INVITATION TO PRESIDENT TO VISIT BRITISH UNIVERSITIES

(5) I request the Board of Trustees to authorize my acceptance of an invitation to attend meetings of vice-chancellors of British universities in early July at Cambridge University, England, and to visit British universities during a three-week period following the Cambridge meeting.

The invitation has been presented through the Association of American Universities, and the presidents of ten member institutions of that Association will constitute the delegation.

The members of the delegation will have unusual opportunity to study British higher education and to bring back to their own institutions comparative information and insights from the experience.

The travel expense will be underwritten by the Carnegie Foundation of New York.

On motion of Mr. Harewood, the President's request was approved.

SUMMER SPEECH CLINIC WORK BY DIVISION OF SERVICES FOR CRIPPLED CHILDREN

(6) The Division of Services for Crippled Children has been supporting summer speech clinics in cooperation with higher educational institutions in several areas of the state. The patients are children who can not be given the necessary care in their communities and those selected represent some of the most complex speech rehabilitation problems and are cases afflicted with cerebral palsy, cleft
palate, and severe hearing loss. They are eligible for treatment under the program of the Division and are in need of speech treatment as an integral part of the complete medical care program. Cooperating institutions contribute their facilities and staff.

It is recommended that during the summer of 1961, speech clinics be authorized in the following institutions on a reimbursable cost basis, estimated as follows:

- Augustana College, Rock Island ........................................ $ 9,722.00
- Northern Illinois University, DeKalb ................................ 10,246.55
- Southern Illinois University, Carbondale ............................ 8,820.00
- Illinois State Normal University, Normal ............................. 12,233.33

$41,021.88 A similar clinic will be conducted at the University of Illinois at Urbana at an estimated cost of ....................... 15,148.75

Funds are available in the budget of the Division of Services for Crippled Children.

The Director of the Division of Services for Crippled Children, the Vice-President in charge of the Chicago Professional Colleges, and the Vice-President and Comptroller join in this recommendation.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**FEDERAL GRANT FOR REHABILITATION CENTER BUILDING**

(7) The Vice-President and Provost and the Vice-President and Comptroller recommend that an application be submitted to the federal government for a grant of $300,000 under the Hill-Burton Act, to provide for one-third of the cost of a new building for the Rehabilitation Center, and that the University of Illinois Foundation be requested to solicit gifts of $300,000 to assist in financing the project. The remaining one-third would be provided from the capital appropriations to the University for the 1961-63 biennium.

I concur and recommend the adoption of the following resolution, which is necessary in connection with submitting the application:

**Resolution**

Resolved that H. O. Farber, Comptroller, and A. J. Janata, Secretary of the Board of Trustees of the University of Illinois, be and hereby are authorized to sign applications for grants-in-aid under the Illinois Hospital Construction program and Public Law 725 (The Hill-Burton Act) in connection with a grant for the building of a rehabilitation facility at the University of Illinois in Urbana-Champaign.

On motion of Mr. Hughes, this resolution was adopted.

**GRANTS FOR CONSTRUCTION OF LABORATORY FOR DEPARTMENT OF FOOD TECHNOLOGY**

(8) The University has received official notice from the Health Research Facilities Branch of the National Institutes of Health, United States Public Health Service, of approval of an application for a grant of $400,000 to be used for the construction of the Burnsides Research Laboratory at Urbana to be used for fundamental research programs related to lipid metabolism and nutrition in degenerative diseases. The grant is made on condition that it will be matched by an equal amount by the University to provide a total of $800,000 for construction and equipment of the laboratory.

One-half of the University's contribution will be available in state appropriations from the proceeds of the Universities Bond Issue. The other half will be a private gift to the University for this project from Miss Ethel Burnsides of Paris. Miss Burnsides' attorney, Mr. Raymond I. Massey of the firm of Massey, Anderson, and Gibson, Paris, and an alumnus of the University of Illinois, handled the legal arrangements for Miss Burnsides' gift.

Operational programs aimed at the control and eradication of degenerative diseases have been hampered by earlier neglect in the area of basic research in lipid metabolism. In recognition of this need, the National Institutes of Health have supported research, and more recently training grants, in this general area. A training program in lipid metabolism and nutrition is presently active at the
University of Illinois under the direction of Dr. Fred A. Kummerow, Professor of Food Chemistry in the Department of Food Technology. The Illinois State Heart Association and the Edgar County Heart Unit have been interested in this field of research and were of great assistance to the University in obtaining the private grant. The building will be approximately 20,000 square feet in size and will be constructed on Pennsylvania Avenue in the area assigned to the College of Agriculture.

President Henry introduced Professor Fred A. Kummerow of the Department of Food Technology who discussed the research program in which he and his colleagues are engaged and which will be housed in the Burnsides Research Laboratory.

On motion of Mr. Swain, acceptance of these grants was authorized, and the Board recorded its deep appreciation of the generous gift of Miss Ethel Burnsides.

ARCHITECTURAL SERVICES FOR RESEARCH LABORATORY FOR DEPARTMENT OF FOOD TECHNOLOGY

On February 15, 1961, the Board of Trustees authorized the employment of Glenn G. Frazier and Associates, Architects, Urbana, at a fee of 6 per cent of construction costs for architectural and engineering services for a research laboratory for the Department of Food Technology. Because funds for the construction of the building are subject to availability of federal and other grants, the architectural services authorized were limited to preliminary studies until construction funds became available.

The preliminary studies have been completed and funds have now been assured to finance completion of the plans and specifications.

The Director of the Physical Plant and the Vice-President and Comptroller recommend that Glenn G. Frazier and Associates be authorized to complete plans and specifications.

I concur.

On motion of Mr. Hughes, these services were authorized.

Funds are available in the state appropriations to the University for 1959-61 and have been released.

CONTRACTS FOR COAL PURCHASES FOR ABBOTT POWER PLANT

(17) The Director of Purchases, the Vice-President and Comptroller, and the Director of the Physical Plant recommend awards of contracts as follows:

173,000 tons of coal screenings to be delivered to the Abbott Power Plant during the period July 1, 1961, through June 30, 1963.
Sealed bids on uniform specifications were opened on April 18, 1961. Invitations to bid were sent to twenty-three producers, in addition to solicitation by newspaper advertisements.

The bids are evaluated in the terms of the number of British Thermal Units purchased for one cent based on guaranteed analysis. A continuous check is maintained to insure compliance with specifications.

It is advantageous to have contracts with three sources of supply to be assured of delivery of coal at all times.

The prices quoted are based on present wage scales and are subject to increase or decrease in event that wage contracts now in effect are changed. Any such change will affect the price to the extent that production costs are increased or decreased by new contracts. The University may cancel the balance of the purchase contract if it believes that any price adjustment is not justified.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute contracts as recommended, subject to the approval by the Governor as required by the State Constitution.

On motion of Mr. Hughes, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

CONTRACTS FOR FUEL FOR MEDICAL CENTER STEAM PLANT AND FOR CHICAGO UNDERGRADUATE DIVISION

Coal for Medical Center Steam Plant
(18) The Director of the Physical Plant, the Business Manager of the Chicago Colleges and Divisions, and the Vice-President and Comptroller recommend award of a contract to the Crerar Clinch Coal Company, 3552 West Division Street, Chicago 51, Illinois, the lowest bidder, for an amount not to exceed 42,000 tons of screenings coal per year, to be delivered to the Medical Center Steam Company plant, operated by the University, as required during the period July 1, 1961, to June 30, 1963, at a per-ton cost of $6.05, plus transportation of $0.89, plus $0.80 for handling, storage, and delivery, or a total expenditure not to exceed $650,160 for the two-year period. This price is based on present wage scales and is subject to increase or decrease in the event wage contracts or freight rates now in effect are changed, and any such change affects the price. The University has the right of approval of any such increase in price.

The lowest bid is determined by the number of British Thermal Units per one cent of cost, based on guaranteed analysis. A continuous check is provided to insure compliance with the specifications.

Fuel Oil for Medical Center Steam Plant
The aforesaid officers also recommend the purchase of a minimum of 8,000 gallons of No. 5 fuel oil with the option of purchasing as much more as may be required for emergency use, but not to exceed 450,000 gallons, for the 1961-62 heating season, from the Suburban Oil Company, 7340 West Fifteenth Street, Forest Park, Illinois, the lowest bidder, at a current price of $0.079 per gallon subject to adjustment in accordance with the posted price variations published in the "Oil Daily." The total cost of 8,000 gallons would not exceed $632, and of 450,000 gallons, $35,550.

The Medical Center Steam Company plant is equipped to burn either coal, gas, or oil. Winter operation has been with coal, and summer with gas. The
fuel oil is for stand-by service. If used for emergency operation instead of gas or coal, there will be a corresponding reduction in expenditure for these two fuels.

**Fuel Oil for Undergraduate Division**

The aforesaid officers also recommend the purchase of No. 5 fuel oil, not to exceed 291,500 gallons, for the 1961-62 heating season, from the Great American Oil Company, 855 West Evergreen Avenue, Chicago 22, Illinois, the lowest bidder, at a firm price of $0.07465 per gallon. On the basis of price quoted, the total expenditure for 291,500 gallons is $21,760.48.

I concur and recommend that the Comptroller and the Secretary of the Board be authorized to execute the contracts, subject to approval by the Governor as required by the State Constitution.

On motion of Mrs. Watkins, these contracts were awarded, as recommended, by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

**STEAM SERVICE TO DEPARTMENT OF PUBLIC WELFARE LAUNDRY**

(19) The Director of the Physical Plant and the Vice-President and Comptroller recommend authorization of a contract with the Illinois Department of Public Welfare for steam service from the Medical Center Steam Company plant to a new laundry to be constructed in the Medical Center District between Paulina Street and Hermitage Avenue, immediately north of Roosevelt Road, this contract to be on the same basis as the University's contracts with other consumers of steam in the Medical Center District supplied by the Company. The requirements of the laundry will not exceed 14,000 pounds per hour maximum demand, which is within the capacity of the present plant.

I recommend approval.

On motion of Mrs. Watkins, this contract was authorized.

**CONTRACT FOR INSTALLATION OF LABORATORY EQUIPMENT AT CHICAGO PROFESSIONAL COLLEGES**

(20) The Director of the Physical Plant and the Vice-President and Comptroller recommend award of a contract for $2,947.31 to the Kewaunee Manufacturing Company, Evanston, the lowest bidder, for installation of laboratory equipment in the first unit of the Dentistry-Medicine-Pharmacy Building.

The work will consist of furnishing and installing laboratory equipment in a room remodeled for use as a research laboratory for the Department of Anatomy.

Funds are available from the United States Public Health Service.

I concur.

On motion of Mr. Swain, this contract was awarded by the following vote: Aye, Mr. Clement, Mr. Dilliard, Mr. Harewood, Mr. Hughes, Mr. Pogue, Mr. Swain, Mrs. Watkins, Mr. Williamson; no, none; absent, Mr. Johnston, Mr. Kerner, Mr. Wilkins.

**USE OF UNIVERSITY FACILITIES BY TWIN CITY BIBLE CHURCH**

(21) The officers of the Twin City Bible Church, whose properties at 1101 West Springfield Avenue (the parsonage) and 1302 West Springfield (the site of the church building which has been razed), Urbana, have been purchased by the University, have requested the use of University facilities while their new church is being constructed. Specifically they have requested the use of twelve rooms and the auditorium in Gregory Hall at certain scheduled hours on Sundays when such rooms would not ordinarily be in use by the University.

The request can not be authorized administratively under Board of Trustees rules governing the use of University buildings by outside organizations so that authorization of an exception to this by the Board of Trustees would be required. However, there are precedents for such exceptions for the use of University premises by church organizations, such exceptions having been authorized by the
Board on condition that the University would be reimbursed for actual direct costs involved.

The Director of the Physical Plant recommends and I concur that the Twin City Bible Church be permitted to use rooms in Gregory Hall, or elsewhere if conditions require changes to other buildings from time to time, every Sunday for a period of fifteen months at a rental of $23 per day for each day that the facilities are used.

On motion of Mrs. Watkins, this request was approved, as recommended.

**QUARTERLY REPORT OF THE COMPTROLLER**

(24) The Comptroller presented his quarterly report to the Board as of March 31, 1961.

This report was received for record, and a copy has been filed with the Secretary of the Board.

**REVISION OF CURRICULUM IN ENGINEERING PHYSICS**

(25) The Urbana-Champaign Senate has recommended the following revision in the curriculum in engineering physics, approved by the faculty of the College of Engineering. The major changes are an increase in the amount of time spent on modern physics and a reduction in the number of hours required for graduation from 136 to 130 hours plus the general University requirements in military training and physical education.

The details of the specific course changes are filed with the Secretary of the Board for record.

It is further recommended that the new graduation requirements under the curriculum become effective for students entering as freshmen in 1960 and for transfer students who enter in June, 1961, or thereafter, and that other students now enrolled in the curriculum be given the option of graduating under the new requirements.

The Senate Coordinating Council has advised that these revisions have been discussed with the Chicago Undergraduate Division department concerned and are considered within the sphere of the authority of the degree-granting college and Senate (i.e., the Urbana-Champaign Senate).

I concur.

On motion of Mr. Harewood, this recommendation was approved.

**REVISION OF MAJOR AND MINOR REQUIREMENTS IN POLITICAL SCIENCE**

(26) The Urbana-Champaign Senate recommends the following revision of the requirements for a major in political science and in the list of minors for political science majors:

**Major:** Twenty hours from courses offered by the Department of Political Science. A major may include three semester hours from the following courses: Economics 170, 171, Economics 214, History 345, 346, 369, 370, Mathematics 161, Psychology 135, and Sociology 185. No student entering the University after September 1, 1961, may offer more than eight hours of 100-level courses as part of a political science major.
(Formerly: Twenty hours from courses offered by the Department of Political Science. A major may include three hours of constitutional history, History 345, 346, 359, or 370.)

**Minors:** Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: anthropology, economics, education, finance, geography, history, law, library science, mathematics, philosophy, psychology, social work, and sociology. One of the curricula in Latin-American studies, Russian language and area studies, or medieval civilization is also accepted as a sole minor.

(Formerly: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: anthropology, economics, education, finance, geography, history, law, library science, philosophy, social work, and sociology. The curriculum in Latin-American studies, Russian language and area studies, or medieval civilization is also accepted as a minor.)

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This revision will become effective for students starting their major programs in political science in September, 1961, and thereafter.

I concur.

On motion of Mr. Swain, this recommendation was approved.

**REVISION OF MAJOR AND MINOR REQUIREMENTS IN RUSSIAN**

(27) The Urbana-Champaign Senate recommends the following revision of the requirements for a major in Russian, and revision in the requirements for a minor with a Russian major:

**Major:** Twenty hours of Russian excluding Russian 101 and 102, and including at least five hours from the group for advanced undergraduates and graduates; a minimum of three hours in Russian 321, 322, 323, 324, and 332; and a minimum of two and a maximum of six hours in Russian 309, 310, 312, 331.

(Formerly: Twenty hours of Russian excluding Russian 101 and 102.)

**Minors:** Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: English (excluding Rhetoric 101 and 102), French, German, Greek, history, Italian, Latin, library science, political science, Portuguese, Spanish. The first semester of any foreign language (French 101, German 101, Greek 101, Italian 101, Latin 101, Portuguese 101, Spanish 101) may not be counted toward a minor in that subject.

(Formerly: Twenty hours in one or two of the following subjects, with at least eight hours in each if two are chosen: English (excluding Rhetoric 101 and 102), French, German, Greek, history, Italian, Latin, library science, political science, Portuguese, Spanish. The following courses are strongly recommended: History 219, 220, 327, 328, Political Science 335.)

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This change will become effective for students beginning their major programs in Russian in September, 1961, and thereafter.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

**DISCONTINUANCE OF CREDIT ALLOWED FOR RHETORIC 200 AND 201**

(28) The Urbana-Champaign Senate recommends that the University discontinue credit for Rhetoric 200 and 201 which are required courses following failure on the junior-year qualifying examination in English.

The Senate Coordinating Council has advised that no other Senate jurisdiction is involved. This change will become effective in September, 1961.

I concur.

On motion of Mr. Dilliard, this recommendation was approved.

**CERTIFICATE IN RUSSIAN LANGUAGE AND AREA STUDIES**

(29) The Urbana-Champaign Senate recommends authorization of a proposal from the College of Liberal Arts and Sciences, approved by the Executive Committee of the Graduate College, to grant a Certificate in Russian Language and Area Studies to students who have completed certain specified requirements.
The certificate, to be signed by the Director of the Center for Russian Language and Area Studies and the Dean of the Graduate College, is not the equivalent of a degree since the program of study may include work submitted in partial fulfillment of a master's degree or a doctor's degree, and may in some cases require less than one year of additional work. The certificate will state that the candidate, while enrolled in advanced studies in a major field, has satisfied requirements of an additional program and has been awarded the Certificate of Graduate Specialization in Russian Language and Area Studies.

The requirements are:

1. A good command of written and spoken Russian, as determined by special examinations.
2. At least six graduate units relating to Russia, distributed among at least three of the departments represented in the program (Anthropology, Economics, Geography, History, Political Science, Russian, and Sociology), in addition to the student's own major department.
3. A special essay based largely on Russian sources and to be, at the minimum, of the standard normally required in a master's thesis. (The student may submit, in fulfillment of this requirement, a copy of his master's thesis or doctoral dissertation.)

The Senate Coordinating Council had advised that no other Senate jurisdiction is involved.

I concur.

On motion of Mr. Harewood, this recommendation was approved.

MENTAL HEALTH CLINIC

(30) For many years the University has needed a clinical facility in the mental health field which would make it possible for a number of the departments at the Urbana campus to advance their research and teaching programs. Having such a facility available not only would strengthen the University's work but also advance the welfare of the people of the state. Research in the methods of treatment and re-education, as well as in the basic causes of mental disturbance, is a frontier in which the University is vitally concerned. Further, shortages of personnel in these fields can be met only with improved programs and facilities.

Over the years, because of the limitations upon resources, the University has not had the advantage of adequate facilities in this community for the work here described. A number of other universities have managed to procure direct appropriations or gifts for this kind of agency or clinical outlet. Urban institutions, of course, have access to their institutional neighbors.

The only possibility in the foreseeable future for the University to gain the kind of research and teaching outlet as would be provided by the facility described here would be in the program recently announced by Dr. Frances J. Gerty, Director of the State Department of Public Welfare.

The following departments are involved: Institute for Research on Exceptional Children (College of Education); graduate-training program in vocational rehabilitation (College of Education); Department of Psychology; especially its staff and graduate-training program in clinical psychology; training programs in speech and hearing disorders (Department of Speech and Theatre); Jane Adams Graduate School of Social Work, with its specialization in psychiatric social work; the University Health Services (Mental Health Division); Department of Sociology (interest in family and community conditions related to psychological disturbances and social disorganization); Department of Recreation (College of Physical Education), with a training program in recreational therapy.

As an indication of the importance and scope of graduate education in these fields at the University of Illinois, the United States Public Health Service currently provides training grants to several of these departments totaling more than $200,000 a year. These grants support fellowships for graduate students and salaries for professional staff, and funds for other operating costs. In addition, grants from this agency for research in mental health total more than $100,000 a year, and its representatives have already indicated interest in expanding such support very substantially if the new facility can be located here. The expansion would result immediately in improved service in the state clinic and should lead...
long-range improvement in methods of treatment that could be used throughout the state. Unless such improvement can be secured through research and through better-trained personnel, the staggering costs of mental disturbances will continue to mount, in Illinois as elsewhere.

I recommend that the Board of Trustees authorize the administrative officers of the University to negotiate with the Department of Public Welfare for the establishment on the Urbana-Champaign campus of a mental health clinic facility including authorization of an offer of a site in relation to the educational and research opportunities which would become formally a part of the University's program.

On motion of Mr. Swain, authority was granted, as requested.

That the resolution submitted herewith be adopted.

I concur.

Borough of Manhattan, City and State of New York, and when this bond or any
of the bonds of such authorized issue shall have been duly called for redemption,
interest thereon shall cease from and after the specified redemption date if
redemption moneys are available for the payment of all bonds called for
redemption.

authority of The Board of Trustees of the University of Illinois to issue and
sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of
Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory

the office of the Trustee in Chicago, Illinois, such registration to be noted on the
back hereof. After such registration no transfer hereof shall be valid unless
made on such books by the registered holder in person or by attorney duly
authorized in writing and similarly noted hereon, but this bond may be trans-
ferred in like manner to bearer, and thereupon transferability by delivery shall
be restored and it may again from time to time be registered or transferred to
bearer as before. Such registration, however, shall not restrict the negotiability
of the coupons hereto appertaining, but such coupons shall be transferable by
delivery merely and payable to the bearer hereof.

the case may be, free of any defenses enforceable against any prior holder and
free from all equities and claims of ownership of any such prior holder, and
The Board of Trustees of the University of Illinois, the Trustee, and any paying
agent may deem and treat the bearer of this bond, or, if registered, the person in
whose name it is registered, and the bearer of any interest coupons appertaining
hereto as the absolute owner hereof for all purposes and shall not be affected by
any notice to the contrary whether this bond or any coupon appertaining thereto
be overdue or not.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

This bond is one of an initial authorized issue of One Million Three Hundred Fifty Thousand Dollars ($1,350,000) principal amount of Student Services Building Bonds issued and to be issued pursuant to a Bond Resolution (herein called
"Resolution") of The Board of Trustees of the University of Illinois duly adopted May 17, 1961, for the purpose of providing funds for paying the cost of constructing and equipping a Student Services Building (herein sometimes called the "Project") as set forth in the Resolution. Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and when this bond or any of the bonds of this issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond shall pass by delivery unless it is registered as to principal in the name of the holder on the books of registration of said University kept at the office of the American National Bank and Trust Company of Chicago, or its successor, as Registration Agent in the City of Chicago, Illinois, such registration to be noted on the back hereof. After such registration no transfer hereof shall be valid unless made on such books by the registered holder in person or by attorney duly authorized in writing and similarly noted hereon, but this bond may be transferred in like manner to bearer, and thereafter transferability by delivery shall be restored and it may again from time to time be registered or transferred to bearer as before. The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the issue of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, student service charges and other charges for the use of said facilities and to maintain and collect rents and student service charges and other charges sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

Notice of redemption of any or all of said bonds shall be published once a week for two successive calendar weeks, the first such publication to be not less than thirty days prior to the date of redemption, such publication to be made in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois, and when this bond or any of the bonds of this issue shall have been duly called for redemption, interest thereon shall cease from and after the specified redemption date if redemption monies are available for the payment of all bonds called for redemption.

This bond and the issue of which it forms a part is issued under the authority of The Board of Trustees of the University of Illinois to issue and sell revenue bonds under the provisions of paragraphs 48.1 through 48.7 of Chapter 144 of the Illinois Revised Statutes, 1959, and all laws amendatory thereof and supplemental thereto and the Resolution above referred to.

This bond is payable, both as to principal and interest, only from the revenues required to be credited to the Student Services Building Bond Fund as provided in the Resolution; which revenues are to be derived from (1) the operation of the revenue producing facilities constructed, completed and equipped with the proceeds of this bond issue and (2) student service charges (as defined in the Resolution) for the use of the facilities. This bond and the issue of which it forms a part do not constitute an indebtedness of said University of Illinois, The Board of Trustees of the University of Illinois, or the State of Illinois within any constitutional or statutory limitation, and neither the taxing power nor the general credit of said University or said Board of Trustees, or the State of Illinois is pledged to the payment of this bond or the interest thereon.

Subject to the provisions for registration and transfer contained herein and in the Resolution, this bond and all other bonds of this issue shall have all of the qualities of negotiable instruments, and shall be transferable by the registered owner at the office of the American National Bank and Trust Company of Chicago, or its successor, as Registration Agent in the City of Chicago, Illinois, upon surrender and cancellation of this bond and thereupon coupon bonds or a new registered bond without coupons of the same principal amount, interest rate and maturity will be issued to the transferee as provided in the Resolution. The Board of Trustees of the University of Illinois, any paying agent, the Registration Agent and any other person may treat the person in whose name this bond is registered as the absolute owner hereof for the purpose of receiving payment and for all other purposes and shall not be affected by any notice to the contrary whether this bond be overdue or not.

The bonds of this issue are issuable as coupon bonds registrable as to principal only in the denomination of $1,000 and as registered bonds without coupons in the denomination of $1,000 or a multiple thereof. Each fully registered bond without coupons shall be of a single maturity. The coupon bonds and the registered bonds without coupons are interchangeable for bonds of the same interest rate and maturity upon presentation thereof for such purpose by the holder of
registered owner at the office of the Registration Agent in the City of Chicago, Illinois, and upon payment of charges and otherwise as provided in the Resolution.

The rights and obligations of the University and of the holders of the bonds may be modified or amended at any time with the consent of The Board of Trustees of the University of Illinois and of the holders of sixty-six and two-thirds per cent (66⅔%) in principal amount of outstanding bonds in the manner, to the extent, and upon the terms and conditions provided in the Resolution; provided that no such modification or amendment shall (i) extend the maturity of or reduce the interest rate on or otherwise alter or impair the obligation of the University to pay the principal, interest or redemption premiums at the time and place and at the rate and in the currency provided therein of any bond without the express consent of the holder or (ii) permit the creation of any mortgage or pledge or lien on the facilities, or upon any income therefrom or other funds pledged or held under the Resolution, except as permitted by the Resolution, other than the lien and pledge created thereunder or (iii) permit the creation by The Board of Trustees of the University of Illinois of any preference or priority of any bond or bonds over any other bond or bonds or coupon or coupons over any other coupon or coupons or (iv) reduce the percentage of principal amount of bonds required for the affirmative vote or written consent to an amendment or modification without the consent of the holder of this bond; all as more fully set forth in the Resolution.

The Board of Trustees of the University of Illinois hereby covenants with the holder of this bond that it will keep and perform all the covenants and agreements in the Resolution adopted by it, authorizing the issuance of this bond and the issue of which it forms a part, and hereby irrevocably obligates itself to administer the said income and revenue derived from the operation of said facilities, as provided for in and by said Resolution, and to establish from time to time rules, rents, student service charges and other charges for the use of said facilities and to maintain and collect rents and student service charges and other charges sufficient to pay the reasonable cost of operating and maintaining said facilities, and pay the principal of and interest upon all revenue bonds which by their terms are payable from such revenues, until all of such bonds have been paid in full, both as to principal and interest.

It is hereby certified and recited and declared that all acts, conditions, and things required to exist, to happen, and to be performed, precedent to and in the issuance of this bond, have existed, have happened, and have been performed in due form, time, and manner, as required by law and the applicable resolutions of The Board of Trustees of the University of Illinois, and that provision has been made for setting aside the income and revenue to be derived from the operation of said facilities to be applied in the manner hereinabove set forth.

IN WITNESS WHEREOF, The Board of Trustees of the University of Illinois has caused this bond to be executed by the facsimile signature of its President and two of its members, the corporate seal of the University of Illinois to be hereto affixed (or a facsimile thereof to be reproduced hereon), and attested by its Secretary, and this bond to be dated as of the 1st day of

same on the books of Registration of the University, with full power of sub-
sitution in the premises.

Dated: .................................................................

Witness: .................................................................

**NOTE:** The signature to this Assignment must correspond with the name as
written on the face of the within bond in every particular, without
alteration or enlargement or any change whatsoever except when the
registered owner is a governmental agency, in which case it may be
executed in the name of any successor.

**SECTION 2.06. Execution of Bonds.** All of the Bonds shall be executed by the
facsimile signatures of the President and any two members of the Board of
Trustees and shall have the seal of the University affixed thereto (or a facsimile
thereof to be reproduced thereon) and shall be attested by the Secretary of the
Board of Trustees, and the coupons to be attached to the Bonds shall bear the fac-
simile signatures of the President and Secretary of the Board of Trustees.

In case any person who shall have signed, sealed or attested any Bond
issuable under this Resolution as an officer or member of the Board of Trustees
shall have ceased to be such officer or member before the Bond so signed, sealed
or attested shall have been actually delivered, such Bond nevertheless may be
delivered and issued as though the person who signed, sealed or attested such
Bond had not ceased to be such officer or member of the Board of Trustees.

Any Bond issuable hereunder may be signed, sealed or attested on behalf
of the Board of Trustees by any person who at the actual date of execution of
such Bond is the proper person, although at the date of such Bond such person
shall not have been an officer or member of the Board of Trustees.

**SECTION 2.07. Registration and Transfer of Bonds.** The University shall keep
at the office of the Registration Agent in Chicago, Illinois, books for the registra-
tion and transfer of Bonds issued hereunder, which, at all reasonable times,
shall be open for inspection by the holder of any Bond issued hereunder, and upon
presentation for the purpose at such office, the University will register or transfer
or cause to be registered or transferred herein, and under
such reasonable regulations as it may prescribe, any Bonds issued under this
Resolution and entitled to be so registered or transferred.

The holder of any coupon Bond issued hereunder may have the ownership
of the principal thereof registered on said books of the University at the office
of the Registration Agent in Chicago, Illinois, and such registration shall be noted
on the Bond. After such registration no transfer shall be valid unless made on the
said books by the registered owner in person, or by his duly authorized attorney;
and similarly noted on the Bond; but the same may be discharged from registra-
tion by being in like manner transferred to bearer, and thereafter transferability
by delivery shall be restored; and such Bond may again, from time to time be
registered or transferred to bearer as before. Such registration, however, shall
not affect the transferability of the coupons, but every such coupon shall con-
tinue to be transferable by delivery merely, and shall remain payable to bearer.
The University shall make no charge for such registrations and discharges from
registration.

Any registered Bond without coupons may be transferred at the office of the
Registration Agent in the City of Chicago, Illinois, by surrender of such Bond for
cancellation, accompanied by delivery of a written instrument of transfer in form
approved by the Comptroller, duly executed by the registered owner of such Bond
or his duly authorized attorney, and thereupon the University shall issue in the
name of the transferee or transferees a new registered Bond or Bonds of like
form and maturity and for a like aggregate principal sum.

A registered Bond without coupons, upon request of the registered owner,
may be exchanged at said office of the Registration Agent for several such Bonds
of like form and maturity but of lesser authorized denominations, in the same
name and for a like aggregate principal sum, and several registered Bonds without
coupons, in the same name, may, upon request of the registered owner, be
exchanged at such office or agency for one registered Bond without coupons of
several such Bonds, of like form and maturity, but of greater authorized denomi-
nations and for the same aggregate principal sum.

Whenever any coupon Bonds in aggregate principal amount equal to one of
more registered Bonds without coupons of authorized denominations, with all unmatured coupons thereto attached, shall be surrendered at such office for exchange for a registered Bond or Bonds without coupons, the University shall issue, and, in exchange for such coupon Bonds, shall deliver registered Bonds, or one registered Bond, of authorized denominations without coupons, of the same maturity and for a like aggregate principal sum.

Whenever any registered Bond without coupons shall be surrendered for cancellation, accompanied by delivery of a written instrument of transfer in a form approved by the Comptroller, duly executed by the registered owner of such Bond or his duly authorized attorney, at the office of the Registration Agent in the City of Chicago, Illinois, for exchange for coupon Bonds, the University shall issue, and, in exchange for such registered Bond, shall deliver coupon Bonds for a like aggregate principal sum and like maturity, with coupons thereto attached representing interest from the interest payment date on which interest was last paid on such registered Bond without coupons.

As to all registered Bonds without coupons and all coupon Bonds registered as to principal, the person in whose name the same shall be registered shall be deemed and regarded as the owner thereof, for all purposes, and thereafter payment of or on account of the principal of such Bond, if it be a registered coupon Bond, and of the principal and interest, if it be a registered Bond without coupons, shall be made only to such registered owner thereof but such registration may be changed as provided. All such payments shall be valid and effectual to satisfy and discharge the liability upon such Bonds to the extent of the sum or sums so paid. The University may deem and treat the bearer of any coupon Bond which shall not at the time be registered as to principal, and the bearer of any coupon for interest on such Bond, whether such Bond shall be registered or not, as the absolute owner of such Bond or coupon for the purpose of receiving payment thereof, and for all other purposes whatsoever, and the University shall not be affected by any notice to the contrary whether the Bond or coupon be overdue or not.

In every case of exchange or transfer of Bonds under this Section, the surrendered Bond or Bonds shall be presented to the University for cancellation. Upon every such exchange of coupon Bonds for registered Bonds, without coupons, or of registered Bonds without coupons for coupon Bonds or for other registered Bonds without coupons, and upon any transfer of registered Bonds without coupons, the University, except as otherwise provided in any agreement between the University and any original purchaser of Bonds, may require the payment of such charge therefor as it may deem proper, not exceeding Two Dollars ($2.00) plus actual expenses, including printing costs of new bonds and fees of the Registration Agent incurred in connection therewith for each Bond issued upon such exchange, payment of which, together with any taxes or other governmental charges required to be paid with respect to such exchange or transfer, shall be made by the party requesting such exchange or transfer as a condition precedent thereto.

The University shall not be required to make exchanges or transfers of bonds as provided in this Section 2.07 during a period of ten (10) days next preceding any interest payment date, or for the period of ten (10) days next preceding the first publication of notice of redemption of any Bond or at any time of any Bonds which have theretofore been duly called for redemption.

SECTION 2.08. Lost, Stolen, Destroyed or Mutilated Bonds. Upon the receipt by the University of evidence satisfactory to it of the loss, theft, destruction or mutilation of any outstanding Bond hereby secured, and of indemnity satisfactory to it, and upon surrender and cancellation of such Bond if mutilated, the University may execute and deliver, upon the lapse of such period of time as they may deem advisable, a new Bond of like tenor and maturity bearing the same or a different serial number, to be issued in lieu of such lost, stolen, destroyed or mutilated Bond. Such new Bond may bear such endorsement as may be prescribed by the University and which at the time is necessary to conform to the requirements of any securities exchange or of any governmental body having jurisdiction. The University may require the payment of a sum not exceeding Two Dollars ($2.00) for each new Bond issued under this Section 2.08, plus expenses, including printing costs of new bonds, which may be incurred by the University in the premises.
SECTION 2.09. Registration Agent. The American National Bank and Trust Company of Chicago, or its successor, in the City of Chicago, Illinois, is hereby appointed as the Registration Agent for the purpose of registering, transferring and exchanging the Bonds as in this Resolution provided and the University agrees to take all legal action necessary or proper to constitute said bank as the Registration Agent hereunder.

ARTICLE THREE

REDEMPTION OF BONDS

SECTION 3.01. Publication of Notice. Whenever the University shall determine to exercise its right to redeem any Bonds issued hereunder and by their terms subject to redemption, notice of such redemption shall be published by the University in one daily newspaper printed in the English language and published and of general circulation in the City of Chicago, Illinois not less than 30 days prior to such redemption date. Such notice shall (a) designate the time and place of such redemption; (b) if the Bonds to be redeemed are less than all of the Bonds of any maturity, designate the numbers, the maturity date or dates and the aggregate principal amount of such Bonds; and (c) state that on the designated date of redemption such Bonds will be redeemed by payment of the principal amount thereof (or for the portion thereof to be redeemed) and all unpaid interest accrued theretoe to the date of redemption plus the applicable premium, if any, and that from and after such designated redemption date interest in respect of the Bonds (or portions thereof) so called for redemption shall cease. A copy of said notice shall be mailed by the University, postage prepaid, at least 30 days prior to the redemption date to all registered owners of Bonds so to be redeemed at their last addresses appearing on the registration books of the University, but such mailing shall not be a condition precedent to the validity of the redemption of any Bond.

In case any fully registered Bonds are to be redeemed in part only, said notice shall specify the respective portions of the principal amounts thereof to be redeemed (which shall be $1,000 or any multiple thereof) and shall state that payment of the redemption price shall, except as hereinafter specifically provided, be made only upon presentation of such fully registered Bonds for surrender in exchange for a coupon Bond or Bonds of the same maturity, of authorized denominations in aggregate principal amount equal to the unredeemed portion of the principal amount thereof; and in such case, if coupon Bonds or fully registered Bonds are so to be delivered in exchange, the University shall execute and deliver to or upon the written order of the registered owner of any fully registered Bond, a portion only of which is to be redeemed and at the expense of the University, a new Bond or Bonds of the same maturity for the principal amount of the surrendered fully registered Bond less the principal amount thereof paid on surrender.

In the event of the payment of a portion of the principal amount of any fully registered Bond registered in the name of any holder for the benefit of whom University shall elect that the provisions of this paragraph shall be applicable thereto (which election shall be subject to the condition that such holder shall first agree not to make any sale or transfer of any Bond or Bonds registered in its name without presentation of such Bond or Bonds for transfer and exchange), then in such event the University shall make payment to such Bond holder without requiring presentation of such Bond and, in lieu of delivering a new Bond or Bonds of an aggregate principal amount equal to the unredeemed portion of the principal amount of such Bond, the University shall, in its letter transmitting payment to such Bond holder, instruct such holder to endorse such payment on such Bond and a written representation from such holder to the University that such payment has been so endorsed shall be conclusive evidence of such endorsement and payment.

SECTION 3.02. Selection of Bonds for Redemption. In case the University shall have elected to redeem less than all of the outstanding Bonds of a single maturity, the Bonds to be redeemed shall be selected by lot except as herein otherwise expressly provided. In each such instance the University shall, at least five days before the date upon which the first publication of the notice of redemption hereinafter mentioned is required to be made, draw by lot, from the outstanding Bonds of such maturity, in any manner deemed by it proper, the ident
flying numbers of the Bonds to be redeemed. In any such selection by lot each Bond of a denomination in excess of $1,000 shall be given a separate number for each $1,000 of the principal amount thereof.

Section 3.03. Deposit of Funds for Redemption. Said notice having been given, as above provided, the Bonds designated for redemption shall, on the date specified in such notice, become due and payable, at the then applicable redemption price, and on or before the day preceding the date fixed for redemption the University shall deposit with the American National Bank and Trust Company of Chicago as depository, the redemption price of the Bonds called for redemption and accrued interest thereon to the date fixed for redemption. Upon such deposit having been made and on presentation, if required, of such Bonds in accordance with such notice at the place at which the same are expressed in such notice to be redeemable, with all appertaining coupons, if any, maturing after said redemption date, such Bonds shall forthwith after the making of such deposit be paid by the depository, on behalf of the University, at such redemption price. Such payment of the redemption price shall be made to the bearer of any such Bonds, unless it shall then be registered, in which case such payment shall be made to the registered owner. All unpaid interest installments represented by coupons which shall have matured on or prior to the date of redemption specified in such notice, shall continue to be payable to the bearers, severally and respectively, and the redemption price payable to the holders of Bonds presented for redemption shall not include such unpaid installments of interest unless coupons representing such installments shall be attached to the Bonds presented for redemption.

Section 3.04. Effect of Redemption. If the amount necessary to redeem all of the Bonds called for redemption as aforesaid shall have been deposited with the paying agent, for the account of the holder or holders of such Bonds on or before the day preceding the date specified for such redemption, and the notice hereinbefore mentioned shall have been duly given, and all charges and expenses of the paying agent in connection with such redemption, or otherwise hereunder, shall have been fully paid or provided for, the University shall be privileged to consider such Bonds redeemed from the holder or holders thereof, and interest on such Bonds shall cease on the date specified for such redemption, and the University shall thereafter (subject to the provisions of Article Ten hereof) be discharged from and after the redemption date specified in such notice from further liability in respect of the Bonds so called for redemption, and thereafter such Bonds shall not be entitled to any benefit of or from this Resolution. In case any question shall arise as to whether any such notice shall have been sufficiently given, or such redemption effected, such question shall be decided by the paying agent, and the decision of the paying agent shall be final and binding upon all parties in interest. No holder of any Bond shall be entitled to any interest on money deposited for the redemption of Bonds.

Section 3.05. Cancellation of Bonds. All Bonds redeemed and paid, as provided in this Article, shall, together with all coupons appertaining thereto, if any, be cancelled by the University and no Bonds or coupons so redeemed shall be reissued, nor shall any Bonds or coupons be issued in lieu thereof.

ARTICLE FOUR
ISSUANCE OF BONDS

Section 4.01. Issuance of Initial Bonds. Bonds in the principal amount of One Million Three Hundred Fifty Thousand Dollars ($1,350,000) shall be executed on behalf of the Board of Trustees and delivered to or upon the written order of the Comptroller.

Section 4.02. Issuance of Additional Bonds. After the issue and delivery of the Bonds herein authorized and provided for to the purchaser thereof, additional Bonds to share ratably and equally with the Bonds hereby authorized shall only be issued in the event that additional funds are necessary to pay the cost of completing the Project herein provided for in accordance with the plans and specifications now on file in the office of the Physical Plant Department, Administration Building, Urbana, Illinois, and in the event additional funds are necessary to pay the cost of completing the Project herein provided for, said Bonds shall not be issued until such time as the architects employed by the University for
the construction of said facilities have submitted a certificate to The Board of
Trustees of the University of Illinois setting forth an itemized statement of the
work completed to date, the cost thereof, and an itemized statement of the work
yet to be completed and the estimated cost of the work to be completed, and such
certificate and estimate shall be presented to and approved by said Board of Trus­
tees preceding the adoption of any resolution authorizing the issuance of additional
Bonds to share ratably and equally in the revenues of said facilities. Any addi­
tional Bonds issued for the purpose of completing the Project herein provided
for, in accordance with this Section, shall be payable serially with principal and
interest amortized over a period not shorter than the remaining life of any of the
then outstanding Bonds.

ARTICLE FIVE

PROVISIONS RELATING TO INCOME AND APPLICATION THEREOF

SECTION 5.01. Student Services Building Bond Fund. All revenues derived
from the following sources are hereby pledged and shall be held in trust for the
benefit of the Bond holders for the purpose of making the payments or deposits
required to be made under subsections (a), (b) and (c) of Section 5.02 of this
Resolution:

(1) the operation of the Project, and

(2) student service charges;

and such revenues shall be deposited as collected in a general banking account
of the University to the credit of a special fund which is hereby created and
designated as the “Student Services Building Bond Fund” and the Board of
Trustees covenants that all student service charges and other revenues, income,
receipts, rents or charges derived from the operation of such facilities shall be
so credited within three working days after receipt in the Student Services
Building Bond Fund and shall be used as provided in Section 5.02 hereof.

SECTION 5.02. Disposition of Student Services Building Bond Fund. The
funds in the Student Services Building Bond Fund shall be used in the manner
and in the order hereinafter mentioned:

(a) Funds in the Student Services Building Bond Fund representing
revenues derived from student service charges and funds representing revenues
derived from sources other than student service charges, if any, shall first
be used to pay all current operating expenses and thereafter for the purposes
and in the order specified in subsections (b) and (c) below.

(b) There is hereby created an account to be designated the Student
Services Building Bond and Interest Sinking Fund Account (herein some­
times called the “Bond and Interest Sinking Fund Account”), which shall be
maintained with the American National Bank and Trust Company of Chi­
cago, or its successor, in the City of Chicago, Illinois, which bank is hereby
designated as the depository for said account. The University shall deposit
in said Bond and Interest Sinking Fund Account on or before March 1,
1963 and on or before March 1 and September 1 of each year thereafter a
sum equal to one hundred thirty-five per cent (135%) of the interest becom­
ing due on the next semiannual interest payment date plus sixty-seven and
one half per cent (671/2%) of the principal payments becoming due on the
next October 1, to be paid from the Student Services Building Bond Fund
until such time as such funds and investments (valued at the lower of cost
or market), and the income and profits realized from any investments thereon,
are at least equal to the debt service requirements on all then outstanding
Bonds for the then current fiscal year plus a debt service reserve in the
amount of $200,000 and thereafter in a like manner such sums semiannually
as may be necessary to meet the then current fiscal year’s debt service re­
quirements and to maintain the aforesaid debt service reserve. Said funds
shall be held and used for the payment of principal, interest and premium, if
any, on the Bonds.

After setting aside funds for the payment of Bonds which have matured
and for past due interest or interest coupons and for principal, accrued interest
and premium, if any, on Bonds called for redemption but not paid, funds of
the Bond and Interest Sinking Fund Account in excess of the principal and
interest requirements for the next succeeding twelve (12) months may be
invested by the depository from time to time by written order of the Comptroller in United States Government securities maturing not more than five (5) years from date of purchase. Funds held for interest and principal payments during the next succeeding twelve (12) months (excluding funds held for the payment of Bonds which have matured and for past due interest or interest coupons and for principal, accrued interest and premium, if any, on Bonds called for redemption but not paid) may be invested by the depository from time to time by written order of the Comptroller in United States Government securities maturing in such manner that at all times sufficient securities will mature not later than ten (10) days prior to each of the next two succeeding interest payment dates to meet the interest and principal payments becoming due on each of said dates.

(c) All funds remaining in said Student Services Building Bond Fund in any fiscal year after the full debt service reserve prescribed in subsection (b) of this Section has been provided for and after all provisions in subsections (a) and (b) of this Section have been met and all deficiencies have been made up, shall be deemed surplus moneys and shall be used for any of the following purposes: (1) for calling and redeeming the outstanding Bonds, which by their terms are redeemable prior to maturity; (2) for purchasing Bonds in the open market, with all unmatured interest coupons thereto attached at the lowest prices reasonably attainable, but not exceeding the amount at which such Bonds at the time are redeemable; (3) for investment by the Comptroller in United States Government securities until such time as funds are needed for other purposes; (4) for unusual or extraordinary repairs, replacements or improvements to the facilities, for which no funds can be properly provided for in subsection (a) above; and (5) for any lawful purpose as the Board of Trustees may direct.

SECTION 6.01. Custody and Application of Bond Proceeds. The proceeds from the sale of Bonds to be issued hereunder shall be applied only toward the cost of acquiring, constructing, equipping, enlarging, or improving facilities, all as hereinbefore provided. When received, the part of the purchase price of Bonds representing the interest accrued on Bonds to the date of payment of such purchase price, together with that portion of the proceeds of the Bonds representing interest to become due on such Bonds prior to and including October 1, 1962, shall be deposited in the Bond and Interest Sinking Fund Account. The remaining part of such purchase price shall be retained by the University and accounted for as a separate fund to be known as the "Student Services Building Construction Fund Account," herein sometimes called "Construction Fund Account." The moneys in said Construction Fund Account shall be used for constructing and equipping the Student Services Building in such a manner as to assure completion of the project free and clear of mechanic's liens and substantially in accordance with the plans and specifications therefor.

SECTION 7.05. Payment of Bondholders' Costs and Expenses. (c) Failure to make due and punctual payment or satisfaction of any payment into the Bond and Interest Sinking Fund Account when and as such payments shall become due and payable as in this Resolution or any resolution supplemental hereto expressed and such default shall have continued for a period of one hundred eighty (180) days;

(d) If the University shall default in the observance of any other covenants, agreements or conditions on its part in this Resolution or any resolution supplemental hereto or in the Bonds contained, and such default shall have continued for a period of ninety (90) days after notice thereof given to the University by the holder of any Bond setting forth the nature of such default.

If an event of default shall happen and be continuing, then and in each and every such case the holders of not less than a majority in aggregate principal amount of the Bonds at the time outstanding shall be entitled, upon notice in writing to the University, to declare the principal of all of the Bonds then outstanding hereunder and the interest accrued thereon to be due and payable immediately, and upon any such declaration the same shall become and shall be immediately due and payable, anything in this Resolution or in the Bonds contained to the contrary notwithstanding:

First, to the payment of the costs and expenses of the holders of the Bonds in declaring such event of default, including reasonable compensation to their agents, attorneys and counsel;

Subject to any contractual limitations binding upon the holders of any of the Bonds (including any other limitations herein upon the exercise of any remedy to holders holding a specific proportion or percentage of the Bonds), any holder of Bonds shall have the right, for the equal benefit and protection of all holders of Bonds similarly situated:

(a) By suit at law or proceedings in equity to compel observance by the University or by any of its officers, agents, and employees of any contract or covenant made by the University with the holders of bonds and coupons as provided in this Resolution, and to compel the University and any of its officers, agents and employees, to perform any duties required to be performed for the benefit of the holders of the Bonds or coupons as provided by this Resolution, and to enjoin the University and any of its officers, agents or employees from taking any action in conflict with any contract or covenant with the holders of the Bonds and coupons as provided by this Resolution;

(c) By action or suit in equity to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of Bonds.

No remedy conferred hereby upon any holder of Bonds is intended to be exclusive of any other remedy, but each such remedy is cumulative and in addition to every other remedy and may be exercised without exhausting and without regard to any other remedy conferred hereby.' No waiver of any default or breach of duty or contract by the holder of any Bond shall extend to or shall affect any subsequent defaults or breach of duty or contract or shall impair any rights or remedies thereon. No delay or omission of the holder of any Bond to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver of any such default or acquiescence therein. Every substantive right and every remedy conferred upon the holders of Bonds may be enforced and exercised from time to time and as often as may be deemed expedient. In case any suit, action or proceeding to enforce any right or exercise any remedy shall be brought or taken and then discontinued or abandoned, or shall be determined adversely to the holders of Bonds, then, and in every such case, the University and the holders of Bonds shall be restored to their former positions and rights and remedies as if no such suit, action or proceeding had been brought or taken.

SECTION 9.02. Bond Holders' Meetings. The University may at any time call a meeting of the holders of Bonds. Every such meeting shall be held at such place in the City of Chicago, State of Illinois, as may be specified in the notice calling such meeting. Written notice of such meeting, stating the place and time of the meeting and in general terms the business to be submitted, shall be given by the University to the holders of all Bonds outstanding hereunder by registered or certified mail, postage prepaid, not less than thirty (30) nor more than sixty (60) days before such meeting, to each registered owner of Bonds then outstanding, at his address, appearing upon the books of registration, and in the event there shall then be outstanding any coupon Bonds which shall not be registered as to principal such notice shall also be published by the University at least once a week for two (2) successive weeks in a daily newspaper published in the English language and having a general circulation in the City of Chicago, State of Illinois, the first publication to be not less than thirty (30) nor more than sixty (60) days prior to the meeting; provided, however, that in any case where publication shall be required as hereinbefore set forth the mailing of such notice shall in no case be a condition precedent to the validity of any action taken at any such meeting.
SECTION 9.03. Attendance in Person or by Proxy. Attendance and voting by Bond holders at such meeting may be in person or by proxy. Owners of registered Bonds may, by an instrument in writing under their hands, appoint any person as their proxy to vote at any meeting for them.

In order that holders of Bonds payable to bearer or their proxies may attend and vote without producing their Bonds, the University may make and from time to time vary such regulations as it shall think proper for the deposit of Bonds with, or exhibit of Bonds to, any banks or trust companies wherever situated, and for the issue by them, to the persons depositing or exhibiting such Bonds, of certificates in form approved by the University which shall constitute proof of ownership entitling the holders thereof to be present and vote at any such meeting and to appoint proxies to represent them and vote for them at any such meeting in the same way as if the persons so present and voting, either personally or by proxy, were the actual bearers of the Bonds in respect of which such certificates shall have been issued, and any regulations so made shall be binding and effective. Copies of such regulations shall be kept on file in the offices of the paying agent in Chicago, Illinois, and the Secretary of the University.

Any registered owner of Bonds or any holder of a certificate provided for in this Section 9.03 shall be entitled in person or by proxy to attend and vote at such meeting as holder of the Bonds registered or certified in his name, without producing such Bonds. A copy of such resolution, together with a request of the University to Bond holders for their consent thereto, shall be mailed by the University to each registered owner of Bonds and notice of the adoption thereof shall be published in the manner provided in Section 9.02 for the mailing and publication referred to in that Section (but failure to mail copies of such resolution and request shall not affect the validity of the resolution when assented to as in this Section provided). Such resolution shall not be effective unless and until there shall have been filed with the University the written consents of the percentage of holders of outstanding Bonds specified in Section 9.01. Each such consent shall be effective only if accompanied by proof of ownership of the Bonds for which such consent is given, which proof shall be such as is permitted by Section 9.03. Any such consent shall be binding upon the holder of the Bonds giving such consent and on any subsequent holder of such Bonds (whether or not such subsequent holder has notice thereof).

SECTION 9.05. Supplemental Resolutions or Amendments Without Consent of Bond Holders. The Board of Trustees may from time to time and at any time, subject to the conditions and restrictions in this Resolution contained, but without requiring the consent of the holders of any of the Bonds, adopt a resolution or resolutions supplemental hereto, which shall thereafter form a part hereof for any one or more or all of the following purposes:

(a) To add to the covenants and agreements of the University in this Resolution contained, other covenants and agreements thereafter to be observed and/or to surrender any right or power herein reserved to or conferred on the Board of Trustees; and

by endorsement or otherwise in form approved by the University as to such action, and in that case upon demand of the holder of any Bond outstanding at such effective date and presentation of his Bond for the purpose at the office of the Comptroller of the University a suitable notation shall be made on such Bond by the University as to any such action. If the University shall so determine, new Bonds so modified as to conform to such action shall be prepared and delivered, and upon demand of the holder of any Bond then outstanding shall be exchanged at the office of the Comptroller of the University, without cost to any Bond holder, for Bonds then outstanding, upon surrender of such Bonds with all unmatured coupons, if any, appertaining thereto.

Section 9.07. Exclusion of Bonds. Bonds owned or held by or for the account of the University shall not be deemed outstanding for the purpose of any vote or consent or other action or any calculation of outstanding Bonds in this Article provided for, and shall not be entitled to vote or consent or take any other action in this Article provided for.

Nothing in this Resolution, expressed or implied, is intended or shall be construed to confer upon, or to give to, any person, firm or corporation other than the University and the holders of the Bonds and of the coupons outstanding, any right, remedy or claim under or by reason of this Resolution, and any covenants, stipulations, promises and agreements in this Resolution contained by and on behalf of the University shall be for the sole and exclusive benefit of the University and of the holders of Bonds and of the coupons outstanding.

Section 10.02. Successor Is Deemed Included in All References to Predecessor. Whenever in this Resolution or any resolution supplemental hereto either the University or the paying agent is named or referred to, such reference shall be deemed to include the successors or assigns thereof, and all the covenants and agreements in this Resolution contained by or on behalf of the University shall bind and inure to the benefit of the respective successors and assigns thereof whether so expressed or not.

Section 10.03. Discharge of Resolution. If all of the outstanding Bonds shall have matured, or shall have been duly called for redemption and the redemption date thereof shall have arrived, and if the University shall have deposited with the depository in trust, funds pursuant to this Resolution sufficient to pay and available for the payment of all amounts due on all Bonds then outstanding, including all principal, interest and redemption premiums, if any, and provision shall also be made for paying all other sums payable hereunder by the University, then, notwithstanding that any Bonds or interest coupons shall not have been surrendered for payment, the pledge of the income provided for in this Resolution and all other obligations of the University under this Resolution shall cease and terminate except as hereinafter in the next succeeding paragraph provided.

Any such funds held by the depository which have not been disbursed in the payment of Bonds and interest as aforesaid during the period of ten (10) years after the deposit referred to in the foregoing paragraph, shall be repaid to the University by the paying agent on written request of the University together with the schedule of the Bonds not paid or redeemed and thereupon the holder of any of the Bonds or coupons entitled to receive such payments, shall thereafter look only to the University for the payment thereof; provided, however, that the depository before being required to make such repayment, shall at the expense of the University, effect publication once a week for two successive weeks in a daily newspaper published in the English language, and having a general circulation in the City of Chicago, State of Illinois, a notice to the effect that said moneys have not been so applied and that after a date named in said notice, any unclaimed balance of said moneys then remaining will be refunded to the University.

thereof shall have been deposited with the depository, as trust funds, and are
available for payments of such Bond or coupon upon demand.

SECTION 10.04. Execution of Documents by Bond Holders. Any request,
declaration or other instrument which this Resolution may require or permit to
be signed and executed by Bond holders may be in one or more instruments of
similar tenor, and shall be signed or executed by Bond holders in person or by
their attorneys-in-fact appointed in writing.

Except as otherwise herein expressly provided, the fact and date of the
execution by any Bond holder or his attorney-in-fact of such request, declaration
or other instrument or writing appointing such attorney-in-fact may be proved
by the certificate of any notary public or other officer authorized to take acknowl-
edgments of deeds to be recorded in the State in which he purports to act, that
the person signing such request, declaration or other instrument or writing
acknowledged to him the execution thereof, or by an affidavit of a witness of
such execution, duly sworn to before such notary public or other officer.

Except as otherwise herein expressly provided in this Resolution, the amount
of Bonds transferable by delivery held by any person executing such request,
declaration or other instrument or writing as a Bond holder, and the numbers
thereof, and the date of his holding such Bonds, may be proved by a certificate,
which need not be acknowledged or verified, satisfactory to the University,
executed by a trust company, bank, investment banker, dealer, broker or other
depository wherever situated, showing that at the date therein mentioned such
person exhibited to or had on deposit with such depository the Bonds described
in such certificate. Continued ownership after the date of deposit stated in such
certificate may be proved by the presentation of such certificate if the certificate
contains a statement by the depository that the Bonds therein referred to are in
fact held on deposit by such depository and will not be surrendered without the
surrender of the certificate to the depository. The University may nevertheless
in its discretion require further or other proof in cases where it deems the same
desirable. The ownership of registered Bonds and the amount, maturity, number
and date of holding the same shall be proved by the registry books.

Any request, declaration or other instrument or writing of the owner of
any Bond shall bind all future owners of such Bond in respect of anything done
or suffered to be done by the University hereunder in good faith and in accord-
ance therewith.

SECTION 10.05. Waiver of Personal Liability. No officer, agent or employee
of the University shall be individually or personally liable for the payment of
the principal of or interest on the Bonds; but nothing herein contained shall
relieve any such officer, agent or employee from the performance of any official
duty provided by law.

SECTION 10.06. Official Publication. Any publication to be made under the
provisions of this Resolution in successive weeks may be made in each instance
upon any business day of the week and need not be made on the same day of any
succeeding week nor in the same newspaper for any or all of the successive
publications, but may be made in different newspapers.

SECTION 10.07. Partial Invalidity. If any one or more of the covenants or
agreements, or portions thereof, provided in this Resolution should be contrary
to law, then such covenant or covenants, such agreement or agreements or such
portions thereof, shall be null and void and shall be deemed separable from the
remaining covenants and agreements or portions thereof and shall in no way
affect the validity of this Resolution or of the Bonds.

SECTION 10.08. Headings and Index. Any headings preceding the texts of
the several articles hereof and any table of contents appended to copies herof
shall be solely for convenience of reference and shall not constitute a part of this
Resolution, nor shall they affect its meaning, construction or effect.

SECTION 10.09. Covenants Not to Be Deemed Covenants of Any Present or
Future Officer, Agent or Employee of University. All covenants, stipulations,
obligations and agreements of the University contained in this Resolution shall
be deemed to be covenants, stipulations, obligations and agreements of the Uni-
versity to the full extent authorized by law and permitted by the Constitution
of the State of Illinois, and no covenants, stipulations, obligations or agreements
contained herein shall be deemed to be a covenant, stipulation, obligation or agreement of any present or future officer, agent or employee of the University in his individual capacity, and no officer executing the Bonds shall be liable personally on the Bonds or be subject to any personal liability or accountability by reason of the issue thereof. No officer, agent or employee of the University shall incur any personal liability in acting or proceeding or in not acting or not proceeding in good faith, reasonably and in accordance with the terms of this Resolution and applicable law.

DESIGNS OF NEW BUILDINGS

At this point, the President of the University requested the Board to examine the designs of the new buildings for the Colleges of Education and Commerce and Business Administration. The designs, including floor plans and scale models, were presented by Mr. C. S. Havens, Director of the Physical Plant, Mr. E. L. Stouffer, University Architect, and Mr. A. Richard Williams of the firm of Lundeen and Hilfinger, architects for these buildings.

Following these presentations and discussion, on motion of Mrs. Watkins, the Board approved the designs.

JUNE MEETING

Under the By-Laws of the Board, the next meeting of the Board is scheduled to be held on Wednesday, June 21, 1961. It was the consensus of the Board that this meeting be held in Urbana, at an hour
and place to be determined by the President and Secretary of the Board.

EXECUTIVE SESSION AND RECESS

On motion of Mrs. Watkins, an executive session was ordered, to be held in the afternoon, for consideration of recommendations relating to land acquisitions, patentable inventions, and appointments of personnel.

On motion of Mr. Swain, the Board recessed.

When the Board reconvened in executive session, the same members of the Board and officers of the University were present as recorded at the beginning of these minutes. The Board considered the following reports and recommendations:

RECOMMENDATIONS OF THE UNIVERSITY PATENT COMMITTEE

(1) The University Patent Committee submits, with the concurrence of the Chairman of the University Research Board, the following recommendations relating to inventions by members of the staff.

1. Logarithmically periodic zig-zag antenna — Paul E. Mayes, Associate Professor of Electrical Engineering, inventor. This antenna is a simple structure composed of elements made from conductors bent in a logarithmically periodic manner. The operation of the antenna is virtually independent of frequency. Because of possible commercial value, it is recommended that this invention be released to the University of Illinois Foundation with due recognition of the contractual rights of the United States Air Force, the sponsoring agent.

2. Preparation of phosphonitrilic isothiocyanates and their derivatives — Ludwig F. Audrieth, Professor of Chemistry, and Rigobert J. A. Otto, formerly Research Assistant in Chemistry and Chemical Engineering, inventors. This is a novel procedure leading to new compositions of matter with possible usefulness as biologically active materials. Because of possible commercial value, it is recommended that the rights of the invention be released to the University of Illinois Foundation with due recognition of the contractual rights of the United States Air Force, the sponsoring agent.

3. Counting layer — Lars E. Lofgren, Visiting Research Assistant Professor of Electrical Engineering, inventor. The purpose of the invention is to meet with the requirements of constructing a device that counts the number of disconnected objects, may it be bacterial cultures, blood cells or aircraft formations, and so forth, being projected on the sensory layer of the device, such that the desired number is generated instantaneously. The University of Illinois Foundation reported that there is little likelihood of commercial value in this invention, and therefore, it is recommended that the rights be released to the inventor with due recognition of the contractual obligations of the University to the United States Navy, the sponsoring agent, and that, if the inventor does not wish to apply for a patent, all rights of the University be released to the United States Navy.

4. Pulse amplifier with variable controlled facilitation or gain — Murray L. Babcock, Assistant Professor of Electrical Engineering, inventor. This is a amplifier whose gain is dependent upon the total number of pulses which have been active at its inputs; that is, the gain of the amplifier is dependent upon the history of its pulse inputs. The University of Illinois Foundation reported that there is little likelihood of commercial value in this invention; and therefore, it is recommended that the rights be released to the inventor with due recognition of the contractual obligations of the University to the United States Navy, the sponsoring agent, and that, if the inventor does not wish to apply for a patent, all rights of the University be released to the United States Navy.

I concur in these recommendations.

On motion of Mr. Clement, these recommendations were approved.
APPOINTMENT OF DIRECTOR OF NONACADEMIC PERSONNEL

(2) A search committee charged with the responsibility of recommending a successor to Mr. Donald E. Dickason as Director of Nonacademic Personnel at the University of Illinois, and as Director of the University Civil Service System of Illinois, who will retire from active service on September 1, 1961, has submitted its report. The committee recommends the appointment of Dr. Arlyn C. Marks, presently Director of University Personnel Services at the State University of Iowa, to this dual position at a salary of $15,000 of which $11,250 will be paid by the University of Illinois and $3,750 by the University Civil Service System of Illinois.

President Henry stated that he concurs in the appointment of Dr. Marks as Director of Nonacademic Personnel at the University effective September 1, 1961, at the salary indicated, subject to approval of his appointment by the Merit Board of the University Civil Service System of Illinois.

On motion of Mr. Swain, this appointment was approved and authorization was given to joint announcement of the appointment when the Merit Board has acted.

On motion of Mr. Hughes, the Board adjourned.
