PROVENANCE NOTE

William J. Maher, October 20, 1994

The following folder was received from Bruce Harding, Washington State University Archivesm, on February 2, 1977

Correspondence of Hopkins, O. A. Keller, C. R. Newell, and A. L. Whiting with George Severance, Washington State College Department of Agriculture, 1914-16

The following folder was received from Joseph G. Duncan, University of Kentucky College of Agriculture, on July 31, 1984:

Correspondence, Hopkins to Davenport and to Henry G. Bell of the National Fertilizer Association, September-October, 1916

The following folders were received from Professor Charles C. Stewart of the History Department on September 30, 1994. Professor Stewart reported that these folders had been in the possession of the late Harry F. Cahalan. Presumably Cahalan had obtained these folders in April 1965 when he and Maynard Brichford picked up Eugene Davenport files in Woodland, Michigan, and he been using these documents for his research on Eugene Davenport.

Correspondence, General, 1904-05, 1907-11, 1915, 1917

Breeder' Gazette, 1904, 1906, 1909-12, 1913

Frank K. Cameron, U.S. Department of Agriculture, 1902-03, 1905, 1909

Eugene Davenport, (3 folders), 1901-09, 1910-13, 1915-18

R. W. Gamble (Norfolk, Virginia), 1916

Frank T. Shutt, Dominion of Canada Experimental Farms, 1901, 1905, 1909

University of California and California Agricultural Experiment Station, 1903-04, 1909-10

Newspaper Clippings, Chicago Record-Herald and Tribune, 1912-13
