NEW MEMBER OF THE BOARD

The President of the Board welcomed Mr. Russell Steger to membership on the Board of Trustees.

PRESIDENT TIMOTHY W. SWAIN

Mr. Swain expressed his appreciation of the support he had received as president and for the honor of serving as the presiding officer of the Board. He indicated, as he had stated previously, that the pressing demands of his legal practice made it impossible for him to be a candidate for the office for another year.

ELECTION OF OFFICERS

The Board took up the special order of business for the annual meeting and Mr. Swain called for the election of officers.

President of the Board

Governor Ogilvie was recognized and placed in nomination Mr. Earl M. Hughes. In so doing, he made the following statement:

First, I want to say it is with a great deal of pleasure that I attend my first meeting as an ex officio member of the Board. I want to congratulate the retiring President for an outstanding job in this very critical responsibility as president. It is my understanding that there is a precedent for the Governor of Illinois to attend the annual meetings of The Board of Trustees of the University of Illinois. Even if it were not a precedent, I would be happy to establish it.

My strong interest in the University of Illinois, indeed in higher education generally, I believe has already been expressed on a number of occasions and will become increasingly evident in the years ahead. There is no way for Illinois to maintain its leadership among the states without a firm commitment to a comprehensive system of higher education. My schedule has been literally filled with meetings on the various university campuses because this administration is seeking massive support through the expertise of the educational community as we undertake to meet the pressing problems that face this State. Therefore, I consider it a special privilege to be present today to nominate a candidate for presidency of the Board of Trustees. Mr. Earl Hughes of Woodstock is a member of the Class of 1929 of this University. Since that time he has had a distinguished career in the field of agriculture both here in Illinois and nationally. He is well known for his concern for the well being of the University of Illinois and of education in general. Gentlemen, it is with a great deal of pleasure that I place in nomination the name of Earl Hughes for the office of President.

Mr. Jones seconded the nomination.

On motion of Mr. Grimes the nominations were closed. The Secretary was directed to cast a unanimous ballot for Mr. Hughes.

The ballot was so cast, and Mr. Hughes was elected President of the Board, to serve until the next annual meeting of the Board in March, 1970, or until his successor shall have been elected.

Mr. Hughes assumed the chair and spoke briefly, stating that he considered the office as one of high honor and of public trust. He expressed his thanks to Governor Ogilvie for his participation in the meeting. He pledged his service to the best of his ability.

Mr. Grimes also asked that an expression of appreciation of Mr. Swain’s services be prepared and placed in the minutes. The President of the University asked that the recommendation include similar ex-
pressions on behalf of the administrative staff of the University. The motion was approved unanimously.

To Timothy W. Swain
The Board of Trustees of the University of Illinois hereby expresses its grateful appreciation of your services as its President during the past sixteen months.

During these months numerous complex problems and issues have been before the Board, and the members appreciate your presiding with fairness and efficiency. The Trustees are particularly aware of the great demands in time and personal sacrifice involved in the position of President in representing the Trustees beyond the meetings.

The members further express to you their pleasure that you will continue to provide leadership through your acceptance of a place on the Executive Committee of the Board.

The Board of Trustees directs that this resolution be incorporated in the minutes of today’s meeting to become a part of the official record.

Secretary of the Board
Mr. Clement nominated Mr. Earl W. Porter.

On motion of Mr. Hahn, the nominations were closed, and Mr. Porter was declared elected Secretary of the Board, to serve until the next annual meeting of the Board in March, 1970, or until his successor shall have been elected.

Comptroller of the Board
Mr. Swain nominated Mr. H. O. Farber.

On motion of Mr. Clement, the nominations were closed, and the Secretary was instructed to record the unanimous ballot of the Board for the election of Mr. Farber as Comptroller. The ballot was so cast, and Mr. Farber was declared elected Comptroller, to serve until the next annual meeting of the Board in March, 1970, or until his successor shall have been elected.

Executive Committee
Mr. Grimes nominated Mr. Howard W. Clement and Mr. Timothy W. Swain to serve as members of the Executive Committee, with the President of the Board as Chairman, for one year.

On motion of Mr. Jones, the nominations were closed and the Secretary was instructed to cast the unanimous ballot of the Board for the election of Mr. Clement and Mr. Swain as members of the Executive Committee of the Board of Trustees, to serve until the next annual meeting of the Board in March, 1970, or until their successors shall have been elected. The ballot was so cast, and Mr. Clement and Mr. Swain were declared elected to the Executive Committee.

Treasurer of the Board
Mr. Swain nominated Mr. R. R. Manchester, a Vice-President of the First National Bank of Chicago, as Treasurer of the Board.

On motion of Mr. Jones, the nominations were closed and the Secretary was instructed to record the unanimous ballot of the Board for
Mr. Manchester as Treasurer of the Board of Trustees for a two-year term in accordance with the statutory provision for a biennial term for Treasurer. The ballot was so cast and Mr. Manchester was declared elected Treasurer to serve until the second Tuesday in March, 1971, or until his successor shall have been elected and qualified.

On motion of Mr. Swain, the Treasurer's bond was fixed at $6,000,000. On motion of Mr. Grimes, the Finance Committee was instructed to see that the Treasurer presents a satisfactory bond in the amount specified above and to report the same to the Board.

CURRICULUM IN TEACHER EDUCATION IN THE EARTH SCIENCES, CHICAGO CIRCLE

(10) The Chicago Circle Senate recommends approval of a proposal from the College of Liberal Arts and Sciences for the establishment of a curriculum in Teacher Education in the Earth Sciences leading to the degree of Bachelor of Science in Teaching of Earth Sciences.

A recent survey by the Earth Science Curriculum Project (ESCP) has shown that many teachers of earth science lack the necessary training to be fully competent in the subject. For example, only 11 per cent of the present earth science teachers graduated with a major in an earth science discipline and only about 50 per cent majored in a science.

In spite of the shortage of trained earth science teachers, increasing numbers of secondary schools are instituting earth science courses as replacements for courses in general science. An estimated demand for more than 15,000 earth science teachers is projected for 1970, nearly double the number presently engaged in the teaching of earth sciences.

The proposed curriculum provides diverse training in the major areas of the earth sciences as well as fundamental background in the basic sciences of physics, chemistry, biology, and mathematics. The curriculum follows closely the basic requirements recommended by the ESCP for preparation of earth science teachers, meets the University general education requirements, and includes the required courses in professional education.

The Chancellor at the Chicago Circle campus and the Executive Vice President and Provost endorse this recommendation. The Senate Coordinating Council indicates that no other Senate jurisdiction is involved.

I recommend approval subject to further action by the Illinois Board of Higher Education.

On motion of Mr. Jones, this recommendation was approved.

PROPOSED CHANGES IN THE GENERAL RULES CONCERNING UNIVERSITY ORGANIZATION AND PROCEDURE RELATING TO SICK LEAVE FOR NONACADEMIC EMPLOYEES

(11) At its meeting on February 21, 1968, the Board of Trustees approved certain changes in the Policy and Rules—Nonacademic relating to Disability Benefits including adoption of the following Sick Leave policy.

B. Sick Leave (disability not arising out of and in the course of employment)

1. An employee in a Trainee, Apprentice, Provisional, or Status Appointment will accumulate paid Sick Leave without limit at the rate of .05 hours for each hour, exclusive of overtime, that he is in pay status, or approximately thirteen days per annum for an employee who works either 2080 or 1950 hours.

2. An employee may use his accumulated Sick Leave when he is absent because he is ill or injured or in order to obtain medical or dental consultation or treatment.

It was noted that this policy superseded Section VIII of the old Policy and Rules. In addition, Section 29(c)(1) of the General Rules Concerning University

1 Conducted by the National Science Foundation and the American Geological Institute to prepare earth science course material for secondary schools.
Organisation and Procedure should have been superseded or modified. Section 29(c)(1) by its language extends Sick Leave to extra help, temporary and irregular employees who under present practice and the February 21, 1968, approved policy do not earn this benefit. In order to clarify the matter, and upon the recommendations of the Vice President and Comptroller and the University Director of Non-academic Personnel, the following language to supersede present Section 29(c)(1) of the General Policy and Rules Concerning University Organization and Procedure is presented to the Board for approval.

Proposed

Section 29

c) Disability Benefits. The University of Illinois provides disability benefits as follows:

(1) Nonacademic Employees. Leave is granted with full pay for disability in amount and in accordance with eligibility criteria set forth in the Policy and Rules Relating to Compensation and Working Conditions.

Present

Section 29

c) Disability Benefits. The University of Illinois provides disability benefits as follows:

(1) Nonacademic Employees. For disability from any cause, each employee shall accumulate without limit disability leave with full pay at the rate of one working day for each month of service.

I concur in the recommendations that these changes be made in the General Rules Concerning University Organization and Procedure.

On motion of Mr. Jones, these recommendations were approved.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE CONTRACT FOR CONSTRUCTION OF SCIENCE AND ENGINEERING-SOUTH, PHASE III, CHICAGO CIRCLE

(19) The President of the University, with the concurrence of appropriate administrative officers, recommends that the Board of Trustees request the Illinois Building Authority to authorize an increase of $22,922.63 in the contract with Gust K. Newberg Construction Co., Chicago, for foundation work to the Science and Engineering-South building, Chicago Circle.

Funds are available in the project budget for this work.

On motion of Mr. Grimes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain; no, none; absent, Governor Ogilvie, Mr. Page, Dr. Weatherly.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE CONTRACT FOR CONSTRUCTION OF PHYSICAL EDUCATION BUILDING, PHASE III, CHICAGO CIRCLE

(20) The President of the University, with the concurrence of appropriate administrative officers, recommends that the Board of Trustees request the Illinois Building Authority to authorize an increase of $68,788 in the contract with S. B. Nielsen Company, Chicago, for excavation and foundation work to the Physical Education Building, Chicago Circle.

Funds are available in the project budget for this work.

On motion of Mr. Grimes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain; no, none; absent, Governor Ogilvie, Mr. Page, Dr. Weatherly.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO CHANGE FINANCING OF CONSTRUCTION OF THE MEDICAL RESEARCH LABORATORY ADDITION, MEDICAL CENTER

(21) On September 18, 1968, the Board of Trustees requested the Illinois Building Authority to contract for construction of the Medical Research Laboratory Addition at the Medical Center campus.
The Illinois Building Authority subsequently awarded a contract for construction and sold bonds to finance its share of the costs for this project.

Construction of foundation work was started in December, 1968. During this construction, soil conditions were encountered, which varied materially from those found in original soil test borings on which the foundation design was based. This necessitated additional test borings as a basis for the redesign of the foundation. The contract provides that additional foundation work may be authorized by the Authority on a cost basis although it is not possible to estimate accurately the additional cost resulting from the necessary changes. It now appears that the increased cost may be approximately $260,000, although the cost may be as low as $210,000.

The construction contingency for this project totals $93,669 and is, therefore, inadequate to finance the increased cost of the foundation work. Furthermore, in view of the early stage of construction, and the complexity of the mechanical service on this project, it is hoped that after financing the necessary changes in foundation work, the contingency will not be reduced below $75,000. Therefore, a net of approximately $242,000 in additional funds must be provided.

The bond counsel for the Illinois Building Authority has advised that, in his opinion, it will not be feasible to rebond the project in order to provide the necessary additional funds.

It will be possible to finance this work by using a portion of the construction contingency and by transferring a portion of the project costs for architectural fees, soil test boring, concrete testing, blueprinting, and consulting fees which have been contracted for by the Illinois Building Authority to the University to be financed from General Revenue funds, subject to release of these funds by the Governor. The general contractor, Erik A. Borg Company, has agreed to a reduction in his contract by approximately $35,800, for selected fixed equipment which will be purchased later by the University, if the costs reach the maximum estimate.

Accordingly, the President of the University, with the concurrence of appropriate administrative officers, requests that, subject to release of General Revenue funds by the Governor, the Illinois Building Authority be requested to assign certain contracts for the project costs outlined above, totaling approximately $204,200, to the University and that the general contractor be requested to reduce his contract with the Illinois Building Authority by approximately $35,800 for the omission of certain fixed equipment.

On motion of Mr. Grimes, these requests were approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain; no, none; absent, Governor Ogilvie, Mr. Page, Dr. Weatherly.

REQUEST TO ILLINOIS BUILDING AUTHORITY TO INCREASE CONTRACT FOR CONSTRUCTION OF SMALL ANIMAL CLINIC AND HOSPITAL, VETERINARY MEDICINE COMPLEX, PHASE I, URBANA

(22) The President of the University, with concurrence of appropriate administrative officers, recommends that the Illinois Building Authority be requested to authorize an increase of $36,621 in the contract with Talandis Construction Corporation, Sauk Village, for construction of the Small Animal Clinic and Hospital — Veterinary Medicine Complex, Phase I, to provide changes necessary for a connecting link with the future Large Animal Clinic at the Urbana campus.

Funds are available in the project budget for this work.

On motion of Mr. Grimes, this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain; no, none; absent, Governor Ogilvie, Mr. Page, Dr. Weatherly.

CAMPUS MODEL FOR THE CHICAGO CIRCLE CAMPUS

(23) The Board of Trustees at its meeting on May 15, 1968, approved a recommendation which authorized an addition to the contract of Skidmore, Owings &
Merrill for continuation of studies on the master plan for the Chicago Circle campus, to update the original model of the campus at a cost of $19,595.

Subsequently the Board of Higher Education took action requiring the development of a ten-year campus plan and a fifteen-year land use plan as a basis for submitting the 1971-73 capital program requests. This planning will require the use of a working, or block, model, but without the detailed design which was incorporated in the original model. Since a working, or block, model will cost approximately $4,000 and can be constructed by a staff member at the Chicago Circle campus with some use of student labor, the construction of the working model has been authorized, and the original proposal to update the model has been deferred.

Accordingly, the President of the University, with the concurrence of appropriate administrative officers, recommends that the previous authorization by the Board on May 15, 1968, be rescinded. After completion of the long-range campus planning and its official approval, it may still be desirable to proceed with the original proposal to update the existing model, in which case a recommendation will be resubmitted to the Board of Trustees for approval.

On motion of Mr. Clement this recommendation was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger, Mr. Swain; no, none; absent, Governor Ogilvie, Mr. Page, Dr. Weatherly.

SUPPLEMENTATION OF REVENUES FOR MEDICAL CENTER BONDS OF 1964

(24) The resolution authorizing $3,600,000 Medical Center Bonds of 1964, approved by the Board on December 16, 1964, provides in Section 5.02 (c) for a Replacement and a Repair Reserve consisting of two parts, to which shall be transferred annually $15,000 for an equipment replacement reserve, and $12,000 for a repairs reserve. These sums are in addition to the funds required for operation and maintenance expense and for payments into the Bond and Interest Sinking Fund Account. However, Section 5.03 provides that the supplementation of revenues from student tuition shall be only the amount needed to meet the operation and maintenance expenses and to provide the payments into the Bond and Interest Sinking Fund Account.

Section 7.07 of said resolution requires that the University fix and maintain such student service charges, rates, rents, fees and charges for the use of said facilities as, when supplemented with student tuitions to the extent provided in Section 5.03, will provide revenues sufficient to provide and maintain the Bond and Interest Sinking Fund Account and the required revenues therefor, to pay the reasonable cost of operating and maintaining the facilities and provide and maintain the Repair and Replacement Reserve.

Presently, the revenues derived from the operation of the facilities, including student service charges for use of the facilities, are insufficient to satisfy all of the requirements of said Section 7.07 and a deficiency exists in the Repair and Replacement Reserve therefor. The University must either increase such student service charges as required by Section 7.07 or provide for additional supplementation from student tuitions as may be necessary to provide and maintain the Repair and Replacement Revenue.

It is deemed in the best interest of the University to further supplement the revenues derived and to be derived from the facility rather than to increase said student service charges or other rates, rents, fees and charges for the use of said facility.

I concur and recommend adoption of the following resolution:

Resolution

WHEREAS, The Board of Trustees of the University of Illinois has heretofore issued its Medical Center Bonds of 1964 under and pursuant to a Resolution duly adopted on December 16, 1964; and

WHEREAS, there is a deficiency in the Repair and Replacement Reserve provided to be established and maintained by said Resolution and it is hereby determined that it is necessary to supplement the revenues derived from the facilities
referred to therein by the use of student tuitions authorized by law to be retained in the Treasury of the University.

Now, Therefore, Be It and It Is Hereby Resolved that the revenues derived from the facilities referred to in said Resolution be further supplemented by the use of student tuitions authorized by law to be retained in the Treasury of the University to the extent necessary to provide for all payments required to establish and maintain the Repair and Replacement Reserve to the full extent specified in Section 5.02 (c) of said Resolution; provided, however, that the aggregate of all student tuitions used pursuant to this Resolution to supplement such revenues together with all amounts used pursuant to Section 5.03 of said Resolution shall not exceed in any one fiscal year of the University the sum of $60,000, plus such additional sums as may be specified in any resolution supplemental to said Resolution creating or authorizing the issuance of additional Bonds.

Resolved Further, that until amended or repealed, it is the intent and purport of this Resolution to supplement the revenues derived and to be derived from the facilities referred to in the Resolution as if said Section 5.03 were to be read and construed as follows:

Section 5.03. It is hereby determined by the Board of Trustees, and it is hereby covenanted that it is necessary to supplement revenues to be derived from the facilities, referred to in this Resolution, by the use of student tuitions which are authorized by law to be retained in the Treasury of the University, and it is hereby further covenanted that if at the close of any fiscal year there is a deficiency in the Medical Center Bond Fund to provide for operating expenses of the facilities and/or making the deposits in the Bond and Interest Sinking Fund and the Repair and Replacement Reserve provided for in Section 5.02 of this Resolution in the required amounts, the Board of Trustees shall within sixty (60) days after the close of the fiscal year deposit to the credit of the said Medical Center Bond Fund out of student tuitions, a sum sufficient to make up such deficiency in order to meet the annual debt service required on the Bonds, the annual cost of maintenance and operation of the facilities, and provide for all the accounts (including without limitation the Repair and Replacement Reserve) and covenants provided for by this Resolution or any resolution supplemental hereto, but such amounts shall not, however, exceed in any one fiscal year the lesser of (a) an amount which when added to the revenues to be derived from the facilities will be sufficient to meet the annual operating expenses of the facilities will be sufficient to meet the annual operating expenses of the facilities, provide for the payments required to be made into the Bond and Interest Sinking Fund established for the benefit of the Bonds in subsection (b) of Section 5.02 hereof and to provide for the payments required to be transferred to the Repair and Replacement Reserve as required by subsection (c) of Section 5.02 hereof, or (b) $60,000, plus such additional sums as may be specified in any resolution supplemental hereto creating or authorizing the issuance of additional Bonds.

On motion of Mr. Grimes, the foregoing resolution was adopted.

ASSIGNMENT OF INCOME FROM VIDEO-TAPED LESSONS

(25) At its meeting on June 19, 1968, the Board of Trustees approved a recommendation from the University Committee on Copyrights and Recordings that income to the University from the rental of video-taped lessons prepared by Professor E. G. Smith, Jr., be assigned to Professor Smith. The following is a reproduction of the proposal:

"Professor E. G. Smith, Jr., a former faculty member of the University, produced a series of video-taped lessons in the field of geography in 1964. From the rental of these tapes to the Great Plains Regional Instructional Library, the University has received income amount to $360. The entire costs of the production were met with funds provided from external grants, and hence all of the rental fees constitute net income.

"The University Committee on Copyrights and Recordings was asked to review the circumstances related to the production of these video-taped lessons by Professor Smith and to recommend an appropriate disposition of the accumulated rental fees. In the light of its review, the Committee has recommended that the
entire amount be awarded to Professor Smith, in view of the unusual amount of time and energy required for the preparation of these lessons."

Since this assignment was made, additional income in the amount of $540 has been received from rental fees for the use of these video-taped lessons. In accordance with the policy recommended by the University Committee on Copyrights and Recordings, and for the reasons given, the Executive Vice President and Provost recommends that the additional sum of $540, and any further income accruing from such rental fees, be assigned to Professor Smith.

I concur.

On motion of Mr. Clement, this recommendation was approved.

FACULTY CENTER, URBANA

(31) The offer of Mrs. William E. Levis, Perrysville, Ohio, to give the University of Illinois Foundation the sum of $1,000,000, contingent upon gifts of others of $600,000, to help provide a Faculty Center at the Urbana campus was reported to the Board of Trustees on September 18, 1968.

The Center, to be located east of the Krannert Center for the Performing Arts, will be named the Margaret H. and William E. Levis Faculty Center. It is anticipated that the project will include approximately 20,000 gross square feet and cost approximately $2,000,000, exclusive of extension of utilities, which will cost $300,000. Since a firm commitment with respect to this gift had not been received at the time the capital budget for 1969-71 was prepared, funds for the extension of utilities were not included therein. Thus, it will be necessary to request an appropriation from the State for this cost.

A Committee of 100 made up of faculty and staff from every unit on the campus has studied the Faculty Center project and has formulated a tentative program which will become the basis for planning the facility. The Center will contain lounges, conference rooms, large and small dining rooms, kitchen, and office space, and will be designed to be of service to faculty and staff of the University.

The President, with the concurrence of appropriate administrative officers, recommends that the Board approve proceeding with the planning for this facility in accordance with the conditions outlined above. Further, as the Board of Higher Education reviews all requests for facilities not already approved by the Board or Legislature which are to be used primarily for purposes other than instruction, it is recommended that the appropriate materials be submitted to the State Board of Higher Education requesting approval of the proposed Faculty Center as a Non-instructional Facility.

On motion of Mr. Swain, these recommendations were approved.

REPORTS AND RECOMMENDATIONS FROM THE PRESIDENT OF THE BOARD

FUTURE BOARD MEETINGS

President Hughes announced the times and places of the future meetings of the Board: April 9, 1969, Chicago Circle; May 21, 1969, Urbana-Champaign; June 18, 1969, Medical Center.

COMMUNICATIONS

The President called upon the Secretary who presented the following communications:

A petition signed by some 800-1000 members of the student body, faculty, and staff at Urbana. The petition reads as follows:

We the undersigned members of the University of Illinois, student, staff, and faculty believe that the University of Illinois cannot and should not tolerate disruptive actions by any student, faculty, or staff of the University. We support the disciplinary policy formulated by The Board of Trustees of the University of Illinois and believe it should be enforced to the fullest.

A recommendation and accompanying materials from the Veterans Association at the Urbana campus containing the following expressions of opinion:

The Veterans Association respectfully requests that the people of Illinois and their legislative representatives:

1. Reserve judgment on recent manifestations of student dissatisfaction with conditions both on and off campus,
2. Recognize the comparative restraint and constructive efforts demonstrated by several concerned groups and individuals at the University of Illinois,
3. Welcome and encourage the energetic concern for today's students with public issues, while seeking to refine and direct that concern into constructive procedures and proposals for change,
4. Affirm the conviction of the majority of students that our social structures and processes are less than perfect and are open to criticism and improvement,
5. Resist the inclination to follow groups and legislators in other states in responding defensively, rather than constructively, to student initiatives for changes in institutions and procedures, and,
6. Maintain their broad general support and concern for higher education as we work together to meet the promise and the challenge of the future of Illinois.

PRESENTATIONS TO THE BOARD

President Hughes announced that requests to appear and make presentations had been received from the following organizations: The Black Student Association and Black Faculty and Staff Association, Students Against Racism, and the Concerned Citizens Committee of Champaign. He asked for the Board's reaction to the requests, and on motion of Mr. Hahn, the Trustees granted permission to each organization to make a presentation of fifteen minutes each. Speaking for the BSA-BFSA were Mr. David Addison and Dr. Renford Gaines. Speaking briefly for the Students Against Racism was Mr. James W. Larabee (Mr. Larabee tendered the bulk of his time to Mr. Addison). Speaking for the CCC was Mr. John L. Johnson.
President Hughes announced that there would be a brief executive session for the consideration of items of pending litigation.

On motion of Mr. Jones, the Board recessed for five minutes.

When the Board reconvened, the following report was presented and considered.

**PENDING COURT ACTIONS RELATING TO SEPTEMBER 9 INCIDENT**

(32) The President asked Chancellor Peltason to report to the Trustees further developments concerning court cases relating to the September 9 incident and to the Board's action of February 19. The Chancellor stated that the State's Attorney from Champaign County now was prepared to prosecute all of the pending cases and perhaps to re-file these with new charges in some instances, unless he is specifically requested by the University to dismiss certain of the cases.

The Chancellor indicated that it had been his intention to seek the prosecution of thirty-three individuals and the dismissal of charges against 222 persons—the prosecutions being directed toward those believed to have been leaders in the incident and those believed to have been involved in the destruction of property. He read a draft letter which he proposed to send to the State's Attorney, subject to the Trustees' approval.

On motion of Mr. Clement, the Trustees authorized the Chancellor to send the letter as drafted, with additional language to request that the prosecution be "vigorous." The motion was approved by the following vote: Aye, Mr. Clement, Mr. Grimes, Mr. Hahn, Mr. Hughes, Mr. Jones, Mr. Pogue, Mr. Steger; no, Mr. Swain; absent, Mr. Page, Governor Ogilvie, Dr. Weatherly.

On motion of Mr. Swain, the Board adjourned.
