Dean's Office

Yugoslavian Maize Project File, 1975-79

Box 1:

Trip report, March-April 1975

October 17-31, 1975

Inglett's publications, Corn

Mechanization of Planting and Cultivation, May 1976

Cultural Practices, Crop Ecology and Weed Control, July-August 1976

Maize Breeding Workshop, August 1976

Starch Modificates, August-October 1976

Dextrose Production and Isomerization, August 1976-February 1977

Maize Drying and Storing, September 1976

Program Evaluation, September 1976

Mechanization of Corn Production, September-October 1976

Processing and Utilization of Animal Feeding, October-November, 1976

Mechanization of Maize Harvesting, November 1976

Maize Processing Survey, April-May 1977

Processing and Utilization of Maize in Animal (non-ruminants) Feeding, May-June 1977

Irrigation of Maize, May-September 1977

Mineral Nutrition in Maize Production, May-October 1977

Starch Hydrolyzation and Modification, June-July 1977

Maize Breeding and Genetics, July-November 1977

Corn Disease and Genetics Research, July-December 1977

Analytical Methods, Chemical Analysis, August-December 1977

Summary of Maize Breeding Workshop, September 3-16, 1977

Commercial Corn Drying, September-December 1977

Seed Corn Drying and Proccession, September-December 1977

Seed Corn Production, Processing and Handling, September 1977-February 1978

Nonstarch, Nonsugar Uses, October 25-November 18, 1977

Genetic and Selection Aspects of Corn Breeding, November 1977-March 1978

Starch Hydrolysis, March-July 1978

Field Insects of Maize, March-August 1978

Research on Stored Grain Insects, March-August, 1978

Irrigation of Maize, May-June 1978

Weed Control in Corn, May-September 1978

Seed Corn Production, Processing and Handling, May-November 1978

Culture and Ecology of Corn, July-December 1978

Maize Utilization in Animal Nutrition, August-November 1978

Maize Breeding and Pathology Conference, September 1978

Summary of Maize Breeding Discussions, September 1978

Methodology Work on Experimental Fields, September-December 20, 1978

Hybrid Maize: Breeding, Production, Processing and Marketing, October 1978

Harvesting Drying and Sorting Maize, November 1979
Final Report, September 1979
