84-127, EFNEP tour of dairy farm; making butter at extension office, Champaign Co., HRFS – EFNEP, 1984
84-128, Kids making butter at Champaign County extension office, Champaign Co. Extension Office, HRFS – EFNEP, 1984

Box 21:

85-001, Dairy cows in front of U of I barns, South Farms, Animal Science – Dairy, 1985
85-002, Grad student research concrete dome for storing grain under construction, grain storage, Ag Engineering – Structure, 1985
85-003, Grad student research concrete dome for storing grain under construction, Ag Engineering – Structure, 1985
85-004, Staff manning crisis phones for "rural route", crisis phones, Extension – State, 1985
85-005, Lamb with sweater on to correct mis-mothering, pens of lambs & ewes, South Farms, Animal Science – Sheep, 1985
85-006, Hogs drinking water from nipple in confinement pens, hog confinement pens, Animal Science – Swine, 1985
85-007, Vet Med staff drawing blood from research chicken, Vet Med Lab, Animal Science – Poultry, 1985
85-008, Mike Sherman with energy research on "mini room" for insulation & heat studies, mini room, HRFS – TAID, 1985
85-009, Mal Shurtleff examining iris with microscope in plant clinic, Plant Pathology, 1985
85-010, Student research on swine nutrition for Bob Easter, pig confinement pens, Animal Science – Swine, 1985
85-011, Dairy cow with transponder and new feeding stalls, South Farms, Animal Science – Dairy, 1985
85-012, Cow with transponder in new automated feeding stall that dispenses feed blend, South Farms, Animal Science – Dairy, 1985
85-013, Cows with transponders in automated feeding stall & close up of transponders on cows, South Farms, Animal Science – dairy, 1985
85-014, Automated feeding facilities, exterior & interior, Spahr with computers, South Farms, Animal Science – Dairy, 1985
85-015, Automated milking parlor South Farms, bank of 4 stalls close up 1 stall, South Farms, Animal Science – Dairy, 1985
85-017, Governor Thompson presenting certificates to landscape architecture students, south
campus, College Admin – Admin, 1985
85-018, Governor Thompson with architecture students, also touring biotech labs, biotech labs, College Admin – Admin, 1985
85-019, Governor Thompson touring biotech labs, looking at seed collection, biotech labs, College Admin – Admin, 1985
85-020, Governor Thompson tour of biotech labs, also with landscape architecture students, biotech labs, College Admin – Admin, 1985
85-021, Governor Thompson biotech tour with Hymowitz and Widholm, biotech lab, College Admin – Admin, 1985
85-022, Paul Harrison experiment on feeding carbonated water to pigs to ease stress, pig confinement area, Animal Science – Swine, 1985
85-023, Al Nelson with tray of corn-soy chips in front of extruder, extruder, Food Science, 1985
85-024, Loading ships with grain for international shipment at Chicago elevator, Ag Economics – Grain Handling, 1985
85-025, Farmer on phone, silhouetted against view thru window of farmstead, farmstead, Ag Economics – Farm Management, 1985
85-026, Aerials of campus & South Farms research plots, including acid rain study, South Farms, College Admin – Building, 1985
85-027, Aerials of South Farms, especially of acid rain study, South Farms, College Admin – Building, 1985
85-028, Marvin Paulson & student using computer to produce engineering design plans, engineering design lab, Ag Engineering – Electric, Power and Processing, 1985
85-029, John Hummel and student using soil moisture testing equipment in lab, Ag Engineering lab, Ag Engineering – Machine, 1985
85-030, Group of Sonka, Leuthold & others around mini IBM network in lab, Ag Computer Lab, Ag Economics – Finance, 1985
85-031, Mike Sherman & student using mini-computer for interior design plans, HRFS – TAID, 1985
85-032, Town & Country state show, first exhibit at market place mall, Leisure Studies – Community, 1985
85-033, Foreign students in food science lab and in microcomputer lab, food science lab, International – Admin, 1985
85-034, Mature corn field next to forest, shot for prairie farmer, corn field, Agronomy – Crop, 1985
85-035, Mature corn field next to forest, corn field, Agronomy – Crop, 1985
85-036, Interpaks workshop, staff and foreign students around tables, interpaks workshop, International – Interpaks, 1985
85-037, Foreign student interpaks workshop, interpaks workshop, International – Interpaks, 1985
85-038, Economic development course at Allerton- group meeting in library, Allerton, Ag Economics – CRD, 1985
85-039, Economic Development course at Allerton, meeting & John Quinn at map, Allerton, Ag Economics – Extension, 1985
85-040, Exterior Thornburn Rec Center, personnel evaluation meeting, hand with resume, Thornburn Rec Center, Leisure Studies – Community, 1985
85-041, Color interneg of Morrow Plots from roof of Animal Science Lab, quasi aerial, 1985
85-042, Duane Strunk reviewing Farm Management appraisal materials, Ag Economics – Farm
Management, 1985
85-043, Hereford cow in feedlot, includes profiles, South Farms, Animal Science – Beef, 1985
85-043, Hereford cow in feedlot, Animal Science – Beef, 1985
85-044, Hereford cow in feedlot, South Farms, Animal Science – Beef, 1985
85-044, Hereford cow in feedlot, Animal Science – Beef, 1985
85-045, Hampshire and Berkshire boars, close-ups/profiles, South Farms, Animal Science – Swine, 1985
85-045, Hampshire boar close-ups, Berkshire boar, Animal Science – Swine, 1985
85-046, Berkshire boar, close-up/profiles, South Farms, Animal Science – Swine, 1985
85-046, Berkshire boar - close-ups, Animal Science – Swine, 1985
86-001, Grain storage bins experiments bins divided into sections by Jacobsen & white, grain storage bins, Plant Pathology, 1986
86-002, Woman at job interview hand circling a want ad, HRFS – FACE, 1986
86-003, Loess soil structures in Cass County, Cass County, Agronomy – Soil, 1986
86-004, Cass County loess soil structures & erosion in Cass County, Agronomy – Soil, 1986
86-006, Piatt Co. Ag advisor with farmer in field. 4-H'ers working on 4-H cloth pennant, Piatt Co. field, Extension – County, 1986
86-007, Lab research on chickens, lab, Animal Science – Poultry, 1986
86-008, 4-H rocketry workshop at 4-H week, 4-H Workshop, 1986
86-010, Foreign students in food processing pilot plant, International – Interpaks, 1986
86-011, Several 4-H girls giving foods & nutrition demonstrations, 4-H Club, 1986
86-012, Presentations by interpaks workshop trainees, also Dean Campbell addressing group, International – Interpaks, 1986
86-014, Foreign student 4-H'ers looking at dairy cow with Ed Jaster, South Farms, 4-H State, 1986
86-015, US congressional Ag Committee hearing on export grain quality standards, in Illini union 7/21/86 UI panel testifying Bruce Madigan, 3 other congressman, Ag Economics – Grain Handling, 1986
86-016, Students under lab hoods, centrifuge, camera, mainframe computer, Bevier Hall, Food Science, 1986
86-017, Campus, College Admin – Building, 1986
86-018, Groundbreaking for greenhouse/head house project, campus, College Admin – Admin, 1986
86-019, Copy neg of Isaac Funk portrait, History, 1986
86-020, Students, lab equipment, inoculating rats, computers, Burnsides Research Lab, Food Science, 1986
86-021, Food science and human nutrition laboratory, William Artz in the food science pilot plant, students, extrusion machine, restart machine food processing equipment, Food Science, 1986
86-022, Students, food processing equipment, undergrad brochure, Bevier Hall, Food Science, 1986
86-024, Clothing workshop, Marge Sohn, HRFS – TAID, 1986
86-025, Students, computers, at carrels, Ag Library, College Admin – Student, 1986
86-026, Students, computers in library, Ag Library, College Admin – Student, 1986
86-027, Spanish class, UI campus, International – Interpaks, 1986
86-028, Spanish class, campus, International – Interpaks, 1986
86-029, Town & Country art show, market place mall, Leisure Studies – Community, 1986
86-030, EFNEP PA in-service education workshops, Mary Keith, Bob Reber, Urbana campus, HRFS – EFNEP, 1986
86-031, EFNEP PA in-service education workshop, campus, HRFS – EFNEP, 1986
86-032, EFNEP PA in-service education workshop, campus, HRFS – EFNEP, 1986
86-033, EFNEP PA in-service education workshop, campus, HRFS – EFNEP, 1986
86-034, 4-H students with projects, 4-H Club, 1986
86-035, 4-H students with projects, 4-H Club, 1986
86-036, Copy negative, quad from top of Old University Hall, campus, History, 1986
86-038, Press conference for biotech center- Dean Campbell, Terry Bruce, Ed Madigan, Dick Durbin, campus, College Admin – Admin, 1986
87-001, Extruder in use, Ag Bioprocess lab, International – Intsoy, 1987
87-002, Extruder in use, videotaping of extruder in use, Ag Bioprocess lab, International – Intsoy, 1987
87-003, Opening ceremony for Dr. Ribez laboratory including Dean Campbell, Ag bioprocess lab, College Admin – Admin, 1987
87-004, Ribez with John Campbell & John Trebellas in plant growing room, Oshwald ITH coop exterior awards, Ag Bioprocess lab, Horticulture, 1987
87-005, Students and teachers in Ag Engineering computer room sitting around computer terminals, student with machine drawing plotter, Ag Engineering – Machine, 1987
87-006, Fejing Pig, studio, Animal Science – Swine, 1987
87-007, South campus master plan, studio, College Admin – Building, 1987
87-008, AESB meeting and entry way for stairwell, Ag Engineering Science Building, Ag Engineering – Structure, 1987
87-009, Student welding on shop table, Ag Engineering Building, electric & welding shop, Ag Engineering – Electric, Power, and Processing, 1987
87-010, Faculty groups, Wysockis, Larry Jobe, students in cad lab, Bevier Hall, HRFS – Admin, 1987
87-011, Students in microcomputer lab, in costume collection wardrobes, Sharon Nicols in office, Bevier Hall, HRFS – Admin, 1987
87-012, Campbell with the St. Louis Agriculture business award, copy shop of agribusiness award, Deans Office Mumford Hall, College Admin – Admin, 1987
87-014, Display photos of EFNEP flip book "eating right is basic", studio, HRFS – EFNEP, 1987
87-015, Engineering in a food processing plant, Kraft cheese processing plant, Ag Engineering – Electric, Power, and Processing, 1987
87-016, Engineering in a food processing setting, Kraft cheese plant, Ag Engineering – Electric, Power, and Processing, 1987
87-017, Copy negatives of rendering of new Ag library, studio, College Admin – Building, 1987
87-018, Students working in green houses (JBT scholars), green houses, Horticulture – Floriculture, 1987
87-019, For Gamma III news release, soybean extruder in use close up's of al nelson, Dairy Manufacturing Building, basement, International – Intsoy, 1987
87-020, Turner Hall & greenhouses (dusk) round barns, South Farms, south campus, College Admin – Building, 1987
87-021, Morrow Plots archive photos, neg #518a corn, Dr. Hopkins 1903, frame 14 - sampling soil from the Morrow Plots around 1904, at left is James H. Pettit, at right Cyril G. Hopkins, used in Morrow Plots brochure and for Morrow Plots marker engraving, History, 1987
87-022, Making soy milk, Ag Bioprocess Lab, International – Intsoy, 1987
87-023, Joseph Wysocki at 4-H Workshop on "living on your own", Levis Center, 4-H Workshop, 1987
87-024, Board of trustees visit to Ag Campus, south campus, College Admin – Admin, 1987
87-025, Board of trustees visit to Ag Campus, Ag bioprocess lab, outside areas, Ag bioprocess lab, College Admin – Admin, 1987
87-026, Board of Trustees visit to Ag Campus, in Kent Mitchell’s lab, Marvin Paulsen’s lab, ag bioprocess lab, taste testing, 158 AESB/ABL, College Admin – Admin, 1987
87-027, Board of trustees visit to south campus, bioprocess lab, ABL/outside areas, College Admin – Admin, 1987
87-028, Quad undergoing construction, quad, U of I, 1987
87-029, HRFS newsletter pictures, Sheron Nicols in office, Bevier Hall, HRFS – Admin, 1987
87-030, Overviews of work in process at new greenhouse/head house, new greenhouses/head house, College Admin – Building, 1987
87-031, Animal Science brochure, sheep barns South Farms, Animal Science – Sheep, 1987
87-032, Interior & exteriors of new incubator building, new incubator building, College Admin – Buildings, 1987
87-033, Plant clinic workers at work stations, under hood at microscopes, on telephone, plant clinic South Farms, Plant Pathology, 1987
87-034, Altgeld & post office boxes, English Building, quad under construction, campus, U of I, 1987
87-035, Female students working in offices, at counter with test tubes, with computer & stress tester, in cafeteria, Bevier Hall, HRFS – Admin, 1987
87-036, Students under lab hood, with centrience, working females, Bevier Hall, HRFS – Admin, 1987
87-037, Dr. Velichov, visit from Soviet Union, AESB, International – Admin, 1987
87-038, Dr. Velichov visit from Soviet Union, Ag bioprocess lab, international – Admin, 1987
87-039, Ag Engineering open house, students with micro mini tractors, AESB, Ag Engineering – Electric, Power, and Process, 1987
87-040, Specialists in telenet office, telenet office, Mumford Hall, OACEE – Media, 1987
87-041, Kenyan visitors with Nicoll aides & Campbell at Illini union luncheon, Illini Union, International – Admin, 1987
87-042, Kenyan visitors with Nicoll aides, Vice Chancellor Berdahl at Illini Union dinner, Illini Union, International – Admin, 1987
87-043, Photos for Mary Keith display, Chris Todd children are subjects, opening refrigerator, using microwave, preparing food, Chris Todd home, HRFS – Foods & Nutrition, 1987
87-044, Opening refrigerator, opening freezer, for display, Chris Todd home, HRFS – Foods & Nutrition, 1987
87-046, Annie McClellan with computer on floor in publications section. Ray Woodis & Gary Beaumont at work, Mumford Hall, OACEE – Media, 1987
87-047, Interneg of 35mm slide, aerial of south campus looking south, aerial, College Admin – Building, 1987
87-048, Cow in front of alma mater statue, new alma mater statue, Animal Science – Dairy, 1987
87-049, CHEP project family, with children- reading-hugging family, Chicago, HRFS – CHEP, 1987
87-050, Asian CHEP project family, with baby toys, with CHEP para professional discussing food groups, Chicago, HRFS – CHEP, 1987
87-051, CHEP project family, around table discussing food groups, Chicago, HRFS – CHEP, 1987
87-052, CHEP project family (downtown) in bedroom-discussing infant care, children with kittens, near north center, Chicago, HRFS – CHEP, 1987
87-053, CHEP projects family, in projects (east side) with family reading, discussing food purchasing, with para professional (Bruce) setting table, Chicago, HRFS – CHEP, 1987
87-054, Students with extrusion machine, retest machine, bioprocess filter 7 other food processing machinery, AESB – Food Science, 1987
87-055, Female students, with computers in AESB weighing rats in Bevier Hall, using micro pipetles and male with centrifugue, AESB Bevier Hall – Food Science, , 1987
87-056, Pakistani students studying computers with Gary Johnson, Chinese visitors with Marvin Paulsen & Lowell Hill, room 53 mechanical English, & AESB, International – Admin, 1987
87-057, Chinese visitors with Rich Vogen (IL Dept of Ag) and Marvin Paulsen in AESB labs-and Lowell Hill, 158 AESB, International – Admin, 1987
87-058, High school students in food science lab, environmental portrait of students working with lab equipment and with advisors, AESB – Food Science, 1987
87-059, Kevin Sims, food science student working with long plot and calculator, Ag Engineering Science Building, Food Science, 1987
87-060, Quad day Ag clubs 1987, quad, College Admin – Students, 1987
87-061, Chip Guse with vax machine, Mumford Hall, Illinet, 1987
87-062, Swine confinement center, young pigs, sows drinking water, worker (female) adding soy rations, feeder pigs at feeding stations, swine research center, Animal Science – Swine, 1987
87-063, Swine confinement center, feeder pigs, Howard mixing soy rations, sows in confinement pens, swine research center, Animal Science – Swine, 1987
87-064, Children at play, with instructors, for new cdl brochure, Child Development Lab, HRFS – Human Development, 1987
87-065, Children at play, Child Development Lab, HRFS – Human Development, 1987
87-066, Children at play, Child Development Lab, HRFS – Human Development, 1987
87-067, Kenyan delegation at South Farms, dairy unit, & swine research center, South Farms, International – Admin, 1987
87-068, Kenyan visitors, Deirdre Birmingham & Roger Courson at Vo Ag Service, Vo Ag Services, International – Admin, 1987
87-069, Kenyan delegation at symposium in Levis Faculty Center, Levis Faculty Center,
International – Admin, 1987
87-070, Kenyan delegation signing agreement, ant at luncheon at Krannert RM KCPA with Morton Weir, Dean Campbell, Admin bldg., Krannert Center, International – Admin, 1987
87-071, Apple varieties on plate, studio, Horticulture – Fruit, 1987
87-072, Students at Ag Career Expo 1987, 426 Mumford Hall, College Admin – Admin, 1987
87-073, Buying a car display for DuQuion fair, studio, HRFS – FACE, 1987
87-076, Students in AESB lab & computer lab, AESB, Ag Engineering – Electric, Power, and Processing, 1987
87-077, Students on quad studying under trees, Quad – U of I, 1987
87-078, Groundbreaking ceremony for new Chinese pig facility, new Chinese pig facility, Experiment Station – Admin, 1987
87-079, Groundbreaking ceremony for Chinese pig facility, Chinese pig facility, Experiment Station – Admin, 1987
87-080, Ground breaking ceremony for Chinese pig facility, Chinese pig facility, Experiment Station – Admin, 1987
87-081, Dairy barns South Farms, Animal Science – Dairy, 1987
87-082, Dean Campbell with photos of Lincoln, Dean’s office, College Admin – Admin, 1987
87-083, Oscars in Ag Judging, Jumer’s Castle Lodge, OACEE – Teaching, 1987
87-084, Photographs of 3 Montgomery paintings, studio, College Admin – Admin, 1987
87-085, Graduate student with computer used for identifying soybean diseases, different diseases affecting oil content of soybean, research lab, Ag Engineering – Electric, Power, and Processing, 1987
87-086, Corn kernel on TV monitor, machine & circuit board of device for determining soybean diseases, research lab, Ag Engineering – Electric, Power, and Processing, 1987
87-087, Overview of new head house, green house complex, top of Turner Hall, Horticulture – Landscape, 1987
87-089, Copystand shots of fruit, strawberries, kiwi, raspberries, studio, Horticulture – Fruit, 1987
87-090, 4-H staff, "recognition for excellence" program, 4-H office, 4-H State, 1987
87-091, 4-H leaders and staff- "recognition for excellence" program, 4-H office, 4-H State, 1987
87-092, 4-H leaders "recognition for excellence", 4-H State, 1987
87-093, Plans and models of Plant & Animal Biotech Lab, studio, College Admin – Building, 1987
87-094, Plans of Plant & Animal Biotech Center, studio, College Admin – Building, 1987
87-095, Plans for Plant & Animal Biotech Lab, studio, College Admin – Building, 1987
87-096, New renderings and models of plant & animal biotech lab, studio, College Admin – Building, 1987
88-001, William & Deborah Klein in farm office discussing finances, Klein farm, Bondville, IL, Ag Economics – Farm Management, 1988
88-002, Copy shots of Plant & Animal Biotech Center, studio, College Admin – Building, 1988
88-003, Illinois Fruit & Vegetable Growers Convention & Trade Show, Horticulture – Fruit, 1988
88-004, Illinois Fruit & Vegetable Growers Convention & Trade Show, participants on trade floor, Prairie Capital Convention Center, Horticulture – Fruit, 1988
88-005, Trade show floor & speakers at convention, prairie capital convention center, Horticulture – Fruit, 1988
88-006, Trade show, Marla Behrens with guests, prairie capital convention center, Horticulture – Fruit, 1988
88-007, Dean Campbell & Dean George on tour of new greenhouse, new greenhouse/horticulture, College Admin – Building, 1988
88-008, Rebeiz, John Juvik, and Carol Rebeiz at media opportunity for laser insecticide, ABL, Horticulture – Biotech, 1988
88-009, Constantin and Carole Rebiez, and John Juvik at media opportunity for laser insecticide, ABL, Horticulture – Biotech, 1988
88-010, Rendering of new plant & animal biotechnology center, studio, College Admin – Buildings, 1988
88-011, Laurie Lawrence with horses, mare & colt on South Farms, South Farms, Animal Science – Horse, 1988
88-012, Doug Parrett & students judging steers, ear tagging a calf, Gail Czarnecki & dog research, South Farms, Animal Science – Beef, 1988
88-013, Students checking dogs, Dr. George Fahey with students in lab, dog kennels, Animal Science – Dairy, 1988
88-014, Doug Parrett and students judging steers, ear tagging a calf, Larry Burger feedlot evaluation, South Farms, Animal Science – Beef, 1988
88-015, Doug Parrett using a data show pc, George Fahey with students in lab, Animal Science – Beef, 1988
88-017, Dave Baker with Beckman lab equipment and with chickens on feeding trials, Animal Science lab/South Farms, Animal Science – Poultry, 1988
88-018, Graduate student with mass spectrometer, burnsides lab, HRFS – Foods & Nutrition, 1988
88-019, Intsoy experiment being carried on in cooperative venture with bar export, barr exports, International – Intsoy, 1988
88-020, Rendering of elevations of new Animal Science addition, studio, College Admin – Building, 1988
88-021, Rendering of elevations of new Animal Science addition, studio, College Admin – Building, 1988
88-022, Extension Mumford Hall, west side, campus, College Admin – Building, 1988
88-023, Copy negs: early field work, university labs, Cecil Hopkins, Orville Bentley, Dean Davenport, Studio, History, 1988
88-024, Governor Michael Dukakis visiting Agricultural Tech at SRIB, media opportunity, SRIB, College Admin – Admin, 1988
88-025, Governor Michael Dukakis at Agritech in SRIB, John Campbell & Don Holt in attendance, SRIB, College Admin – Admin, 1988
88-026, Michael Dukakis visiting Agritech at SRIB, media opportunity, John Campbell and Don Holt in attendance, SRIB, College Admin – Admin, 1988
88-027, Pictures of people viewing Ag Experiment Station displays on south campus tour, reception and dinner at Illini union, south campus, Experiment Station – Admin, 1988
88-028, Reception & dinner at Illini Union for hatch centennial celebration, south campus,
Experiment Station – Admin, 1988
88-029, Pictures of people viewing Ag Experiment Station displays on south campus tour, south campus, Experiment Station – Admin, 1988
88-030, Illini union/ south campus, Experiment Station – Admin, 1988
88-031, B&W internegs of historical photos for hatch centennial display, History, 1988
88-032, Mumford house early 1900's, studio, History, 1988
88-033, Internegs of slides-historical early farming scenes, large group shot, boy by pond, studio, History, 1988
88-034, Early farming scenes, Home Ec demos, funk school house, Cyril Hopkins with stack of corn, studio, History, 1988
88-036, Close ups of pedestals, agent looking over soil erosion damage, aerial of terraces, Agronomy – Soils, 1988
88-037, Internegs from slides, soybean products, soybean research, soybean germ plasm bank, and old vet med bldg., various locations, Agronomy – Crops, 1988
88-038, Students at intercollegiate flower judging contest, new green house, Horticulture – Floriculture, 1988
88-040, Students with Tom Carr in cooler evaluating beef carcasses, meat science lab, Animal Science – Meat, 1988
88-041, Students working in laboratory setting in meat science lab, working with radioactive materials, students at micro scope carl parsons with students at poultry farm weighing chicks, meat science lab, Animal Science – Meat/poultry, 1988
88-042, Carl Parsons w/baby chicks and students, Laurie Lawrence w/horse and student, poultry farm, Animal Science – Horse, 1988
88-043, Floyd Bohlen at desk with computer, adjusting no till seed planter, Wiley Scott SCS staff checking residue in field, Floyd Bohlen farm, Ag Economics – Farm Management, 1988
88-044, Students in catering class presenting international dinners, students working in kitchen, preparing food, waiting on tables, spice box Bevier Hall, HRFS – Foods & Nutrition, 1988
88-045, Student working with computer in dairy facility, students milking cows in octagonal milking parlor, adjusting machinery, dairy barns, Animal Science – Dairy, 1988
88-046, Student adjusting flow rate machinery for milk, student putting hay into stall for dairy cattle, dairy barns, Animal Science – Dairy, 1988
88-047, Group in meeting at family community leadership workshop, Karen Zott speaking, extension personnel working with other community agencies, Ramada Inn, Bloomington, HRFS – Admin, 1988
88-048, Group in meeting for family community leadership workshop, Ramada Inn, Bloomington, HRFS – Admin, 1988
88-049, Students in catering class presenting international dinner, students in kitchen, serving food, spice box, Bevier Hall, HRFS – Foods & Nutrition, 1988
88-050, Student feeding soymilk ration to baby pigs, Dr. Easter & student performing surgery on pig, student at feed mill, Swine Research Facility, Animal Science – Swine, 1988
88-051, Intsoy trials with soybean extruder equipment at Barr exports, Barr exports, International – Intsoy, 1988
88-052, Insect damage on soybean leaf, assistants at lab machinery Marcos Kogan holding dish that insects have feed on, Marco Kogan’s research lab, Entomology, 1988
88-053, Beef corn curls in extruder - Dr. Villota (cooperative research with Peter Bechtel), pilot plant, AESB, Food Science, 1988
88-054, Illinois Fruit & Vegetable Grower’s Convention, group shots of leaders & speakers, Prairie Capital Convention Center, Horticulture – Fruit, 1988
88-055, Rendering of plants and animal biotechnology laboratory also sheep on South Farms with Assembly Hall in background, studio, College Admin – Buildings, 1988
88-056, Eugene Davenport, Isabel Bevier, Frank Andrews w/sewing machine, early Morrow Plots, thrashing crew, early will radio broadcast, Home Ec camming demo, studio, History, 1988
88-057, Extension Office, Linda Smith, telenet group session, recording room, Christian County, Extension – County, 1988
88-058, Extension office, Denise Kistner, and Bill Harriman in conference, youth council reps, Christian County, Extension – County, 1988
88-059, Farmer doing chores, machinery, walking calf, talking with advisor, Logan County, Ag Economics – Farm Management, 1988
88-060, Farmers leaning on fence, young farmers with calf, Logan County, Animal Science – Beef, 1988
88-061, Rendering of new Animal Science expansion, studio, College Admin – Buildings, 1988
88-062, Installation of viewing tubes, John Hummel, Dwight Roberts, Denny King, Ag Engineering Farm, Ag Engineering – Soil & Water, 1988
88-063, Dwight Roberts (student research assistant) in field with video camera and recorder used to monitor root growth of soybeans; close-ups of camera, insertion into tube and video playback, Ag Engineering Farm, Ag Engineering – Soil & Water, 1988
88-064, 4-H board members tour, greenhouses, horse judging, Director David Pyle in meeting, 4-H State, 1988
88-065, 4-H board members on tour, stock pavilion, South Farms dairy barn, banquet reception, stock pavilion, 4-H State, 1988
88-066, State 4-H conference, opening ceremony, companion animal’s workshop, sign language workshop, 4-H State, 1988
88-067, State 4-H conference, opening ceremony, companion animal project, UI campus, 4-H State, 1988
88-068, State 4-H conference, horticulture workshop, UI campus, 4-H State, 1988
88-069, State 4-H conference, group meetings, electricity workshop, UI campus, 4-H State, 1988
88-070, State 4-H conference, auto maintenance workshop, foods workshop, UI campus, 4-H State, 1988
88-071, State 4-H conference, group meetings, electricity workshop, UI campus, 4-H State, 1988
88-072, Kids playing with ball on Turfgrass, UI stadium, Horticulture – Turfgrass, 1988
88-073, Kids playing on healthy Turfgrass, UI stadium, Horticulture – Turfgrass, 1988
88-074, Youth group meeting in a park, Decatur, IL, HRFS – EFNEP, 1988
88-075, Drought stressed corn, mason County, irrigation units, overview of plots, sand farm, Kilbourne IL, Experiment Station – Admin, 1988
88-076, Cultivating soybeans, portable irrigation unit, overviews of research plots, drought stressed corn, sand farm, Kilbourne IL, Experiment Station – Admin, 1988
88-077, Potable irrigation unit, Stanley Sipp with tension meter, sand farm, Kilbourne IL, Experiment Station – Admin, 1988
88-078, Center buildings, research fields, Animal Science Building, drought stressed corn, Orr center, Perry IL, Experiment Station – Admin, 1988
88-079, Animal Science bldgs., research plots, Glen Raines on experimental tractor, Mike Vose loading rack, Orr center, Perry IL, Experiment Station – Admin, 1988
88-080, Baling hay, Mike Vose loading racks, Glen Raines in soybean field, Orr center, Perry IL, Experiment Station – Admin, 1988
88-081, Glen Raines, corn plot, experimental combine, research fields, Perry, Orr Center, Experiment Station – Admin, 1988
88-082, Ag Experiment Station Director Mike Mainz, ridge till corn, soybean field showing contour plowing, soil moisture reading, Monmouth IL, Experiment Station – Admin, 1988
88-083, Main building at Monmouth station, solar collector, dyna drive in action, Ag experiment station Monmouth IL, Experiment Station – Admin, 1988
88-084, Signs of Ag Experiment Station, farmers at mini-field day, research plots, and drought stressed corn, Monmouth IL, Experiment Station – Admin, 1988
88-085, Emerson Nafzger with drought stressed corn, South Farms, Agronomy – Crop, 1988
88-086, Dairy cows eating alfalfa cubes, UI South Farms, Animal Science – Dairy, 1988
88-087, Dean Campbell portrait in office, Dean’s office, College Admin – Admin, 1988
88-088, Dean Campbell portrait in office, Dean’s office, College Admin – Admin, 1988
88-089, Dean Campbell portrait in office, Dean’s office, College Admin – Admin, 1988
88-090, Dairy cows eating alfalfa cubes, UI South Farms, Animal Science – Dairy, 1988
88-091, Copy negs of old Ag photos- Dean Davenport, Prof. Burrill in lab, field work, McLean Co. swine sanitation system parade float, History, 1988
88-093, Extension specialists holding drought press conference in a corn field, Bill McAllister, Emerson Nafzger, Springfield, Extension – County, 1988
88-094, Extension specialists holding a drought press conference in a corn field, Gary Pepper, Pete Bloome, Bob Hoeft, Stu Hawbaker, Springfield, Extension – County, 1988
88-095, Extension drought press conference in corn field, Bill McAllister, Pete Bloome, Springfield, Extension – County, 1988
88-096, Drought stressed corn, tassels, emerging ears, Springfield, Agronomy – Crop, 1988
88-097, Giant foxtail, whole plant, South Farms, Agronomy – Crop, 1988
88-098, Giant foxtail, close-up seed-head, hairy leaf surface, South Farms, Agronomy – Crop, 1988
88-099, Overview of Ag experiment station at Brownstown including experiment plots, Brownstown Experiment Station, Experiment Station – Research Center, 1988
88-100, John sawyer in research plot of corn and soybeans, Brownstown Experiment Station, Experiment Station – Research Center, 1988
88-101, Overview scenic of station, experiment plots, horticulture farm, cattle in field, roundup and vaccination of cattle, Dixon Springs Experiment Station, Experiment Station – Research Center, 1988
88-102, Vaccinating cattle, hand- spraying plots, Steve Ebelhar in fields, sheep shearing, blueberry picking, Dixon Spring Experiment Station, Experiment Station – Research Center, 1988
88-103, Blueberry picking, forage crop harvesting with small combine, Steve Ebelhar in fields, laying plastic mulch, Dixon Springs Experiment Station, Experiment Station – Research Center, 1988
88-104, Planting in wheat stubble, Steve Eberhard in sorghum, soybean and weed plots, Dixon Spring Experiment Station, Experiment Station – Research Center, 1988
88-105, Steve Ebelhar in field with soil testing device, Bill Courter with sweet corn and bell peppers, vaccinating cattle, Dixon Springs Experiment Station, Experiment Station – Research Center, 1988
88-106, Scouting in cornfield, spraying, John Sawyer in bean field, cultivating soybeans, Brownstown Experiment Station, Agronomy – Crops, 1988
88-107, Cultivation beans, John Sawyer in fields, spraying soybeans, Brownstown Experiment Station, Experiment Station – Research Center, 1988
88-108, Giant foxtail, whole plant, Agronomy – Crop, 1988
88-109, International graduate students at conference, working in foods research lab, Levis Center, Bevier Hall, HRFS – FACE, 1988
88-110, International graduate students working in Child Development Lab and with research lab, Child Development Lab, Bevier Hall, HRFS – Human Development, 1988
88-111, Student injecting chromatograph with sample, Plant Sciences Lab, Forestry, 1988
88-112, Forestry students in lab, at computer, microscope and working in greenhouse, plant sciences lab, Forestry, 1988
88-113, Student with Plant Specimen, tissue cultures, pruning cottonwood, and with wood press, plant sciences lab, Hort Field Lab, AESB, Forestry, 1988
88-114, Woodlot shots for 50th anniversary brochure and "farm year forest", woodlot, rural Mahomet, Forestry, 1988
88-115, Woodlot interior, canopy, close-ups of trunks, leaves, river bottomland, woodlot in rural Mahomet, Forestry, 1988
88-116, Back of Paula Wheeler's house showing handicapped accessible ramp and deck (for IL research), Champaign, Ag Engineering – Structure, 1988
88-117, Handicapped accessible ramp to Mumford Hall, single family house with good Turfgrass lawn (for IL research), College Admin – Building, 1988
88-118, Studio shot of 1/2 full glass of water (for IL research), OACEE – Design, 1988
88-119, Woodland scene composite for 50th anniversary brochure, Brownfield Woods, Forestry, 1988
88-120, Woodland scene composite for 50th anniversary brochure, Brownfield Woods, Forestry, 1988
88-121, Dixon Springs Ag Center, Mumford House, HRFS photos, studio, History, 1988
88-122, Corn and combine, HRFS women's groups, Dixon Springs Center, studio, History, 1988
88-123, Overview of experiment station facilities and sign, St. Charles horticulture research center, Experiment Station – Research Station, 1988
88-124, Students cutting cauliflower, insect trap, peppers, mulch, St. Charles horticulture research center, Experiment Station – Research Center, 1988
88-125, Farm manager with sweet corn, drop irrigation, watermelons, St. Charles horticulture research center, Experiment Station – Research Center, 1988
88-126, Bill shoemaker with watermelons, irrigation equipment, greenhouse, mulch, overviews from tower, St. Charles horticulture research center, Experiment Station – Research Center, 1988
88-127, Overview of center, harvesting wheat varieties, DeKalb research center, Experiment Station – Research Center, 1988
88-128, With sprayer in soybean field, farm manager in corn field, inspecting tassels, DeKalb research center, Experiment Station – Research Center, 1988
88-129, Close-ups corn, corn smut, soybean and corn trials, residue in corn field, DeKalb research center, Experiment Station – Research Center, 1988
88-130, Residue in soybeans and corn-tillage systems, overview of center's facilities, DeKalb research center, Experiment Station – Research Center, 1988
88-131, Extension specialists at drought update; aerials of research center, DeKalb research center, Experiment Station – Research Center, 1988
88-132, New construction of PABC and Chinese pig facility, PABC construction site / Chinese pig facility, College Admin – Building, 1988
88-133, Exterior side of Mumford Hall (west side), Mumford Hall, College Admin – Buildings, 1988
88-134, Exterior side of Mumford Hall (west side), Mumford Hall, College Admin – Buildings, 1988
88-135, Internegs of drying fans and grain, interneg, Ag Economics – Grain Handling, 1988
88-137, Gary Wells of case/ih, presenting combine to Ag Engineering department, AESB, Ag Engineering – Electric, Power, and Processing, 1988
88-138, Brazilian woman with foods she prepared with soybeans, old Ag Engineering Building, International – Intsoy, 1988
88-139, Overview of PABL construction from top of Turner Hall, PABL site, College Admin – Buildings, 1988
88-140, Soybean charcoal rot, ears of corn showing size differences from drought, engineering South Farms, Agronomy – Crops, 1988
88-141, High School intern in lab, with supervisor, 294 AESB, Food Science, 1988
88-142, Agronomy day at U of I South Farms 1988; drought update session, Agronomy South Farms, Agronomy – Crop, 1988
88-143, Agronomy day tours - McGlamery, Bernard Simmons, corn, soybean, South Farms, Agronomy – Crop, 1988
88-144, Agronomy day tours - Bill Simmons, groundwater quality, South Farms, Agronomy – Crop, 1988
88-145, Checking oak tree for oak blight; Lehn family in kitchen, kids studying; farmer and advisor with grain truck, Decatur, IL, Extension – County, 1988
88-146, Urban scenes of Decatur, meeting of executive board, at CES office, Decatur, IL, Extension – County, 1988
88-147, Executive board meeting at CES office, Decatur, IL, Extension – County, 1988
88-148, Electric power and processing, Ag Engineering – Electric, power, and processing, 1988
88-149, PABL ground breaking ceremony, PABL building site, College Admin – Building, 1988
88-150, PABL ground breaking ceremony, PABL building site, College Admin – Building, 1988
88-151, Paraprofessional training session at round barn - EFNEP group meeting at St. Mark's Catholic Church, Chicago Northside (Hispanic), HRFS – EFNEP, 1988
88-152, EFNEP after-school program, Vietnamese family on Northside; in family meeting, preparing stir fry; children in lunch room, (Southside), Chicago (cook area I and III), HRFS – EFNEP, 1988
88-153, Groundbreaking ceremony for new plant & animal biotechnology laboratory, new PABL site, College Admin – Building, 1988
88-154, Interpaks students on tour of Ag services, printing and distribution facilities, ag services,
South Farms, OACEE – Distribution, 1988
88-155, EFNEP paraprofessionals, teaching small groups, Champaign, Peoria, IL, HRFS – EFNEP, 1988
88-156, EFNEP training in office, small group teaching (Metrans), PA's in one-on-one groups, pregnant teen with PA, failure to thrive baby and mother, Peoria, IL, HRFS – EFNEP, 1988
88-157, Mother and child, home visit, comparing prizes in super market, EFNEP PA making home visit (in doorway), Peoria, Rock Island, HRFS – EFNEP, 1988
88-158, Animal Science addition grounds breaking, Animal Sciences bldg., College Admin – Building, 1988
88-159, Animal Science additional ground breaking, Animal Sciences bldg., College Admin – Building, 1988
88-160, 4-H activities, Cook County, group shot in front of Buckingham Fountain, Chicago, IL, 4-H State, 1988
88-161, Jerry Barrett, artist, at work on Macintosh computer, Becky Broeking with visuals computer, Mumford Hall, OACEE – Design, 1988
88-162, Beef affair, held in Carlinville, by Carol Heiser and Randy Loveless, Dean Gomes attending, Carlinville, IL, College Admin – Admin
88-163, Interpaks students on tour of Ag Communications, Mumford Hall, International – Interpaks, 1988
88-164, Ag Engineering Sciences Building, used for 1987 Christmas card, AESB, College Admin – Building, 1988
88-166, Violet Malone in training sessions, interpak workshop, Mumford Hall, International – Interpaks, 1988
88-167, Soybean product, tabletop shot (internegs), Ag Bioprocess lab, International – Intsoy, 1988
88-168, Soybean extruder in use, Ag bioprocess lab, International – Intsoy, 1988
88-169, Internegs for "farm-your-forest" scenic of forest acreage, various - interneg, Forestry, 1988
88-170, Moldboard plowing into corn stubble, bridge over Illinois River, water tower in Elburn, Kane County, Ag Engineering – Machine, 1988
88-171, Bill Shoemaker with pumpkins, pumpkin crop, onions, tomatoes, St. Charles Horticulture Research Center, Experiment Station – Research Center, 1988
88-172, Bill Shoemaker with chilies, bridge over Illinois River, Elburn water tower, St. Charles Horticulture Research Center, Experiment Station – Research Center, 1988
88-173, Winter wheat germination, soybean fields with center in background, frost on soybeans, DeKalb, IL, Experiment Station, Research Center, 1988
88-174, Chisel plowing after ammonium application on soybean stubble, applying ammonia on soybean stubble, Kane County, Ag Engineering – Machine, 1988
88-176, Reum family (Roger and Carl) combining corn, hogs in field of corn stubble, Lexington/Sibley, IL, Ag Engineering – Machine, 1988
88-177, Black student in foods & nutrition lab for minority student brochure, Bevier Hall, HRFS – Foods & Nutrition, 1988
88-178, Minority student handling and checking rabbit, for minority student brochure, confinement bldg. near genetics, Animal Science – Companion, 1988
88-179, Black student collecting eggs from chicken cages, for minority student brochure, poultry building (near genetics), Animal Science – Poultry, 1988
88-180, Marching Illini flag squad with 4-H flags, Memorial Stadium, 4-H State, 1988
88-181, Soybean harvest at DeKalb research farm, northern IL research station, DeKalb, IL, Experiment Station – Research, 1988
88-182, Combine harvesting soybeans at Orr center; sundogs; sorghum, before harvest, Orr center, Experiment Station – Research, 1988
88-183, Horses in pasture, sorghum; close up of corn tassels; overviews of station; loading soybeans for market, Orr center, Experiment Station – Research, 1988
88-184, Fertilizing field, plowing (dyna-drive) field, planting winter wheat; Animal Science center; harvesting sorghum, Animal Science bldgs. at Dixon Springs, sign, sheep barns, Orr center/Dixon Springs, Experiment Station – Research, 1988
88-185, Sudan grass, worker checking grass plots, swine in outside sheds, Forestry test plots, harvesting sorghum, para plow at use, Dixon Springs, Experiment Station – Research, 1988
88-186, Para plow at use, calibrating seed planter, plowing field, para plow vs. conventional tillage, setting flags, planting winter wheat, harvesting corn for silage, Dixon Springs, Experiment Station – Research, 1988
88-187, Horses grazing in front covered pasture, Morgan County, Animal Science – Horse, 1988
88-188, Sorghum fields, sundogs over fields, cattle grazing in pasture, combine harvesting soybeans, combines unloading at night, loading soybeans with auger, Orr Center, Experiment Station – Research, 1988
88-189, Rick and Diane Lehn farm, unloading soybeans, mother and children in kitchen fixing snacks, Rick and Diane Lehn farm, Decatur, IL, extension, County, 1988
88-190, Jean Zinn transferring block samples in laboratory with centrifuge, swine in pens, Dixon Springs, Experiment Station – Research, 1988
88-191, Making silage, dumping silage, packing silage into pit, Animal Science barns, Dixon Springs, Experiment Station – Research, 1988
88-192, 1988 farm income tax workshop books being bound, boxed and shipped at U of I press, U of I press, Ag Economics – Farm Management, 1988
88-194, Horses near pond, steam rising off pond, southern Illinois, Johnson Co., Animal Science – Horse, 1988
88-195, Combining corn - late afternoon, in Johnson County, Johnson Co., Ag Engineering – Machine, 1988
88-196, Al Nelson and Wilmet showing baked products made with soybean flour, old Ag Engineering, International – Intsoy, 1988
88-197, Overviews of Champaign tax school, workshop participants examining tax publications, chancellor inn, Champaign, Ag Economics – Farm Management, 1988
88-198, Close-ups of participants at Champaign tax school, chancellor inn, Champaign, Ag Economics – Farm Management, 1988
88-199, Overviews of Champaign tax school, close-ups of speakers, Chancellor Inn, Champaign, Ag Economics – Farm Management, 1988
88-200, Close-ups of participants at Champaign tax school, Chancellor Inn, Champaign, Ag Economics – Farm Management, 1988
88-201, Tax school at LaSalle, LaSalle, IL, Ag Economics – Farm Management, 1988
88-202, Lab testing procedures for corn and soybeans at identity preserved grain laboratory in sponsored research incubator building, SRIB, Agronomy – Crop, 1988
88-203, Lab testing procedures for soybeans and corn at identity preserved grain quality laboratory (sponsored research incubator), SRIB, Agronomy – Crop, 1988
88-204, New 4-H group organizing and having first meeting, manor courts housing project, Rock Island, IL, 4-H Club, 1988
88-205, A & E extension meeting, Chicago; strawberry grower, Rock Island; Riverdale school; henry co. 4-H office and workers; Sue Bach, Chicago, Rock Island, Henry Co., Extension – County, 1988
88-206, Illinois state capitol building; Willard ice building; Illinois Department of Revenue; Illinois Department of Agriculture, Springfield, IL, Ag Economics – Policy, 1988
88-207, Volunteers cleaning and boxing up costumes from historic costume collection, Bevier Hall, HRFS – TAID, 1988
89-001, Jim Evans and Art Siechrest delivering NAFB (National Association of Farm Broadcasters) materials to the University Archives, University Archives, OACEE – Teaching, 1989
89-002, Undergraduate female recording weight of young chick on scale in Poultry Research Area, poultry South Farms, Animal Science – Poultry, 1989
89-003, Color interneg of Mumford Hall with Morrow Plots in foreground, Mumford Hall, College Admin – Building, 1989
89-004, Corn stubble in no-till field (fall), Agronomy – Soil, 1989
89-005, Julie Henry at WICD television studio with extension guests; producer in control room at switching board, WICD studio, Champaign, OACEE – Media, 1989
89-006, Herb seminar and demonstration, exhibits and salesmen on trade show floor, of Illinois fruit, vegetable and irrigation conference, Prairie Capital Convention Center, Springfield, Horticulture – Fruit, 1989
89-007, Pressed flower demonstration at herb seminar; trade show floor, overviews of Illinois fruit, vegetable and irrigation exhibit from balcony, Prairie Capital Convention Center, Springfield, Horticulture – Fruit, 1989
89-008, Extension exhibit, trade show floor of Illinois fruit, vegetable and irrigation conference, Prairie Capitol Convention Center, Springfield, Horticulture – Fruit, 1989
89-009, Dean Gomes portraits in office, 104 Mumford Hall, College Admin – Admin, 1989
89-010, Dean Gomes portrait in office, 104 Mumford Hall, 1989
89-011, Dr. Keith Singletary with black female student in laboratory; group of portrait of international students, Bevier Hall, HRFS – Foods and Nutrition, 1989
89-012, Close-ups of water dripping from a faucet, studio, Agronomy – Soil and water, 1989
89-013, Worker checking nozzles and filling tank on lawn care truck; woman reaching for bottle of aspirin in medicine cabinet, Biddle lawn care, Saudy/Peterson home, Champaign, Ag Engineering – Safety, 1989
89-014, Young child finding household cleaners-poisons, under kitchen sink, Peterson home, Champaign, Ag Engineering – Safety, 1989
89-014, Young child finding household cleaners -- poisons -- under kitchen sink, Peterson home Champaign, Ag Engineering – Safety, 1989
89-015, Homeowner mixing lawn and garden chemicals, Ag Engineering – Safety, 1989
89-015, Homeowner mixing lawn and garden chemicals, Ag Engineering – Safety, 1989
89-016, Homeowner mixing lawn and garden chemicals, Ag Engineering – Safety, 1989
89-016, Homeowner mixing lawn and garden chemicals, Ag Engineering – Safety, 1989
89-017, Dr. Bryan white with students in laboratory situations, Holding/examining gel, working under anaerobic hood, working at computer, Animal Sciences lab, Animal Science – Dairy, 1989
89-017, Dr. white with students in laboratory situations, holding/examining gel, working under anaerobic hood, working at computer., Animal Sciences lab, Animal Science – Dairy, 1989
89-018, Girl giving talk/demonstration with junior leader coaching practice session, champ. co. ext. office, 4-h, club, 1989
89-018, Girl giving talk/demonstration with junior leader coaching practice session, Champaign County extension office, 4-h, club, 1989
89-019, Adams County extension activities: ag meeting, 4-h projects, parenting class, office shots, Quincy, extension, County, 1989
89-019, Adams County extension activities: ag meeting, 4-h projects, parenting class, office shots., Quincy, extension, County, 1989
89-020, Adams County extension: parenting class, 4-hers, Quincy, extension, County, 1989
89-020, Adams County extension: parenting class, 4-h'ers, Quincy, extension, County, 1989
89-021, Fred Kolb, greenhouse, crossbreeding oats, greenhouse, Agronomy – Crop, 1989
89-021, Fred Kolb, greenhouse, crossbreeding oats, greenhouse, Agronomy – Crop, 1987
89-022, Overview of Plant Sciences Complex and Greenhouses (from the east), Plant Sciences Buildings, College Admin – Building, 1989
89-022, Overview of Plant Sciences Complex and Greenhouses (from the east), Plant Sciences Buildings, College Admin – Building, 1989
89-023, Overview of plant sciences complex and greenhouses (from corner of Dorner Dr. and Peabody Dr.), Plant Sciences Building, College Admin – Building, 1989
89-023, Overview of plant sciences complex and greenhouses (from corner of Dorner Dr. and Peabody Dr.), Plant Sciences Building, College Admin – Building, 1989
89-024, Father, Mother and Daughter discussing finances at kitchen table, Rund farm, rural Pesotum, IL, Ag Economics – Farm Management, 1989
89-024, Father, Mother and Daughter discussing finances at kitchen table, Rund farm, rural Pesotum, IL, Ag Economics – Farm Management, 1989
89-025, Intsoy pilot plant after Remo, Ag Bioprocess Lab, International – Intsoy, 1989
89-025, Intsoy pilot plant after remodeling, with visitors, Ag Bioprocess Lab, International – Intsoy, 1989
89-026, Intsoy pilot plant after remodeling, Ag Bioprocess Lab, International – Intsoy, 1989
89-027, Woman reaching into medicine cabinet, woman selecting seeds, turning mulch/compost in garden, home, prairie gardens, garden, Horticulture – Vegetable, 1989
89-028, Copy negs of funk family historical photos (McLean Co. Historical Society), studio, History, 1989
89-029, Copy negatives of funk family historical photos (from McLean County Historical Society), studio, History, 1989
89-030, Dave Chicoine in telenet studios, telenet studio, OACE – Design, 1989
89-031, Copy negs of Funk Family historical photos (McLean Co. Historical Society), studio, History, 1989
89-032, Constantin Rebeiz with laser herbicide plants in lab, Ag Bioprocess Lab, Horticulture – Biotech, 1989
89-033, Don Uchtman in office, Mumford Hall, Extension – County, 1989
89-034, Water dripping from faucet - close-ups, studio, Ag Engineering – Soil & Water, 1989
89-035, Water dripping from faucet - close-ups, studio, Ag Engineering – Soil & Water, 1989
89-036, Students in textiles lab, computer lab, and preparing food in kitchen laboratory, Bevier Hall, HRFS – TAID, 1989
89-037, Students in textiles lab, computer lab, Bevier Hall, HRFS – Foods & Nutrition, 1989
89-038, Students at computers in interior design lab; looking over design projects; students catering reception, Bevier Hall, HRFS – TAID, 1989
89-039, Class discussion group; parent dropping off kids at the Child Development Lab, HRFS – Human Development, 1989
89-040, Students in discussion/class; children's food study research, Child Development Lab, HRFS – Human Development, 1989
89-041, Parents dropping off kids at Child Development Lab (outside), "scale model" research, Child Development Lab, HRFS – Human Development, 1989
89-042, Students working with children in cdl playground (outside); parents picking up children from lab; students in a small group discussion, Child Development Lab, HRFS – Human Development, 1989
89-043, Student with child in food tasting study; students outside with children in CDL playground, HRFS – Human Development, 1989
89-044, Students helping children in Child Development Lab; students and teacher in small group discussion, HRFS – Human Development, 1989
89-045, Students working in Bevier Interior Design computer lab; Professor Allison Carll tutoring student at computer, Bevier computer lab, HRFS – TAID, 1989
89-046, Students cooking in foods laboratory; restaurant Management, students preparing international dinners, Bevier Hall, HRFS – Foods & Nutrition, 1989
89-047, Restaurant Management, students preparing international dinner; students cooking in food laboratory, Bevier Hall, HRFS – Foods & Nutrition, 1989
89-048, Students preparing international dinner in kitchen and spice box, Bevier Hall kitchen, HRFS – Foods & Nutrition, 1989
89-049, Restaurant Management, students in kitchen; students cooking in food laboratory, Bevier Foods lab, HRFS – Foods and Nutrition, 1989
89-050, Ann and Poscoe Pershing in home, making landscaping plans, looking at photograph album, playing organ, Pershing home, Champaign, HRFS – Human Development, 1989
89-051, Participants in EFNEP programs, urban gardening, school kids in drug awareness program, Chicago, south side, HRFS – EFNEP, 1989
89-052, Scouting for alfalfa weevils in test plots, entomology farm - Urbana, entomology, 1989
89-053, Exterior, Turner Hall at sunset with moon in sky, Turner Hall, College Admin – Buildings, 1989
89-054, Racks of test tube cultures, close-up of Jonathan apple test tube culture, Hort Field Lab, Horticulture – Fruit, 1989
89-055, Morrow Plots, Morrow Plots, 1989
89-056, Student weighing sample in nutrition lab; student conduction nutrition experiment, Bevier Hall, HRFS, FACE, 1989
89-057, Students in face microcomputer lab; student with ta, black female student at computer., Bevier Hall, HRFS – FACE, 1989
89-058, FACE students studying; FACE student at overhead giving presentation, Bevier Hall, HRFS – FACE, 1989
89-059, Boy feeding bottle calf; father and son eating, calibrating sprayer, feeding cattle, Bureau
89-060, Father, son and mother with pets, watching TV, playing in backyard, Bureau Co, Ag Economics – Farm Management, 1989
89-061, Dr. Cheryan with filtration systems in newly remodeled laboratory in Ag Bioprocess Lab, Food Science, 1989
89-062, Dr. Cheryan with filtration systems in newly remodeled laboratory in Ag Bioprocess Lab, Food Science, 1989
89-063, Farmer inspecting field of soybeans; in cab of pickup with clipboard, near Newman, IL, Ag Economics – Farm Management, 1989
89-064, Farmer in field with hired hand, on tractor, in cab of pickup truck, near Newman, IL, Ag Economics – Farm Management, 1989
89-065, Grain elevator employee assisting farmer in marketing grain, on telephone with clients, Villa Grove, IL, Ag Economics – Marketing, 1989
89-066, FS employee consulting with farmer in soybean field, Villa Grove, IL, Ag Economics – Marketing, 1989
89-067, FHA loan officer in state office; reviewing loan applications, consulting with co-worker, FHA State Office, Champaign, Ag Economics – Finance, 1989
89-068, Loan officer at Gifford State Bank, with farmer, with supervisor and at desk, Ag Economics – Finance, 1989
89-069, Exteriors of PABL construction, auditorium, Alma Mater, campus, U of I, 1989
89-070, John Deere dealership: John Deere representative assisting dealership employees to use new computer system, Oak Hill, IL, Ag Economics – Marketing, 1989
89-071, Lawyer at desk in office, in library, consulting with partner, Springfield, IL, Ag Economics – Law, 1989
89-072, Loan officer at Harris Bank, at desk, on telephone, Chicago, Ag Economics – Finance, 1989
89-073, Accountant at ADM headquarters; working on account books, at computer, archer Daniels Midland Plant, Decatur, IL, Ag Economics – Finance, 1989
89-074, Bank vice president in conference room, at chalkboard, in doorway with Citibank logo, Citibank, Chicago, Ag Economics – Finance, 1989
89-075, Action on trading floor of Chicago board of trade from aprons, Chicago board of trade, Ag Economics – Marketing, 1989
89-076, Overviews of floor action on Chicago board of trade from visitor's gallery and from aprons, Chicago board of trade, Ag Economics – Marketing, 1989
89-077, Marketing and sales person at computer terminal and on telephone, American maize products, Chicago, IL, Ag Economics – Marketing, 1989
89-078, Accountant management person conducting seminar at Arthur Anderson, Chicago, IL, Ag Economics – Finance, 1989
89-079, Professional farm manager talking with tenant farmer in soybean field, Decatur, IL, Ag Economics – Farm Management, 1989
89-080, Professional farm manager in oat field with tenant farmer, Decatur, IL, Ag Economics – Farm Management, 1989
89-081, 4-H club members showing swine, Ford Co. Fairgrounds, 4-H Club, 1989
89-082, 4-H club members with poultry and model-rocket projects, Ford Co. Fairgrounds, 4-H Club, 1989
89-083, 4-H club members in conference judging for conservation and Agronomy projects, Ford
Co. Fairgrounds, 4-H Club, 1989
89-084, Mumford Hall viewed from auditorium; Morrow Plots and undergraduate library from steps of Mumford, Mumford Hall, College Admin – Building, 1989
89-085, View of Mumford from auditorium; view of auditorium; doorway of Mumford Hall from inside, Mumford Hall, south quad, College Admin – Buildings, 1989
89-086, EFNEP program assistants and volunteers presenting nutrition program at boy's club, making milkshakes, Decatur, IL, HRFS – EFNEP, 1989
89-087, EFNEP program assistants and volunteers presenting nutrition program for kids at boy's club, making milkshakes, Decatur, IL, HRFS – EFNEP, 1989
89-088, EFNEP program assistants and volunteers at boy's club making milkshakes; black program participant with three children reading at home and on porch, eating snack, Decatur, IL, HRFS – EFNEP, 1989
89-089, Black program assistant with white program participant and three children, Decatur, IL, HRFS, EFNEP, 1989
89-090, EFNEP participants and program assistants in single mothers' meeting, also showing slide show, Decatur, IL, HRFS, EFNEP, 1989
89-091, South water street market merchants buying, selling, and distributing produce., south water street market, Chicago, Horticulture – Vegetable, 1989
89-092, South water street produce merchants buying and selling produce; overview of south market street market from roof., south water street market, Chicago, Horticulture – Vegetable, 1989
89-093, Overviews of south water street market from roof top; vendors selling produce; close-ups of packages on loading docks., south water street market, Horticulture – Vegetable, 1989
89-094, Boats on Chicago marina; water pollution around marina, Chicago marina, leisure studies, outdoor, 1989
89-095, Floor trading action on Chicago mercantile exchange - from floor and catwalk, Chicago mercantile exchange, Ag Economics – Marketing, 1989
89-096, Sunflower field, close-ups of sunflowers, near Pontiac, IL, Agronomy – Crop, 1989
89-097, Student in labs with microscope - consulting with professor, Bevier Hall, HRFS – Foods and Nutrition, 1989
89-098, Arrival and unloading of Chinese pigs at imported swine facility, imported swine facility, Animal Science – Swine, 1989
89-100, Speakers at PSL dedication, tree-planting ceremony, inside of atrium, plant sciences laboratory, College Admin – Building, 1989
89-101, Inside greenhouses, mom's day flower show, PSL laboratory tour, plant sciences lab, College Admin – Building, 1989
89-102, 4-H workshop participants in nutrition workshops, and international workshops, Bevier Hall, 4-h, workshop, 1989
89-103, 4-H participants in cooking workshop and car buying workshop., Ag Engineering sciences building, 4-H Workshop, 1989
89-104, Teacher and student in classroom setting, counseling session, Education building, HRFS – Admin, 1989
89-105, Ag economic graduate students teaching introductory level course to undergraduate students, Mumford Hall, College Admin – Student, 1989
89-106, Graduate student using library computer system; students meeting on stairwell, in offices, Mumford Hall, College Admin – Students, 1989
89-107, Graduate students at library computer system terminal; students outside entrance to Mumford Hall; female professor advising graduate student, Mumford Hall, College Admin – Students, 1989
89-108, Graduate students meeting/passing in entrance to Mumford Hall and in hallways, College Admin – Students, 1989
89-109, Ray Leuthold teaching graduate level Ag Econ class; portrait of Dave Chicoine, Mumford Hall, College Admin – Students, 1989
89-110, John Braden, Ag Econ professor in conference with male and female Ag Econ graduate students, Mumford Hall, College Admin – Students, 1989
89-111, Moldboard plow "breaking new ground" (for annual report), South Farms, Agronomy – Soil, 1989
89-112, Students at HRFS freshman welcome night; students at group and activity booths, Bevier Hall Cafeteria, College Admin – Student, 1989
89-113, Chinese pigs in ISRL imported swine research lab, imported swine research laboratory, Animal Science – Swine, 1989
89-114, Close-ups and side profiles of Meishan/Chinese swine, imported swine research lab, Animal Science – Swine, 1989
89-115, Side profiles of Chinese swine; Meishan (female) - some with Dr. Dave McLaren, imported swine research laboratory, Animal Science – Swine, 1989
89-116, Round barns, at twilight; sunrise - from top of vet med, round barns, South Farms, College Admin – Building, 1989
89-117, Round barns, at sunset, from top of vet med basil sciences bldg. used for deans notecard and round barn poster., round barns, South Farms, College Admin – Building, 1989
89-118, Dean Chuck Olson counselling a student in his office, Mumford Hall, College Admin – Student, 1989
89-119, Close-up of corn tassels at sunset; used on 1988 Christmas card, Urbana farm, Agronomy – Crop, 1989
89-120, Loading and washing chemical application truck; close-up of herbicide applicator nozzle and shut-off value, Galesville Chemical Co., Ag Engineering – Safety, 1989
89-121, Galesville Chemical Company - overviews of concrete cleaning pad, close-ups of holding tanks and drains on pad, technician washing hands from tank on truck, Ag Engineering – Safety, 1989
89-122, Mold board plow "breaking new ground" (for 1989 annual report), South Farms, Agronomy – Soil, 1989
89-123, Chemical truck applying fertilizer to field; public well; holding tank for chemical company, Deland, IL, Ag Engineering – Machine, 1989
89-124, Corn and BCFM (broken corn and foreign material) in sieve and pan, used for grain inspection, studio, Ag Economics – Grain Handling, 1989
89-125, Aerials of south campus: Assembly Hall, Hort Field Lab, South Farms plots, swine facility, Mumford Hall, new greenhouse/head house, south campus, College Admin – Building, 1989
89-126, Aerials of south campus: Assembly Hall, Hort Field Lab, South Farms plots, swine facility, Mumford Hall, new greenhouse/head house, south campus, College Admin – Building, 1989
89-126, Aerials of south campus: Assembly Hall, Hort Field Lab, South Farms plots, swine facility, Mumford Hall, new greenhouse/head house, south campus, College Admin – Building, 1989
89-127, Old water pump with barn and farmstead in background (abandoned well), Urbana, IL, Ag Engineering – Soil & Water, 1989
89-128, Aerial photos of South Farms and south campus, College Admin – Building, 1989
89-129, Ray Leuthold, Mumford Hall, College Admin - Student, 1989
89-130, Children in after school program physical activities: jumping rope; trampolining, group session, limbo game, Leal & prairie schools, Urbana, HRFS – Human Development, 1989
89-131, Children in after school program physical activities: jumping rope, relay races, Leal school, Urbana, HRFS – Human Development, 1989
89-132, Children in after school program physical activities: relay races, trampolining, group planning session, Leal school, Urbana, HRFS – Human Development, 1989
89-133, Children in after school program physical activities: limbo game, playing chess, prairie school, Urbana, HRFS – Human Development, 1989
89-134, Copy negatives of extension history, studio, History, 1989
89-135, Copy negatives of extension history, studio, History, 1989
89-136, Copy negatives of extension activities (historical - from U of I archives), History, 1989
89-137, Art Spomer and Mary Ann Smith with microcomputerized video image analysis system, for horticultural specimens, Plant Sciences Lab, Horticulture – Biotech, 1989
89-138, Lowell hill and Marvin Paulsen with computer vision system for soybean disease identification, Ag Engineering sciences building, Ag Economics – Grain Handling, 1989
89-139, Art Spomer working with plant imaging system, plant sciences lab, Horticulture – Biotech, 1989
89-140, Costumes from historic costume collection on mannequin’s in the foyer of the president's house, president's house, HRFS – TAID, 1989
89-141, Graduate students using imaging system to study corn plants, Ag Engineering sciences building, Ag Engineering – Electric, Power and Processing, 1989
89-142, Water cleaning and purification systems, Champaign, IL, Ag Engineering – Soil & Water, 1989
89-143, Water cleaning and purification systems, Champaign, IL, Ag Engineering – Soil & Water, 1989
89-144, Water cleaning and purification systems, Champaign, IL, Ag Engineering – Soil & Water, 1989
89-145, Fruit, vegetables, produce, being unloaded on docks of the south water street market, interiors of the Chicago mercantile exchange, Chicago, IL, Ag Economics – Marketing, 1989
89-146, Trading action on the floor of the Chicago mercantile exchange, overviews from catwalk, Chicago mercantile exchange, Ag Economics – Marketing, 1989
89-147, Arrival and unloading of Chinese pigs at imported swine research laboratory, South Farms, Animal Science – Swine, 1989
89-148, Students talking with recruiters at ag/HRFS career day, Illini union, College Admin – Programs, 1989
89-149, Interiors and exteriors of imported swine research laboratory (ISRL) during end of construction, ISRL, Animal Science – Swine, 1989
89-150, Exteriors of newly completed imported swine research laboratory (ISRL), ISRL, Animal Science – Swine, 1989
90-001, Specialty grower's convention, action on trade show floor, Prairie Capital Convention Center, Springfield, IL, Horticulture – Fruit, 1990
90-002, Specialty grower's convention; ginseng roots; action on trade show floor (and overviews); horse radish booth, Prairie Capital Convention Center, Springfield, IL, Horticulture – Fruit, 1990
90-003, Specialty grower's convention; CES booth; cider judging; teaching sessions, Prairie Capital Convention Center, Springfield, IL, Horticulture – Fruit, 1990
90-004, Specialty grower's convention; overview of trade show floor from balcony, Prairie Capital Convention Center, Springfield, IL, Horticulture – Fruit, 1990
90-005, Specialty grower's convention; teaching sessions, cider judging, Prairie Capital Convention Center, Springfield, IL, Horticulture – Fruit, 1990
90-006, Black student and adviser at computer, microscope, and in growth chamber (with test tubes), plant sciences lab, Horticulture – Biotech, 1990
90-007, Black student using pipet, tweezers under lab hood, plant sciences lab, Horticulture - Biotech, 1990
90-008, First two litters at baby Chinese pigs with mother Meishan sow, Chinese swine, imported swine research lab, Animal Science – Swine, 1990
90-009, Closeups of baby Meishan pigs suckling; Diana Bidner holding Meishan and Yorkshire babies, imported swine research lab, Animal Science – Swine, 1990
90-010, Meishan sow with babies; David McLaren with daughter Kerri (2.5 years old) holding baby Chinese pig with Yorkshire baby to side., imported swine research lab, Animal Science – Swine, 1990
90-011, Mother Meishan sow with babies suckling; Gary Rice holding baby Meishan and Yorkshire, imported swine research lab, Animal Science – Swine, 1990
90-012, Bag of leaves sitting curbside, house in background, Champaign, IL, Horticulture – Turfgrass, 1990
90-013, Lawn application warning sign, man applying mulch around tree, Champaign, IL, Horticulture – Turfgrass, 1990
90-014, Person installing radon detector, high efficiency mechanical filter installation, Champaign, IL, Ag Engineering – Structure, 1990
90-015, Mother reading stories to young children (one male less than a year old, girl age 3-4, older boy age 5-6), Jane admundsen, Urbana, Urbana residence, HRFS – Human Development, 1990
90-016, Mother reading story books to young children (male infant age >1 year, young girl 3-4, young boy 5-6). Jane admundsen, Urbana, Urbana residence, HRFS – Human Development, 1990
90-017, HRFS undergrad students in classrooms, Leona’s and Raheel teaching, Bevier Hall, College Admin – Students, 1990
90-018, Douglas County 4-H club activities, 1990
90-019, Still life of assorted fruits and vegetables, studio, Plant Pathology, 1990
90-020, 4-H youths in greenhouses looking at "space-seeds", plant incubation rooms, greenhouses, 4-H Club, 1990
90-021, Two female 4-H youths looking at small growing plant flats in greenhouse, 4-H Club, 1990
90-022, Wayne Banwart, researcher, holding soybean plants from TNT study, showing stunted roots, greenhouses, Agronomy – Crop, 1990
90-023, Female lab assistant collecting soybean leaves, preparing insect screening experiment, Dr. Kogan with samples, biological control lab, Plant Pathology, 1990
90-024, Kogan holding insect screening sample. Helm using area sampler, biological control lab, Plant Pathology, 1990
90-025, 4-H youth with plants, photography, video-recorder, gardening, tree-planting, greenhouse, 4-H Club, 1990
90-026, 4-H youth with water quality model, first aid demo, medallion, classroom, 4-H Club, 1990
90-027, 4-H youth with baby chickens, fistulated cow, baby lamb (ewe), South Farms, 4-H Club, 1990
90-028, 4-H youth with fistulated cow, holding baby lambs, South Farms, 4-H Club, 1990
90-029, 4-H youth with Chinese pigs, choosing clothing, selecting meat at grocery store., South Farms, Carson, Richards, 4-H Club, 1990
90-030, CHEP paraprofessional teaching, black children with mom and savings bank, Venice-Lincoln Retraining Center, Edwardsville, IL, HRFS – CHEP, 1990
90-031, CHEP participants filling forms, pouring aluminum in factory, driving fork lift., Edwardsville, IL, HRFS – CHEP, 1990
90-032, Comparing labels, mom with kid, preparing for picnic, teaching session, Edwardsville, IL/Chicago, IL, HRFS – CHEP, 1990
90-033, CHEP participants in teaching session (mothers and children), Chicago, IL, HRFS – CHEP, 1990
90-034, CHEP mother with child- close-ups (smiling), Chicago, IL, HRFS – CHEP, 1990
90-035, Mothers in offices on telephone, child care referral services volunteer on telephone, Bevier Hall, HRFS – Human Development, 1990
90-035, CHEP participants in teaching session at retraining center, Edwardsville, IL, HRFS – CHEP, 1990
90-037, Black children and mother with savings bank, woman working in factory (aluminum), Edwardsville, IL, HRFS – CHEP, 1990
90-038, Woman in factory, comparison shopping, playing with child, preparing for picnic, Edwardsville, IL, HRFS – CHEP, 1990
90-039, CHEP teaching session at head start preschool, Chicago, IL, HRFS – CHEP, 1990
90-040, 4-H youth with water quality model, first-aid demo, holding baby chicken at poultry farm, classroom, 4-H Club, 1990
90-041, 4-H youth with baby chickens, fistulated cow, baby sheep, South Farms, 4-H Club, 1990
90-042, 4-H youth selecting clothing, choosing meat in supermarket., Carson, Pirie, Scotts/Richards grocery store, 4-H Club, 1990
90-043, Experimental vision system for asparagus picking machine, with Ag Engineering graduate students measuring and adjusting, Henry, IL, Ag Engineering – Electric, Power, and Processing, 1990
90-044, Grad students adjusting experimental vision system for asparagus picking machine, Henry, IL, Ag Engineering – Electric, Power, and Processing, 1990
90-045, Congerville from overpass, road leading into small town, water-treatment pond, Tazwell County, Ag Economics – CRD, 1990
90-046, Southern exposure of Beckman Institute, Beckman Institute, U of I, Campus, 1990
90-047, Southern exposure of Beckman Institute, Beckman Institute, U of I, Campus, 1990
90-048, Graduate students in labs, with mice, in classroom, kids in CDL, Bevier Hall/Child Development Lab, HRFS – Foods & Nutrition/Human Development, 1990
90-049, 4-H youth Forestry judging, reception in union, opening ceremony - state 4-H conference,
Illini Grove, Illini Union, Auditorium, 4-H State, 1990
90-050, 4-H youth in state conference workshops: chemistry, international, woodworking, fashion, chem annex, 4-H State, 1990
90-051, 4-H youth in Forestry judging competition, Illini grove, 4-H State, 1990
90-052, 4-H youth on tour of jail, and vet med wildlife ward (with raccoon), Champaign County jail, small animal clinic, 4-H State, 1990
90-053, 4-H youth in conference workshops, egg/cake decorating, wheat weaving, Bevier Hall, 4-H State, 1990
90-054, 4-H youth receiving awards, opening ceremony of state 4-h conference, Illini union, auditorium, 4-H State, 1990
90-055, 4-H youth in workshops: international and fashion, on tour of jail, far/ Champaign County jail, 4-H State, 1990
90-056, Young black child (3 year old) drinking juice from glass, Champaign, IL, HRFS – Human Development, 1990
90-057, Tilapia fish farm, man feeding fish, fish in tank, Potomac, IL, Animal Science, 1990
90-058, Tilapia fish farm, man feeding fish, baby crawfish in tank, Potomac, IL, Animal Science, 1990
90-059, Close-up of hands washing apple, water striking apple, studio, Horticulture – Fruit, 1990
90-060, Man working with financial figures at desk, copy of "summary of Illinois farm business records" on table, studio, Ag Economics – Farm Management, 1990
90-061, Don Klor, farmer, cultivating conservation tillage soybean field. Close-ups of beans planted in corn stubble, Buffalo, IL, Agronomy – Soil, 1990
90-062, Farmer in kitchen, on telephone, in farm office, fixing tractor, in orchard (with apples), Champaign, IL (Curtis orchard), Ag Economics – Farm Management, 1990
90-063, Student with home-economics adviser in County office, at office of "Illinois teacher" with Nancy Fain, Champaign co-op ext. office, Illinois teacher office, HRFS – Admin, 1990
90-064, Rendering and elevation plans for the new Ag library, studio, College Admin – Building, 1990
90-065, Chef checking food service line, mixing food, baking pies, preparing sandwiches in Illini union food service kitchen., Illini union food service kitchen, HRFS – Foods & Nutrition, 1990
90-066, Woman with two different types of home canning equipment, Bevier Hall, HRFS – Foods & Nutrition, 1990
90-067, Black woman leaving public housing apartment for work, walking down street, hanging wash, making coffee, Urbana, IL, HRFS – Human Development, 1990
90-068, Interior of modern kitchen (overviews), Paula Wheeler's kitchen, Champaign, IL, HRFS – Foods & Nutrition, 1990
90-069, Interiors of kitchen, close-ups of sink, stove and refrigerator areas, Paula wheeler's kitchen, Champaign, IL, HRFS – Foods & Nutrition, 1990
90-070, Environmental portrait of Donald Briskin, plant physiologist, Turner Hall, Agronomy, 1990
90-071, Urbana city foresters cleaning up, pruning trees damaged from ice storm, Urbana, IL, Forestry, 1990
90-072, Urbana city foresters cleaning up, pruning trees damaged during ice storm, Urbana, IL, Forestry, 1990
90-073, Farmer (Bob Heckerson) with FBFM farm manager in field by truck, inside of barn, in home office at computer, Fithian, IL, Ag Economics – Farm Management, 1990
90-074, Farmer (Bob Heckerson) with FBFM farm manager at computer, at kitchen table with farm records, standing by combine in cornfield., Fithian, IL, Ag Economics – Farm Management, 1990
90-075, Community and rural development conference in Cass County, bus tour of Virginia, IL, Ag Economics – CRD, 1990
90-076, Community and rural development conference in Cass County, bus tour of Virginia and Chandlerville, group in Beardstown, Virginia/Beardstown, IL, Ag Economics – CRD, 1990
90-077, Weeds in soybean field, morning glory choking corn plants, U of I South Farms, Agronomy – Crop, 1990
90-078, Students and professors working with grain quality testing (using algorithms), food texture, grain drying and green soybean testing, Ag Engineering sciences building, Ag Engineering – Electric, Power & Processing, 1990
90-079, Student testing water samples, rainfall simulator room with students and professors doing research, AESB, Ag Engineering – Soil & Water, 1990
90-080, Wave machine, rainfall simulation experiments with students and professors, Carroll Goering with duel fuel tractor, AESB, Ag Engineering – Soil & Water/Machine, 1990
90-081, Students using "sun" workstation computers, Loren Bode with spray calibration device, students with cad, computer systems lab., AESB, Ag Engineering – Electric, Power & Processing, 1990
90-082, Overhead views of students in AESB computer lab, AESB, Ag Engineering – Electric, Power & Processing, 1990
90-083, Children playing with blocks loaned from child care resource center, Champaign, IL, HRFS – Human Development, 1990
90-084, Dr. Susan Brewer conducting experiments on meat samples, Bevier Hall, HRFS – Foods & Nutrition, 1990
90-085, Recently planted "prairie" grasses on Barnhart farm in south Urbana, Barnhart farm, Urbana, IL, Agronomy – Crop, 1990
90-086, Active senior citizens practicing yoga exercises at Urbana park district's Thornburn Center, Thornburn center, Urbana, IL, HRFS – Human Development, 1990
90-087, Farmer's market at Lincoln Square, people purchasing vegetables and flowers, man unloading cantaloupe., Urbana, IL, Horticulture – Vegetable, 1990
90-088, Martin Miller eating sweet corn in his kitchen (a twenty-five year customer of Illinois foundation seed sweet corn), Indianapolis, in, Agronomy – Crop, 1990
90-089, Illini dairy club posing in front of alma mater statue with dairy cow, alma mater, College Admin – Students, 1990
90-090, Elder woman in doctor's office, elder woman's support group (note: these were set-up for Hughes show "where do you turn"), Bevier Hall, HRFS – Human Development, 1990
90-091, Filling and calibrating pesticide sprayer, safety equipment and procedures, South Farms, Ag Engineering – Safety, 1990
90-092, Slide internegs of pesticide application, insects and pests section, South Farms, Ag Engineering – Safety, 1990
90-093, Safety procedures for handling pesticides using planter, South Farms, Ag Engineering – Safety, 1990
90-094, Pesticide and herbicide containers showing warning labels, studio, Ag Engineering – Safety, 1990
90-095, Mixing pesticides and herbicides; a female filling tank, South Farms, Ag Engineering –
Safety, 1990
90-096, Filling pesticide tank, calibrating boom sprayer, close-up of spray nozzle, cleaning equipment, South Farms, Ag Engineering – Safety, 1990
90-097, Close-ups of beakers with different types of pesticides, procedures for storing chemicals, South Farms, Ag Engineering – Safety, 1990
90-098, Proper clothing for applying pesticides and herbicides, calibrating sprayer, South Farms, Ag Engineering – Safety, 1990
90-099, Cover for "quality preferences of corn and soybean processor in western Europe and Japan" bulletin #801, studio, Agronomy – Crop, 1990
90-100, Close-ups of green peppers and impatiens tango, trial gardens, Horticulture – Floriculture, 1990
90-101, B&W Mal Shurtleff -- professor of Plant Pathology, and Averre posed at microscope in lab, 1990
90-102, B&W copy work, various shots of fibers, 1990
90-103, B&W kernel of corn, grain quality testing, stress crack detection device, computer analysis screens, Paulsen lab, 1990
90-104, B&W display shot of Ortho general purpose plant food box, specifically highlighting the 10-10-10 information on the side panel, 1990
91-002, Shannon Douglas, graduate student, counting moth eggs, veg crops building, Horticulture – Bio Tech, 1991
91-003, Graduate student, Shannon Douglas, counting moth eggs, close up of moths, veg crops building, Horticulture – Bio Tech, 1991
91-005, Graduate student, Shannon Douglas, counting moth eggs and close up of moths, veg crops building, Horticulture – Bio Tech, 1991
91-006, Grad student and professor with instrument for measuring fat content of liquids. Dr. Ed Perkins and Deena miller, Burnside Laboratory – Food Science, 1991
91-007, Grad student and professor with instrument for measuring fat content of liquids. Dr. Ed Perkins and Deena miller, Burnside Laboratory – Food Science, 1991
91-008, Student teaching at Child Development Lab (outside with snow); general scenes of greenhouses and Turner Hall, greenhouses, Child Development Lab, HRFS – Human Development, 1991
91-009, Male and female students teaching inside the Child Development Lab, Child Development Lab, HRFS – Human Development, 1991
91-010, Female undergraduate student (Becky Bull) tending sheep, sheep barn, South Farms, Animal Science – Sheep, 1991
91-011, Dr. Alexander in lab with machine for measuring oil content of seeds, Turner Hall, Agronomy – Crop, 1991
91-012, Children in day-care centers around Champaign-Urbana, HRFS – Human Development, 1991
91-013, Hand spraying equipment with other equipment in background, used for brochure cover, AFSB, Ag Engineering – Safety, 1991
91-014, Researcher (Mary Ann Smith) with whole plant microculture system, alder seedlings
growing in tubes, plant sciences lab, Horticulture – Biotech, 1991
91-015, Graduate student running fertilizer trials on corn in beakers (Juliann Czyzewicz), plant and animal biotech laboratory, Agronomy – Crop, 1991
91-016, Researcher injecting sperm into eggs using glass pipets on microscope stage (Matt Wheeler) (Biotech), plant and animal biotech laboratory, Animal Science, 1991
91-017, Undergraduate student with corn experiment in greenhouses, Agronomy – Crop, 1991
91-018, Researcher (Larry Berger) feeding newspaper to dairy cattle, South Farms, dairy barn, Animal Science – Dairy, 1991
91-019, Researcher (Larry Berger) feeding newspaper to dairy cattle, South Farms, dairy barn, Animal Science – Dairy, 1991
91-020, Children -- "young farmers" examining crop residue in minimum (no-till) field, Champaign County, Agronomy – Soil, 1991
91-021, Children -- "young farmers" checking crop residue in minimum (no-till) field, Champaign County, Agronomy – Soil, 1991
91-022, Children -- "young farmers examining crop residue in reduced/minimum tillage or "no-till" field, Champaign County, Agronomy – Soil, 1991
91-023, Infra-red: children -- "young farmers" checking residue in reduced/minimum tillage or "no-till" field, Champaign County, Agronomy – Soil, 1991
91-024, Architects renderings of Bevier Hall commons remodeling project, studio, College Admin – Buildings, 1991
91-025, Blueprints of Bevier Hall commons remodeling project, studio, College Admin – Buildings, 1991
91-026, Uncle Mike Hogendobler as Uncle Sam, with 4-H Flag, studio, OACE – Design, 1991
91-027, Internegative of Livingston County farm bureau display, man plowing with draft horses, and three-row cultivator
91-028, Student studying in reference room of library, and student working in laboratory, Library and Bevier Hall, College Admin – Student, 1991
91-029, B&W homemade egg incubator made out of Styrofoam cooler; light element; and thermometer, studio, Animal Science – Poultry
91-032, Grade school children in classroom, teacher working with kids in small groups. (4th graders, Nancy Beckrum's summer class), Martin Luther King Jr. Elementary School, Champaign, HRFS – Human Development, 1991
91-033, Grade school children working in small groups, kids with teacher, (4th graders, Nancy Beckrum's summer school), Martin Luther King Jr. School, Champaign, HRFS – Human Development, 1991
91-041, African American kids tending a garden with adult supervision near Olive Park in Chicago, IL, Horticulture – Urban gardening
91-042, Female student giving presentation or speech to small audience (Andrea Frohning), Mumford Hall, College Admin – Student, 1991
91-043, Kids at the children’s center (daycare), reading, playing games inside, outside on playground, the children’s center, Urbana, HRFS – Human Development, 1991
91-044, Kids at the children’s center (daycare) playing on outside playground, the children’s center, Urbana, HRFS – Human Development, 1991
91-045, Kids at the children's center (daycare) playing games inside, playing on outside playground, the children's center, Urbana, HRFS – Human Development, 1991
91-046, 1992 Ag open house logo, hands reaching holding small plant, studio, OACE – Design,
1991
91-047, 1992 Ag open house logo, hands reaching holding small plant, studio, OACE – Design, 1991
91-048, 1992 Ag open house logo, hands reaching holding small plant, studio, OACE – Design, 1991
91-049, Children in family day care provider home, playing at park, also kids at children’s center playground (Sunny Barnhart), sunrise farmhouse, Mahomet, HRFS – Human Development, 1991
91-050, Kids in family day care provider home, playing games, introduction ceremony, (Sunny Barnhart), sunrise farmhouse, Mahomet, HRFS – Human Development, 1991
91-051, 4-H members with livestock projects: cattle, sheep, junior livestock building, Illinois State Fair, Springfield, 4-H State, 1991
91-052, 4-H members with livestock (sheep, cattle, pigs), kids viewing conservation world exhibits., Illinois State Fair, Springfield, 4-H State, 1991
91-053, 4-H volunteers judging members craft and photo projects. 4-Her's with animal projects (dairy cattle), Illinois state fair, Springfield, 4-H State, 1991
91-054, 4-H members with animal projects (dairy), fashion revue participants model clothes, peregrine falcon in conservation world, Illinois State Fair, Springfield, 4-H State, 1991
91-055, Volunteers judge 4-H member projects: woodworking, electricity, conservation, entomology, Illinois state fair, Springfield, 4-H State, 1991
91-056, 4-H members preparing dairy cattle for show. Volunteers judging cattle, Illinois state fair, Springfield, 4-H State, 1991
91-057, Kids on giant slide, volunteers judging 4-h member projects: demonstrations, food, computers, flower arranging, dairy cattle, Illinois state fair, Springfield, 4-H State, 1991
91-058, Volunteers judging 4-H member projects: rocketry, entomology, foods demonstrations. College of Ag booth and display, Illinois State Fair, Springfield, 4-H State, 1991
91-061, Volunteers judging 4-H projects, foods, flower arranging, conservation, rocketry, 4-Her's giving demonstrations and speeches, Illinois state fair, Springfield, 4-H State, 1991

Box 22:

91-062, Tractor driving contest, winner being interviewed. international project demonstration, Japanese (labo) woman teaching origami, Illinois State Fair, Springfield, 4-H State, 1991
91-063, Kids from daycare center playing on outdoor playground equipment, Lake of the Woods, Mahomet, HRFS – Human Development, 1991
91-064, High School students leaving school for the day waiting for the bus outside school, Urbana High School, HRFS – Human Development, 1991
91-065, Elementary school children arriving at school, bus dropping off kids, Martin Luther King Jr. Elementary School, Champaign, HRFS – Human Development, 1991
91-066, Keynote speaker, small group discussions at Kellogg Rural Partner’s Conference, Shelbyville, IL, Ag Economics – CRD, 1991
91-067, Participants in Kellogg Rural Partners Program in group discussions, Shelbyville, IL, Ag Economics – CRD, 1991
91-068, Participants in Kellogg Rural Partners Program in group discussions, Shelbyville, IL, Ag Economics – CRD, 1991
91-069, Participants in Kellogg Rural Partners Program in group discussions, being videotaped, studying materials, Shelbyville, IL, Ag Economics – CRD, 1991
91-070, Group shots of participants in Kellogg Rural Partners, Shelbyville, IL, Ag Economics – CRD, 1991
91-071, Scenic view of Shelbyville, people fishing in pond, swan on pond, cattle in field, Amish buggy traveling down gravel road, Shelbyville, IL, Ag Economics – CRD, 1991
91-072, Rural farm scenes, broken windmill, combine harvesting soybeans, railroad tracks, Shelbyville Courthouse, downtown and scenic views of Shelbyville, Shelby County, Ag Economics – CRD, 1991
91-073, Roadside stand selling pumpkins and produce, overview of pumpkin patch, Douglas County, Ag Economics – Marketing, 1991
91-074, Kids, children watching as eggs hatch and chicks appear, photos shot through glass table, for cover of 4-H embryology book poultry farm, South Farms, Urbana, IL, Animal Science – Poultry,
91-075, Kids watching as eggs hatch and chicks appear, photos shot through glass table, for cover of 4-H embryology book, poultry farm, South Farms, Urbana, IL, Animal Science – Poultry,
91-076, Canning equipment for pickles, measuring cup, cutting board, studio, HRFS – Foods and Nutrition, 1991
91-077, Equipment used in home canning and pickling, studio, HRFS – Foods and Nutrition, 1991
91-078, 4-H members from Scott County on field tour, examining roots for insect damage, Kevin Steffey and Gary Bickmeier conducting tour, Champaign County, 4-H State, 1991
91-079, Children in family day care provider homes, playing games, in structured activities, at computer, Vermillion County, HRFS – Human Development, 1991
91-080, Exterior of west side of Mumford Hall from auditorium., Mumford Hall, College Admin – Buildings, 1991
91-081, John Siemens, Ag Engineer, uses soil penetrometer to measure soil compaction, Ag Engineering farms, South Race Street, Urbana, Ag Engineering – Soil & Water, 1991
91-083, Man taking water sample from bath tub faucet, man raking leaves in backyard, Peterson’s home, Champaign, Ag Engineering – Soil & Water, 1991
91-084, Undergraduate student in laboratory, pipetting liquid into test tube, looking at results from experiment, ornamental horticulture, College Admin – Student, 1991
91-085, Darin Eastburn in greenhouse, Anderson’s elevator in distance with emerging corn in foreground, tractor tilling ground., Champaign County, Agronomy – Crop, 1991
91-086, B&W agricultural engineering student design award winners, Agricultural Engineering Building, 1991
91-087, B&W set-up shot of test tubes and beakers in a laboratory, items are all backlit from window light
91-088, B&W Allan Kaspar -- JBT undergraduate researcher -- environmental portrait and posed action in laboratory, 1991
91-089, B&W John Rossi -- food science undergraduate lab assistant -- working in kitchen, environmental portrait and some activity shots, Bevier Hall
91-090, B&W, three researchers looking at a DNA read-out on a light box
91-091, B&W, female student looking in microscope while pipetting sample on petri dish, male and female students examining various cultures in lab
91-092, B&W, DNA sequence analysis (raw data, sequencing gel) of gene encoding maize seed
protein, four different alleles of same gene, studio, Agronomy – Crop, 1991
91-093, B&W dedication of PABL, Chancellor John Cribben; Mrs. Edward Madigan; UI
President Stanley Ikenberry; Congressman Terry Bruce; and congressman Richard Durbin at the
podium during dedication ceremonies, PABL, College Admin – Building, 1991
91-094, color dedication of PABL and congressional tour, PABL, College Admin – Building, 1991
91-095, B&W two rolls of Reg Gomes in studio posed with telephone receiver for phonathon
promotion, Mumford studio, College Admin – Admin, 1991
91-096, Don Layman and Associate Dean George with student research opportunity program,
student Stephanie Gilmore in lab, College Admin – Programs, 1991
91-097, For student recruitment tabloid, Roger Barnard, instructor, in Ag Com 270 sales class,
Mumford Hall, College Admin – Student, 1991
91-098, Wood chips, used as illustration for Illinois Research winter 1991 issue (pg. 7), studio,
Forestry, 1991
91-099, For Illinois research, winter 1991 issue, Rich Lumber company, lumber processing,
inspection of lumber, factory space, Beardstown, IL, Experiment Station – Admin, 1991
91-100, For Illinois research, winter 1991 issue, Rich Lumber company, lumber processing,
inspection of lumber, factory space, Beardstown, IL, Experiment Station – Admin, 1991
92-001, B&W School of Human Resources and family studies HRFS summer research graduate
grants and summer research apprentice program SROP/SPR, Bevier, 1992
92-002, B&W School of Human Resources and family studies HRFS summer research graduate
grants and summer research apprentice program SROP/SPR, Bevier, 1992
92-003, B&W School of Human Resources and family studies HRFS summer research graduate
grants and summer research apprentice program SROP/SPR, Bevier, 1992
92-004, B&W School of Human Resources and family studies HRFS summer research graduate
grants and summer research apprentice program SROP/SPR, Child Development Lab, 1992
92-005, School of Human Resources and family studies HRFS summer research graduate
grants and summer research apprentice program SROP/SPR, 1992
92-006, 1992 smith award winners; various female students, Memorial Stadium, 1992
92-009, food set-up includes: plate of tomatoes, bread, bowl of fruit, soup, studio display shot,
studio
92-010, JBT Banquet coverage, overall shots of banquet room while slide show is in progress,
Chuck Olson at podium, Reg Gomes at podium, Illini Union Ballroom
92-011, Chicago skyline from Lake Michigan view, Sears Tower, Marina Towers included in
some shots, lakefront marinas in the foreground of the shots, Chicago, IL
92-012, Microscopic image, pipette injecting material into cell, Biotechnology
92-013, Rock River, Byron Nuclear Power Plant, along the Rock River, 1992
92-014, Illinois River project, banks of the Mississippi River on Illinois side, view of St. Louis,
MO across the river with gateway arch in the background, Cahokia, IL, 1992
92-015, Four rolls of head shots of 4-H board of directors, 1992
92-016, Coverage of John Masiunas benefit golf tournament, Dean Reg Gomes included in group
shots posed around tournament sign, U of I Golf Course, 1992
92-017, Clyde Sweet, Illinois Water Survey, environmental portrait with water testing equipment
or rain gauge equipment, some shots show sweet checking equipment, 1992
92-018, Scenes around Lake Decatur, sailboat on the lake, Lake Decatur, Decatur, IL
92-019, Bottled water on grocery store shelves, some frames shot with a normal lens, other shot
with a fish-eye or wide angle lens

92-021, Setting up and testing an organic matter sensor, Vermilion County Airport, Danville, IL
92-023, Alan Felsot posed and demonstrating how cornmeal is used on pesticide spills in a field, 1992
92-024, Installing global positioning system (GPS) equipment on a tractor, 1992
92-025, Scenes along the mississippi river near Alton, IL, includes shots of constructing lock and dam; flooded and backwater areas; highway along river bank; barges on the river; night scenes of cars on the highway along the river, Mississippi River, Alton, IL, 1992
92-026, Scenes of shields soil service in Dewey, IL and Nick Robertson and his young son in Cowden, IL, 1992
92-027, Darrell Krammeyer of Manito, IL, combine harvesting corn, Krammeyer posed on his combine, in his harvested fields, Manito, IL
92-028, Sprayer in field, moisture sensors, greenhouse technician taking moisture reading on corn leaf
92-029, Dedication of Mitchell River Hill Farm, photos include Clarence Mitchell and Margaret Mitchell posed by the dedication sign, College Admin – Admin, 1992
92-030, Color dedication of Mitchell River Hill Farm, photos include Clarence Mitchell and Margaret Mitchell posed by the dedication sign, College Admin – Admin, 1992
92-031, 4-H camp activities, kids with wooden toys talking with banjo player, kids tie-dyeing clothes, 4-H camp, 1992

94-117, Sunglasses for nonverbal communications workbook, studio, 4-H State, 1994
94-118, Eyes for nonverbal communications workbook, studio, 4-H State, 1994
94-119, Handmade into fist for nonverbal communications workbook, studio, 4-H State, 1994
94-120, Chair in room, man sitting on chair in room, for nonverbal communications workbook, studio, 4-H State, 1994
94-121, Girl reading newspaper for nonverbal communications workbook, studio, 4-H State, 1994
94-122, Teenagers watching movie at the new art theatre for nonverbal communications workbook, Champaign, IL, 4-H State, 1994
94-123, Teenagers watching movie at the new art theatre for nonverbal communications workbook, Champaign, IL, 4-H State, 1994
94-124, Clay figurine with different expressions for nonverbal communications workbook, studio, 4-H State, 1994
94-125, Photos of eyes for nonverbal communications workbook, studio, 4-H State, 1994
94-126, Teenagers watching movie at new art theatre for nonverbal communications workbook, Champaign, IL, 4-H State, 1994
94-127, Teenagers sitting on park bench for nonverbal communications workbook, Champaign, IL, 4-H State, 1994
94-128, Photographs of hands for nonverbal communications workbook, studio, 4-H State, 1994
94-129, Photographs of feet, thumbs up and door for nonverbal communications workbook, studio, 4-H State, 1996
94-130, Photographs of hands and feet for nonverbal communications workbook, studio, 4-H State, 1996
94-131, 4-H talent showcase at Illinois State Fair, Springfield, IL, 4-H State, 1994
94-132, Prof. Mark David with students in ag/HRFS 100 discovery class for Gary Rolfe’s Forestry textbook and Forestry undergraduate recruitment brochure, Allerton park, Monticello, IL, Forestry, 1994
94-133, undergrad students in Jack Juvik’s lab freezing and pulverizing plant tissue samples in preparation for centrifuge the samples of sweet corn will be used for biotechnology experiments, Madigan Lab, Horticulture – Biotech, 1994
94-134, Diane Norland with undergraduate student in horticulture greenhouses, plant care, Hort greenhouses, Plant Science Laboratory, PSL, Horticulture – Floriculture, 1994
94-135, Dudley Smith farm near Pana, beef cattle grazing in field, fencing around cattle pens, cattle behind fencing, cows grazing in cornfield, Animal Science – Beef, 1994
94-136, Aerial images of farmland, farmland near small towns, power plant near river, cloverleaf of interstate highway from the air, Vermillion County, IL, Ag Economics – Land Use, 1994
94-137, Coverage of Dudley Smith farm dedication; includes Dean Reg Gomes greeting guests and addressing those in attendance; shot of the commemorative sign at the farm, Dudley Smith Research Farm, 1994
94-138, Agricultural engineering students; planter project; student design teams, Agricultural Engineering Building, 1994
94-139, Boys playing pool; board game; video game; foosball, Don Moyers Boys & Girls Club, Champaign, IL, 1994
94-140, Children playing ping pong; pool; crafts, Don Moyers Boys & Girls Club, Champaign, IL, 1994
94-141, Dr. Lowell Hill -- faculty member in agricultural economics -- posed with graduate student Raoul Nasr, Dr. Hill’s Office, Ag Economics – Marketing, 1994
94-142, Various food display shots, Food Science – Vegetable
94-143, David Chicoine and Sara Douglas, Agricultural Economics and Consumer Sciences, 1994
94-144, Agricultural economics state advisory board meeting in a roundtable discussion, Mumford Hall, 1994
94-145, Environmental portrait of Greg Ibendahl, Agricultural Economics Graduate Assistant, Mumford Hall, 1994
94-146, Meeting and group shot of the agricultural economics transition committee, 1994
94-147, Gene McCoy and Sid Spahr, dairy science faculty, 1994
94-148, Rural road with fields lining the highway, skyline across farm fields, irrigation equipment in field, banner across small town main street, rows of corn, old two-story farm house, swing set and slide in grade school playground
94-149, Mike Irwin and assistant looking at and discussing insect collection, 1994
94-150, Agricultural engineering recruitment brochure session, Ag Engineering – Electric, Power, & Process, 1994
94-151, Allerton house, Food Science, 1994
94-154, Young woman drinking bottled water after a work-out in gymnasium, Ag Economics – Land Use, 1994
94-155, Studio display shots of glass of water with different brands of bottled water in the background, used in land & water fact sheet, Mumford, studio, Ag Economics – Land Use, 1994
94-156, 1994 tax school artwork, display shot of home computer on desk with tax forms, calculator, coffee mug, glasses, Mumford, studio, Ag Economics – Farm Management, 1994
94-157, 1994 Resource Development Office phone-a-thon, various shots of students manning the phones, Sandra Casserly, John Santas, Jeff Brown included in some of the shots, Mumford Hall, College Admin – Programs, 1994
94-158, John Deere presentation to Agricultural Engineering representatives, Ag Engineering – Machine, 1994
94-159, Food engineering students, Ag Engineering – Electric, Power, & Process, 1994
94-160, Photos for land & water fact sheet #18, Ag Economics – CRD, 1994
94-161, Various money icon shots, close-ups of hands and props; stretching dollar bill, shrinking dollar, lottery tickets, pinching penny, Champaign, IL, Extension – State, 1994
94-163, Various scenes of a man and woman filling at tax forms, used in tax tabloid publication, Extension – State, 1994
94-164, Various scenes outside Sangamon Elementary School in Mahomet, IL, Extension – State, 1994
94-165, Champaign County supervisor of assessments office, Champaign County Courthouse Annex, Extension – State, 1994
94-166, Dairy facilities, machine used to monitor cows feeding habits, using ultra sound on pregnant dairy cow, South Farms, Animal Science – Dairy, 1994
94-167, Prof. Steve Eckhoff lab with students working, for 1995 Chronicle, Ag Engineering – Electric, Power, & Process, 1994
94-168, Kankakee extension after-school program, Dave McMurtry, Extension Program Leader, Kankakee, IL, 4-H Club, 1994
94-169, Photography for EFNEP display at 1994 farm progress show, black man and woman shopping at grocery store (County market on Philo Road), Urbana, IL, HRFS – EFNEP, 1994
94-170, Aerials of fields and farms and small towns in Champaign and Vermilion Counties, Ag Economics – Land Use, 1994
94-171, Historical photos for 1994 farm progress show display, History, 1994
94-172, Hog butchering on the farmstead, circa. 1946, butchering on the farm of L. E. Brock, Niantic, Macon County, 1994 Farm Progress Show historical display, History, 1994
94-173, Students in Professor Gary Kling’s computer lab using a program Kling designed for plant identification, plant sciences laboratory (PSL), Horticulture, 1994
94-174, Professor David Baker (nutrition) with student Kris Hiney, for 1995 Chronicle, Animal Science lab, Animal Science, 1994
94-175, Students in Professor Bob Skirvin’s Lab, Madigan Lab, Horticulture, 1994
94-176, Various food display shots including breads and muffins made from soy from Barbara Klein research, studio, HRFS – Foods and Nutrition
94-177, Students walking in front of Mumford Hall and inside Ag Engineering Sciences building, shot for Ag Recruitment brochure, South Quad, College Admin – Student, 1994
94-178, Honeybees, bees on hive, color original was cover for Illinois Research fall/winter 94, for ACE journal, Entomology
94-179, Students in ornamental Horticulture Building in microcomputer lab, Arnie Sair, Nancy Streitmatter and unidentified student, working at computers, Ornamental Horticulture, College Admin – Student, 1994
94-180, Deborah Cavanaugh-Grant farm near Springfield, goats and farm scenes: soybeans and tasseled corn, Sangamon County, IL, Animal Science – Companion, 1994
94-181, Shots taken during shoots for Animal Science graduate brochure (1995), graduate students working in labs, Animal Science, 1994
94-182, Prof. David Baker in lab, non-ruminant nutrition, atomic absorption room, Animal Science, 1994
94-183, Animal Sciences “origins” dedication, artist Preston Jackson, prof. campion, Dean Reg Gomes, at South Entrance to building, Animal Sciences laboratory, College Admin – Building, 1994
94-184, Animal Sciences “origins” dedication, artist Preston Jackson, prof. campion, Dean Reg Gomes, at South Entrance to building, Animal Sciences laboratory, College Admin – Building, 1994
94-185, Animal Sciences “origins” dedication, preparation for display, installation, Animal Sciences laboratory, College Admin – Building, 1994
94-186, Undergrad students from Jack Juvik’s lab, AESB pilot plant, International – Intsoy, 1994
94-188, Plant and Animal Biotechnology laboratory (now Madigan lab), north entrance to building, blackboard in classroom with formulas, sunlight streaming in, ERML, College Admin – Building,
94-189, Guest Chef John Chiada helps foods class prepare “fifties dinner” in spice box, Bevier Hall, College Admin – Student, 1994
94-190, Guest Chef John Chiada helps foods class prepare “fifties dinner” in spice box, Bevier Hall, College Admin – Student, 1994
94-191, For Chronicle, new student picnic, Gerry Walter, D.A. Miller, Kurt Richter, Wes Seitz,
Bill George, stock pavilion, College Admin – Student, 1994
94-192, For Chronicle, staff (Tisha Jacobs, Carrie walker and Carrie Reitz) of 1994 Illini Agrinews, named best ag college newspaper in agricultural communicators of tomorrow contest, in Agrinews office, Mumford Hall, College Admin – Student, 1994
94-193, Stir frying vegetables and beef. photo used in farm progress display (1994) and for spring/summer 1995 Illinois research, “Healthy Choices” article, Bevier Hall, food science, 1994
94-194, For Chronicle, reception for Corey Flournoy, recently elected as national FFA president, Charles Olson, Jesse Thompson, Warren Wessels, Bill George, frame 24 used in chronicle, Mumford Hall, College Admin – Student, 1994
94-195, For Chronicle 94, MANRSS Student banquet in colonial room, Jesse Thompson, Lynda Barrios, Marcus Simpson (students on panel), Bill George, Corey Flournoy, students speaking about internship experiences as minorities, Illini union, College Admin – Student, 1994
94-196, Fall Ag 100 discussion class ran by Jesse Thompson, freshmen in class, in 426 Mumford Hall, College Admin – Student, 1994
94-197, Dean Jesse Thompson with high school student and mother on visit to University of Illinois in 104 Mumford Hall, College Admin – Student, 1994
94-198, For Chronicle, last day of Ag 100 lecture for semester, Animal Sciences laboratory, College Admin – Student, 1994
94-199, For Chronicle, Dean Bill George in Ag 100 discussion section, Teaching Assistant Corey Flournoy with students, small group discussion, Mumford Hall, College Admin – Student, 1994
94-200, Diane Noland show an undergraduate student how to evaluate pansies in the greenhouse, Plant Science greenhouse, Horticulture – Floriculture, 1994
94-201, Mosbah Kushad, (NRES) with an undergraduate student in an apple orchard (pomology farm) photo taken for the former Horticulture Department brochure, 1994 photo by David Riecks, 2913-06, PCD, Pomology Farm, Horticulture – Fruit, 1994
94-202, Round barns from the four seasons poster, U of I South Farms, College Admin – Building, 1994
94-203, shots for horticulture brochure and for food and college of aces food, human and natural resource systems recruitment brochure, UI Campus, Horticulture – Admin, 1994
94-204, University of Illinois round barns at dawn with dairy cows in pasture, South Farms, College Admin – Building, 1994
94-205, Studio shot of different types of finger foods separated into different compartment in an old wooden soda pop bottle carrier, studio, food science, 1994
94-206, Studio shot of red meat on marble background, studio, Food Science, 1994
94-207, historical images shot on copy stand for farm progress show 1994, History, 2001
94-208, Historical images shot on copy stand for farm progress show 1994, History, 2001
94-209, Historical images shot on copy stand for farm progress show 1994, History, 2001
94-210, Historical images shot on copy stand for farm progress show 1994, History, 2001
94-211, Historical images shot on copy stand for farm progress show 1994, History, 2001
94-212, Historical posters shot or farm progress show 1994, studio, History, 2001
94-213, Aerial images of farmland, for Illinois research - natural resource and environmental sciences cover, vol. 36, no. ½, Vermillion County, IL, Ag Economics – Land Use, 1994
95-003, Stratsoy “Ask the Experts” meeting, shots include various individuals -- mostly research faculty members -- in group and one-on-one discussions, 1995
95-004, C-FAR informational meeting, experiment station administrators discussing C-FAR particulars with faculty members, ASL, 1995
95-005, Tina prow discussing Stratsoy with an individual at an information booth in a trade show type of environment, 1995
95-006, Lowell Hill (Agricultural Economics Research faculty), Marvin Paulsen (Agricultural Engineering Research Faculty), Bingcheng Ni (Asian Graduate student), Irfan Ahmed (Pakistani graduate student) posed around computers, Ag Engineering – Electric, Power, & Process, 1995
95-007, Extension and Legislative group tours Decatur, IL, Dove House for battered women, included in photos are state representatives Gwenn Klingler, Penny Severns, Julie Curry, Raymond Poe, State Senator Alice Palmer, Dove House, Decatur, IL, 1995
95-008, Extension and legislative group tours Decatur, IL, Dove House for battered women, 1995
95-009, Girl drinking milk (Phyllis Pickleshimer’s daughter) and couple shopping for produce at a grocery store, shots used in gateway, 1995
95-010, Copy photo of Sleeter Bull, former Animal Sciences professor, studio, History, 1995
95-011, Logger training at Dixon Springs Experiment Station, men with chainsaws working under canopy of trees, Dixon Springs, IL, Forestry, 1995
95-012, Logger training at Dixon Springs Experiment Station, men with chainsaws working under canopy of trees, Dixon Springs, IL, Forestry, 1995
95-013, Logger training at Dixon Springs Experiment Station, men with chainsaws working under canopy of trees, Dixon Springs, IL, Forestry, 1995
95-014, Logger training at Dixon Springs Experiment Station, men with chainsaws working under canopy of trees, Dixon Springs, IL, Forestry, 1995
95-015, Logger training at Dixon Springs Experiment Station, men with chainsaws working under canopy of trees, Dixon Springs, IL, Forestry, 1995
95-016, Dixon Springs 60th Annual Field Day, Field Day participants listening to presentations on herbicides and herbicide-resistant plants, test plots of roundup sprayed soybean field and roundup ready soybean fields, Field Day groups touring fields, Dixon Springs Agricultural Center, 1995
95-017, Dixon Springs 60th annual Field Day, field day participants touring corn and soybean fields, school bus arriving at field site, participants listening to a field presentation from trailer, roundup sprayed and roundup ready soybean test fields, Dixon Springs Agricultural Center, 1995
95-018, Dixon Springs 60th Annual Field Day, wide view of hog confinement area, close-up shot of reedy grass, Field Day participants gathering around tents, Dixon Springs Agricultural Center, 1995
95-019, Agronomy Day 1995, Dean David Chicoine speaking to seated audience in South Farms barn, South Farms, 1995
95-020, Agronomy day 1995, Dean David Chicoine speaking with Gary Heichel -- crop sciences department head, South Farms, 1995
95-021, Agronomy Day 1995 Dean David Chicoine, speaking to a seated audience in South Farms barn, South Farms, 1995
95-026, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-027, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-028, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-029, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-030, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-031, Corn harvest shots at Todd Gleason family farm, Elkhart, IL, Agronomy – Crop, 1995
95-032, Closing ceremonies for Montgomery Co. Extension Office at Montgomery Co. Fair, Hillsboro, IL, 4-H State, 1995
95-033, Closing ceremonies for Montgomery Co. Extension Office at Montgomery Co. Fair, Hillsboro, IL, 4-H State, 1995
95-034, On-campus registration at the graduate library, c. 1935 and at the armory, c. 1950, copy work for Chronicle, Urbana-Champaign campus, History, 1995
95-035, Photographs of Clare Hasler for Functional Foods brochure, 426 Mumford Hall, Food Science, 1995
95-036, Photographs of Clare Hasler for Functional Foods brochure, 426 Mumford Hall, Food Science, 1995
95-037, Photos for child abuse illustration in parenting skills video, married couple arguing in front of daughter, Urbana, IL, HRFS – Human Development, 1995
95-038, Photos for child abuse illustration in parenting skills video, married couple arguing in front of daughter, Urbana, IL, HRFS – Human Development, 1995
95-039, Family interaction photos of Larry, Fonda and Tracy (child) Bowden at their home, mixed race couple with black adopted child, Champaign, IL, HRFS – Human Development, 1995
95-040, Photographs of Cook Co. Farm Bureau personnel for Cook Co. Extension Annual Report, Chicago, IL, Extension – County, 1995
95-041, Photographs of Cook Co. Farm Bureau personnel for Cook Co. Extension Annual Report, Chicago, IL, Extension – County, 1995
95-042, Photographs of North Avenue Day Nursery for Cook Co. Extension Annual Report, Chicago, IL, Extension – County, 1995
95-043, Photographs of North Avenue Day Nursery for Cook Co. Extension Annual Report, Chicago, IL, Extension – County, 1995
95-044, Researcher Jeff Thompson working on “rapids” (gels) for NSRL, national soybean research laboratory newsletter, Campus - AESB, Agronomy – Crop, 1995
95-045, Researcher Jeff Thompson working on “rapids” (gels) for NSRL, national soybean research laboratory newsletter, Campus - AESB, Agronomy – Crop, 1995
95-046, Photo support for 4-H Clover, Urbana, IL, 4-H State, 1995
95-047, Recycling material at community recycling center, aluminum cans, plastic pop/soda bottles, cans are smashed and ready for shipping, Champaign, IL, OACEE – Design, 1995
95-048, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995
95-049, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995
95-050, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995
95-051, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995
95-052, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995
95-053, Coverage of Gregorson family for Illinois Research article spring/summer 1995, Volume 37, numbers 1/2, Gibson City, IL, HRFS – Human Development, 1995

2001-077, ACES, Library Information and Alumni Center Dedication, Urbana, IL, College Admin – Programs, 2001
2001-078, ACES, Library Information and Alumni Center Dedication, Urbana, IL, College Admin – Programs, 2001
2001-079, Waterhemp growing in a field north of 150 just west of Champaign showing faulty application, Champaign County, Agronomy – Crop, 2001
2001-080, Soybean fields, Champaign County, Agronomy – Crop, 2001
2001-093, 4-H Day at KCPA, lighting the 125th anniversary “cake”, Krannert Center for the Performing Arts, 4-H State, 2001
2001-094, ACES-LIAC, interior photography of the new ACES Library Information and Alumni Center, College Admin – Building, 2001
2002-002, 2002 ACES Open House, stock pavilion, College Admin – Programs, 2002
2002-003, 2002 ACES Open House, stock pavilion, College Admin – Programs, 2002
2002-004, 2002 ACES Open House, stock pavilion, College Admin – Programs, 2002
2002-005, 2002 ACES Open House, stock pavilion, College Admin – Programs, 2002
2002-006, 2002 ACES Open House, stock pavilion, College Admin – Programs, 2002
2002-007, Late afternoon and evening images of the ACES, Library Information and Alumni Center, LIAC, South Campus, College Admin – Building, 2002
2002-008, Late afternoon and evening images of the ACES, Library Information and Alumni Center, LIAC, South Campus, College Admin – Building, 2002
2002-009, Late afternoon and evening images of the ACES, Library Information and Alumni Center, LIAC, South Campus, College Admin – Building, 2002
2002-010, Late afternoon and evening images of the ACES, Library Information and Alumni Center, LIAC, South Campus, College Admin – Building, 2002
2002-011, Group of Green Industry and Horticulture volunteers meeting in the heritage room of the new ACES Library with David Williams to discuss the emphasis and future of the University of Illinois Arboretum, Heritage Room, College Admin – Programs, 2002
2002-012, Architectural shots of the new Child Development Lab construction site on Nevada, College Admin – Building, 2002
2002-019, 4-H Can Make a Difference, studio photography of kids with groceries, Heritage Room, ACES Library, 4-H State, 2002
2002-0204-H Can Make a Difference, studio photography of kids with groceries, South Farms, Agronomy – Crop, 2002
2002-021, SOYFACE (Soybean Free Air Gas Concentration Enrichment), measures the effects of atmospheric changes on major crops, South Farms, Agronomy – Crop, 2002
2002-022, SOYFACE (Soybean Free Air Gas Concentration Enrichment), measures the effects of atmospheric changes on major crops, South Farms, Agronomy – Crop, 2002
2002-023, SOYFACE (Soybean Free Air Gas Concentration Enrichment), measures the effects of atmospheric changes on major crops, South Farms, Agronomy – Crop, 2002
2002-024, Prof. Mohammed Babadoost (white shirt) with Post-Doctoral student Sayed Zahirul Islam discussing the new method they’ve developed that uses a red light treatment to protect vegetable plants in the seedling stage (they are holding pepper plants) from a deadly fungus in Illinois vegetable crops, Plant Sciences lab greenhouses, Horticulture – Vegetable, 2002
2002-025, Prof. Mohammed Babadoost (white shirt) with Post-Doctoral student Sayed Zahirul Islam discussing the new method they’ve developed that uses a red light treatment to protect vegetable plants in the seedling stage (they are holding pepper plants) from a deadly fungus in Illinois vegetable crops, Plant Sciences lab greenhouses, Horticulture – Vegetable, 2002
2002-026, A variable rate nitrogen applicator mounted to a sprayer, Ag Engineering farms, Ag Engineering – Machine, 2002
2002-027, A variable rate nitrogen applicator mounted to a sprayer, Ag Engineering farms, Ag Engineering – Machine, 2002
2002-028, Tim Garrow and Cassandra Reyes, looking at image of molecule on computer screen for nutritional sciences graduate recruitment brochure, Bevier Hall, Food Science
2002-029, Four Nutritional Sciences graduate students, for Nutritional Sciences Graduate Recruitment Brochure, Bevier Hall, Food Science, 2002
2002-030, Four Nutritional Sciences graduate students, for Nutritional Sciences Graduate Recruitment Brochure, Bevier Hall, Food Science, 2002
2002-031, Professors John Erdman and Elizabeth Jeffery (seated) observe graduate student Chris Wharton as he weighs a lab rat, in the animal containment facility, for Nutritional Sciences Graduate Recruitment Brochure, Bevier Hall, Food Science, 2002
2002-032, Professors John Erdman and Elizabeth Jeffery (seated) observe graduate student Chris Wharton as he weighs a lab rat, in the animal containment facility, for Nutritional Sciences Graduate Recruitment Brochure, Bevier Hall, Food Science, 2002
2002-033, A variable rate nitrogen applicator mounted to a sprayer, Ag Engineering farms, Ag Engineering – Machine, 2002
2002-039, Joe Harper, and John Tubbs in the ITCS Radio Production Studio in Bevier Hall, staged photos illustrate how Harper uses the facility for his Ag Education outreach classes (often for adults), distance learning, HCD, Bevier Hall, OACEE – Teaching, 2002
2002-040, Prof. Scott Irwin (tall with brown hair) and Prof. Don Uchtman discuss the farm.doc the redesign of the website, for 2002 Farm Tabloid, Urbana, IL, Ag Economics, 2002
2002-041, Associate Dean of Research, and Professor of Crop Sciences, Steven Pueppke looks at plants in a soybean field, Pueppke is the principle investigator for a project evaluating strains of Chinese germplasm for resistance to diseases, South Farms, Agronomy – Crop, 2002
2002-042, Professors John Erdman observes graduate student Chris Wharton as he weighs out these functional food supplemented rations for study, in the animal containment facility, for Nutritional Sciences Graduate Recruitment Brochure, animal containment facility, ERML, Food Science, 2002
2002-043, Agronomy day 2002, South Farms, Agronomy – Admin, 2002
2002-044, Agronomy day 2002, South Farms, Agronomy – Admin, 2002
2002-045, Agronomy day 2002, South Farms, Agronomy – Admin, 2002
2002-046, Agronomy day 2002, South Farms, Agronomy – Admin, 2002
2002-047, Len Gardner family and Illinois Farm Bureau endowed chair in Ag Policy Luncheon, speakers and presentation, ACES-LIAC, College Admin – Admin, 2002
2002-048, Len Gardner family and Illinois Farm Bureau endowed chair in Ag Policy Luncheon, signing of documents and photos of family, ACES-LIAC, College Admin – Admin, 2002
2002-049, Stan Curtis Symposium during the Animal Science Centennial, ACES-LIAC, Monsanto room, College Admin – Admin, 2002
2002-050, Stan Curtis Symposium during the Animal Science Centennial, ACES-LIAC, Monsanto room, College Admin – Admin, 2002
2002-051, Stan Curtis Symposium during the Animal Science Centennial, ACES-LIAC, Monsanto room, College Admin – Admin, 2002
2002-052, Stan Curtis Symposium during the Animal Science Centennial, ACES-LIAC, Monsanto room, College Admin – Admin, 2002
2002-053, Students from Skirvin’s Horticulture classes help harvest grapes for research project, Pomology farm, U of I South Farms, College Admin, Fruit, 2002
2002-054, Location photography of the Bill Sullivan meeting with two students involved with the Human Environment Research Lab and Frances Kuo meeting with her HERL research group, for NRES Newsletter, Human Environment Research Lab, old Ornamental Hort Building, Horticulture – Admin, 2002
2002-055, Carolyn Zanta (in white blouse), Program Director for the UIUC-Hughes Biotechnology Education and Outreach Program (BEOP) shows a group of students from Chicago’s Ag High School, how to extract DNA from their cheek cells, 350 ERML, Edward R. Madigan lab, Extension – State, 2002
2002-056, Carolyn Zanta (in white blouse), Program Director for the UIUC-Hughes Biotechnology Education and Outreach Program (BEOP) shows a group of students from Chicago’s Ag High School, how to extract DNA from their cheek cells, 350 ERML, Edward R. Madigan lab, Extension – State, 2002
2002-057, Selects from the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-058, Selects from the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-059, Selects from the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-060, Selects from the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-061, Megan Puzey and Marilyn Nash styling food for the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-062, Cheryl Sullivan and Diejun Chen styling food for the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-063, Rob Wynstra observes styling food for the Textured Soy Protein Cookbook, Ag Bioprocess Lab, ABL, HRFS – Foods and Nutrition, 2002
2002-064, Prof. Reed Larson meets with his research group in 208 CDL, Frames 1-17. Prof. George Fahey talks about animal nutrition with lab technician Kari Bruce, the dog is Butterfly (breed: Whippet) owned by Cesar Romero, frames 18-36, in Animal Science laboratory, UIUC Campus, HRFS – Human Development, 2002
2002-065, Cesar Romero with his Whippet Butterfly (frames 1-10) outside of his home in Urbana. Prof. Kelly Tappenden feeds a baby piglet that is part of her study on the benefits of fermentable fiber in baby formula, Animal Sciences laboratory, Food Science, 2002
2002-066, Prof. Kelly Tappenden is assisted by Ph. D student/Graduate Research Assistant Nancy Correa-Matos (frames 0a-13a, 17a-18a,25a-27a) in feeding a baby piglet that is part of her study on the benefits of fermentable fiber in baby formula, Animal Sciences laboratory, Food Science,
2002
2002-067, Prof. Yuanhui Zhang (in glasses) with a constructed partial, full-scale mockup of the passenger section of a Boeing 767, complete with dummy passengers, AESB, Ag Engineering – Machine, 2002
2002-068, Prof. Yuanhui Zhang (in glasses) with a constructed partial, full-scale mockup of the passenger section of a Boeing 767, complete with dummy passengers, AESB, Ag Engineering – Machine, 2002
2002-069, Documentation specimens of Silver and Bighead Asian Carp from the Illinois River on measuring board and on black background, fish that had been used in aquaculture in Arkansas and Missouri that got loose during floods and are making their way to Lake Michigan up the Illinois river, Invasive species, for Seagrant, Havana Biological Station, Leisure Studies, Seagrant, 2002
2002-070, Professor Jim Painter shows off the mobile NAT technology for accessing the nutrition analysis tool via a cell phone to determine fat and calories for various fast food items in the Illini Union food court in front of the McDonalds restaurant, HRFS – Foods and Nutrition, 2002
2002-071, Alison Chi plays with Sister Zoe (daughters of Susan and Tailan Chi) in the Family Relationship laboratory as part of Professor Laurie Kramer’s research on constructive fighting techniques for managing sibling conflict, Denise Kennedy Kubose mans one of the video cameras used to record sessions, Child Development Lab, HRFS – Human Development, 2002
2002-072, Dedication of plaque to Professor Gene Becker’s family in front of the south entrance to the Animal Sciences lab, Animal Science, 2002
2002-073, Copy negative of a historical photo of the Dudley Smith family, from the Shelbyville area, used in a brochure recognizing the donation of the Dudley Smith Farm to the University, History, 2002
2002-074, Students in Professor Robert Skirvin’s Horticulture 100 class participate in an apple tasting lab, Mumford Hall, Horticulture – Fruit, 2002
2002-075, Human Development and Family Studies Assistant Prof. Jaslean Lataillade talks with her class, 107 Turner Hall, HRFS – Human Development, 2002
2003-001, Christy Sprague and Jeff Bunting examine corn plants in one of the crop science greenhouses, for resistance to particular herbicides, Turner greenhouse, Agronomy – Crop, 2003
2003-002, Food Science Prof. Bruce Chassy (glasses) and Prof. Steve Moose (Assistant Prof. of Maize Functional Genomics/Genetics) examine Prof. Moose’s Biotech Corn Research, 1700 Bay of Plant Science Laboratory Greenhouses, Agronomy – Biotech, 2003
2003-003, Prof. Toyan Toshkov demonstrates his irradiation machine, Nuclear Radiation Laboratory, Food Science, 2003
2003-004, NRES Student Career Fair in the Heritage Room of the ACES-LIAC, Horticulture, 2003
2003-005, NRES Student Career Fair in the Heritage Room of the ACES-LIAC, Horticulture, 2003
2003-007, Infants in the new Child Development Lab, East (CDL-East), HRFS – Human Development, 2003
2003-008, Infants in the new Child Development Lab, East (CDL-East), HRFS – Human Development, 2003
2003-013, Bodywalk, sponsored by Champaign County extension, Urbana, IL, Extension – County, 2003
2003-014, Bodywalk, sponsored by Champaign County extension, Urbana, IL, Extension – County, 2003
2003-015, Bodywalk, sponsored by Champaign County extension, Urbana, IL, Extension – County, 2003
2003-016, Bodywalk, sponsored by Champaign County extension, Urbana, IL, Extension – County, 2003
2003-017, Mark Uchanski, Master’s student Horticulture-NRES, for ACES Undergraduate Recruitment Viewbook, College Admin – Student, 2003
2003-018, Mark Uchanski, Master’s student Horticulture-NRES, for ACES Undergraduate Recruitment Viewbook, College Admin – Student, 2003
2003-019, Mark Uchanski, Master’s student Horticulture-NRES, for ACES Undergraduate Recruitment Viewbook, College Admin – Student, 2003
2003-020, Groundbreaking and reception for the Doris Kelley Christopher Hall, Krannert Center for the Performing Arts, KCPA, HRFS – Admin, 2003
2003-021, Groundbreaking and reception for the Doris Kelley Christopher Hall, Krannert Center for the Performing Arts, KCPA, HRFS – Admin, 2003
2003-022, Groundbreaking and reception for the Doris Kelley Christopher Hall, Krannert Center for the Performing Arts, KCPA, HRFS – Admin, 2003
2003-023, Groundbreaking and reception for the Doris Kelley Christopher Hall, Krannert Center for the Performing Arts, KCPA, HRFS – Admin, 2003
2003-030, Krista Jurs, student study meeting in ACES Library, for College of ACES Undergraduate Viewbook, College Admin – Student, 2003
2003-031, Krista Jurs, student study meeting in ACES Library, for College of ACES Undergraduate Viewbook, College Admin – Student, 2003
2003-032, Krista Jurs, student study meeting in ACES Library, for College of ACES Undergraduate Viewbook, College Admin – Student, 2003
2003-033, Krista Jurs, student study meeting in ACES Library, for College of ACES Undergraduate Viewbook, College Admin – Student, 2003
2003-034, Investiture Ceremony for Endowed Chairs in the College of ACES, College Admin – Programs, 2003
2003-035, Investiture Ceremony for Endowed Chairs in the College of ACES, College Admin – Programs, 2003
2003-036, Investiture Ceremony for Endowed Chairs in the College of ACES, College Admin – Programs, 2003
2003-037, Investiture Ceremony for Endowed Chairs in the College of ACES, College Admin – Programs, 2003
2003-038, Investiture Ceremony for Endowed Chairs in the College of ACES, College Admin – Programs, 2003
2003-039, Diana Rodriguez with 4-year-old daycare class at Child Development Laboratory for Undergraduate Recruitment Viewbook, Child Development Laboratory, HRFS – Human Development, 2003
2003-040, Diana Rodriguez with 4-year-old daycare class at Child Development Laboratory for Undergraduate Recruitment Viewbook, Child Development Laboratory, HRFS – Human Development, 2003
2003-041, Diana Rodriguez with 4-year-old daycare class at Child Development Laboratory for Undergraduate Recruitment Viewbook, Child Development Laboratory, HRFS – Human Development, 2003
2003-042, Matt Riggs, freshman in TSM, Technical Systems Management, with ASAE Club’s mini-baja racer, for Undergraduate Viewbook, pictured with Nathan, Graduate Advisor for club, also, in the office of Dr. Phil Buriak for advising appointment, AESB, College Admin – Student, 2003
2003-043, Matt Riggs, freshman in TSM, Technical Systems Management, with ASAE Club’s mini-baja racer, for Undergraduate Viewbook, pictured with Nathan, Graduate Advisor for club, also, in the office of Dr. Phil Buriak for advising appointment, AESB, College Admin – Student, 2003
2003-044, Amanda Moffitt, freshman in Animal Sciences, at Eichelberger Field (softball field), also UI South Farms, College Admin – Student, 2003
2003-045, Amanda Moffitt, freshman in Animal Sciences, at Eichelberger Field (softball field), also UI South Farms, College Admin – Student, 2003
2003-053, Baking with soy, Soy Food Cookbook series for Illinois Soyfoods center, Ag
Bioprocess Lab - Intsoy Kitchen, HRFS – Foods and Nutrition, 2003
2003-054, Matt Fornoff, senior in Agricultural Communications, in Mumford Hall auditorium, for new College of ACES Undergraduate Viewbook, Mumford Hall, College Admin – Student, 2003
2003-055, Matt Fornoff, senior in Agricultural Communications, in Mumford Hall auditorium, for new College of ACES Undergraduate Viewbook, Mumford Hall, College Admin – Student, 2003
2003-056, Collies Anderson, senior in Agricultural Economics in ACES Library and on sidewalk with another student, College Admin – Student, 2003
2003-057, Agricultural Engineering professor Lei Tian with remote sensing helicopter, AESB, Ag Engineering – Machine, 2003
2003-058, Agricultural Engineering professor Lei Tian with remote sensing helicopter, AESB, Ag Engineering – Machine, 2003
2003-060, Plant Pathology professor Glen Hartman with researcher Curt Hill in Turner Plant Science Laboratory greenhouses, developing soybean aphid resistant strains of soybeans, PSL, Plant Pathology, 2003
2003-061, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-062, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-063, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-064, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-065, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-066, For 2003 College of ACES Undergraduate Viewbook, Devin Nichols, graduate student in Crop Sciences, taking tissue samples from soybeans with tweezers and plate, South Farms, College Admin – Student, 2003
2003-069, Architectural shots of Animal Sciences Laboratory (frame 0a-4a). ACES students Chelsea Statton (brown hair, denim shirt), Rachel Muehling (dark, shoulder length hair), and Tim McDermott (orange shirt) at Espresso Royale Coffee Shop, Urbana, ERML, College Admin – Building, 2003
2003-070, ACES students Chelsea Statton (brown hair, denim shirt), Rachel Muehling (dark, shoulder length hair), and Tim McDermott (orange shirt) at Espresso Royale Coffee Shop, Urbana, ERML, College Admin – Building, 2003
2003-071, ACES students Chelsea Statton (brown hair, denim shirt), Rachel Muehling (dark, shoulder length hair), and Tim McDermott (orange shirt) at Espresso Royale Coffee Shop, Urbana, ERML, College Admin – Building, 2003

2003-072, ACES students Chelsea Statton (brown hair, denim shirt), Rachel Muehling (dark, shoulder length hair), and Tim McDermott (orange shirt) at Espresso Royale Coffee Shop, Urbana, ERML, College Admin – Building, 2003

2003-073, Ag Communications senior Karen Hertz using ACES-LIAC computer to do research, for 2003 Undergraduate Recruitment Viewbook -- Discover your Future, College Admin – Student, 2003

2003-074, Group shot of Illinois Chapter of MANRRS (Minorities in Agriculture, Natural Resources and Related Sciences) and candid shots of group meeting, Mumford Hall, College Admin – Student, 2003

2003-075, Bubbles coming up though a solution of ethanol and water in a cylinder from two different devices, a “spurger” and a “bubbler” under varying levels of pressure, for Patrick Karcher, one of Hans Blascheck students, 491 Animal Science lab, Food Science, 2003

2003-076, Groundbreaking for Animal Sciences Beef and Sheet Unit on South Race Street. Speakers at the podium: Dean Robert Easter, James Stukel, Nancy Cantor, Doug Parrett, South Farms, Animal Science – Admin, 2003

2003-078, Groundbreaking for Animal Sciences Beef and Sheet Unit on South Race Street, shovel scooping, from left to right: Doug Parrett, Michael McElvain (past president, Illinois Sheep Industry), Curt Rinker (president, Illinois Beef Association), Chancellor Nancy Cantor, U of I president, James Stukel, Dean Robert Easter, South Farms, Animal Science – Admin, 2003

2003-085, Old Town Market, Belleville, IL, (sponsored by UI Extension), Extension – County, 2003

2003-086, Countryside Chautauqua at Eckert’s Country Farm, Belleville, IL, Extension – County, 2003

2003-087, Countryside Chautauqua at Eckert’s Country Farm, Belleville, IL, Extension – County, 2003

2003-092, Prof. Tony Grift with Optical Sensing Smart Sprayer, at Ag Engineering South Farms, in front of corn field, Ag Engineering – Machine, 2003
2003-093, Views of corn fields on Ag Engineering South Farms, Agronomy – Crop, 2003
2003-094, DeKalb County, IL, Peggy Doty, Extension Educator, Natural Resources, talks with elementary students at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Extension – County, 2003
2003-095, DeKalb County, IL, Carin McCue, community worker, Natural Resources, talks with elementary students at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Extension – County, 2003
2003-096, DeKalb County, IL, Peggy Doty, Extension Educator, Natural Resources, talks with elementary students at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Extension – County, 2003
2003-097, DeKalb County, IL, Carin McCue, community worker, Natural Resources, talks with elementary students at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Extension – County, 2003
2003-098, DeKalb County, IL, Carin McCue, community worker, Natural Resources, talks with elementary students at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Extension – County, 2003
2003-099, DeKalb County, IL, Elementary student activities at the Natural Resources Center in the Russell Woods Forest Preserve outside of Genoa, IL, Peggy Doty, extension educator, natural resources, Extension – County, 2003
2003-100, DeKalb County, IL, Elementary student activities at the natural resources center in the Russell Woods Forest Preserve outside of Genoa, IL, Peggy Doty, extension educator, natural resources, frames 25-36: Sycamore, IL, 4-H group meeting at Mason Courthouse housing project/development, Jim Carney, group leader, Extension – County, 2003
2003-101, DeKalb County, IL, Elementary grade school students who volunteered to tend a garden next to the school, Sycamore, IL, sponsored by UI extension, with volunteer help from local master gardener, Extension – County, 2003
2003-102, DeKalb County, IL, 4-H group meeting at Mason Courthouse housing complex/project/development, Sycamore, IL, Jim Carney is group leader (man in overalls), diverse group, Extension – County, 2003
2003-103, DeKalb County, IL, 4-H group meeting at Mason Courthouse housing complex/project/development, Sycamore, IL, Jim Carney is group leader (man in overalls), diverse group, Extension – County, 2003
2003-104, Master gardener Linda Kopacz answers the phone and looks at insects & leaves through microscope, Kendall County, IL, Extension – County, 2003
2003-105, 7th graders in Mrs. Yvonne Krowka’s class at St. Mary School, Plano, IL, working on 4-H Science Kit, Extension – County, 2003
2003-106, 7th graders in Mrs. Yvonne Krowka’s class at St. Mary School, Plano, IL, working on 4-H Science Kit, Extension – County, 2003
2003-107, Third graders in Mrs. Dawn Siebert’s class work on egg 4-H project, Yorkville Circle Center Intermediate, Extension – County, 2003
2003-108, Third graders in Mrs. Dawn Siebert’s class work on egg 4-H project, Yorkville Circle Center Intermediate, Extension – County, 2003
2003-109, Historic Kendall County Courthouse, master gardeners at work in front of courthouse
Yorkville, IL, Extension – County, 2003
2003-110, Kendall Co., IL, master gardeners at work at historical Lyon Farm outside of Yorkville, IL, Extension – County, 2003
2003-111, Kendall Co., IL, master gardeners at work at historical Lyon Farm outside of Yorkville, IL, Extension – County, 2003
2003-114, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-115, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-116, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-117, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-118, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-119, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-120, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-121, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-122, Eco-camp at Loud Thunder Forest Preserve, Andalusia, IL, with Ms. Swanson’s 5th grade class from Aledo, IL, Rock Island Co., Extension – County, 2003
2003-123, The Vanpoucke Family unveiling a pastel painting near the Fay Sims Room in the new Library, Information and Alumni Center (LIAC), the artist George was in attendance, College Admin – Programs, 2003
2003-124, Signing of papers to make Steven Pueppke director, and Peter Goldsmith the endowed chair of the National Soybean Research Center (NSRL), 240 NSRL, College Admin – Programs, 2003
2003-125, Signing of papers to make Steven Pueppke director, and Peter Goldsmith the endowed chair of the National Soybean Research Center (NSRL), 240 NSRL, College Admin – Programs, 2003
2003-126, Prof. Frances Kuo, talking with students in her graduate student class in the Bevier Commons, Human Development and Environmental Studies Proseminar Class (NRES 399), Bevier Hall, College Admin – Student, 2003
2003-127, Prof. Frances Kuo, talking with students in her graduate student class in the Bevier Commons, Human Development and Environmental Studies Proseminar Class (NRES 399), Bevier Hall, College Admin – Student, 2003
2003-128, Prof. Tony Grift with undergraduate students in his Lego class - TSM (Technical Systems Management) 221, using Lego Mindstorms Kits to build robotic agricultural machines, Mumford Hall, College Admin – Student, 2003
2003-129, Associate Dean Kirby Barrick leads discussion in his section of ACES 100, in room
426 Mumford Hall
2003-130, Feed Your Faces Event, next to ACES-LIAC, students socializing with alumni and faculty, Ed McMillan, alumni and chair of the University of Illinois Alumni Association, talks with faculty, South Quad, 2003
2003-131, Feed Your Faces Event, next to ACES-LIAC, students socializing with alumni and faculty, Associate Dean Kirby Barrick, Ag Com Prof. Del Dahl, alumni and farm broadcaster Colleen Callahan, South Quad, 2003
2003-132, Feed Your Faces Event, next to ACES-LIAC students socializing with alumni and faculty, group photo of alumni and students who volunteered for the event, South Quad, 2003
2003-133, Professor Barbara Klein and Prof. Keith Cadwallader with the Soy Relief bar they developed with a graduate student, in the test kitchen, 486 Bevier Hall, Food Science, 2003
2003-134, Bongard Station elevator, run by Cargill Ag Horizons, manager is Ron Milsap, Champaign County, Ag Economics – Marketing, 2003
2003-135, Professor Robert Skirvin has his Horticulture 100 class participate in an apple tasting lab in the first floor hallway of Mumford Hall, undergraduate students taste, evaluate and score or rank each apple variety, Horticulture – Fruit, 2003
2003-136, Prof. Tony Grift with undergraduate students in his Lego class - TSM (Technical Systems Management) 221, using Lego Mindstorms Kits to build robotic agricultural machines, Mumford Hall, College Admin – Student, 2003
2003-137, Fred below and Stephen Moose, PABL, 2003
2004-001, Radon testing in homes, exterior and basement of home in Urbana, IL, Ag Engineering – Safety, 2004
2004-002, Radon testing in homes, exterior and basement of home in Urbana, IL, Ag Engineering – Safety, 2004
2004-003, 2004 Undergraduate Graduation, Baccalaureate Convocation Ceremony in the Foellinger Great Hall, Krannert Center for the Performing Arts, HRFS – Human Development, 2004
2004-004, 2004 Undergraduate Graduation, Baccalaureate Convocation Ceremony in the Foellinger Great Hall, Krannert Center for the Performing Arts, Temple Grandin speaking, College Admin – Student, 2004
2004-005, 2004 Undergraduate Graduation, Baccalaureate Convocation Ceremony in the Foellinger Great Hall, Krannert Center for the Performing Arts, College Admin – Student, 2004
2004-006, 2004 Undergraduate Graduation, Baccalaureate Convocation Ceremony in the Foellinger Great Hall, Krannert Center for the Performing Arts, College Admin – Student, 2004
2004-007, 2004 Undergraduate Graduation, Baccalaureate Convocation Ceremony in the Foellinger Great Hall, Krannert Center for the Performing Arts, College Admin – Student, 2004
