Engineering

Computer Science Department

Non-University of Illinois Technical Manuals, 1955-1979

Box 1:

Abstracts of the Workshop on Computer Analysis of Time-Varying Imagery, 1979

A Strategy for the Design of Feature Detection Systems for Pattern Recognition paper, 1968

Space and Weapons Research Laboratory Presentation on Pattern Recognition, 1968

Some Aspects of Automatic Feature Abstraction, 1967

Proposed Development of Current Work, 1968

Two Computer Programs for the Perspective Representation of Curves and Surfaces, 1968

IBM Technical Report, 1968

NOS Version 1 Time-Sharing Users Guide, 1976

Illinois Central Editor manuals, 1979

CLEOPATRA 360, 1972

Box 2:

Background to Computer-Aided Design, 1965

Light Pens, 1965

Design and Implementation of Duty-cycle Phase Detectors, 1968

Technical Abstractions, 1978

Academic Press Catalogs, 1978

Research in Ferromagnetics Annual Report, 1964

Report II of the Share Advanced Language Development Committee, 1964

Tables for the Determination of Stability Boundaries..., 1955

The MURA 50-MeV Electron Accelerator..., 1964

Computer Lib, 1974 (2 items)
