

The Director of Nonacademic Personnel now recommends that the present Section XII of the *Policy and Rules* be modified effective May 1, 1967. The changes, as approved by the All-University Nonacademic Personnel Advisory Committee, will be incorporated in the *Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees*, a copy of which is being filed with the Secretary of the Board for record. It is noted that this recommendation contemplates that Section I, Basic Policy: "Grievances," and Section II, University-Wide General Policy: "Arbitration of Grievances," will be approved and issued by the Trustees, and that Section II contains a delegation under which the actual step procedures will be issued by the President of the University. I concur in this recommendation.

The Committee on Nonacademic Personnel of the Board of Trustees has reviewed and approved this recommendation.

On motion of Mr. Swain, this recommendation was approved.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES, URBANA

(24) The Executive Vice-President and Provost and the Vice-President and Comptroller recommend the following appropriations for Urbana-Champaign from Contract Research Reserve:

Renovation and remodeling for which funds are assigned to the

Physical Plant Department:

First phase of remodeling in Noyes East Laboratories for Inorganic Chemistry, to match funds for a grant received from the National Science Foundation.....	\$200 000 00
First phase of remodeling in the basement of the Administration Building for the installation of additional computer equipment for the Statistical Service Unit.....	23 200 00
Remodeling in the English Building for offices.....	93 570 00
<i>Total</i>	<u>\$316 770 00</u>

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

**CONTRACTS FOR CONSTRUCTION OF SMALL HOMES
COUNCIL BUILDING**

(25) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for construction of a new building for the Small Homes Council—Building Research Council to be located on the south side of St. Mary's Road east of St. Mary's Cemetery, the award in each case to the lowest bidder:

General—Dean Evans Co., Champaign		
Base bid.....	\$65 469 00	
Additive alternates for construction of full basement under north wing.....	1 500 00	
and installation of five-eighths inch gypsum wall board in lieu of one-half inch material.....	600 00	\$67 569 00
Electric—G. L. Wilsky, an individual doing business as Downtown Electric, Urbana.....		
		13 025 00
Plumbing—Illini Plumbing and Heating, Inc., Champaign.....		
		8 235 00
Heating, Air Conditioning, and Ventilating—Petry Roofing and Sheet Metal Co., Champaign.....		
		10 180 00
<i>Total</i>		<u>\$99 009 00</u>

It is further recommended that all contracts other than the general contract be assigned to the contractor for general work, making the total of the latter contract \$99,009, and it is further recommended that an agreement be entered into with Dean Evans Co., Champaign, for the assignment of these contracts to that firm for the sum of \$1,000, which amount is included in the contract price, this being the amount bid by that firm in the appropriate space on the proposal form for service charges for supervision of other contracts by the general contractor.

Funds are available in the Universities Building Fund and state capital appropriations to the University for 1965-67 and have been released.

Submitted herewith is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

**CONTRACTS FOR REMODELING BASEMENT OF 801 SOUTH
WRIGHT STREET, CHAMPAIGN**

(26) The Director of the Physical Plant and the Vice-President and Comptroller recommend the assignment of \$80,520 from Contract Research Reserve and the award of the following contracts, based on the percentage bids for contractors' fees, for remodeling the basement of the 801 South Wright Street building, Champaign, which will be used for the Insurance Office and the Auditing Division of the Business Office. The award in each case is to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payments</i>	<i>Total Estimated Payments</i>
General—Dean Evans Co., Champaign.....	5	25	5	\$2 790 00	\$18 590 00
Electrical—Wm. H. Brunkow doing business as Brunkow Electric Co., Champaign.....	10	24	0	1 110 00	6 910 00

Heating, Piping, Refrigeration and Automatic Temperature Control Systems—Julian Engineering Company, Chicago.....	10	30	10	2 740 00	17 940 00

Submitted herewith is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Clement, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

CONTRACT FOR INSTALLATION OF STORM AND SANITARY SEWERS TO SERVE THE UNDERGRADUATE LIBRARY, URBANA

(27) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for \$89,181 to George S. Walker Plumbing & Heating, Inc., Decatur, the lowest bidder, for installation of a storm sewer from the northwest corner of the Undergraduate Library to Wright Street and the installation of a sanitary sewer from the northwest corner of the Undergraduate Library east to Mathews Avenue.

Funds are available from state capital appropriations to the University for 1965-67 and have been released.

I concur.

On motion of Mr. Hughes, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

IMPROVEMENTS OF SIXTH STREET IN CHAMPAIGN

(28) The city of Champaign, in accordance with the Major Street and Highway Plan for the Champaign-Urbana Area, is planning to widen and resurface South Sixth Street from its present width (36 feet) to 44 feet from curb to curb, from University Avenue south to Armory Avenue. With the University participating, the City will extend the improvements one block to Gregory Drive.

The University owns 23.01 per cent of the property frontage on Sixth Street from University Avenue to Armory Avenue and all the frontage, including the street, from the center line of Armory Avenue to Gregory Drive. The improvement will include the widening, the resurfacing, the installation of modern street lights, a new bridge on the Bone Yard Creek, traffic signals at Armory Avenue and Sixth Street, and sidewalks and other construction related to the improvements.

The City is proceeding with this project under the assumption that the University will share in the costs of the improvement in accord with the following estimates:

1. For that portion of the project from University Avenue to the center line of Armory Avenue, including the traffic signals at the latter intersection, in accord with the ratio of University property frontage to the total property or 23.01 per cent of the cost of the total project	\$ 85 000 00
2. For that portion of the project from the center line of Armory Avenue to the north curb line of Gregory Drive based on 100 per cent University ownership.....	45 000 00
<i>Total</i>	\$130 000 00

Funds are available in state capital appropriations to the University for 1965-67 and have been released.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Comptroller and the Secretary of the Board be authorized to execute an agreement with the city of Champaign for the University participation in this improvement on the basis of the above estimate and that funds be assigned for this purpose.

I concur.

On motion of Mr. Clement, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr.

Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

CONTRACT FOR FABRICATION OF ILLIAC IV

(29) On February 16, 1966, the Board of Trustees approved the prime research contract to design, fabricate, and operate the Illiac IV Computer with the Rome Air Development Center, Department of Defense.

On March 16, 1966, the Board of Trustees awarded the subcontracts for detailed specifications and design work to three companies. After a series of technical progress meetings with the companies participating in the design phase, it became evident that the company whose design was selected should be chosen to fabricate the machine. Upon the recommendation of the Department of Defense, the Finance Committee endorsed the recommended method of selecting the company to fabricate the machine.

A Review and Selection Panel of twelve members appointed jointly by the University of Illinois and the Department of Defense reviewed the three proposals. The Burroughs Corporation was selected by use of a point scoring evaluation which gave consideration to both price and technical accomplishments.

The Burroughs Corporation has offered a cost-plus incentive fee contract at a total estimated cost, including fees of \$14,602,986. The total contract is for 256 processing units. However, the first phase on a cost incentive basis will be for sixteen processing units at an estimated cost of \$4,800,000. When technical confidence is assured at this level, the contract is convertible for construction of the remainder of the machine to a fixed price contract.

It may take as long as ninety days to negotiate and execute this contract. There is a critical time schedule for delivery of Illiac IV and assembling talent and resources for its fabrication. With the concurrence of the Department of Defense, the Dean of the Graduate College and the Vice-President and Comptroller recommend that a preliminary subcontract (letter authorization) be entered into authorizing Burroughs Corporation to commence work and expend funds to a total not exceeding \$500,000 over the next ninety days. During this period, negotiations for a definitive contract will proceed with a target date for execution within the ninety-day period.

I concur.

On motion of Mr. Swain, this recommendation was approved.

CONTRACT WITH BOARD OF EDUCATION OF THE CITY OF CHICAGO

(30) The Chancellor at Chicago Circle and the Vice-President and Comptroller recommend authorization of a contract with the Board of Education of the City of Chicago in the amount of \$6,840.

This contract provides for reimbursement to the Board of Education for the services of one of its staff members, who will serve as Coordinator, under a grant supporting a Program in Youth Development and Teacher Education.

Funds are available from a grant awarded by the State of Illinois Board of Higher Education, under provisions of Title I of the Higher Education Act of 1965, identified as Grant Number 66-014.

I concur.

On motion of Mr. Grimes, authority was given as recommended by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

INCREASE IN CONTRACT WITH SKIDMORE, OWINGS & MERRILL FOR MASTER CAMPUS PLAN STUDIES, CHICAGO CIRCLE

(31) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase in the contract with Skidmore, Owings & Merrill, Chicago, for Master Campus Plan Studies on the long-range expansion of the Chicago Circle campus, including coordination of the University's planning with that of the city of Chicago. The estimated cost of such work is \$50,000, for which funds are available in the Universities Building Fund.

I concur.

On motion of Mr. Swain, this recommendation was approved.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE CONTRACT FOR CONSTRUCTION OF CHICAGO CIRCLE CAMPUS, PHASE II

(32) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the Illinois Building Authority to authorize an increase of \$111,007.10 in the contract with Gust K. Newberg Construction Co., Chicago, for the construction of Chicago Circle Campus, Phase II. The work includes provision of additional plumbing, process piping and electrical facilities and adjustments to laboratory equipment in teaching laboratories on the third floor of the Science and Engineering Laboratory Addition which have been requested by the Department of Energy Engineering as essential to properly carry out the academic program of that department.

Funds are available in the construction budget for this work.
I concur.

On motion of Mr. Swain, this recommendation was approved.

CONTRACTS FOR MEDIA SERVICE REMODELING IN THE SECOND UNIT OF THE DENTISTRY- MEDICINE-PHARMACY BUILDING, MEDICAL CENTER

(33) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of contracts for Media Service remodeling at the Medical Center campus, the award in each case to the lowest bidder.

General—Simpson Construction Co., Chicago.....	\$15 543 00
Plumbing—Fettes, Love & Sieben, Inc., Chicago.....	2 850 00
Heating and Process Piping—The Nu-Way Contracting Corp., Chicago.....	4 913 00
Ventilation—Moto Heating, Ventilating, Air Conditioning Corporation, Chicago.....	715 00
Pipe Covering and Insulation—Brand Insulations, Inc., Chicago.....	197 00
Electrical—Schaeffer Electric Co., Division of Sam Schaeffer Co., Chicago.....	4 260 00
	<u>\$28 478 00</u>

The work provides for the rearrangement of partitions, new lighting, floor covering, air conditioning, and the installation of new washroom facilities. The work also includes the connecting of utilities to laboratory equipment, for which an award of contract was approved by the Board of Trustees on March 14, 1967.

Funds for this work are available from state capital appropriations for 1965-67 and have been released.

Submitted herewith is a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Clement, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

EMPLOYMENT OF ARCHITECTS AND ENGINEERS

(34) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize employment of the following firms for complete architectural and engineering services, including design, preparation of working drawings and supervision of construction, at the fees and for the projects listed all of which are included in the 1967-69 biennial request:

<i>Project</i>	<i>Professional Recommended</i>	<i>Fee Based on Actual Construction Costs</i>
<i>Chicago Circle Campus</i>		
Education Center	Harry Weese & Associates, Chicago	5½ per cent
Student Services Administration Building	Harry Weese & Associates, Chicago	5½ per cent

<i>Project</i>	<i>Professional Recommended</i>	<i>Fee Based on Actual Construction Costs</i>
<i>Chicago Circle Campus</i> Heating Plant Addition	Sargent & Lundy, Chicago	The salaries of technical personnel assigned to the work plus 50 per cent; the actual cost of stenographic, travel, and miscellaneous expense related to the job; plus a fixed fee of 2 per cent of the actual cost of construction
Utility Distribution System Extensions	Sargent & Lundy, Chicago	Same as above
<i>Medical Center Campus</i> Office Building	Loebl, Schlossman, Bennett & Dart, Chicago	5½ per cent
<i>Urbana-Champaign Campus</i> Music Building	Richardson, Severns, Scheeler & Associates, Champaign	5½ per cent
Library—Fifth Stack Addition	Lankton, Ziegele, Terry and Associates, Inc., Peoria	5 per cent based on partial supervision

Funds are temporarily available from the Stores and Services Account for initial authorizations to the architects on the Education Center at Chicago Circle and the Music Building and the Library—Fifth Stack Addition at the Urbana campus until permanent financing is available. The initial authorizations will provide for the preparation of preliminary schematic drawings used in applications for Federal Grant Funds. These applications must be submitted as soon as possible.

Authorizations will be withheld on the remaining projects until funds are available to the University or the Illinois Building Authority for the completion of work.

These recommendations have been considered and approved by the Advisory Committee on the Selection of Architects and Engineers and the Committee on Buildings and Grounds.

I concur.

On motion of Mr. Grimes, authority was given as recommended by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

REVISION OF ORCHARD DOWNS AND ORCHARD DOWNS ADDITION SITE, URBANA

(35) The legal description of the Orchard Downs Apartments and the Orchard Downs addition sites included the west property line of Race Street as the eastern boundary; however, no buildings in the apartment complex are located within 200 feet of Race Street. Inasmuch as the University may wish to use the Race Street frontage for other purposes in the future, it is desirable, in connection with the delivery of the Housing Revenue Bonds of 1966, Series A and B, to modify the site description used in the Housing Revenue Bonds of 1960, Series A, and the Housing Revenue Bonds of 1964, Series A. Therefore, the Director of the Physical Plant and the Vice-President and Comptroller recommend the adoption of the following resolution.

Resolution

WHEREAS the following described land, which was designated for, and constitutes a portion of, the project site of Item 2 of Project D (otherwise known as

Orchard Downs Apartments) for the account of which \$5,000,000 Housing Revenue Bonds of 1960, Series A were issued, and which was also designated for, and constitutes a portion of the project site of Project F (otherwise known as Orchard Downs Addition) for the account of which \$2,100,000 Housing Revenue Bonds of 1962, Series A were issued, both issues being under and pursuant to that Housing Revenue Bond Resolution of this Board of Trustees adopted December 17, 1958, as supplemented (herein called the "Resolution") and described as follows:

Situated in the State of Illinois, the County of Champaign, and being a part of the NW $\frac{1}{4}$ of the N $\frac{1}{2}$ of the SW $\frac{1}{4}$ of Section 20, Township 19 North, Range 9 East of the Third Principal Meridian, and being more fully bounded and described as follows:

Beginning at an iron pipe 1005.0 feet distant South of and 30.0 feet distant West of the NE corner of the NW $\frac{1}{4}$ of Section 20, said pipe being in the West property line of Race Street in the City of Urbana; thence Southerly along the West property line of said Race Street, extended South, a distance of 1,756.66 feet to a corner, said corner being marked with an iron pipe; thence Westerly a distance of 200.0 feet to a corner, said corner being marked with an iron pipe; thence Northerly along a line parallel to the West property line of said Race Street, extended South, a distance of 1,756.66 feet to a corner, said corner being marked with an iron pipe; thence Easterly a distance of 200.0 feet to the place of beginning,

(said property herein being called "Abandoned Property") is not revenue producing and is not needed as a part of the sites of the above mentioned projects; and

WHEREAS The Board of Trustees of the University of Illinois wishes to add to the above Project Sites additional land upon which additional revenue producing facilities will be constructed, said facilities consisting Items 1 and 2 of Project J as described in the Ninth Supplemental Housing Revenue Bond Resolution, approved March 14, 1967; and

WHEREAS the abandonment of the Abandoned Property will not materially affect the use or occupancy of any of the facilities for the account for which bonds have been issued under the Resolution or the revenues derived or to be derived from any such facilities:

Now, Therefore, Be It, and It Hereby Is Resolved that The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, does hereby permanently abandon the use of the said above described Abandoned Property as part of the Project Site of Projects D and F and concurrently therewith replaces said Abandoned Property with additional property, and henceforth the Project Sites for Item 2 of Project D and for Project F, shall be described as follows:

Situated in the State of Illinois, the County of Champaign, the City of Urbana and being a part of the NW $\frac{1}{4}$ of Sec. 20 and the N $\frac{1}{2}$ of the SW $\frac{1}{4}$ of Sec. 20, Township 19 North, Range 9 East of the Third Principal Meridian, and being more fully bounded and described as follows:

Beginning at a point 1005.0 feet distant South of and 230.0 feet distant West of the NE corner of the NW $\frac{1}{4}$ of said Section 20, said point being marked with an iron pipe monument; Thence Westerly, a distance of 1120.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Southerly, a distance of 260.96 feet to a corner, said corner being marked with an iron pipe monument; Thence Southeasterly, a distance of 390.51 feet to a corner, said corner being marked with an iron pipe monument; Thence Southerly, a distance of 514.55 feet to a corner, said corner being marked with an iron pipe monument; Thence Westerly, a distance of 390.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Southerly, a distance of 890.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Easterly, a distance of 612.89 feet to a corner, said corner being marked with an iron pipe monument; Thence Southwesterly, a distance of 507.91 feet to a corner, said corner being marked with an iron pipe monument; Thence Southeasterly, a distance of

679.6 feet to a corner, said corner being marked with an iron pipe monument; Thence Northeasterly, a distance of 286.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Northerly, a distance of 117.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Easterly, a distance of 247.4 feet to a corner, said corner being marked with an iron pipe monument; Thence Northerly, a distance of 199.0 feet to a corner, said corner being marked with an iron pipe monument; Thence Easterly, a distance of 136.6 feet to a corner, said corner being marked with an iron pipe monument; Thence Northerly, a distance of 2210.26 feet to the point of beginning, containing $53.47 \pm$ acres, more or less.

Said site also being the Project Site of Items 1 and 2 of Project J as described in the Ninth Supplemental Housing Revenue Bond Resolution, approved March 14, 1967.

Be It Further Resolved that inasmuch as the Abandoned Property is not revenue producing, all of the conditions precedent set forth in Section 8.01 of the Resolution are fully satisfied to the extent they may in any way be considered applicable.

On motion of Mr. Swain, the foregoing resolution was adopted.

JOLIET EXPERIMENTAL FIELD

(36) The Joliet Experimental Field of approximately thirty-one acres, acquired by the University of Illinois in 1913 from the County of Will, was discontinued as an experimental field prior to 1964. The warranty deed conveying the property to the University provided that in the event agricultural experimentation should be discontinued for a period of two consecutive years the title and ownership of this land should revert to the County of Will.

For over a year discussions have been under way with representatives of the Will County Board of Supervisors concerning the disposition of this tract, since the reverter statute of the state raised questions as to whether title was in the University or in the County. The County has represented that it desires to use the land for its governmental purposes.

The Seventy-fifth General Assembly has enacted a bill directing the Board of Trustees to reconvey this tract by quit claim deed to Will County, and on March 8, 1967, the legislation was approved by the Governor of the State of Illinois. Under the provisions of this Act, the quit claim deed from the University to the County is to be executed no later than ninety days from the date of the Governor's approval.

To implement the requirements of the Act, it is requested that the following resolution be adopted.

Resolution Transferring Joliet Experimental Field in Will County, Illinois, to the County of Will

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the President and Secretary of this corporation be, and they hereby are, authorized and directed to execute, acknowledge, and deliver in the name and in behalf of this corporation, a quit claim deed as so provided in "An ACT requiring the Board of Trustees of the University of Illinois to reconvey certain land to the County of Will", approved March 8, 1967, in order to convey to the County of Will in the State of Illinois, title to the real property hereinafter described viz:

Commencing at the South West Corner of the North West Quarter (N.W. ¼) of Section Thirty one (31), in Township Thirty six (36) North, and in Range Ten (10), East of the Third (3rd) Principal Meridian, and running thence East on the South line of said Quarter Section, Two Thousand and Fifty (2050) feet; thence North on a line parallel with the West line of said Quarter Section, Six Hundred Fifty eight and Seventy five One Hundredths (658.75) feet; thence West on a line parallel with the South line of said Quarter Section, Two Thousand and Fifty (2050) feet to the West line thereof, and thence South on the West line of said Quarter Section, Six Hundred Fifty eight and Seventy five One Hundredths (658.75) feet to the place of beginning, containing Thirty one (31) acres more or less, according

to a survey thereof made by William H. Zarley, County Surveyor of Will County, Illinois, on May 13th, 1913; also, commencing at the North East Corner of the Thirty one (31) acre tract above described, and running thence West on the North line thereof Three (3) rods, thence North to the center of the Plainfield Road, thence Southeasterly in the center of said Road to a point directly North of the place of beginning and thence South One Hundred and Seventy five One Hundredths (100.75) feet to the place of beginning, situated in the County of Will and State of Illinois.

On motion of Mr. Hughes, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

EASEMENT TO GENERAL TELEPHONE COMPANY OF ILLINOIS

(37) The Vice-President and Comptroller recommends that the General Telephone Company of Illinois be granted an easement for the installation of an underground telephone cable over the road right-of-way only and bordering Allerton Trust Farm land in Piatt County, and that the following resolution be adopted.

I concur.

Resolution Granting Easement Over Road Right-of-Way Only and Bordering Allerton Trust Farm Land in Section 4, Piatt County, Illinois

Be It, and It Hereby Is Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and the Secretary of this corporation be, and they hereby are, authorized to execute, acknowledge, and deliver in the name and on behalf of this corporation such instruments of conveyance, contract or other document or documents as to them may seem necessary or desirable in order to grant to General Telephone Company of Illinois, an Illinois corporation, hereinafter referred to as "Company", its successors and assigns, the right and easement to construct, operate, patrol and maintain its communication lines including the necessary underground cables, wires, conduits, splicing boxes, surface terminals, markers and appurtenances upon, over and across the land hereinafter specifically described which land is included in the public highway, to form a part of a communication system to be owned by the said Company in Piatt County, Illinois, to other lands and structures located beyond the lands hereinafter described, and upon, along, under and across the roads, streets, or highways on or adjoining said land hereinafter described together with the right of access to the said land hereinafter described, with the right to permit the attachment of the wires of any other Company. Company shall agree to repair any damage caused to property of this corporation by the construction, reconstruction, operation, patrolling, maintenance, renewal or removal of said telephone communications cable, and to indemnify the University and its representatives and tenants from liability in connection with its activities; the term of said easement to be for such period as the easement may be used for the above-described purposes, but upon the discontinuation of use of or abandonment of said telephone communications cable, said easement to thereupon cease and determine without necessity of re-entry or demand; the rights and easement granted to be limited to the extent that this public corporation has the present right and capacity to grant the same. The right-of-way easement shall be over the following-described property:

Situated in the State of Illinois, the County of Piatt, and only on the road right-of-way bordering land described as follows:

On West road right-of-way bordering the South Seventy (70) acres of the East One-half (E ½) of the Southeast Quarter (SE ¼) of Section Four (4), Township Eighteen North (T-18-N), Range Five East (R-5-E) of the Third Principal Meridian (3rd P.M.).

On motion of Mr. Swain, the foregoing resolution was adopted.

**RECOMMENDATION FROM COMMITTEE ON COPYRIGHTS
AND RECORDINGS, URBANA**

(38) In accordance with Section 19 of *The General Rules Concerning University Organization and Procedure*,¹ the Committee on Copyrights and Recordings has reviewed a case involving the proposed publication of a book to be entitled "An Introduction to the Bayesian Approach to Statistical Decision Theory." The author is Dr. Bruce W. Morgan, Assistant Professor of Economics at Urbana.

The manuscript is based in part on materials prepared by Professor Morgan while on full-time appointment during the summer of 1964. Subsequently, a mimeographed version was prepared for use in Economics 172. The new publication would represent a substantial revision and expansion of the mimeographed edition.

In the light of its review, the Committee on Copyrights and Recordings has made the following recommendations: (a) that the University retain its rights to the original edition of the manuscript, for possible use in economics courses; (b) that the University release its rights to the new manuscript to Professor Morgan (who would be free to copyright it or to assign the copyright to a publisher); (c) that the University be paid 10 per cent of the royalties received from sales of the new book, up to a limit of \$900.

The Executive Vice-President and Provost and the Vice-President and Comptroller endorse these recommendations of the Committee on Copyrights and Recordings.

I concur.

On motion of Mr. Clement, these recommendations were approved.

PURCHASES

(39) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

From Appropriated Funds

Purchases Authorized	\$ 17 995 41
Purchases Recommended	187 479 53
	<u>\$205 474 94</u>

From Institutional Funds

Purchases Authorized	\$ 20 474 00
Purchases Recommended	756 727 14
	<u>\$777 201 14</u>

Grand Total \$982 676 08

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Hughes, the purchases authorized by the President were approved, and the purchases recommended were authorized.

¹ On April 17, 1963, the Board of Trustees amended Section 19 of *The General Rules Concerning University Organization and Procedure* to provide that a proportion of the net income earned from the marketing of copyrighted or recorded material produced with University support might be assigned to the author(s) or developer(s) of the material. Under this Section, it is provided that all rights to such copyrighted or recorded materials produced with University support belong to the University. The revision further provides that a University Committee on Copyrights and Recordings review the circumstances involved in each case, and make recommendations concerning it to the President and the Board of Trustees.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(40) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

LEASING OF MEMORIAL STADIUM

(44) The Physical Plant Department has recommended the development of a long-range maintenance program for the Memorial Stadium. In order to provide necessary financing for this program as well as the construction of a new press box on the Stadium, the First National Bank of Chicago has agreed to loan the University of Illinois Foundation \$1,000,000 at 3¼ per cent over a ten-year period which will be repaid from payments to be received from the Athletic Association.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Memorial Stadium be leased to the Foundation for a period of fifteen years, lease to terminate when obligations are paid in full. In addition, the Foundation be requested to borrow funds for construction from the First National Bank of Chicago and lease the property back to the University at a rental sufficient to cover the interest, payments on principal, and other related costs to the Foundation.

I concur and recommend adoption of the following resolution.

Resolution Re University of Illinois Memorial Stadium

Be It, and It Hereby Is, Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and in the name of, and on behalf of, this public corporation:

(1) to sign, execute and deliver an agreement with and to University of Illinois Foundation, a not-for-profit corporation of the State of Illinois, hereinafter referred to as "Foundation", which agreement shall provide that this public corporation will lease certain hereinafter described property owned by it in Champaign, Illinois to Foundation; that Foundation will borrow money for the purpose of constructing, and will construct, on said property a New Press Box and perform repair and maintenance work on Memorial Stadium and secure architectural and engineering services in connection therewith; that Foundation will sublease said premises, including the building and facilities thereon, to this public corporation at a rental sufficient to pay Foundation's indebtedness incurred in connection with the construction, repair and maintenance work for said building and facilities; and that upon completion of the repayment of said indebtedness from said rentals title to said property, including all improvements and facilities thereon, shall be vested in this public corporation;

(2) to enter into a lease with Foundation providing for the leasing by this public corporation to Foundation of the following described property, viz:

"Situated in the State of Illinois, the County of Champaign, the City of Champaign, in the SW ¼ of Section 18, Township 19 North, Range 9 East of the Third Principal Meridian, and being a part of Lots 11, 12, and 13 of William Williamson's Subdivision of the West ½ of the SW¼ of said Section 18, and being more fully bounded and described as follows:

"Beginning at a point 21.98 feet distant North of and 416.2 feet distant East of the SW corner of said Section 18; thence Northerly, a distance of 702.3 feet to a corner; thence Easterly a distance of 641.95 feet to a corner; thence Southerly,

a distance of 706.2 feet to a corner; thence Westerly, a distance of 641.31 feet to a place of beginning, containing 10.378 acres, more or less,"

for a term of, fifteen years commencing on the first day of June A.D. 1967, and extending to and including the 31st day of May A.D. 1982, or until the indebtedness incurred by Foundation in connection with the construction on and repair of said building and facilities has been paid and liquidated, whichever shall first occur; in consideration of Foundation's constructing thereon a New Press Box at Memorial Stadium pursuant to plans and specifications therefor as now on file in the office of the University Architect of this public corporation and for which bids have been received, and in consideration of Foundation's securing architectural and engineering services for, and the performing of necessary structure repair and maintenance work on Memorial Stadium, and in consideration of Foundation's subleasing said premises and the building and facilities thereon to this public corporation upon the terms and conditions hereinafter set forth; and providing further that in the event this public corporation should become in default under the terms of said sublease or fail to exercise any option for renewal of the term of said sublease under the terms and conditions therein set forth that thereupon Foundation shall have the full and unrestricted right to the use and possession of said premises and the building and facilities thereon for the remainder of the original term of said lease and the right to assign said lease or sublet said premises with the building and facilities thereon to others for the remainder of the original fifteen year term of said lease;

(3) to enter into a sublease agreement with Foundation providing for the subleasing by Foundation to this public corporation of said premises including the building and facilities thereon, under which sublease this public corporation will agree to pay a rental sufficient to meet all current installment payments becoming due and required to be paid by Foundation during the term of said sublease on Foundation's indebtedness incurred in connection with the construction on and repair of said building and facilities; said sublease to run from the date of the closing of Foundation's permanent loan secured for the financing of said improvements and extend to June 30 of the first subsequent odd-numbered year thereafter, and which permanent loan it is contemplated will be repayable in forty quarterly installments of approximately Twenty-nine Thousand Four Hundred Dollars (\$29,400.00) each (which includes interest at an effective net interest rate of $3\frac{1}{4}$ per cent due each quarter on the unpaid balance); and which sublease shall contain options giving to this public corporation the right to renew said sublease for successive two year periods from July 1 of each odd-numbered year to June 30 of the next succeeding odd-numbered year by giving written notice to Foundation between the first and fifteenth day of July in each year when such renewal is to be made, until said sublease is finally terminated by the payment and liquidation of the above mentioned indebtedness;

(4) to commit this public corporation to act as agent for Foundation in the supervision of construction and administration of contracts therefor and change orders thereto, and the administration and service of said indebtedness, and in making payments of and disbursements from and of funds made available by the creditor of Foundation for the purpose of said construction, repair, and acquisition of facilities and services;

(5) to enter into an agreement with The Athletic Association of the University of Illinois, a not-for-profit corporation of the State of Illinois, providing for the operation of Memorial Stadium at a rental or operating charge sufficient in amount to provide for the amortization of said Foundation indebtedness; and

(6) to sign, execute, acknowledge and deliver any and all other documents and instruments deemed necessary or desirable by said Comptroller and said Secretary to accomplish the purposes herein set forth.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

SALE OF PROPERTY

(45) The late E. G. Woods, an alumnus of the University of Illinois, Class of 1931, of Manatee County, Florida, bequeathed to the University of Illinois his

residuary estate, including title to 37.9 acres of land in Manatee County, Florida. The University has now received an offer to purchase this property on behalf of Mr. Phillip Salvatori.

The purchase price would be \$60,000 payable as follows: \$1,500 held as binder; a balance of \$18,500 due within thirty days of signing a contract; the balance of \$40,000 payable in five equal annual installments with interest at the rate of 6 per cent per annum to be secured by a first mortgage containing a provision for a partial release (eastern half of the property) from the mortgage when \$10,000 of principal has been paid.

The 37.9 acres was originally appraised and inventoried at \$62,500 or \$1,650 per acre, but the offer of \$60,000 on the terms set out above represents the best offer to date.

The Vice-President and Comptroller recommends that sale of the property be approved and that he be authorized to enter into and execute a contract on the terms described for the sale of the 37.9 acres.

I concur.

On motion of Dr. Weatherly, this recommendation was approved and authority was given as requested by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

REPORTS AND RECOMMENDATIONS FROM THE
PRESIDENT OF THE BOARD

**ELECTION TO THE BOARD OF TRUSTEES OF THE
UNIVERSITIES RETIREMENT SYSTEM**

President Johnston announced that there is a vacancy in the representation from the Board of Trustees of the University on the Board of Trustees of the Universities Retirement System of Illinois and called for an election.

On motion of Mr. Hughes, Mr. Grimes was unanimously elected as a member of the Board of Trustees of the Universities Retirement System of Illinois. The other previously elected representatives are Mr. Hughes and Mr. Jones.

CIVIL SERVICE MERIT BOARD

President Johnston called attention to the fact that it has been the procedure that the three members of the Board of Trustees' Committee on Nonacademic Personnel also serve on the Civil Service Merit Board.

The Board confirmed the appointment of the members of the Committee on Nonacademic Personnel — Mr. Hughes, Mr. Swain, and Dr. Weatherly — as representatives on the Civil Service Merit Board.

FUTURE BOARD MEETINGS

President Johnston reminded the Trustees that the next three meetings will be held: May 16, 1967, at the Medical Center; June 20, 1967, at Urbana; and July 26, 1967, at Urbana.

REPORT OF THE EXECUTIVE COMMITTEE

The Executive Committee submitted the following report and minutes of its meeting on April 4, 1967.

On call of the Chairman, a meeting of the Executive Committee of The Board of Trustees of the University of Illinois was held in Room 800, 135 East Eleventh Place, Chicago, Illinois, on Tuesday, April 4, 1967, beginning at 11:30 a.m.

The following members of the Committee were present: Mr. Wayne A. Johnston, Chairman; Mr. Howard W. Clement. Mr. Timothy W. Swain was absent.

Also present were: President David D. Henry; Vice-President and Comptroller H. O. Farber; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; and Mr. Earl W. Porter, Secretary of the Board of Trustees.

The Committee considered the following recommendations from the President of the University.

**REQUEST FOR EMERGENCY APPROPRIATION FROM THE
GENERAL ASSEMBLY TO COVER CASUALTY LOSSES**

The University of Illinois, Urbana campus, this winter suffered casualty losses not covered by insurance as follows:

1. Fire in Motion Picture Services	January 28, 1967	\$ 45 000 00
2. Fire in Computer Laboratory	March 4, 1967	155 700 00
Building		\$ 27 000 00
Equipment		128 700 00
3. Ice Storm Damage to WILL Radio Towers ..	January 27, 1967	28 140 00
<i>Total</i>		\$228 840 00

The fire in the Motion Picture Services Unit was located in space which the University leased on the second floor above Bailey & Himes store (606 East Green Street, Champaign). Therefore, there was no loss to University buildings.

The fire in the Computer Laboratory on March 4 fortunately did not mate-

rially damage the very expensive computers themselves. A list of the damaged equipment is attached, with the estimated cost of repair or replacement. The estimated cost of repairing the building is \$27,000, exclusive of damage to the addition to the building which is under construction and, hence, is covered by builders' risk insurance.

One of the WILL radio towers was among the many towers and antennas in the Urbana-Champaign area that fell during the heavy ice storm on January 27. As indicated in Director Frank E. Schooley's memorandum, the cost of constructing two guyed towers at \$28,140 is less than replacing the self-supporting tower with one which would be identical with the standing tower.

The Vice-President and Comptroller recommends that the University administration be authorized to request an emergency appropriation of \$228,840 from the General Assembly to cover these casualty losses.

I concur and further recommend that the concurrence of the Illinois Board of Higher Education be requested.

On motion of Mr. Clement, this recommendation was approved.

**CONTRACT FOR RESEARCH ON APPLICATION OF SEWAGE
SLUDGE TO FIELD CROPS**

The Metropolitan Sanitary District of Greater Chicago has offered the University of Illinois a research contract in the amount of \$600,000 to perform a study of the agricultural benefits and environmental changes resulting from the use of digested sewage sludge on field crops over a three-year period beginning in April, 1967.

The project will involve the Departments of Agronomy and Civil Engineering initially and might require participation of other departments at a later date. Specifically, the study will seek to determine feasibility of using digested sewage that comes from the city's sewage treatment plants on agricultural lands. It will involve studying whether this can be done without harmful contamination of surface and ground waters and without adverse effects on soils and crops. Chemical, physical, and biological studies will be made.

The aim of the project is to solve problems encountered by Chicago and other large metropolitan areas in disposing of sludge from treatment plants as well as to find cheap sources of plant nutrients for agricultural crops. The only similar project known to be operating is one sponsored by the United States Public Health Service in the Cincinnati, Ohio, area.

The cost for the first year of operation will be \$273,000. The University expects to recover all costs of research involved under the contract.

The Dean of the College of Agriculture, the Executive Vice-President and Provost, and the Vice-President and Comptroller recommend acceptance of this contract.

I concur.

On motion of Mr. Clement, this recommendation was approved.

The business of the Executive Committee having been concluded, on motion of Mr. Clement, the Committee adjourned.

RECESS AND EXECUTIVE SESSION

President Johnston announced that an executive session had been requested and was being ordered for consideration of reports and recommendations relating to acquisition of properties.

On motion of Mr. Swain, the Board recessed.

When the Board reconvened in executive session, the same members of the Board, officers of the Board, and officers of the University as recorded at the beginning of these minutes were present, except Dr. Weatherly who asked to be excused.

The Board considered the following business presented by the President of the University.

APPLICATION FOR GRANT FUNDS UNDER TITLE VII HOUSING ACT OF 1961 AS AMENDED AND LAND AND WATER CONSERVATION FUND ACT OF 1964, CHICAGO CIRCLE

(46) It is proposed that applications for grants in the amount of \$112,000 to acquire 5.141 acres of virgin black soil prairie located in the City of Glenview, County of Cook, State of Illinois, be filed with the Department of Housing and Urban Development and through the Director of Conservation of the State of Illinois to the United States Department of Interior, Bureau of Outdoor Recreation. This land contains irreplaceable native flowering plants and grasses which can not be replaced or transplanted and will be valuable for teaching and research in the Department of Biological Sciences, Chicago Circle campus.

The requirements of both agencies require the adoption of a formal resolution by the Board, authorizing the filing of an application and designating the person to act on behalf of the University.

It is recommended that the Board of Trustees adopt the resolutions submitted herewith authorizing the filing and designate James E. Osborn, Business Manager at Chicago Circle, as the officer authorized to file the applications on behalf of the University.

If either grant is awarded pursuant to said applications, its acceptance will be conditioned on receipt of matching funds from private sources which have indicated an interest in this project.

I concur.

Resolution

WHEREAS Title VII of the Housing Act of 1961, as amended, provides for the making of grants by the Department of Housing and Urban Development to States and local public bodies to assist them in the acquisition and development of permanent interests in land for open-space uses where such assistance is needed for carrying out a unified or officially coordinated program for the provision and development of open-space land as part of the comprehensively planned development of the urban area; and

WHEREAS The Board of Trustees of the University of Illinois (herein sometimes referred to as "Applicant") desires to acquire fee simple title to a certain tract of virgin black soil, in extent slightly over five acres, undeveloped, in the City of Glenview, County of Cook, State of Illinois, which land is to be held and used for permanent open-space land for conservation and historic preservation purposes; and

WHEREAS Title VI of the Civil Rights Act of 1964, and the regulations of the Department of Housing and Urban Development effectuating that Title, provide that no person shall be discriminated against because of race, color, or national origin in the use of the land acquired; and

WHEREAS it is recognized that the contract for Federal grant will impose certain obligations and responsibilities upon the Applicant and will require among other things (1) assurances that families and individuals displaced as a result of the open-space land project will be relocated into decent, safe, and sanitary housing, (2) compliance with Federal labor standards, and (3) compliance with Federal requirements relating to equal employment opportunity; and

WHEREAS it is estimated that the cost of acquiring said interest will be \$224,000:

Now, Therefore, Be It Resolved by this Board of Trustees of The Board of Trustees of the University of Illinois:

1. That an application be made to the Department of Housing and Urban Development for a grant in an amount authorized by Title VII of the Housing Act of 1961, as amended, which amount is presently estimated to be \$112,000, and that the Applicant will pay the balance of the cost from other funds available to it.

2. That the Business Manager of the University of Illinois at Chicago Circle is hereby authorized and directed to execute and to file such application with the Department of Housing and Urban Development, to provide additional information and to furnish such documents as may be required by said Agency, to execute such contracts as are required by said Agency, and to act as the authorized correspondent of the Applicant.

3. That the proposed acquisition and development is in accordance with plans for the allocation of land for open-space uses, and that, should said grant be made, the Applicant will acquire, develop, and retain said land for the use designated in said application and approved by the Department of Housing and Urban Development.

4. That the United States of America and the Secretary of the Department of Housing and Urban Development be, and they hereby are, assured of full compliance by the Applicant with regulations of the Department of Housing and Urban Development effectuating Title VI of the Civil Rights Act of 1964.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Swain, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page, Dr. Weatherly.

Resolution

Be It, and It Is Hereby Resolved by The Board of Trustees of the University of Illinois, a public corporation of the State of Illinois, that this public corporation prepare and submit an application through the Director of Conservation of the State of Illinois to the United States of America, Department of the Interior, Bureau of Outdoor Recreation, for a grant of funds in the amount of \$112,000 from the Land and Water Conservation Fund established under and pursuant to Public Law 88-578, approved September 3, 1964, for the purpose of meeting one-half the cost of acquiring a tract of virgin black soil, in extent slightly over five acres, undeveloped, situated in the City of Glenview, County of Cook, State of Illinois.

Be It, and It Is Hereby, Further Resolved that Mr. James E. Osborn, Business Manager of the University of Illinois at Chicago Circle be, and he hereby is, designated as the Officer with authority to sign such application, to execute and deliver such other and further documents as may be required in connection therewith, and in all matters related to such application and any grant made pursuant thereto to act as the authorized Representative of this public corporation.

On motion of Mr. Swain, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page, Dr. Weatherly.

ACQUISITION OF 1001 WEST CALIFORNIA AVENUE, URBANA

(47) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board request the University of Illinois Foundation to purchase the property at 1001 West California Avenue, Urbana, at the price of \$50,000 and lease it to the University at a rental rate adequate to pay the interest on a bank loan to the Foundation to finance the purchase of the property until such time as funds become available for purchase by the University.

The land is required for expansion of University facilities east of the Krannert Center for the Performing Arts.

I concur.

On motion of Mr. Hughes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr.

Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page, Dr. Weatherly.

On motion of Mr. Swain, the Board adjourned.

Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer, and Mr. Earl W. Porter, Secretary.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

**REPORTS AND ANNOUNCEMENTS BY THE
PRESIDENT OF THE BOARD**

**ELECTION TO THE BOARD OF TRUSTEES OF THE
UNIVERSITIES RETIREMENT SYSTEM**

President Johnston announced that Mr. Jones had asked to be released from his service as a representative of The Board of Trustees of the University of Illinois on the Board of Trustees of the Universities Retirement System of Illinois.

On motion of Mr. Hughes, Mr. Pogue was unanimously elected as a member of the Board of Trustees of the Universities Retirement System of Illinois. The other representatives are Mr. Grimes and Mr. Hughes.

FUTURE BOARD MEETINGS

President Johnston announced that the next three meetings of the Board will be held: June 20, 1967, Urbana, July 26, 1967, Urbana, and September 20, 1967, Chicago.

On motion of Mr. Swain, these appointments were confirmed.

HEADSHIP OF DEPARTMENT OF ANTHROPOLOGY, URBANA

- (5) The Dean of the College of Liberal Arts and Sciences at Urbana recommends the appointment of Professor Edward M. Bruner, presently Acting Head of the Department of Anthropology, as Head of the Department beginning September 1, 1967, at an annual salary of \$20,000, on an academic year basis, divided: \$19,000 as Professor of Anthropology, on indefinite tenure, and \$1,000 as Head of the Department.

Professor Bruner will succeed Professor Joseph B. Casagrande who asked to be relieved of this administrative duty effective September 1, 1967, so that he could devote full time to teaching and research.

The nomination of Professor Bruner was made with the advice of a search committee¹ and after consultation with the members of the Department of professorial rank, and is supported by the Executive Committee of the College, the Dean of the Graduate College, and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mr. Clement, this appointment was approved.

HEADSHIP OF DEPARTMENT OF BOTANY, URBANA

- (6) The Dean of the College of Liberal Arts and Sciences, Urbana, recommends the appointment of Professor John B. Hanson as Head of the Department of Botany, beginning September 1, 1967, at an annual salary of \$23,000, on a twelve months' service basis, divided: \$21,500 as Professor of Plant Physiology in the Department of Botany and in the Department of Agronomy, on indefinite tenure, and \$1,500 as Head of the Department of Botany.

This appointment is to succeed Professor John R. Laughnan who asked to be relieved of this administrative assignment as of August 31, 1965. Professor James F. Nance has been serving as Acting Head.

The nomination of Professor Hanson is made with the advice of a search committee² and is supported by the faculty of the Department of Botany, the Executive Committees of the School of Life Sciences, and of the College of Liberal Arts and Sciences, the Dean of the Graduate College, and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mr. Pogue, this appointment was approved.

CHAIRMANSHIP OF DEPARTMENT OF THEATRE, URBANA

- (7) The Dean of the College of Fine and Applied Arts at Urbana recommends the appointment of Professor Barnard W. Hewitt as Professor, on indefinite tenure, and Chairman of the Department of Theatre, on 67 per cent time, for two years, beginning September 1, 1967, on an academic year service basis. Professor Hewitt will continue in the Department of Speech in the College of Liberal Arts and Sciences, on indefinite tenure, on 33 per cent time. The salary will be determined when the budget for 1967-68 is submitted to the Board for approval.

The establishment of a Department of Theatre in the College of Fine and Applied Arts was approved by the Board of Trustees on April 19, 1967, at which time the Trustees also approved the transfer of the "performance" functions of the Department of Speech and Theatre (College of Liberal Arts and Sciences) to the College of Fine and Applied Arts. The faculty members affected have voted in favor of a department with a chairman as the administrative officer.

¹ Ivan D. Steiner, Professor of Psychology, Chairman; Alan G. Jacobs, Assistant Professor of Anthropology; Bernard Karsh, Professor of Sociology, in the College of Liberal Arts and Sciences and in the Institute of Labor and Industrial Relations; Donald E. Lathrop, Associate Professor of Social Work; Oscar Lewis, Professor of Anthropology; Demetri B. Shimkin, Professor of Anthropology and of Geography; Julian H. Steward, Member of Center for Advanced Study and Research Professor of Anthropology.

² James G. Sternburg, Professor of Entomology and Executive Secretary of the Department, Chairman; Lindsay M. Black, Professor of Plant Pathology, in the College of Agriculture, and of Botany, in the College of Liberal Arts and Sciences; David Gottlieb, Professor of Plant Pathology; Dominick J. Paolillo, Associate Professor of Botany; Wilson N. Stewart, Professor of Botany (resigned September 1, 1966).

The recommendation for the appointment of Dr. Hewitt has the endorsement of all members of the Department of professorial rank, the Dean of the Graduate College, and the Executive Vice-President and Provost.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

HEADSHIP OF DEPARTMENT OF VETERINARY BIOLOGICAL STRUCTURE, URBANA

(8) The Dean of the College of Veterinary Medicine recommends the appointment of Dr. James E. Lovell, presently on the staff of the Veterinary Research Institute at Iowa State University, as Professor, on indefinite tenure, and Head of the Department of Veterinary Biological Structure at Urbana, for one year beginning September 1, 1967, at an annual salary of \$20,500 on a twelve months' service basis.

Professor Ray D. Hatch will continue to serve as Acting Head of the Department until September 1.

This appointment is recommended by a special search committee,¹ and is supported by the members of the Department of professorial rank.

The Dean of the Graduate College and the Executive Vice-President and Provost concur in this recommendation.

I recommend approval.

On motion of Mr. Hughes, this appointment was approved.

CHAIRMANSHIP OF DEPARTMENT OF ART, CHICAGO CIRCLE

(9) The Dean of the College of Architecture and Art and the Chancellor at Chicago Circle recommend the appointment of Simon D. Steiner, Associate Professor of Art, on indefinite tenure, as Chairman of the Department for two years beginning September 1, 1967. The salary will be determined when the budget for 1967-68 is submitted to the Board for approval.

This appointment is to succeed Professor Alfred P. Maurice who has served as Chairman of the Department for two years, and has asked not to be reappointed.

This recommendation is submitted after consultation with members of the Department and on nomination of its Executive Committee. The Executive Committee of the College of Architecture and Art, the Executive Vice-President and Provost, and the Dean of the Graduate College endorse this recommendation.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

HEADSHIP OF DEPARTMENT OF ORAL DIAGNOSIS, MEDICAL CENTER

(10) The Dean of the College of Dentistry and the Chancellor for the Medical Center recommend the appointment of Dr. Lawrence Cohen as Professor of Oral Diagnosis on indefinite tenure and Head of the Department, beginning September 1, 1967, at an annual salary of \$22,000 on a twelve months' service basis.

This appointment is to fill the vacancy created when Dr. Arthur Skupa assumed the Associate Deanship of the College of Dentistry in May of 1965. In the meantime, Dr. Donald L. McElroy has been serving and will continue to serve as Acting Head of the Department through August 31, 1967.

The nomination for this appointment was initiated by a search committee,² and all members of the Department of professorial rank have been consulted.

¹ Lyle E. Hanson, Professor of Veterinary Pathology and Hygiene, in the College of Veterinary Medicine, and of Veterinary Research, in the College of Agriculture, Chairman; Ray D. Hatch, Professor of Veterinary Anatomy and Histology and of Veterinary Clinical Medicine; Paul H. Silverman, Professor of Veterinary Pathology and Hygiene, in the College of Veterinary Medicine, and of Zoology and Head of the Department of Zoology, in the College of Liberal Arts and Sciences; Meyer J. Wolin, Associate Professor of Microbiology, in the College of Liberal Arts and Sciences, and of Dairy Science, in the College of Agriculture; George T. Woods, Professor of Veterinary Microbiology and Public Health, in the College of Veterinary Medicine, and of Veterinary Research, in the College of Agriculture.

² Maury Massler, Professor of Pedodontics, in the College of Dentistry, and Assistant Dean of Postgraduate and Teacher Education in the College of Dentistry, Chairman; Thomas K. Barber, Clinical Professor of Surgery in the College of Medicine, Professor of Pedodontics in the College of Dentistry, and Head of the Department; Herman Medak, Professor of Oral Pathology in Preventive Medicine and Community Health in the College of Medicine, Professor of Oral Pathology in the College of Dentistry, and Acting Head of the Department; Henry Rosenberg, Professor of Dental Radiology in the College of Dentistry and Acting Head of the Department; Arthur J. Skupa, Professor of Oral Diagnosis in the College of Dentistry and Associate Dean of the College.

The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

HEADSHIP OF DEPARTMENT OF RADIOLOGY IN THE COLLEGE OF DENTISTRY

(11) The Dean of the College of Dentistry and the Chancellor for the Medical Center recommend the appointment of Dr. Henry M. Rosenberg as Professor of Radiology on indefinite tenure and Head of the Department of Radiology in the College of Dentistry, beginning June 1, 1967, on 70 per cent time on a twelve months' service basis at an annual salary of \$12,600.

This appointment is to fill the vacancy created when Dr. Seymour H. Yale assumed the Deanship of the College of Dentistry in March of 1965. In the meantime, Dr. Rosenberg has been serving as Acting Head of the Department.

The nomination for this appointment was initiated by a search committee¹ and has the unanimous endorsement of all members of the Department of professorial rank.

The Dean of the Graduate College and the Executive Vice-President and Provost concur.

I recommend approval.

On motion of Mr. Hughes, this appointment was approved.

CENTER FOR EDUCATION AND RESEARCH IN GENETICS IN THE COLLEGE OF MEDICINE

(12) The Dean of the College of Medicine, with the concurrence of the Chancellor of the Medical Center campus, recommends that a Center for Education and Research in Genetics be established at the Medical Center with responsibility for coordination of instruction in genetics offered in the College of Medicine, for the encouragement of research in genetics, and for consultative service to faculty members outside the Center.

The study of genetics has become increasingly important in recent years. With this rapid development of the discipline of genetics has come increased need for students to obtain an educational background which permits them to use this new information through advanced courses and the opportunity to do research. Knowledge of the principles of genetics is required in the basic medical sciences and in the clinical areas.

The Center would have a Director and a small staff supported from its own budget. This nucleus would coordinate interdisciplinary efforts of those knowledgeable in the discipline in other departments of the College of Medicine and in other colleges. Members of other departments could hold joint appointments in the Center.

A request for funds for the support of the Center was included in the 1967-69 biennial budget request for operations approved by the Board of Trustees and the Board of Higher Education.

This recommendation has been approved by the Medical Center Senate. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved. The Executive Vice-President and Provost endorses this recommendation.

I concur, subject to further action by the Board of Higher Education.

On motion of Mr. Hughes, this recommendation was approved.

REVISION OF STATUTORY PROVISIONS RELATING TO SABBATICAL LEAVES OF ABSENCE FOR MEMBERS OF THE FACULTY

(13) On January 12, 1967, the Board of Trustees approved, provisionally, the modification of Section 40 of the *University of Illinois Statutes* to provide an alternative, optional arrangement for sabbatical leaves primarily for those faculty members at the Chicago Circle and Medical Center campuses. It was intended that existing statutory provisions, based on the semester system, be translated into equivalent benefits in terms of the quarter system.

¹ Arthur Skupa, Professor of Oral Diagnosis and Associate Dean of the College of Dentistry, Chairman; Roy Gillette, Professor of Histology; Edwin J. Liebner, Professor of Medical Radiology in the College of Medicine and Associate Radiologist in the Research and Educational Hospitals.

Appropriate language was developed and referred to the Senates of the three campuses. Each Senate has now concurred in the proposed revisions which cause Section 40 to read as follows (deletions are shown by lines through text; new text is in italics) :

Sec. 40. (a) On the recommendation of the head or chairman of a department, and with the approval of the dean *of the college, director of the school or director of the institute, the chancellor*, the President and the Board of Trustees, a member of the faculty who has the rank of professor, associate professor, or assistant professor and who has served the University for ~~at least six years~~ *the periods indicated below* on full-time appointment as an instructor or in higher rank since his original appointment or since the termination of his last leave on salary, may be granted leave of absence *with pay* for the purpose of study, research, or other pursuit, the object of which is to increase his usefulness to the University. ~~for~~ *The following options are available:*

(1) ~~one year with pay equal to one half of his annual salary; or~~
 (2) ~~one half year at full salary rate, provided that the department in which the applicant is teaching or working undertakes, so far as is practicable, to carry on during his absence without increase in the departmental budget, such part of his work as the interests of the department and of the University require to be continued without interruption during the period in which he is absent.~~
 (b) ~~In cases where the interest of the department and the University would clearly be served thereby, leave may be granted for a half year at half pay, at the end of three years of consecutive service, provided that the granting of leave does not involve expense to the University in excess of the portion of salary which is released in consequence of taking such leave.~~

(1) *After completion of six appointment years of full-time service, a member of the faculty is eligible to apply for sabbatical leave for:*

one appointment year at half salary; or
one-half of an appointment year at full salary; or
two-thirds of an appointment year (i.e., two quarters) at three-fourths salary.

(2) *After completion of four appointment years of full-time service, a member of the faculty is eligible to apply for leave for:*

two-thirds of an appointment year (i.e., two quarters) at one-half salary; or
one-third of an appointment year (one quarter) at full salary.

(3) *After completion of three appointment years of full-time service, and in cases where the interest of the department and the University would clearly be served thereby, leave may be granted for one-half an appointment year at half pay, provided that the granting of such leave does not involve expense to the University in excess of the portion of the salary released in consequence of ~~taking~~ the granting of such leave. (Only the underlined text of (3) is new; the rest is transfer of language deleted elsewhere)*

(b) *In recommending a leave with pay according to any of the options provided above, it shall be understood by all recommending officers concerned that the department in which the applicant is teaching or working undertakes, so far as is practicable, to carry on during his absence without increase in the departmental budget, such part of his work as the interests of the department and of the University require to be continued without interruption during the period in which he is absent.*

(c) Service credit for leave of absence with pay is not cumulative. Each person who has been on leave of absence shall, on the termination of his leave, make a report through the usual official channels of communication to the ~~chancellor~~ *President* concerning the nature of the studies, research, or other work undertaken by him during the period in which he was absent.

(d) A member of the faculty to whom any such leave has been granted shall agree to return to the University on the expiration of his leave and to remain in its service for at least one year thereafter; and the University, on its part, shall agree to retain him in its service for the period of one year after his return.

(e) Leaves of absence granted in accordance with the foregoing ~~rules, terms and conditions~~, with the privileges pertaining thereto, are given to members of the faculty primarily for the purpose of enabling them to acquire additional knowledge

and competency in their respective fields. No one to whom a leave of absence with pay has been granted shall be permitted while on such leave to accept remunerative employment or engage in professional practice or work for which he receives pecuniary compensation. This prohibition, however, shall not be construed to forbid a faculty member while on leave from giving a limited number of lectures or doing a limited amount of other work. But in such cases the approval of the *chancellor* ~~President~~ to the giving of the lectures or the doing of other work shall be required. Nor shall the prohibition be interpreted to forbid the acceptance by a faculty member, while on leave, of a scholarship or fellowship carrying a stipend for purpose of study, research, or scientific investigation, or the acceptance of a grant of money made for such purposes, provided the acceptance of the grant does not impose on the recipient duties and obligations the performance of which would be incompatible with the pursuit of the general purpose for which leaves of absence are granted.

(f) The President shall establish regulations and procedures necessary for the administration of these provisions, *and he is authorized to make appropriate adjustments in the terms of leave with pay to insure equitable benefits for members of the faculty in exceptional cases where special consideration is warranted.*

I recommend final approval of Section 40 as revised.

On motion of Mr. Grimes, this recommendation and the proposed revision of Section 40 of the University Statutes were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

SUMMER SPEECH CLINICS

(14) The Director of the Division of Services for Crippled Children and the Chancellor at the Medical Center recommend that the Division be authorized to continue speech clinics during the summer of 1967 at the following institutions on a reimbursable cost basis:

Northern Illinois University, DeKalb.....	30 855 00
Southern Illinois University, Carbondale.....	11 845 00
Illinois State University, Normal.....	17 065 00
	<hr/>
	\$75 285 00

A similar clinic at the University of Illinois at Urbana..... \$15 464 00

Funds are available in the budget of the Division of Services for Crippled Children.

I concur.

On motion of Mr. Clement, authority was given as requested.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES, URBANA

(15) The Executive Vice-President and Provost and the Vice-President and Comptroller recommend the following appropriations for Urbana-Champaign from:

Urbana-Champaign General Reserve

College of Fine and Applied Arts

University of Illinois Bands, partial cost of band uniforms..... \$10 000 00
Office of the Chancellor and Associated Offices, furniture, office
equipment, and supplies..... 19 000 00

Total, Urbana-Champaign General Reserve..... \$29 000 00

Contract Research Reserve

Renovation and remodeling for which funds are assigned to the

Physical Plant Department:

Partial cost of construction of a mechanical equipment room in the

Nuclear Reactor Laboratory for the Nuclear Engineering Program \$35 000 00

Total, Contract Research Reserve..... \$35 000 00

Grand Total..... \$64 000 00

I concur.

On motion of Mr. Swain, these appropriations were made by the

following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

CONTRACTS FOR GAS SERVICE, URBANA

(16) The Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board of Trustees authorize agreements with the Illinois Power Company for gas service at the Urbana campus for the following projects and at the rates indicated:

Children's Research Center — Standard Utility Service Classification 62 and Riders A and CC

Sherman Hall — Standard Utility Service Classification 62 and Riders A, C, and CC

Civil Engineering Building Complex — Standard Utility Service Classification 62 and Riders A, C, and CC

Funds for the annual estimated costs are available in the Physical Plant and Housing Division budgets.

I concur.

On motion of Mr. Hughes, these agreements were authorized by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

CONTRACTS FOR CONSTRUCTION OF METAL BUILDINGS FOR DEPARTMENT OF ART, URBANA

(17) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts, based on the percentage bids for contractors' fees, for construction of an Art Sculpture Building and an Art Studio Building for the Department of Art, to be located north of the Mental Health Clinic site, the award in each case to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payments</i>	<i>Total Estimated Payments</i>
General — Barber & DeAtley, Inc., Urbana.....	6	25	10	\$3 120 00	\$24 720 00
Electrical — Wm. H. Brunkow doing business as Brunkow Electric Co., Champaign.....	10	25	0	555 00	3 255 00

Heating, Piping, Refrigeration and Automatic Temperature Control Systems — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.....	35	35	0	175 00	675 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.....	25	30	0	835 00	3 935 00

The Art Sculpture Building is intended to provide working space for graduate students to be enrolled under the recently authorized Master of Fine Arts program in sculpture. The practice of sculpture requires much more space than any other of the fine arts, and a site providing facilities for work out-of-doors is deemed

important. The Art Studio Building will meet the critical need of the Department of Art for more faculty studios. The Department is at present unable to supply the majority of the faculty with the kind of personal working environment and facilities necessary for research and creative endeavors.

Funds are available in the Universities Building Fund and 1965-67 state capital appropriations.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Swain, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

CONTRACTS FOR REMODELING IN NOYES LABORATORY, URBANA

(18) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts, based on the percentage bids for contractors' fees, for remodeling five rooms on the first floor of Noyes Laboratory for use as an Electronics Shop and a Computer Laboratory for the Department of Chemistry and Chemical Engineering, the award in each case to the lowest bidder.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payments</i>	<i>Total Estimated Payments</i>
General — Dean Evans Co., Champaign.....	8	29	5	\$1 888 00	\$11 688 00

Plumbing — Willis H. and Wren C. Thomas, a partnership doing business as Thomas Plumbing & Heating Co., Urbana.....	25	50	10	690 00	2 690 00
Ventilation and Distribution Systems for Conditioned Air — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.....	25	32	10	658 00	3 258 00

The total estimated cost of the work is \$25,750, and funds have been assigned for this project by the Board.

Submitted herewith is a report from the Physical Plant Department, including a schedule of the bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

**CONTRACTS FOR MINOR BUILDING ALTERATIONS
AND REPAIRS, URBANA**

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of cost-plus contracts for minor building alterations, repairs, and construction work on the Urbana campus for the period of July 1, 1967, through June 30, 1969, as follows:

- General — Barber & DeAtley, Inc., Urbana
- Electrical — Emeric Electric, Inc., Champaign

Plumbing—Willis H. and Wren C. Thomas, a partnership doing business as Thomas Plumbing & Heating Co., Urbana
 Heating, Piping, Refrigeration and Automatic Temperature Control Systems—W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana
 Ventilation and Distribution Systems for Conditioned Air—W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana.
 Plastering, Plaster Patching and Repairs, and Acoustical—Geo. S. Grimmitt, an individual doing business as Geo. S. Grimmitt & Co., Springfield

It is also recommended that a combined contract be awarded to Cool-Rite Refrigeration, Urbana, for heating, piping, refrigeration and automatic control systems work and for ventilation and distribution systems for conditioned air work, since this company submitted identical low bids for each category.

These contracts are for work which does not justify the cost of preparing separate drawings and specifications and of separate bidding procedures on each project. The several contractors bid on percentages to be added to actual material, labor, and subcontract costs, and the awards recommended are to the lowest bidders.

The work will be done as ordered by the Physical Plant Department, and will be paid for on the basis of the actual cost of each job plus contractor's fees. A schedule of bids taken showing the fee percentages to be added for work to be executed under these cost-plus contracts is submitted herewith, and a copy is being filed with the Secretary of the Board for record as the basis for the contract awards recommended. No assignment of funds is requested, as each job will be covered by a contract change order charged against funds allocated for the project.

It is further recommended that the Vice-President and Comptroller be authorized to approve orders under these contracts on projects up to \$25,000.

I concur.

On motion of Mr. Grimes, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

ASSIGNMENT OF CONTRACT TO ILLINOIS BUILDING AUTHORITY

(20) The University has contracted with Robert W. Hunt Company, Chicago, for concrete testing services on Phase II construction at Chicago Circle with funds to be provided from the Universities Building Fund.

However, with construction being financed by the Illinois Building Authority, the Director of the Physical Plant and the Vice-President and Comptroller recommend that the Board authorize assignment of this contract to the Illinois Building Authority, the terms of such assignment to be consistent with the provisions of the Illinois Building Authority Act, as amended and as approved by the University Legal Counsel.

I concur.

On motion of Mr. Swain, this recommendation was approved.

DESIGNATION OF NATIONAL BOULEVARD BANK OF CHICAGO AS DEPOSITARY OF CONSTRUCTION FUND PROCEEDS

(21) The Notice of Sale for the Housing Revenue Bonds of 1966, Series A and B, provided that the purchaser of the Series A bonds could designate a bank in the city of Chicago as the depositary of the Construction Fund, subject to the approval of the University. White, Weld & Company, purchasers of the bonds, has recommended that the National Boulevard Bank of Chicago be designated as the Construction Fund depositary. Since the University presently does not have any money deposited in this Bank, the Vice-President and Comptroller recommends that the following resolution be adopted.

Resolution

Be It Resolved, That the National Boulevard Bank of Chicago be and hereby is designated a depositary in which construction funds of this corporation may be deposited by its officers, agents, and employees and that the Comptroller, or any other officer of this corporation, be and hereby is authorized to open and maintain an account or accounts with said Bank and to endorse and deposit with said Bank negotiable instruments and orders for the payment of money which endorsements

may be made in writing or by a stamp and without designation of the person so endorsing, and it being understood and agreed that on all such items deposited, all prior endorsements are guaranteed by this corporation whether or not an express guaranty is incorporated in such endorsements.

And Be It Further Resolved, That the National Boulevard Bank of Chicago as a designated depository of this corporation be and it is hereby requested, authorized, and directed to honor checks, drafts, or other orders for the payment of money drawn in this corporation's name, including those drawn to the individual order of any person or persons whose name or names appear thereon as signer or signers thereof, when bearing or purporting to bear the facsimile signature(s) of the President and Secretary, and National Boulevard Bank of Chicago shall be entitled to honor and to charge this corporation for all such checks, drafts, or other orders, regardless of by whom or by what means the facsimile signatures thereon may have been affixed thereto, if such facsimile signatures resemble the facsimile specimens duly certified to or filed with the National Boulevard Bank of Chicago by the Secretary or other officer of this corporation.

I concur.

On motion of Mr. Grimes, the foregoing resolution was adopted.

**EMPLOYMENT OF COST CONSULTANT FOR
CHICAGO CIRCLE CAMPUS, PHASE III**

(22) The Director of the Physical Plant and the Vice-President and Comptroller recommend the employment of McKee-Berger-Mansueto, Inc., Chicago, Cost Consultant, for cost estimating services on the Behavioral Science Center project and the Science and Engineering Center project in the proposed Phase III building program at the Chicago Circle campus.

The fee for the above services will be based on an hourly rate of \$12.00 per engineer-estimator hour, at a total cost not to exceed \$35,000. The University will be reimbursed one-half of the total cost by Skidmore, Owings & Merrill, Chicago, Architect, for the two projects.

It is further recommended that the Board authorize the assignment of this contract to the Illinois Building Authority, with the assignment to be executed in the event the construction of the projects is declared to be in the public interest and financing is undertaken by the Illinois Building Authority.

Funds are temporarily available from the Stores and Services account until permanent financing is arranged.

I concur.

On motion of Mr. Swain, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; present, Mr. Hahn; absent, Mr. Jones, Governor Kerner, Mr. Page.

**LEASE OF HEADQUARTERS OFFICE FOR THE DIVISION OF SERVICES
FOR CRIPPLED CHILDREN**

(23) The Division of Services for Crippled Children has need to increase the central office staff during the coming fiscal year as a result of increasing dimensions and complexity of program operations, in part resulting from recent changes in the Social Security Act.

There is not sufficient space in the present building to house the required additional staff. Adequate housing which permits expansion and provides maximum flexibility and efficiency in utilization of space has been located in the Iles Park Place complex situated at the southeast corner of Sixth and Ash Streets in the city of Springfield.

The Director of the Division of Services for Crippled Children, the Chancellor at the Medical Center, and the Vice-President and Comptroller recommend authorization of a lease with the Illinois National Bank of Springfield, Illinois, for 5,850 square feet of space in the Iles Park Place complex at an annual rental of \$26,325, to be paid in monthly installments of \$2,193.75, effective for the period July 1, 1967, through June 30, 1969, with an option to renew on a biennial basis.

Funds for the rental are available in the operating budget of the Division of Services for Crippled Children.

I concur.

On motion of Mr. Clement, this recommendation was approved. Mr. Hahn asked to be recorded as voting "present."

RENEWAL OF LEASE, ILLINI CENTER, LA SALLE HOTEL, CHICAGO

(24) The Vice-President and Comptroller recommends renewal of the lease with the LaSalle Madison Hotel Company, Chicago, for the area on the twentieth floor of the LaSalle Hotel, used as the Illini Center, for a period of two years from July 1, 1967.

The lease provides for an increase in rent from \$900 to \$1,000 per month, or approximately 11 per cent. The premises have been under lease at the present rate since July 1, 1962. There are 2,505 square feet in the area; the annual square foot rental at the new rate will be \$4.79.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the lease.

On motion of Mr. Swain, authority was given as recommended.

RECOMMENDATION FROM COMMITTEE ON COPYRIGHTS AND RECORDINGS

(25) The Committee on Copyrights and Recordings has reviewed a case involving the proposed publication of a manuscript entitled "Translating the Educational Program of a University into Physical Facility Requirements," prepared by Director Harlan D. Bareither and Associate Director Jerry L. Schillinger of the Central Office on the Use of Space.

The Committee on Copyrights and Recordings recommends that this material be released to Messrs. Bareither and Schillinger for copyright and publication, with the following division of royalties: one-third to Mr. Bareither, one-third to Mr. Schillinger, and one-third to the University.

Although not commissioned by the University to prepare this manuscript, and although much of the actual writing will have been done on the authors' own time, the proposed publication would include material derived from the activities of the Central Office on the Use of Space. Hence, it was the Committee's judgment that the University should share in any royalties that might accrue from sales of the published volume.

The Executive Vice-President and Provost and the Vice-President and Comptroller endorse this recommendation of the Committee on Copyrights and Recordings.

I concur.

On motion of Mr. Clement, this recommendation was approved.

PURCHASES

(26) The President submitted, with his concurrence, a list of purchases recommended by the Director of Purchases and the Vice-President and Comptroller; also a list of purchases authorized by the President.

The lists of purchases authorized and purchases recommended for Board approval were presented in two categories: purchases from appropriated funds (i.e., from state appropriations to the University) and purchases from institutional funds. The latter term designates funds received by the University under contracts with the United States government, contracts with private corporations and other organizations, funds from foundation grants, and grants from corporations and other donors, and University revolving funds authorized by law.

The total amounts of these purchases were:

<i>From Appropriated Funds</i>	
Purchases Recommended.....	\$185 590 33
<i>From Institutional Funds</i>	
Purchases Authorized.....	29 923 00
Purchases Recommended.....	592 826 10
	<u>\$622 749 10</u>
<i>Grand Total</i>	\$808 339 43

A complete list of the purchases authorized and purchases recommended, with supporting information, including the quotations received, was sent to each member

of the Board in advance of the meeting, and a copy is being filed with the Secretary of the Board for record.

On motion of Mr. Hughes, the purchases authorized by the President were approved, and the purchases recommended were authorized.

COMPTROLLER'S REPORT OF PURCHASES APPROVED

(27) The Vice-President and Comptroller also submitted a report of purchases approved by him on recommendation of the Director of Purchases in amounts of \$2,500 to \$5,000. A copy of this report is filed with the Secretary of the Board.

This report was received for record.

HONORARY DEGREES, URBANA AND CHICAGO CIRCLE

(31) The University Senates at Urbana and at Chicago Circle have recommended that honorary degrees be conferred upon the following and on the occasions indicated.

E. C. AMOROSO, Professor of Physiology at the Royal Veterinary College of the University of London, the degree of Doctor of Science, to be conferred at the Commencement Exercises at Urbana on June 17, 1967.

FRANK H. KNIGHT, a distinguished economist, the degree of Doctor of Humanities, to be conferred at the Commencement Exercises at Chicago Circle on June 18, 1967.

BYRON R. WHITE, Associate Justice of the United States Supreme Court since 1962, the degree of Doctor of Laws, to be conferred at the Commencement Exercises at Chicago Circle on June 18, 1967.

QUINCY WRIGHT, Professor *Emeritus* of the University of Chicago, the degree of Doctor of Laws, to be conferred at the Commencement Exercises at Urbana on June 17, 1967.

I concur in the recommendations of the Senates.

On motion of Mr. Swain, this recommendation was approved.

**WAIVERS OF GRADUATE TUITION AND FEES
FOR THE CHICAGO CIRCLE CAMPUS**

(32) In anticipation of the inauguration of graduate study at the Chicago Circle campus in 1967-68, the Dean of the Graduate College recommends that a total of twenty tuition-and-fee waivers be authorized for graduate students at that campus.

In accordance with prevailing practice at the other two campuses, students in the following categories would be eligible for such waivers: (a) holders of University fellowships; (b) holders of endowed fellowships that do not provide funds for the payment of tuition and fees; (c) recipients of tuition-and-fee awards who have no other form of financial aid.

This recommendation is endorsed by the Chancellor at the Chicago Circle campus and by the Executive Vice-President and Provost.

I concur.

On motion of Mr. Clement, this recommendation was approved.

**EMERGENCY APPROPRIATION TO REPLACE PROPERTY DESTROYED
BY FIRE AND THE WEIGHT OF ICE**

(33) The General Assembly has appropriated in Senate Bill 956 the sum of \$228,840 to replace property destroyed by fire and the weight of ice. The Governor approved the Bill on May 10, 1967. The Vice-President and Comptroller recommends that this sum be appropriated to replace equipment in the Motion Picture Services Unit and the Digital Computer Laboratory, to replace Radio Station WILL towers, and to repair the Digital Computer Laboratory Building.

I concur.

On motion of Mr. Swain, this appropriation was made by the fol-

lowing vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Pogue, Mr. Swain, Dr. Weatherly; no, none; absent, Mr. Jones, Governor Kerner, Mr. Page.

**AUTHORIZATION TO LOWER AGE REQUIREMENTS RELATED
TO HOUSING FOR SINGLE UNDERGRADUATE STUDENTS**

(34) At present the University requires single undergraduate students under age twenty-three at the Urbana campus to live in University-approved housing. The Dean of Students at Urbana has recommended that, effective next year, the age requirement be reduced to twenty-two; and that a subsequent reduction to age twenty-one be made as soon thereafter as feasible and consistent with the University's financial obligations.

Therefore, I ask authorization to make adjustments in the age requirements as may be desirable and consistent with the University's obligations. This authorization would immediately be used to implement the Dean's recommendation for 1967-68.

It appears that the immediate effects of the change to age twenty-two on the University's commitments to bond holders, on the supply of student housing, fraternities, sororities, or other private housing, will be negligible.

On motion of Mr. Swain, authority was given as requested.

Memorandum Concerning Proposed Changes in Housing Regulations

Presently the University requires all single undergraduate men and women under twenty-three years of age as of September 15 of any particular academic year to live in housing approved by the University for the entire academic year. After extensive study, and with the concurrence of his staff, including the staff of the Housing Division, the Dean of Students is recommending:

1. That the principle of reducing to twenty-one the age at which single undergraduate men and women will be free to choose their own housing without regard to University approval, be adopted, and the schedule for the implementation of such policy be established after further study.
2. That with regard to students twenty-two years of age and over, the following policy be adopted effective September, 1967:

"All single undergraduate men and women who will be twenty-two years of age by January 1 of the academic year may elect to live in housing of their choice. All other single undergraduate students must reside in approved housing for the entire academic year unless specific permission is granted by the Dean of Men or Dean of Women."

It is recognized that, because of economic factors, bond commitments, the availability of apartments for married students, and related questions, the reduction in the age requirement from twenty-three to twenty-one can not be accomplished in one step. A further reduction from age twenty-two to age twenty-one, if approved in principle, would be implemented only after a thorough assessment had been made of the effects of lowering the age requirement to twenty-two, and there had been an opportunity to work with fraternities, sororities, private operators, and others who could be affected to work out effective means of adjusting to the change.

The immediate effects of reducing the age requirement to twenty-two on bond commitments, the supply of married student housing, fraternities, sororities, and other private housing should be negligible because of the small number of students involved. During the fall semester 1966-67, there were only 443 students in approved housing who were twenty-two years of age. Based on experience with those students now eligible to live in uncertified housing, no more than 100 to 200 of these will move out of approved housing. The effects in specific areas of concern would probably be as follows:

1. There should be little effect on the University's bond commitments: it is anticipated that no more than 45 to 90 students would move out of the halls and into uncertified housing.
2. The effect on fraternities and sororities would also be negligible: there are presently only 72 men and 10 women age twenty-two living in these facilities,

- and no more than 15 to 30 of these are expected to move into apartments. By rushing additional new members, this loss could be offset.
3. The effect on other private housing will also be negligible: only 167 students would be involved, of whom only 40 to 80 are actually expected to move.
 4. The effect on the supply of married student housing should not be great: only 100 to 200 students are expected to move into apartments, and these will occupy no more than 50 to 100 apartments inasmuch as two or more students usually live together. The completion by the University of 252 new low-cost married student apartments in September, 1968, should alleviate any shortage in the supply of lower cost apartments that might result from these 50 to 100 apartments being absorbed by single students.

Later reduction to age twenty-one has considerable potential for affecting each of the four areas mentioned above because of the numbers of students involved. There are approximately 1,800 single undergraduate students twenty-one years of age now living in approved housing compared to only 443 students twenty-two years of age. The present over-supply of housing, which will not be materially extended as a result of reducing the age requirement of twenty-two, could be greatly aggravated if caution is not exercised in reducing the age requirement further. Furthermore, it will be necessary to gain experience from the twenty-two year old students before reasonable projections can be made as to the effects of permitting the much larger twenty-one year old student population to live wherever they choose.

A delay in reducing the age requirement to twenty-one will give fraternities and sororities time to assess their experiences with the initial age reduction and to plan to adapt themselves to the new policy. Similarly, private housing operators, with the assistance of the Housing Division, will have an opportunity to adjust on the basis of experience.

The 252 new married student housing units will have been completed by September, 1968, and the availability of these units will serve to minimize the effects of the further age adjustment on the supply of married student housing. It is unlikely that the necessary plans for adjusting to a more liberalized policy will be seriously undertaken by these housing groups unless the principle (but not the implementing time schedule) of reducing the age requirement to twenty-one is accepted and publicized now. Furthermore, the adoption of such a principle now would permit the University to develop its own housing program on assumptions more firmly based.

SECRETARY'S REPORTS

The Secretary presented for record the following lists: appointments to the faculty made by the President; resignations, declinations, and terminations; leaves of absence.

**COMMENT BY MR. HOWARD W. CLEMENT ON REDUCTION
OF MINIMUM AGE REQUIREMENT RELATING
TO OFF-CAMPUS HOUSING**

Mr. Clement, in commenting upon the item in which the Board approved a reduction in the minimum age requirement relating to off-campus housing, expressed concern that inspection of such housing by the cities of Champaign and Urbana be of sufficiently high quality with respect to sanitation, safety, and so forth.

He suggested that some analysis be given to the question by way of comparing the standards and procedures carried out by the Cities and, heretofore, by the University. The President replied that such a report would be forthcoming.

On motion of Mr. Swain, the Board adjourned.

UNIVERSITY OF ILLINOIS

June 20, 1967

The June meeting of The Board of Trustees of the University of Illinois was held in the Illini Union, Urbana, Illinois, on Tuesday, June 20, 1967, beginning at 10:30 a.m.

President Wayne A. Johnston called the meeting to order and asked the Secretary to call the roll. The following members of the Board were present: Mr. Howard W. Clement, Mr. Donald R. Grimes, Mr. Ralph C. Hahn, Mr. Earl M. Hughes, Mr. Wayne A. Johnston, Mr. Theodore A. Jones, Mr. Harold Pogue, Mr. Timothy W. Swain. Governor Otto Kerner, Mr. Ray Page, and Dr. James A. Weatherly were absent.

Also present were President David D. Henry; Executive Vice-President and Provost Lyle H. Lanier; Chancellor Norman A. Parker, University of Illinois at Chicago Circle; Chancellor Joseph S. Begando, University of Illinois at the Medical Center; Mr. C. S. Havens, Director of the Physical Plant; Mr. C. E. Flynn, Assistant to the President and Director of Public Information; Mr. James J. Costello, Legal Counsel; Mr. Eldon Johnson, Vice-President of the University; Mr. Vernon L. Kretschmer, Associate Director of the Physical Plant; Mr. James B. Holderman, Assistant to the Chancellor, Chicago Circle; Mr. R. C. Wicklund, Staff Associate in the Board of Trustees Office and Assistant Secretary of the University; Mr. Donald C. Neville, Assistant to the Director of the Physical Plant; and the officers of the Board, Mr. R. R. Manchester, Treasurer; Mr. H. O. Farber, Comptroller; and Mr. Earl W. Porter, Secretary.

MINUTES APPROVED

The Secretary presented the minutes of the meeting of the Board of Trustees on July 27, 1966, and of the Executive Committee on July 8, 1966, press proof copies of which had previously been sent to the Board.

On motion of Mr. Grimes, these minutes were approved as printed on pages 1 to 71, inclusive.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY
The Board took up consideration of the following reports and recommendations from the President of the University.

PRESIDENT'S REPORT

President Henry presented a report on selected topics of current interest, copies of which were distributed at the meeting, and a copy was filed with the Secretary of the Board.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES

(1) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Illinois Accountancy Act of 1943, as amended, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

<i>Name</i>	<i>Address</i>	<i>State from Which They Obtained Certificate</i>
JOAN FRANKLIN BARNA	Wilmette, Illinois	Indiana
JOHN JOSEPH DETTENWANGER	Overland Park, Kansas	Missouri
JAMES PAUL HAWKINS	Gibson City, Illinois	Indiana
LAWRENCE O. KAPLAN	Chicago, Illinois	District of Columbia
LEONARD JOSEPH KUJAWA	Balboa Heights, Canal Zone	District of Columbia
WILLIAM WALTER MEIER	Winnetka, Illinois	Missouri
WILLIAM TOBIAS SALAM	Highland Park, Illinois	Texas
PHILIP LAWRENCE STEERS, JR.	Balboa Heights, Canal Zone	New York

I concur.

On motion of Mr. Johnston, these certificates were awarded.

APPOINTMENT TO CENTER FOR ADVANCED STUDY

(2) Upon recommendation of the Executive Committee of the Center for Advanced Study, and with the concurrence of the Dean of the Graduate College and the Executive Vice-President and Provost, I submit the nomination of Professor Adolf Sturmthal of the Institute of Labor and Industrial Relations as an Associate in the Center for Advanced Study, for the first semester of the academic year 1967-68, so that he may carry on his studies of the new methods of economic policy-making which are developing on the European and American continents as national governments assume greater responsibility for full employment.

On motion of Mr. Grimes, this appointment was approved.

SABBATICAL LEAVE OF ABSENCE, 1967-68

(3) In accordance with the provisions of the University of Illinois Statutes, I recommend that Dr. John Frederick Nims, Professor of English at Chicago Circle, be given a sabbatical leave of absence, on one-half pay, for the fall and winter quarters of the academic year 1967-68, so that he may devote full time to writing a book of poetry.

This recommendation is supplementary to the applications recommended to the Board of Trustees on March 14 and May 16, 1967.

On motion of Mr. Hughes, this leave was granted as recommended.

APPOINTMENTS TO THE FACULTY

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

Positions in the University are classified in the following categories and are designated in the budget by the symbols indicated: A — indefinite tenure; B — two years; D — one year; E — nine months from the beginning of the academic year; G — special tenure; Y — twelve months' service required instead of two semesters; 1-7 — indicates the number of years of service which will be credited at the end of the contract period toward completion of the probationary period relating to tenure.

Figures following a symbol indicate percentage of time if the appointment is on a part-time basis (e.g., D75 means one year on three-fourths time).

1. KURT BURIAN, Associate Professor of Electrical Engineering, in the Department of Information Engineering, Chicago Circle, beginning September 1, 1967, at an annual salary of \$13,500 (B).
2. STEWART COHEN, Assistant Professor of Educational Psychology, Urbana, for the 1967 Summer Session, at a salary of \$2,112, and, beginning September 1, 1967, at an annual salary of \$9,500 (1).
3. BOB I. EISENSTEIN, Assistant Professor of Physics, Urbana, beginning September 1, 1967, at an annual salary of \$11,000 (1).
4. DONALD W. GREEN, Visiting Associate Professor of Nuclear Engineering, Urbana, for two and one-half months from June 16, 1967, at a salary of \$3,750 (G).
5. RICHARD D. GREEN, Assistant Professor of Pharmacology, College of Medicine, beginning June 1, 1967, at an annual salary of \$12,000 (DY).
6. GEORGE W. HARDIMAN, Assistant Professor of Art, Urbana, beginning September 1, 1967, at an annual salary of \$10,000 (1).
7. JOHN H. HETRICK, Professor of Dairy Technology, in the Department of Food Science, Urbana, beginning September 1, 1967, at an annual salary of \$17,000 (AY).
8. RAYMOND M. LEUTHOLD, Assistant Professor of Agricultural Economics, Urbana, beginning September 1, 1967, at an annual salary of \$12,000 (1Y).
9. LÉON J. RICHELLE, Professor of Histology, College of Dentistry, beginning August 1, 1967, at an annual salary of \$17,000 (AY).
10. ROBERT R. REGL, Assistant Professor of Aeronautical and Astronautical Engineering, Urbana, beginning September 1, 1967, at an annual salary of \$10,500 (3).
11. ERIC H. ROBERTS, Visiting Associate Professor of Plant Physiology, in the Department of Agronomy, Urbana, for six months from April 1, 1967, at a salary of \$6,000 (G).
12. WILLIAM SCHUMER, Associate Professor of Surgery, College of Medicine, on 15 per cent time, beginning April 24, 1967, at an annual salary of \$3,500 (DY15).
13. BRIAN SKYRMS, Assistant Professor of Philosophy, Chicago Circle, beginning September 1, 1967, at an annual salary of \$11,900 (1).
14. JEREMIAH D. SULLIVAN, Assistant Professor of Physics, Urbana, beginning September 1, 1967, at an annual salary of \$11,000 (1).
15. DOROTHY R. THELANDER, Associate Professor of French, Chicago Circle, beginning September 1, 1967, at an annual salary of \$10,000 (B).
16. KENNETH S. TODD, JR., Assistant Professor of Veterinary Parasitology, in the Department of Veterinary Pathology and Hygiene, Urbana, beginning June 16, 1967, at an annual salary of \$10,000 (1Y).
17. IRWIN E. WALLIS, Associate Professor of Operative Dentistry, College of Dentistry, beginning September 1, 1967, at an annual salary of \$15,000 (AY).
18. JAMES L. WARDROP, Assistant Professor of Educational Psychology in the Center for Instructional Research and Curriculum Evaluation, Urbana, beginning September 1, 1967, at an annual salary of \$12,550 (1Y).
19. FRANCES E. WEBB, Assistant Professor and Assistant State Leader of Home Advisers in the Cooperative Extension Service in Agriculture and Home Economics, Urbana, beginning June 1, 1967, at an annual salary of \$11,500 (4Y).
20. CARL E. WILSEY, Associate Professor of Educational Administration and

Supervision, Urbana, for two years from September 1, 1967, at an annual salary of \$15,000 (B).

21. JON A. WRIGHT, Assistant Professor of Physics, Urbana, beginning September 1, 1967, at an annual salary of \$11,000 (1).

On motion of Mr. Swain, these appointments were confirmed.

DEANSHIP OF FACULTIES AT CHICAGO CIRCLE

(5) The Chancellor at Chicago Circle has recommended the appointment of Daniel C. McCluney, Jr., presently Professor of German on indefinite tenure and Acting Dean of the College of Liberal Arts and Sciences, as Dean of Faculties for the period beginning July 1, 1967, and ending August 31, 1969. The annual salary would be \$29,500 on a twelve-month basis.

Professor McCluney will succeed Dean Glenn Terrell who has resigned as of July 28, 1967, to accept the presidency of Washington State University.

The Chancellor's recommendation was made after consultation with the Chancellor's Advisory Council,¹ a special consultative committee appointed by the Chancellor,² and an ad hoc committee chosen by the Chicago Circle Senate to advise the Chancellor on the nomination of a Dean of Faculties.³

The Dean of the Graduate College and the Executive Vice-President and Provost endorse this recommendation.

I concur.

On motion of Mr. Pogue, this appointment was approved.

DEANSHIP OF THE COLLEGE OF LIBERAL ARTS AND SCIENCES, CHICAGO CIRCLE

(6) On nomination of a special committee⁴ and after consultation with the Executive Committee of the College of Liberal Arts and Sciences, at Chicago Circle, I recommend the appointment of Dr. Dean B. Doner, Professor of English and Associate Dean of Humanities, Social Sciences, and Education at Purdue University, as Professor of English on indefinite tenure and Dean of the College of Liberal Arts and Sciences beginning August 15, 1967, at an annual salary of \$28,000 on a twelve months' service basis. The appointment as Dean will be from August 15, 1967, through August 31, 1969, which is consistent with the statutory provision of biennial tenure of deans, such appointments usually coinciding with the fiscal biennium.

On motion of Mr. Hughes, this appointment was approved.

HEADSHIP OF DEPARTMENT OF CHEMISTRY AND CHEMICAL ENGINEERING, URBANA

(7) The Dean of the College of Liberal Arts and Sciences recommends the appointment of Professor Herbert S. Gutowsky as Head of the Department of Chemistry and Chemical Engineering, beginning September 1, 1967, on an academic year service basis.

Provision has already been made in the budget for 1967-68 for a salary for him of \$26,000 as Professor of Chemistry, and it is proposed that the sum of \$2,000

¹ The Chancellor's Advisory Council includes deans, directors, and certain other administrative officers at Chicago Circle, as well as three faculty members elected by the Senate.

² The members of the Chancellor's consultative committee are Leonard J. Currie, Dean of the College of Architecture and Art; David W. Levinson, Professor of Metallurgy and Associate Head of the Department of Materials Engineering (Chairman of the Senate Committee on Educational Policy); Robert V. Remini, Professor of History (Secretary of the Senate); R. Curtis Retherford, Professor of Physics and Associate Dean of the Graduate College; Victor E. Ricks, Professor of Education and Director of the Division of Education; William W. Tongue, Professor of Economics and Finance (Chairman of the Senate Committee on Committees).

³ The members of this group are Philip Dwinger, Professor of Mathematics; James P. Hartnett, Professor of Heat Transfer and Head of the Department of Energy Engineering; George A. Hinds, Professor of Architecture; Stanley L. Jones, Professor of History and Chairman of the Department; Robert B. Ogle, Professor of English and Head of the Department; Lawrence Stark, Professor of Bioengineering and Physiology, Department of Information Engineering.

⁴ Professors Glenn Terrell, Dean of Faculties; Hollis W. Barber, Professor of Political Science and Head of the Department; Robert L. Hall, Professor of Sociology and Head of the Department; Robert B. Ogle, Professor of English and Head of the Department; Jan Rocek, Professor of Chemistry; John B. Wolf, Professor of History; A. V. Wolf, Professor of Physiology and Head of the Department, Medical Center.

be added to that amount in recognition of the increased responsibilities he will be assuming.

This appointment will replace Professor Herbert E. Carter who will become Vice-Chancellor for academic affairs in Urbana on September 1, 1967. The appointment of Professor Gutowsky was recommended by a special search committee¹ and was approved by the Executive Committee of the College of Liberal Arts and Sciences. The Executive Vice-President and Provost and the Dean of the Graduate College support this appointment.

I recommend approval.

On motion of Mr. Swain, this appointment was approved.

PROGRAM FOR STUDY IN EUROPE FOR STUDENTS IN ARCHITECTURE

(8) On November 10, 1966, the Board approved a program for study in Europe for students in architecture. The program has been in operation since January 1, 1967, at the Chateau of LaNapoule in southern France; however, the arrangement with the LaNapoule Art Foundation for the use of these facilities terminated June 1, 1967.

The Department of Architecture considers the program successful and desires to continue with it. The termination of the agreement with the LaNapoule Art Foundation requires that other arrangements be developed. Mr. Pierre Lachaux, a French citizen, will lease living quarters, office space, and a newly constructed studio in LaNapoule for the period October 1, 1967, to May 31, 1968, at \$6,000, with an option to renew for the next academic year. Under the proposed lease, Mr. Lachaux will provide space to conduct the program, office space, living quarters, and pay the cost of utilities and taxes. The participating students have agreed to provide financial support to a maximum of \$100 per student for the program. This support will provide the funds for the lease.

Instruction at LaNapoule would be given by four members of the Department. The instructional load would be eleven full-time equivalent students per instructor, which is slightly higher than that for junior-level students in architecture at Urbana-Champaign. The total costs of instruction will not exceed those at Urbana-Champaign so far as the expenditure of state funds is concerned. Students would incur approximately the same living costs as they presently do at the Urbana campus, plus travel and personal expenses.

The Dean of the College of Fine and Applied Arts and the Executive Vice-President and Provost recommend the continuation of this program, with authorization for the Vice-President and Comptroller to execute such contracts as may be necessary.

I concur.

On motion of Mr. Jones, this recommendation was approved.

REORGANIZATION OF LIBRARY ADMINISTRATION

(9) On April 19, 1967, the Board of Trustees approved, provisionally, a modification of Section 19 of the *University of Illinois Statutes* to provide for a reorganization in the administration of the libraries of the University and, in accordance with the *Statutes*, asked for advice of the Faculty Senates on each campus.

Each Senate² has concurred in the general policy proposals as provisionally approved. The complete text of the program appears in the minutes of the meeting of April 19, 1967.

Therefore, I now recommend final approval of these recommendations and

¹ L. Leon Campbell, Professor and Head of the Department of Microbiology, Chairman; Theodore L. Brown, Professor of Inorganic Chemistry; Harry G. Drickamer, Professor of Chemical Engineering and Member of the Center for Advanced Study; Willis H. Flygare, Professor of Physical Chemistry; Lowell P. Hager, Professor of Biochemistry; H. A. Laitinen, Professor of Analytical Chemistry and Associate Head of the Department; Nelson J. Leonard, Professor of Inorganic Chemistry; Charles P. Slichter, Professor of Physics.

² The Chicago Circle Senate has requested future clarification with respect to composition of the proposed University Council of Libraries and with respect to the function of the Senate Library Committee; this request will receive administrative attention. Nevertheless, the Chicago Circle Senate indicated, "Above all, however, we are concerned that the proposed reorganization of library administration be not delayed, and we place highest priority upon its adoption."

modification of Section 19 of the *University of Illinois Statutes* to reflect the changes adopted.

On motion of Mr. Swain, this recommendation and the proposed revision of Section 19 of the *University of Illinois Statutes* were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain; no, none; absent, Governor Kerner, Mr. Page, Dr. Weatherly.

STATEMENT ON THE DEAN OF STUDENTS

(10) At this point, President Johnston recognized President Henry for a statement on the Dean of Students.

I take this occasion to express to the Board of Trustees my high regard for the way Dean Stanton Millet has conducted his office and for the manner in which he has represented the University in the areas of his responsibilities.

Dr. Millet's first year as Dean of Students at the Urbana-Champaign campus coincided with a period of unprecedented student protests. These protests and criticism ranged from sincere and constructive efforts to change University regulations and practices in regular channels to picketing and "sit-ins" some of which appear to have been organized for the purpose of confrontation rather than deliberation or problem-solving. In the course of these activities, Dean Millet has been subjected to unjustified personal criticism and careless misrepresentation of his views and of the nature of his duties.

Throughout the year, Dean Millet has met criticism with composure and unfounded allegations with analysis and reason. Further, he has taken the initiative in improving communication among all segments of the University community and given leadership to improvements in procedures and practices where changes have appeared to be justified.

Because a good deal of the year has been spent in meeting with individuals and groups beyond those officially assigned to duties in organized student relations and to dealing with problems and situations raised by the organized protest activities, consideration of some of the earlier plans for improving relationships have been delayed.

I hope that Dean Millet will have the opportunity in 1967-68 to explore and carry out a number of the plans which he has had in mind. I have asked him to take a few minutes at the meeting today to make some observations on the work of his office during the next year.

Dean Millet in response made the following comments :

A few weeks ago, a student asked me what I thought was my greatest personal accomplishment during the year. I answered, "Survival." But if he had asked me to assess the accomplishments of the campus in general, I would have said that 1966-67 was, in my view, among the most significant of our first hundred years. The faculty, the administration, and the students have begun to question the nature of our University, to explore the meaning of student affairs as a part of higher education, and to set forth certain rights, hopes, and principles that will be of paramount importance to the University in its next hundred years. The discussion has been abrasive, unsettling, but in the final analysis, vital to our life as a place of learning.

First, we have argued the question of academic freedom for students. What is at issue has not always been clear, for the principle itself is unfamiliar — though not really new. The German universities of the nineteenth century, from whom we derive much of our character, asserted the value not only of *Lehrfreiheit* — the traditional academic freedom of professors — but also of *Lehrenfreiheit*, the freedom of students to pursue their education largely in their own way. We adopted the first of these; the second has escaped us until very recently.

What our students are now demanding is not the freedom of the professor to teach his subject according to his own lights, but the freedom of the students to discuss publicly the most controversial issues, and to hear committed advocates of positions that may appear outrageous, amoral, or subversive. There is no question about the right to hear committed advocates when they are placed in a clearly academic context, with opportunities for rational discourse. The professor may invite to his classroom whomever he chooses, and none will criticize. But a question is raised when a student group invites, for example, the leader of the American

Nazi Party, or an advocate of free love, LSD, or marijuana, or someone who plans to recite the sayings of Chairman Mao. These types of presentation have an impact that is less intellectual than visceral. As such, they may appear alien to the academic way of life, and they are fearfully rejected. Whereupon we arrive at a curious impasse. The administration, arguing from the traditional definition of academic freedom, asserts that there are no limitations on rational discourse on this campus — and they are right. But the students, arguing from a different conception of freedom, assert that their right to learn, and even their right of free speech, has been denied.

In the year ahead, we shall certainly be engaged with this question. Personally, I believe that there is educational benefit in exposure to those with different commitments — even to eccentric or anti-social causes. I am confident students can judge better than we have previously supposed, and I hope that the limits that are set, if any, will be flexible and unobtrusive.

A second major issue is social freedom. It has become increasingly clear that the day of an effective role for the university in *loco parentis* is dead. Our students are not boys and girls, but men and women. Student government is not controlled play, preparing leaders for real life. It is real life, concerned with real problems of citizenship that are crucial to the life of the university and the nation. In common with other colleges and universities, we have tended to bind students with a network of rules and regulations. During the past year, however, in such matters as women's hours and general housing regulations, we have begun to transfer to students some of the responsibility that should properly be theirs. They have accepted these responsibilities with a degree of maturity and common sense that would have astounded us ten years ago. In the year ahead, through cooperation with a strong student government, I am confident that this transfer of responsibility will continue steadily — as it should.

Finally, in the year ahead, as in the year just past, we will be deeply concerned with finding ways to make each student's residence on this campus an integral part of his education. During the last semester, we have had a modest program in which faculty members have associated themselves informally with an undergraduate residence hall. Beginning in September, we will extend this program of faculty associates, and add to it a language house, a plan for the effective assignment of honors students, a plan for bringing together students of similar intellectual interests, for scheduling the residents of certain houses in a few of the same classes, and for teaching some introductory courses in the residence halls. To these will be added opportunities for independent study, and hopefully, a means of providing academic advising in residence halls.

The new directions we derive from the experiments will enable us to realize the full potential of a residential campus, and to give to undergraduate life a focus and coherence that are needed in a large university.

In this and other areas, we will be concerning ourselves with the affairs of the finest groups of young men and women this University has ever had enrolled. I am confident that we will meet the challenges they present. From meeting new problems, we will derive new strength; and from new questions, new definitions of the role of our University.

APPROPRIATIONS FOR NONRECURRING EXPENDITURES, URBANA

(11) The Executive Vice-President and Provost and the Vice-President and Comptroller recommend the following appropriations for Urbana-Champaign from:

Urbana-Champaign Contract Research Reserve

College of Engineering

Department of Theoretical and Applied Mechanics, equipment..... \$11 250 00

Urbana-Champaign General Reserve (to be assigned after July 1)

Assignments to match funds for grants received from the National Science Foundation under the Instructional Scientific Equipment Program:

College of Engineering

Department of Civil Engineering..... \$18 500 00

Department of Electrical Engineering..... 14 800 00

Department of Mechanical and Industrial Engineering 15 000 00

Renovation and remodeling for which funds are assigned to the Physical Plant Department:

Remodeling in Engineering Hall for the installation of a computer.....	24 900 00	
<i>Total for General Reserve</i>		73 200 00
<i>Grand Total</i>		<u>\$84 450 00</u>

I concur.

On motion of Mr. Swain, these appropriations were made by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain; no, none; absent, Governor Kerner, Mr. Page, Dr. Weatherly.

CONTRACTS FOR CONSTRUCTION OF OPTICAL TELESCOPE BUILDING

(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for construction of the Optical Telescope Building to be located approximately thirty-five miles southeast of Urbana-Champaign in Douglas County, the award in each case to the lowest bidder:

General — Skoog Construction Company, Champaign		
Base bid	\$189 000 00	
Additive alternates for:		
Assignment of other contracts to the general contractor	1 200 00	
Work required to include installation of stand-by generator	860 00	
Deductive alternate for substituting gravel drive and access road in lieu of asphalt paving.....	<u>4 400 00</u>	
<i>Subtotal</i>		\$186 660 00
Electrical — Don Fowler, an individual doing business as Don Fowler Electric, State Line, Indiana		
Base bid.....	11 266 00	
Additive alternate for provision of stand-by generator	<u>4 990 00</u>	
<i>Subtotal</i>		16 256 00
Plumbing — David W. Reichard Plumbing & Heating Co., Inc., Urbana		
Base bid	6 050 00	
Additive alternate for provision of stand-by generator	<u>665 00</u>	
<i>Subtotal</i>		6 715 00
Ventilating — W. L. Rogers, an individual doing business as Cool-Rite Refrigeration, Urbana		
Base bid	5 945 00	
Additive alternate for provision of stand-by generator	<u>309 00</u>	
<i>Subtotal</i>		6 254 00
<i>Total</i>		<u>\$215 885 00</u>

It is further recommended that all contracts other than the general contract be assigned to the contractor for general work, making the total of the contract \$215,885; and that an agreement be entered into with Skoog Construction Company, Champaign, for the assignment of these other contracts for \$1,200. This amount is included in the \$215,885 contract price, and is the amount bid by that firm for service charge for the supervision of other contracts assigned to the general contractor.

It is also recommended that the Board authorize the assignment of \$26,000 from Urbana-Champaign Contract Research Reserve to supplement funds available from a grant from the National Science Foundation and an appropriation made by the Board of Trustees from Urbana-Champaign Contract Research Reserve on May 18, 1966.

The building will house a forty-inch optical telescope and spectragraph and the supporting facilities.

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain; no, none; absent, Governor Kerner, Mr. Page, Dr. Weatherly.

CONTRACTS FOR CONSTRUCTION OF AGRICULTURAL SERVICES BUILDING, URBANA

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend assignment of \$100,400 from the Urbana-Champaign General Reserve and award of the following contracts, subject to funds being made available therefor by the Seventy-fifth General Assembly, based on the percentages bid for contractors' fees. The contracts are for construction of an Agricultural Services Building for storage and printing for the College of Agriculture. The building will be located south of the Vocational Agriculture Building, south of St. Mary's Road and north of the Agriculture Storehouse, and will provide for the vacating and conversion of approximately 4,500 square feet of space in Mumford Hall to office space.

	<i>Per Cent for Material</i>	<i>Per Cent for Labor</i>	<i>Per Cent for Sub- contracts</i>	<i>Estimated Fee Payments</i>	<i>Total Estimated Payments</i>
General—Dean Evans Co., Champaign.....	4	29	3	\$6 908	\$60 508

Plumbing—David W. Reichard Plumbing & Heating Co., Inc., Urbana.....	20	55	10	1 510	5 610
Ventilation and Distribution Systems for Conditioned Air—W. L. Rogers, an indi- vidual doing business as Cool- Rite Refrigeration, Urbana..	25	30	10	1 135	5 235

Submitted herewith is a report from the Physical Plant Department, including a schedule of bids received, a copy of which is being filed with the Secretary of the Board for record.

I concur.

On motion of Mr. Hughes, these recommendations were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain; no, none; absent, Governor Kerner, Mr. Page, Dr. Weatherly.

CONTRACTS FOR CONSTRUCTION OF AIR CONDITIONING CENTER AT STUDENT-STAFF APARTMENTS, URBANA

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of the following contracts for construction of a 3,000-ton Air Conditioning Center to be located at the Student-Staff Apartments, Urbana. The award in each case is to the lowest bidder and is based on the base bid and recommended alternate.

General—Skoog Construction Company, Champaign	
Base bid.....	\$412 000 00
Deductive alternate if other contracts are not assigned to the general contractor.....	<u>34 500 00</u>
<i>Subtotal</i>	\$ 377 500 00

Electrical—Square Deal Electrical Contracting, Inc., Urbana	
Base bid.....	59 200 00
Plumbing—David W. Reichard Plumbing & Heating Co., Inc., Urbana	
Base bid.....	34 200 00
Heating, Ventilating, and Air Conditioning—R. H. Bishop Company, Champaign	
Base bid.....	596 619 00
<i>Total</i>	<u>\$1 067 519 00</u>

Funds are available in state capital appropriations to the University for the 1965-67 biennium, which have been released, and also in the construction budget of the Illinois Street Residence Halls Air Conditioning.

I concur.

On motion of Mr. Jones, these contracts were awarded by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Johnston, Mr. Jones, Mr. Pogue, Mr. Swain; no, none; absent, Governor Kerner, Mr. Page, Dr. Weatherly.

CONTRACTS FOR REMODELING IN ENGINEERING HALL, URBANA

(15) The Director of the Physical Plant and the Vice-President and Comptroller recommend assignment of \$35,640 from the Urbana-Champaign Contract Research Reserve and award of the following contracts, based on the percentages bid for contractors' fees, for remodeling eight rooms on the first and second floors in Engineering Hall. The space will be used for Engineering Publications and the Office of the Coordinator of Relations with Industry. The award in each case is to the lowest bidder.
