NATIONAL DEFENSE EDUCATION ACT STUDENT LOAN FUNDS

(5) On December 17, 1958, the Board of Trustees approved acceptance of funds from the federal government under the National Defense Education Act of 1958 to establish the National Defense Student Loan Fund. The Board also appropriated funds from indirect costs on government research contracts to provide the 10 per cent of the total fund thus established required of the University under the law to match the federal grant.

During the year 1958-59 a total of $65,601 was received from the federal government and $7,300 was transferred from indirect cost funds for matching purposes. The United States Office of Education, which administers this student loan program, has advised that the University will be paid a total of $250,977 by the government for this purpose during 1959-60 — $167,652 of which has been received. Loan applications have been received for a significant portion of this amount. The probability is that approximately the same amount will be received in each of the next three fiscal years. It will thus be necessary to provide $27,887 of matching funds in 1959-60 and probably like amounts in each of the following fiscal years.

The Board of Trustees on March 11, 1958, authorized acceptance of bequests from the estates of Gretchen Johanna Schilling and Paul Charles Schilling, and $117,392.72 has been received. Under the wills of the testators, the funds are to assist worthy, indigent students at the University of Illinois, and these funds may properly be used to match the funds received from the federal government for the student loan program.

When accepting the Schilling bequests, the Board allocated one-half of the funds thus received for student loan purposes and one-half to endowment, the income from both funds to be used for scholarship purposes. Because of the difficulty in obtaining funds suitable for matching purposes, it is recommended that the assignment of the Schilling funds be modified and that during the period of the federal loan program, the Schilling funds be used for matching purposes to the extent required, including the repayment of funds previously advanced from indirect cost reimbursement. The sum of $35,186 will be so required in 1959-60 and probably approximately $27,000 will be needed in each of the three following years. It is further recommended that after the close of the federal program and the repayment of all loans, the Schilling funds thus assigned be returned to the uses originally specified.

This action will make it necessary to withdraw a portion of the Schilling fund from the endowment investment pool. In order to provide the necessary funds, it is recommended that United States Government securities presently held in the endowment pool and maturing within two years of date of transfer be conveyed to current funds investments. If approved, these transfers will be made as required during the period of the National Defense Education Act Student Loan Program and within the total amount of the Schilling fund.

These recommendations are made by the Vice-President and Comptroller and the Dean of Students, and I concur.

On motion of Mr. Harewood, these recommendations were approved.
APPRAISAL OF UNIVERSITY BUILDINGS

(6) The Business Manager of the Chicago Colleges and the Vice-President and Comptroller recommend the employment of Marshall and Stevens, Inc., Chicago, to appraise the following properties for insurance purposes, at a fee of $5,650, the cost to be charged against the income of operations housed in these buildings:

- Staff Apartment Building, 809 South Marshfield Avenue, Chicago
- Residence Hall, 800-818 South Wolcott Street, Chicago
- Apartment Building, 829-833 South Marshfield Avenue, Chicago
- Second Unit of the Dentistry-Medicine-Pharmacy Building, 808 South Wood Street, Chicago

It is the practice of the University to carry fire and extended coverage insurance on income producing buildings and other buildings financed through bond issues. (The Second Unit of the Dentistry-Medicine-Pharmacy Building was included in the bond issue which financed the construction of the other three buildings.) The insurance is subject to the 80 per cent co-insurance clause in order to obtain favorable rates. It is important to have accurate evaluations of buildings to assure that University coverage is adequate. The only evaluations accepted by insurance companies in the event of an insured loss are those certified by a professional appraisal company. The buildings listed here have not been previously appraised. After the initial appraisal, renewals of appraisals are made at a cost of approximately 10 per cent of the original fee.

Since this appraisal is a professional service it is not subject to the requirements of competitive bidding but nevertheless quotations were secured from two companies and the quotation from Marshall and Stevens, Inc. is lower.

I concur.

On motion of Mr. Johnston, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

(7) The Vice-President and Comptroller presents the Second Supplemental Housing Revenue Bond Resolution and recommends its adoption. He also recommends that the Board:

2. Ratify and confirm the action of the Comptroller and the Secretary in executing the Loan Agreement with the Housing and Home Finance Agency.
3. Authorize the execution of the bonds by Frances B. Watkins, Timothy W. Swain, Members of the Board, and A. J. Janata, Secretary, and by the facsimile signature of the President of the Board.
4. Authorize the Comptroller and Treasurer to deliver the Series C Bonds to F. S. Sniithers and Company and the Series D Bonds to the Housing and Home Finance Agency.
5. Ratify and confirm all actions taken or to be taken by the officers and members of the Board in connection with the sale and delivery of the Bonds.

I concur.

The Loan Agreement for Project No. Ill. 11-CH-94(D), of the Board of Trustees of the University of Illinois, Urbana, Illinois, Contract No. H(402)-370, was presented by the Secretary, and examined by the Trustees.

On motion of Mr. Johnston, the Second Supplemental Housing Revenue Bond Resolution, as printed below, was adopted, and the Board ratified and confirmed the actions of its Executive Committee and of its officers as recited above.

This action was taken by the following vote of record: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

Dollars ($.................) principal amount of Housing Revenue Bonds of 1959, Series .............., which, with the 1959 Series .......... Bonds constitute an issue of Six Million Nine Hundred Thousand Dollars ($6,900,000), issued and to be issued pursuant to a Bond Resolution of The Board of Trustees of the University of Illinois duly adopted December 17, 1958, as supplemented by First and Second Supplemental Resolutions thereto duly adopted June 23, 1959 and October 21, 1959, respectively (said Bond Resolution as so supplemented being herein referred to as the "Resolution"), for the purpose of providing funds for paying the cost of constructing and equipping student and staff housing and related facilities. Said Resolution, among other things, provides for the issuance of additional bonds pursuant thereto in the manner and upon the terms and conditions more fully set forth therein.

The bonds of this Series are redeemable prior to maturity as a whole or in part on October 1, 1966, or on any interest payment date thereafter in the inverse order in which they mature at the option of The Board of Trustees of the University of Illinois at par and accrued interest to the date of redemption and a premium as follows: three per cent (3%) of the principal amount thereof if redeemed October 1, 1969 through April 1, 1974; two and one-half per cent (2 1/2%) of the principal amount thereof if redeemed October 1, 1974 through April 1, 1979; two per cent (2%) of the principal amount thereof if redeemed October 1, 1979 through April 1, 1984; one and one-half per cent (1 1/2%) of the principal amount thereof if redeemed October 1, 1984 through April 1, 1989; one per cent (1%)

1994; and without premium if redeemed on October 1, 1994 or thereafter.

Notice of redemption of any of all of said bonds shall be published once a
week for two successive calendar weeks, the first such publication to be no less
than thirty days prior to the date of redemption, such publication to be made in
one daily newspaper printed in the English language and published and of general
circulation in the City of Chicago, Illinois, and also in a financial newspaper
printed in the English language and published and of general circulation in the
Borough of Manhattan, City and State of New York, and when this bond or any
of the bonds of such authorized issue shall have been duly called for redemption,
interest thereon shall cease from and after the specified redemption date if redemp.
tion monies are available for the payment of all bonds called for redemption.

This bond and the series of which it forms a part is issued under the authority
of The Board of Trustees of the University of Illinois to issue and sell revenue
bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the
Illinois Revised Statutes, 1957, and all laws amendatory thereof and supplemental
thereof and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues
required to be credited to the Housing Revenue Bond Fund as provided in the
Resolution; which revenues are to be derived from (1) the operation of the
revenue producing facilities constructed, completed, and equipped with the pro-
cceeds of this bond issue, bonds heretofore issued pursuant to the Resolution and
additional bonds which may hereafter be issued pursuant to the Resolution,
(2) student tuitions authorized by law to be retained in the University treasury, but
not in excess of $450,000 annually plus such additional sums as may be specified in
any supplemental resolution creating or authorizing additional bonds to be issued
pursuant to the Resolution as so supplemented, and (3) certain existing revenue
producing buildings of the University after the prior payment of other indebted-
ness to the extent set forth in the Resolution. This bond and the series of which
it forms a part do not constitute an indebtedness of said University of Illinois,
The Board of Trustees of the University of Illinois, or the State of Illinois within
any constitutional or statutory limitation, and neither the taxing power nor the
general credit of said University, of said Board of Trustees, or the State of Illinois
is pledged to the payment of this bond or the interest thereon.

This bond shall pass by delivery unless it is registered as to principal in the
name of the holder on the books of registration of said University kept at the
office of the Trustee in Chicago, Illinois, such registration to be noted on the back
hereof. After such registration no transfer hereof shall be valid unless made on
such books by the registered holder in person or by attorney duly authorized in
writing and similarly noted hereon, but this bond may be transferred in like manner
to bearer by delivery, and it may again from time to time be registered or transferred to bearer as before. Such
registration, however, shall not restrict the negotiability of the coupons hereto
appertaining, but such coupons shall be transferable by delivery merely and payable
to the bearer hereof.

Subject to the provisions for registration and transfer, this bond and all other
bonds of this issue shall have all of the qualities of negotiable instruments, and
during such time as this bond is payable to bearer, the same and each of the cou-
pons hereto appertaining may be negotiated by delivery by any person having
possession thereof, and any holder who shall have taken this bond while so pay-
able to bearer or any of said coupons from any person for value and without notice
shall thereby acquire absolute title to this bond or to such coupons, as the case may
be, free of any defenses enforceable against any prior holder and free from all
equities and claims of ownership of any such prior holder, and The Board of
Trustees of the University of Illinois, the Trustee, and any paying agent may deem
and treat the bearer of this bond, or, if registered, the person in whose name it is
registered, and the bearer of any interest coupons appertaining hereto as the abso-
lute owner hereof for all purposes and shall not be affected by any notice to the
contrary whether this bond or any coupon appertaining thereto be overdue or not.

The bonds of this series are issuable as coupon bonds registrable as to principal
only in the denomination of $1,000 and as registered bonds without coupons in the
denomination of $1,000 or a multiple thereof. Each fully registered bond without
coupons shall be of a single maturity. The coupon bonds and the registered bonds
without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder or registered owner at the principal office of the Trustee in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds percent (66 2/3%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums, if any, at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder, or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder, or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons, or (iv) reduce the percentage in principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the series of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time parent rules, rents, and charges for the use of said facilities and to maintain and collect rents and charges and to withhold student tuitions, sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

In Witness Whereof, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and signed by two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and has caused the interest coupons hereto attached to be executed by the facsimile signatures of said President and Secretary, and this bond to be dated as of the 1st day of October, 1959.

STATE OF ILLINOIS
COUNTY OF CHAMPAIGN

I, do hereby certify that I am the duly elected, qualified and acting Secretary of The Board of Trustees of the University of Illinois, and as such official have charge and custody of the minutes and records of said Board of Trustees.

I further certify that the attached resolution is a true, correct and exact copy of the original resolution adopted by The Board of Trustees of the University of Illinois at its legally convened meeting held on the 21st day of October, 1959, all as appears of record in my office.

IN WITNESS WHEREOF I have hereunto set my hand and the seal of said University this day of , 19.

Secretary as aforesaid.

APPROPRIATION FOR LABORATORY BUILDING FOR RADIO TELESCOPE

(8) The Board of Trustees has approved construction of a radio telescope near Danville. Funds were allocated for the construction of a building on this site, but on May 16, 1959, the Board approved reassignment of these funds to finance the construction of a road and power lines at the site.

The need for the building is urgent so that it will be available when the radio telescope is ready to start operations. The building should have about 1,800 to 2,000 square feet of space to house an operations room, a work shop, and living and office space. The estimated cost is $25,000.

The Dean of the Graduate College recommends an allocation of this amount from supplementary funds anticipated in connection with the fellowship program of the National Defense Education Act. Should such supplementary funds received by the University under this Act fall short of the estimated needs, then the balance, as necessary to bring the total up to but not exceeding $25,000, would be taken from similar funds received from the National Science Foundation Cooperative Fellowship Program.

The Vice-President and Provost and the Vice-President and Comptroller concur, and I so recommend.

On motion of Mr. Clement, this recommendation was and the assignment of funds were approved by the following vote: Aye, Mr.
Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

CONTRACT FOR REPLACEMENT OF ELEVATOR IN GREGORY HALL

(9) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $6,600 to Colley Elevator Company, Chicago, for replacement of the elevator in Gregory Hall. This elevator has been in service for about twenty years and has reached a state of obsolescence which requires high maintenance costs.

Funds are available in the Physical Plant Department budget.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

CONDEMNATION PROCEEDINGS FOR ACQUISITION OF LAND ADJOINING UNIVERSITY PROPERTY

(10) The Buildings and Grounds Committee has approved the acquisition of approximately sixty acres of land located between First Street and the Illinois Central Railroad immediately south of the University property, about a half-mile south of St. Mary's Road. This land is needed by the University for a number of educational purposes, such as the Firemen's Training School, the relocation of the office of and research building for the Small Homes Council—Building Research Council, replacement for land formerly used by the College of Agriculture and which has been devoted to other purposes, and for other University facilities. The owner of record of this land is Fred V. Percival, but information obtained from him and others indicates that a group, represented by Charles M. Webber, has acquired some interest in the land in addition to any interest therein which Mr. Percival may still retain. Negotiations have been conducted by representatives of the Physical Plant Department and the Vice-President and Comptroller with Mr. Webber, but his clients are unwilling to sell the property to the University except at a price which University officers deem excessive. It is, therefore, necessary for the University to resort to its right of eminent domain in order to acquire the property at a reasonable price.

Accordingly, the Vice-President and Comptroller, the Director of the Physical Plant, and the Legal Counsel recommend adoption of the following resolution, and I concur.

Therefore, Be It, And It Is Hereby Further Resolved, Found And Declared by this Board of Trustees of The Board of Trustees of the University of Illinois that because of said need of the University of Illinois for said land for the
purposes hereinabove set forth and because the compensation to be paid to the owners thereof for such land cannot be agreed upon between them and this Board of Trustees, it is necessary for The Board of Trustees of the University of Illinois to take said land and acquire title thereto through the exercise by it of the right of eminent domain conferred upon it by law and to have the compensation to be paid by it to the owners thereof and any and all other persons who may have any right, title or interest in and to said land (other than Illinois Bell Telephone Company, Illinois Power Company, and Panhandle Illinois Pipeline Company which own certain easement rights over, under and through said property which said easement rights will not interfere with the public and educational use proposed to be made of said property by said The Board of Trustees of the University of Illinois and, therefore, need not presently be acquired or extinguished by said The Board of Trustees of the University of Illinois) determined in the manner provided by law for the exercise of said right and power of eminent domain; and

On motion of Mr. Johnston, the foregoing resolution was adopted by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pope, Mr. Stratton.

RELOCATION OF FACILITIES FOR ELEMENTARY EDUCATION
(11) The Executive Committee has authorized the removal of one of the "T Dormitories" now in Illini Village to a nearby campus area and remodeling of this building to provide quarters for the elementary education activities of the College of Education, now housed in temporary buildings on the Parade Grounds and which must be removed for construction of the Peabody Drive Residence Halls.

The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of the following orders for additional work required on this project through changes in existing contracts with these contractors:

| General work — Oran L. Shoemaker and Company, Champaign | $9,150 |
| Electrical work — Brunkow Electric Company, Champaign | 3,000 |
| Plumbing work — David W. Reichard Plumbing and Heating, Urbana | 2,800 |
| Heating work — Reliable Plumbing and Heating Company, Champaign | 1,000 |
| Ventilating work — Schroeder and Sons Company, Champaign | 500 |

I concur.

On motion of Mr. Herrick, the Comptroller was authorized to execute these changes in contracts as recommended.

CONTRACT FOR PARKING AND TRAFFIC ENGINEERING STUDIES FOR CHICAGO UNDERGRADUATE DIVISION CAMPUS
(12) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with George W. Barton and Associates, Inc., Chicago, for parking and traffic engineering studies as a part of the general planning in connection with the site selection for the Chicago Undergraduate Division. The terms of the contract will provide for the payment of standard professional engineering fees for principals, senior engineers and planners, assistant engineers, and draftsmen, plus out-of-pocket expenses at a total cost estimated not to exceed $11,000.

I concur in this recommendation.
On motion of Mrs. Watkins, this contract was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

**ADDITION TO CONTRACT FOR CENTRAL FOOD STORES BUILDING**

(13) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $6,505.67 in the contract with the Felmley-Dickerson Company for revisions in the drainage and paving of Oak Street as part of the construction of the Central Food Stores Building. Because of the freezing of capital appropriations, certain utilities extensions for the Assembly Hall which had been planned to run down Oak Street prior to the paving could not be put in, and alternate plans for grading and pavement must be made so that access to the Food Stores Building can be maintained when the utilities are extended to the Assembly Hall. This involves more paving than originally planned.

I concur, and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Swain, this recommendation was approved.

**ADDITION TO CONTRACT FOR ISOLATION BUILDING ON VETERINARY RESEARCH FARM**

(14) The Director of the Physical Plant and the Vice-President and Comptroller recommend an increase of $3,054.34 in the contract with D. E. MacMillan Associates, Champaign, to accept the alternate for construction of sewage disposal facilities at this building.

I concur and recommend that the Comptroller be authorized to execute this change in the contract.

On motion of Mr. Herrick, this recommendation was approved.

**CONTRACTS FOR CONSTRUCTION OF ADDITION TO ABBOTT POWER PLANT AND FOR EXTENSION OF UTILITIES DISTRIBUTION SYSTEM**

(15) The Board of Trustees has authorized the awards of contracts for thirteen divisions of work on the construction of an addition to the Abbott Power Plant, extensions of the utilities distribution system and equipment installations, contingent upon the release of funds and provided that the contractors concerned will extend the time during which their bids will be firm.

All but two of the thirteen contractors have agreed to extend the time for acceptance of their bids beyond the date stated in the bid documents. The time now having expired, the proposals of the two contractors have been rejected and their certified checks have been returned. One contractor agreed to a thirty-day extension and will reconsider a further extension at the end of that period. Ten contractors are willing to extend the time their bid prices will be firm to March 1, 1960, and in some cases beyond that date. Accordingly, letters indicating the University's intent to award contracts have been sent to these contractors with a request for their acceptance.

Submitted herewith is a schedule of the contracts involved, the bid prices, and showing which contractors have agreed to extension of time. A copy of this is being filed with the Secretary of the Board for record.

Some of the contractors have asked permission to substitute bid bonds for the certified checks deposited. These are reasonable requests and the Director of the Physical Plant and the Vice-President and Comptroller recommend that substitution of bid bonds for certified checks be authorized.

I concur in the recommendation.

On motion of Mrs. Watkins, this recommendation was approved.

**ADDITION TO CONTRACT FOR FINE ARTS BUILDING AND KRANNERT ART MUSEUM**

(16) The Dean of the College of Fine and Applied Arts, the Director of the Physical Plant, and the Vice-President and Comptroller recommend an increase of $4,251.84 in the contract with the Kuhne-Simmons Company, Inc. for general work on the Fine and Applied Arts Building to add a gravel aggregate to the top layer of the concrete patio around the reflecting pool and fountains and an increase
of $8,227.45 to substitute walnut paneling for birch paneling in the lobbies, gallery, and trim in other areas of the Krannert Art Museum.

A textured surface on the patio is desirable to avoid large surfaces of concrete and the resulting glare and to provide a more compatible design with the marble mass on the surface of the Krannert Art Museum. It will also be less slippery when wet than the concrete finish. The inclusion of walnut paneling is in keeping with the original plans for the building.

Funds are available, and I recommend that the Comptroller be authorized to execute the changes in the contract.

On motion of Mr. Swain, this recommendation was approved.

EASEMENT FOR DRAINAGE ON WARREN FARM

(17) The Dean of the College of Agriculture and the Vice-President and Comptroller recommend that an easement be granted over the northwest corner of a forty-acre tract owned by the University in Piatt County, which was bequeathed by Mrs. Elizabeth Warren. Mr. Chauncey E. Bates, the owner of the land to the north of this farm, is installing a twelve-inch drainage tile, which needs to cross the University's property. This will benefit the University's property and will also permit the University to connect tile lines to the drainage in the future. The Agricultural Engineering Department estimates that this access will be worth $140 to the University, and the Vice-President and Comptroller recommends that a contract be approved for the payment of this sum.

I concur and recommend adoption of the following resolution:

Resolution

Be It And It Is Hereby Resolved by this Board of Trustees of THE BOARD OF TRUSTEES OF THE UNIVERSITY OF ILLINOIS that the Comptroller and Secretary of this public corporation be, and they hereby are, authorized for and on behalf of this public corporation to convey to Chauncey E. Bates of Piatt County, Illinois, the right and easement to enter upon the following described lands of said public corporation, to wit:

The Southeast Quarter (SE 1/4) of the Southeast Quarter (SE 1/4) of Section Nine (9), Township Twenty (20) North, Range Six (6) East of the Third Principal Meridian (3rd P.M.); hereinafter referred to as the "servient tenement"; for the placement, construction, operation, repair, maintenance, and location thereupon of a tile drainage system consisting of a single line of tile, 12 inches in diameter, across the northwest corner of the above servient tenement, for the use of said Chauncey E. Bates for the drainage of farm land owned by him described as follows:

The North One-Half (N 1/2) of the Southeast Quarter (SE 1/4) of Section Nine (9), Township Twenty (20) North, Range Six (6) East of the Third Principal Meridian (3rd P.M.) in Piatt County, Illinois, hereinafter referred to as the "dominant tenement"; including the right of ingress to and egress from said tile system with the necessary tools, machinery, and equipment to perform the acts mentioned; the exact location of said tile drainage system to be determined by agreement between grantee and this public corporation's farm manager, and, once established, to be fixed in said location; said easement and right to be granted for so long as it continues to be used for the purposes herein set forth and to run with the described land now owned by Chauncey E. Bates as set forth above; as consideration for and as a condition of said easement this public corporation to receive the right to make connection with said tile drainage system for the drainage of the servient tenement, said connection to be made at such point in the tile drainage system and at such time within the next five years hereafter as this public corporation may choose.

Be It And It Is Hereby Further Resolved that said Comptroller and Secretary be and they are hereby authorized for and on behalf of this public corporation to execute, acknowledge, and deliver such easements, contracts, and other documents as may to them appear necessary and desirable to accomplish the aforementioned purposes, subject to the approval of the Legal Counsel as to the form and validity of such documents.

On motion of Mr. Herrick, this resolution was adopted, and the payment was authorized.
FORD FOUNDATION GRANT FOR ENGINEERING FACULTY RECRUITMENT AND DEVELOPMENT PROGRAM

(18) The Ford Foundation has approved a grant of $275,000 to the University of Illinois to be used over a period of three years for experimental projects for strengthening engineering faculties. As announced by the Foundation, "The primary purpose of this Fund is the recruitment by way of doctoral education of as many highly qualified personnel as possible into engineering faculty careers within the next five years. These years are particularly crucial to the future of engineering education. The urgent needs are to add greater scientific and mathematical emphasis to the undergraduate curricula and to increase the number of students preparing for engineering careers at all levels. Thus, the recruitment, preparation and retention of highly qualified faculty personnel is the foremost problem of engineering education. The program outlined is designed to accomplish this purpose by aiding those students or student recruits from industry, government, or engineering faculties, who are seriously interested in an academic career to complete the doctorate in engineering with reasonable dispatch. It is characterized by its flexibility and by its adaptability as a supplement to other sources of financial aid."

The terms and conditions of the grant are satisfactory to those who will administer the program. It is planned to use $150,000 of the grant for predoctoral fellowships and loans; $100,000 for development of faculty at the University of Illinois; and $25,000 to provide stipends to members of engineering faculties at other institutions so that they may do graduate work at the University of Illinois.

I have accepted the grant on behalf of the University and am pleased to report this action for official record.

APPROPRIATION FOR EQUIPMENT FOR GRADUATE COLLEGE

(21) The Board of Trustees has authorized the purchase of an IBM card to paper tape converter for the Graduate College at a cost of $5,800. The Vice-President and Provost and the Vice-President and Comptroller recommend an assignment of $2,900 from the General Reserve for one-half the cost; the other half will be charged against the Graduate College budget.

This machine will replace the present IBM type 063 card controlled type punch used by the Data Processing Committee in the Graduate College which has been decreasing in its accuracy and is impossible to repair. The new equipment will attach to a standard card punch machine and will be accurate and twice as fast as the old machine.

I concur.

On motion of Mr. Swain, this appropriation was made by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

Meeting of the Executive Committee on September 29, 1959

On call of the Chairman, the Executive Committee of the Board of Trustees of the University of Illinois met in Room 800, Illinois Central Railroad Terminal Station, 135 East Eleventh Place, Chicago, Illinois, on Tuesday, September 29, 1959, beginning at 2:00 p.m.

The following members of the Committee were present: Mr. Kenney E. Williamson, Chairman, Mr. Wayne A. Johnston, and Mrs. Frances B. Watkins. Also present were Mr. Herbert O. Farber, Vice-President and Comptroller, Mr. Vernon L. Kreitschmer, Director of Housing, Mr. Morris S. Kessler, Assistant Comptroller, Mr. C. W. Weldon, Treasurer, and Mr. A. J. Janata, Secretary of the Board.

The Committee considered the following matters of business presented by the Vice-President and Comptroller and the Secretary of the Board on behalf of the President of the University.

Appropriation for Studies for Illinois Commission of Higher Education

The Illinois Commission of Higher Education has requested the University to make a number of studies relating to developing data and other information which the Commission desires for its own study of plans for a unified administration of the state-supported institutions of higher education.

These studies by the University will involve expenditures for which no provision has been made in the budget and an assignment of $2,500 is requested to supplement the incidental and emergency budget of the President's Office.

On motion of Mr. Johnston, this assignment was made by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

Relocation of Facilities for Elementary Education

Construction of the Peabody Drive Residence Halls necessitates relocation of the College of Education's elementary education activities now housed in temporary buildings on the Parade Grounds.

The Director of the Physical Plant and the Vice-President and Comptroller
recommend that one of the "T Dormitories" now located in Illini Village be removed to the area south of the Alpha Tau Omega fraternity house on Pennsylvania Avenue and remodeled for use by the College of Education to provide space for the elementary education services which can not be housed elsewhere. The remodeled building can be used in the new location for a number of years to come. An assignment of $38,000 from the General Reserve Fund is recommended for this project.

It is imperative that this work be started as soon as possible. The University has standing cost-plus contracts authorized by the Board of Trustees for remodeling work and this project can be handled through such contracts. Accordingly, the Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of change orders as follows:

General work (including moving of dormitory) — Oran L. Shoemaker and Company, Champaign .........................................................$9 500
Plumbing work — David W. Reichard Plumbing and Heating, Urbana..... 2 400
Heating work — Reliable Plumbing and Heating Company, Champaign... 1 200

A supporting statement from the Physical Plant Department is submitted herewith and a copy is being filed with the Secretary of the Board for record.

The President of the University concurs in these recommendations.

On motion of Mrs. Watkins, these recommendations were approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

The Director of Purchases has proposed and the Vice-President and Comptroller recommends the following purchases.

On motion of Mr. Johnston, these purchases were authorized.

Contract for Gas Installations for Orchard Place Apartments

It has been found necessary to install standby liquid petroleum equipment to provide gas for 38 of the 120 Orchard Place apartments because the Illinois Power Company can not issue permits to provide the maximum gas service which may be required for all of them. This can be done through a contract change order with the Reliable Plumbing and Heating Company with which the University has a standing cost-plus contract for plumbing and heating work on minor building alterations and repairs. The estimated cost is $7,134. This estimate has been checked by the Physical Plant Department and is considered a reasonable charge.

Moreover there is economy in having this work done by the cost-plus contractor rather than through a subcontractor under the general contractor for the construction of the apartments.

The Director of the Physical Plant and the Vice-President and Comptroller recommend, and the President of the University concurs, that the Reliable Plumb-
ing and Heating Company be authorized to do this work on the basis of a change order in the standing contract with that Company.

On motion of Mrs. Watkins, this recommendation was approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

**Sale of Bonds for Peabody Drive Residence Halls**

Bids were received at 11:00 a.m., September 26, 1959, for the sale of The Board of Trustees of the University of Illinois Housing Revenue Bonds of 1959, Series C and D, to finance construction of the Peabody Drive Residence Halls.

Four bids were received from private companies for $3,450,000 Series C bonds as follows:

No bids were received for the Series D bonds. However, the Housing and Home Finance Agency has issued a letter of intent to execute a Loan Agreement, wherein the federal government will agree to purchase $3,450,000 Series D bonds at par and accrued interest at an interest rate of 3½%.

The Vice-President and Comptroller recommended that:

1. The Comptroller and Secretary of the Board be authorized to execute a Loan Agreement with the Housing and Home Finance Agency, provided the provisions of the Loan Agreement are acceptable to the Comptroller.

2. The Series C bonds in the amount of $3,450,000 be sold to F. S. Smithers and Company and Associates at a price of $3,400,000 plus accrued interest and at an effective interest rate of 4.5244 per cent, which represents the lowest interest cost to the University.

3. The Series D bonds in the amount of $3,450,000 be sold to the Housing and Home Finance Agency at an interest cost of 3½ per cent in accordance with and pursuant to the above mentioned Loan Agreement.

On motion of Mr. Johnston, these recommendations were approved by the following vote: Aye, Mr. Johnston, Mrs. Watkins, Mr. Williamson; no, none; absent, none.

There being no further business before the Committee, on motion of Mr. Johnston, the Executive Committee adjourned.

JOINT ACTION COMMITTEE OF CIVIC ORGANIZATIONS

Mr. A. Andrew Boemi of Chicago and seven other representatives of the Joint Action Committee of Civic Organizations appeared before the Board of Trustees and presented the following resolution, the original signed copy of which was filed with the Secretary of the Board for record:

1 Mr. John Baird, Mr. George Benson, Mr. George Dovenmuehle, Mr. Robert Johnston, Mr. Ferd Kramer, Mrs. Dorothy Rubel, and Mr. Edward P. Saltiel.
Resolution

WHEREAS the various organizations indicated below are concerned with the development of Metropolitan Chicago in the best interest of all of its citizens, and its future potential, in order that it may continue to serve the community and the State of Illinois socially and economically, and

WHEREAS a branch of the University of Illinois is to be constructed in Chicago on a site to be selected by the University Board of Trustees, and

WHEREAS these organizations deem it in the best interest of the students, the community, and its taxpayers to have the University Campus located on the South Loop site, as recommended by the City of Chicago's Central Area Plan, now therefore

Be It Resolved That:

1. The South Loop location is unanimously endorsed as the most desirable site for the new Chicago Campus of the University of Illinois, in view of its availability to the greatest number of students; its access to the total Metropolitan area housing supply; its proximity to cultural, training, and employment facilities; its function in the effectuation of the official city plan; and its contribution to the reclamation of a vast area which is vital to the economic and social welfare of the state.

2. The President of the University of Illinois and the Board of Trustees be advised of this action without delay.

EXECUTIVE SESSION

At this point, on motion of Mr. Johnston, an Executive Session was requested and ordered for the consideration of the following items of business:

PURCHASE OF MAXWELL FARM FOR COLLEGE OF AGRICULTURE

The Dean of the College of Agriculture and Director of the Agricultural Experiment Station, the Director of the Physical Plant, and the Vice-President and Comptroller recommend the acquisition of approximately 129.13 acres of farm land owned by Esther and Grace Maxwell, located on the east side of First Street Road, approximately one-half mile east of the Illinois Central Railroad and 1½ miles south of St. Mary's Road at a price of $1,000 an acre. This land is diagonally southwest of the farm property acquired by the University from the Grein estate in 1956.

In lieu of cash, the sellers may request the University to purchase a farm in Ogden Township, which they wish to acquire and to exchange this property for the property which they own. The University would pay to Esther and Grace Maxwell the difference between the price paid for the farm in Ogden Township and the price at which the Maxwell farm is offered to the University.

Since capital funds for land acquisitions have not been released, it will be necessary to finance this purchase through the University of Illinois Foundation. The Vice-President and Comptroller recommends that the Foundation Board be requested to borrow approximately $130,000 from the First National Bank of Chicago, purchase the property, and lease it to the University at a rental sufficient to pay the debt service. When the capital appropriations are released, the University will purchase the property from the Foundation, which in turn will pay off the loan.

The Maxwell farm is subject to easements with the Panhandle Pipeline Company and the Illinois Power Company and to a lease with the tenant expiring February 28, 1961.

The contract of purchase between the Foundation and Esther and Grace Maxwell shall include the terms set forth above and other details included in a letter dated October 7, 1959, from the Physical Plant Department to George I. Maxwell, agent for Esther and Grace Maxwell, and a letter of correction dated October 19, 1959, copies of which are filed with the Secretary of the Board for record.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the necessary agreements with the University of Illinois Foundation, subject to approval by the Legal Counsel, and that $16,000 be advanced from Indirect Costs funds to the Foundation to cover the down payment and interest.

On motion of Mr. Johnston, the foregoing recommendations were approved, and the assignment of funds was authorized by the following vote: Aye, Mr. Clement, Mr. Harewood, Mr. Herrick, Mr. Johnston, Mr. Swain, Mrs. Watkins, Mr. Wilkins, Mr. Williamson; no, none; absent, Mr. Hughes, Mr. Pogue, Mr. Stratton.

The University Patent Committee has received a report from Dr. George H. Scherr, Assistant Professor of Microbiology in the College of Medicine, of his studies on synergists for antimicrobial agents which may result in a potentially patentable invention. This may be described as an agent or material which serves to enhance the activity of antibiotics while itself being antimicrobial in nature. The University Patent Committee has studied this invention and is of the opinion that it may have commercial value.

It was referred to the University of Illinois Foundation for study, and patent counsel of the Foundation advised that to protect the interests of the University and the inventor a patent application should be filed prior to October 15, 1959. The inventor has expressed a desire that the application be made in the name of the Board of Trustees of the University of Illinois rather than in the name of the University of Illinois Foundation.

The Patent Committee has authorized the filing of a patent application, with title to any patent which issues to be with the Board of Trustees. Confirmation of the action of the Patent Committee authorizing the filing of this application is requested.

On motion of Mr. Harewood, the action of the University Patent Committee was confirmed.
