A special meeting of the Board of Trustees of the University of Illinois was held at the Edgewater Beach Hotel, in Chicago, at 12 o'clock noon on Wednesday, July 17, 1918, pursuant to the following notice which was sent out by the Secretary on July 8, 1918.

On the call of the President, Mr. W. L. Abbott, there will be a special meeting of the Board of Trustees of the University of Illinois at the Edgewater Beach Hotel, in Chicago, at 12 o'clock noon on Wednesday, July 17, 1918, to consider matters submitted by the President of the University and the Committees of the Board, and such other matters as may be duly submitted.

When the Board convened, the following members were present: Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson.

President James was present.

MINUTES APPROVED
The Secretary presented the minutes of the meetings of June 1, 1918, and June 11, 1918. On motion of Miss Watson, the minutes were approved as printed above on pages 735 to 808 and 809 to 832, respectively.
LETTER FROM MR. R. T. LINCOLN

The Secretary presented the following letter from Mr. Robert T. Lincoln.

Manchester, Vermont, July 6, 1918.

H. E. Cunningham, Esq., Secretary, University of Illinois

My Dear Sir:

Your letter of the 15th of June and the accompanying copy of the tribute to my father, "Abraham Lincoln Today," came to me at a time when I was engaged under difficult circumstances in removing my belongings from Washington to this place, and my acknowledgment of it has been delayed with many other matters. I thank you very much for your kindness. I have read the little book with very great interest and pleasure as a very unusual indication of the regard in which my father's memory is held so many years after his death. I am particularly grateful for the address of President James, which has affected me deeply.

It is a great pleasure to preserve this memorial in my library.

Believe me very sincerely yours,

Robert T. Lincoln

On motion of Mr. Blair, this letter was received for record.

MATTERS SUBMITTED BY THE PRESIDENT OF THE UNIVERSITY

The Board proceeded to the consideration of the following matters submitted by President James:

CHANGES IN LABORATORY FEES

(1) A recommendation from the Council of Administration, on request of Dean Richards, that the laboratory fees in courses given in the College of Engineering be changed as follows:

On motion of Mr. Carr these changes were authorized.

SCHOLARSHIPS IN CERAMICS

(2) The following statement: The Board of Trustees established some years ago one hundred and two free scholarships in the University, one
for each county in the State, to be assigned by the University on the nomination of the Illinois Clay Workers Association. At first, the regulations concerning these scholarships permitted a scholarship in any county, which was not claimed by a resident of that county, to be assigned to some other county. Later, the regulations were changed, limiting the scholarship in each county to residents in that county. I recommend that during the period of the war the President of the University be authorized to assign the full number of scholarships, if asked for by persons properly qualified, irrespective of county residence.

On motion of Mr. Carr this recommendation was approved.

COOPERATIVE WORK IN HEATING AND VENTILATION

A letter and proposed contract from Dean C. R. Richards concerning articles of agreement between the National Warm Air Heating and Ventilating Association and the University of Illinois.

July 17, 1918

President Edmund J. James, University of Illinois

My Dear President James:

I am transmitting herewith a proposed contract between the National Warm Air Heating and Ventilating Association and the Board of Trustees of the University of Illinois for a cooperative investigation of warm-air furnaces and furnace heating systems to be undertaken by the Engineering Experiment Station of the University of Illinois. If you approve this contract, I shall be glad if you will present the matter to the Board of Trustees at an early meeting. I trust that the Board may be willing to authorize the contract for this important investigation.

A number of years ago the Engineering Experiment Station undertook an investigation of house-heating equipment, and a considerable amount of work was done in connection with house-heating boilers. The results of this early investigation were published in 1909 in Bulletin No. 31. Later additional tests on steam and hot-water boilers for house heating were conducted, and some effort was made to extend the investigation to include work with warm-air furnaces. These latter investigations were far from complete, and the data secured were considered of insufficient value to justify their publication. Since that time the Station has long desired to inaugurate an extensive program of investigations in this field, but the large expense connected therewith has deterred us from undertaking any actual work.

With the reconstruction of the Mechanical Engineering Laboratory it has been possible to provide a plant for the testing of warm-air furnaces, designed under the general direction of Professor A. C. Willard, Professor of Heating and Ventilation in the Department of Mechanical Engineering. Through the efforts of Professor Willard, the National Warm Air Heating and Ventilating Association has become interested in a scientific study of the problems connected with the design, rating and performance of warm-air
furnaces and warm-air heating installations. This Association is a commercial organization representing all or practically all of the manufacturers of warm-air furnaces in this country. It is a large and powerful organization, which up to the present time has been more interested in the commercial problems connected with the business than with the scientific problems involved. At our invitation a committee of this Association recently visited the University and witnessed a test of a warm-air furnace in the furnace testing plant which I have already mentioned. As a result of this visit and of the interest of the committee in the possibilities for scientific study of warm-air furnaces, the committee recommended to the Association that the contract here presented be approved, with the understanding that the Association will spend not to exceed $8,000.00 for the initial period of one year. This recommendation was unanimously approved at the convention of the Association held in Milwaukee on June 12, 1918. If the proposed contract meets the approval of the Board of Trustees, the formal agreement can be entered into between the University and the Association.

There is almost no existing scientific data available in this important field of heating. It seems to me, therefore, that this cooperative agreement is a most important one and that the results secured may have a far-reaching effect in shaping the design and in increasing our knowledge of the installation and operation of such apparatus. From the size of the fund which the Association is willing to furnish the University, this is the most important cooperative investigation which the Engineering Experiment Station has ever undertaken.

Trusting that you may approve this contract, I am,

Very cordially yours,

G. R. Richards

ARTICLES OF AGREEMENT

ARTICLES OF AGREEMENT between the National Warm Air Heating and Ventilating Association and the Board of Trustees of the University of Illinois for cooperative investigation of Warm Air Furnaces and Furnace Heating Systems, by the Engineering Experiment Station of the University of Illinois, under the following terms and conditions:

I. This agreement is executed for a period of one year beginning October 1, 1918, with the understanding that it may be extended for additional similar periods under the same or such other terms as may be mutually agreed upon.

II. The Engineering Experiment Station will supervise and direct all testing work and the computation of all results obtained; it will furnish the furnace testing plant now installed in the Mechanical Engineering Laboratory, together with all testing instruments necessary in the investigation. Should important changes in or additions to the present testing plant become necessary, it is agreed that the cost thereof shall be charged against the fund provided by the National Warm Air Heating and Ventilating Association for the general investigation as hereinafter provided.
III. An advisory committee of the National Warm Air Heating and Ventilating Association shall be appointed to consult with the Officers of the Engineering Experiment Station concerning the conduct of the investigation and the general testing program to be undertaken. When a general program of tests has been agreed upon, the conduct of the tests shall be entirely under the control of the Engineering Experiment Station, which is necessarily responsible for the results secured.

IV. All of the original test data and the computations and results of the investigation are to be the property of the Engineering Experiment Station and they are to be kept on file at the University of Illinois. Furthermore, it is understood and agreed that the Engineering Experiment Station shall have the exclusive right to publish the results of the tests and investigations conducted under this agreement, and no publicity to any of the tests shall be given prior to the publication of the results by the Engineering Experiment Station.

V. The advisory committee or other authorized representative of the National Warm Air Heating and Ventilating Association shall at all times have access to the data secured and the computed results, and one copy thereof shall be furnished the Secretary of the National Warm Air Heating and Ventilating Association, subject, however, to the conditions named in Article IV. The Engineering Experiment Station will submit a semi-annual report on the work in progress, in addition to the data and results, to the National Warm Air Heating and Ventilating Association.

VI. Not less than two full-time testing assistants and one half-time assistant will be needed to conduct the investigation herein contemplated. The salaries of these assistants and of any other later found necessary are to be paid from the funds provided by the National Warm Air Heating and Ventilating Association. These assistants are to be considered members of the staff of the Engineering Experiment Station during their connection therewith.

VII. All furnaces tested are to be furnished and erected at the testing plant without expense to the Engineering Experiment Station. All expenses connected with the preparation of the furnaces for testing and any other expense connected with these tests, not otherwise provided for, shall be paid from the funds furnished by the National Warm Air Heating and Ventilating Association.

VIII. On or before October 1, 1918, the National Warm Air Heating and Ventilating Association will pay to the Board of Trustees of the University of Illinois an initial sum of two thousand dollars ($2,000.00) and thereafter it shall maintain in this special fund for furnace testing a balance of not less than five hundred dollars ($500.00) to be administered by the Comptroller of the University and paid out by him on vouchers approved by the Director of the Engineering Experiment Station. It is further agreed that the total amount of the fund expended by the National Warm Air Heating and Ventilating Association shall not exceed eight thousand dollars ($8,000.00) for the first year of this agreement. At the termination of this agreement or at any time on the request of the Association, the Comptroller
shall render an accounting to the National Warm Air Heating and Ventilating Association and he shall return to the Association any unexpended balance which may remain in this fund at the termination of this agreement.

THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS, BY

Witnesses

Comptroller

Secretary, National Warm Air Heating and Ventilating Association

On motion of Mr. Blair, the President of the University was authorized to approve this contract.

RULES, C. P. A. EXAMINATIONS

(4) An amendment of rules governing the conduct of the examinations for Certified Public Accountants.

June 17, 1918

Dr. Edmund J. James, President

Dear Mr. President:

The University Committee on Accountancy has voted to recommend to you the amendment of two of the rules adopted by the Board of Trustees to govern the conduct of the C. P. A. examinations. These two rules, Nos. 24 and 28, read at present as follows:

24. The examination shall take place as often as may be deemed necessary in the judgment of the University Committee, but not less frequently than once each year. The annual examination shall be held on the fourth Tuesday in May.

28. Examinations shall be written in books supplied by the University to the Board of Examiners as provided for by action of the Board of Trustees in December 1901 (describing the books to be used in all University examinations.)

The Committee recommends that the second sentence of Rule 24 be amended to read:

The annual examination shall be held on the third Tuesday in May.

The object of this change is to get these examinations out of the way a little farther in advance of the Commencement rush and also to avoid recurring conflicts with Memorial Day.

The Committee recommends the following new wording for Rule 28:

28. Examinations shall be written on paper supplied by the University.

It has been found that the regular examination books referred to in Rule 28 are far from suitable for most parts of the C. P. A. examination, for which ruled paper and large analysis sheets should be supplied.

Sincerely yours,

C. M. McCOnn
Secretary of the Committee

On motion of Mr. Hoit, these amendments were approved.
1918]
UNIVERSITY OF ILLINOIS 7

DUPONT DE NEMOURS FELLOWSHIP IN CHEMISTRY

(5) The following correspondence:

June 3, 1918

Dr. W. A. Noyes, Professor of Chemistry, University of Illinois

Dear Sir:

OUR FILE RW-2300-3

The E. I. DuPont de Nemours & Company has recently appropriated a sum of money to create fellowships and scholarships at leading universities and colleges for the purpose of encouraging advanced students to continue the study of chemistry. The placing of these scholarships and fellowships has been put in my hands and I take pleasure in advising you that we offer the University of Illinois a fellowship of $750 for the scholastic year 1918-19. The only conditions we make are that the fellowship is to be known as a "DuPont Fellowship" and is to be granted by the university authorities to a graduate student whose major subject is chemistry.

As a matter of interest we would like to be advised of the name of the appointee and in addition we would like to have a report twice per annum of the progress made.

While the present offer covers one year only, it is our hope that we will be able to repeat the offer from year to year.

I will ask that you kindly advise me promptly whether the university accepts this offer under the conditions stated and if so, how the check should be made out.

Sincerely yours,

CHAS. L. REESE
Chemical Director

June 22, 1918

Dr. Charles L. Reese, Chemical Director, Wilmington, Delaware

My Dear Sir:

Professor Noyes has turned over to me your communication of June 3rd, offering to the University of Illinois the sum of seven hundred and fifty dollars ($750) for the scholastic year 1918-1919 to establish a fellowship in Chemistry for that year, to be known as the DuPont Fellowship.

I am sure that the Board of Trustees at its next meeting will accept this fellowship with great pleasure and with an expression of gratitude to the Company. Professor Noyes is mistaken in regard to one matter. In establishing fellowships and prizes of this sort, the University expects the money to be in its Treasury at the time it establishes the fellowship. Our plan is to pay the fellows in ten or twelve monthly installments, more usually in ten, and the students spend the ten months in actual work in the laboratories. Would this be acceptable to you?

Faithfully yours,

EDMUND J. JAMES
Dr. Edmund J. James, President, University of Illinois

Dear Sir:

Our File RW-2003-3

I am in receipt of your letter of June 22nd, in connection with the DuPont Scholarship offered to the University of Illinois, and in reply to your inquiry as to the distribution of this fund, would advise that the method you suggest will be perfectly satisfactory to us. It is our intention to forward to you, within the next few days, our check for $750.00 and it is perfectly agreeable to us to have you dispose of it in the manner you consider most advisable.

Yours very truly,

WM. M. WHITTEN, JR.
Assistant Director

The Comptroller informs me under date of July 11th that he has received a check for $750 from the E. I. DuPont de Nemours and Company, which he has credited to a trust fund for the use of the “DuPont Fellowship” in Chemistry.

On motion of Mrs. Evans this gift was accepted with an expression of cordial thanks for the generosity which inspires it.

EXHIBIT AT STATE FAIR

(6) A recommendation from Professor James M. White that the University prepare certain University films for exhibition at the Illinois State Fair in August of this year at a cost of about five hundred dollars. These films may be used subsequently in connection with exhibits at other places. The Illinois State Centennial Commission desires very much that the University participate in this way in a Centennial exhibit at the State Fair.

On motion of Mr. Carr, this recommendation was approved, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; Noes, none; absent, Mr. Lowden, Mr. Trevett.

PAYROLL SCHEDULE

(7) The payroll schedule made effective July 1, 1918, in accordance with the authority given to Professor White by the Board to draw up and put into force a payroll schedule. While Professor White had the power to act, I request a formal approval of this payroll schedule by the Board.

On motion of Mr. Hoit, this schedule was approved, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

**REPORT, UNIVERSITY WOODLAND TRACT**

(9) A report from the Advisory Committee on the University Woods, known as the Kerr Woods, recently purchased by the University.

June 25, 1918

**DEAR MR. PRESIDENT:**

Your Advisory Committee on the University Woods begs leave to report as follows:

So far as we have any knowledge the property has been protected adequately from grazing animals and similar menace; and teaming has not been allowed in it since the wood already corded on the ground when it was bought was removed by the owner. No serious trespassing seems to have been committed aside from the chopping into one hollow tree by hunters.

At the request of the Supervising Architect a few simple rules were suggested, and these have been printed on the back of the permit form now
in use,—of which a copy is appended. It is the opinion of the Committee that the minimum of formality should attend the use of the woods for observational purposes, and we have so advised the Supervising Architect. Few permit cards have been issued this year, and it is not likely that the number called for will be large because of the difficulty of reaching the woods, but the Committee believe that the collection of specimens should be entrusted only to few and responsible people and that proper permits should be exacted whenever material is taken or disturbed.

No improvements have been made, except for the installation of a Stile in place of the dilapidated gate giving entrance to the woods.

The Committee recommends that, under its direction, the large amount of brushwood which now constitutes a fire risk be removed as promptly as possible; but this should be done under proper direction, for dead standing or even fallen trees are valuable for the nesting of certain kinds of birds and the growth of fungi, mosses and other plants, and most of these, especially those that have begun to decay, ought to be preserved,—and protected against disturbance by students for the most part.

It is desirable to cut six-foot paths through the woods in various directions, and to keep them mown down through the season. People who visit the woods for pleasure and casual observation always follow paths when they can, and a labyrinthine system of paths here will do much to keep the vegetation from being trampled and broken down in aimless wandering.

We recommend that steps be taken at once for securing a large number of seeding or young shrubs for planting thickly about the borders of the woods. The selection should be made with reference to forming a thicket in which birds may nest, and from which they may derive food, especially, so far as this may be, in winter.

The woods should be enclosed by a suitable fence. The Supervising Architect has samples of adequate fencing. At some time it will prove possible to make a partly persistent pond by a small amount of excavation in one of the low places, where water now stands far into the spring. Even though not permanent, such a reservoir will permit many plants and animals not now found there to be collected, especially in spring and early summer.

As soon as the University acquired possession of the property Dr. McDougall began an ecological census of its vegetation. Thus far, more use has been made of the woods by him and his students than by any others, and certain of his classes meet there regularly when the weather permits. Except for occasional visits by instructors in the various biological departments and a field trip by a class now and then, little other use has been made of the woods this year.

As you know, the only way of reaching the woods is by means of one of the interurban lines, from which a long walk is necessary. The work done by Dr. McDougall has entailed a great deal of hardship, because of the need of carrying instruments back and forth; his classes have been able to use the woods only through meeting on Saturday,—a day relatively free; and it would have been entirely impossible for me to take my own students out
without preventing their attendance in other classes except for the fact that one of them placed her car at our disposal.

The Committee believe that no considerable use of the woods as a field laboratory can be made until the University provides facilities for the transportation of classes to and from the woods without dependence upon the fixed schedule of the traction company and the great loss of time in walking.

We recommend that the University provide two cheap cars, fitted with long bodies with fore-and-aft seats, as carryalls. Each such car should accommodate a dozen persons. Cars of this kind, maintained ready for service by the Custodian's department, could be requisitioned with or without driver when needed, precisely as projection apparatus now is; and the small expense of the actual service could be recovered, if desired, in fees collected for the courses in which it was necessary. We believe that such a provision would result in distinctly increased efficiency in all of the branches of nature study.

Very respectfully,

WM. TRELEASE
F. SMITH

June 25, 1918

DEAR PRESIDENT JAMES:

The Advisory Committee on the University Woods believes that the twenty acres of woodland immediately adjoining what is now owned by the University ought to be saved from destruction if it can be bought at a reasonable price.

The value of what is now owned by the University will be permanently increased by maintaining the plantation in its full present size, for reduction of its area will influence injuriously, and in some respects possibly seriously, what remains. Though the tract is not large it is somewhat diversified in its flora, and the northern part, not now owned by the University, contains some elements that I have not seen in the woods bought last year, and its less hardy vegetation has suffered far less because it has not been so persistently used as a pasture. The ultimate provision of a half-pond will be possible only near the northern limits of what is now owned. If the remainder can be procured it will probably be extended north of the present boundary fence, for the lowest and wettest land lies there.

We are of the opinion that proper provision for the near future of nature study in the University dictates saving not only this but other remnants of the original vegetation of the State which lie where they may be reached for study or the collection of material, and that expenditures for this purpose will find further justification in the enhanced value of the land acquired. We feel, also, that in some form or other the State should save for the general public examples of these nature products, and that every year brings added dangers to all that remain under private ownership.

Very respectfully,

WM. TRELEASE
F. SMITH

No action was taken in this matter.
REPORT, COLLEGE OF LAW

(10) A report on the College of Law by Dean H. W. Ballantine.
To President Edmund J. James, University of Illinois

My dear President James:

At your request I beg to submit the following arguments in behalf of the College of Law to meet possible questions which might arise in view of the great reduction in our attendance. Some one might ask, Why is it worth while for the State to run a law school in war time? It is believed that a consideration of the following arguments will fully answer this question.

I. PROSPECTS AS TO ATTENDANCE. Prior to the war the attendance at the Law School had been declining from a high-water mark of 193 in 1909-10 to 166 in 1914; to 88 in 1915; and to 73 in 1916-17. Our gross attendance this year, counting students taking two or more law courses, totaled about 58. We lost about 21 of these during the first semester, and our enrollment in the second semester was 37. At the end of the second semester we gave examinations to about 30 students, mostly of the first-year class. The second-year class was reduced to one member.

The prospects are that we need expect no third-year students next year and need, therefore, offer no third-year courses. We have reason, however, to expect a fair attendance in the first and second year classes. About 70 students have been registered this year as pre-legals, and many others have been contemplating taking up the study of law who have not registered as pre-legals, as this is a voluntary matter. From personal inquiries made it is a conservative guess that we may expect an attendance of at least from 25 to 30 law students in the first-year class; and from 15 to 20 in the second-year class, with some additional college students taking two or more law courses. Our classes will be as large as those of many other departments.

This reduction in attendance is no greater proportionately than has occurred at other law schools, and our actual attendance is greater than at the state universities of West Virginia, Missouri, or Indiana.

II. FACULTY IS ALREADY TEMPORARILY REDUCED. We can carry the first and second-year work without the re-appointment of Professor Carpenter or a successor to him for next year. His salary of $2750 will thus be saved. Professor Pomeroy will continue on leave of absence on half pay for the first semester and will return at the beginning of the second semester. Judge Harker is legal counsel and gives only part of his time to teaching. Professor Decker is acting librarian in addition to his teaching. The four full-time professors will have their time well occupied in giving the first and second-year courses. In addition we propose to offer two new non-professional courses, open to the student body generally; one of these is a one-hour course in Military Law, open to sophomores and upper classes. Another course is The Law of the Press, dealing with legal matters of importance to journalists. We have also undertaken to relieve the department of Political Science of the course in Jurisprudence during Professor Fairlie’s absence. There will thus be ample teaching to keep the law faculty busy.
III. THE BUDGET. The budget requests for 1918-19 represent a reduction of $1080 from the expenditures of 1917-18. The budget of 1917-18 itself represents a reduction of $3,295 from the budget of 1916-17. If to the reduction of $1,080 you add the $500 request for special lectures and contingencies, which would not need to be used, we have a probable reduction of $1580. This reduction is possible after making allowance for moderate increases in the salaries of Professors Hale, Green and Decker. These men fully deserve the moderate increases which are recommended and which will scarcely make up for the automatic decrease in salaries which has already resulted from the increased and the increasing cost of living.

In most of our sister law schools, like Chicago, Northwestern, Minnesota, Wisconsin, a salary standard of $5,000 per year has now been established. At Wisconsin they have four men on that basis. Professor Vernier's salary at Stanford has now been raised to $5,000, and he receives $500 additional for teaching in their summer quarter. At Cornell the salary of Professor McCaskill has recently been raised to $5,000. We surely ought to put men like Professors Hale and Green on a $4,000 basis and raise Professor Decker to $3750.

IV. LEGAL RESEARCH AND CONTRIBUTIONS. If there were no students at all in the law school, the maintenance of a good corps of legal investigators and writers would be well justified. One of the important functions of law teachers is to train lawyers who will be useful socially, as well as successful professionally. But law teachers are now being looked to for constructive work of the highest order. Courts and legislatures do not originate. They merely give form to what is worked out by others. It is the professor who can devote time to critical investigation and publication who is moulding the law of the future. It would indeed be a misfortune if the power of teachers of law to engage in research were to be curtailed at the very time when it is most needed and most available.

The importance of research along scientific lines is fully recognized; but this war has shown that agriculture, engineering, literature, science, and civilization itself, are not possible without law and order. No subject is, therefore, more vital and more worthy of study than the law. It is peculiarly a state function. The whole economic field, the relations of labor and capital, of producer and consumer, present a new province for law and order. The trained lawyer will be called upon to formulate into legal principles the demands of economic and industrial justice. Internal peace will only be possible by legal adjustments between the conflicting forces of labor and capital.

The various members of the law faculty are making valuable contributions to legal science. The establishment of the Illinois Law Bulletin is an important event in the legal history of this State. It is the first publication to undertake the scientific study and improvement of the local law of this State.
Professor Hale has contributed a valuable article on "The Account-Books of a Party to the Action as Evidence in His Own Favor," and has done invaluable and patient work as Editor-in-Chief of the Law Bulletin. During the past year Professor Hale has been president of the Illinois Society of Criminal Law and Criminology, and made an address as president of the society, which will become the basis of definite proposals of legislation to be laid before the next session of our legislature. He is preparing a book on "Evidence and Trial Practice", which should prove of great value to the lawyers of the State.

Professor Green contributed an article on "The Child Labor Law and the Constitution", which forecast correctly the recent decision of the United States Supreme Court on this law, (April, 1917). He has also published in the past year an article called "The Stockholm Conference and Joint Indemnity" in Forward; and an original article in the form of a review of Mr. Frankfurter's brief in the Oregon Minimum Wage Cases, in the Illinois Law Review. He wrote Chapter III and appendix of the last report of the Illinois Pension Commission, which chapter relates to pension legislation in Illinois. He is now preparing for the next report of the Pension Commission a chapter which will treat of judicial decision and legal questions connected with State pensions. He is also getting up a collection of authorities on the development and present status in Illinois of the law of domestic relations.

Professor Carpenter has contributed articles to the Columbia Law Review (Nov. 1917) on "Court Decisions and the Common Law," and to the Harvard Law Review (May, 1918) on "Jurisdiction over debts for purpose of administration, garnishment and taxation."

Professor Decker has contributed an article in two installments, entitled "The Case of the Sealed Instrument in Illinois", to the Illinois Law Bulletin. This article formulates and discusses for the first time the law of sealed instruments in this State from the critical and legislative point of view, which may lead to putting this antiquated branch of law on a rational basis.

Judge Harker has been busily engaged in completing his annotated edition of the Illinois Revised Statutes, which he hopes to complete by this fall, and which will be more useful than any other one law book to the legal profession of the State.

Professor Pomeroy has contributed an article to the Bulletin on "The Specific Performance of Contracts in Illinois". He is at present on leave of absence, finishing up the new seven volume edition of his father's monumental work on Equity Jurisprudence, to which he is himself contributing over 1,000 pages. This work is regarded as perhaps the greatest legal treatise produced by an American legal writer.

The writer of this report has contributed three articles to the Bulletin, one on the "Need of Pleading Reform in Illinois;" another entitled, "A Chart of Illinois Defensive Pleading," and another on "Technicalities in Criminal Procedure." He has also written an article for the California Law Review on "Constitutional Limitations on the War Power," and has contributed an article to the Harvard Law Review on "Title by Adverse Pos-
session," which will appear next fall. The Law Bulletin extends the influence of the law faculty and furnishes a connecting link between the College of Law, the practising lawyer, and the legislator, whereby each keeps in better touch with the other.

V. IMPORTANCE OF THE COLLEGE OF LAW AT THIS TIME. Especially at this time it is important to keep the law school in good working order for the sake of those who have entered military service. Some of them will soon be returning more or less disabled. No vocation will be found more suitable for many of these disabled soldiers than the legal profession. The law requires far less manual dexterity than engineering, agriculture, or medicine; and even before the war is over the law schools will be called upon to take care of our returning soldiers.

Shortly after the war closes, it is obvious that the law schools will all receive a very large increase in attendance, composed partly of their previous students who had not yet completed their law course; and in part of those who have entered but who postponed their law study and entered military service instead.

The law schools are thus storing up a reserve of attendance which will come upon them as a flood after the war. No one in subsequent life will have a greater influence in moulding public opinion and in guiding the affairs of the state than the law students. Law schools should, therefore, keep going with a view to these demands even if they are cut down to only a few students.

Among recognized law schools the University of Montana is the only one of which I have heard which proposes to discontinue its sessions next year. If the standard law schools should discontinue operations, this would play directly into the hands of the inferior commercialized night law schools, which already are preparing a majority, perhaps three-fourths, of the lawyers of this State.

It is submitted that the University of Illinois should have the courage and foresight to keep its facilities intact and to utilize its splendid equipment during the war, both for the sake of law students and for the constructive and critical study of the local law of this State. Next year is a legislative year and a constitutional convention also seems likely. Important demands will doubtless be made upon the law school faculty outside of their regular duties, if they have any time to spare.

It is submitted that the Law School is rendering substantial service to the State, both inside and outside the University; that it is an important liberalizing and constructive influence, and that through the law school the University has its greatest opportunity to contribute to the reform and betterment of our legal institutions, which are crying for public spirited and expert attention.

Respectfully submitted,

H. W. BALLANTINE
Dean of the College of Law

This report was received for record.
LEAVE OF ABSENCE FOR MR. E. W. BAILEY

A request from Professor E. W. Bailey for leave of absence without salary from September 1, 1918, to September 1, 1919, for the purpose of graduate work, with the understanding that the three years of his incumbency as assistant professor up to the present time will stand to his credit in case he asks for the sabbatical privilege at a later date.

On motion of Mr. Blair, the President of the University was authorized to grant this request.

FOUR-YEAR MILITARY CURRICULUM

A report from a committee consisting of Professor F. H. Newell, Chairman, and Messrs. Babcock, Weston, Shaw, Talbot, Forbes, and Major McCaskey, appointed February 22, 1918, to consider the curriculum of a four year military course. This committee presented a report to the University Senate on March 11. On June 3, the Senate approved the report in general and directed the committee to complete the proposed curricula. The following report is submitted by the committee:

Elements of Proposed Military Curriculum

1. This is based on the theory that a general technological collegiate course is to be followed during four academic years of eight months each in which daily drill and physical training is to be had with continuous enforcement of such military discipline as is consistent with the pursuit of the academic and technological studies.

2. At least 9 weeks of the summer months between the first and second, second and third, and third and fourth years are to be spent in a suitable military camp provided by the United States. At that time and in progressive order during successive seasons, practice is to be had under military and civilian instructors in ordinary civil and in military surveying and in map making, in infantry, artillery, and cavalry tactics including riding, in drill regulations, in target practice, in swimming, in sea-coast artillery, in practice marches, and in problems and practical field work.

3. The first year studies are to be essentially those of the ordinary college freshman course, namely:—mathematics, including algebra, trigonometry and analytical geometry; with English language, including rhetoric and themes; elements of drafting and descriptive geometry; chemistry, inorganic and qualitative analysis. Physical training and military drill to be had daily, but alternating in character of work done—emphasis being placed on set up drill for a half hour each day, preferably before breakfast or luncheon.

4. After the first collegiate year comes the summer military camp as described above followed by a short furlough of two or three weeks. During the summer plane surveying (C. E. 31), also map reading and military sketching (C. E. 38) are taken up, with full field work and some theoretical instruction.
5. During the second academic year mathematics is to be continued through differential and integral calculus; physics, both lectures and laboratory work replaces the chemistry of the freshman year; French or Spanish as a language; surveying, both plane and military sketching, Military drill and physical training are to be maintained.

6. Between the second and third collegiate years the summer military camp is to be continued, progressively taking up the practice of the first summer and with more specialized lines of work in infantry, cavalry, and artillery tactics, in the theory of air craft, in military law, accounting or other subjects in which the student desires to concentrate.

7. For the third year mathematics to be continued through integral calculus and applied mechanics with the theory and practise in steam and gas engines, motors, etc. Language continued in French or Spanish, elements of geology, astronomy or other branches of "Natural Philosophy," also ordnance and gunnery; military and international law.

8. The third summer military camp continues the drill and field work. Special squads are to be detailed under military direction for studies in management at arsenals, railway, steel or munition shops or quartermasters' depots, or to receive practical instruction in transportation problems under suitable experts.

9. The fourth year is to be given largely to specialized subjects such as electrical engineering, military structures, bridges, cranes, derricks, water supply and sanitation, taught chiefly by university instructors; also army accounting and contracts; ordnance and gunnery, field and permanent fortification, strategy, and military law, taught by army officers. Choice of these special subjects to be made by each student subject to the approval of the military authorities detailed to the university by the Department of War.

As the Government may regulate this whole matter in another way, it does not call for action at the present time.

No action was taken in this matter.

### HOUSEHOLD SCIENCE CHANGED TO HOME ECONOMICS

(13) A recommendation of the University Senate that the name of the Department of Household Science be changed to Home Economics.

On motion of Mr. Blair, this recommendation was approved.

### CONDITIONAL ADMISSION OF STUDENTS

(14) A recommendation from the University Senate.

Dr. Edmund J. James, President

June 27, 1918

Dear Mr. President:

At the Senate meeting of June 3, 1918, it was voted, on the recommendation of the Committee on Educational Policy, to make the following recommendation to the Board of Trustees:

That any student who has graduated from an accredited school, whose high-school course includes fifteen units, six of which are made up from our List A, but whose high-school credits do not completely correspond to our educational requirements concerning lists B and C, be regarded as eligible for admission to the University on trial for one semester on the special recommendation of his high-school principal, with the provision that he shall be dropped automatically at the end of the first semester if he fails to pass in more than two-thirds of his work and that if his grades in more than one-fourth of his work are below C he may be dropped on the recommendation of his college faculty. Such a student during his trial period shall not be
permitted to take part in any public exhibition, serve on the staff of any student publication, or hold or become a candidate for any undergraduate office.

Sincerely yours,
C. M. McConnn
Clerk of the Senate

On motion of Mrs. Evans, this recommendation was approved.

SUMMER READING ABOLISHED

(15) A recommendation of the University Senate that the requirement of summer reading in the College of Engineering be abolished.

On motion of Mrs. Evans this recommendation was approved.

COMMITTEE ON STUDENTS' USE OF ENGLISH

(16) A recommendation of the University Senate concerning a Committee on Students' English.

June 27, 1918

Dr. Edmund J. James, President

Dear Mr. President:

The University Senate at its meeting of June 3, 1918, voted to make the following recommendations:

(1) That the Senate provide for a committee on students' English to be appointed by the Council of Administration. This committee shall consist of five or more members and its chief function shall be the maintenance of uniformity in the tests to be applied to unsatisfactory English.

(2) This committee shall have the services of a paid secretary, to be nominated by the Committee, whose duty it shall be to manage all the routine connected with the work of this committee, and to supervise the special instruction which may be necessary.

(3) At the beginning of each semester the secretary of the committee shall issue notices to all instructors, explaining the object of the committee and the manner in which the standard in the use of English is to be enforced.

(4) At a stated time in each semester instructors, excepting those in English composition, shall be asked to make reports, on blanks provided for the purpose, on all students whose use of English, whether oral or written, is unsatisfactory. Each report shall be accompanied by the evidence on which it is based. Provision may also be made for reporting at other than the stated time.

(5) The committee shall examine the evidence of the student's deficiency, and if, in its opinion the student is in need of further instruction, he shall be placed in the care of the secretary.

(6) The secretary shall determine the kind of instruction suited to each particular case. He may prescribe work to the students individually or he may organize special classes which the students shall attend until their English is satisfactory. No credit is to be given for this additional work. The work in English set by the Committee shall be a requirement for graduation in all the colleges and schools of the University.
(7) The Committee shall file at each college office a list of all students whose English is unsatisfactory.

(8) The secretary shall have the right to ask any instructor for samples of the written work of any student about whom he may desire information. He shall have access to term papers, note-books, examination-books, or any other material of the sort.

Sincerely yours,

C. M. McCorn
Clerk of the Senate

On motion of Mr. Trimble, this matter was referred to the President of the University with power to act.

BOND FOR MILITARY SUPPLIES

(17) A letter from the Comptroller.

July 2, 1918

President Edmund J. James, University of Illinois
My Dear President James:

On account of the contemplated issue by the War Department of 1265 Russian rifles to the University, it will be necessary for us to take out the bond for a larger amount than now carried with the government. The minimum amount of a bond necessary to cover equipment now on hand together with the new consignment of rifles is $62,500. If however, the amount of rifles or other equipment should be increased it would be desirable to have the authority to take out a bond sufficient to cover such a change.

I am therefore inclosing a draft of a resolution which I recommended be passed by the Board of Trustees at its next meeting giving me authority to take out a bond in an amount not more than $100,000 or so much thereof as may be necessary.

Cordially yours,

Lloyd Morey

RESOLUTION

Resolved: That Lloyd Morey, Acting Comptroller of the University of Illinois, be authorized to execute a bond to the United States of America in an amount not more than $100,000 or so much thereof as may be necessary, with the American Surety Company of New York as surety, covering the return to the War Department of military stores and supplies already issued or subsequently issued to the University for use in military instruction.

On motion of Mr. Ward, this resolution was adopted, by the following vote: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

RELATION OF THE UNIVERSITY TO THE SMITH-HUGHES ACT

(18) The State Board of Vocational Education has requested the University to undertake certain teacher training in Home Economics, Trades and Industries, and Agriculture. This involves a very heavy expenditure, amount-
ing to about $40,000 for the coming year, as proposed in the schedule presented by Doctor Charters, Director of the School of Education, Dean Davenport, and Miss Bevier. Of this $40,000, which it is proposed to spend on this work of teacher-training in these three departments, $20,000 will be refunded to the University under the Smith-Hughes Act after the close of the fiscal year, that is, after July 1, 1919. A portion of this expenditure is already included in our budget of last year and will be reported in our budget for the coming year, so that the net expense of this undertaking to the University, which is herewith submitted, deducting from the expense the refund which the University would be entitled to obtain from the State Board of Vocational Education, and deducting the amount already in our budget, would be from ten to twelve thousand dollars.

I had supposed when this schedule was prepared that the State Board of Vocational Education would ask the Legislature for an appropriation equal to the federal appropriation to the State under the Smith-Hughes Act, and that with this fund, half from the Federal Government and half from the State, the Board would proceed to defray the expenses of this teacher-training in the different institutions of the State, which might undertake it, so that doing this work would not involve on the part of the University any permanent outlay at its expense.

The reason we should have to meet this expense during the present year is that inasmuch as the Smith-Hughes Act was not ready for adoption until after the adjournment of the last Legislature no appropriation was made to match the Federal appropriation and, consequently, the institutions that could comply squeezed out a certain amount of money to meet this situation of carrying the work in teacher-training for one year.

The executive secretary of the Board of Vocational Education, Honorable Francis G. Blair, State Superintendent of Public Instruction, informs me that I am mistaken in regard to this matter and that no matter how much money the Legislature appropriates for the Smith-Hughes work, the Board will make appropriations to the different institutions for carrying on the teacher-training work only on a fifty-fifty basis. This makes an entirely new situation, and it means that if the Board is to carry on this work permanently, it would have to keep increasing its appropriations to match the Federal appropriations. I am not inclined to think that this would be a safe undertaking—in fact, I think it would be a very unsafe one. I think, however, it would be safe for the Board to give the President of the University authority to approve these proposed schedules for the coming year and make a frank and honest attempt to provide at the University for the teacher-training contemplated by the Smith-Hughes Act, making it a part of our School of Education.

I have not inserted this amount of $40,000 in the budget, which I shall propose to you later in the day, because I think we can carry it without difficulty in our University balance up to the time the Federal Government makes the refund, which does not come in until after the first of next July.
On motion of Mr. Trimble, the work in Agriculture and Home Economics was approved.

On motion of Mr. Carr, the matter of the work in Teacher Training in Trades and Industries was referred to the President of the University with power to act.

**ASSIGNMENT OF PROFESSOR NOLAN TO SMITH-HUGHES WORK**

(19) A request from the Secretary of the Board of Vocational Education, Honorable Francis G. Blair, Superintendent of Public Instruction of the State of Illinois, that the University permit Professor A. W. Nolan to continue for the academic year beginning September 1, 1918, in the same relation to the University and the Board of Vocational Education as he has occupied during the latter part of the past year. Mr. Nolan has been engaged in the work of Supervisor of Agriculture for the State Board of Vocational Education and Professor of Agricultural Education in the College of Agriculture. The University has paid him a salary of $3,600 a year, one half of which has been refunded by the State Board of Vocational Education under the provisions of the Smith-Hughes Act. The University permits him to do the work as Supervisor of Agriculture which may be assigned to him by the State Board of Vocational Education, and he gives the courses in Agricultural Education which are outlined in the University schedule.

On motion of Mr. Blair, this arrangement was authorized.

**REPORT OF JUNIOR EXTENSION WORK**

(20) Communications from Dean Eugene Davenport and Mr. James H. Greene in the Office of Junior Extension.

June 27, 1918

President Edmund J. James, University of Illinois

My dear Mr. President:

Since the passing of the war emergency appropriations, our Mr. Greene, State Leader in Boys' and Girls' Club work has been in charge of this work for the federal Government upon a somewhat larger scale than heretofore, so much larger as to involve the employment of a number of people. While these assistants are all employed by the federal Government and paid by them from their funds, yet under the conditions they have a semi-attachment to the University, their work being administered here much the same as is that of the emergency county advisers by Professor Handschin's office.

While these positions are in no sense University positions, my feeling is that no such employment should be made here without the knowledge of the President's office. I therefore asked Mr. Greene to make a list of these positions, and the list is inclosed. We feel that while the federal Government is responsible for this employment, yet we endeavor to keep these salaries such as to fairly well correspond with those of University positions so that no great discrepancy shall arise among those who are even in a secondary way connected with the University.

Very truly yours,

E. Davenport
June 26, 1918

Dean Fred H. Rankin, 100 Agriculture Building

My Dear Dean Rankin:

The following people have been appointed on federal funds to serve in the Office of Junior Extension for the fiscal year beginning July 1, 1918:

<table>
<thead>
<tr>
<th>Name</th>
<th>Salary</th>
<th>Travel</th>
</tr>
</thead>
<tbody>
<tr>
<td>Anna E. Sager, Assistant State Leader (To March 1, 1919)</td>

</tr>
</tbody>
</table>

Miss Sager is a graduate of the University of Illinois, Department of Household Science, of the Class of 1917, with an A. B. Degree.

Miss Phillips is in her senior year in the College of Agriculture, and is to serve half time in the office.

Miss Buchan has had three years' work at the University of Chicago, School of Commerce and Administration, has had library experience and office experience, and worked last year with boys and girls in a settlement.

Misses Beshoar and Rusk, both business college graduates, are to put in full time as stenographers.

Very truly yours,

James H. Greene
State Leader in Junior Extension

This report was received for record.

OFFER OF LOTS ON NEVADA STREET

(21) An offer from Professor C. T. Knipp to sell lots 27 and 28 on West Nevada Street, Urbana, Illinois, to the University for $3,000 each. The lots are sixty-five by one hundred and forty-seven feet, separated from the Residence Hall for Women by a single lot—that owned by Professor Noyes.

No action was taken on this offer.

FINANCIAL REPORT, SCHOOL OF MILITARY AERONAUTICS

(22) A letter from the Comptroller concerning the cost of conducting the School of Military Aeronautics.

July 3, 1918

President Edmund J. James, University of Illinois

My Dear President James:

On July second, the following telegram was received by the Commandant of the School of Military Aeronautics and passed to me for attention:

Reply T—294 training. Wire amount necessary to completely reimburse University for all expenditures School of Military Aeronautics to end of June.

Kenly
Our accounts at June 30, including both the school and the mess show standing as per the inclosed summary of finances. You will observe that an item for accrued tuition amounting to $28,775.00 is included in this statement, an analysis of which is shown on a separate schedule inclosed.

After conference with yourself and Dean Kinley regarding the answer to the above telegram the following reply was drafted and has gone forward:

Amount necessary to completely reimburse University of Illinois for all expenditures School of Military Aeronautics to end of June is simply the amount then accrued but not vouched for tuition of men not graduated at that date. This amount is $28,775.

Cordially yours,

LLOYD MOREY

Note—It is the custom of the University to render vouchers to the Government only after men are graduated or discharged. This statement shows the amount accrued on account of men whose work was only partially completed at June 30, 1918.

This report was received for record.

PROFESSOR MCKENZIE DETAILED TO AMERICAN UNIVERSITY UNION IN EUROPE

(23) A request from the American University Union in Europe that the University give Professor Kenneth McKenzie leave of absence on one-half pay to become Director of its Italian Branch in Rome. By the action of the Board on March 12, 1918, (page 729) I was given authority to designate a member of the University staff to act as the representative of the University at the headquarters of the American University Union in Europe. Under that authority, I have appointed Professor McKenzie to undertake this work at a salary of $2,000 for one year from September 1, 1918. The American University Union will assume the rest of the expense which may be necessary in connection with this important task.

On motion of Mr. Carr, the action of the President in this matter was approved.
ADDITION TO THE LIBRARY STACK

(24) Bids for the construction of the addition to the Library stack room.

President E. J. James

DEAR SIR:

In my letter of May 28th with reference to the cost of the addition to the library stack room, I gave you the cost of the building at $35,000 and the cost of the book stacks at 20 cents a volume for 200,000 volumes.

We have received bids (which are not entirely comparable) as follows:

- Snead & Co. on solid end stacks: $46,010.00
- Art Metal Co. on bracket stacks: $36,876.25
- Library bureau on bracket stacks: $34,771.00
- Paltridge on solid end stacks: $30,217.50

Professor Windsor is investigating to see whether we can consider the low bid. There is no question that the Library Bureau stack would be satisfactory. Estimates of the completed plans of the building indicate that it may probably run $1,000 over our estimate.

Have we been authorized to award contracts to the amount of $70,000 to cover this building and the stacks?

Yours truly,

JAMES M. WHITE
Supervising Architect

On motion of Mr. Hoit, the Comptroller was authorized to sign contracts prepared and approved by the Supervising Architect to the amount of $70,000 or so much thereof as may be necessary to cover the cost of the building addition to the stack, already approved by the Board (page 746), and the stacks themselves.

ALUMNI SUBSCRIPTION FOR AMERICAN UNIVERSITY UNION IN EUROPE

President E. J. James

DEAR MR. PRESIDENT:

I have this day deposited with the Comptroller a check for $464.60 to the credit of the fund for the American University Union in Paris. This makes a total of $1,221.10.

Mr. Henry asks whether, in view of the fact that more than $1,000.00 has already been raised, it would not be well for him to discontinue his campaign. I have replied that I think it would be well to continue the campaign, at any rate to the extent of collecting what has been already asked for by him and that I would recommend to you that the University pay over only $1,000.00 for the first year, as requested by the Union, holding the balance for future calls. I so recommend.

Very truly yours,

D. Kinley
I have followed Dean Kinley's suggestion in asking Mr. Henry to proceed with collections of further subscriptions.

This report was received for record.

STUDENTS' ARMY TRAINING CORPS

The following statement:

Under date of June 29, 1918, a communication came to me from the Adjutant General's Office of the War Department to the effect that military instruction will be provided, beginning with the fall term of 1918 in all institutions of collegiate grade enrolling one hundred or more able-bodied students: that the students so enrolling will constitute what will be called the "Students Army Training Corps" and that an opportunity will be offered to all students under eighteen to enlist in the Army as members of this Corps. They will be subject to the call of the President of the United States for immediate service in emergencies, but the intention is to leave the students who enlist in the Students Army Training Corps, at the colleges until they become of draft age.

This system will probably call for some adjustment with the system of the Reserve Officers' Training Corps which we now have at the University. The statement is made that the necessary uniforms, rifles, and other equipment will be supplied so far as supplies are available. The University has already entered into a contract for uniforms for its cadet brigade next year. The War Department has indicated that it will probably grant commutation for such uniforms on the basis adopted last year. Major McCaskey is of the opinion that the University should let the contract stand and apply for commutation.

This arrangement was approved.

SETTLEMENT WITH ESTATE OF CAPTAIN T. J. SMITH

A letter from the Comptroller in regard to settlement with the executors of the estate of Captain Thomas J. Smith.

President Edmund J. James, University of Illinois
July 11, 1918

My Dear President James:

I beg to advise you that I have paid to Edward Bailey and Minnie R. Spaulding, Executors of the Estate of Captain T. J. Smith, the sum of $4,049.17 as final payment in full for balance due under the contract between the Board of Trustees and Captain Smith, as per the Minutes of the Board, September 8, 1914, page 139.

The previous payment made by me on this contract was made March 1, 1918. Captain Smith's death occurred April 16. There would, therefore, be due the estate payment for a period of seven months and sixteen days at the rate of $6,450 per year, the contract providing that the annuity continue six months after the death of Captain Smith.

I have secured from the Executors a receipt for the above payment,
thereby relieving the University of its entire obligation in this respect under this contract.

Cordially yours,

LLOYD MOREY

CONDEMNATION OF LAND IN CHICAGO

A report from Judge O. A. Harker, Legal Counsel of the University, that a petition was filed in the Circuit Court of Cook County for the April term of 1918 to condemn for a building site a certain parcel of land abutting on South Wood Street in Chicago, and extending east 124 feet, more or less, to the north and south alley, between Flournoy and West Polk streets, and more particularly described as the north 10 feet of Lot 5 and the south 15 feet of Lot 6 in the resubdivision of the west half of Block 5 in the Assessors' division of the east half of the southeast quarter of Section 18, Township 39 north, of Range 14 east of the Third Principal Meridian, Cook County, Illinois.

The case was tried before Judge Jesse A. Baldwin. The judge fixed the compensation at $2,500. If the University wishes to take the property, it must pay to the County Treasurer of Cook County for the use of the defendants in the suit the sum of $2,500 on or before August 9, 1918. This compensation is more than double what seems to me the fair price of the property—in fact, $1,000 would represent more nearly the exact value of this lot, lying immediately south of the property now owned by the University on South Wood street. However, if the Board does not take this property, it will probably be required to pay all the expenses incurred by the defendants, including the attorney's fees. The University under this condemnation will not obtain an absolute title. Its right is limited to the use of the property for school purposes. Should the University want to dispose of this property, it could not transfer title to this particular lot to a grantee.

On motion of Mr. Blair, this matter was referred to the Executive Committee with power to act. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.

STATE CENTENNIAL CELEBRATION

The following statement: The State Centennial Commission has been holding various celebrations in honor of the hundredth anniversary of the admission of Illinois to the Union. The last formal function will occur on December 3, 1918, the date of the actual admission of the State by law of Congress. I suggest that the trustees invite the Centennial Commission to hold their celebration of December 3 at the University.

On motion of Miss Watson the President of the University was authorized to extend such an invitation.
(30) The outline of the budget for the coming year.

**III—BALANCE**

| Balance                                                               | $8,872  |

I had hoped at this meeting of the Board to present in accordance with my usual custom a formal budget with names and salaries and expense items.
all indicated in great detail. Owing to the very unusual condition of things during the past year, the heads of various departments have found it difficult to prepare their estimates for the coming year in time. The continued inroads on the members of our academic staff by calls to other work, either through the draft for the Federal Armies or through inducements offered to enter Federal service or other State service, or private enterprise, have made it necessary to reconstruct the budget almost every day for the past three months.

Our income for the next year is, however, practically a fixed sum, and our expenditure must fall within that amount. I have prepared, therefore, a budget based on that principle and am asking that this budget be approved in the large items, leaving the detailed readjustments to the arrangements which I may find it possible to make as the work develops. Generally speaking, the budget for the coming year is essentially the same as for the past year in its totals.

We shall be able with the balance still in our building fund to inclose the Smith Music Hall so as to protect it against the weather for an indefinite time, though we shall not be able to complete the building. The Education building will be practically completed ready for the furniture. We are proposing, however, no new building, except the Agronomy barn already approved, and the addition to the Library Stack, which has also been approved. If we should find it possible to construct the McKinley hospital during the year from the proceeds of the sale of the McKinley securities or other sources, we may add that building, or so much of it as we may construct, to the building plan.

If we should find some way of financing the enterprise, I think it would be extremely desirable to begin our hospital in Chicago on the site immediately south of our Pharmacy buildings. All these building projects may be properly classed as war work, and as absolutely necessary if we should be called upon to provide additional space in University Hall for aviators.

Generally speaking, we shall not be able to plan for the opening of new departments or the enlargement of present departments. It is necessary for us to enlarge the budget for the School of Education to its former size before Doctor Bagley left us by accepting the call to Columbia, and before Professor Johnston left us by death. We have also recommended to the Board, and this has been approved, that a Bureau of Educational Research be organized as part of the School of Education, and Doctor B. R. Buckingham has been appointed as Director of the same.

Our printing and publishing work we propose to organize in a more definite and efficient manner under the head of a University Press, of which Mr. H. E. Cunningham is proposed as Director in addition to his duties as Secretary of the Board of Trustees. For the purpose of enabling him to do this work satisfactorily, I propose to relieve him of the duties involved in being Assistant Registrar.

The most important items of new expense are really those connected with our attempt to help the State Board for Vocational Education to take advantage of the provisions of the Smith-Hughes Bill, discussed above, by
carrying for it a large part of the expense for teacher training, involving a net expense to the University of perhaps $10,000 to $12,000.

The most serious increase in the budget for the coming year occurs under the head of Physical Plant Operation and Maintenance and Building Betterments, for which the Supervising Architect asks the sum of $395,000, instead of $313,450 allowed in the last budget. This is in consequence of the rapid rise in wages in the Department of Physical Plant Operation and Extension and of the extraordinary rise in the price of coal.

The estimate of expense for the office of the Registrar is somewhat less than last year, and for the Business Office somewhat more. The total expenditure for the administrative offices, however, is estimated at the same figure as last year.

In the general departments, a slight increase is asked for the Library; a slight increase for the Military and Band Departments; and the request for Publications and General Expenses will be the same, tho there will be a considerable shifting of expenditure items.

While the total expense of the different departments is not essentially different from last year, it is proposed to make a considerable readjustment between the items in the matter of salaries. The sum total of the salary budget in each of the colleges is less than it was last year or only slightly more. We have been compelled to advance the average salary of positions under the State Civil Service. We should advance much more than we can the salaries of instructors and associates, but we shall have to make a special plea with the next Legislature to so readjust our income as to enable the University to advance the salaries very sharply or we shall lose a great many of our very best men and women.

The increase of wages and salaries in the Agricultural department has been rendered somewhat easier by the increased funds from the Federal Government. At the same time, it has been necessary to advance these salaries in order to meet the competition which the other institutions in the country have been able to make, owing to similar grants.

I recommend that the Board of Trustees approve the preliminary budget herewith submitted and authorize the President of the University to adjust the details of salaries and expenses and promotions at his discretion within the sum total of the Budget.

On motion of Mr. Carr, the summary of expenditures was approved and the President of the University was authorized to adjust the detailed expenditures within the sum total involved. The vote was as follows: Ayes, Mr. Abbott, Mr. Blair, Mrs. Busey, Mr. Carr, Mrs. Evans, Mr. Hoit, Mr. Taggart, Mr. Trimble, Mr. Ward, Miss Watson; noes, none; absent, Mr. Lowden, Mr. Trevett.
I918] UNIVERSITY OF ILLINOIS 33

THE DETAILS OF THE BUDGET

Note:—The Budget as it appears below was approved by the President of the University on August 1, 1918.

PART I—SUMMARY

SUMMARY OF INCOME AND EXPENDITURE
Total estimated income .......................................................... $3,242,345.26
Total estimated expenditure .................................................. 3,239,793.88

Balance ................................................................. $ 2,551.38

ESTIMATED INCOME

I. Balance July 1, 1918
Free balance of unappropriated income June 30, 1918, (including Agricultural balances subject to re-appropriation $26,430.87.) .......................................................... $191,656.91

II. Federal Sources
1. Endowment fund .......... $32,450.66
2. Morrill fund ............. 25,000.00
3. Nelson fund .............. 25,000.00
4. Hatch fund .............. 15,000.00
5. Adams fund .............. 15,000.00

III. State Appropriation of Receipts from the Mill Tax
8. Salaries and Wages ......... 1,475,000.00
9. Departmental office expenses ........................................... 50,000.00
10. Traveling expenses .......... 25,000.00
11. Operating supplies and expenses .................. . 62,500.00
12. School supplies ............. 207,500.00
13. Repairs on present buildings, grounds, and equipment .......... 55,000.00
14. Equipment ................ 150,000.00
15. Buildings ................ 250,000.00
16. Reserve and contingencies.. 125,000.00 $2,400,000.00
IV. Student Fees
17. Urbana departments (25% less than 1917-18.) 125,000.00
18. Chicago departments:
   Medicine: 47,000.00
   Dentistry: 25,000.00
   Pharmacy: 10,000.00
   Total: 82,000.00
   Total: 207,000.00

V. Departmental Sales
19. College of Agriculture and Agricultural Experiment Station: 161,700.00
20. College of Engineering and Engineering Experiment Station: 3,000.00
21. College of Liberal Arts and Sciences: 5,000.00
22. Physical Plant: 5,000.00
23. College of Medicine (dispensary, drug room, etc.): 2,500.00
24. College of Dentistry Infirmary, etc.: 18,000.00
25. Miscellaneous:
   Library fines and sales: 500.00
   Symphony concerts: 3,500.00
   Graduate School Publications: 1,000.00
   Other publications, (Alumni Record, History, Directory, etc.): 5,000.00
   Smith Farms: 10,000.00
   McKinley securities: 5,550.00
   Miscellaneous: 1,000.00
   Total: 26,550.00
   Total: 221,750.00

VI. Interest on Daily Bank Balances
26. Interest: 7,500.00

GRAND TOTAL: $3,242,345.26

Total not chargeable to other departments .................................... $ 4,400

*Total salary $2,600; receives $1,100 as Assistant Professor of Music under School of Music.
†Salary $3,500, under University Press.
‡Not included in the Budget total; this and additional expenses of the Information Office, estimated at $2,000, will be met from the receipts of the Stenographic Bureau and are not included in the Budget total.
**Salary and wages to be paid from charges to other departments and therefore not included in Budget total.
Wages

(The following scale of wages, in effect on August 1, 1918, is not included in the Budget total, as all sums expended are balanced by the amounts paid by the several departments of the University for the work done. It is estimated that the total expenditure will be about $35,000 for the year.)

*Total salary $2,400; balance ($200) as Assistant Dean.
Mechanical Engineering

Charles R. Richards*, Acting Professor of Mechanical Engineering and Head of the Department .................................................................

George A. Goodenough, Professor of Thermodynamics (Indef.) .......... 4,000
Oscar A. Leutwiler, Professor of Machine Design (Indef.) .............. 3,700
Arthur C. Willard, Professor of Heating and Ventilation (Indef.) .... 3,500
Gustav H. Radebaugh, Associate in Machine Shop Practise and Management (2 yrs. from Sept. 1, 1918) Acting Director of the Shop Laboratories (1 yr.) ................................................................. 2,200

Harry F. Godeke, Associate in Steam Engineering (1 yr. from Sept. 1, 1918) .................................................................................. 2,000

Arthur C. Harper, Associate in Machine Design (1 yr. from Sept. 1, 1918) .................................................................................. 2,000

Edgar MacNaughton, Associate (1 yr.) .............................................. 1,800
Earl D. Hay, Associate in Machine Design (2 yrs. from Sept. 1, 1918) 2,000
William H. Severns, Instructor (10 mos.) ........................................ 1,500
John Grennan, Instructor in Foundry Practise and Management (12 mos.) .................................................................................. 1,800

B. Rupert Hall, Instructor in Pattern-Shop Practise and Management (10 mos.) ................................................................. 1,500

H. Halouk Fikret, Instructor (10 mos.) .............................................. 1,600
John A. Frisk, Assistant to the Director of the Shop Laboratories and Instructor in Shop Management (12 mos.) ......................... 2,000

Francis A. Hobart, Instructor in Machine Shop Practise and Management (12 mos.) ................................................................. 1,800

Edgar T. Lanham, Instructor in Forge Shop Practise (10 mos.) ....... 1,500
J. Harvey Hogue, Instructor in Foundry Practise (10 mos.) .......... 1,500
James M. Duncan, Assistant in Pattern-Making (10 mos.) ............ 1,300
Peter J. Rehman, Assistant in Forge Work (10 mos.) ................. 1,300
John A. Frisk, Assistant in Mechanical Engineering and Mechanician in the Mechanical Engineering Laboratory ....................... 1,200

William E. Alley, Assistant in Mechanical Engineering and Mechanician in the Mechanical Engineering Laboratory ................. 1,500

William T. Pope, Assistant and Mechanician in the Shop Laboratories (12 mos.) ................................................................. 1,500
Wm. C. Deem, Assistant Mechanician in the Shop Laboratories (C. S.) 660
Thomas C. Byland, Tool-Room Attendant in the Pattern Shop (C. S.) 840
John A. Frisk, Tool-Room Attendant in the Mechanical Engineering Laboratory (C. S.) ................................................................. 720
James M. Dunseth, Tool-Room Attendant in the Machine Shop (C. S.) 660
Margaret L. Hayes, Clerk (C. S.) .................................................... 900

Total ........................................................................................................ 44,980

*Salary ($6,000) under Office of the Dean.
Mining Engineering

Harry H. Stoek, Professor of Mining Engineering and Head of the Department (Indef.) $ 5,000
Clinton M. Young*, Assistant Professor of Mining Research (1 yr. from July 1, 1918) ..................................................
Ray W. Arms, Instructor (10 mos.) ........................................ 1,600
Herman J. Vanderbeek, Mechanician (C. S.) .............................. 1,100
Florence A. Nyberg, Clerk (C. S.) ........................................... 900

Total .............................................$ 8,600

Municipal and Sanitary Engineering and Theoretical and Applied Mechanics

Arthur N. Talbot, Professor of Municipal and Sanitary Engineering; in Charge of Theoretical and Applied Mechanics (Indef.) $ 5,500
Melvin L. Enger, Professor of Mechanics and Hydraulics (Indef.) .... 3,000
Fred B. Seely, Assistant Professor of Theoretical and Applied Mechanics (3 yrs. from September 1, 1918) .......................... 2,500
Virgil R. Fleming, Assistant Professor of Applied Mechanics (3 yrs. from Sept. 1, 1918) .................................................. 2,200
George P. Boomsler, Associate in Theoretical and Applied Mechanics (2 yrs. from Sept. 1, 1918) ...................................... 2,100
Newton E. Ensign, Associate in Theoretical and Applied Mechanics (2 yrs. from Sept. 1, 1918) ........................................... 2,100
William J. Putnam, Instructor in Theoretical and Applied Mechanics (10 mos.) .............................................................. 1,800
Harald M. Westergaard, Instructor in Theoretical and Applied Mechanics (10 mos.) .......................................................... 1,800
Frank E. Richart, Instructor in Theoretical and Applied Mechanics (10 mos.) ................................................................. 1,600
Robert Pergande, Mechanician (C. S.) ...................................... 1,320
Ruth J. White, Clerk (C. S.) .................................................... 600

Total .............................................$24,520

Physics

Albert P. Carman, Professor of Physics and Head of the Department (Indef.) $ 5,000
Charles T. Knipp, Professor of Experimental Electricity (Indef.) .... 3,200
Floyd R. Watson, Professor of Experimental Physics (Indef.) ........ 3,200
Jakob Kunz, Associate Professor of Mathematical Physics (Indef.) .... 3,000
William F. Schulz, Assistant Professor (Indef.) .......................... 2,400
Elmer H. Williams, Assistant Professor of Experimental Physics (3 yrs. from Sept. 1, 1918) .................................................. 2,200
William W. Merryman, Assistant (10 mos.) ................................ 1,200
Sebastian Karrer, Instructor (10 mos.) ....................................... 1,500

*Salary ($2,600) under Coal Mining Investigations.
Charles F. Hill, Assistant (10 mos.) .......................................................... $1,200
Carl E. Pike, Assistant (10 mos.) .......................................................... $1,200
Bird R. Stephenson, Assistant (10 mos.) .................................................$1,200
Eleanor F. Seiler, Assistant (Part-Time; 10 mos.) ....................................$700
——, Assistant (Part-Time; 10 mos.) .....................................................$600
——, Assistant (Part-Time; 10 mos.) .....................................................$600
James B. Hays, Assistant and Mechanician and Instrument-Maker
(12 mos.) .........................................................................................$1,650
Ernest Stormont, Helper to the Mechanician (C. S.) ..............................$840
Henry T. Wyninger, Storekeeper (C. S.) ...............................................$900
Della M. Rogers, Clerk (C. S.) ............................................................$840

Total .......................................................... $31,430

Railway Engineering.
Edward C. Schmidt*, Professor of Railway Engineering and Head
of the Department (Indef.) ...........................................................................
John M. Snodgrass, Associate Professor of Railway Mechanical
Engineering (Indef.) and Acting Head of the Department of Rail-
way Engineering (1 yr.) ............................................................................$3,000
——, Assistant Professor of Railway Electrical Engineering
(3 yrs. from Sept. 1, 1918) ......................................................................$2,800
——, Assistant Professor of Railway Civil Engineering (3
yrs., from Sept. 1, 1918) ......................................................................$2,800
——, Mechanician (C. S.) ........................................................................$1,000
Bertha G. States, Clerk (C. S.) ............................................................$780

Total .......................................................... $10,380

Engineering Experiment Station
Charles R. Richards†, Dean of the College of Engineering and Direc-
tor of the Engineering Experiment Station (Indef.) ..............................
——, Assistant to the Director (1 yr.) ......................................................$2,000
Herbert F. Moore, Research Professor of Engineering Materials
(Indef.) ....................................................................................................$3,200
Samuel W. Parr‡, Professor of Applied Chemistry (Indef.) .....................$2,250
Willis A. Slater, Research Assistant Professor of Applied Mechanics
(3 yrs. from Sept. 1, 1918) ....................................................................$2,200
Alonzo P. Kratz, Research Assistant Professor of Mechanical Engi-
neering (3 yrs. from Sept. 1, 1918) .......................................................$2,200
Harrison F. Gonnerman, Research Assistant Professor of Theoreti-
cal and Applied Mechanics (3 yrs. from Sept. 1, 1918) .......................$2,400
Harold H. Dunn, Research Associate in Railway Engineering (2 yrs.
from Sept. 1, 1918) ...............................................................................$2,100
——, Research Assistant in Electrical Engineering (12 mos.) .................$1,800

*On leave of absence for military service.
†Salary ($6,000) under Office of the Dean.
‡Total salary $4,500; balance ($2,250) under Department of Chemistry of the College
of Liberal Arts and Sciences.
UNIVERSITY OF ILLINOIS

1918]

Research Assistant in Mechanical Engineering (12 mos.) 1,800
Elmer F. Heater, Draftsman (12 mos.) 1,200
Mary L. Shay, Editorial Assistant (C. S.) 900
Sadie A. Jones, Stenographer (C. S.) 780
Winfield Davis, Mailing Clerk (C. S.) 600

Total ........................................ 23,430

Coal Mining Investigations

Clinton M. Young, Assistant Professor of Mining Research (1 yr. from July 1, 1918) 2,600

Total ........................................ 26,030

Total, College of Engineering and Engineering Experiment Station ........................................ 265,250

COLLEGE OF AGRICULTURE

Administration—General

Eugene Davenport, Dean of the College of Agriculture (1 yr.) Professor of Thremmatology (Indef.) Director of the Experiment Station (1 yr.) Director of Agricultural Extension Service (1 yr.) ........................................ 6,000

Anna C. Glover, Secretary, Station (1 yr.; Federal) 1,800
Florence E. Smith, Chief Editorial Assistant, Station (1 yr. from Sept. 1, 1918) 1,320
Winona C. Hyland, Secretary to Dean and Director (1 yr. from Sept. 1, 1918) College and Station 1,320
Blanche Lewis, Stenographer (1 yr.) 840
Irene Barnard, Stenographer (1 yr.) 840

Total ........................................ 12,420

Smith-Lever Administration

Walter F. Handschin*, Vice-Director of Extension Service, (3 yrs. from Sept. 1, 1918—on part time) 2,800
George N. Coffey, State Leader of County Advisers (3 yrs. from Sept. 1, 1918) 3,200
James D. Bilsborrow, Assistant State Leader of Extension Service (3 yrs. from Sept. 1, 1918) 3,000
Harold C. M. Case**, Asst. State Leader of Extension Service (2 yrs. from Sept. 1, 1918-½ time) 1,200
Charles A. Atwood, Assistant State Leader of Extension Service (2 yrs. from Sept. 1, 1918) 2,100
Daphne H. MacNeill, Secretary in the Dept. of Extension Service (1 yr.) 1,200
Blanche Lewis, Stenographer (1 yr.) 840
Irene Barnard, Stenographer (1 yr.) 840

*Total salary, $4,000. See also Farm Org. and Man.
**Total salary, $2,400. See also Farm Org. and Man.
Elizabeth Dryer, Stenographer (part time, 1 yr.) 600
Irene Condit, Stenographer (1 yr.) 780
Secretary 960

Total 17,520

Agricultural College Extension
Fred H. Rankin, Superintendent of Agricultural College Extension (Indef.) and Assistant to the Dean (1 yr.) 3,500
Robert E. Hieronymus*, Community Adviser (3 yrs. from Sept. 1, 1918) 1,750
Albert W. Jamison, Assistant Superintendent Agricultural College Extension (3 yrs. from Sept. 1, 1918) 2,500
Aretas W. Nolan†, Assistant Professor Agricultural College Extension (Indef.) 2,400
James H. Greene, State Leader in Junior Extension (2 yrs. from Sept. 1, 1918) 2,100
Joseph H. Checkley, Associate in Agricultural College Extension and Student Adviser (2 yrs. from Sept. 1, 1918) 1,800
Mrs. Alice V. Hamilton, Student Record Keeper (C. S.) 1,200
Stenographer (C. S.; part time) 360
Stenographer (C. S.) 780

Total 16,390

Agronomy
Cyril G. Hopkins, Professor of Agronomy, Chief in Agronomy and Chemistry (Indef.) Vice-Director of Station (1 yr.) 5,500
Jeremiah G. Mosier, Professor of Soil Physics, College and Chief in Soil Physics, Station, (Indef.) 4,000
Louie H. Smith, Professor of Plant Breeding, College and Chief in Plant Breeding, Station (Indef.) 3,500
Robert Stewart, Professor of Soil Fertility, College, and Chief in Soil Fertility, Station (3 yrs., from Sept. 1, 1918) 3,500
William L. Burlison, Professor of Crop Production, College, and Chief in Crop Production, Station (3 yrs., from Sept. 1, 1918) 3,500
J. E. Readheimer, Professor of Soils in Extension (Salary begins when he reports for duty) 3,600
Albert L. Whiting, Associate Professor of Soil Biology, College and Associate Chief in Soil Biology, Station (3 yrs. from Sept. 1, 1918) 3,000
Assistant Professor of Farm Crops, Extension 3,000
Ernest Van Alstine‡, Assistant Chief in Charge of Soils Laboratory, (Sta.) (1 yr., from Sept. 1, 1918) 3,000

Total 16,390

*Total salary, $3,500; balance ($1,750) paid by College of Commerce.
†One-half salary paid by Smith-Hughes.
‡Salary, $2,500; on leave of absence without salary.
Axel F. Gustafson, Assistant Professor of Soil Physics, College and Assistant Chief in Soil Physics, Station, (1 yr., from Sept. 1, 1918) ........................................ 2,400
Frank A. Wyatt, Assistant Professor of Soil Fertility, College, Assistant Chief in Soil Fertility, Station (3 yrs., from Sept. 1, 1918) ……………………………………….. 2,400
Frederick C. Bauer, Assistant Professor of Soil Fertility, College and Assistant Chief in Soil Fertility, Station, (1 yr., from Sept. 1, 1918) ……………………………………….. 2,400
Henry C. Wheeler, Associate in Soil Physics, Station (2 yrs., from Sept. 1, 1918) .................................................................................................................. 2,400
Ward H. Sachs, Associate in Soil Analysis, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 2,400
Henry C. Wheeler, Associate in Soil Physics, Station (2 yrs., from Sept. 1, 1918) .................................................................................................................. 2,400
Frank William Garrett, Associate in Soil Fertility, Station, (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 2,100
D. L. Reid, First Assistant in Soil Physics, Station (12 mos.) ……………………………………… 1,500
Forrest A. Fisher, Associate in Soil Physics, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 2,100
Frederick M. W. Wascher, Associate in Soil Physics, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 2,100
Raymond S. Smith, Associate in Soil Physics, College and Station, (Salary begins when he reports for duty) ………………………………………………………………… 1,800
John E. Whitchurch, Associate, Soil Fertility, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 2,000
Wilber R. Leighty, Associate in Soil Analysis (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 1,800
Orland I. Ellis, Associate in Soil Physics, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 1,800
Harrison F. T. Fahrnkopf, Associate in Soil Fertility, Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 1,800
Harry C. Gilkerson, Associate in Soil Fertility, College and Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 1,800
Howard J. Snider, Associate in Soil Fertility, College and Station (2 yrs., from Sept. 1, 1918) …………………………………………………………………………………………… 1,800
M. I. Wolkoff, First Assistant in Soil Fertility, Station……………………………………………… 1,500
Hiram F. Tuttle, Instructor in Soil Physics, College and First Assistant in Soil Physics, Station (1 yr., from Sept. 1, 1918) ……………………………………………………… 1,500
Edward F. Torgerson, Instructor in Soil Physics, College and First Assistant in Soil Physics, Station (1 yr., from Sept. 1, 1918) ……………………………………………………… 1,600
Everett E. Glick, Assistant in Soil Fertility Station (1 yr., from Sept. 1, 1918) …………………………………………………………………………………………… 1,200
J. Leonard St. John, Assistant in Soil Analysis, Station (1 yr., from Sept. 1, 1918) …………………………………………………………………………………………… 1,200
Willem Rudolfs, Assistant in Soil Analysis, Station (1 yr., from Sept. 1, 1918) …………………………………………………………………………………………… 1,200

†Salary, $2,400; on leave of absence without salary.
John Pieper, Assistant in Crop Production, College and Station (1 yr., from Sept. 1, 1918.) ................................................................. 1,200
George H. Dungan, Assistant in Crop Production, College and Station (1 yr., from Sept. 1, 1918.) ................................................................. 1,200
Robert W. Stark, First Assistant in Crop Production, Station (1 yr., from Sept. 1, 1918.) ................................................................. 1,500
Francis H. Kelley, Assistant in Soil Fertility, Station (1 yr., from Sept. 1, 1918.) ................................................................. 1,200
Herbert S. Hinrichs, Assistant in Soil Physics (1 yr., from Sept. 1, 1918.) ................................................................. 1,100
Sybil Nagle, Stenographer (C. S.) ........................................................................................................ 900
Mrs. Marie L. Hopper, Stenographer (C. S.) ............................................................................. 780

†Salary, $1,200, under Library.
‡Total salary, $2,600; balance ($1,500) as Director of the Military Bands.
WILLS OF MR. AND MRS. JOSEPH CARTER

(31) The following statement: The Honorable Joseph Carter, formerly Superintendent of Schools in Champaign, also at one time a member of the Legislature and a teacher of long experience in the central portion of this State, now living at Rankin, Illinois, came to my office with his wife, Jane Carter, the other day to announce that they had made joint wills, leaving the bulk of their property to the University of Illinois in trust for a students’ loan fund, and wished to know whether the Trustees would be likely to accept such a bequest. I told them that in my opinion they would do so, if it were to be found that they had the power to accept the gift. The will was drawn up by the late Mr. George W. Gere, an unusually able lawyer, and I assume, therefore, that it complies with the provisions of Illinois law.

The President of the University was authorized to accept this bequest and was requested to convey to Mr. Carter the appreciation of the Board of Trustees.

RECONSTRUCTION HOSPITAL

(32) A statement that the project for the erection of a reconstruction hospital in Chicago to be turned over to the University after the Government is through with it has not made much progress up to the present time. Another proposition is likely to be suggested, which may later be called to the attention of the Trustees, but nothing definite enough can be said at this time to serve as the basis for any action.

No action was taken in this matter.

MCKINLEY HOSPITAL

(33) A letter from Professor James M. White concerning the design of the McKinley Hospital.

President E. J. James, 355 Administration Building

DEAR SIR:

I am sending you herewith the alternate design for the McKinley Hospital. It carries out the same arrangement of windows, but is Colonial in style. I believe it will be more successful than the design submitted to the Board at the former meeting.

I submitted both designs to Mr. McKinley, and while he said he liked both of them, I think he was more in favor of the Colonial treatment.

If we could build the entire building at this time, I think that the first design submitted would be very successful; but after further study I am convinced that the Colonial style is better adapted for a piecemeal construction.

Yours truly,

JAMES M. WHITE
Supervising Architect

On motion of Mr. Trimble, this design was substituted for the plan approved (page 747), and authority was given to proceed with the erection of this building as rapidly as funds may be available.
DEAN OF WOMEN

A list of candidates for the office of Dean of Women.

After discussion, this matter was referred to the Committee on Student Welfare and the President of the University, with power to act.

SETTLEMENT WITH FORMER TREASURER CAPRON

A recommendation from the Finance Committee that the sum of $106.89 be paid to former Treasurer H. S. Capron as a refund of interest overpaid (See pages 375-378 and 650).

On motion of Mr. Trimble this refund was ordered.

APPOINTMENTS TO FILL VACANCIES

The Secretary presented for record the following list of appointments made by President James:

Allen, W. R., Traveling Fellow, beginning July 1, 1918, and continuing until further notice, without salary. (June 18, 1918*).

Alseth, Hilda, Reviser and Assistant in Library Science, for six weeks, beginning June 17, 1918, at a salary of one hundred dollars ($100) for the session. (June 17, 1918).

Anderson, Emma W., Filing Clerk in the Curator’s Office in the College of Medicine, at a salary of fifty dollars ($50) a month, beginning March 15, 1918, and continuing until further notice, subject to the rules of the Civil Service Commission. (April 12, 1918).

Armstrong, Harry, Technician in Anatomy in the College of Medicine, at a salary of sixty dollars ($60) a month, beginning May 17, 1918 and ending September 30, 1918. (May 27, 1918).

Ashley, B. S., Student Assistant in Pathology and Bacteriology in the College of Medicine to give twelve hours’ service a week for sixteen weeks, at a compensation of fifty cents an hour. (July 1, 1918).

Baily, H. H., Assistant in Accountancy, on one-half time, at a salary of six hundred dollars ($600) for ten months beginning September 1, 1918. (June 28, 1918).
