Virginia Bartow Papers, 1908-1917, 1923-30, 1935-80

Box 1:

Postcard, 1908
Vassar College student notebooks
 Chemistry, 1918
 History and Anthropology, 1918
 U.S. and Tudor History, April, 1918
 Literature, Library Architecture, Mardi Gras and Stamps, 1918
Correspondence of Edward Bartow to Alice and Virginia Bartow relating to Col. Bartow's service with the Water Analysis Laboratories with the American Expeditionary Force in France, World War I, October 1917-June 1919

The correspondence consists of three or four letters each week relating to Col. Bartow's activities in France.

Box 2:

1923, 1925-28
1935, 1937-39 includes letter from George H. Coleman concerning William A. Noyes
1941-42, 1944-47, 1949 includes correspondence with servicemen, 1942-46 and mimeographed letters from servicemen received by H. C. Gilkey
 Correspondence from Edward Bartow to Virginia Bartow and Mrs. Alice Bartow from August 14, 1949 to September 10 describing Prof. Bartow's trip to and international chemistry meeting in Amsterdam.
1950-54, 1956-59 includes 1952 letter from George Kiskiakowsky concerning the work of chemists in the development of atomic energy and a March 1959 article on the Illinois State Water Survey.
Hydrogen Peroxide manuscript, ca. 1957
Edward Bartow estate, April-August, 1958
Autobiographical sketch of Edward Bartow and genealogy, 1959
1961-64, 1967-68 includes letter from George D. Beal concerning the 1916 meeting of the American Chemical Society in Urbana (February 3, 1961)
Vita and obituaries, 1962, 1976, 1980
Awards, 1970, 1976
Chemical Education and Humor, notes, manuscripts and publications
Clippings, 1930, 1936-37, 1940-41, 1945, 1950, 1958, 1960, 1964, 1966-67, 1973 relating to Rosalie Parr, social events in Champaign-Urbana, women's groups, research and clothing
Photographs
Publications, 1923, 1936-40, 1949, 1953, 1957, 1961

Box 3:

Chemical genealogy, correspondence and notes, 1948-50, 1957
American Chemical Society, history of Chemical Division, 1953, October 1964
"Women Historians of Science", report on the Committee on Women in the History of Science Society, 1973
History of Chemistry, Agricola and others, 1929-59
History of Chemistry, Alchemy, Pharmacy, Religion
History of Chemistry, notes
"Women in Chemistry", March 31, 1936
Chemists/Nobel Prize Winners, Photographs, 1937-50
History of Chemistry, Marie Curie
History of Chemistry, Publications, 1927-28, 1935-40, 1943-44, 1948, 1951-53
History of Science, James Petiver, manuscript by Raymond P. Stearns; History 323 outline, ca. 1960
Manuscripts on the History of Chlorine, influence of European study on American chemistry and history and literature in chemistry, ca. 1952

Box 4:

University of Illinois Chemistry Department, History Publications and Tenure bulletins, 1907, 1916, 1927, 1941, 1951, 1961
University of Illinois historical data
History of the University of Illinois Section of the American Chemical Society, 1961
Iota Sigma Pi, women's chemistry honor society, 1930, 1952, 1963, 1966
William A. Noyes, reprints, obituaries and Noyes' lectures, 1907, 1923, 1927-41, 1950, 1957-61
Qualitative chemical analyses by A. A. Noyes
Departmental Ditties by Rudyard Kipling
