Resolved, That all appropriations of money by this board be made for specific purposes and classified accordingly, stating amount appropriated for each; and that it shall be the duty of the recording secretary to furnish the regent and treasurer with a copy of such appropriation; and that all warrants drawn by the regent shall mention for what purpose drawn and the fund chargeable therewith.

After considerable discussion of the limits of the jurisdiction of the Committee on Agriculture and Horticulture and the committee on Buildings and Grounds, the following resolution was adopted, on motion of Mr. Cobb:

2d. Resolved, That the Agricultural Committee shall have charge of the stock farm and the experimental farm, except so much of the latter as shall be occupied by the orchards, to which is hereby assigned the 53 acres lying west of the line Wright street.

On motion of Judge Cunningham, it was ordered that Dr. Warder's bill for $150, for three lectures delivered in January, 1869, be referred to the Corresponding Secretary, with instruction to report, for the information of the Executive Committee, the particulars of the arrangement made with Dr. Warder.

A recommendation from the Faculty "that the rooms south of the library should, at as early a day as possible, be prepared for the reception of the geological and mineralogical cabinets," was, on motion of Judge Cunningham, adopted; and it was ordered that it be carried out immediately.

The Regent presented the following proposition, from Prof. Burrill, for the sale of a cabinet of minerals now on exhibition in the library room of the University:

**INDUSTRIAL UNIVERSITY, April 8th, 1869.**

Gentlemen: The cabinet of fossils and minerals, now in cases in the University and belonging to Mr. M. S. Hall, has been left in my hands for sale. Mr. Hall’s price is $1000; but, owing to pressing demands for money, he is desirous of disposing of it, even though a much less sum be obtained.

The following statement, based upon my own count and estimate—the latter drawn from every source of information at hand—may aid in determining the value of the collection:

750 fossil plants, of about 35 distinct species, being about one-fourth of those known to exist in Illinois—40 cents, each ........................................ $300 0
25 extra fine geodes, at $3 ..................................................... 75 0
70 medium “ 1........................................................................ 70 0
70 smaller “ 30 cents ............................................................... 21 0
40 specimens of minerals, granites, etc., 30 cents ........................... 16 0
60 fine specimens of pol. marble, agate crystal spars, at $3 .......... 180 0
200 animal fossils, at 30 cents.................................................. 60 0

Total ................................................................. $722 0

Duplicate specimens, if valuable separately, are equally so for exchange; but as there are many of these, and exchanges will be attended with some expense, an also making due allowance for the sale of a whole collection rather than by single specimens, I offer it to you for the sum of six hundred dollars.

T. J. Burrill.

On motion of Judge Cunningham, it was voted that the proposition be referred to Prof. Stuart for an opinion in regard to the propriety of making the purchase, with instructions to report the next meeting of the committee.

On motion of Judge Cunningham, it was voted that the proposed change of the walk running parallel with the main drive on the west side of the grounds be entrusted to Mr. Franks.
On motion of Mr. Cobb, it was voted that the appropriation made for buildings and grounds, allowing $2,575, be disbursed by the Regent, with the advice and consent of the chairman of the Committee on Buildings and Grounds.

On motion of Judge Cunningham, it was ordered that regular monthly meetings of this committee be held on the first Wednesday of each month, for the transaction of business.

On motion of Judge Cunningham, it was ordered that the carpenter be instructed to complete, as soon as possible, the sidewalk on the street in front of the University building as heretofore ordered.

On motion of Judge Cunningham, the following preamble and resolution were adopted:

WHEREAS, the Regent has offered to visit some of the chief Industrial schools of Europe, during the summer vacation, at his own expense, to observe carefully their methods and facilities of instruction, to aid in the further development of the University; and whereas, such observations, at the present stage in the progress of the University, seem important and may prove of great benefit; therefore,

Resolved, That leave of absence be granted to the Regent from the middle of May to the opening of the autumn term; and he be requested to make thorough examination and copious notes of such things, in the several agricultural and polytechnic schools he may visit, as may serve to aid us in the more perfect organization of this Industrial University.

On motion of Judge Cunningham, it was voted that the authorities of the town of Urbana be requested to vacate the public road on the east and south side of the northwest quarter of the northwest quarter of section 19, township 19, range 9, and to locate a road on the north side of said tract, to connect the road, as now laid on the north side of said section 19, with the road laid on the range line between ranges 8 and 9.

The Agricultural Committee brought in their report; which was recommitted, with instructions to report to the Executive Board.

An application of Prof. Wm. M. Baker, for permission to have his lumber purchased and shipped with the lumber of the University, was not granted.

On motion of Mr. Pickrell, it was

Resolved, That the state appropriation made for the Agricultural department be appropriated for the purposes named in the act; that the state appropriation made for the Horticultural department be appropriated for the purposes named in the act; that the state appropriation for the Chemical department be appropriated for the
purposes named in the act; and that the state appropriation made to be used for other apparatus and books be appropriated for purposes named in the act.

On motion, the Committee adjourned, to meet Wednesday, May 5th, 9 A. M.
