The July meeting of the Board of Trustees of the University of Illinois was held at the Blackstone Hotel, in Chicago, at 10:00 a.m. (Chicago Daylight Saving Time) on Friday, July 16, 1937.

The following members were present: President Karraker, Mr. Adams, Mr. Cleary, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb.

President Willard was present; also Mr. Lloyd Morey, Comptroller, Judge Sveinbjorn Johnson, University Counsel, Director C. S. Havens, and Mr. A. J. Janata, Assistant to the President.

**SECRETARY, PRO TEMPORE**

On motion of Mr. Adams, Mr. Janata was elected Secretary *Pro Tempore*, to serve in the absence of Mr. H. E. Cunningham.

**MINUTES APPROVED**

The Secretary *Pro Tempore* presented the minutes of the meeting of June 9, 1937.

On motion of Mr. Mayer, the minutes were approved as printed on pages 272 to 298 above.
The Board considered the following matters presented by the President of the University.

LEGISLATION AFFECTING THE UNIVERSITY

(1) The following report on the various measures before the Sixtieth General Assembly affecting the University:

I. Biennial Appropriation

A. Budget.—The biennial budget for 1937-1939, originally approved by the Board on October 26, 1936, and submitted to the Department of Finance on November 1, 1936, was reduced, by action of the Board on May 3, by a total of $1,250,000 in that amount of the budget coming from State tax revenues. This revised budget was adopted by the Board on May 13. It provided for a total of $15,149,632, of which $11,154,102 represented income from State tax revenues, $295,530 Federal grants, and $3,700,000 the appropriation of the Revolving Fund of the University's income from fees and other sources.

The appropriation bills representing this budget were introduced in the House on May 19 (H.B. No. 942) and in the Senate on May 25 (S.B. No. 483). The Senate bill was passed first and was sent to the House on June 10.

A substitute appropriation bill (H.B. No. 956) was introduced in the House on May 19 by Representative A. B. Lager of Carlyle. This bill called for an appropriation of $804,568 less than the reduced budget of the Board of Trustees. It differed from the University bill in two other respects: it did not provide for an automatic adjustment in the allocations from the University of Illinois (Mill Tax) Fund and the General Revenue Fund, which was deemed necessary by the Board; and it failed to include provisions for the payment of retiring allowances and death benefits. Both bills were considered by the Committee on Appropriations on June 23. The Committee rejected the substitute bill and voted to recommend to the House that the Trustees' bill pass. On June 29, when the bill was on second reading in the House, the sponsor of the substitute bill offered four amendments to make the Trustees' bill conform to his bill. These amendments were tabled by a vote of more than two to one, and the bill was passed without amendment on June 30 by a vote of 134 to 0.

On July 12 the Governor vetoed all of the items for buildings, totaling $650,000, including an addition to the Library, $350,000, Agricultural Laboratory Building and remodeling old quarters, $150,000, and a new unit for Chemistry, $150,000. This wipes out completely the building program in the original budget as submitted to the Department of Finance, the Board on May 13 having eliminated $625,000.

Following is the text of the appropriation bill with the Governor's veto message, a certified copy of which is hereby given to the Secretary of the Board for record.

Certificate Number 20477

STATE OF ILLINOIS
OFFICE OF
THE SECRETARY OF STATE

To All to whom these Presents Shall Come, Greeting:

I, Edward J. Hughes, Secretary of State of the State of Illinois, do hereby certify that the following and hereto attached is a true photostatic copy of an Act making appropriations for the University of Illinois and providing for the expenditure thereof, the original of which is now on file and a matter of record in this office.

In Testimony Whereof, I hereto set my hand and cause to be affixed the Great Seal of the State of Illinois. Done at the City of Springfield this 13th day of July, A.D. 1937.

EDWARD J. HUGHES
Secretary of State
To the Honorable
The Secretary of State:

I herewith file in your office Senate Bill No. 483, entitled "An Act making appropriations for the University of Illinois and providing for the expenditure thereof."

I approve Senate Bill No. 483 except for the following items, which I disapprove and veto:

Page 3, section 3, lines 2 and 3 each inclusive from the top of the page:
"For an addition to the University Library and equipment ........ ........ $350,000"

Page 3, section 3, lines 4, 5 and 6 each inclusive from the top of the page:
"For Agricultural Laboratory Building and equipment and remodeling old quarters ........ ........ $150,000"

Page 3, section 3, lines 7 and 8 each inclusive from the top of the page:
"For new unit of building for Chemistry and equipment ........ ........ $150,000"

My reasons for vetoing these items are as follows:

The total appropriations made for the University for the biennium commencing July 1, 1933 were $11,594,902. The total for the biennium commencing July 1, 1935 was $12,195,802. Deducting the vetoed items which, in my opinion, are otherwise provided for, the total for the current biennium is $14,499,632 or an increase of $2,203,830 over and above the preceding biennium which should be adequate to provide for the anticipated increased enrollment at the University and for any other necessary items.

The item of $7,880,000 for salaries and wages in this bill, as well as other items, are in lump sums. The details thereof were never presented to the Governor, although I have heretofore requested them so that I might review and analyse the same as I did in the case of appropriation requests by other branches of State Government.

As near as can be figured the request of the University is approximately $1,000,000 in excess of what is reasonably required. The amounts presented in this bill being in lump sum and lacking itemization leaves the Governor limited powers of veto as our Constitution provides that all or none of a given item in an appropriation bill may be vetoed.

There is no desire on my part to handicap the University building program. Section 8 on pages 4 and 5 of this bill appropriates the sum of $3,700,000 payable from the revolving fund which is in addition to appropriations from the University of Illinois Fund and the General Revenue Fund of the State.

Section 8 reads in part as follows:
"There is appropriated to the University of Illinois for the two years beginning July 1, 1937 for support, salaries and wages, office expense, printing, travel, operation, repairs, equipment, permanent improvements, retirement and death benefits for staff members, medical, surgical and hospital service and compensation for temporary disability under the provisions of the Workmen's Compensation Act in connection with accidents suffered by employees of the University of Illinois, and contingencies, until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of three million, seven hundred thousand dollars ($3,700,000) payable from the University of Illinois Revolving Fund."

The items that I have vetoed can well be taken from the revolving fund. I express the hope that the Trustees of the University will go through with the building program which is reflected in this appropriation bill to the extent that is necessary.

We have an excellent University and I firmly believe that the high standards of education and maintenance of the University can be satisfactorily sustained on the moneys remaining in the appropriation after my veto.

Should the revenues of the State increase consistent with the demands made upon the Treasury in various directions, the claims of the University, if any, with the claims of other branches of State government for further financial support will be considered by the State.

Except for the items hereinabove mentioned, which I have vetoed, I approve Senate Bill No. 483.

Respectfully submitted,

HENRY HORNER
Governor
AN ACT MAKING APPROPRIATIONS FOR THE UNIVERSITY OF ILLINOIS
AND PROVIDING FOR THE EXPENDITURE THEREOF

Be it enacted by the People of the State of Illinois, represented in the General Assembly:

Section 1. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1937, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the objects and purposes hereinafter set forth, the sum of ten million, sixty-nine thousand, two hundred dollars ($10,069,200) payable first out of the University of Illinois Fund to the extent of the amount actually available in that fund at the time of the presentation to the Auditor of Public Accounts of duly itemized, issued, and certified vouchers, except that the Auditor may permit a reasonable working balance to accumulate therein, but otherwise, when the amount actually available in the University of Illinois Fund in addition to such working balance is insufficient to pay such vouchers, as to the remainder of this appropriation, the same shall be payable from the General Revenue Fund:

For salaries and wages............................................. $7,880,000
For office expenses, including printing and publications.......................... 210,000
For travel............................................................... 40,000
For operation........................................................ 100,000
For repairs, equipment, and minor improvements including special assessments........................................ 939,200

Total........................................................................... $10,069,200

The intent of this section is that substantially the entire amount available in the University of Illinois Fund during the period covered by the appropriation herein made shall first be applied to the payment of vouchers chargeable thereto and the part of this appropriation payable from the General Revenue Fund shall equal the aggregate of vouchers for such period in excess of the total sum available in the University of Illinois Fund.

Sec. 2. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1937, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of twenty thousand dollars ($20,000) payable out of the General Revenue Fund for the purpose of constructing buildings at and maintaining the Agricultural Experiment Station in Cook County.

Sec. 3. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1937, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of six hundred fifty thousand dollars ($650,000) payable out of the General Revenue Fund for the following objects and purposes:

*For an addition to the University Library and equipment.... $350,000*
*For Agricultural Laboratory Building and equipment and remodeling old quarters.............................................. 150,000*
*For new unit of building for Chemistry and equipment....... 150,000*

Sec. 4. The appropriations made in sections 1, 2, and 3 of this Act shall be subject to all the provisions, conditions, and limitations of an Act entitled, "An Act in relation to State finance," approved June 10, 1919, in force July 1, 1919.

Sec. 5. There is hereby appropriated to the University of Illinois for the two years beginning July 1, 1937, and until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, for the payment of interest on the endowment funds of said University as provided by section 2 of an Act entitled, "An Act to make appropriations for the University of Illinois, and providing for the management of the funds of said University and for the protecting of the interest of the State in connection therewith," approved and in force June 11, 1897, the sum of sixty-four thousand, nine hundred two dollars ($64,902) or so much thereof as may be necessary under the terms of said Act.

Sec. 6. There is hereby appropriated to the University of Illinois the sum of two hundred ninety-five thousand, five hundred thirty dollars ($295,530) or so much thereof as shall accrue to the State of Illinois under the provisions of an Act of Con-

*Vetoed.
gress entitled, "An Act to apply a portion of the proceeds of the public lands to the more complete endowment and support of the colleges for the benefit of agriculture and the mechanical arts, established under the provisions of an Act of Congress, approved July 2, 1862," approved August 30, 1890, an Act of Congress entitled, "An Act making appropriations for the Department of Agriculture for the fiscal year ending June 30, 1908," approved March 4, 1907, and an Act of Congress entitled, "An Act to provide for research into basic laws and principles relating to agriculture and to provide for the further development of cooperative agricultural extension work and the more complete endowment and support of land-grant colleges," approved June 29, 1935, during the two years beginning July 1, 1937.

Whenever any portion of said sum shall be received by the State Treasurer from the United States, it shall immediately be due and payable into the treasury of the University of Illinois.

Sec. 7. Upon the order of the President of the Board of Trustees of the University of Illinois, countersigned by its Secretary and with the corporate seal of said University attached thereto, the Auditor of Public Accounts is herewith authorized and directed to draw his warrants on the State Treasurer for the sums appropriated in sections 5 and 6 of this Act.

Sec. 8. There is appropriated to the University of Illinois for the two years beginning July 1, 1937 for support, salaries and wages, office expense, printing, travel, operation, repairs, equipment, permanent improvements, retirement and death benefits for staff members, medical, surgical and hospital service and compensation for temporary disability under the provisions of the Workmen's Compensation Act in connection with accidents suffered by employees of the University of Illinois, and contingencies, until the expiration of the first fiscal quarter after the adjournment of the next General Assembly, the sum of three million, seven hundred thousand dollars ($3,700,000) payable from the University of Illinois Revolving Fund, including but not exceeding in amount the aggregate of any unexpended balance at the end of the biennium and the sum collected by the University and transmitted to the State Treasurer during the ensuing biennium and credited to the University of Illinois Revolving Fund as provided by law.

The appropriation made in this section shall be subject to all the provisions, conditions, and limitations of an Act entitled, "An Act in relation to State finance," approved June 10, 1919, in force July 1, 1919.

Approved July 1, 1937, except as to the items vetoed in my message of even date herewith attached hereto.

HENRY HORNER
Governor

B. Medical and Dental Equipment Appropriation.—Pursuant to the instructions of the Board, a separate emergency bill (H.B. No. 216), appropriating $350,000 for equipment for the Medical and Dental College Laboratories Building, was introduced in the General Assembly. This bill was passed on May 18 and approved by the Governor on May 28, 1937.

II. Supplementary Appropriation Bills

A. Journalism Building.—Following the action of the Board of Trustees in eliminating from its original budget an item of $250,000 for a building for journalism and other subjects, a separate bill (H.B. No. 99) was introduced by Representative James A. Nowlan of Toulon, at the request of the Illinois Press Association, appropriating this amount to the University for a Journalism Building. This bill failed to pass.

B. Dormitories for Men.—As a result of some of the objections which had been raised to the University of Illinois Building Commission bills, a bill appropriating $200,000 for dormitories for men was introduced by Representative James P. Boyle of Chicago. This bill was not advanced by its sponsors.
III. Allocation of Moneys from the University of Illinois (Mill Tax) Fund

Pursuant to the instruction of the Board of Trustees, bills were introduced in the House (H.B. No. 136) and Senate (S.B. No. 50) for an amendment to the State Finance Act to provide for a more dependable system of allocation of funds, since the Mill Tax levy is no longer made against property, but the equivalent amount (which is based upon the total assessed valuation of general property in the State) is credited to the University from the Retailers' Occupation Tax Revenues. This bill was passed by the Senate and recommended by the House Committee on Revenue. Certain objections to this bill were raised by the State Department of Finance, to which the University agreed, and the appropriation bill was altered to meet the situation. Since the needed results were secured in this way the passage of the bill amending the State Finance Act was not pressed.

IV. University of Illinois Building Commission

Early in the session bills creating the University of Illinois Building Commission and the companion bills amending existing laws, including the Charter Act of the University, were introduced by authority of the Board of Trustees. These were Senate Bills Nos. 51, 52, 53, and 61 and House Bills Nos. 137, 138, 139, and 145. These bills had six hearings. They were first before the House Committee on Education, which recommended their passage. In the Senate they were considered by the Committee on Revenue, which likewise recommended their passage. Upon objections raised by certain business interests in Champaign and Urbana these bills were again referred to the Senate Committee on Revenue for a second hearing, at which a special sub-committee was appointed to visit the University and consider the bills in conference with University officials and representatives of the business interests opposing them. The sub-committee spent a full day at the University and in its report recommended passage of the bills. This recommendation was reaffirmed by the Committee on Revenue, and the Senate subsequently passed the bills. When they came to the House, the Senate bills were referred to the Committee on Education, which had previously recommended passage of the corresponding, identical House bills. At this second hearing the bills were referred to a special sub-committee for further consideration. This sub-committee of five members gave the bills and their proponents and opponents a full hearing, following which it recommended their passage by a vote of four to one. A third hearing on the bills was held by the Committee on Education, following which it recommended their passage.

The bills were reported to the House on June 10 and placed on second reading. Certain amendments were desired to meet the objections of a representative of the Department of Finance, who had appeared at two of the hearings opposing the bills. Representatives of the University conferred with the member of the House who was planning to offer the amendments, and a number of amendments acceptable to the University were drafted to meet all of the objections which had been raised. Several efforts were made by the Representative in charge of the amendments and the sponsors of the bills to have the latter called up for amendment and advanced, but the Speaker of the House did not call them. Consequently the House was not given an opportunity to vote on the amendments. Had they been called, it is believed that they would have been passed by the House and concurred in by the Senate.

V. Auditing and Accounting Bills

A bill (H.B. No. 519) was introduced giving the State Tax Commission authority to establish accounting systems, provide forms of financial reports, and make audits of tax-spending bodies. The bill was primarily drafted to cover municipalities and other local governments, but its provisions extended to all divisions of the State Government. An amendment was introduced eliminating the University of Illinois from its provisions because of the broad powers of the Commission. The bill, however, failed to pass. Another bill (H.B. No. 1053) was introduced amending the Civil Administrative Code giving the State Department of Finance power to "audit, investigate, review and examine or cause to be audited, investigated, reviewed or examined at any and all times, the accounts, operations and methods of conduct of proceedings of every private corporation, institution, association, board, officer, commission, commissioner, department, arm or agency of the State of Illinois receiving appropriations from the General Assembly." Under existing laws the University
is required to submit a budget to the Department of Finance, and the Department has authority to call on the University, as well as other departments, for any necessary information relating to that budget. Authority to audit the accounts of state departments and institutions is vested by the State Constitution in the Auditor of Public Accounts. The University for many years has provided for audits by independent public accountants, and copies of their reports are filed with the Governor. This bill would have given the Department of Finance extremely broad inquisitorial powers over all elected State officials, including the Board of Trustees. It was passed by the House, but failed to pass in the Senate.

VI. Additional Scholarships

A bill (H.B. No. 522) was introduced by Representative Nicholas L. Hubbard of Mt. Pulaski, at the request of one of the county superintendents of schools, increasing the number of County Scholarships in counties having a population of over 40,000. The objections of this bill were explained to the sponsor and he did not press its passage.

VII. Southern Illinois State Normal University

A bill (H.B. No. 585) was introduced by Representative C. D. Johnson of Belleville and Representative Sidney Parker of Texico providing that the Southern Illinois State Normal University at Carbondale be made a branch of the University of Illinois and that its management be transferred to the Board of Trustees of the University. The House Committee on Education recommended that this bill be not passed, and it was tabled.

VIII. Illinois Budgetary Commission

House Bill No. 662, introduced by Representative James P. Boyle of Chicago, which was passed, establishes the Illinois Budgetary Commission, which consists of the Governor as an ex-officio member, the Chairman of the Committees on Appropriations of the Senate and House, two members of the Senate, and two members of the House. This Commission is authorized to make a thorough study and investigation of all State expenditures and income from all sources, to formulate and recommend a plan for the standardization and classification of all salaries and other compensation for services rendered to the State, and to report its recommendation to the Governor not later than September 1 preceding the convening of the next General Assembly. The Commission is required to submit a duplicate of its report to the General Assembly. This bill will undoubtedly affect the University.

IX. State Employees' Benefit and Retirement Fund

House Bill No. 906, introduced by Representative Benjamin S. Adamowski of Chicago, providing for a pension system for State employees was introduced late in the session. Sponsors of the bill did not refer it to the University officials, nor discuss it with them, prior to its introduction. As originally drawn, the pension plan would be optional, but the bill was completely redrafted on June 9, and in the amended form it would have included every member of the University's staff and every employee including part-time assistants and student employees. To protect the interests of the University the bill was amended to eliminate the faculty and scientific staff from its provisions, but leaving the way open for the Civil Service staff to be included, if the board which will administer this plan deems it advisable. The plan requires a deduction of five percent from the salary or wage of every employee included and applies to all salaries up to $3,000.

This report was received for record and action on the various matters was deferred until later in the meeting.

**Requirements for Admission to Courses in Chemistry**

(2) The anticipated registration in the Department of Chemistry for 1937-1938 is so large that the number of laboratory desks available will not accommodate all of the expected students. Consequently it will be necessary to put into effect measures regulating registrations in courses in Chemistry. The problem was referred to the Committee on Educational Policy for its consideration, in consultation with repre-

1On July 19, 1937, subsequent to this meeting of the Board, House Bill No. 906 was vetoed by the Governor.
sentatives of the Department of Chemistry, the Registrar, and the Bureau of Institutional Research. Since it will not be possible to have a meeting of the University Senate until after the opening of the University in September, which will be too late to adopt such measures for the first semester, the report of the Committee is being presented directly to the Board.

The Committee recommends that any action taken at this time be considered an emergency measure, applicable only during the first semester of 1937-1938, and that the Department be asked to study the situation and submit recommendations in time for adequate consideration of a permanent policy before the beginning of the second semester. This will doubtless involve consultation with other departments which will be affected. The Committee recommends that, with the exception of the students in the Colleges of Engineering and Agriculture, the registration of sophomores in Chemistry courses, other than the elementary courses open to freshmen, be restricted to students having a grade-point average of 3.2 or higher, and the registration of juniors in Chemistry courses, other than the elementary courses open to freshmen, be restricted to students having a grade-point average of 3.5 or higher, with the provision that the Department be authorized to admit students in each group with lower averages in case these restrictions reduce the registrations below the number that can be accommodated in the laboratories. The Committee further recommends that the Registrar be authorized to approve deferred registration for such students without assessment of the late registration fee.

The Committee recommends that these restrictions do not apply to seniors because it will be difficult, if not impossible, for such students to readjust their programs to meet the requirements for graduation in other curricula or with other majors. These restrictions will not apply to sophomore students (since it is impossible to determine their scholastic average until they have been in the University for at least one semester), and will apply only to the first semester of 1937-1938 pending further study.

I concur in the recommendations of the Committee.

On motion of Mr. Cleary, this recommendation was adopted.

REGISTRATION IN COURSES IN JOURNALISM

(3) The Committee on Educational Policy recommends that the Director of the School of Journalism be authorized to regulate the enrollment of students in the courses in Journalism by closing sections in laboratory courses when the registrations have reached the number that can be satisfactorily accommodated with the facilities and staff available, and to discourage the registration of students with scholastic averages of less than 3.0 (or C) from entering the School of Journalism.

While this does not involve a change in the requirements for admission to the School of Journalism, authorization of this procedure is requested to enable the School to deal with the problem of increased enrollment should the enrollment tend to exceed the number of students that can be taught satisfactorily within the available budget.

On motion of Mrs. Plumb, this administrative procedure was authorized.

ALUMNI ASSOCIATION RESOLUTIONS RELATING TO
STUDENT UNION BUILDING

(4) At its Sixty-sixth Annual Reunion, held on Saturday, June 12, 1937, the Alumni Association of the University of Illinois adopted two resolutions relating to the proposed student union building, copies of which were transmitted to each member of the Board of Trustees. Copies of these resolutions are hereby given to the Secretary of the Board for record.

On motion of Mr. Cleary, these resolutions were received for record but no action was taken.

REAPPROPRIATION OF UNEXPENDED BALANCE

(5) A recommendation that the unexpended balance of $3,800 remaining in the appropriation for Power Plant improvements at the end of the fiscal year, June 30, 1937, be reappropriated to the Physical Plant Department for improvements in the electrical distribution system.

On motion of Mr. Moschel, this reappropriation was authorized,
as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.

APPROPRIATION TO COLLEGE OF EDUCATION
(6) A recommendation that an assignment of $400 be made from the General Reserve Fund to the College of Education to supplement its expense and equipment budget for the current year.

On motion of Mr. Cleary, this appropriation was made, as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.

APPROPRIATION TO DEPARTMENT OF PHYSICS
(7) A recommendation that an assignment of $240 be made from the General Reserve Fund to the Department of Physics for the purchase of supplies and equipment needed for a new course in photography (Physics S73) offered by that Department during the 1937 Summer Session. A fee of $10 per student is charged for this course to cover this expense, the income going into the General Reserve Fund.

On motion of Mr. Mayer, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.

APPROPRIATION FOR COLLEGE OF MEDICINE LIBRARY
(8) A recommendation that an appropriation of $800 be made from the General Reserve Fund to the College of Medicine Library to cover the expenses of packing and shipping the medical library of Dr. A. E. Hertzler of Halstead, Kansas, of 5,000 volumes and 8,000 separates which he has given the University.

On motion of Dr. Meyer, this appropriation was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.

APPROPRIATION TO SCHOOL OF PHYSICAL EDUCATION
(9) A recommendation that an assignment of $2,200 be made from the General Reserve Fund to supplement the expense and equipment budget of the School of Physical Education.

On motion of Mr. Cleary, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.

APPROPRIATION TO DEPARTMENT OF DAIRY HUSBANDRY
(10) A recommendation that an additional appropriation of $826 be made to the Department of Dairy Husbandry from excess receipts of that Department above the budget estimates, for the following purposes:

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wages</td>
<td>$504.00</td>
</tr>
<tr>
<td>Equipment</td>
<td>$322.00</td>
</tr>
<tr>
<td></td>
<td>$826.00</td>
</tr>
</tbody>
</table>

On motion of Mr. Mayer, this appropriation was made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Dr. Meyer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Mr. Pogue, Mr. Wieland.
RESIGNATION OF DR. VICTOR T. NYLANDER

(11) A report of the resignation of Dr. Victor T. Nylander, Professor and Acting Head of the Department of Operative Dentistry and Director of the Infirmary, effective September 1, 1937.

This report was received for record.

AUTHORIZATION OF PROFESSOR M. K. FAHNESTOCK TO RENDER CONSULTING SERVICES

(12) A recommendation that Professor M. K. Fahnestock, of the Department of Mechanical Engineering, be authorized to render certain consulting services for Purdue University for a period of one year beginning July 1, 1937. The amount of time will not exceed four days in any one month, and his absence from the University will not be more frequent than once every two weeks. In general the work will be performed at scheduled intervals the latter part of the week. This arrangement will be advantageous, not only to Professor Fahnestock professionally, but to the Department of Mechanical Engineering and to the University.

On motion of Mr. Moschel, this arrangement was authorized.

HEADSHIP OF DEPARTMENT OF ZOOLOGY

(13) During the absence of Professor Charles Zeleny a committee consisting of Professors H. J. Van Cleave, Chairman, Waldo Shumway, and V. E. Shelford has been administering the Department of Zoology. It is anticipated that Professor Zeleny will return to his duties, but that it will be advisable to relieve him of administrative duties. I therefore recommend that this committee be authorized to administer the affairs of the department during 1937-1938.

While Professor Zeleny expects to return to active duty, his health may not permit him to devote full time to his work. I recommend that in view of his long period of service he be permitted to continue in his professorship without deduction in salary except for any expense to the University resulting from his disability.

On motion of Dr. Meyer, these recommendations were approved.

LEAVES OF ABSENCE

(14) A recommendation that the following members of the staff be granted leaves of absence for the reasons and periods and under the conditions indicated in each case:

1. Dr. R. W. Bartlett, Assistant Professor of Agricultural Economics, leave of absence during August and September, 1937, without pay, to give him an opportunity to assemble material and prepare a book on Agricultural Cooperation.

2. Dr. Olive C. Hazlett, Associate Professor of Mathematics, leave of absence on account of ill health for one year from September 1, 1937, without pay.

3. Miss Bessie Packard, Secretary in the Department of Home Economics, additional leave of absence, with full pay, from May 17 through June 15, 1937, because of illness.

4. Dr. George H. Dungan, Professor of Crop Production, leave of absence, with full pay, from May 29 to June 18, 1937, because of illness.

5. Miss Patricia Wood, Stenographer in the Department of Horticulture, leave of absence for six months from May 1, 1937, without pay, on account of illness.

6. Miss Dorothy Iwig, Associate in Home Furnishings Extension, leave of absence for two weeks with pay, and two weeks without pay, in addition to her month's vacation allowance in order that she may attend the summer school at Teachers College, Columbia University. This supersedes the action of the Board on April 14, 1937 (Minutes, page 236), of a month's leave of absence, without pay. Since that time the Federal Director of Extension Service has approved Miss Iwig's application for two weeks' leave with pay. She receives her entire salary from Federal Extension funds.

7. Mr. R. C. Hay, Extension Specialist in Agricultural Engineering, leave of absence for two weeks, with pay, in addition to his regular vacation allowance, in order that he may attend the summer school at Iowa State College.

8. Miss Frances Schwab, Instructor in the Department of Histology in the College of Dentistry, one month's leave of absence, with pay, in addition to her month's vacation allowance, on account of health.
9. Mrs. Bessie Wilson, Coles County Home Adviser, leave of absence for two weeks, with pay, in addition to her month's vacation allowance, in order that she may attend the summer school at Iowa State College.

10. Miss Constance Kyle, Psychiatric Social Worker in the College of Medicine, from September 1 to 16, 1937, without pay, in addition to her regular vacation allowance with pay.

On motion of Mrs. Plumb, these leaves were granted as recommended.

SCHOLARSHIP IN GRADUATE SCHOOL FOR LOWELL NEWMYER

(15) The National Council of Sigma Tau (national engineering honorary society) has awarded a fellowship to Lowell Newmyer, a graduate of the University of Nebraska, for graduate work in Civil Engineering at the University of Illinois.

A number of such awards are made each year by scientific and professional societies, and it is customary for the institutions selected by the fellows to grant them exemption from the payment of fees. Accordingly, I recommend that Mr. Newmyer be granted exemption from the tuition and other fees on the same basis as scholars and fellows in the Graduate School.

On motion of Dr. Meyer, Mr. Newmyer was granted a scholarship in the Graduate School for 1937-1938.

KATE NEAL KINLEY MEMORIAL FELLOWSHIP

(16) A report that Mr. Robert Bush Little, Champaign, Illinois, has been awarded the Kate Neal Kinley Memorial Fellowship for 1937-1938, and that Mr. Norman Stuart Voelcker, Louisville, Kentucky, has been appointed alternate.

This report was received for record.

VACATIONS FOR HOSPITAL RESIDENTS AND INTERNES

(17) The Joint Committee of the University and the Department of Public Welfare on the Management of the Research and Educational Hospitals recommends that residents in the hospitals shall be entitled to two weeks' vacation each year as junior residents and three weeks as senior residents, and that this provision be included in their contracts.

On motion of Dr. Meyer, this recommendation was approved.

EQUIPMENT FOR MEDICAL AND DENTAL BUILDING

(18) At a meeting of the Chicago Departments Committee held on June 15 at 3:00 p.m., attended by Mrs. Marie C. Plumb, Mr. J. M. Cleary, and representatives of the Kewanee Manufacturing Company and the General Fireproofing Company, together with the sub-contractors on the equipment for the second unit of the Medical and Dental College Laboratories Building, the following action was taken, subject to the approval of the Executive Committee of the Board:

In order to centralize complete responsibility for the fixed laboratory equipment in the low bidders, it was voted to include the mechanical service in their contracts with the understanding that the present mechanical contractors on the building would be continued for this work.

With the approval of Mr. Karraker, the above was submitted to the Executive Committee. Mr. Oscar G. Mayer and Dr. Karl Meyer were consulted by phone and approved the action of the Chicago Departments Committee.

On motion of Dr. Meyer, the actions of the Committee on the Chicago Departments and of the Executive Committee were confirmed.

ADDITIONAL EQUIPMENT FOR MEDICAL AND DENTAL BUILDING

(19) In rechecking the equipment needed for the new Medical and Dental Building, an adjustment is found necessary with respect to the number of the special dental cabinet units and dental chairs. To provide the minimum number of these items necessary to take care of next year's enrollment, it is essential to have (1) 82 special cabinet units instead of 80 as authorized, and (2) 38 dental chairs instead of 36 as
authorized. This means an increase in contracts, as approved by the Board on June 9, as follows:

Ritter Dental Manufacturing Co.—For special cabinet units: Add $1,529, making a total of $65,579.

S. S. White Dental Manufacturing Co.—For dental chairs: Add $525, making a total of $7,678.11.

These additional amounts, which total $2,054, are to be met from the item of $59,970 for movable equipment for the College of Dentistry in the tentative budget as shown in the Board Minutes for June 9, 1937, page 287.

I have authorized the necessary increases in the above contracts and request confirmation of my action.

On motion of Mr. Mayer, the action of the President of the University was confirmed.

FURNITURE AND FURNISHINGS FOR SECOND UNIT OF MEDICAL AND DENTAL COLLEGE LABORATORIES BUILDING

(20) The Director of the Physical Plant Department submits schedules of bids received on June 15 for furniture and furnishings for the second unit of the Medical and Dental College Laboratories Building, which are presented herewith and given to the Secretary of the Board for record.

He recommends the award of contracts to the low bidders as follows:

1. Classroom Chairs—Heywood-Wakefield Company........................................ $1,484.41
2. Amphitheatre Seating—American Seating Company.................................. 1,169.54
3. Tables—Marshall Field & Company............................................................... 395.00
4. Chairs, Benches, Costumers—Marshall Field & Company........................... 725.00
5. Desks—Horder's, Incorporated................................................................. 72.00
6. Davenports and Chairs—Marshall Field & Company................................... 244.25
7. Rest Room Furniture—Newton Hoit Furniture Company.............................. 470.10
8. Mirrors—Pittsburgh Plate Glass Company............................................... 846.00
9. Stands—Newton Hoit Furniture Company.................................................. 15.60
10. Draperies—Newton Hoit Furniture Company........................................... 295.00
11. Window Shades—Marshall Field & Company........................................... 809.00

On motion of Mrs. Plumb, the contracts were awarded to the low bidders as recommended above.

At this point Dr. Meyer left the meeting.

STATUS OF EXPENDITURES ON MEDICAL AND DENTAL BUILDING

(21) The Director of the Physical Plant Department reports that as of June 30, 1937, there was an unencumbered balance of $41,000 in the fund for the construction of the second unit of the Medical and Dental College Laboratories Building. The Public Works Administration requested payment of the interest on the bonds from this fund, it being stipulated in the indenture that interest due prior to the completion date must be paid from the construction fund. This payment of $321,856.37 has since been made and has reduced the balance to approximately $20,000. There are in process, or contemplated, expenditures totaling approximately $28,500, which would have left a contingent fund of approximately $12,000, if it had not been necessary to pay the interest on the bonds from the construction fund.

The Comptroller has suggested a method which would make funds available for these expenditures in the University of Illinois Foundation “Revenue Fund” in an amount equal to that paid from the construction fund. Accordingly he and the Director of the Physical Plant Department recommend that:

(1) The payment of operation and maintenance expenditures on the second unit, not to exceed $21,856.37, from the Foundation Revenue Fund be authorized;

(2) The Physical Plant Department operation and maintenance appropriation be reduced by this same amount;

(3) An appropriation of this amount be made from the General Reserve Fund for improvements and equipment in the second unit of the Medical and Dental College Laboratories Building.

On motion of Mr. Moschel, this payment and adjustment were
authorized and the appropriation made as recommended, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.

EXTENSION OF CONTRACT PERIOD IN CONSTRUCTION OF MEDICAL AND DENTAL BUILDING

(22) On May 13 the Board of Trustees adopted a resolution requesting an extension of time for the completion of the second unit of the Medical and Dental College Laboratories Building from May 1 to July 15, 1937. Immediately following that action, it became apparent that conditions had changed to such an extent that a still further extension would be necessary; consequently, the certification of the Board's action to the Public Works Administration was withheld until the general contractor was able to commit himself on a completion date.

During the past several weeks there have been continued delays resulting from strikes and the inability of the contractors to obtain workmen. The Director of the Physical Plant Department, therefore, recommends an extension of the contract period to September 1, 1937, and the following resolution is offered in which are listed the causes for the delay appearing in the resolution of May 13, as well as those which have developed since that date:

Whereas, The second unit of the Medical and Dental College Building, in process of erection as Illinois Public Works Administration Project No. 1057, could not be completed on or before May 1, 1937, in conformity with the stipulations of the contracts (as modified by a previous extension of time from December 15, 1936, to May 1, 1937) with the United States, acting through the Federal Emergency Administration of Public Works, for the following reasons which have been prepared by the contractors and which have been checked by us and found to be substantially correct:

"(1) Strike at glass factory which resulted in a delay in enclosing the building, and in turn prevented turning on the temporary heat. This naturally slowed up progress on many of the crafts.

"(2) Non-delivery of Holophane fixtures for surgical and autopsy amphitheatre, resulting in delay of all finishing trades in these rooms. This alone has caused a delay of four weeks.

"(3) Inclement weather delaying topping out of tower.

"(4) Delay in securing details on ceiling heights.

"(5) Delay on work in amphitheatres now prevents turning elevators over for completion and the main lobby and entrance for finishing.

"(6) Delay in awarding contract on lighting fixtures, due to the fact that the owner was not advised of changes in P.W.A. regulations.

"(7) Delay due to strikes by the plasterers and terrazo workers, and delay in securing painters.

"(8) Delay in shipment of special lighting fixtures.

Now therefore be it resolved, by the Board of Trustees of the University of Illinois, that we agree to the request of the contractors for an additional extension of time from May 1 to September 1, 1937; and

Be it further resolved, that we hereby request of and recommend to the United States, acting through the Federal Emergency Administration of Public Works, that an extension of time be granted for the completion of the above described project from May 1 to September 1, 1937, provided that no financial liability to the University shall result from this action.

On motion of Mr. Mayer, this resolution was adopted, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.

CHANGE IN HEATING CONTRACT ON MEDICAL AND DENTAL BUILDING

(23) The Director of the Physical Plant Department requests authorization to execute a change order in the heating contract for the Medical and Dental College Laboratories Building which will provide an extra of $3,496.09 to the contract for furnishing maintenance of the temporary heating system during the construction
period when such was needed. The Public Works Administration has indicated that it will approve this addition to the contract.

On motion of Mrs. Plumb, this authorization was granted.

**CONTRACT CHANGE ORDERS FOR MEDICAL AND DENTAL BUILDING**

(24) In accordance with the authorization of the Board on January 24, 1936, the following contract change orders of work on the Medical and Dental Building have been approved, and the following resolution is offered to ratify said actions:

*Be it resolved, that the Board of Trustees hereby approves and ratifies the action of the President of the University in authorizing the following contract change orders on the second unit of the Medical and Dental College Laboratories in process of construction as Illinois Public Works Administration Project No. 1057:*

I. **General Contract**

*Change Order No. 37*

For changes in Rooms 916 and 917 in accordance with revision drawing No. 62 and sketch dated January 4, 1937, based upon the case and wicket work being of hollow metal with painted finish, add the sum of ........................................ $ 822 40

For furnishing and erecting P.W.A. tablet as shown on drawing No. 1056 1/2, in accordance with proposal dated May 6th, 1937, add the sum of ........................................ $ 187 00

For omitting one coat of Lithophone on Acoustone ceilings in corridors and lobbies, in accordance with proposal dated April 21st, deduct the sum of ........................................ $ 111 00

*Total Addition .................................. $ 898 40*

*Change Order No. 38*

For providing 172 openings, 12" x 15", in metal pan construction to permit passage of plumbing pipes at dental units, at $1.50 each ........................................ $ 258 00

II. **Heating Contract**

*Change Order No. 13*

For changes in Heating Work in Rooms 916 and 917 as shown on revision drawing No. 62, in accordance with proposal dated November 20, 1936, add the sum of ........................................ $ 14 96

III. **Electrical Contract**

*Change Order No. 13*

For changes in Electric Wiring Work in Rooms 916 and 917 as shown on revision drawing No. 62, in accordance with revised proposal dated November 23, 1936, add the sum of ........................................ $ 69 66

*Change Order No. 15*

Air-conditioning Surgical Amphitheatre No. 412—Drawing No. 61:

Furnish material and labor required to wire to and connect a 25 HP refrigerator compressor motor and a 5 HP air washer circulating pump motor and a vapor-proof light outlet in air washer. All work to be in accordance with specification letter of October 29, 1936, and Drawing No. 61. Add the sum of....... $ 511 89

IV. **Plumbing Contract**

*Change Order No. 19*

For the omission of all sheet metal service boxes for dental units throughout the building, deduct the sum of ........................................ $ 502 65

*Change Order No. 21*

Air-conditioning Surgical Amphitheatre Room No. 412—Drawing No. 61: Cutting in 4" opening in present 4" waste at south wall of basement near column No. C-9 to install 4" trap and open
waste as shown; cutting in 2" vent opening in 3" vent west of
column No. D-8 first floor and installing vent for the 4" trap in
basement as shown; installing a 4" x 2" tee with 2" valve only in
present 4" unfiltered cold water line at basement ceiling north of
column No. D-9 as shown; and cutting in a ¾" valved opening
only in present 2" filtered water line at basement ceiling west of
column No. D-8; including the necessary cutting and patching
of walls and floors, and the necessary painting, for plumbing
work, but not including pipe covering or insulation. Add the sum
of ................................................................. $ 230.00

V. Heating Contract
Change Order No. 15
Air-conditioning Surgical Amphitheatre Room No. 412—Drawing
No. 61: Air-conditioning heater erection and connection. Temper-
ature control as specified (air risers for same are now roughed-
in). Connections for "Nesbitt" Air-Conditioning Heaters (Con-
trol connections). "York" equipment and refrigeration machin-
ery with control. Furnish and install 3" cork covering on all
work as specified including water circulating pump. Furnish
and install Instantaneous Water Heater. Furnish and install
water piping. Receive and connect air-washer circulating pump.
All work to be installed in accordance with specification letters
of October 29 and November 2, 1936, and Drawing No. 61. Add
the sum of ................................................................. $7,315.00

VI. Ventilating Contract
Change Order No. 8
Air-conditioning Surgical Amphitheatre Room No. 412—Drawing
No. 61:
1 Class 800 Special Sirocco Air Washer 9’0" long and approxi-
mately 2’8" wide by 4’6" high, complete with two banks of spray
nozzles, galvanized iron casing, eliminators, interior piping,
concrete base, etc., as specified.
1 DL-2” Chicago Pump Company double suction, single stage,
horizontally split shell pump with direct connected 5 H.P. 3
phase, 60 cycle, 220 volt, 1750 R.P.M. motor. Capacity of this
pump 90 gallons per minute at 10’’ head.
1 Section No. L-737 Nesbit Heating Surface.
2 Sections No. M-735 Nesbit Heating Surface.
Cover air-washer and casing with 1” thick corkboard, applied
with hot pitch, finished off with ½” asbestos cement and a canvas
jacket, also 2” thick cork between air washer and concrete base
as specified.
Work shall be complete in every detail and shall be in accordance
with drawing No. 61 and specification letter of October 29, 1936.
Add the sum of ................................................................. $1,892.00

On motion of Mr. Moschel, this resolution was adopted, by
the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr.
Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman,
Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.

WAGES OF PHYSICAL PLANT EMPLOYEES
(25) Last February the janitors of the Physical Plant Department submitted a
petition for an increase in their wages from the present scale of 49 cents per hour
for day work and 53 ½ cents per hour for night work to 60 cents per hour, or a fixed
minimum monthly wage of $140, to become effective with the beginning of the bi-
ennium 1937-1939. Copies of this petition were sent by the petitioners directly to the members of the Board of Trustees.

This matter was referred to the Committee on Wages for its study and conference with representatives of the employees. The Committee has also studied the effect of this increase upon other labor groups in the University. As a result of its study the Committee recommends that:

1. The wages of janitors be increased from the present scale of 49 cents and 53½ cents per hour to 56 cents per hour;
2. The wages of ground employees be increased from 49 cents to 53 cents per hour;
3. The wages of truck drivers be increased from 50 cents per hour to 58 cents; and
4. The wages of student janitors be increased from 30 cents to 35 cents per hour.

The proposed scale of wages for janitors will result in an average monthly wage of $116 for regular month time and $125 per month when overtime work is available.

Messrs. J. T. Hill, Art Smith, and P. W. Cruikshank, representing the petitioning employees, appeared at the meeting and presented statements in support of their request.

On motion of Mr. Cleary, the wage scales as recommended were authorized; Mrs. Plumb voted "No" on this motion.

The Board suspended consideration of business presented by the President of the University, to receive and act upon the following reports from its committees.

UNIVERSITY AUDITORIUM

Mr. Adams, for the Committee on Buildings and Grounds, presented the following report:

In view of the reports from Frank D. Chase, Consulting Engineer, retained to advise upon the structural condition of the University Auditorium, and the Physical Plant Department, the Committee has the following recommendations concerning repairs and remodeling of the Auditorium:

1. That the building remain closed until the structural condition be rendered safe for occupancy and the fire hazard reduced materially. In order to accomplish this it will be necessary to (a) make structural changes and repairs to roof, balcony and ceiling, (b) replace knob and tube wiring, (c) replace acoustical material, and (d) reduce curvature of ceiling.

2. That plans and estimates to accomplish this be prepared and submitted to the Board in order that the building may be reopened as soon as possible.

On motion of Mr. Adams, these recommendations were adopted.

IMPROVEMENT OF GREEN STREET

Mr. Adams, for the Committee on Buildings and Grounds, also presented the following report:

The Committee recommends the realignment of Green Street at the intersections with Mathews Avenue and with Wright Street, in accordance with plans prepared by Professor C. C. Wiley of the Department of Civil Engineering, and that the Physical Plant Department be authorized to secure bids on this improvement.

On motion of Mr. Mayer, these recommendations were adopted and an appropriation of $5,500, or so much thereof as may be necessary, was made from the General Reserve Fund to cover the cost of this improvement, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.
INVESTMENT OF ENDOWMENT FUNDS

Mr. Mayer, for the Finance Committee, presented the following statement from the Comptroller of the sales and purchases of securities for endowment funds in accordance with the authorization of the Board on June 9, 1937 (Minutes, pages 292 and 293), to sell a number of items of low yields and to purchase a number of other items selected by the Committee.

On the sale of $33,500 of low yield securities there was a net loss of $346.35. This loss has been charged to the reserve for gains and losses on investments in which account there was on June 30, 1937, a balance of $7,682.62. The average yield on the securities disposed of was 2.64%. The average yield on the securities purchased is 4.5%. These yields may be reduced through the call of some of these securities before their maturity but it is obvious that the income situation has materially improved by this shift.

On motion of Mr. Mayer, this action was approved.

INVESTMENT COUNSEL

Mr. Mayer, for the Finance Committee, also presented the following report:

Pursuant to the authorization of the Board of Trustees on June 9, 1937 (Minutes, page 292), the Finance Committee has arranged with the First National Bank of Chicago for investment counsel services covering the sale and purchase of securities representing investments of endowment funds, for one year beginning July 1, 1937. The fee charged by the Bank will depend upon the total amount of securities pur-
chased and sold but in any case will not exceed $1,000 for the year and will cover also
the cost of safekeeping of securities.

This report was received for record.

The Board resumed its consideration of matters presented by the
President of the University.

NON-RECURRING APPROPRIATIONS FOR SPECIAL
EQUIPMENT AND IMPROVEMENTS

(26) The budget for 1937-1938 will include a list of appropriations for special equip-
ment, minor improvements, and other non-recurring expenditures. Provision should
be made for certain of these items at this meeting in order that the work may get
under way. Accordingly I recommend that the following assignments be made:

Finishing dormitories and remodeling bath in Davenport House... $ 3 000
Minor improvements (as per detailed list submitted herewith, a
 copy of which is given to the Secretary of the Board for record) 10 000

Total ................................................ $13 000

These are two items in a list recommended by the Faculty Committee on Special
Appropriations and Non-Recurring Expenditures in its recent report of the items
which should be taken care of during the year 1937-1938 at all possible. Recom-
mendations concerning other items will be presented to the Board when the new budget
has been made up.

On motion of Mr. Moschel this appropriation was made, by the
following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr.
Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman,
Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.

RECOMMENDATIONS FROM THE UNIVERSITY COUNCIL
CONCERNING BUILDING PROGRAM

(27) The University Council of Deans and Directors, which under the Statutes of
the University advises the President on budgetary matters, at a meeting held on
July 13 voted to make the following recommendations to the Board of Trustees:

1. That the Board formally request the Governor to include in the call he may
issue for any appropriate special session of the General Assembly provision for the
consideration of supplementary appropriations to the University for the biennium of
1937-1939 and particularly appropriations for buildings and other permanent
improvements.

2. That in making up the annual budgets for 1937-1938 and 1938-1939 no part
of the Revolving Fund appropriated by the 60th General Assembly be diverted to
the construction of the addition to the Library, the Agricultural Laboratory Building
and remodeling of old quarters, and the new unit for Chemistry, for which the 60th
General Assembly made appropriations but which were subsequently vetoed. In the
preparation of the biennial budget the estimated income from student fees and all
other sources represented in the Revolving Fund was allocated to the various items
of expense in the operating budget. Any use of the Revolving Fund for a building
program would require a revision of the entire budget and would still further impair
the University's educational and scientific program.

On motion of Mr. Moschel, the President of the University was
requested to prepare for consideration by the Board at its next
meeting a formal resolution based upon these recommendations and
including a presentation of the essential data in support thereof.

TIME OF AUGUST MEETING

By unanimous consent the next meeting of the Board was set for
9:00 a.m. (Chicago Daylight Saving Time), Monday, August 2, 1937,
at the Blackstone Hotel, in Chicago. At this meeting the annual
budget for 1937-1938 will be presented for consideration.
with a view to adjusting them to cover the cost of materials and such utilities as gas, electricity, water, steam, compressed air, liquid air, etc., which are used in laboratory instruction.

On motion of Mr. Mayer, this schedule of fees was approved.

1Also applies to students in other courses taking Easter vacation trip assignment.

LABORATORY FEES IN PHYSICS

(29) A recommendation for the authorization of a laboratory fee of $10.00 in Physics 73, a Summer Session course in Elementary Photography which is being offered during the 1937 Summer Session.

On motion of Mr. Mayer, this fee was authorized.

UNIVERSITY COMMITTEE ON ACCOUNTANCY HEARING

(30) A request from the University Committee on Accountancy that it be authorized to set the time and place for a hearing on the formal complaint of the Illinois Society of Certified Public Accountants against Paysoff Tinkoff, holder of Illinois Certified Public Accountant Certificate No. 466, issued in 1923, to make a finding of the facts and to submit its conclusions and recommendations to the Board of Trustees for final action. The formal complaint is presented herewith and is hereby given to the Secretary of the Board for record.

On motion of Mrs. Plumb, the Committee on Accountancy was authorized and directed to conduct this hearing and to submit a report and recommendation to the Board.

AMENDMENT OF CONSTITUTION OF THE UNIVERSITY OF ILLINOIS FOUNDATION

(31) At its annual meeting on June 12, 1937, the Board of Directors of the University of Illinois Foundation voted to increase the membership of the Board from twelve to eighteen and it respectfully requests the concurrence of the Board of Trustees in this change.

On motion of Mr. Mayer, the Board concurred in this amendment.
AUDIT OF ACCOUNTS OF UNIVERSITY OF ILLINOIS FOUNDATION
(32) The Directors of the University of Illinois Foundation request the Board of Trustees of the University to have its auditors, Arthur Andersen & Co., make the audit of the Foundation accounts for the fiscal year July 1, 1936, to June 30, 1937, because a number of the fiscal transactions relate to the Medical and Dental College Building Trust.

On motion of Mr. Adams, this request was approved and the payment of the fee for the additional services out of University funds was authorized, since a large part of the accounts to be audited are those relating to the Medical and Dental College Building Trust.

ASSIGNMENT OF FUNDS FROM BUSWELL PATENTS
(33) At its meeting on June 9 the Board referred to the Faculty Committee on Patents for recommendation the question of the disposal of the $4,000 received by the University from the Pacific Flush Tank Company for the Buswell patents. The Committee recommends that these funds be assigned to the Graduate School for research work in colloid chemistry. I concur in the Committee's recommendation.

On motion of Mrs. Plumb, this assignment was made, by the following vote: Aye, Mr. Adams, Mr. Cleary, Mr. Karraker, Mr. Mayer, Mr. Moschel, Mrs. Plumb; no, none; absent, Mrs. Freeman, Mr. Horner, Dr. Meyer, Mr. Pogue, Mr. Wieland.

RELEASE OF DEVICE FOR DETERMINING CARBON DIOXIDE CONTENT OF GASEOUS MIXTURES
(34) Professors A. M. Buswell and W. H. Rodebush of the Department of Chemistry have discovered a device or method for determining the carbon dioxide content of gaseous mixtures. The discovery having reached a patentable stage (unless prior patents preclude), it was brought to the attention of the Faculty Committee on Patents for consideration. The Committee has reached the conclusion that the discovery should be released to the inventors because whatever commercial value it might have can be determined only after some developments involving substantial outlays of money and rather severe competition with existing arts. The Committee is of the opinion that no public interest is involved to any such degree as to require control of the discovery for the protection of the public at large.

I concur in the recommendation of the Committee that the discovery be released unconditionally to the inventors.

On motion of Mr. Adams, this discovery was released, as recommended.

PATENT ON IMPROVEMENT IN PROCESSES FOR REMOVING AND RECOVERING SULPHUR DIOXIDE FROM WASTE GASES—CASE 3
(35) A report that the Secretary of the Board has received original United States Patent No. 2,082,006, for improvement in Processes for Removing and Recovering Sulphur Dioxide from Waste Gases, issued June 1, 1937, to the Board of Trustees of the University of Illinois, as assignee of Henry F. Johnstone, on his application, Case 3.

This report was received for record.

PAYMENT OF ACCIDENT COMPENSATION CLAIMS
(36) The University Committee on Accident Compensation for Employees has submitted a list of three accident compensation claims involving University employees, totaling $37.50, which it recommends be paid from the University funds as in the case of certain similar payments.

A copy of the Committee's report with a list of the cases is being given to the Secretary of the Board for record.

All of these cases have been reviewed by the Committee and none involves permanent disability. Provision for such payments has been made in the budget for the year 1936-1937.

On motion of Mr. Cleary, these payments were authorized.
PURCHASES RECOMMENDED

(37) A recommendation that the following purchases be authorized:
1. Equipment for Department of Dairy Husbandry: one 200-gallon vat for pasteurizing milk, one motor-driven water circulator, and one automatic control for pasteurizer, from the Creamery Package Manufacturing Company, Chicago, at a total price of $1,143.48 f.o.b. Urbana.
2. Uniforms and equipment for advanced course R.O.T.C. students from the Associated Military Stores, Chicago, the low bidder, at a price of $36 per outfit.
3. Pyrex Laboratory Glassware, 103 cases, for the General Chemical Storeroom, from Schaar and Company, Chicago, at a cost of approximately $2,075.00.
4. Equipment and supplies for use of students in the College of Dentistry (as per detailed list, a copy of which is being given to the Secretary of the Board) from the S. S. White Dental Manufacturing Company, $788.37, and from the C. L. Frame Dental Supply Company, $749.97.
5. Equipment for use of students in the College of Dentistry from the Precision Metal Workers at a price of $5,688.50:

12. Filter paper to be placed in stock in the General Chemical Storeroom for use of the various departments during the coming academic year from E. H. Sargent and Company, Chicago, the low bidder, at a price of $1,468.92, f.o.b. Urbana.

On motion of Mr. Adams, the action of the President authorizing these expenditures was confirmed.

**CONTRACTS AUTHORIZED**

1. A report of the following contracts authorized:

   1. Photo-engraving for the year ending June 30, 1938, to Kane Engraving Company of Bloomington, Illinois, the low bidder, at a cash discount of 45 per cent from the photo-engravers' scale plus 2 per cent for payment before the 15th of each following month, the Company to assume all postage and telephone costs.
   2. Liquid chlorine for the year ending June 30, 1938, from Electro Bleaching Gas Company, New York City, through its agent, Corray Brothers, Urbana, at a price of 7½¢ per pound.
3. Laundry service for all departments of the University, contract awarded to Hicks Laundry and Dry Cleaning Company, Danville, the low bidder, with the provision that if satisfactory service is not rendered at any time during the two-year period the University shall have the option of terminating the contract on two weeks' notice.

On motion of Mr. Mayer, the action of the President authorizing the execution of these contracts was confirmed.

**REPORTING OF CONTRACTS BY THE COMPTROLLER**

(40) On April 12, 1924, the Comptroller was instructed to report at each meeting of the Board the substance of all contracts entered into as “minor contracts” since the previous meeting. In making these reports he has included contracts which have previously been authorized by the Board as well as contracts which are of a minor nature authorized by the President and simply reported to the Board. Including all contracts in these reports means that much time at meetings and space in the records is given to the reporting of items which have already had full consideration and authorization by the Board.

I recommend that the Comptroller be instructed to report to the Board only those contracts and purchase orders which have not previously been considered and authorized by the Board.

On motion of Mr. Cleary, the Comptroller was directed to report only items not previously authorized by the Board.

**REPORT OF CONTRACTS AND PURCHASE ORDERS**

(41) The following reports from the Comptroller and the Secretary of the Board, of contracts and purchase orders executed since the last report:

**CONTRACTS EXECUTED BY THE COMPTROLLER**

**JUNE 4, 1937, TO JULY 13, 1937**

Cooperative agreements authorized by Board of Trustees, June 9, 1937 (Minutes, pages 282 and 283):

These reports were received for record.

REPORT OF DEATH BENEFIT PAID

(42) In accordance with the University Statutes and the terms of his employment, the Comptroller has been authorized to pay a death benefit of $725 to the beneficiary of Dr. Max L. Folk, Assistant Professor of Ophthalmology (one-half time). Doctor Folk was in the service of the University for nine years.

This report was received for record.

EXTENSION OF AGREEMENTS FOR COOPERATIVE INVESTIGATIONS

(43) A report of the extension of the following agreement for a cooperative investigation, the original agreement having been previously approved by the Board of Trustees:

I. Bureau of Public Roads, United States Department of Agriculture, and State of Illinois Department of Public Works and Buildings, Division of Highways, for cooperative investigation of reinforced concrete slabs. An alteration has been made in this agreement to permit the Federal Bureau and the State Division to pay for the publication of the results of the investigation. This alteration is desirable, as it will relieve the Engineering Experiment Station of the cost of these publications. This extension is for one year from July 1, 1937, and the cooperating agencies have agreed to contribute up to $10,000 each, to cover the cost of the investigation.

On motion of Mr. Adams, the extension of this agreement was approved.

OFFER OF PROPERTY IN CHICAGO

(44) The Director of the Physical Plant Department reports that the three-story brick apartment building east of the area on which tennis courts are being constructed in Chicago has been offered for sale at approximately $12,500, which is a reduction from the previous price of $15,000 placed on this property.

This report was received for record.
DEGREES CONFERRED IN JUNE, 1937

GRADUATE SCHOOL

Degree of Doctor of Philosophy

In Bacteriology

HERBERT ELI MCDANIELS, B.S., University of Chicago, 1925; M.S., 1932. Appraisal of public health work in Oak Park, Illinois.

In Physiological Chemistry

FRANCES AGNES BRIGGS, B.S., 1926; M.S., Tulane University, 1928. The effect of the intravenous injection of crystallized egg albumin on the excretion of the antigen and the blood proteins in the urine.

HELEN WOODWARD WADE, B.S., Washington University, 1926; M.S., Iowa State College, 1929. Creatine and creatinine excretion in myotonia congenita.

Degree of Master of Science

In Bacteriology

FRANCES MARIE JACOBSON, B.S., 1933
MYRON JAMES LEVIN, B.S., 1935
DOROTHY KATHRYN O’CONNOR, A.B., B.S., 1933, 1935
EDWARD ERNEST VICHER, B.S., 1935

In Medicine

THrift GENE HANKS, B.S., 1936

In Obstetrics and Gynecology

GEORGE HENRY REZEK, A.B., M.D., 1928, 1933

In Pathology

LOUIS OLSMAN, B.S., 1935

In Physiological Chemistry

NORTON WIEDER HOLDER, A.B., Western Reserve University, 1935

DEGREE OF DOCTOR OF MEDICINE

The Secretary Pro Tempore presented also for record the following list of degrees of Doctor of Medicine conferred from January 1 to July 1, 1937:

HARRIE POND ALTMAN, JR. ............................................., July 1
HERBERT JACK APPFELBERG, B.S., 1934 ................................, June 15
Milton Charles Baumann, B.S., 1934 ........................................... July 1
Arthur Berman .......................................................... July 1
George Wencil Bohr ................................................ June 6
Harold Henry Boris, B.S., Northwestern University, 1931; B.M., 1936 ... July 1
Abraham Brodsky, B.S., 1936 ........................................... July 1
Ray Elwood Bucher ................................................... July 1
Lester Paul Bunchman ............................................... July 1
Edward Maurice Burns ........................................... June 6
John Goosby Cecil, B.S., 1934 ........................................... July 1
Ralph Robert Chapman, B.S., 1934 .................................... July 1
Chester Coggeshall, B.S., 1934 ....................................... July 1
John Lewis Cutler, B.S., B.M., 1936 ................................... July 1
Meyer Merle Cutler, B.S., 1935 ......................................... June 15
Duane Delbert Darling, B.S., University of Chicago, 1930 With Honors, July 1
Sydney Alfred Diamond, B.S., University of Chicago, 1931 .......... July 1
Howard Ellsworth Dorton, B.S., 1934 .................................... July 1
Benjamin Einhorn, B.S., B.M., 1923, 1936 .......................... July 1
Gerson Faden, A.B., 1931 ............................................. February 10
Irving Favus, B.S., 1934 ................................................ July 1
Paul Edward Feldman, B.S., University of Chicago, 1931 ............ July 1
Robert Vernon Ferrell, B.S., 1936 .................................... July 1
Jacob C. Fleischer, B.S., Northwestern University, 1934 ............ July 1
Leona Rosemary Fordon, B.S., 1934 .................................... July 1
Harold S. Friedman, B.S., Northwestern University, 1931 .......... July 1
Eugene Warren Gessler, B.S., 1935 .................................... July 1
Alfred Josef Goldyne, B.S., 1934 ...................................... July 1
Joseph Robert Goran ................................................... July 1
Gasper Asa Gosigharian ................................................. June 15
Morris Greenberg, B.S., 1934 ......................................... July 1

**GRADUATE SCHOLARSHIPS**

The Secretary Pro Tempore presented also for record the following list of graduate scholars appointed by the President of the University.

**Chemistry**  
Michael Syeda ... Eli Lilly Research Fellowship ... $750

**Entomology**  
Kenneth Lee Knight ... Scholarship ... 300
APPOINTMENTS MADE BY THE PRESIDENT

The Secretary Pro Tempore presented also for record a list of appointments made by the President of the University.

Ades, H. W., Research Assistant in Psychology, for two months beginning July 1, 1937, at a cash compensation at the rate of sixty dollars ($60) a month. (June 23, 1937)

Batchelor, Vance, Supply Officer in the Military Department, for three months beginning June 1, 1937, at a cash compensation at the rate of fifty dollars ($50) a month, in addition to the amount paid by the United States Government, for which the University assumes no responsibility. (June 12, 1937)

Beach, F. H., to give instruction in Business Organization and Operation, on two-fifths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, involving additional service not contemplated in his appointment to teach during the second semester of the regular academic year, at an additional compensation of one hundred sixty dollars ($160) for the session. (June 12, 1937)

Borst, Lyle B., Special Research Assistant in Chemistry, for two months beginning July 1, 1937, without salary. (June 22, 1937)

Boyd, Mrs. Ella, Director of Social Activities in the Mary E. Busey Hall, for the Summer Session of 1937, beginning July 1, 1937, and continuing until September 1, 1937, at a cash compensation at the rate of sixty-five dollars ($65) a month, and maintenance, including living quarters, board, and personal laundry, while on duty. (June 21, 1937)

Breen, H. E., to give instruction in Accountancy, on one-half time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred twenty-five dollars ($125) for the session. (July 2, 1937)

Brown, Donald M., to give instruction in Mathematics, on one-half time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred twenty-five dollars ($125) for the session. (July 2, 1937)

Clements, Mrs. Ruth Hyland, Stenographer and Clerk in the Department of Home Economics, in the Extension Service in Agriculture and Home Economics, beginning June 16, 1937, and continuing through August 31, 1937, at a cash compensation at the rate of eighty dollars ($80) a month. (June 14, 1937)

Cooke, H. G., to give instruction in Organic Chemistry, on one-half time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred twenty-five dollars ($125) for the session. (July 2, 1937)

Dungan, G. H., to give instruction in Agronomy, on two-fifths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of two hundred fifty dollars ($250) for the session (this supersedes his previous appointment). (July 2, 1937)

Emerson, William S., Special Research Assistant in Chemistry, for one year beginning September 1, 1937, at a cash compensation of two thousand dollars ($2,000). (June 15, 1937)

Gray, Stephen W., to give instruction in Physiology, on two-fifths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred dollars ($100) for the session. (June 23, 1937)

Greeley, Paul W., Instructor in Surgery, in the College of Medicine, for two months beginning July 1, 1937, without salary. (June 30, 1937)

Gross, S. T., to give instruction in Chemistry, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, without salary. (June 12, 1937)

Hamilton, T. S., to give instruction in Animal Husbandry, on one-half time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of two hundred forty-eight dollars thirty-three cents ($248.33) for the session (this supersedes his previous appointment). (July 2, 1937)

Hamp, LeRoy R., to give instruction in Music, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, involving additional service not contemplated in his appointment to teach during the two semesters of the
regular academic year, at an additional compensation of five hundred dollars ($500) for the session (this supersedes his previous appointment). (July 2, 1937)

Hays, Blanche, Stenographer in the Department of Animal Husbandry, in the College of Agriculture, for three months beginning June 1, 1937, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of one hundred dollars ($100) a month. (June 21, 1937)

Huemly, H. W., to give instruction in Business Organization and Operation, on three-fifths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, involving additional service not contemplated in his appointment to teach during the two semesters of the regular academic year, at an additional compensation of two hundred twenty dollars ($220) for the session. (June 12, 1937)

Hunt, Sylvia, to give instruction in Library Science, on three-fourths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred eighty-seven dollars fifty cents ($187.50) for the session. (June 12, 1937)

Kearns, Clyde Wilson, Special Research Assistant in Entomology, in the Agricultural Experiment Station in cooperation with the State Natural History Survey Division, beginning July 14, 1937, and continuing until further notice, at a cash compensation at the rate of two hundred fifty dollars ($250) a month (this supersedes his previous appointment). (July 3, 1937)

King, Burnham William, Jr., Special Research Assistant in Ceramic Engineering, in the Engineering Experiment Station, beginning July 1, 1937, and continuing until further notice, at a cash compensation at the rate of two hundred dollars ($200) a month. (June 24, 1937)

Krebs, Karl F., Special Research Assistant in Chemistry, for two months beginning July 1, 1937, at a cash compensation at the rate of fifty dollars ($50) a month. (June 22, 1937)

Mattox, Norman T., to give instruction in Zoology, on three-fifths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred fifty dollars ($150) for the session (this supersedes his previous appointment). (June 23, 1937)

Musgrave, Mrs. Mildred Scheer, Stenographer in the Department of Animal Husbandry, in the College of Agriculture and in the Agricultural Experiment Station, for three months beginning June 1, 1937, subject to the rules of the Civil Service Commission, at a cash compensation at the rate of ninety dollars ($90) a month (this supersedes her previous appointment). (June 25, 1937)

Norton, L. J., to give instruction in Agricultural Economics, on three-eighths time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of three hundred twelve dollars forty-eight cents ($312.48) for the session (this supersedes his previous appointment). (July 2, 1937)

Ott, H. F., to give instruction in Physics, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of two hundred fifty dollars ($250) for the session (this supersedes his previous appointment). (June 25, 1937)

Renner, Walter Adolph, Special Research Graduate Assistant in the Department of Theoretical and Applied Mechanics, in the College of Engineering, for ten months beginning September 1, 1937, at a cash compensation of six hundred dollars ($600). (July 6, 1937)

Roberg, O. Theodore, Jr., Assistant in Surgery, in the College of Medicine, beginning June 15, 1937, and continuing through August 31, 1937, without salary. (June 24, 1937)

Shawl, R. I., to give instruction in Agricultural Engineering, on one-third time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred eighty-eight dollars ($188) for the session (this supersedes his previous appointment). (July 2, 1937)

Siess, Chester Paul, Special Research Graduate Assistant in the Department of Theoretical and Applied Mechanics, in the College of Engineering, for ten months beginning September 1, 1937, at a cash compensation of six hundred dollars ($600). (July 6, 1937)

Smith, Mrs. Mabel P., Director of Social Activities in the Laura B. Evans Hall, for the Summer Session of 1937, beginning July 1, 1937, and continuing until September 1, 1937, at a cash compensation at the rate of sixty-five dollars ($65) a
Sveda, Michael, to give instruction in Inorganic Chemistry, on one-half time, in the Summer Session of 1937, beginning June 21, 1937, and ending August 14, 1937, at a cash compensation of one hundred twenty-five dollars ($125) for the session. (July 2, 1937)

Tilden, Irving Leroy, Resident in the Department of Roentgenology, in the College of Medicine, for two months beginning July 1, 1937, at a cash compensation at the rate of fifty dollars ($50) a month, plus maintenance (including room, board, and laundry) furnished by the State Department of Public Welfare (this supersedes his previous appointment). (June 16, 1937)

RESIGNATIONS AND CANCELLATIONS

The Secretary Pro Tempore presented also for record the following list of resignations and cancellations.

Atchley, F. M., Assistant in Agricultural Economics—resignation effective July 1, 1937.
Cary, Milo G., Supply Officer in the Military Department—resignation effective May 31, 1937.
Freeman, Hal E., Instructor in Hygiene and Medical Adviser for Men—resignation effective July 1, 1937.
Geis, Olive M., Assistant in the Hospital Laboratory, in the College of Medicine—cancellation effective July 1, 1937.
Goldberg, Louis, Laboratory Attendant in the Hospital Laboratory, in the College of Medicine—resignation effective June 16, 1937.
Kukar, M. Bernice, Stenographer in the Department of Dairy Husbandry—resignation effective July 28, 1937.
Sayre, Charles R., Assistant in Agricultural Economics, in the Agricultural Experiment Station—resignation effective July 1, 1937.
Smittle, Wilmar R., Assistant in Dairy Manufactures, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective July 15, 1937.
Sprague, Vance G., Assistant in Agronomy, in the College of Agriculture and in the Agricultural Experiment Station—resignation effective July 15, 1937.
Tappan, Edward A., Resident in the Department of Roentgenology, in the College of Medicine—resignation effective July 1, 1937.
Twomey, Mrs. Irene J., Assistant in Nutrition, in the Agricultural Experiment Station—resignation effective April 19, 1937.

The Board adjourned, to meet in Chicago, at the Blackstone Hotel, on August 2, 1937.

A. J. JANATA
Secretary Pro Tempore

O. M. KARRAKER
President
