Engineering

Mining and Metallurgical Engineering

Rudolph G. Wuerker Paper, 1932-1965

Box 1:

Vita and Bibliography

Clippings, 1957, 1960

Publications

"Sicherungen gegen Bodenbewegungen bei Industriebauten au Stahl" undated

"Die Entwicklung der Stahlbauten im Bergau," 1952

Streckenausbau Mit Stahl, 1935

"Steel Arches and Rings Justified by Years of Experience," 1939

Steel Supports and Straps Displace Wood Posts and Crossbars," 1939

"Europe Uses Steel For Shaft Linings and Buntons," 1939

"Sedimentary Strata Experience," 194

"Beneficiation of Taconites by Pyro-Metallurgy," 1951

"Degassing with Boreholes," 1952

"Testing of Roof-Bolting Systems Installed In Concrete Beams," 1953

"The Status of Testing Strength of Rocks," 1953

"Measuring the Tensile Strength of Rocks," 1955

"Annotated Tables of Strength and Elastic Properties of Rocks," 1956

"Distribution Curves for Sink-and-Float Separation of Iron Ores," 1958

"Influence of Stress Rate and Other Factors on Strength and Elastic Properties of Rocks,"
1959

"The Shear Strength of Rocks," 1959

Gesteinsmechanik und Gebirgsdruck - Ein Uberblick uber einige Entwicklungen in den
USA," 1960Progress in Coal Testing, 1962

"Geophysical case histories aid North Sea exploration," 1965

"Gravimetric and Magnetic Observations along the 40th Parallel in the State of Illinois,"
1965

Diaries, 1945-61 (include daily schedules, cash accounts, addresses, and earnings.)

DateResidence

1945 Manila, Philippines. In German.

1946-48 Manila, Philippines

January 1948 San Francisco

Dec. 1948 Los Angeles, UCLA

Dec. 1949 Urbana, IL

Field Books, 1950-56
