The October meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 9:30 a.m. on Thursday, October 10, 1929.

When the Board convened, the following members were present: President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Mr. Simpson, Mr. Trees.

President Kinley was present; also, during part of the day, Professor J. M. White, Supervising Architect, and Mr. H. M. Edwards, Acting Comptroller.

**APPROVAL OF MINUTES DEFERRED**

On motion of Mrs. Busey, the approval of the minutes of the meeting of September 18, 1929, was deferred until the minutes are printed.
EXECUTIVE COMMITTEE MEETING, SEPTEMBER 30, 1929

The Secretary presented the minutes of a meeting of the Executive Committee, as given below.

On motion of Mr. Trees, these minutes were received for record.

A meeting of the Executive Committee was held in the office of Mr. Merle J. Trees, in Chicago, at 9 o’clock a.m. on Monday, September 30, 1929. Mr. James W. Armstrong, chairman, Mrs. Helen M. Grigsby, Mr. Merle J. Trees, and President David Kinley were present.

The Executive Committee considered the following matters presented by the President of the University.

ADDITIONAL PROVISIONS FOR THE COLLEGE OF MEDICINE

(1) For the past few years the number of students seeking admission to the College of Medicine whose credentials were entirely satisfactory has been beyond the capacity of the College. A large number who seek admission are rejected, of course, because they cannot meet the educational requirements. The excess to which I have reference is composed entirely of people who have met our requirements. About 175 of these were on our waiting list the other day and some of them have been on that waiting list for a year. This situation has been very distressing to me and of course to the applicants and their friends, and I have frequently cast about for some way of easing the situation temporarily until our proposed new buildings are up.

The entrance requirements of the College of Dentistry have been raised to include two years of college work. As usual when the requirements are increased, prospective attendance in the College of Dentistry has largely fallen off. This will doubtless be the case for a year or two until those desiring admission have prepared themselves to meet the additional requirements. I have conferred with the Dean of the College of Medicine, the Heads of the Departments especially involved, and with Professor White, Supervising Architect, concerning the utilization of the space hitherto thus occupied for the use of medical students during the coming year. We are all agreed that by adding somewhat to our staff and equipment and making some changes in the physical plant, a considerable number of those on our waiting list can be accommodated. It is our opinion that these temporary provisions will carry us through until the time of the completion of our new buildings. Therefore, I beg leave to make the following recommendations:

1. That authority be given the President of the University to add to the staff in physiological chemistry to the extent of one or more individuals at a salary or salaries not exceeding $3,000 for the current academic year and that an appropriation of that amount be made for this purpose.

On motion of Mr. Trees, this recommendation was approved. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mrs. Grigsby, Mr. Trees.

2. That the sum of $1,000 be appropriated for desk equipment and materials made necessary by the proposed addition to the student body.

On motion of Mrs. Grigsby, this recommendation was adopted. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mrs. Grigsby, Mr. Trees.

3. That authority be given the President of the University to add to the staff of the Department of Anatomy to the extent of one or more individuals at a salary or salaries not exceeding $1,600 for the current year and that an appropriation of that amount be made for this purpose.

On motion of Mr. Trees, this authority was granted. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mrs. Grigsby, Mr. Trees.

4. That an appropriation of $500 be made to the expense budget of the Department of Anatomy for wages for additional assistants and for the purpose of securing additional cadavers.

The Supervising Architect informs me that he can provide from money already appropriated for physical plant extension for the necessary changes of desks, putting floors in proper condition and similar matters.

We shall probably find it necessary to make further provision in the second semester.

On motion of Mrs. Grigsby, this recommendation was approved. The appropriation was made by the following vote: Aye, Mr. Armstrong, Mrs. Grigsby, Mr. Trees.
LEAVE OF ABSENCE FOR MISS McCULLOUGH

(2) A recommendation that Miss Helen E. McCullough, Associate in Home Economics, be granted leave of absence without pay, on account of illness, until January 31, 1930.

On motion of Mrs. Grigsby, this leave was granted.

APPOINTMENT OF MRS. MARY WERTS BEAM

(3) A recommendation that Mrs. Mary Werts Beam be appointed Assistant in Textiles, on full time, from October 1, 1929, to January 31, 1930, with salary at the rate of $133.33 a month.

On motion of Mr. Trees, this appointment was made.

The Executive Committee adjourned.

MATTERS PRESENTED BY PRESIDENT KINLEY

The Board considered the following matters presented by the President of the University.

DEATH BENEFIT—PROFESSOR G. A. GOODENOUGH

(1) A request from the Acting Comptroller for an appropriation of $3,000 to pay the death benefit in the case of Professor G. A. Goodenough who died on September 29, 1929. This is payable to his beneficiary, Mrs. Goodenough. I recommend that this appropriation be made from the Reserve and Contingent Fund and that the Acting Comptroller be authorized to make the payment.

On motion of Mrs. Evans, these recommendations were adopted, by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson, Dr. Noble.

METHODS OF MAKING PURCHASES

(2) A request that for the information of the Board Mr. H. M. Edwards, Purchasing Agent and Acting Comptroller, be heard concerning the methods followed in making purchases for the University.

This request was granted. Mr. Edwards made a statement outlining the procedure followed. Professor White also made a statement.

While Mr. Edwards was making his statement, Dr. Noble took his place with the Board.

PLANS FOR PAVING

(3) A request that Professor White be heard concerning plans for improving the paving of streets bordering on the campus.

Professor White made a statement giving his views. No action was taken on this matter.

APPROPRIATION FOR PRINT SHOP

(4) A request from the Director of the University Press for an appropriation of $800 from the Reserve and Contingent Fund for constructing tables and shelving, installing lights, wiring, and moving machinery and equipment in the Print Shop due to the additional space allowed them from changes in the basement of the Administration Building which were authorized by the Board at the July Meeting.

On motion of Mr. Barr, this appropriation was made, by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.
REVOLVING FUND IN DENTISTRY

At the meeting of September 18, I presented a request from Dean Noyes of the College of Dentistry that the proceeds of the extension work in Dentistry and the Orthodontia course be put into a revolving fund for the maintenance of those lines of work.

As you are aware, the creation of a revolving fund, according to the accountants, means that the receipts from the operations of the activities concerned go into a separate fund and are used to meet the expenditures of that activity alone. Expenditures must correspond with receipts and cannot exceed the total amount thereof. Inasmuch as no one can anticipate what the amount of the receipts will be and inasmuch as the expenditures expand with the receipts, an appropriation of a definite sum is impossible and in no business house that I know anything about is any further action taken than to appropriate the receipts from the particular revolving fund to the purpose of such fund. You authorized the establishment of this fund requested by Dean Noyes. Inasmuch as the question of making an appropriation was raised at that time, in order to make the records technically complete, I now recommend that you appropriate the proceeds of the revolving funds in extension and orthodontia courses in Dentistry, when they begin to come in, to the purposes of these courses, the limitation being that under no circumstances shall the amount of receipts be exceeded by the expenditures.

On motion of Dr. Noble, this appropriation was made, by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

ADDITIONAL ASSISTANTS IN PHYSICS

A request from Professor F. W. Loomis, Head of the Department of Physics, concurred in by Assistant Dean Jordan of the College of Engineering, acting for the dean, for an appropriation of $1,250 to provide for the salaries of four one-quarter-time assistants (being equivalent to one full-time assistant) for the Department.

Since this was an emergency matter, I authorized the addition of this amount to the budget and approved the appointment of the necessary additional assistants. I request confirmation of my action in the matter.

On motion of Mrs. Grigsby, the action of the President was confirmed. The appropriation from the Reserve and Contingent Fund was made by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

PROMOTION OF MISS VIRGINIA H. WEAVER

Miss Virginia H. Weaver, Associate in the Department of Home Economics, is not satisfied with her reappointment as Associate at a salary of $2,800 and asked me for a review of her case.

After conference with the Dean, the Acting Head of the Department, and others, I desire to recommend that she be given the rank of Assistant Professor without change of salary.

On motion of Mrs. Evans, this recommendation was adopted.

SALARY OF HAROLD D. TRIMBLE, ASSISTANT HIGH SCHOOL VISITOR

When the budget was made up, Professor Clevenger, High School Visitor, recommended that the salary of Mr. Trimble be made $4,000, instead of $3,600 as it was. I would have concurred in the recommendation and advised the increase but for the fact that at about this time certain rumors came to me concerning the methods of inspection followed by Mr. Trimble. For that reason I held the matter up. Since that time I have thoroughly investigated the whole case and am of the opinion that there was no sufficient ground for the criticisms made and that the attack on Mr. Trimble was unjustified. For that reason I now request that his salary be made $4,000 for the current academic year, effective as of September 1, last.
On motion of Mr. Trees, this recommendation was adopted, by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mr. Fisher, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson.

RESIGNATION OF PROFESSOR T. E. LAYNG
(9) Dr. T. E. Layng, Assistant Professor of Chemistry, has resigned his position, effective October 1, 1929, in order to accept a position in one of the chemical industries.

This report was received for record.

RESIGNATION OF MR. G. A. MILLS
(10) Mr. G. A. Mills, Assistant to the Comptroller, has resigned his position effective October 18.

This report was received for record.

LEAVE OF ABSENCE FOR PROFESSOR L. M. LARSON
(11) Professor L. M. Larson, Head of the Department of History, has been seriously ill for the last two or three weeks and it seems certain that he will not be able to return to his duties this semester. Dean Babcock recommends that he be given sick leave until February 1 on full pay.

On motion of Mrs. Grigsby, this leave was granted.

SICK LEAVE FOR MARY L. BLACKWELL
(12) A recommendation from Dean Babcock that Miss Mary L. Blackwell, clerk in the Department of Chemistry, be given sick leave without pay from September 16 to December 1, 1929.

On motion of Mrs. Busey, this leave was granted.

EXHIBITION OF PAINTING AND SCULPTURE
(13) A recommendation from Professor E. J. Lake, Head of the Department of Art and Design, endorsed by the members of a Committee on Art Collections in Charge of the Purchase of Works of Art, for authority to arrange for an exhibition of painting and sculpture by the Grand Central Galleries of New York to be held in the Architectural Building from October 19 to November 4. The cost of this exhibition will be between $400 and $800, depending on the number of sales which result from the exhibition. I recommend approval, the cost of the exhibition to be charged to the appropriation for the purchase of objects of art.

On motion of Mrs. Grigsby, this recommendation was approved.

NAMING OF STREETS AND BUILDINGS
(14) A considerable confusion is already beginning to arise in the naming of streets and walks on and around the campus under our control and also in connection with our buildings. From time to time the wish is expressed by sundry people that a definite policy be formulated for naming both buildings and streets. For example, we hear talk about East Walk and West Walk, South Drive and North Drive, and various other names of informal character. Since the portion of Burrill Avenue south of University Hall has been cemented a practice has grown up of naming it the Broad Walk. It seems to me unfortunate that there should be any likelihood of the passing of the name of Burrill Avenue for all parts of this walk. That name should apply from its beginning at Springfield Avenue clear down to the road in front of the cemetery. Unless something is done, practice will establish some names that will not be favored by your Board. I think this matter might be referred to a special committee or else to the Buildings and Grounds Committee, as you think best, for report at a relatively early meeting.

On motion of Mr. Barr, this matter was referred to a special committee of three members of the Board, to be appointed by President Armstrong, for investigation and report at the next meeting of the Board. President Armstrong appointed Mr. Barr, Mrs. Busey, and Mrs. Evans to serve on this committee.
SIGNATURES OF PRESIDENT AND SECRETARY OF THE BOARD

(15) A request from Mr. H. M. Edwards, Acting Comptroller, for instructions as to whether his appointment as Acting Comptroller carries with it the authority to sign the names of the President and the Secretary of the Board of Trustees, in accordance with the action of the Board of Trustees on March 12, 1929.

On motion of Dr. Noble it was voted that in the opinion of the Board the authorization of March 12, 1929, applies to the Acting Comptroller during the time the Comptroller is on his leave of absence granted by the Board.

ENTRY OF APPEARANCE IN THE PROBATE OF THE WILL OF MARGARET McCARTNEY

(16) A notice from the Chicago Title and Trust Company that the will of Margaret McCartney, deceased, a former resident of Oak Park, has named the University of Illinois as a contingent beneficiary. Under the terms of the will the residuary estate of a present value of $15,000 or $20,000 is bequeathed to the Chicago Title and Trust Company, the income to be paid to certain persons during their lives and on the death of the last survivor the principal and accumulated income to be turned over to the Foundlings Home of Chicago and the Illinois Children's Home and Aid Society. The will provides that if these organizations are not in existence, or if there be no non-sectarian institution organized for the same purpose to which the fund can be paid, the Trustee shall pay it to the University of Illinois.

The Chicago Title and Trust Company submitted a form of appearance with the request that it be executed by the Board of Trustees. President Armstrong signed it for the Board.

On motion of Mr. Fisher, the action of the President of the Board in this matter was confirmed.

CLAIM OF CORNELIUS E. O'DONNELL FOR REFUND OF FEES ON ACCOUNT OF MILITARY SCHOLARSHIP

(17) A request from Mr. C. E. O'Donnell, a senior in the University, for a remission of the matriculation and incidental fees paid by him during his first three years in the University. This request is filed in connection with his application for a military scholarship to be effective beginning the year he entered the University, since he was eligible to receive one at that time but failed, through ignorance of his rights, to apply.

The Legal Counsel advises that Mr. O'Donnell is clearly entitled to the scholarship under the law and to a refund of the fees paid by him.

On motion of Mr. Simpson, this refund was authorized.

MILK DEALERS' ASSOCIATION'S RESEARCH ASSISTANTSHIP IN DAIRY HUSBANDRY

(18) The Board has accepted an offer of the International Association of Milk Dealers to establish a two-year Special Research Assistantship in Dairy Husbandry for the study of factors affecting the marketability of fluid milk. (Minutes, July 7, 1929, page 268). The customary agreement was drawn up for this investigation. This agreement includes the following statement:

"It is agreed by the International Association of Milk Dealers, 228 North LaSalle Street, Chicago, Illinois, that they will not under any circumstances use the name of the University of Illinois in any advertisement, whether with reference to the cooperative agreement or any other matter."

The Head of the Department of Dairy Husbandry raised the following question with reference to this paragraph:

"A question has been raised regarding the meaning of this paragraph. Is it the intent of this ruling to prevent the use of a reference to a bulletin or article which might be published by some division of the University, in any advertising material? As an example, the Milk Council of Chicago published an advertisement a short time ago in which they made reference to certain facts as published in Bulletin No. 318, of the Agricultural Experiment Station, University of Illinois. If the International Association of Milk Dealers should sign an agreement containing the paragraph under question, they would according to their contract be giving up certain privileges which others, not under contract, could enjoy."
I replied as follows:

"When the University has published the results of a piece of research in circular form or bulletin or article, the publication having been duly authorized, it is open to any writer on the subject of the bulletin to refer to or quote from the bulletin, giving proper credit. The purpose of the paragraph referred to in your letter is to prevent any firm or individual from putting forth an advertisement of the ordinary kind and saying, for example, that this is endorsed by the University of Illinois, or, we have had experiments conducted by the University of Illinois, or any other phrase indicating that the University has approved, endorsed, or in any way given countenance to the specific action or the merits of specific articles of particular companies. Whether the advertisement published sometime ago by the Milk Council of Chicago violates this rule or not, I cannot say without seeing it. The whole purpose of the provision is to prevent individuals and corporations from using the name of the University to promote their special interests."

The Association now asks whether the above statement, as made in my letter, can be made a part of the Articles of Agreement, or attached as a rider thereto, so that it can be identified as a part of the contract.

On motion of Mr. Barr, the statement of the President of the University was accepted, to be attached as a rider to the contract.

PURCHASE OF BONDS OF THE COLLEGE OF PHYSICIANS AND SURGEONS

(19) A report from the Acting Comptroller, Mr. H. M. Edwards, that in accordance with the authorization of the Board at its meeting on September 18 he has completed the purchase of $1500 of the Bonds of the College of Physicians and Surgeons at a price of $96 and accrued interest, and recommends that these bonds be canceled and retired. I concur.

On motion of Mrs. Evans, this recommendation was adopted.

REPORT ON PROPOSED ASSESSMENT FOR SYSTEM OF SEWERAGE IN CHICAGO

(20) A report from the Legal Counsel that in accordance with the action of the Board at its meeting on September 18, he has taken up with the Superintendent of Special Assessments in Chicago the matter of the proposed assessment on the University's property on the West Side to determine whether the assessment is fair and just. The Superintendent advises that the method used in calculating the assessment on the University's property is the same as that used in determining the assessment for all other properties in the district. The statement of the Superintendent does not necessarily show that the assessment is just, although it may show that it is not discriminatory.

On motion of Mr. Barr, this matter was referred to the President of the University for such further action as may seem advisable.

REPORT ON BRONZE TABLET IN A. E. F. MEMORIAL BUILDING

(21) An opinion from the Attorney General of Illinois holding that the Board of Trustees has no power to appropriate public funds for a bronze tablet to be installed in the American Expeditionary Forces Memorial building in Paris in memory of the alumni and students of the University who served in the World War, as proposed in the letter of Colonel Francis E. Drake, President of the "American Legion Building, Paris," which was presented to the Board at its September meeting.

This report was received for record.

PRIVILEGES OF RETIRED MEMBERS OF THE ACADEMIC STAFF

(23) Recommendations concerning privileges of retired members of

1. Members of the teaching and research staffs who have been retired shall be entitled to the privileges of the floor at all meetings of their faculties and of the University Senate, if they were members of the Senate before retirement, but shall not be entitled to vote.

   On motion of Mrs. Evans, this recommendation was adopted.

2. If a member of the staff under retirement is provided with research assistance, he shall, at the end of each academic year, not later than June 1, make a report in at least general terms directly to the President, of the work he has been doing with this research assistance during the year. In no case may a research assistant be granted to a retired member of the staff for a longer period than one year at a time, and such assistant may be continued only if the annual report of work shows progress or promise.

   On motion of Mr. Trees, this recommendation was adopted.

3. With the approval of the department head and dean of the Graduate School, and of the President, a retired member of the faculty may offer conferences with advanced students in his line of work if said member had offered graduate courses before his retirement.

   On motion of Mr. Barr, this recommendation was adopted.

REINVESTMENT OF McKINLEY PROFESSORSHIP FUNDS

(24) A report from the Acting Comptroller that in accordance with the authorization of the Board at its meeting on September 18 he has purchased one Fourth Liberty Loan bond of the par value of $600 at 981/2, the net total cost being $590.63,
as an investment of part of the endowment funds of the McKinley Professorship of the Economics of Public Utilities. This report was received for record. At this point, Mr. Fisher withdrew.

Mr. J. A. Morrow, Superintendent of Buildings, has made careful inquiry concerning the equipment which each bidder proposed to furnish. He has seen the machines in operation and has found the one manufactured by the Link Belt Company best suited to our use. The three on which lower prices were made are much lighter than that of the Link Belt Company and reduced to a price per pound are more expensive. The H. D. Conkey Company machine is not suited to our use, being much too light and not having proper bucket equipment. Mr. Morrow checked the specifications with Professor Leutwiler and Professor Polson of the Department of Mechanical Engineering and has their opinions that mechanically, the Link Belt machine is superior to the others.

Mr. Morrow requests that the order be placed with the Link Belt Company at a price of $10,360 f.o.b. Chicago and I recommend that the order be placed accordingly.

This purchase will be made from a specific appropriation of $12,500 included in the 1929-30 budget for Physical Plant Extension.

Very truly yours,

H. M. Edwards
Acting Comptroller

On motion of Mr. Barr, the Acting Comptroller was authorized to make this purchase on the terms proposed, on the receipt of a written statement from Mr. Trees and the Supervising Architect certifying that certain questions which have not been clarified are satisfactorily answered.

REPRODUCTION OF PRESIDENT KINLEY'S PORTRAIT

(26) A recommendation from Professor White that the Editor of the Illio be permitted to send the portrait of President Kinley to Chicago for color reproduction.

On motion of Mrs. Evans, this recommendation was adopted.

APPROPRIATION FOR BENEFICIARY OF PROFESSOR C. S. CRANDALL

(29) Professor C. S. Crandall of the Department of Horticulture died on July 11, 1929. He was in active service on the staff from September 1, 1902, until September 1, 1926, when he was retired under the retiring allowance system. The death benefit which has accrued in his case amounts to $1 102 50.

I recommend that an appropriation of $1 102 50 be made from the Reserve and Contingent fund and that the Comptroller be authorized to make payment to the heirs or legal representative of Professor C. S. Crandall.

On motion of Mr. Barr, the President of the University was authorized to instruct the Comptroller to make this payment. The appropriation was made by the following vote: Aye, President Armstrong, Mr. Barr, Mrs. Busey, Mrs. Evans, Mrs. Grigsby, Dr. Noble, Mr. Simpson, Mr. Trees; no, none; absent, Mr. Blair, Mr. Emmerson, Mr. Fisher.

THANKS FROM ALUMNI ASSOCIATION
(31) A letter from the President of the Alumni Association:

Mr. David Kinley, President, University of Illinois

DEAR PRESIDENT KINLEY:

Will you kindly convey to the Board of Trustees the thanks of the officers of the Alumni Association for the $300,000 appropriation for the improvement of the Alumni News?

With the aid of this appropriation the Alumni News can accomplish its purpose much better than would otherwise be possible, and the help from the Board of Trustees is very much appreciated.

Sincerely,
C. S. PILSBURY

This report was received for record.

BOND OF ACTING COMPTROLLER
(32) A report that proper action has been taken to transfer the bond of Mr. Morey to the Acting Comptroller during Mr. Morey’s absence.

The name of Mr. Morey was removed from this schedule bond effective September 1, 1929, and the name of Mr. Edwards was added as at that date in the amount of $25,000 which was the amount of Mr. Morey’s bond. Before this change was made, it was necessary for Mr. Edwards to file the usual application for bond. When Mr. Morey returns the only action which will be necessary will be to replace his name and remove that of Mr. Edwards from the schedule.

This report was received for record.

ROYALTIES FOR KUNZ CELL
(33) A report from the Comptroller that no report of royalties due from the General Talking Films Corporation, successors to DeForest Phonofilms, Inc., for the use of the Kunz cell, has been received since December 1, 1928.

On motion of Mr. Trees, the President of the University was authorized to direct the Legal Counsel to take this matter up with the General Talking Films Company, and to take whatever action may be necessary.

AUTHORITY TO MAKE PURCHASES
(34) A letter to the Legal Counsel and an opinion of the Legal Counsel on the matter of the authority of the Purchasing Agent to act after an appropriation has been made by the Board.

Judge Sveinbjorn Johnson, 316 Law Building

DEAR JUDGE JOHNSON:

At the last meeting of the Board the question was raised whether the laws of the Board of Trustees, as they have existed since 1908, do, as a matter of fact, give the
Comptroller proper authority to make purchases for the University, unless specific directions are given by the Board to make the particular purchases.

The authority of the Comptroller will be found in Section 45-A, page 34 of the Extracts from the Laws of the Board of Trustees, dated December, 1926. Section 46 on the following page describes the authority of the Purchasing Agent who acts under the general direction of the Comptroller.

I call your attention first to Section C of Article 45, providing that "no expenditures shall be made except on authority of the Board and after an appropriation has been made therefor, as evidenced by its records." I call your attention also to the statement in Section 46 to the effect that the Purchasing Agent shall not make purchases "unless the records of the Board show that the purchase has been authorized and that an appropriation has been made therefor by the Board." In view of these provisions, I beg leave to submit the following questions:

1. Is the making of an appropriation by the Board sufficient authorization for the Comptroller, through the Purchasing Agent, to go ahead and purchase the article or articles for which the appropriation is made, or is it your opinion that in addition to making the appropriation the Board records must show action specifically authorizing the purchase?

2. Appropriations are made in the budget of the University either for the purchase of single articles or of a group of articles of the same general character and described under the same general head. For example, an appropriation of $200 may be made for the purchase of a single microscope or other specifically named piece of apparatus. On the other hand, an appropriation may be made, as has been the custom for the past twenty-five years or more, if not previously, for a group of articles under some general head such as, "Equipment for the School of Music," "Equipment for the College of Engineering," or what not. If an appropriation of the latter kind is made for, we will say, equipment for the School of Music, is it necessary, under the rule, or under the law, or both, that each particular, separate piece of equipment to be bought shall also be authorized specifically by the Board, or may the Comptroller make the purchase of the various pieces of apparatus or equipment necessary and charge each of these to the appropriation for the general purpose? It is understood that when an appropriation is made for such a general purpose as equipment the list of things desired has been submitted by the department head and the dean to the President for inspection and approval or disapproval. As a matter of fact, practically every department in the University makes a request for equipment involving a much larger expenditure than I am ordinarily willing to approve. I have, therefore, in recent instances, cut down the amount asked for before submitting my recommendations to the Board. The changing of the original list submitted may change the order of importance of the remaining articles for which an appropriation is made in toto. That is to say, if the department head asks for $20,000 for equipment, say, in Mechanical Engineering, and submits a list of things which he would like to buy with $20,000 and receives only $10,000 he may revise his list and make a new list with a different scale of relative importance assigned to the articles in the original list. In other words, he must choose which are of most importance within the $10,000 limit. It is, therefore, practically impossible to decide in advance exactly what particular pieces of apparatus the appropriation may be used to get, excepting in a general way. One reason for this is that the people who make up these lists prepare them far in advance. Some of the people who make them up are not present when the budget is adopted and new requirements for apparatus, due to changing enrollment, may come up at any time after the opening of the year and, of course, after the budget has been approved.

To give some illustrations: (1) A certain sum of money is appropriated for the purchase of library books. Is the Comptroller at liberty under his general authority to approve and purchase the books recommended by the heads of departments with the approval of the Librarian, or should he submit the title and price of each single book to the Board to receive authority to purchase it? This is an extreme illustration but the principle involved is the same as in the case, for example, of Mechanical Engineering or Electrical Engineering, where a lathe or a dynamo would be bought and charged against an appropriation for equipment in either of the departments. (2) An appropriation is made to the School of Music for equipment. May the Comptroller purchase the articles submitted by the Director of the School and approved by the President, whether sent in one by one at different dates or in a group, after
the Board has made an appropriation for "School of Music Equipment," provided, of course, that the total expenditure shall not exceed the appropriation? Must the Board take action directing the purchase of the particular articles before each is bought? (3) The Board makes annually an appropriation known as the "President's Entertainment Fund." This meets the expenses of receptions, monthly and others; entertainment of University guests, individually, or in groups; and all matters of that kind. May the Comptroller, under his general authority, pay such expenses or must he have action of the Board directing him to pay such expenses when duly submitted? Does the direction pertain to the whole group of different kinds of entertainment? Or, on the other hand, is it necessary for the Board to direct the Comptroller to meet the expenses of each particular entertainment?

If an appropriation has not been made for a specific article or for a group of articles, to be drawn against as per the practice described above, of course the specific request must go to the Board of Trustees for an appropriation, whether it be $100 or $5,000. It happens, therefore, that the Comptroller in presenting his monthly report of purchase orders to the Board reports sometimes the purchase of an article costing from $500 to $1,000 or several thousand dollars under the general authority given him by the rules, charged to the appropriation for the general group of articles of which the article purchased is one. At the same meeting, I may present a request for an appropriation of $200 or $300 for some article or articles. Surprise is sometimes expressed that the Comptroller makes an expenditure of the former magnitude while I am asking for specific authority for an expenditure of the smaller magnitude. The reason is that in the former case an appropriation has already been made, either for the particular article, or for a group of which the particular article bought is one; whereas no appropriation had been made in the latter case. Hence, a special request is necessary.

Summing the whole matter up:

1. A specific article, whether it cost $10 or $1,000, may not be purchased unless an appropriation has been made for the purpose by the Board of Trustees in advance.

2. If an appropriation has been made for a specific article, do the existing rules of the Board give the Comptroller sufficient authority to go ahead and purchase it without getting an action of the Board ordering him to purchase, in addition to making the appropriation?

3. When the Board has made an appropriation of, say, $8,000 for equipment for the School of Music, is the Comptroller at liberty, on recommendation of the Director of the School of Music and with the approval of the President, to purchase specific articles whose cost totals or falls within the whole amount appropriated for the group of articles, assuming that the general rules of the Board now in existence give him authority to make purchases when appropriations have been made? The essence of this question is, of course: Is an appropriation for a group purpose proper and sufficient without specification of the individual article?

4. If the rules of the Board do not at present give the Comptroller authority to purchase without a specific order to purchase, will you kindly suggest the amendments necessary to cover this point?

5. If, in your opinion, the appropriation of a total sum of money, like $50,000 for the Library, does not carry with it sufficient authority to justify the Comptroller on recommendation of the Librarian to purchase the books called for by the several departments, must the Board order the purchase of individual books, or in what form can it make its appropriation so as to render this unnecessary?

I shall be much obliged if you will kindly consider these questions and prepare an answer for submission to the Board at its meeting on October 10, if possible.

Very truly yours,

DAVID KINLEY
President

October 7, 1929

President David Kinley, 355 Administration (West)

My Dear President Kinley:

Your letter of September 30, 1929, raises two specific questions of law and in the background a matter of administrative policy. The latter is peculiarly a problem for you and the Board of Trustees to solve.

Your first question is, in substance, this: From the making of an appropriation for the purchase of a specific article may authority be implied to consummate the
purchase without further action by the Board of Trustees, or must the Board, in addition to making this specific appropriation, specifically authorize the proper officers to make the purchase?

The appropriation of money for the specific purchase of an article is a legislative act, but beyond the act of setting apart the particular sum is a decision on the policy of making the recommended purchase. That decision also involves an exercise of the legislative function. Once the Board has resolved that the article should be acquired and has appropriated the amount necessary, there remains merely the act, largely ministerial, of going into the market for the article. For the performance of the latter act the Board has named a Comptroller and Purchasing Agent who, with the specific approval of the President—"the executive agent of the Board"—execute the policy and make the purchase. With this last act the Board itself can normally, in the nature of things, have but little practical concern. The Board is in session for a few hours, approximately, once every thirty days. During the interim much business must necessarily be transacted by an institution the size of the University of Illinois. The other alternative is continuous sessions by the Board. I am clearly of the opinion, whether considered in the light of common sense or of legal analogies, that an appropriation of a specific sum for the purchase of a particular article implies an authorization to the Comptroller and the Purchasing Agent, without further action by the Board, to purchase the article.

The second question, as I understand from the illustrations which accompany it, is this: Assume an appropriation of $50,000 for equipment for the School of Music without specification therein of the items for which the gross sum shall be expended; from the act of the Board of Trustees in making such an appropriation may it be legally inferred that the Comptroller and the Purchasing Agent, with the approval of the President, may, without further authorization as to each specific item of equipment or expenditure, go into the market and purchase such specific equipment as shall be deemed needful by the School of Music, the officers named, and the President? This question involves the whole subject of the legal effect of group or class, as distinguished from specific, appropriations. After consideration of the whole matter and an examination of the rules and statutes of the Board as found in the official Reports from the beginning, I answer the question in the affirmative.

Inasmuch as the question appears to be rather important, I deem it proper to assign some reason for my conclusion. You refer me to section 45 A, page 34, of the "Extracts from the Laws of the Board of Trustees," dated December, 1926, concerning the authority of the Comptroller, and to section 46 on the following page which describes the authority of the Purchasing Agent. You also refer me to subsection (c) of section 45, that "No expenditures shall be made excepting on authority of the Board, and after an appropriation has been made therefor, as evidenced by its records." Some of these regulations apparently have been in force twenty years, or more.

While the sections to which you specifically refer are important because they define the powers and duties of the Comptroller and the Purchasing Agent, there are other sections which must be noticed. Section 11 (a) on page 3 of the "Extracts from the Laws of the Board of Trustees," December, 1926, contains an answer to the question what the Board has heretofore considered its peculiar function in operating the University of Illinois. It is there said: "The functions of the Trustees are legislative and not executive. The Board is to secure, as far as possible, the needed revenues for the University and is to determine the ways in which the University funds shall be applied. It is to map out the University policy, but it must, of necessity, leave the execution of that policy to its executive agents. Such agents must be capable, and, within the general line of policy laid down by the Board, they should not be interfered with." The foregoing statement of function appears for the first time, as far as I can ascertain, in the Revision of 1908. See p. 57, Report of 1910. On September 30, 1898, the Board said, in a resolution that "it is no function of a trustee to act as superintendent of the University business."

In the light of the foregoing, the language of the by-laws and the statutes of the University must be read and interpreted. The Board clearly conceives that its functions are legislative rather than administrative or executive in their nature. This is in keeping with the only practical mode in which the University can be operated by the Board. The language used negatives the suggestion that the Board deems it its
proper duty to concern itself with all specific items of purchase, or with all the details of administration.

On September 13, 1892, the Board seemingly approved a compilation of by-laws which appears on pages 41-44 of the Report for 1894. All prior by-laws were repealed and two hundred copies of the compilation ordered printed.

Article X deals with the "business agent," whose powers and duties later devolved on the Comptroller and the Purchasing Agent. Section 1 of this article ends with this proviso: "Provided, also that all purchases must first be authorized by the trustees." Thus, what the policy was in September, 1892, when the enrollment was about 714 and the annual appropriation for "taxes, salaries, repairs, and improvements" was about $64,100, is not open to question. All purchases, except in cases of "necessity" and then only up to $50 in amount, were required to have the advance approval of the Board.

On December 12, 1907, Report of 1908, p. 414, a committee on revision of the by-laws and the statutes was named. It reported on December 8, 1908, pp. 21 and 53, Report of 1910. Its report was "accepted and adopted." The Comptroller, Chief Clerk and Purchasing Agent displace the old business manager, and the powers and duties of the former are defined in new and materially different terms. The institution was growing and requirements which sufficed early in its history were fast becoming clumsy, impracticable, or obsolescent. There also appears, for the first time apparently, the official declaration by the Board concerning its true function, which I have set forth supra. While such a declaration might not be conclusive in all circumstances, it is important in connection with an attempt to interpret the language of the statutes and by-laws so as to give effect to the intent and purpose thereof.

In the revision of 1908 the specific prohibition of the proviso, supra, is dropped and there is introduced the method which has been substantially followed since concerning the purchase of equipment, etc. No expenditures were permissible "except on the authority of the Board"; in an emergency the President and the business manager might concurrently expend not to exceed $350 without prior authorization by the Board; all purchases must be made by the Purchasing Agent, except when "other persons or committees" were given authority by the Board; and the Comptroller was given general charge of the business operations of the University.

We now come to section 34 (d), p. 63, Report of 1910, which, unless it has since been repealed, and of this no affirmative evidence has been found, seems to contain the answer to both questions propounded in your letter. Broadly, it provides that the Purchasing Agent shall make no purchase "unless the records of the Board show that the purchase has been authorized and that the money for payment thereof has been appropriated"; but an order for the purchase of "furniture, apparatus, or equipment" may be made by the Purchasing Agent without specific authorization in advance in all cases where an appropriation has been made by the Board and when such purchase has the approval of the President. Sections 34. p. 63, and 37, p. 66, Report of 1910. Section 37 on page 66, Report of 1910, provides that the duties of the business manager shall thereafter be performed by the Comptroller, the Chief Clerk, and the Purchasing Agent.

It is true that not all of the foregoing appears clearly in the pamphlet to which I am referred and which is labeled, "Extracts from the Laws of the Board of Trustees," dated December, 1926. In the first place, the pamphlet purports to be merely extracts, and not a complete compilation of the by-laws and statutes; and, in the second place, I do not deem myself bound to accept these "Extracts" as the complete and exclusive evidence of all the laws and statutes. The authorization for the publication of the "Extracts" appears on page 299, Report of 1924, and calls for a compilation. There has been no new or reenactment of these "Extracts" so as to make them the sole evidence of the governing rules.

There is not complete clarity in the statutes, nor does it appear that they have in all things been enacted as a unit. To illustrate, subsection (c) of section 34, page 63, Report of 1910, supra, says, in reverse order, almost exactly what is said in the concluding paragraph of section 37, page 66, of the same report.

I do not deem it necessary to prolong the consideration of this subject. A by-law of the Board which has not been repealed as far as I can ascertain, confers upon the Comptroller and the Purchasing Agent the power to make purchases of specific articles
with the approval of the President, when an appropriation has been made therefor, or for the group or class to which they belong, and no other prior authorization is necessary.

I should have reached the same conclusion on both propositions, had I not found section 34 (d), Report of 1910. The practical construction of the statutes and by-laws for a period of over twenty years, acquiesced in by several intervening Boards, I should have deemed conclusive on the subject of the correct interpretation of the rules.

Yours very truly,

Sveinbjorn Johnson
