University, and that it is indefensible in the University community. I regret having acted as I did upon that occasion, and assure you that there is no danger of a repetition of the offense.

Respectfully submitted,

F. C. Conard.

After discussing Mr. Conard's case once more, it appeared best to the Council, in consideration of the sentiments he expressed in the above letter, to drop the matter. Dean Kinley was instructed to see him and announce the decision of the Council, with a statement of the opinion of the Council concerning his behavior, and a warning for the future.

Voted. - That the Council prepare and issue towards the end of the year a rule about hazing, warning students and members of the freshman class against indulgence therein next year.

Voted. - To issue a letter to the parents of the present three lower classes on the matter, asking their cooperation for the suppression of hazing next year. President Draper was requested to prepare this letter.

After a discussion on the advisability of conferring honorary degrees, the following resolutions were passed:

Resolved, that in conferring honorary degrees the following procedure be observed:

1. That such degree be never conferred as a mere compliment, but only in recognition of distinguished services or eminent accomplishments.

2. That the degree be never conferred except at the annual commencement or at some unusual university celebration.

3. That action leading to an honorary degree be consummated by the faculty at least two months before the time for conferring the degree.

4. That the recipient attend in person to receive the degree.

5. That the University prepare and bestow upon the recipient the academic hood significant of the degree.

In accordance with a recommendation from the College of Literature and Arts, it was
voted, that hereafter all students who enter that college to take the two years of university work, required for admission to the Library School, must conform to the college regulations concerning prescribed subjects, and include the prescribed subjects in their courses.

Secretary.
Council Room,

Nov. 7, 1901.

All present.

Mr. Homer Sheperd of Lovington, Ill., was called before the Council. Is a first year law student. Mr. Sheperd was accused of having snatched a Northwestern University pennant from a young woman, after the football game between the University of Illinois and Northwestern University. He testified that he was at the game and got a banner belonging to Northwestern University. He admitted that he took it from a lady in front of the Armory. The lady was in a vehicle. He said he had no accomplices, the lady had not offended him and was a total stranger to him, and no one in her company had been personally disagreeable to him. Mr. Sheperd was directed to go and get the pennant and bring it to the President.

The Council, after discussion, passed the following resolution:—

That Mr. Homer Sheperd be required to present himself on Friday morning before the President of Northwestern University in Evanston and deliver to him the pennant snatched from a young woman after the football game between the University of Illinois and Northwestern University, together with a letter of apology to be given to the young woman from whom he had taken the pennant.

Resolved further that if Mr. Sheperd refuses to obey this direction, he be suspended for the remainder of the University year.

Mr. Sheperd returned with the pennant and was notified by the President of the decision of the Council. He replied that he had no money and could not go, but would send the banner. The Council informed him that the University would advance the money and charge it to him to be paid with his term fees or as soon as may be.
A letter was read from Paul R. VanDervort, who had been suspended from his position as head waiter in the University Dining Hall because of collusion in the Conard matter (see pages 59 and 67 of minutes), asking that he be reinstated. In view of the belief of the Council that Mr. VanDervort had been sufficiently punished, and in view of his statement of regret, it was decided to grant his request.

The following resolution was passed:-

On the first Monday of every month instructors shall report all students who, for whatever cause, are not doing satisfactory work. These reports shall be made to the dean of the college in which the students are registered, and shall be accompanied by whatever additional information the instructor is able to give.

Voted.—To approve the report of the committee of the Snyder Fund recommending a loan of $150, from that fund to Mr. W. A. Doud.

Adjourned,                                      D. Kinley

Secretary.
Council Room,
Nov. 18, 1901.

All present.—

Mr. E. H. Lenke, freshman, was called before the Council, charged
with having snatched a ribbon and torn a button from a lady's jacket at
the Northwestern game. Mr. Lenke comes from Chicago and rooms at 202
Romine street. He admitted that he had torn ribbons and a button from
a lady's jacket at the time specified, and he was directed by the Presi-
dent to go to his room and bring them to the Council.

During his absence, Homer Sheperd was summoned before the Council and
asked whether he had presented the pennant which he had seized to the
President of Northwestern University. He replied that he had done so.
(See page 86.) He thought that it was about noon of Thursday, Nov. 14,
when he had seen President Bonbright. He saw nobody but President Bon-
bright. He said he had been to the game at Lafayette on the 12th. Asked
whether he had taken any liquor, he said he had not drank any. Was in
a saloon there in the morning soon after getting off the train. There
were three Urbana men with him; they were Mr. Donnelly, Mr. McGrau, and
one other whose name he could not recall. Was in a saloon only once and
staid about five minutes. Did not go to the bar of either hotel. Did
not drink anything intoxicating. He did drink some blackberry wine mixed
with Jamaica ginger and something else the character of which he did not
know, but believes it was either peppermint or cinnamon. He denied that
he was drunk coming home. Did not drink anything else on Saturday other
than what he has just mentioned. Does not know who paid for the drinks;
he did not. Did not bet on the game. Did not offer to bet. He did say
he would take any money offered. Asked whether he had not walked along the Purdue side of the field and offered to bet two to one on Illinois, he replied. — "I believe several of us said that we would bet two to one on Illinois. We were out on the Purdue field. Did not see a cent of money put up. Part of what I said was bluff; I did not have any amount of money to put up."

Mr. B. W. Hetherington was called. Is a senior law student. Said he was at the Purdue game; was twice in a saloon in Lafayette, once before and once after the game. Some Purdue students were with him. There were some Illinois students in the saloon before the game. They did not go with him. He drank each time he went in a saloon. He had a mixed drink that the Purdue boys used. Think they called it cream fizz. "I do not know what was in it". Did not know he was not in control of his faculties Saturday night, or that he did anything out of the way. He remembers everything he did. He is accustomed to visit saloons. "My people know I visit saloons; have been brought up with politics and have gone around with parties at election time."

Mr. E. H. Lenke returned and delivered the ribbon and button. He said he pulled the button off and tore a part of the lady's coat with it. The lady was in a buggy. "The lady had not done anything to me nor had her escort. I do not know why I did it. I saw a man snatch a pennant; I did not see any other incivilities to Northwestern people." Have not heard of any other pennant being snatched. Did not see any Northwestern person take anything. After I took it I went to my room and hung it on the portiere where it has been since.

Mr. Lenke was directed to sit down in the outer room while the Council discussed his case. The student was evidently so contrite that it seemed to the Council a sufficient punishment to direct him to seek out the
young woman and deliver her property together with a letter of apology to her. He was directed to compose this letter and show it to Dean Clark before he delivered it. He was called in and the decision of the Council communicated to him, together with a severe reprimand from the President.

The other cases were left in abeyance.

Dean Burrill presented to the Council the question whether second year law students were to be considered juniors for the purpose of participating in the benefit of the Snyder Fund. No decision was reached on the matter.

A recommendation from the faculty of the College of Literature and Arts to the effect that English 2 be accepted as an alternative for English 1 as prescribed work in that college, was approved.

Adjourned,

David Rineley
Secretary.
Council Room,
Nov. 22, 1901.

All present excepting Deans Jayne and Burrill.

The Council discussed the question whether it was feasible to inflict any discipline upon Mr. Homer Sheperd, in view of his general misconduct and the poor quality of his work. It was concluded, however, to let the matter rest for the present.

After some discussion on the matter of betting, the following resolution was passed and the secretary was instructed to publish it:

In view of the case, brought to the attention of the Council, of a student who offered bets, and of two students who visited saloons in connection with a recent foot ball game, the Council believes, that, Athletic success however brilliant is too dearly bought if it is to be the occasion of indulgence in such practices; and further that, the welfare of the student body and the good name of the University require that these practices shall gain no foothold among us.

Therefore, be it resolved, that the Council of Administration will look upon all such offences as of a most serious character, and will summarily dismiss from the University any student who is guilty of betting, of frequenting saloons, or of becoming intoxicated.

Dean Kinley presented a paper on "A Proposed Extension of the Dewey System of Decimal Classification for the Subject of Education", offered by Professor Dexter for the University Studies. Dean Kinley informed the Council that he had advised Professor Dexter that in his judgment the article was not suitable for that purpose and had stated his reasons. It was passed to Dean Forbes for him to read and give an opinion upon.

Council Room,
Dec. 7, 1901.

All present.

The meeting of the Council was devoted to a discussion of matters of general policy, especially relating to the summer school and Library School.

The Director of the Library School requested that the standard of admission be raised so as to require each student to obtain the bachelor's degree before entering the School of Library Science. She explained to the Council her reasons for making this request. It did not appear to the Council, however, that the situation would justify such action; therefore, no action was taken on the matter.

The recommendation of the College of Literature and Arts, to the effect that the time in which the prescribed science may be taken in that college be extended through the junior year, was approved.

Mr. H. A. Bissat, of the second year class in the College of Law, was recommended for a loan of $150. from the Snyder Fund.

Adjourned,

[Signature]
Secretary.

The petition of Mr. Fred Cuttle, to receive his science degree at the same time he received his medical degree on the completion of his work in the College of Medicine, the science degree to rest upon the basis of work done in the University of California, was considered. Dean Forbes recommended in behalf of the faculty of the College of Science that the petition be granted. The recommendation was approved and Dean Forbes was instructed to include Mr. Cuttle's name in the list recommended for the degree of bachelor of science when the petitioner received his medical degree.

All present:-

A paper submitted by Professor Dexter for publication in the University Studies was discussed. Although the paper was considered valuable, its character was hardly deemed proper for the Studies and the matter was then left with the President.

It was moved to recommend to the Senate that hereafter the degree of B.S. be not conferred by the University. The matter was left for future discussion.

It was voted that the semester examinations begin on the last Tuesday of the semester.

Dean Forbes moved that the Council appoint a committee on the placement of graduates of the University in teachers' positions. This matter also was left for future discussion.

The application of Mr. Henry J. Quayle for a loan of $150, from the Snyder Fund, was approved.

The following changes in offerings of courses in the various departments were approved:-

German.—15. Old High German. Outlines of grammar and translation of texts; relation of Old and Middle High German to the other dialects. II.: Tu., Th.: 3;(2). Dr. Brooks." The approval of this course was granted on condition that it shall not entail any addition to the Corps of Instruction, and that if it should be necessary to provide an additional section of beginning German in the fall, this course shall be withdrawn to make room therefor.

Comparative Literature. 1. Development of the Drama.—Study of the Greek, Roman, English, French, and German drama in English. The work will
be by lectures, with outside reading. Open to all students above the freshman class. I.; Tu., Th.; 3; (2). Professors Moss, Barton, Dodge, Fairfield and Rhoades.

Greek literature in English.—Open to any above freshman class. I.; (2). Professor Moss.

Art and Design 19. History and Criticism of the Art of Painting. Weekly illustrated lectures. I.; arrange time; (2). Professor Wells.

The following rule was adopted and it was voted to print it in the catalog between the first and second paragraphs on page 57 of the current catalog:—After successfully completing 30 semester hours of university work, a special student may receive such credits towards matriculation, on account of practical experience in the line of his course, as the head of the department and the dean of the college may recommend and the President of the University may approve.

The work in Arch. 27 is hereafter to be given to class in Household Science only.

Civil Engineering students will hereafter take Graphic Statics in the Civil Engineering Department instead of in Arch. 5.

The course in descriptive geometry for special mathematical stu-
dents, formerly a part of Course 2, is given a new number,—

It was voted to drop M. E. 3 from the course of study.

It was voted to add course M.E. 23 to the course of study.

To drop practical astronomy in first semester, and devote the five hours now given to descriptive astronomy in the second semester to descriptive and practical astronomy.

To transfer C. F. 17 from second semester to first semester of junior year.
To make C. E. 16 a two semester hour subject instead of one.
To add Course 10 in physics, Thesis and Investigation.

Council Room,
Jan. 14, 1902.

All present.—

It was voted that the Holiday Recess be fixed as follows for the year 1902-1903:— Wednesday, Dec. 24, 1902, holiday recess begins; Jan. 6, 1903, instruction resumed.

The request of Addison M. Shelton for a loan of $150. from the Snyder Fund was approved.

There was some discussion of the constitution of the college faculties for the catalog, but no action was taken.

The catalog copy of the College of Science was approved, as submitted.

The recommendation of the faculty of the College of Agriculture that physics be dropped from the list of prescribed subjects and that Botany 1 or 11, geology 12, and zoology 10 be added, was approved, as were also sundry other changes.

A course in political ethics to be offered by Professor Daniels was approved, as were also sundry proposed changes in courses in rhetoric.

The offering of a course in Old High German for the second semester of the current year was approved, the course to be given by Dr. Brooks.

WHEREAS, a base ball schedule has been arranged between eastern universities requiring the absence of the team during the last two weeks of the semester,

Resolved: that the heads of departments be requested to excuse members of the base ball team from the regular examinations at the end of the second semester and to determine their final grades upon the semester's work, by tests during the semester, or otherwise as they think well, provided the work during the semester does not fall below eighty-five per cent; otherwise members will be required to take a
special examination before leaving on the eastern trip. If at any time during the semester the work of any member shall be so unsatisfactory in any course as to indicate that he will not be able to clear up the semester's work in good form before the time for the departure of the team on the eastern trip, he shall be reported to the President's Office and may be dropped at once from the team.

The foregoing resolution was approved by the Council.

Adjourned, Secretary.

Amendment:
It was voted that International Law should count for a three hour, instead of a two hour study. (See page 115).
Council Room,
Jan. 28, 1902.

All present.

The principal business of the meeting was a discussion of the cases of students recently expelled from Lake Forest University who wish to enter the University of Illinois. The particular case under discussion was that of G. H. Johnson. After discussion it was decided to adjourn until Friday afternoon, and Deans Forbes and Kinley were instructed to get such information on the case as they could.

Dean Forbes, as committee on the subject, read the following resolution:

Resolved.—That a Council committee of three be appointed, one of whom shall be the High School Visitor, one a member of the faculty of the College of Literature and Arts, and one a member of the faculty of the College of Science, whose duty it shall be to make a register and descriptive list of students and alumni of the University who wish appointments as teachers, and to collect and arrange for convenient reference information concerning vacancies in teachers' positions, especially in the public high schools of the State. This committee shall further, upon request of school officials, describe the qualifications of such registered applicants as they deem best fitted for the places concerning which inquiry may be made. It may also permit registered applicants to make reference to it during negotiations for appointment, but may not give to such applicants general recommendations without regard to specific vacancies.
It is not the purpose of the Council, in appointing this committee, to make it the sole agent of the University in placing its students, but heads of departments are to be encouraged to assist their students to places immediately. Subordinate members of a department are not authorized to make recommendations for appointment as teachers except with the approval of the head of the department, and all departmental correspondence with respect to registered students should be had with the full knowledge, at the time, of the Council committee.

The foregoing was approved by the Council.

D. Kinley

means Forbes and Kinley were appointed a committee to investigate the case of Mr. E. H. Johnson, who applied for admission to the University, having been expelled from Lake Forest University.

Dean Kinley was appointed a committee to draft resolutions setting forth the policy of this University with regard to receiving students under discipline from other institutions.

Adjourned,

D. Kinley
secretary.

forth the policy of this University with regard to receiving students
under discipline from other institutions.

Adjourned,

Secretary.

All present:—

The meeting was devoted to a consideration of the cases of students who had been conditioned or had failed in their work for the preceding semester. By vote of the Council, the following students were dropped from the University because of their poor work, and the secretary of the Council was directed to notify both the students and their parents:—

Mr. L. T. Allen, Mr. F. J. Arnold, Mr. F. C. Carriel,
Mr. W. C. Coons, Mr. Alfred Danely, Mr. W. C. Danely,
Mr. H. F. Hermann, Mr. N. J. Higinbotham, Mr. A. A. Holtsman,
Mr. A. L. Waldorf, Mr. T. E. Saunders, Mr. F. B. Standiford,
Mr. R. W. Steely, Mr. J. C. Salyers.

Dean Forbes and Kinley recommended Professors Smith and Townsend to serve with the High School Visitor as members of the committee on the placement of graduates in teachers' positions. (See page 97.)

Director Lawrence of the School of Music submitted the following for approval:— To form a class in "ear training" which would do for the piano students what the classes in sight singing are designed to accomplish for vocal pupils. The class would meet twice a week for one-half hour. One credit hour to be allowed for the work, which would be compulsory for piano students in the regular course." The Council approved the formation of a class in ear training, but did not approve the granting of credit therefor. The Council took the view that this might properly be counted as a part of the piano work, for which credit is already given. The last two words "regular course" were changed to "School of Music".
The requirement is, therefore, designed to apply to students primarily members of the School of Music.

Deans Forbes and Kinley reported the facts which they had found concerning the expulsion of student G. H. Johnson from Lake Forest University. It was decided that if Mr. Johnson expected to take his degree here in June, no action would be necessary in his case since the university rules would not permit him to do this.

Adjourned,

Secretary.
