The June meeting of the Board of Trustees of the University of Illinois was held at the Chicago Professional Colleges, in the conference room of the East Dentistry-Medicine-Pharmacy Building, 833 South Wood Street, Chicago, on Thursday, June 16, 1955, beginning at 2:00 p.m., Central Daylight Saving Time.

The following members were present: Mr. Cushman B. Bissell, Mr. Wirt Herrick, Mrs. Doris S. Holt, Mr. Wayne A. Johnston, Mr. Park Livingston, Mr. Herbert B. Megran, Mr. Timothy W. Swain, Mrs. Frances B. Watkins, Mr. Kenney E. Williamson. Governor William G. Stratton was absent. Superintendent Vernon L. Nickell was absent when the meeting convened but joined it later.

Also present were President Lloyd Morey, Provost Henning Larsen, Mr. Ralph F. Lesemann, Legal Counsel, Mr. Josef F. Wright, Director of Public Relations, and the officers of the Board, Messrs. H. O. Farber, Comptroller, C. W. Weldon, Treasurer, and A. J. Janata, Secretary.
STAFF HOSPITAL AND MEDICAL INSURANCE

At its meeting on May 19 the Board referred to the Finance Committee, with Mr. Williamson added to the Committee for this purpose, and to the Executive Committee, with power to act, a recommendation from the President of the University that the Blue Cross-Blue Shield insurance program be adopted for the Chicago Undergraduate Division staff.

This recommendation has now been concurred in by the Finance Committee, and the Executive Committee reports it has approved the same.

PURCHASE OF OWNER'S PROTECTIVE (CONTINGENT) LIABILITY INSURANCE

Mr. Livingston, for the Finance Committee, presented the following recommendation:

The University's insurance practices do not include the purchase of liability insurance to protect the University against potential claims that might arise through the activities of contractors and their employees working on University construction projects. It has been stipulated in the contracts that the contractors shall maintain liability insurance satisfactory to the University.

This has placed an administrative burden on the offices of the Physical Plant Department and the Comptroller because of the necessity of carefully checking each insurance policy to determine whether it adequately protects the University. It is therefore recommended by the Finance Committee that the insurance practices of the University include authorization for the purchase of a blanket owner's protective (contingent) liability insurance policy. The premiums on such a policy would be based on the amount of work done during the policy period.

While the University construction contracts will still require the contractors to carry adequate workmen's compensation and employer's liability insurance, they will not require the contractors to carry comprehensive public liability or automobile liability insurance. Most contractors will carry such insurance for their own protection, and the contracts will require them to file with the University certificates as to the nature and amount of such insurance being carried by them so that this information will be available to the University and to anyone having a legitimate interest in obtaining it from the University.

On motion of Mr. Johnston, this recommendation was approved.

BUSINESS PRESENTED BY THE PRESIDENT OF THE UNIVERSITY

The Board considered the following reports and recommendations
from the President of the University.

SALE OF UNIVERSITY HOUSES

(1) Pursuant to the plan authorized by the Board of Trustees for the sale of
University-owned residence properties in Urbana-Champaign which are outside the
area of future campus expansion, the Director of the Physical Plant and the
Comptroller recommend the sale of the following residence properties owned by
the University:

These are National Homes buildings constructed in 1946. The University
investment includes the original cost plus subsequent improvements. The sale price
in each case was determined by an independent appraisal by a real estate expert.
I concur and recommend adoption of the following resolutions:

Resolution

WHEREAS, Elmer W. Kretzschmar and Suzanne C. Kretzschmar, his wife, of
Champaign, Illinois, hereinafter termed "Purchasers," have offered to purchase the
hereinafter described property known as 717 South Foley, Champaign, Illinois,
upon the terms and conditions hereinafter set forth:

Now, Therefore, Be It Resolved by the Board of Trustees of the University
of Illinois, a public corporation of the state of Illinois, that the Comptroller and
Secretary of this Corporation be, and they hereby are, authorized and directed, in
the name, and in behalf of this Corporation to enter into an agreement with said
Purchasers providing for the sale and conveyance to them of the hereinafter
described property upon the following terms and conditions:

(A) At a sale price of $10,500.00 with customary adjustments to be made therein
for taxes, insurance, and abstracting costs;
(B) This Corporation to furnish Purchasers a merchantable abstract of title and
pay for the required Federal Revenue stamps;
(C) Possession to be retained by Purchasers under the terms of the presently
existing lease of said premises until final closing or termination of the con-
tract of sale.
(D) Purchase price to be paid in full at the time of delivery of the deed and not
later than six months after the date the contract is executed.
(E) In the event said property should not qualify upon government appraisal for a Government Insured Loan (either G.I. or F.H.A. at Purchaser's option) and written notice thereof is given to this Corporation by Purchasers within six months from the date the contract is executed, the contract shall become ineffective, null and void.

(F) The title to be conveyed to be subject to special assessments becoming a lien after the date hereof, building restrictions and easements of record.

(G) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

Be It Further Resolved that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

Lot Nine (9) in Shady Lawn Addition to the City of Champaign, situated in the City of Champaign, in the County of Champaign, in the State of Illinois.

Resolution

WHEREAS, Sherman Paul and Grace McDowell Paul, his wife, of Urbana, Illinois, hereinafter termed "Purchasers," have offered to purchase the hereinafter described property known as 706 East Washington Boulevard, Urbana, Illinois, upon the terms and conditions hereinafter set forth:

Now, Therefore, Be It Resolved by the Board of Trustees of the University of Illinois, a public corporation of the state of Illinois, that the Comptroller and Secretary of this Corporation be, and they hereby are, authorized and directed, in the name and in behalf of this Corporation to enter into an agreement with said Purchasers providing for the sale and conveyance to them of the hereinafter described property upon the following terms and conditions:

(A) At a sale price of $10,250.00 with customary adjustments to be made therein for taxes, insurance, and abstracting costs;

(B) This Corporation to furnish Purchasers a merchantable abstract of title and pay for the required Federal Revenue stamps;

(C) Possession to be retained by Purchasers under the terms of the presently existing lease of said premises until final closing or termination of the contract of sale.

(D) Purchase price to be paid in full at the time of delivery of the deed and not later than six months after the date the contract is executed.

(E) In the event said property should not qualify upon government appraisal for a Government Insured Loan (either G.I. or F.H.A. at Purchaser's option) and written notice thereof is given to this Corporation by Purchasers within six months from the date the contract is executed, the contract shall become ineffective, null and void.

(F) The title to be conveyed to be subject to special assessments becoming a lien after the date hereof, building restrictions and easements of record.

(G) Such other terms and conditions as said Comptroller and Secretary may deem necessary or desirable.

Be It Further Resolved that upon compliance with the terms of said agreement by Purchasers, and in accordance with the terms thereof, said Comptroller and Secretary be, and they hereby are, authorized and directed, to execute, acknowledge, and deliver, in the name and in behalf of this Corporation, and under its Corporate Seal, a Warranty Deed and such other documents in connection therewith as said Comptroller and Secretary may deem necessary or desirable in order to convey to Purchasers, not in tenancy in common, but in joint tenancy, title to the following described property, viz:

Lot Twenty-six (26) of James Elmo Smith's East Oregon Street Addition to the City of Urbana, situated in the City of Urbana, in the County of Champaign, in the State of Illinois.

On motion of Mr. Bissell, the sales of these properties at the prices indicated were authorized, and each of the foregoing resolutions was
adopted by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

CLASSIFIED RESEARCH IN ELECTRICAL ENGINEERING

(2) The United States Navy has requested the University to undertake a program of classified research in electrical engineering which involves the acquisition, either by lease or purchase by the Navy or the University, of land on which certain equipment will be erected. Construction will require eighteen months to two years and a like period will be required for evaluation. Since the research is in a field of basic interest to the Department of Electrical Engineering, the Department will undoubtedly carry on research and training in this field for a considerable number of years after the Navy research project has been completed.

The United States Navy proposes an allocation of $226,500 for site preparation and construction, $11,504 for equipment and facilities, and an annual operating budget of $64,250. The initial allocation to the University will be $165,000. All costs of this project, direct and indirect, including acquisition of site, installation of facilities, and the operation thereof for approximately three years will be paid by the Navy.

The Dean of the College of Engineering and the Chairman of the Research Board have approved this program. A contract has been received from the Bureau of Ships covering the project. There will be certain requirements relative to the acquisition of a site which will be difficult to fulfill, and it is not certain that a suitable area can be found and made available. Accordingly, it is recommended that the contract be accepted by the University subject to the acquisition of a satisfactory site.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Livingston, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

HEADSHIP OF THE DEPARTMENT OF CITY PLANNING AND LANDSCAPE ARCHITECTURE

(3) The Dean of the College of Fine and Applied Arts recommends the appointment of Mr. Louis B. Wetmore, presently Visiting Professor of Planning at Massachusetts Institute of Technology, as Professor of City and Regional Planning, Head of the Department of City Planning and Landscape Architecture, and Director of the Bureau of Community Planning on indefinite tenure beginning September 1, 1955, at an annual salary of $11,000 on "A" basis.

This appointment is unanimously recommended by the Department and the Bureau and unanimously approved by the Executive Committee of the College to replace Professor Karl B. Lohmann who retires at the end of the current academic year.

Mr. Wetmore is one of the outstanding men in his field and has an exceptionally broad background which fits him well for the varied responsibilities — instructional, research, and state-wide service — in this Department at the University of Illinois, which now also includes the Bureau of Community Planning.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

APPOINTMENTS TO THE FACULTY

(4) The following new appointments to the faculty of the rank of Assistant Professor and above, and involving tenure, have been approved since the previous meeting of the Board of Trustees.

1. Willard Eugene Bair, Assistant Professor of Mechanical Engineering, beginning September 1, 1955, at an annual salary of $5,700 (D).
2. Robert Calvert, Jr., Coordinating Placement Officer, beginning September 1, 1955, at an annual salary of $8,000 (DY).
3. Gianfranco Chiariotti, Research Assistant Professor of Physics, beginning September 1, 1955, at an annual salary of $6,000 (DY).
4. Daniel Curley, Assistant Professor of English, beginning September 1, 1955, at an annual salary of $6,000 (D).
5. John Kenneth Guiler, Assistant Professor of Forestry, beginning June 1, 1955, at an annual salary of $6,000 (BY).
6. Peter B. Hirsch, George A. Miller Visiting Associate Professor of Physical Metallurgy, in the Department of Mining and Metallurgical Engineering, for two months from June 16, 1955, at a salary of $1,500 (G).
7. Donald Marion Soule, Assistant Professor of Economics, beginning September 1, 1955, at an annual salary of $5,500 (D).
8. Taizo Suzuki, Research Assistant Professor of Physics, beginning September 1, 1955, at an annual salary of $6,000 (DY).

On motion of Mr. Swain, these appointments were confirmed.

APPOINTMENT TO BOARD OF EXAMINERS IN ACCOUNTANCY
(5) On nomination of the Committee on Accountancy, I recommend the appointment of Mr. Donald R. Jennings, C.P.A., Senior Partner, Price-Waterhouse and Company, Chicago, to the Board of Examiners in Accountancy for a period of three years beginning July 1, 1955, replacing Mr. Louis M. Kessler whose three-year term will expire June 30, 1955.

On motion of Mr. Johnston, this appointment was approved.

AWARD OF CERTIFIED PUBLIC ACCOUNTANT CERTIFICATES
(6) The Committee on Accountancy recommends that the certificate of Certified Public Accountant be awarded, under Section 5 of the Accountancy Act of 1943, to the following candidates who have presented evidence that they are holders of valid and unrevoked Certified Public Accountant certificates obtained by passing a standard written examination in another state or territory of the United States and who qualify in all other respects under this provision of the law:

I concur.

On motion of Mr. Williamson, these certificates were awarded.

ENGLISH REQUIREMENT FOR FOREIGN STUDENTS
(7) The University's policy requiring proficiency in English of foreign students was adopted by the Board of Trustees on recommendation of the University Senate in 1946. The judgment of this proficiency was placed under the jurisdiction of the Senate Committee on Student English and has been exercised in conjunction with the college in which the student is registered.

The University Senate recommends that jurisdiction over foreign students' English instruction now be vested in the Department of English.

The Committee, however, will retain jurisdiction over the English Qualifying Examination for foreign students, since it has the responsibility for administering the Qualifying Examination for all other students.

I concur.

On motion of Mrs. Holt, this recommendation was approved.

MASTER OF ARTS DEGREE IN ANTHROPOLOGY
(8) The University Senate recommends the establishment of a graduate program leading to the degree of Master of Arts in Anthropology. There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the
details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Herrick, this recommendation was approved.

MASTER OF SCIENCE DEGREE IN ORAL PATHOLOGY

(9) The University Senate recommends the establishment of a graduate program leading to a degree of Master of Science in Oral Pathology to provide training for teachers and investigators in this field. For admission to this program a candidate must meet the general requirements for admission to the Graduate College, must have the Doctor of Dental Surgery degree, and must have a knowledge of the entire field of dental pathology. Nonprofessional students will not be accepted.

There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Williamson, this recommendation was approved.

PROFESSIONAL DEGREE OF MASTER OF TELEVISION

(10) The University Senate recommends the establishment of a curriculum leading to the professional degree of Master of Television, to be offered by the School of Journalism and Communications, to provide advanced professional training in the nonengineering areas of television.

For admission to this program, a candidate must have a bachelor's degree from an accredited institution, must meet the minimum requirements for admission to the Graduate College, and must have majored in radio, television, theater arts, journalism, or some other area related to his television specialty. Applicants for admission will be selected by an entrance committee.

This program will require an additional one-half time instructor, and funds for this have been included in the budget estimates for 1955-57.

There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the details of this program, including the requirements for admission and for graduation.

I concur.

On motion of Mr. Swain, this recommendation was approved.

CHANGE IN REQUIREMENTS FOR ADMISSION TO THE COLLEGE OF MEDICINE

(11) The University Senate recommends the following changes in the requirements for admission to the College of Medicine to become effective at once, provided that applicants for admission in September, 1955, and September, 1956, may qualify under either the present or new requirements but that in September, 1957, and thereafter all applicants must meet the new requirements:

The foreign language requirement may be waived if the student has completed four years of one language in high school or completes the last course of a two-year college language in sequence. When the language requirement is waived, nonscience courses must replace the six-hour language requirement.

The social science requirement is increased from fourteen to sixteen semester hours and expanded to include humanities. The following areas of study are approved for this requirement, and the student must offer at least three semester hours in each area selected: anthropology, economics, geography, history, political science, psychology, sociology, humanities including literature (American, English, foreign), advanced composition, philosophy, and the fine arts.

In biology the choice of subjects is expanded to include comparative anatomy but with no change in the ten semester hour requirement.

The chemistry requirement is increased from thirteen to fourteen semester hours. Elective subjects are decreased from thirty-one to twenty-eight semester hours, including four hours of nonscience electives and twenty-four hours of free electives.
The purpose of these changes is to broaden the field of preparation and to work toward a pattern of study rather than a random collection of hours in required subjects.

There is hereby filed with the Secretary of the Board for record the report and recommendation of the Senate Committee on Educational Policy to the University Senate giving the complete details of these changes in admission requirements.

I concur.

On motion of Mrs. Watkins, this recommendation was approved.

PROCEDURE TO BE FOLLOWED IN THE CASE OF STAFF MEMBERS CLAIMING CONSTITUTIONAL PRIVILEGES IN DECLINING TO TESTIFY BEFORE LEGISLATIVE COMMITTEES CONCERNING ALLEGED COMMUNISTIC AFFILIATION OR ACTIVITY

At its meeting on April 27, 1955 (Minutes, page 330), I submitted to the Board for information and record a statement of the above procedure adopted by the University Senate. The only question raised by the Board was as to the use of the word "may" in the last paragraph. The President was requested to ask the University Senate to consider changing the word to "shall."

I submitted the question to the Senate Committee on Academic Freedom, which had previously recommended the procedure to the Senate. The Committee advised against this change and that advice was reported to the Senate. The Senate took no steps to concur in any change in this section. Hence, the action stands as originally reported.

I believe there are good reasons for this conclusion. The way is still open for the administration or the Board of Trustees to act in any individual case where circumstances may so justify.

On motion of Mr. Swain, this matter was referred to a special committee to be appointed by the President of the Board. (The President appointed the following as members of this Committee: Messrs. Bissell, Chairman, Johnston, Livingston, Megran, and Williamson.—Secretary's note.)

PRINCIPLES GOVERNING PERMISSION TO OUTSIDERS TO SPEAK ON UNIVERSITY PREMISES

Recently in connection with a request from a student organization to present an outside speaker in a University building under its auspices, the complaint was made that no principles exist which constitute a guide to an organization in such a situation. In response to that complaint, and after consultation with other University officers concerned, I issued the following statement which is reported for the information and record of the Board:

Permission to anyone from outside the University to speak on University property or at a University function can not be demanded or compelled as a matter of legal right. With the exception that the University is forbidden by statute to extend the use of any of its facilities to "any subversive, seditious, and un-American organization, or to its representatives, for the purpose of carrying on, advertising, or publicizing the activities of such organization," such permission constitutes a privilege which the University, in the exercise of a sound discretion, may grant or withhold.

In determining whether this privilege should be accorded to any outside speaker by or for whom it is requested, those University officers who are vested with the authority and under the duty to act upon the request may and should accord due consideration to the question of whether it would be detrimental to the best interests of the University to grant it. If they, not acting arbitrarily but in good faith and upon reasonable grounds, conclude that it would clearly appear to be in the best interests of the University to deny the request, it is both their right and duty to deny it. When they have taken that action, they are not compelled to disclose the grounds upon which they so reached that conclusion or the source or sources of any reliable and confidential information which they have taken into consideration in reaching it.
It should be noted that this applies to all outside speakers and not necessarily to the use of University buildings and premises for addresses by candidates for public office or for political meetings which is governed by another statement of policy.

Unless the Board instructs otherwise, these principles will be followed in the future, and University officers and departments will be so informed.

On motion of Mr. Williamson, this statement was approved.

AMENDMENT OF POLICY AND RULES RELATING TO COMPENSATION AND WORKING CONDITIONS OF NONACADEMIC EMPLOYEES

Section III-4-A of the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees provides that: "The starting salary in every classification where the compensation lies between stated minimum and maximum rates instead of being a single fixed rate shall be determined by the Director of Nonacademic Personnel. In all those classifications where the maximum rate is $250 per month or less, there shall be automatic increases at least once a year until the midpoint of the range of the classification is reached."

With the unanimous concurrence of the Nonacademic Personnel Advisory Committee, the Director of Nonacademic Personnel recommends this be amended to read: "Where the maximum rate is $300 per month or less" instead of the present $250 figure. This has been in effect since 1949 and some upward adjustment is in order to keep even with the original intention of this provision.

The Committee also makes a recommendation with reference to holidays occurring on week ends. Because the holiday provisions are the same for all operating units and agencies within the University Civil Service System, the recommendation on this was first submitted to the Merit Board, and this Board has recommended to all agencies in the System the amendment of the first paragraph of Section VI-I of the Policy and Rules Relating to Compensation and Working Conditions of Nonacademic Employees to read as follows (new language is in italics). "Offices, laboratories, and shops will be closed and all employees excused, except in emergency and for necessary operation, on the following holidays: New Year's Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, and Christmas Day. When a holiday falls on the sixth work day of the work week, the day preceding it shall be recognized as a holiday, and when a holiday falls on the seventh work day of the work week, the day following it shall be recognized as a holiday." (The rest of section is unchanged.)

The practice proposed has become general in outside business and employment and would place the University more nearly in line with prevailing practices elsewhere.

I concur.

On motion of Mr. Swain, these amendments were approved.

EASEMENT ON MANN FOREST PLANTATION

Illinois Valley Electric Co-operative, Inc., an Illinois corporation not for pecuniary profit, whose principal office is in the city of Princeton, county of Bureau, and state of Illinois, has requested that the University grant it an easement along the existing fence line on the west side of the following described property of the University for the purpose of constructing, operating, and maintaining an electrical transmission line:

The Southwest Quarter (SW 1/4) of the Northeast Quarter (NE 1/4) and the Northwest Quarter (NW 1/4) of the Southeast Quarter (SE 1/4) of Section Seventeen (17), Township Seventeen North (T17 N), Range Six East (R6 E) of the Fourth Principal Meridian (4th P.M.) situated in the County of Bureau in the State of Illinois and commonly known as the Mann Forest Plantation.

The transmission line will be constructed in the area east of the public road which forms the western boundary of the Mann Forest Plantation and will not extend more than four feet east of the existing fence line at any point.

Such an easement will not interfere with the present or contemplated use of this property by the University, and in the public interest the Dean of the College of Agriculture and the Comptroller recommend that the easement be granted.
I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute such documents as they may deem necessary or desirable in order to grant such an easement.

On motion of Mr. Johnston, this easement was granted and the Comptroller and the Secretary of the Board were authorized to execute the same.

ACQUISITION OF LAND FOR FUTURE DEVELOPMENT OF THE CHICAGO PROFESSIONAL COLLEGES

(16) On the advice of the Building Program Committee, concurred in by the Administrative Committee for the Chicago Professional Colleges, I recommend that the Board of Trustees request the Medical Center Commission to reserve areas in the Medical Center District for the development of the Chicago Professional Colleges campus and buildings which the University hopes will be constructed in the future as follows:

**Academic**
The area bounded by Polk Street, South Marshfield Avenue, West Taylor Street, and South Wood Street, for the future development of all academic building projects such as:
- Completion of the East Dental-Medicine-Pharmacy Building
- Library-Museum Building
- Animal Hospital
- School of Nursing
- School of Public Health
- School of Paramedical Education, including physical therapy, medical technology, occupational therapy, and X-ray technology
- Parking space

**Hospitals**
The area bounded by South Wood Street, West Taylor Street, South Damen Avenue, and West Polk Street, for the future development of additional University of Illinois hospital facilities such as:
- Cancer research
- Chronic illness and geriatrics
- General hospital facilities including obstetrics, pediatrics, and general medicine
- Parking space

**Housing**
The area bounded by South Marshfield Avenue, West Polk Street, South Ashland Avenue, and West Roosevelt Road, for the future expansion of housing facilities such as:
- Staff apartments
- Student residence halls
- Nurses residences
- Parking space

**Recreation**
The area bounded by South Wood Street, West Flournoy Street, South Ashland Avenue, and West Polk Street, excluding the areas occupied by the Cook County Graduate School of Medicine and by the Medical Center Commission offices, for the future development of recreational facilities such as:
- Expansion of the Chicago Illini Union
- Physical Education-Recreation Building
- Athletic field
- Parking space

**Service Facilities**
The area bounded by West Taylor Street, South Marshfield Avenue, West Roosevelt Road, and South Hermitage Avenue for such facilities as:
- Laundry Building
- Physical Plant service building
- Storage
- Parking space
The following represents a tentative list of projects considered essential to the proper development of the Chicago Professional Colleges during the next twenty years:

- Completion of the East Dentistry-Medicine-Pharmacy Building
- Laundry Building
- Remodeling of the General Hospital, the Dentistry-Medicine-Pharmacy Building, and constituent units
- Service buildings
- Library
- Remodeling existing library area in the Dentistry-Medicine-Pharmacy Building (when vacated)
- Athletic field
- Expansion of the Illini Union into the entire Chicago Illini Union Building
- Animal Hospital
- Demolition of the Old Power Plant
- Additional hospital facilities
- Staff apartment building
- Physical Education-Recreation Building
- Additional parking facilities
- Purchase of Medical Center Steam Company

On motion of Mr. Livingston, this was referred to the Committee on the Chicago Departments for consideration and advice to the Board.

UNIVERSITY CLUB OF URBANA-CHAMPAIGN

The University Club of Urbana-Champaign (University Men’s Club) occupies the property at 1206 West Illinois Street, Urbana, which was acquired by the University from the Club in 1943. Since then, it has been leased to the Club. The clubhouse must be vacated and razed to permit construction of the new Biology Building.

I submit a proposal that the University participate with the University Club of Urbana-Champaign and the University of Illinois Women’s Club in a program to enable these organizations to acquire a new clubhouse. Both Clubs have agreed to a program of this kind. I regard it as highly desirable in principle and recommend that the Board give it favorable consideration.

On motion of Mr. Livingston, this was referred to the Committee on General Policy for its consideration and advice to the Board.

UNIVERSITY OF ILLINOIS LEASE OF ILLINI CENTER

Since 1947 the University has been leasing quarters in the LaSalle Hotel, Chicago, for the Illini Center which houses the University Placement Bureau in Chicago, the Chicago office of the Division of University Extension, and the Chicago office of the Alumni Association. The Center also provides facilities for alumni groups and for other conferences in which University staff members participate.

The rents paid for this space have been: 1947-49, $4,500 a year; 1949-50, $5,400; 1950-51, $6,000; and since 1951, $6,900 a year. The lessor has requested that the lease be negotiated for the biennium of 1955-57 on the basis of an annual rental of $7,800, or a square foot rental of $2.66 a year. This rate appears reasonable in comparison with other leases of space of this kind in Chicago.

I recommend that the Comptroller be authorized to extend this lease for two years ending June 30, 1957, at a rental of $7,800 a year.

On motion of Mr. Williamson, this recommendation was approved by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Nickell, Mr. Stratton.

At this point Mr. Nickell joined the meeting.

CHANGES IN COMMITMENTS OF MEDICAL CENTER STEAM COMPANY

The State Department of Public Welfare will construct a Psychiatric Hospital and Training Center in the Medical Center District with the expectation of purchasing steam required for servicing this new building from the Medical Center.
Steam Company which was organized to construct and operate a central steam plant to service the University and other institutions in the Medical Center District. The University operates the plant and now supplies steam to the State Tuberculosis Hospital and the Veterans Administration Regional Hospital under agreements with the State Department of Public Health and the United States Veterans Administration, respectively, at rates fixed to cover the cost of producing the steam sold and the capital costs, amortized over a period of years, of distribution lines and facilities needed in the plant to produce and deliver additional steam required by these institutions. The addition of the steam load required by the new Psychiatric Hospital would require expansion of the steam plant at an estimated cost of $750,000 if the University were to stand committed to meet the presently fixed maximum steam demands of the Department of Public Health and the Veterans Administration, but an examination of their requirements has revealed that these maximum demands are in excess of potential needs. Hence it will be feasible to supply steam to the new Psychiatric Hospital and Training Center by reducing present commitments to the Department of Public Health and the Veterans Administration with respect to their maximum demands.

Accordingly, the Business Manager of the Chicago Colleges, the Director of the Physical Plant, and the Comptroller recommend authorization of the following:

Amendment of agreements with the State Department of Public Health and the United States Veterans Administration to provide for:

Reductions in commitments by the University and the Medical Center Steam Company to furnish steam from 30,000 pounds per hour to 24,000 pounds per hour in the case of the State Tuberculosis Hospital and from 53,000 pounds per hour to 33,000 pounds in the case of the Veterans Administration Hospital. This will result in a credit of $95,904.74 to the Veterans Administration for capital charges over the remaining twenty-seven and one-half years of the amortization period.

An agreement with the Department of Public Welfare whereby the University will contract to furnish steam to the Psychiatric Hospital as required up to a maximum demand of 26,000 pounds per hour and the Department will agree to pay the University for the cost of such steam plus $95,904.73 for capital costs.

The reductions in the commitments will offset the new load.

A special amortization payment of $95,904.74 to the Medical Center Steam Company, the amount to be received by the University from the Department of Public Welfare.

The University has the right to make such a special payment. This will result in a reduction in total interest costs and a consequent reduction in the cost of producing steam to all consumers of the plant.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary documents.

On motion of Mr. Swain, these recommendations were approved and the Comptroller and the Secretary of the Board were authorized to execute the necessary documents.

SPECIAL APPROPRIATIONS FOR NONRECURRING EXPENDITURES

(20) The Committee on Nonrecurring Appropriations recommends assignments of funds from the General Reserve as follows:

1. Animal Hospital, Chicago Professional Colleges, for rabies control program ................................................................. $ 8,000
2. Office of Admissions and Records, Chicago Undergraduate Division, to supplement appropriation for wages and expense for 1954-55 ............................................. 5,000
3. College of Agriculture:
   Agricultural Engineering, screens for windows and doors in research laboratory .................................................. 9,050
   Agricultural Engineering, painting of crop-drying laboratory ................................................................. 4,000
   Animal Science, purchase of International truck ........................................... 3,730
   Food Technology, purchase of equipment ........................................... 3,283
   Forestry, purchase of Willys station wagon ........................................... 1,640
4. Physical Education for Women, remodeling and equipment in the Women's Gymnasium .................................................. $3,800
5. Department of Physics, remodeling in the Physics Laboratory........ $20,070
6. Physical Plant Department, improvement of liquid nitrogen facility... $12,500
7. Physical Plant Department, remodeling in the Department of Chemistry and Chemical Engineering........................................... $5,000
Total .................................................................................... $64,392

It is recommended that assignments for Items 1 and 2 be made from funds available in 1954-55, and that assignments for the other items be made from funds in 1954-55 to the extent funds are available, and otherwise, from funds available in 1955-56.

I concur.

On motion of Mr. Bissell, these appropriations were made by the following vote: Aye, Mr. Bissell, Mr. Herrick, Mrs. Holt, Mr. Johnston, Mr. Livingston, Mr. Megran, Mr. Nickell, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Stratton.

APPROPRIATION BY ATHLETIC ASSOCIATION
(21) The Board of Directors of the Athletic Association has appropriated $1,800 for the annual Football Coaches Clinic.
Confirmation of this appropriation is requested.

On motion of Mr. Nickell, this was confirmed.

CONTRACT FOR ENGINEERING SERVICES ON ADDITION TO ABBOTT POWER PLANT
(22) The Director of the Physical Plant and the Comptroller recommend the employment of Sargent and Lundy, Consulting Engineers, Chicago, for engineering services on installation of an additional boiler and auxiliary equipment to the Abbott Power Plant. Funds will be available in the state appropriations for 1955-57 for buildings and other improvements. Terms of the proposed contract are:
   a. Current Expense Charges: Engineering and drafting, at actual salary and wages plus 50 per cent. Stenographic and clerical services, traveling expenses, and miscellaneous expenses at actual cost.
   b. Fixed Fee Charge: Two per cent of the mutually-agreed-upon estimate of the cost of the project to completion, exclusive of Sargent and Lundy's charges under (a) and (b), and the University's engineering, supervisory, and overhead costs. Ten per cent will be paid when services are requested, 80 per cent in equal monthly installments thereafter (the number of installments to be in accordance with the estimate of the number of months required to complete the project) and 10 per cent on the completion of the project.
   c. Resident Field Engineer: Services of a resident field engineer to be on the basis of actual salary, plus 15 per cent, plus traveling and field expenses, to be paid monthly. (The estimated total cost under this contract is $163,500.)

These terms are the same as those specified in an agreement for previous engineering services on power plant construction and installations, dated July 25, 1953.

I concur and recommend that Sargent and Lundy be authorized to proceed with the preparation of plans and specifications and secure bids for the equipment and that the Comptroller and the Secretary of the Board be authorized to execute the contract when funds are released by the Governor.

On motion of Mr. Livingston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

REMODELING IN MEN'S RESIDENCE HALLS
(23) The Director of Housing, the Director of the Physical Plant, and the Comptroller recommend the award of contracts for remodeling in the Men's Residence Halls as follows:
General — E. N. DeAtley, Champaign ........................................... $40 300
Plumbing and heating — Schroeder and Sons, Champaign ............ 4 221
Electrical — Brunkow Electric Co., Champaign ......................... 6 990

The award in each case is to the lowest bidder.

The work will consist of remodeling the ground floors of Barton and Lundgren Houses and some minor remodeling of three rooms in Noble House to provide housing for sixty-six more occupants. The total estimated cost of this project, including the above contracts, work to be done by the Physical Plant Department, and the furnishings, is $84,500. This estimate indicates a cost of approximately $1,280 per occupant. Funds are available in the income of the Housing Division.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute these contracts.

On motion of Mr. Swain, these contracts were awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR FURNACE MAINTENANCE AND REPAIRS IN HOUSING UNITS**

(24) The Director of the Physical Plant and the Comptroller recommend award of a contract to J. R. Boers Heating Company, Champaign, the lowest bidder, for furnace maintenance and repair work in the housing units operated by the University at Urbana-Champaign for the fiscal year beginning July 1, 1955, to provide for services as required and payments to be made at the following rates:

<table>
<thead>
<tr>
<th>Labor Rates</th>

<td>$2.20</td>
</tr>
</tbody>
</table>

Labor rates are subject to adjustment for changes in rates paid generally by the contractor to his workmen for similar work with right of cancellation of the contract reserved by the University if such changes do not meet with its approval.

Contractor's Fee

For Labor .................. 30 per cent
For Materials ............... 30 per cent

Funds are available in the income of the Housing Division.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Bissell, this contract was awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

**CONTRACT FOR PLASTERING AND ACOUSTICAL WORK**

(25) The Director of the Physical Plant and the Comptroller recommend award of a contract to Edmond T. Drewitch, Urbana, the lowest bidder, for maintenance plastering, patching, repairs and installation of acoustical work to be done as needed during the fiscal year beginning July 1, 1955, on the following basis:

For trucking of equipment, tools, and material for actual time used solely for transportation, provided that not over 10 per cent of one job will be charged as trucking cost ....................... $2.50 per hour

Contractor's fee of 10 per cent of all job contracts.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mr. Livingston, this contract was awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.
CONTRACT FOR ARCHITECTURAL SERVICES ON ADDITION TO EAST DENTISTRY-MEDICINE-PHARMACY BUILDING

(26) The Director of the Physical Plant and the Comptroller recommend that Pace Associates, Planners, Architects, and Consulting Engineers, 53 West Jackson Boulevard, Chicago, be engaged for architectural work in designing and supervising the construction of a one story and basement wing addition to the East Dentistry-Medicine-Pharmacy Building when and if funds for this become available. Pace Associates did the architectural work on the present Dentistry-Medicine-Pharmacy Building, including the original drawings for the addition contemplated. Revisions in these drawings will be necessary since the building is being constructed in sections instead of a complete unit as originally designed.

The proposed contract with Pace Associates would be based on:

Charges for work on revisions for drawings and specifications are based on actual time payments to staff at the following rates:

- Architect-Planner ................................... $6.00 per hour
- Senior Architectural Draftsman ................... $3.00 to $4.00 per hour
- Structural Engineer or Mechanical Engineer or Electrical Engineering Designer $3.50 to $4.50 per hour
- Chief Mechanical Engineer ....................... $5.00 per hour
- Senior Engineering Draftsman .................... $3.00 to $3.50 per hour

Plus 100 per cent for overhead costs, an estimated total of $12,000.

Actual cost of blueprinting is estimated at $2,000.

Superintendent services for one year at $1,500 per month, beginning with the excavations and ending when all construction contractors have completed their work, are estimated at a cost of $18,000. Should the building be completed in a shorter period, the cost of superintendence will be reduced by $1,500 per month for all time less than the estimated twelve months. Should construction be suspended due to strikes or other unforeseen contingencies for a period of time when supervision is not required, the payment of $1,500 per month would be suspended during the period the job is closed.

The estimated cost of these services will be $32,000. The contract will include a provision that charges for all services will not exceed $32,000 without prior approval of the University.

It is anticipated that funds for this will be available in state appropriations to the University for the biennium of 1955-57.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute a contract in accordance with the terms set forth above when and if funds become available.

On motion of Mr. Swain, this contract was awarded as recommended and the Comptroller and the Secretary of the Board were authorized to execute the same.

CONTRACT FOR INSTALLATION OF CENTRAL PUBLIC ADDRESS SYSTEM IN STUDENT RESIDENCE HALL IN CHICAGO

(27) The Director of the Physical Plant and the Comptroller recommend award of a contract for $2,684 to Rich Sound Engineers, River Forest, Illinois, the lowest bidder, for installation of a central sound system in the Student Residence Hall at the Chicago Professional Colleges for the pick-up, amplification, and reproduction of voice and music. This is primarily to provide public address facilities for the purpose of locating residents for incoming telephone calls and to provide sound facilities for the student social programs.

Funds are available in the 1951 Revenue Bond Construction Account.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this contract.

On motion of Mrs. Watkins, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same.
PURCHASE OF COAL FOR CHICAGO DEPARTMENTS

(28) The Director of the Physical Plant, the Business Manager of the Chicago Colleges, and the Comptroller recommend award of a contract to Crerar Clinch Coal Company, 28 East Jackson Boulevard, Chicago, the lowest bidder, for 25,000 tons of screenings coal to be delivered to the Medical Center Steam Plant, which is operated by the University, as required during the period July 1, 1955, to June 30, 1956, at a per ton cost of $3.05, plus transportation of $1.28, plus $.48 for handling, storage, and delivery, or a total estimated cost of $135,250. This price is based on the present wage scale and is subject to increase or decrease in the event that wage contracts now in effect are changed, and any such change will affect the price to the extent that the production costs are increased or decreased by the new wage contracts. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British thermal units per one cent of cost based on guaranteed analysis. A continuous check is provided at the Steam Company Plant to insure compliance with the specifications.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contract subject to approval by the Governor as required by the State Constitution.

On motion of Mr. Johnston, this contract was awarded and the Comptroller and the Secretary of the Board were authorized to execute the same, subject to the Governor's approval.

AGREEMENT WITH EDUCATIONAL TELEVISION AND RADIO CENTER

(31) The Educational Television and Radio Center at Ann Arbor, Michigan, a nonprofit corporation for the advancement of educational television and radio, is making available to institutions television programs for public service broadcast through affiliated educational television stations. The Director of University Broadcasting and the Comptroller recommend authorization of an agreement with the Educational Television and Radio Center for this program service for a period of twelve months from July 1, 1955. The affiliation fee for this service will be determined by the Board of Directors of the Center but will not exceed $4,500. The University will not be under any obligation to use or broadcast any material furnished by the Center which the University may deem not suitable for its use.

Funds will be available in the budget of Television-Motion Pictures of University Broadcasting.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute this agreement.

On motion of Mr. Williamson, this recommendation was approved and the Comptroller and the Secretary of the Board were authorized to execute the agreement.

HIRAM T. SCOVILL SCHOLARSHIP FUND

The Secretary of the Board reports he has received a Deed of Gift establishing the Hiram T. Scovill Scholarship Fund in honor of Professor Emeritus Hiram T. Scovill, an alumnus of the University, Class of 1908, and a member of the faculty from 1913 until his retirement on September 1, 1953. Professor Scovill served as Professor of Accountancy, as Head of the Department of Business Organization and Operations, and as Acting Dean of the College of Commerce and Business Administration.

Alumni and friends of the College of Commerce and Business Administration made contributions to this fund through the University of Illinois Foundation. The total capital amount contributed to date is $24,500 and additional sums will be added to the fund from time to time as contributions are received.

The fund is to be invested and the income will be used to provide undergraduate scholarships for students majoring in accountancy, for graduate fellowships and prizes. At the discretion of the Dean of the College of Commerce and Business Administration, the income may be used, in whole or in part, to meet the cost of publication of writings by members of the faculty, or retired members of the faculty, of the College, and of theses prepared by graduate students taking advanced work in commerce and business administration.

The original Deed of Gift signed by the Chairman of the Hiram T. Scovill Fund Committee is filed in the Board of Trustees Office and copies have been supplied to other University officials concerned.

This report was received for record.
SECRETARY'S REPORTS

The Secretary presented for record the following lists: (1) appointments made by the President; (2) graduate fellows; (3) resignations and declinations; (4) leaves of absence.

APPOINTMENTS MADE BY THE PRESIDENT

(The date in parentheses is the date on which the appointment was made by the President of the University. C = College; S = Station; E = Extension.)

LEAVES OF ABSENCE

BARKSON, JOSEPH A., Assistant Professor of Electrical Engineering — leave of absence without pay for the academic year 1955-56, in order that he may do research, in partial fulfillment of the requirements for his doctoral degree, at the Hughes Aircraft Company Laboratories in Culver City, California.

BOURGIN, DAVID G., Professor of Mathematics — extension of leave of absence without pay to include the academic year beginning September 1, 1955, so that he may take advantage of the continuation of his Fulbright grant for a second year.

DEVOE, GEORGE P., Professor of Agricultural Education — leave of absence without pay for two-week period from June 20 through July 1, 1955.

LINSKY, LEONARD, Assistant Professor of Philosophy — leave of absence without pay for the first semester of 1955-56 so that he may accept a position as a Visiting Lecturer at the University of Michigan; this is in addition to the sabbatical leave with pay for the second semester of 1955-56 previously granted him.

SCOTT, WALTER O., Associate Professor of Crop Extension in the Department of Agronomy (E) — leave of absence on one-half pay for one year from September 1, 1955, for advanced study at Purdue University; his salary during this period will be entirely paid from federal funds and his project has been approved by the United States Department of Agriculture.
CHANGES IN SABBATICAL LEAVES OF ABSENCE

Axel, Peter, Assistant Professor of Physics, was granted a sabbatical leave of absence for the first semester of 1955-56, on full pay. He has received a Guggenheim Fellowship and has asked that his leave of absence be changed to the full academic year, on one-half pay.

Edelman, Murray, Associate Professor of Political Science in the Institute of Labor and Industrial Relations, was granted a sabbatical leave of absence for the academic year, on one-half pay. This leave was contingent upon receipt of a Fulbright grant. After serious consideration, he has declined his Fulbright grant and has asked that his leave be cancelled without prejudice.

Hessler, Victor P., Professor of Electrical Engineering, was granted a sabbatical leave of absence for the academic year 1955-56, on one-half pay. He has requested that this leave be cancelled without prejudice and that he be given leave of absence without pay so that he may accept a temporary appointment at the University of Alaska on part-time and to take charge of some studies for the Geophysical Institute.

Hochschild, Gerhard P., Professor of Mathematics, was granted leave of absence for the academic year 1955-56, with full pay. He has requested that this leave of absence be cancelled without prejudice and that he be given leave of absence without pay so that he may accept a Visiting Professorship at the University of California.

Ranney, J. Austin, Associate Professor of Political Science, was granted sabbatical leave of absence for the year 1955-56, on one-half pay. Due to changes in his plans, he has asked that this leave be cancelled without prejudice.

Wuerker, Rudolf G., Assistant Professor of Mining Engineering, was granted a sabbatical leave of absence for the academic year 1955-56, on one-half pay, with the option of changing this to a leave for half a year, with full pay. He has exercised this option and will be on leave of absence during the first semester of 1955-56, on full pay.
