Library Administration and Management (LAMA)  
Buildings and Equipment Section  
Library Building Awards Committee Files, 1951-2007

The file is arranged in the boxes by type of library. The categories were given by the ALA. Note that the abbreviations for categories have changed over time (e.g., BL for Branch Library later becomes B for Branch Library. For more examples of these changes, see list provided below, before entries for box 19. ) Within each category the folders are arranged in an alpha-numerical hierarchy by state, city, institution, and then date.

The abbreviations for the column listing type of library, "type", are as follows:

ST	State Library
CR	County or Regional Library
PL	Public Library
BL	Branch Library
UL	University Library
CL	College Library
JC	Junior College Library
EL	Elementary School Library
HL	High School Library
SP	Special Library
CH	Church Library

The column showing state "St" follows the standard U.S. Post Office abbreviations. Foreign libraries are listed in this column by nation. The following abbreviations are used:

AU	Australia
CE	Chile
CN	Canada
IR	Ireland
IS	Israel
JP	Japan
MX	Mexico
NI	Nigeria
TH	Thailand
UK	United Kingdom

The dates given are the dates on the official paperwork. If this is not available, then the completion date of the library was used. In boxes 38 and later, the date provided is the year building was completed, unless such a date is not available, in which instance the date given is the year in which the building was entered for consideration for an Award. In addition, some libraries have multiple files with different numbers.

The column representing whether or not the file has photographs is "PH".

If the column has XX, then it contains photographs.

The column representing plans and scale diagrams is "PN." If this column has YY, then the file

contains plans.

Patrons must wear gloves when viewing these records.

Box 1:

<u>Typ</u>	<u>St</u>	<u>Location/Institution</u>	<u>Date</u>	<u>PH</u>	<u>PN</u>
